

Young Lady 121

Chapter 121: Quarrel outside the buddha hall

Chu Guogong Shizi and Qi Guogong Shizi were frowning, and the sound of "噤 噤 噤" going upstairs came from the stairs again. Mo Huating followed the crowd and saw Wen Tianyao, the advanced prince, who was slightly more partial. The latter position is Yan Huaiyu, the emperor of the State of Yan Guo, and Lu Lili, the emperor of the State of Lu.

With Mo Huating, Chu Fangnan, the son of Chu Guogong, and Qi Yunhao, the son of Qi Guogong, were the four princes Wen Yi. When they saw the prince going upstairs, he stepped forward and respectfully gave a gift to Wen Tianyao: "Brother, where have you been? Jingyuanhou and I came with my two sons and did not see you! "

Wen Tianyao's face showed a slight smile, and he gave a handful of help: "After a long time you won't be here, Yan Shizi wants to go to the main hall first, then go down first."

This side hall is actually connected to the main hall below. There is no need to go outside and enter the main hall through the main entrance.

Chu Fangnan and Qi Yunhao also came to see His Royal Highness at this time. After a group of people greeted, everyone sat down together.

Sitting in a window by the window, Yan Huaiyu raised her obliquely long Fengmiao, and happened to see the Weiyue dance below, with a smile of evil charm in her mouth.

This girl was really surprising. He was only in the hall, but he heard the farce in front of the hall ...

Of course I found something interesting ...

In front of the steps of the main hall, Yang Yurou, who was dumb and questioned, did not dare to underestimate Weiyue Dance, and was rather jealous and took his own girlfriends to the side. .

Even though this Miss Yang Er was accustomed to arrogance on weekdays, she also knows that today is the home of the two princesses, and she also knows clearly that the power of Huayang Houfu is by no means comparable to her own Shilangfu.

"Miss Wei Liu, thank you!" Yang Yuyan looked at Wei Yuewu in a low voice with tears in her eyes.

"No problem, Miss Yang also helped me." Wei Yuewu moved slightly, but did not go to another place where no one was. Instead, she walked towards the place where Yang Yurou's group of people stood. You Shen, there is such a good person here, how could she give up casually!

Over there Yang Yurou saw Wei Yuewu approaching and stood up.

But they saw Wei Yuewu stop at the pillars two steps away from them, watching the delicate carvings on the pillars with her hands behind her.

Seeing Wei Yuewu not provoking herself directly, Yang Yurou no longer stared at Wei Yuewu and turned around to talk to her girlfriends, but her attention fell on Wei Yuewu from time to time.

"Miss Wei Liu, where are we going to talk?" Yang Yuyan's eyes were still with tears, he took a few steps, glanced at Yang Yurou timidly, stretched out the sleeves of Lai Yueyue, pointed to the other side and whispered Road.

Where Yang Yurou was, she was very uncomfortable, angry and hate, but she couldn't help her.

"If Miss Yang is tired, take a rest over there and I'll take a look again." Wei Yuewu shook her head, shaking her sleeves slightly with a little alienation.

Yang Yuyan's hand fell down, and she felt quite neglected. Immediately, the aggrieved tears made a few turns in her eyes. Yahuan Jin'er took an angry look at Wei Yuewu and handed a piece of parcel to Yang Yuyan. But dare not say anything.

"Miss Wei Liu ..." Yang Yuyan had to persuade.

"Miss Yang, the two princesses are here." Wei Yuewu turned and looked in the direction facing the hall.

Sure enough, a group of women in Jin Yi was walking slowly. The first two were the third princess and the fourth princess, both of whom were gorgeously dressed, with beads around their heads and jade pendants. The pretty girl with the three princesses in her side was gentle and tender, and it was Miss Wei Qi of Huyang House, Wei Qiufu.

Seeing the two princesses coming with such a large group of people, Yang Yuyan didn't know if she was timid and leaned to Wei Yuewu.

Her appearance is also very difficult to make people feel sick. Wei Yuewu only looked at her a little and then turned her attention to Wei Qiufu.

"His Royal Highness is also here."

"Yan Shizi, he ... he came here ..."

"Yan Guogong Shizi, it is really Yan Guogong Shizi!" ...

A low voice passed and pressed, these were originally family ladies, their behavior was the most regular, but at this time, each one with a shy eye, looked with surprise and joy at Yan Huaiyu who was standing at the later position of Wen Tianyao.

Such a handsome man, the whole body seems to be full of a kind of ostentatious magic, the gentle smile on his face is like a fairy in the sky, without a trace of dust, the moonlight dance glances past, even with Wei Qiufu Falling in love with Wen Tianyao, Xiao was thinking about the position of the princely concubine. At this time, he was also lost in his handsome beauty at that moment.

The low sighs of the women around from time to time, of course, Yan Huaihuan has the title of unparalleled son.

Even though Wen Tianyao next to him is just as good, and he still has the supreme power, but at the first glance, everyone's attention still fell on Yan Huaiyu, and for a time he was charmed by his style. Confused, only Wei Yue Wu remained a little sober, and took a step back subconsciously.

After such a gentle and peerless beauty, in fact how cruel and ruthless a heart is.

Sure enough, this plum viewing was not as simple as I thought.

At the gate of the city, in the carriage of Chu Diqi, there should be two sons walking behind. At the time of the palace banquet, Wei Yue Wu had seen them far away.

It is strange that four unmarried sons of the four princes' territories appeared together.

And on her own side, the three princesses and the four princesses were all Yunyings unmarried ...

The meaning revealed in this is really weird, enough to make Wei Yuewu groan and stop coming forward.

But whether she wants it or not, this meeting must also come forward to meet.

As a result, Wei Yue Wu followed the family members who had returned to their souls, and stepped forward to His Royal Highness together.

"Sister Six, I heard that you are ill, can you still stand? Would you like to rest first?" Wei Qiufu stepped out from behind the third princess and went to Wei Yuewu. She raised her hand and asked Yingying .

Although her voice is not high, but this will come out directly behind the third princess, but it also brings a lot of attention to Wei Yuewu.

Yang Yuyan seemed a bit timid and shy. She shrank blushing behind Wei Yue Wu, lowered her head, and did not dare to see people. Although her looks were beautiful, she was placed in such a large group of beautiful family ladies Nothing stood out, and hardly anyone noticed her.

But it almost doesn't mean there isn't.

Jin Ling next to Wei Yewu was standing next to her. Although her eyes did not look at her, her attention was focused on her. Therefore, her hand did not miss the flash of light on her face, which was completely different from her shy look. Same jealousy ...

"Sister Sister, I'm a little uncomfortable, it's okay!" Wei Yewu shook her head, smiling like a flower.

There was a touch of chill at the bottom of his eyes, and he was even more alert. Wei Qiufu was able to speak, saying that he was going to rest. The prince and princess were all here. How dare he say that he would go to rest.

"Is it okay? I heard that I had gone to Miss Yang to ask for medicine? Sister Six was really uncomfortable and told her sister, after a while, would it be better for Miss Yang to be better than sister Four!" Wei Qiufu teased softly, and his voice was pro, although there was a bit of blame in it, but it was so reasonable.

It not only shows the closeness between her sisters, but also expresses her jealousy about the friendly relationship between Wei Yewu and Yang Yuyan, which is extremely ridiculous.

From the first time she met Wei Qiufu to the present, her performance has been remarkable, always looking like others.

"Sister Four joked and laughed, nothing really happened." Wei Yue danced.

"That's good, come here, I took you to see the two princesses." Wei Qiufu took Wei Yewu's hand affectionately, and smiled to the third and fourth princesses.

Yang Yuyan took Jin'er and naturally followed Wei Yue Wu and passed all the way.

No one saw the eyes of Yang Yurou, who had been dealing with Yang Yuyan, turned around. After thinking about it, he followed them calmly.

Behind the prince, Mo Huating's gaze fell on Wei Yue Wu with a bit of complexity, but it only passed away, then his head was lowered, and his hands were on his waist ...

Yan Huaiyuan, who was standing in front of him diagonally, turned his head at this time. His narrow eyes turned to Mo Huating's face and smiled gently at him. Mo Huating's hand was stiff on his waist bag and he dared not have Do it! Fear of disturbing the son of the State of Yan.

Just now, everyone was saluting at this time, but at this time was led by Wei Qiufu alone. Wei Yue Wu didn't know what medicine Qiu Fufu bought from the gourd, and was always issued by the three princesses. Zhang please post it, and it's already Wei Qiufu's situation, but fortunately, she is always on guard ...

"I have seen three princesses and four princesses." Wei Yue Wu stood in a soft voice.

"Miss Wei Liu's body is not good? Fang Caiwei Fourth still talked about it in anxiety." The third princess asked softly.

The four princesses squinted and watched Yuewei Wuwu not speak, but waved her hands to signal that she didn't need to be polite.

"Thank you Three Princesses, just a little bit cold." Wei Yuewu answered respectfully.

"Miss Four, should you be relieved now? Although Miss Wei Liu looks thinner, it doesn't look like the wind is blowing down." The third princess turned to Wei Qiufu and laughed.

From this sentence, we can see that the relationship between the two people is excellent, and I want to come, otherwise the three princesses cannot temporarily add a post to themselves.

"Three princesses, can my courtiers ask the three princesses for something?" Wei Qiufu smiled.

"What is it?" The three princesses asked in amazement.

They stopped to question, and a large group of people stopped together with His Royal Highness and several sons.

"Liu Mei's health is always bad, and the maids still can't rest assured. I wonder if I can borrow a doctor from the princess for a while and check the body for Sister Liu." Wei Qiufu laughed, and the words were reasonable. With a little worry, a perfect good sister image.

Anyone who reads it will feel that the Miss Wei Si in front of her is really thinking about Wei Yue Wu.

"Good!" The third princess said cheerfully.

If the blood of the royal family like the three princesses travels for a long time, then the travelling staff must be accompanied by a Taiyi, which is also for their safety considerations.

However, the mutation happened suddenly at this time.

Wei Yuewu couldn't stand up, suddenly, a flash of coldness flashed in the corner of her eyes, yet to wait for a response, a strong pull around her stepped back ...

Chapter 122: Assassination, who is the target

No one could have thought of an assassin appearing at this time. Four masked assassins, at this time, suddenly emerged from behind the wall, the sword light flashed, all directed at the prince Wen Tianyao standing in the middle.

Mo Huating put down his hand on his waist, and rushed out with the guard around the Prince to stop the assassin.

Wen Tianyao and Yan Huaihuan are used to such scenes, but those family ladies who are locked in their boudoirs usually have seen this and screamed for a while. In a panic, several people ran out in panic, and the whole scene immediately became chaotic.

"Six ... Miss Six." Wei Yuewu could hear her sleeves being shaken before she spoke, and when she looked back, she saw that Yang Yuyan was tightly behind her, and Zhang Huan was afraid. .

"Sister Six, are you okay?" Wei Qiufu came from the other side with a nervous voice.

"Sister Four, I'm fine, thank you Sister Four." Wei Yuewu thanked him, and it was Wei Qiufu who pulled her away from the two princesses.

"Is it really okay?" Wei Qiufu didn't seem to be relieved, she turned Wei Yuewu around, looked up and down, and found that she was just a little pale and there was nothing else wrong, so she was relieved.

"Fortunately, it's okay. Fortunately, it's okay! Otherwise, I can't explain it to my grandmother." She laughed strongly and could see her fear.

Anyone who saw it felt that Wei Qiufu was sincere to Wei Yuewu.

Although Wei Qiufu said that he could not explain to his grandmother, the concern and tension on his face couldn't be hidden, and he was still wholehearted.

"Thank you Sister Four, you have to be careful too." Wei Yuewu raised her eyes calmly, and looked at Wei Qiufu with a smile.

She can only say now that Wei Qiufu's acting skills are more brilliant than Wei Yan's.

The target of the assassin seemed to be Prince Wen Tianyao. Even the position of the two princesses standing next to him was not safe. Wei Qiufu pulled Wei Yuewu away a few steps. No matter how far they were, at least he could say Her concern for Weiyuewu.

Wen Tianyao had a lot of guards. He rushed up and blocked a few assassins.

Those ladies from the family have basically controlled the scene. Although most of them are pale and embarrassed, they will no longer be screamed, but because of the previous confusion, many ladies are already in the crowd. periphery.

Wei Yuewu's eyes fell on a rushed female nun. This female nun should be the plum nun's female nun. I don't know what happened here. When I came to check it, my courage looked not small and was walking through the scattered Ladies, come over to Wen Tianyao.

Everyone's attention was on those assassins. No one knew what was wrong with a female nun at this time. It must be plum blossoms. Besides, there was still such a chaotic scene around.

