

Young Lady 31

Chapter 31: Divorce is imperative

Mrs. Tai left Tu Shi and Wei Yue Wu, and she used her dinner as her wife-in-law. Mrs. Tai didn't speak, so she could only wait on the side with a smiley face. The wound on her face didn't have time to wipe the ointment.

Looking at the dense blisters on Li's face, Wei Yuewu lowered her head, evoking a sneer, and used it more and more carefully. From time to time, she went to some fish bones for Mrs. Tai, and carefully served Mrs. Tai for a meal. This meal, The food was extremely diligent, because the flattery of Wei Yuewu was flattering, and Mrs. Tai was very satisfied.

After everyone ran out, Wei Yue Wu accompany Xu's departure. He first accompanied Xu to the guest room. After chatting for a while, the two returned to their own Qingheyuan.

Before arriving at the gate of the hospital, I saw Jin Ling looking around in the gate of the hospital, seeing Weiyue dancing, her face was difficult to hide, and forbearance, after all, some joy was overflowing, and she simply bowed her head and waited for Weiyue to come over.

Jin Ling was sent by Wei Yue Wu to inquire about the second room. At this time, she naturally understood what she meant, took her into the back room, and sent tea at the end of the painting.

"Miss, the second lady heard that many things were smashed, and there were still crying sounds. Later, I called for Doctor Ming, and then sent several doctors from Doctor Ming, and the mother's face was swollen. It seemed as if they had been beaten, and the slave looked at the doctor while shaking his head. "

Jin Ling replied softly.

Li's left with them, and the time was enough to be upset. When they left, Wei Yuewu gave a special look, and half of her face became red and swollen.

"Miss, does Doctor Ming indicate that Mrs. Er's face is not so good?" Shu Fei asked curiously.

"Severe burns and lost time. Even with the best ointment, it is impossible to leave no scars, but this is crying?" Wei Yuewu put down the tea cup in her hand and smiled lightly.

Are you crying now? Now that you have settled on yourself, you have to bear the consequences. Where will the days of crying continue ...

Seeing Wei Yuewu's smile, Jin Ling felt inexplicably cold in her heart, clearly a thin girl, but gave her an unusually cold taste, could not help but jump suddenly, and suddenly thought of another one Matter: "Miss, Miss II really sent a letter to Jingyuan Houfu. The slaves heard it in secret."

"Yes, she did!" Wei Yuewu smiled with raised eyebrows, and a sigh of gas flashed in her eyes. With Wei Yan's airy message, Mo Huating should have prepared it!

I believe that when he "retired", he will become more and more exciting because of his preparations ...

When the letter was delivered to Mo Huating, Mo Huating hadn't had dinner, and saw the letter frowning. He thought it was just a little girl from a small place, and wanted to kill her, but he walked by himself. Who would have expected such a big thing to happen? The current situation is extremely unfavorable to himself.

Wei Yue Wu's life is so big, she escaped her life again and again!

Mo Huating's annoying head was too big, and he was sitting alone in the study. He didn't even want to eat dinner. He was annoyed, and suddenly he heard the door snoring. Then the door opened and came in a yellow suit. Girl, when seeing Mo Huating sitting alone, the food in front of her didn't move, she could not help but take a few steps.

"Cousin, what's the matter with you?" Asked the girl in a yellow voice, her eyes and brows being concerned, her voice was like a weak one to blow away. "I'm okay." Seeing the fullness of affection in the eyes of the girl in front of her eyes, Mo Huating waved her heart, stretched her hand to hold the delicate hand, said softly: "It's okay, it's something in Huayang Houfu, upset."

"What's wrong? Isn't Miss Er yet willing to marry his cousin? It's too much. My cousin is so devoted to Miss Wei Er. How could she be so swaying?" With a bit of anger, looking at the past from Mo Huating's point of view, she felt more beautiful and charming.

The visitor was Mo Huating's cousin. After his parents died, he lived in Jingyuanhou Mansion. At that time, Mo Huating's mother was still there, but just the previous year, Mo Huating's mother died. Mo Huating and Chen Nianshan.

"It's not Wei Yan, it's Wei Yue Wu, she's not dead, she's coming to remarry." Mo Hua Ting disappeared as soon as she mentioned Wei Yue Wu, her face suddenly gloomy.

She was dressed up carefully, and her cousin's attention was not on her own. Chen Nianshan was annoyed, but thinking of her most powerful opponent Wei Yan, the situation is not good now, and her face was a little bit invisible to Mo Huating. Forbearable joy, in her opinion Wei Yuewu could not like his cousin, and was not his opponent at all.

"Cousin, this talented and disfigured Miss Six, still want to remarry? It would be nice if the cousin didn't dislike her, but she dared to take it easy, cousin rest assured, I have a way to help you, guarantee Whether she will return or not, whether or not to remarry is not up to her cousin. "

The anger in Chen Nianshan's face, coupled with those passionate eyes, was enough to give Mo Huating a bit of pity.

Mo Huating glanced at her with a smile in her eyes, grabbed her tender white hand, and held it in her palm: "Say, is there any good way?"

Chen Nianshan smiled sweetly, lowered her head with a full chest, and reached Mo Huating's ear, and whispered ...

Early the next morning, the mother-in-law came with a group of girls.

This is of course the meaning of Mrs. Tai, and it also implies that it is shown to Tu. There is always no meaning to treat Wei Yue, the young lady, who was not satisfied. The staff yesterday was dissatisfied. I immediately brought someone here to let She chooses by herself, letting herself choose satisfaction.

Mrs. Tai had special grace to let Wei Yuewu come over by herself, and she sat under the porch, watching Wei Yuewu silently and picking people up. Neither Li nor Wei Yan came, but Zhang took the four Miss Wei Qiufu. , Miss Wu Qiuju, accompanied Mrs. Tai.

Miss Qiu Weifu is Zhang's biological daughter, while Miss Wu Qiuju is a three-room maid.

There are very few staffs at Qingheyuan. Yesterday, a large number of subordinates were expelled, and the remaining ones were all subordinates who were not allowed to spoil.

The mother-in-law brought not only the girl ring, but also the mother-in-law. Last night Zhang had got the meaning of Mrs. Tai, and specially sent someone to call it.

Wei Yuewu picked four girl rings and four women in it, and then took them to the gallery and showed it to Mrs. Tai.

"Miss Six is really good-looking. These couples are all good. Before that, the other couples also said that they should be smart. Whoever doesn't want such a smarter couple, Otherwise, the bad thing will be brought out. What is lost is the face of the homeowner. The former lady from Jingyuan Houfu also sent someone over to ask someone. "

Watching Yueyuewu chose so many at once, the mother-in-law was very happy, flatteringly flattering Weiyeuwu, people like her who are scattered in various provinces, of course, also know the fame of Miss Huayang Houfu Six However, at this time, it was completely inconsistent with the rumors. Not only was it not consistent, the mother-in-law felt that it was simply a nonsense.

In front of this beautiful young lady, coupled with this body style, and incompetent and indifferent, the difference is really eighteen thousand miles.

As for the mention of Jingyuan Hou, of course, I heard that there is an in-law relationship between Jingyuan Hou and Huayang Hou.

Of course, the mother-in-law will not talk about the disputes in these provinces, and she is also eye-catching, her eyebrows transparent, thinking about this lady before entering the door, this powerful lady of Houfu, Let her choose her own person, it must be that this six lady is not simple.

Regarding the words of the grandmother, Wei Yuewu naturally understood that she was waiting for the grandmother to mention Jingyuan Houfu and smiled a little. She winked at Jin Ling on one side, Jin Ling understood, and pulled her to the side and gave her A reward, and smiled to ask her about Jingyuan Houfu.

When I saw the ring of Weiyuewu admiring people, no one noticed her again. It was just a ring of Yayue, and a ring of Weiyuewu. I met a flattery of Yueyuewu, of course. Say two more words.

"Fu girl, don't you say you want to pick two, go pick it now." Mrs. Tai said to Wei Qiufu who was standing on the side and always smiling quietly.

"Yes, grandmother, then I won't be polite to Sister Six." Wei Qiufu said to Mrs. Tai, and then smiled kindly at Wei Yuewu, and went out in a generous manner. She didn't pick many people, too. There are only two, and they don't look good. It doesn't look like the one that is close to the girl ring, but it looks like a few third-class girl rings.

Weiyuewu's black and white clear eyes drew a hint of faintness. It was a good time for the four ladies to choose, and they lag behind themselves without arguing, but they did n't know it, but they were so polite. He also mentioned himself so that he looked a little disrespectful to his sister and lost his courtesy.

But do n't know if it 's unintentional or intentional?

After picking the girl ring, the mother-in-law, the grandmother, and Jin Ling also finished talking, and then greeted Wei Yue Wu a few words, and left with the remaining servant to pick, with so many girl rings, the wife was full of At Qinghe Garden, at least the manpower at Qinghe Garden is sufficient for the time being.

"Dancing girl, you can think about it. If this really retires from the marriage with Jingyuanhoufu, there will not necessarily be such a good candidate in the future?"

After a group of people re-entered the room, Mrs. Tai asked bluntly.

In the opinion of Mrs. Tai, Jingyuan Hou is a rare young talent in Beijing and has a young talent. If Wei Yuewu is retired, she may not be able to find a better one than him. In his wife's heart, although Wei Yuewu grew up well, she was not Wei Yan after all, and she carefully cultivated and grew up in front of herself.

It's good to have such a marriage!

Tomorrow, they will go to Jingyuan Houfu to remarry. The reason why Mrs. Tai came to the house to divorce herself, of course, is because this marriage has Tu Zhaoyi's face in it, and go there in person. It is not Jingyuanhoufu or the palace That Zhaoyi mother-in-law.

"Grandma, Wuer wants to survive." Wei Yuewu's voice was soft, but her expression was calm and absolutely.

In a word, the direct meaning came, and the wife of the wife who spoke said a little flash, but she was speechless ...

Chapter 32: Empathetic cousin

After Mrs. Tai was silent for a while, she waved her hands at Wei Yue Wu and motioned for her to step down.

After giving a gift to Mrs. Tai, Weiyuewu respectfully backed out, and brought these newly-selected girl ring, mother-in-law, back to her own Qingheyuan, and she will only live here. Get familiar.

"Mother, retreat, retreat. Speaking of this Jingyuan Hou, it is really nothing, and actually did such things, don't blame Liu girl who wants to remarry. It is better to marry two surnames. Look now, It is obviously too much to want to have a good reputation and want to be affordable. "

There was a sound in Zhang's words, which seemed to be persuading Mrs. Tai, but of course he also hacked Li's.

There is a private relationship between Mo Huating and Wei Yan. It can be said that the reason why Mo Huating is responsible for the death of Wei Yue Wu is absolutely related to Li's and Wei Yan in the second room!

Wei Yuewu's entry into the house is still a great benefit for Zhang's. This backyard Li has also held for so many years, and finally let her be divided. In any way, Zhang's now watching Wei Moon dance is very pleasing to the eye.

However, this remark did not resonate with Mrs. Tai, and looked at Zhang Shi with a cold face, and then fixedly looked outside the door. Gu Zi thought, and ignored Zhang's provocation.

Thought that Mrs. Tai hadn't heard it, Zhang wanted to accompany her smiling face, but helplessly, her sleeve was pulled by her daughter.

"Mother!" Wei Qiufu gently pulled Zhang's sleeve on the back, pointed to the two newly picked girls rings standing outside, and asked softly, "What about these two girls rings? There are actually a lot of people there, or should I put it on my grandmother's side? The grandmother is older, and there are more people around, we can rest assured. "

"No, Fu girl, use it by yourself. The girl ring on your side is a lot less than the Yan girl. Even if you choose two more today, it's okay, but the good one has let the dance girl pick. Let 's go, wait for the next time, and let you come and pick. "Mrs. Tai retracted her gaze and looked at Wei Qiufu's cheeky face with some kindness.

