

## Ye Chen 4221

### Chapter 4221

Hattori Kazuo had just finished saying that it would never be wrong to listen to Ye Chen's orders, but to his surprise, Ye Chen turned his face and let Wan Bajun give his own family such a dodgy task.

Hattori Hanzo's expression was also embarrassed. If he were to publicly announce that he had cooperated with those experts of the Fei family and was responsible for the terrorist attack that didn't happen, wouldn't that be like cutting himself off from the Japanese people?

The Japanese people who didn't know the truth would definitely swear at the Iga ninja, and the reputation of the Iga ninja would never be rebuilt in their lifetime.

Ichigo Hattori could not help but plead, "Master Wan ..... if we really make this statement ..... our ancestors' centuries of accumulation will be ruined... . can you please plead with Grandmaster Ye and ask him to leave a way out for us Iga ninja ....."

Wan Bajun said coldly, "Hattori Kazuo, you came from Japan to the United States and tried to kidnap Miss Gu, which is a capital crime in itself, now Mr. Ye spared your life and gave your clan a chance to go to the sea. What do you want to leave behind? Are you Iga ninja still planning to return to Japan in the future? If you still want to go back to Japan, then why should Mr. Ye give you Iga ninja this opportunity? You should know that if Mr. Ye had not brought your clan to America in time, you would have all died last night!"

Hattori Kazuo was speechless, and Hattori Hanzo choked back a sob, "Master Wan ..... We Iga ninja have been the pride of the Japanese people for many years, if we are really allowed to lose our reputation in Japan, we will be sorry to the ancestors of the Iga ninja!"

The Iga ninja will follow Mr. Ye's orders wholeheartedly from today onwards, and you will never go back to Japan in your lifetime. what the Fei family will do to you next, that is your own problem."

After saying that, he pointed at Hattori Kazuo and said coldly, "But Hattori Kazuo, your father and the others can leave, but you and your seven men are not allowed to leave, and since you cannot accept Mr Ye's terms, then be prepared to be punished."

Hattori Kazuo was flustered and said without thinking, "I am willing to follow Master Ye's lead!"

After saying that, he hurriedly looked at his father again and said, "Father! Say something! If you don't agree, even if the Iga ninja return to Japan, they won't be relied upon by the Ito family, and the future is still in danger! But if we stay in America, when Mr. Ye takes care of the Fei family, our future will be bright!"

Hattori Hanzo pondered for a moment and said through clenched teeth, "Good! Iga ninja, may everything be at Master Ye's disposal!"

Wan Bajun nodded in satisfaction and said, "In that case, let's not delay, I've already had the room set up, you two go and shoot the video now."

.....

Ten minutes later, a video, recorded by Hattori Hanzo and Hattori Kazuo themselves, went viral on the internet.

In the video, father and son sit in an empty room, completely plastered with studio white background paper to avoid being identified, as they sit and face the camera and tell the shocking truth.

It turns out that the terrorist attack that took place in Iga City last night was planned by them in conjunction with forces outside the country, and that the explosives used in the attack were all supplied by the Iga ninja, and that they had given up their Iga-gun Castle to these terrorists.

But to their surprise, the matter was known in advance by the Homeland Security Department, which subsequently rounded up the members of the foreign forces.

After the father and son explained what had happened, it was also officially announced that the Iga ninja would be responsible for the incident.

## **Chapter 4222**

As for the reason why the Iga ninja did this, Hattori Hanzo explained that it was because they were upset about the injustice that the Iga ninja had been subjected to during this recent period and decided to create some noise to express their protest.

Apart from that, Hattori Hanzo did not reveal the true identities of those forces outside the country in the video, and this was also because Ye Chen had given the go-ahead.

Although he intended to make Fei Hao Yang a street rat, he was not prepared to bring the entire Fei family into disrepute.

After all, in his planning, the Fei family was still to be handed over to Fei Jianzhong to continue operating, if he tossed the entire Fei family half to death, in the future, even if Elder Fei took over again, the entire Fei family would become a mess.

The odds are that in the future, Master Fei will still have to spend US\$200 billion on the Spring Return Pill. For such a potentially large customer, it is still necessary to let him stay as long as possible.

As long as the line of Fei Hao Yang and his father and grandfather were scrapped this time, and the story of how they forced Fei Jianzhong out of the Fei family was exposed, Fei Jianzhong would be able to take back control of the Fei family in name only.

Soon, the video sparked a huge reaction on the internet.

The whole world knew about the horrific terrorist attack in a small town in Japan yesterday, and everyone was concerned about the inside story and the aftermath of the incident, but they didn't expect someone to come out and admit it so soon, and it was the famous Iga ninja in Japan.