Wei Yuewu, however, felt weird that she couldn't say, and always felt a sense of incongruity that couldn't be said.

Excessively strong body, crooked willow eyebrows painted, and the ruthless hide hidden in the bottom of my eyes ...

Suddenly, Wei Yuewu saw that a guard in front of Wen Tianyao stopped the female concubine, and Xu, a female concubine, was also a strong, strong, dry, and stepped on the hem of his skirt, and immediately fell to the ground. And just for a moment, Wei Yuewu saw a pair of big feet that were slightly exposed under the skirt.

Such a pair of feet can never be a woman's foot!

Well, this is a man, a man disguised as a concubine!

Wei Yue Wu hadn't figured out what to do yet, so she heard Wei Qiufu yell in the ear: "Catch the assassin, he is an assassin!"

Only then did her voice fall, and she saw the fallen nun jumped up from the ground. She didn't know when a sword appeared in her hand. The sword pointed at Wen Tianyao, and the fluttering fluttered past. ...

"Miss Six, why did you push us Miss!"

"Miss, be careful!" Between the flashes of sparks, the screams of the two girls ring almost at the same time.

Wei Yuewu watched as Wei Qiufu stumbled out, and then slammed into his waist, the direction should be the position of the soft and weak Yang Yuyan, followed by Jin Ling's voice.

A huge force hit her waist, and there was a force of pulling in front of her, which made her footsteps, out of balance, and flung straight forward, and where she stepped forward, she was also unstable. Wei Qiufu, her hand is still pulling a sleeve of Wei Yuewu.

In her ear was a low exclaiming voice: "Sister Six, you ..."

At this moment, it seemed to be particularly long. All the feelings of Wei Yuewu fell on Wei Qiufu in front of her. She could clearly see that Wei Qiufu was panicked, but she couldn't hide the color of her lips and bring herself. Actually, the sword stabbed to Wen Tianyao slammed forward, and the exclamation in his mouth seemed to bring the crowd into another question.

Miss Wei Si has always cared for Miss Wei Liu who has been added, what did she do to Miss Wei Si, so that suddenly Miss Wei Si flew to the sword tip with exclaim, and even took Miss Wei Liu herself to follow the sword Knocked in the past ...

At this angle, one after another, Wei Qiufu originally fell out in front, and should have hit the front to block the sword, but because Wei Yuewu hit the cast, it was more sufficient, and for a time, he was even faster than Wei Qiufu. Quickly, I saw the sword coming towards my chest, and the face of the female niches appeared clearly in front of Weiyuewu in an instant.

Assassination, even this assassination, not only Prince Wen Tianyao, but himself!

Wei Qiufu actually used this assassination, not only to hurt her reputation, but also to kill her life ...

She escaped from the robbery of Wei Yan and Mo Huating, and was finally counted by Wei Qiufu. She was unwilling!

I do n't know where the power comes from. Weiyuewu is struggling with his hands. The sleeves on the other side are still tightly pulled by Wei Qiufu. With this strength, the body pulls the direction in which he falls down. At an angle, a sudden pain came from the shoulders, blood swelled, his eyes were black, his lips were bitten, and the rust of blood in his mouth made him feel dizzy.

At this time, she cannot faint ...

The surprise changed because of the intervention of Wei Qiufu and Wei Yuewu, but the assassin posing as a female ninja also quickly caught the net. As the person in charge of protecting the prince, Mo Huating naturally went to trial, but he was taking When I went down, my eyes fell on the pale **** face of Weiyuewu ...

Yan Huaiyu held Wei Yuewu's thin body and felt her trembling, seeing that sharp sword pierced her shoulder, blooming a red blood color like red plum, but she used a stiff Lie in his arms, like a fragile porcelain doll, with a gleam of coldness in his handsome eyes.

Holding Wei Yuewu with one hand carefully, but when seeing those closed eyes opened with trembling, with a daze and a little scare to hide, he slightly awoke, but saw the corners of her lips There was a gleam of coldness in his eyes as well as a faint glimmer of light in the blood.

Such a girl is weak, and in this situation, she is not dizzy, it can only mean that she has a strong self-control, and this self-control is at a price ... stretching slender fingers, very fast on her shoulder He clicked a few places, held her blood, and then pinched her seemingly stiff chin, soothing softly: "Don't be afraid, it's all right."

With her jaw pinched, Wei Yuewu's mouth unconsciously relaxed, with a dull look, struggling to fall on the person in front of her, but for a while she could not recognize who was so magnificent in front of her. For a moment, there was only one obsession in her mind, she couldn't faint, and she couldn't faint at this time.

Prince Sword prince, Wei Yue Wu and Wei Qiufu rushed over, a sword stabbed on Wei Yue Wu, things flashed and sparks generally flashed, and defender Yue Wu fell on the arms of Yan Guogong Shizi, this is to say Miss Hualiu of Huayanghoufu saved the prince?

Everyone was shocked and didn't know how to react ...

"Sister Six, how are you doing? Sister Six, are you okay?" Wei Qiufu did not fall to the ground, she fell into the arms of Prince Wen Tianyao, and at this time pushed the Prince off, anxiously asking I thought of getting up, but I didn't know if I was frightened, so that I got up, fell down again, and was caught by Wen Tianyao.

"Miss Four, why do you still ask Miss Six, just ... Miss Cai Liu pushed you out ..." Wei Qiufu's Yahuan Mingyan stamped her feet anxiously, with a look of loyalty.

Jin Ling arrived at this time, and saw Yan Huaiyu holding Weiyuewu with **** flowers on her shoulders, but the sword was not inserted in her heart, and her heart was slightly loose.

Only then did she see Yang Yuyan push to her own lady's waist, alert, she wanted to jump over and wanted to hold Wei Yuewu, but she was not only pushed by Yang Yuyan, but also pulled by Wei Qiufu .

To catch Wei Yuewu's hand empty, Yang Yuyan has fallen in front of her, blocking her way, waiting until she kicks Yang Yuyan and rushes over again, Wei Yuewu is in crisis.

If it wasn't for Wei Yuewu's desperate deflection at that time, then the sword should have been pierced into the chest and had no physiology.

At this time, hearing that Yan Yan was still staining her own lady on the edge, Jin Ling was immediately angry: "Miss Four, you fell out by yourself, but you also missed us, and what did our lady push you out? It was our lady who did it. At that moment, why was it our lady? "

Jin Ling has practiced martial arts since she was a child. Naturally different from the ordinary girl ring, Wei Yue was in distress. She was sweating a lot, and even Yang Yuyan, the waiter 's family, dared to kick. What dare not? Besides, she pointed out sharply that no matter what they said before, it was always Weiyuewu that was in trouble.

The facts were put there, and many people just saw it clearly. If Wei Yue Wu did not deflect it, it would be long gone.

The four princesses frowned tightly and glanced at Wei Qiufu. Although nothing was said, there was a little doubt in the bottom of her eyes, but the princess's eyes fell on Yan Huaiyu, who caught Yan Huaiyu's eyes. Wiping the tenderness, a hint of jealousy flashed on his face, but then he hid behind the pale face after being frightened, observing everything calmly.

Wen Tianyao took a look at Wei Qiufu in his arms, and then looked at his face pale as snow, but still kept the sober Weiyue dance, a faint flash of light flashed through his eyes, and he took two steps back to take the Wei in his arms. Qiu Fu asked one of the three princesses to help her, and she stood aside and watched the change of situation.

Wei Yuewu's intellect recovered a little bit, holding back the pain of her shoulders, helping Yan Huaiyu to slowly stand up straight, then pushed him away, and Jin Ling on the side immediately came to help her and to resist the slight trembling she was.

Yan Huaiyin motioned behind him, and immediately a prince ran over from behind the crowd.

Chapter 123: Miss Yang transformed into justice

"Sister Sister, why did you ... pull me?" Wei Yuewu almost hung half of her body on Jin Ling, and anyone could see that she was holding her breath.

"Sister Six ... Isn't you ... Push me?" Wei Qiufu couldn't think of Wei Yuewu actually escaping in this situation. Not only did she escape, but now she was able to face herself face to face, and she could not help showing a panic in her eyes. But in an instant, he stabilised, tears in his eyes, an unbelievable look.

"I pushed you?" Wei Yuewu stretched her hands and covered her shoulders. Her face was pale and there was no trace of blood, and she smiled lowly. "I pushed you, so I almost hit the sword tip and died. "

I want to frame you, so I have something wrong!

Such a logic is incomprehensible in any case, and Wei Qiufu couldn't find anything to explain for a while, and immediately hesitated. The scene in front of her was beyond her thoughts.

"Miss Six, it's our Miss you pushed. Otherwise, how could our Miss crash out of her? She didn't stand in front of you at the time." When Ming Yan saw her young lady suffer, she immediately raised her voice and made a special announcement. Wei Qiufu was standing in front.

Wei Yuewu took a cool look at Ming Yan and glanced at Jin Ling, a question from a girl ring, of course, without her answering.

Jin Ling understood, and snorted coldly: "Our lady is standing behind your young lady, but when your young lady fell out by herself, she still pulled the sleeve of our young lady. And she said faintly After your lady, it was so chaotic at that time, how did Miss Four know clearly that she fell out and had something to do with our lady, so did she have the intention to pull us out? "

Did Wei Yuewu push Wei Qiufu, everyone did not see it, but Wei Qiufu held Wei Yuewu's sleeves, but several people saw it. After listening to Jin Ling's words, she looked at Wei Qiufu's eyes, All weird.

Is this Miss Wei Si by no means so gentle and kind as the legend outside, in what kind of mentality was she pulling the sleeves of Miss Wei Liu, pulling people out?

And why did she think that it was Miss Wei Liu who had knocked her out at the time? Miss Wei Liu must have stood behind her.

Wei Qiufu could not think that a girl ring around Wei Yuewu was so sharp. Seeing her irony face flushed with red, she could not explain for a while.

"Miss Four, no matter whether we are pushing you or not, if you pull our lady out like this, you will have to pull our lady to the sword of the assassin. If it wasn't for our lady's response, it would have been a death on the spot. Now, what Miss Four wants to say is what it is. "

Jin Ling was so angry that she missed herself and actually let Wei Yuewu fall into danger. At this time, of course, she wouldn't be polite, pointing out that Wei Qiufu intentionally murdered Wei Yuewu.

"I was panicked at that time, I don't know what was being held in my hand." Looking at the skeptical eyes of the people around him, even though Wei Qiufu hated her heart, she had to explain at this time.

I thought it was a double-edged bird, but I didn't expect it to happen, but now it's still faint ...

"Miss Six, yes ... is the Miss Four you pushed ... I ... I saw it." A timid voice stepped in.

The crowd turned back, and then they saw Yang Yuyan limped by Jin Er.

Yang Yuyan's situation is also very embarrassing now, her head is embarrassed and messy, and her face is still stained with a few dusts. Jin Ling was just in a hurry and didn't care about her. She kicked her on the waist. , A little movement, all the pain in the whole body cyanosis, cold sweats.

She just stood next to Wei Qiufu and Wei Yuewu, but it was an excellent position. For her, she immediately proved Wei Qiufu.

"The four elder sisters I pushed?" Wei Yuewu held back the vertigo for a while, turned to Yang Yuyan, and a sarcastic smile aroused in the corners of her lips.

"Yes ... yes!" It seemed a little afraid of Wei Yuewu, and Yang Yuyan stopped outside her two steps, afraid to move forward.

Yang Yuyan has been standing with Weiyuewu just now, and two people entered the field at the same time. Yangyuyan followed Weiyuewu tightly along the way, showing a friendly relationship, which will be pushed by her Wei Yuefu's seems to best explain the facts.

"Miss Yang saw it?" Wei Yuewu said coldly.

"I ... I saw it!" Yang Yuyan stammered, her face was weak, and everyone's eyes fell on her, and she encouraged her courage, her face flushed, "I was standing in two On the side of Miss Wei, she saw Miss Wei Six pushed by Miss Wei Liu, if ... if Miss Wei Liu did too much, and she had such a good relationship with Miss Wei Liu, how could she testify to Miss Wei Six . "

"Miss Yang, what's your relationship with our lady? Our lady didn't know you before, and never even knew who you were. It was you who took the initiative to send medicine to our lady, and took the initiative to accompany our lady, and have been Bara. If our lady does not leave, if this relationship is still good, I really doubt Miss Yang, if you deliberately entangle our lady, do you have ulterior motives. "

Jin Ling grunted coldly, yelling at each other.

She is a girl ring. When speaking, she is no better than a family lady, and at this time she can see that Yang Yuyan has no good intentions, and her speech is even more sharp.

Although Jin Er next to her wanted to retort, she saw the prince and the two princesses standing in front of her.

