

Ye Chen 4301

Chapter 4301

Fei Kexin's words made each and every member of the Fei family ashamed beyond measure.

These words made them truly realise that they were not innocent, and neither was the Fei family!

Their previous thoughts of sacrificing Fei Hao Yang alone to save the reputation of the entire Fei family was tantamount to shirking their responsibilities in front of Ye Chen.

Fei Shanhai was the first to come back to his senses at this time, he looked at Ye Chen and said in horror, "Mr. Ye the reason why you pushed the kidnapping of Hao Yang into a global concern, is it just to make the remainder of the Fei family defeat in one fell swoop?!"

Ye Chen sneered and spoke, "I just want to make Fei Haoyang, as well as the Fei family, pay a price for this matter to cope with! Fei Hao Yang has done so many heartless things, and these things, deserve to be completely exposed."

After saying that, Ye Chen looked at Fei Ke Xin and said with satisfaction, "Miss Fei, with so many people and so many mouths in the Fei family, you are the only one who said the proposal that is truly sincere to solve the problem, what the others have in their minds is just how to suppress the matter, to put it bluntly, they just want to pa*s the buck."

Then, he looked around at the Fei family and stared at them, saying in a cold voice, "From the bottom of your bones, you don't have a guilty heart about this matter! How dare you still want to rely on money to solve it? I ask you, is money all-powerful?!"

None of the Fei family members dared to respond at this moment.

Ye Chen looked at Fei Jianzhong and asked in a cold voice, "Elder Fei, if I remember correctly, you are already over ninety years old this year, right?"

Fei Jianzhong hastily replied with fear and trepidation, "Yes Mr. Ye, I am already ninety-six this year"

Ye Chen nodded and looked at him and asked, "Ninety-six is already the longest of longevity, but you still want to buy the Spring Return Pill at such an old age, so you still haven't lived long enough, right?"

Fei Jianzhong said awkwardly, "Yes you are right everyone wants to live a long life I also really haven't lived long enough"

Ye Chen asked him rhetorically, "Then let me ask you, since you, an old man who is almost a hundred years old, have not lived long enough, then do you think those girls who were killed by Fei Hao Yang in their teens and twenties, have they lived long enough?"

Fei Jianzhong didn't expect that Ye Chen would turn the topic back to those innocent girls, at this point he could only say with a stiff, sweaty face, "They definitely didn't live long enough"

Ye Chen's voice raised a few points and coldly questioned, "Then since they didn't live long enough, can the money you pay out bring them back from the dead?"

Fei Jianzhong could only say with immense embarrassment, “Mr. Ye no amount of money can bring people back from the dead, but if enough money is compensated, it will definitely give their families a satisfactory solution, and it will allow her s family clothed and fed for the rest of their lives”

Ye Chen snickered and nodded, “Yes, you’re right! This is the inherent thinking of your bunch of rich people, killing someone on a whim, or accidentally bumping someone off, or killing someone inadvertently, in the eyes of your bunch of rich people, it can all be solved with money.”

“Even you guys can use excessive and huge amounts of money to make the families of the victims not only not hate you in their hearts, but they can’t help but be grateful to you, and even if they go to court, they will show their understanding to you in front of the judge”

At this point, Ye Chen suddenly became emotional and questioned in a loud voice, “But! Even if you can use money to make the victims’ families grateful to you, those victims who died at your hands will never be able to come back to life again! They will never again be able to feel the beauty of the world and live out the rest of their lives in a natural way!”

“So, who told you that if you give money to the families of the victims, the matter will be solved perfectly? Who on earth has given you this blind confidence?!”

Fei Jianzhong was speechless, and beads of sweat were already covering his entire forehead.

He knew that his reaction just now had inadvertently touched Ye Chen’s scales of rebellion.

Thus, he hurriedly said with immense respect, “Sorry Mr. Ye, it was my poor consideration”

Ye Chen looked at him and said with a slight mockery, “Old man, your son’s usurpation of your power is not his fault alone, your selfish and self-serving character accounts for at least half of it.”

