

## Won't Play 491

### Chapter 491: You Are My Most Beloved Junior Brother

In the previous interrogation with the help of hypnosis, Jiang Beiran learned that raising a ghost did not necessarily have to be as bloody and violent as Tian

Although blood pools, corpse mountains, and wraiths could indeed speed up the speed at which ghosts became stronger, they would also make ghosts extremely ferocious and difficult to control. Moreover, the upper limit of their growth would also be restricted.

Tian Ge had used this extreme method because he wanted to create a few powerful ghosts to protect himself.

Generally speaking, ghosts needed Yin Qi the most when they were growing.

For ghosts, Yin Qi was equivalent to the spiritual energy of cultivators. It was indispensable.

Apart from Yin Qi, evil Qi, evil Qi, and wild Qi were also the favorite of ghosts. This kind of Qi was especially strong in places where there was war everywhere.

In addition, absorbing the soul power of dead experts, absorbing essence energy, and self-cultivation could increase the ghost's strength.

Despite having so many methods, Tian Ge still used the most extreme method to achieve his goal. This was also the reason why Jiang Beiran did not intend to give him any chance. This was because this person did not care about the lives of others.

Jiang Beiran spent a day teaching MO Xia all the knowledge about raising ghosts.

MO Xia's ability to accept things was also stronger than he had imagined. She was able to learn many things in a short time, which made Jiang Beiran feel much more at ease.

Jiang Beiran checked one last time to make sure that MO Xia had indeed heard everything. He was finally relieved.

While MO Xia and Qing Qing were getting closer, Jiang Beiran looked at Wu Qingce and said, "You should have the authority to help a disciple take a long leave, right?"

"Don't worry, Senior Brother. Leave it to me." Wu Qingce immediately cupped his hands.

Nodding, Jiang Beiran walked over to Tian Ge's body.

He pasted talismans on Tian Ge's corpse one by one. These were used to suppress his evil aura and to suppress his soul.

After setting up a Soul Sealing Formation, Jiang Beiran passed a Bell Knife to MO Xia.

MO Xia looked at the copper saber with a string of iron rings hanging from the blade and took it with some doubt.

"If Tian Ge's soul wakes up, you will shake this Bell Knife."

"I understand." MO Xia tried to shake the bell after he finished speaking, and there was a tinkling sound.

"Alright, from today onwards, you can learn the art of controlling ghosts here." After saying that, Jiang Beiran took out two Go manuals from his Cosmos Ring and handed them to MO Xia. "This is a record of my 127 matches. I'll give it to you."

"Thank you, Senior Brother!"

MO Xia was obviously more interested in these two chess manuals than the ghost-controlling technique that only one person in the world knew.

"I will get someone to send food supplies over later. If you feel that you can't stay any longer, you can tell me."

"Yes, sir!"

"Then you should cultivate well. I'm leaving."

Jiang Beiran turned around and disappeared into the thatched cottage.

"Huh?"

Wu Qingce was stunned when he saw his senior brother suddenly disappear.

He didn't know if he should go back with them or stay here to teach his new junior brother some rules.

"Cough ! "

Wu Qingce coughed lightly and walked over to MO Xia.

Upon hearing Attendant Wu's cough, MO Xia, who was delighted to have obtained two Go manuals, could only put them down first and bow respectfully." "Thank you again for your help just now, Deacon Wu."

" You should thank your senior brother," Wu Qingce replied, shaking his head." Otherwise, I wouldn't have come to find you." "

"Senior Brother naturally has to thank me, but Deacon Wu also has to thank me."

“Yes.” Nodding in satisfaction, Wu Qingce pondered for a moment before continuing, “Just like I said before, from today onwards, we are both senior brothers under senior brother. I joined the sect earlier, so if you are willing, you can call me senior brother.”

MO Xia was obviously stunned when he heard that. Although he had already guessed some things from Attendant Wu’s attitude, when Attendant Wu said that he was the eldest disciple of his senior brother, MO Xia was still shocked.

This was because the entire sect knew that Wu Qingce was the Sect Master’s personal disciple, and now he was saying that he was the eldest disciple of his senior brother...Then where did his abilities come from?

One had to know that he was now the most popular disciple of the younger generation in the whole of Sheng Country. How could a master who could teach such a disciple be bad?

‘The problem is...Wasn’t Senior Brother at the fifth level of Qi Refinement?’

However, MO Xia did not think too deeply about these questions. Instead, he bowed respectfully and said, “MO Xia greets Eldest Brother!”

Nodding in satisfaction, Wu Qingce replied, “Of course, if there are outsiders in the future, you can still call me Deacon Wu.” Wu Qingce tidied his black and white robe and continued, “Just now, I saw that you didn’t seem to know much about Senior Brother, or that you still had many doubts in your heart and didn’t dare to ask, right?”

When MO Xia heard that, he immediately replied, “Yes, please enlighten me,

Eldest Senior Brother!”

“Tell me what you know first.”

“The things I know...” MO Xia said as he counted his fingers.” Senior Brother is very good at chess. Senior Brother is the emperor. Senior Brother rarely stays in the hall. Senior Brother...” Senior Brother...”

Seeing how MO Xia was stuck so quickly, Wu Qingce immediately understood that this new junior brother really knew nothing about his senior brother.

This put Wu Qingce in a difficult position. Logically speaking, his senior brother had brought MO Xia here and said those words before teaching him the art of controlling ghosts. He must have treated Wu Qingce as his own disciple.

