

Young Lady 491

Chapter 491 Rude Royal Highness

"Eldest Miss Li, dare you extend your foot!" Wei Yuewu said coldly.

"What dare not!" Li Yue'er said, pick up the skirt, make a generous look stretched out the foot, but see their shoes on the surface of the dirt quality, shrieked, to be wanted to take back, is not able.

On the upper of those exquisite shoes embroidered with the fluttering of two butterflies, a footprint was clearly stepped on.

"Ms. Lee, didn't you say it had nothing to do with you? What's with the marks on the top of your shoes?" Zhao Ruo'e also saw it clearly, and at that moment, she sneered and said.

"I ..." Li Yue'er was dumbfounded, just now only focusing on thinking that as long as he bites his head off, no one can say that he did it, but now the shoes are clearly marked on the surface.

"Yet I don't know why Miss Li deliberately tripped me?" Wei Yuewu covered her calf and asked with a frown and a straight face.

Of course Li Yue'er couldn't answer this, she certainly couldn't say it was because of Li and Wei Yan.

Is talking in the meantime, the doctor came, for Wei Yuewu diagnosis and treatment of some of the Wei Yuewu is sprained legs, but the problem is not very big, a little rest for a few days, and then on some medicine on the good.

Into the palace to select the showgirl even out of this kind of thing, early someone reported up, not long after a few old sisters over, look at Wei Yuewu situation, also know that this kind of situation, can not be selected again, of course, Wei Yuewu to brush down, as for intentionally tripping Wei Yuewu, caused this trouble Li Yue Er, of course, also followed the brush down.

And he was also taken to one side of the small Buddhist temple to be punished for kneeling.

Although Li Yue'er a burst of crying, but still be dragged away, for Li Yue'er's reaction, of course, Wei Yue'er expected things, Li Yue'er's age is not small, but not engaged to marry, rushing is the crown prince selection of the bar, this will be not yet selected, directly brushed down, how not to cry.

But this was originally also her own self-inflicted, if she did not give birth to bad intentions, want to see herself embarrassed, she wanted to go out of the palace, but also have to spend a lot of effort, this will be sitting in the side of the hall, waiting for the palace carriage, intends to take Shu Fei out of the palace to go.

The leg injury is actually very good to pretend, not even swollen, only in the doctor let the palace maid slightly press, call the pain on the line, after all, the palace maid is not a doctor of medicine, and know how to doctor of medicine is inconvenient to directly reach out, which caused Wei Yuewu drilled this gap.

Neither having a bad reputation for herself, while being able to be brushed down directly, was of course what Wei Yuewu wanted the most.

"What? Brushed off? Didn't I tell you to guard the hardest level?" Wen Tianyao frowned his handsome eyebrows, putting down the pen in his hand and asked unhappily.

Qinqi, chess, calligraphy and painting, only chess is the most testing, that's why Wen Tianyao sent out his side Qin Ming, this eunuch called Qin Ming is actually still his third brother's people, together with his third brother who has always been very knowledgeable about these four arts, it's still very easy to keep Wei Yuewu from being brushed down.

Eunuch Qin, the chamberlain, said without a sound, "Yes, because he was tripped by the eldest young lady of Li Shuaiba's residence and injured his leg, he had to withdraw from the draft."

"The eldest lady of Li Zaima's residence?" Wen Tianyao's face clouded over.

"Yes, I heard that it was intentionally stretched out her leg and tripped Miss Wei Six, Miss Wei Six was injured as a result, and had no choice but to withdraw from the draft, and this matter has been reported to the Empress Dowager, and the Empress Dowager's side also punished that arrogant young lady and made her go to the palace's Buddha Hall to kneel!"

Eunuch Qin walked outside the temple at that time and was able to see it clearly.

“Hmph, there is no good daughter in the Li family, where is he now?” Wen Tianyao coldly snorted, handsome face showed a few points of anger, before looking at this Li Wash Ma think people are still respectful, do things also bashful, this will feel very annoying, his own daughter will actually teach into this way, really is not the family should be there.

“Should still be in the palace, but, Your Highness, the Empress Mother has already issued a decree ...” Eunuch Qin was startled to see Wen Tianyao, who was walking out, and was busy walking two steps closer to say.

“Check it out!”

Man Tianyao took a big step outside.

“Your Highness, this is not good! You shouldn’t show up at the place where the showgirls are chosen right now, it will arouse the suspicion of others!” Qin Ming advised.

Even if His Royal Highness wants to keep this Miss Wei Sixth, he can’t use such an obvious method, or else what will other families think, and how will the next selection be conducted?

If His Highness the Crown Prince is favoring Miss Wei Sixth, those other sisters would not dare to arbitrarily brush this Miss Wei Sixth off, even if they are the Empress Dowager’s people.

This in the end will inevitably make trouble, inevitably Huayang Marquis House himself than sent another young lady into the East Palace.

“Where?” Hearing Qin Ming’s words, Wen Tianyao froze for a moment, but still asked.

“Your Highness, please come with servant!” Seeing that Wen Tianyao insisted on doing so, Qin Ming sighed and helplessly said, he was the Third Prince’s man, he was borrowed here to help His Highness the Crown Prince for once, since His Highness the Crown Prince was bent on doing it, it was just for him

to help him fulfill his heart's desire, originally when he came here, the Third Prince had instructed him to listen to His Highness the Crown Prince in everything.

It's just that the situation at hand is not promising.

The whimpering of Li Yue'er in the Buddhist temple lowered, Wei Yue'er helplessly leaned back, I don't know who came up with this, Li Yue'er was punished for kneeling in the main temple, while she herself was waiting for the carriage in the side temple, saying that the carriage came here and didn't want to startle anyone, but this would also be too quiet, except for Li Yue'er's crying, there was no one else.

"Miss, you lean a little bit, slave girl will go to the door to see if there is a carriage coming, then come to wake you up!" Because she was in the palace, Shu Fei didn't dare to be a little bit lazy, seeing Wei Yuewu lazily leaning back and sitting there proposed.

Having gotten up early today, Wei Yuewu would relax this time and indeed wanted to sleep, so she nodded.

Shu Fei gently walked out, Wei Yuewu slightly closed her eyes, closed her eyes to rest her mind, because it was very quiet, this would be really sleepy for a few moments, confused.

Ears suddenly heard a sound of a door pushing, and there was someone said something, should be Shu Fei came, and said a few words to someone, Wei Yuewu confused thought, lazy also did not open his eyes.

But when the foot that was resting up landed, Wei Yuewu subconsciously shrieked, and suddenly opened her eyes, right into Wen Tian Yao's handsome eyes that were tinged with anger.

Wei Yuewu's feet were resting on top of the footstool before, this would be the footstool being kicked away, and her legs would fall involuntarily.

"Your Highness ... is there something wrong?" Wei Yuewu slightly bent over, her hand holding up her calf, looking at Wen Tianyao with a slight hint of pain, "Please forgive Yuemai for not being able to give her full salute!"

“Why don’t you look different when you’re injured?” Wen Tianyao looked at her leg skeptically.

“Yue dance also don’t know, just now the eunuch said, both is the same fall, not the same people, the result is also different, some people can see some people can’t see, some people swelled up on the spot, there are people but to wait for a while and then swelled up again!” Wei Yuewu frowned and said with a slight hint of pain.

Although pale, but the face is still good, looked at Wen Tianyao said, “In fact, now has been considered much better, but I do not know your highness this will be something?”

Wei Yuewu stood up while holding the chair with one hand.

Seeing her staggering, Wen Tianyao shook his hand, “Sit down, I happen to be going to mother’s place, and saw your maid guarding the doorway, so I’m taking a look at what’s coming!”

“Many thanks, Your Highness!” Wei Yuewu said, slightly bowing her head, but not sitting down, “Your Highness, Eldest Miss Li is still in the Buddha Hall next door!”

“I know!” Wen Tianyao looked at her in surprise, not understanding what she meant.

“Isn’t Your Highness going to ask Miss Li? I heard that her father is also a vassal of His Highness the Crown Prince, the Eastern Palace Wash Horse!” Wei Yuewu reminded.

“So what?” Wen Tianyao’s face sank and he said unhappily.

“Didn’t Your Highness come to see the daughter of your own vassal?” Wei Yuewu raised her brimming eyes and looked at Wen Tian Yao with quite a bit of bewilderment.

“Why should I go and take a look!” Looking at Wei Yueyue Dance like this, Wen Tianyao was inexplicably displeased and said with a cold smile.

"But ... isn't this what His Highness should do?" Wei Yuewu had a puzzled look on her face, speaking of which she really didn't know what this Crown Prince came here to see at this time.

Buddha temple so quiet place, and they are a failed showgirl, how to see Wen Tianyao should not be so come in to see, so a Buddha temple, in fact, there is nothing to see, Wen Tianyao's person of course is not the kind of people like to see the people.

It was really weird that he would come in, besides, what did he mean when he kicked the stool under his legs earlier? Is this kind of rude behavior really what a Crown Prince should do?

"And I should visit the daughter of a little vassal? Moreover, it's still a woman who is delicate and domineering!" Wen Tianyao said unhappily, his gaze unconsciously falling on Wei Yuewu's face, that slightly pale and delicate face, a pair of eyes with a few densities, with a kind of unreal beauty.

Who would have thought that such a submissive young girl would have a completely different side to her, whether it was the first encounter, or a few times later, the young girl in front of him gave him a completely different feeling from what he had seen in front of him.

What an interesting young girl, just such a young age, before and after people, she is actually so different, so before the so-called leg injury, is it really just an accident?

"The Marquis of Huayang should have told you a long time ago that you would be brushed off in the first round, right?" Wen Tianyao said indifferently.

"Yes, both grandmother and father used to say that." Wei Yue Ming nodded honestly, this was originally something that everyone knew by heart.

"In fact, some things, is not set in stone, like mother's Tu Zhaoyi, and how is not a pro sister, but in the end or together into the palace!" Wen Tian Yao slowly said, a pair of eyes fell on Wei Yuewu's face, that bright little face still penetrates a kind of exquisite absolute beauty, but inexplicably he felt a kind of faint detachment cold.

Sparingly cold? Handsome eyebrows involuntarily frowned slightly, and when he scrutinized them again, he saw only a light and polite smile.

"Many thanks to Your Highness for coming to see me, Fourth Sister has been busy with her dowry lately, after Your Highness marries the Crown Princess, Fourth Sister will be able to enter the Eastern Palace!"

Wei Yuewu gently said, her expression gentle, a pair of beautiful eyes as if brimming with a layer of water waves, her long eyelashes fluttered twice, her smile gentle.

"Has Sixth Miss Wei ever wondered about the life of the Fourth Miss of the House? Have you ever wondered why I let her into the Eastern Palace?"

Chapter 492 Orchids

Wen Tianyao said this subconsciously.

"My daughter doesn't know!" Wei Yuewu shook her head, her willow eyebrows slightly furrowed where Wen Tian Yao couldn't see them, not understanding what Wen Tian Yao meant by his words, Wei Qiufu was of course the first eldest daughter of her third uncle, this was something everyone knew, and Zhang didn't have anything to be skeptical about, but she didn't know why Wen Tian Yao said that.

For Wen Tianyao insisted on choosing Wei Qiufu into the East Palace, Wei Yuewu actually suspected several times, but really did not find anything unusual, this will listen to the question, the heart inexplicably moved, but did not intend to go down to pick up the conversation.

Wei Yuewu here did not ask a question down the line, but Wen TianYao suddenly smiled and his words changed, "Has Sixth Miss seen my Orchid Garden last time?"

"The flowers in the Orchid Garden are beautiful, very beautiful, Your Highness must have paid a lot of effort for this, this should be Your Highness' favorite flower!" Wei Yuewu's dot-dyed eyes revealed a hint of a faint smile as she politely said.

Shu Fei has not yet come in at this time, should be blocked outside the door, she really do not know this crown prince in the end what is the matter? This Crown Prince who attracts attention everywhere he goes is really not suitable to come here at this time!

On the first day of the draft there was this kind of thing happening, no matter if it was himself or Li Yue'er is the focus of attention, His Highness the Crown Prince will come over alone, in fact, it is very capable of provoking gossip, or it will also provoke the suspicion of Empress Tu in the palace, Wei Yuewu really don't want to attract Empress Tu's attention.

With the malice this Queen Mother had towards her own mother, it didn't seem like she would be the one to like herself in any way.

If you can stay out of trouble in the palace, it's best not to get into trouble, and if you really make trouble in front of this Empress, you won't necessarily be able to get away with it.

That's why Wei Yuewu was extremely speechless at this Crown Prince coming over here, looking like he was checking things out.

And this would be Wen Tianyao's words speaking in a forward and backward manner, Wei Yuewu was completely unable to figure out his thought process.

"I like the Orchid Garden because of Lady Marquis Hua Yang!" Wen Tianyao looked at Wei Yuewu and slowly said.

"My mother? Is my mother related to His Highness the Crown Prince? Didn't His Highness say that he hasn't seen my mother?" Wei Yuewu looked at Wen Tianyao in puzzlement, and although the expression on her face remained unchanged, her heart inexplicably beat wildly for a few moments.

