

Young Lady 41

Chapter 41: Dirty clothes

"Will anyone in this house help me?" Wei Yuewu shook her head, whispered softly, and a flash of coldness flashed under her eyes. None of the people in Huayang Houfu regarded themselves as relatives!

Li's and Wei's couldn't wait to die in front of them immediately.

Mrs. Tai was too secretive. As for the fact that she was robbed and almost killed on the road, she did not even mention it, as if everyone had forgotten selectively.

It's just that they forget, she won't forget!

Invariably respond to Wan Yi, wait, she can wait!

Shu Fei and the end of the painting almost looked at the owner with a little regret.

Watching her say it with contempt and coldness, but she knew clearly that the lady was telling the truth.

"Shu Fei, at the end of the painting, if you have thought about the stability, you can go to other yards. Where you want to go, I can tell my grandmother." Wei Yue Wu looked at the two newly collected girl rings and took A childish face can be described as a gentle smile.

But the inexplicable trembled Shu Fei and the end of the painting.

Can they retreat? Of course not! Since the six ladies in front of her picked two of them, there was no way back for them. No matter where they went, no one would think of them as themselves.

"Miss, slavery only wants to serve Miss faithfully." Both were smart people, and after looking at each other, Shu Fei knelt down first.

At the end of the painting, he also knelt down with a "thump": "Miss, slaves are only loyal to Miss."

Wei Yuewu smiled a little, and looked at them with a flash of eyes, looking natural, as if they had not suddenly born because of their sudden kneeling.

Looking at the elegant and calm eyes of her own lady, the two uneasy girl rings suddenly felt that they were no longer so alarmed.

Such a weak and slender lady, even with a little daughter's cowardly, is completely like a petite girl who has not grown up, but the book and the painting feel at ease, there is an unexplainable peace of mind It seems that the lady with such a look is the master who can protect herself.

Looking at the two girl rings, from shock, terror to peace of mind, no longer looked around, Wei Yuewu's eyes had a faint smile.

This is the girl ring that I need. My future will undoubtedly not be peaceful. If there are no close friends available, how can I stand firm, let alone talk about revenge!

Therefore, the people around her not only need to be smart, but also need loyalty, without hesitation.

I believe these two clever girls will realize something.

The letter was quietly sent to the backyard of Huayang Houfu House. Although Yahuan was glaring at the sending wife, the letter was finally delivered to Wei Yan's hands.

It must have been sent to the government in the past. Although I know that Miss Er is angry because of the affairs of Jingyuan in the past few days, she may not want to see the letter, but if she does not send it, if Miss Er is still reading What about Jingyuan Hou? Therefore, no one dared to stop this letter and sent it directly to Wei Yan's house as usual.

Seeing this letter, Wei Yan was angry first. What happened that day, Mo Huating didn't mean to stand by her side, even in order not to remarry, and did not care about her reputation and life, if she was not

true at that time. Frightened by Wei Yuewu's tough attitude and pressed by Mrs. Tai, she was about to have an attack with Mo Huating on the spot.

But Qi returned to qi, still looked, and took it for a look. The face of gnashing his teeth gradually became peaceful, and then moved to tears.

"Miss, are you ... okay?" Shuiyue came in with the tea and saw Wei Yan look like this, asking carefully.

"I'm okay, I'm going out." Wei Yan took the tears on her face, stood up, and walked away. Sure enough, Mo Huating was thinking for himself, for the future of the two, and had to face him on the spot. I was so ruthless that I had to show myself nothing special.

This is all for the sake of his own fame, deliberately shown to grandmother and Weiyuewu.

The letter first expressed his helplessness about what happened that day, and also said that he actually wanted to marry Wei Yan with all his heart, so he didn't dare to have a divorce with Huayang Houfu. The purpose was of course for two people to last a long time. Being together, as for Chen Nianshan's affairs, let Wei Yan do not take it to heart. He has already notified Chen Nianshan's fiance to let them choose a marriage.

As for the dowry, of course, it was from Jingyuan Houfu. It must have been raised in Jingyuan Houfu for so many years. His mother had also left a message in the past. Let Wei Yan not care about this property. He will definitely earn more in the future. The money made Wei Yan more honorable than other ladies.

These words were lined up one by one and immediately healed Wei Yan's anger and grievances. It was all about putting Wei Yan in the position of Mrs. Jing Yuanhou. Between the lines, it meant that Wei Yan was the main thing. In the end, it was also proposed that Wei Yan should go out to meet each other. Some things need to be discussed. It must be a major event that affects the future of the two people.

"Miss, don't go out, you're still confined." When Wei Yan was about to go out, Shui Yuepan's face turned pale, and she hurried to stop her.

This reminded Wei Yan, even though Wei Yan was proud, but she was a bit afraid of Mrs. Tai, knowing that she went out so brazenly would definitely provoke her grandmother's anger, but if she did n't go out, how could she discuss with Mo Huating ?

Mo Huating said, but the point of the matter is all about Wei Yue Wu.

Although the mother said that she would make Wei Yuewu ugly in public and lose her reputation, but she couldn't wait.

"Miss, if you have any problem, you can also send a letter. The slave will help you spread the letter. If you have any questions, you will order the slave, and the slave will help you bring it to the grandfather Jingyuan." Shuiyue reminded her.

"Okay." Wei Yan also felt that this method was good, so she nodded, and immediately sat down and began to write a letter, and wrote her mother's plan on it, so that Mo Huating could do something about Wei Yue Wu. Robbery while on fire to ensure foolproof, it is best to destroy Weiyuewu in one fell swoop.

The clothes were delivered a few days later, and a note was posted along with them. It was sent by the husband to send them together, and it was indicated that Wei Yue Wu should wear the most beautiful piece of clothing, the so-called most beautiful piece. The clothes, of course, are the most outstanding ones, the clothes recommended by the previous wife.

Five sets of clothes are neatly laid on the table, as long as those with long eyes can see the most beautiful one, and Mrs. Tai pointed out that she will wear it tomorrow. If the moon dance is not worn, it will definitely cause Mrs. Tai's like.

This is the first time Mrs. Tai has taken her to a banquet after entering Beijing.

It can also be regarded as the first formal appearance before her in Beijing. No matter from which point of view, she really needs to wear the best set of clothes.

"Miss, the slave didn't find anything wrong with it?" He picked up the suit and turned it around at the end of the painting. After reading it several times, he found nothing. It can be said that no matter from

workmanship or material, no matter how you look at it This set of clothes are exquisite, with elegant and beautiful colors, no matter how good they look, there is nothing unusual.

Weiyuewu walked slowly, reached out to pick up a set of clothes, and took a closer look. The needle thread was flat and dense, and there was nothing wrong with it. The faint scent between the nose and wing was extremely seductive. Obviously the needle thread The new clothes sent over by the room also dyed her.

Wei Yue Wu puts down this set, picks up the other one, and does it very carefully. The top is also scented, but it is different from the previous one, so she puts down another set and takes another one.

The final conclusion was that five sets of clothes were smoked with five kinds of incenses, all of which were different, but in general, they were very light, and indeed they were the kind of fragrance that ladies of the family like to use.

Such incense should also be extremely precious. Although Huayang Houfu is also more famous among the concubines, it is not possible to smoke a layer of incense on every good piece of clothes, and it is also very careful , Smoked different, this looks even more like what is covering up!

Wei Yuewu's eyes finally fell on the extremely colorful material, and she reached out her hand, pinched it carefully, and then looked at her hand. There was no abnormality. Suddenly she seemed to think of something. Sitting in front of the case, I reached for the tea cup and poured some water between my fingers.

Then come back again, take the water-soaked fingers, pinch the corner of the clothes, and when you lower your hands, you will see a faint trace on the fingers.

"Miss, how can such a good material fade?" Shu Fei was surprised when she saw the color on Wei Yuewu's fingers and cried.

The material is very good, it feels very good to the touch, and it is smoked with extremely precious incense. No one expected that the color dyed on this material would be so frequent, and it faded when stained with water.

Of course, I don't understand a few girls, but I don't think there is any accident about Wei Yue Wu, a young mother who was rigorously trained by her grandmother.

Reached out to receive the papa sent at the end of the painting, wiped his hands, and a piece of clothes that faded as soon as it was immersed in water was obviously just a fake.

"Such a good material and such a good incense, of course, must make everyone mistakenly believe that everything in this clothes is the best. I go out in such a piece of clothes, and if I don't touch the water, I still say the past, If it's stained with water ... "Wei Yuewu said extremely carelessly, and a chilly smile evoked from the corners of her lips.

A banquet, if someone wants to get your clothes wet, you just do n't want to touch the water. There are ways to accidentally touch you. Of course, there are even more extreme ways. I want to come to Weiyuewu, Li 's. Mother and daughter can't wait to eat themselves now, of course, they will choose more extreme methods.

"Miss, what are you going to do now?" Hua Feiji said. In this situation, Mrs. Tai had to wear clothes with good intentions. She had to wear them if she didn't wear them, but she knew it was a trap.

Wei Yuewu's lips gave out an almost gentle smile: "Wear, why not?"

Chapter 42: What happened today can only be explained by "coincidence" ...

Li's and Wei Yan, mother and daughter designed to wear this clothes in the past, of course, the purpose is to make themselves appear in the circle of the family members of the capital for the first time, they will lose ugliness, and even further insults, then let them first Glad, glad, of course she was going to take the clothes with her.

"Painting Fei, you will go out to take a look at it later. You can have clothes of this color outside. It doesn't matter if it looks slightly different. It only needs to look a bit like it. It can be exactly the same, of course." Wei Yuewu instructed Painting Feidao Among the several rings, she has a good time for drawing needlework. She also has a good idea of the material. She is best to go out to do this.

"Yes, the slaves will go out in a moment." Knowing that the lady herself had another plan, several girls ringed a sigh of relief, and the painting nodded quickly.

"Wait, we'll go out together in a while." Wei Yuewu thought for a while, suddenly stopped the painting, stood up, materials like this are not available to ordinary shops, if you remember correctly, my grandmother once said From now on, there is a shop in Beijing, which seems to be the home of a grandmother, and it is this high-end ready-made garment.

Coincidentally, I also came to see.

At that time, my grandmother was afraid that when she first arrived in Beijing, she did n't have any money on hand. It was not convenient when she wanted to use it, so she told her about this shop called "Jinyizhao", so that she could come here to pick up silver when she needed it.

"Jinyizhao" not only can choose materials, but also ready-to-wear. It is one of the few big ready-to-wear shops in Beijing.

Wei Yuewu asked Jin Ling to sue Mrs. Tai for a fake, saying that she had to go out and pick some rouge pollen that she used, and she would only come to the capital, such as grease powder, or it was suitable for her selection.

Huayang Houfu can also be regarded as a military commander's family. For her own lady, she is not as tight as the kind of Qinggui people. It is still possible for Weiyuewu to go to the street.

Mrs. Tai naturally allowed Weiyue Dance and asked her to give Weiyue Dance this month's monthly example.

The ladies of Huayang Houfu have 22 monthly cases every month.

Seeing the money bag Jin Ling brought to her in her hand, there was a hint of sarcasm under Wei Yuewu's eyes. Mrs. Tai looked as if she took good care of herself, knowing that she was out, and she was specially sent to send two silvers. There is a little anger in Shang, and he has been living with his grandmother for so many years.

I did n't get a penny from Huayang Houfu. This time I came to Huayang Houfu. Why, I have to give myself a monthly example of these ten years. Look at the current month example. The mother-in-law

who sent me also said repeatedly that the other ladies were brought at the end of the month and that they could get it now, all because Mrs. Tai took care of her granddaughter.

Compared to her grandmother, this wife is really not like her own grandmother, she is really not close at all, and Wei Yuewu also sensitively noticed that she was secretly examining this grandmother while At this time, my grandmother was always examining herself from time to time.