Therefore, Wu Qingce felt that his senior brother had asked him to stay so that he could tell him what kind of person his senior brother was..

Chapter 492: You Are My Most Beloved Junior Brother

However, Wu Qingce was afraid that he would misunderstand and say something wrong, which would be a huge problem.

Just as Wu Qingce was in a dilemma, MO Xia, who couldn’t think of anything special about her senior brother, cupped her hands and said,”“Eldest Senior Brother, please enlighten me.”

Looking at MO Xia’s sincere gaze and that pleasant ” Eldest Senior Brother ‘ Wu Qingce decided to go all out.

‘This must be the reason why Senior Brother asked me to stay!’

“Alright, then you have to listen carefully. Senior Brother’s power can’t be described in a few words.”

“Yes, thank you, Eldest Senior Brother!”

In the next hour, Wu Qingce told MO Xia about his senior brother's deeds. No, it should be said that he told MO Xia a part of the miracle. As for the part that he didn't tell MO Xia, Wu Qingce left it behind so that he could explain that he didn't tell his junior brother everything when he was punished in the future.

MO Xia was also a very qualified audience. When he heard Wu Qingce describe his senior brother's greatness, he would also clap his hands cooperatively.

"Eldest Senior Brother, you've been with Senior Brother for a long time, right?" While Wu Qingce was drinking tea and resting, MO Xia asked curiously.

"Yes, it has been a long time." Wu Qingce nodded.

"You're amazing. Big Senior Brother, you must have extraordinary abilities since you were chosen by Senior Brother. Now that you've learned from Senior Brother for so long, no wonder you're able to become one of the best among the younger generation."

This sentence had tickled Wu Qingce's itch. There was only one word left in his mind.

"Awesome!"

Wu Qingce had always been very proud of being his senior brother's first disciple, especially after he had come to understand his senior brother's mysteriousness and power. He felt even more certain that he was the lucky one chosen by the heavens.

Unfortunately, he could only admire this pride alone.

He couldn't say it to outsiders. Although all the disciples in the sect admired him, Wu Qingce knew that the direction of their admiration was completely wrong. Wu Qingce disdained such a title. Becoming his senior brother's first disciple was his greatest honor.

In a situation where outsiders could not say it, it was difficult for his junior brothers to make him feel that he was the eldest senior brother.

Gu Qinghuan was so capable that Wu Qingce even felt that he was the junior brother when they were working together. He also often felt that his senior brother valued Gu Qinghuan more than he did.

Luo Wenzhou was a capable man who could take charge of everything on his own and didn't need his help at all.

Wu Qingce didn't think that these two people didn't respect him. On the contrary, they were very respectful to him, whether it was in words or actions.

However, what Wu Qingce wanted more was the kind of reliance and worship that a junior brother had for his senior brother!

Wu Qingce had thought that he would never have the chance to do so in his lifetime. After all, the disciples that his senior brother had taken in were all favored by the heavens. Whether it was talent or ability, they were all top-notch.

But today! A true newbie junior brother had finally appeared!

MO Xia's appearance had fulfilled all of Wu Qingce's fantasies about his junior brother.

"That's right, it's this kind of worship! This kind of admiration that understood how amazing it was to be accepted as a disciple by Senior Brother!"

Looking at MO Xia's sparkling eyes, Wu Qingce instantly made a one-sided decision.

From today onwards, he is my most beloved junior brother!

On the other hand, Jiang Beiran had already returned to the Returning Heart Sect. The reason why he did not ask Wu Qingce to leave with him was because he wanted him to "educate" MO Xia. After all, it would be too awkward for him to brag about himself, so it would be best for Wu Qingce to do the talking. 'I hope he can understand the meaning of the 'dams'.'

Arriving at Huiyan Peak, Jiang Beiran was about to greet the hall master and the auditorium when he suddenly noticed a hummingbird flying toward him at high speed.

#### Chapter 493: New Mission (1)

Luo Wenzhou was brought back to the courtyard of Golden Jade Town on the auspicious cloud. As soon as Luo Wenzhou stood still, he felt that he had entered a new world.

“Hey, Junior Brother Luo is here.”

Gu Qinghuan, who was cleaning, said in surprise.

“Greetings, Senior Brother Gu.” Luo Wenzhou immediately cupped his hands.

After the two of them greeted each other, Jiang Beiran looked at Gu Qinghuan and Huan, 20 and bring Yang Ze here. Also, inform Qing Ce to come

here as well.”

Gu Qinghuan cupped his hands and replied, “Yes.” He put down his broom and left the ward.

“I’ll go get something. You can feel it yourself for a while.”

Jiang Beiran walked towards a small house after he finished speaking. When his master left, Luo Wenzhou realized that this realm was not useful to everyone.

‘This is...Fire spiritual energy?’

After two years of traveling around, Luo Wenzhou had seen a lot of things, and he had dabbled in all kinds of rare treasures.

And this Five Elements Spiritual Energy was one of the top treasures. Luo Wenzhou immediately felt waves of fire spiritual energy pouring into his body.

‘As expected of the fire spiritual energy that has the characteristics of the flame.’

