

Young Lady 21

Chapter 21: Irritated

"Slavery has seen Miss Liu before. Miss Liu is not like this."

"Slave also saw it. The old lady over there invited Miss Six to come, obviously it wasn't like this." Two more girls ring came out and whispered softly, but the voice just made the lady above. , And everyone else in the room can hear.

"Fake ... this ... this is fake ..."

"This ... someone else is posing as Miss Six."

"The blame has to be like the legendary Miss Six. It turned out to be a fake!" ...

All of a sudden, there was a rumbling in the mother-in-law of the girl in the room. Look at this little beauty like Miss Six, and think about the illiterate Miss Six in the rumor. A few more met Wei Yue Wu's girl ring testified that no one could help but feel suspicion.

The voice of "Miss Six is fake" is spreading ...

Hearing people's discussions, Li's heart was full of pride, and she looked at Wei Yuewu with a bit of embarrassment. She was just a little girl who could not survive the weather. She had escaped her life the first two times, but she was lucky. Nothing more.

Holding on to the two steps, he walked in front of Mrs. Tai, her expression of anxiety lowered her voice and said, "Mother, Sixth Girl is the uncle's biological daughter. Uncle is going to return to Beijing soon. There can be no mistakes! Uncle's temper ... "

Her words were sincere, and she looked exactly like Mrs. Tai, and specifically mentioned Hua Yanghou.

Thinking of the eldest son who is about to return to Beijing for duty, Mrs. Tai is a bit anxious, her brows frown tightly, and she looks around. Acer has been serving Mrs. Tai for so many years. Mrs. Tai's preferences are clear. Chu, immediately glanced at the people around him, and immediately the room was quiet.

"You ... really a dancing girl? Are you back to Beijing alone, and there is no one who can prove your identity?" The voice of the room was completely quiet, and the guardians looked up and down Wei Yue Wu. , The voice asked slightly coldly.

Proof of identity? Wei Yuewu's bright eyes flashed a icy sigh of cold air, and there was no one around her, Qin Ruo and the people she brought with her, which one did not come out with her.

She begged Yan Huaiyu to send a guard and took her to the scene.

If Qin was nailed to the carriage by a sword, the look before her death was horrible. You can see how ruthless and ruthless her shot was, and she was not given any chance to escape. In this case, she still asked She doesn't believe why there is no one around her. The lady who looks so savvy will really know nothing.

"Grandmother, Jingyuan Hou and the second sister are private, and tried to kill me, killing everyone around me, Wuer asked my grandmother to take charge of me." Wei Yuewu respectfully looked down, with long eyelashes, a pair of eyes , Cold and icy.

Since she decided to enter the government with a high profile, she naturally would not be able to swallow her voice, and would take the initiative to find an opportunity. No matter whether the wife is really ignorant or false, if they dare to do it, she would dare to say that Wei Yue Wu knows clearly, As long as she said something, Mrs. Tai could not turn a deaf ear anyway.

The words that were too stone-shattering made everyone in the house look at Wei Yue Wu in shock, and for a moment they were silent.

Everyone looked at the weak Weiyue dance like a delicate flower in front of them. It was hard to believe that she would directly point to Mo Huating and Wei Yan without any direct evidence. The two murdered together. she was.

Li, who had a well-prepared chest before, turned pale and blue, opened her mouth, but found that the words she prepared were not even used. The words of Wei Yuewu made her never speak from the perspective of bystanders. , Wiped out everything she could say on the side! Wei Yan was blindfolded there, her eyes widened and her mouth open, ashamed and hated! Had it not been for Li's hand to hold her tightly, it would almost rush out uncontrollably.

"Dance girl, you say it again!" Madam Tai looked cold, she cried.

"Jing Yuanhou robbed Wuer, and asked her grandmother to take charge of it!" Wei Yuewu's look remained unchanged. Today, she is going to conceive Wei Yan and Li's conspiracy and make it public. See if Li can still fight for herself. Thinking of the banner, secretly hurt yourself.

"What evidence do you have?" Mrs. Tai looked dull, but asked not to speak.

"Grandmother, as far as the local area was concerned, Jingyuan Hou did very clean. There is really no evidence. Those who can prove his identity have all been killed!" Wei Yuewu's eyes were cold and deep, she took a deep breath, Her chest rose sharply, and anyone could see that she was trying to suppress it. "Unfortunately, there are some things that make people doubtful. If my grandmother doesn't believe it, I will investigate it one by one.

"what's up?"

"First, when I had an accident, Jingyuan Hou happened to be carrying his guard and was also in the town; second, the second sister's Yahuan Shuiyun, a woman dressed as a man, followed him, and once said in front of everyone Out, let me ask my second sister for revenge. "

Seeing her anxiously eager to argue, Li's eyes glanced aside, sneering, leaving her no chance at all, then she said:

"Third, on the way to the house today, a carriage rammed my carriage into the water. If I hadn't changed a carriage beforehand, it would have been dead at that time, and it was in the crowd and the accident carriage. The husband's eyebrows came and hinted that it was a woman in Huayang Houfu's house. Finally, the woman saw that I was fine and hurriedly returned to the house to report.

"Grandmother, each of these things is true. If the grandmother doesn't believe it, you can go and inquire about it. The horse-drawn carriage happened only shortly after that. It was still being salvaged at this time. People who saw her mother hurried back home A lot, you can find a few people to come and recognize that woman. "

The horse-drawn carriage happened in the capital, coupled with rumors, Wei Yuewu didn't believe Mrs. Tai would be indifferent.

With these pavements, Li can no longer use himself as an elder!

She wants everyone to know that Li and Wei Yan are planning an irregularity on themselves. In the future, Li will not only want to deal with himself, but also consider whether it will ignite himself!

At the same time, she must also let Mrs. Tai understand that this is not just about closing the door of the house, others don't know anything!

"You ... you **** ... what are you talking about!" Hearing Wei Yue Wu's meaning, Wei Yan scolded quickly.

"The second sister said, why did Shuiyun follow Jingyuanhou? Why did I stand by Jingyunhou when my Yahuan testified before dying? Why did I find it easy to die when I found that Shui Yun pretended to be a guard and followed Jingyuanhou? "

Wei Yuewu stood there coldly, staring at Wei Yan and pressing hard, since Wei Yan wanted to ask, she took the opportunity to talk about it.

The bigger the trouble, the more jealous Mrs. Tai was. At this time, could this Mrs. Tai still sit down?

"You are a cheap girl, you ... you nonsense ..." Wei Yan was forced to say nothing. At this time, she could only swear with hate and yell. Anyone who saw it felt that she was guilty. Everyone in the room was skeptical. Look at Wei Yan.

As soon as Li couldn't look well, he opened his mouth and wanted to take over the conversation, but he heard the sound of "dangdang", and hit a cup to his feet, and immediately shut his mouth in shock.

At the forehead of Mrs. Tai, the blue tendon of the fire fork jumped invisible, her face was gloomy, and she did not see the glass hit on the ground. She stared at Li Shi and Wei Yan fiercely, and there was no smile under her eyes, angrily: "What's up with Yanhua's girl ring?"

Even though Wei Yuewu can't accuse Mo Huating and Wei Yan of trying to kill her, but Shuiyue's story is always true.

Wei Yan was the first time to see Mrs. Tai being so angry that she knelt down with a "thump" and said to Mrs. Tai: "Grandma ..."

In panic, I didn't know what to say!

"Mother, this matter has nothing to do with Yaner. The girl ring went to welcome Liu girl back to Beijing. Somehow she was mixed with Jing Yuanhou. Before, she was brought back by Jing Yuanhou and said she was lost. Li hurriedly defended Wei Yan, pushing Wei Yan secretly, motioning to her to speak to herself.

She also regretted this moment. When Shuiyue returned, she killed the girl directly. Even if she had no evidence of death at this time, she would not even be able to answer with guilty conscience now.

But at first, I never thought that this cheap girl would be so powerful. She dared to tear her face when she entered the door and pointed her directly at Yan'er.

"Mother, that girl ring also said after she came back that she was not six girls, six girls are notoriously timid, and they don't look like this, this ..." Li's must be deep in the city. Calm down, as long as this girl is not real, those things are not a big deal.

It's okay to bite her!

"Yes, grandma, Shui Yun also said that Liumei looks completely different from her, and she doesn't know where the shameless girl came from. She dared to impersonate six sisters, and maybe six sisters died in

her. It's on my hand. "Wei Yan wasn't stupid. She immediately understood Li's meaning. She covered her face with a paper and started to cry. A sad look.

As long as Wei Yue Wu can't prove her identity, what she said is inaccurate!

In the room, because this sentence was strangely quiet, the two girls who followed Zhang also carefully moved to the side, it seemed to be far away from Weiyuewu, so as not to get stained.

Mrs. Tai's eyes fell on Wei Yuewu's body again, looking at her, drooping the corner of her mouth without saying a word.

"Why does the second sister think I should be posing as Weiyue Wuwei?" Weiyuewu looked at Wei Yan, a smile on her lips, her eyes looked as if she were in autumn, and she was very calm. Ridicule, she does not believe that Mrs. Tai is mature and sophisticated, and will not see what the truth is!

"You ... you must be trying to get married with Jing Yuanhou, so you hurt Liumei, and then you pretend to be Liumei and go to Beijing." Wei Yan was asked for a while, but she saw Wei Yuewu with a little. The look of ridicule was very unsettling in my heart, and the words rushed out immediately, and when I felt bad immediately after speaking, I wanted to change my mouth.

"Is Jingyuan Hou so good? Good enough to disregard brother-foot-friendship? Jing Yuanhou is a treasure in the eyes of Second Sister, but in my eyes, it is nothing." Wei Yuewu's eyes quickly passed by a trace. Deeply, grabbed the topic before Wei Yan wanted to change her mouth.

She turned her head and looked at Mrs. Tai, angry, humiliated, painful, all kinds of emotions intertwined in her eyes, and her face was full of condensation: "Please also ask Grandma to show Wuer explicitly, Jing Yuanhou kills Wuer, Is it necessary to go to the government to sue? On the same day, Wuer had told Jingyuan Hou that he would divorce him. Even if he died, Wuer would not marry someone who was trying to kill me. "

Wei Yan didn't mention this, and she wouldn't mention it. She must enter the government today, and she must also give Mrs. Tai some room for manoeuvre. The so-called facts seem to be lively, but they are actually some hearsay and speculation. I can't produce tangible evidence.

That's why she deliberately excited Wei Yan to speak up!

Isn't her aim just to highlight the viciousness of Li and Wei Yan ...

Chapter 22: Strong medicine, one dose after another

Wei Yan froze. For a while, she didn't know how to deal with it. Her face turned blue and white for a while, as if everything was wrong, but she felt guilty without saying anything ...

Seeing Wei Yan's look, Wei Yuewu sneered!

She expected Wei Yan that they wouldn't make the matter big and tear it up, so she could only obey the marriage according to her own thoughts. If the elders had to come forward to terminate the marriage, she would not waste time tangling with these people.

After entering the door, she didn't mention the robbery or the collision of the carriage intentionally. Instead, she asked them to lead them out, which meant to suggest Mrs. Tai, if Mrs. Tai didn't agree to her divorce. , She will inevitably make Wei Yan ruined.

Regardless of the final outcome of this matter, if it really goes to the public court, Wei Yan's reputation will be ruined, and there will never be a day to turn around in a lifetime.

The more she said, the more emotional she was. Although her face was not visible, her fingers were clenched into the fists at the bottom of her sleeves, and her ears seemed to be sorrowful if she pushed her away. This pair of vicious dogs and men did not want to stir Together? Then she gave them a chance ...

Sensing her decision, Li's heart was panicked, and the hand aside put up tightly and clenched!

Wei Yan's flushed face turned red, but now she can only stutter: "How can you say such a thing, this ... this is where every lady can say!"

"Second sister, since some people do it, don't you allow me to say it?" Wei Yuewu smiled coldly and turned to look at Mrs. Tai, who was always cold and silent, this is the real decision maker.

