

Ye Chen 2741

Chapter 2741

At 12:30 pm, Ye Chen drove slowly into Jinling University of Finance and Economics. At this time, it was already lunch break, and there were many students walking in groups on the campus road, mostly heading for the cafeteria and dormitories, while some looked ready to go off-campus for dinner.

He Zhiqiu asked Ye Chen: "Mr. Ye, will my father be going to dinner? Should I contact him?"

The company's main business is to provide a wide range of products and services to the public.

He Zhiqiu knew that Ye Chen only wanted to give his dad a surprise, so he agreed to do so :

"OK.

Ye Chen parked the car under the administrative office building and then called He Yuanjiang using WeChat.

As soon as the voice call request was sent, the other party immediately picked up, and immediately afterwards, He Yuanjiang's voice came through: "Ye Chen, how are you doing over there?"

Ye Chen said: "Uncle He, don't worry, my situation is a bit complicated, so I can't tell you clearly in one or two sentences.

He Yuanjiang asked, "Have you seen Zhiqiu?"

Ye Chen replied: "Not yet, the opposition is very heavily guarded, I'm still trying to figure out what to do.

I'm still trying to figure out what to do." As he said that, Ye Chen asked him, "Has Uncle He had lunch yet?"

He Yuanjiang lamented: "I'm not in the mood to eat, I've been distracted since last night, I called you several times, but I'm not in the service area.

Ye Chen explained: "The communication signal is definitely not available, so there is no way to receive and make calls normally, but I have a satellite Internet device, so I can network through the satellite, but the traffic fee is a little more expensive.

He Yuanjiang also did not notice anything unusual, but could not help but sigh with emotion: "This matter is really too much trouble for you, whether or not you have the chance to see Zhiqiu next, whether or not you have the chance to save her out, you must ensure your own personal safety.

Ye Chen smiled: "Uncle He, don't worry, I will bring your daughter back to China safely and soundly.

He said, he hurriedly said: "Uncle He, I'll hang up first, I'll tell you when there is progress.

He Yuanjiang could only say: "Then you must take care of your safety!"

Ye Chen ended the voice call and He Zhiqiu, who was beside him, couldn't help but ask him: "Then what should we do next?"

Ye Chen turned off the car, took out two disposable masks and put them on himself before saying to He Zhiqiu, "Put on the masks and let's go straight to your father's office, he must be there."

He Zhiqiu knew that Ye Chen wanted to surprise his father and said with a smile, "Do you think my father won't recognize me if I put on a mask?"

Ye Chen laughed: "I bet your dad won't recognize you as long as you don't talk."

"No way." He Zhiqiu shook his head and

He said with certainty: "My dad and I just don't talk much, but that doesn't mean our relationship is strained and rusty, he must have recognized me at a glance."

Ye Chen smiled faintly: "Try it if you don't believe me, later on you go straight to the door and knock, see if he can recognize you or not."

He Zhiqiu bristled: "Okay, the one who loses will have to buy dinner."

After saying that, she immediately cooperated and put the mask on.

Chapter 2742

The two of them got off the bus and walked directly into the office building. He Zhiqiu followed Ye Chen and whispered a little nervously: "Do you know where my father's office is?"

Ye Chen nodded his head: "Yes, you can go with me without worrying."

At this moment, He Yuanjiang was pacing back and forth in his office.

His only daughter was far away in Syria and her fate was not known, so he was naturally worried.

He felt that his spirit had been stretched to the limit. If there was no news from his daughter today, he would have to take a leave of absence from school and go to Syria himself.

He also knew that he was not capable of rescuing his daughter and might not even be able to reach the place where she was being held, but he still wished he could be closer to her in space, which would give him some measure of solace in his heart.

Just as he was getting restless, there was a sudden knock at the door.

His troubled thoughts were forcibly interrupted, so he had to step up to the door and open it with his hand.

As soon as the door opened, he saw a young and fashionable woman standing outside the door, except that she was wearing a mask and he could not tell what she looked like, so he was surprised and asked, "Hello, what can I do for you?"

He Yuanjiang did not recognise his daughter standing in front of him.

It wasn't that he was so unfamiliar with his daughter, but as far as he could remember, his daughter He Zhiqiu had never worn such fashionable and feminine clothes.