In Luo Wenzhou’s knowledge, the fire spiritual energy had two characteristics. One was the destructive power that could burn everything. The second was the flame, which meant that it could rise. Simply put, although the flame itself was extremely destructive and dangerous, if used properly, it could also make many things in the world sublimate. For example, iron would become sharper after being tempered by the flame, herbs would become more effective after being refined by the flame, food would become more delicious after being cooked by the flame, and so on.

Therefore, the second characteristic was that it could greatly increase all the abilities of the user in a short period of time.

Unlike the slow cultivation of wood spiritual energy, fire spiritual energy was explosive.

In other words, the cultivation process of wood spiritual energy was long and had a high upper limit. On the other hand, the cultivation process of fire spiritual energy was short and had a low upper limit.

Both of them had their own advantages, and it depended on how they were used.

After absorbing a large amount of fire spiritual energy, Luo Wenzhou clearly felt that his body was much stronger, and a new power was brewing in his every move.

‘Yes... It was not only an increase in strength, but also a qualitative change.’

After experiencing the power of the fire spiritual energy, Luo Wenzhou looked up and observed the self-barrier. He couldn’t help but sigh in his heart. ‘As expected, no matter what Senior Brother does, he’s extraordinary. I wonder where this fire spiritual energy comes from.’

An hour later, Gu Qinghuan brought Qu Yangze back to her own barrier. At the same time, Wu Qingce, who had enjoyed being a senior brother in Moxia, also arrived.

After the four of them greeted each other, Jiang Beiran walked out of the small room.

“Greetings, Master (Senior Brother)”

Nodding at the four of them, Jiang Beiran said, “I called you here this time because I have something to give you.”

Jiang Beiran didn’t keep Wu Qingce in suspense. He took out a uniquely shaped purse from his Cosmos Ring and tossed it to Wu Qingce. “There are 18 Tang Sect hidden weapons in here, all of which are peerless products forged with pure wood spiritual energy. As long as it is cultivated carefully, it will soon be able to leap into the ranks of magic weapons.”

Although he did not know what the Tang Sect was, nor did he understand the meaning of pure wood spiritual energy, this did not stop Wu Qingce from feeling ecstatic. This was a hidden weapon produced by his senior brother, and it was obvious that it was a peerless treasure.

“Thank you, Senior Brother!” Wu Qingce received the bag and bowed.

Jiang Beiran then tossed a Yanling Saber to Gu Qinghuan. “This Yanling Saber is also a top-grade weapon forged with pure Wood Spiritual Qi. Although the

Prairie Fire Hammer is very compatible with your wide range of moves and techniques, it’s not suitable for all times. You should practice this Yanling Saber well.”

“Yes, I will follow your instructions, Senior Brother.” Gu Qinghuan cupped his hands.

Although Wu Qingce and even Gu Qinghuan didn’t know what pure wood spiritual energy meant, Luo Wenzhou knew.

Only the wood spiritual energy that was directly absorbed from the wood spiritual vein could be called pure wood spiritual energy.

The Five Elements Spirit Vein was a supreme treasure that only appeared in the Central Plains, which was the area surrounded by the five strongest countries.

It was rumored that the awakening of the Five Elements Spirit Meridians would even attract the attention of Profound Sage-level experts. This was enough to show how precious it was.

Although Luo Wenzhou had always known that his master was very powerful, he knew that the Five Elements Spiritual Vein was a treasure that only the top sects in the five big countries could find. Where did his master get it from, and where did he get so many of them?

Just as Luo Wenzhou was in shock, he heard his master calling out to him.

“Wen Zhou.”

“Disciple is here.” Luo Wenzhou immediately cupped his hands and replied.

“I was thinking that you would be able to cultivate without a heart, so I forged a set of protective armor for you. Now, it seems that you have the intention to cultivate again. Next time, I will help you forge a weapon that suits you.” Jiang Beiran then handed a bamboo box to Luo Wenzhou.

Hearing his master’s concern for him, Luo Wenzhou took the box and shouted, “Thank you, Master! Disciple will definitely work hard.”

Finally, he turned to Qu Yangze and threw him a pair of wrist guards. “Try it on.”

Qu Yangze first thanked his master before putting the wrist guard on his wrist.

“Try stretching your arm as far as you can,”

“Yes.”

Qu Yangze threw a punch as his arm bounced out like rubber.

Under Qu Yangze’s astonished gaze, the wrist guard began to grow longer by itself, completely wrapping around his long arm. At the same time, a row of barbs grew out, and there was no discomfort at all..

Chapter 494: A New Mission (2)

“Take it back.”

Hearing his master’s command, Qu Yangze retracted his hand and saw that the arm guard had returned to its original appearance.

“Master... This wrist guard is so powerful.”

Jiang Beiran smiled and replied, “Your physique is rather special. Ordinary weapons will only limit your moves, so I’ve created a weapon that can assist you. When it has intelligence, it will be able to help you even more.”

“Master is wise!”

Qu Yangze had actually thought of finding a weapon to practice with, but no matter what kind of weapon it was, it would make him feel like his hands and feet were tied. Take the spear as an example. When his arms grew longer, he would feel uncomfortable when he used the spear again, so he would not want to extend his arms, which would restrict him.

Now that his master had helped him solve this problem, Qu Yangze’s admiration for his master had increased to another level.

After distributing the weapons, Jiang Beiran looked at his four disciples who were bowing to him and said, "I have already set up a formation to conceal your weapons, so no one will be able to tell that they are special. However, you have to be careful when you use them, and don't say it out loud."

"I will obey your orders, Master (Senior Brother)."