The note left by her mother surfaced once again, is Wen Tianyao going to reveal the bottom of the mystery to himself? She couldn't help but cautiously test the waters.

"When I saw your mother for the first time, your mother was standing in the orchid bush playing the zither, the sound of the zither was beautiful, the orchids were beautiful, your mother smiled kindly and when she saw me coming over, she smiled faintly at me, still playing that tune, and that tune was exactly the phoenix seeking phoenix that I was learning at that time! But the phoenix played by her was different from what master had taught in the past!"

Wen Tianyao's eyes moved away from Wei Yuewu's face, turned to the air inexplicably a little, the first time to see Mrs. Marquis of Huayang, at that time he was still young, but that kind of Mrs. Marquis of Huayang, the first look, or immediately both attracted her.

She just smiled gently at him, but did not come over, the sound of the zither in her hands continued, still the one that made herself take great pains to play the bad phoenix seeking the same phoenix, the reason why I listened to the sound of the zither and came over, but also because this song phoenix seeking the same phoenix is better than the mother's mother to find a knowledgeable master for himself to play, but also more beautiful.

The young lady in the orchid bush, with a face like a flower, but that kind and gentle smile, instantly crashed into the young Wen Tianyao's heart, and the woman in the orchid bush at that moment was the most beautiful of all.

"Your Highness may feel doubtful about my mother?" Wei Yuewu asked tentatively.

"Yes, very puzzled." The corner of Wen Tianyao's lips hooked out a faint smile, "But then slowly became less doubtful!"

"Why?" Wei Yuewu's heart stirred, both eyes burningly staring at Wen Tian Yao, her breath slightly shortened, she even felt that that answer she needed was right next to Wen Tian Yao's mouth, it seemed as if as long as he said it, she would be enlightened, something unraveled all of a sudden.

"No reason! It's just that I've found out something!" Wen Tianyao shook his head, shaking away the phantom in his mind, his gaze resettled on Wei Yueyue, of course he wouldn't tell her that this matter was because of third brother.

Wei Yuewu is only a Miss Hua Yang Marquis House, for this kind of palace secrets or less know some good, besides this kind of thing is still the third brother's private affairs, to say, or to say how to say, the right to decide is still in the third brother here.

Even though he wanted to help his third brother out, he would not, at this time, tell the truth.

“Did Your Highness find out something? Can you tell Moon Dance, or Moon Dance can also tell Your Highness something else.” Although she could tell that Wen Tianyao didn’t want to say anything more, Wei Yue-mai still tried to say, such a good opportunity was rare.

“It is not necessary! You were young and didn’t know much about your mother!”

Wen Tianyao shook his head and laughed, looking at the young girl who was full of expectation, a hint of faint loss appeared on her delicate face, he actually had a feeling of wanting to tell the truth, but his self-control has always been strong, after a little contemplation, he stopped this thought.

Hua Yang Marquis wife, Wei Qiufu should know more, always her years older, and her life or really have some other mystery, he let people to check, found that when the birth of Wei Qiufu, Mrs. Hua Yang Marquis that period of time has been sick, it can be said that very few people to see her, the dowager wife of the Marquis of Hua Yang House has also given her permission to a good one to recuperate.

If it is really like Wei Qiufu implied, Mrs. Huayang Marquis can actually give birth to Wei Qiufu, as for why to raise Wei Qiufu to the third house, I believe that with the third brother’s things, Mrs. Huayang Marquis heart jealousy, specially asked Huayang Marquis to do so is also possible.

“It’s true that I don’t know much about my mother, but my mother left me a note, a note stained by tearstains, on which was written the name of Your Highness, but I don’t know what was the relationship between Your Highness and my mother?”

Wei Yue Duo raised her eyes and looked at Wen Tian Yao without blinking, since Wen Tian Yao mentioned her mother, Wei Yue Duo just obediently said this out.

This was something she hadn’t said to anyone, even if she felt that her father hadn’t neglected her, this was something she hadn’t said to him, but this time it was said to a stranger, and even this kind of statement was still dangerous, but inexplicably Wei Yuewu was the one who said it.

Her eyes were sunken like the endless blackness of the dark night, and the corner of her lips slightly curled up into a smile, softly and softly, but the blackness in her eyes made this soft smile with a weird dark color.

This is an opportunity, one that may never come again!

Wei Yuewu this will think very clearly, no matter what purpose the crown prince highness come here for, at this moment, he should still tell his mother's matter, no matter how in this crown prince highness's mind, his mother is not the same, but exactly where is not the same, he doesn't know, and the crown prince doesn't necessarily know either.

But at least the Prince was old enough then to know more than he did, or might find out something.

No matter what Mother was hinting to herself, she must find out the truth and never let her stay in the ground and regret it.

"What? Lady Marquis Hua Yang left you a note with my name on it?" Wen Tianyao froze for a moment and asked out of breath.

"Yes, that was in a box, when I went to the capital, grandmother specially asked great aunt to bring it to me, inside there is only the name of His Royal Highness the Crown Prince, Moon Dance looked carefully, only to see can some tear stains, can see at that time how mother was so excited, sad!"

Even if she wants to say it, Wei Yuewu still has some reservations, she doesn't want to mention the matter of Bei An Wang Fu for the time being, she doesn't expect to know so many truths at once, she has a feeling that the matter of Bei An Wang Fu is afraid to be more complicated.

A name left to her by her mother, and the name of a royal family, no matter which one is involved its a big deal, if not for today's chance, Wei Yuewu would definitely not say it at this time, although her face was calm, her heart was tense, and at this moment, she sensed Wen Tian Yao's surprise.

"How could there be my name, shouldn't it be the third brother?" Wen Tianyao spoke to himself in a shocked na na na.

Although the voice was light, it landed in the ears of Wei Yuewu who had been paying attention to him, "Why the Third Prince?" Wei Yuewu hurriedly asked a follow-up question.

“Third brother used to live in the Huayang Marquis’ residence for a period of time, very much liked by Mrs. Huayang Marquis, if Mrs. Huayang Marquis still has someone to hold on to, it should be third brother, and how could it be me!”

Wen Tianyao’s brows furrowed tightly, of course he would not tell Wei Yuewu the real reason, but this reason was explainable.

“Your Highness, haven’t you ever wondered why Mother wrote your name instead of the Third Prince?” Wei Yuewu was not sure what Wen Tian Yao had in mind, but straight away felt that there was something going on here and reminded.

“Or Hua Yang Marquis lady think I and with the third brother long like, some confusion and own, these several brothers, I and the third brother most like, small time often there are new into the palace people recognize wrong me and the third brother.” Wen Tianyao even though the heart and soul are shocked, but he has always been joyful not in color, this will also slowly calm down, thought about it.

This reason sounded like it was somewhat plausible, if it was because of the Third Prince, it was possible that Mother had arbitrarily written down the name of His Royal Highness the Crown Prince!

But Wei Yuewu knew otherwise!

Nothing on that piece of paper was by accident or because of a particular elephant in the room.

“Your Highness, haven’t you thought of any other possibilities?” Wei Yuewu reminded Wen Tianyao.

“No, there can’t be!” Wen Tianyao shook his head decisively, the news he got has been quite a lot, for the curiosity of Mrs. Marquis Hua Yang, also because of the third brother’s complaint, and up to now the third brother for Mrs. Marquis Hua Yang’s feelings are still very complicated, but he knows that the death of Mrs. Marquis Hua Yang, the third brother’s blow is very big.

So much so that after the third brother grew up, has been depressed, for political affairs is not even the slightest interest, if not their own strong pull to let him help him a hand, or the third brother even more will not stay in the capital.

Wei Yuewu for a moment also do not know what to say good, cherry lips slightly open, but did not make a sound to, this inside the entanglement, she is actually just some guess and their own, but can not be taken as true, in front of the person must after all is the dynasty prince, some words can not be casually exported.

“There’s no way there could be anything? What are you talking about?” A gentle voice suddenly came from the doorway of the Buddhist temple, breaking the silent atmosphere between the two people ...

Chapters 493 A chance encounter or a diabolical design?

The Fourth Princess had the rare honor of actually encountering Yan Huaijing, who had entered the palace today.

“Fourth Princess, why are you here?” Yan Huaijing smiled warmly and elegantly, a customary smile appearing on his exiled immortal-like handsome face, but even if it was just a smile, it had already made the Fourth Princess’s heart jump wildly, and her face couldn’t help but blush.

“World Son, I want to go and see what’s going on with the draft in front of me.” The Fourth Princess took a handkerchief to cover her face and smiled softly, completely lacking the kind of condescension and harshness she usually had in front of people.

“A draft today? For His Highness the Crown Prince?” Yan Huaijing was astonished, as if he had only just remembered this, then gently patted his head with his hand and laughed out loud, “But it’s not the day that His Highness the Crown Prince was selected for the draft, I had forgotten about this matter, I don’t know how well it was selected?”

“I’m not sure, but a large number of people should be deleted today, and there shouldn’t be many left behind!” The Fourth Princess was originally bored to come out to watch the fun, and the several chaperones beside her also answered the dao and accompanied the selection, but in fact, everyone knew that the possibility of these chaperones being selected was not very high.

If she did marry out far away, these four chaperones would be her dowry.

Of course such things are not absolute!

One could only say that if none of the four were chosen, it would be her chosen chaperone, and the situation on the Third Princess' side was certainly the same as hers.

On weekdays these four accompanying young ladies, there will always be one will come into the palace, but today a person did not come, the fourth princess is also quite bored, so out to make a scene.

"Just in front of the selection?" Yan Huaijing asked as he reached out and pointed to a Gongwan not far away, the Fourth Princess was actually almost there.

"Yes, does Shizi want to go over together to take a look?" The Fourth Princess invited, although the Crown Prince's selection and letting Yan Huaijing watch from the side was actually out of order, but the Fourth Princess wanted to just take a look around the outside, it was actually not a big deal, and it was rare to see Yan Huaijing wandering around the palace in such a leisurely manner, of course she would not let go of such a good opportunity.

"Fine, go over and take a look." Yan Huaijing readily agreed.

So the two people together to the selection of the Palace Wan and go, but only to the door, let the palace door outside an old chamberlain reached out to stop down.

"Fourth Princess, in front of Yan Shi Zi is where the Crown Prince is selected, please stay!"

"Why don't you let me in?" The Fourth Princess, who felt that she had been refuted in front of Yan Huaijing, said angrily as her face turned cold.

"This is what the Empress Mother and the Empress Dowager jointly ordered down, the slave dare not stop!" The chamberlain of course knew that the Fourth Princess had always been arrogant, and was busy carefully explaining.

What this shows is that the matter of the draft is not subject to anyone's influence, even the Fourth Princess.

Otherwise the palace master so many, this will be the fourth princess to come, a moment is the third princess to come, and then a moment is which favorite consort over, this is not a mess, so no matter whether it is the Empress Dowager or Queen Tu there has long been a dead order, no matter who comes are not allowed to enter, even if it is the crown prince highness is the same.

“Has His Royal Highness the Crown Prince been here?” Yan Huaijing, however, smiled faintly, as if he hadn’t noticed the Fourth Princess’ annoyed expression.

“Yeah, did my big brother come and go in yet?” The Fourth Princess was reminded and raised her voice.

Since it was the will of the Empress Dowager and her own mother, she actually didn’t dare to just barge in, it was fine with her mother, the Empress Dowager’s side had never been very fond of herself, something the Fourth Princess still knew.

“His Highness the Crown Prince didn’t come.” The chamberlain replied in a low, respectful voice.

“So where did he go?” The Fourth Princess said smoothly.

“Went to the Buddhist temple in the back.” The chamberlain really knew about this, and when the Fourth Princess asked, she was busy answering.

“What’s he doing going to the Buddha Hall in the back?” These words drew the Fourth Princess up in surprise, she didn’t feel the need for her big brother to go to the Buddhist temple at this time.

“The two young ladies of the draft fought, one broke the legs of the other, this will all be sent over there, His Royal Highness the Crown Prince should be going to ask what happened.” The chamberlain replied.

That’s the thing about some words, they get passed around and lose their truth! Exaggerates the whole process as well.

“Someone actually fought? Could it be because of the position of the Crown Princess during the draft?” Yan Huaijing smiled lazily, a look of watching a good show, but it was evident that he was extremely interested, a pair of handsome eyes slightly raised, brimming with a few enchanting colors.

“Go, we go to see!” The fourth princess also came to the interest, this kind of thing has not really encountered, never failed to choose the showgirls are silent exit, is there still people will fight because of this, but to go to see.

After asking which Buddhist temple, the two of them then came together to the Buddhist temple, from a distance, they saw a few chamberlains and palace maids standing outside the door of one of the side halls, but they did not see Wen Tianyao himself, but those few chamberlains were indeed a few of the Eastern Palace, and the Fourth Princess recognized them at a glance.

To be in front of the front, a chamberlain would like to go in to inform, was stopped by the four princesses, walked to the door is hearing a little bit of words inside, surprised between the mouth to pick up.

