Wrong Table 1460

Chapter 1460

Joy uncontrollably surged from the bottom of Emmanuel's heart when he thought

about Mackenzie being pregnant with his child. The feeling was simply wonderful!

Upon seeing Emmanuel's current expression, Tia also experienced mixed emotions.

She walked over with a smile and said, "Uncle Emmanuel, congratulations!"

Ryder exclaimed excitedly with a smile on his face, "That's fantastic! If it's a boy, our

Lowe family will have a new generation again! Tommy will also have a cousin!"

Emmanuel rarely smiled. However, he nodded with a smile this time.

Roselynn couldn't help but pinch his waist hard when she was watching his reaction.

She sternly said, "Are you a fool? Instead of rejoicing here for so long, why don't you go

find Mackenzie?"

"Right!"

The majestic Wolf Warrior appeared no different from an ordinary person at this

moment. It was only after being reminded by his elder sister that he excitedly ran out of

the grand living room.

As he hurried to the side hall, Jack walked in from outside.

Benny, who had been quiet all along, immediately grabbed him. He asked, “Where did you go?”

Like father, like son. He also knew that his son was upset with Mackenzie and still held onto some resentment towards Emmanuel for what happened yesterday. At this moment, he suddenly ran out. Could it be that he wanted to confront his own relati

“Dad, have you forgotten how we made our fortune?”

Jack didn’t hide it from him either, leaning in to whisper softly in his ear, “Mackenzie has been taken away by the Tanner family!”

“What?!” Benny exclaimed.

He was secretly shocked.

Actually, his thoughts were different from his son’s. He desired wealth but wasn’t in a rush to take advantage of his relatives!

This kid just couldn’t keep calm. If this matter was exposed, who knew how Emmanuel

would react towards his family?

“Mackenzie! Mackenzie?” Emmanuel exclaimed.

Rushing to the side hall of the villa, Emmanuel realized that Mackenzie was n

be found. He quickly approached Alessandra, who happened to be in the side hal

asked, “Mom, where’s Mackenzie?”

“I’m looking for her too. Wasn’t she staying in the main hall and having a chat with you

guys?” Alessandra asked.

Alessandra also appeared puzzled.

I have just instructed Mackenzie not to wander around. However, Mackenzie is gone as

soon as I turn around.

“What’s happening? What’s going on? Are you all searching for Mackenzie?” Beatrix

asked.

Beatrix heard the commotion and came over to join in.

A heart-wrenching cry suddenly echoed from the direction of the villa’s main gate

before Emmanuel could respond.

“Emmanuel! Emmanuel, come out and save my son!” Blake shouted.

“Blake?!” Emmanuel was shocked.

Emmanuel ‘suddenly had a bad feeling. What’s happened to Tommy? Mackenzie has

Suddenly disappeared from the villa. Could it be related to Blake?

“Tommy? What’s wrong with Tommy?!” Emmanuel asked.

Emmanuel swiftly walked out of the hall and saw that Blake was holding the

unconscious Tommy. His heart sank.

Based on his experience, he instantly realized that Tommy had suffered a severe blow.

This resulted in a concussion for him!

“W-What did you do to Tommy? What’s wrong with my son?” Ryder asked.

Ryder was seated in a wheelchair. He also attempted to lunge at Blake with emotion.

Tia was equally anxious, as she also regarded Tommy as her own son!

“Stop asking questions right now! I can’t be bothered with you guys either. Tommy was

just punched by a big guy. Emmanuel, please help him! Aren't you a miracle doctor?"

In a state of extreme anxiety and distress, Blake shouted excitedly at Emmanuel.

Seeing his expression, Ryder was surprised!

Why was I so concerned about my son? Was he some kind of great person?

Emmanuel quickly had Blake lay Tommy down on the couch and carefully examined

Tommy's condition.

After that, Emmanuel gently pressed a few acupoints on the back of Tommy's head and

said, "Tommy has lost consciousness due to a concussion. There are currently no signs

of intracranial bleeding! I am using acupressure to alleviate his pain. Please be careful

not to move his head around. He should regain consciousness after resting for a while,

but there may be some lingering effects. We can only assess the situation once he

wakes up."

Blake and Ryder remained anxious upon hearing Emmanuel's words. Finally, they both

let out a sigh of relief at the same time. The absence of life-threatening danger was

indeed a blessing in disguise!

“Blake, how did Tommy end up getting beaten like this?” Emmanuel quickly grabbed

Blake and asked. He sensed that this incident might be related to his wife Mackenzie’s

disappearance.