She was a graduate of Stanford University, so her dressing style was almost identical to that of the programmers in Silicon Valley, with t-shirts with jeans in summer and sweatshirts and down jackets with jeans in winter.

The girl in front of her, on the other hand, was a very sophisticated and dress-conscious kind of person, and her style was the same as He Zhiqiu's.

Besides, he didn't even think about his daughter, after all, in his subconscious, she was thousands of kilometres away in Syria and would never suddenly come to him.

He Zhiqiu also did not expect that her father would not recognise her.

She looked He Yuanjiang up and down with her eyes wide with amazement and a few hints in her eyes.

However, He Yuanjiang was not in the mood to carefully guess the meaning in her eyes.

Seeing that the girl in front of him was only staring at him but not saying anything, He Yuanjiang did not have the patience to continue to spend time here and directly said, "If there is nothing else, please go back."

After saying that, he directly closed the door behind him.

Outside the door, He Zhiqiu's whole body was dumbfounded.

He had never dreamed that his father would not recognise him after just wearing a mask.

Not only did he not recognise himself, he even closed the door behind him.

Ye Chen, who was leaning against the wall, looked at her with a smile on his face and asked in a low voice: "Well, are you convinced?"

He Zhiqiu puffed up and said, "Big deal, I'll just buy you dinner tonight."

Ye Chen waved his hand: "Not tonight, I have to go home tonight, my wife is still waiting for me at home.

He Zhiqiu was surprised and asked: "You are married?"

"You

Ye Chen nodded: "I've been married for four years.

He Zhiqiu's heart suddenly felt a bit empty, but she quickly adjusted to it and said: "Okay, then we can talk about dinner some other time, anyway, I will stay in Jinling and work for you from now on, so I can honour the bet anytime.

Ye Chen smiled faintly: "Good, this meal will be remembered first.

After saying that, he pointed to the door of He Yuanjiang's office and smiled: "Do you want to give your father another chance

He Zhiqiu raised his hand somewhat gamely and knocked on the door again.

Duk Duk Duk.

Inside, He Yuanjiang was obviously a bit annoyed and pulled open the door with a bit of anger, seeing the same girl, she asked, "What is it that you want?"

He Zhiqiu stomped her foot in anger and directly took off her mask, saying: "He Yuanjiang, you can't even recognize your own daughter!"

Chapter 2743

When He Yuanjiang heard He Zhiqiu's words, his whole body was instantly shaken.

When he saw He Zhiqiu's face, he shouted out in shock, "Zhiqiu is really you!"

Although He Zhiqiu was standing right in front of him, deep down in his heart, He Yuanjiang still could not believe that this woman in front of him was really his daughter.

Because, in his heart, he was so sure that his daughter must still be in Syria.

There was no possibility that she would suddenly appear in front of him.

Especially since he had just spoken to Ye Chen, and even Ye Chen had not even seen her now.

Moreover, the US had not sent anyone to rescue her, so there was no chance that the Syrian opposition forces, who had taken her daughter hostage, would release her back.

To take a step back, even if the Syrian reactionaries really showed mercy, there was no way she would appear in Jinling so soon.

Therefore, in this instant, he thought that a time mistake had occurred, and the whole person was in a cloud of confusion, and did not know what to respond at once.

He Zhiqiu was originally very excited and thankful to see her father, but for some reason, after the incident of her father not recognising her, she was suddenly a little unhappy in her heart.

So, she looked at He Yuanjiang with a puff of anger and complained, "I'm a big living person standing in front of you, and you still don't believe me?"

He Yuanjiang said, "I believe you, I believe Coco. It's how you came to Jinling that's impossible!"

He Zhiqiu shook his head helplessly, turned to look at Ye Chen who was standing against the wall and said to his father, "Here, how did I come to Jinling, just ask him."

He Yuanjiang was standing inside the door frame and had no idea that there was someone hiding outside the door against the wall. He hurriedly looked out to see, and it was Ye Chen who also happened to have removed his mask and met him at eye level.

Ye Chen saw the shocked and puzzled look in He Yuanjiang's eyes, smiled and waved his hand, saying: "Hi, Uncle He.

