

Y. Goddess 34

Chapter 34 - Ritual Link Fox Tails

Ciel forced me to lie down on my bed.

Now my body returned to the form of a fox girl.

"Nee-samaaa~ Ehehe~" Ciel approached me while biting her fox tail.

Ciel's facial expression seemed to say "Please bite my tail, Nee-sama!" and it made me awkward to look her in the eye let alone bite her tail!

"Errm.. Ciel.." before I expressed my awkwardness. Ciel put the tip of her tail in front of my face. The soft sensation of her fluffy tail buried in my face felt like a soft pillow until the tip of my nose hit something hard and made me realize the little illusion of Ciel's tail.

"Hyaa!! Nee-sama... I-It's very sensitive... Please be a little gentle," said Ciel.

Oh!

So, that's the tip of her tail?

Why do I have to bite the tip of such a sensitive tail?

I don't want to make this awkward atmosphere any longer. So, I slowly opened Ciel's tail which was covered in thick hair to bite the tip of her tail.

"Hyaaaa!!"

"Kyuuuu!!"

"Muuunyaaa!!"

"Hmph!! Nee-sama~"

"Ahem~"

The more I tried to bite the tip of Ciel's tail, the bigger and the small moans that came out of Ciel's mouth and made the atmosphere of this room different from before.

It was like we were doing something unusual and inviting misunderstandings.

I didn't want to rush and give Ciel the impression of a rude girl. So, I slowly traced her thick tail to give Ciel one bite that she wanted.

When I found the tip of her tail that was close to my mouth. I slowly bit the tip of Ciel's tail gently.

"Nyaaaaaa!! Nee-sama!!" right after I bit the tip of Ciel's tail. A golden magical aura filled Ciel's tail and Ciel's eight hidden fox tails suddenly appeared and expanded like a fan dancing in the wind.

Ciel's nine glowing tails released a red thread that began to coil around my tail.

Is it just me or have I seen this before?

Emm.. this feels like a Linked ritual.

G-Goddess.. can you explain this situation to me?

...

...

Goddess?

Are you there, Goddess?

Ugh, why does she disappear when needed?

I think, other than doing it through kissing. There are several Linked Rituals that can be done based on inter-racial traditions. If Ciel's race tradition is to bite the tail of her partner. Should I kiss him to complete the Linked Ritual we are doing or follow Ciel's race tradition?

"Eng, Ciel?" I noticed Ciel's gaze observing my fox tail.

Oh! Ciel wants to bite it?!

I see!!

I should answer her by letting Ciel bite my tail to complete the Linked Ritual.

I moved my tail up my thigh and patted it.

"Do you want to bite it?" I said to Ciel.

"Emm!! Nee-sama!!" Ciel suddenly jumped and buried her face into my fox tail.

A sensation that was very difficult to explain spread throughout my body. It was like my sensitive body was given a soft touch that made me tremble holding back the ticklish feeling.

"Kuuuhuuu~" I could feel Ciel's breath moving in between my tails.

It felt uncomfortable and made my tail hair slightly puff up holding back the ticklish feeling flowing through my body until the sensation of ticklish pain was engraved at the tip of my tail.

"Hnnnggg!!" I accidentally held back the strange sensation by letting out a small moan.

I felt a big change flowing from my tail. The red thread that was wrapped around my tail now moved to tie my entire tail. I could feel the golden aura of Ciel's magic energy and my tail turned into nine tails.

Wait a minute!

Nine tails?!

What just happened and why is my fox girl's appearance so different from before?

What is this?

Does this Linked Ritual make me a full nine-tailed fox girl?

Why? And... How is that happen?

I looked at the mirror in my room. Without me realizing it, the fox mask on my head was slowly disappearing without a trace.

Emm.. this isn't something bad, right?

The fox mask that was visible now begone like a wind.

Ciel's nine tails and my nine tails were seen covering my bed. My tails weren't as thick as Ciel's but the number of our tails was enough to fill a bed frame.

Beside us, Sia and Mio just stood staring at us. Their gazes were fixed on our tails, expanding and filling the bed frame like a fluffy cover bed.

"Uh.. Um... Is it just me or does my body want to dive on it?" said Sia while trying to holding back her body.

Unlike Sia who asked first, Mio rushed over to me and hugged one of my tails.

"Kuuuh~ so soft~," said Mio while stroking one of my tails into her face.

"M-Mio?" I called Mio and moved the rest of my tails to tease her face. Now, her face burried in my nine-tail fox.

"Do you want to sleep on it?" I said to tease Mio.

"Eh? Is it okay?"

"Umm... it's okay.."

"T-Thank you, Lily-sama. Then... Eeey!!" Mio slowly climbed onto my bed and hugged one of my fox tails.

My remaining eight tails moved to cover Mio's body like a blanket.

"Huuuwaaa.. So soft!" said Mio in happiness.

Just hearing Mio's words, I could feel the softness of my fox tail that slowly carried Mio flying into the dream world.

Oh! That's right!

It's time to sleep!

"Nee.. Lily-chan... There's something that makes me curious. Does Lily-chan have the ability to copy other powers?" asked Sia.

A fairly serious question was asked by Sia while looking at my tails fox.

"Eng, the ability to copy?" I replied.

"After seeing what happened. I understand Lily-chan's power a little. To prove it, please give me-" Sia stopped her words.

With a blush adorning her face, Sia slowly uttered words that made her nervous.

"P-Please bite my tail too," Sia said while holding back her embarrassment and her dragon tails moving a little bit.

Behind her body, I could see Sia's waving dragon tail.

"Um.. is that okay?" I asked to change Sia's thinking.

"I-It's okay. I just want to know the answer to my question," Sia replied with full of doubt.

Sia's tail was now in her hand. Unlike a fox's tail which was covered in soft hair that protected its sensitive tip. Sia's dragon tail looked hard with shiny scales that protected their sensitive areas.

"Um... Lily-chan... Please don't stare at my tail like that," Sia said while holding back her embarrassment.

"Ah! S-Sorry. It looks like a hardtail. How do I bite it?" I asked.

"Ah! It's not a problem. The dragon race's tail can do this.." I could see Sia's tail scales opening and showing the tip of her white tail.

The tip of Sia's tail looked like food that invited me to bite it.

"Emm.. Lily-chan... Please bite.. slowly.." Sia's words were heard faintly and her face was covered in a blush.

"Lily-chan.." Sia's soft-sounding words led me to bite the tip of her tail.

I slowly moved closer to Sia's tail and bit the tip of her tail.

"Kuuuhuu~" Sia groaned softly and covered her blushing expression.

A few minutes passed...

I was still a nine-tailed fox girl and nothing happen to my body.

"I think.."

"My theory was a little wrong.."

"Um... Sorry for making Lily-chan do this."

Sia looked shy and moved closer to my face.

"Then, for my last short effort.. Please.. kiss my little horn a little.." Sia asked.

I just followed Sia's request and kissed the little horn that grew on her head.

Before I knew it, something I had done had a special meaning for Sia.

Namely, an oath of loyalty made by the dragon race to their partner.

Right after that, another power slowly emerged from within me.

My figure which was originally a nine-tailed fox girl has now changed into a cute little dragon girl.

"Fufu~ it seems... I have a new cute little sister," said Sia while hugging my body tightly.

"Liiily-chaan~"

Could it be...

I was just trapped and became Sia's guinea pig to test my Linked Ritual.
