

Y. Goddess 36

Chapter 36 - The Kiss of Goddess

The cold morning air woke my body from a deep sleep. The pain that spread like an insect sting filled my entire body.

"Haaaaah~" I let out a long breath to suppress the pain and slowly got up from my bed.

"Umm? What is happening last night?"

"Why my body... feels weirds?"

When I wanted to get up and pull the blanket, a soft tail and a hardtail wrapped around my body. Then... I realized the owners of the tails.

On my right and left, There was a Ciel and Sia who were fast asleep with breathing softly.

It seemed like I fell asleep after dinner and woke up with compensation for the pain all over my body from doing the Linked Ritual with them. I think my body can't handle their power.

Seeing Ciel and Sia fast asleep made me comfortable to look at them, I accidentally saw the reflection of the mirror in my room showing a beautiful girl smiling softly.

...

...

For a moment I looked at the beautiful girl's reflection, her posture felt familiar but her physical appearance looked different. The bright brown sweet skin flooded my eyes. That charming smile was able to make anyone smile at her and her cheerful face looked like she was enjoying her life in happiness.

...

...

Wait a minute!

Isn't that my real body's reflection?

[Ara~ Ara~ fascinated by the beauty of her own body, Lily-chan?]

"Hyaaa!! G-Goddess! Don't surprise me like that!" Goddess voice echoed in my head making me surprised.

[Sorry.. I couldn't help it when tease my cute Lily-chan, Teehe~]

Uhh.. my morning was crushed by Goddess little prank.

[By the way... Lily-chan has become an more adult to tame woman now?]

"Eh?"

[Right now... Lily-chan can face two girls at one time? You are a Playgirl, Lily-chan! Such a cute cheater!]

[Fufu~ If I left Lily-chan for a short time and it will ended up seeing fast rapid development like this..]

[Moreover.. those Saintess girls are one of my junior's envoys and they dare to tarnish my Lily-chan?]

[Kuuuh! I'm so jealous of them. Do I need to create a special avatar to return to the world?]

"G-Goddess.. What are you talking about?"

"Please don't say something I don't understand."

[Ahem!]

[Lily-chan.. can I peek at your current status?]

"Um.. Sure.. P-Please be gentle.." as usual, the Goddess who always talks to me says strange sentences that I don't understand. It doesn't mean that I don't understand all of her words, it's just that my understanding is too little to understand that hard sentence.

But, for words like status. I understand a little about it because the Yurification System has a status and I understand what it means.

My body suddenly felt a ticklish feeling from the tip of my head to my toes.

"Haaaau~" I couldn't hold back the ticklish feeling and unconsciously made a small sound.

[Hmm.. this is a bit of a problem. Mio's system item is experiencing a Bug due to the Linked Ritual of two different races.]

[The race of the nine-tailed fox and the heavenly dragon. The Yurification System will experience quite a lot of Bugs and damage the maid system core. I think... I need to fix the Yurification System to accommodate the power of different races.]

[Hold on a minute, Lily-chan..]

[It doesn't hurt.]

After hearing the last sentence from the Goddess, an unpleasant feeling began to attack my body. Cold sweat this morning indicated that my body's response was not okay.

"Umm... G-Goddess? I feel like my body feels strange-"

A white flash filled my vision and my body suddenly felt weak.

"M-My body feels sleepy.." I tried to move my body to stay awake. However, the feeling of weakness that filled my body made me lie back on the bed.

"Why do I feel more sleepy? Even though... I.. just.. woke up"

...

...

"Lily-chaan~"

"Liiily-chaaan~"

"Lily-chan.. if you don't wake up.. I'll lick your head to your toes~"

"Waaaaah!!" I woke up after hearing a voice calling me and that terrible threat.

"Tch!"

This unfamiliar sight made me a little scared. The voice calling my name came from a girl sitting in front of me and staring at me. Her warm gaze seemed to be observing my body and a suspicious smile was etched on her face.

