

Young Lady 481

Chapter 481 The events of those days, turning out the garments under the tree

"Can I ... I go?" Aunt Yang looked at the granny sent by Aunt Dong, tears between her eyes, agitated.

"Of course, if Auntie wants to leave, it's still very convenient, our Auntie has already thought of a way back for Auntie, we're just asking if Auntie Yang is willing to take this risk?" The granny lowered her voice and asked.

"Good!" Aunt Yang nodded.

Such a reaction was actually within the mother-in-law's expectations, Aunt Yang's current situation in the mansion was obvious to everyone, and coupled with the letter that she desperately wanted to leave the mansion, anyone could have imagined that Aunt Yang was extremely reluctant to stay.

In the evening, the entire Huayang Marquis quiet, suddenly heard a place to come running noise, at first just a small piece, but then it is getting bigger and bigger, and even the dowager lady who is using the evening meal are alarmed, busy sending people to check.

A short while later reported that someone bumped into Aunt Winter, scared Aunt Winter fell to the ground, which has been asked to go to Dr. Ming, someone has been chased down, but the night, the person ran fast, simply can not see who, only said that the person panicked to the marquis lady's courtyard rushed in.

But Mrs. Hou's courtyard before the marquis sent word not to be able to casually enter, this will be a stalemate.

"Go, go take a look!" The dowager lady put down the bowl in her hand and commanded with a gloomy face.

Nanny Hong was busy coming over to help her, and when they arrived at the entrance of Madam Hou's courtyard, they found lanterns and torches at the entrance, bright as day, surrounded by a large group of subordinates, but they just didn't dare to rush in.

Aunt Dong's face was pale and was helped to sit on one side to rest, but she still held on and instructed the people around her not to allow them to rush into Mrs. Hou's courtyard at will.

Only when she slightly lowered her head, a trace of imperceptible smugness surfaced on her face, but in front of everyone, she repeatedly stated that she must not casually disturb Madam Hou.

"What's going on?" The dowager lady came over with Nanny Hong.

"Mrs. Tai, our aunt was rushed by someone, almost spoiled the little master in the aunt's stomach, the slave girls didn't see clearly who it was, they chased after it, I can't imagine that the person actually didn't explain, it was just a blindfolded head running wildly, and then I saw that she went into Mrs. Marquis's courtyard, now what to do, can still Mrs. Tai show down!"

The granny who followed Aunt Dong came up and replied eloquently.

"You are ..." The dowager lady looked at the somewhat familiar face in front of her, reached out and pointed, and couldn't call out for a moment.

"Mrs. Tai is following Aunt Winter's Sister Li, who has been at the border for so many years managing the mansion there for Marquis which!" Nanny Hong was busy explaining.

"Oh, yes, why did you come back?" The dowager lady asked in surprise, looking up and down at this Sister Li, she could not help but wonder, it was really that this Sister Li had not been back to the residence for more than ten years, every time Wei Lovin and the others went back to the capital, she stayed over there to take care of the border residence.

"Aunt Winter is going to have a little master, and now there is no decent caretaker by her side, so the slave girl will go back to the capital to take care of Aunt Winter for a while first." Sister Li explained with a smile.

The dowager lady nodded, fine narrowed up her eyes to look at a glance at Aunt Winter, the kind of coldness in the bottom of her eyes, even vaguely have a kind of malicious aura, scared Aunt Winter can't help but secretly winced, busy lowering her head.

"Open the door!" The dowager lady commanded.

Once the granny who guarded the door heard that it was ordered by Mrs. Taifu, where would she dare to close the door, open the door early, and the people who followed Aunt Dong over here rushed in, all rushed in.

"All of you be careful, don't touch or break anything in Madam's courtyard!" Aunt Dong stood up with one hand covering her stomach while anxiously saying.

"Auntie don't worry, the slave girls won't dare to rummage through Madam's things, they'll just turn around outside and not go into the house! When we find the person who dared to intentionally harm the little master in Auntie's belly, we will definitely punish her heavily!" Jin Zhu was busy supporting her and said, "Auntie needs to be more careful, before Dr. Ming told you not to be in a hurry and panic!"

"I ... am still uneasy, go in and take a look!" Aunt Dong shook her head and stubbornly followed the crowd into the courtyard together, and Nanny Hong helped the dowager lady walk in as well.

Because of Aunt Dong's words, that group of subordinates really didn't rush into the main house as well as the other houses, and all of them turned around in the courtyard outside.

"Huh, Fang saw a shadow go that way!"

"Chase, quickly chase over!" A large group of people in the heart of the people guided, came to the back of the courtyard under the big tree, such a large group of people over, and around the tree two circles, even the dust on the ground also stepped off a lot of people suddenly saw a hint of the color of the fabric, alarmed.

"What ... is this, quickly go and report to Mrs. Tai and Aunt Dong!"

Hearing that there seemed to be something underneath the big tree, the Dowager Lady walked over with Nanny Hong, and Aunt Dong followed along.

“Dig it out!” Seeing the corner of material exposed on the outside, the dowager lady’s face was grim as she said.

The dowager lady gave an order, immediately someone began to take something over to plow the soil, not long after seeing a tightly wrapped package appeared in front of the crowd.

“What’s going on?” A majestic voice suddenly appeared from outside the crowd, and the crowd turned around just to see Wei Lovin standing there, flanked by a bewildered Wei Yueyue Dance.

“Marquis, someone intentionally rushed out to hit Aunt Winter, fortunately the maids reacted quickly and pulled Aunt Winter, then that person took advantage of the darkness to run to Madam Hou’s courtyard, the dowager madam made to open the courtyard, but found that Madam Hou’s courtyard tree buried something underneath the tree, and just peeled it out to see that it was a parcel.”

Sister Li came forward and first gave Wei Lovin a respectful salute, and then retold what had happened.

Wei Yue Ming, however, did not make a sound and only looked at Wei Luo Wen, waiting for him to ask.

“What is that thing?” Wei Lovin said in a cold voice again, someone had already taken that package over and presented it in front of Wei Lovin, looking at the package, and the knot tied on it, Wei Lovin’s face immediately sank.

Standing on the side of the winter aunt face can not help but reveal a trace of complacency, only just a parcel to let the marquis so much anger, not in vain that year deliberately bought through the Qin Xinrui maid, the parcel to be burned to secretly hide.

Originally wanted to deal with Qin Xinrui, just before they found the opportunity Qin Xinrui died, fortunately, they have been hidden for so many years and did not throw.

Now with these, as well as their own at that time let someone imitation Qin Xinrui write that piece of paper, that bitch girl still want to good life in the Huayang Marquis House as the first daughter not?

After Wei Yuewu was driven away, this Marquis Hua Yang's residence would be the world of his own mother and daughter, mother and son from now on!

"Open up!" Wei Lovin said in a cold voice.

One of the boys beside him went over and opened the parcel with clever hands and feet, and immediately the crowd saw a set of navy blue man's clothes, and immediately murmured in a low voice.

"How can there be men's clothes in this ... this Marquis Lady's courtyard?"

"It looks like quite a bit of time, doesn't it, and look at the color of the crease there, it's obviously not the same as the rest!"

"What is Mrs. Hou hiding a man's garment for, is it not ..."

"This ... this ... this ... this ... this ... this ... this ..." There is an older granny with a pale face, her feet slightly shifted and Not into the retreat, hands and feet trembling appearance, immediately both attracted the attention of the crowd.

"Bring her here!" The Dowager Lady snapped.

Immediately, someone pulled this granny over.

"Mrs. Tai, it wasn't the slave girl who did it, it was Mrs. Hou who told the slave girl to do it, the slave girl didn't know anything!" The granny was pulled in front of Mrs. Tai and Wei Luo Wen, flopped down on her knees and cried loudly.

"What the hell is going on?" The scar on Wei Lovin's face twisted, a sign of his anger after a long day.

"This ... this ... marquis ... this ... "The granny stammered up.

"If you don't speak, you will be directly caned!" The dowager lady coldly said from the side.

This scared the granny the whole person paralyzed on the ground to cower up, "Mrs., this thing really has nothing to do with the slave girl, is the marquis lady commanded the slave girl buried here, the slave girl also asked why to be buried here, the marquis lady only said to let the slave girl don't care, since there will be someone to take, that will be the marquis lady has been sick, the slave girl did not dare to say anything, on buried it here."

"What, Qin Xinrui actually secretly hide a man's clothes!" Mrs. Tai was furious, she originally always disliked Qin Xinrui, because of Qin Xinrui bad things, this will hear that Qin Xinrui also secretly hide a man's clothes where willing to rest, "Say, this is which wild man's clothes?"

"Slave ... slave servant did not know, slave servant was just a rough servant girl in the courtyard of Mrs. Hou, although I have heard the sound of a man talking in Mrs. Hou's house in the depth of the night, but I don't dare to listen to it more for fear that if I know too much, I will lose my life, Mrs. Tai, spare your life, the marquis spare your life, the slave servant really what also don't know."

Wei Yuewu has been standing quietly behind Wei Lovin, listening to the testimony of this coarse granny, this will actually even hear the words of a man's voice in her mother's house, her eyes can't help but flash a hint of hostility, needless to say this person is of course Auntie Dong's arrangement.

Mother at that time is still the marquis wife, their own yard manpower have been sold by the winter aunt, a small aunt are so climbed to the mother's head, visible mother at that time in the mansion of the day how difficult it is.

"There's actually a man's voice, reversed, reversed, Boss, you see what to do about this!" The dowager lady's angry face was green, it was unthinkable that Qin Xinrui had actually fornicated with a man under her own nose, and she hadn't realized it, this was simply a slap in her face!

"Yes ... is the slave girl has heard it too."

"The slave girl also heard it at that time." Two more women in their thirties came out of the crowd to testify, needless to say, this should be the maids in the courtyard of Mrs. Hou back then.

Seeing Wei Lovin's face getting more and more gloomy, the veins on the head of the fire fork even stormed up, Aunt Dong's heart got more and more pleased, Wei Yuewu that bitchy girl can't get any better today!

Either she was secretly disposed of by the Dowager Lady, or she was driven out of the Marquis of Huayang Mansion!

"This ... doesn't look like normal men's clothing, right?" Someone in the crowd suddenly lost his voice, "Can this ... this garment be worn?"

Chapter 482 Aunt Yang is missing

Hearing her say this, the crowd was stunned, they couldn't help but look at the set of clothes, it was indeed a man's clothes, but when they looked closely, they could see that the set of clothes was a little too thin, as if it was a little child's clothes, but the length of this was that of a grown-up, and it would definitely not do for such clothes to really be worn!

"This ... this thread is still falling off, as if it was just randomly sewn!"

"The color of this thread is so new, it doesn't look like it's over ten years old at all!" Then someone else questioned.

Aunt Dong stared at that piece of clothing in disbelief, the clothing is clearly the set of Qin Xinrui's that she hid many years ago, no matter the workmanship or material is excellent, at that time, they also looked through, completely a normal man's physique, how could it become this in front of her eyes?

What the hell is going on here?

If it really wasn't, then the party's testimony would not only become a joke, but there was also the possibility of involving himself!

Aunt Winter began to sweat at her undershirt.

Before being disorganized, suddenly heard Wei Lovin's roar, stood up and shone at the previous out of the testimony of the mother-in-law when the chest is a foot.

This kick caused that granny's body to fall straight back, and then her eyes rolled over and she directly fainted.

Aunt Dong's heart more and more heavy up, palms slightly sweaty, originally thought seamless plan, now because of this crude clothing, immediately changed a taste, now even their own fear can not get out of the relationship.

"Marquis, what kind of person hid this ... dress here?" She had a shocked look on her face.

"Father, should we take a closer look, or will we find something?" Wei Yuewu softly suggested.

"Bring it here!" Wei Lovin snapped.

The boy sent the clothes to Wei Lovin in front of Wei Lovin, Wei Lovin looked over twice, sure enough that material is old, but the stitching is new, his own memory also has such a garment, but in addition to the color similarity, the other places do not have half a point of similarity, so rough stitching, coupled with the obvious new overly colorful, how to look at it does not look like Rui'er's things.

Finger belly below suddenly touched something, a little hesitation, then reached in, from the inside of the dark bag pulled out a note, see the above a few words, Wei Lovin angry face green.

Originally he had only suspected it was a coincidence, but now he was certain that someone was trying to frame Rui'er, no, it wasn't Rui'er it was Dancer, there was actually such a vicious person in his own mansion.

The dowager lady originally wanted to see, no doubt Wei Lovin's hand tightly screwed.

"Father, what's in your hand, let grandmother take a look, maybe it's a clue!" Wei Yuejiao didn't know where she ran out from, she came late and didn't hear the previous words, this time she saw Wei Lovin turn over the note, she couldn't help but open her mouth and reminded.