"Alright, apart from giving you these magic treasures, I have another thing to give you. I should be going to the Country of Liang in a few days. You have done well in the things I arranged for you. Now that your cultivation has improved, I can rest assured and leave more things to you."

"Master (Senior Brother), please instruct me!"

The four of them had grown a lot in the past year. They were worried that they would not have the chance to show off in front of their master. Now that the opportunity had come, they naturally had to seize it.

Chapter 495: Temperament

"I, I, we..." x5

Faced with Jiang Beiran's questioning, the five golden flowers shivered and curled up into a ball.

The reason why they were so careful to look for Senior Brother Lu was that they were afraid that Senior Brother would find out. However, they did not expect to meet the person the moment they left.

As she felt her senior brother's increasingly powerful spiritual pressure, Liu Zijin's delicate body trembled uncontrollably. The flush on her face and the increasingly rapid breathing represented her...

He was enjoying this moment.

At this moment, the door of the small house behind the five golden flowers opened with a creak. Lu Bogui walked out and shouted, ""Junior Sister Little Liu, didn't I ask you to bring the snacks... Eh? Bei Ran is here."

Hearing his senior brother's call, Jiang Beiran temporarily retracted his

Spiritual Energy and bowed to him. ""Greetings, Senior Brother."

"There's no need to be so polite." Lu Bogui looked at Liu Zijin and the rest and said, "Hurry up and bring the snacks."

However, Liu Zijin could not move at all and did not dare to make a sound. Fang Qiuyao, who was at the side, saw that the situation was not right and quickly responded, ""Oh, thank you, Senior Brother Lu."

With that, she ran back to the room and caught the snacks that the girls had left in the room.

Lu Bogui handed over the snacks and said with a smile, ""Alright, then I'll have to trouble you to make a quick trip. I'm in a hurry."

Fang Qiuyao was stunned at first, but she quickly reacted. ""Oh, oh! Please rest assured, Senior Brother Lu! We'll definitely set off as soon as possible and promise to give you an answer within three days."

Lu Bogui nodded in satisfaction and said, ""Alright, then hurry up and go."

"Yes, sir!"

Fang Qiuyao then ran back to Liu Zijin's side and hooked her arm around hers.

She told Jiang Beiran, ""Senior Brother, we still have things to do, so we'll take our leave first."

The three sisters of the Yu Clan also reacted by now and hurriedly bowed.

"Hello, Senior Brother. Goodbye, Senior Brother."

Jiang Beiran smiled when he saw how anxious they were and said,""Okay, go.

Be careful on the road."

" You're smiling? Senior Brother smiled?

In the memories of the five golden flowers, it was very rare for their senior brother to smile at them. Even if he did, it would be a bitter smile. It was the first time they had seen such a gentle smile like today.

For a moment, the five of them were a little dazed.

But this time, Liu Zijin was the first to react. She pulled the other four and said,""Hurry up, hurry up, or it'll be too late."

"Oh, oh, oh. Senior Brother, we'll be leaving first."

Watching the five of them leave in a hurry, Lu Bogui shook his head with a smile. He turned to Jiang Beiran and said, " Find something?

Jiang Beiran nodded." Yes," he replied." I have to go on a long journey in a few days, so I came to inform you first.""

"Going out again?" Lu Bogui was a little surprised." You're busier than me now. ""

"Sigh, ever since he became the emperor, he has been targeted by many important figures, and there have been more troubles."

“That’s because the capable do more work.” Lu Bogui closed the door after he finished speaking.” I won’t invite you in today. There are a lot of things to do in Heaven these few days. I had no choice but to ask those girls to help out. They’re all very helpful.””

“It’s good that they can help Senior Brother. Since Senior Brother has something to do, I won’t disturb you any longer.”

Lu Bogui nodded and replied,” Yes, go ahead. Just let me know before you leave.

“Alright, take care, senior brother.”

Jiang Beiran cupped his hands at his senior brother and turned to leave.

In the Water Mirror Hall, Liu Zijin and the other five people were still in a state of shock. Their eyes were filled with uneasiness.

“It’s over, it’s over. If Senior Brother knows that we went to look for Senior Brother Lu, it’s all over.”

Don’t panic first. We didn’t do anything out of line. Senior Brother should...”

Aiya, it’s over, it’s over, it’s over!”

“Sister Zijin, how should we explain this to Senior Brother?”

“Let’s just say that we bumped into Senior Brother Lu on the way and he’ll treat us to a cup of tea!?”Senior Brother Lu is such a good person. He will definitely be willing to help us.”

“That won’t do! If Senior Brother finds out that we made Senior Brother Lu cooperate with us to lie, we’ll really be dead.”

At this moment, Liu Zijin shouted, "Don't panic. Don't lie to me. Don't lie to me. We should apologize honestly and tell the truth. ""

The other four fell silent for a moment after hearing this, but in the end, they nodded.

"What Sister Zijin said makes sense."

After all, even if they were tied up, they could not defeat a single finger of their senior brother. Trying to deceive their senior brother with lies would only make him angrier.

"Then how should we apologize?" Yu Guimiao poked her finger and asked.

Liu Zijin thought for a moment and replied, ""Since Senior Brother Lu helped us smooth things over just now, he will definitely help us say something else in the future. Therefore, I think it's better for us not to do anything unnecessary and just obediently apologize."