If Wei Yan is much better than Wei Qiufu, and her status is a bit higher, she would not focus on raising Wei Yan at first. In this disposition, Fu girl is more stable and humble than Yan girl. The head mother's material.

It was also because of the saying that the daughter of Tu was beautiful in the beginning. I decided to educate Wei Yan personally and try to breathe a sigh of relief from the events of that year. Seeing what she is doing to her now, Mrs. Tai ca n't be happy. Wei Yan's expectations are not just Mrs. Jing Yuanhou ...

What surprised Mrs. Tai most was that Weiyuewu actually grew so well. I knew that she was so good. At first, she would have taken her around and cultivated herself, but now, this person has After growing up, in terms of temperament, it is not easy to accept ...

Wei Yuewu didn't know at this time. Mrs. Tai is now full of heart and wants to obey herself. The new four girl ring, she picked two long, good and smart as her personal big ring, the other Two were second-class and renamed them.

The first class is Shu Fei, and the second class is Ruzhu, Ruyu.

Shu Fei and the end of the painting, as well as Jin Ling's three big girls ring for their own Qingheyuan. As for the other women, they also disciplined each other, while the stewardship was Mei Mei from Mrs. Tai, said to be too His wife's dowry was regarded as Mrs. Tai's confidant, and she managed all of the Qingheyuan for Wei Yuewu.

All the arrangements are secure, and after performing their duties, Wei Yuewu sat down at the window again. At this time, there was time to ask Jin Ling what he had asked before. Before that, let Jin Ling reward the toothpaste by pulling the toothpaste. Asked a few words to the side, the cause is the Jingyuan Houfu mentioned by the teeth.

Although Jingyuan Houfu's news, she used to ask about it when she was in her grandfather's house, but it must have been far away. There were many inaccuracy in hearsay. Wei Yuewu was more willing to believe the news directly heard by Jin Ling. .

The job of a grandmother is destined to walk in the inner courtyard, and she also knows some secrets of the inner courtyard.

Knowing oneself and knowing one another, and fighting in a hundred battles, Mo Huating returned to Beijing for a while, Wei Yuewu did not believe that he had no countermeasures. In this family relationship, he did not retreat directly at first, but used to kill himself to solve the marriage. Explain that the marriage had to be retired.

Wei Yuewu even has a feeling that there is not only Tu Zhaoyi in this marriage, but there must be other secrets involved ...

"Miss, I heard that the cousin who lives in Jingyuan Houfu now manages the up and down of the backyard of the house for Jingyuanhou. The cousin is said to have said that cousin Jingyuan does not marry a wife. She did not marry anyone, so as to report the kindness of her caressed by Mrs. Jing Yuanhou at that time, young lady, slavery didn't think this lady was quite right. "

Jin Ling reminded Wei Yuewu of the inquiring news.

Jin Ling's mind was also so exquisite, Wei Yue Wu groaned, and thoughtfully smiled, "This lady Miss, has long been engaged?"

"Miss Cousin was engaged early. It was said that when she was in her hometown, her parents were the masters and she ordered the dolls. But later, her parents died and she had to go to Beijing to vote on her aunt and uncle. This family affairs was delayed, and because of the kindness of Jingyuan Houfu, she said that she would not go back until Jingyuan Houfu had a formal hostess. "

Jin Ling paused and raised his own doubts: "I heard that although this lady is not a grandmaster of Jingyuan, she must have already handled it. If she is still in trouble for another three years, it will be over eighteen. Maybe even nineteen or twenty, wasn't she married at that time? "

The marriage of Miss Shijia is usually started after a short time. If you really wait until the age of eighteen or nine, then you will be considered an old girl. If Wei Yuewu really wants to marry Mo Huating, depending on her age, you have to wait for three. Years later, three years later, she happened to be timid, but she could afford it, could the lady watch?

Or even if she can afford it, can her husband's family afford it?

I know I can't wait, but I want to release it outside, so the meaning is not so simple. Since she is so kind, if Jingyuan Houfu loses her, she can't really explain it. ...

"Jin Ling, when you and Shu Fei went out of the house for me, you said you would pick some books for me, and then go to Jingyuan Hou House to see if there were any abnormalities. If you find out, tell me." Wei Yuewu's water eyes blinked.

She had just entered Beijing, and now her eyes were obscured. All she knew was rumors. As for the actual situation, it was really not clear.

Yesterday Li and Wei Yan, the mother and daughter suffered such a big loss, and they would secretly tell the Mo Huating secretly, but today neither mother and daughter appeared, it seems that they have a way to deal with their own, otherwise it is impossible. Calm, tomorrow's divorce will never go smoothly, that's for sure.

Jin Ling froze, but immediately realized that he was ordered to go out with Shu Fei.

The two girls went out early in the morning, and came back after noon, each carrying a bundle of books to come in. When someone reported the matter to Mrs. Tai, Mrs. Tai nodded and ordered that if Miss Liu wanted to What books to read, you can send someone to look outside.

Weiyue Wu returned to her home again and showed excellent performance. Mrs. Tai naturally valued her a little here. Jin Ling and Shu Fei both hurried back to Qingheyuan, and then Jin Ling went to the back door again. It seemed very anxious, because she was not familiar with the path, and asked several girls on the road. Needless to say, this weird behavior was immediately reported to Li before him.

"Mother, I'll take a look!" Wei Yan happened to be in Li's house, and after hearing that, he stood up and went over in person.

But he was pulled by Li's hand: "Not right, you are the second lady of Hou Fu, follow a girl ring, what is it?"

"But that little **** must be her girl in Fenfu. One of hers only arrived in Beijing. If anyone wants to see her, she must be doing something inhuman!" Wei Yan would only hate Wei Yue. Dance handle.

"Send someone in the past, stare at her, you go, did not lose your identity of Miss Hou Fu." Li Han flashed in her eyes, her original pretty face, because of the ointment, red and white, for no reason. Let the life feel a little ugly, a few girls ring, the mother-in-law lowered her head and did not dare to look at her face.

Wei Yan was impatient to see Li's face now, so she said, "Mother, I know, you take a good rest. I'll go back to my yard first and let a woman stare at that girl ring!"

"Okay, then the person you send is more careful, don't let that girl find out." Although Li's face was on the medicine, it still had a hot and painful sensation, and she really didn't have any spirit. When Wei Yan said that, she waved her hand. Let her go.

Wei Yan nodded and came out of Li's yard, and sent a woman to the back door to stare at Jin Ling. Wei Yue Wu's little **** was very shrewd. Don't let her find out that she has reported to Mo Huating. It would be even better if we could grab the handle of that little bitch!

Early the next morning, Mrs. Tai took the Weiyue dance and Tu went to Jingyuan Houfu.

In the event of a divorce, Wei Yuewu didn't have to show up. Instead, Mrs. Tai and Mr. Tu had to show up. It was enough for Jingyuan Houfu's face. Even if Zhao Zhaoyi asked, she also showed respect for her. But because of this, The dissolution of marriage requires the consent of Mo Huating. Both Tu and Weiyuewu felt that if Moyuewu was present, Mohuating could not find a reason to dodge.

Wei Yue Wu himself here, of course, is waiting for a good show to begin ...

Mrs. Tai consciously owed Tu, and Tu mentioned, although hesitated slightly, she agreed.

Mo Huating had been waiting there for a long time, and Mrs. Wentai brought someone to meet her at the gate of the house. She paid special attention to Mrs. Tai, and attracted passersby to look side by side. For a while, she did n't understand Jingyuanhoufu. What's the scene? A few days ago, I heard that the six lady with Jingyuan Hou Dingding came to Beijing. Is this to discuss the marriage?

"Jing Yuanhou doesn't have to be polite." Mrs. Tai waved her hand with a smile, but she was a little displeased. If you look at the title, Jing Yuanhou is not worse than Huayang Houfu, and Mo Huating does not need to go to herself With such a heavy ceremony, what will happen to the marriage between the two governments? In fact, everyone knows it well, so why bother at the gate of the government.

"Last time I went to pick up Miss Six. Although there was a second ring from Miss Two, I still went wrong with Miss Six. It was my fault that I almost killed Miss Six. Here, I specially asked Mrs. Tai, Mrs. Tu, Miss Six pleaded guilty and asked some to forgive me. "

Mo Huating faced Mrs. Tai, and she looked at him to the end, showing a sincere attitude of remorse, with a very low attitude.

Wei Yuewu wore a veil, her deep eyes with coldness, watching Mo Huating's performance, and the lip angle inside the veil slightly evoked a sarcastic arc. Mo Huating really talked, and the play was also performed it is good!

Chapter 33: Acting, who is better than who

Mo Huating does speak.

To say that a personal case is just a accidental miss of the road, shirk all responsibility, and confess to mistakes, really can make people feel good.

"Jingyuan Hou is really very polite. I do n't dare to take it as a gift. On the way we danced into Beijing, someone robbed her. It is said that the staff were all clothed early, and we waited for us to come, but not Knowing that our dancers only entered Beijing, and who offended them again, who couldn't bear her so much? Actually, she made her way to Beijing and stayed there to kill her such a weak girl. "

Tu looked up and down at Mo Huating, and his face sank and he smiled coldly.

In a few words, it was Mo Huoyuan's words that had been blocked back. The meaning here was insinuating. Mo Huating could not answer at all!

He is a grandpa Hou, and he is still in the palace. Mo Huayuan could not imagine that Mrs. Tu would lose face to himself so much, and he was refuting himself in every sentence. Take another look, and look with a pair of cool eyes. With her Weiyue dance, I was a little more annoyed.

The crash in Huayang Houfu was a big one. The amazing Miss Wei Liu heard about it and felt unbelievable when he first heard it, but when you think about it, you ca n't remember the appearance

of Wei Yuewu. I just remember that my face was full of fat powder, with a ghostly appearance, but only one pair of eyes was out of color.

And is this person really Wei Yue Wu?

Mo Huating's gaze turned to Weiyue Dance. Although he was veiled, but his hair was combed, a pair of beautiful eyes, especially fascinating, with a charming charm in the deep, but with a bit of coldness, only A pair of eyes has made people feel how beautiful the woman under the veil should be.

In my heart, the inexplicable taste is not!

"Please, please go in and talk." Gan laughed twice, and Mo Huating wasn't performing at the door either. He took two steps back and stretched out his hands.

A group of people followed the gate of Jingyuan Houfu House, and passers-by outside the door whispered. How do you think the ladies and young ladies of Huayang Houfu House came here? What's the meaning of Miss's ring?

Among them, the person who saw the carriage accident that day described it vividly. The accident that day, plus the words in front of the gate of Houfu in Jingyuan, immediately made people think whether the second lady would look after this Jing In the distance, I want to conquer this marriage, so the lady in the second room repeatedly wants to harm this lady Wei Liu who just entered Beijing?

Think of it this way, and I think it's more and more possible.

Li didn't know his good reputation for so many years. He disappeared in yesterday's accident and today's words at the entrance of Mo Huating.

In the living room of the Houfu House in Jingyuan, as soon as Mo Huating entered the door, he let the subordinates deliver melon and fruit snacks.

Chen Nianshan also came out to see Mrs. Tai under the leadership of Yahuan.

To this well-known lady Miss, Mrs. Tai saw her delicate and weak, very pleasant, and the smile on her face grew unconsciously, and she gave a polite hand: "Miss Lady need not be polite. "

For a while, because the specific marriage had not been mentioned, the two houses seemed to get along well.

Chen Nianshan sat down on the left side of Weiyuewu. At this time, watching Mo Huating and Mrs. Tai, Mrs. Tu politely, reached out, gently held Weiyuewu's hand, and turned her head to whisper: " Miss? Sure enough, she is a fairy-like lady. Although my cousin has never seen Miss Liu, she is really true to Miss Liu. "

Wei Yuewu looked at the charming and tender cousin like a little white flower in front of her, and sighed in her heart, this is obviously not a peaceful and self-serving person, otherwise she must avoid suspicion as an unmarried girl. Yes, but this one will obviously serve as the heroine of Jingyuan Houfu.