Chapter 4302

Fei Jianzhong was sweating coldly but did not dare to wipe it, he could only bow humbly and said, “Mr. Ye is right in his criticism”

Ye Chen coldly said, “Later I will make all the videos public, at that time, the Fei family had better hold a press conference at the first opportunity and sincerely apologize to the world, if you handle it well, then I can no longer pursue it after that, but if you handle it badly, I will definitely kill the head of your Fei family first, then let the next head continue to handle it, if the next head of the family If the next family head still doesn’t handle the matter to my satisfaction, I will kill him and find the next one, until this matter is properly resolved!”

When the Fei family heard these words, each and every one of them shuddered.

And Ye Chen didn’t pay any more attention to them at this time, but turned to Wan Bajun and said, “Bajun, bring the man here.”

“Okay Mr. Ye!” Wan Bajun immediately took out his mobile phone and issued an order to his men.

A few minutes later a helicopter landed directly outside the door of the ground floor hall.

Several generals from Wan Long Temple escorted Fei Hao Yang, who was covered in only a pair of trousers, and Qiao Fei Yun in.

At this moment, the two men had already been tortured to the point of being unrecognisable.

Their ears were gone, their bodies were covered in bruises and bruises, and their spirits were even more depressed.

Fei Hao Yang was escorted in, and as soon as he saw Fei Xuebin and Fei Shanhai, he immediately howled, "Dad, grandpa, you save me I'm being tortured to death"

When Fei Xuebin, who had been beaten to the ground earlier, looked at his son's miserable state, a heartache naturally welled up in his heart unconsciously.

He subconsciously opened his mouth and called out, "Hao Yang my son"

As soon as the words left his mouth, Fei Shanhai kicked him in the face and cursed angrily, "b*****d! Still calling this beast a son?!"

Fei Xuebin instantly gave a jolt and his expression became frightened and scared.

Fei Hao Yang looked at Fei Shanhai and said with a shocked face, "Grandpa do you disown me grandpa"

Fei Shanhai roared in anger, "Shut up! I, Fei Shanhai, don't have a grandson like you! You are a beastly thing! The face of my Fei family has been disgraced by you!"

Fei Hao Yang was violently shocked and looked at Ye Chen and then at Fei Shanhai, muttering, "Grandpa you you know all about this?!"

Fei Shanhai gritted his teeth and cursed, "How did my Fei family come up with such a scum as you!"

Fei Hao Yang panicked, and seeing that Fei Jianzhong was also here, he couldn't care less about the shock and said in tears, "Grandpa Zeng please help me I'm really being tortured to death by them... . please"

Fei Jianzhong was even more furious, pointing at his nose and cursing, "Son of a b*tch, you don't deserve to die!"

Fei Hao Yang was completely panicked this time, he didn't expect that his closest relatives, who used to dote on him, would now be so indifferent to him, if they were all unwilling to save him, wouldn't he only have a way out of death!

Thinking of this, he hurriedly turned around and knelt down in front of Ye Chen with a poof, crying, "Mr. Ye I know I'm wrong I really know I'm wrong... . please spare me this time Mr. Ye"

Ye Chen ignored him and instead extended his hand towards Wan Breaking Jun.

Wan Bajun understood and immediately drew a pistol from the back waist of a general and handed it to Ye Chen with both hands respectfully.

Ye Chen took the pistol and put the muzzle against Fei Hao Yang's head, looked at Fei Xuebin and questioned in a loud voice, "Fei Xuebin, today I am killing your son to eradicate harm for the people and do justice for heaven, do you! Are you convinced?"

Chapter 4303

Ye Chen's words sounded like thunder to the ears of every member of the Fei family, deafening!

Anyone could see that Ye Chen's face was full of solemnity, not at all a test, let alone a joke!

Fei Xuebin's face was pale at this moment, and tears were streaming down his face.

He knew very well that no matter what he said, there was no way he could save his son's life.

If he said the wrong thing now, then I was afraid that his own fate would be very sad when his son died.

So, he could only touch and lower his head, not daring to look at Ye Chen, let alone answer.

Ye Chen did not let him muddle through, but asked in a stern voice: "Fei Xuebin! I am asking you once more! I killed your son, are you convinced?!"

Fei Xuebin was so frightened by Ye Chen's words that his body instantly went limp. He was forced to retreat by Ye Chen's aggressive stance, and his heart still collapsed, so he could only kneel on the ground, fold his hands and bow incessantly, while shouting loudly under his breath in despair, "I submit! I submit!!! I submit!!!"

As soon as Fei Hao Yang heard these words, his entire eyes went black and he nearly fainted.