"I ... Miss Wei Liu and I met the same situation at the same time. Let's be sorry for each other, and we became good friends immediately, but I did not expect Miss Wei Liu to be such a person!" Being questioned by a girl ring, Yang Yuyan's face turned red, but still Speak with a little anger.

"So Miss Yang is here for the sake of righteousness?" Wei Yuewu looked at her coldly, a hint of taunt flashed in her eyes, which turned out to be why Wei Qiufu wanted to share a yard with Yang Yuyan.

To create an illusion that outsiders have a close relationship.

Then after the incident, Yang Yuyan testified for Wei Qiufu, and it was even more convinced that she was a black hand against Wei Qiufu.

Moreover, at that time, he was seriously injured if he did not die. What he wanted to say was not just letting them both look at the direction where Wei Qiufu just rushed out, and then saw Wei Qiufu falling in Wen Tianyao's arms. Knowing that Wei Qiufu not only wanted to harm himself, but also wanted to have a relationship with Wen Tianyao.

This is really a matter of killing two birds with one stone ...

In the crowd, Yang Yurou shuddered and frowned.

"I ... I just can't get used to Miss Liu's young age, it's so vicious, Miss Wei is so good to you, but you push Miss Wei to such a dangerous moment, if it is almost, Wei Si Miss is dead! "Yang Yuyan was also on the string at this time and had to send.

"I thought that Miss Liu was a good one, so I made good friends with Miss Liu. I knew that Miss Liu was such a person. I ... how could I not be friends with Miss Liu."

"Miss Yang means that you have always been a righteous person, so when you see something wrong, you immediately stand up and preside over justice. It turns out that the rumors of Miss Yang are false, and it seems that someone must think Miss Yang has been assaulted. "Wei Yuewu smiled softly.

The stabbing pain on her shoulder made her almost unable to stand, and she started to sweat coldly, but she still stood firmly holding her hand.

Seeing the sweat dripping from her white tender forehead, Yan Huaiyu's face flashed a coldness, but she still stood there with her hands behind her, and the Taiyi brought by him stood tightly behind him, watching the same Xiang Weiyuewu had a little more admiration in his eyes. He was a doctor, and at a glance, he knew that Weiyuewu was not hurt.

It is really admirable that such a thin girl is weak, and she can still stand there calmly.

Wen Tianyao's eyes also fell on Wei Yuewu's face, and then fell on Wei Yuewu's blood-stained shoulders, and he frowned inexplicably, and felt a weird feeling of palpitations in the bottom of his heart, which made him very ill!

There was another person in the crowd who was touched by Wei Yuewu's words. Yang Yurou bit his lip, looked at Wei Yuewu, and looked at Yang Yuyan. Finally, she fell on the faces of the four princesses, and her feet moved slightly.

In the case of Wei Yue Wu, Yang Yuyan didn't know how to pick it up, so she couldn't advertise her justice before the Prince's Hall!

"Stop Liumei, just when it's my fault. When I shouldn't fall out, I grabbed Liumei's sleeve and hurt Liumei in distress. How about you being hurt by Sixmei, should you let the Taiyi see it first? Wei Qiufu opened his mouth at the right time, showing a look that she didn't want to chase for a long time, showing a kind tolerance for Wei Yuewu.

She pushed away her uncle's hand and walked over as if trying to help Jin Ling support Yuewu.

But Jin Ling stretched out her hand alertly, angrily said.

"Miss Four, you still do n't want to be close to our lady. You do n't rely on our lady. Our lady is okay. As soon as you approach our lady, our lady is pushed back by a foul, and you almost die. Know what else will happen next. "

"It is clear that Miss Six pushed our Miss, and she didn't know how to fall out. She was unlucky, and hit the sword. Miss Yang also gave a testimony. Our Miss is not going to hold it. You do n't want to. Rao, it's hard to do. Miss Six has caused our girl to have an accident, and she has to apologize to Miss Six. "

Ming Yan saw Jin Ling reach out and quit.

"Yes ... yes, I saw it, it was Miss Wei Six pushed by Miss Liu Liu." Yang Yuyan interrupted in a timely manner, and immediately brought everyone back to the original topic.

"Ms. Yang really saw that I pushed four sisters?" Wei Yuewu resisted the halo feeling, and her eyes fell on Yang Yurou, who was still hesitating, and sighed a little. Road: "Sure enough, Yang Shilang's mansion still gave birth to a good daughter. It seems that Yang Fu's selection, that place must be Miss Yang."

This sentence was not high, and only people who were close to her heard it. Yan Huaijiang stood next to Weiyue Wu, listening to the truth, first a moment, then a clear smile on his face.

I also heard Yang Yurou. She paused and her face became cold.

Chapter 124: Insidious, not bad

Outside the crowd, Yang Yurou, who had made a decision, said in a loud voice, "Sister, why didn't I see Miss Wei Liu pushing Miss Wei Six, but I saw you pushing Miss Wei Liu."

In a word, Shi was so shocked that everyone looked at Yang Yuyan suddenly.

"Second ... Ermei, how can you say such a thing?" Being looked at by so many people, Yang Yuyan was panicked and confused, crying blushing, "Even if you don't like me, you can't say that Ah! "

"Sister, I wasn't the only one who saw it at the time. Didn't the sister think that these family members have a lot of money to taint you with me?" Since Yang Yurou stood out, there was some evidence, and she was bigger than Yang Yuyan. At that time, she pointed her fingers at the ladies around her.

Only when she followed Yang Yuyan all the way, her girlfriends also followed.

Originally, they were standing closer to Weiyue Wu, and because His Royal Highness Prince and Princess appeared, they came to meet with them, and they were not noticeable.

Only Wei Yuewu noticed that Yang Yurou was always behind Yang Yuyan, which was originally brought in by her intentionally ...

"Yes, we saw. When Miss Wei Si fell out, she pulled Miss Wei Liu's sleeve, and Miss Yang pushed her back hard."

"Miss Yang pushed it, otherwise Miss Wei Liu could not hit the sword and get hurt."

"Miss Yang is so vicious that she really wants Miss Wei Liu's life." ...

Now that Yang Yurou has spoken, the ladies of the family who have made good contact with her, after looking at each other, said one by one with indignation.

Yang Yuyan was as pale as a dead man, terrified but unable to say a word of excuse, and then he could only look at the three princesses with his dull eyes for help.

The eyes of everyone looked at the three princesses with her eyes, and there was doubt in their eyes.

Seeing everyone looking at herself, the third princess's face sank, and Napa covered her face and gave Yang Yurou an oblique glance, ignoring her. Gu Zi turned and whispered a few words to the side maid, and stood by her. The maid of the house nodded, and stepped back.

"Sister Six, it wasn't me who pushed you, but Miss Yang actually pushed you, but I mistakenly thought that it was you who pushed, causing our sisters to have a gap." Wei Qiufu was shocked, but changed a pair immediately. Looks like a masked man with tears in his eyes and an angry glance at Yang Yuyan, and then stretches out his hand to hold her hand affectionately.

Basically, there is a conclusion. Wei Yuewu has no intention to play with Wei Qiufu's affectionate sister Yang. She can't hold it anymore. She leans backwards, and Yan Huaiyan, who was standing on the side, didn't wait for Jin Ling to reach out her hand. She hugged her slipped body, narrowed her long Fengmu eyes, glanced at Yang Yuyan who was paralyzed, and then scanned the prince's face with a bit of quirks, thinned her lips, and turned to stride towards the side hall. Go on.

Taiyi hurried to follow up.

Wen Tianyao's feet moved slightly, but after all, he didn't follow the past, only set his eyes on Yang Yuyan, who was aside.

Faintly said: "Come here, send Miss Yang back home!"

The matter has basically been determined up to now. The young lady of Yang Shilang's Mansion didn't know what the purpose was, and deliberately framed Weiyuewu.

A word from His Royal Highness, plus a disgusting look, Yang Yuyan's body softened and fell to the ground with a "thump", and originally her waist was kicked by Jin Ling. At this time she fell again and immediately made a pain call.

But the two guards who came over did not show any pity for Xiangxiyu, dragging her two arms directly, and Yahuan Jin'er screamed and chased after him.

"His Royal Highness, my six sister, she ... will she be okay?" Wei Qiufu's face looked remorse and hate, "It's all my fault, and I didn't know who pushed it, I thought it was six sister, It was my fault that Sister Liu insisted on explaining. It was my fault. When I returned, I reported my grandmother for a while and asked my grandmother to punish me. "

She didn't shirk a little responsibility, and she also had the illusion of covering all the mistakes on herself, which made people feel good. Speaking of which, she was the one who fell out first. It was also unusual. Although Wei Yuewu had hit the sword, it must be that Wei Qiufu was not in a good position at that time, and the sword did not have eyes. Who knew if it would hit her.

Wen Tianyao's expression eased a bit, soothing her: "Miss Wei doesn't have to worry about it, Ms. Liu is not hurt deeply."

Wen Tianyao was a martial arts practitioner, only to glance at Wei Yuewu's injuries, and seeing that she had little blood flow, naturally came to this conclusion, I am afraid that I just broke the skin, and the reason why I passed out was just The result of Miss Jiao's shock and fright!

He reached out and hugged Wei Qiufu who fell in front of himself. He did not see the scene where Yan Huaiyu gave Weiyue Wu a point to stop bleeding, and he saw Weiyue Wu persisted for so long. Injury, otherwise Wei Weiwu's thin boudoir is weak, how could it be there.

"Isn't it really hurt?" Wei Qiufu asked in relief, the corners of her eyes were all hope and anxiety, and anyone could feel her eagerness and nervousness.

"It's really not deep, and nothing will happen." Wen Tianyao still had a good opinion of the sister who has always cared about her sister, and she answered it gently now.

"But Six Sisters did not faint when they were in the sword. At this time, they passed out?" Wei Qiufu asked with a reassurance.

"It may be that your younger sister remembered that she had hit the sword, and could not bear it anymore." The four princesses said impatiently, withdrawing the eyes that had been paying attention to Yan Huai's back, Want to worship Buddha? "

In a word, the Weiyue dance is pretended.

There was a hint of doubt in Wei Qiufu's eyes, and what the four princesses said was also very reasonable. Is Wei Yuewu really pretending? And now it's so timing ...

His eyes froze slightly, and he looked back at the direction of the disappearance of the Emperor Yan Guogong, and his eyes became cold in the place where no one noticed!

Someone else may think that she misunderstood Weiyue Wu. There is actually nothing between the two, but in fact the two had a secret battle. The news from Xie Qingzhao meant that the reason for the deviation was that Liumei who entered the government because of herself.

After planning for so long, how can I allow something to happen at this critical time.

Now that everyone knows it, Wei Qiufu thinks this is the best time to start, pretending to be seriously injured, right? Very good, she has a way to let Weiyue Wu be exposed ...

"Go in!" Even if Yan Huaiyu wasn't there, there were three other sons present. Wen Tianyao nodded, and the group climbed up the stairs and entered the main hall.

When Weiyuewu woke up, it was afternoon!

"Miss, how are you feeling?" Hearing her voice, Jin Ling immediately raised the curtain and asked with concern.

"I ... how about the injury?" The pain in the arm could not be lifted, and a slight movement was the pain of heart palpitations. Since it was talking, it could not bear the wound, and Wei Yue Wu could only stretch it out. Asked with a little husky, the other hand pressed the wound.

Suddenly, she didn't expect Wei Qiufu to be so ruthless, she had to kill herself to avoid it. "Miss, you have to take the medicine first, Taiji said the sooner you wake up, the better." Shu Fei picked up the medicine on the table, and handed it to Jin Lingdao.

Jin Ling took the medicine bowl and looked at Wei Yuewu's flushed face, knowing that she must still have a burn now, and her face was a little heavy.

The medicine was exactly Wen, and Wei Yuewu leaned halfway on the bed. After drinking the medicine fed by Jin Ling, she closed her eyes and relieved her breath before asking.

"What did you do?"

"Miss Yang was sent down by the Prince's Palace, and she was sent down the mountain. Miss Four was fine. When the slave-in-law followed the doctor to get the medicine, she saw that Miss Four was accompanying the two princesses and His Royal Highness with them. Just talking and laughing, nothing looks like it. "

Shu Fei said in anger that they were Wei Yue Wu. When they were down the mountain, they knew that Miss Four was not good intentions. This would happen. Although there is no evidence, they all think that everything is related to this Miss Four. .

"Of course she will be fine." Wei Yuewu closed her eyes, fluttered her long eyelashes twice, but did not open her eyes, only a few cold smiles, how could someone like Wei Qiufu be so? It's simple!

"Miss, even more exaggerated is that when the slave-in-law went to decoction, someone always ran out along the way and asked how the lady was hurt? Did you wake up and also said when you plan to wake up, not hurt? If it's so heavy, just come out early and walk. "

I thought of the girl ring I met along the way, my wife, one by one, expressing the words of care, but the look, the look, clearly is to watch the show, to ridicule, why not let the book non-gas explode.