I thought so in my heart, but my face was inconspicuous, and the glamorous eyes began to smile, politely smiling at Chen Nianshan, but not speaking.

"Miss Six, shall we go for a walk? There are always elders here, and it is not convenient to speak." Chen Nianshan saw Wei Yuewu only smiled and became more affectionate. She pulled Wei Yuewu's sleeves and motioned to her. Follow yourself.

She was so kindly invited, and Wei Yuewu couldn't refuse.

"Mrs. Tai, Mrs. Tu, Miss Wei and I, as I did at the first sight, how about going out now?" Chen Nianshan smiled at Mrs. Tai and Tu with a smile.

"Come on!" Mrs. Tai nodded with a smile. It is better for herself to get rid of a marriage. It must be related to Wei Yan's famous issues. Mrs. Tai is still a little selfish.

After seeing Mrs. Tai agreeing, Tu said no more.

Chen Nianshan then pulled Wei Yue Wu out of the living room, Jin Ling still followed her. No one noticed that, following a wife beside Mrs. Tai, she moved quietly out. Seeing that no one noticed her, she sneaked out.

She must dare to report to Miss Er ...

"Miss Six, would you like to sit in my yard? The scenery on my side is good and there is no outsider in the house. Now I am really happy to see Miss Six who is a fairy, regardless of Mrs. Tai today. Whatever the intention is, I think Miss Six is a good one. "

Chen Nianshan obviously speaks very well. She takes Wei Yuewu in while she speaks with sincerity, as if she and Wei Yuewu are really in love.

"Miss Chen is so kind. I saw Miss Chen and I really liked it, as if I had seen it before." Wei Yuewu smiled slightly, revealing the puppet of the girl who had just arrived at Beppu.

"You're welcome. When my cousin marries a cousin, I will leave the capital, and I will never return from then on. Before I left, it was not that I had come to Beijing for nothing." Chen Nianshan walked Rouyi, who was Wei Yuewu, warmly.

A girl ring behind Chen Nianshan stepped back two steps, hurried toward a side road, Wei Yue Wu slightly tilted her head, and a gleam of coldness flashed through her eyes. Chen Nianshan let people arrange it

The two walked forward while talking, turning around the door of the Moon Cave, and suddenly they bumped into a ring in front of them. It seemed that no one would come, and the things in their hands were leaning forward. Carried by Jin Ling, took a big step back, but did not take the second step!

I just heard "Ouch", and the girl ring that came across the other side, took the previous Chen Nianshan back a few steps, and the dishes on the plate she held in her hand were mostly dumped on Chen Nianshan, and a small half , It splashed on the dress of Wei Yue Wu who was holding her hand tightly.

The **** the opposite side saw that she bumped into two young ladies, and immediately fell on her knees with a "thump", panicking, "Please ask the two young girls to forgive me, slaves ... slaves are really

not intentional. They cried fast. Some food, slaves ... slaves went anxiously without seeing the two ladies. "

After uttering a gimmick, he looked panic-stricken.

"Forget it, you go down, be careful next time." Although Chen Nianshan's face was not very good, she was still mild, waved her hand, and signaled the ring to leave.

Seeing that the master did not hold him accountable, Yahuan left with gratitude.

"Miss Six, I'm so sorry, why don't you come to me and change a piece of clothes first?" Chen Nianshan said apologetically.

Seeing that the half of her skirt was covered with the broth on the top, it was greasy, but she still cared about herself first, even if Wei Yue Wu was angry, she could not send it out at this time. Chen Nianshan was more soiled than her.

This should be a bowl of broth. The rich meat flavor is floating out from two people now, but this bowl is about to be served to guests for dinner, but it is not very hot, not to mention those that have been splashed on your body, no Feeling hot, not even the half-greasy skirt on Chen Nianshan's body looked hot.

Slightly squinting his eyes, the long eyelashes twitched a little, and the eye waves flowed around, hiding the inadvertent coldness at the bottom of the eyes.

"I may not wear Miss Chen's clothes." Wei Yuewu looked at Chen Nianshan in a little embarrassment.

The shape of the two is really not worthy. Wei Yue Wu is just a little girl who has not yet grown up, but Chen Nianshan is already the most prosperous, like the same blooming flower, whether from the figure or height Above, the clothes of two people are definitely not suitable.

"Then ... Did Miss Liu bring her clothes?" Chen Nianshan was also embarrassed. Looking at Wei Yuewu's figure, she also felt that her method was not the best.

Today came from a divorce, not to a banquet, Wei Yue Wu could not bring other clothes at all.

However, the appearance of Wei Yue Wu now clearly cannot be seen.

"I didn't bring my clothes over." Wei Yuewu shook her head and pulled herself into the corners of her clothes that had been wet with oily splashes. She was quite at a loss.

"Miss Six, your house is not far from our side. Why not let you run around this girl ring now and get a piece of clothes right now?" Looking at Wei Yuewu's face was helpless, Chen Nianshan's smile became more kind and gentle, Totally disregarding oneself's oil-stained skirt, paying attention to Wei Yue Wu first.

Wei Yue Wu brought Jin Ling a girl ring next to her today. If Jin Ling leaves, Wei Yue Wu will be alone in Jingyuanhoufu, the marriage between Huayanghoufu and Jingyuanhoufu. Now It hasn't been dealt with yet, but one thing is certain, it is definitely not to make friends with Jingyuan Houfu. Wei Yuewu staying in Jingyuanhoufu alone is definitely not suitable.

Wei Yuewu's face became more and more embarrassed, and she looked at the corner of her clothes, she was hesitant, and said, "Miss Chen, I'm okay, you can change your clothes, anyway. I'm leaving soon. "

Her head hangs down slightly, and she looks overwhelmed, but sneers in her heart, waiting for Chen Nianshan's next step. The reason why she avoided, but did not completely avoid, just waited for the scene to continue. play.....

Chapter 34: Conspiracy, Alsatian being sent in overnight

"What can you do like this?" Seeing Wei Yuewu's resolute rejection, Chen Nianshan didn't insist anymore, just watching the stain on the corner of Wei Yuewu's clothes, there was no solution for a while.

Wei Yue Wu frowned slightly at her horns, and indeed, she couldn't see anyone.

"By the way, look at me stupid, Miss Six. I'll let you get a cloak for you. You don't see it when you put it on." Silently, Chen Nianshan smiled suddenly.

This seems to be the best way to solve the problem at the moment. Wei Yuewu nodded helplessly, stretched her hands and pulled her dress, and responded. She glanced silently across Jin Ling's face, and Jin Ling stood on the side of Chen Nianshan. At the latter position, she blinked at her attentively.

She was standing behind Weiyue Wu. At this time, she was close to Chen Nianshan because of the accident.

The two agreed to discuss that Chen Nianshan first went back to her yard to change clothes, and let Yahuan send a cloak to Weiyuewu. Weiyuewu now looks like it is inconvenient to walk around the house. Lead her to a nearby yard to rest, wait for a while to put on a cape, and then go to Chen Nianshan's yard.

After Chen Nianshan left, Wei Yuewu followed the girl ring assigned by Chen Nianshan, and walked slowly, looking for a place to rest, Jin Ling followed closely behind.

After taking two steps, Wei Yuewu pointed at a pavilion in front and asked, "The scenery over there is good. I'll go and see the scenery."

"Miss Six, our lady will let you take you to the yard in front of you to rest, there are few steps. Miss Six, let's follow the slave and come and see the scenery later?"

The girl leading the way looked at the pavilion and advised.

"It's okay, I can wait for your lady's cloak here." Wei Yuewu shook her head with a smile and walked towards the pavilion on the side.

The ring leading the girl was in a hurry and rushed over: "Miss Six, the wind is strong and there is no windshield. I did not expect that Miss Six would come to enjoy the scenery. If Miss Six really wants to enjoy the scenery here, the slavery now Let someone put a curtain on this perimeter, and Miss Six will wait in the yard first. "

This is very reasonable. The winter is different from the spring day. If you want to enjoy the scenery in the pavilion, it is best to put on a curtain and then give a stove to ensure that people are not frozen. There is nothing to worry about when you go.

It's just that the anxiety on the face of Yahuan is too real. A mocking smile is raised at the corner of her lips. This is just an ordinary Yahuan sent by Chen Nianshan, but she is so concerned about herself. It really makes people think it's incredible.

There was a flash of light in the water eyes, and Weiyuewu stopped at her persuasion: "Well, then go to the garden in front and wait."

Sure enough, seeing a relaxed expression on Yahuan's face, she turned back to the original road and speeded up her pace: "Miss Six, in front of you, you will go in for a while, and the slaves will let you decorate the only pavilion."

The yard was on the side, and another detour came to the door.

The gate of the courtyard was concealed, and no one could be seen. It was very quiet. Wei Yuewu nodded at the ring, and stepped forward. The ring looked at her heart with great joy, and there was a hint of pride in her eyes.

But with a pain in the back of her head, her body softened, revealing Jin Ling standing behind her, and it was she who knocked the ring with a fist.

"Miss, what do you do now?" Jin Ling clapped her hands and asked.

"Let's go in." Wei Yuewu nodded, reaching out to push the door.

Jin Ling's face changed and she was shocked to bite her: "Miss, don't go in. The wolf dog that was pulled into the house yesterday must be in it."

Yesterday, she and Shu Fei were two, but she saw a big wolf dog being pulled into the Jingyuan Houfu with her own eyes. If you buy a big wolf dog in Jingyuan Houfu, it does n't matter. Mo Huating likes this. It is a kind of wolf dog, but if it was critical yesterday, it would have to attract Jin Ling's attention.

In particular, she later went to investigate the seller of that wolf dog, knowing that Jingyuan Houfu specifically requested that a wolf dog who was hungry for several days.

Knowing that he had come to retreat today, he deliberately picked a big wolf dog that had been hungry for several days to enter the house. Whatever it seemed, this Jingyuan Hou didn't seem to be with good intentions.

The broth just sprinkled on Weiyuewu was too fragrant. I could smell it even from a distance. I didn't know what kind of meat it was and how it was so fragrant.

Combined with the wolf dog that was hungry for several days, Jin Ling would not let Wei Yue Wu be at risk.

Seeing Jin Ling so nervous, Wei Yuewu smiled and waved to her, signaled that she was fine.

Came calmly to the door, grabbed the corners of my dress that was dirty with oily splash with one hand, carefully lifted from the side, then pulled up to the doorknob, and wiped the oily surface on the doorknob, front and back. After that, she wiped it very carefully, and the corners of the skirt that were already tired were almost half-dried by her wiping.

The door handle, if any, exudes a faint, seductive flavour.

"Pull this girl ring aside." After being done well, Wei Yuewu pulled down her skirt carefully again, pointed to the stunned girl ring, said to Jin Ling, and walked around the doorway to continue Going forward, Jingyuan Houfu is not a small place, but now there are only two masters living in it, and there are many empty gardens.

Seeing Wei Yuewu rushing in without recklessness, Jin Ling breathed a sigh of relief, and she had a lot of strength. She lifted up the fainted girl ring, half-laid on her shoulders, and followed Wei Yuewu neatly.

Not far away, there is indeed an empty garden, and again, there is no one to push down the open door, and no one can see it. Wei Yuewu sneers, Mo Huating and Chen Nianshan. It's a good calculation. The two gardens are really close. If something happens in the garden in front of you, if anyone is here, you must come and help yourself.

Now that everyone has been sent away, even if something happens on her side, it has nothing to do with Jingyuan Houfu, and Chen Nianshan can also say that she let Yahuan bring herself to this yard. Who knows if she left Wrong garden, entered the place where the wolf dog was locked.

What really happened was completely self-righteous.