Originally this Aunt Dong did not allow her to get involved again, she will only be out of the incident, and then outside the jump, will certainly cause Wei Luo Luo angry, so she got the news after the incident is also late, but she is not willing to miss such a thing, so hurriedly ran over.

“What are you doing here?” Wei Lovin snapped.

“Father, I heard that Auntie was almost killed, I ... I just came to see.” Wei Yuejiao was reprimanded by Wei Lovin like this, immediately lowered her head na na na and explained, pushing the matter onto Aunt Dong.

It seemed to her that with the child in Aunt Winter’s womb, her father couldn’t do anything to her.

Hearing Wei Yuejiao direct the words to herself, Aunt Dong’s heart raced and she was about to open her mouth to explain, but Wei Yuewu grabbed her first.

“Aunt Winter, who in the world tried to harm you and then lured you to my mother’s yard, this is not about looking for someone? How come it’s crowded in mother’s courtyard to find something? Things that have been buried for so long, so easy to find?” Wei Yuewu took over the topic at the right time and softly said.

“Handmaiden ... handmaiden also don’t know what kind of person, or ... or just accidentally bumped into the handmaiden, handmaiden which will be so scared that she can’t even speak, really don’t know... . what’s going on?” Aunt Dong saw sweat on her forehead and said with apprehension.

The situation at hand was almost lopsided, but looking at how Wei Luo Wen acted, he knew that he doubted himself and immediately explained.

Clothes even appeared so big mistakes, this is how Aunt Winter did not expect, according to the original plan, a ring set a ring, the clothes inside the package, the note in the clothes, all of it, are many years ago, no matter who saw it, can prove that Qin Xinrui and people fornication, at that time, Wei Yuehu can not defend a hundred mouths.

But the situation at hand not only makes one think that this is a setup, but also suspects one's own self, after all, it is one's own who started this.

But looking at Wei Luo Wen's skeptical gaze, he knew that this would be a real suspicion on himself.

"Father, after so many years, who still wants to harm Mother? Mother has been dead for so long, but she is still so unforgiving? Although this dress is made of old material, the stitching is really rough, and what is the note hidden inside? Father, can you show me? I want to see what those people are trying to do to Mother. And who is Mother in the way!"

Wei Yuewu's eyes contained tears, and she took a handkerchief and wiped her tears, her face unable to hide her sadness.

Anyone who died at a young age, only to find out a dozen years later that her mother had been framed again, would be able to bear it.

As for who is in the way, Wei Luo Wen's heart moved, his eyes fell on Aunt Dong, although he also suspected the dowager lady before, but compared to Aunt Dong, Qin Xinrui nowadays does not have any hindrance to the dowager lady, and would not have spent her efforts to harm her.

The knot of the package, is the day Rui'er favorite knot, such a knot, not the average person can know, as for the navy blue dress is even more unlikely to be known, I heard that later Rui'er let the people to burn, this will be how to get an extra one to, clearly was then informed of the people.

The people in the know certainly included Aunt Winter.

"Check, who rushed Aunt Winter, look for them one courtyard at a time!" Wei Lovin gritted his teeth, he still didn't believe that he couldn't find anyone.

The dowager lady has not said a word until now, her gaze with a few coldness, from time to time fell on Aunt Winter's stomach, only to see Aunt Winter more and more uncomfortable up, sideways twisted on one side, the heart of the speculation, I do not know if the dowager lady found out what.

“Not good, not good ... Aunt Yang of the second house has escaped!” A maid suddenly squeezed in and reported.

“What happened? How come Aunt Yang who was so happy and peaceful has suddenly left?” Wei Yuejiao didn’t wait for Aunt Dong to speak before she interjected, she would also be full of anxiety and didn’t understand why Wei Luo didn’t deal with Wei Yuewu, but this time she also knew to take a step and see what happens.

“The slave girl doesn’t know, the slave girl just saw Aunt Yang sneaking out from outside the back door, carrying a package in her hand, with only one of her maids by her side.” The maiden panted and said.

“Where are the people now?” Wei Lovin said in a deep voice.

“Has run out of the house, slave girl dare not chase out, only to come back to report to the marquis first!” This will be dark, the maid did not chase out, is also normal.

“The slave girl remembered, it seems like the one who bumped into Aunt Dong just now was Aunt Yang.”

“Is it one of those aunts from the second house? In that case, it looks like it!”

“It’s Aunt Yang, I can’t imagine that it’s actually Aunt Yang who wants to harm the child in Aunt Winter’s belly, Aunt Yang doesn’t have a child of her own, yet she did such a vicious thing!” ...

Aunt Dong’s several maids and grannies beside her talked about it, all of them filled with righteous indignation.

But the more credible they said, the more Aunt Dong felt uneasy, because of the loophole in Qin Xinrui’s matter, this will always be vaguely uneasy, busy with a smile to Wei Lunwen said, “It may also be the subordinates see the wrong, how could Aunt Yang come to harm the maidservant, and she has no reason to harm the maidservant!”

"Auntie, you are so kind-hearted, some people just can't see the good in others, everyone is an aunt, but you can have father's favor all to yourself, and Auntie Yang's side I heard that second uncle has never been there, it's possible that he has a jealousy in his heart!" Wei Yuejiao was self-conscious that she had said this appropriately, but she didn't see that the dowager lady's face grew more and more somber.

The dowager lady before only think winter aunt belly child unlucky, is deeply dislike, this will hear that the second house, suddenly remembered that if Wei Lian really give birth to a son, Wei Ziyang that title will not be so good to get his hands on, for a time more and more distracted up.

"You're a girl, a mouthful of aunts, really no rules, come on people, take the third young miss back, copy the women's precepts properly, before she has copied it a hundred times, she is not allowed to go out of the courtyard door!" Wei Lovin said sternly.

"Father ..." Wei Yuejiao shrieked in shock, she was originally just talking casually, fanning the flames from the sidelines and watching Wei Yuewu's good show, but she didn't know why this fire burned into herself so quickly.

"Take Third Miss away!" Mrs. Tai's hand waved, immediately both over the two rough-hewn grannies, pulling her Wei Yuejiao on the way out.

Wei Yuejiao wanted to say something else, but was stopped by Aunt Dong's fierce wink.

"Someone, go to the second room and see if anyone is there?" The dowager lady continued to command.

Someone went down early and ran back in a short while, "There is no Aunt Yang in that courtyard over there, the people over there said that they saw Aunt Yang and Sixth Miss walking close to each other before, but now they don't know where Aunt Yang has gone!"

"Sixth Miss, is that you?" Aunt Dong looked at Wei Yuewu with tears in her eyes and said in a trembling voice, a trace of malice flashed in her eyes, this matter was originally meant to be pushed on Wei Yuewu, this would be although the former plan did not work, but with such a backward plan, at least it would allow to subtract the suspicion from herself!

The things that happened before, has let her six godless, this aunt Yang is not in but extremely smooth, before hearing Wei Yuewu to find aunt Yang, she has secretly laid such a strategy, just waiting to let Wei Yuewu into the set.

Borrowing Aunt Yang to try to bump off the child in her stomach, and then secretly letting Aunt Yang go afterwards, with so many things strung together, Wei Yuewu would never be able to get away with it!

These words were said extremely softly, but coincidentally Wei Luo stood right next to Aunt Dong, so he heard it for real, and subconsciously turned to Wei Yuewu, anger welling up in the bottom of his eyes.

Chapter 483 At the Back Door, Who Let the Key Witnesses Go

“What does aunt mean? It means that I lured Auntie over and turned over these things of my mother’s, so old that I couldn’t have had them even if I wanted to, Auntie won’t have forgotten that I was robbed on my way to the capital before, and left nothing behind other than escaping with my own life!”

Wei YueMei raised her eyes calmly with a sad color, “All these people have come together to slander my mother, is it also because of me? Mother has been dead for so many years, so even if she’s being framed again, she doesn’t know anymore, but she doesn’t know who wants to step on her again!”

“This ... this I don’t know who did this!” Aunt Dong dryly laughed twice, she could not imagine that Wei Yuewu could say such sharp words in front of both the Dowager Lady and Wei Lovin, and for a moment, her heart panicked.

A little settled, think it can not be something, no matter how Aunt Yang has run away, there is no proof of this matter, Wei Yuewu to Aunt Yang’s courtyard, is also something we all know, the two people also in the corridor to talk a little.

“Wasn’t Sixth Miss on good terms with Aunt Yang before? I don’t know why Sixth Miss is so close to an aunt of the second house!”

Aunt Dong would bring the words back again, deliberately ignoring the matter of the package.

Wei Yuewu and how can she allow her to have her way, Aunt Dong does not let herself say, she will say, and now coldly laughed and said, "Aunt Dong I only want to know now, my mother is being smeared, who has the most to gain!"

Who has the most to gain? One sentence straight to the point!

If Qin Xinrui is suspected of stealing a man, who is the most favorable, of course, is Aunt Winter, she has been an aunt for so many years, wholeheartedly serving the marquis, for the marquis to give birth to a daughter, which will also be pregnant with another, compared to Qin Xinrui, the good don't too much.

However, she is still a concubine until now, compared to Qin Xinrui, the Marquis owes her more, and it is normal to give her the position of a proper wife.

Some people also fell their eyes on Wei Yuewu, Qin Xin Rui if there is a suspicion of stealing, then Wei Yuewu naturally may not be the Hou's real daughter, in that case only the third young miss is the Hou's own, the only real daughter, coupled with Auntie Dong is still pregnant with one now, this Hou's wife's position how to look at it is all hers.

"I don't know who is so vicious to harm madam, or to make trouble by madam's affairs, madam is gone for so many years, actually there are still people who won't let go of madam, it's really detestable, this is even Auntie Yang is also being used up, Auntie Yang is just an ordinary concubine of the second house, she hasn't been in the house for a long time, and she doesn't know a lot of people, so how can she also involve in this matter? How did she get involved in this?"

Aunt Dong sighed, as if she didn't understand the meaning of Wei Yuewu's words, with a sad face, she picked up a handkerchief and wiped it at the corner of her eyes, "Madam, it's really pitiful too, all these years have passed, and she's still being taken advantage of!"

She would make up her mind and bite the bullet that someone had deliberately lured her here with the intention of having the package, and the clothes in it that would not be evidence of a frame-up, discovered.

And one is completely unaware of it.

"Auntie's meaning is that I am close to Aunt Yang, so Aunt Yang was let go by me?" Wei Yuewu looked at the sympathetic Auntie Dong in a light and cold manner, and didn't beat around the bush any more, speaking straight.

"The servant girl didn't mean that, the servant girl only said that the sixth young miss and Aunt Yang were friends, or knew where Aunt Yang had gone!" Aunt Dong's words were said politely, "Of course this matter is still the marquis who said it was wrong, marquis you quickly go and find Aunt Yang back, when she comes back, then everything will be clear!"

"Then it's still true that I had something to do with Aunt Yang's trip?" Wei Yuewu didn't allow a single step.

"This, maidservant concubine really can't say clearly, maidservant concubine only knows that the sixth young miss who has always disliked interacting with others, had once gone to aunt Yang's courtyard before, and it hasn't been long since the accident happened." Aunt Dong saw that the fire was almost ready, and did not move to remind Wei Luan.

After so many years of following Wei Lovin around, she certainly knew what to say to best arouse Wei Lovin's embrace, so she aggravated the connection between Wei Yue Mo and Aunt Yang.

Aunt Yang died without proof, how to say anyway, or not let yourself to tell.

In this matter, Wei Yuewu was likewise unable to defend herself, coupled with the previous matter of Aunt Yang's desire to knock down the child in her belly, Aunt Dong felt that this portion was just right, and her heart let out a slight sigh of relief.

The original purpose of their own is Wei Yuewu, Qin Xinrui just bring tired and their own, now both Qin Xinrui's doubt eliminated, for Wei Yuewu doubt can not be eliminated, with their own stomach in the child, she does not believe Wei Luo Luo do not suspect Wei Yuewu at all.

As expected, although Wei Lovin's brows were tightly furrowed, he watched the two of them speak without interrupting, only scrutinizing them carefully.

The dowager lady kept her face sullen, with a few eerie shades of green in the light.

Nanny Hong carefully lay in the shadows behind the Dowager Lady with her head lowered, unable to see the look on her face, but with a look of reluctance to intervene, anyone could see it.

The scene gives off an eerie feeling.

“Does father believe that I let Aunt Yang go?” Wei Yuewu sneered and looked at Wei Luo Wen and sneered.

“This ... this, the slave girl saw the sixth miss’s maid ...” The maid who reported the news suddenly opened her mouth timidly, “Just before Aunt Yang went out. The slave girl didn’t care before, but ... but this will think of it ... as if someone was helping Aunt Yang!”