The door was pushed open and Yan Huaijing entered leisurely with the Fourth Princess, his handsome gaze fell on Wei Yuewu’s face without a ripple, as if he was not half surprised to see Wei Yuewu here.

On the contrary, the Fourth Princess froze for a moment after seeing Wei Yuewu clearly, “How could it be you!”

“See the Fourth Princess, Yan Shi Zi!” Wei Yuewu gathered her sleeves to salute.

“Who did you fight with?” The Fourth Princess waved her hand and continued to ask.

This question stunned Wei Yuewu, and for a moment, she didn’t know where to start.

“Who said that Miss Wei Sixth fought with someone?” Wen Tianyao asked with a conscious face.

“All the people outside are rumoring that two young ladies from the world’s families fought over the position of the Crown Princess, one even injured her leg, could it be Miss Wei Sixth?” Yan Huaijing

smiled lazily, his gaze falling on Wei Yuewu's body, asking with interest, "After knowing Miss Wei Sixth for so long, I can't see that Miss Wei Sixth is actually so formidable, it's really unexpected!"

"What nonsense!" Wen Tianyao's face was filled with displeasure, and as his gaze landed on Wei Yuewu's equally stunned little face, a few moments of annoyance inexplicably arose in his heart.

How important was the reputation of a lady of the world, and how could such words be passed on.

"The rumor went down that it was the young lady from the Li family who deliberately provoked the Sixth Miss Wei of the Marquis of Huayang, jealous of the Sixth Miss Wei's selection, and purposely stretched out her leg and tripped her on the path she was walking on, tripping and injuring the Sixth Miss Wei." With an annoyed heart, he instructed the chamberlain who followed the Fourth Princess in.

"Royal brother!"

"Your Highness the Crown Prince!" The ones who spoke out in surprise were the Fourth Princess and Wei Yueyue Dance, both of them staring at Wen Tianyao with wide eyes, a look of disbelief on their faces.

The fourth princess's surprise was from Wen Tianyao's attitude, his own royal brother for so many years has actually been more than majestic and less than cordial to people, not to mention that he has never heard of any family's daughter who can make him look at her more than once, which is also the reason why he hasn't booked a Crown Princess for so many years.

The fourth princess is clear that the mother of the queen there in fact early to secretly choose a prince consort for the brother, but none of them were rejected, only to say that for the time being do not consider, wait for a period of time to say.

There was certainly the Queen Mother's selfishness in this, but it was also because the Imperial Brother himself was simply not on board.

Then this is a wait is a few years, during which because there is no Prince Consort, even other women did not agree, but this year is a succession of strange, first Yang Yuyan, after that is Wei Qiufu, and now

on this Huayang Marquis House of Wei six miss is also too much maintenance it, after all, so that words spread out, that the Li family on the Miss is considered ruined.

Moreover, this is still Wen Tianyao let people pass, authenticity can not be doubted, for this Miss Li's aversion is also visible, the Crown Prince does not treat people, this Miss Li's marriage and how can it be good.

Imperial Brother really treats Wei Yuewu differently?

The Fourth Princess frowned slightly, her gaze fell on Wei Yuewu's face, that little face looked pale and a little haggard, but with those delicate eyebrows, it was really a stunning little beauty, suddenly remembering the words that her mother mother had spoken of to her earlier, her gaze turned back to Yan Huai Jing.

Yan Huaijing's face could not be seen, but his expression was quite attentive, frequently turning his gaze to Wei Yuewu's body, his heart couldn't help but make up his mind, "Imperial brother, moi let my people go to pass on the message of the rumor, always can't let the rumor flourish in the palace!"

"Okay!" Wen Tianyao nodded.

This kind of harem matter, indeed they can't interfere too much, otherwise it will attract mother and grandmother to Wei Yuewu's dissatisfaction, can be clarified by the fourth princess is the best thing.

But then there were some things one needed to instruct Cailuan a few times, lest she be asked about them by her mother or grandmother at that time.

"Where is that Ms. Li?" Yan Huaijing asked with a faint smile, looking around.

"Just kneel in the Buddha Hall next door!" Wei Yuewu hid to the shock in her eyes and softly said.

"Could you trouble Miss Wei Sixth to show me around?" Yan Huaijing asked with interest.

"This ..." Wei Yueyue hesitated and looked at Wen Tianyao, she would actually not be able to walk too easily this time.

"Sixth Miss Wei will just take Shizi to have a look around, I still have something to say to Cailuan, so I won't be coming over!" Wen Tianyao was in the middle of having something to say to the Fourth Princess, and hearing that they were leaving, he naturally favored it.

Unable to do anything else, Wei Yuewu could only help Shu Fei, who had only just come in, out of the side halls together and towards the main hall door.

"Why?" Only after leaving the hall door, Wei Yuewu lowered her voice and asked.

Just now, Yan Huaijing didn't seem to have said a few words, but the meaning of these words made Wen Tianyao say such words, which really made Wei Yuewu feel surprised, Yan Huaijing was hoping that he would be selected?

"Checking on a matter, Dancer don't worry, it won't take long!" Yan Huaijing's voice was also not too high, and from his face, he still wore a smile as gentle as jade.

"Then how long will it take?" Wei Yuewu bit her lip and said with quite a bit of annoyance.

If it is not Yan Huai Jing, this should be and Prince Wen Tian Yao has no involvement, this will actually let Wen Tian Yao said he passed the election words, which represents that he did not fall into the election, think of their own hard work to fall into the election, Wei Yuewu how not to be annoyed, the cherry lips can not help but pouted up.

"Whether you fall or not, you can still go home, and you will definitely fall, there are some things that don't count even if the Crown Prince says so!" Yan Huaijing said with a confident stance, his posture was calm, his eyes fell on Wei Yuemei's leg, softly saying, "How is the leg injury? Is it really alright? Do you want me to send someone to take a look?"

"No need!" Wei Yuewu categorically refused, now this matter is already messy enough, Wen Tian Yao and the Fourth Princess have intervened, if this World Son intervenes again, it will be really messy.

Between words, the two walked to the door of the main hall, Wei Yuewu's hand only pushed on the doorway, saw the doorway suddenly pulled inward, a black shadow suddenly rushed out ...

Chapter 494 Li Yue'er's Rebounding

Inside the door Li Yue'er crashed out headlong!

No one expected Li Yue'er inside the hall to come crashing out headfirst, and although she didn't crash right into Wei Yue'dao, the huge impact landed on her left hand, causing her to lose her balance as she stumbled in her footsteps, falling diagonally to the side, and behind her, Shufei's shrieks of alarm came.

Suddenly her hand was tugged by someone with force, her body fell into a thick embrace, on that handsome face, there was a kind of concern that she could understand in the ink and jade eyes, the eyes that used to be gentle and elegant like jade had become ghostly cold at this moment, and even with a few points of sternness, she looked towards the opposite side of her, which was in the direction of Li Yue'er.

Heart inexplicably sour, actually in a flash, sensing the weakness of the heart, body slightly trembling, tears actually welled up, head busy down.

Yan Huaijing looked down at the little person buried in his arms, her body trembling slightly, her entire body shrinking in his arms, her head lowered, unable to see her facial expression, but able to sense the tautness and stiffness of her body, as well as a bout of trembling, and a hint of hostility flashed through his eyes.

Reaching out his other hand, he gently patted her back and softly said, "It's okay, don't be afraid, I'm here!"

Such a voice with a few points of doting and caring, even between Wei Yuewu's confusion can also be sensed, fixed her mind, she slowly raised her head and looked towards that handsome and unassuming face, that handsome face always gave her a feeling of unreality, how could such a wonderful person be real!

But this will be masked with mist in the watery eyes but clearly reflected his face, in fact, it is so simple, not too much to hide, he is just him but himself, the other really is their own thinking is too complicated, right?

"I ..." spoke subconsciously, a hand pushing to try and push away Yan Huaijing's embrace.

"Isn't it hard to be bumped like that?" The voice with teasing, although still soft, made Wei Yuewu's eyes steeply clear over, her watery eyes immediately closed, her head tilted, and she simply threw everything to Yan Huai Jing, inexplicably actually trusting him.

"What's going on?" Yan Huaijing asked in a cold voice as his gaze turned away from Wei Yueyang's face.

Li Yue'er heavily knocked down on the ground, if not she avoided and, this would have already hit the pillar in front of the temple door, this will fall to the ground, one hand covered their legs, while wailing, "Pain, good pain!"

"Pull her up and send her to His Highness the Crown Prince's side!" As if he did not hear Li Yue'er's delicate cries of pain, Yan Huaijing coldly eyed her.

As the commotion over here got a little louder, Wen Tianyao and the Fourth Princess also walked out, and were seeing Wei Yuewu fainted in Yan Huaijing's arms, while on the ground, Li Yue'er was being unceremoniously pulled up by one of the guards behind Yan Huaijing.

"What's going on?" Turning to Li Yue'er, who had been pulled in front of him and had been kicked to her knees by the guards, Wen Tianyao asked in a deep voice.

"Your Highness, my servant ... daughter was trying to come over to find Your Highness to interrogate the complaint, because I walked in a hurry, I almost bumped into the pillar in front of me, I don't know what happened?"

Li Yue'er covered her leg with one hand while crying out in pain, and managed to move everyone's eyes to her voice.

Wen Tianyao looked at her, then at Wei Yuewu who was fainting in Yan Huaijiang's arms, his brows furrowed as he lifted his steps towards Yan Huaijing.

“Your Highness, my daughter is really innocent, before the palace in the draft, really did not see Wei six miss walk over, only to trip her, my daughter has always done things recklessly, like the party almost hit the pillar himself, your highness ... please prove your highness the innocence of my daughter! ”

Li Yue'er daintily said, the look that appeared on her face was terrified and pitiful, and with the tearstains at the corners of her eyes, it was softening any way she looked at it.

She was expecting Wen Tianyao's heart mercy, this was the move that she came up with in a hurry just now when she heard that the Crown Prince was in the next side hall, so she had been guarding the door, and only when she heard footsteps coming from outside did she make a strong dash to go out, and she didn't expect that there were actually Wei Yuewu and Yan Huaijing outside the door.

But it doesn't matter, it's just that His Highness the Crown Prince is there too.

Never men will pity the weak, Li Yue'er is self-conscious that her looks are not as beautiful as Wei Yan's, but there are a lot of admirers, and it is because of this reason that this posture of hers has won her the favor of many worldly gentlemen.

Therefore, she could definitely win the pity of His Highness the Crown Prince, and it was even possible that this Yan Huaijing from Yan Di, who was known as the Peerless Prince, could also pity herself.

Don't you see that His Highness the Crown Prince is walking towards himself? Li Yue'er's gaze gradually revealed a trace of a smug smile, and she hurriedly stretched out her own jade-white little hand, ready to pull on His Highness the Crown Prince's hand when he hitched it to her own hand, and then followed the trend to fall into his arms in a delicate manner.

Wei Yuewu closed her eyes and fainted in Yan Huai Jing's arms, but her ears clearly heard Li Yue Er's voice, she couldn't help but sigh that Li Yue Er was also a character, actually coming up with such a trick in such a situation, her long eyelashes fluttered slightly, quite curious, she wanted to open her eyes to secretly look at the reaction of the opposite person.

Unable to do so, the watery eyes that secretly opened were facing a pair of handsome and smiling eyes, inexplicably her face flushed, and she hurriedly closed her eyes, her pale little face slightly red.

Li Yue'er stretched out her hand shyly and timidly, seeing Wen Tianyao walking over, the smile on her face grew bigger and bigger, those eyes with tears and winks were indeed very . Attractive, helplessly Wen Tianyao as if he didn't see it, just walked straight past her eyes, didn't even look at her more than once.

"World Son, give her to me!" Wen Tianyao stretched out his hand, only this hand was not extended to Li Yue'er, but Yan Huaijing, pointing at Wei Yuewu in Yan Huaijing's arms.

Low snickers from the palace people came from her ears, her delicate expression stiffened on her face, Li Yue'er's face swished red, actually being ignored like this, as if she didn't exist at all.

But she was standing on the road that His Highness the Crown Prince must pass through, why was she treated like this, she was the one who almost had an accident, okay!

Wei Yue-mai is Wei Yue-mai again!

The shyness in his eyes turned into hatred, his gaze burned with hatred and poison, if it wasn't for Wei Yuewu, the Crown Prince would have seen himself today, if it wasn't for Wei Yuewu, the Crown Prince would have walked over to help himself up.

Auntie was really right, Wei Yuewu was a pest, if there was no Wei Yuewu, both Wei Yan and herself could have lived a better life!

"Your Highness, why don't you ask the Imperial Doctor to take a look?" Yan Huaijing did not pass Wei Yuewu to Wen Tianyao, but asked gently.

"Go, invite the Imperial Doctor!" Wen Tianyao turned around and ordered the chamberlains, and one of the chamberlains promised and hurriedly ran out.