In the hall, Mo Huating diligently entertained Mrs. Tai and Mr. Tu, and apologized for his courtesy, saying that he had put Wei Yuewu in danger, which was really his fault. So a series of politely said, Mrs. Tai and Mrs. Tu Shi couldn't find an opportunity to say divorce.

Mrs. Tai was still worried about Wei Yan's affairs, and she couldn't go deeper for a while.

But Tu 's wife was n't too much, and she did n't have so much scruples. When she saw that Mo Huating was still talking, she became impatient, and when she turned cold, she opened her mouth, but saw a wife, hurriedly rushing in, and couldn't be satisfied. Sweating his head, he hurriedly said, "Houye, you're going over, something happened in Houyuan."

Mo Huating's face sank, and he hurriedly asked, "What happened? Who happened?"

"It's Miss Wei Liu ... Miss Wei Liu stumbled into the courtyard where the wolf dog was ..." The mother-in-law said breathlessly because she was running fast.

"What, how is Wuer now?" Upon hearing the news, Tu couldn't sit still anymore, and stood up anxiously.

Mrs. Tai's face went dark, looking at Mo Huating.

"Mrs. Tai, Mrs. Tu, don't worry, I'll go and see right away." Mo Huating frowned, pleaded guilty to Mrs. Tai and Tu, and turned to leave.

Mrs. Tai and Mrs. Tu, where they are still sitting here, hurriedly carried a large group of girls, the mother followed behind Mo Huating, and hurried to the back garden.

The mother-in-law who came to spread the news had already arranged it. When she saw Yahuan leading Weiyuewu in that direction, she hurried over to report it.

The wolf dog in it, who didn't know how long he had been hungry, smelled the smell of the special meat and should not go crazy! This scent smells scent, and the dog smells more scent. It also contains some of the dog's favorite feed. The dog's nose is much more sensitive than humans. Everyone can smell it. How can a dog smell it?

As long as the door is opened and the taste goes in, the unallocated wolf dog must not come up directly.

The owner of the family had no idea, and killed the lady Wei Liu. If she was late, she lost her life. No one can afford this responsibility!

The woman was panting and sweating, but it wasn't fully equipped.

Mo Huating arrived at the door, and found that the door was empty, there was no breath in it, and he could not help but panic.

Will not have been killed by the wolf dog!

He really did not care about defending Yue Wu's life this time, not only did not want her life, but also showed affectionate looks.

The messy clothes of Weiyuewu chased by the wolf dog is sure, that is, the wolf dog bite a few bites, scratched his face, or broke his arm, etc. As long as he still had a breath, he would not care, He will still marry Wei Yuewu into the door as before, so that she becomes Mrs. Jing Yuanhou, so that his "misunderstanding" when receiving Wei Yue Wu will be erased.

No one else will doubt whether he is related to Wei Yuewu and being robbed.

As for how long Weiyuewu can live next, he has thousands of ways to get Weiyuewu's life. The two have not retired, and the relationship between the two governments cannot worsen. Be accountable.

As for Wei Yan, at least let her wait a little more for a year or two.

Mo Huating was thinking of this idea, but there would be no sound in it, but I was a little panic. I hurried forward, pulled the handle, opened the door, and quiet. There was no quiet sound in the yard. Feelings of hair in my heart.

No matter what, Wei Yue Wu entered the courtyard, there would be some movement, how could there be no movement at all? Putting your hand on the door handle, there was nothing unusual, immediately and decisively pushed open the door and walked to the side door, and the wolf dog was symbolically tied there.

Chapter 35: Something went wrong, Miss Table and Miss Wei Er fought ...

In the big tree beside the side door, a big wolf dog is lying lazily on the ground, leaning his head on his forelegs weakly, his tongue spit out, and the halo above it seems to be hungry and weak.

Suddenly, if there was a scent of fragrance in the air, the wolf dog was hungry not for a day or two. When he smelled the smell, the entire hair immediately stood up, and he stood up sharply from the ground, shaking. Mao, looking at the doorway on the side.

The scent was getting closer and closer, the wolfdog couldn't bear it anymore, and slammed forward, driving the long chain behind him, making a rattling, rattling sound. It had been hungry for several days, even if it was in the air. A little scent can still be captured, at this time jumping out with joy.

In front of the figure at the door, the excitement flew up and opened the mouth of the blood basin ...

Mo Huating didn't expect that he turned to the side door. The wolf dog rushed at him. Fortunately, he was a martial artist. He hurried back with two steps, reached out to stop, and as his hand came, the scent The irritating wolf dog is going crazy, if you see that hand is coming up on it, or it will pause for a while.

At this time, the savage wolf dog, who was stimulated by delicious food, couldn't take care of it anymore. When he came up, he bit the Mo Huating, only to hear Mo Huating scream, and a piece of meat on his wrist was bitten down.

A large group of people who came in saw the scene in front of them, and their legs were softened.

Some of the little sisters who followed Mo Huating responded very fast. They came up to help Mo Huating who fell to the ground. Someone hurried to pull the chain. Several people worked hard together and desperately restrained the dog. Suppressed.

Mo Huating was lifted up, his painful face was pale, a piece of flesh on his wrist was bitten off, deep bones were visible, and blood rushed up all at once. He was a capable man, and his teeth were boiled down. The cloth strips that came over were wrapped randomly, anxiously looking.

"Hurry up, find Miss Six, don't ... don't let her go wrong."

"Yes." A few strong little sisters nodded and spread out, looking around for the Yueyue Dance.

Mrs. Tai looked at the scene in front of her, and frowned tightly, and Tu came in anxiously. She couldn't help being afraid of the wolf dog, so that the girl ring that followed him and the wife helped find it together.

Look at the ferociousness of this wolf dog. If Wei Yue Wu rushes in, she will be more ferocious.

But I searched the garden and found Wei Yue Wu. Mo Huating was not very intuitive. I thought of the night when Wei Yue Wu escaped. It was almost foolproof that night, but I finally found that she died in the carriage. , Is just a girl ring of Weiyuewu, and Weiyuewu was able to escape from the dead, so what about this time?

Wouldn't you let Wei Yuewu run away again?

Based on the last time, Wei Yue Wu could still survive under such circumstances. Mo Huating inexplicably tabooed Wei Yue Wu, and the pain on the wrist seemed to be getting more and more

intense. The pale handsome face began to take risks. Cold sweats are mostly painful, and the other half are worried that things will change.

"Master Hou, where are we dancing? Where the **** did you take her? If something really happened in Jingyuan Houfu, Jingyuan Hou, we will never let you go." Tu's face Condensed, she did not forget when she came, her mother-in-law repeatedly told herself that Jingyuanhou was not a good wife of Wuer. A husband-in-law who would come to kill his fiancée, no matter how talented he is, is not desirable.

"Jing Yuanhou, what the **** is going on?" Mrs. Tai said with a calm face.

If Wei Yuewu really had an accident at Jingyuan Houfu House and brought it by herself, the meaning in it is enough for Mrs. Tai to stand by Wei Yuewu without hesitation.

"What about people?" Mo Huating looked back at the reporter's wife, glaring, and asked sharply.

"Slave was watching Miss Wei Liu coming here. It must be coming here, but ... but where is Miss Wei Liu now? Slavs really don't know!" The reporter's wife couldn't think of it, There was such a big omission in the matter, and in a hurry, he threw himself with a thump.

"You watched our dancers come here, and you know that there are wolf dogs here, but they didn't come up to stop us from coming in. Instead, they ran so far to inform Jingyuanhou. What does this mean? Jingyuanhou, you What does Houfu mean? "Tu's lip was whitish and full of anger.

"Jingyuan Hou, today we dance girls, if something happens to you, our Huayang Houfu will definitely be at odds with you." Mo Huating would actually do these things when he came to retire, his wife's heart Furious, his eyes glanced over Mo Huating.

To such an extent, it is almost certain that Mo Huating has an unshirkable responsibility when Wei Yue Wu comes here.

Mo Huating's forehead jumped up and yelled, "Come here, take this lady who doesn't know how to deal with the situation and take the heavy responsibility."

I don't know what to do, I just put the responsibility on the mother-in-law, saying that the woman's mind is not flexible.

"Houye, slaver ..." The mother-in-law panicked, and she couldn't bear the responsibility. She was anxious to argue. She was brought up by a few strong young sisters. One gagged and one pulled her collar. Pull.

Of course, these little crickets are not ordinary crickets. They were originally to cope with today's chaotic scenes. In front of Mrs. Tai and Tu Shi, they were used to rescue Yuewu.

"Jing Yuanhou, how about we dance?" Where did Tu let Mo Huating leave, he said sharply.

"Jing Yuanhou, what about the dancing girl?" Mrs. Tai's crutches in the hands of the woman knocked **** the ground, her expression became more and more cold.

Mo Huating's eyes were black and almost fainted because of the two of them pushing so hard together with his wrist. Fortunately, he was supported by a small cricket on the side, which did not make him ugly on the spot.

When it was in chaos, suddenly a girl ran outside the courtyard, came in and saw Mo Huating, who was standing in the crowd, with a pale complexion, and screamed anxiously: "Houye, Houye, it's bad, watch Ms. Wei and Ms. Wei got into a fight. Ms. Wei Liu is persuading. Please go and see! "

Mo Huating barely understood the few words in front of Yahuan, only to see Yahuan's mouth opened and closed. The last few words were clear enough, Wei Yuewu found it, but she was fine.

At this time, I do n't know if it 's fortunate or depressed, but obviously it 's not the time to bring this emotion, settled down, wiped the cold sweat from his hands, Mo Huating said to the girl: "Go, lead the way in front of your head. "

He didn't know how Weiyuewu went to Chen Nianshan's yard. He didn't tell his cousin and asked her to trick Weiyuewu here. Didn't the cousin fail to get rid of Weiyuewu, but brought her to herself To the yard?

Not only Weiyue Wu, but also Wei Yan, how did she come in at this time, and she was still in the cousin's yard, the main thing was that the two of them were still fighting!

In the past, when Wei Yan secretly entered his house, some people in the house knew it and would not say anything, but the relationship between Wei Yan and Chen Nianshan has always been very good, how could it suddenly have a fight today.

The original party, Wei Yuewu, persuaded there.

Mess, really mess!

So a group of people, Hu Lala hurried over to Chen Nianshan's yard, and Mo Huating couldn't care about bandaging the wound at this time, so he hurriedly took some spare medicine and hurried over.

Of course, those medicines were originally designed to be used for Wei Yue Wu when the situation of Wei Yue Wu was not good. At this time, Mo Hua Ting was used first.

The reason why Wei Yan followed at this juncture was, of course, to come to the believer to ask for sin.

The woman who followed Jin Ling to the back door said that she saw a girl ring, and this girl ring was sent by the lady from Jingyuanhoufu, to warn Miss Liu that she was unworthy For Jingyuanhou's fiancée, of course, Wei Yan was also mentioned.

"Miss Er, the cheap girl said what they said about the cousin, saying that you did not abide by the boudoir training, behaved sloppily, and lost the respect of the family, and said that the grandfather Jingyuan could only marry you as a concubine. There is no match for the match, which is not true. In this way, the women whom they sent to their homes have seen more of Hou Ye, saying that they want to marry only their cousin. "

When the mother-in-law reported the incident, the voice was a little bit choked, but she couldn't help but say that she would not lie on the ground after moving.

Wei Yanqi shivered, and smashed the tea cup in the ground on the spot, and picked up a few delicate porcelain on the flower stand to smash it, and kept on. At that time, I wanted to rush to Jingyuanhoufu to Chen Nianshan. condemn.

The mother-in-law around her hugged her one by one, for fear that she might cause anything more, and it was still their slaves who would be punished.

Later, her grandma advised her and told her that Mrs. Tai will go to Jingyuanhoufu tomorrow. When Mrs. Tai leaves and leaves, she will not be found by Mrs. Tai. The mother-in-law came to report a letter and entered through the back door.