"Yes!" The four of them nodded at the same time after hearing this. They all thought that this should be the best solution.

While the five golden flowers were discussing the countermeasures, a few male disciples of the Water Mirror Hall could not help but stop and watch from afar.

Junior Sister Fang is really becoming more and more spiritual. I really want to talk to them.'

"Senior Sister Liu is always so dignified. I really want to see what she looks like when she smiles. Sigh, I don't know how to move her heart."

"Hey, can you tell which one is Senior Sister Guishui and which one is Senior Sister Guimiao?"

"How is that possible? The three Senior Martial Sister Yu seem to be one, and there is no difference at all.."

Chapter 496: Temperament (2)

“Hey hey, tell you, now stand on the right, sister in the water, stand on her left, sister in the water, and you’re all here.””

“How did you know?”

“Look at the jade pendants on their waists. Senior Martial Sister Gui Shui’s is lighter in color, while Senior Martial Sister Gui Miao’s is brighter.”

“You can tell?”

“Of course, I stared at it for a long time before I could distinguish it.” “I admire you, I admire you. What’s the use of being so impressed?”

“Heh, it seems like we’re not on the same side. Farewell.”

Seeing more and more male disciples gathered, Liu Zijin realized that they had stayed here for too long, so she quickly called the other four to go to her master’s place first.

The male disciples of the Water Mirror Hall who saw Liu Zijin and the others leaving and stopping had the intention to go up and talk to them, but they remembered the countless mistakes they had made in the past and ultimately did not take a step forward.

On the way back to Tinglan Waterside Pavilion, Yu Guimiao suddenly said,””Sister, do you think that Senior Brother has become prettier this time?”

Yu Gui Hu nodded after hearing this. I originally thought that Shixiong was already extremely handsome, but this time, he actually became even more good-looking.”After saying that, Yu Gui Hu looked at Fang Qiuyao and said,””Sister Qiuyao, do you think so too? Sister Qiuyao? Sister Qiuyao?

“Ah?” After being called a few times, Fang Qiuyao, who was in a daze, finally responded.

“Sister Qiuyao, are you okay? I’ve seen you in a daze recently.” Yu Gui Hu asked worriedly.

“No, I’m just thinking about some problems with my moves from time to time.”

“Really?” Yu Gui stared at Qiuyao and asked.

“Really? What were you guys talking about just now?” Fang Qiuyao asked.

“Oh, oh, we’re talking about how Senior Brother has become even more good-looking, but I can’t tell exactly which part of him is better looking.”

“It’s the aura.” Fang Qiuyao blurted out, “It feels like Senior Brother is shining.”

“Yes, yes, yes!” Yu Gui Hu and Yu Guimiao nodded at the same time. “I feel that Senior Brother’s aura is the most attractive.”

When she heard the few of them discussing the aura of her senior brother, Liu Zijin, who had been silent all this while, could not help but think of the cold gaze that her senior brother gave her just now.

Once again, Liu Zijin felt her entire body heating up. She could not help but blush.

‘Senior Brother’s aura...I really like it.

As they talked about their senior brother, they returned to Tinglan Waterside Pavilion. Just as the five of them were about to knock on the door, they saw their master walking over from afar.

“Greetings, Master.” The five of them hurriedly bowed to Yu Manwen.

Nodding at the five of them, Yu Manwen smiled and said, ""What are you guys talking about? Look at how happy you are."

Yu Guimiao chuckled and replied, ""Master, we just met Shixiong." Yu Manwen was stunned." Jiang Beiran? He... You're back?"

"Yes, yes, I just came back."

Feeling her heart skip a beat, Yu Manwen coughed lightly and said, ""So what if you're back? Look at how happy you are. It's as if you've never seen a man before."

"Yes

The five of them agreed and pushed the door open and entered the courtyard together.

When they arrived at the central hall, the five of them saw Shi Fenglan fiddling with a basin of Phoenix Immortal under the window. They immediately cupped their hands and saluted, ""Greetings, Hall Master Shi."

Shi Fenglan slowly turned around and nodded slightly. ""Okay, go ahead."

Chapter 497: Elder Brother Is Like A Father

In Jiang Beiran's plan, it was impossible for the five clowns to catch up to Wu Qingce in terms of cultivation.

After all, he had entered the sect four years late, and Wu Qingce had been personally trained by him. How could he be overtaken when he was already in the lead?

Although Jiang Beiran had noticed that Liu Zijin and the other three were working hard on their cultivation, Wu Qingce was working hard too. Besides, cultivation wasn't something that would definitely be rewarded just because you worked hard.

One had to know that most people would only be second-rate cultivators after working hard for their entire lives.

Putting Fang Qiuyao aside, Liu Zijin and the three sisters of the Yu Family had a ridiculously high rate of return on their cultivation. This was enough to prove that they were extremely talented in cultivation.

"The pirated version really can't beat the original."

Jiang Beiran had initially thought that Wu Qingce would be considered a top-notch genius after consuming the 100% Strength Thunderflame Body Tempering Pill. But now, it seemed that he was still lacking.

'Yes... He had to think of a way to use wood spiritual energy to see if it could help Qing Ce improve.'

While he was thinking, Jiang Beiran kept sizing up Liu Zijin. After all, she was the most talented among the five of them in terms of cultivation.

Feeling that her senior brother had been watching her, Liu Zijin's pretty face was full of unease. This was the first time her senior brother had looked at her with curiosity, as if he was looking for the secret she had hidden.