And with some faint vigilance, should this be the attitude that a grandmother should have towards her granddaughter?

Mrs. Tai has secrets and is still about her ...

On the street for the first time, Wei Yuewu only left Jin Ling looking at the yard, and there was Jin Ling in, even if Li and Wei Yan wanted to put together some monster e-zi, I'm afraid it would be difficult to succeed.

Hua Fei and the end of the book were out of the house with Wei Yue Wu. Jin Yizhao was also famous. He only said a name, and the coachman nodded to know that he had pulled the carriage, and drove the carriage lightly.

But it didn't take long for the carriage to stop.

"What's going on?" The end of the painting asked.

"The girl in front of the painting, the road ahead seems to be blocked." The coachman replied outside the curtain, then lowered his voice and said to himself, "This is the main street, and it will actually be blocked."

The main street is actually blocked, Wei Yue Wu has to sigh, the crowd in Beijing is so dense.

"Miss, slavery goes down to see." At the end of the book, the ears were sharp, and immediately I heard that the sound in front was too loud, something should have happened.

"Okay." Wei Yuewu nodded, and now the carriage is stuck here, it really isn't working.

The curtain was lifted at the end of the book, and the door was pushed to go down. Suddenly the carriage swayed sharply, making her scream. Wei Yuewu busily reached out and held her, only to stabilize her body.

"Get out, get out." The voice of someone yelled, and then the crowd got more crowded.

Wei Yue Wu's carriage was originally on the side of the road. At this time, the crowd was so crowded that there were actually half a wheel to the side of the river.

"Miss Six, you get out of the car first, the carriage is going to be squeezed." The coachman looked at Wei Yue and hurriedly danced across the curtain.

Wei Yuewu stretched out her car curtain and looked out. It was true that the carriage was in a very bad condition. The crowd that had been crowded in at this time retreated to the side, and it happened that her carriage was crowding At the corner of the street, the corner of the corner is just next to the river. This small area cannot be noticed by others.

The carriage of Weiyuewu happened to be there, and depending on the situation, it had to be squeezed over here, it was very likely to be squeezed into the river,

"Let's get out of the car," Wei Yuewu said decisively, greeting Shu Fei and the two at the end of the carriage together.

When she got out of the carriage, the two girls were desperately blocking her in front of her, blocking her from the crowd that kept coming. There were too many helpless people. The coachman now took care of the carriage again, and had no time to take care of them. As the crowd flowed away, Wei Yuewu found that the two girls had no idea where they had been squeezed, and she was squeezed alone under the corridor of a shop.

Fortunately, there is such a shop where she can accommodate herself, so she is not overturned to the ground.

"Miss, please let me know, you have stepped on my feet." Wei Yue Wu, who was just relieved, hadn't stood still, and heard a clear voice behind her, slowly and lowly.

I was stiff, and I hurriedly lowered my head to take a look. There really was a shoe next to my feet. The low-key gorgeous black upper was also printed with a small footprint. Needless to say, I just felt that something was resting for a while. Step on someone.

"I'm sorry, this boy." Wei Yuewu saluted sideways, hurriedly apologized, and raised her pair of black eyes, facing her pair of cool eyes.

A black hair was tied up, showing a wide forehead, looking very handsome, actually a handsome young man,

At this moment, the other party seemed to see the Weiyue dance in front of him clearly, a flash of inexplicable depth flashed in his eyes, a smile on his face slowly, and his coldness retreated slightly, which made him much gentler.

"No problem, come in a little bit so that no one else will step on you." He politely reached out and waved at the two men next to him.

The two men watched Weiyuewu with vigilance, and did not notice anything abnormal, so they took two steps carefully, but looked at Weiyuewu with alert, as if Weiyuewu made a little move, they would meet immediately. Pounced.

Wei Yuewu's eyes glanced at the two cold-looking men, his eyes were slightly dark, and she realized that the identity of the young man in front of him was not simple. The two men were clearly two The guard, guarding him carefully.

"My son is polite, I will stand here." Wei Yuewu smiled and refused, knowing that the identity of this young man was not simple, of course, Wei Yuewu would not rely on her. She is now in Beijing, and her place of life is not Familiar, don't want to be related to important people.

I couldn't wait to meet Yan Huaiyu last time, so I had to take advantage of him.

Seeing Weiyuewu did not come forward, the two guards' eyes were relaxed a bit, and they focused on the crowds outside, but Weiyuewu still felt their sharp eyes and swept themselves from time to time. .

"If you get squeezed a lot, you can come inside!" The young man invited again with a smile.

"Thank you son!" Wei Yuewu shook her head.

Seeing Wei Yuewu resolutely refused, the young boy did not force it, but he gave up some places in front of him, so that when Wei Yuewu was crowded by people, he could step back to the door.

At this time, the crowd had completely retreated to both sides, and Weiyue Wu also saw clearly. The reason why no one was over here, it turned out that there were two outside guards dressed up as men, who were standing outside, before they might be It happened to be here, but watching the guards staring at their own eyes, I'm afraid they also felt that they were coming here, so they stared at themselves tightly.

In this regard, Wei Yuewu can only smile with a bitter smile. She really doesn't know why she can get down this corridor, and she can only use the word "coincidence" to describe it.

But today's events are destined to be explained by "coincidence"!

A carriage stopped steadily at the entrance of the store, and saw the gorgeous and flamboyant carriage that opened with eight white horses, Wei Yuewu's brows jumped fiercely, and she felt a pain in her brows, and lamented in her heart , Wouldn't it be so coincident!

But looking at this posture, it is not who is the most glorious generation, who else!

She hasn't finished lamenting here yet. Yan Huai came down on the carriage there. At the same time, all the noise stopped on both sides of the street. Everyone's eyes fell on Yan Huai's handsome and thrilling face. His facial features are exquisitely crafted.

Under the thick eyebrows, it flew straight into the hair, tall nose, rosy lips, all beautiful, all beautiful, combined on one face, it makes people feel beautiful and extraordinary, a snowsuit, more It was

spotless, and with the clean and gentle smile on his face, even the magpie in the sky couldn't compare with him.

Yan Guogong's son deserves to be worthy of, the reputation of the world's first son.

But at this time, Yan Huaihuan's eyes fell on Wei Yuewu. Even though Wei Yuewu awakened at this time, she desperately lowered her head and shrugged her shoulders, trying to make this grandfather not notice himself, but this Originally, he went straight to the store, but he went awry, and came to Wei Yuewu ...

Chapter 43: Horrified, His Royal Highness

Those passers-by who were stunned by Yan Huaihuan, as Yan Huaihuan came, they all turned their eyes to Wei Yue Wu, especially the young girls, their eyes were jealous and hateful, Just like Leng Jian, "嗖 嗖" fell on Wei Yue Wu.

Wei Yuewu sighed in her heart. This son did not say his identity, just his deceptive appearance was enough to make himself in a bad situation.

The mind was settled, and the eyes, nose, mouth, nose and mouth lowered, pretending not to find Yan Huaiyu coming to his side.

Yan Huaiyun came to her in a gentle manner, and her eyes fell on Wei Yue Wu, who looked down and looked down, watching her make a look that didn't notice her, with a smile in her narrow eyes and a proverbial expression. A low whisper: "How come here alone? Jinling? Why not stay with you?"

Avoidance is inevitable, and it sounds as if there is any ambiguous relationship between the two people, but the partial guardian Yuewu can't think of a refutation, he must be all about the facts.

Holding the papa in his sleeve tightly, Wei Yuewu's body took a step back. This step was a coincidence that not only distanced herself from Yan Huaiyu, but also avoided the store entrance. Can be avoided a part of burning eyes.

After pulling away from him, Weiyuewu thanked Yan Huai with a voice that everyone around him could say, "Thank you Shizi for your help, I will let my father take me with me. And Jin Ling, came to thank his son. "

The word "father" is powerful and clear-cut. She knows clearly that she must explain the words of the genius, otherwise she will have troubles in the future. She does n't want to go to the capital, and she wants to go with those ladies in the family. Opposition, enemies everywhere.

In fact, Wei Yue Wu also feels strange. This grandfather seems to be gentle and elegant, but in fact he belongs to Gao Lengfan. He came along all the way and didn't deceive himself. Although the cooperation between the two will still have Follow-up, but there is no ambiguity in it.

Why is this today ...

Yan Huaiyun's eyes were a little smiley, but anyone felt that smile faded away, and if he did not pick up Wei Yue, he still asked softly, with a little concern and blame: "Why don't you let Jin Ling come along? You are a girl who doesn't even have a waiter around."

She wanted to figure it out, how could she figure it out, and she still wanted to do today, how could she evade elucidly, so this shrewd little girl appeared and wanted to draw a line with him? How could he make it clear without his consent!

The beautiful boy who is gentle and elegant like a jade, stands there in such a relaxed manner, but is lazy, but just reveals his innocence and nobility, and his words are like a spring breeze, but this expression is only facing the Wei The moon dance broke the hearts of all the girls, biting the handkerchiefs secretly, and their eyes were as cold as arrows.

Sure enough, this son cannot cooperate so much!

Wei Yuewu hated the teeth secretly, a kind of powerless feeling of inflexion, long sleeved hands fists, took a deep breath, was trying to speak, but was interrupted by another voice around him.

"Yan Shizi, what kind of money is this?" At the gate, the young boy asked with a smile.

"Miss Liu of Houyang's House, who followed me into Beijing before, came here, and hasn't seen His Royal Highness yet." Yan Huaihan seemed to remember at this time, and someone was still, turning his head, smiling at the young boy, Then whispered to Weiyuewu, his expression and tone were all kissed.

This is the Tianyao in the Prince's Hall today. Wei Yue Wu almost raised his eyes and looked at the man in front of him! My head exploded inexplicably!

Wen Tianyao! It looks like someone who has nothing to do with mother!

But what made the mother feel mixed and wrote his name while crying. What is the reason?

The tears of my mother's eyes are suddenly visible, and this will see the real person, how to not let Wei Yue Wu be shocked!

"This is the sixth lady of Huayang Houfu?" Wen Tianyao also looked up at Weiyuewu, which is really the reputation of Wuyuewu's incompetence, and it has spread too far, even if His Royal Highness used to I never care about such things, but I still hear people talking from time to time.

This Miss Wei Liu, who has never appeared before the crowd before, has actually become a negative teaching material for Miss Jingzhong. Whenever it comes to saying which lady is not good or has only learned a little, she will definitely come up with this. A few Miss Six came to compare and said that with the bottom of this Miss Six, no matter how bad the girls were, they were all immortals and talented girls.

But now, Wen Tianyao can't help but sigh, the rumor is really wrong.

The dark hair of the lady in front of her was turned into a bun, and only a light orchid was inserted, without the decoration of gorgeous ornaments, but she looked more and more beautiful and exquisite. It's a bit green, but anyone can see how beautiful the young girl is when she grows up.

Not to mention later, even now, there are a few noble ladies in Beijing who can match her, but they don't know the young ladies who take her as their bottom, complacent, and laugh at her appearance.

As for incompetence? There was a thoughtful smile on Wen Tianyao's lips, which was really a joke ...

Two people looked at each other and looked at each other. For a while, they quieted down and no one spoke. Yan Huaiyue smiled and stood side by side with a gentle attitude, but the strong sense of existence couldn't be ignored. Even in shock and disappointment, Wei Yuewu subconsciously looked at him, and immediately woke up to those handsome and gentle eyes.

Shoufu Shenfu: "I have seen His Royal Highness."

Since His Royal Highness came out of the light car Jane, that is not to let people know, Wei Yue Wu also whispered such a sentence.