Can't make it annoying Mrs. Tai today.

Wei Yan thought about her current situation, and rarely heard it.

Therefore, Wei Yan stayed for a night. Today, after Mrs. Tai left Wei Yuewu, she also secretly left Huayang Houfu and waited at the back door of Jingyuan Houfu.

The wife next to Mrs. Tai came to write a letter saying that Mrs. Tai had already reached the front hall, and Wei Yan got off the carriage and entered the back door of Hou Chu, Jingyuan.

The mother-in-law at the back door knew Wei Yan, and thought that she had come to her own Houye as before. Houye also said that when Miss Wei Er came, she was asked to come in, and of course she let it go.

Wei Yan also knew that she couldn't go to the hall. Mrs. Tai, Tu Shi and Wei Yue Wu were in the hall. At this time, she ran into it, but she wasn't looking for death, so she went directly to Chen Nianshan. When she was in the courtyard of Chen Nianshan, it happened that Chen Nianshan just come back.

So they met ...

Chapter 36: Plot, fire in backyard

After Chen Nianshan deceived Wei Yue Wu into the yard with a wolf dog, she went back to her yard to take a bath and change clothes.

Nothing happened to her before.

She didn't expect Wei Yan to come at this time, but still greeted her from the room before changing the clothes. She threw it aside, because she was eager to greet her, and did not notice the sleeves of her previous clothes, which suddenly slipped. A note was placed, and the ring in the room, although someone saw it, didn't care, and put it next to her clothes.

When Wei Yan entered the door, she first saw the clothes that Chen Nianshan threw to one side, and then saw the slip of paper next to the clothes, her eyebrows were sharp, she took two steps, grabbed the slip of paper in her hand, and unfolded it.

It was actually a letter of affection sent by Chen Nianshan to Mo Huating, and it was instantly mad!

Originally Wei Yan still had some doubts, but when she saw this note with the words Brother Ting and Shanmei, there was still a little bit of doubt. According to Chen Nianshan's face, it was a fierce slap, cursing: "Bitch, no wonder he has never been married. It turned out that Xiao was thinking about Jingyuan Hou, and he didn't look at his own face. Is it worthy of such a mean look?"

Chen Nianshan broke into Jingyuan Houfu House, and has always been spoiled. He has never suffered such grievances. He was beaten all of a sudden, and touched his red and swollen face. He was also annoyed when he saw the appearance of Wei Yan's teeth and claws. !!

He pulled Wei Yan's hair backhand and pulled it hard, crying angrily: "Miss Wei, where did I offend you again? You sneaked into the house and came to see my cousin, you would n't check the behavior. And said that others are shameless. "

Chen Nianshan is very deliberate on weekdays, but it would be inexplicably slapped by Wei Yan so much that she couldn't help but rush out.

"The **** of the next work, you don't look at who you are. You actually seduce Jingyuan Hou. It's really that the horse doesn't have a long face and doesn't look in the mirror." Wei Yan was ashamed and yelled.

"I'm not high-ranking, but I also know how to be clean and self-love. Ms. Er's status is high, but she is doing a private party man. The runner is a concubine. The status of Ms. Er's high status was originally intended to be a concubine. Ah! "Mo Huating was not here, and Chen Nianshan didn't want to act.

You two, one sentence, and one sentence, afterwards, they directly scuffled, the two rings on each side, each protecting their own master, and then pulling the frame, messing up, and Weiyewu came at this time.

She had previously asked a rough-haired cleaning lady, and went to the back door deliberately. When she saw Wei Yan entered the back door, she hung back behind her, followed by Wei Yan to Chen Nianshan's yard, but Didn't come in right away.

This will make you cry and make noise, knowing that the heat is almost there, and walked in slowly with Jin Ling, and happened to rush out of a ring, Jin Ling flashed, and pulled the clothes of that ring Sleeve: "What's up?"

Jingyuan Houfu's Yahuan didn't know Jin Ling, but when she looked at Wei Yuewu's dress, she knew that she was a young lady. She said, "Miss Wei Er and our lady are fighting."

Wei Yan did not come to Jingyuan Houfu privately.

"Then you go and report to Jingyuan Hou, and say that our second lady and your table lady are fighting. Our sixth lady is helping to persuade him to let him take a look. It is really troublesome if you are late!" Vice is going to look like something big.

This girl ring in Jingyuan Houfu originally wanted to go out and find a few more girl rings. The woman came over and separated Wei Yan and Chen Nianshan. This will listen to Jin Lingyi and immediately feel reasonable and hurried to Weiyue dance. After a ceremony, he hurried to the outer courtyard and asked Mo Huating for help.

"Miss, let's go in?" Jin Ling looked inside.

"Go in!" Wei Yuewu smiled and walked inside, Jin Ling followed closely behind.

The two groups of people in the house were pulled together, the most of them were Wei Yan and Chen Nianshan. At this time, there were still a few dignified and delicate looks on weekdays, one by one as fierce as a vixen, and one "little bitch", "cheesy girl" ", "Xia Xia ", " ... "What you can't say and dare not say in weekdays, this will be what you want to say.

The ringlets around them originally came to persuade them, but persuaded them and took a few hits. Everyone had anger. This would be the lady and the lady pulling, and the ringlets would fight with the ringlets. No one paid attention. To Wei Yuewu and Jin Ling also entered the room.

Wei Yuewu sat down in front of the desk case, Jin Ling took the cup upside down on the tea tray in the desk case, poured a glass of water for Wei Yuewu, Wei Yuewu took it, took a sip leisurely, eyes It fell coldly on Wei Yan and Chen Nianshan. Who was Mo Huating trying to marry? She couldn't control it, but her blood feud could not be reported ...

There is no sympathy for both Wei Yan and Chen Nianshan. The previous time Mo Huating conspired with Wei Yan, this time Mo Huating conspired with Chen Nianshan. In this case, they must bear the consequences!

Regardless of the reason Mo Huating didn't want to remarry, since she came today, the marriage must be retired, is there no evidence? She can produce some evidence that men and women have a marriage contract. Generally speaking, a divorce is really detrimental to the woman's reputation, but what if it is the man who loses his virtue?

Such a reason is enough for Mo Huating to say half a no to his divorce.

Counting time, Yahuan already ran to the outer courtyard at this time, but Wei Yuewu believes that Mo Huating must not be in the hospital at this time. The wolf dog that has been hungry for a few days should treat Mo Huating well ...

"Wei Yan, you can see clearly. My cousin likes me, and I want to marry me. I have an appointment with me for a long time, and I will come to marry me someday. You are so noisy now, what's the use?" Chen Nianshan was grabbed by Wei Yan again, biting her teeth in a hate, and screamed. At this time, she couldn't help pretending to be weak, like a vixen, holding Wei Yan's strand of hair in one hand, struggling hard. pull.

"You slut, what do you say when Mo Huating becomes a pro and then marries, did you already put on your fiancée's green hat? Two men and widows stayed together, waiting for me to enter the house later, the first one Something, just drive you away, you bitch, you let go. "Wei Yan was aching and yelled aloud.

Wei Yue Wu watched them quarreling while watching outside, and heard the rapid footsteps outside, as soon as Mo Huating came, a sneer twitched at the corner of her lips, a flash of sharp light flashed on her face, and she stood up stingily. The cup smashed to the ground fiercely.

The cup smashed to the ground, making a crisp and broken sound, accompanied by the angry voice of Jin Ling: "Our lady let you all stop, our lady is the fiancée of Jing Yuanhou, but both of you and Jing Yuanhou With a private relationship, this places our lady. "In a word, the people outside and inside stopped involuntarily ...

"Miss Er, our lady is your cousin, but between you and Jingyuanhou ... Miss Table, you have been living in Jingyuanhou, our lady has long guessed that you have no relationship with Jingyuanhou Generally, but even if the two of you are really affectionate, you don't have to be except our lady! "Said Jin Ling angrily.

No matter who heard this, it was very harsh, but the meaning inside it made anyone who heard it speechless. Mo Huating stood outside, and his brain was completely blank for a while, and he couldn't think of a response. Method.

"Second sister, Miss Chen Biao, you can do whatever you like, it doesn't matter to me. Anyway, I'm here to get rid of Jingyuanhou today. As for whoever you will be with Jingyuanhou in the future, it's nothing to do with me. I I don't want you to be dragged into this mixed water, and my father Huayang Hou will not let you do it. "

Wei Yuewu's cold voice, with a bit of anger, followed Jin Ling's voice. Anyone could hear the anger in her speech, and a trace of trembling anger. Think about whoever encountered this. Everything will be mad.

Outside the house, when Mrs. Wei Yue was mentioned about Hua Yanghou, Mrs. Tai had a hesitation on her face!

"Why are you here?" Wei Yan also saw Wei Yue Wu at this time. She immediately raised her head and said in a bad way.

"I also want to ask why the second sister is here? Didn't your grandmother let you take a good rest in the yard?" Wei Yuewu's face turned cold, her eyes scorned on Wei Yan's face.

"You ... you bitch, you're in charge of my business!" Wei Yanwu's contemptuous look swept away, Wei Yan immediately became furious and cursed, she quarreled with Chen Nianshan, and then scolded someone Come without any burden.

"She can't control you, can't I also control you!" Suddenly an old voice came from the door, Wei Yan looked up, and she could see clearly the gloomy face of Mrs. Tai, and the whole person was tense immediately: "Grandma ... Grandma ... You ... how are you here?"

"You can come, why can't I come!" Mrs. Tai's crutches on the ground slammed twice, and walked coldly, behind her, Tu Shi and Mo Huating came in,

The face of Wei Yan and Chen Nianshan became pale immediately ...

This time, it was not in the outside hall, directly in Chen Nianshan's room. Mrs. Tai sat high in the first place, her face was ugly, and she looked at her sitting coldly. The tear was not like Chen Nianshan and Wei, who were all ladies. Yan, the two have been taken care of now.

But the messy clothes, the accidental scratches on his face, and the broken strands of hair all indicate that the two had fought fiercely.

Wei Yue Wu was sitting next to Tu's, her cold eyes fell on Mo Huating's face, and the corner of her lips under the veil showed a hint of taunt.

To this day, this marriage is not Mo Huating's sophistry that can't be ignored!

"Jing Yuanhou, I don't care who you want to marry or who you have a private relationship with, but this is the marriage between Wuer and the two, let it be." Tu is not like Mrs. Tai, but also takes care of Wei Yan His face, a "slap", hit the table, and cold light shot in his eyes, not reprimanding Mo Huating's face.

Chapter 37: Fierce move, refuted in court

Anyone who sees the mess in front of them will be angry.

Wei Yue Wu, the genuine fiancée, said nothing, and the two were nothing, but they were sour and jealous that they fought and contended to be Mrs.

Standing at this angle, even if Tu said too much, Mo Huating could not say anything.

Mrs. Tai calmly took out a red wedding book from her arms. This was signed when the two mothers were engaged. In this case, there is no need to say any more reason. If Mo Huating does not agree with the two women, If you have a personal relationship, it is impossible to cause such a thing.

And still in front of Weiyuewu.

Even because it was related to Wei Yan, Mrs. Tai had a decision in her heart.

"Jing Yuanhou, whether you want to marry a second sister or your cousin, these have nothing to do with me. Please ask Jing Yuanhou to take out the marriage book left by my mother, and let it go!" Wei Yue Wu's eyes looked at Mo Huating coldly, and there was a slight disdain in the watery beauty.

Looking at such a pair of clear beautiful eyes, Mo Huating was inexplicably embarrassed. Until now, it seems that he can't help but say that he is unwilling, but in fact, he just does not want to.

Gritting their teeth, their eyes turned to the embarrassing Wei Yan and Chen Nianshan, with anger on their faces. The two women, usually in front of themselves, showed a dignified and forgiving look of everyone, unexpectedly, they would get into trouble. Push yourself to such a point.