While most internet users abroad were just watching the action, the Japanese public couldn't be bothered, and in an instant, countless people took to the internet to rage against the Iga ninja, calling them a disgrace to Japan.

There were even proposals to search for the Iga ninja all over Japan and have them all arrested and imprisoned, and some right-wingers even called on the largest Yamaguchi group in Japan to hunt down and kill the Iga ninja as a way to cleanse Japan of traitors.

Hattori Hanzo and Hattori Kazuo, father and son, were so distraught at the overwhelming insults on the internet that they nearly fainted.

Japan's homeland security department was also stunned.

They had originally received a tip-off that they had caught a group of people, and had planned to take the opportunity to put a bigger charge on them to save face from the previous loss.

Now, it is the Fei family that is most angry.

When he saw the news, Fei Shanhai wanted to tear his house apart and cursed angrily, "Are the Iga ninjas suffering from some serious f\*cking disease! Why are they acting like mad dogs, suddenly releasing videos and saying they are terrorists? Just to f\*ck with us? Isn't that like killing a hundred enemies and losing a thousand?"

Fei Xuebin was also confused, and after watching the video several times, he gritted his teeth and said, "I don't understand it either, isn't it like eating sh\*t and spitting it on others? I really can't understand their brain circuit, if they do this, won't they be finished themselves?"

Fei Shanhai sighed and said with a face full of resentment, "They're still only killing a hundred enemies, if they expose us or if the Japanese land security department finds us out, then we'll really be in big trouble! And Hao Yang is still in their hands now, we're just too pa\*sive ....."

The first time I saw the company, I was able to get to the bottom of it. I really didn't expect that a mere ninja family could force my Fei family to this point!"

Fei Xuebin said with a worried face, "Dad, the time given by the kidnappers, there is not much time left ....."

## **Chapter 4223**

Fei Xuebin's remark that time was running out made Fei Shanhai even more worried.

He couldn't help but question Fei Xuebin, "We sent so many men and offered so much money, and we still haven't found any clues by now?"

"No....." Fei Xuebin spoke up, "Our men, as well as those from these gangs in New York, have dug up the whole of New York, but there are just no clues... .."

Fei Shanhai angrily rebuked, "They're all a bunch of rice buckets! Especially those intelligence officers, they are usually paid so much money for them to be useful in critical moments, but the more the time comes, the more useless they are!"

Fei Xuebin said helplessly, "Dad, we can't blame our intelligence officers this time, the main reason is that the kidnappers are too cunning, they really haven't left a single clue. The headless case has not stroked out the clues until now ....."

Fei Shanhai suddenly remembered something and blurted out, "Right! What did the police say? Isn't that Li Yalin a Chinese detective? He's been investigating too, why hasn't there been any movement so far?"

"This ....." Fei Xuebin said resentfully, "I didn't contact Li Yalin, I can't P\*ss in the same pot with this guy."

Fei Shanhai asked coldly, "Li Yalin seems to be very close to that An Chongqiu of the An family?"

"That's right." Fei Xuebin nodded and said, "He is very close to An Chongqiu."

Fei Shanhai ordered, "Make a call and ask him, see if the police have found anything, if the police can find the kidnapers, then everything is fine, but if they can't, if we want Hao Yang to live, we have to give out the 200 billion dollars of cryptocurrency that the kidnapers want, if this money is really handed over and no one can be caught in the end, then it will be difficult to recover this money, that thing is completely anonymous, it's a string of encrypted data that can be put on the line for anonymous transactions by anyone who gets it."

Fei Xuebin was busy saying, "I know dad, I'll give Li Yalin a call later."

Fei Shanhai looked at him, hesitated for a moment and said in a serious tone, "Xuebin, this matter has developed to this point, you and I should be prepared mentally enough."

Fei Xuebin's expression was stunned, and he was busy asking, "Dad, what you mean is ....."

Fei Shanhai didn't cover up and said seriously, "Be prepared for Hao Yang not to come back."

Hearing these words, Fei Xuebin's face instantly turned miserable white, his lips trembled lightly as he said, "Dad ..... the other party is only seeking money, it shouldn't be enough to harm lives, right?"

Fei Shanhai sighed and didn't answer his question, instead, he looked at him and opened his mouth to ask, "Xuebin, do you know what the negative impact, the biggest negative impact, on the Fei family, was caused by your grandfather being in power for too long?"

Fei Xuebin didn't know why his father was asking this and shook his head in bewilderment.

