

Y. Goddess 45

Chapter 45: Chapter 5 - Summoning Spirit

[How about that, Lily-chan?]

[Interested to trying it, Lily-chan?]

Right now, I'm a little stressed with the two options given by the Goddess.

Why am I stressed?

A good question!

That's because the Goddess gave me two difficult choices that involve my pride as big sister or my sweaty panties!

The first option, I will use my panties as a magic catalyst to summon spirits.

The second option is I give my panties to the Goddess in exchange for three magic catalysts that will be used to summon spirits...

Is it just my feelings or my panties are now the most valuable thing in this world, especially with my used panties covered in my body sweat?

[Ehehe~]

[So which one do you want to choose, Lily-chan?]

[Hand over your panties as a magic catalyst or exchange them for three magic catalysts but your panties will be completely mine.]

Ugh, for some reason.. the Goddess's voice sounded very happy when giving those two difficult choices.

[With the successful summoning of the spirit... Alice and Alyssa's love will increase rapidly! Conquering the twin stepsisters will be very easy to do in one attack. It's like fishing for two fish with one bait.]

Umm.. isn't the correct way to behead two orcs with one sword slash?

[Hey! What's that horrible saying? Please don't use such barbaric language, Lily-chan!]

[A respectable woman should be polite, well-mannered, and elegant! Don't use that horrible saying again, Lily-chan.]

[Please remember my message well.]

Ah, okay, I-I understand...

Umm.. My Goddess.. May I ask you one thing?

[What do you want to ask, Lily-chan?]

If I'm not mistaken, the Goddess once suggested that I buy a magic book about spirit contracts for Alice and Alyssa to study.

Does that have something to do with Alice and Alyssa's powers?

[Good question, Lily-chan.]

[To answer that question, Lily-chan must know one important thing. The power of the Yurification System is a thread of destiny that can change everything as long as it is based on love and affection.]

[Before performing the Linked Ritual with Lily-chan. Alice and Alyssa already had great magical powers and were difficult to control because their bodies were still children. With the successful Linked Ritual, their bodies were able to accommodate their magical power to a stable point for a female magician.]

[Lily-chan, this is a big secret stored in the Akashic Record. Alice and Alyssa have two fates that are tied together, namely dying at the age of seven because their magical capacity exploded or becoming the strongest magician in human history when they can control their magic at a young age.]

[Ah! Please keep this a big secret. After all, the contents of the Akashic Record are a big secret. Even for a Goddess like me.]

I was very surprised after hearing the two fates that had bound Alice and Alyssa.

Dying at a young age because of an explosion of magical capacity or becoming the strongest magician when they can control their magical capacity?

Aren't they related?

They will survive if they can control their magic capacity but will die if they can't control their magic capacity.

Wait a minute...

Isn't information about fate like this highly classified?

Isn't this about someone's fate written in the Akashic Record?

[Umm.. Isn't Lily-chan happy to try to save Alice and Alyssa?]

Of course, I'm very happy with this good news and want to save them.

It's just.. I'm a little hesitant about whether I can save them or not.

[There's no need to hesitate about unimportant things, Lily-chan. In the past, some Goddesses gave unimportant task to their Saintesses. For Lily-chan, this Goddess of yours wants to see Lily-chan's happiness as she tries to fight against an unwanted fate.]

For some reason, I can see the Goddess' smiling face in my mind and it makes me blush a little.

Umm.. thank you.

[Ehehe.. now..]

[Let's make your choice, Lily-chan.]

[Which one do you want to choose, Lily-chan?!]

"Urrrk.." without realizing it, I said that sentence with a stressed tone.

Uuuuh.. Umm..

I will use my panties as a magic catalyst to summon spirits.

[Oh! Panties full of sweat as a magic catalyst.]

[Very good choice, Lily-chan!]

[Your goddess is very proud of you!]

Emm.. it seems like I made the wrong choice.

"Ugh!!" I held back the pain in my head.

A combination of three magic circles for summoning spirits was embedded in my head. I could clearly remember the shape of the lines and symbols of the magic circle and had unknowingly planted the magic circle on the floor to summon spirits.

"Ukuh..." I sighed after receiving the pain in my head.

"What was that?" I muttered softly.

[A combination of three magic circles to summon a legendary spirit.]

[Erm.. maybe that's a bit of an exaggeration but it's safe.]

Eh? W-What is that?

W-Why does the last part of the Goddess's words sound so suspicious?

[That's just Lily-chan's feeling.]

[Besides, it's just a magic circle to summon the highest-level spirit. Based on the magic capacity of Lily-chan, Alice, and Alyssa. The unawakened spirit is suitable to be your pet.]

Uhh.. Um... Is this safe?

[Lily-chan.. please don't doubt my words as an honorable Goddess.]

[That hurts my fragile little heart.]

Umm.. S-Sorry... M-Maybe I overdid it a bit but my little gut feeling said otherwise.

[Don't worry, since when a Goddess like me being wrong?]

