

## Y. Goddess 35

### Chapter 35 - Two Predators When Midnight Hunt

Behind the darkness of the night that was approaching midnights. Three figures reflected the eyes of night predators were visible. The silhouette of fox ears, beautiful black dragon horns, and Maid's headband were visible from behind the reflection of the night lantern light.

Ciel, Sia, and Mio were watching Lily's body sleeping soundly in front of them. They holding themselves not to touch her.

The three of them swallowed their saliva to hold back the thirst that was attacking and the instinct that was difficult to explain in words. Especially for Mio who tried to restrain herself any longer so as not to be tempted by the cuteness that was displayed before her eyes.

Their gazes clashed as if they were fighting for something important to them. It seemed like they were betting on being the first-to-do something that was impossible to do simultaneously or shared for everyone.

"Ahem! Let's cut this little debate short. Nee-sama's body is only one and we have to divide it into three parts fairly. Seeing the condition of Nee-sama's small body, I think the right side of her body is suitable for me," said Ciel to pin point her share.

"Em.. I don't mind doing it anywhere. Every part of my cute little sister's body contains unmatched happiness for me. Well, the left side is enough for me," said Sia while moving her dragon tails to left side.

In front of them, Mio looked sullen hearing the decision that happened unilaterally.

"Then.. where is my share?" asked Mio when her share not found.

"Ah!"

"Oh!"

Ciel and Sia were silent after hearing Mio's question.

"That's right, Nee-sama's body parts are too small to be divided into three parts. How do we share it fairly?" Ciel replied.

"Umm... Mio. Don't you meet Lily-chan every day? This might sound like a selfish request. Um... Can we borrow Lily-chan for one night?" said Sia with revealing her hidden desires.

"Moooo~" Mio puffed up her cheeks in response to Sia's refusal.

Ciel and Sia stared into Mio's eyes with tears flooding their eyelids.

"Uuugh~ you two are so cheating, there no body part of Lily-sama to me," facing their pleading gazes. Mio could only lower her head and give in.

"Fine!! I-I'll give up this time, don't expect to get a second chance in my watch again!" Mio said by holding her palms in jealousy.

"Before that... Let me leave a trace scent first."

Mio slowly approached Lily's body who was still asleep and gave a small kiss on Lily's tiny cheek. She slowly mark her scent to Lily cheek until leave a red mark.

"Fufu~ Good Night, Lily-sama," said Mio while stroking Lily's head.

"Miiiiioooo~ Enngg. " Lily was dreaming when Mio kissed her cheek and her body suddenly move to hug Mio in her dream.

Mio smiled after hearing her name in Lily dream.

In her heart, Mio didn't want to leave Lily side with another woman. But, its not time to fullfill her greed for Lily body.

"Please don't do anything strange to Lily-sama!" said Mio to Ciel and Sia as a friendly warning.

"Don't worry, we won't do anything strange," replied Ciel who was holding back her saliva.

"Eng! There's nothing strange that we're thinking about," replied Sia with her dragon tail curling.

Seeing their suspicious body responses, Mio took a deep breath and kissed Lily again. This time, the kiss left a mark on other Lily's neck and left a bright red stain.

"Haaaauuuu~" Lily's body responded with a small tremor.

"At least, I left a small portion of my share," said Mio with a satisfied smile.

"Ciel-sama.."

"Sia-sama.."

"Please don't overdo it as I do it to my lovely Master.." Mio said before leaving Lily's room.

Mio slowly left Lily, every step she took felt quite heavy. Moreover, Ciel and Sia began their actions to do little pranks on Lily's body.

Before Mio closed the bedroom door, she saw two eyes of night predators who wanted to eat the prey in front of them.

"Uuh.. I hope they don't overdo it," Mio muttered softly as she closed Lily's bedroom door.

After Lily's bedroom door closed, Ciel and Sia who were holding back their instincts began to launch the attacks they had been holding back.

"Kuuuuuh~ Why is my cute little sister so cute?" said Sia while hugging Lily's left arm tightly and left some her sweat scent.

"Nee-sama.. what a nice smell.." said Ciel who started her attack by smelling Lily's body odor.

In between their pranks, a small question crossed Sia's head.

"Ciel, can I ask you something?" asked Sia with serious tone.

Hearing Sia's question, Ciel stopped her small movements and put on an annoyed facial expression.

"Sia, why did you interrupt my fun with Nee-sama?" Ciel's tone was a little pouty because her small activity was interrupted by Sia.