"Grandmother, when Wuer was robbed before, he met Yan Guogong Shizi. He saved Wuer. If his grandmother doesn't believe it, he can ask Yan Guogong Shizi to verify. Coincidentally, Shizi is said to live in Beijing for a while. , And the carriage that was hit into the river is also the state government of Yan. "

Since Mrs. Tai couldn't decide, she would take another dose of medicine!

"Fortunately, when the emperor Yan Guogong entered the city, he suggested that Wuer changed his car, otherwise at this time, Wuer was brought into the water by the overturned car and drowned in the water. This incident saw a lot of people If the grandmother doesn't believe it, she can send someone to check immediately. "

The identity of Yan Huaiyu is here as evidence and cannot be questioned at all.

Wei Yuewu is also considered to be pulling tiger's skin, and foxes and tigers once again.

At this time, the incident where the carriage was hit by the Shen River must have spread throughout the capital. Wei Yue Wu glanced at Li's eyes, and there was a gleam of coldness in the corner of her eyes. As the Shen He incident spread, she must also have her vicious reputation. ...

"Yan Guogong also knows this?" Mrs. Tai blinked, and finally spoke, glanced at Wei Yan who was about to speak, and gave her a stern glance.

Wei Yan opened her mouth and did not dare to say a word. She lowered her head with hate and the shreds in her hands almost shredded.

I had known that Wei Yue Wu was so difficult to deal with. At that time, she must have told Jing Yuanhou that she would be harder. She would definitely want to kill by mistake rather than leave alone, and she would not let this scourge escape.

She hadn't thought about it, it wasn't that Mo Huating was not cruel, but Wei Yuewu was more cruel.

Being able to escape in such a lifetime, in fact, is not only better for Wei Yue Wu.

At this time, Li's calmed down and patted Wei Yan to signal her not to move. She knew that the most important thing at this time was Mrs. Tai's attitude. Li's still believed in Mrs. Tai's, and she would definitely protect Wei Yan. Compared to Wei Yue Wu, Wei Yan is the heart of Mrs. Tai. "When I was rescued by the emperor Yan Guogong, many people saw my clothes and clothing at that time. If they questioned my identity, it was because of the amount of hair that I put on in the past, and the way I combed my hair, My grandmother can send someone to ask Yan Shizi, and ask me if I was sent back the same amount when I was rescued that day. "

Wei Yuewu's words were not guilty of conscience, and Qiaosheng stood there, faintly saying, whether or not Yan Huaiyu really noticed, she bet that Mrs. Tai would never dare to verify.

"But ... are you really six girls?" After hearing her say that, Mrs. Tai's face eased a little.

Although this sentence is still in doubt, it is the same thing, but Mrs. Tai obviously has a much better attitude, and the tone is not heavy, as if she is really just a kind grandmother, doubting her identity, which shows that Mrs. Tai's concession !!

This was originally expected by Weiyue Wu, so a submissive smile appeared on his face, and his attitude eased: "Grandma, I have sent a letter to my grandmother's house. I believe it won't be long before my grandma will send someone over By that time, my identity must be proven. "

The letter was sent by her. She knew that someone might make a fuss about it. How could she not return to it first and make a strong return? Naturally, it is impossible for people to question her identity. It 's not fast. If my grandmother can understand her own mind and let people come quickly, the time should be calculated.

While talking, a woman gasping, running hurriedly, feeling that the atmosphere inside was not right, she was a little bit surprised, but still came forward to report to Mrs. Tai: "Mrs. Tai, Miss Six's home People, said that I heard that something happened to Miss Liu, and came to visit Miss Liu specially. "

In a word, the room was strangely quiet, and the look on everyone's face was even more different and exciting!

Only here is the doubt about the identity of Weiyue Wu, there is someone there, and it seems that the ordinary people are not here, otherwise the mother-in-law's look will not panic ...

"Who's here?" Mrs Tai asked in a deep voice.

"Yes, I heard it is ..." As the woman talked, Ai Ai looked at Wei Yue Wu, "It was Miss Liu's aunt."

Wei Yue Wu, who was talking about this, also stunned for a while. She was unexpectedly her eldest sister-in-law, Tu. Among the three aunts, the eldest daughter was the most powerful. Her identity is the name of the Tu family. Sister-in-law, although she was an orphan girl at the time, but this did not prevent her from being adopted as a daughter-in-law because of her beautiful appearance.

The identity of the daughters of the Clan of the Tu family has always been precious.

Almost every generation, daughter-in-law of the Tu family has entered the palace as the queen or concubine. The queen and the Zhao Zhaoyi who are now in the palace are all women of the Tu family.

Wei Yue Wu could not have thought of it in any way. This time she was actually a grandmother. It reminded me that this must be the idea of her grandmother. She was so touched. Compared with the indifferent, she looked at herself like a spectator. Mrs. Tai, my grandmother is her loved one.

"Come on!" Mrs. Tai knew the identity of Tu, and would not neglect.

It was necessary to meet outsiders, and the room was cleaned up immediately. Wei Yan was also ordered by Mrs. Tai to stand up and stand behind Li's.

Mother-in-law Tu was respectfully invited in by a woman-in-law, and first met with Mrs. Tai.

Then I blinked anxiously and saw Wei Yue Wu, who was standing on the side, hurriedly took a few steps, came over and took Wei Yue Wu's hand, looked up and down, and asked with concern: "Dance, what happened? What happened? How come into Beijing so hard that I almost lost my life? Your grandmother was all ill in an anxiety, otherwise this would come in person. "

With this remark, even the embarrassed Mrs. Tai's face showed a embarrassing expression. Anyway, Wei Yuewu returned to Beijing to mean it, and she had previously written to Wei Yuewu's grandmother. , Will definitely treat Weiyue Wu, but who would have thought, after arriving in the capital, one after another.

At this time, after listening to the aunt's words, it was like being thrown in the public's hands, and immediately stared at Li's severely.

Li's never met Tu's. She wanted to be a suspect of Tu's identity. She was just a maid of a small family. Unlike Tu's social circle, she happened to marry Wei Yuewu by chance. The second uncle's family background was not lower than that of Huayang Houfu.

This step was just one step forward, without speaking, but was sternly glared by Mrs. Tai, and she dared not speak any more.

After seeing Mrs. Tai's performance, people no longer dare to doubt Wei Yuewu's identity in the presence, and automatically explained in the mind that Yahuan's doubt about Wei Yuewu, the few people who sent gifts, why did they come back? She will desperately say bad things about Miss Liu, and there should be the means of Mrs. Li of Erfang, who is in charge of the backyard.

If it wasn't for Lee 's, those people would dare to speak like this and dare to defeat Weiyuewu. Now all the people in the city are saying Weiyuewu is incompetent and indifferent. If it were not from Huayang Houfu, Who believes?

Mrs. Tai is also depressed at this moment, watching the lovely and well-behaved Weiyue dance being kissed by Tu's intimate enthusiasm; looking at standing behind Li's with her head pulled up makes people feel gloomy, the whole person Wei Yan, who did not seem to be excellent, could not help but stare at Li's hate.

What she hated most was not Mo Huating's murder of Wei Yue Wu, but the thought of Wei Yan, who had been carefully cultivated since she was a child, and now she fell in love with the unsatisfactory Jingyuan Hou, and she felt heartache for a while, knowing herself already At the beginning, he would not let his son marry Li's. It really was a little young and short-sighted.

"Mrs. Tai, our dancers have always been such a good look, but as soon as I entered Beijing, I heard people say that we are dancers, talented and indifferent, and I heard that when Jingyuanhou went to pick us up, , With a personal ring next to Miss Fu Shang Er? Is this Miss 2 Fu Fu really concerned about our sister, Wu Yuan, or does he care about Jing Yuanhou? "

After saying a few words with Weiyuewu, it didn't matter that she saw her. After the Tu re-sit, she took a cup of tea and drank it, and gave a snorting cry to Mrs. Tai.

This sentence is very heavy, the meaning of the words, every word, is that there is a private relationship between Wei Yan and Mo Huating, Huayang Hou House, you must give Wei Yuewu an explanation.

Thinking of the girls who grew up in the house, she almost died when she went to Beijing. Tu felt that this tone could not be smoothed, and then looked at the scene where she just came in. At a glance, she knew that it was not good intentions. Mrs. Tai kept her face a little bit. In Tu's opinion, she is now Weiyuewu's maiden family, naturally standing on the side of the girl, and holding back without reservation.

Huayang Houfu must explain to the girl.

With Tu's appearance, Wei Yue Wu naturally does not have to grab it in the head. This will stand behind Tu's head, with his head slightly lowered and long eyelashes. A pair of beautiful eyes are exposed in places where others cannot see, With a bit of sarcasm, she would have to see how Mrs. Tai would give her aunt ...

Chapter 23: Tu's approach, step by step

"In fact, it was my fault to talk about it. I was thinking about telling some girl about Jingyuanhou, but Jingyuanhou got up and said to Yanhuan next to Yan girl, let her see When I was Jing Yuanhou, I told Jing Yuanhou that I couldn't think of this girl ring, but I was a big-hearted one. I actually followed Jingyuanhou and my second child's family. When you went back, you sent her away. Our house You can't stay in this way. "

Mrs. Tai coughed, opened her smiling eyes, took the topic from Tu Shi, and then gave Li Shi a random command, intending to understate things.

"Yes, mother." Seeing Mrs. Tai's annoyance, Li dared to say something more there, lowering his eyebrows, looking respectfully, secretly relieved, pushing everything to Shui Yun, at least Wei Yan's famous festival has been kept.

"Mrs. Tai, the girl ring on the house is so brave, she dares to be so yin and yang, and she has also actively sought out a foreign man, and has been staying with him. Ms. Shang Er's big girl ring, there is such a girl ring to follow, there is really something wrong with Ms. Er! "

Tu had no intention of letting Wei Yan do that.

In a word, even if it was cultivated by Mrs. Ether, at this time, a face was turned into a pig's liver color and flushed.

Wei Yuewu secretly applauded, her lips were slightly hooked, and a flash of cold ridicule flashed in her eyes. Mrs. Tai and Li wanted to push things all over Shui Yun, but never thought Shui Yun was the masterpiece, but since she followed Wei Yan is Wei Yan's person. The people around him are not decent, and where is the master to get better.

Especially the big girl ring around this lady in the boudoir can almost do most of the work for the lady.

"Mrs. Tai, although we are small doors and small households, the portal is still quite tight. Wuer has lived for so many years, and has been deeply locked in the boudoir. The girl ring around her and the mother-in-law have been clean one by one. It was said that such a thing would happen. "Tu Shi glanced at Li Shi obliquely, and took a corner of his mouth with a parchment, and said," Ji ", " It is impossible to have such an unclear person like Miss Da Erhuan beside Miss Er. , Close to the body of Miss Wang Ge. "

The ridicule in this sentence can be understood by anyone, but the fact is there, and it was acknowledged by Mrs. Tai and Li himself, and it was impossible to argue!

"Lee, kneel down! How did you become this family?" Mrs. Tai's face changed a bit, then turned from red to blue, her eyes flashed, she turned to the second lady, Li, and patted her hands on the table. Snapped sharply.

In the presence of Tu, Mrs. Tai had to blame Li for failing to be the home of Houfu in Huayang.

After listening to Tu 's mention of Wei Yan, Li 's lips were shaking, and she was trying to distinguish a few words, but she heard Mrs. Tai screamed at her, and then saw Mrs. Tai 's flushed face, so she knelt down with a "plop" , Anxious to explain: "Mother, mother, listen to me, it's not that the daughter-in-law didn't take care of this family, but the cheap girl was really big-hearted. When she does things on a weekday, she makes her own claims."

At this point, Li had to say that he could only bite Shui Yun and push things all over Shui Yun. He had made a secret decision in his heart. The girl could not stay, so she let Yaner be a scapegoat.

