

Y. Goddess 151

Chapter 151 Princess Sweet Jealously

Princess Anastasia stared at me with her cheeks pouting and puffed out.

Thanks to Princess Anastasia, several female adventurers in front of me began to look at me with awkward gazes.

I don't know why Princess Anastasia gave me such a condition when she appeared behind my body in a hurry.

I didn't do anything wrong, right?

[Oh, Lily-chan, it seems like you've made one of the women who already loving you feel a fire of jealousy when her pure love gets a new challenge from an unknown girl.]

My Goddess suddenly gave her little opinion which made me even more confused. Meanwhile, my eyes which were still covered by the written information floating in front of me increased my greed to get their rare skills.

My goal in getting their rare skills is... they are the only ones who have the potential to become great female individuals in the future just like Alice and Alyssa.

In order to balance Alice and Alyssa's talents, I need to prepare by getting a skill that can boost my ability to be on par with Alice and Alyssa.

[I can't understand why you would do such a troublesome thing and attract the jealousy of one of the Princesses who is famous for her kindness. Seeing a Princess who is jealous because her love interest is cheating on her before her very eyes...]

[That makes for a very interesting love drama!]

[I Hope, this Princess is not a Yandere.]

Yandere?

Is that something dangerous?

I feel like that is a dangerous term that makes my body shiver in fear when I hear it.

[Yes, it can be dangerous and it can be wholesome.]

[The choice is in the hands of your destiny, Lily-chan.]

I scratched my cheek after getting an ambiguous answer from my Goddess.

Since my information was very limited and my free time was also limited, I decided to stroke Princess Anastasia's cheek and pull her pouting cheek towards me.

"I will do as you want, Princess Anastasia," I said while releasing a gentle caress on her cheek.

My gaze was now fixed on the four adventurer girls who were standing with their eyes rolling. It seems that the Quest I was giving them had made them feel confused and hesitant to accept it.

I immediately approached one of the adventurer girls who was wearing a noble suit. Her slender body and polite clothes gave a special impression of her being clever. It was supported by her special skill in the form of [The One Who Can Analyze Anything by Looking at it].

An analysis skill that I needed to translate a magic book belonging to the Great Hero which was filled with implied meanings that were still mysterious to me.

Even though I had the ability to translate German into the Aurora Kingdom language, it didn't make me understand the implied meaning written by one of the Great Heroes in one of her personal notes which was in the form of scribbles without a clear meaning.

I hoped that by gaining the ability of this adventurer girl, the meaning of the scribbles that had no clear meaning could be translated clear and correctly.

Meanwhile, the ability of the star witch also made me a little interested, especially with her special ability to read horoscopes to draw someone's destiny.

The two girls who wore the attributes of the Temple of the Goddess Aurora also had unique abilities. Even though one of the girls had a unique weapon in the form of a large hammer and her body shape was covered in heavy armor, it didn't make me ignore her special abilities such as wide-range healing magic and her sisters who can make support magic to providing strong defense.

These four girls, it would be a waste if I let them go without doing the Linked Ritual with them,

"How about it? Do you want to do this very easy Quest?" I asked to get their answers who were currently discussing the answers they wanted to give me.

Squssqqhh ...

Squuiisshhh ...

Wiizzqqhhh ...

Some small whispers from them could be heard entering my ears very clearly.

"How is this? Lily-sama seems to want to take my first kiss on the lips?" whispered the noble adventurer girl while pressing her lips to one of her fingers while she blushed.

"Calm down... Let's understand the situation first before we take any further steps. The reward for this quest is fifty gold pieces just for kissing her lips. If it's divided between four people, that would leave ten gold pieces unused. How are we supposed to divide the ten gold pieces unused?" whispered one of the girls who looked like a star witch and moved her pointy hat to cover the strange smile on her face.

"I don't mind," replied the girl wearing the Aurora Shrine robe.

"I don't mind either since we're both women. If she were a man, then I could use the Aurora Shrine's religious prohibition against women kissing a man on the lips," said one of the girls wearing the Aurora Shrine robe and moved her large hammer to lean on the mound of dirt.

"Umm... Are you sure you don't mind about this quest?" asked the noble adventurer girl while giving the two adventurer girls wearing the Aurora Shrine robe a straight look.

The two girls immediately shook their heads and expressed their willingness to carry out a light Quest that had a large reward.

"The reward from the Quest payment will be able to make our lives luxurious for the next few months or become emergency savings in critical moments," the words of the girl wearing the robe of the Temple of the Goddess Aurora made all the girls who were discussing nod.

"It makes sense, it will be savings for difficult situations in the future," replied the noble adventurer girl.

"So, we will accept the Quest given by Lily-sama directly?" continued the noble adventurer girl in a whisper.

Nood...

Nood...

Nood...

They nodded to each other after the small whisper resulted in an important decision to accept the Quest that I suddenly gave.