Fei Shanhai lamented, "The biggest negative impact is that from me to you to Hao Yang, the business abilities of our grandparents and grandchildren are far from being able to keep up with the rhythm of this huge family, if everything runs smoothly, it's like an aeroplane on autopilot, I only need to sit in the pilot's seat to make sure it moves forward properly, but once we encounter unexpected events, even I don't have a good ability to cope with it ....."

The question you asked me just now is completely inconsistent with your identity, think about it, if you were a robber and you kidnapped for ransom and got your hands on US\$200 billion, and the whole process of your kidnapping was handled seamlessly and the cryptocurrency you got could be slowly realized without any risk, would you release the hostage under such circumstances? "

Fei Xuebin was speechless for a moment.

Fei Shanhai gave him a look and couldn't help but sigh, "Still have to admit the gap ..... If your grandfather were here, he would not be as pa\*sive as we are ....."

Fei Xuebin sighed and said, "Dad ..... grandpa and Ke Xin are still missing so far, we have invested a lot of manpower and resources to find them, but we have not found a single clue ..... before I I always thought that the overall strength of the Fei family could be ranked in the top ten in the world, almost all-powerful, but these two times in a row made me realize that our overall strength may still be far from ....."

Fei Shanhai said with a serious expression, "When this incident is over, no matter what the outcome is, we must improve ourselves as soon as possible, otherwise, it is difficult to guarantee that the Fei family will last forever ....."

Fei Xuebin asked carefully, "Dad ..... Then what do you think, what is the probability of Hao Yang coming back safely?"

#### **Chapter 4224**

Fei Shanhai thought for a moment and said seriously, "Frankly speaking, it won't be more than 10% ....."

Just then, the butler quickly ran in and spoke, "Master, Young Master, Inspector Li is here!"

"Li Yalin?!" Fei Shanhai frowned and asked, "What's he doing here?"

The butler explained, "He said there's something he wants to talk to you in person, Master, it's about the young master."

Fei Shanhai nodded and said in a cold voice, "Good! I was just about to look for him, he's here himself, invite him in!"

Soon after, Li Yalin walked into Fei Shanhai's study alone.

Seeing Fei Shanhai, Li Yalin greeted him with a leathery smile, "Mr. Fei."

Fei Shanhai nodded expressionlessly and asked him, "Inspector Li, it has been more than 24 hours since my grandson was kidnapped, may I ask if your police have any clues?"

"Not yet." Li Yalin said very frankly, "I believe Mr. Fei should also be sending people to investigate this matter, you should know that the other party's clues are handled very cleanly, as if they have evaporated, even if we bring in the FBI and the National Security Bureau, I am afraid it would be difficult to find clues within 24 hours."

Fei Shanhai questioned with some anger, "You are a Chinese police detective, you can't find the missing person, and you still have the face to come to my home to see me?!"

Li Yalin gave a sarcastic laugh, not angry at Fei Shanhai's attitude, he just spoke, "Mr. Fei, I came here this time to consult with you about something, I think that in this situation now, both of us can share what we have and what we don't have, maybe there is some kind of cross clue in this case, if there is, then this could be the key to solving the case."

At the side, Fei Xuebin questioned, "What is a cross clue?"

Li Yalin explained, "It's when two seemingly unrelated clues, but after carefully combing through them, one might find that they intersect at some point, and once this intersection is found, more clues are likely to be discovered."

He said, Li Yalin added: "This is like me finding a safe hidden in the dark by Fei Hao Yang, but not knowing the combination of the safe, how can I not crack it;"

"And you guys, although you don't know the existence of this safe, nor do you know the password of the safe, but you know who Fei Hao Yang's favourite woman is;"

"If we take these two clues and put them together, we might be able to use that woman's birthday to open this safe;"

"In other words, it means that we all have to exchange clues so that we can have the possibility to go further;"

"Otherwise, I may not be able to open this safe for the rest of my life, and you may never know about the existence of this safe for the rest of your lives;"

"That, is what I mean by cross clues."

Fei Shanhai nodded subconsciously and opened his mouth to ask, "Since you said that, you should have already found some kind of clue similar to a safe, right? Why don't you tell us first?"

After a slight hesitation, Li Yalin said dryly, "Fine! In that case, I'll speak first!"

He then looked at Fei Shanhai and Fei Xuebin and said very seriously, "I think that the kidnappers probably didn't kidnap Fei Hao Yang for money."

"Not for money?!" Fei Shanhai frowned and asked, "What is it for if not for money?"

Li Yalin said seriously, "It should be for the purpose of unleashing a fatal blow on the Fei family!"