"Not many people?" Wei Yuewu held back the pain in her shoulder, opened her eyes, and whispered.

"Many, at least a dozen slaves have come this way." Shu Fei's eyes were red.

Wei Yuewu's pale lips are a smile!

That is to say, there are at least a dozen ladies who feel that they are pretending. There are only a dozen of them on the mountain today. Needless to say, such a situation must be attributed to Wei Qiufu, in order to show her innocence. It must be the responsibility of others.

A Yang Yuyan could not be involved with Wei Qiufu.

Wei Yuewu believes that Wei Qiufu did not reveal any useful information to Yang Yuyan, but only used Yang Yuyan for her own sake. I am afraid that Yang Yuyan is still unclear. The person who really pushed her out is Wei Qiufu! Before I saw Yang Yuyan, I often saw the three princesses ...

Wei Qiufu is among the nieces in Houfu, Huayang. Although she is behind, she can be famous in Beijing. Even the third princess and the fourth princess have taken her as a confidant, not without reason!

Such an effort is not comparable to Wei Yan at all. It is not so easy to deal with her!

"Have you ever asked the fourth sister's ring?" Covering her shoulders, she coughed slightly, and Wei Yuewu closed her eyes again, leaning against the impotence and shortness of breath.

Her body is weaker than the average person. My grandmother invited countless doctors to treat it. They all said that it was a congenital deficiency that would fall in the womb. It was not easy to see on weekdays, but if it was injured, it was more difficult to adjust than the average person. It's another reason why my grandmother wants her life to be plain.

"Ming Yan has been keeping outside and refused to leave, but Shizi's people came over and drove her away!" Jin Ling answered the topic.

"Yan Shizi?" Wei Yuewu frowned, and on the surface she and he looked unrelated, unrelated, and unrelated. What does Yan Huaiyu mean? But as soon as he thought about it, he opened his weak but clear eyes and instructed Jin Ling, "Where is Yan Shizi's great doctor?"

Chapter 125: Wrong medicine

"The doctor is outside, but where is the lady uncomfortable?" Shu Fei asked nervously.

"Go invite him in." Wei Yuewu shook her head.

The book was ordered, Jin Ling re-hanged the doffing tent for her, took a book from the shelf on one side, and placed it on the bedside.

The elder doctor stayed in the next room. At this time, I heard Wei Yuewu woke up, hurriedly picked up the medicine box, and followed Shu Fei into the main house.

Jin Lingji pulled Wei Yuewu's hand out of the gauze, put it on the book, and put a gauze on it.

The Taichi settled down, stretched out his hands and drew his veins, and frowned tightly. He was restless, stretched out a hand, and put it on again, and his brows were locked tighter.

Both Jin Ling and Shu Fei's breathing became quicker.

Eventually, Taiyi took the pulse.

"Hey doctor, how is our lady?" The book asked impatiently.

"Your lady is congenitally inadequate. This time you have been injured by a sword. You have to take care of it, not to mention ..." The Tai Yi looked at the gauze tentative voice, and stopped talking.

"Medical doctor, just say it." There was a beautiful voice from the woman in the gauze. Although she was still a little hoarse, anyone could hear her calmly, almost calmer than the two girls.

A sense of admiration, especially born.

With a straight face, he no longer hesitated, facing the fiber shadow in the gauze: "Don't hide Miss Liu. Miss Liu seems to have been prescribed medicine. It may be because the medicine is not used much that makes the medicine weak, but After careful exploration, one or two can still be detected. If this medicine is taken continuously, it will prevent the younger daughter's future daughters. "

"What now?" There was a faint smile on the gauze Neiwei Yuewu's face. When she drank the bowl of soup, it had already been considered that one day, the medicine Li had given herself, It was originally a medicine for tigers and wolves, but after it was diluted, it would not have much influence on itself.

"Fortunately, Ms. Liu doesn't use much, but now Ms. Liu's body is hurt, but she has to use medicine to remove the medicine in her body before she can use other injuries. Ms. Liu's body ..." The doctor sighed and shook Shaking her head, although the medicine can be removed, Miss Wei Liu is now injured, and she cannot use the symptomatic wound medicine. She is also afraid that Miss Wei Liu is too weak to survive.

"This ... how long will it take?" Jin Ling could not help asking.

"It won't take long. There are only two days. If I give my husband two days, I will definitely be able to defend Miss Liu's medicine. But in the past two days, Miss Liu's injuries can only be forced next to each other."

There is a main medicine in the symptomatic wound medicine, which conflicts with that antidote. This is why the Taiyi doctor only used Wei Yuewu with ordinary wound medicine, and the medicine in her body must be solved before it can be used best. Injury medicine.

For such a weak lady, she was stiff for two days. She was not using symptomatic medicine, and the doctors couldn't explain it. Besides, this six lady's body was a little weaker than the average lady.

If this is unbearable, it is easy to be surprised.

"It's okay for two days, Taiyi, prescribe your medicine!" Wei Yuewu nodded calmly, pressed her hand against her shoulder, and said lightly.

"Okay!" Yandi's Taiyi became more and more admired by Wei Yuewu, nodded and stood up, taking the respectful gift of Wei Yue Wu, picked up the medicine chest, turned to go out, and went to the compartment to prescribe Wei Yue Wu.

"Medical doctor, after going out, if anyone asks about my injury, I just need to say that it doesn't matter much." Wei Yuewu's voice came out softly from the gauze.

"Yes!" Based on the admiration of Weiyue Wu, and because of his family son's command, Taiyi was 100% convinced by the words of Weiyue Wu.

Part of today's things, he also saw in his eyes, as a Yandi Taiyi, and was brought to Beijing by Yan Huaiyu, naturally not an ordinary Taiyi, the response is much more sensitive than ordinary Taiyi, After thinking a little, I realized the meaning of Wei Yue Wu.

"After the old man went out, he only said that Miss Liu's injury was not serious, and it was not a big deal. He only needed some conditioning."

"Thank you Taiyi, Shu Fei for your prescription." Wei Yuewu nodded with satisfaction.

When the Taiyi left, Jin Ling picked up Zha, and looked at Wei Yuewu with an anxious expression: "Miss, that medicine ..."

I knew it was so strong that she wouldn't just watch the lady drink the bowl of tofu soup.

"No problem, I can stand it." Wei Yuewu's eyes were closed slightly, her face was flushed, her forehead was sweating a little, and she knew that she was weak at a glance. The kitchen asks me for four dishes and one soup, preferably the braised one, and some heavy oil. It would be better if it could be done alone. "

"Miss, how can you eat this kind of dish at this time?" Jin Ling stunned for a while, and she used very lightly on weekdays. Now the injury is linked to the body's medicinal properties, and you can't use such dishes.

"I have to let the person I care about know that I'm not hurt." Wei Yuewu's flushed face showed a cold smile, her long wings like butterfly flickered, and her eyes opened slightly. .

"But, miss, you ..." Seeing Wei Yue Wu's weakness became like this, Jin Ling, who had always been strong, also turned red.

"I'll be fine. At the beginning, this medicine dilutes a lot. It happened that this incident was caused by my kind four sister!" Although Wei Yuewu's smile was pale, she was slightly cunning. .

"Go! When the doctor finishes prescribing me, you go to the kitchen and ask them to make as many dishes as possible for me. I must have been hungry! But it's best to let the kitchen master Do n't let other people know, just say that His Royal Highness is also in the middle of it, and it's inconvenient to be disturbed. Can you let people know, it's better not to let people know. "

"Yes, slaver knows, miss, please drink some water first, take a rest, and slaver will go to the kitchen after a while." Jin Ling nodded, took out a cup of warm water from the table on the side, helped Weiyuewu drink water, and then took She lowered the pillow and let her lie down to rest. Even with such care, the wound throbbed painfully, and the cold sweat on her forehead began to flow down.

Jin Ling wiped the sweat from her forehead, twisted a cold towel, and put it on her forehead. The temperature was slightly low, and the situation of Weiyuewu was not good.

Shu Fei came from the outside, took Zhang Yaofang over, and saw Wei Yuewu resting with her eyes closed, and secretly pulled the hand of pulling Jin Ling, and the two retreated to the corridor lightly.

"Sister Jinling, Mrs. Chen said that there is a pill in Yan Shizi, or it can help the lady's injury, and it will not hurt the taste, but the pill is very precious ..." Shu Fei said softly, his eyes were red, hesitating. Did not go on.

The precious medicine, it is said that there is only one in the hands of the Emperor Yan Guogong, which is needed in case of emergency.

Shu Fei doesn't think she can find it for her own lady. Jin Ling was also speechless for a while. She was originally Yan Huaiyu. Of course, she understood the danger of Yan Huaiyu's entry into Beijing better than Shu Fei. Since the medicine was needed from time to time, how could she give it casually? Miss.

"What else did Taiyi Chen order?" Jin Ling gritted her teeth, trying not to think about the pale and weak face of Yueyue Wu.

"Mr. Chen said that the diet should be as light as possible. It is best to be digestible and nutritious. Miss's current injury cannot be treated with the most effective medicine. She can only rely on physical function." Knowing that his thoughts were too whimsical, he had to wipe the tears from the corners of his eyes.

In the plum blossom kitchen, you can only ask for some thick oil and heavy sauce dishes, and those light dishes can't be justified! It seems that he can only act on his own in the kitchen.

"You go and prepare the medicine for the lady. If anyone asks, you do n't have to talk about the minor illness, but you 're fine. The other questions are just unknown." Jin Ling is always Yan Huaiyuan's person, who handles such things. There is a bit of a routine, and it is commanded to completely lose the backbone of the book now.

"Sister Jin Ling, I'll go first. Taiyi Chen said that we should go to Yan Guogong Shizi to get medicine. His medicine is not complete." When Jin Ling calmed down, Shu Fei also calmed down a bit. When the time came, "Sister Jinling, why don't we ask the Emperor of the State of Yan Guo, and decoction at the side of the Emperor of the State of Yan," said Taiyi Chen, there is a small kitchen over there.

In this way, even if someone wanted to check, they couldn't find out what medicine she took, and the injuries were not serious.

"Okay, then you follow Mrs. Chen, I'll wait for you to come back, and then give the lady to the kitchen to get medicine." Jin Ling nodded her hair. Since the lady doesn't want others to know what her real injury is, can she let people check the medicine residue? it's the best.

The two girls ring negotiated, Shu Fei followed Chen Taiyi out of the hospital, Jin Ling stayed to serve Weiyue Wu, and he changed a few towels, but the high fever on Weiyuewu's head kept going. In a coma, the anxious Jin Ling turned around and went to the door several times to see it. Although the medicine could not be cured, it was better than no medicine at present.

It's been almost half an hour since the book was gone, and the outside sky has darkened. It hasn't returned at this time. How can Jinling not be in a hurry.

There was a sound of knocking outside the door, and Jin Ling was overjoyed. She quickly put down the towel in her hand, and hurried to the door of the courtyard. When she opened the door, she saw that not only the book was not alone but also two girls. She couldn't help but know these two girls rings, the girls ring on the Yan government.

All three were holding identical medicine jars.

Seeing Jin Ling stunned, the book was busy: "Sister Jin Ling, we are talking inside."

After speaking, I stepped forward, and the two girls went in, and Jin Ling quickly closed the door.

Knowing that Jin Ling had questions, Shu Fei was the first to say, "Sister Jin Ling, as far as I have medicine, the other two sisters have supplementary soup. Tai Chen gave it, Yan Guo Gongshizi instructed people to cook for the lady and brought it directly. "

"Then, take it in quickly." Jin Ling was overjoyed, bowed deeply to the ring on the Yan State Mansion, and expressed her gratitude, but this was not the time to speak, so she led people away. Walk to the main house.

Only when he arrived at the main entrance, Jin Ling suddenly grabbed Shu Fei, who had stepped into the door, and shouted into the room, "Who?"

Chapter 126: Warning, son is so beautiful

Several girls rings stopped together and waited rigorously, but when they saw a hippie smiling person coming out, they lost their tempers immediately.

It was a young man in his twenties who was handsome and gorgeously dressed, but the whole man looked lazy. After coming out of the house, he leaned against the door frame. The whole man was like a boneless man. With a bit of exhaustion, they glanced sideways at them.

"See Prince Lin!" Jin Ling and the two girls in the Yan Guogong Mansion immediately saluted respectfully.

The first person to use around Shizi is the guard captain Lin Fang, who is from Lin Fang, a family member of the Yandi family, and is also the cousin of the son. The people of the State Government of Yanguo all refer to him as Lin Gongzi.