"Since Miss Wei Liu and Yan Shizi have the same old knowledge, let's come together." Wen Tianyao also looked back and asked politely.

"No, I ..." Although Wei Yuewu wanted to find out the relationship between His Royal Highness and his mother, it was definitely not this time, so she refused.

"Wuer, you're welcome. I had something to look for in the first place. Now that you're here, just go in." Yan Huaiyu looked at her with a mild smile, just like his temperament, as if it would always be a **** in the sky, no A little dust.

But inexplicably, Wei Yuewu heard the strength among them. The bright eyes of them looked like smiling and fell on Wei Yue Wu's body, which made Wei Yue Wu inexplicably think of this. The badness of the son, Mo Huating said at the time that his fiancée was in trouble.

His Royal Highness, congratulations to Mo Huating ...

"Then ... I'll disturb His Royal Highness." Whether it was this strong coercion or the fact that Yan Huaiyi saved her life, Wei Yuewu felt that it was right to stay at this time. Helplessly sighed in his heart and had to bow his head.

"No problem, there are my three sisters on it, so you can be a companion." Wen Tianyao looked at Wei Yuewu's helpless expression and calmed her.

"Yes!" Wei Yuewu nodded, and smiled slightly at Wen Tianyao, but there was a hint of doubt in her eyes. She heard that the four princesses were the daughters of the queen's birth, why the Crown Prince did not accompany her own sister. When they came out, they came out with the three princesses. It seemed that the relationship between the three princesses and the Crown Prince was closer than the four princesses of the brothers and sisters.

The two guards who arranged for the guard to wait for Weiyuewu came over, and several people went upstairs together. At this time, Weiyuewu saw clearly that the place where they were was actually a teahouse, but there were no customers in the teahouse. The seat below was indifferent, waited until the second floor, entered a large private room, not only the three princesses were there, there were actually others.

A man with a look of coldness was there, drinking tea by himself, and the third princess was beside him.

The two were talking in a low voice, and there was a waiter standing beside them, and they could hear the voice at the door. The cold and handsome man looked up, and his eyes fell directly on Yan Huaihui, even standing next to Yan Huaihui. Wei Yue Wu, can feel the complex cold in his eyes.

That was for Yan Huaiyu ...

As for the woman on the side, Wei Yuewu also felt that when she saw the crowd, she immediately set her eyes on Yan Huaiyu, and then slowly fell on herself, taking a little look But in the end it was a smile, a kind smile and a very friendly attitude. This should be the third princess!

It was just that Yan Huaihui's smiling and handsome face was in front of him. Wei Yuewu could not judge whether the three princesses were really amiable, or like Yan Huaihui, it was a smiling tiger!

"Yan Shizi's big frame actually seduce the entire street." The man retracted his gaze and scanned Sweeping Yuewei casually, his eyes darkened, but he didn't stay too much, facing Yan Huaiyu Faint Road.

He was talking about Fang Caiyan Huaihui, which attracted people to wait and see.

"It's not that I'm big, it's because I'm new to Beijing. People in Beijing are quite hospitable." Yan Huai sat down leisurely, smiled bitterly, and then pointed his finger at the seat next to him, saying softly to Weiyue Wu. "Wuer sit here, you don't need to be polite now."

Such intimate words immediately attracted everyone's attention to Weiyuewu. Even though Weiyuewu was satisfied and wanted to explain, she really had no close relationship with Yan Huaiyu, but she also knew that this time was not When he justified, he just sat silently under the staring eyes of everyone.

At this time, she really regretted it, knowing that it would be difficult to get out today, no matter what, she would not go out.

"This is ..." Sure enough, the gentle three princesses spoke first, with a little smile, and asked if they didn't care.

"This is Miss Liu of Houyang Houfu. This time I went to Beijing with me." A clear voice came from Yan Huaiyu, who had blocked her words.

Regarding the meaning revealed in this statement, Wei Yue Wu can only say that she is speechless. Although this is a fact, it is very misleading to say so. From time to time, everyone's eyes are in Yan Huai. Swim between you, you know what everyone misunderstood.

Chapter 44: Dilemma

Wei Yue Wu sat down, the dark light flowing under his eyes, and his eyes were lowered. The more the explanation of this kind of thing became, the more unclear it was, and the attitude of this Yan Shizi was really suspicious ...

The few present were indeed observing Weiyue Wu, a small and thin woman, or just a little girl, who had not grown up and was very green. If you look at your figure, there is really nothing attractive. , But seeing that delicate eyebrows, especially those cool eyes, they are inexplicably attractive.

This is the view of everyone present, and then his eyes fell on Yan Huaiyu next to Wei Yuewu. His sons are like jade, elegant and handsome Brow 's eyebrows, gentle and Tsinghua, just like the flirtatious sons

who do n't eat the fireworks on earth, and the eyes of Heiru Abyss, But it is a warm-eyed, charming all beings.

Fengshen is chic, elegant and quiet, but very tall!

It seems that there is no harmony, but the inexplicable feeling of association is a sense of violation and intelligibility, but it makes people seem to deserve it.

The three princesses sitting on the edge flashed a disgusted eyebrow unconsciously, but she knew how to hide her emotions, and immediately had a smile of Yingying, she didn't seem to care about the closeness between Weiyuewu and Yan Huaiyu .

"This is the three princesses. This is the son of Lu Guogong." Yan Huaiwen gently introduced the other two present to Wei Yue Wu, as if he did not notice that the eyes of others flowed on them.

"I've seen the three princesses and I've seen Lu Shizi." Wei Yuewu stood up again, facing the two saluting salutes, both in terms of status and status, both of them were a little higher than her.

The three princesses nodded with a smile and motioned for her to sit down. The Lu Guogong's son, Lu Yili, turned his eyes from Yan Huaiyu's body to Wei Yuewu, and looked at Wei carefully with a lonely look. Yue Wu asked in a deep voice.

"Huayang Hou's daughter?"

"Yes, my father is Huayang Hou." Wei Yuewu replied softly, but there was a hint of vigilance in her eyes.

The sons of the lords of the four territories, this son of the Lu Guogong is not an ordinary person. He heard that he was a leader in his youth, and he was regarded as a powerful person. Of course, for such a character, the middle school is very rumored, but Never heard of it, he has been to Beijing.

The border town guarded by his father, Huayang Hou, actually faced Lu Di diagonally. It was the junction of Lu Di and Yan Di. It was the throat of the middle school. At this time, the son of Lu Guogong paid attention to himself. Not without reason.

"When will Lingzun return to Beijing, I want to talk to Huayang Hou when I have time." Lu Yanli's voice was cold, there was no slight wave, it seemed to be casual, but Wei Yue Wu did not dare to say what he said, Really as if talking casually, but his face is not obvious, a slight smile, light Ruolin.

"Yes, when my father comes, he must convey the meaning of Lu Shizi."

She didn't want to participate in this kind of national affairs. Who would have thought that a small tea party actually gathered these three people. No matter which one, they were all kicks and could make Beijing shake.

Regardless, Wei Yue Wu felt that she had to be careful to avoid stepping into the whirlpool.

However, she thinks this way, but it doesn't mean that other people think the same way. Yan Huaiyu's narrow eyes, with a narrow smile, took her word and asked, "Dance, your business Did you tell your father? "

In the presence of so many people, his clear voice, like the clear spring in the mountains, seems to be affectionate and ruthless, making people hear it and feel helpless, especially when it comes to "your affairs" I think it is meaningful, and the specially marked name is even more evocative!

All the people in the room immediately stopped and looked at them ...

Wei Yue dance was bitter, but had to respond: "Thank you Yan Shizi for your concern."

She knew that he was talking about the divorce between her and Mo Huating, but this kind of thing was not a family affair and could be discussed in person.

In this way, she can only vaguely cross the topic.

"If you can't solve it, come to me and don't feel wronged." The next sentence was more expressive, and it came out of Yan Huai's mouth so gracefully, even the handsome faces even brought With concern and tenderness that everyone can see.

The eyes of the three princesses fell on Wei Yue Wu involuntarily. Although there was a smile on her face, her eyes were a little disgusted.

Lu Guogong's son is also watching Weiyue Dance. Before it was because of Huayang Hou, but now it is because of Yan Huaiyu. He is a martial arts person. His eyesight is better than ordinary people. He naturally sees the corner of Yan Huaiyu's eyes. Gentle warmth, but can't tell if Yan Huaiyu is really different to the girl in front of her.

In his spy report, Yan Huaiyu's performance in front of people has always been a gentle and graceful figure of a handsome boy, but he knows how ruthless under the surface of the gentleman of the son of the kingdom of Yan Guo!

"Yan Shizi is familiar with Miss Wei Liu?" Prince Wen Tianyao blinked and asked with a smile.

At this time the people had brought tea, and then backed away.

"My mother and Miss Wei's biological mother had a period of sisterhood." Yan Huaihui replied with a smile, and the gentleness of the faction made Wei Yuewu's heart beat twice, and was it related to her mother? Shui Yan glanced at Yan Huaiyu secretly, but didn't know whether he said it was true or false, and the hands on his knees shrank consciously.

"I heard that Madam Yan Guo is a famous lady in Yan Di. She has never been in Yan Di in her life. Madam Hua Yanghou, the birth mother of Miss Liu Liu, came from a remote place. I do n't know how the two ladies met." The third princess laughed, and Napazi pressed the corners of her lips, and looked at the words with a little curiosity.

"The intersection of the mother and Mrs. Huayang Hou was extremely accidental." Yan Huaiyu smiled slightly without explaining too much. Jun Mou turned to Lu Yuli, "The son of the world is so fast. I heard that it was still outside the customs. Unexpectedly, I entered the city. "

"The fastest is not as fast as Yan Shizi. A few small captives have just fallen into the hands of Yan Guogong. Doesn't Yan Shizi intend to explain this to His Royal Highness?" Lu Yeli's eyes also came from Wei Yue Wu's body was pulled back, sneer with bad semantics.

Wei Yue Wu sat quietly there, but their words were captured by her ears. She wanted to hear, why did Yan Huaiyu enter Beijing?

"With regard to these matters, my father has made a memorial, and believes that he is now in front of the emperor's book case. The emperor has his own arbitration, and a group of prisoners who will be dedicated to the emperor, but they are still on the road. I am afraid that they will be able to go to the capital. "Yan Huai tickled the corners of his lips, with a little carelessness, and his smile was very light.

"His Royal Highness, it is said that there are several people who have offered this. They have been in close contact with some people in Beijing before. I hope His Royal Highness can handle it impartially."

"Yan Shizi, is there any misunderstanding in the meantime, the Father Emperor did not say there, to destroy these small Fengguo?" Wen Tianyao's eyes fell on Yan Huaiyuan's face, eyes narrowed, between looks A little more condensation.

"Is it interesting that Yandi didn't listen to the emperor's order, so he dared not to respect the emperor's life and destroy those small confederations in private?" Lu Yili didn't look as good as His Royal Highness. His hand was on the table Slap, Leng Hu said.

The air in the room suddenly became tense, as if it was about to burst!

Wei Yue Wu stunned Yan Huaiyu, who was sitting on the side, and lowered her head slightly. This feast was not a good feast ...

"His Royal Highness, of course, there are reasons for this. My father's support and loyalty to the emperor, I believe that the emperor and his Royal Highness can both sense it. Those few small countries are so eager to move, my father can't stand it anymore Because of the urgency of the situation, I have to do so, and I hope that Her Royal Highness and the Emperor will understand the fist of his father. "

Yan Huaijing said leisurely with his peculiar and clean voice, with a low smile, indifferent, as if what he would say is not to destroy several seals, to destroy several seals National affairs.

Wei Yue Wu heard in their ears, connected their words one after the other, and was instantly astonished by the shock of the waves.

