

Y. Goddess 226

Chapter 226 - Panties Parties

In front of Momo and Sirius, who were guarding the surrounding area, Zoe showed a pair of panties that had been soaked with love juice and holy water, which Lily had released.

"Oh, my sisters, do you want to enjoy a high-quality magic catalyst like this?" with words filled with a smile that wanted to show off Lily's magic catalyst in the form of panties, it seemed that Zoe wanted to share it with the two of them.

Sirius and Momo looked at each other.

Sirius who was in her human form looked at Momo who was still in her cursed Odachi form.

Swiirll...

With a strong surge of magical energy, Momo slowly left her cursed Odachi form and revealed a sexy and seductive woman's body.

Together with the three beautiful and charming girls, their gazes were fixed on Lily's panties which had become a magic catalyst filled with high-quality magical energy.

"Hmm... I like your honest responses like this. You must be curious about the taste of a high-quality magic catalyst like this, right?" Zoe continued, making Sirius and Momo tempted to enjoy the high-quality magic catalyst in front of them.

"But you have to be patient because there is another woman who is struggling to get to our place." Zoe's gaze now turned behind Sirius and revealed a mysterious figure getting closer to them.

Sraakkk...

Sraakkk...

With the speed of running that was getting closer like that, Sirius was surprised by the presence of Aiko who had restored her entire slime body that had been shattered into pieces earlier.

"Aiko!" with a light scream, Sirius called Aiko's name who now launched a hard kick towards her head.

Duggg...

Baaamm!!

When Aiko's hard kick hit Sirius' head, it gave a shockwave of strong wind and pushed Sirius' body into the air.

Under the bright moonlight, before the sun rose, Aiko vented her annoyance towards Sirius. Her annoyance that had been building up for a long time showed that Aiko's patience had run out so that she could repay Sirius' carelessness with a hard kick.

Duuggg...

Duuggg...

Baamm!!

Aiko's body that received the attack rolled on the ground until she hit a wooden log that was the target of the knife throw earlier.

"Aahh... Hahaha... it seems like you're too excited after meeting me, Aiko," said Sirius from a distance and stomped her feet to dart towards Aiko to welcome her homecoming.

Swuusshh...

When Sirius arrived in front of Aiko, she immediately gave her respects by bowing in front of Aiko.

"I apologize for what happened... a long time ago," said Sirius in the hope of being able to reduce Aiko's emotions which were at their peak.

Ignoring the words given by Sirius, a punch from top to bottom hit Sirius' body.

Baamm!!

Spllaasshh!!

The blow given by Aiko at this time had destroyed part of Sirius' slime body along with the smile on Sirius face that began to fade along with her human body that was starting to be half destroyed.

Plasshhh!!

With that destroyed body, Aiko began to feel relieved and glanced at Sirius' half-destroyed body with a gentle smile.

"I'm home!" Aiko exclaimed in a flat tone that she had returned home to her stealth slime herd and her Supreme Commander.

"I've been lost in the wilderness for a long time, has something big happened while I was gone?" Aiko asked Momo and Zoe, she now ignored Sirius who was trying to regenerate her half-destroyed limbs but failed because the amount of magic energy was not enough to maintain her large-breasted human body.

Boiinngg...

Boiinngg...

The sound of Sirius's supple and flexible body made Aiko, Momo, and Zoe's gazes turn towards Sirius. The disgusting slime from Sirius' body tried to reshape her big breasts but always failed and fell to the ground.

"Sirius, if you always fail to regenerate your body like that. Why don't you try using the body shape of a little girl who is still innocent?" said Aiko while giving Sirius another body shape inspiration.

"A little girl who is innocent is much better than a grown woman's body who has big breasts like that, you can ask about the ideal body shape of a little girl from Zoe who has been with our Supreme Commander since childhood," continued Aiko who was now looking at Zoe who was still holding Lily's panties in her hands.

Seeing Zoe's human form holding Lily's panties, made Aiko show a face that wanted to ask something.

"Um, I still haven't gotten an answer to my previous question," Aiko now stood quietly and waited for the answer that Zoe wanted to give.

"It's nothing big, it's just that my Master is enjoying... sleep with two girls in her tent. We have to give time for the intimacy that is happening in the tent. By the way, want to enjoy a high-quality magic

catalyst like this?" replied Zoe while showing Lily's panties which were now filled with high-level magic energy that made Aiko unconsciously spit out her slime saliva from her mouth.

Seeing the reaction given by Aiko, made Zoe smile at her. Now her gaze turned to Sirius who was having difficulty forming the body of a little girl that she had never seen before.

Snap...

Zoe suddenly snapped her fingers until it made a sound that showed an image of a little girl's body that Sirius could use for a while.