'Oh no... Could it be that my performance in the afternoon was too obvious and senior brother saw through me...!... Wuwuwu! What should I do?'

The more Liu Zijin thought about it, the more nervous she became. But the more nervous she became...

The happier he was.

In this painful yet happy experience, Liu Zijin finally held on until her senior brother shifted his gaze to the Yu sisters. However, while she felt relieved, she also felt a sense of loss.

At this moment, Fang Qiuyao, who was standing at the side, could not control herself.

Seeing Senior Brother looking at Sister Zijin, then at the Yu Sisters, but not looking at her, she felt very disappointed.

She clenched her fists and shouted nervously, "Senior Brother, you said you needed our help just now. What do you mean?"

Hearing Fang Qiuyao's question, Jiang Beiran temporarily put away his thoughts and said, "It's like this. I need you to find some time to trouble senior brother and ask him to help you."

The five golden flowers couldn't help but be stunned when they heard this. Their five pairs of eyes blinked continuously.

"Should I trouble Brother Lu?"

They had never heard of such a request before. Shouldn't they be asked to help Senior Brother Lu more?

Jiang Beiran had made this decision mainly because the five of them were indeed the most suitable candidates.

Wu Qingce was now the brightest star in the Sheng Kingdom, and it would be too strange for him to suddenly ask Senior Brother Lu for help. Gu Qinghuan was even more so. He was famous for being versatile in the sect, and usually, only others would ask him for help.

As for Liu Zijin and the other three, Senior Brother had already taken care of them and given them a certain amount of grace. As long as Senior Brother helped them a few more times, she could use the five of them as the middleman if she wanted to give Senior Brother any protective magical treasures in the future.

After all, even if these five clowns were very talented in cultivation, the probability of them doing something stupid was too high. There should be many opportunities for Senior Brother to help.

Looking at the stunned faces of the five, Jiang Beiran asked, ""Don't you understand?"

Yu Guimiao scratched her face and asked in confusion, ""I understand...He just didn't know why Shixiong would do this."

Thinking that he would have to tell them his motive in the future, Jiang Beiran pondered for a moment before answering, ""I need you to owe me enough favors. Then, I will give you some treasures to repay these favors. Of course, as long as you do well enough, I will also give you corresponding rewards."

The five golden flowers were even more confused after hearing this. [Can't you just give it to the underling directly?]

But on second thought, he understood that Senior Brother Lu must have confiscated the magic weapon given by Senior Brother, so Senior Brother could only think of this method.

The five golden flowers could not help but sigh in their hearts. Although they knew that their senior brother respected Senior Brother Lu very much and that he was a very good person, they still did not expect their senior brother to go to such an extent.

After understanding, Yu Guishui was the first to ask, "Senior Brother...Can I ask...Forget it, it's nothing, it's nothing."

Although Yu Guishui was very curious, she knew that her senior brother did not like others to inquire about his private affairs, so she finally held back.

Glancing at Yu Guishui, Jiang Beiran replied, ""You want to ask me why I'm doing this to repay Senior Brother?"

Seeing her senior brother's gaze on her, Yu Guishui immediately lowered her head shyly and nodded.

“There’s no harm in telling you. After all, only by understanding this can you carry out the mission I gave you more clearly.”

Seeing the five of them widen their eyes and perk up their ears, Jiang Beiran pondered for a moment before saying, “First of all, my life was saved by Shixiong.”

“Wow!”

This sentence was like a lightning bolt to the five golden flowers. They really couldn’t imagine that their powerful senior brother would actually need someone to save him. This was simply unbelievable.

However, they did not speak and just listened quietly.

“When I first entered the sect, I had no family or friends. At that time, whether it was life or cultivation, senior brother helped me a lot. You could say that he was my guide..”

Chapter 498: Elder Brother Is Like A Father (2)

At this point, Jiang Beiran’s own thoughts were stirred.

When he was rescued from the mine by his senior brother, he was still in a very confused state and did not know what to do next.

In the end, it was his senior brother who spent a lot of effort to recommend him to the Returning Heart Sect, allowing him to finally have a place to settle down in this unfamiliar world.

However, after coming to the Returning Heart Sect, his days were still not good. The system kept popping up options for his cultivation. In any case, he would be reminded to keep a low profile whenever he wanted to show off.

As a result, he was naturally not loved by his parents in the hall. Moreover, under the "care" of the Heavenly Dao, the people he came into contact with more or less had malicious intentions towards him. A junior sister who suddenly came to talk to him would trigger a yellow-grade option, a senior brother who showed concern for him on the surface would trigger a black-grade option, and a good-hearted person he met on the way out would trigger a black-grade option if he chatted a little more.

In short, those who were kind to him on the surface were often more ruthless than those who looked down on him directly.

This often made Jiang Beiran lament how dangerous the martial world was and how difficult it was to survive.

Although Jiang Beiran had always been able to turn the situation around thanks to the help of the system, he also felt lonely at the same time, believing that the world was filled with malice.

When his heart was filled with darkness, it was his senior brother who suddenly came to find him.

That was because Jiang Beiran would need to go down the mountain to train, but no matter which iron seal he looked for, the option of danger would pop up.

Just as Jiang Beiran was about to go down and take a gamble, his senior brother suddenly came looking for him and offered to be his Iron Seal.

That time, the system did not give him any options.

