

## **Wizard 967**

Chapter 967: Gargamel, Fourth Talent! (5)

How did Levi, a mere body-refining wizard, detect his existence?

After the battle with the Cave Wizard, Levi had mastered a set of effective methods to deal with the Shadow Faction wizards.

Although these guys could hide in the shadows and avoid the Spiritual Perception of the wizard, enabling them to complete the assassination, they didn't really disappear. They would still be injured by the AOE spell.

Levi could not be bothered to waste his breath on him. He unleashed another Fire Dragon Calamity towards the wizard.

The Gray-Robed Wizard managed to dodge it, but what greeted him was a magnificent Black Sword Qi!

Boom!

A sword strike.

The Gray-Robed Wizard was torn apart like a paper man.

Then, these pieces of paper gathered into his weak figure in the distance.

"You... Who are you?"

They were both fourth-circle wizards, but this guy was too strong.

Four-circle talent, Phantom Demon Kill!

Endless shadows gathered into the Gray-Robed Wizard's body, and he seemed to have transformed into a shadow demon from the Abyss!

The terrifying black claws tore through the void and entered the shadows.

When he reappeared, he was already behind Levi.

The Shadow School of Thought was best at sneak attacks and assassinations. Attacks were always impossible to guard against.

Before Levi could react, the terrifying shadow demon's claws were already tearing towards him!

He did not panic at all.

Boom!

The moment the shadow demon's claw touched Levi...

Dharma Idol, Golden Snake Dance...

Appeared out of nowhere!

This was the power of the knight's Dharma Idol after the Third Transformation of the Blood Source.

In the face of danger, it automatically protected itself!

The shadow demon's claw was obliterated by the Golden Snake before it could even break through the defense of the Golden Snake.

Not to mention, Levi still had four layers of defense that could be activated at any time!

This was the highest realm of the Stacked Armor Style – Saturated Defense!

As Levi sneered, he pointed out with his finger and the Fire Dragon Calamity devoured the black shadow in front of him. The Gray-Robed Wizard's screams and pleas for mercy could be heard.

"Don't kill me. I'm from the Shadow Circle..."

His voice came to an abrupt stop, completely dead!

Before he was completely incinerated, Levi used his Ashen Eye to condense a gold coin.

As for his soul, it had dissipated. Leon, that little guy, hadn't woken up after devouring the fifth-circle soul.

"Who cares who you are... If you want to rob me, you have to be prepared to die. What level do you have to try and assassinate me!"

Levi put away his storage bag. After cleaning up the crime scene, he checked if there was any imprint on him. After confirming that there was nothing, he quickly left the place.

"The Shadow Circle seems to be an organization of the Shadow Faction. I'll have to check their information when I get back to the Witch's Family."

The Shadow Faction and the Death Sect had a high crime rate due to the special nature of the spells.

Three days later.

After many twists and turns, Levi quietly returned to the Nether Capital.

The Gray-Robed Wizard who wanted to rob him had actually given him 400,000 Aether Stones for nothing.

"Why bother? I would have sold it to you even if you offered 400,000 Aether Stones..." Levi shook his head and sighed.

The rest were all worthless things.

Levi also found some Contract slates in the corner.

After reading the contents of one of the slates, he looked emotional and a little disappointed.

This was a transaction agreement. The Gray-Robed Wizard was selling a fourth-circle Wizard Tool to someone else.

This fourth-circle Wizard Tool was the Minnie Miaomio House that Levi had been thinking about in the past.

"Looks like a large portion of this money was obtained from selling Minnie Miaomio House. In the end, it still belongs to me. Interesting... Could this be the Lovers Rune's so-called luck?"

Levi pondered.

"I don't think so. It's just a coincidence."

Minnie Miaomio House was no longer of much use to Levi. He no longer had the same obsession as before.

However, through the other agreements in the storage bag, Levi learned another interesting piece of information.

This Gray-Robed Wizard had taken advantage of the Dark Wizards' rebellion and relied on his shadow spell to snatch away not only Minnie Miaomio House, but also another fifth-circle Wizard Tool:

Gargamel's Book of Seals!

Back when Wizard Newt was working in the shop, this treasure was sold for as much as five million Aether Stones!

This Wizard Tool was in the shape of a book and had a total of five pages. The first page could seal a first-circle creature, and so on. The fifth page could seal a fifth-circle creature!

This Wizard Tool was a replica of the ninth-circle Divine Soul Artifact from the Gargamel's Fairytale World. The owner of the latter was a famous ancient Grand Wizard:

Gargamel!

He was good at sealing techniques! He had once sealed the powerful demon lord, the Hundred-Eyed Demon King!

This Gray-Robed Wizard had traded the Gargamel's Book of Seals to the head of the Shadow Circle's branch in the Endless Sea.

Shadow Wolf Matthias was a powerful Shadow School of Thought Sorcerer who had attained fifth-circle. It was very likely that he had already mastered a second fifth-circle talent and was ranked among the senior fifth-circle wizards. His strength should not be weaker than the Blue Dragon Lady.

As the price of the deal, Shadow Wolf promised that if there was a fifth-circle breakthrough potion in the future, he would give it to the Gray-Robed Wizard immediately. Shadow Wolf himself was a rare fifth-circle pharmacist!

"The Shadow Circle has a strong background. It's just a branch in the Endless Sea, but it has a fifth-circle wizard. It should be an organization of primordial soul wizards."

Later, Levi learned from Newt that this shop's signature treasure, like the "Gargamel's Fairytale World", did not belong to the ordinary transcendent creature space.