Driven by a strong desire to live, he stared hard at his father with wide eyes and hissed and shouted, "Dad! You have to save me, Dad! You can't just stand by and watch him kill me Dad!!!"

Fei Xuebin turned his face aside and said through clenched teeth, "You brought all this on yourself and I can't save you"

Fei Hao Yang shouted out of the blue, "You can't be so heartless, Dad! I'm still the Fei family's seed, no matter what, if you guys see me get killed with your own eyes, can you still live the rest of your lives in peace?!"

Ye Chen kicked him in the chest and said in a cold voice, "If you talk any more nonsense, I guarantee that you will be worse off than dead!"

Once Fei Hao Yang heard this, even though his whole body was in severe pain, he did not dare to say a word more, the two days of inhuman torture were much more horrible than hell to him, and he had already been terrified to the extreme.

At this time, Ye Chen asked Fei Xuebin again, "Fei Xuebin, I ask you again, your son, Fei Hao Yang, should he die?!"

Fei Xuebin closed his eyes and shouted in despair, "D*mn! D*mn it!!!"

Ye Chen nodded, again this. Looking towards Fei Hao Yang's grandfather, Fei Shanhai, he looked at him and asked in a cold voice, "Fei Shanhai! I killed your grandson, are you convinced?"

Fei Shanhai immediately bowed down, not daring to raise his head, and said in a loud voice, "Mr. Ye, I am convinced!"

Ye Chen frowned and asked, "Are you really convinced?"

Fei Shanhai said repeatedly, "I am really convinced! I am really convinced!!!"

Ye Chen added, "You are the head of the Fei family, and you are ruthless enough to even spare your own father, so when you say you are convinced, I don't believe it in my heart for ten thousand times."

Chapter 4304

Ye Chen added, "You are the head of the Fei family, and you are ruthless enough to even spare your own father, so when you say you are convinced, I don't believe it in my heart for ten thousand times."

Fei Shanhai hurriedly shook his head and said, "Mr. Ye, I swear to heaven that I am indeed convinced, and if I have any intention of seeking revenge on you in the future, I will die without a burial place!"

Fei Shanhai was indeed unconvinced, but he also did not dare to seek revenge on Ye Chen.

His greatest wish now was to continue to sit firmly as the head of the Fei family, and as for Fei Haoyang's lousy life, he really didn't care about it at all anymore.

Therefore, he felt that as long as he could keep his position as the family head, he would definitely not move any revenge against Ye Cheng.

Of course, if he was no longer the head of the Fei family after tonight, he would be even less capable of seeking revenge against Ye Chen.

Ye Chen was unconcerned by Fei Shanhai's oath and continued to ask: "Then, do you think that your grandson, Fei Hao Yang, should die?"

"D*mn!" Fei Shanhai blurted out without thinking.

Ye Chen laughed coldly and said indifferently, "I am not going to delve into whether what you said is true or not, after today, if you want to seek revenge on me, I, Ye Chen, am always ready to accompany you."

Fei Shanhai said with trepidation, "Mr. Ye, I don't dare! I wouldn't dare!"

Ye Chen ignored him and turned to look at Fei Jianzhong and asked in a loud voice, "Fei Jianzhong! I killed your great-grandson, are you convinced?"

Fei Jianzhong said with fear and trepidation, "Mr. Ye, you have done justice to Heaven, I am not only convinced, but also thank you for removing such a scum from our Fei family!"

Ye Chen asked again, "Should Fei Hao Yang die?"

Fei Jianzhong arched his hand and said, "Back to Mr. Ye, this kind of beast should not only deserve to die, but should simply be broken into pieces!"

"Good!" Ye Chen nodded his head, looked around the week and said in a cold voice, "Since all of you are fine with it, then I will send Fei Haoyang on his way!"

When Fei Hao Yang heard this, he suddenly went crazy and shouted out loud, “You b*****ds who won’t save me from death! If I die, I won’t spare you even as a ghost!”

Fei Xuebin, Fei Shanhai and Fei Jianzhong, all of them dared not look at him.

They were all more or less superstitious and were afraid that Fei Hao Yang would really come looking for them for revenge after his death.

At this time, Ye Chen looked at Fei Hao Yang and said in a cold voice, “Fei Hao Yang, if there are really ghosts in this world, then at this very moment, there is no telling how many unjust spirits are waiting for you over there! It’s time to send you to meet them!”

