

Y. Goddess 121

Chapter 121 Goddess Aurora Agony

[In the Goddess Realm.]

"Kukuku... very good, Lily-chan, you amuse me greatly with this character roleplaying show you've shown. Should I add a deposit of Yurification Points to fuel your passion for roleplaying as a cruel and cold military girl?"

"Please don't use my Saintess for your amusement, Aurora. Don't you know how long I've wanted to get a Saintess as reliable as this? At least try to take care of your Saintess!"

"Ohh, don't make me feel like that. Don't you know how much I suffer when my Saintess always prays for the girl who became your Saintess every day? I almost go crazy even though I'm the Goddess revered by mankind."

"That's a problem you should solve with your Saintess yourself and don't try to tease my Saintess who has become beautiful and elegant like this!"

"Fufufu... too bad... I already have a good relationship with your Saintess because I fixed your Yurification System blessing with a good design!"

In the realm of the Goddesses that does not recognize the concept of space and time, two Goddesses are joking with each other along with a magic formation that shows a girl wearing a military cosplay uniform with a serious face while trying to set up a hunting formation for a monster that has become a Calamity Disaster.

"I admit that my design is very bad and needs your direct touch to fix it. But in general, I am the one who created the blessing of the Yurifaction System for my Saintess. Do not interfere with our love affair that is separated by two different realms!"

"Yuri, I don't know if you care about this girl so much that you worked hard to create a blessing that can give a girl powers that should not be listed in the Akashic Records. Is it just me or do you want to make this girl take the responsibility of another Saintess?"

"I don't know what you are talking about with that dead destiny record. Even if the fate of our realm has been determined by it, wouldn't it be great if we could change the flow of the definite destiny record that has been written in the Akashic Records? Bringing out a figure who can build a better world and entertain us in this boring Goddess realm. Isn't that what brought you to this place of mine?"

"Don't blame me for being interested in your Saintess's interesting life story, Yuri!"

"You may be interested in my Saintess but don't try to hinder my main goal of making this world know a special relationship between girls who love each other!"

"Sigh... Y-You're still so determined to create a world like that?"

"What's wrong with working hard to create an ideal world for me? If only the Great Heroes hadn't introduced their culture to us. I would have died of boredom in this Goddess realm."

"You can't die after becoming a Goddess. Accept the fate that has made you a Goddess who until now still has no followers but strangely has a Saintess who is pampered directly by you."

"Hmm... Can I interpret this as you being jealous when I pamper my own Saintess more than this lonely Goddess Aurora?"

Ignoring the warm gaze given by Goddess Yuri, Goddess Aurora received a warm hug that made her fall into a love trap because of her great jealousy of one of the Saintesses who was loved by Goddess Yuri.

Goddess Aurora received a soft hug given by Goddess Yuri.

The soft gaze that she could not refuse immediately turned into a soft gaze that was ready to pamper Goddess Aurora's body. With a soft touch that stroked Goddess Aurora's hair, a sensual touch began to spread to her body.

The slow kiss filled with love began to be felt by Goddess Aurora's lips. Together with the weight of Goddess Yuri's body that began to give a soft hug that locked her body, they kissed softly with a soft voice that showed intimacy.

"Do you like it, Aurora?" asked Goddess Yuri when she released her soft kiss from Goddess Aurora's lips.

"Huufftt... hufftt... can we do it longer?" asked Goddess Aurora with her breathless breath after receiving a soft and passionate kiss from Goddess Yuri.

"Is the kiss I gave still not enough to pamper your endless love?" teased the Goddess Yuri who began to see one of the Goddesses who had been captivated by the kiss that pampered her lips.

The grip of the Goddess Aurora tightly held the shoulders of Goddess Yuri and looked at her with an expression that expected more than just a kiss.

"Hey, don't be too greedy in receiving my pampering kiss. I have to share it with the other Goddesses. You are not a greedy Goddess who thirsts for my affection, right?"

"Hmnn... is it wrong for a Goddess to be greedy when pampered by the Goddess who has stolen her feelings to fall in love?"