"Ye Chen" He Yuanjiang's entire body was even more jaw-dropped, hurriedly asking after him, "This

What the hell is going on here?"

Ye Chen smiled and asked him, "Can we talk inside?"

Only then did He Yuanjiang come back to his senses and said excitedly, "Quickly, quickly, quickly come in"

Ye Chen and He Zhiqiu entered He Yuanjiang's office together, and He Yuanjiang then pulled He Zhiqiu and him to sit on the sofa.

Ye Chen laughed to himself as he shook the mask in his hand, "It seems like I don't have much use for this thing either."

He Yuanjiang said impatiently, "Oh, tell me quickly, what is going on? You just said that people are in Syria, so you two are lying to me together.

Ye Chen laughed, "I just wanted to give you a surprise

He Yuanjiang hurriedly said: "Surprise indeed, this is a big surprise!

He said, he hurriedly asked: "Tell me, how exactly did you come back?"

The other side was quick to let Zhiqiu go.

He said, "I don't think you've suffered anything over there, have you?"

Chapter 2744

He Zhiqiu adjusted his sitting posture and said with some embarrassment: "They locked us up in the cellar and really wanted to kill us at first, but fortunately Mr. Ye rescued us in time, otherwise I'm afraid we would have been executed one by one!

He Yuanjiang said to Ye Chen with immense gratitude, "Ye Chen, you brought Zhiqiu back safe and sound, uncle really owes you a life, from now on, this old life of uncle is yours, whatever you ask uncle to do, if uncle dares to hesitate, heaven will strike you down!

Ye Chen said, "Not at all, Uncle He, I'm just doing this for you, not to mention that you're a good friend of my mother's, so it's only right that I help you."

Hearing this, He Zhiqiu exclaimed, "Dad, is Mr. Ye the son of Auntie An that you always talk about?"

Yes

He Yuanjiang nodded his head and said, "He is your Auntie An's only son, Ye Chen

He Zhiqiu had a bright light in his eyes and said excitedly to Ye Chen: "Mr. Ye, to be frank, your mother is my biggest idol in my life.

Ye Chen couldn't help but be a little surprised, he didn't expect that He Zhiqiu knew a lot about his own mother's affairs.

This also made Ye Chen's own heart ashamed.

He himself knew very little about his mother, even less than an outsider, this was indeed something he had not done enough, otherwise, he should have found a way to learn about his mother long ago.

At this time, He Yuanjiang looked at He Zhiqiu and said seriously, "Zhiqiu, I have promised Ye Chen that after he rescues you, you will be the person in charge of Ye Chen's ocean shipping business, while I will act as an advisor and volunteer to provide you with all the help I can behind the scenes. Stay in Jinling and work hard. We will work together as a father and daughter to help Ye Chen build up this business no matter what.

He Zhiqiu nodded and said without hesitation, "Dad, don't worry about that, I've already promised Mr. Ye.

She hurriedly added, "What I am most worried about is my own ability. The things I experienced in Syria this time made me realize that I am really lacking in all aspects, especially in reading people, I am really a bit too optimistic, so I am worried that I am not up to the task.

The company's business is a serious business, relying on financial strength, planning, resources, channels and contacts, rather than relying on deceit and deception, so you just run the company, sort out the business, dovetail the resources to understand, the rest is all water.

He added: "You see, whether it's Bill Gates of Microsoft or Larry Gates of Google, it's not just a matter of how you do it. You see, whether it's Bill Gates at Microsoft, Larry Page at Google, or Tesla. You see, whether it's Bill Gates at Microsoft, Larry Page at Google, or Elon at Tesla. They may not be very good at reading people, they may not know how to cheat, but what they really know is technology, is the market, is how to use their technology to make the best products to meet the market demand, so as long as they can do what they are best at, they will be able to succeed, and so will you! "

"Mr. Ye, since you have said so, I will do my best and do my best not to let you down!

Hearing these words, He Zhiqiu's heart, which was originally a little nervous and unsure, did feel a lot more relieved.

However, while she was relieved inwardly, her body could not be relieved.

Because she was sitting on the sofa, she felt her upper body being strangled even tighter by the inappropriately fitted clothing, which had even left her a little breathless.