"Mrs. Er's words are really interesting. Listen to Mrs. Er, this girl is bold and you have known for a long time. Then why don't you change a girl for Ms. Er, it's possible that Mrs. Ms. is not the mother of Ms. Er, So, didn't you mind about Miss Er's famous festival? "

Tu caught the loophole in Li's words, sneered, and pointed out the loopholes in her words.

"I ... I'm in charge of the whole backyard of Houfu's Houfu House. For a while, I didn't have time to make a substitution!"

"It turned out that things in Huayang Houfu House were so busy. I was worried about our dancers. The second lady didn't even manage her own daughter's affairs. Where did she get the energy to take care of the dancers! Mo Ruwu I still want to go back with me, so as not to make things like Miss Er, and lose the reputation of the entire Huayang Houfu. "Tu said, leaning scornfully at Li's.

If Huayang Houfu can't take good care of Weiyuewu, the meaning of Tu's words is to take Weiyuewu back.

Huayang Houfu's maidservant couldn't enter her own gate, which made the whole Huayang Houfu a big joke in Beijing.

Mrs. Tai had to make a stand, slammed her hand on the table, gave a sharp glance at Li's, and reprimanded: "You have a good home! Since you run this home, so hard, then from tomorrow, you will follow Let's take care of the old wife! "

"Mother, I ..." When I heard that I would be deprived of part of my housekeeper's rights, Li was in a hurry. Zhang, who was standing beside him, was overjoyed. She was just watching a lively event. The pie came down and immediately stepped forward two steps, smiling at Mrs. Tai firstly: "Yes, mother, I will help the housekeeper together with the housekeeper."

"Mrs. Tai, what about the marriage with Jingyuan Houfu? Jingyuan Hou always dislikes us and even kills us. If we really make a noise, we will never let Jingjing go, even if we do our best. It's far away." Mrs. Tu said she was quite satisfied with Mrs. Tai's treatment.

However, although she didn't catch Wei Yan to talk about things anymore, she constantly looked at Wei Yan from the corner of her eyes. Not only did Wei Yan feel uncomfortable, even Mrs. Tai noticed this clearly, her heart beat.

I have to think carefully about the words of Tu Shi with a bit of prestige. Of course, Mo Huating can't let go, so what about Wei Yan? Not the same is also a bad name!

"Dance girl, come here!" After a deep moan, Mrs. Tai waved to Wei Yue Wu, who was standing aside.

Wei Yue Wu looked up and walked over.

Mrs. Tai's face gently held Wei Yuewu's hand, and she said graciously, "Dancing girl, this marriage was settled by your mother and your wife Jingyuanhou at the time. At the time of the engagement, there was Tu Zhaoyi. It was Zhaoyi's mother-in-law's testimony, and the engagement for the two."

As the queen, Tu Zhaoyi is the daughter-in-law of the Tu family, giving birth to the four princes and three princesses. Although the status should not be too high because of the same queen, they are real figures in the palace.

It is no wonder that Mo Huating did not dare to resign, but it turned out that Tu Zhaoyi was involved in the marriage, but Wei Yuewu had settled his thoughts, and there was a bit of ruthlessness in the water eyes. No matter who he is today, the marriage must be retired.

"Grandmother, Wuer is going to retire!" The voice was not high, but anyone could hear the resolute words in her words, with a delicate and childish face, with coldness and hate that did not match her age.

Since Mrs. Tai asked herself, she would never hide her hatred of Mo Huating. Anyone who is chased and killed will not be half-impressed by the person who chased her. Madam Tai asked or not, in fact, it's all the same, but she was forced to step down by the grandmother for a while, Weiyue Wu is willing to cooperate with Mrs. Tai's resignation, but this is based on the premise of a divorce.

"Jingyuan Hou is considered a young man, and now he is also valued by the emperor. The future is even more limitless. There are no parents or elders in his house. If you marry, you can directly be the master." Mrs. Tai sighed Breath.

"Grandma, all the glory and wealth of Jingyuan Houfu have nothing to do with me, or someone likes it, but it is not me at all, I just chill. If I really like Jingyuanhou, you can wait for me to retreat, and then Jingyuan Houfu got married and couldn't commit to killing me for this matter, my uncle, frost, honey, I understand that! "

Wei Yuewu's eyes fell on Wei Yan who was obviously nervous, and a sharp cold froze around her lips.

These so-called benefits have never been of their own, and they want to accomplish both of them with their own death, and their wicked heart is heinous.

Now and now, after all, I am not the Weiyue Dance of the quiet life before! Are you weak and strong? ...

"Dancing girl ..." Listening to Wei Yuewu, Mrs. Tai still wanted to persuade him, but when she saw Wei Yuewu's eyes fell on Wei Yan, she unconsciously softened a little, and her voice paused.

"Mrs. Tai, things have come to this point. Do you think this marriage is necessary to continue? If you continue to drag on, who knows what will happen, the inner court of Huayanghou House is not necessarily safe. Maybe Wuer may also encounter the same thing as Miss Er, who is always a girl's family who has n't been out of the cabinet. This kind of thing is really good and bad."

Tu sneered and interrupted Mrs. Tai's words.

The conciseness in these words was directly to Wei Yan and Li's mother and daughter. Wei Yan was so ashamed and angry that the meaning in this sentence was so irritated that when she became angry, she

wanted to defy all lip-slaps, and the sleeves were helplessly pulled by Li For a moment, she couldn't move. She didn't dare to stare at Tu. She had to stare at Wei Yue Wu with a hate.

"The reason for this divorce ..." In the aggressive attitude of Tu Shi, Mrs. Tai had to agree, even for Wei Yan, she had to give up this step.

"Ms. Erhuan's girl is dressed in men's clothing with Jing Yuanhou. If Mrs. Tai thinks that this reason is available, we will use this reason. Of course, if Mrs. Tai thinks that this reason is not applicable, then use us to dance without talent. Appearance, neither talent nor appearance, self-confidence, of course, is not worthy of the young and talented Jingyuan Hou, like Jingyuan Hou, should be more beautiful, more talented young lady to match. "

Tu took the cup at hand and took a sip, which seemed to make a concession.

These two reasons, the former one makes Wei Yan's behavior improper, and the latter reason will only make Mo Huating a joke. Wei Yue Wu entered Beijing, and will definitely make his mark in Beijing. Whoever sees Wei Yue Wu in front of him? , Can not say a word of incompetence.

"No!" Wei Yan was so anxious that Li Shi kept pulling her sleeves and rushed out.

"No?" Wei Yuewu sneered, and her eyes fell coldly on Wei Yan, sternly, "My marriage, what did you do with the second sister? Why did the second sister block her words, I don't think the second sister is my elder, You can make trivia about my marriage. "

Chapter 24: No tolerance, no need to endure

"I ..." Wei Yan rushed out. It was originally a moment of hatred and anger. This would be asked by Wei Yue Wu, and she would be speechless.

"Dancing girl, Yaner also cares about you, afraid that your marriage will be burdened. It was always a pity that your mother asked you to get the wedding, so it was a pity." Wei Yan made a clearance, with a stiff face, trying to put on a smiling face, a look of sincerity for Wei Yuewu.

Helpless, with some of the preceding words, such an interpretation fell into the eyes of everyone, which was a great mockery.

"I ... I ... I just want you to think about it." Although Wei Yan could not wait to grab Hua Weiyuewu's delicate face, she also knew that she could not help but follow Li's words.

The knuckles in her hand were rubbed into pieces by her, but under the impulsive eyes of Mrs. Tai's cold eyes, I didn't dare to speak at will, I only hated poison in my heart, I only hated why I did n't want to With the life of Weiyue Wu, this little **** escaped!

"The second sister really cares about me, she cares so much about my marriage, and she made Shuiyun girl dress up as a man, and followed Jingyuanhou to pick me up! Second sister, am I really that stupid?" Wei Yuewu stepped forward After a step, a pair of eyes were dark and bright, staring closely at Wei Yan.

I do n't know why, because she was staring so tightly, Wei Yan only felt that her heart was swollen a few times, and a chill came out of her heart, and she did not dare to look directly into the deep eyes of Wei Yuewu, nervous. After swallowing, swallowed back subconsciously, but immediately felt weak.

The excited head looked up and was about to speak, but was interrupted by Mrs. Tai in a cold voice: "Just because of no talent, no appearance!"

Mrs. Tai's words are both retrogressive and unwilling to concede. Her eyes flashed and she looked towards Tu's Road. Wei Yan's famous festival is her bottom line. As for whether Mo Huating will become a joke for others, it is not considered by Mrs. Tai List.

Mrs. Tai had already made a decision. Wei Yuewu could no longer press Wei Yan step by step on the scene. She quietly retreated behind Tu, nodding her head quietly at Tu, and stretched out her hand quietly. Pointed at Li's, implying that he could start with him.

Tu originally came to support the Yueyue Dance. At this time, the corners of his eyes caught the look of Weiyue Dance, and he immediately agreed.

"Okay, just as Mrs. Tai said."

But the next moment he wiped the corners of his lips with a paper, and the words turned.

"Mrs. Tai, we won't talk about this first, but the whole capital is telling us that there is no talent and appearance, but I feel weird. Even if our dancers are really talented and appearanceless, is this not Huayang? Hou's private affairs? How did it spread, the entire capital knows? "

The meaning in Tu 's words faintly shows that it is not necessary to investigate Wei Yan and Mo Huating's private affairs, but for the entire capital to pass on the insignificant and insignificant appearance of the moon dance, it is never estimated. This is at the bottom of Mrs. Tai The above things, I believe Mrs. Tai will have no doubts.

This statement is wonderful. Wei Yue Wu secretly applauded her great auntie. The backyard of Huayang Houfu House was held by Li's for many years. If he wants to fight with Li's and Wei Yan, he must cut off Li. Some arms of Shi 's family, otherwise I 'm afraid I wo n't be able to do anything in Huayang Houfu ...

But this was not enough. At the beginning of the meeting, Wei Yuewu had determined that the lady of Huayang Houfu was the master who did not see rabbits and scatter eagles. Then, push her again and force her to make a statement!

"Grandma, did you pass me this way?" Raising Yingying's eyebrows, Wei Yuewu's face was surprised, her eyes turned, and Wei Yan fell on one side, bluntly, "Second sister, do you know about this? ? "

The reason why she asked Wei Yan was that she thought that rumors that were not good for her might have been transmitted from the second room. If Mrs. Tai wanted to protect Wei Yan, she would have to show her sincerity to eliminate Wei Yue Wu's resentment. "Check it out and see who in the house said that Miss Liu was indifferent and indifferent. No matter who it was, she and her family were driven out of the house together. This is not needed in our house. Dare to talk about the master and gossip. Master's affairs. "Mrs. Tai's face was sharp, and she had made a decision in her heart. She looked sharply at Zhangshi.

"Yes, mother, daughter-in-law will check immediately." Mrs. Zhang did not think Mrs. Tai did not ask Li, but instead asked herself, knowing that she had given the matter to herself, rejoicing, and immediately replied crisply.

Those who delivered things in the past are all Li's confidants. Zhang was worried about it. Although he has the order of Mrs. Tai and can take charge of the backyard with Li, he has no one under his control and is not important. Position, when that time, how many people can listen to their orders?

If Li's secretly tripped himself, it would be really bad. At this time, Mrs. Tai gave her a chance to clean up Li's manpower. How could she be upset? Immediately, the whole person's spirits rose and looked towards Wei Yue. The dance's face also had a more sincere smile. However, the appearance of this niece broke the situation of the Li family in the backyard, which was not bad for them.

I knew this niece was so easy to use, I had to let her return home earlier anyway.

Upon hearing Zhang's attempt to take action against her own person, Li's anxious complexion turned pale. Those were all her confidantes, but this would have Madame's eyes staring coldly at her. She did not dare to say a word. Had to head down, hate secretly gritted his teeth.

Seeing Mrs. Tai's suppression of Li's, Wei Yuewu lowered her head and stood aside, obediently listening to the elders' orders, only she knew, and her eyes were taunting.

Regarding matters related to her own life, Mrs. Tai had to think about it for so long before she disposes of Li's people under the double persecution of herself and her aunt.