"If you're confused about the body shape of a little girl, how about using the body shape of my Master when she was a child," with a snap of her fingers, Zoe showed the body shape of a young girl from the Master she respected so much.

The body shape of the little girl showed light brown skin and her expressionless face holding a katana.

"Ohh! Is this my Monarch when she was a child?" said Momo who was starting to get curious about the picture given by Zoe through her magic manipulation.

"Yep, wasn't my Master very cute in the past? Now... she's become a beautiful and insensitive young girl when her body can seduce other girls just by kissing her lips," Zoe gave a strange statement that made Aiko, Sirius, and Momo confused until their heads tilted.

"What does that mean?" said Momo who didn't understand Zoe's words along with the heads tilted of Aiko and Sirius who were trying to understand Zoe's words.

"You know how self-deprecating and insensitive my Master is to herself, right? Like how she doesn't feel confident to appear in public with her light skin tone. If it was in the past, I wouldn't have minded it because of my Master's cuteness... But right now, don't you want to see my Master confidently appearing in public with her beautiful and seductive light brown skin!" Zoe suddenly shouted as if telling what was in her head.

Aiko, Sirius, and Momo looked at Zoe in astonishment. Those who didn't have experience with Lily in their childhood could only imagine the current situation that contradicted Zoe's words.

"Um, didn't my Monarch seduce two girls at the same time... like right now?" Momo objected, trying to understand what Zoe was saying.

"It has happened now. What I mean is... I want to see my Master appear confidently in public and rely on my power to spread terror that shows her greatness!" Zoe exclaimed, suddenly showing her butterfly wing magic aura that appeared from her back.

With her face covered by a thin lace veil, Zoe looked like a mysterious girl who was ready to cast a curse.

"Let's forget my annoyance towards our Master who has difficulty being confident with her skin color. Now..." Zoe suddenly raised her hand and threw Lily's panties which had become high-quality magic catalysts into the air.

Bluupp... Bluuppp... Bluuuppp...

With the pressure of the magic energy given by Zoe, she used a magic energy that was shared.

"Let's enjoy this magic catalyst together! I'm not a stingy spirit to share this delicious magic catalyst, so thank me... Hoooho!!" like a generous mysterious smile, Zoe began to share the high-quality magic catalysts with Aiko, Sirius, and Momo.

Like a butterfly sucking from the nectar of a sweet flower. It made her who had become a butterfly spirit suck the high-quality magic catalyst that was in front of her.

"Huungg!! W-What is this? M-My body feels strange with this delicious taste," said Aiko who suddenly moaned after feeling the high-quality magic catalyst entering her magic core.

"M-My Monarch... this feels so good..." Unlike Aiko who moaned and enjoyed the overflow of magic energy coming from the magic catalyst, Momo was calm during the magic catalyst-sharing process.

Along with the distribution of the magic catalyst, Sirius's tries to reshape her body back into the form of a mature girl with large breasts that were proportional to her body size.

"Oh! I feel like I've gotten a new source of magic energy. I didn't know the Supreme Commander's panties would taste this good!" said Sirius who started staring at Lily's panties that were in Zoe's magical energy embrace.

"You're very wrong about that, my Master's panties are just panties if they don't get the blessing of her who has become a holy maiden. As one of the Saintesses appointed directly by the Goddess, her sweat has become something sacred so that panties filled with her sweat can become a magic catalyst like this," said Zoe to explain the situation that was happening.

"But this time, this magic catalyst feels different because of the combination of love juice and holy water released by the forbidden part of my Master's body to be touched to make her feel pleasureable," continued Zoe who was now focusing on sucking the magic energy in Lily's wet panties.

Like a greedy butterfly enjoying the sweet flower nectar until dry, it made Zoe almost moan in pleasure after the magic energy provided by the high-quality magic catalyst felt delicious in her spirit magic core.

"It's a shame that Zara and Zeta can't enjoy a high-quality magic catalyst like this. They will be jealous of what you are feeling right now, so just consider this a secret between us. Do you agree with a secret that must be kept tightly unspoken like this?" while enjoying the magic energy she was sucking, Zoe gave a sharp glance at Aiko, Sirius, and Momo.

"Of course, I will keep my extraordinary Monarch a secret like this, I even know that my Monarch is the representative of the Goddess of Destruction in this world," said Momo who agreed with this secret that must be kept tightly guarded.

"I-I will also help keep the big secret of my own Supreme Commander!" exclaimed Sirius who seemed to follow the flow around her.

"T-This will be a big secret that makes me feel awkward when I am next to the sweaty Supreme Commander. Can I resist the great temptation of licking her sweat as a normal stealth slime?" Aiko replied, seemingly agreeing with keeping a big secret about her own Supreme Commander.
