Chapter 1322

Chapter 1322

Phweet...

At the critical moment, the Insect Ruler's mouth rapidly moved, summoning an endless army of insects with a strange frequency.

Bzz...

Chitter...

The insects surged like a tidal wave, surrounding Luna in just a short second.

Luna snorted coldly and clapped her palms to kill a large swath of them, quickly resolving the insects.

The Insect Ruler caught his breath. He manipulated the insects while launching a full-scale attack. Even so, he could not gain an advantage against Luna.

The Insect Ruler's strength was inferior to Luna's. His technique was not as good, and his insects were easily restrained by her attacks, rendering them ineffective.

On the other side, the dragonslayer knight had recovered and rejoined the battle.

It was 2 versus 1!

It was a shameless tactic, but Luna's strength exceeded everyone's expectations. Without using weapons, she solely relied on

her hand-to-hand combat skills to dominate both opponents, holding an absolute advantage.

No one expected this.

Seeing the situation getting out of hand, Lloyd's expression darkened, and he shot a look at

Alexander. "The master of the Shrouded Gate..."

Alexander understood the situation and reluctantly compromised, "I acknowledge your strength and respect your character.

Please stop."

Luna ignored him and continued to attack.

Who did Alexander think he was to ask her to stop?

This time, Alexander's expression darkened too.

He had no choice but to concede. "Master of the Shrouded Gate, I can agree to your request and tell them not to get involved in the final decisive battle, but you must also not interfere with the next battles."

At this point, Alexander had no choice but to take a step back.

"Hmph..."

Only then did Luna stop.

The Insect Ruler's face was dark and gloomy under his cloak.

The dragonslayer knight was also drenched in sweat, visibly exhausted. He needed a while to recover.

Luna glanced at the Insect Ruler and the dragonslayer knight with a vague smile, then looked at Alexander and said indifferently,

“I can accept your conditions, but you’d better follow the rules. Otherwise, I don’t mind revealing my true strength and killing all of you here!”

Alexander’s tone suddenly faltered, feeling suffocated. However, given the opponent’s strength, he could not come up with any tough words.

Thus, he looked at Andrius and said, “Wolf King, if you can withstand three moves and remain unharmed, you’ll be the winner of this competition. I will have no objections.”

Then, he glanced at Luna, clearly seeking her opinion.

Luna had no objections and remained silent.

Seeing this, Alexander continued, “However, I won’t be the one attacking, but a top expert from my family. He has admired the Wolf King for a long time and hopes to have this opportunity.”

Alexander’s words instantly infuriated Luna.

What top expert?

He was clearly talking about his family's trump card, a Martial Saint realm powerhouse, who was one of the three Demon-level experts on the Obaro continent!

"Alexander!" Luna shouted furiously, "How dare you go back on your own word in front of me? Do you think I have a good temper?"

Alexander snorted coldly and was about to argue.

Just then, Andrius agreed, "Sure, no problem."

"That's..."

Luna was anxious and asked, "Wolf King, do you know that the person Alexander mentioned is another top expert on the Obaro continent? Why are you agreeing to such an unfair fight?"

She revealed Lloyd's identity.

Andrius smiled at Luna and said sincerely, "Thank you for stepping in at this time to help me. However, this final battle is of great

importance. I can't afford to shrink back. Besides, I have faith in myself. Don't worry."

In fact, Andrius was still somewhat unsure about this 'Lumi Haldin' and did not want to get too involved with her. Fortunately, he

was confident that he could withstand three moves from a Martial Saint expert.

Seeing his determination, Luna had nothing more to say and just reminded him, "Alright, be careful."

Andrius nodded and walked to the center of the arena with his Argentum Qilin Spear.

Lloyd also advanced with a mask.

Under the dazzling sunlight, the two men took their positions, their shadows stretching out long.

Swoosh...

Lloyd slowly raised his hand.

An abnormally majestic force instantly descended upon the arena. He was a late-stage Martial Saint realm expert! In other

words, he was an S-rank expert in Obaro!

Luna's heart trembled, feeling more worried.

A faint smile appeared on Lloyd's mouth under his mask, carrying a hint of killing intent.

Whoosh...