"World Son, let me help Miss Wei Sixth, after all, you are both men, neither of you is appropriate." The Fourth Princess walked over, similarly reaching out to Yan Huaijing.

She was really jealous of Wei Yuewu, but after seeing her own big brother reach out his hand to no avail, she also knew that she couldn't do it the hard way, so she walked over herself and politely said.

Wei Yuewu had to sigh, living in the palace, even if the fourth princess has always been reckless, but also know what words should be said at this time.

"Then I'll be obliged to the Fourth Princess!" Yan Huaijing didn't refuse this time and politely said, reaching over and carefully placing Wei Yuewu into the Fourth Princess' hands, and instructing in a low voice, "Be careful."

With his mouth saying this, his expression was even more gentle, but that big slender hand gently pinched Wei Yuewu's arm at an angle that no one else could see.

Wei Yuewu will, slowly opened his eyes, blankly looked around, whispered, "What ... is going on here?"

"You were knocked out by Miss Li!" As soon as the Fourth Princess saw Wei Yuewu waking up, she didn't reach out again and said with a light face, only the jealousy in her complexion couldn't be hidden, and she spoke with a cold voice.

"Li Yue'er?" Wei Yuewu helped Yan Huaijing's hand to stand up straight, and Shufei would be busy coming over to support her.

"But it is Li Yue'er, see still kneeling there, I heard that the leg bumped, and you look the same, but really will think, two people are hurt leg, can not be all right?"

The fourth princess is actually extremely unhappy Wei Yuewu, but this Wei Yuewu is not at all wrong, this will be a mouthful of evil fire on Li Yue'er, if not Li Yue'er from the temple rushed out, Wei Yuewu will not faint in Yan Huai Jing's arms, their own here will not be jealous of the fire burning.

Eyes sharp with knives fell on Li Yue'er, only to see Li Yue'er's face getting whiter and whiter, her body shaking up, "Fourth Princess!"

“Calling me what? Didn’t you keep calling out to your imperial brother just now? Why did you call me when Imperial Brother didn’t see you? What a bitch!”

The Fourth Princess rebuked nonchalantly.

Li Yue’er is really ashamed to die, although she is indeed also this purpose, but this will be the fourth princess in front of so many people’s face to say out, coupled with just now the Crown Prince of His Highness turned a blind eye to her, a moment of shyness full of red, by the fourth princess this out of the irony of a few words, and then can not resist, eyes rolled over and directly fainted.

Unable to help this will be the crowd are as she is again in some trick, no one also pay attention to her, only her own that maid rushed out, holding her a burst of crying howl, is to call her back again.

With things having developed to this point, no one had the heart to ask anything else, Wen Tianyao had someone bring Li Yue’er back inside to kneel, had someone send Wei Yue’dao to the carriage, and then hurriedly headed towards Empress Tu’s palace.

Yan Huaijing claimed that he still had patients to take care of in the mansion, so he too left in a hurry.

Fourth Princess helplessly watched Yan Huaijing leave, hatefully stomped her foot, helplessly turned around, mentioning that Miss Lin in Yan Huaijing’s mansion was the one she hated the most, she had to think of a way to let that woman die before it was too late, marrying into the Duke of Yan’s mansion, and she would be the only future mistress of the house.

With her status as a first princess, who else could be her equal!

“Empress Mother, I want to keep the brand of Miss Wei Sixth of the Marquis of Huayang!” Wen Tianyao hurriedly entered Empress Tu’s palace, the palace maid served tea, Wen Tianyao picked it up and took a sip, looking at Empress Tu with a cautious face.

This is something he actually wanted to say yesterday, Wei Qiufu really isn’t important at all to say the least, if it wasn’t because of third brother, he really wouldn’t have noticed Wei Qiufu, and before that he had thought about giving up on Wei Yuewu because of Wei Qiufu, but just now, when he saw Yan

Huaijing holding Wei Yuewu in his own arms without having a reason to speak up, his heart felt like a fire was running amok.

This would no longer care about anything else, and directly rushed to Empress Tu and spoke the words out.

“What?” Empress Tu, who was about to pick up a tealight to drink tea, her face turned white, and the tealight in her hand suddenly fell to the ground, making a crisp, broken sound.

Chapter 495 I want Wei Yuewu to enter the palace

“Mother, I want Wei Yuewu to enter my Eastern Palace, Wei Qiufu’s position can be lowered again.” Wen Tianyao said with a straight face, on the way over, he had thought about it, since a palace can’t enter two high-ranking concubines, Wei Qiufu’s status can be lowered, as long as he finds a little fault, and lowers her status.

“How could you ... think that?” Empress Tu’s face was ugly, both eyes spitting fire as she glared at Wen Tianyao.

“Mother, I ...” glanced at the palace maid who carefully gathered up the pieces of tealight, Wen Tianyao wanted to explain.

“No! You’d better stop this thought, and still forever stop this thought!” Empress Tu snapped, her hand slamming down on the table, frightening the heads of several palace maids to lower their heads, not daring to make the slightest sound for fear of disturbing this Empress.

“Why?” Originally, Wen Tianyao who was still a bit terrified would not panic this time, raising his head to look at Empress Tu without flickering.

“No reason, just not allowed! Wei Yuewu can never come into the palace!” Empress Tu droned, “You are the Crown Prince of a country, what you do must be guaranteed for yourself, for your father and mother, and also for the people of this entire world, so how can you just decide anything!”

Empress Tu also felt that she had overreacted and took two hard breaths before suppressing the anger that was running up in her heart.

“Mother, I just want to let Wei Yuewu stay brand but own, and not do something big, how mother here not only not allowed, but Wei Yuewu is a demon general feeling, mother, even if a house can not enter the two high-ranking concubines, but there are some things can still be accommodated, even if Zhaoyi mother and mother, even if it is the same house, no one said anything! ”

Wen Tianyao argued with reason.

“Pah!” Empress Tu’s hand slammed heavily on the table, “Can I be the same as Lady Zhaoyi and the Wei sisters?”

“And what’s different about Mother? Father could have taken Mother as his official wife, and could have brought Zhaoyi into the palace, and it’s no different from me!”

Wen Tianyao felt that these rules were not a big deal, besides, with the example of mother and Tu Zhao Yi in front of him, so what if the court officials had to say something, facts speak louder than words.

“Don’t mention this matter again!” Empress Tu snapped, her eyes almost bursting into flames, “I’m only telling you that it is impossible for Wei Yuewu to enter the Eastern Palace, this is not only your father’s intention, but also the intention of the Marquis of Huayang, the first daughter of the Marquis of Huayang who can hold her own right now is Wei Yuewu, and her father is not willing for her to just be alone and cold living in the palace.”

“Empress Mother, don’t worry, I won’t leave her out in the cold and will treat her well!” Wen Tianyao thought that Empress Mother was worried that she would not be able to give an account to Wei Lovin if she left Wei Yueyue Dance out in the cold, and hurriedly assured her.

Unable to say this, Empress Tu’s heart pumped even more, only to feel the whole person’s heart ache with a twitch, forcefully covering her chest, only to feel that she was so angry that she wanted to spit out blood.

“Crown Prince, you are the future head of a country, how can you do such a thing because of a woman, this matter has long been settled at your father’s place, and Wei Yuewu’s marriage will soon be finalized!”

Empress Tu forced down the fire in her heart and said in a cold voice.

“What kind of man married her?”

Wen Tianyao not ask clearly today is not dead, since Wei Yuewu marriage has not been booked, even if the Marquis of Huayang side is interesting, he also want to stir up the other side, ask and who dares to lay hands on their own fancy people, so this will be he is not in a hurry.

Seeing Wen Tianyao's eyes leisurely coming down, Empress Tu's face grew more and more grim as she thought for a moment and said, “The Duke of Yan's son's side is quite interested in this Miss Wei Six!”

“Doesn't he already have a loving childhood friend?” At the mention of Yan Huaijing, Wen Tianyao said disdainfully.

“It is true that there is a childhood friend with deep love, but you won't fail to notice that this Yan Shizi is different to this Sixth Miss of the Marquis of Huayang, when he entered the capital, he had once stepped in to save her, and after that, he still has a close relationship with her, so can you say that the two of them have no relationship at all?”

Empress Tu sneered.

These words reminded Wen Tian Yao of when he first met Wei Yuewu, Yan Huai Jing's kind of affectionate address to Wei Yuewu, and then the way he was hugging Wei Yuewu just now, as if there would really be something between the two of them, his face could not help but be flooded with a few moments of anger.

“So what if he wants Wei Yuewu, no matter what, he is going to marry the princess, no matter if it's the third sister or the fourth sister, the only ones he can marry right now are them, it's hard not to want to marry the daughter of the Marquis of Huayang, it's not like he wants to marry the daughter of the Marquis of Hua Yang, and it's not like he can marry her sister as her companion with her status of Wei Yuewu!”

Wen Tianyao hurriedly said.

“So what, your third sister has long wanted to order her as a dowry for her to go to Yan Di, that sickly Miss Lin is certainly Yan Huaijing’s childhood friend, but people die like lamps go out, if she really died, wouldn’t Yan Huaijing still not take a wife? If she dies, will Yan Huaijing not take a wife, and will he not be able to have a favorite woman?”

Empress Tu coughed lowly and looked at Wen Tianyao coldly, “Crown Prince, you are the king of the country, you have to take care of the country’s major events, the problems of Yan land and several other places, others are not clear, am I not clear, if we can send a woman to satisfy Yan Huaijing, how would we be stingy?”

The matter of these several places is always a big problem in the heart, how can Wen Tianyao not know, for a while, he could not help but sink down.

Seeing Wen Tianyao’s head lowered and frowning slightly, Empress Tu added, “Crown Prince, think about it, if you can exchange a woman for decades of peace in Kyoto, why not do it? It’s just a woman, even if this person is a princess, your father is willing to give it up, let alone just a courtier’s daughter!”

“Then ... what does the Marquis of Huayang say?” Wen Tianyao said rather unwillingly.

“It’s true that the Marquis of Huayang’s side is not willing to give up, but if a high position is given to his daughter, different from the usual accompanying ladies, which can make her the first person under your sister, I think that the Marquis of Huayang’s side isn’t so difficult to talk to!”

Empress Tu felicitously advised.

The reason for mentioning Yan Huaijing was purely because he saw that the look on Wen Tianyao’s face was not right, and only then did he bring Yan Huaijing up, compared to the others, Wen Tianyao was still concerned about Yan Huaijing after all.

Empress Tu also knew that no other person would be more suitable than Yan Huaijing, and it could be said that only Yan Huaijing could make Wen Tianyao’s heart cool down.

This will be said, even her own heart, her eyes hid a touch of cold darkness, when Qin Xinrui almost destroyed herself, now she can completely destroy her daughter!

What about sending it to Yandi? What a great idea.

On the one hand out of sight out of mind, on the other hand is also on Qin Xinrui's revenge, at first how she was robbed of their own marriage, they now let her daughter's marriage how not concerted.

As for Wei Lovin's place, she had her own way of making him compromise, her gaze fell on Wen Tianyao's handsome face with a few degrees of grimness, then slowly hid the coldness in her eyes, only leaving behind a strong concern.

"Mother, I ..." Wen Tianyao's brows tightly frowned, momentarily not knowing what to say, inexplicably hesitant.

"Crown Prince, or please return, about Wei Yuewu things, mother will and your father will discuss more, but everything to the state affairs, you are the crown prince more should not be childish, if you really like the beauty ... Jing Wenyan is actually also good, mother can consider letting her into your East Palace! "

Empress Tu thought about it and looked at Wen Tianyao with a glance, her eyes gentle.

"Jing Wenyan is the first beauty, more beautiful than Wei Yuewu, and status is also more suitable for you, zither, chess, calligraphy and painting are proficient, people are also gentle and dignified, even if it is in the future into your East Palace, but also unlikely to quarrel with your other wives and concubines, mother feels that Jing Wenyan is actually more suitable for some of the previous your grandmother's side there are also hints, just some scruples on my side. Didn't agree to it for a while."

Jing Wenyan is indeed very suitable for Wen Tianyao, her status is honorable, outstanding looks, dignified and generous, even if her mother's family is weak, in Empress Tu's heart, is the best candidate for the Crown Princess, but people must be selfish, her own niece of her mother's family is the future Crown Princess that she set in her heart.

For this also went to find the wind and master, also got the wind and master's meaning, if really can't find the phoenix life of the woman, his niece will automatically become the "phoenix life of the woman", the position of the East Palace Crown Princess.

In order to consider their own nieces, no matter from which aspect of the argument, are outstanding Jing Wenyan is not suitable for the East Palace, otherwise by the time the Prince can only see Jing Wenyan, but not see their own nieces, in their own Tu's strength has a great impact, which is also the reason why the Queen delayed to let go of the mouth.

But this would be in order for Wen Tianyao to dismiss the idea of letting Wei Yuewu into the Eastern Palace, Empress Tu had to bring up Jing Wen Yan.