His marriage was not just an ordinary marriage. He was not reconciled, his eyes flashed with suffocation, and his heart made a decision, ignoring the two women on both sides holding the papa, watching him tenderly with tears. , A look let him decide for them.

"Miss Six, Miss Er and my cousin, I really do n't know, I do n't know why the two of them have delusions. In this life, I just want to marry Miss Six as a wife. This family relationship is the mother of the family and Miss Six. The order is that the deceased is big. Please ask Miss Liu also to look at the kindness of the mother, and Mo lives up to Mrs. Huayanghou's heart. "

As soon as Mo Huating's words were spoken, everyone was completely stunned.

This is to say that Wei Yan and Chen Nianshan's actions have nothing to do with him, and he is still determined not to remarry, completely disregarding the reputation of the two women and paying no attention to them.

Chen Nianshan reacted first, and tears immediately burst into tears, crying at Mo Huatingjiao's voice, leaning softly on the side of the ring, looking pitiful and fragile, his eyes were full of expectations: "Cousin , Cousin ... you ... how can you do this to me ... "

At this step, if she can't enter Jingyuan Houfu's current situation, she can only confess her death.

This kind of Chen Nianshan is undoubtedly the most distressing. Chen Nianshan also knows clearly that on weekdays, taking this to deal with Mo Huating is a hundred tests and a hundred spirits. Men naturally care for the weak, especially men like Mo Huating!

"You ... didn't you say you were going to marry me? You ... how can you ..." Wei Yan also choked, holding the table on one side and trying to stand up, only to find that she had two braces and her hands and feet were soft. Underneath, could not hold up, can only cover the face with a papa, tears slipped down the beautiful face.

Similarly, Wei Yan is also very confident about her own expression. Mo Huating has the most pity for himself on weekdays, how could he be willing to make himself so sad.

Unfortunately, at this moment, both of them had expected Mo Huating's reaction wrong! Mo Huating seemed to be unable to see the performance of the two of them. He stood up with his eyes and noses and noses, and gave a deep gift to Wei Yan and Chen Nianshan: "If I have anything before, I apologize for your misunderstanding. But my fiancée has always been one. Of course, the person I want to marry is of course Miss Wei Liu, others, I have no idea at all. "

"Cousin ... Didn't you show that ..." Chen Nianshan was really anxious. She is not Wei Yan and has no background. There are many people who have seen this matter today. If she leaves Jingyuan Houfu in this case, why not Is there any way to live.

"Cousin, you are not too young. The family relationship you ordered was rushed a few days ago. During this time, you first organized your dowry. When you entered Jingyuanhoufu, the mother just put You see it as a daughter. This dowry is still made by Jingyuan Houfu. It is also my mother and me. "

Mo Huating interrupted her words decisively, and the words fell in Chen Nianshan's ears. When she was severely hit, her face became pale as if she were dead. The whole person trembled and almost fainted. She was also faint anyway. I don't believe that my cousin, who had been affectionate to her, would say such a thing.

"Miss Er, I respect you as Miss Six's elder sister. In daily life, you may be between words and deeds. In order to inquire about Miss Six, she was so close that she misunderstood her. If so, I hope Ms. Liu will forgive me Nothing, Mo Huating said here that Miss Fei Weili would not marry in this life. "

Mo Huating looked at Wei Yan's righteous way.

Looking at Mo Huating's affectionate look, as if he was the most infatuated in the world, Wei Yue Wu remembered that cold snowy night, Qin Ruo, who was dead in a carriage, and pierced his heart with a sword. On the wall of the carriage, how to be ruthless and determined, but now he looks like this ...

A cold and ridiculous smile appeared in the water eyes, and he interrupted Mo Huating's play without mercy. He touched the red wedding book on the table. The red wedding book fell into her hands. She stood up and said absolutely: "Since Jingyuan Hou was unwilling to remarry, we will learn from the folk practices today and refute in the public court."

As soon as the voice fell, the room was completely quiet. It was normal except Tu, and even Mrs. Tai narrowed her eyes nervously. If this kind of thing happened in the public court, Wei Yan wouldn't have to live, but Mrs. Tai Jinyi Yu The granddaughter of Shi Yang, of course, the feeling inside is not Wei Yue Wu, this granddaughter who appeared halfway can be compared.

Wei Yan and Chen Nianshan stopped looking at Mo Huating and stared at Wei Wu.

Mo Huating's words caught in his throat, his eyes widened and he couldn't believe looking at Wei Yuewu. He didn't believe that a woman who looked delicate would be so decisive and decisive.

"Mrs. Tai, since your second lady is fancy with Jing Yuanhou, it's okay to go to the public hall. You can't let our dancers lose out. Like Jing Yuanhou, it's really worthy of us to dance. No." Tu said politely on the side and even mocked Wei Yan and Mo Huating.

"Jing Yuanhou, let's go, we will go to the public hall now, right and wrong believe that there will be a result in the end." Wei Yuewu looked at Mo Huating coldly, his eyes were forbearing, without any hesitation.

"Miss Six, Miss Two is your real sister? Are you trying to force her to die?" Mo Huating's face became iron-faced, staring angrily at Wei Yue Wu. If this is really annoying, treat him. The official career and the next plan are no good.

"I don't want to inexplicably die again one day. Last time I was so good, but next time, it's not necessarily." Wei Yuewu looked up at Mo Huating's face calmly, said unhurriedly.

The black and white eyes were trembling, so sharp that it is impossible to appear on a girl in a boudoir, especially the one in front of her is just a young girl who has not grown up, but it is inexplicable. Mo Huating gave birth to a cold heart.

"Jing Yuanhou, let's get married. This kind of thing is a big deal, and it's not good for our two houses." Shame.

"Grandma ..." Suddenly, Wei Yan didn't dare to make trouble again. Sitting on the side, rubbing Pa Zi, with a look of grievance, only when Wei Yuewu was scanned from the corner of her eyes, she was vicious. Light, extreme hatred.

In Wei Yan's view, the reason why she now falls into this dilemma is because of Wei Yue's dance. Sure enough, she is not a sister raised by her own family, just like a white-eyed wolf.

But she never thought that when she and Mo Huating wanted to kill Wei Yuewu, did she use Wei Yuewu as her sister? Ever thought of leaving a way for her?

To such a point, Wei Yuewu made it clear that everything was going to be remarried, with the support of Tu, even if Mrs. Tai wanted to suppress it, no matter what, Wei Yuewu was Huayanghou's niece. This status is enough to make Mrs. Tai pay attention and secretly taboo.

If something is announced, it will be a big wave, or even the entire Huayang Houfu will be implicated. Madam Tai is not aware of the temper of her eldest son. If this is really on top, then Wei Yan will not be in charge of him. My niece, the past of 20 years ago, until now, it reminds me of my heart.

"Things get to this point, I believe Jingyuan Hou is also very clear. If Yan girl really lost her life because of this, although some things happened a bit far away, but it is not impossible to obtain evidence. At that time, Jingyuan Houfu could not get rid of the relationship, so please ask Jingyuan Hou to think twice.

"Madam Tai narrowed her eyes coldly, and said calmly to Mo Huating.

The meaning in the words is a threat.

If you really make things happen in the public hall, Wei Yan has no way to live, and Mo Huating shouldn't try to please anything. The matter of killing Wei Yuewu is to kill the daughter of the court prince, and the father of Wei Yuewu is guarded. In front of Bianguan Town, there may be hostile people who come and rob his family members. If you think about it, things will go to great trouble.

This kind of thing, even if Mo Huating's hands and eyes are connected to the sky, if he does not leak any more, he will not be able to retreat.

Either the two lose, or everyone will settle it peacefully!

Mrs. Tai gave Mo Huating two ways! And I believe that Mo Hua will make the right decision!

Sure enough, Mo Huating listened to Mrs. Tai's face, and her face was cloudy and uncertain. She looked up and stood there quietly, as if she was outside the moon dance. She stomped and hated, "Okay, okay, okay, I retired, but this family relationship was originally ordered by two mothers. My father and Huayang Hou were also here. Now my parents died and Huayang Hou is no longer there, but Huayang Hou is still there. It is more appropriate for Huayang Hou to retire in this marriage. "

Because of what happened today, he can no longer bite and not remarry. This situation will happen now. Even if he disregards Wei Yan and Chen Nianshan, it will be very bad for him. Huayang Hou Jinjing resigned from his post for more than a month. In the past month or so, I can actually do a lot ...

Chapter 38: Box from grandma

"Okay, just ask Jing Yuanhou to refrain from mentioning marriage again in the future. This marriage is actually a dead name, so I will wait for my father to come back in exchange for the marriage book." Wei Yuewu glanced at Wei Yan and Chen Nianshan, and paid everyone's attention. Power, all attracted to both of them.

"Okay!" Seeing everyone's eyes falling on Wei Yan's body, people could not help thinking of the talents, Mo Huating only felt chest pain for a while.

Now that Mo Hua agreed, Wei Yue Wu and Tu Shi got up and went out. Mrs. Tai followed with Wei Yan who was reluctant to leave, and the group went out of Jingyuan Hou Mansion.

Waiting for the people of Huayanghou to leave, Mo Huating couldn't hold it anymore, and a blood spurted out, scaring Chen Nianshan to scream, and then he couldn't care about Jiao Di's disappointment and crying, and hurried over to help Mo Huating: "Cousin, What happened to you, are you okay, don't scare me! "

"I'm fine!" Mo Huating shook his head.

He was injured before, but he was very embarrassed. His own calculations were unsuccessful. Instead, he was in such a situation now. How can he not be bothered, and he vomited blood from his mouth

under the attack of qi and blood? When he came out, he was awake a lot, and shook his head with a dark look, and stood up.

"You clean up here before I say, you are my cousin. I grew up here since I was a kid, and of course I live in Jingyuan Houfu." Mo Huating said to Chen Nianshan with a grimace.

Now that the matter is so troubled, sending people away will make you feel guilty, and Chen Nianshan will preside over the affairs in his house for the time being. Even if you have to send people away, this is not the time!

"Really, cousin, don't you drive me away?" Seeing that Mo Huating didn't blame himself, Chen Nianshan was shocked and happy, pinching the papa, his face full of emotion, looking pitiful and touching.

"It's okay, you live." Mo Huating softened his voice to appease, but there was a gloom in his eyes where Chen Nianshan didn't see it.

After appeasing Chen Nianshan, Mo Huating went to his study.

In this case, he can't lose Wei Yan's heart any more. With Wei Yan's help, it's more convenient for him to deal with Wei Yue Wu, and there is Wei Yan in it. Madam Huayang Hou Tai also had to worry about her.

In any case, he strives to get everything done before Huayang Hou enters Beijing ...

This marriage, he will not retreat, so Wei Yue Wu must die, if not, he must marry into his own Jingyuan Houfu, as for entering his own Jingyuan Houfu, it is life or death, not his own words. As a matter of fact, a weak woman in a boudoir has the courage to dare to fight herself ...

As for Wei Yan, he believed that it was not a difficult problem to coax her back, just to see Chen Nianshan's performance.

After the large book case in the study room, Mo Huating sat there with the window half closed, the sun shining through the window, only half of his face, which made the other half of his face cold and unpredictable, as before in front of everyone. , The look of that wolverine is completely different ...

Tu left the same night and was approaching the close of the year. It was not easy for her daughter-in-law to walk away for such a long time, but it was not easy to live again. As for her maiden house, she was originally an orphan. I was so displeased that I didn't move around for so many years, it was broken.

At this time naturally will not come home.

After Tu 's departure, Wei Yuewu was free to take out the box that his grandmother gave to her at that time, and the key was hung on the side. It looked very ordinary, but if there was no grandmother to send it The letter explained that even if there is a key, it cannot be opened.

First make two turns on the left, then three turns on the right, and then press down hard.