At the same time, Andrius raised the Argentum Qilin Spear. The icy cold and scorching heat on the tip of the spear created a strong contrast.

The energy that rose and confronted Lloyd turned out to be at the level of a late-stage Martial God! This scene left many people shocked. The Insect Ruler, Lloyd, and the others were well aware that Andrius had only been a late-stage Martial Emperor yesterday. However, he suddenly jumped to the late-stage Martial God realm. His speed of improvement was simply terrifying.

He believed that with his late-stage Martial God strength, coupled with the Fire-breathing Palm and the Burden of Nine Skies, he could handle three moves without any problems. "That's..."

The energy that rose and confronted Lloyd turned out to be at the level of a late-stage Martial God! This scene left many people shocked.

The Insect Ruler, Lloyd, and the others were well aware that Andrius had only been a late-stage Martial Emperor yesterday.

However, he suddenly jumped to the late-stage Martial God realm. His speed of improvement was simply terrifying.

Chapter 1323

"This boy... His talent is too monstrous. In time, he might even break through to the Martial Saint realm. I must kill him here today no matter the price!"

Lloyd stared at Andrius, his eyes burning with an intense killing intent. His determination to kill Andrius became even firmer.

Although the master of the Shrouded Gate was powerful, the three Martial Saint experts—Lloyd, the Insect Ruler, and the

dragonslayer knight—would be enough to suppress her, especially when combined with other experts in the family.

There was no problem retreating safely!

He did not believe that the master of the Shrouded Gate would stubbornly fight to the end for a dead person after the Wolf King was dead.

With that decision, the power in Lloyd's hands became even more dazzling, overshadowing all the radiance in the arena.

Bzz...

After a long period of accumulation, Lloyd shot forward like thunder and appeared in front of Andrius, delivering a punch that seemed to shatter the heavens and earth.

Terrifying power rushed in, engulfing Andrius.

This was Lloyd's ultimate move—Pegasus' Meteor.

“Come on!”

If it were before the underground hall, Andrius would have already been suppressed by the powerful aura.

However, now, he only felt a slight pressure. It was nothing he could not resist.

The next moment, the Argentum Qilin Spear in his hand danced rapidly like a wandering dragon, creating waves that filled the

sky. It was the eighth form of the Burden of Nine Skies!

Boom-

The two sides collided, creating a violent shockwave that spread in all directions.

Even people several dozen meters away could feel the rushing wind and raised their hands to block the flying dust.

As for the two figures at the center of the storm...

“Hm?”

Lloyd narrowed his eyes, a hint of doubt flashing in them.

Andrius' strike was powerful and carried a turbulent force that should at least be the peak strength of a late-stage Martial God expert!

However...

Chapter 1324

Just a moment ago, he sensed Andrius' aura and thought that it was all for show. However, after exchanging blows, he realized

how wrong he was. It seemed he had to go all out to kill Andrius with the two remaining moves.

With that in mind, a cold glint flashed in Lloyd's eyes.

The people around were also greatly surprised.

The Wolf King of Florence actually blocked a move from a Demon-level expert! It was truly incredible.

"Don't just stand there." Andrius' flippant voice interrupted everyone's thoughts. "The first move is over. You still have two chances to attack. Come on, then."

Swoosh!

With those words, Andrius waved his right hand and swung the Argentum Qilin Spear horizontally. The tip of the spear pointed forward, invincible and unstoppable.

Lloyd's expression instantly darkened.

Not many in the continent of Obaro dared to provoke him like this!

Whoosh, phew...

The next moment, a cold wind rose from the ground. Lloyd became even more cautious after the previous defeat. This time, he was determined to render Andrius powerless!

Swoosh!

After a brief accumulation of strength, he turned into a dark shadow and rushed straight toward Andrius.

He was so fast that his figure became blurry to the naked eye.

Just as he was several meters away from Andrius, he suddenly leaped into the air, and his fists gathered an immense force.

This punch was powerful enough to smash a truck into a pancake!

However, it was not that simple.

After throwing the punch, Lloyd's fists glowed in mid-air, bringing forth continuous afterimages.

Punch after punch rushed in even before the previous one landed.