He Yuanjiang could see his daughter's unnaturalness and couldn't help but ask: "Zhiqiu what's wrong with you is it that you're not feeling well"

Chapter 2745

Ye Chen knew that He Yuanjiang came from a professor's background, and such high-ranking intellectuals tended to think highly of themselves, so they were bound to look at people like Hong Wu with somewhat tinted glasses.

But fortunately, He Yuanjiang didn't dwell on it much, and after listening to Ye Chen's introduction of the general situation, he let go of his inner dwellings.

Ye Chen then stood up and said to the father and daughter duo: "Uncle He, Zhiqiu, let's go.

He Yuanjiang nodded and obediently stood up, while He Zhiqiu, who was strangled to the side, could not stand it any longer and could not wait to stand up.

The main reason was that sitting on the sofa, the feeling of being strangled to death was too unbearable.

In fact, she had wanted to stand up for a long time, but her father and Ye Chen were both sitting there, and she didn't want to stand there alone like a fool, so she could only grit her teeth and hold on.

But He Zhiqiu never dreamed that at the very moment she stood up, she suddenly felt the hooks of her upper body underwear behind her being popped off with great force due to the force of her hands supporting her upwards.

The elastic band, which was already tight, suddenly popped open, causing He Zhiqiu to scream in terror.

"Oops."

He Yuanjiang hurriedly asked with concern, "Zhiqiu, what happened to you?"

He Zhiqiu had the heart to die at this moment.

How could she dare to say that the hooks of her clothing had been propped open by herself?

It was really hard to say such things.

So she could only say, "Dad, I'm fine, I just got up a bit too hard just now, so I'm a bit dizzy."

He Yuanjiang hurriedly held her up and asked with concern, "How are you feeling? If the problem is more serious, Dad will take you to the hospital."

He Zhiqiu hurriedly waved her hand and said, "No, no, I'm fine now.

As she said that, she hurriedly lowered her raised hand again, because the hooks had been broken, as soon as she raised her arm, her underwear became slightly misaligned, and it would be too embarrassing if she moved a little too much, making it completely misaligned and unable to return.

He Yuanjiang let out a sigh of relief and said, "I guess you still haven't rested well, so take a good rest in the next two days and refresh yourself."

He Zhiqiu could only comply with his words, nodding and saying, "Okay dad, I know."

After saying that, she hurriedly looked at Ye Chen again, and seeing that there was nothing unusual about Ye Chen, she was only slightly relieved.

"It seems that the embarrassment just now, dad and Ye Chen do not know the truth of the matter otherwise, I really have a heart to die

With this in mind, she looked at Ye Chen with a bit of anger, thinking in her heart: "Is my body so unpredictable in your opinion? How can you buy me the smallest one and look down on people?"

Although Ye Chen was as stable as an old dog on the surface, he was actually in complete chaos inside.

His senses were so keen

Just now, he suddenly heard a muffled sound from He Zhiqiu's body. When he heard an insignificant muffled sound from above him, he immediately felt that something was not quite right.

It was like the sound of a taut elastic band suddenly snapping.

However, since the sound was coming from inside He Zhiqiu's clothes, there was basically nothing that could be noticed at the volume when it came out.

Chapter 2746

However, precisely because Ye Chen's sense of hearing was acute, the sound was like an elastic band snapping before his eyes.

So, he realised almost immediately that it was He Zhiqiu's upper body's intimate apparel that had gone wrong.

He wondered in his heart, "What the hell is going on here? Is it because the clothes I bought are too low quality?"

But it shouldn't be. Even if it was of poor quality, the most that could happen was that the threads would come off and the silk would come off, so there was no need for it to fall apart.

"Could it be that

A possibility suddenly popped into Ye Chen's mind, and it startled him for a moment

He subconsciously looked at He Zhiqiu and suddenly noticed that the curve of her upper body, which was wrapped in the dress, seemed to have bulged a little in a moment.

"Could it be that the size I bought was too small

In

Ye Chen suddenly realised the crux of the problem

The dress he had bought was originally a high-end custom-made model, so it showed off his figure.

In other words, when wearing this dress, the strengths and weaknesses of the figure would be exposed very clearly.