"I-I'm sorry, I just want to ask one thing. Have you ever done what Mio-chan did before?" Sia asked.

"What do you mean? What Mio-chan did before? Wha is that?" Ciel's facial expression was filled with confusion. She didn't understand what Sia meant.

"T-That's it... Ki-" Sia was a little bit nervous to continue her words.

"Ki?" seeing Sia who was nervous, Ciel's facial expression was even more filled with confusion.

"Ki-Kiss.. H-Have you ever done it?" said Sia with a face filled with a blush.

"Kiss? I often do it."

"Hee.. you often do it. Huh? HEEEEEH!!" Ciel's short answer surprised Sia.

"In my hometown, long before I became a Saintess and served as the Head of the Temple. Every new member born in our fox colony had a unique tradition of having their head kissed on the forehead by the Head of the Temple. I did it often and it wasn't strange to me."

"T-That's not what I meant! I meant a kiss on the lips!"

"Oh, for that one. I've never done it before."

"Umm.. this sounds quite weird. Do you want to do it with me?"

"Eh?"

Sia's words made Ciel speechless.

...

...

...

"W-What did you just say!! Why do we have to kiss each other?!" It took Ciel quite a while to respond to Sia's words.

As a result of Sia's words, a bright red hue was seen on Ciel's fox ears which moved up and down.

"I was just kidding," Sia replied in awkward tone.

"It's okay," Right after Sia said her reply, Ciel responded to Sia's previous words.

"Eh?" Sia immediately fell silent after hearing Ciel's answer.

Ciel slowly moved closer to Sia who was not far in front of her.

"W-Wait a minute, Ciel. I-I was just kidding- Humpf!!"

It didn't take long for Ciel to kiss Sia's lips.

...

...

...

"Haaah~ Haaaaaah~ Uuugh!! What is this strange sensation?"

"Hiiieekk~ it feels... kinda disgusting!"

Right after they kissed, a strange and disgusting sensation emerged from within their bodies.

"T-This is strange, why do Lily-chan and that girl look like they're enjoying their kiss?" Sia muttered.

"Ugoohh! My lips feel strange," Ciel exclaimed while moving out her tongue.

Sia ignored Ciel who was under pressure because of the strange sensation she had just felt. Her gaze was now focused on Lily's tiny lips who were asleep.

"Is it possible if we do it with Lily-chan?" a small thought came back into Sia's head.

Sia slowly approached Lily's body who was asleep and looked at her small lips.

"Emm.. there's no harm in trying kiss to her, right?" slowly but surely, Sia brought her lips closer to Lily's lips.

A slow and gentle kiss occurred.

"Hnnng!!" a strange sensation enveloped Sia's body. Her dragon tail and horns felt very sensitive after kissing Lily's lips.

"Liiiiiily-chan... Chuuu!!"

"Chuuu!!"

"Chuu!"

Sia kissed Lily's soft lips repeatedly and licked her lip area. The strange sensation she felt now felt different. Sia looked like she was enjoying Lily's kiss and was full of tender love to the point of changing her pupils which were filled with symbols of love.

"Kyuuuu~ My sweet little sister is indeed something~," said Sia while stroking Lily's hair.

Seeing Sia's behavior that had changed drastically, Ciel's facial expression was filled with various questions.

"S-Sia? What happen to you?"

"Oh... Ah.. Ciel... S-Sorry... My little sister is very cute. So, I lost control a little," replied Sia who continued her little kiss on Lily's lips.

"Hmm? Can I try it too?" asked Ciel.

"Eeh?"

"Nee-samaaaa.. F-Forgive me if it's a little rough," Without waiting for Sia's answer, Ciel began to forcibly snatch Lily's lips from Sia's kiss.

"Hnnnggg!!"

"Nyaaaa~ Nee-sama.." the soft sensation felt by Ciel made her change into another persona. Her fox ears and tail hung down weakly covering Lily's body.

"What is this? Why does Nee-sama's kiss feel soft and.." Ciel looked like a drunk fox girls.

"Makes me addicted like this.." continued Ciel who began to move along Lily's lips.

"Ciel! Don't just take my share!"

"Eeeh? This is my share too!"

That night, the two predators of the night took turns enjoying their prey until morning.

Lily who woke up early was surprised by the pain of a small bite she felt on her neck and the two predators of the night who were sleeping with satisfied smiles on their faces.