Yan Guogong actually destroyed several feudal nations. Hearing the meaning, it was directly destroyed without the emperor's consent. If this situation is taken seriously, it is tantamount to treason!

However, there has been no major reaction in China, and it is clearly the forces in Central Beijing who are afraid of swallowing the land.

Yandi is so powerful that it directly oppresses the imperial power. Can the royal family really bear this tone?

Moreover, the son of the state of Yan Guo, who knew nothing, Shi Shiran came to Beijing.

This guts, this momentum ...

Wei Yuewu's head was lowered more and more, without saying a word, she only looked down at her and rubbing the papa in her hand without making a sound.

"The matter of Xiaofeng Guo, I believe that there will be a conclusion on the side of the Father Emperor. Yan Shizi and Lu Shizi only entered Beijing. I will be the host here and entertain the two sons with the three sisters."

Of course, Wen Tianyao is not a simple character. Haha smiled, and the tension created by Lu Yili won away.

The third princess Wen Caidie also laughed softly and raised her wine glass: "Before the two sons, I was the first brother to entertain. It would be unexpected that my elder brother had the interest to entertain the two, which really made me think. "

Wei Yuewu had to admire that the three princesses were obviously talking. Not only did they show that the prince valued the two princes, but also knocked on the drum for the prince. No wonder the prince would be willing to take the three princess out. .

But now this game of chess, Yan Huaihuan is actually very difficult to go!

Follow the prince's meaning, expressing gratitude to the prince Dade? Or did he pick the words of Lu Guogong's son, expressing Yan Di's tough attitude? But no matter from which direction it seems, it seems inappropriate to express Yandi's attitude at this time.

Too soft or too strong will make Yandi's behavior passive. Weiyue Dance is really curious. How can the powerful and dark Yan Guogong son respond?

Chapter 45: Makeover clothes

Suddenly, the papa in front of him was taken away by a slender hand. Weiyuewu looked up, subconsciously looked at Yan Huai's face, and looked at his own papa holding in his hands.

Yan Huaiyu looked at her with a smile, with a gentle expression on her face, and whispered, "How do you patronize the papa? Is this pouch so beautiful?"

Yan Huai's tone was gentle and gentle, making it sound like a spring breeze.

But this sentence, so successfully everyone's eyes fell on Wei Yuewu's face.

Don't be noticed, be used as a shield, even more unwilling to make yourself the key to others' breakouts, and attract the attention of powerful figures like Prince Edward.

Wei Yuewu couldn't help but wanted to reach out and step on the two feet of Yan Shizi, who seemed to be flowing with dust, with an inexplicable irritability. He took two breaths to suppress this irritability. , Aggrieved feeling of boredom.

Tell yourself that the dark-skinned man in front of you is the most powerful person in the dynasty and cannot afford to offend ...

But she also knows that he is a good way to break the predicament!

But she didn't want to!

Calmly stretched out his hand, violently pulled his own papa, with a dignified smile on his face: "Don't dare to disturb some of the talk, the little girl said goodbye."

"It sounds boring, doesn't it? Then I'll send you back." Yan Huaiyu randomly took the puppet, was taken away by Weiyuewu, and then stood up gracefully, with a lazy attitude.

"I ... don't have to, don't dare to have a laborer." Wei Yuewu choked her pink lips and shook her head. She just saw her two girl rings through the door of the private room and stood outside the door. Looks like he has found himself, "My girl ring has come."

Right and wrong, she doesn't want to stay long!

"It's okay, it's okay anyway, His Royal Highness Prince, Lu Shizi, and so on, when Minger is free, I'll be the owner, please come back, it's my companionship with Wuer for today's incident." Chic, not at all concerned about Wei Yuewu's rejection, turned around and faced Wen Tianyao and Ludong South Road.

As for the three princess Wen Caidie, it is not mentioned.

You don't need to watch this, Wei Yuewu knows that the eyes of the three princesses on her own body are a bit lonely.

Yan Huaihuan is properly pulling the hatred value for herself, and it seems that the hatred value is still very large, leaving Wei Yuewu speechless and wanting to grind her teeth, but this kind of thing is unexplainable.

Having said all this, Wei Yuewu had to rise up with Yan Huaiyu and watch the two men decide to make up their minds. Wen Tianyao would not stay, and nodded.

The two left the private room one after the other. At this time, the crowd around them had dispersed, and several guards like wolf-like tigers at the door successfully stopped the passers-by from curiosity.

No matter how the magpie-like Yanshizi emerges, it must be like this little common people, of course, it is mainly for appreciation. If you really lose your life for this, it is really worthless.

Wei Yue Wu was surprised to see her own carriage, and actually parked beside Yan Huai's gorgeous and amazing carriage. Needless to say, this Yan Shizi's man had brought his carriage back to his cage.

The two girls ringed behind Wei Yuewu, looked at Yan Huaiyu, and then looked at the guards who were physically fit around Yan Huaiyu, a little uneasy.

"Thank you Yan Shizi for taking care of me all the way, then I will leave first, and dare not have a gift from Lao Shizi." Wei Yue Wu stopped and took a deep salute to Yan Huaiyu. When he was at the gate of the city, there was almost no time for him Thanks in person.

"Wuer, is this to clarify the relationship with me?" Yan Huaiyu looked at the serious little girl in front of her quite amused, apparently still small, but with a delicate eyebrow face, especially It was a look of humiliation and annoyance on his face, which made him inexplicably depressed, making him laugh.

"Shizi came all the way, hugged before and after, I was just a passerby and I didn't dare to have the same momentum as Shizi." Wei Yuewu said euphemistically that he didn't want to go the same way with him.

There was a faint smile on Qingjun's gorgeous face, and she looked at Wei Yuewu in a deep and unpredictable way, but did not force her anymore: "Since the dancer is not with me, I will entertain after a while When His Royal Highness Prince, come here too! "

Wei Yuewu's heart jumped, her mouth twitched, she couldn't help raising her head, and looked at this elegant and extraordinary son: "Shizi, the gate of Huayang Houfu is very strict. If it weren't for me today, , Grandma would not let me out. "

A childish yet beautiful and unusual little face, which looks like a serious one, is actually very funny. Yan Huaiyun's eyes were smiling, sweeping Wei Yuewu's face, and making With an unexpected movement of Weiyuewu, he reached out and touched Weiyuewu's head.

What was said even made Wei Yuewu want to vomit blood: "It doesn't matter, my guest, Mrs. Tai will certainly agree."

Wei Yuewu looked up at him. His handsome face, with a smile of Yazhi's dust, easily covered the coldness under his eyes, and even made people feel dusty, and raised his lips. It is even more fascinating, but, no doubt, the Yan Shizi in front of me is mysterious.

But one thing is certain, this person is definitely black and cold, the outside are all performances, they are just performances ...

"Jinyizhao" is indeed one of the big ready-to-wear shops in Beijing. It can be seen from the facade or the streets it occupies.

Wei Yuewu took Shu Fei and the end of the painting to enter the store, and found the shopkeeper directly. When she saw the tokens presented by Wei Yuewu, the shopkeeper stood by a mouthful of a table lady, apparently she had received a letter from her grandmother.

"Do you have any clothes of this color here?" Wei Yuewu asked a piece of clothing corner cut from the undershirt before the painting was taken out.

The shopkeeper took it, and looked carefully at the window on one side, frowned slightly, looked at Wei Yue Wu, and stopped talking.

"You have something to say," Wei Yuewu smiled slightly.

The shopkeeper said hesitantly: "Miss Six, are you sure you want this color? In the past few days, I have seen many ladies from the family come to make clothes, especially to pick out the materials of this color. Do n't look similar, so the warehouse There are a few of these clothes, but no one cares about them. "

Jin Yizhao's materials are generally very good, not ordinary people can afford, it is a large ready-to-wear shop open to the family, so of course, the shopkeeper noticed this strange similarity.

This color is actually the most outstanding, but the ladies of the big family looked at almost all of them and shook their heads. Regarding this strange phenomenon, the shopkeeper privately asked the girls who followed these big families to ask the wife Too.

"I heard that the four princesses will choose clothes of this color, so the Miss Family who received the news did not choose this kind of clothes, so as not to collide with the four princesses and cause unnecessary trouble." The words behind the shopkeeper were implicit. , But it is a clear reminder of Wei Yewu that the four princesses of the queen's birth will choose clothes of this color.

Wei Yue Wu fiercely clenched her fist, her eyes shivered, and she hit the four princesses?

Sure enough, it's not just the clothes that are stained with faded paint. Even the clothes are colored against the four princesses. It's definitely not just these. It should be the style of their own clothes, as well as the four princesses.

Li's mother and daughter really don't put themselves to death, don't give up.

How about the four princesses born by Queen Tu, Wei Yue Wu has not seen it, and has not heard of it before, but think about it, Queen Nakamiya gave birth to His Royal Highness Prince, who has the queen's biological mother and the prince's brother The princess, in any case, is not a provocative princess, but when looking at these family ladies, she avoids the clothes she wears at the banquet, and she knows that this is an extremely domineering and not provocative princess.

"What do the four princesses dislike the most?" Wei Yewu asked, squinting her eyes narrowly.

The shopkeeper hesitated for a moment, but still lowered his voice and replied: "The four princesses will treat all acts that are not pleasing to the eye, as provocations!"

Since it is provocative, then you are naturally welcome!

"You take a similar set, let me see." Wei Yewu blinked her eyes twice, long eyelashes, and her eyes were cold.

Seeing what I have said so clearly, Wei Yuewu still wants it, but the helper has no choice but to let the guys get it. In fact, this color of the material is rare, and there are only three pieces in the entire store. Not only The material is good, the dye is good, and the style is even more outstanding.

Three pieces of clothes rolled out in front of Weiyuewu. Weiyuewu's eyes first fell on the rightmost one. Coincidentally, this piece of clothes was from the style or the pattern. The one that is done is the most similar. If you don't compare them together, it will be almost unclear.

Compared with this one, the other two pieces are a little worse both in terms of style and pattern. A little look can discern some differences.

Of course, this premise is that you are familiar with the original clothes.

However, after only a glance, are you really familiar with the previous material?

"Treasurer, can the color of this cloth be re-dyed?" Pointing to this dress, Wei Yuewu thought about it and asked.

"Dyeing can be re-dyed, but it has been dyed very well now. If you re-dye, you must peel it first. This will damage the clothing and the softness of the material will greatly damage it." .

"You don't need to peel it, you just need to dye it one more time, and you will dye that big red." Wei Yuewu smiled and suggested.

"If it's just big red, it's not incompatible. Now the color is pale pink. Big red can suppress this layer of pale pink." The shopkeeper just heard the big red and was relieved, it must be only the color of the same ancestor, Much simpler.

"You don't need to dye a good color, you just need that bad pigment, and it's best to dissolve it with a touch of water." Wei Yuewu turned around with a smile and proposed.

"Miss Table is going to be dyed like this?" The shopkeeper really didn't understand the meaning of Weiyuewu, looked at his clothes, and looked at Weiyuewu.

Chapter 46: Rob, the clothes that everyone likes

"Yes, the troublesome shopkeeper is dyed this color. Early the next morning, I asked the painting to come to get it, but if it is time, someone must buy it, or you can give it to others." Wei Yuewu blinked. Blinking long eyelashes, standing up and smiling with a pointed finger.

"Will the watch be smaller?" The shopkeeper looked at Wei Yuewu and asked.

The clothes are obviously not fit, and the ready-made dresses often fit the figure of most people. The Weiyue dance has not yet grown, is too small to support the clothes, and even drags the hem to the ground. ...

"No, it's all right." Wei Yuewu shook her hand.

The shopkeeper really does not understand the meaning of Weiyuewu, but although watching Weiyuewu is small, there is a style of everyone in the act, and the inexplicable one should answer it. Immediately, someone will be asked to dye the color. It must be tomorrow Let Hua Fei see this new dress.