Hearing these words, Fei Hao Yang was instantly filled with horror and opened his mouth wide to say something, but not a single word could come out.

Because at that moment, Ye Chen had already pulled the trigger!

With a bang, the back of Fei Hao Yang’s head faded into a snowflake and he instantly fell to the ground, motionless!

In the middle of his forehead, a thumb-sized bullet hole was gushing out red and white stuff!

The Fei family members all turned pale and instantly turned their heads away, not daring to look at Fei Hao Yang even once.

Fei Xuebin and Fei Shanhai were instantly in tears, and Fei Jianzhong was also in tears.

Chapter 4305

After all, he was the son, grandson and great-grandson he had raised for more than 20 years, and deep down he still had a deep feeling of licking his calf.

Fei Xuebin rushed to Fei Haoyang, picked him up in his arms and said to Ye Chen in tears, “Mr. Ye, can I have someone take Haoyang to the funeral home first”

“No!” Ye Chen said in a cold voice, “Those girls he killed are all dead, and he has no right to be buried in the ground.”

After saying that, he looked at Wan Bajun and ordered, “Bajun, have someone take Fei Hao Yang’s body away, find a place to cremate it, and dump the ashes directly into the sea.”

Wan Bajun immediately said, “Yes Mr. Ye, my subordinates will follow orders!”

Fei Xuebin was desperate, he had wanted to bury Fei Hao Yang and let him rest in peace, but he did not expect that Ye Chen would not even give him this chance.

However, he also understood that what Ye Chen said was true.

The girls who had died at his son’s hands had already died without a body, so how could he expect his son to be treated better than those innocent girls at such a time?

At this time, Ye Chen looked at Qiao Feiyun, who was already dumbfounded, and said in a cold voice: “And you Qiao Feiyun, Fei Hao Yang is already on his way, so you should also hurry up and run faster on

the road to yellow spring, so that you can be a companion to your good brother, and by the way, see if you can catch up with your brother Qiao Feiyu.”

Qiao Feiyun broke down and howled, and said offhandedly, “Mr. Ye I was all directed by them ah beg you to spare ”

“Bang!”

Ye Chen didn't wait for Qiao Feiyun to finish his sentence, he shot him directly in the head!

Immediately afterwards, Qiao Feiyun also planted himself on the ground, motionless and completely dead.

These two scum of the earth had finally paid for what they had done with their lives!

Ye Chen expressionlessly handed the gun back to that Ten Thousand Dragon Hall soldier, then said to Fei Ke Xin, “Miss Fei, just now so many people from the Fei family have said so many options, only your option can satisfy me, so you will be the one to preside over the operation of the back.”

Fei Ke Xin nodded gently and said, “Don't worry, Mr. Ye, I will definitely do what I say and handle it properly.”

Ye Chen pointed at Qiao Feiyun's corpse and said coldly, “Don't forget to publish all the matters of the Qiao family thoroughly as well, I have asked Broken Army to prepare a list, all the people involved in these nasty acts of theirs have basically been listed out, so you should publish them together.”

Fei Ke Xin said without a second thought, “Yes Mr. Ye, please ask Hall Master Wan to send me the list, I won't leave any of them behind.”

Ye Chen turned to look at Wan Bajun and spoke, “Bajun, you give the list to Miss Fei.”

Wan Bajun immediately stepped forward and said respectfully, “Yes Mr. Ye, my subordinate follows orders!”

Ye Chen added, “Right, I have another task for you.”

Wan Bajun hurriedly said, “Please speak!”

Ye Chen said in a cold voice: “Before dawn, kill everyone on the list, leaving no one behind!”

Chapter 4306

In Ye Chen's opinion, but any scum of the same kind of goods as Fei Hao Yang must be killed before it is too late.

Otherwise, if they were really handed over to the US judiciary to be dealt with, then none of these people would pay the price with their lives.

Moreover, given the urine of the local judiciary in enforcing the law as well as the underhanded operation, these rich and powerful people would be able to live in prison in great style even if they were sentenced to life imprisonment.

Therefore, Ye Chen intended to have Wan Long Temple finish off all these people in one breath, leaving no one behind!