I heard only a squeaking sound from the Karma, and the box opened. To Yue Weiwu's surprise, the inside was empty. Only the thin paper remained on the bottom.

Open, the words of Juanxiu above, one is the name of the government, the other is the name of the person, and it is still impossible to draw the two lines together.

"Pei An Palace"

"Prince Tianyao"

The last signed position is Qin's heart.

Qin Xinrui was the name of his own mother. It was said that it was difficult to give birth when he was born. Although it was difficult to survive, he hurt his body and died within a few years. When he was five years old, he was killed. The foster family has been in the grandparents' home for many years, and only now has it been in Beijing.

Wei Yue Wu seems to have heard of this Bei'an palace, but it seems that he hasn't heard of it. It seems that there is no such so-called Bei'an palace in the royal bloodlines, but Nan'an palace is there. Wei Yan's dear sister, Li's eldest daughter, has such a big daughter's confidence, and it is no wonder that Li's is in charge of the housework of Huayang Houfu House, and firmly presses on Zhang's head.

King Nan'an is now the brother of Emperor Tai'an, who is also a famous figure in the chapel. Even though Wei Yue Wu is in the folk, he has heard his reputation, but she has never heard of this Bei'an palace. Is there such a palace? Is it also the emperor's brother?

But since you are a brother, why is it unknown?

Looking at this slightly yellowed note, Wei Yuewu can be sure that this paper should have been left by his mother more than a decade ago. At that time, was the Bei'an Palace destroyed for some reason?

Looking down, the long eyelashes flashed twice, and the words "Prince Tianyao" fell down. The crown prince Wen Taiyao, the well-honoured eldest son, was born by Queen Tu, who had set the princehood early. No one doubted the future. This throne must fall on him, but what does this have to do with his mother?

This paper should be written by the mother after she married her father, but what does this matter about His Royal Highness, have anything to do with a woman like a mother in a deep house?

My fingers unconsciously touched the imprint on it, and it felt a little creased. It was slightly different from the surrounding paper. When I looked closely, I found that there were a few yellow imprints, which were lighter, and looked like there were a few water The beads fell and wet the paper.

Such an important note and such a secret are bound to be something that is particularly important. Will such things be tainted with water marks?

Wei Yuewu's face grew heavy, if it wasn't for water, it was tears.

Why, when she wrote such two people or residences that had nothing to do with her, she cried?

What is the relationship between His Royal Highness and His Mother? So many years ago, His Royal Highness should not have been born shortly, or was he still a child? How does it have something to do with the lady who has been in the deep for a long time? Moreover, it made the mother feel so big, and she cried silently as she wrote. It was just such a few words that she was hurt and couldn't help herself, and she had wet the letter paper.

It seems that this Bei'an palace and His Royal Highness must pay more attention to himself. Wei Yue Wu doesn't feel that her grandmother is so serious. It is really just by the way for Grandma to send this box to her.

But for a moment, everything was so complicated that I couldn't find a foothold. It seemed that my vision was blocked by the mist. When my mother was at her grandmother's house, no one had talked about it, and I was afraid of messing with my grandmother. Sad, no questioning, but now that I'm in Huayang Houfu, I can inquire about it.

"Miss, Mrs. Tai asked the sewing room to come and make clothes for you, and said that it would be the birth of Wang Wang in a few days, and I would like to bring some ladies there." Jin Ling came in with a cup of tea and reported with a smile.

Bei'an Wangfu, isn't that the big lady of Huayang Houfu, the sister of Wei Yan married to the Bei'an Wangfu? The corners of the lips are silently raised, but it's a coincidence!

The box was locked again, after receiving the key, let Jin Ling put the box away, Wei Yue Wu turned and walked out of the inner room.

Outside, there were a few women in the needlework workshop. They looked very capable. When they saw Wei Yuewu coming out, after the ceremony, they had to tailor their clothes for Wei Yuewu, and saw them put aside, Wei Yuewu left. In the past, I stretched out my hand and dialed it. With long wings like a butterfly wing, the water eyes glide through a faint depth.

One-color bright material, many colors, is the most suitable material for girls nowadays, but these materials are missing a few of the most common large red materials, compared to other colors, large Red and goose yellow, these two, are significantly less than a few.

And she looks at Wei Yan's clothes these two days, she clearly likes this bright color ...

"These materials were chosen by Mrs. Tai?" Shui Mu asked, softly.

"Yes, these are all chosen by Mrs. Tai, Mrs. Tai specially asked the slave to go to Miss Liu first. The other ladies made two sets of clothes. Miss Six made two more sets and chose four sets. Mrs. Grace let Miss Six pick first. After you've finished the slave, go to the other ladies. "A stewardess from the needlework room came over with a smile, picking one for Wei Yuewu.

"Mrs. Tai said that these sets are very suitable for Miss Six. Let Miss Six pick a few sets of bright, Chinese New Year, always wearing gorgeous, only happy."

The material pulled out by the housekeeper is very good. It is indeed the most suitable for young girls like Wei Yuewu, and also takes care of Wei Yuewu's preferences. It is also a pinky material, but it is slightly radiated below. The light color is like a piece of jade white smudged on the flower. Although it is only a little pale jade white, it is reflected on the pink material, which is both elegant and gorgeous.

No matter how you look at it, this material is very much in line with Wei Yue Wu's preferences.

When Wei Yuewu first entered Beijing, she did n't have a few sets of clothes. Later, although she made a few new ones for the occasion, she was thrown there after she was rescued, and Yan Huai rushed to buy them for her. After a few sets, of course, Yan Huai liked the kind of white and dust-free, and therefore, the clothes of Wei Yuewu were all white and dust-free.

She was wearing exactly that kind of clothes when she entered the government. Of course, people in Houfu of Huayang thought she liked this light color very much.

Chapter 39: The piece of material that was sent over for selection

"I want these horses." Wei Yuewu calmly skipped the one that the mother-in-law had brought over, and chose the other ones that were not outrageous.

Just like ordinary girls, there are pink and green, which are in line with the festive colors of the New Year, a pink butterfly dance pattern, a light green peach pattern, and a cyan lotus pattern. ...

"Miss Six, the ones you picked are not as beautiful." The wife looked at Wei Yuewu's picks, pushed the previous one over, and suggested with a smile.

Indeed, in terms of the overall appearance, it is definitely the eye-catching one that the mother-in-law has just launched. Anyone who thinks that they wear it must be beautifully covered. It is a New Year and there are many banquets. Who would not want to stand out at these banquets, Or this may also be related to a lifelong marriage event.

Thirteen-year-old, four-year-old girl's family, just want to book a suitable family affairs while taking the banquet? So it's very important to choose the right clothes.

"Just these horses." Wei Yuewu shook her head, nodded to the previous horses, said.

Helpless, the woman had to come over with a ruler. He wanted to persuade, but closed his mouth consciously after seeing Wei Yuewu's displeased look.

I heard that the six lady was not a mess. Even two days ago, even the second lady and the second lady were reprimanded. After that, the second most favored young lady was inexplicably banned.

I heard that Mrs. Er and Mrs. Er were also called by Mrs. Tai to severely approve.

This is something that Huayang Hou has never done before. The people in the whole house are turbulent. Therefore, I dare not take it lightly to this new Miss Six.

The mother-in-law of the needlework room has a good amount, write it down, and then resign respectfully.

"Shu Fei, go and see where they are going next?" Looking at the still-curly curtain, Wei Yuewu lowered her eyes, and carefully covered the tea foam with the tea cover, said lightly.

When she deliberately selected Shu Fei and the end of the painting, she also saw that they were standing in the crowd, looking stable and clever.

But is it really clever and can it be used by yourself? But they can only observe them slowly. Of course, it is not enough to be clever and smart. The main thing is to be loyal to yourself!

"Yes, the slaves will go at once." Shu Fei lowered the clothes in her hand and responded.

Not long after, Shu Fei returned: "Miss, the women in the sewing room went out, first went to the third lady's side, and the slave walked along for a while, and found that she was almost at the entrance of the third lady's yard. In the position, they seemed to remember something again, and they turned again. The slaves followed and found that they finally entered the second wife's yard. "

Shu Fei's answer was very detailed, which made Wei Yuewu very satisfied. At least he was not a reckless person. He didn't come back with just a glance.

In fact, asking Shu Fei to follow them was just an idea that Wei Yuewu wanted to confirm, and the women of the needlework workshop had seen Li and Wei Yan before they came to see themselves.

The few colors that were selected but missing should be Wei Yan's favorite!

The courtyard of the backyard of Huayang Houfu House is divided into three parts: the third lady, Zhang Shi, took three, four, two young ladies and two sons, and the three aunts of the three masters, occupying the right yards; Mrs. Lee took the second lady and the eldest son, and lived in the yards on the left with the second lady's aunt.

Huayang Houfu's nominal master, Huayang Hou's vein, occupied the middle position.

It sounds like Huayang Hou is still respected, but in fact, the number of courtyards on the right and in the middle does not match the number on the left.

Huayang Hou Wei Luowen rarely lived in Beijing for a while, Mrs. Huayang Hou disappeared early and did not follow the string. Although Wei Luowen still has a cricket room and a cricket daughter, he has been with him. Around me are in the border town. As for Weiyue Wu, she was raised at the grandmother's house.

It can be said that Wei Luowen's big house is in the vein of Huayang Hou House in the capital, and it can be regarded as a real name.

Everyone knows that the second house is the real master of the backyard. In addition, the second house master is now the official secretary of the Ministry of Industry in Beijing. His eldest daughter is still married to the king of Nan'an!

It is not like the vein of Wei Luowen, there is not even an inherited son.

No matter how you look at it, the real master of Huayang Houfu is the second bedroom.

If Wei Luowen has a child for hundreds of years, this title is likely to fall to the eldest son in the second room!

Moreover, Huayang Hou himself knew this, so he let the eldest son of the second room follow him, and usually raised him as his own son.

As for Sanfang, Master San's position is a spare time. The two daughters are still waiting for the word. Although the two sons are both studying now, they are not outstanding, so they are being crushed everywhere by the second bedroom.

Wei Yue Wu currently lives in the Qingheyuan, which was originally a large-family courtyard.

However, Li's fancy, with a few methods, can be arranged for Wei Yan, and no one said anything!

It can be seen how powerful the second house is in the house!

Even though Wei Yan is now banned from footing, Li is punished to housekeeper with Zhang, on the surface, power is scattered, but in fact, it has little impact! Li's business in the backyard of Huayang House for so many years, how can Zhang's change overnight.

According to this analysis, those in the money room obeyed Li and Wei Yan's words, which was originally expected.

"At the end of the painting, you go to the sewing room and get some needlework and say I want to embroider. By the way, ask these satin things, and especially ask where the pink lightly dyed jade white material came from Come! "Wei Yuewu blinked, and there was a touch of coldness on the corners of her pink lips.

She usually likes needlework at the end of the painting, so she pays special attention to these fabrics and yarns, and it is best for her to ask about it.

The material that the mother-in-law has repeatedly recommended is indeed the best of those materials. No matter from the color or the color, anyone who sees it will definitely choose this one at the most recent time.

However, Wei Yan's temperament, not choosing this one, is really skeptical.

Wei Yue Wu doesn't think Wei Yan has any ancestors' thoughts.

From all indications, Li and Wei Yan definitely wanted to count themselves.

Of course, after repeated failures, Li's face was injured, Wei Yan was ashamed and reprimanded by Mrs. Tai, even her marriage with Mo Huating looked hopeless. How could she keep it up and do it herself? Expected things.

No matter how Li and Wei Yan count themselves, things start from the needle room, so check from the needle room!

"What, Wei Yuewu didn't pick this material?" Li said with a bleak look at the stewardess of the needlework room, coldly.

Her face was still covered with sores. It was a little less beautiful and looked a little bit more embarrassing. Those originally pretty eyes, I do n't know why it looked so horrible, staring at the stewardess, Let the stewardess feel mad!

