

Young Lady 501

Chapter 501 The evidence of what once was is what broke

"Sixth Miss ..." Tu Jiu Lin is excited between, was interrupted very unhappy, his face sank was about to reprimand Wei Yuewu, but was interrupted by Wei Luo Luo, "Dance what you want to say on the word, after all, this is also our Huayang Marquis House of private affairs. ."

When Wei Lovin said this, Tu Jiu Lin was not in a position to say anything else, and rather naively closed his mouth.

"Aunt Winter, you say that you have carried all these plates since you were a child, and just the molds of these pastries, you have always carried them with you?"

Wei Yuewu asked softly.

"Yes, I've been carrying it since I was little, and I don't know when." Although Aunt Dong gritted her teeth in hatred, this would immediately make a blank look.

Things were about to work out, and this little bitch actually intervened again, how could she not hate it.

"Father, Dancer just feels strange, at that time, when the fifth young miss fell from the cliff, even if she was lucky enough to survive, how could those fragile porcelains be intact?" Wei Yuewu pointed at the plate where the pastries were placed and asked in surprise.

One word, and the room was filled with silence!

"This ... this or at that time I was holding these pastry plates ..." Aunt Winter took a look at the big deal and hurriedly said.

It's just that the meaning in that is so raw that anyone can hear that it doesn't make sense.

Under a cliff like that, even though a person can hang from a branch or fall there and be saved, it is impossible for these fragile pieces of porcelain to remain intact.

Tu Jiu Lin's face changed, immediately turning pale!

"Is that so?" Wei Yuewu's eyes smiled faintly with mockery, and she said to that granny's, "When you guys jumped out of the car at that time, those porcelains were held in your lady's arms? How much does your young lady like these porcelains that she would still hold that pile of porcelains in that situation?"

"No, Miss Five did not hold any plates or anything, at that time in that situation, Miss Five could not care for herself, where would she care for the rest, the slave girl along with Rui Cai Sister jumped off the car when Miss Five was planning to jump down, Rui Cai Sister was decided to catch Miss Five underneath."

Being reminded by Wei Yuewu like this, the granny immediately reacted and hurriedly said.

"Lord Tu, I don't know how it is when your Miss Tu travels, but I remember that when I traveled, I would never place this kind of porcelain or something like that in my own carriage, basically I would place it with the maids and servants, and it's simply impossible for these things to appear in Miss Fifth's carriage, so... .."

Wei Yuewu's words were turned towards Tu Jiu Lin, who stared at Auntie Dong with two straight eyes, only this time it was not upside down excitement, but icy cold.

It wasn't just Tu Jiu Lin who glared at Aunt Dong, there was also Wei Luo Wen.

Things have come to this point, basically can be sure that Aunt Winter can not be Tu Jiu Lin's own sister, otherwise these plates is a big loophole, Aunt Winter originally prepared for their own evidence, immediately became a counter-evidence.

Because of the molds of these plates and pastries, so how could she not be Tu Jiu Lin's real sister.

The identity of the granny has long been confirmed, Tu Jiu Lin's sister was the one who fell off the cliff, in such a case, the person is still unprotected, how can this plate be okay.

Aunt Dong could not have imagined that things would come to this, and immediately panicked as well, her face turning pale all of a sudden.

"You go down first!" Wei Lovin said in a cold voice.

"Marquis ... maidservant ... concubine ..." Aunt Dong still wanted to explain.

"Go down!" Wei Lovin suddenly yelled sternly, his hand slamming hard on the table, both eyes almost bursting into flames, "Do you want me to check on Brother Tu's residence's Qian Ying?"

"Concubine ..." Aunt Dong's face was white with barely a trace of blood.

"Get out!" Wei Lovin roared.

Seeing the hideous wounds on Wei Luan's face twisted into threads, Aunt Dong knew that Wei Luan was really angry, so how could she dare to say anything more, and with a hateful and venomous look at Wei Yuewu, she turned around and left.

The plan she had been planning for so long was about to succeed, but in the end, it was still bad in Wei Yuewu's hands, and the hatred and venom in her heart was like a tidal wave.

Wei Yuewu, she must want this bitchy girl to die, she must want her to die!

As for himself, even if the marquis suspects so what, he still has the child in his belly, the marquis will not disregard the child in his belly, even the dowager lady will not dare to deal with herself because of the child in her belly.