“What did you say?” Sister Li snapped, “Don’t say it more clearly!”

“This ... this in fact at that time when Aunt Yang ran, the slave girl did see the sixth young lady’s maid in the dark shadow of the doorway, but ... but it may not be, always can’t see it clearly, the big night ...” The maiden stammered, cowering and glancing at Wei Yuewu, in the end did not dare to tell the truth.

But this appearance is more and more suspicious, Wei Yuewu is the young lady of this mansion, a maid indeed has little guts to dare to testify against her directly.

Wei Yuewu water eyes slightly raised, flooded with a sub ice cold coldness, Aunt winter really calculating subtle, actually even their own that day went to Aunt Yang’s yard thing, all calculated up, all things surrounded by a trap, a factual evidence, but also have a false and futile nudging of the circle.

The goal is to get yourself drilled.

“Are you sure you saw Aunt Yang?” Wei Yue Ming coldly said.

“Yes ... yes, the slave girl really saw Aunt Yang, before Aunt Yang occasionally strolled in the garden, the slave girl saw her a few times, so she recognized her!” The maid shrank her neck, with a timid and fearful look.

"Can you see clearly in the darkness?" Wei Yuewu asked again.

"Although it was darker at the back door, there were still lanterns hanging, the slave girl was looking at Yang, it must be Aunt Yang!" The servant girl bites the bullet, for a disfavored aunt, an underling doesn't have so many scruples.

"Sixth Miss, the servant girl knows that Sixth Miss is well-intentioned, but Aunt Yang's origin is extraordinary, I heard that she is the person sent by those sons of the world, if this really escapes, how can we explain to those sons of the world, if they beat us to the door, not only will the Second Master have nothing to say, even Marquis will be in a disadvantageous position."

Aunt Winter sighed and suddenly softly advised.

These words were even more vocal in indicating that Wei Yuewu had released the person.

Wei Yuewu looked at the dowager lady, rare always like to pose in front of people the dowager lady now actually did not speak, really strange, but this will follow the dowager lady from time to time fell in the winter aunt's stomach of the icy cold gaze, the bottom of the heart cold smile, it looks like they let the book non-transmission of the meaning of those words before, the dowager lady taste out.

It would certainly be impossible to side with Aunt Winter against herself again.

Otherwise, if the dowager lady joins hands with Aunt Winter, even if she has evidence, she can't do anything about the two of them, and the dowager lady must be her father's real mother after all!

"Father, Aunt Winter bites that I let Aunt Yang go, and said that Aunt Yang bumped into her, and almost lost the little brother in her belly, after that father also saw, someone set a trap to deliberately bring people to mother's courtyard, this will be the clothes are here, father think who will be the one who is harming people? Actually can put a more than ten years ago the old year are calculated so clearly, dance child think more suspicious is, so many years have passed, that a few maids, grannies how to mother's words, do things, so clear!"

Wei Yuewu circled her words back to the garment, which was still gripped in Wei Luo Wen's hands.

Thinking about this, Wei Lovin's eyes were red with anger, this clothing matter, it goes without saying that someone is trying to harm Rui'er.

These words, some of which Aunt Dong wanted to say, but also some of which Aunt Dong did not dare to say, but this will all let Wei Yuewu said over, for a time Aunt Dong's heart was anxious, inexplicably uneasy.

"Aunt Dong did your people see clearly that the person who hit you was Aunt Yang?" Wei Lovin asked in a cold voice.

"Yes ... slave girl saw it!"

"The slave girl saw it too!"

"At that time, the slave girl was at Aunt Winter's side, and almost grabbed Aunt Yang's hand!" ...

The maids around Aunt Winter spoke up and gave their testimonies.

"Go, invite the second master over!" Wei Lovin waved the matter to the boy behind him, this matter is related to the second house no matter what, not to mention that these aunts are not ordinary aunts, Wei Lovin felt that this matter is better to discuss with Wei Luowu.

"Yes, Marquis!" The boy hurriedly retreated and ran towards the front yard to find Wei Luowu.

"Father, then this ..." Wei Yuewu pointed to the shirt in his hand.

"In the future, but if anyone says again that something was found in the lady's courtyard, that a man's voice was heard in the lady's past house, they will be directly caned to death, and how can Lady Hou's reputation be tarnished." Wei Shao Wen said sternly, only his gaze fell suspiciously on Aunt Dong's body, scrutinizing it up and down.

Any way you look at it Rui'er's business has something to do with Aunt Winter!

Could it be that Aunt Dong really had bad intentions and wanted to harm Dancer's position as the rightful wife? With this thought in her heart, she became more and more wary of Aunt Dong.

"Father, Aunt Yang's side ...," Wei Yuewu bit her lip.

"Is it talking about the maidservant? The servant girl ... servant girl didn't do anything ah?" A thin voice suddenly appeared at the doorway, the crowd turned around and looked, and they were seeing a big stride over to Wei Luo Wen, as well as a timid woman beside him, who was actually Aunt Yang, who had escaped just now when everyone had said more ...

Chapter 484 Disposition, Without Actual Testimony

Aunt Dong was completely frozen, horror flashed in her eyes, subconsciously pulling Sister Li's hand tightly, how could Aunt Yang, who had originally escaped, still be in the mansion?

At this time should not be guarded outside the two punks directly take away to buy out of the capital? Why is he still in the palace?

Revealing a ghost expression is not just Aunt Dong, several maids around her are all scared pale, especially the maid who testified at the back door that she saw Aunt Yang leaving the house, the whole person shivering up, her face terrified.

"Mother, big brother, is there anything you're looking for me for?" Wei Luowu came over in large strides, first bowing to the Dowager Lady and turning to ask.

"Aunt Winter said that your concubine ran away, and it was Dancing Girl who let her go!" The dowager lady said in a cold voice, "What's all this fuss about, not letting anyone rest in the middle of winter!"

"The servant girl ran away? The maidservant didn't run away, the maidservant sent a few pots of newly made snacks over to the Second Master." Aunt Yang blushed slightly and said.

"You ... said you were at the Second Master's?" Aunt Dong asked in horror.

Sister Li tried to pull her back, but was unable to do so herself.

“Exactly, why is Aunt Winter so concerned about the servant girl’s affairs?” Aunt Yang raised her head in bewilderment and looked towards Aunt Winter with a soft smile.

“All go back, there is nothing more to do, this winter! Elder two, you take your concubines back too, the left is just your elder brother’s own business involving you, there’s nothing going on now!”

The dowager lady waved her hand with a gloomy face and said while turning around, “Go back more, what’s the point of crowding here, it’s just a matter of the boss’s own family, it has nothing to do with anyone else!”

A sentence that made Aunt Winter almost faint, which pretty much meant that they were fighting within themselves entirely.

First is wrongly accused Qin Xinrui, after that is wrongly accused Wei Yuewu, the cause of the matter is Auntie winter, when the matter should also know Auntie winter, that piece of clothing material, Qin Xinrui’s handwriting, all kinds of things show that these things are related to Auntie winter.

The dowager lady finished her speech and walked out with a large group of people from Jing Xin Xuan.

Wei Luowu looked at his own mother and then at Wei Lovin, and didn’t ask any more questions, he himself left with Aunt Yang, since this was a matter for the big house, of course he wasn’t in a position to intervene.

“Men, cane these two evil slaves who bullied their master!” Wei Lovin’s veins popped out on his face as he snapped.

Immediately over a few guards, directly to the backyard at the girl ring and previously testified that Qin Xinrui courtyard there are other men a few grannies, all pulled out.

Several people still wanted to cry out to Auntie Winter, but the guards casually picked up the handkerchiefs they had dropped on the floor and gagged them.

“Father, Mai’er excuses herself!” Wei Yuewu paled and lowered her head, as if she wanted to leave, but then stopped and looked at Aunt Dong, then turned to the package, “No matter what, please don’t disturb Mother’s peace any more, just let her go in peace!”

After saying this, tears rolled down his face, but immediately turned away from his body, looking at Wei Luo Luo’s heart like a knife!

Thinking that Qin Xinrui had passed away for so many years, and there was actually someone who dared to frame her name and honor, her hand clenched fiercely into a fist, she turned to Aunt Dong and said sternly, “You come with me!”

“Marquis ... Marquis ...” One look at Wei Lovin’s appearance, Aunt Dong knew it was bad and immediately wiped her tears as well, “Marquis, maidservant concubine ... maidservant also don’t know this what will be like this!”

“Go!” Wei Lovin took big steps outside, and Aunt Dong had no choice but to follow.

Seeing everyone leave, Wei Yuewu let Jin Ling and Shu Fei together to the previous digging messy ground, re-fill up meticulously, looking at the place that slowly returned to normal, Wei Yuewu face could not hide the sadness.

This was the last time, the last time that anyone would count Mother, and there would be no next time, and no one would ever disturb her peace again!

“Miss, will the Marquis dispose of Aunt Dong?” Jin Ling put down the work in her hands and walked over to Wei Yuewu’s side and asked softly.

“No!” Wei Yuewu shook her head, otherwise the guards wouldn’t have covered up the mouths of the several subordinates just now, as long as they said a little something before they died, Aunt Dong wouldn’t be able to escape!

“Saying that the Marquis is deeply in love with the Lady and has been unmarried for so many years, look at now, actually not even punishing Aunt Winter for something like this, it’s just too much!”

Goldbell skimmed her lips in contempt.

“I am father’s daughter, and third sister is also father’s daughter, not to mention the fact that Aunt Winter is now carrying one in her belly, perhaps even an heir, and how important an heir is to father!”

Wei Yuewu coldly said, there is no heir, so the title of the Marquis of Huayang has to be inherited by the second house, but what if there is an heir, is it that this title can be passed on by one’s own son, Wei Yuewu doesn’t believe that his own father wouldn’t have thought about it, and that’s why he would be so biased in favor of Auntie Dong, right?

Allowing a tiny aunt to count on her own mother, at this moment Wei Yuewu’s heart was resentful!

Even though she knows that Wei Lovin is not indifferent to herself, but everything in front of her, in fact, there is no need to explain anything, but still care about Aunt Dong, just one thing, she can be sure!

Aunt Dong is considered to have revealed herself this time, with today’s incident, if she still wants to climb up to that position of the main house wife, she will definitely need a strong backstage, otherwise it is unlikely that she, as a small concubine, will be promoted to the main house, even if she gives birth to her father’s only heir this time around!

“Miss, will Aunt Winter be so willing to fail?” Shu Fei wiped a handful of sweat from her head and blinked her eyes as she asked.

“Of course not, Aunt Winter has been trying to climb up to the position of the rightful wife, and will not be willing, Jinling you keep an eye on Aunt Winter’s place a little bit more lately, the new granny beside her is a shrewd one, be more careful!”

That what Sister Li before when Aunt Winter lost her temper, wanted to stop Aunt Winter to speak, helpless Aunt Winter said too fast, so that she blocked too much, it is said that this is still in the border for Aunt Winter to manage the granny, should be Aunt Winter specially called from the border to help!

"Should we keep an eye on Third Miss's side?" Golden Bell suddenly asked.

"No need, Third Miss has been locked up by the Dowager Lady and the Marquis, she has to copy it a hundred times!" Shufei glanced at Jinling and objected.

"Use!" The corner of Wei Yuewu's lips hooked slightly, revealing a cold smile.

In fact, no matter whether it is Aunt Dong or Wei Yuejiao, their heart is the same, this will everyone look at Aunt Dong, Aunt Dong is very good at letting Wei Yuejiao side of the people out.

"Tomorrow I'll go to the palace to select the talent should be immediately brushed down, Shu Fei you go to the palace with me!" Seeing that the finishing touches are almost done, Wei Yuewu picks up her skirt and heads out.

"Miss why don't you take the slave girl there, the slave girl has been there several times and is much more familiar than Shufei!" Jinling followed up and asked in surprise.

"You keep an eye on Aunt Dong and Wei Yuejiao in the mansion, with you there, I am more assured that the matters in the palace should be quick!" Wei Yuejiao faintly said.

Today's matter had such a big accident, Aunt Winter's side should immediately take action! She is to force her to disorganize ...

Aunt winter trembling to follow Wei Lovin back to their own courtyard, to be able to enter the house, not waiting to speak, Wei Lovin a slap on the face over, only to hit the winter aunt backward two steps, body crooked to the side fell.

Sister Li also reacted quickly, pulling Aunt Dong with her hand, which prevented her from actually falling to the ground.

"Marquis, how can you do this to Aunt Servant, she is now a double-bodied person, even if you don't care about Auntie, you have to care about the little son in her belly!" Sister Li hugged Aunt Dong's body and advised.

She has been at the border for so many years, she has been doing her best to help Aunt Dong preside over the affairs over there, and even once when the opposite side of the army was pressing in, and the whole city was in a state of crisis, she also came out from the city, and took the initiative to go to the tent outside of the city to give Wei Lovin a hot meal to send to him, and just for this point, she can still say a few words in front of Wei Lovin.