Previously, when I looked at He Zhiqiu in this dress, I could tell that there really wasn't much in the shape of her body, not daring to say that she was an airport, nor was she any better than an airport.

But now, looking at it again, it was clearly hilly

This also meant that He Zhiqiu's figure was, in fact, very material, and had only been hidden earlier.

Combine that with the muffled sound just now

what.

Ye Chen immediately figured out what had actually happened

At this moment, Ye Chen was also embarrassed in his heart.

He had kindly bought the inner and outer clothes for someone, originally wanting to make things easier for others, but now

Not only had he caused a lot of trouble for her, but he had even caused such a big embarrassment.

He had to go to a restaurant next, so he couldn't just let He Zhiqiu go like this

Thinking of this, Ye Chen sighed in his heart and secretly thought: "Hey what he has done wrong, it is better to find a way to make up for it himself

So, without showing his face, he said, "My car is parked downstairs, let's go to the hotel first, I have some personal matters, I may be delayed for about ten minutes, please also ask Uncle He and Zhiqiu to wait for me at the hotel for a while."

He Yuanjiang smiled and said, "It doesn't matter, if you have something to do, just go ahead and get busy.

He Zhiqiu, who was at the side, was so ashamed and full of thoughts about what to do next that she didn't hear what Ye Chen was saying.

She wanted to find an excuse to leave first and then go and buy a pair of underwear that fit her.

But then she thought, "I can't go by myself now. After all, with such an embarrassing situation on my body, if people see me when I take a taxi or go shopping, wouldn't that be a big shame?"

She walked behind the two of them in fear, but she couldn't control her eyes and looked to the right and left for fear of being discovered at this time.

Luckily, the professors and staff had gone to lunch, so they didn't meet anyone else along the way.

Only when he got into the back seat of the Rolls Royce did He Zhiqiu finally breathe a sigh of relief.

Ye Chen was thinking of making up for his mistake, so he drove while keeping an eye on the nearby shopping malls to see if there was a suitable place to buy a new set for He Zhiqiu later.

When he was almost at Tian Xiang Fu, he was relieved to finally see that there was a shopping complex next to him, and one of the several large billboards at the entrance of the mall was for a brand of women's underwear.

At this moment, He Zhiqiu also saw this billboard and could not help but silently weep and lament: "I wish I could teleport to this shop like the superhumans in the movie, buy a pair that fits and then teleport back."

Chapter 2747

4-4 minutes

When Ye Chen parked his car at the entrance of the Heavenly Fragrance House, Hong Wu had already arrived.

Once he saw Ye Chen coming, he hurriedly greeted him with the manager of Tian Xiang House and said respectfully, "Master Ye, the diamond box has been arranged for you."

Ye Chen nodded, pointed to He Yuanjiang beside him, and He Zhiqiu who just got off, and said: "Hong Wu, let me introduce to you, this is Professor He Yuanjiang of Jinling University of Finance and Economics, and the one behind is Professor He's daughter, Miss He Zhiqiu He."

Hong Wu hurriedly went forward and politely said: "Professor He, Miss He, my name is Hong Wu, it's a pleasure to meet you both!"

He Yuanjiang and He Zhiqiu also politely nodded with Hong Wu to show their goodwill!

Ye Chen said: "Hong Wu, in the future, if Professor He and Miss He need any help in Jinling, you must go to more trouble."

Hong Wu did not say a word and said: "Master Ye, don't worry, with your words, in the future, Professor He and Miss He just ask, I Hong Wu will do my best!"

Ye Chen nodded and said to him, "You first take Professor He and Miss He into

Go, arrange the meal and drinks first, I'm going out for something else, I'll be back in 10 minutes.

After that, he said to Professor He: "Uncle He, you and Zhiqiu go in first and sit down, I'll be back in a minute.

Okay." He Yuanjiang nodded and said, "Then we'll go in first and wait for you, don't be in a hurry on the way.

"Good!

Ye Chen handed the father and daughter duo to Hong Wu, rushed back to the cab, started the car, turned around and headed to the mall that he had just passed.

With the experience of buying underwear in the morning, Ye Chen relaxed a lot this time, as soon as he entered the store, he directly approached the salesman to ask, because the set bought in the morning was black, so he bought a separate black upper body underwear this time.