This was the first time since Jiang Beiran had arrived at the Returning Heart Sect that someone had expressed their goodwill to him without any options.

Jiang Beiran, who had felt extremely lonely at that time, had burst into tears.

It was too difficult! The feeling of not being able to trust anyone was really too difficult! The experience of seeing everyone as a bad person was really too difficult!

Looking at Jiang Beiran, who was suddenly crying his heart out, Lu Bogui was stunned for a moment before he smiled and said, ""Blame it on me. I didn't care about you after I brought you into the sect. Don't worry, I'll take good care of you in the future."

As the only person who did not know how to choose his appearance, Jiang Beiran instantly treated his senior brother as his closest kin. Lu Bogui also fulfilled his promise very well. Whether it was his daily life or his adventures outside, he cared and helped him like a brother and father.

Chapter 499: Too Rich (1)

Dark clouds covered the sky, and Montenegro surrounded them.

This was where the Spirit Dragon Cult was located. On the surface, it still looked very demonic.

As he had contacted Yin Jianghong in advance, Jiang Beiran had landed on the top of the mountain.

"You're quite early."

Yin Jianghong, who was gnawing on a corn on the mountaintop, greeted him.

"Greetings, Cult Master Yin." Jiang BeiBeiran cupped his fists.

"To be honest, I can't even accept your gifts now." Yin Jianghong quickly walked over to Jiang Beiran's ear and whispered, ""I didn't think too much about it when you returned two days ago. Now that I think about it, you suddenly disappeared for so long. Did you return..." Yin Jianghong pointed upwards. "Did you go to your master's place to report?"

Jiang Beiran didn't answer after listening to the conversation. Instead, he smiled and changed the topic. "Cult Master Yin, I'm here to ask about the progress of the antidote."

Jiang Beiran didn't answer and Yin Jianghong didn't ask. He directly answered Jiang Beiran's question, "I don't think we can get any results in a short period of time."

Taking out two pill recipes, Jiang Beiran handed them to Yin Jianghong and said, "Show them this. There should be some progress."

Yin Jianghong took the pill formula and casually glanced at it. "Beiran, we're considered partners now, right? Let this old brother know, what else do you know?"

Jiang Beiran wasn't sure if it was just his imagination, but he felt that ever since Yin Jianghong found out that he had someone working for her, she had completely lost the aura of a superior when she talked to him. She was simply the epitome of shrewdness.

"I know all the things Junior is good at, Sect Master Yin. It's nothing more than formations and pill concoction."

"Don't. I only knew that you were good at array formations, but I didn't know that you had dabbled in alchemy."

"Is that so? Then I probably forgot to mention it."

Since Jiang Beiran didn't say anything, Yin Jianghong didn't intend to continue asking for a snub. She put the two recipes into her Cosmos Ring and continued, "Alright, I'll bring them the things later."

"One more thing. Let Muyao sit on the throne for the time being. I have other things to do recently."

Yin Jianghong raised her eyebrows. "That's not very good. Yao 'Er's position has already attracted a lot of criticism. Now that you're back, those old men don't want to see her continue sitting there. " "Why? Cult Master Yin, are you afraid of them?" "Yes, I'm too afraid of them." Yin Jianghong nodded.

'Tsk, goading is useless against this old fox.'

Zai Zhi complained in his heart. Jiang Beiran took out a map and said, "Cult Master Yin, do you recognize this place?"

Yin Jianghong glanced at it and said in surprise, ""Tongfu Prefecture of the

Country of Liang?"

Jiang Beiran could not help but be stunned when he heard that. He felt as if he had asked someone which peak was the second peak in the world and they would answer him.

However, he quickly adjusted himself and said, "It seems Cult Master Yin is really thinking about the Liang Country. That's right, this is the map of Tongfu Prefecture, and this is where I'm going."

"Go to Liang Country?" Yin Jianghong rubbed her chin and asked Jiang

Beiran, ""Bei Ran, could it be that you want to..."

"Cult Master Yin also had this intention, didn't he?"

"Hahaha, good! Good!" Yin Jianghong burst into laughter." Don't worry. You don't have to worry about a small matter like the emperor.'""

"Then I'll have to trouble Cult Master Yin."

Now that Jiang Beiran had laid his cards on the table with Yin Jianghong, there was no need to hide many things. Moreover, since he had already made Yin Jianghong his business partner in a way, he naturally had to think of a way to make good use of her.

After all, waste is a shameful thing.

The easiest way to make use of a person was to make them think that they had the same goal.

After returning to the Returning Heart Sect, Jiang Beiran went straight to

Tinglan Waterside Pavilion. He knocked on the door and slowly walked in.

Noticing that Shi Fenglan didn't run out immediately, Jiang Beiran turned to Little Duo and asked, "Hall Master, you went out?"

Little Duo glanced at Jiang Beiran first, then shifted her gaze and said, "Yes... Yes, the hall master has gone out."

Jiang Beiran did not pursue the matter further even though he could not figure out what was going on when he saw that Little Duo was not lying. Instead, he walked through the garden and into the central hall.

"Creak Bang."

Jiang Beiran's gaze had just been attracted by a box on the table when he heard

Little Duo close the door behind him.

"What the hell?"

After looking around suspiciously for a while, Jiang Beiran slowly walked over to the box and picked it up.

When he opened it, an orange-yellow light shot into the sky.