Aunt Dong this will be sadly cried up, “Marquis, concubine do not know what wrong, let you so angry, if you really do not want to servant girl in the belly of this piece of meat, servant girl will not want is, change not you so angry!”

She said that she was about to slam into the wall on one side, and was so horrified that Sister Li and Jin Zhu held her tightly, not daring to let go of her hand.

“How dare you say you don’t know anything? Didn’t you want to use the child in your belly to scheme against Madam? So what if you don’t want it then, with such a wicked mother like you, what kind of good son can you give birth to! Look at the good daughter you gave birth to, her behavior is lowly, her life is ruined!”

Wei Lovin is really hate brake, this also do not care about there are two subordinates in, hate voice, pick up the table side of a cup of herbal tea, toward the winter aunt without a head on the pour over.

Even though Sister Li and Jin Zhu saw the opportunity quickly, they let Aunt Dong’s lapel get wet!

Seeing Wei Lovin actually really do not half care about the child in his belly, Aunt Dong cried out, this is really heartbroken, “Marquis, today’s incident really has nothing to do with the maidservant concubine, that is, some people put the maidservant concubine to lead the past but their own, as for those underlings why so, the maidservant concubine also do not know, Marquis only said that is the maidservant concubine counted the lady, but did not think about it, or someone is counting our big house angry intentionally provoke the marquis. counted on our big house, deliberately provoking the marquis to get angry, if the child in the servant girl’s belly is lost because of this, this ...”

Aunt Dong cried uncontrollably, “Marquis, maidservant concubine so many years with great difficulty to conceive the child, where will let themselves make half a mistake, much less with the child in the belly to count who, marquis maidservant concubine can not afford to lose ah!”

“Marquis, you really misunderstood Auntie, the slave girl can be sure that someone must have intentionally lured Auntie over there, as for Auntie Yang’s matter, it was also someone who came to tell Auntie, that is, those aunts in the second house said it themselves, or how Auntie would know about them!”

Sister Li also followed the advice, said also fell tears, “Marquis has no heir, Auntie has been blaming herself, think it is her fault, usually has been burning incense to worship Buddha, for fear that the heart is not sincere, so that the Marquis extinct heir, then she is the great sinner of the Huayang Marquis House, this is not easy to conceive, and immediately called the servant girl, but is not afraid of the baby’s stomach in the accident. Marquis, think about it, in such a situation, would Auntie use this child to scheme against anyone?”

This crying of the two masters and servants, coupled with Jin Zhu’s whispered sobs on the side, were all done extremely well, and for a while Wei Luo Wen also hesitated.

He previously disposed of the person too quickly, this will also be considered no witnesses! Can’t it be that it really wasn’t Auntie Winter?

Chapter 485 Wei Qiu Ju’s Kindness

When he hesitated on his side, Aunt Winter knew what the problem was, and rejoiced when she figured it out.

“Marquis has been out on the battlefield, the servant girl has followed Marquis for so many years, guarding the border, surveying the affairs of the border for Marquis, following Marquis in the rain and in the wind, while the inner family members of other families are enjoying their happiness in the capital, the servant girl is afraid that Marquis will not be well-fed or well-dressed, and she has been devoted to Marquis! I’ve never had any selfishness.”

When Aunt Dong said this, she sobbed and cried again, and because of her weak qi and body, for a while she even cried out of breath.

These words caused a moment of silence to pass through Weilowen.

“Marquis, Auntie to you really do not have half a bit of selfishness, may be others think Auntie is Xiao want to the position of the main wife, but this position Marquis is not previous to Auntie also talked about it? The aunt needn’t think about it, besides, the aunt now has a little master in her belly, the marquis even if you don’t think about the aunt, you have to think about the little master too, not!”

Seeing that the fire was almost ready, Sister Li followed suit and advised.

Just the meaning in these words made Wei Lovin’s heart burst with annoyance, the words of wanting to put Aunt Dong in her rightful place, before entering the capital this time, he did hint at it himself.

Next he will stay in the capital, the wife is old, such a big marquis house even a hold in the feed of the main wife is not, indeed inconvenient.

Aunt winter so many years, has been at the border to serve their own does count on dedication, for the internal affairs are also familiar with, but also Rui Er that year formally recognized aunt, talking about Rui Er every time will fall tears, so many years they do not go to see the dance, every time she will persuade themselves.

Summing up, Wei Lovin felt that it was best to put Aunt Winter back in her place.

However, since this return to the capital, he had become more and more skeptical that Aunt Winter would really be good to Dancer.

Why did he feel more and more that there was something wrong with Aunt Dong, not just with Dancer, but also with Rui’er, and how did he see that Aunt Dong was becoming more and more inappropriate to be the mistress of her own marquis house.

“Well, you have a good rest, in the future nothing less go out, lest you bump into something again, madam courtyard side you also don’t intervene, even if you walk by, it’s best not to go in!” Wei luowen jue silently for a moment, voice slightly eased down, just between the look is still difficult to get rid of the rage, finished also no longer and aunt winter say more, back hand turned to leave.

"Marquis ..." Behind her, Aunt Dong yelled in grief and indignation, but helplessly Wei Lovin was speeding up his pace.

"Auntie, you also rest, always this matter I'm afraid the marquis has another idea." Sister Li picked up Aunt Dong and advised.

"I have known that the marquis talk does not count, at first said well, after the capital, as long as the dowager wife agreed, he will pick a time, but now ... look at the time to now, actually do not give a sentence of clear words, all because of that bitchy girl!" Aunt Dong's hand almost rubbed her handkerchief, her heart both hurt and annoyed.

"Auntie, this matter you also do not rush, the marquis to you still have is feelings, otherwise today will not directly pull people out to deal with, if not consider you, the marquis how will do such a thing, this will be the marquis did not have anything to do to you, in fact, has been for you!"

Sister Li, however, let out a sigh of relief, "Now that this is considered to be over, it's always thanks to the little master's blessings as well!"

This said aunt winter a burst of fear, this kind of thing really barrel out, even if they are the main lady can not resist, now can be so noiselessly resolved is of course the best.

But she was unwilling to do so, "What's going on with Aunt Yang's side, didn't we let her escape out the back door? How come she's back again!"

Speaking of which, today this is still bad for Aunt Yang.

"Slave girl also don't know, maybe it's because she feels that it's still in the life of the marquis, think about it and come back again, like her such a lowly person, auntie don't need to bother more." Sister Li disdainfully advised, "Auntie, sixth young miss is going to enter the palace tomorrow for the selection, this time is not the same as long or short, we don't need to pay attention to her for now, as soon as possible, the matter on the side of Lord Tu!"

"Well, let that little bitch jump around for a few more days, Qian Ying's side you go and notify tomorrow, it's best to take advantage of that bitchy girl's entry into the palace tomorrow for the draft to

finalize this matter, as long as I identify with Lord Tu, I'll no longer be just a small maiden origin, even the old woman over there can't look down on me to go!"

Aunt Dong gritted her teeth and hated her voice, she has been doing her best to that dead old woman for so many years, but I can't imagine that today she not only didn't help herself out, but also implied that she framed that bitchy girl.

"Qian Ying's side has long been ready, if aunt can become the marquis wife, it will only benefit her, how could she not take it to heart, but in order to be on the safe side, in a moment, the slave girl will pass another message to Qian Ying to go, it's always good to start early tomorrow morning, the sixth young miss is going to go to the palace early in the morning."

Sister Li pointed in the direction of the Clear Lotus Courtyard and said.

"Jin Zhu you help me to rest, Sister Li you prepare all the things that should be asked for, you brought a few more pots from the border this time, when it's needed over there, you bring them out again!" Aunt Dong would have calmed down completely by now.

"Yes, slave girl knows!" Sister Li nodded, she came back from the border this time, partly of course, because Aunt Dong did not have any competent believers by her side right now, and even though Jinzhu and Yuzhu were eloquent, after all, they were not very old and did not know much about the Marquis Huayang's mansion in the middle of the capital.

There was another important reason for bringing some important physical evidence, a chance to change the aunt's identity!

For this opportunity, Aunt Dong had prepared a lot, just waiting for an unintended moment, let that Lord Tu Jiulin discover it by himself, and it is better for Wei Lian to be present as well, which will increase the credibility of the matter.

But on the contrary, that previous plot actually made Wei Yuewu give a bad thing, and after that, he had been unable to find a suitable opportunity, so he could only take the initiative!

While their side was secretly discussing the details, Wei Yuewu's side came to Wei Qiu Ju.

"Sixth sister, are you ... okay?" Wei Qiu Ju asked with concern after sitting down.

"How did fifth sister come over at this time?" This will be dark, usually Wei Qiu Ju, even if she wants to come, it is not possible to appear here at this time.

"Fourth sister asked me to come, saying that you guys would seem to be making a scene, but mother wouldn't let the two of us come over, and fourth sister couldn't rest assured, so she let me sneak in to take a look." Wei Qiu Ju said uneasily.

Wei Qiu Fu's person, she is not too confident now, even if she said more sincere, Wei Qiu Ju also feel that she said words that do not mean anything, so this will also directly Wei Qiu Fu said out.

She said, Wei Yuewu understand, out of such a file of things, the three houses can not know, and this is still Wei Qiu Fu side of the provocation, she should be very interested in seeing what, but the three houses are not willing to dip into the right and wrong, so did not let her over, which will send a Wei Qiu Ju to probe the news.

Wei Qiu Ju, however, was much smarter than before, and bluntly said that Wei Qiu Fu had asked her to come.

Regarding Wei Qiu Fu's point, Wei Yuewu didn't want to ask more, and only casually asked, "Have the days been booked over at the Nan'an Wangfu?"

"In the middle of the next year, grandmother said, just two people came into the house together, two side consorts, one is a cousin niece of the royal consort's family, as if it is still related to the Jia Nan county princess."

Speaking of his own marriage, Wei Qiu Ju shyly lowered his head, just between the looks did not have too much joy, on the contrary, it was full of sorrow.

"Two side consorts entering the house at the same time?" Wei Yuewu also froze for a moment, although only the side consort, but the two at the same time into the house, is stored in the meaning of the other seedlings, no wonder Wei Qiu Ju will look gloomy.

Even though she was only a concubine, she was always looking forward to her marriage.

“Grandmother didn’t say anything there?”

“Grandmother only said to let me enter the house and then live a good life together with big sister, saying that the two of us sisters are of one mind, and we are still afraid of a side consort, but big sister, that way, should be hating me to death, and will not join forces with me.” Wei Qiu Ju sighed, her face full of sorrow under the shadow of the lamp.

The reason why Wei Qiu Ju had blown up the affair between him and the Prince of Nan’an was also something that could not be helped, but no matter what, at that time, Wei Fengyao had not only suffered from physical injuries, but also mental injuries, so the hatred for Wei Qiu Ju was no less than Wei Yuewu’s.

In such a situation, Wei Qiu Ju could read and understand, and Wei Yuewu could of course read and understand as well.

“Big sister hates you for sure, but it’s still up to you to decide what to do.” There was just nothing Wei Yuewu could do about this kind of thing.

“I know!” Wei Qiu Ju nodded, “Grandmother told me not to go out there either now, to do nothing in the courtyard to do needlework, so that I can keep Fourth Sister company more often, and Fourth Sister’s date of entering the Eastern Palace by then should be about the same.”

Wei Qiu Ju entered the Prince’s House of the day although there is no clear booked down, but now the selection of the draft selected under the Prince will be able to get married, after the side room into the door, counting the time, really is also about the middle to late next year.

In that case, the only young lady of the Marquis of Huayang’s residence who was in good standing was Wei Yuewu, who was still unsettled.

“Fifth Miss, please use the tea!” Shufei served tea, followed by Painted End, and sent a fruit bowl above, filled with pastries.

Wei Qiu Ju nodded, casually picked up a piece of dim sum on hand, took a bite, raised her head and sincerely said, "Sixth sister, tomorrow's selection in the palace everyone says it's just a walk in the park, saying that the fourth sister's name is already booked, and it's unlikely that there will be any more accidents, but you still need to be a bit careful, anything can happen in the palace, just like me, who would have thought that the eldest sister married into the Nan'an Wang House, and I then I'll be there too!"

This said later, quite a self-deprecating meaning, the corners of the lips slightly bitter, can see that this period of time Wei Qiu Ju also think very clearly, and no longer the day of the impulsive, for into the Southampton Wang Fu also did not have so many expectations!

"Thank you fifth sister, I will be careful!" Wei Yuewu sincerely thanked her, picked up the teacup in her hand, and also took a low sip, and when she wanted to speak again, she heard Wei Qiu Ju on the opposite side of the room give a low "ah" sound, and then heard the sound of something falling sharply to the ground in her ears ...