As for the size, in view of the morning body has been damaged by He Zhiqiu, so he simply added two sizes directly, from A to C.

After buying the underwear, Ye Chen will hoof back, in front of the Tianxiang House re-parked the car, ready to get out of the car, suddenly realized that he could not directly carry the bag of underwear directly to the box, otherwise by He Yuanjiang

Seeing that, he might also think he was a rascal.

So, he took the underwear out of the bag and folded it up and stuffed it into his pocket.

This way, although the pocket is bulging, but the good thing is that others will not think that it contains a female underwear.

At this moment, He Yuanjiang and He Zhiqiu were sitting and chatting in the diamond box.

He Yuanjiang wanted to know the details of his daughter's abduction in Syria, so he asked a series of questions.

He Zhiqiu answered somewhat distractedly, but all that was on her mind was the matter of her underwear.

It was the first time she had ever encountered such a dilemma, with her disconnected underwear hanging crookedly inside her clothes, and how uncomfortable it felt.

At this time, Ye Chen pushed the door and walked in.

Once you see Ye Chen, He Zhiqiu heart is more annoyed.

Not hate Ye Chen, the main is Ye Chen bought her this set of underwear, indeed she pitted a bad enough.

The bottom one is extremely revealing, bite the bullet and put up with it, but the top one is really going to kill people!"

Chapter 2748

Ye Chen also saw that He Zhiqiu expression strange, guessing that she must be very uncomfortable now, it is possible that the heart has been complaining about himself, so he thought, find what suitable opportunity to give her this new in the pocket.

However, this kind of thing certainly can not be done in front of He Yuanjiang, otherwise it is possible that this old professor how to misunderstand himself. He Yuanjiang saw that Ye Chen had come, and was busy greeting Ye Chen to his side and sitting down.

The diamond box of the Tianxiang House was originally the most luxurious one in the whole Tianxiang House, and the large round table could meet at least twenty people dining at the same time, so with three people sitting, it looked a bit cold.

After Ye Chen sat down next to He Yuanjiang, He Yuanjiang looked at He Zhiqiu on the opposite side and said, "Zhiqiu, there are only three of us, why are you sitting so far away? Quickly sit over here."

He Zhiqiu said awkwardly, "I'd better sit here, it's quite awkward for three people to sit next to each other at such a big table."

He Yuanjiang shook his head helplessly and said, "Okay, it's up to you."

Saying that, he asked Ye Chen: "Ye Chen, can you drink two glasses?"

Ye Chen laughed: "I have no problem, it depends on whether you still have work in the afternoon."

He Yuanjiang laughed: "There are no classes in the afternoon, so I plan to take half a day off from the hospital, so we can have a couple of drinks at noon, and then I will take Zhiqiu home to have a good rest, it's not easy for her to come back, I can't

Leave her behind and go to the hospital."

Ye Chen nodded and said, "Indeed, Zhiqiu has been suffering a lot during this period of time, so she really needs to take a good rest in the past two days."

He Yuanjiang smiled and said, "That's good, then let's have a few drinks openly!"

At this time, Hong Wu just pushed the door in and asked Ye Chen: "Master Ye, the cold dishes are ready, can we serve them first?"

Ye Chen said: "Go on, by the way, two more bottles of Maotai, I will accompany Professor He to drink a couple of glasses."

"Good!" Hong Wu agreed without hesitation and said, "Then the hot dishes I will arrange directly for you according to the specifications of the diamond box."

Ye Chen waved his hand: "Don't be so ostentatious, the specifications of your diamond box's dishes are for twenty people, there are only three of us, how can we finish eating so much."

He Yuanjiang also hurriedly said, "Let's just eat casually, but don't be too extravagant and wasteful, now the whole country is promoting thrift and frugality, we also have to respond to the call to eliminate waste."

Ye Chen had a bright idea and said: 'Professor He, why don't you go directly to the back kitchen to see what is of interest, let the chef arrange on the spot, we three people, hot dishes ordered a four dishes - soup is about the same.

He Yuanjiang said: "No, no, I'm not a picky eater, just eat whatever you want."

Ye Chen laughed: 'To tell the truth, I'm

Individuals have selection syndrome, so please go and see, by the way choose a few dishes.