Jin Ling hadn't seen him in the team before, but he was sure he should follow the world secretly.

Although Shu Fei didn't know who was in front of her for a while, she also followed them to a blessing.

"Let's go to the compartment first, the master is in it." Lin Fang pointed to the compartment on the side and hurried directly.

"Yes." Jin Ling entered the book and looked at each other, afraid to say anything, and retreated.

After seeing a few girls ring away, Lin Fang's eyes rolled around, and he smiled and looked inside the room, and asked the inner room with a deep meaning, "Master, I want to come in!"

Hearing that there was no sound in the back room, he lifted his feet to go in, but saw that the curtain of the back room was lifted, and a tea cup came straight to his face, and he hurriedly raised his hand to catch it. My hand touched the tea cup and it was broken.

Fortunately, he responded fairly quickly, otherwise his hand would be injured by broken porcelain.

"If you want to come in, just come in!" There was no irritable sentence, as gentle as someone's usual tone, but in the face of the pile of shattered porcelain on the ground, everyone felt a sudden tremor in his heart.

"Master, I'll just stay outside the door, the weather is good outside." Lin Fang said with a straight face, his body turned, without any hesitation, but secretly regretted, the master actually gave medicine to a woman, this is a thousand years Nothing can happen, hey, why not let yourself stand by!

He even drove himself out of the dark, thinking about how depressed ...

In the room, Weiyue Dance fans woke up staggered, looking at the stern water eyes, staring at the beautiful and exquisite face in front of them, the star eyes like obsidian, looking at her gently, Zhu lips red, The bridge of the nose is tall, with a gentle smile like jade, just like a fairy in the sky.

For a while, the brain couldn't react, just staring at him, and brought some dullness that he didn't usually have.

"Wuer, wake up?" Wen Yaruyu's voice smiled slightly, her slender hand stretched over, wiped her forehead, and felt that the fever on her forehead was receding, but the heat was still low.

"Shizi! Why is it here?" Touched by his hand, Weiyue Wu immediately felt as if she had been burned. She was awake. As for the "professional" name, she chose to ignore it.

Wei Yuewu turned her head and looked around. Apart from herself, there was only Yan Huaihuan in the room, and neither of the two girls around him was present.

"The medicine only gave you half of it, roughly controlling your injury, and half a capsule, right here, I believe you will know when it is most appropriate to take it." Yan Huaiyu reached out and put a small and delicate on the table The brocade box was gracefully pushed in front of Weiyuewu, and the wide robe sleeve shuddered, meaning something.

"Thank you, Shizi." Wei Yuewu held her arm in her arm and wanted to sit up, but was stopped by Yan Huaiyu.

"It hurts like this, does it hurt?" His finger was pointing at Wei Yuewu's wound. He didn't work hard, and his smile was as calm and light as ever.

"It hurts, it hurts!" Wei Yuewu nodded honestly, daring not to move in the slightest, and her slender, almost perfect fingers pressed against her wound. She could sense that her strength was deepening a little, and Liu Mei could not help herself. Suffering in pain.

"It hurts, why aren't you careful?" After all, Yan Huaiyu's hand didn't press down anymore, and his narrow eyes flickered, with a few glimmers of deepness, matching the gentle feeling of dust, but made him look a little more tricky.

"I'll be careful next time, this time it's an accident!" Inspired by his momentum, Wei Yuewu blinked in the blinking water eyes. Although she didn't know what he meant, she still said well, This son is not as gentle as he seems, and it is difficult to be black and tight.

Speaking of this matter, it was really an accident, but it was actually her mistake. She underestimated Wei Qifu's ruthlessness, thinking that she was just a woman with a long history. Even if she exercised her means, there were only so many. , But did not expect that she came up to take her own life, but also to make herself indisputable.

Wei Qifu is not simple, but what makes Yueyue Wu dare not to be able to take advantage of such an assassination event is really such a deep girl like Wei Qifu.

"I remember the last time I told you about that harp!" Yan Huaiyu looked quite satisfied with Wei Yuewu's answer, and left his hand from Wei Yuewu's shoulder, smiling.

"I took the piano up the mountain." Wei Yuewu thought for a while, and now that she knew Wei Qifu was facing up, how could she not make some preparations.

Suddenly it seemed to me that I was looking up, looking up at Yan Huaiyan who was still smiling and light, smiling: "Assassination is related to her?"

"The selection of the princess is about to take place. You Huaihouhoufu reported to Miss Wei Er before, but now ..." Yan Huaiyu leaned back against the chair with a lazy smile. .

"The niece of the Houfu of Huayang only had Wei Yan and Wei Qifu before. If you choose one of the two, it is of course Wei Yan. Wei Yan is always better than Wei Qifu in all aspects, but now Wei Yanji There is no chance that the experience will be, so this opportunity is between me and Wei Qifu. "

Wei Yue Wu knew the machine down and guessed, there was a glimmer of coldness in her eyes, which should be an important reason for Wei Qifu to eagerly dispose of herself.

The crown prince has always been conclusive. Each major family has only one young lady who is most qualified to choose a princess. Like Huayang Houfu, since the three rooms are not separated, then even if they are a family, one of the three will be launched. Sister-in-law, running for election, the same reason that Wei Yuewu used to lead Yang Yurou to speak.

The status of Prince Wen Tianyao is very stable, which means that the Crown Prince will not have too many ups and downs in the future, and will become one country, one person, and tens of millions.

"This Miss Wei Si had previously advised Mrs. Tai to take you back to Beijing." Yan Huaiyu stood up, cultivating herself like a willow, and looked at Wei Yuewu lying on the bed in a deep voice.

The words of Wei Yuewu's heart beating a few times, her eyes widened in surprise, and she looked at Yan Huaiyu suddenly.

"So you guessed right, your four sisters also acted in the event that you were robbed by Mo Huating."

Wei Yuewu's head looked up, facing Shang Yanhuai's pair of high and clear, as if looking into everything: "Wei Qiufu advised Mrs. Tai to take me back to Beijing, knowing that Wei Yan and Mo Huating will not tolerate it!"

Wei Yuewu finished speaking, her face became heavy. If you think about it, Wei Qiufu becomes more and more complicated. Even the steps of Mo Huating are clear. The meaning is not just on the surface.

"Shizi, I ..." Half a moment, Wei Yuewu remembered that there was Yan Huaihuan in the room, and his eyes fell on the face of the person in front of him, but when he saw the corner of his lips rising, his eyes fell on Wei Yuewu. On the shoulder, slowly said: "Next, I believe you won't be hurt so much again!"

"No!" Wei Yuewu once again assured, "Shizi rest assured that I will verify the matter between Mo Huating and Huayang Houfu as soon as possible."

"Then you have to do it as soon as possible. The emperor has always wanted me to pick one of the two princesses and go back to be our concubine of Yandi." Yan Huai's voice sounded clear and passionate,

and matched his wide snow color. The robes make people feel that the person in front of them should be high in the sky.

"Shizi asks to marry a princess?" Wei Yuewu asked suddenly.

"Why, isn't it possible?" Yan Huaiyi raised an eyebrow and said indifferently.

"How come? I just think the two princesses ..." Wei Yuewu smiled and said that she paused for a while, but her eyes were still lowered in the eyes of Yan Huaiyuan, "I am afraid these two princesses are both Not a good match for Seiko! "

If Yan Huaiyuan wanted to marry, I believe that he would have proposed to the emperor as soon as he entered the capital. At that time, it would be the most dangerous time. Yandi self-confided and invaded the small territory. Not only did he annex a few, but also He sent several emperors to Beijing as captives.

No one knows what the emperor will do next to Yan Huaiyu, and the result of turning his face directly with Yandi is that Yan Huaiyu becomes a proton, even if Wei Yuewu enters the deep boudoir, and also sees the winding roads in it. Yan Huaiyu should be the most dangerous time.

The dedication of prisoners now comes to an end. The next heirs of the four lords of the four territories are gathered here, and there are two sons, His Royal Highness, and the Four Princes.

It can be seen from one point that the emperor of Beijing has retreated so much and intends to use Huairou policy to deal with these young sons. Then marriage is naturally the best solution.

"It's not a good match, this prince can ask the emperor to match me with a few dowry family members." It was dark outside and the room had been lit, but I did n't understand. Yan Huai's eyebrows were bright under the lights. With a charm that I couldn't see in the past, it was as if the temperament of the whole person in the dark had changed a style.

Wei Yuewu's heart jumped up suddenly, she seemed to realize something, her fingers were bent unconsciously, her long eyelashes flickered twice, covering the tension in her eyes, and she didn't know what to say for a moment.

Yan Huaihuan didn't say anything either, just looked down at Wei Yuewu with a subtle smile on her lips and a gentle and elegant smile, then reached out and gently wiped Wei Yuewu's forehead, sensing the temperature on her forehead.

This kind of action was originally kind and gentle, but now it is more like a warning and a declaration.

Then he put down his hands, and seemed to be funny about Wei Yue Wu, who had stiffened for a while, grinned, and then turned smartly and walked away.

His clothes are always wider than others, gorgeous clothes, white and not stained with dust, but on the neckline, embroidered with a complex pattern of light golden silk on the bottom of the sleeve, looks unusually vulgar, plus the deceit The world's handsome beauty, even those who are afraid of him, has to admire his son as beautiful as jade, unique in the world!

The small face under Weiyuewu's quilt was half exposed, and he thoughtfully looked back at him, leaving for a moment, missing a moment!

Until Jin Ling came in a few times, she saw Wei Yue Wu awakened, and the fever on her forehead also retreated more than half, and the tears of surprise were coming down, but Jin Ling was rational, reaching out a tear, and anxiously: Miss, Miss Four will come in to see you soon. "

Chapter 127: Used half a pill

"Close up!" Wei Yuewu frowned, looking at the small brocade box placed on the table, panting slightly, and whispered.

Jin Lingli not only came over, but also had no time to take a closer look, and hurried the small brocade box into his arms.

There, Wei Yuewu's feet were slightly hard, kicking the quilt loose, and the quilts on her face were all pulled high, as if they were in a hurry, hiding in a hurry.

The book had to put down her gauze for her.

It was only a while before I heard Wei Qiufu's gentle voice coming from the door: "Is Sister Liu's body better? Sister Sister came to see you."

Followed by the words, Wei Qiufu came to his own, Jin Ling turned back nervously and looked at the drooping tent, as if he stepped forward to stop people, hurried forward to Wei Qiufu and said: "Miss Four Isn't it for you to sit outside for a while, and slaves come in to see if our lady is awake? "

Only then did she ask Wei Qiufu to take a break outside.

"Liu Mei suffered such a serious injury, and I haven't woken up yet. Where can I sit down?" Wei Qiufu frowned, and anyone who looked at it felt that she really cared about Wei Yuewu's injury. Can't sit still for a moment.

Wei Yuewu was in the gauze, with a clear mind, watching Qiufu humorously acting as a sister with herself. From the time she was injured and fainted to the present, things have passed for a long time. Wei Qiu Fu had just sent a girl ring to stare, which would drive the girl ring back, she couldn't sit still, and couldn't wait to come and investigate in person.

"Miss Four, our lady hasn't woke up at this time, look ..." Both girls knew the plans of their masters, and naturally stopped Wei Qiufu from going forward.

"I haven't woken up yet, will there be nothing wrong? I'll take a look first!" Wei Qiufu's gaze fell on the quilt that was hidden in the tent.

I can't see clearly, there is only one outline, but even if it is a outline, she still found it carefully. This outline is a little taller, and a person as thin as Wei Yue Wu, how can it be possible to elevate such a high outline. Next, most of the body was still stunned before it became such a silhouette.

Sure enough, the Weiyue dance is a costume, otherwise you don't have to avoid yourself this way.

"Miss Four, Mrs. Chen said, our Miss is very weak, she may not wake up at half past, and can't flutter casually, Miss Four, you see ..." Jin Ling said in distress, but her hand was in front of Wei Qiufu There is no meaning to let go.

Wei Qiufu even saw a trace of confusion in her eyes.

Among them are ghosts!

"Then I have to take a look, otherwise I'm not assured." Wei Qiufu stepped forward and pressed two steps, Jin Ling had to take two steps back, his body was tightly against the bed hole.

"Miss Four, you still come to see our Miss tomorrow. Our Miss is so badly injured. This will not be able to blow the wind casually. Miss Four is also kind to see, but if something really happens, our Miss's life may be I'll confess it here, and please forgive Miss Four! "

That means never giving in.

"I just glanced at it and walked away!" Wei Qiufu said indifferently.

Seeing Wei Qiufu pressing hard, there was no intention of leaving. Shu Fei's eyes turned, and she had counted on her heart, and "thumped" and knelt down at Wei Qiufu, as if Wei Qiufu must step forward. Going to see it, just like Wei Yuwu's life: "Miss Four, our lady really hasn't woke up!"