Here the Yueyue Dance also re-entered the carriage, and took away something that looked somewhat like, but a closer look was not the same clothes. The carriage walked slowly to Huayang Houfu. Difficult for her, Gu Zi took the person to go first, and Wei Yue Wu was able to get on his carriage safely without being watched.

Then I went to a pharmacy and bought some medicinal materials. Wei Yue Wu needed some homemade medicine powder!

After the carriage entered the gate of the house, they stopped in the parking lot of Huayang Hou House. The two girl rings followed Wei Yuewu and seemed very excited.

"Miss, that dress is really beautiful, and it's a big red. It's a good match for Miss, Miss is Miss Hou of Houfu, who can wear it if you don't wear it?" Shufei advised with a smile. .

"Yes, miss, this dress is really beautiful. It's more beautiful than the one made by Mrs. Tai. If you go out in such a suit, you will definitely be a blockbuster." Keep nodding.

"But there is grandmother ..." Wei Yuewu's face showed some difficulties.

"Miss, it doesn't matter. You only need to take Mrs. Tai's clothes, first wear the beautiful ones, and then bring Mrs. Tai's ones. This is considered respecting Mrs. Tai." Think of it.

When going out to a banquet, of course Miss Shijia will bring an extra set of clothes to avoid any accidents at the banquet and have to change clothes.

"Isn't this okay?" Wei Yuewu still hesitated, but she was very moved.

"What's wrong, miss, slaver heard that there are several other ladies who have also gone. Miss, this is the first time you have attended such a banquet. What you have to do is to suppress all talents, that clothes will definitely make you shine. Extremely. "When Shu Fei said this sentence, he also deliberately looked around.

It seems to be avoiding people, but the road they took is the main road to the backyard. It's really not that easy to hide the words, especially Shu Fei mentioned several other ladies, there are several The girl ring passing by paused at her feet and eased.

"Miss, if you wear this dress, it will be at least more beautiful than Miss Er." It is more direct at the end of the painting. Seeing that Wei Yuewu has been slow to respond, she simply went straight to the subject, "You wore such clothes and appeared in Before his death, Jingyuan Hou must have remorse.

I do n't know if it 's more beautiful than Wei Yan, or because it is necessary to make Mo Huating's guilty intestine, Wei Yuewu thought for a while, and finally nodded, and said softly: "At the end of the painting, you go to the morning the next day Buy some clothes and go early. "

"Yes, ma'am, don't worry, slaves won't be in trouble."

The day after tomorrow is the day of the banquet. When I get the clothes and wear them, I can no longer compare them. We can see how much I like the clothes, or how beautiful I am with the clothes.

Therefore, when these words passed through Weihuan to Wei Yan's Wei Duo, Wei Yan immediately exploded. She was even more beautiful than herself, and Mo Huating's guts were all green. Where did this little **** come from? I dare to say such things, throwing down the Buddhist scriptures transcribed in my hand, I was going to find Weiyuewu on the spot, but I was tightly held by the **** and Shuiyue around me.

"Miss Er, you can't cause trouble right now, Mrs. Tai has loosened up. If you make trouble again at this time, you really can't attend the banquet. By then, Miss 6 will say something to Mrs. Tai, and you will suffer It's Xu's surname Xu. At this time, Wei Yan was pulling the sleeves of her sleeves, for fear she would rush out without regard.

Knowing Wei Yan's temperament, at this time, if you persuade, go all the way to the knife: "Miss Er, think about this time, if you let Miss Liu really go out alone, if you and Jingyuanhou go out again, But something really happened, so you have to put up with it and wait with Miss Liu that day. If you are there, Miss Liu will not dare to say anything. "

Xu Xun's heartfelt persuasion.

"This little **** compares to me." Although Wei Yan was pulled down, she still hated her. She had always been arrogant about her looks. She was also a famous beauty in Beijing, the thin and dry little girl. She said she was more beautiful than herself, how could she bear it.

With a flash of eyes, I suddenly thought of the key point: "Xu Yan, the morning after the day after tomorrow, you will be followed by the girl ring of Weiyue Wu, be sure to grab it in front of her, take down the clothes, even if you tear the clothes It's okay, you want to grab my limelight, do n't even think about it! "

Of course, she couldn't let Wei Yuewu wear the clothes she liked outside, not only because the clothes were heard to be beautiful, but also her mother and elder sister's calculations inside. How could Wei Yue Wu not wear it for her? The "chosen" clothes!

Wei Yan sneered, she was still waiting until that day, watching Wei Yuewu be shameful!

"Miss, rest assured, the old man knew that the person who was staring at Miss Liu early in the morning the next day must grab the clothes from Miss Liu." Xu Zheng nodded, she was Li's confidant, and I have been with Wei Yan since I was a child, and of course I know Li's and Wei Yan's calculations.

In any case, Miss Liu must also put on that special clothes.

It was very fast in the next two days, and I went out early in the morning, called a pony in the house, and rushed into Jinyi. He entered Jinyi, and he came over to greet him that day. The shopkeeper, when the clothes arrive at the end of the painting, just act as an ordinary customer.

The clothes were taken in front of the painting, and the big red background with a light color was really beautiful. Even if the painting did not like this big red color, it also gave a stunning feeling to the clothes, and this style It is also the latest, making the whole clothes immediately vivid and beautiful.

"Just this clothes, I ..." Before the words of Hua Fei were finished, a hand suddenly stretched over the side, a voice, with a bit of pride: "This clothes are so beautiful, our lady wants them, how much money?"

The painting turned around and saw a girl ring that was also dressed up, and immediately got a little annoyed: "This is what our lady first liked."

"Did you fancy? Did she pay for it?" Yahuan dismissed the painting and asked the man.

"No ... I haven't paid yet." The man looked at both of them, scratched his scalp, and said honestly.

"Then we'll take it." Yahuan didn't ask about the price, took out a silver ticket, handed it to the man, and picked up the clothes and then went away. There wasn't even a few words about the painting, this new clothes. The skirt didn't let the guy help to organize.

The man looked at the silver ticket in his hand, and then looked at the clothes. Without talking, the price on the silver ticket would far exceed the clothes.

Hua Fei angrily watched the girl ring leave, stomped her feet, looked at the man, seemed to want to say something, but opened his mouth and felt nothing to say, turned around, and ran out in anger. Everyone could see that the girl ring was furious when she got on the carriage guarded by the door.

The clothes were laid in front of Wei Yan. Looking at the clothes, Wei Yan was immediately attracted, not only the color she liked, but also her favorite color, and this style, which she had never seen before.

"I'm wearing this dress today." Without much hesitation, she liked the dress at a glance and raised her head proudly.

She has been desperately courting Mrs. Tai, and Mrs. Tai finally let loose and asked her to attend the banquet, but Li didn't go, and Li's face was burned. At least for a while, she couldn't go out to the banquet.

So this time, Zhang took the ladies from Huayang Houfu to the banquet.

"Ms. Er, the clothes you picked earlier were chosen by you, Mrs. Er, no matter the style or appearance, they are all the latest and the most beautiful." Xu Yan looked at the clothes on the table with no confidence. , Always feel a little unsafe!

"I'm going to wear this, and let Wei Yuewu see the clothes she likes, what will happen to me!" Wei Yan just thought about Wei Yue Wu seeing her clothes in her clothes, and put on her own body, The whole person who was certain of anger was stunned and immediately felt excited.

Seeing Wei Yan's stubborn need to change this dress, Xu Yan had no choice but to let her put it on, reorganize it, and dress up.

There Zhang Shi took Miss Four and Miss Five waiting at the gate of the house. Wei Yuewu was not slow. The last one was Miss Hua Yan. When she saw the pale pink clothes on Wei Yuewu, There was a glimmer of pride in his eyes, and his chest was deliberately raised, and he became even more happy when he saw Wei Yue dancer's lowered face.

A glance across Wei Yuewu, Gu Zi stepped onto the carriage.

There were three carriages. Of course, Zhang and Ms. Si were a carriage, and Wei Yan took one. She originally wanted to follow Ms. Wu, who looked at Wei Yan's face, and a hint of jealousy flashed in her heart. Because I am a niece, I have to share a car with my niece.

Poor Baba came to Weiyuewu: "Sister Six, how about I go with you in a carriage?"

"Sister Five, come up together." Wei Yuewu was on the carriage, heard her voice, turned her head, and nodded kindly.

So Miss Wei Qiuju got on the last carriage with her.

The three carriages walked slowly together and headed for Nan'an Wangfu. Today they posted a post to invite them to dinner, which is Nan'an Wangfu, the son of Nan'an Wangfu, also Wei Yan's brother-in-law.

Chapter 47: Peeping, Accident at the Flower Gate

The carriage directly entered the Nan'an Palace, and stopped in the parking lot in the backyard. Most of the family members' carriages came in directly and stopped here.

Outside, the men's carriage stopped at the gate. When they got out of the carriage, the carriage entered the side door.

Huayang Houfu's party got out of the carriage and immediately followed in a large group of Miss Family. Today there are many people. King Nan'an is the emperor's brother and has trust. Enjoying these honors is also Yes, almost all the big families in this capital have come.

For a while, there were two beautiful figures leading to the hanging flower gate in the back garden. The slang slang was very seductive. No one noticed that there were two figures on the side of the hanging flower gate, near the rockery, A fat young man in a gorgeous robe was picking up on the tree, standing at the rockery, picking up the rock of the rockery with one hand and looking down.

"Shizi, come down, you come down quickly. If you don't come down, the prince and princess will kill the slaves for a while." Followed by a small uncle, he hurriedly whispered.

Wen Ruoming, a son of Wang Wang of Nan'an, was unwilling to come down anyway at this time. How many young ladies walked down below, how could he be willing to sneak down to Liuhua Lane, a flower street, and provoked the father and mother, Even Wei Fengyao was angry with him, so that he couldn't appreciate the beauty.

This will see so many beautiful beauty, how willing to come down like this.

"Shut up, if someone finds Grandpa here, Grandpa can't spare you." He whispered back, of course he didn't dare to speak loud, but such a voice is enough for Jinling below to hear.

Looking up, I saw Wen Ruoming, who was blocked on the rock of the rockery, immediately moved and blocked Wei Yuewu. Wei Yuewu was originally small and had not yet opened the body. At such a stop, the bell suddenly became very tight.

Wei Qiuju, who walked with Wei Yue Wu, saw a timid and charming look when she saw people. Although her eyebrows were not very delicate, it could arouse the pity of a man. It happened to be fat. The fat world son Wen Ruoming, who is also the most pitiful and cherished, looks at this glance, and the lady in front of him feels very much in his mind.

However, he also knows that all the family members who came here today did not dare to make trouble, so he just looked at himself. At this time, Xiao Yan was tight and had to come down. At this time, he should go to the front to meet the guests. If you go late, you will be scolded by your father and king again.

Nothing but this grandfather had to leave reluctantly.

Everyone who passed the Xinghuamen Gate did not find this little accident. Only Wei Yuewu was aware of the sound of Jin Ling because she was alert to Jin Ling's move.

"Who is it?" She didn't look up, only whispered to Jin Ling, and on her way to the capital, Wei Yue Wu knew that Jin Ling was not an ordinary girl ring.

"Slave didn't know who it was, but when I heard that little sister named Shizi, he was a fat young man." Jin Ling also said in a low voice.

As soon as she raised her eyes, she had clearly seen the man above.

The fat young man is the son of a child, peeping at the female family members at the weeping flower gate of the Nan'an Palace? Wei Yue Wu groaned for a moment, and felt that the most likely one was the son of the King of Nan'an, that is to say, his elder brother-in-law, silently evoked a taunt of ridicule, it seems that Wei Fengyao's life in Nan'an Wangfu was too good So, I will conceal myself with Li's mother and daughter ...