Stunned for a moment, he looked up sharply and saw the scene under his eyes ...

Chapter 486 An Unexpected Coincidence

Wei Qiu Ju grabbed the plate with the pastries in her hand with an astonished look on her face.

"Isn't this ... the basin that Auntie left for me? How come it's here with sixth sister?"

"Is this what your aunt left you?" Wei Yuewu asked as she glanced at her.

"Yes, exactly the same, this is still my aunt in the beginning specially left to me, said one day, said that may be useful to me, said such a plate, no one else can have, but ... but why would the sixth sister have?"

Because she was really too surprised, Wei Qiu Ju kept turning the plate in her hands, trying to find a little difference, but no matter how she looked at it, this plate was just exactly the same as the one she had collected for herself.

"Luna, come over here and see if it's this plate?" She turned back to call the maid standing to the side.

Luna also saw it earlier, this time to hear the call, busy over, took the plate to look carefully.

"Is it the same?" Wei Qiu Ju asked.

Luna looked through it while answering very seriously, "Yes, Miss, it's exactly the same as the one you put away, but it's so strange, why would Miss Six have it?"

She said this latter sentence very softly, but it was still heard by the sharp-eared Jinling, and said in a puzzled manner, "Why can't our young lady have this kind of plate, but it's just an ordinary plate for snacks, not to mention our young lady here, Auntie Dong's place still has it too!"

"No way!" Luna said categorically, only realizing that she had lost her tongue when she finished speaking, and hastily covered her mouth.

"Why is it impossible?" Wei Yuewu raised her surging watery eyes and faintly asked.

"This ..." Luna couldn't answer for a moment, only to turn back to Wei Qiu Ju.

Wei Qiu Ju nodded, "Yueya, tell Miss Six everything you know."

"Yes, slave girl knows!" Yueya said with slight embarrassment, "Sixth Miss, this plate was left by Auntie to our Miss, my mother also said that there are actually not many plates like this left behind, originally there was only a set of twelve, and then many more fell off on the way, so the ones that can be saved are estimated to be only three or four."

"Who is your aunt?" Wei Yuewu glanced at her, and was also more than a little curious about Wei Qiu Ju's aunt who had died early.

“Our aunt used to be the eldest maid of a house serving the young Missy, the slave girl’s mother was just a young maid serving the aunt, and she said that she originally traveled with the young Missy of that house, but she couldn’t imagine that the road encountered thieves, and that the young Missy of the master’s house had an accident.”

“Afterwards, it entered the Marquis of Huayang Mansion under the coincidence of karma, but no matter whether it was aunt or my mother who remembered the original Missy, this plate was saved at that time, and it was said that one day, it would be possible to recognize the owner based on this plate, because the firing method of this plate was lost long time ago, and it was impossible to imitate it again.”

Luna explained.

This said a few maids on the side of the face peeped up, and then revealed joy, I can’t imagine that this thing really should be on the fifth miss.

Although the fifth young lady was slightly different from the identity they had guessed, she must have touched the truth after all.

The truth about Aunt Winter’s plate with the treats on it.

“Fifth sister, have you heard your aunt say what this plate is usually for?” Wei Yuewu asked again after a brief moment of contemplation, there were still some things she had to ask clearly in order to understand Aunt Dong’s plans in more detail.

“It is said that that family has a set of molds that make exquisite and unusual pastries, mounted on such a plate, it will make that pastry look even more beautiful.” Wei Qiu Ju thought about it, although she is not very concerned about the heart, but must be their own mother said, and her aunt also just let her see the family when the plate back to her, and some of the master and servant of the feelings and their own.

“Does your aunt know Aunt Winter?” Wei Yuewu could not remember Wei Qiu Ju’s birth mother by herself, the past was originally a blur in her memory.

“My aunt knows Aunt Winter, Aunt Winter used to be the maid beside the Dowager Countess, and later became the aunt of my eldest uncle, although my aunt is not too fond of appearing in front of people, but basically she will still deal with Aunt Winter, and when I was small I was specifically told to be careful of Aunt Winter.”

Wei Qiu Ju thought about it or said honestly.

Although she didn't know what Wei Yuewu asked what this meant, but she was smart enough not to inquire about it, she also recognized herself clearly now, compared to Wei Qiufu and Wei Yuewu, she really wasn't very smart, and it was better to be able to not know or to know a little bit less, lest what right and wrong would be born again at that time.

“The family your mother used to be in was surnamed Tu, right?” Wei Yuewu asked after a moment of contemplation.

“Yes, sixth sister this also knows!” Wei Qiu Ju couldn't help but widen her eyes, in the Huayang Marquis' mansion, besides her and Yueya, no one else knew about it, but she didn't know that the young Wei Yuewu actually knew so clearly.

This also made Wei Qiu Ju's heart grow more and more in awe.

“Many thanks to Fifth Sister, but please keep this matter more secret from Fifth Sister, don't let Fourth Sister find out!” Wei Yuewu smiled faintly and softly said.

“Sixth sister don't worry, I won't say anything, this was originally related to me, my aunt didn't allow me to tell just anyone back then.” Wei Qiu Ju nodded.

The two of them made small talk for a while longer before Wei Qiu Ju excused herself and left.

Wei Yuewu was sent to the entrance of the courtyard, and then re-returned to the house to sit down, under the light, a delicate little face penetrated a few points of gravity.

“Miss, Aunt Winter wants to impersonate that Tu family’s eldest miss?” Shu Fei has always been very smart, this would have already heard the tone from the two people’s conversation, and hurriedly asked.

“First Miss of the Tu Family! Although this Lord Tu is no longer a direct descendant of the Tu family, but after all, he was once the first, even though there is Empress Tu now, people can’t say anything, but some families will still recognize him, and even feel that he is the real Tu family, with such an identity there, if she is really a Tu Clan’s daughter, in order to whitewash what happened back then, Empress Tu will also definitely ask her father to put her back on her feet.”

Wei Yuewu laughed coldly and raised her eyebrows, sort of understanding Aunt Dong’s entire plan.

“Miss, what then?” Unexpectedly, Aunt Dong actually had such a great scheme, several maids were startled, and Painted End couldn’t help but open her mouth.

Aunt Dong wants to stir up this matter is actually very simple, the beloved one called Qian Ying beside her is now a concubine beside that Lord Tu Jiulin, and is still a favored concubine, so she can also pass any words upwards.

“Miss, this is really not a small matter!” Golden Bell also reminded.

“Miss, could Aunt Winter really be that Tu family’s eldest miss? If this is really true, even if we wanted to stop it, we wouldn’t be able to.” Painted End’s tears were falling from her eyes in anxiety, thinking that Aunt Winter was so vicious that if she gained power, she wouldn’t be able to take Miss’s life, she was nervous.

Today this matter is not Miss smart, this would have been identified as a wild seed, was driven out of the house, or by the dowager lady a white damask execution, and even the reputation of the dead lady are implicated.

“She is not!” Wei Yuewu raised her head, the corner of her lips hooked out a deep smile, “She can’t be, if she is, after so many years, she would have already blown things out of proportion, and there’s no need to be afraid of people knowing about it, she wants to be the marquis’ wife not for a day or two! Moreover, fifth sister’s aunt has seen her!”

These words reminded a few of the maids, Painted End almost jumped up in joy, "If she is the master of Miss Fifth's aunt, how could Miss Fifth's aunt not recognize her!"

"Indeed it can't be, otherwise Aunt Winter would have already stabbed this matter in front of the Marquis, instead of having to wait for that Lord Tu to find out on his own and come to his door! I'm afraid that Aunt Dong gave her personal maid to Lord Tu as a concubine before she learned about it from the maid's mouth!"

Goldbell guessed.

"Miss, the slave girl thinks that Aunt Winter has suffered such a big loss today, and was suspected by the Marquis, even if she is carrying a child in her belly, so what, look at the Marquis's appearance really does not have the intention of establishing her as the main room, Aunt Winter will definitely be anxious, and will surely act immediately."

Shufei said with a wink.

This said Wei Yuewu nodded her head in satisfaction, the few maids by her side, were also getting more and more useful now.

"Jinling, tomorrow I will leave the house early in the morning and go to the palace to go to the draft, I don't know if I will be able to go out of the palace tomorrow, and even if I do, the time to go out of the palace won't be early." Wei Yue Ming analyzed.

The likelihood of being brushed off in the first round of the draft, right away, was fifty-fifty in his own case, and if it really was as father and Mrs. Tai thought they were, he should have been brushed off in the first round himself, but of course there were accidents in such things, or keeping himself for an extra round, so there was nothing to expect here in his own case.

Waiting for the palace to take a step, counting a step, here in Wei Yueyue Dance of course hope to be directly brushed down the best.

"Aunt Dong will most likely make a move tomorrow because she can't guess when I will be leaving the palace, but her matter is that she can't wait any longer, before she thought that she could use Aunt

Yang's matter to frame me and my mother so she wasn't in a hurry, but now she can't wait any longer." Speaking here Wei Yuewu's eyes flashed with a hint of ghostly coldness.

"This evening has been late, Aunt Winter is unlikely to send someone out at this juncture, but early tomorrow morning, will inevitably send someone out, it should be her side of the Jinzhu, you can then pester her, not let her go too early,"

Without Aunt Dong's instructions, the maid surnamed Qian certainly did not dare to act without authorization, here at first glance they know about this matter, some things have not yet been inquired about clearly, it is best not to let Aunt Dong act too quickly, here they laid down the backhand before they can catch up.

"Yes, slave girl knows!"

"Painting end, you go to father's study tomorrow, just say that I said I want father to see how that screen weaving is, how that screen was originally, I haven't seen it before, so please help father point it out." Wei Yue Mo finished standing up, walked to the window, picked up the pen that was placed on the brush holder, and after thinking about it, brushed and wrote on the rice paper.

When he finished writing, he looked at the wording on the paper, and nodded with satisfaction, "Jinling, this letter, you will casually find a small maid tomorrow to send it to Mrs. Tu's mansion, and name Miss Tu Jiu on it!"

We'll have to find time to reconnect at Ms. Tu Kau's place as well.

Chapter 487 Entering the Palace, First Selection

"Tomorrow, is the day of the harem election, there are a few families of the first daughter although sent up, but also just going through the motions, can be in the first day and those who did not choose together with the brush down, wind and masters have also seen palmistry for them before, basically are not the legendary phoenix life of the daughter."

Empress Tu's Fengyi Palace, Prince Wen Tianyao sat at the bottom of the head, listening to Empress Tu narrated, but Jue silent and looked at the paper handed up by the palace maid.

“Empress Mother, these are all young ladies from the worldly families, would it make them feel uncomfortable to be brushed off like this in the first round?” Only after half a minute did he raise his handsome face and look at Empress Tu, who was sitting above him, and frowned.

“No matter, the meaning of these several families is just going through the motions, early brush down, for them, but also early in their hearts, this election time is relatively tight, coupled with your two younger sister’s affairs, after the New Year, there has to be a decision, but also always have to pick a few heartfelt family lady as a dowry of the lady!”

Empress Tu quite a headache of the road, the selection of things now basically have been properly, but is the third princess and the fourth princess thing, at the moment do not know how to deal with.

The main thing is that the initiative is actually not in the royal family, although the royal family has been clearly to marry the two princesses, but in the Yan Huai Jing, the three princesses and four princesses have said that they want to marry him, the two princesses have their own advantages, even if it is the Tu Empress is the four princesses of the birth mother, can not be said that the four princesses to marry the Yan Huai Jing words.

For this reason, the Fourth Princess and Empress Tu have had several fights, but in the end, they all ended up being unsettled.

Now it was not a question of whether the royal family would marry the princess to the princess or not, but rather a question of which princess Yan Huaijing would pick.

“Mother, although Yan Di is strong, but there is no need to let our two male directors he pick it, the king is the king, the minister is the minister, it has never been the case, and how can it mess up the rules of the king and the minister!” Wen Tianyao’s face clouded over, “There is even no need to slow down even the matter of the draft because of him.”

His eyes swept over the list that Empress Tu had given him, and a trace of strong displeasure flashed under his eyes; that piece of paper clearly had Wei Yuewu’s name on it, which meant that Wei Yuewu would be brushed off in the first round.

“The matter of Yan Di has been a long time, as early as many years ago your grandfather they have ideas, but now the past so many years, Yan Di is more and more powerful, and the capital dark weak

down, in fact, is not what we want to do what we want to do, Prince, you have to remember, Yan Di is a big force, not suitable for hard attack, need to soften the, your father is the idea, your grandfather back then is also the idea.”

Empress Tu sighed, and under the light, her face was somewhat dark and helpless.

