There was an accident. The coachman would only want to escape from the scene. Of course, he would not pay attention to someone in the crowd. He silently fell behind him and followed ...

When Huayang Hou's wife saw that the matter had reached this point, she hurriedly squeezed out of the crowd. She had to hurriedly report to the second lady. Miss Liu didn't die, so she had to make the second lady prepare early.

The mother-in-law wanted to ventilate and report, but never thought that among such a large group of people around, she squeezed out like this, and Xingzang, who ran out, was actually the most revealing. More than one person looked at her in confusion.

Wei Yue Wu naturally saw her too, her eyes narrowed slightly, and a faint mockery appeared on her lips.

Wei Yan, how can you and Mo Huating avenge my blood ...

"Miss, that's the mother-in-law on the Houfu House in Huayang. Would you like her to be held by a slave? She's seen her clothes." Jin Ling got up from the ground and seemed to fall heavily, rubbing her sideways. Waist down, but when he saw the woman, his eyes brightened, he reached out a finger, and yelled.

Immediately attracted everyone to look at the woman with only the back.

But even if only the back is left, some people still recognize the clothes worn by the wife of the courtyard of Huayang Houfu.

"It's really the mother-in-law of Huayang Houfu House. Why did you see your own master, but came to see him and ran away instead?"

"It must have been to ventilate the letter. No wonder it was trying to squeeze out."

"Huayang Houfu is now headed by the second wife. Her reputation has always been good, won't she do this kind of thing?"

"This kind of lady is the most superficial, really vicious!" ...

Everyone in the capital knows that Huayang Hou is guarding the border. The principal of the inner court of Huayang Hou House in this capital is actually the wife of the second room.

"Miss Six, would you follow her back?" Jin Ling rubbed her waist and limped over.

"No, let's go back to the house." Wei Yuwu calmly said, then walked to the side of the pony carriage, and everyone behind him still talked freely.

As for the carriage that was hit by the river, the coachman at the Yanguo Mansion was left to handle it.

As a result, the battlefield was here to salvage the carriage, and more and more people watched for a while.

The people behind were not clear what was going on here, so they diligently sounded, and saw the person who had passed the whole thing before, but explained enthusiastically, talking about the carriage of Huayang Houfu, talking about that secretly The mother-in-law of Huayang Houfu who slipped away, the runaway coachman, and Miss Wei Liu of Huayang Houfu are not ugly at all, but a delicate little beauty ...

The combination of these news shows that someone not only destroys the reputation of Miss Wei Liu, but also viciously puts her to death. The person who is most likely to start is Li, the wife of the second room of Huayang Houfu!

Many people were hired to go down the river, saying they were going to touch the luggage in the car, but the carriage was sunk, and it was not easy to fish. Seeing the crowd crowded, so many people passed by and asked From then on, the person who arrived last explained to the back. For a while, people who passed by almost knew the vicious core of Mrs. Li's second wife, the life of Miss Hualiu, the daughter of Huayang Houyang ...

On the carriage, Wei Yuwu took Jin Lingji to sit down. The carriage started slowly and steadily, and the road was almost blocked. The carriage now exited and turned to another lane to Huayang Houfu. .

"Miss, that coachman really isn't from Huayang Houfu?" Jin Ling didn't rub her waist at this time. She had already been on alert. Why did she really hurt herself?

"Lee's not going to be so stupid." Wei Yuwu closed her eyes gently, her lips slightly sneered, but seeing that Li's reputation has been corrupted in Beijing, she knows that this is a deep-thinking person "This person is not only from Huayang Houfu, but also should not belong to Li's family."

She had been observing the coachman in secret, and when he saw that he was in front of the carriage of the State of Yan Guo, the panic on her face was not very obvious, and she understood that her guess was that it would be inseparable. This is a big fish, Yan Huaiyu should be very happy there!

"Miss, you said, which one is the most likely?" Seeing the scorn and sarcasm on Wei Yuewu's face, Jin Ling could not help but provoke her curiosity.

Wei Yuewu didn't answer this time, just pointed her finger upward in one direction, and smiled coldly: "I heard that the eldest brother of Li's family is following that."

Jin Ling didn't understand the meaning of Weiyuewu at first, but after turning her eyes twice, she looked at the position of Weiyuewu's fingers. She immediately understood it, and couldn't help whispering, her eyes were widened in surprise. Unconsciously lowered his voice again: "Miss, are you correct?"

"Nothing wrong." Wei Yuewu opened her eyes, took up the tea cup before the small case, took a sip elegantly, and a flash of coldness flashed in her eyes. Li's was really difficult to deal with. It can be said that this plan is almost seamless of.

Because the identity of this coachman is unusual!

It's a pity that her prudence has fulfilled Yan Huaiyu and herself ...

Or it may hinder some people's interests, but what does this do to you!

The carriage suddenly trembled, as if it had hit something to stop. Weiyuewu was slightly awake. Houfu of Huayang should not have arrived yet!

"Miss Six, there is a carriage behind us. When we exited the junction just now, we have been following us, and now we suddenly overtake it!" The coachman said softly across the curtain.