Okay, I'll try making that magic circle with both of my hands.

[No need, I've already made that magic circle that's engraved on the floor of Lily-chan's room.]

Eh?

I stared at the floor of my room, a carving formed from three magic circle combinations was visible in front of me.

This looked even more suspicious.

My bad feeling grew even worse after seeing this.

Moreover, the Goddess was forcing me this time.

[Um.. without waiting any longer. Spirit summoning circle magic is activated!]

For some reason, the panties that were on my skirt seemed to disappear and a cold wind began to attack my lower body.

Suddenly, a strong wind blew into my room and lifted my military uniform skirt until it almost showed the condition of my lower body that had lost my panties.

In front of my dressing table mirror, I saw the reflection of my underwear that had disappeared from its place.

Swuuuushhh...

After the strong wind passed, the magic circle carved on the floor of my room emitted a dazzling white light. My body felt the flow of magic energy flowing out of the magic circle and the spirit summoning began.

Swiiiggss...

Whiiiiirlll...

Shrruuussh..

The blinding white light surprised Alice, Alyssa, Mio, and Nimi.

"Arrrrkkk!!"

"Hiiyaaaa!!"

"Onee-saaammaa!!"

"Liiilllyyy-neeee!!"

It seemed like I was the only one who wasn't surprised by this incident. Alice, Alyssa, Mio, and Nimi looked very panicked and ran towards me. After the flow of magic subsided, my gaze was fixed on the figure of the spirit that had been successfully summoned. The spirit's form was a butterfly cocoon covered with a very large amount of magical energy around its body.

Umm.. what should I do after this?

The butterfly cocoon flew in the air. The magical energy emanating from the cocoon felt very large and affected the flow of magic around it.

Is this what is called a legendary spirit?

It has a frightening magical radiance...

"Onee-samaaa.."

"Lily-nee..."

Alice and Alyssa hid behind my body and tightly held my arms.

Uh, how am I going to explain this situation to my twin little stepsisters?

"Alice... Alyssa.. calm down.. this is just.." I was at a loss for words to explain this situation.

Again and again, the Goddess did her little pranks.

This time, the Goddess carved a magic circle and forcibly summoned the spirit again.

Kuh! My head felt dizzy trying to find a suitable explanation for Alice and Alyssa while feeling the dizziness that attacked my head.

[Ehehe .. Lily-chan's panties... I finally have it! Ahahaha !! Hahaha !! Cough!

]

Eh?

[Ahem! Forget what Lily-chan just heard. It's not that important~]

What does Goddess mean?

[Nothing. Oh! Lily-chan .. what about the summoned spirit?]

[Is it according to Alice and Alyssa's taste?]

I could feel the great strangeness from the Goddess and my bad feeling that had now been completely answered through my eyes.

"Umm .. Goddess .." I said in a small voice.

[Y-Yes, Lily-chan? Is there a problem?]

Hmm .. the voice that sounded full of guilt was very suspicious.

[I-It's just Lily-chan's feeling ..]

Are my panties okay there?

A goddess like you doesn't smell it and wears it as a hair tie, right?

[Eeerrrrkkkk!!]

[W-What is Lily-chan saying? I-I don't smell the sweat of Lily-chan's sweat-covered panties.]

Huh? I'm not talking about panties that emit the smell of sweat.

[Uuurrhkkk!! I-It's nothing!]

[Oh! No! There's a new job piling up for a Goddess like me to take care of.]

[I'll go first, Lily-chan!]

Hmm.. my bad feeling is sometimes right on target.

The Goddess left me after forcibly removing my panties for her benefit.

A magic catalyst made from panties covered in sweat. Thinking back, it felt really weird.

Uh.. why does this always happen to me?

For the umpteenth time, the Goddess always tricks me into achieving her strange little goals that sound suspicious.

What's so special about a little girl's panties covered in sweat?

The Goddess is really weird sometimes.

Even so, I can't possibly hate you who taught me so many things about loving a woman.

It's just that this shame will remain in my memory.

This is the first time I've not worn panties under my skirt.

[Goddess Realm]

Inside a room filled with white and soft pink decorations, there was a large bed with a Goddess lying on it. Her facial expression was filled with a smile and saliva dripping down the pillow while smelling the scent of a little girl's panties.

"Huuuummmm~" The Goddess held the small white cloth that was filled with the smell of sweat non-stop.

"LiiiiiIIlyyyy-chaaaannn..." The Goddess inhaled the smell of sweat from the small cloth again and smiled in satisfaction.

"Kuuuh!!" her facial expression was now filled with a strange smile.

"Hopefully Lily-chan won't be mad at me for wearing her panties inappropriately like this," the Goddess muttered.

The Goddess continued her small activities and ignored the gazes that looked down on her from the mysterious figure standing beside her bed.

"Ugh, what a perverted Goddess," said the mysterious figure in an irritated tone because she was carrying the paper leaflets that would be a tough Goddess job for the next day.
