Chapter 735: Pure Yang Qi_1

Chen Mobai had informed Che Yucheng about the impending completion of the Formless Puppet. This indicated that he was undoubtedly going to be the first one in the graduation project.

Additionally, as the showcase chief of the Dance Tool Dao Academy and being involved in the creation of a magical treasure embryo, he was already all but assured of success.

Nevertheless, Chen Mobai hadn't thought much about this issue. After all, due to the scarcity of resources and absence of competition among the immortals, many Gold Core Cultivators didn't even possess a magic artifact.

As a result, research on magic artifacts wasn't much emphasized among the immortals.

On the other hand, the development of large instruments and appliances for everyday life was flourishing.

Under this environment, Dance Tool Dao Academy could be considered the ancestral home of magic artifacts in the world of immortality.

The Refining Implement Department was reputed to be the best in the world of immortals. Cheng Xuan had been the head of the department before forming his Nascent Soul.

"Teacher, I'm still uncertain. Could you give me some advice?"

Chen Mobai, always eager to learn and humble, asked Che Yucheng immediately.

"The choice of magical artifacts has various schools, but we in Dance Tool Dao Academy classify it into two: 'Exploit Strengths, Avoid Weaknesses'."

“Exploiting Strengths involves refining a magic artifact that perfectly matches your own cultivation technique and constitution, thus fully displaying the areas you excel in.”

“Avoiding Weaknesses means using a magic artifact to compensate for the shortcomings of your cultivation technique, so the originally lethal problems become less lethal.”

Che Yucheng explained briefly the understanding of magical artifacts in Dance Tool Dao Academy.

After drinking Enlightenment Tea and consuming a lot of Snow Needle Immortal Buds, Chen Mobai had become a genius. He comprehended these words and suddenly realized that the principle of ‘Exploit Strengths, Avoid Weaknesses’ perfectly summed up the two uses of magical artifacts.

“So, Teacher, do you think I should ‘Exploit Strengths’ or ‘Avoid Weaknesses’?”

Chen Mobai asked again, but Che Yucheng just shook his head this time, letting him make his own choice.

“A magical artifact is a part of your Dao Fruit in the latter half of your cultivation journey. No one else can make this decision for you.”

Che Yucheng’s words left Chen Mobai deep in thought.

Just then, two people dressed in Repairing Heaven’s Colored Cloud Garments walked over. One of them was Chen Mobai’s acquaintance, the former chief instructor of Repairing Heaven Institute, Ling Dao Master.

The other one was a cultured, middle-aged man with grey-black hair and glasses; it was Repairing Heaven Institute’s Gold Core Cultivator, Fu Borong.

“Long time no see, you seem to have aged a bit?”

Standing up, Che Yucheng shook hands with Fu Borong and said a remark that left the latter shaking his head and smiling wryly.

“Ever since the school ranking dropped to the fourth place under my watch, and the dean is also about to come out of seclusion, I have been worrying about how to explain this to him. I have hardly been able to sleep these two years.”

During the offline exchange meeting of Jumang Dao Academy, Chen Mobai’s single sword defeated everyone, pushing Dance Tool Dao Academy, which had always been ranked fourth, to the first place.

In contrast, Wen Renxuewei, because of her successful Lasting Spring Cultivation, could not be surpassed by either Kunpeng or Repairing Heaven, causing the last place to be Repairing Heaven Institute unintentionally.

Fu Borong was still the head of the academic affairs office of Repairing Heaven Institute. Since his tenure, the school had always managed to maintain the second rank.

But suddenly dropping to the last place, the disparity was too great, and it was a little difficult for him to accept.

“Hahaha, I’ve been sleeping really well.”

Upon hearing this, Che Yucheng laughed heartily, not afraid of offending Fu Borong.

“This must be your outstanding disciple.”

Fu Borong chose to ignore him. Turning to Chen Mobai, he reached out his hand.

“Nice to meet you, Teacher Fu. I’m Chen Mobai, a student of Teacher Che.”

Chen Mobai always behaved well in front of Gold Core Cultivators. Seeing Fu Borong’s gesture, he immediately extended both hands to grasp the other’s single hand.

“Youth deserves respect indeed.”

Fu Borong smiled at Chen Mobai and resumed reminiscing and chatting with Che Yucheng after this remark.

“Long time no see, Senior Brother Ling.”

As the two big shots were immersed in their conversation, Chen Mobai noticed Ling Dao Master standing by himself and took the initiative to greet him. He had wholly forgotten that he had beaten him bloody back at Jumang Dao Academy.

“Hello.”

Ling Dao Master responded indifferently. He had chosen public service after graduation and via the arrangement of Repairing Heaven Institute, he was now a civil servant auditing various research resources from the world of immortality.

He had accompanied Fu Borong this time as there was a long-standing project between Dance Tool Dao Academy and Repairing Heaven Institute that needed to be settled. He, as the auditor, needed to witness this. It was necessary to incorporate this transaction into the year-end accounts.

Chen Mobai saw Ling Dao Master’s nonchalant response, so he also didn’t pester him. He simply smiled, standing beside them and watching the two big shots converse.

“In the midst of chatting, I almost forgot about this thing.”

Suddenly, Fu Borong remembered the rank-3 Core Chip. With a gripping gesture in the thin air, a sealed transparent plastic box fell into his palm.

Is this the domain of the Gold Core?

While Chen Mobai was wondering about this, Che Yucheng had already received the core chip custom-made for the Formless Puppet. After he used his Divine Sense to check it thoroughly, he nodded satisfactorily.

“Well, this little fellow gave me some face. This thing is top quality.”

After saying this, Che Yucheng gave the item to Chen Mobai, who immediately thanked Fu Borong.

“Truly, youth is to be feared. When I was at his age, I had just passed the rank-3 qualification.”

Fu Borong expressed amazement at Chen Mobai’s ability to produce a Formless Puppet while still in school, but the latter just humbly smiled.