Fortunately, she has already been considered good here. On the surface, it seems that she has suffered a loss and the concession has been greater. But in truth, without evidence, at most, Mrs. Tai can only retreat to this step, and the most important point is that Wei Yue Wu will still be living in Huayang Houfu.

No matter how good the grandfather's family is, when Huayang Houfu wanted to pick up someone, there was no reason to keep her!

Some things, she is not in a hurry, step by step to believe that some people can be more anxious ...

After a bitter conversation between Mrs. Tai and Mr. Tu, it was considered an unspoken agreement. After Wei Yuewu saluted Mrs. Tai, she brought her aunt, Mrs. Tu, and went to the house to prepare for her. The Netherlands.

Watching the direction in which Wei Yuewu and Tu left, Wei Yan held Li's hand in resentment and asked anxiously in a low voice: "Mother, Qing He Yuan really wants to live with her?"

This Qinghe courtyard is the whole house, except for the courtyard of Mrs. Tai, the best courtyard. Wei Yan originally liked this courtyard, but Li said that she would walk through the court first, and said that she would clean up and give it to the new guards in Beijing. Yue Wu lived, Wei Yan thought, Wei Yue Wu couldn't really live in, just saying that she was famous, and she should get off.

What would you like to see Weiyuewu actually came to Beijing alive.

"Shut up!" Seeing Mrs. Tai's gaze turning coldly, Li hurriedly whispered at Wei Yan, winked at her, and turned to Mrs. Tai to accompany her smiley face, this time for a yard, then it was obviously unwise to provoke Mrs. Tai.

A little girl who just entered Beijing herself, she did n't believe that she really could not fight a little girl with no hair. Tu's looks very powerful, but no matter how powerful, it is impossible to live in Huayanghou all the time. Government, after this, there is an opportunity to pack this little girl.

Besides, that yard is not something that this girl can live in if she wants to live ...

"Second girl, kneel with your mother." When Tu and Weiyuewu left, Mrs. Tai patted her hands heavily on the table, her face sank, she looked at them, and yelled loudly.

Being rebuked in front of so many people, Wei Yan hated extremely, but even if she was reluctant, at this time she had to follow Li's "flop" and knelt down.

The growing hatred of Weiyuewu in her heart, she grew up in front of Mrs. Tai, the most beloved of Mrs. Tai, even more so in the house, has never been so humiliated, I did not expect today to come to a wild country Girl, she humiliated herself in front of everyone.

That cheap girl wants to live in her own Qingheyuan safely, do n't even think about it, just wait for her to live, and ask herself to move out ...

Qinghe courtyard.

Everything was clean and well-organized, but there were only a few girls inside, mother-in-law. When they saw it, the legendary Miss Liu Weiwu dance looked at each other. Although nothing was said, but No one understands the accident at the bottom of the eye.

This is the yard that Mrs. Er prepared for Mrs. Er, who is now living in. How could it be the lady who just entered the house? It is really not surprising.

Wei Yue Wu didn't seem to see the girl in the courtyard, and the woman's surprised look brought her to the house with her. Jin Ling had already sent the tea to the girl outside.

Tu's took the tea, took a sip, then raised his eyes and looked up and down Wei Wei Wu's delicate eyebrows, and he was speechless for a moment.

Such eyebrows are rarely matched even among the Tu clan, who is famous for its beautiful appearance. Can such a face really hide for a lifetime? There was a moment of mixed feelings!

No wonder his little sister-in-law was able to grab Huayanghou from that person's hands, but when I discussed it in detail, I didn't know if it was a blessing or a curse. My little sister-in-law was so fragrant and inexplicable. He sighed and softened his face towards Weiyue Wu.

"Mother-in-law, grandma said that blandness is blessing, but if blandness isn't useful, don't be bland." Wei Yuewu knew Tu's mind, and smiled softly at this time.

Now that she has chosen this path, she will not conceal it, and since her aunt came this time, she also expressed her grandparents' support for herself.

"Your grandmother is thinking for you too." Tu nodded, and his mother-in-law's thoughts were not difficult to guess. If the aunt wasn't good-looking at the time, wouldn't it cause so much trouble that she wouldn't be so young, After his life, he left only a girl whom no one loved and had to be sent to his house to adopt.

Reached out from the hands of a woman standing behind him, took a parcel and pushed it to Wei Yuewu: "Wuer, this is what your maternal grandmother prepared for you. Now you have to go to

Beijing, you are almost killed. You My grandmother was very sad. After thinking about it for a long time, she let me give you these things, or I can help you. "

When thinking of her red-haired and aunty little aunt, Tu also sighed. The gentle and aunty, although she was married to Huayanghou within two years, she has always been a pleasant person in the memory of Tu The hurting woman is sincere to others, but she never thought that such a woman would be so young and just go.

Who didn't envy her at the time and had to marry Hua Yanghou, who had few favors, but who would have thought ...

The parcel was opened layer by layer, with a dark gold box inside.

"Mother-in-law, this is ..." Wei Yuewu was shocked in her heart and looked up suddenly.

Although this kind of dark gold is not really golden yellow, but it is not affordable by ordinary people. It is always the kind of big family that has a relationship with the royal family. It is possible to use this color. Even though it can be regarded as a family, but compared with the hundreds of years of the big family in Beijing, it is really just a small country squire in the countryside.

How could there be such a thing?

Chapter 25: Arrogant

"I don't know what your grandmother means, or it's your mother's stuff. You should take it first and take a look when you are free. At least you can think about it." It was actually a dark golden box, and it was also a stack.

The Tu family and the imperial family are inextricably linked, and naturally they know the meaning.

Don't say that such things can't appear in your own home. Even if Huayang Houfu is a dignitary, there shouldn't be such things, but when I think of my unusual mother-in-law, I don't say much anymore. To support Weiyuewu, and bring this thing to Weiyuewu by the way.

Wei Yuewu thought about it, nodded, and put away the box. This is not the time to study this carefully. Since the grandmother asked the aunt to bring it here, this box should be related to herself, but also very important.

"Wuer, this marriage in Jingyuan Houfu is bound to retreat, but you also have a preparation in your heart. If Jingyuan Houfu died biting you and not letting go, this marriage is not so easy to retreat, it must be On that day, you have no evidence, and Tu Zhaoyi's face is still there. "

After explaining her mother-in-law's words, Tu's face appeared a little dignified, watching Weiyue dance.

Tu was worried that Wei Yuewu was thinking too optimistic here, so she had to prepare in advance.

"Mother-in-law rest assured that even if marriage cannot be retired now, at least the marriage should be mentioned on the agenda of divorce, let others know that the divorce between the two governments is imperative. This paper marriage contract has already been invalidated."

There was a glimmer of light in Wei Yuewu's eyes, and she was already prepared, but seeing that Mo Huating would rather design her own life and do not know about the divorce, she knew that the marriage was not as simple as it appeared on the surface. .

Seeing Weiyuewu knowing it, Tu nodded and took someone to the guest room to rest. She hurried along the way and was very anxious, and she was really tired at this time.

"Miss, those people are very lazy. In the past, the slaves asked them to prepare toiletries for you. They even pushed for help. There were one or two. They even said that they would go to the second lady and say that the second lady did not order them today. These things need to be prepared, so not enough for the moment. "

Jin Ling lifted the curtain and came in angrily to report!

Weiyuewu is also tired all the way, at this time stabilized, of course, you need to wash again, Jin Ling went to Weiyuewu outside and instructed someone to go out.

I just can't think of it. The girl in the ring here, the wife actually took a bite of the second wife. She didn't take Wei Yuewu as the master at all. She was very passive, and Jin Lingqi's face was white. In Huayang Houfu, she was inconvenienced to start with a girl ring, and she was rude.

Wei Yue Wu sat at the table and sipped a cup of tea gently. After the bitter tea got into her throat, she raised a touch of elegant and cold smile at the corner of her lips: "It's okay, you call these people to the yard. Let them know who will be the master in this yard! "

At first sight, the courtyard was so big, the scenery was so good, and the location was excellent. Wei Yue Wu was surprised at first, but then it became clear and sneered. This should be the courtyard that Li's prepared for Wei Yan. In the name of the yard, in their vicious plot, they were already dead, so this yard will eventually fall into Wei Yan's hands.

The people in this yard should be either Li's confidant or Wei Yan's confidant.

These people, of course, will not be used by themselves.

So it so happened that since they rushed to their muzzles, let's take such a person and use it!

"Yes, the slave knows that." Feeling the contempt and taunt in Wei Yue's dance words, Jin Ling immediately understood the meaning of Wei Yue Wu, he turned his face, walked out of the house again, nodded and called a wife, Lifting her head, she said with a high tone, "Go, call me all, and the lady wants to speak."

"Girl Jinling, so many people ..." The mother-in-law looked at it in embarrassment.

"So many people, how is it? Could it be that the lady can't talk!" Jin Lingyan stared with her hands on her hips.

"Yes, yes ... I'll let them stop all the work in their hands right away." Although the wife didn't like Wei Yuewu, she also knew that before the second lady didn't officially speak, negative work could be done, but she couldn't work with the six. The lady carried it hard and had to turn around and say hello.

Suddenly, none of them expected that the six lady would actually move to Qingheyuan.

After staying with all the girls, the mother-in-law was integrated together, and standing in the yard, Jin Ling entered the room with satisfaction.

In the courtyard of the courtyard, the mother watched Jin Ling enter the room, and they immediately whispered one by one, and even pointed to the direction of the main house. This courtyard was prepared for Miss Two, and Miss Six was a foreigner. Miss's yard, these people, naturally, they should be angry for Mrs. 2 and Miss 2 and drive Miss 6 away.

What happened to Mrs. Tai was being dealt with by Zhang's family. At this time, it had not yet spread to Qingheyuan. Therefore, the people here did not know what they thought of the weak and incompetent Miss VI. It's completely different, and of course this will be the idea of bullying.

Anyway, there are two ladies and two ladies, they can not afford to lose, what are they afraid of!

This will be full of confidence, only to wait for the six lady from the countryside to come out to preach. Anyway, they don't care what they say. When that time comes, it will be nothing. When the second lady and second lady come over, naturally they will let the sixth lady There is room for it, and there are two ladies and two ladies behind their backs. They really don't worry about this lady six who is nothing.

But why didn't Miss Six get in after she went in.

In the middle of the winter, standing in the courtyard, the wind blows so suddenly that some of the weak ones can't stand it, and they cry bitterly for a while, and the voice is getting louder and louder. I hear the courtyard from time to time. The mother-in-law, Yahuan, deliberately amplified her voice, clapped her hands, stomped her feet, and warmed herself.

Wei Yue Wu only listened to it, but did not mean to go out at all. Jin Ling looked at Wei Yue Wu a few times, and saw her lady calmly, and she couldn't help but settle down. , Jin Ling is really admiring Wei Yue Wu in his heart.

Not to mention anything else, I will mention the unique style of the wind-like goddess of my own family. Any young lady who has not appeared in the house looked at her, she did not blush and her heart was

shameless, but her own lady was just like looking at ordinary people. Being generous and decent, he did not deliberately approach the son. Even when getting on and off the car, he evaded Shizi politely and never deliberately took the initiative.

Another thing is to act calmly, no matter whether it was the last time you faced Jingyuan Hou or the wife of Mrs. Huayang Houfu this time, the lady will always look so calm, but this is the way to let Jin Ling felt relieved and admired. She was just a 13-year-old young lady.

It's amazing how organized you are.

Finally, someone couldn't stand it. A woman-in-charge was listed on the recommendation of everyone. She came to the door of Weiyuewu's house, rubbed her cold, stiff hands, and leaned her head on the smiley face to the house. Li said: "Miss Six, everyone is here. Please see what you have to say. If there is nothing, let it go. Everyone can't stand it coldly. If it is really frostbite, it will be a while. No one came to serve Miss Six, no! "

This sound sounds polite, but what is said is extremely rude. Where is it like a subordinate telling his own master, Wei Yuewu sneered, these people really can't stand the freezing, when the freezing, this is lost With common sense, she was full of unwillingness, and she had waited before someone could not stand still.