For Jing Wenyan, Wen Tianyao actually can't say whether he has a good feeling or not, but at least he doesn't hate it, for this big Miss Jing who can please both her mother and grandmother, Wen Tianyao still thinks that she is very capable of pleasing both her mother and grandmother at the same time, very few people can do it in this palace.

If he could marry Jing Wenyan, the benefits to himself would indeed be obvious; with such a woman dispatching for him in the backyard, he would be able to deal with the affairs of the front court in a more composed manner.

"Mother, then first shelve the sign, if ... Yan Huaijing there does not work, then say it!" Wen Tianyao finally loosened his mouth, but still felt his heart was stuffy, he clearly knew his identity, or since the moment he was born with an autonomous consciousness, he clearly knew his identity.

Whenever he had any requests, Mother would remind him that he was the Crown Prince and that he had to know how to look at the big picture, but today he had more than a little more reluctance.

"Mother Emperor, don't be anxious about the matter of Jing Wen Yan, wait until some time has passed!" Wen Tianyao hid his inner displeasure and coughed lowly, "Anyway, she's not in the draft, let's take a look first!"

"Good, then let's wait and see!" As long as Wen Tianyao didn't indicate that he would not marry Wei Yuewu, Empress Tu was still very good at talking, and at that moment, a hint of a smile appeared on her face, and a big stone in her heart finally fell back to the ground.

Their mother and son here is considered to have reached a consensus, the Marquis of Huayang House side but again made a mess, and still in Wei Yuewu has not yet arrived at the House before ...

Chapters 496 So lightly bumped, fainted

Wei Yuewu's carriage front foot into the palace, Aunt Dong's side began to take action, the girl ring Jin Zhu early to the front, ready to go out to go to Lord Tu's residence to pass the word, to Lord Tu today swindled to the Huayang Marquis House, so that Aunt Dong is clearly become Lord Tu's missing sister for many years, the identity of the daughter of a famous family is placed where, Wei Lovin want to not set up Aunt Dong for the main wife can not be.

Jin Zhu feet hurriedly walked forward, who expected to turn a corner, only to see a black shadow toward their own crash over, not yet to see clearly, the two collided, only to hear a woman across the street "ouch" a sound, Jin Zhu flew straight to the side of the bushes in the congregation.

His eyes went black and he fainted straight away.

"How are you? Are you okay? What happened?" Golden Bell covered her waist and got up from the ground, shrieking loudly, startling the few maids and grannies passing by who all stopped.

Just seeing the two people who bumped into each other, one was the eldest maid beside Aunt Winter, the other was the eldest maid beside Sixth Miss, so they didn't dare anyone to come over and only watched from afar.

This will be the house who can see the six misses and aunt winter is not against, this time can not get involved in or not involved in the good, mess with anyone is not good, do the subordinate or a little low-key good.

"You ... come over and see if she is okay?" Jinling covered her waist and screamed for a while, realizing that Jinzhu didn't respond, nodded her hand and called over a maid who was standing far away to watch the fun.

"Me?" The little maid who was pointed to timidly pointed to her nose.

"Of course, it's you, see if she's alright, how to bump into this, really not able to bump!" The latter half of Jinling's words were quite a bit of self-talk, but she heard several onlookers' maids and grannies secretly skimming their lips, to be able to bump a person directly into unconsciousness, how much strength does it take!

I heard that there is a big girl ring around the six young lady is not small, the strength of the big girl ring are catching up with those who are coarse make the girl ring, originally thought it was just a joke, who is the big girl ring around the young lady of the house, is not dainty, with a small family like a young lady, where can there be a lot of strength.

I can't believe it's still true.

Goldbell just covered her waist with her hands, nothing else happened just to know that her strength was not small, and the impact should also be also a little off.

However, Aunt Dong's side of the Jin Zhu can be unlucky, actually just straight fainted.

The little maid who was named walked over and squatted down to shake Jin Zhu while calling out in a low voice, "Sister Jin Zhu, Sister Jin Zhu, wake up? Are you alright?"

Jin Zhu in fact is only a moment was hit closed air itself, this will be her hard a push a shake, ears heard the clamor, this will also open the eyes, staring blankly in front of the face of the less familiar little girl, a moment did not react.

"You've woken up, great, why are you so impervious to collisions!" Another pretty face suddenly appeared in front of her, only the mockery on her face was obvious, "You wouldn't be doing this on purpose, would you? Deliberately make such a big commotion, so that the masters of the mansion can chastise me, we are all maids, how come I'm fine if I bumped into it, and you just fainted directly?"

Goldbell taunted nonchalantly.

Hearing Jinling's words, Jinzhu suddenly came to her senses and immediately became furious, bracing herself against the little maid's hand on one side and stood up, "What do you mean? What do you mean

I intentionally made such a big commotion, you bumped into me on your own and you still have a point!”

“I’m not reasonable do you have reason, just gently bumped but own, I have nothing to do people, you can have what things, look at now so many people surrounded over to see, is not to weigh your heart, our sixth miss is not, but does not mean that the sixth miss does not come back, the sixth miss this just into the palace, you guys are so bullying people!”

Golden Bell was furious, so she stuck one hand on her waist and shouted.

Obviously he was really knocked unconscious, to her mouth actually turned into their own ulterior motives of framing, Jin Zhu also quit, “What do you mean the sixth miss is not in, what does this have to do with the sixth miss, clearly you deliberately knocked me unconscious, and now also bites back, said I want to attract people over, I want to attract people over to see what!”

“Who knows what you think, I’m busy with something this time, you rush over here in a hurry, what is it if you didn’t do it on purpose!” Golden Bell loudly reprimanded, because of the anger, picked up the side of the shrub branch, fiercely slapped on the shrub, above the messy leaves and branches, immediately all rushed to Golden Pearl flung over.

Originally felt that he was at a disadvantage Jin Zhu immediately quit, a wipe of the head was splashed with a few pieces of withered leaves, angry, “I deliberately what? Obviously you deliberately bumped over, if not you bumped over, how I fainted?”

Jin Zhu also do not dry show weakness, two people this will be loud quarrel, attracted more people over to watch, although not close over, but only a moment, it is surrounded by people.

“You’re being wicked!” Goldbell said as she reached out to push Jin Zhu.

But the hand was caught by the golden pearl, two people so a drag and tear between, golden bell suddenly “aigoo” a direct to the ground a lie, a time of no sound.

Fangzhan also quarrel so intense people, only a moment of time actually no sound, whether it is watching the people or Jin Zhu, all of a sudden are blinded.

Someone had already reported the matter to the Dowager Lady, and Nanny Hong happened to bring someone over and immediately called Jin Zhu over, while also sending someone to wake up Jin Ling, who had also fainted.

Knowing that the two maids just because of each other bumped into each other, the matter made such a big fuss, Grandma Hong is angry teeth itchy, Aunt winter and the sixth miss this side of the matter, originally already into a fire, plus the two maids this will actually make trouble again, this is not to pick a fight!

Miss six is now not at home, it should not be possible for Miss six to let their own maid to do, on the contrary, Aunt winter is very likely, know that Miss six went to the palace to select the show, Aunt winter deliberately pick this time, let their own maid to make trouble!

Thinking so, Nanny Hong was furious.

Auntie Winter is the only one who is worried about the world!

However, of course, these ideas she also think in her heart, it is impossible to really get to the surface to say, this will be greeted while greeting people to send the only woke up Jinling back to the Qinghe courtyard, while letting the people to Jinzhu to be locked up.

“Nanny Hong, it’s not the slave girl’s fault, it’s really her who bumped into me first, it’s clearly her who saw me but didn’t let go and directly knocked me unconscious, Nanny Hong, I’m really wronged!”

For Nanny Hong’s behavior of such partiality, Jin Zhu was of course unconvinced, moreover, this time she also remembered that she still had the important things that Aunt Dong had commanded her to do, so she hurriedly and loudly interrogated and defended herself.

However, the more Jin Zhu pushed the responsibility onto Jin Ling, the more Hong Maa did not believe, how to see the now vibrant Jin Zhu than Jin Ling arrogant do not know how many times, coupled with Aunt Winter is now in the house, but the sixth young lady is not in the house, Hong Maa heart is completely biased towards Aunt Winter is sent the maid over to intentionally pick a fight.

His heart was very unhappy, so he didn't listen to Jin Zhu's defense and directly wanted to lock up the person.

Their side of the quarrel, Aunt Dong side also got the news, if it is the past days, Aunt Dong will not care about this kind of thing, even if Jin Zhu really suffered a loss, she will not stand up for Jin Zhu.

But today is different, she let Jin Zhu go out to pass the message, if Tu Jiu Lin's side doesn't come over, she will miss the day when Wei Yuewu that bitchy girl isn't around, and then when she tries to scheme again, she might be spoiled by that bitchy girl.

"Nanny Hong, please wait!" Aunt Dong hurried over to stop Nanny Hong.

"Does Aunt Dong want to favor this maid?" Nanny Hong's face sank and she said unhappily, Aunt Dong's appearance more and more convinced her of her previous suspicions.

"Nanny Hong, I'm not trying to be partial to her, it's really that this maid has to leave the house on urgent business, so can Sister be accommodating and let her come back in a while to be punished again."

Aunt Dong accompanied with a smile and said.

"What's so important about her?" Nanny Hong said in a cold voice, her expression full of disbelief.

"She has to go out of the house a trip, New Year's Eve, want to give the marquis to prepare some in the border like food, but this will be out of materials, so only hastily let this girl out, but do not want to not yet out of the house to cause a problem, a moment will certainly chastise her, but this will have to ask for a favor from the grandma, it is always marquis of the matter is more important some."

Of course Aunt Dong couldn't say straight out what Jin Zhu was going to do, so she used Wei Luo as a shield.

Hearing Aunt Dong say this, Grandma Hong, whether she believed it or not, could only agree to it, after all, Wei Luan's matter was the most important.

“Then you take this maid back first, when she comes back from her errand, then you can chastise her properly, the sixth young miss may come back in a while, if she knows that her maid is being bullied ...” Grandma Hong looked at Aunt Dong, meaning to say.

“Nanny Hong don’t worry, a moment later when the sixth young lady comes over, must let this maid go over to ask for punishment.” Aunt Dong laughed, words said especially beautiful, of course only beautiful but oneself, a moment things out, who will still care about a maiden, so this will be Aunt Dong naturally said beautiful.

When Aunt Dong said this, of course, Nanny Hong was not in a position to say anything else, so she nodded and led the people to leave, and naturally, Jinling also let someone help her out.

When everyone had left, Aunt Dong glared fiercely at Jin Zhu and lowered her voice to say sternly, “What did I tell you to do? How dare you argue with a maid here!”

“Yes ... slave servant is wrong, slave servant immediately go out!”

Jin Zhu shivered in fear and busily bowed her head.

“Don’t go yet!” Aunt Winter scolded in a low voice.

Jinzhu also know that this matter can not be delayed, a little straighten out the clothes, hurried to go out, the doorway has parked a small carriage, Jinzhu got on the carriage, the carriage straight to the Lord Tu’s residence.

But did not Tu adults in the gate, but went to the back of the small door, and the gatekeeper said a few words, the gatekeeper put her in, to come out again has been half an hour later, looked around no one noticed, Jin Zhu re-boarded the carriage, back to the Marquis of Huayang House, go to Auntie Dong to report to the news.

And Tu Jiu Lin came to the door just an hour or so after Jin Zhu returned to the Huayang Marquis’ residence.

And on the other side at the back door, Luna led a granny in at about the same time ...

Chapter 497 Desire to Catch and Indulge

“Brother Wei, can you let me meet the aunt in your residence?” Tu Jiulin said with a face full of excitement.

As soon as he saw Wei Lovin, he didn’t care to be more chilly and directly proposed.

He and Wei Lovin had been friends for many years, and had actually met Aunt Dong, but had only slightly met and saluted, and hadn’t said a few words.

“Why does Brother Tu want to see Auntie Winter all of a sudden?” Wei Lovin asked in surprise, this time of the day was actually still early, if he wanted to pay his respects to the guests, he would actually come a little later.

“My sister’s matter ... I would like to meet Auntie Winter, if there are some things about my sister, it would be great if Auntie Winter knew ... Now I’m not too sure... ...Please also ask Brother Luo to help!” Tu Jiu Lin the whole person looks very excited, this is said even more before the words, but the form of eager sincerity, anyone can see.

“Go and call Auntie Dong here!” Wei Lovin suddenly remembered what Aunt Dong had said before about Tu Jiu Lin’s sister, and immediately beckoned the boy to the side to command.

The boy ran out in response to the order, and in a short while he brought Aunt Winter in.

“Aunt Dong, have you ever seen such a plate?” Without waiting for Aunt Dong to salute, Tu Jiu Lin took a box from the boy standing behind him, opened it and looked at Aunt Dong with an expectant face.

“This ...” Aunt Dong looked at Tu Jiulin with a blank face.

"If you have something to say, just say it!" Wei Lovin thought that Aunt Dong had something difficult to say and frowned.

"Isn't this ... the plate that the servant girl used to put the dim sum on?" The look on Aunt Dong's face grew more and more bewildered as she looked at Wei Luan and then at Tu Jiu Lin, and timidly said.