On the side of Hong Wu listened to the confusion, thinking: "Master Ye this gourd sells in the end what is the medicine? If you want to order a dish, I directly take the menu. Come on up, can not it? Why let this Professor He go to the back of the kitchen to see it? Generally speaking, the vast majority of restaurants are not allowed to visit the back of the kitchen, the House of Heavenly Fragrance has not been the operation process ah."

Just wondering, he suddenly glanced at He Zhiqiu, who was sitting opposite Ye Chen with a stunning appearance, but with a slight frown and a sad expression, like Lin Daiyu, and suddenly understood in his heart.

"So, Master Ye is trying to put this Professor He away, alone with his daughter to stay

Thinking of this, Hong Wu hurriedly said to He Yuanjiang: "Professor He, you are Master Ye's honored guest, what to order of course you to determine.

After saying that, he directly made an invitation posture, respectfully said: "Professor He, please move to the back kitchen, I will give you a good introduction to our Tianxiang House's specialty dishes!"

When He Yuanjiang saw this, he felt that it was hard to refuse his hospitality, so he had to agree and said, "Okay, then I'll respectfully comply with your request!"

Immediately after that, He Yuanjiang left the box together with Hong Wu.

As soon as they left, Ye Chen looked at He Zhiqiu and said with some embarrassment: "That, Zhiqiu, the clothes I bought for you this morning, are they not quite right?"

Chapter 2749

When He Zhiqiu heard this, her whole body was ashamed and angry.

She was ashamed because it was embarrassing enough for Ye Chen to buy herself intimate apparel, but now she was asked about it directly face to face, which made her feel ashamed.

What she was angry about was that this guy Ye Chen, what the hell was he buying! The straps on the back of her upper body were still dangling from her body, which made her feel as uncomfortable as possible.

However, He Zhiqiu also knew that these were all Ye Chen's thoughtless mistakes, so even if she was angry in her heart, she was not angry with him, not to mention that he had saved her life and was her life-saver. So, she could only say with a stiff upper lip, "That's okay, then."

Subconsciously, Ye Chen asked, "Are you sure it's okay? Didn't it all fall apart?"

He Zhiqiu was extremely ashamed, but at the same time she was also surprised and asked: "How do you know?"

Ye Chen said apologetically, "I'm sorry about that, I didn't think about it when I bought it, if I had known it would be like that, I should have bought a big one instead of a small one, it would be fine if it was big, but if it was small, it would be very uncomfortable."

He Zhiqiu's pretty face was red and she did not want to continue discussing this topic with Ye Chen at all

.

At this time, Ye Chen took out the underwear he had just bought from his pocket. He wanted to walk over and hand it to her, but he thought it would be strange to take it to someone directly, so he put it on the dining table and pushed it in front of her, more or less embarrassed, and said: "This is a new one, I bought it two sizes too big on purpose, do you want to go to the bathroom and change it now?"

He Zhiqiu never dreamed that Ye Chen would be able to pull out another piece of underwear from his pocket!

And what surprised her even more was that the underwear was actually the same brand that she had just seen when she was riding in the car!

"This means that just now, when Ye Chen said he had something to do, he actually went to buy underwear for me? His thoughts, surprisingly, coincide with mine"

Thinking of this, He Zhiqiu was instantly very moved in her heart.

She did not expect that Ye Chen would be so considerate.

At this moment, she couldn't care less about being ashamed, so she hurriedly grabbed the underwear that Ye Chen had pushed over, stood up and said with a red face: "Thank you, Mr. Ye!"

After saying that, she hurriedly went to the bathroom in the compartment.

The original lingerie that was a very inappropriate size was taken off as quickly as she could, with the back attached

The signs of disintegration and breakage were very obvious.

She hated to throw this underwear straight into the trash, but a thought suddenly flashed through her mind, making her realize all of a sudden that this was the first set of underwear Ye Chen had given her, and the first piece of underwear she had received from a man in her life.

So, she ghostly rolled up this underwear and quietly left it behind.

She then took out the new one that Ye Chen had bought, and this time, the size did fit her perfectly, giving her a sudden sigh of relief.

The feeling before was like having size 40 feet but walking around in size 35 shoes all day.