At the flower hall of the inner courtyard, Wei Fengyao was accompanied by her mother-in-law Princess Nan'an to treat some guests. From time to time, she looked up and looked outside. For some time, the people of Huayang Houfu should come.

In his own Nan'an palace, to deal with a Weiyue dance that came only from the countryside, in fact, I really do n't need to spend too much thought, that is, my mother repeatedly told me, and I let people come over to tell myself, push the matter of the material, When it comes to her mother-in-law, she only means mother-in-law.

In fact, it's really nothing, even if a girlless and ringless girl ring is better than rumors outside, what can you do? It can really overturn the previous rumors.

"Mrs. Three came here with four young ladies." One of Wei Fengyao's henchmen came silently and whispered in her ear.

Wei Fengyao nodded, knowing that she was looking to the door with a smile, and she was seeing her three-year-old Zhangshi bring several sisters, so she greeted her with a smile, always her own family, even her mother Did not come, this is decent, she still wants to give.

Wei Yuewu walked in the end. She was originally the smallest and she was thin and thin, so Wei Fengyao didn't see her for a while. I had to wait for Zhang to introduce her to her, and she could see Wei Yuewu's cheeky face. It was the glaze above, and Wei Fengyao couldn't help but choke.

Is this the talentless Weiyue dance? It's ... too bad!

At the same time, there were other ladies and young ladies. This was also the first time Wei Yuewu appeared in front of everyone. Looking at the six young ladies in Huayang Houfu, no one could say the word "faceless" If you look like this, you are still "faceless". Who else is here?

Huayang Houfu is also very good at spreading. Such a beautiful little girl did n't know how to pass it into "incompetence and innocence". Since "invisibleness" is ten thousand miles away from reality, the so-called "No talent" is also not credible. I knew that the original Huayanghou lady, but a stunning beauty, how could there be no "faceless" daughter.

It seems that inside Huayang Houfu, she really didn't like the former Mrs. Huayanghou, otherwise a beautiful lady who fell in that house is the focus of hard work. Where would she be born in the country? Moreover, such a reputation has also spread. Of course, Wei Yuewu's appearance today can be regarded as breaking previous rumors.

"This is Sister Six. I heard that Sister Six came to Beijing early, and I didn't have time to go back and look at it during this period. Now I see Sister Six, and she is such a lovely sister." Wei Fengyao is not Wei Yan, At this time, even though she was surprised, she immediately changed her attitude in the attitudes of the people around her and smiled and pulled up Wei Yuewu's hand.

With a look of joy, it was as if I were really glad to see Weiyue Wu here. When referring to Weiyue Wu, it was only described as "cute", without mentioning the slightest appearance.

Wei Yuewu has been staring at Wei Fengyao. She was shocked when she saw her, but immediately reacted. The intimacy really made people feel that the Nan'an concubine really saw her new arrival. The girl was happy, and sure enough, Wei Fengyao was more difficult to deal with than Li's mother and daughter.

"Sister Six is so cute, the four princesses must like it. The fourth princess still talked about you!" Wei Fengyao said, turning his eyes on Weiyuewu's clothes, and smilingly turned to the girl ring on the side, "Go and see The fourth princess said that my six sister was here, and she just said that she would meet her.

"Did Princess Shi forget? Only the Princess Four said that if Miss Wei Liu came, she would be taken to the garden in front of her, and she and all the other ladies were all over there," Yahuan said swiftly.

"I can't go now, there are guests, sister six, I'll let you take you there, okay?" Wei Fengyao looked at the guests around in embarrassment. She is the host today and can't leave for a while, which is normal. of.

"Sister, I know Lu, I'll go with my six sisters." Wei Yan jumped out and said actively, her purpose of coming today is to see how Wei Yuewu can be shameful.

"Three sisters, four sisters, how about you?" Now that Wei Yan and Wei Yuewu have gone, Wei Fengyao naturally wants to ask what the other two mean.

Wei Qiufu shook his head and laughed softly: "I'm here with my mother, I don't want to go to this fun."

Wei Qiuju originally wanted to pass by, but she could n't see Wei Qiufu. She knew that she was a niece, and the hostess and niece would not go. It was inappropriate for her to be a niece. , But still shook his head, "I'm here with my four sisters and mother."

Therefore, only Wei Yan accompanied Wei Yuewu to the flower garden.

The garden of the Nan'an Palace is very large. Although it is winter, there are not too many flowers and plants to admire, but the small bridges and flowing water, strange stones protruding, also have their own unique elegance.

Turning around an intersection, Wei Yuewu saw a group of noble ladies coming in front of her. What attracted her most was that the first one, fifteen or six years old, was wearing a pale pink dress, which was extremely eye-catching and stood still. The position is in the middle again. At a glance, I know that it is the character of the stars and the moon.

Looking at the clothes that were almost the same as his original clothes, Wei Yue Wu's eyes jumped unconsciously. This should be the four princess Wen Cai, born of Queen Tu.

This area is all water towers, so it's a coincidence that they faced a small bridge.

When Weiyuewu saw them, they also saw Weiyuewu, especially the clothes on Weiyuewu. At first glance, the clothes looked really similar to the clothes of the four princesses.

"Dare to wear the same clothes as the four princesses."

"Which lady is it, why haven't you seen it before?" ... Several young ladies who followed the four princesses talked lowly, marveling at Wei Yuewu's unopened eyes, while secretly looking at the four princesses on the side.

The big family almost knows what kind of clothes the four princesses will wear. Even the small family, they secretly inquire about it. Why are there so many people who are so out of touch, they really hit the four princesses.

The four princesses have always been famous in the capital for being arrogant and unrestrained! I hate people for provoking her and getting angry, so it doesn't matter which family you are. The lady of any house, even the favored princess, has been punished by her. This temper is said to have not even made the queen maiden Method.

Sure enough, the dress of Weiyuewu was clearly seen, and the four princess Wen Caiyi stared at Weiyuewu with a poor look. In her opinion, this was provocation, a kind of provocation against herself, especially when she saw Weiyuewu exquisitely as far away as the mountains. The ordinary eyebrows, more and more feel uncomfortable looking up.

Raise your legs aggressively and come over to them ...

Chapter 48: Who made the accident

"Ah, sister six, why are you wearing the same new clothes as the four princesses, aren't you telling you not to pick such a thing? You ... you're too much." Wei Yan covered her lips with her face and covered her face. The shock seemed to have just discovered the fault in Wei Yuewu's new clothes, and rebuked Wei Yue Wudao.

It can only be said that at first glance it looks like herself, and Wei Yan has a preconceived judgment. Moreover, at that time, she only glanced around Li's side, and did not notice the gap between the two skirts. There is no small gap.

"Different, isn't it?" Wei Yuewu was also surprised by her kimono, looked at the four princesses, and looked at her, saying with less confidence.

"Of course it's the same. How can it be different? You look at you so that you don't pick materials of that color. If you don't listen, you must compare colors with the four princesses and shirts!" In this case, Wei Yan said. However, it really meant to add fuel to the fire, indicating that Wei Yuewu was deliberately tempted to hit the shirt with the four princesses.

In order to increase the authenticity of the matter, she deliberately raised her nose and smelled it: "Sister Six, the incense you smoked above is actually the same as the fourth princess. How can you do this, although this is the first time you appear in front of people, but you don't have to grab the limelight of the four princesses. "

These words were deliberately pressed down and lowered her voice, but this so-called depression can still be heard by many people present.

In fact, the four princesses were still a distance away from them, but Wei Yan deliberately made such a smell. Of course, it was also because Li told her that the incense on the dress of Wei Yue Wu is the one that the four princesses use most often.

This is the first time that Wei Yuewu has attended a banquet in the family of Jingzhong. It is understandable to want a blockbuster, but if you want to step on the four princesses, that means you want the four princesses to be her stepping stones.

This is not what provocation is, completely disregarding the honorable status and status of the four princesses.

"Your incense is actually the same as me? You ..." The four princess's face became harder and harder, staring at the Yueyuewu, and the **** eunuchs who followed him, also looked bad.

"Four princesses, I'm sorry, my six younger sister only entered Beijing and didn't understand anything. I didn't mean to provoke the four princesses!" Wei Yanji stood in front of Weiyuewu, accompanied the four princesses with a smile, and cared about her family. Image of sister's good sister.

She had a good reputation outside before. Everyone knows that there is a "no talent and no appearance" Miss Six in Huayang Houfu, and there is also a "talent and beauty" Miss II. Well, it is said that because of the second lady and the proposer, Huayang Houfu stepped on the threshold.

"Wei Yan ..." The four princesses turned blue.

"Four princesses, I know, I know, I will definitely apologize to the four princesses for the ceremony." Wei Yan was so proud of herself that she interrupted the four princesses.

"Second sister, I don't have it." Wei Yuewu said softly behind Wei Yan, with a blank expression on her face, blinked black and white eyes, and looked at herself, it seemed a little dumbfounded.

"Well, don't talk, where is the second sister!" Wei Yan simply didn't allow Wei Yuewu to have a chance to argue. At this time, she softly scolded her, and smiled at the four princesses: "Please forgive the four princesses for the six sisters Young ignorance, she really just wanted to attract others' attention through the four princesses. "

In a word, the title of Weiyue Wu was said to be based on the potential of the four princesses, so she deliberately stepped on the face of the four princesses.

Wei Yuewu sneered, Wei Yan convicted herself for the four princesses, and did not give her a chance to argue at all. The fourth princess spoke several times and was interrupted by Wei Yan. This is to make the fourth princess angry. Substorms have started.

"You have ..." The fourth princess nodded to let Wei Yueyan pass by, and there was a Wei Yan across them, and it was extremely inconvenient to talk, and the fourth princess would also find the one of Wei Yuewu, it is obvious It is different from herself. As for the incense that Wei Yan said, when she approached it, she was different from herself.

"Four princesses, please let go of six sisters. She really arrived in Beijing for the first time, and she doesn't understand anything." At this time, Wei Yan just wanted to keep the four princesses from talking, and then sent out her rampant violence, of course, she hit again. After breaking her words, she looked at her with an imploring look, and also pulled the guard Yue Yue behind her, pulling it forward.

"Sister Six, you tell the four princesses that you won't do it again next time. Please beg the four princesses to spare you!"

"Second sister, I don't really have that. Didn't you pick that skirt?" Wei Yuewu's voice was very low. At this time, Wei Yan was fully absorbed, and her attention was on the four princesses. His face was blue and red, and his heart was overjoyed.

While pulling Weiyuewu, he also deliberately pretended to want Weiyuewu to apologize. He didn't notice what Weiyuewu said at all. As long as he pulled Weiyuewu in front of the four princesses, the angry four men were mainly angry. , Will push Wei Yue Wu to the side of the pond, that suit can really make people look at jokes ...

This is what she planned in her heart, and the pulling is getting more and more forceful. In Wei Yan, I want to come, Wei Yue Wu is a thin girl, if you pull it a little, you can pull her over, but unexpectedly, Wei Yue Wu, the girl Long and small, so strong.

Actually, it's not that Wei Yuewu has a lot of strength. Jin Ling is holding Wei Yuewu's other hand. Compared to Jin Ling, Wei Yan's strength is really not proportional to her. Pull Weiyuewu to the four princesses and let her push down the pool to get out of breath.

During the tug, the two sisters actually bumped into the four angry princesses who were angry, and knocked her a few times. The four princesses really broke out. They reached out and pushed the two of them, and raised eyebrows Vertically, angrily: "Bold, dare to hit me on purpose."