For the Yan Di's tail is not big, as a country after the Tu Empress and will not know, helpless Yan Di situation has become, can only slowly weakened.

“Mother, take Yan Huaijing as a hostage!” Wen Tianyao raised his eyes and said decisively.

The Duke of Yan had two sons, and all of them were born to the rightful wife, but the second son was still young, and if Yan Huaijing was withheld, it would be an incomparable loss to the land of Yan.

“Do you want Yan Di to start a war right away?” Empress Tu shook her head, looking at the youthful and exuberant Wen Tianyao, said with a straight face, “Crown Prince, I know that you don't want to be held hostage by the Yan land, but right now, the treasury is empty, the national strength is declining, such as wanting to revitalize is also not a one or two day thing, and right now, your father is not well, and every day, you hold on strongly to go to the court, just for fear that the lords from those several places will find out that, if it is true that once the war starts, your father will be the first here to can't hold out.”

Empress Tu sighed and analyzed.

“For yan land and other places, all need to be soft is, or lead them to kill each other, originally thought that the battle for the princess, will be more intense, which is expected to be two princesses for yan son of the situation! This time when the draft, must also select the first daughter of the big families, outstanding appearance, to not be the princess selected two, always let the four sons can marry the capital of the noblewoman.”

Four vassals son, two of them to marry the princess, the other two can only marry the world's family, but the palace has long been ordered to advocate, but the problem is that there are two other status is equivalent to the first daughter of a large family, but also to the virtue of the face of all the people, it is really not good to look for, Tu Empress for this is also a headache.

“Yan Di, mother prefer the third sister or the fourth sister?” For the current situation, of course, Wen Tianyao is also clear, handsome eyebrows tightly frowned, father's body is not feeling well, on the eve of

the New Year's Eve, almost couldn't hold on, he went to the front to help him to entertain the ministers, only then did he let him rest a little bit.

For the Emperor's illness, the palace doctors are also silent, the Imperial Hospital side of the case is not allowed anyone to view.

The palace itself is heavily burdened with circumstances, and outside the palace there are four lands watching, so this time the third and fourth princesses choosing a son-in-law is actually very important.

"Crown Prince, I know you and the third princess is very good relationship, but you don't forget that the fourth princess is your own sister, break the bones even the tendons, the fourth prince and the third prince is a brother and sister, the fourth prince to you although always trust, but if the Yan Di married the third princess, it is impossible to guarantee that there will be something will be happening, I'm afraid that Zhaoyi there for the year's events, grudgingly! "

Empress Tu raised her eyes and her face became stern as she warned Wen Tianyao.

"Empress Mother, but what is it?" Seeing Empress Tu's face, Wen Tianyao looked up and asked suspiciously, he didn't know what his mother meant by saying this at this time.

"Some small things back then and nothing more, in fact, it's not even a small thing, or maybe I'm just overthinking it!" Empress Tu stretched out her hand and rubbed her brow, saying wearily.

"Moreover, even if the four emperors did not have two hearts, the second prince there here from time to time want to be sick, want to be good, is not so easy to deal with, the empress dowager has always been compassionate to the two emperors, this time and out of the four emperors and the two emperors are and the marquis of huayang house of the three misses to mess with the thing, but in the end is bound to be into the four emperors house, is considered to be sorry for the side of the two emperors, empress dowager also summoned today this Palace over, let this time must pick a famous lady when the second prince consort!"

"That third young lady of the Marquis of Huayang's residence, the fourth brother still can't look at her, if the second brother really looks at her and doesn't care, why didn't he come to talk to the Empress Dowager earlier? Only after the Empress Mother has decreed here, did she let the Empress Dowager

come to hold the commission!" Wen Tianyao sneered with a dissatisfied voice, this second brother of his own family is the most capable of doing things.

But because of his birth mother and the Empress Dowager has relatives, the Empress Dowager has always looked up to him, and said that his body is not good, so that they let him in everything, said his second brother in the palace has never suffered any wrongdoing, but he is not enough innate, from time to time there are sick and their own, often holding a pot of medicine, there are many people in the palace has almost never seen him.

"These even, the palace is now chaotic, the surface looks a calm, but who knows when the outbreak, the crown prince, you are the crown prince of the country, the future of a country, even more can not act rashly, the selection of the matter, although it is because of you, but if there is no so-called heavenly destiny of the daughter of the crown prince, this time, you are also to be fixed the prince consort! "

Empress Tu said in a serious tone, "There are some things that have to be done, this is your mission as the Crown Prince, and even if you are not too willing, you have to do it!"

"Yes, everything according to what Mother Empress said!" Wen Tianyao lowered his head, the corners of his lips pursed up tightly, and only after half a second did he relax his lips and gently said.

"Alright, go back to rest earlier, even though tomorrow's draft doesn't have much to do with you, but help your father some more, don't let him get too tired!"

"Yes, Empress Mother!" Wen Tianyao stood up to take his leave, "Mother Empress also take an early rest, the matter of the draft still needs to trouble Mother Empress!"

"It's not a problem, why are we mother and son talking so polite!" A dignified smile appeared on Empress Tu's face as she raised her eyes to look at her tall son, "You go down as well!"

Wei Yuewu was the one who left Marquis Hua Yang's mansion early in the morning, and after bidding farewell to the dowager lady, she rode in the special small carriage sent out from the palace, and with only Shu Fei in tow, she headed for the palace gates.

To get to the palace door, only to find to the carriage one after another, far away from the view of the hexagon has a long slip, everyone together quietly guarded outside the palace door.

The time is still early, the palace door is not open, the sky is dim, the lights at the palace door is playing very bright, far away from the past, the shadow of all the people.

“Miss, you sleep again, a moment into the palace, slave girl call you!” Shu Fei put down the curtain in her hand, whispered to Wei Yuewu, getting up so early in the morning, this will indeed be a little sleepy, Wei Yuewu nodded, casually took a soft cushion and leaned to one side, closed her eyes to rest her mind.

The process didn’t really take long, and with the palace gates wide open, the carriage started up.

Wei Yuewu opened her eyes slightly.

“Miss, you sleep again, this will be going into the palace which, it is estimated that there is still a distance.” Shu Fei heard the voice, turned around and whispered.

Wei Yuewu re-closed her eyes and nodded, this section of the palace is indeed very long, looking at the way the carriage enters the palace, it should not be stopping at the palace gates and heading directly to the inner palace.

After a long time with her eyes closed, she heard Shufei’s voice in a daze and opened her slightly closed watery eyes, looking at Shufei with a few moments of confusion.

“Miss, we’re getting off, I heard the people outside say we’re here!”

“Good!” Wei Yuewu nodded and sat up straight as Shufei helped her straighten her grooming before helping her out of the carriage.

Wei Yuewu swept a glance at the venue she was in, where many showgirls had already stood, basically a showgirl with a maid, exactly the same as herself.

Everyone stood quietly on the field, surrounded by a color of lanterns, so many people one by one, without a sound, standing rules, no one dared to look around.

One after another, the pony carriages came in, and one young lady after another got off, all of them were the young ladies of the families in the capital, and a part of them still knew each other, but under such circumstances, at most, they only had their eyes to gesture slightly, and didn't dare to make any big moves.

Several chamberlains hurriedly came over, the one who walked in the first place was obviously a high status chamberlain, although he was old, his voice was still shrill, he stood and fixed himself in front of all the showgirls, and asked with a shrill voice, "Who is the Miss of the Marquis of Huayang Mansion here?"

Chapter 488 An Invitation, Noble Consort Wen's Intention

"I am!" Wei Yuewu was surprised for a moment and slowly stepped out in the face of an inquiring gaze.

"Our Noble Consort is right over there and would like to ask Miss Wei Sixth to come over for a moment!" The chamberlain raised her head up and down to look at Wei Yuewu twice, and pointedly said.

Reaching out and pointing to the side, Wei Yuewu then saw that at the side of the square, there was a carriage parked far away, with a whole bunch of palace ees and colorful women chambermaids on the side.

"Yes!" The long eyelashes dropped down, and he obediently said, then followed the chamberlain over that way.

It should be Noble Consort Wen, right? But Wei Yuewu didn't know what this Noble Consort Wen was looking for herself for, especially waiting here early in the morning, she should have come here specifically to look for herself.

He and this Noble Consort Wen did not have any interactions, but he was a little involved with Miss Wen Er, could it be that this Noble Consort Wen was here for Miss Wen Er?

Square side, the road surface is slightly wet, Wei Yuewu first time to see Wen Guifei is to perform a big salute, but this is also just slightly owe the body, if he really so things rude to Wen Guifei, was driven out of the palace, but also as he wished.

“Are you the first daughter of Marquis Hua Yang, Miss Wei Sixth?” The young and gorgeous woman inside the carriage, Noble Consort Wen, looked at Wei Yuewu standing under the carriage and smiled faintly.

“Precisely my daughter!” Wei Yuewu said with a respectful brow.

“I heard that the sixth young lady of the Marquis of Huayang, no talent, no appearance, no character, the whole capital knows the thing, but I don’t know how all of a sudden actually so out of the ordinary, is not it so many years, a new person is it?” Wen Guifei covered her lips and laughed softly, as if she thought it was a funny thing, but she didn’t think that it was a doubt about Wei Yuewu’s identity.

Doubting Wei Yue Ma’s identity in front of so many people showed the same disapproval of Wei Yue Ma’s identity.

Wei Yuewu’s eyes were cold, she raised her head and looked at Noble Consort Wen who was sitting above her, and said without humility, “If Noble Consort is skeptical of my daughter’s identity, she can issue an order for the Marquis of Huayang to investigate!”

The smile on the face of Noble Consort Wen, who was sitting on top, stiffened, and her face slowly sank cold.

“Daring, how dare you speak to Your Highness like that!” The chamberlain reprimanded with a sharp voice.

“I don’t dare, I just heard that Your Highness doubted my daughter’s identity, I was momentarily agitated, so I bumped into Your Highness, if Your Highness has a punishment, I’ll take it!” Wei Yuewu lowered her head again, her butterfly wing-like long eyelashes flickered twice, hiding a hint of coldness in the bottom of her eyes.

"It looks like you don't want to run for the election?" Noble Consort Wen suddenly laughed again.

"It's not that I don't want to, it's just that I'm afraid that at the end of the day there will still be people who doubt my daughter's identity, so I'd still like to ask Noble Consort Wen to first request for an investigation to set the record straight for my daughter!" Wei Yuewu unhurriedly said.

She was never afraid of other people's accusations, those rumors have in fact with her entry into the capital, gradually disappeared, but this will be Wen Guifei suddenly mentioned, but it will make people suspicious of her again, if she did not enter the election on it, if it is into the election, into the crown prince's harem, because of this reason, it will not be a high position.

Even with Wen Guifei's this doubt, their own future out of the less likely to be more people doubt Gou disease.

There are some things that are said that even though everyone knows they are not true, they become an excuse for a person to be attacked, and as time goes on, rumors like this get stronger and stronger.

Although Wei Yuewu did not intend to enter the Eastern Palace, this would be a real fight with Noble Consort Wen.

"To set the record straight? I'm afraid such a thing has nothing to do with me! If you really want to investigate, go do it yourself, I'm tired here too!" Noble Consort Wen's smile grows cold, a pair of beautiful eyes with hooks fall on Wei Yuewu's face, revealing a few moments of annoyance.

She is the emperor's newly favored concubine, it is the time of young and flourishing appearance, even if there is such a favored concubine as Tu Zhaoyi in front of her, she is different in the emperor's mind, even if the empress mother sees her is also polite, not to mention the thought that will be Wei Yuewu forced to change her face.

"This matter indeed has nothing to do with Your Highness, my daughter voluntarily withdraws from the selection, goes back to ask my father to investigate this matter, and then reports this matter to Your Highness before her case." Wei Yuewu spoke more and more respectfully, just the upright posture and eyes, both penetrating unyielding.

"You ... you are reckless!" Noble Consort Wen's face changed, her hand slapped hard on the carriage, and she snapped.

Not to say that Wei Lovin was originally a high-powered minister, but said Wen Guifei so intervene in the family affairs of important ministers, has been the harem interference, the harem is not allowed to interfere in politics, which is how many years of the practice of the harem, although secretly there are also Gong Fei reach out to interfere in politics, but at least on the surface, who also do not dare to really interfere in this matter.

If this is really involved in the relationship, both the favorite concubine can not get good, the Queen Mother there will not be the first to pass, really count up, and may even involve their own family.

How could Princess Wen not be angry.

“How dare you dare to speak to Your Highness in such a manner, does Your Highness want to slap your mouth?” The chamberlain pointedly rebuked along with Noble Consort Wen before turning his head and bending down to propose to Noble Consort Wen.

“This time is the selection for the crown prince, the elected crown princess is even the fundamental of the country, you actually confuse the public here, can know the crime!” Noble Consort Wen snapped.