"What, is ... it yours?" Tu Jiu Lin's hands could not control the trembling, so many years, he has been looking for his own sister, but so many years have passed, his sister as if she is not on earth, how can not find, he later also wanted to go to find the location of the accident in the first place, but how can not find the specific place.

"It is the maidservant's ah, this is the maidservant has been carrying since childhood, there is also a kind of pastry mold, as if it is a set of ..." Aunt Winter's face looks more and more innocent, blinking her eyes, whispering.

"Is it something you've been carrying around since you were a child?" Tu Jiulin was thrilled.

"Yes, it's the maidservant concubine who has been carrying it since she was a child, this plate has also made pastries for the marquis before, does the marquis still remember?" Aunt Dong turned to Wei Lovin, "Later on, Miss Six even said that she liked the maidservant's pastries, and the marquis even asked the maidservant to mold them for Miss Six."

This is something that Wei Lovin really remembered, and at that moment nodded his head as a proof of Aunt Dong's words.

"When did you ... you enter the Huayang Marquis House?" Tu Jiu Lin was full of excitement, he knew that Auntie Dong entered the Huayang Marquis Mansion as a maid since she was a child, but the exact time was not clear.

"This maidservant is not clear, should be about eight, nine years old, then came in to serve the Dowager Lady, later followed the Marquis." Aunt Dong had prepared these words long ago, and was really not afraid of Tu Jiu Lin asking about it.

She was indeed this age when she entered the house, something that could be found out no matter who looked into it.

“What about before? Where were you before?” Tu Jiulin pursued.

“The maidservant also do not know where before ... some things can not seem to remember ... as if there was a war, and some other things, but I do not know whether it is because of the small or because of other reasons, to the present can not remember. ” Aunt winter frowned bitterly and said.

No memories before the age of eight or nine?

This possibility is actually also very big, either because of the small, or because at that time had suffered a serious injury, there is also sadness and fear is excessive, are possible, Wei Lovin suddenly remembered Wei Yuewu’s situation, nodded, “The memory of the small time is gone, this is very likely, the dance child ... ”

His words didn’t go on, but the meaning of these words Tu Jiu Lin understood.

He also knew something about the situation of the Huayang Marquis’ residence, and he also knew something about Wei Moon Dance, the first daughter of Wei Lovin.

“Then do you still remember the person who accompanied you at that time?” Tu Jiu Lin asked, still undeterred.

In fact, the first few serving his sister’s maids and grannies he could not remember, but this will be in order to confirm of course to ask more clearly.

“This ... Lord Tu, the maidservant really can t think of it!” Aunt Dong shook her head and asked.

Some things in the past so long, she did not believe that Tu Jiu Lin will remember, after all, at that time Tu Jiu Lin is not big, and can remember who, and so many years have passed, when the little girl grew up, early was not so recognizable.

"You really can't recall anything at all?" Tu Jiu Lin asked again.

"Really can't think of anything at all!" Aunt Winter shook her head firmly.

There are some things that are more wrong with more talk and less wrong with less talk, and with those pastries and plates, she couldn't believe that Tu Jiu Lin wouldn't believe it.

"Can you trouble Aunt Dong to make a few treats to come over and taste, just use the pastry mold you're holding?" Tu Jiu Lin said with a deep gaze, although he was eager to recognize his sister-in-law, he also knew that he couldn't recognize the wrong person.

"Yes, the maidservant will go and make it!"

Aunt Dong meekly nodded her head and glanced at Wei Lovin at the side, Wei Lovin waved his hand before she respectfully retreated, leading herself towards the kitchen.

In Aunt Dong's opinion, even though Tu Jiu Lin didn't recognize himself right away, he was close to it, and when he made the pastries, Tu Jiu Lin didn't have any problems there at all.

Of course she could make pastries, when she got those pastry molds, that old grandma even taught her the method of making pastries, not only the shape, but also the flavor, the only way to make such a flavor is to be taught by hand, and when Auntie Dong learned it, that old grandma lost her usefulness, and of course disappeared forever.

The only survivor disappears and who else can know the truth of what happened.

"Brother Tu thinks that Aunt Winter is your missing sister?" After Aunt Winter left, Wei Luowen asked with a frown, in his opinion, this matter was actually ridiculous, how could Tu Jiu Lin's sister who had been searching for years be Aunt Winter!

"It should be, otherwise how could she have such a mold and plate in her hand, this mold and plate is not something of value, but it is something that has been handed down from our house, when my sister

was small she liked to eat pastries, and at a very young age she liked to follow the sisters who made such pastries to learn them, so it is something that she can do.”

Tu Jiulin face of pain, although the past has gone so many years, but every time I think of, are heartbroken!

Some people and some things, he is not not suspected, only has not been able to find the opportunity, so it has been placed in the heart and their own, if there is an opportunity, he will be for revenge ...

But right now, to find his own sister is a matter of urgency, think of Aunt Winter if it is his own sister, then she was in the Marquis of Huayang House as a maid for many years, the original thousands of pampered sister, not only became the Marquis of Huayang House of the maid, and now also become the aunt of Weilun, his heart was torn raw pain.

Childhood memories of a pampered sister where a capable of suffering.

“Brother Wei, if she is truly my sister, I will right her name.” Tu Jiu Lin looked at Wei Luo Wen with a straight face and said.

Even though Weilun was his best friend, he had to do it.

“My sister has suffered so much, almost losing her life at a young age, and then landing in your mansion as a maid, and still only an aunt, Brother Wei, my heart hurts!”

Tu Jiulin said with a choked voice! Both eyes looked at Wei Luan expectantly, his heart is almost 100% sure that Auntie Dong is his sister, this will of course for their own sister to seek the right.

“This ...”

Wei Lovin mused, of course he knew what Tu Jiu Lin meant by what he said, if Auntie Dong is really Tu Jiu Lin’s own sister, no matter from which side, this position of Mrs. Marquis Huayang should indeed be given to her.

If this was in the past, Wei Lovin would have agreed without saying a word, but recently, the things that Aunt Dong did, every time made Wei Lovin wonder if she had a different heart, especially when it came to Wei Yuewu, so thinking about it, he really hesitated.

“Wei brother but what is difficult to do?” Tu Jiu Lin also refused to retreat a step staring at Wei Luo Wen Dao, in order to their own sister who suffered so much, even if it is a good friend for many years, Tu Jiu Lin feels that he can give up, “she for you for so many years, guarding at the border, is not easy, originally is a family of gold, she ended up being just an aunt, Wei brother think it can be suitable.”

“But ... her recent affairs ... before she also wanted to covet the dowry of the lady ... for the dance is actually not as good as she said! ”

Wei Lovin said with a sullen face, there are some things that he only suspected, so this will not say all of them, only picking two more obvious ones to say.

“Wei brother this kind of thing can blame who? Anyone for their own children and other people born children always have some difference, she can do so already good, as for the dowry and so on, may also be because of other reasons, Miss six is your daughter, Miss three is also your daughter, Wei brother this bowl of water can be leveled!”

Tu Jiulin said unhappily, knowing well that Wei Lovin’s heart could be biased.

“Madam Hua Yang Marquis passed away for so many years, so she accompanied you for so many years, without complaint and without remorse, she followed you in the bitter cold land of the border, and even brought her pampered daughter with her, so that you could enjoy the happiness of heaven, on this point, she is enough to deserve the position of the Marquis’ wife.” Tu Jiu Lin continued.

Seeing that Wei Lovin was still hesitating, Tu Jiu Lin’s face straightened, “If Brother Wei is not willing to help her up to the position of the main house, then let’s make peace and leave, it’s not possible for my Tu Clan’s first daughter to become a concubine, I would rather raise her for the rest of her life than to let her be a self-satisfied and lowly concubine, Tu Clan’s daughter’s reputation can’t be disgraced!”

This said Wei Lovin low cough up, if really do this, they really make a mess to this point, in fact, for the Huayang Marquis House is not good, and in addition, in the case of their own indeed should also give Aunt winter a name.

"I ..." only wanted to loosely agree down, suddenly heard a boy hurriedly ran over, "Marquis, not good, Aunt Winter in the kitchen side and the sixth miss people made a mess! "

Chapters 498 The Pastry Prepared Early

"What's going on?" Wei Lovin stopped and looked at the boy who had reported the news.

"I don't know, it's the sixth miss side of a girl ring over to report the letter, as if to say that winter aunt side of a girl ring and the sixth miss side of a girl ring rushed a bit, after the winter aunt said that will take that girl ring to ask for a crime, but this will be that girl ring not only didn't ask for a crime, but actually and the sixth miss girl's girl ring fought again."

The boy wiped a handful of sweat from his head and said.

The words were so upside down that Wei Lian didn't understand them at once, but he still understood that it was about Auntie Winter, "What is Auntie Winter doing?"

"Aunt Winter is going to make pastries for the Marquis, I heard that because the two maids argued and knocked the pastries over, this is throwing a tantrum over there in the kitchen, and the two maids are being punished for kneeling."

The boy replied.

"Get them all over here!" Wei Lovin said in a deep voice.

This matter should not be in charge of him, but put to Mrs. management and he is not assured, Mrs. Rui'er no good feeling, of course, the dance is not good feeling, the dance is not in the house, Wei Luo Luo feel that they still interfere in the management of a little.

"Yes, the lackey will go and call it now!" The boy obeyed the order and ran out in a puff of smoke.

kitchenette

Aunt Winter's angry face green, if not in front of people, she would have long picked up the hand of the tea cup smashed over, actually in her finished pastries, make such a thing, and also coincidentally, Jinzhu was pushed knocked over, is bumping into her, she backed up, behind her only to do the pastries were knocked over on the ground.

Hearing that Wei Lovin had asked them to go over, she then gritted her teeth and let the two maids follow the boy, and she herself re-started the stove here and did it.

But the original preparation of the kneaded powder is not available, only to let the people knead up again.

There was nothing for Aunt Winter to do but wait in the kitchen until the dough was re-kneaded before she could make it in the mold and steam it up.

"What's going on?" Seeing the two maids kneeling in front of him, Wei Lovin had a cold look on his face and said in a deep voice.

"Marquis, the slave girl sent the young lady to the palace in the morning after returning, do not want to turn the corner of the place encountered Jinzhu, she rushed out and bumped into the slave girl, and then fainted, many people came to watch the scene, said the slave girl's not, and then or Nanny Hong came over to the things suppressed, but Jinzhu is still not willing to rest, actually ruthless over to bump into the slave girl, the slave girl not to be on guard under the knocked out! I was knocked unconscious!"

"Nanny Hong can't see past it, to punish her, Aunt Dong came over and said there was something urgent for her to go out, said she had to prepare the materials for the Marquis to make the pastries, so that Nanny Hong would punish her later, and in a while she would let her come to the Qing He Yuan to ask for forgiveness from the young lady, and Nanny Hong then agreed to do so, but I just couldn't imagine that not only did she not come, but instead, when she saw that she was going to go to the kitchen to get something for the young lady's slave girl stopped her and scolded her, and the slave girl then then quarreled with her!"

Goldbell's eloquent tongue grabbed the lead and told the story in one breath.

"You're talking nonsense, it was clearly you who deliberately provoked me!" As soon as she heard Jin Ling mix up her words, Jin Zhu burst into a rage.

"Whether it's a mix-up or not, Nanny Hong knows, if the Marquis doesn't believe it, he can ask Nanny Hong to come over." Jin Ling respectfully kowtowed to Wei Luo Wen and said.

"Pastries?" Tu Jiu Lin was concerned with another matter, and his face sank.

"Yes, early in the morning to prepare pastries, said the marquis wants to eat, said the marquis in the border when the marquis like to eat pastries, so aunt winter let her early to prepare to go." Jinling grabbed in front of Jin Zhu again and said.

"Aunt Winter had people preparing pastries early in the morning?" Tu Jiu Lin asked suspiciously.

"It should be, slave girl is not sure, but that's what Aunt Dong said!" Golden Bell replied.

"What is my favorite pastry at the border, and I purposely had someone go outside early in the morning to get the ingredients? Where is Aunt Dong?" Wei Lovin didn't look too good.

He grew up in the capital since he was a child, he likes to eat only the pastries in the capital, when did he like to eat the pastries in the border, how does this matter look like Auntie Dong is using herself as a pretext to say.

"This matter is this ..." Jin Zhu intuition is not good, only to want to pick up the words and was interrupted by the golden bell.

"It's like this, just now when the two slave girls and Jin Zhu were arguing, they knocked over the pastries that Aunt Dong had made, and this is still being redone."

"It's only this time and it's done?" Tu Jiu Lin couldn't help but interject.

This is how much time, Aunt Winter has already done a good job of pastries there, this pastry is not already prepared not?

There are some things you can't talk about too much, and if you don't talk about them, you'll make people suspicious!

"What pastry? Father what on earth has happened here? Why is it that before I even arrived at Qing He Yuan, I heard people say that Jin Ling was arrogant and fought with someone, and even made a scene in front of father?" A soft voice suddenly came from the doorway, Wei Lovin looked up and was seeing his own daughter holding Shu Fei in one hand, standing in the doorway in a delicate and timid manner.