The girl in front of me looked beautiful and had a body wrapped in golden light.

"Liiily-chan!!" the girl suddenly hugged my body and sniffed my scent.

From her voice, I felt like I had heard and recognized the intonation of that voice.

"Umm... G-Goddess?" I asked the girl in front of me.

"Fufu! Lily-chan recognizes me? Kyaaa~ my existence is getting closer to Lily-chan!"

"Umm.. This is the Goddess, right? Wait! If the Goddess is in front of me. That means.. I am death?"

"It's not like that, I only call Lily-chan's soul to come to the Goddess' realm," replied the Goddess who answered my question.

"That means death, right?" I replied on calm tone.

The Goddess shook her head.

"Death is a condition where the soul cannot return to its original body. The concept is different from a summoned soul, I can still return a summoned soul to its original body. As proof, look at this... Lily-chan's body is still sleeping soundly with two girls who are here at the same time. That's because I only summoned Lily-chan's soul through the dream world and then to the Goddess's realm."

In front of me, I saw a thin box floating and showing my room. From the floating box, Ciel and Sia were still sleeping soundly and my body was also sleeping soundly in the middle of them.

This feels strange, I can see my body with a separate soul.

"Umm... Goddess.. will my body be okay?" I asked to make sure.

"Of course!" The Goddess rubbed her body and hugged me tighter.

"Kuuuuhu!! This ideal body. I want to feel it little bit longer," said the Goddess who rubbed my body.

"Umm... Goddess... Why am I in a place like this?" I ignored the Goddess's words and asked the question that was on my mind.

"Ah! That's right! I almost forgot to update the Yurification System."

"..."

Do all Goddesses have this kind of freedom?

The Goddess who gave me the power of the Yurification System seemed to be enjoying her free time very much.

The Goddess released her tight hug and chanted a sentence that I didn't understand.

Various magic circles began to surround me and merge into my body. My body felt like it was filled with something big and strong.

"Umu~ With this, I'm just one step away from activating the Yurification System. For that.." the Goddess smiled at me. Seeing that suspicious smile, my body responded with an uneasy feeling.

Slowly the Goddess approached my body and hugged my body tightly. This hug was different from before because our faces were facing each other and the Goddess closed her eyes.

And slowly... The Goddess kiss my lips.

...

...

...

"Lily-chan, isn't it too long to wait for our second love's kiss?" said the Goddess after we kissed.

Yep, just as I expected. My uneasy feeling has been answered.

What should I do?

Kissing the figure of the Goddess?

Isn't that too hard to do?

I don't want to do it, but..

"This is to test the new Yurification System. If Lily-chan can do the Linked Ritual with me. That's a sign that the Yurification System has been able to accommodate the power of other races even the power of the Goddess."

"Uhh.. Umm.. but.." I was a little hesitant to reply to the Goddess's words.

"Is Lily-chan starting to hate me?" the words that came out of the Goddess's mouth sounded sad and lonely.

I was a little confused about how to answer her.

After all, she is the Goddess who gave me the power of the Yurification System and I respect her very much.

"G-Goddess.."

"Please do it again and gently.."

I couldn't do such a heavy action and chose to leave it to the Goddess.

"Fufu~ Lily-chan is sometimes cute when pressured by choices."

I ignored the Goddess's words and closed my eyes. An inexplicable sensation was felt on my lips again and my body became heavy as if sinking in a sea of water.

This strange sensation made my body feel more and more submerged and changed as if adjusting to my body shape.

This strange sensation scared me a little until I was awakened by Mio's voice.

"Lily-sama.. how long do you want to sleep? Ciel-sama and Sia-sama want to say goodbye before leaving."

"Eh?" I woke up from my sleep and felt a big change that happened in my body.

"Eng? Ciel and Sia are leaving?" I asked in confused tone.

"Are? What is this? Why does my vision feel strange?" when I woke up for the second time, a floating box greeted my second morning wake up.