"A fatal blow?" Fei Shanhai was even more puzzled and asked after him, "If someone really wants to strike a fatal blow at the Fei family, then how could he do that if he just kidnapped Hao Yang? Even if I gave them the US\$200 billion ransom they asked for, the Fei family would only be slightly wounded, far from a fatal blow."

Li Yalin shook his head, looked at Fei Shanhai and said word for word, "My guess is that the kidnappers should have got hold of some kind of heavenly scandal about the Fei family!"

## **Chapter 4225**

When Li Yalin and An Chongqiu were cooking and discussing, the two of them had already analyzed the situation of the Fei family to a tee.

According to the two men's speculation, the mystery man's kidnapping of Fei Hao Yang was not a financial attempt at all, but a way to push the Fei family into the world's spotlight and then execute them publicly.

Only, Fei Shanhai and Fei Xuebin, the father and son of the Fei family, were only concerned about the kidnapping and did not realise this.

Therefore, when they heard Li Yalin's words, both of them had an incredulous look on their faces.

Fei Shanhai, in particular, was instinctively a bit vain as his means of taking over the family headship was somewhat shameful and he was still searching for his father Fei Jianzhong's whereabouts, so when he heard Li Yalin's words, he angrily rebuked, "What a joke! What kind of scandal would the kidnappers have in their possession if my Fei family is upright and honest? You Chinese detective, instead of trying to find the kidnapper, you come to me and talk about it, what is your intention? Do you want to see us laugh?"

Li Yalin shook his head and said seriously, "Frankly speaking, although I don't like what you guys are doing to take over the power, I really don't come here today with the intention of watching you laugh."

Saying that, Li Yalin looked at the two of them and added, "I think that the kidnappers are deliberately letting that scandal of Duke Fei kissing a standing girl on the street come to light first, and then deliberately leaving the Fei family a good opportunity to open up the truth and turn public opinion around;"

Then, he turned his words and said in a cold voice, "But this may seem like a good opportunity, but in reality, it is full of killing opportunities, now that the whole world is watching the kidnapping of Fei Hao Yang, the eyes are naturally focused on the Fei family, if your Fei family really has any shocking scandal, releasing it at this time would be like dropping a nuclear bomb on your Fei family! Not even the gods can save you!"

Fei Shanhai's face turned red and white.

Everything was about righteousness and righteousness, and since his position as the head of the family had been dishonoured, this matter had become an extremely sensitive point in his mind.

When he heard Li Yalin say that he did not like the fact that he had forced himself to seize power, he was so irritated that he did not even listen to the latter part of Li Yalin's speech and said angrily to Li Yalin: "Inspector Li, you are not welcome here, please go back!"

Li Yalin said helplessly, "Mr. Fei, I know you are a decent man, decent people love face, it is right to love face, but don't let the love of face affect the judgement of the matter, avoiding medical treatment will only lead to the aggravation of the disease, and the final consequences will all have to be borne by the individual."

Fei Shanhai didn't expect Li Yalin to catch on to this issue, so he became furious and said, "Get out of my house! Get out of here!"

Li Yalin frowned slightly and wanted to say something, but hesitated for a moment before giving up his intention and turning to look at Fei Xuebin, his expression indifferent as he spoke, "Sir Fei, let me tell you the truth, real kidnappers all have one thing in common, and that is they all try to reduce the attention of the incident as much as possible!"

"In the kidnapping cases I've encountered in my decades of police service, one hundred percent of the kidnappers have explicitly warned the victim's family not to call the police!"

"Moreover, the reason for more than half of the kidnap cases is that the incident was over-exposed and the kidnappers killed the victim to protect themselves!"

“But the weird thing about your son’s kidnapping case is that instead of being afraid of exposure, the kidnapper has been pushing the envelope with his methods, and it looks as if he would prefer for the incident to be publicised and attract worldwide attention, which in itself is against common sense.”

## Chapter 4226

“As the saying goes, when things go wrong, there is always a demon. Your father’s judgment is now disturbed by subjective thoughts, unable to make judgments calmly and objectively, so I hope you can calm down and think about this scandal, it could have happened to any of the three of you, if you can find clues, maybe Fei Hao Yang can still be saved. ”

He took out a business card and handed it to Fei Xuebin, saying indifferently, “Contact me if you have figured it out and are willing to work with me, we don’t have much time left, you certainly don’t want to collect your son’s body when the 48-hour deadline is up, and I am retiring soon, I don’t want to leave such a headless case behind before I retire.”

Fei Xuebin’s expression was shocked and appalled, he subconsciously took Li Yalin’s business card and was trying to organize his words to say something when Li Yalin said in a dashing manner, “Goodbye!” He then turned around and left.