In this case, let's start with this wife!

The biological mother died prematurely, her father was not in the capital, and Mrs. Tai was not petted, so this six lady, who is the grandmother's parent, is no different from a servant in the eyes of these descendants ...

The door was opened, and the young lady who came out was not long and looked childish, but her eyes were a bit cold and inconsistent with the age. The people in the yard were eager to move one by one, but Sweeping by those cold beauty, they immediately bowed their heads one by one.

"Who are you, yelling at the lady's door?" Although Jin Ling came out the next step, at this time, she took two steps forward, stopped in front of Weiyue Wu, and snapped at the wife who reported to the door. .

"I ... I'm the mother of the housekeeper in Qinghe Courtyard." The housekeeper's wife was shocked by Jin Ling's momentum. She subconsciously answered, and felt that she was weak after finishing the answer. She immediately raised her head and stared at Jinhe. Bell looked at each other.

The other girl ring, mother-in-law, saw that the wife-in-charge of the steward was so imposing, and immediately raised one by one, there were a few bold, even up and down, carefully looked at Weiyue dance, completely There is no respect for the Lord.

Wei Yuewu sneered, and sure enough, all the people in the yard were attentive to Li's mother and daughter, looking cold, looking at the wife-in-law who was in charge: "Kneel down!"

The disappointed Miss Liu yelled at it, and the wife-in-law stunned, looking away from Jin Ling's body to Wei Yuewu's body, and said unconvinced: "Miss Six, why did you ask me to kneel? I did something wrong What? It is for the servants of the mansion to come and ask Miss Liu to come here. The weather is so cold. Even if Miss Liu wants to rectify the people in the courtyard, she must give others a way of life? "

After speaking, I turned back to the girls behind me, my wife, and secretly winked. Someone immediately whispered and said that if they were allowed to stand down again, they would not be able to survive. Misses can't come on the first day, they made no mistakes, they killed them ...

For a moment, the whole yard was noisy.

Chapter 26: Retribution, I was sent by Mrs. Er

Weiyuewu looked around at the people in the yard with a mocking smile. The people in the whole yard were really the confidants of Li's mother and daughter. They disregarded and despised her, and revealed them on the face. I wanted to drive myself out of the Qingheyuan. Unfortunately, since I lived in, I didn't plan to leave.

The lower forehead slightly signaled to Jin Ling that the master and servant came along this way, and it was considered to be the same. Jin Ling immediately understood the meaning of Wei Yue Wu, and went angrily to the mother-in-law.

"Miss Six ..." When the wife-in-law saw the response, she became more and more mad and turned to Wei Yue Wu. What did she want to say? Jin Ling had passed by at this time, and gave her a hard face.

Slap, then kick with skillful kick under your feet, trip over the stewardess's wife, and kneel on the ground.

The mother-in-law's feet happened to be a hard bluestone slab, and suddenly she was kicked and thumped. "Everyone at the scene could hear the crisp sound of the bone joint and the stone colliding, and then the sharp scream of the stewardess. The people in the entire yard were quiet immediately.

Looking at the master and servant in shock!

No one expected that she looked so thin and weak. The little Miss Six would be so fierce, but she would let the ring go, and the sharpness of the ring would make everyone suffocated.

"Miss Six, how can you treat me this way, I'm from Mrs. Er." When the wife-in-law screamed in pain, she felt that her leg was hurting. I wonder if I had broken my bones and covered it for a while. Kneeling, angrily shouted at Wei Yue Wu.

"Isn't Erhuan's person from Huayang Houfu?" Wei Yuewu stood under the corridor, his jaw raised a cold voice, with an incomparable strength, so that all the people in the entire courtyard were The inexplicable heart trembled.

Since Li is a member of Huayang Houfu, how could her people not be from Huayang Houfu? And if this name is taken into account, Wei Yue Wu is the well-known lady of Huayang Hou House. Wei Yan must not be Hua Yanghou's daughter.

For a while, the whole scene was strangely quiet, and no one dared to answer it!

"Ah, what's going on here, why did you just get into trouble in a while?" A voice came out of the courtyard.

At the gate of the courtyard, Li's was surrounded by a few ringlets and her mother-in-law, and walked in with a smile on her face. If you didn't look at the smudge at the corner of her skirt, she really couldn't see it, she was just Has been punished by Mrs. Tai for a while.

Now Li's seems to have changed his tactics, and he looks full of laughter. He can't see at all. In the face of Mrs. Tai, she was frustrated by Wei Yuewu and Tu's. When she was depressed, her face was somber and changed her kindness. It looks like it really came to solve the difficulties for Wei Yuewu.

Then she hurried over from Mrs. Tai.

"Mrs. 2 help, Miss Liu will kill all of us here!" Seeing Li's appearance, the wife-in-charge was even more confident, and she would not get up. She wiped her eyes with a paper and let out a loud voice. Crying.

"Six girls, what happened here? Why did you live here and rush them all to the yard? The life of the next man, although not expensive, is always a living life, and there are so many people, even No matter how great the anger is, don't get too angry. "

Li's look surprised!

This may sound like comfort, but secretly said that Wei Yuewu's heart is cold and vicious. When he enters the courtyard on the first day, all the people in the courtyard will be killed.

"Mrs. II, Mrs. II ... Quickly, save the slaves." After listening to Li's words, the girl in the yard wailed one by one, as if the Yueyue dance really killed everyone in this yard. Like.

The first time he returned to Houfu, Huayang, he had such a reputation. Anyone thought Wei Yuewu was cruel.

"Six girls, how big is it? If they don't serve well, the substitution is, why is it important to have a human life in the winter, come and help Mother Li, so old, why are you kneeling so tightly. Li smiled. With a wave of his hand, two wives passed, and he would raise the stewardess.

Seeing Mrs. Er's handling this way, the people in the entire courtyard were immediately more emboldened. Although many people were holding crows and crying, they all couldn't afford tears, waiting for a good show.

"Jinling!" Wei Yuewu looked cold.

Jin Ling heard a step forward, and pushed away the two wives, and said to Li Shi: "Mrs. Second, our lady is dealing with evil slaves, isn't Mrs. 2 allowed our lady to deal with it?"

Wei Yue Wu Chu is not allowed to cure evil slaves? Of course, Li's words can't be said. The people connected to the courtyard must be Wei Yue Wu by name.

But blocked by a girl ring, Li's face was still unstoppable. At this moment, his anger flashed, and he was about to speak. However, the stewardess's pain was a bit irrational. People winked and shouted for a while: "Miss Six, we are Mrs. Er, you can't deal with us casually."

"So you are all two sister-in-law?" Wei Yuewu smiled, her eyes turned cold, "No wonder the hot water for washing was not prepared for me, was the second sister-in-law not ordered to prepare it for me in the courtyard? Erji, let 's go to the grandmother to comment and ask how to deal with this kind of neglect of the master? "

The people in his yard actually didn't admit that he was the master, and confessed that Li was the master. Thinking about it, this slave was unfaithful. In the deeper sense, it was Li who had a plan for Weiyuewu. The manpower was arranged to come in. Would Mrs. Tai have offended Tu and Weiyuewu too much? She was definitely on the side of Weiyuewu.

Li's face was a little blue, and he stared at the unscrupulous stewardess with a hate.

"Six girls, the subordinate will not speak, listen to me, this winter will be fine! I will let them heat the water for you immediately!" Seeing Wei Yuewu so tough, think about Tu's still in the house, Li had to soften, and his face looked calm.

"Erh, I thought the people in this yard were all my people. I really didn't expect them to be Ernen people. Ernen people really couldn't control me, and of course they didn't have to do anything for me." Wei Yue Wu Naken let her go through the door like this, her long eyelashes flickered, and her **** eyes showed a bit of ice. "It's just that these people are all Erren. Why do you want to come to me? Is this me? The master of Huayang Houfu was actually in Huayang Houfu, so that he could not move a slave. "

What this said was extremely Lingli. The strong smile on Li's face almost couldn't resist, and for a while he couldn't argue with it. He finally reluctantly turned around and laughed twice: "Since this slave is your yard Of course, it's your minions, saying what's mine, or yours! "

"Erhu's words are very good, but these slaves still don't know. Who will be the master after that, will Ruor ask Erhu to tell them?" Wei Yuewu clapped her hands gently, smiling and proposed Tao said, looking around, his face was cold, "If they don't want to stay in my Qingheyuan to wait, please tell my grandmother to kick them all out, I also do n't support this Qingheyuan , The kind of bully that deceives the Lord. "

Bully the slave? No one can afford such a reputation!

The mother-in-law can be sent here. As the wife-in-law, she is naturally very clever. At this time, she also reacted and immediately burst into tears at Wei Yue Wu: "Miss Six, we did not want to serve Miss Six, but six Suddenly, when the lady came back, we were not ready for a while. We were slower and did not bully Miss Six at all. "

Although Mrs. Tai no longer lives at home, everyone knows that Mrs. Tai has a lot of means, and never estimates.

"Don't you bully me? Look, this is the voice that says me, a subordinate, where is the confidence in the presence of the master, claiming to be me? Suddenly when I came back, this time it was burned, but it was already there. Come, let alone, is there no hot water in the kitchen of Huayang Houfu? Every time the masters need water, they have to wait long? "

Weiyue dance coldly.

The wife-in-law who said this was speechless and could only look for Li's for help, but seeing Li's expressionless and incapable of acting for her, she could not help but panic, and could not care about her own pain. He couldn't afford to stand up and hoeed at Weiyuewu again and again: "Miss Six, slaves will not dare next time."

Now she has to admit it. If she doesn't admit it, she has to look for the messenger behind it. Needless to say, this is of course Li's meaning, of course, Li can't admit it, so it has to fall to her.

"Er, you are helping your father manage the backyard of Huayang Houfu. How dare you ask the slaves in the courtyard to deceive the master?" Wei Yuewu said, putting all the girls in the garden, the mother-in-law. As soon as she got involved, she was going to let Li handle the girls, mother-in-law.

See who else dare to help Li's in the future!

The words also faintly stated that his father was the real owner of Huayang Houfu. As the wife of Erfang Li, the reason he took over the housework of Huayang Houfu was mainly because his own mother died and no longer Remarrying yourself is not justified.

Li took a few breaths to suppress the anger in her heart. She wanted to slap on Wei Yuewu's face, but she also knew the weight, and she couldn't lose her weight because of the small ones. After getting the matter in front of Mrs. Tai, she will inevitably suffer. At this time, she can only grit her teeth and swallow it.

"Come here, punish these girls, your mother-in-law, and the whole staff for ten punishments." Li Shiqi wanted to vomit blood, but his own confidant forced himself to punish him.

"Erhu is really good at managing his family. After the fight, please take everyone back. Could you please temporarily pick me a few rough-ups from other places for the time being. As for the other people, the next time, my uncle Come here, I will pick it for myself. "Wei Yuewu only fluttered to Li Shi, and then took Jin Ling into the room.

When she first arrived, Li Liwei would be fine. If it really killed a human being, it would be inappropriate!

In this confrontation, Wei Yuewu had the upper hand again, and Li was angry and discouraged. He secretly gritted his teeth. After ordering ten rods per person, he left resentfully and returned to her own Cai Dexuan After arriving at the gate of her own hospital, she saw Wei Yan hurried over with Yahuan, and saw Li, crying as "wow", and the whole person rushed over and fell to the ground ...

Chapter 27: Spy

"Help Miss Two in." Seeing Wei Yan cry like this, Li was also anxious, and immediately passed a few girl rings, the mother took the hand and helped Wei Yan who could not stand up crying into the main house.

"Mother, mother, what should I do? That cheap girl wants to retire from Jingyuanhou, I ... what should I do?" Wei Yan cried grievously.

With a wave of Li's hand, several of the girls who followed followed, the mother-in-law retreated with vigour.