Wei Yan had been following Wei Yue Wu before, Wei Yue Wu was with Jin Ling again. Jin Ling was most jealous, and when she saw the four princesses moved, Jin Ling immediately pushed Wei Yue Wu to her side. Tugging, his right foot stretched out to Wei Yan calmly.

This is how the accident happened.

The four princesses pushed fiercely, Wei Yuewu was caught by her own ring, stumped and fell out, and was almost hit under the bridge, but fortunately she was caught and Wei Yan on the other side was not. So fateful, the girl ring behind her didn't have time to hold her, so she watched her go straight to the side of the bridge.

The crowd only heard a "thump" and watched Wei Yan fall into the pool.

"Quick, save people." Someone screamed quickly. Wei Yan's identity was not low. If something really happened, no one could afford it.

Hearing the screams, several women in the vicinity of the nearby Nan'an Mansion immediately jumped out of the water.

When Wei Yan was pulled ashore, Wei Yan couldn't even say a word, her lips were pale, and she would be pale.

"Look, Miss Wei Er's clothes!" Suddenly someone screamed, and everyone looked at Wei Yan's clothes together, all of them looked weird.

Wei Yan has been soaking in the water for a while, and after so long, the color on her clothes has been washed away a lot. Bring a large piece of paint.

And behind the red paint, the color of the clothes revealed is actually exactly the same as that of the four princesses! Before, everyone's attention was all on Wei Yue Wu's body. At this time, it was discovered that the style of Wei Yan's clothes was exactly the same as the four princesses!

What is the situation now?

Rushing away the big red color above, Wei Yue Wu's clothes are obviously the same style as the four princesses.

Well, before she did something, she didn't say that she intentionally tainted Weiyuewu.

The reason why the clothes with the same material as the four princesses were slightly stained with other colors outside, does it mean that the four princesses are ridiculed to be blind?

Someone immediately remembered that the four princesses had said something that they did not like Wei Yan before.

Wei Yan not only suffers from virtue, but also dares to challenge the four princesses secretly ...

Some things, in fact, can't stand thinking, the more you think about it, the easier it will be to get people to the heart. There are some unreasonable places that require little explanation and others will do it for you.

The four princesses were also frightened by Wei Yan suddenly falling down the river, and Wei Yan's identity was not low. What really happened was not very good, but she looked angry. The panting got thicker, and felt that Wei Yan was provoking herself deliberately, and rushed to face Wei Jiao's Jiao Didi's face, which were two severe slaps.

Wei Yan would be cold and panicked, her face pale, her lips clumped together, and she hadn't figured out what had happened. The two slaps of the four princesses hit her, and she fainted immediately. It's a mess again.

Wei Fengyao was entertaining the guests. The gentle and graceful image of the concubine in the manner was very praised by the guests in the hall. One by one said that Princess Nan'an had really married a well-dressed and decent daughter-in-law. Blessed people, Huayang Houfu's daughter, are indeed brilliant, especially the sister-in-law of the world concubine.

A girl ring, rushed in so quickly: "Second concubine, it's not good, Wei Er ... Miss Er passed out."

She was panicked and scared, her tongue was knotted, and she fell into Wei Fengyao's ears, just as if "Miss Liu passed out."

Of course, Miss Liu is Wei Yue Wu. This girl ring is also the one she sent to lead the way. In such a big winter, she fell into the river, and it was cold and shameful. It's normal to live and faint.

"What's going on? What happened, six sisters, how can they faint?" Wei Fengyao's face showed a startled look, and the tea cup in his hand also fell to the ground.

Immediately attracted everyone's attention. The ladies and ladies in the hall stopped their words and looked at Wei Fengyao.

"The princess is not good. The second lady and the fourth princess of Huayang Houfu had an argument and fell into the river." Another woman ran in, and this time she reported to Princess Nan'an. The former girl ring was much smarter, and the four princesses were also ordered.

The fourth princess was born to Queen Tu, whose status is different. The second lady of Huayang Houfu dared to quarrel with the fourth princess. After a strange quiet, the flower hall immediately became noisy.

Wei Fengyao's hand was stunned, his body shook, and he hurriedly reached out to support the table, so he did not fall on the spot.

Chapter 49: Whose clothes are they?

After something happened in the back garden, Princess Nan'an could still sit there, and immediately took everyone all the way to the garden. After standing firmly, Wei Fengyao glared sternly to the side, and the whole person shivered. .

The girl who was staring at Huanhua didn't dare to lift her head. Things have changed so much that she had never expected. Who would have thought that the designed Miss Wei Liu did not fall into the river, but instead Did the designer Wei Er fall into the river? And the main thing is, what about Miss Wei's clothes?

This ... This is really different from the original concubine!

"Mrs. Three, what's the matter with your Huayang Houfu, it's just a matter of hitting my clothes. Why do you still apply dye on the clothes I like and dye them in such an unrecognizable way?" The inner four princess Wen Caiyi, sullen, pointed at the dripping clothes without asking, asking.

"This ..." Zhang felt very innocent, and she really didn't know anything, so this time, she had to turn her eyes to Wei Fengyao for help, "Shi Zifei, look at ..."

"Sister Six, it is you that you harmed me. This clothes is yours. It must be you who wanted to harm me, so you intentionally framed me." Wei Yan had already slowed down at this time, but she still seemed to have a few Sitting dumbly on the bed, covering his quilt, his eyes fell on Wei Yue Wu, who suddenly screamed frantically.

"Sister Six, what's going on?" Wei Fengyao sank and turned to Weiyue Wu.

Wei Yuewu looked at Wei Yan, her eyes calmed a little, and shook her head: "Sir concubine, I don't know what the second sister meant?"

"You ... must be you. No one except you hates me so much. It must be you who hurt me, Weiyue Wu, you ... you ..." Wei Yan was almost irrational by what happened suddenly today, At this time, they did not care about the presence of everyone, and opened their mouths to scold Wei Yuewu, but Xu Yan beside her felt that it was not right, and immediately pulled her sleeves to stop her from continuing.

"Second sister is very strange. You didn't do anything to regret me. How could you say that I hate you the most? What do I hate you? I just came to Jingcheng. What did you do that actually made me hate it so much?" Wei Yue Wu Frowning, his eyes asked gently.

"You ..." Wei Yan couldn't answer, so many people were there, she couldn't say anyway, she wanted to be with Mo Huating, so she vilified Wei Yuewu so much that Wei Yuewu couldn't wait to see her It 's why she hurt her. What she thought of at this time was this dress, which was originally Weiyuewu. If it wasn't Weiyuewu, she would never change clothes temporarily.

Not to provoke the anger of the four princesses, Wei Yan still feels drowsy, and it is not clear what happened, but for one thing, she is still very clear, everything is in Weiyuewu Body.

"It's you. This clothes is yours. You made me take them." She couldn't explain now, but could only stare at Wei Yuewu fiercely. She must have done it with a bite.

Anyway, in this case, even if he killed Wei Yue Wu, Wei Yue Wu can prove that it is not impossible.

"Liumei, why did you harm Ermei? Even if the two of you are a little bit disagreeable, it's just a trivial matter in the boudoir. Besides, you only entered Beijing, and how much resentment you can have with Ermei, how can you do that? Such a thing?" Wei Fengyao listened to Wei Yan's words and immediately took it, looking very sad, watching Wei Yuewu.

Since things have changed so much, it's best to push on Wei Yue Wu at this time.

Therefore, the two sisters poured dirty water on Weiyuewu together. It is also expected that Weiyuewu could not prove that he was innocent.

Watching the two sisters sing a harmony, as a matter of course, Wei Yuewu sneered in her heart, but her face was inconspicuous, and said coldly: "Why is Mrs. Shizi so sure that the second sister is telling the truth?"

"Ermei has always had a good reputation. How could she say such tainted words?" Wei Feng Yaoyi said severely.

"Elder sister has always had a good reputation, so no matter what is said is right! And when I came to Beijing, I already had a reputation for being incompetent and indifferent, so what I said was wrong. Shizi, but I want to say this Wei Yuewu laughed softly, but his eyes were cold.

This will be step by step, faintly makes Wei Fengyao have a bad feeling.

Princess Nan'an on one side, her face sank, her eyes fell on Wei Fengyao, and a hint of doubt flashed under her eyes.

Seeing her own mother-in-law also suspected herself, Wei Fengyao's heart screamed badly, but she was not Wei Yan, settled a little, her face showed a somewhat difficult look: "Second sister, sixth sister, what is the matter, actually, I It's not very clear. It's better for you to go back to the house to discuss it. It's always your own sisters. If there's anything you can't say, why do you have to get into trouble? It's a bit ugly."

What she said was still fair, as if she wanted to suppress the family ugliness, but with Wei Yan's testimony of Wei Yue Wu, if Wei Yue Wu did not face the crowd, she argued that this was a scam to her sisters. But it's not clear.

"Second concubine, since the second sister insisted that I frame her, she always showed everyone how I framed her." Wei Yuewu smiled slightly and pointed at the clothes on one side.

"That clothes is yours. It was yours. You originally wore them. You made me put them on." Wei Yan called at the direction of Wei Yuewu's fingers, and she cried out immediately. She didn't want to be Wei Fengyao. In the past and the muddy past, what she said before and what she did, now almost become the proof that she framed Weiyuewu and provoked the four princesses.

If Wei Yue Wu wasn't pulled into the water, she wouldn't face anyone after that.

"The second sister said that the clothes belonged to me?" Wei Yuewu didn't panic, and her eyes fell on the clothes thrown aside, now almost frozen to ice, and there was a hint of taunt in her eyes.

"Yes, you made these clothes. You made them. I just accidentally hit your plan, and I took your clothes!" Wei Yan was already on the string and had to say, Hate staring at Weiyue Wu angry.

"Second sister, are you sure that the clothes are mine?" Wei Yuewu asked again.

"Yes, it must be yours, it's made for you." Wei Yan also affirmed with confidence.

"Jin Ling, bring your clothes." Wei Yue Wu stopped paying attention to Wei Yan and said to Jin Ling.

"Yes, Miss." Jin Ling gasped over, picked up one of the clothes, and shook it vigorously in the air. Some clothes on the ice had been shaken away at this time, and immediately showed in the eyes of everyone. A full piece of clothes.

"If I wear such a big dress, I should be very relaxed." Wei Yuewu walked over, stood in front of the clothes, and made a gesture, pointing at the clothes and saying to herself, "The needlework room of Huayang Houfu, It shouldn't be so outrageous. Make two wrong clothes. "

Everyone looked at her finger like this, and at the same time, they showed Wei Yan a disdainful expression.

Obviously, that clothes is not just a little bit bigger than Wei Yue Wu, which has not yet grown up. If this clothes is really made for Wei Yue Wu, then Wei Yan can never wear them. The so-called Weiyuewu was made to order, and then the design was delivered to Wei Yan. Of course, it was all nonsense. It was clearly the second lady of Huayang Houfu House. After knowing that she was shameful, she wanted to push things all over this man. The delicate and weak Miss Wei Liu.

Re-associating with the previous behavior of Miss Wei Er, and repeatedly slumping Wei Yue Wu, the character is really despicable.

"Hehe, the really good lady that Houfu of Huayang really raised, actually dare to frame her sister in public in such a public way, and don't know where those good reputations came from, Wang Ye, the guest you invited this time, really Everyone please. "The four princesses sneered first.

She had been angered for a long time. Of course, at this time, she had an unreserved attack, and said coldly to Princess Nan'an.

This said that even Princess Nan'an felt shameless. She was so mature that she realized that her daughter-in-law had also stepped in there. She felt that her daughter dare to destroy her son's banquet here. Gave a glance at Wei Fengyao, waiting to speak.

Wei Yue Wu stepped forward suddenly there, and said to the four princesses a deep blessing, said softly: "Please let the four princesses be angry, and the second sister is also in a state of anxiety because of falling into the water. Forgive the princess, forgive her this time! "

Is this a statement for Wei Yan?