As soon as Li Yalin left, Fei Xuebin panicked and said to his father, Fei Shanhai, “Dad ..... that Li Yalin has a point! This matter is indeed too strange!”

Although Fei Shanhai’s expression was very ugly, it was also vaguely panic-stricken, and he subconsciously asked, “What exactly is this great scandal he’s talking about? Is it about your grandfather? But the way I took over the family headship was basically legal, even if I had to go to court, I wouldn’t have lost. Even if it came out, I could deny it, what would be the big deal? It wouldn’t be a big scandal, right?”

Fei Xuebin nodded gently and smacked his lips, “I don’t think it’s too big ..... If grandpa had really been taken care of by us, we’d naturally be weak-minded if this came out, but we didn’t succeed, we haven’t even found a trace of grandpa... ..”

Fei Shanhai sat back in his chair and said with a few moments of panic, “Then what exactly does Li Yalin mean ..... Xue Bin, do you have any scandals that I don’t know about?”

“Ah? Me?” Fei Xuebin was also a little nervous all of a sudden, stammering for half a day unable to say anything.

Fei Shanhai slammed the table and shouted angrily, “What time is it now, still covering up! Speak up!”

Fei Xuebin shuddered in fear and hurriedly said, “I ..... am just having a bit of an affair with a few female stars in Hollywood ..... and one of them is the wife of a well-known director in Hollywood .....”

The first thing that I did was to get to know the woman. There is a Hollywood actor who openly supports his wife in finding a fresh boyfriend, everyone is very open and open-minded, with the open-mindedness of the Americans, even if my little thing all came out, no one would care at all .....”

As soon as the words left his mouth, Fei Xuebin subconsciously looked up and asked, “What about you, Dad .....?”

“Me?” Fei Shanhai roared angrily, “I’m over seventy f\*cking years old, what scandal can I have? Even if there is a scandal, it was twenty or thirty years ago or even earlier, even if it comes to light, it doesn’t mean anything!”

After saying that, Fei Shanhai added, “I think that the big scandal that Li Yalin is talking about is not an ordinary male/female affair at all! This kind of thing is at most scandalous in the US, not really a scandal, think about it in another direction!”

Fei Xuebin was at a loss: “I am really unable to think of anything .....

Fei Shanhai remembered something and jerked awake, asking him out of the blue, “This scandal, could it be on Hao Yang?”

“Hao Yang?” Fei Xuebin was even more puzzled, “Hao Yang, he has excellent character and education, there can’t be any scandal, even if there is, at most, it’s just that little thing between a young man and woman, what can it be?”

Fei Shanhai snorted coldly and said with a bit of contempt, “I think Li Yalin is at the end of his rope, if he can’t solve this case, he will definitely lose his life, that’s why he made up his own imagination.

As he was talking, the butler came in in a hurry and said, “Master, Song Peng says he has a very important lead to report to you!”

#### **Chapter 4227**

“Song Peng?”

Fei Shanhai asked with some surprise, “Who is Song Peng?”

The butler hurriedly explained, “Song Peng is one of the supervisors of our business team, you said yesterday that you wanted to purchase a Concorde, and he was one of those responsible for pulling the strings.”

Fei Shanhai frowned and asked, “What leads does he have to report to me? If the Concorde was done, he would have just asked the person in charge of the purchase to negotiate the price, there was no need to report to me in person.”

The butler shook his head and said, “Master, Song Peng said it was a clue related to Young Master Hao Yang!”

“Oh?!” When Fei Shanhai heard this, he immediately raised his eyebrows and said offhandedly, “Where is he? Get him over here!”

The butler busily said, “Right at the door, I’ll bring him in now!”

A few moments later, Song Peng, who was in charge of business, trotted into the study.

As soon as he saw Fei Shanhai and Fei Xuebin, he hurriedly bowed and said, “Master and Young Master, my name is Song Peng, I am the business team .....

Fei Shanhai directly interrupted him and questioned in a cold voice, “I heard that you have clues about Hao Yang, tell us quickly!”

Song Peng hurriedly said, “Master, there is a maid beside the young master, I think she seems to be a bit suspicious!”

Fei Shanhai furrowed his brows and questioned, “What’s going on?”

Song Peng explained, “It’s like this, last night you instructed us to find Concorde, so I rushed to communicate with a family over in France, and I just happened to meet Wang Yuanyuan, then I made an appointment with her about going to Las Vegas for the weekend, at that time she specifically asked me what I was busy with on the phone at such a late hour, I said I was helping you to buy Concorde, then she asked me what Concorde was What .....