With her hand caressing her maid's hand, the look on Aunt Winter's face slowly calmed down as she lifted her steps towards her garden.

Inside the house Tu Jiulin lowered his head lost in thought from in the chair, long time without saying anything, after a flash of pain color in his eyes, slowly recovered clarity.

His eyes swept over Jin Zhu, who was kneeling on the side, and the corner of his lips hooked in mockery, "Brother Wei, I really thank you a lot for today!"

He said in a dark voice.

"There's no need to thank me, this originally started in my house, it's because I've wronged you!" Wei Lovin sighed.

"It's not just Brother Wei's residence, but my own as well, I can't imagine that an aunt would actually spoil things for me!" Tu Jiulin said in a hateful voice, his heart flooded with anger when he thought that he almost fell for the woman's scheme.

Some things once sober down, will think very clearly, their own morning to listen to Qian Ying said about this, and Huayang Marquis this winter aunt's maid and early in the morning out, needless to say, then go should be their own residence.

The so-called buying of jewelry is nothing more than an excuse.

That's why there were pre-made pastries, that's why they were all so familiar with their own search for their sister, and it was clearly what Qian Ying had said to Aunt Dong early on.

The whole thing strung together to see, in fact, it is not difficult to guess, Aunt Winter is of course the position of Huayang Hou's wife of the main room.

"Brother Wei, I don't have the face to be here anymore, so I'll go back first and come back to visit later!" Fixing his mind, Tu Jiu Lin stood up, rushed at Wei Lovin and arched his hand, looked at Wei Yuewu on the side, self-conscious of his lack of face, his head shook, turned around and took big strides.

"Brother Tu, Brother Tu ..." Wei Lovin stood up and tried to call out to him, but he was unable to do so himself.

"Father, you let Lord Tu calm down, this happened too suddenly today, so much so that he's afraid he won't be able to think straight for a while." Wei Yuewu stood up and softly stopped him.

"Hmph, smarty pants!" Wei Lovin said in a hateful voice, thinking that Aunt Dong was actually obsessed with the idea of arranging such a show, and even hurt his good friend, this gas just did not hit a spot.

"Fifth sister, you guys go back first, father and I still have to talk for a while, I'll come back to you when I'm done." Wei Yue Ming turned her head to Wei Qiu Ju and said.

"Yes!" Wei Qiu Ju had actually not wanted to be here for a long time, and this time when she heard Wei Yuewu say this, she busily got up and bowed to Wei Luan, and left with Yue Ya and Yue Ya's mother by herself.

"Father, Jin Zhu let her go back as well, Aunt Dong's side is still pregnant with a child." Wei Yuewu looked at Wei Luo Wen pleadingly again and said.

She knows Wei Lian's mind, even though Aunt Dong is full of anger, but for the sake of the child, he will not really take Aunt Dong how, a moment even if the father went over to reproach Aunt Dong, Aunt Dong's side to take the child a say, it will be nothing, so this will be, she has to be the first to put the words on the mat.

"So what if you're carrying a child? It's hard not to be able to count on people just because you're pregnant with a child!" Wei Luo Wen indignantly said, today this happened not only in the mansion, but also involved Tu Jiulin, making him feel deeply sorry for his old friend, and also felt that Aunt Dong had made herself extremely lose face.

"It's always a child, maybe it's ... father's only heir, father has to consider this! We this Hua Yang Marquis House location ... "Wei Yuewu a look of desire to speak, while looking at Wei Luo Luo's face, while timidly explaining, the words are not clear, but the meaning of these words has already been expressed very clearly.

She had a vague suspicion, but had no way to ask about it, and it just so happened that she was trying to test her father today, and always felt that it was an extremely strange thing for her mother not to have given birth to an heir for so many years, and for the dowager lady to be so tolerant of it.

And where would the Dowager Lady be such a generous person!

“The only heir, huh, she deserves it! The position of Marquis of Huayang, she doesn’t want it either!” Wei Lovin was so furious that the scars on his face screwed up.

The position of the Marquis of Huayang and is not Aunt Dong can think of, originally did consider Aunt Dong’s child in the stomach, this will suddenly think of Aunt Dong actually want to mother with a son, want to let the child in the stomach to become the next Marquis of Huayang, eyes suddenly flashed a cold sharp.

It was something how he didn’t want to see.

His children can fight for themselves with their own skills, but never this Marquis of Huayang title, originally this title is not their own, their own lineage absolutely can not occupy this title.