"Eh? Is there a Goddess like that?" using a light joke that made Goddess Aurora pout. Goddess Aurora immediately pulled Goddess Yuri's body to lie down on a seat covered with soft and warm cloth.

Just as her body received the pressure of Goddess Yuri's weight, Goddess Aurora's body weakened and tears from the stress she suffered suddenly came out.

"Uwaah!! I-I haven't felt this tender love for a long time!"

"Please listen to my complaints about this, Yuri!!"

"I feel very annoyed with my own Saintess!"

"My Saintess always bullies me with threats that my flat breasts like a chopping board will be spread to all the devout followers who worship me!"

"I feel frustrated when my own Saintess doesn't respect me after her previous life I didn't help her with my holy power filled with divine blessings until she died with a great grudge against humanity!"

"Do I deserve this kind of stress because my own Saintess suddenly rebelled after falling in love with another Saintess which makes me feel strange like this?!"

"My chest feels so tight when I see her close to another Saintess and bullies me with full calculation."

"Yurii!! Kiss me!! Pamper me after experiencing stress like this!"

"I want to vent this stress with the Goddess who understands the burden carried by the Goddess who is not trusted by her own Saintess."

"Sob!! It's so embarrassing, isn't it?"

"My self like this is not suitable to be the Goddess who spreads goodness and virtue to humanity!"

In that warm body contact and embrace, it seemed that the Goddess Aurora had let out all her pent-up emotions thanks to her Saintess who had taken advantage of her weakness.

The Goddess Yuri tried to calm the overflowing emotions of the Goddess Aurora who was crying in her warm embrace.

"It seems that I have to contact Lily-chan about this matter of the Goddess Aurora and her Saintess," muttered the Goddess Yuri as she tried to calm the Goddess Aurora who was starting to sob in her soft embrace.

---&&&---

While I was relaxing enjoying the hot tension of the adventurer party who were waiting for the list of the participation Golden King Bear hunt, my Goddess suddenly contacted me into her personal communication.

[Lily-chan, do you have free time to listen to the Goddess Aurora's rants story?]

The sudden question shocked my body.

The Goddess Aurora suddenly wanted to share her story and my Goddess asked me to listen to her rants story.

What exactly had happened or is that something big trouble happened in the Goddess's life?

Is the Goddess's workload so heavy that Goddess Aurora wants me to listen to her rants?

[Unfortunately, that has nothing to do with our duties as Goddesses.]

Then what is it about? Is it normal for another Goddess's saintess to listen to another Goddess's rants?

[I don't want to do this but things have gotten bad enough because the dignity of Goddess Aurora's breasts is on the line with her own Saintess.]

Huh? Eh? What do you mean the dignity of Goddess Aurora's breasts is in Hana?

What did Hana do that made Goddess Aurora want to rant like that?

[Lily-chaaaaan!! Help me!!]

[Please save my dignity from the hands of my cunning Saintess!]

[Hana always forces me to help her fulfill her great obsession to satisfy her love for you!]

[Please take responsibility and help me reduce the threat given by Hana by betting the size of my breasts that will be known by all the devout followers who worship me.]

My leisure time while waiting for the results of the adventurer party sorting carried out by Princess Anastasia suddenly changed by listening to the complaints of the Goddess Aurora.

[Hana...]

[Hanaaa...]

[Hanaaaa has made a statue of me that shows the size of my breasts which are flat like a chopping board!]

[Please change the thinking of Hana who threatened me with great insults to the figure of the Great Goddess like myself, I beg you, Lily-chan!]

[In return I will give you a consumable item and a practical tool that will be used in your daily life at the Yurification Shop.]

I don't know why the Goddess Aurora asked me to change Hana's mind.

This is also the first time I have known that a Saintess can threaten their own Goddess.

What's the big deal about having flat breasts like a chopping board?

[Lily-chan, please be more sensitive and understanding of the feelings of women who don't have breasts the same size as you.]

"So that's what it means," I shrieked.