At this point, Song Peng hurriedly slapped himself and said nervously, “Master, it’s all my fault for not having a mouth on me! I thought that she was also a subordinate of the Fei family, so my sense of secrecy was suddenly raised, so I blurted out that you had sent someone to Japan, but the ordinary plane took too long, so I had to buy a Concorde. .... But don’t worry, I definitely did not say that you had sent anyone to Japan, let alone what you had sent someone to do in Japan. ....”

Fei Shanhai yelled impatiently, “Get to the point!”

Song Peng shivered in fear and said hurriedly, “The point ..... is that Wang Yuanyuan, she couldn’t possibly know what you sent people to Japan for, but she asked me at the time if you sent people to Japan I felt something was wrong at that time, but I couldn’t say which was wrong, until I heard just now that something had happened to the people you sent to Japan and saw the video released by the Japanese Iga ninja, then I suddenly remembered what was wrong!”

Saying that, Song Peng continued with great certainty, “Master, she, Wang Yuanyuan, is just a servant, and she was still coming in from outside at that time, so how could she possibly know about the ninja? Therefore, I conclude that she must be deliberately testing me and trying to get information from me! There must be something wrong with this woman! Maybe she has something to do with the kidnapping of Young Master Ho-yeung!”

When he heard this, Fei Shanhai’s veins burst out and he yelled, “It’s hard to guard against a thief at home!”

After saying that, he stared at the butler and roared, “Go and bring that Wang Yuanyuan to me!”

.....

At this moment, Wang Yuanyuan was serving beside Fei Hao Yang’s mother.

However, today, she had been a little distracted.

The reason for her distraction was because her sweetheart, the famous young master Qiao Feiyun Qiao of Seattle, had evaporated since she had sent him a message last night.

She went to the villa where Qiao Feiyun lived, but Qiao Feiyun was nowhere to be found. She then called and texted Qiao Feiyun again and again, but the phone kept indicating that the other party was switched off, and the text messages also sank into the sea like a stone.

The sudden disappearance of her lover left Wang Yuanyuan’s heart at a loss.

She even had the illusion that everything that had happened with Qiao Feiyun was just a beautiful dream.

However, the ten-million-dollar Richard Mille watch in her pocket was so real, and the second hand of the watch kept on beating as if to remind her that everything that had happened before was not a dream.

But in doing so, she had a new worry in her heart, she was afraid that Qiao Feiyun was abandoning her in disguise.

Although the Richard Mille that Qiao Feiyun had given her was also worth a lot of money, compared to the life of a young grandmother in the future, she did not care about a mere watch.

### **Chapter 4228**

Just as her mind was wandering, the butler, with the head maid and a few burly bodyguards, rushed straight in.

The butler said to Fei Xuebin's wife, "First Mistress, I'm looking for your maid for something, please excuse me."

Fei Xuebin's wife knew that the butler had a lot of power in the Fei family, and this time he came to look for his maid, so he nodded hastily and said, "Be my guest."

The butler said thank you, and immediately afterwards, the maid supervisor beside him pointed at Wang Yuanyuan and spoke, "That's her! She is Wang Yuanyuan!"

At this moment, the other maids in the room were all trembling with nervousness; in their opinion, it could not be anything good for the housekeeper to come so aggressively to ask for someone.

But Wang Yuan Yuan was the only one who didn't think so, she thought that this must be her prince charming coming to ransom her!

Maybe after walking out of this room, it wouldn't be long before she herself would become Mrs. Qiao.

The next time she returned to the Fei family as Mrs. Qiao, the Fei family's servants, including the Fei family's great butler, would all have to treat her with respect!

Thinking of this, she said with unbridled excitement, "I am Wang Yuanyuan, what do you want from me, butler?"

The butler stared at her and said to the bodyguards around him, "Take her away!"

The two bodyguards immediately rushed forward and grabbed Wang Yuanyuan roughly by both arms, and then took her out.

Wang Yuanyuan struggled angrily, "What are you doing? Do you know how much you are hurting me? If you really hurt me, can you afford to take responsibility?"

The housekeeper came over and slapped her hard across the face, scolding her angrily, "You're such a coward, you don't know how to be afraid, but you dare to shout in public here, let's see what the master will do to you!"

After hearing this, Wang Yuanyuan's entire body was speechless with fear.

She couldn't understand why the master wanted to clean up after herself.

The master was the head of the entire Fei family, and she was a small maid in the Fei family, there was a hundred thousand miles difference between them, she didn't even have the chance to see the master, how could she have offended him?

Wang Yuanyuan, who was scared and frightened, was taken directly to Fei Shanhai's huge study.

As soon as the two bodyguards put her down, Fei Shanhai stared at Wang Yuanyuan and asked in a stern voice, "How did you know that I was going to send someone to Japan to look for ninjas? Tell me now!!!"

