"Master Wang, Yue Wu was able to escape this time. Thanks to the rescue of the son of the State of Yan Guo, I don't know if Master Wang can backup Xie Li to Yan Shizi for Yue Wu. After returning to Beijing, Yue Wu will ask his father Thank you, Lord Wang. "Wei Yuewu asked earnestly and earnestly.

She inadvertently referred to Yan Huaihuan, of course, she came to wake up the Lord Wang specially.

Sure enough, when he heard the words of the Emperor Yan Guogong, Lord Wang was a little dazed at first, but his eyes lighted up and he was distressed. A big round face smiled like a flower again, and he agreed in a hurry, and he stood there. People prepare gifts and follow Weiyue Wu to visit Yan Guogong Shizi.

In this situation, even if Mo Huating wanted to stop, he had no stand, and could only watch Master Wang leave with Wei Yuewu.

Therefore, a light carriage was added to Yan Huaiyu's convoy. This is a special carriage entrusted by King Wang to the Emperor Yan Guogong, asking him to **** Miss Liu, who is in Beijing's Huayang Houfu all the way.

Before the carriage started, a letter from Weiyuewu was quietly sent to his grandfather's house ...

When the carriage of Yan Gongguo slowly left the inn, Mo Huating stood with a few guards on a high slope, his eyes fell on the last carriage far away, his brows locked, his eyes narrowed slightly. A bit shady.

The hand in the robe sleeve clasped a small box tightly, because the palm was sweating because of the force, because of the objects in this box, this marriage, he cannot retreat, Wei Yue Wu can die, but he cannot retreat by himself. !!

If the things involved in this box are true, the marriage with Weiyuewu may be a disaster, but until now, he has always doubted the authenticity of this matter, but Mo Huating has always been Be cautious, even if you only suspect, do not dare to bet on your own future.

I ca n't afford this one!

This is a secret, a huge secret, a secret related to the entire dynasty! And this secret will also affect your own secret!

But is this true ...

After the carriage of the Yan Guo Gong Man disappeared at the intersection, Mo Huating hurriedly brought people back to Beijing, grabbed the front of the Yan Guo Gong Shizi team, and then did not return to his own Jingyuan Hou Fu, and made a direct appointment with Hua Yang Wei Yan, the second lady of Hou Fu, secretly met in a restaurant outside.

After Mo Huating and Wei Yan hurriedly met, they did not stay long before leaving.

"Mother, what should I do? That cheap girl has such a big life that she went to Beijing safely." In the courtyard of Mrs. Li's in the second room of Huayang Houfu, she looked beautiful Wei Yan, twisting a large red embroidered with a delicate pattern Son, anxious and bad way.

As soon as the thought of Wei Yue Wu was not dead, Wei Yan was annoyed to vomit blood.

"What did Jingyuan Hou say?" Li's eyes flashed slightly, his expression was indistinguishable, and he asked with a frown.

"He said that the ugly and cheap girl is now in the same place with the emperor Yan Guogong, and it is inconvenient to do it for a while, but he will definitely be separated when he enters the city. If he can kill the cheap girl while this time, others will also We couldn't find our house. "Wei Yuewu grunted her teeth.

"Why didn't Jing Yuanhou do it himself?" Li's face was so cold that he asked slowly after Wei Yan's impatient urgency.

"He said that he had done it before, and that **** girl had a sharp tooth, which made people doubt him, so now he can do nothing, otherwise it will cause others to doubt, mother, this time I She must die. "Wei Yan squeezed out a sentence fiercely from her teeth.

"Shut up!" Li's face suddenly sank, and the frost at the bottom of his eyes condensed sharply.

Wei Yan froze. She had never seen her mother so yell at herself, she couldn't help staring at Li's, she didn't know where she was wrong for a moment.

"Do you know what you are doing wrong today?" Li Shiqi's face was iron-blue. "You are the most honorable lady in Houfu of Huayang, but you go head-to-head with an unfavorable girl. How can you tell your mother to tell you, Jing Yuan? Since Hou is interested in marrying you, he has to do it. Why should you touch your hands? You are annoying me! "

"But Huating has done it, and he was suspected by the cheap girl. It is inconvenient to do so at this time." Wei Yan explained unconvinced.

"Stupid girl, why are you so stupid, even if he has raised the suspicion of that cheap girl? As long as he cleans up that cheap girl, no one can find him, and he is a man, move Isn't it more convenient than a lady in your courtyard? "

Li's furious.

"Mother, but now I have agreed to Huating, and he is waiting for my good news. If I miss this opportunity, let the cheap girl enter the house safely, my daughter will be in trouble. I heard that cheap girl, teeth The sharp mouth is very sharp, and at that time, she must not say anything unpleasant to her grandmother. "Wei Yan stomped anxiously, remembering Mo Huating's affectionate eyes on her, she felt that she had to help Mo Huating to handle the matter.

Speaking of this, Li also had headaches. He thought that he was just an inconspicuous little girl who had escaped her life, but now she is going to have a big wave.

Seeing Li's silence, Wei Yan became more and more frightened, her eyes turned, and she gave a severe medicine to Li's: "Mother, if you should stop charging, I'll go to the eldest sister to help."

She knows that her mother loves herself, but what she cares about most is her eldest sister, the concubine of Bei'an Wangfu.

"Okay, okay, you go back first, don't bother your elder sister about this, I'll discuss it with you." Li's finally stopped calming, his eyebrows were raised up, angrily.

That cheap girl really could n't stay. It was a scourge after all. She was sent away before she could figure out how to solve her. Now that she is here, I have dealt with it early, while she will return No matter what happened to Huayang Houfu House, no wonder he was on his own.

The capital is already in the distance, and it is said that in another hour, it will be the capital.

"Jin Ling, give this to Yan Shizi for me." Wei Yuewu carefully removed a ring from her finger, her eyes fixed, she looked at it carefully, sighed, and then handed it to Jin Ling.

This is an ordinary square ring. There is nothing outstanding, but Weiyuewu knows clearly that this is a delicate private seal. The front of the ring has a small square protrusion and is not inlaid with any gemstones. , There are some fine stripes on it, it looks like some carved patterns on it.

If you press the front of the ring in red ink, and then press on the white paper, you can see the font.

This was left to her by Wei Yuewu's biological mother. Because she wore it on her hand, she was able to survive the robbery.

Take it out at this time, of course, because I have a request for Yan Huaiyu!

In Weiyuewu's heart, this is not only a token, but also the relic of her biological mother, but now it is even harder to shed, and the capital waiting for her is the Longtan Tiger Cave ...

Jin Ling watched Weiyuewu take the ring so carefully, and nodded quickly, carefully took Weiyuewu's ring, got out of the carriage, and brought it to the carriage in front.

After a while, the carriage suddenly stopped, and Weiyuewu could sense the guard horses outside, and stopped uniformly, and then there was a severe silence. In this silence, a quiet, clear voice was heard "Please, Miss Wei Liu get off the carriage and take a break."