It's just this extravagant performance that makes people even more skeptical.

Wei Qiufu could not think of the girl ring of Weiyue Wu actually come to this move. For a time, she couldn't force it.

"Your lady really hasn't woken up yet?" Wei Qiufu asked again.

"Yes, our lady didn't wake up! When you wake up tomorrow, you will immediately inform Miss Si. Miss IV, it's getting late, you still go back first." Jin Ling accompanied the smile, but such a smile was on Weiyue Dance There was tension in his eyes.

What attracted her even more was that the position of the feet behind the quilt in the bed moved slightly. It seemed that the people inside were not comfortable to sleep, and he lifted his feet up gently.

At this point, Wei Qiufu has now confirmed that the quilt The Weiyue Dance in here is definitely not asleep.

And always awake ...

Xu is her own speed. When she lay down, she didn't lie down for a while, it was uncomfortable and she couldn't control it!

Basically, I have found out that Wei Qiufu has a bottom in her heart. She no longer advances, sits on a stool on one side, signals the book to be wrong, and asks with concern: "How does Taiyi say the six sisters are injured?"

"The doctor said that our lady was badly injured, and her health was not good. I'm afraid it won't work for a while. I have to take a good rest for a while. Miss Four, our lady is almost dead!" Jin Ling Napai Wiping the tears, the red corners of the eyes.

Shu Fei, who was kneeling on the floor, got up, and took out a pouch to wipe her tears.

In fact, this is not all fake. The thought of her own lady not only hurt her severely, but also prevented her from sustaining her injuries, and the tears of the two girls' rings were distressed.

"This ... Would you like to invite a doctor to see it again?" Wei Qiufu suggested, "It is always the doctor of the Yan State Mansion, or the medicine is not as good as the doctor in the palace!"

She was extremely euphemistic, and there was a sense of consideration between Wei Yue and Wu Yue in her speech.

The two maids could not be masters for a while, and the two looked at each other. Shu Fei even glanced at the bed secretly, not knowing what to do.

"No way, you two don't want Six Sister to get better!" Seeing the two girls in doubt, Wei Qiufu's face was stern and he shouted sharply.

In this case, both of the girls could not bear it, looked at each other, and dare not twist it.

"Yes, it's all up to Miss Four!"

"Slave listened to Miss Four!" The two men expressed their attitudes.

"Well, then I won't take six sisters to rest. Tomorrow I would like to thank a few doctors to show the injuries to six sisters. It is always on the mountain, only me and six sisters. I have to get an idea for six sisters. "Seeing that his vision has basically been achieved, Wei Qiufu didn't sit up and stood up.

Eyes glanced at Wei Yuewu's position behind her feet and moved slightly. She was proud of her. Now is not the time to break through Wei Yuewu. She will let more people see ...

The book Fei Weinuo nodded and sent Wei Qiufu out.

Waiting for Wei Qiufu's footsteps to be far away, Jin Ling hurriedly lifted the gauze account to check the situation of Weiyue Dance. The situation of her own lady was not very good, and her quilt was too high. Don't get into trouble.

After seeing the quilt under the moon dance, although pale and weak, but did not pass out, he was relieved, pulled the quilt for her, and eagerly asked, "Miss, how are you doing?"

"I'm fine!" Knowing that Jin Ling was worried about herself, Wei Yuewu shook her head gently, and her mouth slightly bent. "You will go to the kitchen and ask me for some" good "meals. At this time, others should You're all done! "

"Yes, the slave knows that Fang Shufei's deceased medicine is over there. Shizi sent someone to bring some stew to the lady and filled it with a medicine jar. No one would know. When the slave first asked Shu Fei to serve the lady, "When Wei Yuewu was about to get up, Jin Ling reached out and helped Wei Yue Wu sit up, and took a pillow cushion in the back of Wei Yue Wu.

"Yang Guogong Shizi, why are you here?" Wei Yuewu leaned in, and asked with long eyelashes.

"It should be said by the Taiyi! Miss, Taiyi Chen said that there is a medicine in Shizi ..." Jin Ling said, her eyes widened, she looked at Weiyuewu slowly, and then slowly took it out of her arms before hiding. The little brocade box that got up was quite difficult to swallow, and eagerly said, "Miss, isn't this ... the medicine that Shizi brought?"

Wei Yue Wu nodded so nodded!

Jin Ling quickly reached out and tried to test the forehead of Yuewu Dance. Sure enough, his forehead was not as hot as expected, and he was excited for a while: "Mr. Chen said that there is only one such medicine in the world, and it is needed for the emergency. The slave-in-law wanted to go for medicine, but he didn't dare.

So, is this a life-saving medicine?

So, Yan Huaiyu used half of them because she realized her plan, so she didn't leave half of it for later use?

If you think about it, if you have a turbulent movement on your side, you may startle the front yard, and Mo Huating and Wei Luowu are also likely to startle. When he shoots on the side again, it will be more effective.

Thinking about it this way, I felt a little calmer in my heart. He was always doing things for him, and it was reasonable for him to give him such a medicine.

At this time, Shu Fei brought in two Yanhuan in Yanguo's Mansion and walked in. The two Yanhuan lowered the medicine jar in their hands. After paying respectfully to Weiyue Wu, they retreated and left in the house. Three of the servants.

Shu Fei and Jin Ling each opened a medicine pot, and the strong fresh flavor immediately filled the whole room. Wei Yue Wu had not eaten for a whole day, and at this time, his body was slightly better, and he actually drank a small bowl of soup. Then, he took some medicine and leaned halfway on the bed with his eyes closed, waiting for Jin Ling to return.

Jin Ling left when Shu Fei was serving Wei Yue Wu's soup. When she returned, it was more than half an hour. Wei Yue Wu had already finished drinking here.

"Miss, when you're there for your breakfast, dinner, you meet Ming Yan next to Miss Four, and say that Miss Four is hungry, and ask the dining room to make some snacks. When you see the slave, holding the food box, be sure to open it. Look, the slaves are not allowed, and they hit the slaves deliberately and spilled the soup inside. "

Jin Ling put the food box far away at the door and didn't bring it in.

"Give the food box to the box room for a while!" Wei Yuewu nodded. From the previous events, it can be seen that Wei Qiufu is a cautious person and must be watching her movements. Jin Ling must go to the kitchen to eat. Yes, she got the news right away and sent Ming Yan to see what she wanted.

The flavor of braised heavy oil is very strong, and you can smell it when you hit it a little.

Thinking of it, Wei Qiufu should be relieved now!

The pale lips hang up, and even if Wei Qiufu is about to reach out, it is not bad to cut off one of her hands.

Or you can ask her to lead a series of things later.

The front yard of Huayang Houfu House is too far away from himself, but what if the backyard is completely messed up? How can this front yard remain indifferent ...

"Tomorrow if Miss Four is going to see the doctor with a Physician, you must remember to stop her, and say that I said it. When Chen Taiyi has seen it naturally, you can trust Chen Taiyi's medicine, and you don't need to trouble other Physicians." The long eyelashes flashed. Shem, she made up her mind.

"What if Miss Four breaks through?" Jin Lingji vaguely guessed Wei Yuewu's intention.

"If she breaks hard, let her break in, but she will be brought in at the last minute, and she must break in impulsely!" Wei Yuewu's eyes flashed a gleam of coldness toward the two. A girl ring beckoned, and they whispered when they came over ...

Chapter 128: Come on, aggressive

"Miss, the slave hit the golden bell and broke her food container a little bit. It smelled of stewed chicken, which was very strong. After she left, the slave looked at the ground and it turned out to be teriyaki For the soup, the slaves were not assured. They went to the kitchen again and inquired, and it turned out that most of them were braised and there was a large bowl of rice. "

Ming Yan is reporting the news he found to Wei Qiufu.

Wei Qiufu's face was faint under the light, and she was a little bit colder than usual.

"Let's go, our three princesses." At this time Wei Qiufu was completely sure that Wei Yuewu was pretending to be ill, and where she would let her succeed. In her opinion, this was a rare opportunity for a thousand years. Not letting Wei Yuewu die under the sword, but also making others doubt himself, was a big mistake of her own.

Unexpectedly, there is such a chance.

Yang Yuyan thought that the promise was given by the third princess. In fact, that promise was sent by Wei Qiufu. Knowing that Yang Yuyan was in a bad situation in Yang Shilang's house, she was specially made to bring her a message to her in the name of the third princess and let her Have a good relationship with Wei Yue Wu, and when the Assassin appears, push Wei Yue Wu to block the sword.

At that time, it was very chaotic. Who would notice that her "good friend" of Weiyue Dance would push her to the dead end at the most critical time!

In Wei Qiufu's view, with Yang Yuyan "assisting" on the other side, and exerting her own strength, it is almost impossible for Wei Yue Wu to survive.

Unexpectedly, Weiyuewu's response was so sensitive, she turned a corner, not only did not die, but she was not even seriously injured, which caused her original plan to be stranded. It turned out that

Weiyuewu's sudden death was caused by the sudden death of Weiyuewu. After a few whimpers, they did not reach the expected goal.

Wei Yuewu died, and she fainted in the arms of His Royal Highness. Suddenly, Wei Yuewu was considered as a troublemaker for His Royal Highness. In addition, she fell in the arms of His Royal Highness, and the festival suffered. Give Huayang Houfu a compensation, then your crown prince's position can be regarded as stable, and you don't even have to compete with anyone.

"Miss, then ... over there ..." Ming Yan asked with a little timidity.

"Never go!" Wei Qiufu gritted his teeth, but seeing that his reputation for ruining Weiyuewu tomorrow will be considered as a complement, and the benefits of ruining Weiyuewu are too great, even if there is some danger, he must expose Weiyuewu Fake face.

What's more, she checked now that it was a sure thing!

"Yes ... slaves know!" Ming Yan didn't dare to mention it any more, remembering the cold and cold figure in the dark, somehow shivered, and did not dare to say anything, raised a lantern, followed Wei Qiufu to the side Away from the three princesses.

Wei Yue Wu was injured and had a low fever, so she was awakened by a quarrel.

Open your eyes, through the translucent ledge, you can see a lot of people at the door, but all were blocked by Jin Ling and Shu Fei.

"What happened to the two of you, is my six sister already in trouble?" Wei Qiufu's gentle voice was a little irritable and angry.

He was followed by two princes, one from the three princesses and the other from His Royal Highness. This was the third princess who asked for her.

There were also several young ladies passing by to see the excitement. Only then did Jin Ling and Shu Fei stop Wei Qiufu once at the gate of the hospital, and early alarmed the young ladies who got up in the morning to enjoy the scenery.

"Miss Four, our Miss is really okay. Did n't you say yesterday, is it okay? Miss Four, why haven't you believed it? Our Miss really hurt so much that it was inconvenient to see people, not to intentionally miss you!" The book was blocked at the door, but Wei Qiufu was not allowed to enter.

"Since your lady is so badly injured, these two are the three doctors of His Royal Highness Prince and His Royal Highness. Will they succeed, and will also harm the Six Sisters? Let them go quickly, otherwise they will never be spared!" Even if Wei Qiufu could bear it again, she could not help getting irritable at this time.

She was impeccably conceived by a Huayang Hou government and was actually stopped by two girls.

His eyes glanced at the bright geese next to him. Ming yan came forward, and reached out to Jin Ling, who was standing in front of him, with a severe slap: "You two girls, dare to stop our lady , Don't give up yet. "

Her slap was actually nothing in Jin Ling's eyes, but she was waiting for this moment, how could she miss a chance, Ming Yan's hand was put on her face, and she took advantage of it and went hard One side fell, and even dragged Shu Fei to the side.

There was also a place where Wei Yuewu used the remaining medicine pot last night and was hooked by Jin Ling's feet. It was immediately knocked over. The smell of the medicine in the room suddenly turned into a mess.

"Miss Four, our lady is really hurt, not pretended!" Shu Fei was dragged down by Jin Ling, exclaiming.

"Miss Four, what do you want? Our lady is really hurt!" Jin Ling said, covering her face.

The screams of the two girls rings, accompanied by the sound of the medicine jar rupturing, wouldn't work if you didn't notice it! The ladies who followed were peeping at each other. The words in the two

rings were really telling, which meant that Miss Four brought a doctor to see Miss Six and injured her. Do you suspect she deliberately pretended?

But even if it is really installed, Miss Wei Si is not suitable!

It's always their own sisters, so why bother with this one? Seeing the chickens and dogs jumping in this yard, they seem to be copying homes, and many young women's brows are slightly frowned.

Is Miss Wei going to do that? Besides, the six lady inside was still injured!