Wang Yuanyuan was frightened by Fei Shanhai's anger and immediately wanted to tell the truth, but then she thought, "Young Master Qiao has instructed me not to tell anyone, not even my parents, about these matters!"

"This is about the future of both of us, about my lifelong happiness, I absolutely cannot let Young Master Qiao down!"

Thinking of this, Wang Yuanyuan hurriedly said, "I ..... I was just saying it casually ..... after all ..... after all Japanese ninjas have always been famous ....."

Fei Xuebin at this time saw Wang Yuanyuan unexpectedly deny, completely unable to sink his temper, he directly rushed forward, cursing under his breath: "Still f\*cking lying! See if I don't beat you to death!"

With that, he kicked Wang Yuanyuan in the stomach, sending her flying backwards and sliding backwards for several metres.

Just as Fei Xue Bin wanted to go up and continue the beating, he suddenly saw that there was a watch on the floor, which had fallen out of Wang Yuanyuan's pocket when she was kicked over just now.

So, he picked up the watch and fixed his eyes on it, and couldn't help but frown: "Richard Miller?!"

On the side, Song Peng was a huge Richard Mille fan and had bought a few Richard Mille starter watches himself, so he instantly recognised the model number of this watch, which turned out to be RM056!

He immediately realised that there was indeed something wrong with this Wang Yuanyuan! So he hurriedly said, "Young master, this is a Richard Miller RM056! If I remember correctly, it is limited to only 10 pieces worldwide, and the market price is at least three to four million dollars or more, and there is no market for it ....."

After hearing this, Fei Xuebin immediately glared at Wang Yuanyuan and questioned, "Say! How did you, a maid, come to have such an expensive watch?!"

## **Chapter 4229**

Wang Yuanyuan was so concerned about this watch that she carried it with her. However, since she was still a servant, she did not dare to wear a piece of Richard Mille on her hand, but she never thought that the watch, which was in her pocket, would fall out when she fell down.

Seeing that Fei Xuebin had discovered it, she hastily lied, "This ..... watch was given to me for safekeeping by a friend of mine ....."

"Friend?" Fei Xuebin said in a cold voice: "What friend? What's the name?"

Wang Yuanyuan replied nervously, "I ..... I ..... am not at liberty to say his name ....."

After saying that, she hurriedly added, "But this is a private matter between him and me, it has nothing to do with other people ....."

Fei Xuebin still wanted to press the question, but Fei Shanhai had already lost his patience, he said in a cold voice: "What's the point of bothering so much with her! If you don't tell the truth, just cut off her ears!"

As soon as Fei Xuebin heard his father say cut off his ear, he immediately thought of his own son.

When he thought about it again, he realized that the maid was probably related to his son's kidnapping, so his anger rose in his heart and he said to one of the bodyguards, "Quick! Cut off both of her ears!"

Feixue Bin didn't feel satisfied, so he added, "Cut off her nose too! I'll see if she still has a tough mouth!"

The bodyguards were all deadly soldiers trained by the Fei family, so of course they were obedient to the two of them. When they heard the order, they immediately pulled out a tactical dagger without saying a word and rushed straight at Wang Yuanyuan.

Wang Yuanyuan cried out in fear, not caring about Qiao Feiyun or Mrs. Qiao at this moment, only thinking of saving herself, she cried out, "I tell you! I'll say!"

After all, as far as Wang Yuan Yuan was concerned, even if she would rather die than give in, Qiao Feiyun would not be able to marry her even if she lost her ears and nose.

Besides, who knows how Qiao Feiyun had angered the Fei family, in case he really had something to do with Fei Hao Yang's kidnapping, then the Fei family would definitely not spare him, and even if Qiao Feiyun wanted to marry her, she would never be able to marry him.

So, Wang Yuanyuan hurriedly knelt on the ground and said with a pious face: "Young master, this watch was given to me by young master Hao Yang's good friend Qiao Feiyun ..... about the Japanese ninja, and he also asked me to keep an eye out for it ..... but I really don't know what he has done ....."

"Qiao Feiyun?" Fei Xuebin frowned slightly, searched his brain for half a day, and opened his mouth to ask: "The Qiao Feiyun you're talking about, is it that Seattle college cla\*smate of Hao Yang's?"

"Yes .....", Wang Yuanyuan said with a busy nod, "That's him! Some time ago, Young Master Hao Yang had his a\*sistant Sun Hao pick him up from the airport to the manor, and then arranged for him to stay temporarily in that vacant villa ....."