It was something he himself had always insisted on! It was also something that had long been tacitly agreed upon with the Dowager Lady!

Deeply inhaled a breath, suppressed the anger of the heart, but the chest can not stop undulating, anyone can see that Wei Luo Luo at this time is extremely angry, the whole person is in the state of outburst.

“But ... shouldn’t this position of Marquis of Huayang belong to the younger brother born to Aunt Dong?”

Wei Yuewu asked with an innocent face.

“Of course not!” Wei Lovin flatly refused.

“That’s true, it’s different if it’s a younger brother born to a proper lady!” Wei Yuewu said.

The heir born from the official wife is different? Wei Lovin's face turned blue, it turned out that Aunt Dong was so scheming, the reason for this was still because of this child in her stomach, she wanted to ascend to the position of the official madam, and then give birth to her own firstborn son, and then ask to inherit the position of Marquis Huayang.

"There's no way she could be the main wife! There's no way that Mrs. Marquis Hua Yang could be her!" Wei Luo Wen's face was gloomy as he said, his heart had made up its mind at this time.

If he had been a little hesitant before, he would have calmed down completely, and was deeply disgusted with Aunt Winter who had a clear goal in mind!

"Dancer, you go back to rest first, for father will come to see you in a while, I'll let Dr. Ming come into the mansion in a while to give you a look!" Wei Lovin stood up, his eyes cold, some things have been decided, it is better to be early than late, we must break Aunt Dong's thoughts, lest the house is again disturbed.

For Aunt Winter's ambition, he only felt mockery!

A maiden-born aunt, actually also dare to think about the position of the Marquis of Huayang, I really don't know how big her heart is, she has no heir for so many years, and it is not just the reason that she can't give birth to an heir!

Thinking of this his heart suddenly stirred, and rushed to the side of the boy and said sternly, "Go, find Sister Chen!"

Chapter 502 Wei Luan's Problem with the Heir

When Wei Yuewu left, the Chen Sister hurriedly came in, Wei Yuewu recognized this Chen Sister, is followed by Aunt Dong together with the stewardship of the Beijing granny, is said to be before the border to take care of Wei Luo Luo and Aunt Dong meals stewardship granny, said should be considered to be Wei Luo's beloved.

It looks like Aunt Winter had something else going on when she got pregnant again after so many years.

When she returned to Qing He courtyard, Doctor Ming also came and took a look at Wei Yuewu's feet and dispensed two ji of ointment to her.

Speaking of Wei Yuewu's legs actually see nothing, just this kind of injury, not light or heavy, the most is not clear, as long as the patient said she was in pain, she was in pain, did not break to the bone, twisted a bit is always there.

It's best to dispense some cream and put it on a patch.

"Doctor Ming, how long will it take for this injury of mine to be fully healed?" Wei Yuewu sat on the chair and asked in a soft voice.

"In fact ... this kind of injury, it is not considered to be heavy, slightly raise a week should be fine! If the injury is okay, two or three days is also okay!"

Dr. Ming said after a moment of deliberation.

Wei Yuewu smiled slightly, knowing that Dr. Ming knew what he meant, this injury of his own wanted to take a break of three, five days, or less, more are as they wish, originally it was just tripping a little bit but himself, twisted is normal, but if it is not good all the time, that would seem to be too much of a show.

"Dr. Ming, is my father's health well?"

"Marquis has some old injuries on his body, at that time, because there was no good diagnosis and treatment at the border, that's why the injuries stayed, and sometimes the old injuries would flare up." Dr. Ming replied.

Wei Lovin body's old wounds are in the border to do battle when suffered, he has followed the old Huayang Hou in the border since childhood, the size of the battle do not know how many, the body has injuries original is also normal.

Border bitter cold, some good medicinal herbs do not have, even if it is the use of medication of the doctor proficient in medicine, there is a diagnosis and treatment can not be, Wei Luan body to stay in the old wounds from time to time recurrence, with these related.

“What about the other aspects?” Wei Yuewu asked imploringly.

“The other Marquis’ bodies are still good, nothing is wrong!” Although Dr. Ming did not know what Wei Yuewu was asking, he still answered in a neutral manner.

“Does Dr. Ming know why Aunt Dong did not conceive a child for so many years?” Wei Yuewu asked bluntly, a hint of darkness flashing through her watery eyes.