Naturally, Wan Bajun understood Ye Chen's intention very well, and said respectfully, "Don't worry, Mr. Ye, I have all the information about these people, they are basically in New York, my subordinates will arrange the manpower and start hunting these beasts tonight!"

At the side, Fei Ke Xin hurriedly asked, "Mr. Ye then when do you plan to disclose this matter, as well as those video materials?"

Ye Chen looked out of the window and spoke, "When the moon is dark and the night is murderous and the wind is high and the fire is set, I will have someone upload the videos to the internet later, with the public opinion of Fei Hao Yang's previous kidnapping, this matter will definitely cause a huge uproar, by then those participants will definitely find a way to flee the US at the first opportunity in order to avoid the law, just so we can take advantage of this wind to scare them out first. We can take advantage of this wind to scare them out first, and then kill them all in one go."

After saying that, he looked at Fei Ke Xin and instructed, "The Fei family must come out and speak up after the matter has been exposed, so that people will know that you did the crisis PR only after seeing the matter come to light, don't let people see that you were prepared in advance, in that case, it is likely to cause you unnecessary trouble."

Fei Ke Xin nodded seriously and spoke, "Okay Mr. Ye, I understand!"

Ye Chen nodded slightly, turned to look at Wan Bajun and spoke, "Alright Bajun, you don't need to worry about this place, hurry up and bring people down to set up control, remember not to let any of the beasts escape."

Wan Bajun blurted out, "Please don't worry, Mr. Ye! I will make sure that this matter is done without fail!"

After saying that, Wan Bajun immediately turned around and walked out with quick steps.

Tonight, a large group of demons were not destined to see the sun in the morning.

After Wan Bajun left, Ye Chen looked at the Fei family and asked in a cold voice, "I'll let Miss Fei take full charge of this matter, do you have any opinions?"

The crowd shook their heads and stated their position, no one had any objections.

After all, anyone who stepped forward in this matter would become a target, and no one wanted to take on such a thankless task.

However, Fei Jianzhong and Fei Shanhai had been speculating on Ye Chen's meaning in their hearts.

Up until now, Ye Chen had not said anything about making Fei Ke Xin the head of the Fei family.

So far, Fei Shanhai was still the rightful head of the Fei family in name only.

He himself, too, wanted to hold on to this hard-earned position as long as possible, because he knew very well that only if he continued to sit down in the position of family head would his own son, Fei Xuebin, have the chance to take over.

The one thing he is most worried about now is the old man, Fei Jianzhong.

Although Fei Jianzhong cannot directly take back the position of family head, he is after all the owner of most of the Fei family's assets. Once he wants to divide his property, the gold value of his own family head will shrink extremely fast.

However, shrinkage is better than no water, and Fei Shanhai does not want to end up with a bamboo basket.

Therefore, what Fei Shanhai feared most was that Ye Chen would suddenly cross the line, otherwise once he lost his position as family head, it would be like losing everything.

At this moment, Fei Jianzhong was also very apprehensive in his heart.

He naturally hoped to regain the position of family head and stage an absolute comeback.

Chapter 4307

However, if Ye Chen did not open his mouth, he really did not have the courage to say this.

Therefore, Fei Jianzhong had been waiting for Ye Chen to state his position, otherwise, it would be impossible for him, a widowed old man, to regain the family headship with only the support of his granddaughter.

Just as the two were each having their own thoughts, Ye Chen suddenly opened his mouth and said to the two of them, "You two, one is the current head of the Fei family and the other is the previous head of the family, Fei Hao Yang is the one who has done so many acts of brutes that are outrageous to God and man under the noses of the two of you, you two heads of the family, are also responsible for mismanagement, so I would like to know what you two now have words to say?"

Fei Shanhai was startled, hmm. He hurriedly said, "Mr. Ye, I have been the head of the Fei family for less than half a month, this responsibility, no matter what, should not fall on my head, please be clear!"

After saying that, he looked at Fei Jianzhong again and said to Ye Chen, "Mr. Ye, for the twenty years that Hao Yang has been alive, ninety-nine percent of the time, my father Fei Jianzhong has been the Fei family head, so he can hardly be blamed for this matter!"

When Fei Jianzhong heard this, his expression was unsightly to the extreme.

It certainly annoyed him that his son had dumped the pot on himself, and he was also very clear about the meaning of Ye Chen's words, the matter of Fei Hao Yang had not happened once or twice, but for many years in a row, and for so many years, he had been sitting in the position of the family head, but had not been half aware of what Fei Hao Yang had done, so he naturally had an unshirkable responsibility.