Everyone was stunned, one by one, they turned their attention to Wei Yue Wu, who behaved gracefully ...

Being able to make a clearance for Wei Yan under such circumstances, I have to say that Wei Yuewu is generous.

The eyes of the four princesses also fell on Wei Yuewu's face. After a little more examination of her eyes, she looked at Wei Yuewu up and down and suddenly smiled coldly: "Well, since you don't care about it, this time it's okay. If Wei Yan really likes my clothes, I do n't mind ventilating with Wei Yan the next time I attend a banquet, so that Wei Yan wo n't take any imitations and cause these things again, and then casually Climbing and biting others, making a big joke. "

The four princesses no longer ignored the crowd, and took the ladies from the family with them.

Princess Nan'an also stood up with a snorting cry at this time. Her face was not very good, she looked crooked, but her eyes were surprisingly bright, and she said to Wei Fengyao: "You go and see, the banquet can be Put it right, this is enough for today, but do n't make anything happen again. We never had such a thing in the Nan'an Wangfu on weekdays, but today it was a joke for others. "

After speaking, he ignored Wei Fengyao and left with his wife.

"Yes, my daughter-in-law will go immediately." After being stared hard by Princess Nan'an, Wei Fengyao knew about Wei Yan and provoked her mother-in-law. Where did she dare to say more?

Everyone else in the room saw that the master had gone, and all of Hullara went out.

Zhang originally wanted to stay, but her daughter Wei QiuFu pulled the sleeves and went out with him. Wei QiuJu saw that they had gone, and where would they stay? Followed.

Immediately, all that was left in the room was Wei Yan and Wei Yue Wu, and the girl ring between them.

"Wei Yue Wu, you are so vicious. This clothes was made by you, obviously you are the one who designed you, you bitch, you really ..." At this time, nobody was around, Wei Yan was anxious to express her anger. Only then did she dare to say any more, for fear of saying so, she pulled out a strong case of robbing Wei Yuewu of her new clothes.

Wei Yuewu stepped forward, smiled coldly at Wei Yan, then stretched out her hand, "snapped", and Wei Yan's words stopped.

Chapter 50: Let's see which lady is inside

Wei Yan could not think of the weak and weak Weiyue dance, beating her hands, covering her face with her hands, and staring at Weiyue dance with her eyes widened.

"Wei Yan, don't treat everyone as a fool." Wei Yue danced, and those black-and-white eyes oozed a strong suffocation, as if penetrating the heart, "You and Mo Huating It doesn't matter to me what the two are, but Qin Ruo died in the hands of your dogs and men.

That kind of look, so powerful, made Wei Yan inexplicably speechless, and waited for Wei Yue Wu to walk to the door with Jin Ling, and then she came back and shouted, "Wei Yue Dance, how dare you Hit me, and when I went back, I told my grandmother that my face was swollen by you. "

Weiyuewu stood still, turned her head, raised her eyebrows and said, "I remember that before, everyone saw the four princesses slap you two, but now they have come to foul me again. I don't know if my grandmother believes you. , Still believe the words of all the ladies just present. "

In a word, the face that made Wei Yan angry was trembling and trembling.

He bit his lip with a hate, waved his hand, blocked his breath, and swept away a cup of brown sugar tea on the side of the bed.

"Second sister, this is the eldest sister who specially prepared cold soup for you. Even if you are not satisfied, don't scan your mind!" Wei Yuewu glanced at the broken porcelain pieces that fell on the ground, With a cold smile, he turned his head and walked towards the door.

Jin Ling, who followed her, glanced at Wei Yan, who was wrapped in a quilt, with a bit of disgust in her eyes, and whispered, "Deserve it!"

Go out behind Weiyuewu.

In the room, Wei Yanshan glared at the back of Wei Yue Wu until she disappeared, and then waved at the girl standing on the side, slamming fiercely, "You are dead, don't look It dropped to the ground."
"

Seeing Wei Yan's almost deformed face, Yahuan was so scared that she didn't even dare to say anything, and hurriedly squatted to clean up.

Here Weiyuewu took Jin Ling to go out. I saw a cloister in front of the cloister in front of me and saw someone coming over. The lady hurried to aside and looked like she was going to clean up the flowers and plants in the yard.

Jin Ling pulled La Weiyuewu's dress, Weiyuewu nodded gently, and then the two walked slowly from the wife.

The mother-in-law was so proud that no one noticed, and turned around and went to Wei Yan's house.

"Hey, that woman, wait a minute, our lady has something to ask you." Jin Ling suddenly stopped the woman.

"Why ... what's the matter?" The mother-in-law had something in her heart, a little embarrassed. Although she didn't know the identity of Weiyue Wu, the lady who came today knows that if she is rich, she is not expensive, and dares not neglect.

"Miss Liu just fell into the lake. Now she is resting inside. You can get hot water from the basin to prevent us from getting cold." Jin Ling pointed to the room where Wei Yan was resting, because Wei Yan had fallen off before. When she got into the water, she was stunned by the four princesses and was taken to the nearby garden by the nearest. She randomly found a room and asked her to change her wet clothes.

"Is it really Miss Weiliu who is in the river?" The woman was surprised.

"Of course, what's wrong?" Jin Ling asked in a bad voice.

"Isn't it that Miss Wei Er fell into the river?" The woman was startled, and Nana replied, looking back, she seemed to want to see who was inside the door.

There are many legends outside. Some people say that it was the second lady of Huayang Houfu who fell into the water, and some people said that it was lady six that fell into the water.

"Bold, dare to curse our lady into the water." Jin Ling retorted.

"Yes ... Yes, I don't dare." The mother-in-law saw Jin Ling was so imposing that she did not dare to make a fuss. Her own concubine is the sister and sister of Wei Wei, so don't mess with Wei Wei at that time. The lady was unhappy and rebuked by her concubine.

Although the second lady looks a little younger, but there is such a momentum around a girl ring, she will definitely not be mistaken. The six lady will be raised in a small door and a small family. Where can the girl ring around dare to be so in Nan'an Palace? speak.

"Where is your mother-in-law, so unruly, she even asked a guest a few questions." Jin Ling's irrational side, with his hands on his hips, continued to ask along the tone.

"Slave ... Slave, it's from the outer courtyard. If something happened, I didn't dare to disturb Miss Six and rested, so I left." Now that I've inquired clearly, the mother certainly didn't dare to stay longer, and hurriedly said these words with her smile. , Then turned and panicly left.

"Miss ..." Jin Ling stared suspiciously at the back of the woman, always feeling that the woman was in trouble.

Looking at the direction the mother-in-law left, Weiyue Wu's eyes exuded a cold suffocation, and the corner of her lips inadvertently sneered: "Jin Ling, follow me."

With Jin Ling's skill, followed by an ordinary woman, of course, it is impossible to be found.

Since someone counts themselves over and over again, that's a coincidence. I really don't want to let them pass through like this ...

"Miss, you are here alone, what should you do?" Jin Ling looked at the somewhat anxious wife away, and said uneasily, today Miss brought herself alone, and there was no other person to serve beside Miss

.

This place must be the Nan'an Mansion. People who are unfamiliar with her life are not good.

Moreover, in Jin Ling's opinion, the concubine of the King of Nan'an was clearly unwilling.

"It's okay, I'm just in the pavilion in front, take a break." Wei Yüewu pointed her finger at a pavilion in front, the pavilion was on a rocky hill, half hidden, and it didn't look like it Far away, it is a good place to recognize.

A sneaky woman in the outer courtyard came in sneakily.

Jin Ling stared at the mother-in-law and left. Wei Yüewu boarded the rockery in front, came to the pavilion above, and settled down, ready to wait for Jin Ling to return here.

Because of the banquet, the family members who were afraid of the scenery were blown by the cold wind and hurt their bodies. Nan'an Wangfu was outside the pavilion and surrounded by a layer of curtains on all sides. It was surrounded on all three sides, leaving only one place in front. .

Ke Weiyue could not think of it, the tall buildings on the side are so close to this pavilion!

Even the sound of the upstairs on the opposite side seemed to be in my ear. Without this layer of veil, she should now be able to see that handsome and elegant face!

But now, Wei Yue Wu can only smile with a bitter smile and tell himself how clever!

It was a coincidence that she only went to the pavilion on this side, and a pair came up from the tall building over there. As soon as she heard the voice, she knew who the two were!

What's more coincident is that she is talking about herself, which makes her even more afraid to make a sound.

"I heard that when Yan Shizi came to Beijing, she was with Miss Wei Liu?" It was the third princess who spoke. Her voice was always gentle. Wei Yue Wu had heard it once and had already remembered it.

It is said that the king of Nan'an was respected by the emperor, and it was so, but two princesses came at once.

The pavilion is at the rockery. The rockery is not small. From the front, it is only faintly seen that there is a pavilion at the back, but I don't know that the pavilion is so close. The two places are almost tightly attached to each other.

With a few clear voices, an elegant voice came over, and it was quite careless: "The three princesses asked what to do with this? Could it be that the ladies in this capital care about the private affairs of men so much?"

Although it is winter, but there is a big sun outside, this place in the pavilion is blocking the wind, but there are still a few winds blowing, raising the fox fur cloak on the man, and the people on the opposite side are more and more affectionate, gentle and elegant. jade.

But in this gentle voice, what was spit out was an unceremonious taunt of the woman.

The three princesses blushed, and the papa in her hands was almost crushed, just to see that Yan Huaiyun's eyes did not fall on her at all, which made her a little bit more hated in her shame. Could she be better than that? The Weiyue dance without it is impossible.

"Yan Shizi, it's Caidie who has lost her voice. Caidie only cares about Shizi. She wants to ask Shizi that the road is peaceful. I heard that Miss Wei Liu has been thief along the way." The three princesses had to change to a less sensitive topic. , Continue to ask gently.

"It's okay! Three princesses. I saw the four princesses looking for you. You should go there first. His Royal Highness will come over for a while." Yan Huaihuan's expression was extremely gentle, and he

played the fox fur on his body, Lin Feng went to the other side of the pavilion, where the wind was so strong that he raised his clothes and grinned.

"The elder brother may meet for a short while, and I won't be able to come back. I'll stay with the son first. I will talk to the four sisters." The third princess laughed strongly, originally she wanted to follow it, but there was The wind is too great, if she walks past, her carefully combed bun will be messed up.

For the three princesses who have always paid attention to appearance and appearance, it is really an unconventional thing, not to mention she is unwilling to lose her dignified and beautiful appearance in front of Yan Huaiyu.

"No need, I like to be quiet, please return to the third princess!" Yan Huaiyu smiled with joy, but an invisible pressure emanated from his entire body, and one could not ignore it.

The curtain in the pavilion is actually not thick. Wei Yuewu saw it clearly through the curtain, and sighed inwardly. The gentleman of the kingdom of Yan, like a fairy goddess, although his voice was gentle and elegant, seemed to be kind. However, the coldness and ruthlessness implied in it, as well as the attitude of rejecting thousands of miles away, can hardly be ignored.

Speaking of this, even if the three princesses no longer have ideas, they can no longer accompany them, and they have directly ordered the guest to be chased. So they have to be filled with grievances, but the manners are still decent: "Then, the butterfly is leaving, no Disturbing Shizi. "

After the grievances of the three princesses left, Wei Yuewu still moved and did not dare to move. Why did you not hear the footsteps of this son?

She sat so dryly, afraid to have the slightest movement, for fear of shocking this son! He reached out and touched his leg, and found that his feet were a little stiff, and that when Jin Ling came over, he would certainly see him.

"Why, don't you ask me to sit down?" With a mildly lazy voice, as if behind him, Wei Yue Wu's eyes widened in fright, how could this voice be so close!