Now it was finally normal.

A few minutes later, when He Zhiqiu came out of the bathroom, her whole body was in a completely changed state.

Before this, she had been very restrained, not daring to make any drastic movements, and her mood was even worse.

But now, the new lingerie Ye Chen had bought was a perfect fit, and after she changed, all negative feelings and emotions were instantly swept away, making her whole body much more relaxed.

After she came out, she put her hands behind her back and clutched the piece of clothing she had changed into, afraid of being seen by Ye Chen.

Chapter 2750

This is mainly because the Chanel dress that Ye Chen bought for her does not have pockets, so she did not know where to put the dress, and could only carry it behind her back first.

Seeing Ye Chen, He Zhiqiu some blushing said: "Ye Xian really is too thank you!

Ye Chen smiled faintly and said seriously: "It's all right, does it fit this time?"

He Zhiqiu nodded with a red face.

The underwear really fit very well this time.

But she didn't quite feel like saying it directly.

So, she could only slightly lower her eyelids and said unnaturally: "Mr. Ye, how much did it cost in total, please calculate it, I will return it to you later!"

Ye Chen waved his hand: "There is no need to be so polite between you and me, I am also your future boss anyway, consider it a gift for your induction."

He Zhiqiu is even more bashful, thinking in his heart: "The induction gift to send clothes is still justifiable, but to send stockings and underwear is what kind of thing "

But thinking about it, if you no longer entangled, this matter is now considered to be over, but if you have to return the money to Ye Chen, then this matter is not yet finished.

Such an embarrassing thing, she just want to turn the page as soon as possible, do not want to have any more continued

The set.

So he hurriedly said gratefully: "Since Mr. Ye has said so, then I will not be polite to you.

After saying that, she hurriedly turned around, while hiding that clothing in front of her body again, and returned to her seat with her head bowed.

At this time, He Yuanjiang pushed the door in, said with a smile: "went to look around, really do not know how to choose, Mr. Hong recommended a few special dishes, but I'm not sure if it fits your appetite.

Ye Chen laughed and said: "Their food tastes good, if you feel really not to your liking, you can try something else.

As we were talking, Hong Wu personally came in with four bottles of the reserve grade thirty years Maotai wine and respectfully said: "Master Ye, Professor He, you two drink these four bottles of wine first, not enough I will get!

He Yuanjiang said: "Mr. Hong, I can't drink that much, when I was young I could drink about a catty, now I can drink six or seven taels, not to mention the high degree of Maotai, I reckon I can only half a bottle at most.

Hong Wu laughed: "Professor He, although the degree of this wine is high, but drink not head, you can be open to drink a few more cups!

He Yuanjiang was in an extraordinarily good mood and said: "Good! Then drink a few more cups!

Hearing this, Ye Chen took the initiative to pour a glass of white wine for He Yuanjiang and himself, and instructed Hong Wu: ".....

Hong Wu, you prepare some drinks for Miss He.

Hong Wu was about to go get it when He Yuanjiang spoke up: "Zhiqiu, Ye Chen is your life-saver, you also drink, just in time to toast him a few cups!

He Zhiqiu hesitated a little, then nodded and said: "Yes, Dad. 9:

Ye Chen said: "Zhiqiu has not rested well, I think the white wine forget, Hong Wu go get a bottle of red wine over.

Hong Wu said: "Okay, Master Ye, I'll go now.

He Zhiqiu looked at Ye Chen gratefully and said: Mr. Ye, then I will toast you with red wine later!

Ye Chen laughed and said: "We two are peers, from now on we should not be so polite to each other, just call me by my name directly.

He Zhiqiu nodded gently and said: "Then I will call you Mr. Ye in the future at work, and your name in private.

Ye Chen smiled faintly and did not say more.

After Hong Wu brought the red wine over, He Yuanjiang then picked up the glass and said to Ye Chen: "Ye Chen, this girl of mine, is my only bloodline, toast you with Zhiqiu, thank you for saving my life!

Ye Chen hurriedly stood up, picked up the wine cup and said: "Uncle He is too much, thank you words do not say, all in the wine."

He Yuanjiang immediately said: "That's right! It's all in the wine, come on, I'll drink first!