So, he could only walk forward and said with an arching hand, "Mr. Ye, Shan Hai is right, I am indeed unaccountable for this matter, so please punish Mr. Ye!"

Ye Chen waved his hand, "I will not punish you, after all, you are already at this age, even if you killed someone, the court will not sentence you."

Fei Jianzhong was like being pardoned, he quickly bowed and said, "Thank you Mr. Ye for your generosity!"

Ye Chen turned to look at Fei Shanhai again and said indifferently, "Fei Shanhai, even if you have only been the head of the family for half a month, you still have to bear the responsibility for half a month, at times like this, it's not a case of dumping the pot on your old man and getting off smoothly on your own."

Fei Shanhai hurriedly said, "Mr. Ye is right I am indeed responsible I also ask for your reprimand"

Ye Chen blandly said, "Just like you just said, the responsibility of mismanagement, your family's old man accounts for ninety-nine percent, you account for one percent, ninety-nine percent I don't even do to pursue, you, the one percent, naturally there is nothing to pursue."

Hearing these words, Fei Shanhai immediately said with gratitude, "Thank you Mr. Ye, thank you! Your great kindness, I will never forget it!"

Ye Chen nodded blandly and said, "Although I can not hold you two responsible, in my opinion, both of you have a stain on the management of the Fei family, and after this matter has come to light, the Fei family desperately needs a clean and pure person to come forward and lead the Fei family out of the gloom."

When the two heard this, their hearts stuttered.

Who would have thought that one second they would be grateful for Ye Chen's netting, and this second, Ye Chen would come straight to such a sentence.

Fei Shanhai couldn't help but say offhandedly, "Mr. Ye you also said just now that my responsibility is only one percent, which is almost negligible, this shouldn't be considered a stain, right?"

Ye Chen frowned and asked in return, "What? One hundredth is not a stain? Besides, do you think you only have this one stain on yourself? Fei Shanhai, don't forget that you were the one who took your father's position as family head and sent people after him everywhere. Why don't we just expose this matter as well and ask the general public in America what they think?"

Chapter 4308

"This this"

Fei Shanhai was speechless for a moment.

If people discussed how he had won the position of family head, he could confidently and proudly say that he had obtained it through legal means.

This, then, is called mastery.

In ancient and modern times, all major events are about a master's reputation. Even an unforgivable aggressor would concoct a set of grand lies, not to mention Fei Shanhai.

However, if people knew that he was hunting his own father all over the world, this would not be a masterpiece.

If such a scandal came to light, there was no way he could remain the head of the family and there was no other choice but to resign.

Thinking of this, he could only make his last effort and spoke, "Mr. Ye, however, both my father and I are tainted and are no longer fit to be the head of the family, so why not let my son Fei Xuebin take over!"

To Fei Shanhai, if he had to step aside as a last resort, it would definitely be to give up his seat to his son.

However, Ye Chen did not hesitate to reject him, saying in a cold voice, "What? The matter of Fei Hao Yang is just about to come to light, and you want to make Fei Hao Yang's father the head of the family? Do you think that whoever has the biggest stain is suitable to be the head of the family?"

"I this" Fei Shanhai was speechless.

Only then did he realize that when Ye Chen threw out this tainted theory, not only himself and the old man were rejected, but even his eldest son, Fei Xuebin, was also rejected.

He was just about to propose his second son along the way, but at that moment, his mind suddenly snapped back to him: "Ye Chen has been going around for half a day, just to make Ke Xin the head of the Fei family, right? The reason why he didn't explicitly say so is definitely because he wants to make a smooth move, so that others have nothing to say, if I continue to go against the grain at this time, once I P*ssed off Ye Chen, there will definitely be no good end for me"

Thinking of this, he hurriedly said, "Mr. Ye In that case, then I have a more suitable candidate to suggest"

At this time, Fei Shanhai's second son, Fei Xuejin, was already excited beyond belief.

He felt that he was not tainted in any way, and since his elder brother could not inherit the family headship, then he just happened to take over and pick up a ready-made one.

Moreover, he also felt that his father would definitely propose himself to Ye Chen at this time.

Ye Chen looked at Fei Shanhai with interest and asked, "What suitable candidate, tell us."