This sounds harsh, but in fact there is not much harshness in it.

“My daughter wouldn’t dare, my daughter is just stating a fact, if Your Highness doesn’t believe me, you can go and call father in and ask him!” Wei Yuewu calmly said, not half a ripple because of Noble Consort Wen’s stern shout.

“Is not the fact that there is no need to discuss, on your attitude of contempt for the draft should be chastised, but in mind that you are a first offender, and do not know the rules of the palace, so these things, just a few palms, to show that you!”

Noble Consort Wen saw that Wei Yuewu was actually still unconvinced and angrily said.

Early a chamberlain played a jade ruler over, this is under the main is to punish Wei Yuewu, or at the time of coming, Wen Guifei here early own made up his mind, a good lesson themselves a meal.

Because it was the matter between Second Miss Wen and herself that made Noble Consort Wen realize something, so she punished herself thinly?

For the Emperor's new favorite, Noble Consort Wen, Wei Yuewu only felt sullen and speechless, coming so early in the morning, really just to find her own fault?

If that was the case, there was no difference between this favored concubine and that Second Miss Wen.

Seeing that the chamberlain was really going to come over, Wei Yuewu reached out her hand while saying in a low voice, "I am grateful to Your Highness for giving me the punishment, in a moment, if I pass out, I would also like to ask Your Highness to send me out of the palace on the basis of my father, as for the selection of the draft, I'm afraid that I am not destined for it!"

She lowered her head while saying that, as if she really had a sad face and was full of sadness.

Noble Consort Wen's heart skipped two anxious beats, "Even if there is a slight damage to her hands, she won't pass out, the people under this palace's command are very measured in their actions."

"I've heard that the Harem Selection can't have a single scar on the body, and since I'll eventually be seen by the Sister who will be checking the research in a while, I might as well just quit!"

Wei Yuewu didn't argue or panic, only quietly lifting a slender hand, waiting for the chamberlain to come over to carry out the execution.

The Harem Selection, indeed, is extremely strict, requiring that no large scars be left on the body, Wei Yuewu if she is taught a lesson this time, her hands are bound to swell up, and at that time, the Sister will surely ask about this matter.

For the hand to be chastised a few times, Wei Yuewu really does not matter, to be able to just so shy and indignant fainted, in fact, it is also a kind of happiness, she has been in the heart of anxiety for a while, always feel that this election will not be so simple, and even have a kind of bad premonition.

It would be a good thing to quit like that, so this would make her words sound fairly soft, but actually provocative in every way.

“Stop!” Noble Consort Wen coldly looked at Wei Yuewu, but when she saw that Wei Yuewu still did not have the slightest of this panicked stretching out of her hand, she sternly shouted to stop.

The chamberlain with the jade ruler obediently stopped.

“What else do you have to say?” Noble Consort Wen said slowly.

“My subject daughter has nothing to say, the meaning of the Queen Mother is originally fair.” Wei Yuewu shook her head, “The words of the Niang Niang, represents the meaning of the Emperor and the Empress, since the Niang Niang doubts, it means that it is the Emperor and the Empress who doubts, the subject daughter still slightly refute at this time, it is really a loss of the subject’s own, the Niang Niang penalty is reasonable, it is the subject daughter who is wrong!”

Originally, she didn’t want to come in for the draft, and since Noble Consort Wen crashed into it, Wei Yuewu didn’t feel like she needed to be polite at this time.

Noble Consort Wen had come to find herself in trouble, but was unwilling to really make a scene, yet she made a false pretense and came aggressively to warn herself.

If Wen Guifei is really so stupid, Wei Yuewu believes that she can’t climb up to the position of this Guifei, and still once in the palace, it didn’t take long to get favored.

Wen Noble Consort could not imagine Wei Yuewu to this point, still refused to soften, at the moment angry eyes on fire, but then this fire even slowly receded, coldly laughed and said, “Wei six young lady this is intended to carry on with me?”

“My daughter wouldn’t dare!” Wei Yue Ming said softly.

This look but more and more let Wen Guifei gas eyes slightly fan, eyes burning, just suddenly Wen Guifei laughed, rushed to the side of the courtesan beckoned, “Wei six miss really courageous, extraordinary, originally thought it was just a rumor, but could not imagine that actually so good, it is really a woman not to be ashamed of, which, if it is really into the East Palace, will be the Prince’s good helpers, I Here to send you a thing, is considered to cast an eye!”

A palace maid held a box in her hands and walked over to Wei Yuewu, once she opened the box, a pair of luscious earrings appeared in front of Wei Yuewu.

The jade-colored earrings, with blue stones, are particularly brilliant and subdued, and extremely alluring.

Unlike the usual ruby earrings, these were surprisingly blue gemstones, which made them more and more enticing than the rubies seen exclusively.

The few showgirls near the edge couldn’t help but stir slightly, each with envious eyes looking at the pair of sapphire earrings.

Wei Yuewu was suspicious, her long eyelashes flickered twice, her pair of bright watery eyes looked at Noble Consort Wen, and softly said, “My daughter does not dare to accept Noble Consort’s generous gift!”

Wen Guifei a suddenly harsh, a suddenly and kind, the gap between the two, more and more so that Wei Yuewu suspected the intentions of this Wen Guifei up, before she suspected that she is for her own sister to come out of anger, but this will be the heart of the heart suddenly jumped twice, palms of the slightly sweaty, this Wen Guifei really is not easy to deal with.

With just two words, he has pushed himself aside ...

Chapter 489 Good Temper, can I still repent later?

Who does Princess Wen represent?

The heart pranced two times, but the eyes slowly calmed down, this Wen Guifei really is not simple, actually in this situation, to such a big sudden turn, no wonder can stand out in the many women out, become the new favorite of the harem, not without reason.

But no matter who this Noble Consort Wen represented, today this earring could not be picked up by herself!

With her mind made up, Wei Yuewu softly said, "Your Highness, I dare not accept the Queen's reward for no reason, so many young ladies are watching, the Queen only rewarded my daughter, others are bound to mistakenly think that my daughter and the Queen have long been acquainted with each other, the Queen waited here so early in the morning, the original is to create a momentum for my daughter!"

The people in the palace are most afraid of creating momentum for anyone, and if this kind of thing is really found out, even if Wen Guifei is the Emperor's new favorite, she will not be able to eat.

Noble Consort Wen couldn't imagine that Wei Yuewu was actually so difficult to deal with, soft and hard, and also spoke in such a grandiose manner, her eyes fell on her delicate face and turned around, and she suddenly smiled and sighed, "Well, then I won't be rewarded here for now, lest I mistakenly think that I, who have gone to greet the Empress Dowager, really intends to guard this place, however, Miss Wei Sixth has really got the eye of my eyes, if there is time, come and find me!"

"Many thanks, Your Highness!" Wei Yuewu bowed her head and thanked her.

Noble Consort Wen beckoned to the people on both sides, and whether it was the chamberlain who had the jade ring ruler, or the palace maid who had sent the earrings afterward, they all retreated back without a sound, and afterward the carriage rose up, and with a crowd of people in tow, they walked forward with great vigor.

Wei Yuewu bowed her head to send her off.

Only after Noble Consort Wen left did Wei Yuewu return to her previous position.

This will be all the showgirls almost have already got off the car, lined up in two teams waiting there, there has been a chamberlain came out to shout, all the people slowly step forward together.

Two other chamberlains stood at the front of the line, now and then calling one of the showgirls out to the other side of the line.

As for the maids, they had all been called aside long ago and could only follow their own masters from afar.

Wei Yuewu followed the crowd over and was also named and shouted to the side, looking at a few somewhat familiar faces around her, her demeanor was also calm and easygoing, not half a bit of panic because she was called out individually, Wei Yuewu bowed her head and was silent, these ones that were named out individually should all be the thousand daughters of the big families.

Dingsheng utopian noble family, since there is a difference with the general ordinary miss, so picked out forty, fifty.

After separating from the previous young lady, he was taken by the chamberlain to a palace.

This will be the daybreak, the palace door has opened, the palace out of the four old nuisance grandmother and a group of palace maids, the eyes fell sternly on the forty, fifty family ladies who came in.

“Several young ladies should have all had their palms read by Master Feng He, right?” One of the oldest sisters in the very center walked out with an expressionless face and asked the crowd.

“Yes!” The thousands of golds bowed their heads.

Since they are a utopian noble family, naturally they have been to the palace and seen Master Feng He, or it can also be said that Master Feng He did not find anything on their palms!

“Then all of you should go into the main hall first to show off your talents!” The old Sister’s gaze slowly slid over the faces of the showgirls.

For these ladies of the world family for the zither, chess, calligraphy and painting is a must learn the project, naturally do not feel much difficulty, Wei Yuewu row in the crowd, the speed is not fast, a group of four to go in, the time is not short, to be able to go in to hear the sound of the zither excellent, the music is soft, playing the same song.

After the first few groups had passed, it was finally Wei Yuewu's and the other four's turn, and when they were able to walk into the large hall, they realized that it was divided into four corners.

At each place stood an old Sister, four zithers in front of the left, four book cases in front of the right, two pairs of chessboards at the back of the left, and book cases at the back of the right, but seeing the palettes on them it is needless to say that this should be the place for painting.

"The four young ladies choose one thing to try!" The old Sister who guided them in said indifferently and coldly.

They are all old sisters in the palace, basically serving the empress dowager, the ladies of the palace have respect when they see them, and they are presided over by them in order to prevent other concubines in the harem from interfering.

And Wei Yuewu together with the door of the showgirl chose the piano, walked over, there is a palace maid to lead to the piano rack, she sat down and elegantly played, the sound of the piano from the overflow of the fingers, extremely pleasant to the ear.

Then another showgirl went by, while another went to a corner of the painting, where she meditated and painted.

Wei Yuewu looked around and finally selected the chess set.

The display of qin, chess, calligraphy and painting in fact, no one has gone over to this side of the chess set, and basically will not come over to play the qin a song both over, the same with painting and writing, about writing on the line, after the evaluation to see whether it is good or not.

But the chess is different, can not be divided into a win or lose really can not be compared to the high and low, and this time will not be able to say, the game is not until the end, who does not know what is the end of the game.

Guarding the side of the Sister over there is a chamberlain, an eloquent chamberlain who looks to be in his twenties, also a chamberlain, compared to the chamberlain outside, this chamberlain looks much more elegant, and even gives Wei Yuewu a feeling that if he puts on a brocade robe, he might be a flamboyant gentleman.

He was sitting in front of a chess game, casually holding a few pieces in his hand and playing to himself, actually double-striking with his right and left hands.

For the things around him, there is not the slightest concern, and the showgirls who come in or go out in the main hall do not have the slightest relationship with him.

Wei Yuewu raised her steps towards him.

The courtesan guarding her froze for a moment, but immediately reacted and took two tight steps to lead her slowly over.

“Black or white?” The chamberlain’s voice was surprisingly not as shrill as one would expect, just asking without lifting his head.

“Deacon Black!” Wei Yuewu sat down across from him with great generosity.

Black pieces were pushed over, Wei Yuewu casually fell a son, then the opposite side of the chamberlain also followed to fall a son, Wei Yuewu fell another son down, the two people move very quickly, only a moment of time fell dozens of sons, Wei Yuewu chess, although slightly insufficient, but at least these dozens of sons, but also quite stable, did not obviously show defeat.

That side of the piano has stopped, the painting is also painted, only one of the three people lost, is the later play the piano that a young lady, the young lady’s piano sound to join, so that the front of the young lady’s piano sound, a listen to know that the skills are not good, this will be lost is also normal.

The three people retreated, and Wei Yueyue Dance's side continued to play chess.

The chamberlain on the opposite side hadn't lifted his head up until now, and hadn't even looked at Wei Yueyue Dance more than once.

Four more showgirls walked in, Wei Yue-mai landed another piece, and the piece in the chamberlain's hand followed suit, and immediately Wei Yue-mai's side of the situation was in a bad way, a large chunk of space was eaten up, and one black piece was taken away.

"This ... this eunuch ... me ... can I not repent my moves?" Wei Yuewu was filled with shame, and in a low voice na na na Ken begged.

These words caused the old Sister at the side to have a cold face, with a few moments of mockery in her gaze, and she was about to open her mouth to speak and have Wei Yuewu's name directly removed, but then she saw the chamberlain with an excellent attitude bring back the previously fallen pieces, and her mouth politely said, "Yes!"

Wei Yuewu lifted her butterfly-winged long eyelashes and looked at the chamberlain across from her in surprise, her cherry lips slightly opened, feeling that she could not speak.

To actually agree to regret a move in this situation, I don't know if this chamberlain's heart is too big or my own heart is too big!

However, this is a bad thing, obviously just now that the old sister's eyes flashed with disgust, this will actually re-collected.