Jiang Beiran blinked a few times before he could see the treasure inside.

“It really is the Earth Bodhisattva True Crystal.”

As a treasure on the Rare List, Jiang Beiran had a rough idea of what the Earth Bodhisattva True Crystal looked like.

“Hall Master Shi, how long do you plan to hide?”

Jiang Beiran put down the box and asked. However, there was no response from the room.

Shaking his head helplessly, Jiang Beiran held the Earth Bodhisattva True Crystal and began to study it carefully.

Unlike some gaudy treasures, the Earth Bodhisattva True Crystal was limited and plain. It was a yellow, round bead. Other than the black, unknown object in the middle, there was nothing special about it.

After observing its appearance, Jiang Beiran carefully took out the Earth Treasury True Crystal..

Chapter 500: Too Rich (2)

‘This...This feeling.

As he held it in his hand, Jiang Beiran felt that the Earth Bodhisattva True Crystal was a little gentle at first, but then he felt it throb. It wasn’t the true body that throbbed, but a heart that seemed to be beating inside it.

“Is it pregnant with something?”

Jiang Beiran’s understanding of the Earth Bodhisattva True Crystal was limited to its ability to greatly enhance the formation and ensure that the formation would not be cracked or destroyed. However, he did not expect it to have the characteristic of being “alive”

In Jiang Beiran's understanding, such magical equipment that had signs of life or had gained sentience would have a huge potential for growth, which meant that its potential was limitless.

'No wonder it can be ranked in the top 100 of the Rare Items List. It's indeed a good treasure.'

However, the better this treasure was, the more Jiang Beiran felt that it was a hot potato. He could touch it now, but if he really wanted to take it for himself, the system would probably pop up a few Earth-rank options at any moment. Putting the Earth Bodhisattva True Crystal back into the box, Jiang Beiran felt a heave.

He definitely had to obtain the Earth Bodhisattva True Crystal, but if he wanted to obtain it, there was a high chance that he would be related to the Shi family. The Shi family that had a Profound Sage expert...

Jiang Beiran felt an immense pressure at the thought of the elder of the Shi family who had helped him.

He hadn't repaid the favor over there yet. If there were new ones here, how would he repay them? Can I give you my life?

Jiang Beiran closed the box again and was about to sit down when he noticed a box lying quietly on the floor at the corner of the corridor. There seemed to be four big words written on the box.

"Come over here."

After pondering for a moment, Jiang Beiran put down the box, pushed open the door, and left the central hall.

But before he could walk out of the garden, he heard Shi Fenglan's voice behind him.

"Little Bei Ran! Why are you running!"

Then, Jiang Beiran saw a fiery red figure appear in front of him.

"I thought you weren't around, so I thought I'd visit another day."

"Don't you have any curiosity? There was obviously something good in that box!"

"So you should go over and take a look!"

Without waiting for Jiang Beiran's reply, Shi Fenglan grabbed his arm and dragged him into the hall.

"Come over and take a look!"

Upon hearing Jiang Beiran's question, Shi Fenglan stopped her forceful tug on Jiang Beiran's hand and answered, ""Don't force you to do things you don't want to do."

"So, what are you up to?"

"I just wanted to give you a surprise." As Shi Fenglan spoke, she moved closer to her ear and said, ""I also brought the Coiled Dragon Glass and Full Moon Glass. They are in that box."

Hearing Shi Fenglan announce two more names that were in the top 100 of the Rare and Rare List, Jiang Beiran could not help but facepalm and say, ""Didn't I tell you not to secretly bring anything from home?"

Shi Fenglan felt a little wronged after hearing this. "I saw that you wanted to see the Earth Bodhisattva True Crystal, so I brought a few more treasures for you. Don't you like it?"

"This isn't a question of whether you like it or not. Speaking of which, no one cares about you when you take this treasure out?"

"Hehe, I took it secretly." Shi Fenglan snickered.

In the past, Jiang Beiran had known that Shi Fenglan had a powerful background, but it had all been a guess. Now that he had confirmed that she had a Xuanzong-level elder in her family, many things became more concrete.

For example, there were only a few sects that had a Xuanzong-level powerhouse. Jiang Beiran could actually find out who the Shi family was with just a little inquiry. However, he was a bit of an ostrich at the moment, thinking that if he didn't get to know the Shi family, the people from the Shi family wouldn't get to know him.

Now that he heard Shi Fenglan say that she had secretly taken it, Jiang Beiran immediately imagined that Shi Fenglan had sneakily taken out a few treasures hidden in a warehouse of a super large sect. The people who saw the treasures turned a blind eye and let her go.

Could it be that for those top sects, the treasures on the Rare List could also be used as toys for the younger generation?

Seeing that Little Bei Ran was silent and had a solemn expression, Shi Fenglan could only pout and say, "I'm sorry. I thought you would like it."

"Yes, it's good that you know your mistake. Hurry up and keep it."

"You don't want the Earth Bodhisattva True Crystal?"

"No, take them all back."

"Oh..."

Shi Fenglan returned to the central hall dejectedly.

For now, Jiang Beiran only needed to know where the Earth Bodhisattva True Crystal was. As for when and how he wanted it, he still had a year and a half to consider.

As he held it in his hand, Jiang Beiran felt that the Earth Bodhisattva True Crystal was a little gentle at first, but then he felt it throb. It wasn't the true body that throbbed, but a heart that seemed to be beating inside it.