To no one's surprise, Fei Shanhai clasped his hands together at this time and said respectfully, "Mr. Ye, I believe that the most suitable person to take over the family headship nowadays is my niece, Fei Kexin"

As soon as these words came out, Fei Xuejin's entire body collapsed and he shouted out of the blue, "Dad! How can a girl be the head of the Fei family? You're just old and confused!"

Fei Shanhai glared at Fei Xuejin and said angrily, "Shut up!"

Fei Xuejin winced at the look in his eyes and could only shut his mouth with good sense.

Fei Jianzhong also did not expect that Fei Shanhai would change so quickly, directly proposing to make his granddaughter Fei Kexin the head of the family.

He could not help but think in his heart, "Shanhai has seen Ye Chen's intentions and has started to use the slope to curry favor with Ye Chen and Ke Xin"

At this time, Ye Chen looked at Fei Jianzhong and opened his mouth to ask, "Elder Fei, what do you think of Fei Shanhai's proposal?"

Fei Jianzhong was helpless to the core, he knew that his wish to take back the family headship today was a complete loss.

It seemed that under Ye Chen's influence, there was no way for his son Fei Shanhai to continue to sit on the family head's throne as well.

This also meant that although he had not taken back the family headship, at least he would not have to hide in the east and evade the chase in the future.

Thinking of this, he could only say respectfully, "Mr. Ye, I also feel that letting Ke Xin be the family head is the best choice right now."

Ye Chen nodded slightly, looked at Fei Ke Xin, and spoke, "Miss Fei, what do you think?"

Chapter 4309

Fei Ke Xin was a little nervous all of a sudden.

She had never actually thought about taking the position of the Fei family's family head.

After all, the Fei family had never had a woman as the head of the family before.

Moreover, her previous thoughts had been simple: to fight for as many benefits as possible for her parents and the rest of her own family before her grandfather passed away, so that her family would not suffer ostracism and expulsion after her grandfather left.

In other words, she had originally wanted to have a position in the Fei family that was secure enough to stand on through her own efforts, but never wanted to be at the helm of the family.

Therefore, she was a bit indecisive for a while, not knowing what to do.

Ye Chen knew that Fei Ke Xin was different from Song Wanting and Helena.

Song Wanting had no father or mother and was deeply attached to Elder Song. At the same time, she herself had little ambition and only thought that she could run the little business of Jiqing Hall so that in the future, when her eldest uncle and cousin succeeded her as the head of the family, they would not be interested in her little mess, and in this way, she would be able to have a peaceful life.

The reason why things had taken a huge turn for the worse was that Ye Chen's Spring Return Pill was so tempting to Elder Song that the Honorable Song and his son saw Song Wanting as a thorn in their side.

It could be said that Song Wanting had been pushed all the way to the position of the Song family head by Ye Chen.

As for Helena, she had always had ambitions and aspirations, but for a long time she did not have the chance to realise them, and was even suppressed to the extreme by her sister Olivia, and it was only when Ye Chen gave her a chance to turn things around that she was able to follow the trend and turn the tide smoothly.

Fei Ke Xin, on the other hand, seems to be in between the two of them.

She was not like Song Wanting, who had not a shred of ambition, nor did she want to be like Helena, who had a powerful ambition built up inside her from hatred.

She preferred the intermediate of the two, ambitious but not so ambitious that she wanted to take the whole Fei family into her own hands.

When Fei Jianzhong saw that Fei Kexin was a little hesitant, he couldn't help but feel a little nervous in his heart.

After all, he was experienced and had quickly seen the situation at hand. Since Ye Chen would not allow himself to be the head of the Fei family, the best situation at the moment was to let Fei Ke Xin succeed him.

Otherwise, if anyone else succeeded him, he would be worried that the other party would make a move against him.

Therefore, he hurriedly said to Fei Ke Xin, "Ke Xin, Mr. Ye is asking you something! Hurry up and answer!"

Fei Kexin came back to his senses and said apprehensively, "Mr. Ye I am afraid I won't be able to take on such an important role"

Ye Chen pointed at Fei Shanhai and said indifferently, "He didn't even think he couldn't handle it, so what else do you have to worry about?"

Fei Shanhai's expression instantly turned bitter.

He also knew that although he was a few dozen years older than Fei Ke Xin, he was really not as good as the young Fei Ke Xin when it came to management skills.

