

Young Lady 18

Chapter 18: Hands on, Miss II is vicious

Open the main door to welcome yourself, just because Wei Yan, mother and daughter are afraid to make things big.

Wei Yuewu's heart was cold, no matter what Li's mother and daughter thought, at this moment, in the eyes of outsiders, she was a strong return to Huayang Houfu. She, Wei Yuewu, was the most honorable lady in Huayang Houfu. !!

The main entrance of the Houfu Palace of Huayang finally opened a little bit heavy. A few domestic slaves no longer arrogant, stood in two rows, came in front of Weiyuewu, and the previous wife nodded in front of the way, respectfully. The look of selflessness, only when looking down, there was a hint of glee in his face.

She was followed by Wei Yan's wife. Of course, she knew the temperament of her own lady. Where would she simply let the six lady go? This is the door of the second lady, and the second lady has long been afraid of her slaves. So, waiting for Miss Liu in it, but see how Miss 2 tossed this Miss for a while.

I followed the wife all the way, many people met on the road, all with disdainful eyes, looked at Wei Yue Wu up and down rudely, and even pointed there.

"This is Miss Six? It looks so small."

"Isn't it that it's ugly to look at and grow up from the countryside, don't you know how polite?"

"This ... Isn't this Miss Six? Is it wrong? When I saw it before, it wasn't like this! ..."

Wei Yuewu didn't take these discussions seriously, but when she spoke of the "wrong person", the cold water glanced at the talking girl ring, and there was a icy coldness at the bottom of her eyes. .

The girl ring was swept away by her cold water eyes, and she closed her mouth involuntarily, only to feel that those eyes seemed to be able to penetrate the human heart, but she was calmed down for a while, and her head was hurriedly lowered.

The woman brought her to a yard before entering the door, and heard a young girl sitting on a chair in the yard, shouting coldly, "Come here, grab this cheap girl who fakes Six Sisters. "

It was only when she spoke that the two women who were backed up came out and came to guard Yueyue Wu.

Wei Yuewu raised her eyes, and her eyes fell on the young girl with beautiful looks. Needless to say, this should be the vicious Miss Wei Er, the one who conspired with Mo Huating to take his own life. Wei Yan.

"Stop, our lady is the only niece of Houyang Hou. If there is any damage, Houye asks you carefully and carefully your skin." Jin Ling immediately sighed when she saw the two women coming over.

The two mother-in-laws stunned, stopped, and looked at each other.

Of course, Huayang Hou is not in Beijing, but it must be Huayang Hou Mansion, and everyone in the house knows that Mrs. Tai loves Miss Er, but she always obeys Hou Ye. If you really help Miss Er to bring Miss Liu It's offensive, and Grandpa Hou doesn't have to say anything. If Grandpa Hou gets angry, he might confess his life here.

"This second sister is the second sister? I saw the second sister's girl ring next to Jingyuanhou when I was robbed in the county seat. When this door came in, the second sister was going to arrest me and foul me. The name of Yunguan's daughter-in-law, second sister, is this going to kill me anyway? "

Wei Yuewu raised her eyes and looked at Wei Yan above, smiling slightly, but the words were extremely harsh.

"Dare you talk nonsense, hurry up, plug me the mouth of this cheap girl, and beat him fiercely!" Wei Yuewu was so pointed, Wei Yan was ashamed and angry, her eyes glared at the two wives, and she was determined Idea, we must kill Wei Yue Wu today. Even if it is verified afterwards, what is true, who makes Wei Yue Wu look different from the legend.

As long as you say you have confessed someone wrong, there is a father and older sister, and grandmother can say anything, anyway, grandmother would not like this cheap girl.

Staring at her like this, the two mother-in-laws hesitantly moved over to Weiyuewu.

"Who dares!" Wei Yuewu's face was cold, her eyes were deep and stern, and the footsteps of the two stabbing women stopped again, afraid to step forward.

"Reverse, actually dare to disobey my words, go to a few more people, grab this cheap girl, what happened, I bear." Wei Yan patted the chair bar with her hands, Tieqing's face was furious.

She came here to set up this battle, which was to forcibly remove Wei Yue Wu, so there were also some of her confidants among the people brought by. At this time, after looking at each other, two women came down. The first two rough and sturdy, but the footsteps did not stagnate, at a glance, we knew that we would execute Wei Yan's order wholeheartedly.

Jin Ling stepped forward two steps, annoyed in front of Weiyue Wu, posing a pair of people who dare to step forward, and looked desperately with whom.