"What did you say?!" Fei Xuebin interrupted her and questioned, "That Qiao Feiyun is living in the Fei family? Where is he?"

Wang Yuanyuan was busy saying, "It is true that he was living in the Fei family at the beginning, every day I brought him food and often some daily necessities, Young Master Hao Yang went to meet with him

every day, and the two of them often discussed things in the study, and they discussed for a long time, yesterday Young Master Hao Yang had an accident, everyone was busy serving Great Grandmother, I also waited until after the shift change to bring him some food Then he gave me this watch and asked me to ask if there was any news about Japanese ninjas for him .....

Fei Xuebin impatiently asked, "I asked you, where is he!"

Wang Yuanyuan hurriedly said, "I told him first after I heard from Song Peng that Master had sent someone to Japan to look for ninjas, then he disappeared ..... and I have not been able to contact him ....."

Fei Xuebin hurriedly looked at Fei Shanhai and blurted out, "Dad! Could it be that Qiao Feiyun who did this?!"

### **Chapter 4230**

Fei Shanhai frowned tightly, a man holding his chin pacing back and forth, but just half a day did not speak.

Fei Xuebin could not stand it and hurriedly urged, "Dad! You should say something!"

Only then did Fei Shanhai speak up, "I don't know this Qiao Feiyun, but I remember that in the financial reports of the Fei family in the previous years, the cooperation with the Seattle Qiao Group has been increasing, and the amount of cooperation has risen from more than a billion per year to several billion, and the share price of this Qiao Group has also increased nearly ten times in a few years because of the close cooperation with us ....."

Fei Xuebin blurted out, "Isn't this Qiao Feiyun just ungrateful?!"

Fei Shanhai waved his hand, "I don't think he did it."

Fei Xuebin was surprised and asked, "Dad, so many clues point to him, who else could it be but him?"

Fei Shanhai shook his head, "What kind of person worth tens of billions of dollars would go out of his way to do a kidnapping for ransom? What's more, the kidnapper is his own golden master, isn't this killing the chicken to get the eggs?"

Fei Xuebin said: "Although he is worth tens of billions of dollars, but most of it is the market value of the stock, in order to maintain the share price, the major shareholder can not reduce the stock at will, then the majority of his shares can not be realized, he can really have cash at his disposal will be greatly reduced, and may encounter some difficulties, it is also normal to take the risk, right? "

"Still not true." Fei Shanhai still shook his head, "Think about it, if Qiao Feiyun really wanted to kidnap Hao Yang, why would he come to the Fei family himself? Moreover, Hao Yang had already been kidnapped and he hadn't left, instead he continued to stay here and let this maid spy for him?"

Fei Xuebin said without thinking, "Don't people always say that the most dangerous place is the safest? He's hiding in our house, it's darkness under the lights, who can find him?"

Fei Shanhai asked again, "Then let me ask you, since he wants to hide in our house and play in the dark, can't he just stay in the dark? We haven't found him, so why would he leave?"

Fei Xuebin immediately said, "I think, he must be related to those Japanese ninjas, most likely those Japanese ninjas who kidnapped Hao Yang were hired by him, so when he heard that we had gone to look for those Japanese ninjas, his first thought was to hurry up and escape!"

Fei Shanhai sighed and said with some hatred, "You haven't run through the logic underlying this matter, although that Qiao Feiyun only ran away after hearing that we had gone to look for the Japanese ninjas, this also shows that if the ninja matter hadn't been revealed, Qiao Feiyun didn't intend to leave the Fei family, and he would even prefer to continue hiding in the Fei family!"

Speaking of this, Fei Shanhai questioned, "Think about it yourself, if he was really behind the kidnapping of Hao Yang, then why would he want to hide in the Fei family? He is also a well-known entrepreneur, in this case, the longer he disappears from the public eye, the greater the possibility of exposure. If it were me, I would definitely return to my own normal life at the first opportunity and try to make the whole world think that I have nothing to do with this matter, do you really not think that he intends to give up his high society status and spend his life in hiding and anonymity in order to extort ransom from us? Then what's the point of him wanting all that money?"

"On one side, he is worth tens of billions of dollars and has a golden master like the Fei family as his backer, so not only will he have a bright future ahead of him, but he will also be able to spend his money openly and enjoy himself all the time;"

"On the other hand, you can give up your current status and remain anonymous for the sake of the 200 billion ransom, and spend your life in fear, not even daring to spend the money. Would you choose the latter?"

Fei Xuebin froze and asked in confusion, "If he didn't do it, then why is he still hiding in the Fei family?"

Fei Shanhai's expression sank as he said in a cold voice, "I think, he should be afraid!"