Wei Qiufu couldn't think of these two girls. She dared to face the crowd, so embarrassed, her face was pale for a while, and she screamed: "Shut up, I just want to see how the six sisters got hurt, you two The uncle's obstruction is blocked in every way, is it because he wants to harm the six sisters? "

With that said, she just walked in, and to this day, she must also expose the hurtful thing of Weiyue Wuzhuang, otherwise how others would look at her in the future.

Helpless to move a few steps, she was actually hugged, looked back at the book and jumped over, hugged her leg.

"Miss Four, our lady didn't tell you before, she's okay, but she just wants to take a good rest. Although I didn't let you see the injury, it was really bad."

Shu Fei cried, holding Wei Qiufu's legs tightly in his hands.

Wei Qiufu couldn't move for a while. Ming Yan, who was behind her, dared to hold her own lady when she saw the book, and she was so annoyed that she didn't pay attention to the meaning in the book's words. "You let go of our lady."

Shu Fei loosened her hand when she came over and stepped on her, this time pretending to be stomped on her hand, her body fell backwards, and she covered her other hand with one hand, exclaiming in pain.

Jin Ling also rushed forward at this time, pushing Ming Yan fiercely, Ming Yan was pushed back a few steps, his body slumped, knocked over the case on the side, and set a set of tea on the table. The lamp fell like this, and the sound of crisp porcelain broke out from the room. The young ladies who stood outside did not see the scene inside, and they all looked at Napa with a veil.

They were all family members, and naturally they could not learn from Sei. They all crowded at the door to watch, but they could hear the voice, and at this time they couldn't help curiosity, and each sent their men to the door.

For a moment, there were a lot of girl rings around the door of the room. Mother-in-law, even though they didn't speak one by one, everyone's good looks fell into Wei Qiufu's eyes.

If there weren't so many accidents and didn't make herself look embarrassed, Wei Qiufu would still like more people to see it, but now this situation is a big surprise for her. Flushed.

Now it's not just Wei Yuewu who is ashamed of this situation, and her heart is getting more and more angry.

Originally, I just asked the Taiyi to look at Wei Yuewu's injuries, but it turned out to be like this. Look at the house in a mess, and the three girls rings fell to the ground one by one. Even if Wei Qiufu is well conserved, this time is also The burst of air, the elegant temperament struggling to maintain, almost collapsed.

Taking a deep breath, I suppressed the bad breath in my heart. I was about to say something to ease the scene, but I heard a weak voice on the bed.

"Sister Four, what are you doing here again? I really hurt, I didn't lie to you!"

The sound was very weak, but it was a coincidence that at this time everyone was quietly weird because of the collision of Ming Yan, so the sound of Wei Yuewu came out. Whoever listened, felt Weiwei Miss is weak.

A few rings around the door, the wife looked around, and some looked at Wei Qiufu in disbelief.

The inexplicable Wei Qiufu's heart rushed upward, his face sinking, and angrily: "Six sister, I just invited two great doctors to see you hurt, but you are unwilling to push three obstacles and four obstacles, you can't do it, you Don't want your injury to be faster? "

This is extremely harsh, almost directly guarding Yueyue Wu is suspected of pretending to be seriously injured.

Originally, it was impossible for Wei Qiufu to say it on weekdays, but now he was hit by such a series of things. When he was distracted, the words rushed out, and it was not good for Wei Qiufu to exit. , Was waiting to be remedy, but heard the account, Wei Yue Wu sighed.

"Thank you for your kindness, please come back!" The words were very polite, but also very alienated, and with a bit of grievance, it was reminiscent of yesterday's scene, Wei Qiufu blamed Wei Yuewu .

The more I refused to see it, the more I had a ghost in my heart. In addition, I saw yesterday that Wei Qiufu had already decided that Wei Yue Wu was definitely not hurt. Of course, at this time, she would not let Yue Yue dance over, and her face worked hard. A soft smile piled up and said to the people in the gauze: "Sister Six said something stupid and didn't look hurt. What can I do? These two doctors belong to His Royal Highness Prince and the Three Princesses. Gao Ming, let's have a look at the six sisters! "

In a word, with the Prince and the three princesses as their backing, Wei Yue Wu doesn't want to see it!

The words were so powerful that Wei Yue Wu in the gauze seemed speechless, and the room was strangely quiet.

"Four sisters, I'm dizzy, can you let them go out first?" Wei Yuewu seemed to give way, said in a weak voice.

"Sister Six, there is a Taiyi, it's okay, let the Taiyi see it first!" Where did Wei Qiufu give way at this time? Two steps forward, she had to lift the gauze on the bed.

Jin Ling who just got up seemed to want to stop her. Helpless Qiu Fu's hand had been put on a gauze tent. Between such two people, Jin Ling's hand cleverly wiped Wei Qiufu's hand, and then pulled Stay on the edge of the account, pull down hard, and immediately heard only a crisp sound.

The gauze was actually torn off, and Wei Yue Wu, who was wrapped in the gauze, had no time to scream, even without earning two times, and then there was no sound.

The two princes in the room, together with the ladies of the family who were standing at the door, were all stunned for a while, and they could not see that Wen Wenjing's quiet Wei Si had actually given such a great deal of force. Account, is this ... really just to visit the doctor?

Chapter 129: Miss Four, please come back first

"Miss, miss, what's the matter with you?" Jin Ling rushed over and opened the gauze tent. Shu Fei also got up at this time, helping Jin Ling tore off the gauze tent wrapped around Wei Yuewu.

Waiting for the yarn account to tear apart, anyone can see that Weiyuewu is not good.

The delicate hibiscus face had pale lips, but the cheeks were abnormally flushed, and the long butterfly-wing-like eyelashes fell on such a face, as if there was no slight anger.

"Taiyi, Taiyi, come and see our lady ... she ... save her!" Shu Fei started to cry.

Seeing that the situation was not good, the two doctors hurried forward. Even in such an emergency, Jin Ling did not forget to put a scarf on Wei Yuewu's wrist.

The three princess's doctors came first, sitting on the stool raised by Shu Fei, closing her eyes, reaching for the door of Weiyuewu with a stunned expression, and immediately opening her eyes, her frown wrinkled, but Without saying anything, stood up and gave up the place to the Prince of Prince's House.

The status of the two Taiyi doctors in Taiji Hospital and their medical skills naturally respect the Taiyi doctors.

The prince of Prince Edward House did not quit, sat down and reached out to explore the pulse of Weiyuewu. The more he felt, the more he opened his eyes and glanced at the previous prince, and the prince in front nodded.

These are tiny movements, but Jin Ling and Shu Fei kept staring at them, and immediately saw them clearly.

"Two doctors, isn't our lady really bad?" Jin Ling asked urgently with a cry.

"Miss Four, my lady is really not very good, it's not to lie to you, you ... how do you ..." The book was just rushing to Guan Qiufu crying.

Wei Qiufu was also dumbfounded, she couldn't think of Wei Yue Wu under the veil, it would look like this.

The situation at the bottom of the eyes was not good for her. She took a step forward and bite her teeth respectfully to the Taiyi: "Taiyi, how did my six sister hurt?"

The two princes looked at each other, did not speak, and one shook his head, which made Wei Qiufu even more confused, and said again: "Tai yi, what is wrong with my six sisters, if so, please let me know! I confess to the three princesses and thank the two doctors. "

At this moment she saw a little sweat on her forehead, and even the three princesses moved out.

Until now, she still suspected that Wei Yuewu was pretending, otherwise it was so clever. When she touched the yarn tent with her hands, she did not use force, and the yarn tent fell off, which was clearly designed by Wei Yuewu to frame herself.

As long as the Taiyi said that the injury was not severe, he could use the kitchen's food as a guide and let the situation make a big comeback. The Taiyi's words are of paramount importance.

"Hey doctor, just tell me, what's wrong with our lady?" Shu Fei also begged.

"Taiyi, please!" Jin Ling hugged Weiyuewu, and her tears fell down.

Seeing both of them were so eager, the two doctors could not hide it, and this kind of thing would certainly not be concealed. The doctor in Prince Edward House gave a low cough: "Miss Wei Liu was seriously injured, and because Miss Wei Liu's constitution The average lady is a bit weaker and the situation is dangerous. "

"Then ... ask the doctor to give our lady medicine!" Jin Ling answered anxiously.

Wei Qiufu was completely blindfolded, and her face became extremely ugly. She suddenly realized that she had been fooled?

"Can't take medicine casually. It seems that Ms. Wei Liu has been given a terrible medicine. Before you can eliminate this medicine, you can use some symptomatic wound medicine." Tai Yi was embarrassed. It's not that he didn't prescribe medicine for the weak Miss Wei Liu, but it was actually that this Miss Wei Liu was not only physically weak, but also had been given medicine in his body, which needed to be eliminated for a while.

"Absolutely ... absolute medicine!" Shu Fei was coming from one side to make tea at this time. If he smelled too much of a doctor, the tea cup in his hand fell to the ground and made a crisp and broken sound.

A few ringlets ordered to come to inquire about the news, the mother-in-law crowded the door one by one and whispered.

"Taiyi ... can ... can you see how long it is, and still ... recovery?" Jin Ling seemed to be startled, watching Taiyi's stunned Nana said.

"There is not much time to take the medicine, and the amount is not much. It should be what happened in the past few days. As long as you take a few doses of soup medicine, it will be fine, but the injury on Miss Wei Liu will be hardened for two days." The Taiyi was quite embarrassed. Looking at Wei Yuewu's feverish face, she raised up.

"Miss Four, you ... you ... Satisfied, our lady is not only injured and difficult to treat, but she has also been prescribed medicine ... It's not long before she will die, and it will not interfere with Miss Four, Miss Four. You You don't have to treat our lady like this again and again. "Xu was so angry that Shu Fei Napai covered her face and cried loudly.

"Presumptuous, is this what your subordinates should say?" Wei Qiufu's hands were shaking uncontrollably, but her face was furious and loud.

She would really regret it now, regretting that she had taken the liberty to come, and did not listen carefully.

"Miss Four, these aren't things that slaves should say, but before you, in the presence of His Royal Highness Prince and a few princesses, you said that our lady pushed you, that our lady would hurt you, and that Miss Yang testified, but in the end , But found out that Miss Yang was telling lies. "

"Today, the slave tells you that our lady is badly hurt and should not be seen. The Physician of Yan Guo Gong Shizi's House has also seen it for our lady. You do n't believe it. You must come in and tear off the veil of our lady. Let me miss you, Miss Four ... you, even if you are not close to our Miss, but at least you are the same sisters! "

The book cried loudly.

These things can't stand the connection. Once connected, it seems that it is really the same. Although Shu Fei didn't point directly at Wei Qiufu, who attacked Wei Yue Wu, but the group of women at the door, girl ring, did not come out of the gate of the mansion. I saw so many things, and immediately imitated a picture of Wei Qiufu sneaking into Wei Yue Wu.

Wei Qiufu now regrets it. She regretted it to the extreme. She suddenly realized that she had made a mistake today.

I originally thought that Wei Yue Wu had been pretending to be able to come in powerfully, but I didn't think Wei Yue Wu was not only seriously injured, but also found out that the body had been treated with an absolute medicine. The most important thing was that Not long, that is to say, this is the medicine Wei Yuewu was only given when he arrived in Houfu, Huayang.

Such a thing, needless to say, must be related to other people in the house!

Since it was found from Weiyuewu, and now Weiyuewu is injured, it can also be seen as a shield for His Royal Highness. His Royal Highness will eventually support her there.

Is this to make the whole Huayang Houfu a world-wide change ...

Wei Qiufu has a feeling of lifting a stone and smashing his own feet. This action actually caused himself to get in. What would Mrs. Tai think about herself, and how would others in Huayang Houfu think of herself? ?

She even had a hunch that she would be safe and secure over the years, and I'm afraid she would be broken!

"Shu Fei ... you ... don't say it, Sister Four, please come back." There was a faint voice on the bed, and everyone looked sideways, seeing the injured young girl, opened her weak eyes, looked coldly. Wei Qiufu, anyone can feel the alienation and sadness in her eyes.

"Sister Six, you ..." Wei Qiufu stepped involuntarily and wanted to explain.

Jin Ling stared at her alertly, and if she had any changes, she would protect Wei Yue Wu.

"Four sisters, please come back. I'm really hurt. I didn't have the energy to entertain the four sisters." Wei Yuewu closed her eyes slightly. Everyone could see that she was strong, and the pale and seriously injured girl was strong. Everyone will feel sympathy when dealing with the scene of chaos in front of them.

"Miss Four, please come back first, and I will make a diagnosis for Miss Six." The Prince of Prince's House was not only invited by Princess Three, but was also ordered by the Prince. Wei Qiufu said softly.