However, she also felt wronged. It was originally a matter of steadfastness. I don't know why Miss Liu didn't pick this material.

"Mother, did the little **** find something?" Wei Yan was also there. Although she was banned, she was too close between the two yards. She secretly came over, and the servants in the house would not do this. Something trivial offends Li's, so he pretended not to see it, and did not sue against Mrs. Tai.

"She can't know." Li shook her head and touched the smooth material. A girl who had only arrived in the capital had a usable ring next to her. Li didn't believe she could reach the sky in any way.

"Go and make this material for her too."

"Mrs. Er, but ... Miss Liu didn't pick this material ..." said Ai Ai, the mother-in-law of the sewing room.

"Don't you have to take the material back and tell Mrs. Tai? I will only say this when the time comes]] The material is very good for that cheap girl, and she also likes it, the reason why I did n't pick it was because there were enough picks It 's not good to pick more, so I reluctantly let it go. "Li reminded, his eyes flashed sharply.

"But this material is so good, Miss Four, Miss Five wouldn't like it too, right?" The mother-in-law still had some concerns.

"Stupid slave, you won't put the material in your mother's place first, wait for the two to finish picking, and then come and take it away." Wei Yan could not help but pat the table, angrily.

Li said nothing, only looked coldly at the mother-in-law, and the mother-in-law did not dare to stop, leaving the best piece of material, and hurried away.

"Mother, isn't the news coming from Sister there accurate?"

"Rest assured that your sister's news has always been well-informed, and the Nan'an Palace is valued by the emperor, of course, it is true." Li nodded, appeasing Wei Yan.

Her face was a little bluish. In fact, she was so anxious to tear Wei Yue Wu. She is now hurting her face, and she is also disgusted by her own master. In the past few days, the master has been staying at that bitch. When she thought of it, her heart was burning Fire hate!

Obviously, this title belongs to his own master, and his daughter is the real daughter-in-law of Houfu!

As for the Weiyue Dance, she should have died in the wilderness long ago, but she counted it so much that she survived!

"Mother, can I follow up secretly, I just want to see how Wei Yue Wu is shameful, see if she has no face in the future, and put on a very high look in front of me."

Wei Yan twisted the path of resentment from Paz.

"You can't go. Your grandmother won't let you go out. You can walk around the house now. It's pretty good. If anything goes wrong, my wife won't spare you." Li hated her for causing trouble again, pointed to Mrs. Tai's direction, and lowered her voice to warn her.

"My mother is assured that I will go secretly. The grandmother's side hurts me the most. Even if I find that I'm gone, it won't be a problem. I will reprimand me for a few words.

Seeing that Li's repeatedly blocked, Wei Yan's eyes turned and she was thinking about it!

Chapter 40: Miss Four in the third room

Wei Yan wiped her eyes with a papa, pulled Li's shirt, and begged: "Mother, okay? Yaner looked secretly on the side. No one would know, Yaner was that cheap Girl, it's like this. I could n't sleep for the last two days."

Looking at her daughter's apparently thin face and red eyes, think about the sadness of Wei Yan crying when she returned from Jingyuan Houfu's house that day.

Li also knew that he had promised his daughter's request to be excessive, but he could n't bear it. He thought about it: "Anyway, there are still a few days. You have been obediently copying Buddhist scriptures in the courtyard these days, and show them to your grandmother every day. And said that he would not have contact with Jingyuan Hou in the future, maybe your grandmother would let you out. "

As for Wei Yan's childish idea of secretly going out, Li's directly denied, and no one knew Wei Yan. If someone was found to be secretly mixed in Yahuan Dui, it would be the scandal in her own house. In the event of an accident, Mrs. Tai can't spare herself.

Li's self-knowledge is still there.

"Okay, mother, then I'll go back and copy the book now. Be sure to let my grandmother release me on the day of the banquet." Wei Yan gritted her teeth. In any case, she had to see Wei Yuewu embarrassed.

Wei Yan and Li are struggling here to find Wei Yuewu's trouble, but unexpectedly the third room is also asking about it ...

"These materials have been seen by the second and sixth sisters?" Wei Qiufu raised the materials with a table and looked at them with little interest, and turned softly to ask the wife of the needlework room.

Wu Qiuju, who was carrying the material and was glad, stopped her hand, and immediately expressed an expression of injustice: "It was originally the second sister and the sixth sister who picked the rest."

Wei Qiuju is the maid of the three masters, born of the aunt of the three masters.

"Miss Four, Miss Five, are not leftovers, these materials are similar, and each lady likes different colors. Mrs. Tai has been arranged over there. Only Miss Six is new and made two more sets. , The rest let a few ladies pick carefully and see if there is so much material now. "

The mother-in-law of the needlework room smiled and pointed at the cloth path filled with the table, but she was quite dissatisfied with Ms. Wu's little family. Look at Ms. Si's appearance, and then look at Ms. Wu's. !!

There is indeed a lot of material this time, even though Wei Yue Wu and Wei Yan have picked it up, there are still many left. It can be seen that Mrs. Tai has prepared a lot, that is, to allow their sisters to choose well.

The mother-in-law of the sewing room said that Wei Qiuju's face was a little better. She was about to reach out and choose carefully, but she heard Wei Qiufu gently ask: "I heard that my grandmother had picked a piece before. Material, in whose hands is this material now? "

Wei Qiuju's hand was put down again, her eyes were going red, and really nothing is for herself. She is a niece. Where can she stand up to the honorable maid of Huayanghou? With them, when it comes to themselves, there is only one left to pick.

Asked about the material, the stewardess started sweating on her forehead, but still carefully answered: "Miss Six was very fancy about this material, so she picked the material."

This piece of material is still at the second lady's side, the mother-in-law dare not say.

"Of course, the good material is for the six sisters. The six sisters only entered the house and encountered that kind of thing. It is normal to make two more sets of clothes. It is just that the second sister is so good-tempered this time. Grab it? "Wei Qiufu asked with a casual smile.

"Second ... Miss Er didn't **** it." When the woman answered this sentence, she was very difficult, sweating on her forehead, everyone in the house knew that Miss Er's temper was quite overbearing!

Believe it or not, Miss Four and Miss Five, she must answer that.

"The second elder sister is now sensible." Wei Qiufu clearly did not believe it, but did not ask any more. He smiled mildly, and lowered his head to pick randomly.

The stewardess said she was lucky, and secretly wiped her sweat. Fortunately, the fourth lady who was the most popular and gentle in the house asked, if other ladies found out the problem, she could not ask herself to die, and the second lady found herself. When the news is revealed, he cannot spare himself.

Wei Qiuju is aggrieved, with a little skepticism in her big eyes, but she always looks at Wei Qiufu first. Since Wei Qiufu doesn't ask anything, what can she do!

Moreover, her identity is there, even if Wei Yan really picks the rest, she can't take her! I had to aggrieved and stretched out my hand to pick the material, but I did n't think it was enough to look at it. My hand was pulled twice on those brightly colored materials, but I couldn't help it, and turned to ask.

"Where did you buy the material? Still?"

The mother-in-law smiled and shrugged off her responsibility: "I don't know, everything is ordered by Mrs. Tai, who is responsible for tailoring and making clothes for the ladies."

Miss Four and Miss Five are inquiring about where the clothes are coming from. You have to talk to Mrs. 2 for a while. If something goes wrong in the future, check it. It will be easy to find the clothes.

The mother-in-law thinks so, so when the two ladies pick the material and measure well, they hurried over to Li's side.

Wei Yan had already returned, and was going to copy the Buddhist scriptures wholeheartedly to please Mrs. Tai.

Li's frown was heard by the mother-in-law, and others didn't know that she wouldn't know. The fourth lady in the third room, Wei Qiufu, was not a peace of mind.

In the past, when I was against Zhang Zhangshi, I had the absolute advantage several times, but in the end, I still punished Zhang Shi without pain or itch, not all because of Wei Qiufu's girl.

That girl is shrewd, don't let her see anything.

"Now go and tell Mrs. Tai immediately that Miss Six has fancy the material, and when you go back, you are instructed to follow you, keep your mouth firmly, otherwise ..." Li's eyes dangled, his face grimly threatened.

"Yes, yes, slaves know that slaves must tell them to shut their mouths." Thinking of the consequences of their own mouths being insecure, the stewardess of the needlework room shivered and shook her head!

After the mother-in-law left, Li thought about it in the room and felt Wei Qiufu's words reminded herself.

If something happened to Weiyue Wu, Mrs. Tai could trace it down, and it might be possible to find Yaoer, and then contact her and Yaner, so for now, you should tell Yaoer to let her think about it. Settle on others.

At that time, even if Yaoer is found, she can push it and do not know, of course, it is even more impossible to find herself and Yaner.

Li thought so, so he called a henchman to come over, and whispered a few words to the wife, and the wife hurried out from the back door to the Nan'an Wangfu.

At the end of the painting, I talked to several girls in the sewing room and went back to Qingheyuan. After walking halfway, I suddenly heard someone on the opposite side, and it happened that I also mentioned my own lady and looked at it. Left and right, his eyes rolled around, and he immediately avoided behind a big tree on the side.

"Isn't Miss Liu doing three more sets of clothes like this?" The group of people who came over was the group of needlework rooms, and a woman asked the leading woman.

"What are you asking, can you object to the order of the master?" The wife-in-charge of the affairs had something in her heart and couldn't help but stab that wife, and they came over from Mrs. Tai, and got Mrs. Tai's order for Weiyue. The dance did one more thing.

"How dare I!" Unhappy to see the leader, the woman busied with a smile.

Several people joked along the way.

At the end of the painting, he turned out from behind the tree, and there was a hint of doubt in his eyes. He clearly said that her own lady did two more sets, and she just picked four sets. When did it become three more sets?

It really looks like Miss expected, there is something in it!

Thinking of this in my heart, at the end of the painting, I hurried back to Qingheyuan and reported to Weiyue Wu that I went to the needle room to hear about it, and told Weiyue Wu what I heard on the way.

"The material was delivered from the Nan'an Palace?" Wei Yuewu asked with a smile.

"Yes, the slaves inquired clearly. I heard that it was delivered by the concubine of King Nan'an, saying that they made new clothes for some younger sisters, and Mrs. Tai put some more in, and then gave them to the ladies for selection. Which were sent by the concubine of Nan'an, and the people in the sewing room didn't know. "

The end of the painting was inquired very carefully, but because the few people who handled it were not there, the others couldn't say clearly!

Wei Yuewu raised her eyebrows coldly, and the wife had repeatedly recommended the material to herself, and it really was problematic.

"Miss, you just picked two. How can the people in the needlework room dare to take the initiative and make more clothes for Miss?" Shu Fei asked, puzzled.

"The needle room is not so bold, Mrs. Tai must know it there, even if it is found later, it has nothing to do with them." Wei Yue Wu sat there, with a taunt of sarcasm on her face, is the King of Nan'an the Princess!

Li Feng's daughter Wei Fengyao, a former young lady of Houfu of Huayang, the cousin of the king of Nan'an, although she has never seen it. However, it is clear that they have stood on their opposite sides with clear flags, and have harassed themselves with the mother and daughter of the Li family. Also, they were originally mothers and daughters!

"Miss, what shall we do?" I heard that King Nan'an also intervened, and Jin Ling was anxious. King Nan'an was the emperor's brother and sister, and the identity of the child was not the same as Wei Yan's.

"Wait! Wait for the clothes to come over and talk." Wei Yuewu elegantly picked up the tea cup in front of her and took a sip gently. Since she entered Huayanghouhou, she would not back down.

No matter what their ideas are, this piece of clothing is a vital link. Before they get the clothes, they don't understand their intentions and can't move lightly for the time being.

"Would you like to stare at Mrs. Er, if you find anything, immediately report to Mrs. Tai?" Jin Ling's eyes widened, and suddenly she thought of something and asked urgently.