Everyone in the room retreated, and Li felt a distressed touch on Wei Yan's head and coaxed: "Don't worry, the marriage has been evidenced by Madam Tu Zhaoyi, can you retreat if you want to retreat? of."

"But if this is really troublesome ... I ... how can we get married with Jingyuan Houfu again?" Wei Yan wiped a tear, and a little bit of hatred and jealousy appeared on her pretty face.

If the marriage between Wei Yuewu and Mo Huating is really a divorce this time, and in this case, it can still be considered as an in-law and a feud, and Wei Yan and Mo Huating will never have a chance again. This is also Mo at that time. One of the worst consequences that Huating spoke to Wei Yan.

"It was the mother who was too careless, and Jingyuanhou was really unfavorable. In that case, how could she let that girl escape by herself?" Li said with a hat.

When Li wanted to come, the place he designed was a wild and wild field, and it was a night, and he was going to kill a guardless Wuyue dance, which was foolproof.

"Mother, what do you do now? You can't let that cheap girl, really get into a divorce. Mother, think of a way!" Wei Yan gritted her teeth and shook Li's clothes forcefully, her face appeared angry. Deformed.

"Where's your girl Shuiyun?" Li was shaken and shaken, but with a shimmer of light in her eyes, she could take charge of Huayang Houfu's backyard for so many years, and her resilience was not weak.

"I was severely beaten, and now I'm locked in the chaifang." Wei Yan hated the poison, thinking that it was all Shui Yun broken, she wanted to kill that girl, if not for Li There was a special admonition over there, she would save it first, where would she keep the life of this cheap girl.

"Let's go and see you there." Li's eyes flickered, and he had an idea in his heart, determined to say, stood up.

"Mother, what's so good about that cheap girl." Wei Yan said impatiently. In her opinion, Shui Yun was annoying, but it was Wei Yuewu who most gritted her teeth now.

"Yan'er, maybe this girl can still be used." There was a hint of resentment in Li's eyes, that cheap girl, don't think that entering the house, everything will be fine!

She wants to get married, right? Well, she fulfills that little bitch!

Yan Guo Gong Fu

Upstairs, deep in the curtain, in front of the ornate piano table, the handsome young man in white robe is sitting obliquely in front of the piano table, his fingers are ticking, the piano sounds like a stream of water, leaning out, and the lining of the boy is like jade. No dye, no matter who sees him, he feels that such a person is only in heaven.

A spy spy suddenly appeared in front of him, kneeling on one knee.

"What's the matter?" Yan Huai didn't lift his head, and asked gently, his long fingers still stroking the strings without disturbing a note.

"The emperor of the State of Qi and the emperor of the State of Chu arrived in the capital early. The son of the emperor of the Lu Kingdom came later. The emperor entered the capital shortly after the emperor entered the city. At this time, he should also go to the Lu government." The spy respectfully reports.

"What are you doing these days, Qi Guogong Shizi and Chu Guogong Shizi?" The piano sounds elegant, like the clouds in the sky, but what makes people feel more elegant is the sound of Yan Huaiying, interspersed in the sound of the piano. , More and more clean, elegant.

"After the two sons of Qi Di and Chu Di came to Beijing, they were busy making powerful people, and they had close relationships with the major families. It was fair on the surface. They sent some earthen rituals and courtesy to all the world's residences, but Tu Taishi's government sent the most, and said faintly that he had a relationship with Tu's daughter. "

This spy has been in Beijing, paying close attention to the people of the other major vassal states, especially for the people in these major mansions.

"What's up there?"

"The prince's affairs have been staring at him, the coachman's affairs have been settled, the clerk has arrested him, he dare not refuse, please feel relieved." The secret agent knew that his son Shizi asked it was the coachman's case with a smile on his face. The Prince's House was always very windy, and the investigation was also tight.

My own people are not able to infiltrate several times. I thought that even if I sent my own hands in, I would n't be able to use it when he was in Beijing at one and a half. Who would have imagined that Liu Zihuamingming and Shizi had not yet arrived in the house? With the landing, there is such a person in the Prince's House, some things can be handled!

"Continues to pay attention to Qi Di and Chu Di, and many others stare at the son of Lu Guogong." In the sound of the piano, the elegant voice came out with a nice voice, but at the end, suddenly With a smile, he added, "Let's also pay attention to the affairs of Huayang Houfu and Jingyuan Houfu!"

The spy blinked, thinking he had heard it wrong. Did the Caizi say Huayang Houfu and Jingyuan Houfu? It seems that the relationship between these two provinces and Shizi is not great!

"Is it Huayang Houfu and Jingyuan Houfu?" The agent said he must have heard it wrong, and asked again, brazenly guilty.

Are there any changes in the land of Huayang Houfu and Jingyuan Houfu on Yandi recently? Why didn't you know anything in Beijing? Even though Jingyuan Hou is a young talent, he has worked hard, but it is still not in the hands of power, should there be no danger to Yandi?

However, since this wise son of his own family said this, it seems possible.

The secret agent really didn't understand, so he deliberately asked a sentence, afraid that he might understand the meaning of the wrong son.

The sound of the piano broke, and the gentle voice from above came with a faint smile: "Did you not hear me clearly?"

The agent sprang up and nodded hurriedly and respectfully: "Yes, the subordinates understand. The subordinates will arrange people to keep an eye on Huayang Houfu and Jingyuan Houfu. If there is any change, immediately report to the master."

I have to let people keep an eye on these two houses, the secret agent secretly blamed himself, it must be that his own news is not in place, look, Shizi is so attentive, he can be more careful, except for the three major government offices, I have never heard of a mansion other than the royal family that Shizi is so attached to.

With a wave of Yan Huai's hand, the spy retreated, the figure flickered and disappeared into the air!

Yandi's spies in Beijing, the people in Tenglong's spy, the best of the best, each one is extraordinary.

Yan Huai's hand was on the strings, but this time she didn't move the strings. In her mind, Mo Yan flashed the face of the thin, small, swollen and swollen girl.

Such a little girl was so persevering that she managed to save her before she passed out.

It's really interesting to be so motivated.

What's more, when it was frozen to the point where it almost lost its will, it was so clever to know how to figure out people's hearts.

Is Huayang Houfu in Beijing? It has never been a place where you can get in. Since there is such a leisure game, it is also interesting.

A clever little girl with a firm mind, a strong will, and an understanding of people's hearts is really looking forward to ...

There is a hook on the corner of her lips, her long sleeves are slightly flicked, and her smile is like a fairy, without a trace of dust!

"Miss, the hot water came over from the kitchen, and the slaves served you to take a bath first." The whole yard was beaten, and was also driven away a large part, leaving a few rough girls, the wife Son, this time I dare not say a word, went to people, went directly to the kitchen and asked for hot water.

Although I was beaten ten times, fortunately, these rough men were also strong in the weekdays, but I didn't hurt much. As for the few fragile ones, it goes without saying that they were limped and helped. Before leaving Qingheyuan.

Along the way, it is not convenient to take a shower outside, so after finishing washing, I am so comfortable, sitting at the window, Jin Ling dries her hair for her.

In the Linghua Mirror, the girl with delicate eyebrows and thin palm face, the water eyes are deep.

"What's the matter?" Wei Yuewu asked softly. Jin Ling had gone out once while taking a bath, and a rough girl ring called her outside.

"Miss, someone passed you a note." Jin Ling took out a folded note from her arms. The note looked wrinkled and uneven, as if in a hurry, from somewhere It was the same as the tear, and the person who saw the tear was very anxious.

Wei Yuewu took the note, opened it, and looked at the words on it, and there was a hint of coldness in her eyes.

Jin Ling was behind Wei Yuewu and saw the above words, exclaiming: "Shui Yun? Isn't Shui Yun the lady ring that was uncovered from Jingyuanhou last time?"

The name noted below is actually a cloud of water.

There is a simple sentence on the note: Miss Liu, do you want to know how I appeared beside Jingyuanhou, please go to the octagonal pavilion in the back garden at three o'clock in the application.

The following genus name is: Shui Yun.

"That's the girl ring." Wei Yuewu yanked the corners of her lips, took the tea at the table, took a sip elegantly, and gently pursed her lips, sneering at the corners of her lips.

How would she forget this girl ring, if it was not her designation, if Qin would not die so miserably, even if she was behind Wei Yan, she would never let go of this girl ring.

Weak and strong, since the rules of this world are like this, then she will not evade!

However, the girl was so frightened that she saw herself at that time. Now she still has the courage to ask herself to pass, and the smile on the corner of her lips is getting more and more embarrassed ...

Looking at sitting there with a bit of contempt and innocence, the weak and undeveloped Weiyue Dance, Jin Ling felt inexplicably convinced for a while, of course, she was not an ordinary girl ring, originally for such a weak lady, I really disapprove of it, and feel that it is an overkill for myself.

But now, she feels at ease, it is hard to imagine that such a thin body will make her feel at ease!

But the fact is that, for inexplicable reasons, this weak young girl has a temperament that is definitely different from that of an ordinary lady.

But inexplicably convinced Jin Ling, such a temperament, she has only seen in her own family ...

Chapter 28: Startled

"Slave thinks that Shuiyun's girl won't do anything good for you, and the lady still doesn't want to go." Jin Ling reminded slightly as she combed her hair for Weiyue Wu. ,

When I first arrived in Huayang Houfu, my eyes were blackened, Jin Ling felt that it was better not to move lightly for the time being!

Wei Yuewu praised her with a glance in the mirror. The girl was really clever, and she also saw some details at this time.

"This note is not written by this girl ring." Wei Yuewu glanced at the note on the side, a hint of irony flashed in her eyes.

Even though the words above are intentionally written a little bit skewed, but how a person's pen power is not only revealed between the whole of a word, but also can be seen from a stroke, a stroke, so every stroke on this It can be seen that none of them can write it.

Pieced together, it looks like a girl ring, but if you look closely, how could the pen power of a girl ring be so good? How could every skimming be so in place, not to mention the lack of humility in the ring.

The girl was frightened and lost her soul, and dared to find herself in the middle of the night!

"Miss, what shall we do?" Jin Ling looked out the window and asked in a low voice. "Can we go?"

"Go, why don't you go? Since you sent it here, you always want to see it." Wei Yuewu said quietly, turning his head, his eyes fell on Jin Ling's body, his eyes were slightly condensed, not in a hurry Slowly: "You should be able to martial arts?"

Since this girl is to be used, Wei Yue Wu naturally does not want Jin Ling to conceal herself.

"Yes, slaves studied martial arts for a few years." Since Jin Ling followed Wei Yue Wu, of course, he must answer questions.

"That's good." Wei Yuewu smiled slightly, showing a little satisfaction in her eyes, and Jin Ling's frankness showed that she really didn't care about herself.

And now there is no such person around him ...

In the evening, it started to snow, and it fell down piece by piece.

The winter day was originally darker than in the past, and the sky was a little darker. The kitchen in Huayang Houfu began to get busy. The kitchen was already preparing stir-fried dishes for the courtyards everywhere. The rules in the law cannot be criticized in private, but the master only came here today, and the noise was really loud.

Could not help that girl ring, the mother-in-law talked in private.

Originally, no one would really care about this new six lady, but I heard that the second most favored lady and second lady in Lianfu were reprimanded by Mrs. Tai, who heard that it was prepared for second lady. The yard is now occupied by the six lady. In the yard, the second lady's confidant for the second lady was not only beaten, but also kicked out.

These things came out one after another, as the wind swept across the backyard of Huayang Houfu.

The shock caused by this moment was so great that no one dare to take it lightly about the birth of this six lady.

The kitchen is also difficult. The six lady came to the door for the first time today, and it was amazing. If you are not happy with the food, will you open the kitchen?

But what this six lady likes, and she doesn't know, she hesitated for a while, what to do.

In the end, the wife-in-law proposed to ask a question, and everyone in the kitchen agreed, and it was always the first day. Don't let the six lady find a fault.

Qingheyuan is not far from the kitchen. The wife-in-law came all the way, it was fairly fast, and the night was a little dark, especially the sky was still snowing. In some places, it was really hard to see clearly. Zi just felt that a dark shadow flashed in front of him, and a terrified shiver fell to the ground.