The lady in front of Wei Liu was seriously injured like this, it should not be too excited. Obviously, the fourth lady here was not good for Miss Wei Liu's injury.

"I ..." Wei Qiufu couldn't believe looking at Taiyi, how could a Taiyi would say such things to her, even though this Taiyi was from Prince's House, when she wanted to come, she was the future hostess of

Prince's House, now He was actually treated like this by a doctor, and for a while, blood rushed to his face.

"The prince is alive. If Miss Six is really bad, ask others to avoid it for the time being, and let Miss Liu take good care of her." Taiyi Shen said.

Even though Miss Wei Si did not invite him to come, His Royal Highness had an order over there to let him come over to look at the injury for this Miss Wei Liu. Since Miss Wei Si came to invite herself, of course, she also pushed the boat down.

Wei Yue Wu's eyes were stunned, and there was a bit of coldness in the water eyes. It looked like Wei Qiufu was angry and wanted to kill.

In such a scene, even if Wei Qiufu's belly is deeper, she is still in a state of abnormality. After today, the clean name of Miss Four Guards in Houfu of Huayang can no longer be as flawless as before ...

As for the inside of the house, Wei Qiufu was singled out for being drugged in his body. This was a shame for the entire Huayang Hou government. Mrs. Tai should remember this incident on Wei Qiufu ...

"Sister Six, take a good rest, I'll go back first." This sentence almost came out of Wei Qiufu's teeth, but at this time, I had to say, almost instantly, Wei Qiufu was angry. His expression turned into a sobbing expression.

Since the elder doctor had lifted the prince, she naturally had no room for resistance. At this time, she could only conceal the hatred in her heart and bow her head with aggrieved.

"Thank you four sisters!" Wei Yuewu said lightly, and closed her eyes after she said that she would be hurt frequently and no one would argue with her for any courtesy.

Wei Qiufu walked to the door, the girl ring at the door, the wife was still pointing and pointing, this would immediately coax, and then she went out, seeing the family members who had been around in the past, were pinching one by one Pa Zi, looking at himself with a gaze, far away from him, the decent smile on his face suddenly stiffened.

She has always had a good reputation in Miss Shijia's circle, and she is not comparable to Wei Yan at all.

But at this point, she didn't regret it anymore, she had to bite bright red, and left Mingyan with a dark face.

Wei Yue Wu, she will never give up like this!

There is still a chance for her. Her strategy has never been more than just one step. Wei Yue Wu has only temporarily taken advantage of herself. The next opportunity is her own backhand ...

Chapter 130: Hematemesis and passed out

Inside the room, the two doctors re-examined Wei Yuewu's disease, and asked the doctor who had prescribed the prescription at the Shizi Mansion of the State of Yan Guo Gong. After looking at each other, they nodded and thought that the prescription was good. It is the best way to do it now!

"Miss Wei Liu, Chen Taiyi's prescription is very good. Right now, you must clear out the medicine in your body before you can use the medicine for the symptom. Ms. Liu has a high fever now, because the medicine is wrong, but right now But this can only be the case, otherwise this future son-in-law ... "

The prince of Prince Edward's House frowned, speaking frankly.

The body of this Miss Wei Liu is really too weak, otherwise, for two days, the problem should not be too big, but in front of him, he couldn't guarantee that the Prince also took the matter very seriously!

"Thank you Taiyi, I know!" Wei Yuewu's lips moved pale and her voice was low.

The two doctors had no other idea to look at. They shook their heads and retreated. Jin Ling took them to the gate of the hospital for Wei Yuewu.

The young ladies who watched a good show also left the girls each early.

But rumors followed.

It was always the gentle and kind-looking Miss Wei Si, who did not seem to be as gentle and generous as before. The two young ladies of Huayang Hou Chu rushed to the Prince inexplicably, and one of them blocked the sword. Now, I think of it with a lot of doubts.

Coupled with this time, it is hard not to think too much.

As for Ms. Wei Liu's body, she had been given a puppet drug. It was confirmed by two princes that the time for this medicine is very short, which happened only after Ms. Wei Liu returned to Huayang House. It caused even more noise.

After the Taiyi left, Jin Ling immediately took half of the medicine in the broth with warm boiling water and gave it to Weiyue Wu.

Wei Yuewu's body was originally empty. After taking the medicine, she closed her eyes and raised her back, and then slowly eased over.

The room was cleaned up and smelled the sound of Wei Yuewu's wake on the bed. Jin Ling came over immediately and asked, "Miss, what do you think?"

Although Shizi's medicine has been taken completely, Jin Ling is still worried.

"I'm okay!" Seeing the girl's concerned eyes, Wei Yuewu's lips cornered a smile, and said softly.

Although she was still weak, she had a good sense of consciousness. The scene where she just confronted Wei Qiufu exhausted all her strength. Yan Huai's medicine was really magical, and she made herself recover in such a short time. Some spirits, even the wounds, didn't seem to be so painful.

Although she saw the redness on Weiyuewu's face recede, Jin Ling still uneasily reached out and wiped Weiyuewu's forehead. She felt relieved when she felt that the temperature on her forehead was normal.

"Miss, the slaver is going to die over there and give her medicine." Seeing Wei Yuewu all right, Shu Fei shed tears of joy.

"What else did the Prince of Prince's House say?" Wei Yuewu nodded and turned to Jin Ling.

"Miss, the Prince of Prince's House said that His Royal Highness thank you very much for blocking this sword for him so that you can take a good rest and say that you will definitely decide for Miss."

Jin Ling just sent the two doctors out. Although the three princess doctors didn't say anything, the doctors in Prince's House promised her.

Wei Yuewu smiled slightly. This was what she expected. No matter what the reason was, at least the sword was aimed at the prince, and she was the one who blocked the sword. There is such a fact that the prince always Let me tell you that she's still in a bad situation.

"Untie the wound for me." Wei Yue shook her shoulder, a flash of light flashed in her eyes.

"Miss ..." Jin Ling came over, unbuttoning Wei Yuewu's shoulder.

The button was originally loose and clasped. After being untied, you can see the wound inside. This wound was wrapped by Jin Ling on behalf of Weiyue Wu. She was originally a martial arts person who would bandage the wound. You can see a trace of blood on the wound.

"Tear it apart and take out the piece of parchment." Wei Yuewu said lightly, Liu Mei frowned.

Although Jin Ling was very careful, she could feel the sharp pain after shaking it a little, making her face paler than herself.

"Yes, slaves know!" Jin Ling understood at this time, carefully loosening the knot on the wound for Wei Yue, and gently pulled out a blood-stained patch from the wrapped wound. Yesterday Wei Yuewu ordered her to be wrapped in a wound and wrapped in a wound together.

"Miss, this pal ..." Jin Ling didn't really know the purpose of Weiyue Wu, and he showed the pat, and he was shocked and trembling when he saw a large piece of red blood on it.

"Give me some water to go up! If the third princess comes to see me, ask her to come in." Wei Yuewu blinked and said, Wei Qiufu ate such a big loss in vain, how could she be willing, let alone with her The three princesses who have made good friends really don't know anything ...

"Three princesses will come?" Jin Ling asked for a moment.

What do you think of the three princesses, who are all unfamiliar with their own lady? What does it mean to visit a doctor at this time?

"She will come." Wei Yuewu nodded and closed her eyes again. She would talk for a while, which was extremely energy-consuming.

While talking, Shu Fei first came back with the medicine jar. At the same time, there were the two maids in Yan Wangfu's house. They also carried the medicine jar. The medicine inside was to nourish the body for Wei Yue Wu.

"Miss, Taiyi Chen is here too. I'm in the room. I will treat the lady again to see if I can prescribe a symptomatic wound." Thinking about it, Taiyi Chen said that if the medicine in her body had disappeared Now, you can use a good wound medicine, Shu Fei could not help but flutter up.

The two maids of Yan Wangfu's house, after Wei Yuewu used the soup, returned with the medicine pot.

At this time, the medicine poured out was almost cold. Shu Fei took the medicine and sat on the bedside, carefully feeding Wei Yue to drink the medicine.

Outside the courtyard, there was a sudden knock on the door. Wei Yuewu nodded to Jin Ling, Jin Ling knew, walked out of the house, opened the courtyard door, and there were several **** eunuchs standing outside, each holding some The gift box, in the middle of which is the three princesses, and Wei Qiufu was actually beside her, for a moment there was a little vigilance on her face.

"Slave see three princesses and four misses!" Regardless of what Jin Ling thinks, the courtesy is not bad, and the three princesses and Wei Qiufu will salute when they come to respectfully.

"Are six sisters better now?" Wei Qiufu had recovered her calmness at this time, but her brows froze. Anyone felt that she was worried about Wei Yuewu's injury.

Just this expression, after a previous accident, whoever looked at it felt that it was just superficial.

"Thanks to Miss Four for worrying, our Miss is still ... okay!" Jin Lingzhi froze for a moment, and anyone could see that what she said was okay, very reluctantly.

"The third princess heard that Sister Six was very injured, so she was really relieved. She wanted to see Sister Six. I do n't know if she might go in now?" With the status of the third princess, I want to see Wei Yue Wu, let alone Jin Ling is just a girl ring, even Wei Yue Wu can't stop it.

"My lady just took her medicine and was resting. She went to see if Miss Six woke up?" Jin Ling hesitated.

"You don't have to wake up Six Sisters. The third princess and I just came to see." Wei Qiufu said more gently.

"We just look at Miss Wei Liu's situation. Miss Wei Liu has suffered this crime for my elder brother. I must come to thank Miss Liu." The third princess said softly.

Even the third princess said so, of course, Jin Ling had no reason to refuse, and now led the third princess and Wei Qiufu to the house.

The three princesses and Wei Qiufu followed Jinling into the back room. A strong smell of medicine immediately rushed out. Shu Fei hurried to the door to salute.

The three princesses waved their hands, signalling that they did not need to be polite, and first stepped into the back room.

The veil in the room was tall, Weiyuewu closed her eyes tightly, and she was lying high on her face, her face was pale and there was no trace of blood, and even the tight sakura lips were only pale gray. The sound seemed to be startled, Wei Yue Wu opened his eyes.

"Three princesses!" Seeing that the person in front of them was the three princesses, Wei Yue Wu Nana said, holding up seems to be sitting up.

"You lie down first, don't move." The third princess took a few steps and hurried forward to help her.

Jin Ling supported Wei Yue Wu a few steps faster than her, anxiously exclaimed: "Miss!"

Supported by Jin Ling half, Wei Yuewu's pale face showed a faint smile, and shook his head low: "Three princesses, I'm not in the least, nothing serious!"

She was weak here, half supported by Jin Ling, still almost unable to sit still, and there was nothing to do.

"Miss Six, you're hurt so badly, it's always hurt for my elder brother. It's inconvenient for me to come and see you, so I'll replace elder brother, thank you Miss Six." The third princess retracted her hand and smiled casually. , Reached out and took two shots, and immediately walked out from behind a row of palace maids, each holding a gift box.

Wei Yuewu looked at the row of maids in front of her with shock, and the box in their hands: "Three princesses ... this ... what is this ..."

"Sister Six, this is a gift from the three princesses instead of His Royal Highness. You haven't thanked the three princesses. All of them are boutiques selected by the three princesses." Wei Qiufu also came at this time, smiling and pointing This row of brocade boxes.

Wei Yuewu seems to have discovered that besides the three princesses, there is also Wei Qiufu in the house. It was difficult to look up at Wei Qiufu, and her breathing became anxious, and she seemed to be blocked in one breath. ... you ... four sisters, you ... what else are you doing ... "

She was coughing, but she couldn't even say a word, she coughed her head down, and the other hand had difficulty holding up the pouch to cover the corners of her lips. However, she had a bad cough, and she loosened her hands and put them on her lips. The corner edge of the parchment just fell to the ground, and when he fell backwards, he passed out.

On the white silk spar, the blood red traces, then a large mouthful of blood ...

"Miss, miss ... what's wrong with you? Don't scare the slaves! If you have a length of three or two, this will make slaves unable to escape the relationship!" Jin Ling glanced at the pavement on the ground and immediately held Wei Yue Wu, Hutian wailed and cried.

"Taiyi, call Taiyi soon!" The third princess also panicked and screamed anxiously.

She only came in here, and Weiyuewu vomited blood and passed out. Speaking of the relationship, how could she escape from the relationship? I thought Wei Qiufu had persuaded her for a while. Glancing at Wei Qiufu, he became increasingly dissatisfied with Wei Qiufu ...

Seeing Wei Yuewu actually seeing herself, he vomited blood and passed out. Wei Qiufu was anxious. He took the first two steps and picked up the puppies that Wei Yuewu had fallen to the ground. His eyes widened.

It's a **** smell before it's put on the nose, is it true?