"Why did Dancer come back?" Wei Lovin froze for a moment and looked at the sky outside the window, at this time of the day, even if he had lost the election, he shouldn't have come back, he had to wait until everyone was counted before he could return to the house.

"The lady from the Li family pushed Dancer, Dancer's leg was hurt, the palace ordered someone to send Dancer back, father, did Jinling do something bad? Please father, there is no need to be concerned about Dancer, just punish her heavily!"

Wei Yuewu held onto Shu Fei's hand and walked in with quite a bit of difficulty, her footsteps limping slightly, but even so, she still looked dignified and soft between her looks.

Even if Tu Jiu Lin was full of prejudice against Wei Yuewu, he would have to admit that Wei Luo's daughter was extremely elegant and worthy of being the first daughter of the Marquis of Huayang.

"From the Li family? Really arrogant clamor!" A mention of the Li family Wei Lovin immediately know is his sister-in-law's niece, cold snort quite a bit of anger, "Dance child first sit down, for the father should be for you to go to seek justice."

"Father, there's no need, the palace has punished Miss Li for kneeling in the Buddha Hall!" Wei Yuewu softly refused, rushing towards Wei Lovin with slight difficulty and owing his body, then rushing towards Tu Jiu Lin with a deep salute.

Both mannerisms and behavior are moderate and extremely endearing.

What's more, her legs will be injured, salute to quite a few inconvenience, but still polite, small age, is such a generous and decent look, Tu Jiulin can not help but secretly praise, than their own memories of the third lady, seems to be more generous, dignified.

"Father, what happened to Golden Bell?" When she was seated, Wei Yuewu took a handkerchief and gently wiped her forehead, softly asking.

"The two maids got into a fight and knocked over Aunt Winter's pastries!" Wei Lovin said.

"Jinling, what's wrong? When I left how to command you, let you stay in the clear lotus courtyard, there is something waiting for me to come back to say, how I just left, you cause things, is not not put me as the master words in the heart, both so, I still want you such a maid what to do, you'd better go out of the house!"

With a gloomy look on her face, Wei Yuewu didn't look at Jinling and turned to Wei Lovin, "Father, you let her go out of the mansion!"

"Miss, slave girl really did not intend to bump into her, clearly she intentionally to bump into the slave girl, so as to make a big deal, Miss you spare the slave girl, slave girl single-mindedly follow the Miss, if the Miss does not want the slave girl, the slave girl does not seek to live, directly the life back to the Miss is!"

As soon as Jinling heard that Wei Yuewu was going to kick her out of the house, she cried out and kowtowed, and a few heavy heads went down, immediately making her forehead red.

Wei Yuewu's eyes also reddened, but she forcefully twisted her head to not look at her, with the look of an angry little daughter, looking both aggrieved and pitiful.

"Mai'er, it's just a small matter between maids bumping into each other, and Jinling is quite loyal after you, so why should you drive a loyal servant away for such a small matter!"

Wei Lovin couldn't help but speak out and advise.

This said Wei Yuewu's tears almost came down, took a handkerchief and covered her eyes, silently nodded, as a promise to accept this matter.

"Many thanks Marquis, many thanks Miss." Jin Ling looked overjoyed and busily kowtowed two more times to Wei Luan and Wei Yuewu.

"Jin Zhu you come and say what's going on?" Wei Yuewu asked gently as she raised her head back up, her complexion slightly calmer.

"Sixth Miss really doesn't have anything to do with the slave girl, it was her who intentionally bumped into the slave girl, and later on, Nanny Hong also misunderstood." Jin Zhu finally had a chance to explain and immediately said.

"Go call Nanny Hong here!" Wei Lovin said in a cold voice, and the boy was ordered to run out.

"Marquis, Nanny Hong also misunderstood the slave girl, the slave girl really didn't have the intention of bumping into Golden Bell." Upon hearing that Wei Lovin was going to go get Nanny Hong, Jin Zhu busily said.

At that time, Nanny Hong had determined that she had intentionally tried to bump into Jin Zhong, so whether Nanny Hong came or not, it was actually the same for Jin Zhu.

"You went out at that time, was it really because of the matter that your aunt was going to prepare pastries for your marquis?" Tu Jiu Lin frowned and asked, his face rather ugly.

"Yes, the slave girl did have an urgent matter at that time, that's why she walked a bit hastily, and didn't even look at the opposite side of the golden bell clearly, otherwise how could the slave girl not have collided with her!"

Jinzhu this will only want to get away, of course, there is a sentence to say a sentence, she will be afraid in her heart, just now the sixth miss but even her side of the personal maids also almost thrown out, they will be a wrong, I'm afraid that it is also not good!

The maids around Aunt Dong are all jealous of Wei Yuewu, afraid of accidentally messing with the Sixth Miss, who is not as gentle as she appears to be.

“Are the pastries your aunt prepared for your marquis ready?” Tu Jiu Lin’s brows tightened more and more, always feeling that things were strange here.

He came into the house to check whether Auntie Winter is his sister, will certainly let her do pastry test, and Auntie Winter here like a long time ago to know that he came over to check the same, early preparation down, and still in the name of Wei Lovin, which is really let a person suspect.

The maid’s few words just now even made him feel as if Aunt Dong had known about this for a long time and was waiting for herself to come over to check it out.

“This ... slave girl doesn’t know ...” Jin Zhu was arguing with Jin Ling before, and really didn’t know if Aunt Dong had prepared pastries for Wei Luan, so this time her eyes flashed vaguely as she said.

Because she didn’t dare to tell the truth, Jin Zhu’s eyes wandered, and it looked like she was a bit vain.

Chapter 499 Tell me, who is your lady?

Tu Jiu Lin’s face sank to black.

For the first time, I felt that Aunt Winter’s matter was really fishy.

Then again, it was rather strange to see his beloved concubine fiddling with the plates he had collected at her place early in the morning.

When asked why she took it out, she said she thought it looked familiar, and then it was only after her own questioning that she suddenly remembered seeing such a plate here at Aunt Winter’s place once.

So he hurriedly rushed to the Marquis of Huayang House, met Auntie Winter, asked about the past, Auntie Winter asked a question, but for the plate and pastries but remembered very well, and even in the House has long been ready to prepare under the matter of pastries.

There's something mysterious about how you look at things.

Before too excited, did not think much, this will think carefully, but feel quite a lot of suspicion, this face gloomy down, no longer speak.

The next Wei Yuewu asked a few more questions, just two maids said the public has a reason, the mother-in-law said the mother-in-law has a reason, really can not distinguish, so I waited for Grandma Hong to come over to ask again.

So let the two maids kneel on one side, Wei Lovin then asked about the matter of the draft, and when he heard that Li Yue'er deliberately tripped Wei Yue'er down, his face could not help but be furious, his hand heavily slammed the table, and he coldly said, "In a moment, I would like to go to Li's house to ask why this young lady in their house is so hostile to the dancer!"

The Li family was originally dependent on the Marquis of Huayang before, and can even say that Li's brother and sister can get the East Palace wash horse such a real vacancy, but also because of Wei Lovin, if it is not because of Li, Wei Lovin will not recommend Li Ying to go to the East Palace, just can not imagine that Li Ying's daughter actually dared to harm the dance child so much.

Weylin smothered a breath.

"Father, this matter have gone through, father do not have to go to the Li House, always the second aunt's mother's house, or this Miss Li heard something, what misunderstanding to me!"

Wei Yuewu generously said, "Anyway, the palace has sort of dealt with this matter, so it's finally an explanation for father!"

She skillfully pulled the matter to Wei Luo's body, sort of for Wen Tianyao for their own partiality of Tan, even if in the future, some people feel that Wen Tianyao is too much of a partiality of Tan himself, will also mention the father, all feel that it is because of the father's reasons.

Misunderstanding? What's the misunderstanding?

Wei Yuewu said this, but Wei Luo face sank, suddenly remembered what I heard before, heard that when Dancer just entered the door, Li did not make things difficult for Dancer, could it be that Li is picking a fight here again?

Wei Yuewu didn't wrench on such a topic and the two of them talked for a while longer, while Tu Jiu Lin kept frowning at the side and didn't say a word.

Nanny Hong didn't come alone, there was actually Wei Qiu Ju.

After following Nanny Hong and timidly bowing to Wei Lovin, Wei Qiu Ju sat beside Wei Yuewu with Luna and asked in a low voice, "Sixth sister heard that you had an incident in the palace, what happened?"

"It's nothing major, just that my leg is a little twisted, just rest a little for a few days!" Wei Yuewu whispered with a smile.

Although their side of the speech is light, but Wei Luo Luo still heard a really, for this always inconspicuous niece secretly nodded, this seems to be a sisterly love to the dance, heard that the dance is out of the matter, hastily rushed over.

"Nanny Hong, the two had quarreled before, what's going on?" Wei Luo Wen looked at Nanny Hong and said.

Speaking of this Nanny Hong of course know, and so one by one to tell the story, because there is a preconceived notion, the statement can not help but favor the golden bell, but for Aunt winter out of the matter also said a clear, as for Aunt Winter was used to push the words of the Commission, also said out.

While Nanny Hong was talking, Aunt Dong hurried over with her maid, she had actually heard that Wei Yuewu had returned to the mansion before she hurriedly made some pastries and rushed over.

This will bring the maid ring into the door, and was about to speak, but saw Wei Yuewu beside Wei Qiu Ju stood up in surprise, pointing to the maid ring behind her and said, "Uncle, this plate ... looks familiar to me! I ... I have it too!"

A sentence that immediately caused an uproar.

Tu Jiu Lin was first stunned, and immediately came to his senses, suddenly stood up and walked to Wei Qiu Ju, saying, "Where did you get such a plate?"

"This ... plate was left to me by my aunt." Wei Qiu Ju took two steps forward, carefully looking at the plate in the maid's hand, and only after half a second did she say with certainty.

"You're talking nonsense!" Upon hearing that Wei Qiu Ju actually said that she had a plate in her hand as well, Aunt Dong was furious and snapped.

If it was in the past, when Aunt Winter drank like this, Wei Qiu Ju would surely not dare to speak, but this time it was as if she didn't see Aunt Winter's slightly hideous eyes, and she nodded her head affirmatively, "I really did, if uncle doesn't believe me, you can ask Yueya's mother, it just so happens that she came into the mansion today to see Yueya!"

Wei Qiu Ju said pulling Luna Road from behind her.

"Why does her mother know?" Wei Luo Wen asked, looking Luna up and down.

"Lunar's mother was my aunt's little maid, back then was serving my aunt, then my aunt entered the house, her mother was outside and didn't follow her in, but when I grew up, she sent Lunar in to serve me again." Although Wei Qiu Ju was a bit fearful, she still said one by one.

This matter is the truth, and she is not afraid of Wei Lovin to investigate.

"Go and invite her mother over!" Tu Jiulin himself is excited, than before to confirm the winter aunt ever, this called moon maid's mother, counting should be the old man in the house, how he does not like.

"Uncle ...," Wei Qiu Ju looked at Wei Lovin.

"Lunar, go bring your mother here!" Wei Lovin nodded his head.

Luna went down in response to the order.

"Marquis ... what ... is this about?" The smile on Aunt Dong's face was a little stiff, she could not have imagined that Wei Qiu Ju would pop up at this time in any case, and she could not help but cry out in her heart that it was not good.

"You asked Jin Zhu to prepare pastries for me early in the morning? It's said that it's still the same pastries I liked to eat at the border?" Wei Luo Wen coldly looked at Aunt Dong and said.

"The maidservant concubine ... this ... this is also afraid that the two of them really quarrel, deliberately pushed the commission, the sixth young lady and not in the house, this if really make a mess, it's not good!"

Aunt Dong's heart skipped a wild beat, and she busied herself with a smile.

"I heard that it was still your maid who made the mistake, are you so defensive of your maid? Or is there really something for her to do?" Wei Lovin's face was very bad, "This early in the morning, what did you let your maiden do?"

Just now when he took advantage of the gap, he purposely let the boy go to the door to ask, and knew that Jin Zhu had indeed gone out early in the morning.

"The maidservant concubine is something to let her go out for a trip, is to buy the last fancy set of hand jewelry, because at that time did not bring enough silver, so did not buy, afraid of people to buy away, so specially let Jinzhu rushed an early morning, afraid of the dowager lady said the maidservant concubine is not good, purposely did not say this matter!"

Aunt Dong also reacted quickly, busy bowing her head and explaining timidly, but she believed that Wei Luo would not pursue this kind of women's matters.

"Which family's jewelry does Auntie fancy? How could you open the door so early in the morning? I wonder if I could have bought it later?" Wei Yuewu smiled with a curious expression.

"It is ... the one over the front street, I didn't pay attention to the name of the store at that time." Aunt Dong was asked stammered for a moment, looked at the side of the sunken black face did not say a word Tu Jiu Lin, the heart more and more feel bad up, it seems that even this Tu adults are suspicious of their own.