It was endless layers upon layers. There was no end in sight!

What kind of power would the punches have after stacking up to this point?

Andrius did not dare to be careless.

The Argentum Qilin Spear in his hand had already swept up a thousand layers of waves, dancing in a Chapter 1324

majestic atmosphere.

"The river twists for thousands of miles; waves scour the wind from the end of the earth!"

As Andrius finished speaking, there seemed to be a dragon's roar, echoing through the arena.

At the same time, Lloyd's seemingly unparalleled move was blocked by Andrius' unwavering spear.

Rumble-

The sound of clashes rang out in the heavens.

The shockwave this time was far more explosive than the previous.

In just an instant, the ground beneath Andrius was shattered into fine powder, dispersing and filling the air with a raging wind.

The nearby spectators were forced to retreat several steps by the intense wind.

It was clear how fierce the battle between the two sides was.

However, Lloyd's seemingly unmatched move was still blocked by Andrius' Burden of Nine Skies.

Andrius remained unharmed. At most, he consumed a considerable amount of energy. He did not get a single scratch.

Furthermore, he was far from losing his combat power.

"Hiss, as expected of the Wolf King..."

"Judging from his aura, he's only a late-stage Martial God, but he's able to contend with Lloyd using a spear. He's truly not to be underestimated."

"He should be proud of achieving this level with the strength of a Martial God." [1

"Lloyd won't give him that chance."

“Let’s continue watching...”

Chapter 1325

The remaining teams that gave up on competing and the crowd who came to watch the show could not help but start whispering after the two attacks.

Noir and the others were genuinely happy for Andrius.

Luna also felt more relieved.

Only Alexander’s expression darkened. He never expected that the Wolf King would actually be able to withstand two moves from Lloyd. Furthermore, it seemed he was uninjured.

It was simply unbelievable.

“Elder, you only have one move left...”

Alexander was getting anxious.

So was Lloyd. He only had one move left. He had to kill Andrius without a doubt. Otherwise, there would be endless trouble.

However, although he had some moves left, they were not much different from his second attack. It was unrealistic to expect to easily kill the Wolf King with them.

It seemed...

He could only use 'that' move!

A fierce glint flickered in Lloyd's eyes.

"Hiss, phew..."

This time, Lloyd did not immediately make a move. Instead, he stood still for a moment, taking a deep breath, and adjusting his own state.

"Wolf King..." Lloyd narrowed his eyes, the light in his gaze flickering. "You are truly an unparalleled hero worthy of your reputation. I admire you. Thus, I shall give my all in this next attack, It's both a desire for victory and respect for a worthy opponent.

"Watch out!"

Lloyd appeared to be reminding him, but he was really declaring victory!

This time, he was confident in killing Andrius.

What he was about to use was an extremely powerful killer move.

It was a Verboten technique!

The technique was forbidden so much that using it would greatly impact his lifespan.

Thus, the words he just said were him making up an excuse in advance in case Old Hagstorm came

looking for trouble after he killed Andrius.

As soon as he finished speaking, his short figure suddenly began to swell, slowly rising into the air.

His robe flapped in the

absence of wind, making a rustling noise.

Anyone with discerning eyes could see that Lloyd was about to unleash a major move.

Andrius could tell it, too.

A major move...

In that instant, Andrius made a decision.

Since the other party was going all out, he could not continue to hold back. After all, even if it were a draw, Alexander would not give up.

In that case, the three moves he took would be in vain.

Only by gaining the upper hand in this competition could he influence the subsequent situation.

Whirr-

Just as Andrius was contemplating, Lloyd finished accumulating his power.

His hands came together, gathering powerful inner energy. The erupting light was even more dazzling than the sun itself, forcing everyone to squint.

“Take this, Wolf King!”

With that, Lloyd descended toward Andrius like a meteor falling from the sky.

Even from several meters away, the boundless pressure gathered on top blew Andrius' hair back. After Lloyd executed this move, his entire body turned pale as if his essence, energy, and spirit were instantly drained away!

It was clear how earth-shattering the power of this move was.

“Come at me!”

Andrius stood firm, his spear dancing in the wind. At that moment, a resounding voice came out of his mouth.