She knows her own business, originally carried the name of talentless and unattractive, she must not really be brushed down in those links, otherwise her own talentless and unattractive reputation will really sit, and if anyone wants to deal with themselves in the future, they can take this as a reason.

So, she wanted to lose in the chess game, of course she didn't want to lose, it's better to let the old grandma of the palace directly brush it off, originally because of the words she opened her mouth to say, it would be directly brushed off, but because of the good temperament of the chamberlain, actually nothing happened, Wei Yuewu eyes can't help but deepen.

The eyes fell on the chamberlain once again!

“Get down quickly, there are people waiting down there!” The chamberlain urged faintly.

“Yes!” Wei Yuewu bowed her head and her men landed another son.

The chamberlain also followed the fall of a son, the next between you and me, and respectively fell a dozen, this dozen Wei Yuewu and the chamberlain’s pieces, has been in a state of stalemate, Wei Yuewu still does not show obvious defeat.

It even blocked a small section of the chamberlain’s path when one of the tiles fell, eating a small piece of his, but in the next moment, Wei Yuewu’s face that had only just revealed a smile stiffened a bit, a large piece of his own side being eaten and broken was really not worth mentioning in comparison to that small situation he had won earlier.

“Can this ... be repented again?” Wei Yueyue Dance reddened her face and gently proposed.

The old Sister grunted from the sidelines.

“Good!” The chamberlain agreed with alacrity, so much alacrity that it almost caused the old Sister to stifle a forceful coughing fit.

Wei Yuewu also wanted to cough, her white teeth bit her lip slightly and looked at the chamberlain, she really felt that this chamberlain was rather strange, how could he be so good-tempered?

They are here today to select the show, not to compete, but they will not be able to really admit defeat, otherwise their reputation as talentless is considered to be implemented.

“This eunuch, can I really repent my move?” Wei Yuewu once again tested the waters.

“Yes!” The chamberlain said simply and appallingly, still without lifting his head, tapping the chess piece in his hand on the edge, and said rather helplessly, “Please make your move!”

"Can I still repent my move later?" Wei Yuewu, however, did not fall this time, picking up the chess piece and gently tapping it on her hand, looking at the chamberlain in front of her and asking in confusion.

This is simply giving an inch, the old Sister's face was green with anger, and she was about to open her mouth to speak and directly have Wei Yuewu's name painted off, but then she saw that this chamberlain also coughed lowly, and then in the old Sister's furious, about-to-twist-quit look, she faintly said, "It's fine!"

Chapter 490 Bribing in Public?

Such a scenario, even if Wei Yuewu is full of heartbreak also can't help but laugh out, this chamberlain really has character, especially for this chess one, actually so obsessed with it, as if he doesn't know that today is to assess the showgirls, but just to play chess with people idly as if, and this temper is really too good.

Unable to do so, Wei Yuewu would not need him to be good-tempered this time.

Pick up the previous pieces, re-fall, re-play, two people again you and me several times, the last Wei Yuewu a corner is gone again, this time Wei Yuewu also did not say, extremely quick to reach out a wipe, the above chess game to wipe out, quite a few rogue lowered voice pleaded.

"This eunuch, have been playing for so long, also did not distinguish a winner, Mo such as even if we draw, so many showgirls, if we wait for us to this game of chess down, but also not when, I still have to go to stand for election, afraid of being misplaced!"

Wei Yuewu accompanied a smile while secretly fumbling for a purse from her sleeve and handing it over.

Old Sister angry eyes are on fire, have never seen such a showgirl who does not know how to advance and retreat, actually openly in front of their own bribes, but also brazen to such a point, this will be unable to hold back again, sternly reprimanded, "This showgirl, do you know what you're doing? Here is the imperial palace, words and behavior are no good, directly brush down ..."

“Sister Yi, this matter is also considered a small matter, a draw is a draw, this showgirl has a child’s childish mentality, so it’s not like she can talk about her words and behavior being unruly.” That chamberlain finally raised his head, a calm young man looking face, his eyes were also very straight, I could tell that he was a good person.

Seeing Wei Yuewu stunned for a moment, but then a faint smile appeared on her face.

“But Eunuch Qin ...” Sister Yi was anxious when she heard that the chamberlain had spared Wei Yuewu again.

“Sister Yi, this matter has its own decision, it’s not a big deal!” The chamberlain stood up and said with a leisurely face, “Let’s write a draw, it’s always the first round, they are all misses of the utopian noble families, so if the first round goes on, it will really make the families lose face!”

“But ...” Sister Yi looked at the name on the book, and wanted to tell this Eunuch Qin, this sixth miss of the Marquis of Huayang was originally supposed to be brushed down in the first round, and the people around the Empress have long hinted at the fact that the Marquis of Huayang has a young lady who has been selected to be a high-ranking concubine in the Eastern Palace. The concubine, basically is just going through the motions and themselves.

Empress Dowager’s side of the people even though not the palace others can be called, but the Empress Dowager’s meaning, or to listen to, and the Empress Dowager said is also the truth, this reason is said to the Empress Dowager in front, is also justified.

But on the contrary, this Eunuch Qin at the moment is His Highness the Crown Prince’s man.

The people sent over by His Highness the Crown Prince, and she couldn’t just offend them, Sister Yi was really suffocating.

“Alright, Sister Yi will settle for a draw!” The chamberlain graciously took the purse that Wei Yuewu had sent over from the table, and put it into his sleeve in front of the crowd’s astonished gazes, and then smiled rather embarrassedly at Wei Yuewu, and stretched out his hand, “Many thanks to this young lady, please!”

Wei Yuewu stared at him for half a second and opened her lips, realizing for the first time that there were times when she turned out to be speechless, and then she could only smile bitterly and retreated helplessly.

To get outside the palace, see the team outside this time has been dispersed, some people cry, some people laugh, some people in the chattering chat, although very light, but the whole atmosphere is relaxed, not yet into the hall of the showgirls have not been much.

"Miss Wei Six1," someone greeted her.

Wei Yuewu stood still and looked to the side, but it turned out to be Zhao Ruo'e. A slight smile appeared on her face as she raised her steps and walked over, "Miss Zhao!"

The party was so crowded that she didn't notice that Yue Ruo'e was even inside.

"Miss Wei Sixth here come sit!" At the corridor on Zhao Ruoe's side, there were several young ladies sitting there, and one that looked familiar was Li Yue'er who she had seen last time, and when she saw Wei Yuewu coming over, she let out a cold snort, and directly twisted her head as if she hadn't seen it.

Wei Yuewu didn't care, and walked straight over with light footsteps.

Unable to do so, this Li Yue'er was a person who was not willing to be ignored, and her feet soundlessly probed out, intending to trip Wei Yuewu a heel.

A cold smile flashed in Wei Yuewu's eyes, her feet didn't stop, as if she didn't see Li Yue Er's outstretched foot, she smiled at Zhao Ruo'e in front of her, "I didn't notice Ms. Zhao just now, I can't imagine that Ms. Zhao is also here, ah ..."

As she spoke, she stepped on Li Yue'er's foot, thumped and rushed two steps, and fell to the ground.

"Hahahahaha!" The few ladies standing beside Li Yue'er couldn't help but burst out laughing.

Li Yue'er retracted her feet and also covered her lips and laughed, "Miss Wei Sixth, why don't you grow eyes when you walk, such a big person, actually can't even walk steadily."

"What's wrong with you? Is there anything wrong?" It was Zhao Ruo'e who came over to support Wei Yuewu while saying with concern.

"Whose foot ..." Wei Yueyue Dance covered her leg with one hand while whispering with a pained look.

"It doesn't matter whose foot it is, who made you walk without looking at the ground, who can you blame if you don't grow eyes yourself!" Seeing that the worse Wei Yuewu looked, the happier Li Yue Er became, this would sneer loudly.

"No, I'm not, I don't have eyes of my own!"

"Walk without looking where you're looking!"

"I'm sure you're from the countryside, you can't even walk!" ...

The few young ladies following Li Yue'er, one by one, mocked.

"Miss Zhao, help me call that Sister over!" Wei Yuewu helped Zhao Ruo'e's hand to stand up and take a seat at one side of the corridor, covering her calf with one hand as she said.

"What's wrong?" Seeing Wei Yuewu's expression, Zhao Ruo'e asked urgently.

"There's something to find that Sister, help me shout!" Wei Yuewu's face was pale, but her complexion was still calm, she didn't even look at Li Yue'er's few, and still said to Zhao Ruo'e.

"Okay, I'll go right away!" Zhao Ruo'e also felt straight away that something was not right, and busily stood up, carrying her skirt and ran over, saying a few puts to an old Sister standing at the entrance of the main hall, the old Sister's eyes looked over to their side and frowned, but still followed Zhao Ruo'e over.

This side of the showgirls are all utopian noble lady, this if something really happened, she can not afford this responsibility.

As the old grandma came over, Li Yue'er inexplicably felt bad and hurriedly warned in a stern voice, "Miss Wei Sixth, just this one time, you won't really be alright, will you? If you hurt your leg this time, you won't be able to choose again."

Can't carry on the selection again, on behalf of is no chance to enter the East Palace, later and the Palace is also hopeless, glory and wealth are over the eye of the cloud eye, Li Yue'er don't believe that Wei Yuewu dares to gamble so much on his future.

Wei Yuewu this time also ignored her, her hand still pressed on her leg and foot, the pain on her face was obvious, those few flirting young ladies obviously also thought of something, no longer dare to be reckless, one by one pinched her handkerchiefs and got distracted.

"What's going on?" The old Sister walked over to Wei Yueyue Dance's body.

"Sister ... I tripped over someone and twisted my leg, I'm afraid ... I'm afraid I won't be able to walk, please go and ask a eunuch to help me look." Wei Yuewu tightly touched her calf, her face was pale and raised her eyes, a pair of beautiful eyes contained glistening tears.

"You're talking nonsense, just so lightly tripped, how can something be wrong, Wei Yuewu are you intentionally trying to harm me before you deliberately make all these have-nots." Before the old grandma could say anything, Li Yue'er on the side couldn't help but yell out, "I'm telling you, this has nothing to do with me, it's you who accidentally tripped over something, I just happened to be next to you at the time, don't you dare to rely on me."

"What in the world is going on?" Old Sister also heard something from Li Yue'er's words this time and sternly said.

"Sister, call a great doctor over first!" Wei Yuewu ignored Li Yue'er's yelling and remained in pain.

“Sister, please call the Imperial Doctor first, this is the Sixth Miss of the Marquis of Huayang, the first daughter of the Marquis of Huayang, if we treat her too late, something will really happen!” Zhao Yue’e was also in a hurry, and even reported Wei Luan’s name.

The old Sister looked at Wei Yuewu’s situation and knew that she couldn’t afford to make any mistakes, so she called over a palace maid and asked her to go and ask the Imperial Doctor to come over.

“Who tripped her?” The old Sister looked at the leveled area and asked in a stern voice, “You are now all showgirls who have entered the palace to be selected for the draft, don’t think that you are still in your own mansion and do whatever you want to do, the slightest bit of unpleasantness may even involve the entire family.”

“I ... have nothing to do with me!”

“It doesn’t matter to me either, I’ll stand away.”

“I didn’t see clearly what was going on!” Being swept by the old Sister’s stern gaze, the heads of one of the showgirls lowered and whispered.

Here is the palace, this if something really happened, it is really likely to be a big deal, not just their own a person’s thing, involving the whole family is very likely, these young lady into the palace, the family is also a thousand instructions, ten thousand instructions, just follow the crowd to ridicule Wei Yuewu is one thing, this will be Wei Yuewu really out of the matter is one thing.

Everyone knows that the Marquis of Huayang is not to be messed with, this only first daughter really if something happens, I’m afraid that all the people present will not be able to get well, this will be several young ladies regret that they said the rumors at that time.

“This matter has nothing to do with me either, it’s just that she fell down when she walked past me, I just sat here and did nothing, if you don’t believe me, Sister can ask the other young ladies.” Although Li Yue’er was alarmed, she still defended herself.

She bet that no one was paying attention to her movements at the time, and it was impossible to see her slightly sticking her foot out to trip Wei Yuewu.

Moreover, this kind of thing, even if someone says it's himself, he can also not admit it, the public says it's reasonable, the mother-in-law says it's reasonable, he dead bites that he didn't trip Wei Yuewu, it's hard not to be able to identify himself, anyway, at that time in that position is not just himself.

"Miss Li ... how can you ... be like this!" Wei Yuewu's slightly lowered voice carried a few moments of anger, "If it wasn't for Ms. Li's foot, how could I have fallen!"

"You're bullshitting me!" Li Yue'er screamed loudly, suddenly standing up straight and righteously saying, "What proof do you have that I tripped you, that I caused you to fall!"