Fortunately, the thick snow on the snow did not reveal any abnormalities. Although my heart was still panicking, I thought I was dazzled, covered my face, and jumped the "Butong" and "Butong" hearts, telling myself not to Fear, the house is fairly clean, at least she hasn't heard of anyone dead, and nothing will happen.

However, only a few steps were taken, and a scream was heard faintly. In this quiet snow, weird people felt chilling and fearful.

The wife-in-law couldn't walk anymore, looked back and looked behind, and the back was dark and gray. How the weather looked weird.

Inexplicably, it was scary.

But not far from the gate of Qinghe Academy, she made her bolder, climbed up, walked a few steps, came to the gate of Qinghe Academy, and patted the doorknob vigorously: "Open the door, quickly open the door."

The door opened, and a rough woman stood at the door and asked, looking unhappy, "What's the matter?"

Of course, anyone who was beaten had to come out to answer the door in the winter, and his mood was not good.

"What will Miss Six use for dinner?" Seeing someone coming out, the wife-in-chief of the kitchen relaxed and wiped a handful of cold sweat before she could breathe out, asking.

"I'm going to ask." The goalkeeper's wife didn't dare to make arbitrary claims. Today, she was kicked away in the yard after being beaten, but she was a man with a head and a face in the government before. Now she ends up like this. Where is the rough mother-in-law?

The wife-in-chief of the kitchen stayed at the door and waited for the news. After a while, she saw a delicate-looking lady who described the little girl with a ring, and came over, knowing that she was Miss Six, and hurried Before saluting.

"Are you from the kitchen?" Wei Yuewu was wearing plain clothes, and Jin Ling behind her was holding an umbrella for her. Although she was small, she had her own momentum.

The wife-in-law hurriedly bowed her head: "Yes, the slave is in the kitchen. I don't know what Miss Liu likes to eat, so I'll ask for it."

"Coincidentally, I want to go there too, let's go together." Wei Yuewu nodded gently and walked out.

On the same road? This means going to the kitchen with myself and going to the kitchen to see what ingredients are there?

The six-year-old lady, who had just arrived, had to go to the kitchen to check on the first day. The wife-in-charge said that she didn't understand, but remembered the rumors of the previous people, even if the second lady and the second lady had suffered, they immediately closed it tightly. Mouth, anyway, the master himself is willing to be a subordinate, asking more will only cause boredom.

The mother-in-law followed, and went out. Now that there are more people, there is no confusion just now!

After leaving the hospital door and taking a few steps, Jin Ling suddenly turned back and asked the stewardess, "Is there an octagonal pavilion in the back garden? There won't be anything evil there?"

The octagonal pavilion in the back garden, the thing of the evil gate?

The wife-in-charge was originally relieved because there were two more people around, but at this time being mentioned by Jin Ling, suddenly felt that the octagonal pavilion in the back garden might be a bit evil. That place is usually cold and cold when you look at it ...

"The octagonal pavilion in the back garden? Where is Miss Liu going?" The wife subconsciously frowned, shrinking her neck, and said uneasily. "At this time, it is late, and Miss Liu is looking at the snow. At this time, It's not safe to go. It's always safe to pass tomorrow. "

She thought Wei Yue Wu had a good view of the snow in the sky, and thought of going to the octagonal pavilion in Houhuayuan.

"Someone sent a letter before, saying that someone was going to find our lady over there. Our lady didn't know the way, so I asked my mother to lead the way. It looked gloomy that day and there would be no evil things. Jin Ling explained with a smile.

This is the second time that Jin Ling has mentioned the evil door. If the wife in charge has not encountered the previous incident, this will be just listening to it, but when Jin Ling said this, she thought of the shadow in front of me inexplicably. , And the clear scream, the woman began to sweat coldly on her face.

She really didn't want to go to the back garden at this time.

Has anyone really died in this house? How could such a large mansion never die before? At this time, if you hit something evil, it is also very possible.

Thinking about this, the wife-in-law's feet couldn't move, and in front of the figure of Weiyue Wu, Ai Ai said: "Miss Six, don't worry, the secret is very over there, and the slaves will ask some people to accompany you If there is any evil door, you can also support it. "

In a word, anyway, she is unwilling to accompany Wei Yuewu now, so she has to find some people to be brave.

Weiyuewu stopped, turned around, and looked at the mother-in-law, wondering, "Who is there anyone around me who can accompany me?"

"Yes ... Yes, there is a kitchen not far away. Miss Liu, please wait under this porch first, and slaves will immediately go to a few people and accompany Miss Liu to pass by." The mother-in-law said in a rush, pointing her finger at the direction of the kitchen.

They are really close to the kitchen, and in the air, they can smell the delicate aroma of the dishes.

"Is it really unsafe in front?" Wei Yuewu didn't seem to want to wait here.

"Miss Liu came to the house for the first time. I'm afraid I don't know. The Octagon Pavilion is actually not very safe. Especially now, if anyone doesn't have long eyes, rush out from there and hit Miss Liu, it will be troublesome. Well, there have been thieves out there before. "

In order to prevent Wei Yuewu from forcing her to pass alone, the mother-in-law said that at this time, she was also described with great eloquence, as if Wei Yuewu had to pass immediately, she would be hit by a thief.

"Well ... well, you go quickly." Wei Yuewu walked into the corridor while talking to the wife-in-charge of the steward.

"Yes, yes, Miss Six, please wait, slaves will come over immediately." The wife-in-charge of the manager nodded and replied, but felt that the vest was also cold sweat, and did not dare to worry about things anymore. When they got to the kitchen, they called Qi five or six rough-haired women, girl ring, because of fear in their hearts, and specifically let them take a stick to the past.

Said to clear the way for Miss Liu, in fact, is a bluff, to brave herself.

Sure enough, there were so many women with big waists and rounds, and everyone had a wooden stick in their hands. The wife-in-charge felt more relieved, and rushed back to the place with these few people.

Chapter 29: The incident, strangling girl ring

Wei Yuewu saw a few women coming, her eyes were faint, and she got up and walked to the back garden.

The wife-in-charge has so many people who are brave. Of course, the courage has grown up and leads the way for Weiyue Dance in front.

The octagonal pavilion in the back garden is famous because there is only such an octagonal pavilion in the back garden, and it is also located at the corner of the back garden. No wonder the lady in charge is afraid. That place is half behind the rockery. Can be considered hidden, at this time the snowflakes are still drifting, the wind is blowing, really is not a good time to visit the garden pavilion.

Several people passed by around the pavilion. At this time, it should be about two quarters of Shen Shi, one quarter less than the scheduled time, so Weiyue Dance was not anxious, and several times even stopped and watched. Snow scene.

She is the master. Since she wants to see the snow scene, the mother-in-law and the girl ring do not dare to say anything. They can only follow her, the Weiyue dance stops, they also stop, walk and stop, and leave the Octagonal Pavilion. It's getting closer.

Wei Yue Wu looked at the sky, and the hour was almost ...

"Miss Liu, there is the pavilion of the star anise. I heard that this was built when Mrs. Huayang Hou was alive." The steward's wife pointed at the pavilion not far away, and introduced Wei Yue Wu enthusiastically. Then I remembered, wasn't that Mrs. Huayanghou the biological mother of the six lady in front of her!

Immediately bowed his head, he did not dare to hang up, and did not know what kind of temperament the Miss Six would make, and he would not account for them.

"We passed from there, the air outlet is too cold." Wei Yue Wu seemed to have heard nothing from the stewardess, and pointed her finger at the other side. There was a rockery. From that direction, you had to pass through the rockery before you could pass. To the pavilion at the star anise.

Or it can be said that from that angle, there is the rockery in front of you, and the people in the pavilion can't find it immediately, such a large group of people.

The master here is Weiyuewu, especially after Li Yuewei before Weiyuewu. Whoever it is, dare not to underestimate the emaciated Miss Six. Since Weiyuewu said so, of course, no one will object. So a large group of people turned in a direction and went around the circle towards the rockery.

Only when I was at the rockery, the wife-in-charge of the steward suddenly heard a thin moan, and immediately felt that the entire hairs had been erected, and he felt his hands and feet two times, and then listened subconsciously. Ruoming moaning.

It's not just her. All the people here heard it. All of them were pale and scared. There were a few sticks in their hands that couldn't hold it!

It's winter, it's almost evening, and it's grey again here. It won't ... really have something ...

At the star-studded pavilion, Shui Yun was being held there by a woman. The breath on her body fell to the side of the pavilion, and if she groaned, the woman looked at the quiet surrounding and dragged Shui Yun to On the side porch, she sat down leaning there.

If you come in from the pavilion entrance, you won't notice any abnormality in Shuiyun!

The woman stretched out her hand and choked fiercely against Shui Yun's neck. She even said something in her mouth: "Don't look for me after you die. I'm just acting as you are, and it's your bad life. After the second lady and the second lady, anyway, as you are now, you will not be able to live, die early and live early, so as not to suffer greater suffering. "

Shui Yun was in a coma with her eyes closed, and the captivity didn't wake up, she screamed twice, and looked breathless.

"Come here, catch this murderous woman." Turning out the Weiyue dance of the rockery, pointing at the woman who still had her hands around Shuiyun's neck, her face sank and she sighed.

The wife I followed before, Yahuan, because I heard the low moaning sound, thought that she had hit something evil, and she was horrified. At this time, she saw that it wasn't the evil thing that killed her, but someone killed her and immediately rushed. Come over.

Someone came to pull the wife, some people followed her with a few sticks, and some people went to look at Shuiyun aside.

"This ... Isn't this the Yahuan Shuiyun in Miss Er's house?" Someone exclaimed. As a big girl ring next to Wei Yan, Shui Yun went to Weiyan to ask for something. Of course, there were people in the kitchen. Yes, in the kitchen, in order to nod her, I also specially cooked for her. The treatment is much better than the ordinary big girl ring.

Few people in this house don't know her.

"Ah, isn't this mother-in-law Qian's mother beside Mrs. Er!" Someone screamed again. Like Shui Yun, the people around Li's are confidants, and of course they can be regarded as characters who can walk in the house. The mother-in-law named Qian Mama is very coincident, it is such a character who wants to make people do not know her.

But think about it, this kind of thing, of course, must be done by his confidant, otherwise Li's side can not rest assured.

Wei Yue Wu lowered her eyes, covering off the coldness in her eyes, and even breathing with a frosty atmosphere!

"Okay, it turned out that you invited our lady to this place, in order to kill our lady too." Jin Lingji yelled angrily, and came over, according to that money mother, she was the fierce two feet, she was Someone with a martial art immediately kicked a money mother out of breath.

As soon as there was no argument, he just passed out.

Of such a big incident, of course, it wasn't Wei Weiwu who only returned to her home. The lady who did not leave the cabinet could solve it. Wei Yuewu let people first inform Mrs. Tai.

Then let a thick messenger with a stick go to the guest room in the front, and please bring in my sister-in-law Tu.

The family ugly cannot be said to be in the same home. Now, of course, Wei Yue Wu is certainly not polite. Mrs. Tai takes care of her aunt, so she asks her to come over.

Li's side is still waiting for news. She has arranged for the manpower. Only when Mommy Qian cried, she brought her staff here. Whether it was or not, there was only Weiyuewu and her in the pavilion. Yahuan, and the dead water cloud, no matter what, it will be planted on Weiyuewu.

Shuiyun followed Jingyuanhou before, and also pretended to be Jingyuanhou's girl ring. Is there any relationship between the two? It is really unclear whether Weiyuewu is the fiancée of Jingyuanhou, and for a dare to seduce his fiancée The girl ring, jealous and jealous, is also very likely to move.

Only in this way, Wei Yuewu's reputation is totally ruined. Then, it is reasonable to let Jing Yuanhou **** his head and resign from his family. Anyway, with such a reputation, this marriage is not retreat. You have to retreat, as for what Wei Yuewu said, because there is such a thing in it, who would believe that a woman with a bad heart and a cold heart is telling the truth!