They turned their bodies simultaneously and looked at me who was standing together with Princess Anastasia.

"Lily-sama, we will accept the Quest!" they said together.

I couldn't hold back my joy by letting out a soft smile at them and it made Princess Anastasia pull my uniform with her cheeks puffed up even more.

"Lily... don't forget to kiss my lips after kissing theirs..." said Princess Anastasia while puffing up her cheeks.

"How could I forget that," I replied while smiling softly and stroking Princess Anastasia's puffed cheeks again.

"You look cute and adorable when you're like this," I said while stroking Princess Anastasia's cheeks so they wouldn't puff up and show her sweet attitude as the Princess of the Aurora Kingdom.

"Are you enjoying my jealous feelings, Lily?" asked Princess Anastasia who started to tell me what was in her heart.

Princess Anastasia's question made me pause for a moment and stroke her cheeks again.

"Hmm... Lily... Do you admit it if you enjoy me being jealous?" asked Princess Anastasia further after the previous question didn't get an answer from me.

I was still smiling and continued stroking her cheeks.

"Hmph! Do whatever you want! Don't blame me if I do something dangerous while Lily is sleeping!" grumbled Princess Anastasia who looked annoyed at me.

"And... what will you do while I'm sleeping?" I asked, moving my hand once again to stroke Princess Anastasia's cheek.

"I'll do anything! Like kissing Lily's lips! Stripping Lily's body while sleeping! And making Lily accept my love marks that are spread all over Lily's body!" Princess Anastasia shouted, making the four girls in front of me blush when they heard it.

Blush...

Aware of her words that were screaming and pouring out her heart, Princess Anastasia immediately took cover behind my body and buried her face on my back.

"Haaauuu... That's so embarrassing," she said in a weak and cute tone.

"If that's what you want to do, I'll gladly accept your love marks, Princess Anastasia," I said to calm Princess Anastasia who was blushing and burying her face on my back.

[Wow! Since when did my cute Lily-chan understand how to tease women like this?]

[Has my cute Lily-chan grown up without me realizing it?]

[The change that made me smile earlier almost made my nose bleed seeing this cuteness.]

[Romance between women is indeed the best!]

I could feel that my Goddess was giving me a compliment and admiration. The sentence I said was not far from what one of the Great Heroes in the past had experienced.

Because the composition of the Great Hero's adventurer party in the past consisted of one man surrounded by beautiful women. It made some women scramble to get involved in the conversation and spread strange behavior as Princess Anastasia did.

This method only made me look like I was following Princess Anastasia's wishes and prevented further misunderstandings.

"Alright, let's get started," I said while giving a soft smile to the four adventurous girls in front of me.

Tap... Tap...

The noble adventurer girl immediately approached me and mumbled a little before giving me a kiss on the lips, "T-This is my first kiss, please don't overdo it in kissing my lips, Lily-sama..."

With her small mumble, the noble adventurer girl began to kiss my lips slowly.

Whether it was because of the night conditions after doing the heavy hunting activity of the Golden King Bear herd, I felt that her lips felt rough and dry.

"Huukk... Mmm... Ahh..." the noble adventurer girl moaned when she received my kiss on the lips.

Sluurrpp...

I gave some of my saliva to wet her dry lips.

"Puuaahh... Lily-saaaaa..." The noble adventurer girl looked at me with sparkling eyes after her first kiss was stolen by me.

"Did my kiss feel good?" I asked with a gentle smile towards her.

"Y-Yes, Lily-sama, that was my first good kiss," replied the noble adventurer girl with a blush filling her face.

"Next..." I immediately directed my gaze to the star witch.

"M-Me? N-Now it's my turn?" she replied with her awkward behavior.

"Kuuu... T-This will be very embarrassing. D-Do it quickly, Lily-sama!" shouted the star witch with her body surrendering and her lips that were ready to receive a kiss from my lips.

Chuu...

With a light touch from her body that was pushed towards me, the star witch girl forced herself closer to my lips until they touched mine.

Sluurrpp...

I don't know if it was because she saw my previous lip kiss with the noble adventurer girl or not, she moved her tongue to wet her lips until it touched my tongue.

"Hwaaauhh... Mmpphh... Awwhhh..." her little moan that received the touch of my lips until they licked each other's lips.

Sluurrpp...

Sluurrpp...

The licking of our tongues made a slightly lewd sound and made Princess Anastasia press my body as a sign to stop our lip kiss.

"Hmph!" Princess Anastasia grumbled, sounding jealous behind my back.

Chuupp...

"Pwaaahhh.... I-It feels so good... A kiss can feel this good?" said the star witch girl with her face showing a strange smile.

Thuuttt...

Thuuutt...

Before I continued my kiss, I got a small message from Princess Anastasia who whispered behind my back.

"Lily..."

"Don't make me jealous anymore..."

"It hurts to see you being affectionate with another woman..." Princess Anastasia grumbled jealously.