It was just that, being taken up and buried by Ye Chen so directly, his face was also a bit embarrassed.

When Ye Chen saw that Fei Ke Xin was still unsure, he said, "Miss Fei, given the current situation of the Fei family, only you as the head of the family can coordinate everything internally, think about the old master, and then think about your parents and relatives, if you don't sit in the position of the head of the family, what can you do to ensure their future life and safety?"

Speaking here, Ye Chen added, "If I'm not wrong, among the Fei family present tonight, there should be no parents of yours, right?"

Chapter 4310

Ye Chen's words caused Fei Ke Xin's entire body to be slightly stunned.

She had been at sea all this time and had not had the chance to have any contact with her parents at all.

And when she returned this time, she hadn't seen her parents as well as her brother and sister in the Fei family.

Therefore, she could basically conclude that her eldest uncle had already driven her family out of the Fei family after he had taken away her grandfather's power.

In a large family, the first thing the new head of the family would do after taking office would definitely be to suppress the brothers who were a threat to him or who he had always coincidentally disliked, while also leaving a few loyal brothers around as his right-hand men, and then, after the kingdom was firmly established, he would expel these loyal brothers as well, so that basically all threats would be cut off, and the brothers who had been expelled from the family would all become The brothers who had been driven out of the family became foreign relatives.

If Fei Kexin did not become the head of the family, no matter who succeeded him, it would be impossible for the Fei Kexin family to return to the Fei family.

They could only take their small assets and set up their own businesses outside the family, and henceforth become the Fei family's foreign relatives.

Thinking of this, she immediately gritted her teeth and said to Ye Chen, "Mr. Ye, I am willing to be the head of the Fei family!"

Fei Ke Xin knew very well that this Fei family head was not a good job.

With her own age, experience and connections, I was afraid that it would be difficult for her to sit firmly in this position.

However, she also knew very well that she had no other way out now, but to rise to the occasion.

What lies ahead is all unknown, but in her view, it is just a matter of opening a path on every mountain and building a bridge when she encounters water.

The difficulty was great, but there was still hope.

Seeing that Fei Ke Xin had finally taken a stand, Ye Chen nodded in satisfaction, looked towards Fei Shanhai and spoke, "The current head of the Fei family is still you, so it will be hard for you to do the formalities for the transfer of your position in a while, you know this kind of thing, it has to be legal."

"Okay Mr. Ye, I will definitely cooperate fully!" Even though Fei Shanhai had a lot of reluctance in his heart, he did not dare to say more at this moment, and could only promise in a loud voice.

He knew very well in his heart that he had no choice and no right to refuse, because Ye Chen was a man who did not play by the usual rules, he had brought the Ten Thousand Dragons Temple to his door and even shot his grandson in front of him.

Under such circumstances, even if he was still the head of the Fei family, he would still have no chance to turn the tables.

It was only a matter of urgency for him to step aside and win a good impression in front of Ye Chen, so that he could gain some benefits for himself in the future.

Subsequently, Ye Chen looked at Fei Jianzhong and said indifferently, "Elder Fei, although the head of the Fei family is Fei Shanhai, the majority of the Fei family's a*sets should still be under your name, right?"

Fei Shanhai hurriedly stepped forward and said respectfully, "Mr. Ye, most of the Fei family's a*sets are indeed under my name"

Ye Chen nodded and said, "To be honest, you are not young, if you really want to live a long life, you still need to put away your utilitarianism. I suggest you might as well hand over all the a*sets under your name to Miss Fei, since you have made her the head of the family, you have to hand over all the rivers and mountains to her, just giving her the position of head of the family, but the a*sets are in your hands, it is also a great constraint for her. It would be better to let her unify and centralise power, and also allow the resources of the Fei family to be most effective, what do you think?"

Fei Jianzhong did not dare to disobey.

Although he was still somewhat uncomfortable and unwilling in his heart just now, he had really thought about it now.

He thought, "I can live to this day, to return to the United States alive, you will be what I did not dare to hope for before, at such a time, the flow of the domination of the a*sets also does not have any meaning, but rather give it to Kexin, also considered to help her on the horse"

A thought, he immediately said respectfully, "Mr. Ye don't worry, I'll have my lawyer prepare the documents later, all my a*sets, to Kexin's disposal."