One piece of distortion, one piece of fake, this truth is easily recognized by people!

Originally, Mo Huating's loss was a loss for Wei Yue Wu. In Li's view, even if the two really retired, his uncle Hua Yanghou would only blame his daughter for being cruel. , Yan'er and Jing Yuanhou's marriage can still be slowly planned.

And Wei Yuewu had such a thing, and then secretly let people spread it out. Don't even think about marrying a good person in this life.

Li's been waiting for the good news in the yard, but didn't wait for her own report to come, but she saw that Mrs. Tai's mother Hong came over and asked her to be kind.

Although Li's heart wanted to inquire. At this time, Mrs. Tai was about to let her have something in the past, but Ms. Hong's mouth was tight. She did n't let her ask anything, she just said that Mrs. Tai was anxious, let Hurry up and have something important.

Helpless, Li had to tell his own hesitant a few words, let them rush to Mrs. Tai's side if they got the news, and happened to go to Mrs. Tai's side now, it's considered to be taking off out.

But as soon as she entered Mrs. Tai's Jingxinxuan, Li discovered that something was wrong. The girls in the corridor, the wife lowered their heads one by one, stood quietly in the place. At this time, when she saw her coming in, she had been attentive. Come over, lift the curtains for her, and return to the inside.

When I entered the room, I saw the lady Mrs. Tieqing sitting with her face on it, and beside it was the face of Tu Shi she was the last thing she wanted to see, as well as Weiyue Wu, her heart suddenly inexplicable, this Shouldn't Weiyue Dance be at the Octagon Pavilion in the back garden?

A cup was thrown over fiercely, Li's heart was startled, he subconsciously avoided it, but he took it slower. The cup wasn't hit. Some hot water in the cup splashed into her face. , Subconsciously covered the face of Pa Zi.

The sound of the glass breaking was right at my feet, the water was flowing all over the floor, and the clothes in winter were thick and I didn't feel it, but half of my face was hot and painful.

It was too late for Li to scream, because she saw in horror the money mother beside her, lying on the side of the ground, and she didn't know what she was doing.

"Lee, what's the matter? How do you manage people, this wife actually has the courage to kill human life." Madam Tai screamed sharply, hard to conceal the coldness in her eyes.

"Mother ... Mother, what I said, I don't understand!" Li knew that the situation was not good. Of course, at this time, he clenched his teeth and didn't admit it. He laughed a little, disregarding the pain on his face, making a daze Look like.

"Mrs. Er can't understand? It's better to call that Shuiyun's girl ring, come over and say that those who are pierced by the **** are those fierce hands who are so vicious! I can't think of Huayang Houfu, actually There will be such a vicious person. Now, this ring is also a human life. It is not a matter for loyal people to use a mule to kill someone in private. "

Tu's side, the frost frozen at the bottom of his eyes, said coldly.

Shui Yun is not dead yet? Li's heart trembled a bit. When she went to see the girl ring before, she found that the girl ring was in a semi-conscious state. Wei Yan hated her badly. Although she didn't directly ask for her life, she wanted to vent her hate. Take the mule and pierce her holes.

It can be said that there is no good skin except for the hands and face that are exposed outside. When people lie there, except for a few moans, they almost look like death. How can such a person survive?

Chapter 30: Rage hurts Lee

Although Li thought that way, he always felt a little scared in his heart. He forced a smile, and after two laughs, he still made an unknowing look, arguing: "Mother, what is going on, How did this woman murder Shui Yun? I'm so confused here, I don't know anything. "

"Your mother-in-law is so vicious, you don't even know, how do you treat this family?" Mrs. Tai was furious. Today one day, Li's been making mistakes. This will send Tu's to the room. , Actually recruited back, and it is still such a thing, how not to be angry.

This is obviously the way to get rid of people. In addition to Li Shi and Wei Yan, there are really no one else in this house. They will start at this time, and they can't wait for Wei Yuewu to disappear immediately.

At this time, Mrs. Tai was really very anxious, remembering that the two people had said in front of themselves that they would not make mistakes again. Previously, Shui Yun just sent a letter to Wei Yuan for Wei Yan. It shows that she and Wei Yue Wu must be sisters, and did not let Jing Yuanhou kill Wei Yue Wu ...

In a word, Jingyuanhou did not know what was going on. He actually did such a thing, but this matter has nothing to do with Li and Weiyan. Even though Weiyan and Jingyuanhou have some relationship, Love, but also sentimental, justified, and Jingyuan Hou has been chasing Wei Yan, Wei Yan herself has no idea at all.

As for the distress of entering the city Weiyuewu, they are even ignorant. How could a woman in the inner court have the ability to do such a thing, and they do n't know when Weiyuewu will come here, Weiyue The dance was an accident, and they were very wronged!

Seeing what they said was quite reasonable, Mrs. Tai first released Li's back, and then reprimanded Wei Yan for some time, which was considered as a pass.

But who would have thought it wasn't long before this happened again ...

"Mother, is it true? But I really do n't know, mother, you are the one who wakes up this wife. I 'll ask, but I have to ask her. I trust her so much, and I treat her very often. Yes, why did she do such a vicious thing, Shuiyun's girl ring, even though it was Yan's girl, sometimes she didn't deal with her, but she didn't need to kill her! "

Li's face showed an angry look, and she stretched out her hand and lay on the ground with a finger.

Wei Yue Wu stood on the side and watched Li's performance quietly. Her lips rose silently, and Qian Qianzi didn't wake up, it was actually the same. Dare to testify that Li asked her to do it, so she hinted that Jin Ling kicked Qian's wife dizzy.

Since this money mother is here with Li, she is already playing dead chess. She doesn't mind using this dead chess as a living chess in the future games.

Li's will be angry and jumpy again. She didn't find her face at all. The place where she was scalded by the hot water was red and swollen, and there were faint blisters, dense, not a few. Close to the ears, there were dense blisters.

"Mrs. Tai, the second lady in the house is really interesting. The girl ring next to the second lady is shameless. The wife next to the second lady is a vicious heart. The poor second lady and the second lady are accompanied by this every day. Personally, it is not easy to survive safely. "

Tu's sarcasm was spoken, and Li's words were taken, but the meaning of these words was enough to make Mrs. Tai blush.

Girl ring, mother-in-law, how can their masters be good, in other words, what kind of masters there are, what kind of slaves, if there is no master command, these current people will give her ten bear hearts and leopards I dare not do such a thing.

However, this matter cannot really be torn apart. In any case, Li is a member of Huayang Houfu House, or his son's wife. If he can tear away, he will still lose his son's face, so Mrs. Made up his mind and put the matter on the money lady.

"Come here, send this woman to the government, and say she killed a girl in our house." Madame Tai's face showed anger.

Anyway, the mother-in-law can't speak now, throw it to the government, and then think of her life!

"Slow, Madam, I still have something to say." The two women who had just thought about coming over to drag people, Tu, who was sitting aside, sank and opened their mouths.

"Mrs. Tai, this mother-in-law seems to be unable to survive. I don't think I can ask what to say. What about sending it to the Yemen? This is a mess in the house, let the dancers come back with me and see this Before entering Beijing, things would be troubled one by one, and then the trouble would have to catch up. Although our house is not a very expensive home, it is still affordable to prepare a dowry for the dancers. . "

After Tu said to stand up, she would pull Wei Yue Wu behind her and leave.

But such a proposal fell into Mrs. Tai's ears, just as if she had been slapped directly.

Wei Yuewu lived in her maternal grandfather's house, and she didn't pick it up. But now that she has entered Huayanghou, she has been forced to leave and set the face of the entire Huayanghoufu.

"Mrs. Tu, wait a minute." When seeing Tu, she was about to pull Wei Yuewu away. Mrs. Tai hurriedly spoke. If she was really allowed to leave, she wouldn't be a human.

"Lee, apologize to Mrs. Tu for her companionship." Mrs. Tai's face was so strong that she yelled at Mr. Li, and now she must let him give an attitude, otherwise today Mr. Tu will not let her pass through the door.

"Mother, this matter really has nothing to do with me ..." Li wanted to justify, but when she saw Mrs. Tai's somber face, she was afraid of Mrs. Tai's Jaegerville's power, she froze, and dared not say more. After receiving the tea from Yahuan, he bit his teeth and came to Tu's head. He bowed his head respectfully: "Mrs. Tu, I'm sorry, I didn't manage the inner courtyard and hurt Yuewu girl. There will be no such thing in the future. happened."

Thinking that he was also a dignified Mrs. Shang, but saluting tea to a wife of a small official, Li was annoyed to vomit blood, but now under the suppression of Mrs. Tai, she had to do so.

Holding the hand of the tea cup, with fierce force, the blue tendons would explode.

Feeling Li's anger, Wei Yuewu sneered, and now she is furious. Then, next, when I step by step to collect my debts, I don't know if I will be sobered ...

"Mrs. Li, we have grown up under the pampering of my mother-in-law since we were children. Although we are a bit spoiled, they are the most kind. Our house is also very clean. We have never seen such a monster. This matter is so scary that I can't even speak it. If there is such a thing in the future, she must not be scared to death, which makes my mother-in-law feel relieved. "

Seeing Li's head bowed, Tu's looks a little moved, sighed, and spoke to Li's Dao carefully, but did not reach for her tea.

"This kind of thing will never happen again. After that, I will definitely check the backyard, and it will not be harmful to the girl of Yue Wu Wu. Madam Tu, you can rest assured." There is no guarantee, even if the smile on the face is almost stiff, but also with the smiley face, the hot face over there is faint pain, but at this time can not care.

"Since Mrs. Li has agreed in this way, I hope that no such thing will happen in the future, otherwise we will dance and follow me. Although I grew up in a small place, at least I grew up in peace." Wei Yue Wu still needs to live in Houfu, Huayang, and Tu can't really take Li's. At this time, of course, he will accept it.

Tu's heart also cares about it. Li's loss of face, loss of lizi, and Mrs. Tai's favor, and the dancer also hinted to herself that the wife can stay.

Therefore, when Tu received the Li's tea cup, the words turned and laughed: "That mother-in-law, if you dare to hurt us so much, whether or not I die, I have to give my mother-in-law an explanation, no, this person I took it back. I don't know Mrs. Tai and Mrs. Li, would you? "

Seeing that Tu was finally willing to let things go, Mrs. Tai and Li were relieved in secret. At this time, look at the wife who was lying on the ground, who did n't know anything about her, and her bruised face was swollen. This will come to the house for a while Actually, he hasn't woke up yet. It seems that he is more fierce and less fertile than to give it to Tu's. It doesn't make much difference.

"Since Mrs. Tu is going to give an explanation to Liu's grandmother, let's take them away." Mrs. Tai hadn't spoken yet, and Li opened the mouth first. She was afraid that Mr. Tu would hold on. The person who is about to die is that Li said that it is really nothing.

And even if Mrs. Qian wakes up, her family is still in her hands, does she dare to really prove that she is not successful.

Think of it this way, Li was extremely relieved to let Tu take away people.

Mrs. Tai opened her mouth, her brows frowned tightly, but she did not speak. Although she felt that something was wrong, Li must have agreed. Although Li was the second lady in the government, she must have her own son. It is the Book of Rites, the face for Li's, the face for his son, especially in the case of outsiders.

To this extent, the matter has been resolved, but Li 's prestige in the government has fallen and dropped. So far, Huayang Houfu has no one dared to despise the born Miss Liu. Even though the six lady looks too young, she is still a little childish.

Weiyuewu 's grandfather 's house actually has a house in Kyoto, but he has n't lived in it for years, and has n't cleaned up well, and Tu 's only came to Beijing to support Weiyuewu and support himself. So it's always empty.

So Mrs. Qian was sent over the night. Of course, Tu 's reason was to let more servants in the house. When she saw this Mrs. Qian, even when Mrs. Qian died, someone was there for her. Wei Yuewu's grandmother testified in front of her, saying that she was angry for Wei Yuewu, and she was considered to have confessed in front of her mother-in-law.