Wei Luo originally would not ask so carefully, but looking at Aunt Dong's appearance, but could not help but have doubts, Aunt Dong really sent Jinzhu early in the morning to buy fancy jewelry to go?

It's early in the morning, and the store is open?

Being given such a look by him, Aunt Dong's heart couldn't help but shiver twice, knowing that Wei Yuewu's words drew more and more suspicion from Wei Luo, her heart couldn't help but secretly hate, angry and secretly hating poison.

Wei Yuewu this bitchy girl how to come back so early, did not say that even if you fall out of the election, it will be a while!

She had been calculating this for a long time, it could be said that it was the best killer she had hidden, and now that she was about to be spoiled by Wei Yuewu, how could she not hate it.

And what about Wei Qiu Ju who came out of nowhere? Is it true? But this is too much of a coincidence, how could it be? Moreover, the Sister said that her young lady had actually died at that time. Thinking about it, Aunt Dong's heart settled down, Wei Qiu Ju's mother could not be Tu Jiu Lin's own sister.

Since everyone wasn't, she couldn't believe she didn't have a chance to flip.

“Although I didn’t pay attention to the name of the store, but this store should be recognized, right? I still need to thank Aunt Dong’s people, can you take my people to run a trip, it just so happens that I also want to buy some agreeable jewelry for Qian Ying.” Tu Jiulin interjected from the side, looking at Auntie Winter with a somewhat cold gaze.

“This ... well!” Aunt Dong smiled more and more reluctantly, could not imagine that Tu Jiu Lin actually suspected himself so much, his heart was secretly anxious, it looks like he will have to be more and more careful in a while.

Lunar Crescent came back fairly quickly, entering the door and first giving Wei Luo Wen a bow, then stepping aside to reveal a middle-aged matron behind her.

That granny respectfully bowed to Wei Luan and then bowed her head in a disciplined manner, and at a glance, she knew that she should have stayed in a high family compound.

“Have you seen this plate?” Wei Yuewu asked Shu Fei to take the plate of pastries from Aunt Dong’s maid and send it over.

“This plate is ...” The granny raised her head to look at this plate, suddenly her eyes fell straight behind Shufei, her eyes rounded in shock, nah nah nah nah nah nah nah nah nah nah nah nah nah nah nah nah nah, “Old ... Master!”

The crowd of people followed her gaze and were seeing Tu Jiu Ling.

“What master?” Tu Jiu Lin was in a big hurry, took two steps forward and asked.

The granny looked at Tu Jiu Lin, and hesitated again, just at first glance, as if he remembered the master, but this closer look, or different, for a time but did not dare to identify.

She went to the Marquis of Huayang today was originally their own daughter appointment, said that the fifth miss something to say to themselves, which came in a hurry, and do not know the truth, so at first glance to see Tu Jiulin can not help but exclaimed out.

But this will take a closer look, and do not dare to confirm, think about it can not be, so many years, even if the master is in, it is impossible to maintain the appearance of the year.

“Which mansion were you from before, and who is your lady?” Tu Jiu Lin asked in a stern voice.

Chapter 500 The First Branches of the Family

“Criminal Yang Tu ... Tu House!” The granny’s voice trembled.

Tu clan began the earliest is from the criminal Yang, and the criminal Yang Tu House is the real first branch, Tu Taishi because not from the criminal Yang, so at first is not the first branch, and only the real Tu clan people know that the criminal Yang is the birthplace of the old Tu clan.

“Who are you serving?” Tu Jiu Lin drank.

“Slave girl is serving the fifth miss, Tu family five miss, five miss traveling on the road, encountered thieves ... “Granny said tears straight down, looking at the same agitated Tu Jiulin trembling voice asked, “adults ... is it not the third son?”

Tu Jiulin was indeed ranked as the third son at that time, while his own sister was ranked fifth.

Needless to say the granny in front of her was indeed an old servant of the Tu family back in the day, and still an old servant of Tu Jiu Lin’s own sister.

Aunt Dong’s face was very unpleasant, the handkerchief tightly kneaded into a ball, her degree of nervousness at this time is no less than Tu Jiu Lin, she is betting that this granny did not know that Miss Tu actually fell off the cliff and died.

It was just that now was not the best time, she was waiting, waiting for the best time to intervene in their conversation, in the capacity of Tu Jiu Lin’s sister.

Wei Yuewu sat with her head slightly sideways, her long eyelashes fluttered twice, she swept a glance at Aunt Dong who was slightly tense at the side, her eyes dropped slightly, hiding the coldness in her eyes, Aunt Dong was not in a hurry, and she was not in a hurry either!

"Yes, I am. Where's my sister? Where is she now?" Tu Jiulin asked eagerly.

This is his wish for many years, for his own sister, he only has the memories of his childhood, when she was still chubby and very cute look.

"Miss ... Fifth Miss ... carriage was frightened, Miss couldn't jump out in time and fell off the cliff ... and died!" The granny lost her voice and cried.

At that time, the situation was urgent and there was a reason for the incident, no one would have thought that the fifth young lady who should have been the first one to jump out of the car didn't jump out of the carriage in the end, but followed the carriage down the cliff together.

"My ... sister died?" Tu Jiu Lin's feet swayed, and his hand almost fell over as he held onto the table on the side.

"The situation at that time ... was in a mess, and there were people chasing and killing!" Granny while crying, while na na na said, the situation at that time and who has the spare capacity to go down to see, the thieves chased and killed, have fled, she was still just a young little maid, is the big maid Rui Cai pulling her to escape, then a mess, how could she notice anything.

"Has anyone gone down to the bottom of the cliff to see it?" Aunt Winter whimpered, aghast.

"Yes, has anyone gone down to see it yet?" As if grasping the last straw to save his life, Tu Jiu Lin's eyes widened as he hurriedly said.

"There should ... should be no one! That high cliff ..." This is the mother-in-law did not dare to confirm.

"But that's not to say it's impossible, is it?" Aunt Winter asked, her brow furrowed.

"Or it's possible, but ... but it's too ... much of a thing," said the mother-in-law, not quite confidently, when she thought of the height of the cliff at the time.

"Some things are possible when they are said to be possible, can you be sure that there was no possibility for Fifth Miss Tu to escape at that time!" Aunt Dong's face was stern as she refuted.

The granny who asked this became more and more anxious, and her voice darkened and weakened a few points, "Or, or perhaps the fifth young miss really is still alive!"

Don't dare to put words in your mouth again.

Wei Yuewu quietly looked at the winter aunt forced the mother-in-law to change her words, the corner of the lips silently hooked up a touch of coldness, both to this time, winter aunt is still not dead hearted, but also in vain to want to become this Tu adult's own sister, and then by virtue of this pressure on their own head, in one fell swoop to become the official wife of the Marquis of Huayang House.

Only after what happened in the party, Aunt Winter was much more eager to bring it up now.

"How old was your fifth young lady at that time approximately?" Aunt Winter continued seductively.

"Five or six years old!" The granny hesitated for a moment and said, "It's been many years since the incident, some things have long been blurred.

"Mr. Tu, let people go and look for it again, or you can find the people back then and ask them clearly again, your sister if she is still alive, this should be quite a few years old, she should have married someone earlier!" Aunt Dong smiled and turned to Tu Jiulin and advised.

While ordering the maid to fetch the pastries in Shufei's hands and place them in front of Tu Jiu Lin, he also had the maid change the tea for him again.

"If she is alive, why doesn't she come back?" Tu Jiulin sat down disheveled in the chair on the side, both eyes lost, nagging.

“There has to be a reason for this, either because she hit something or she may have forgotten something because she was so frightened, after all, at only five or six years old, how much can you expect her to remember!”

Aunt Dong spoke out to comfort, and took the pastries that had only been made, and asked the maid to re-prepare a few small plates and distribute them to everyone.

A look of the female master of the Marquis of Huayang.

Fearful or hit something? Wei Yuewu’s eyes deepened, his own childhood memories are also missing, should also be because of these two reasons, but do not know what he experienced at that time, through to his own actually did not have childhood memories!

What happened back then, when he was five years old ...

“Didn’t you ... forget your childhood memories?” Aunt Dong’s words reminded Tu Jiu Lin, Tu Jiu Lin looked up suddenly, looking at Aunt Dong with slight excitement.

“Concubine? How could that be, the servant girl was just a tiny maid, not even knowing who her real parents were, and was bought into the Marquis Hua Yang residence as a slave.” Seeing the mention of herself, Aunt Dong had a gloomy look on her face, and with a bitter smile, the movements in her hands slowed down.

Just the corner of his eyes but showed a trace of tears, hastily took a handkerchief and inclined his head to wipe it, as if he was afraid that other people would see it.

“You ... you or is my sister, this plate, this pastry ... and your lost memories ...” The more Aunt Dong showed that she was not, the more Tu Jiu Lin felt that she was.

It was as if he was grasping at a straw to save his life, as if as long as Aunt Winter was his sister, he would have no more regrets.

“But, the maidservant is really just a little maid, and doesn’t remember having anything to do with Lord Tu?” Aunt Dong took a look at the great joy and continued hesitantly by retreating.

She could not have imagined that things would change so drastically, and while she denied it herself, Tu Jiu Lin actually looked like he identified himself.

“Did you make this pastry?” Tu Jiu Lin picked up the pastry in his hand and took a hard bite, as if to prove something, although the flavor was slightly different, it was roughly the same, and immediately swallowed it down, staring closely at Aunt Dong excitedly asked.

“This ... is the pastry made by the servant girl ...” Aunt Dong timidly said.

“This plate is also yours, this pastry is also made by you, how can you not be my sister.” Tu Jiulin’s face showed an excited and uncontrollable smile, the whole person seemed to be vivid, he suddenly got up and rushed at Wei Lunwen with a deep salute, “Many thanks to Brother Wei for taking care of my sister for so many years, Jiulin here thanked Brother Wei on behalf of his late father and late mother!”

Is this considered recognition of Auntie Winter?

Wei Yuewu gaze faintly looked at the excitement of some over the top Tu Jiu Lin, willow eyebrow unconsciously knit up, this Lord Tu’s current situation is really some abnormal, as if he must find his own sister to prove something, this will not matter what Aunt Winter, as long as there is a hint of an elephant, he is bound to hold on to it tightly.

As if grasping a life-saving straw, instead of thinking about the previous suspicion of Aunt Dong.

This kind of state even carried a few points of subversion, completely different from the previous state of Tu Jiu Lin’s calm and sober state, it looked like this Miss Tu Fifth’s death had not been a small stimulus to this Lord Tu, so much so that he now only wanted to cover his ears and tell himself that his own sister was still alive.

Such a situation is Wei Yuewu did not expect before, well here she is not all unprepared, watery eyes swept a glance standing to the side, the face of the winter aunt with color, the corner of the lips silently hooked a little ...

Aunt Dong also could not have imagined that things would go so smoothly, just when she thought that she could get away this time would not be easy at the same time, she was actually told such a good news, the always smart Tu Jiu Lin actually recognized himself without saying a word, and also identified himself as his missing sister.

How did that make her unhappy.

“You ... are really my real brother?” She was pleased in her heart, but her face did not show it, revealing an expression of surprise, also looking at Tu Jiu Lin with a mixture of sadness and joy.

“Of course I am your own brother, sister, do you really not remember? When I was little I was lazy and naughty, that time I was punished by my mother by kneeling in the garden, later on it was you who went to plead with my mother before she let me go!”

As if he wanted to prove something, Tu Jiu Lin brought up an incident from his childhood and looked at Auntie Dong with surprise.

“This ... I ... can’t remember ... all of it ... seems like there is a little bit of it” Aunt Dong had previously said that she had lost her memory, this would of course not be able to show clearly, only to continue to vaguely match Tu Jiu Lin’s words.

“Brother Tu, can you recognize it clearly?” Wei Lovin frowned slightly, he was an outsider, so he could see clearly, and always felt that this matter was very strange, besides, there was also the matter of Jin Zhu just now, how to look at Aunt Dong didn’t seem like she was completely unaware of it.

“I recognize very clearly that Aunt Winter in your house is my sister, Brother Wei, surely my own sister cannot be just an aunt!”

This word Tu Jiu Lin expressed before, but this will be in front of the crowd is clearly expressed out, listen to the side of the winter aunt rejoiced, the eyes complacent sweep Wei Yuwu, eyes flashed a trace of sinister, as long as their own to become the marquis of Huayang wife, want to that bitch girl how, is not a word of things.

She just didn’t believe that this bitchy girl could flip out of her grasp.

With such a backer as Tu Jiu Lin, even the Dowager Empress would not dare to make things too difficult for herself.

Wei Yuewu this bitchy girl after he entered the capital, has been against himself, and even cunningly put Jiao'er harm, this after he must let her beg for life, beg for death ...

“Lord Tu, the matter of father’s rightful wife is still on hold, but I have a doubt here, I don’t know if I should speak or not?” Wei Yuewu looked at Aunt Dong with smug eyes and turned to Tu Jiulin and respectfully said.