Just now, Father angrily and hurriedly called Sister Chen over, and it looked like there was a hidden agenda.

“This ...” Dr. Ming hesitated, in front of this sixth young lady is still a young lady to be in the boudoir, just this young lady asked the words sharp so that he is a doctor are not very good answer, although Dr. Ming is now Wei Yuewu convinced very much, but there are some things that actually Although Dr. Ming is now convinced of Wei Yuewu, there are some things that are really inconvenient to tell her.

“Does Doctor Ming know Sister Chen who is in charge of Father’s diet?” Wei Yuewu could see the difficulty on Dr. Ming’s face and continued to ask.

“Recognize!” Dr. Ming was shocked.

“Has Sister Chen ever taken any medicine from Dr. Ming? Has she been taking it for so many years?” Seeing the shocked look on Dr. Ming’s face, Wei Yuewu’s suspicion in her heart was partially confirmed and she continued to ask.

“This ... is what I have been taking, the Marquis doesn’t really want an heir, or doesn’t want Aunt Winter to give birth to an heir, so for so many years he’s been letting Sister Chen take medicines from me and put them in his and Aunt Winter’s diet! But it’s a warm medicine, it’s not harmful to the body!”

Dr. Ming wiped a handful of sweat from his head and had to tell it straight.

This sixth miss is really too smart, such a thing is even too much for her, there is also something she does not know, and this just returned to the capital of the sixth miss but can guess a few points, is really let him be shocked.

Since Sixth Miss must know such things, he would no longer hide it.

“Does Aunt Dong know about this?” Wei Yuewu asked as her body leaned back and her watery eyes fluttered twice.

“This is something Aunt Winter doesn’t know about, Sister Chen is the Marquis’ beloved, and was in charge of the Marquis and Aunt Winter’s food and drink when they were at the border, that’s why the Marquis asked her to get the medicine from me.”

Dr. Ming explained.

“What about some time after entering the capital?”

After entering the capital, Aunt Winter and Wei Lovin’s diet are taken from the big kitchen, and the two are not eating together, Aunt Winter eats and Wei Lovin’s are not the same.

“Then put it in the marquis diet alone, on the return to the capital for a period of time, has been used, occasionally break a while, in fact, there is not too much off, besides, the marquis himself is still used.”
Dr. Ming explained.

“Then ... why is Aunt Winter pregnant now?” Wei Yue Ming asked in disbelief.

Like this situation, should be the father does not want to give birth to a child, this is actually a very strange image, for the father without heir, to give birth to a son, inheritance of the Marquis of Huayang House of incense is how important, after all, the two daughters, who is unlikely to continue the Marquis of Huayang House.

Let Wei Ziyang inherit the title of Marquis of Huayang, after all, is not his own son! Anyone's heart will have some lumps, but father here is doing such a great job for this.

"This ... might be the Marquis stopping his medication!" Dr. Ming stammered for a moment, but still spoke truthfully.

"Is there any other possibility besides this?" Long eyelashes flickered twice, Wei Yuewu asked again, she was actually versed in medical science, could a child conceived in this situation really be wanted?

"This ... should be unlikely!" Dr. Ming smiled bitterly.

"Doctor Ming, you go back first, if father asks in a while, you'll just tell the truth. It's just that the child in Aunt Dong's belly is really unharmed in this situation?"

Picking up the teacup on the table and taking a slight sip of it, after pondering for a while, Wei Yuewu asked.

"This ... is actually always some off hindrance right, but ... also can not say." Ming doctor hesitant to say, the child was not born before, who can not see what abnormalities, and this drug in the end is not discontinued, or when to stop using, really do not know the real situation.

This time Wei Yuewu nodded her head, and only after half a minute did she say, "If anyone asks about the child in Aunt Dong's stomach, just say that the child is fine, it's an unexpected blessing, it's always the father's heir, and this may inherit the Marquis of Huayang in the future!"

"Yes, subordinate understands!" Dr. Ming nodded his head, and seeing that Wei Yuewu had no other orders, he excused himself.

To the outside wiped a handful of sweat, more and more to Wei Yuewu heart Rin, this will only want to hurry to leave.

Helplessly, he only raised his step before being called over by someone sent by Wei Lovin.

With a warring heart, he followed the visitor to Wei Lovin's study and saw Wei Lovin sitting behind a wide book case with a sullen face.

Seeing Sister Chen on the side again, kneeling there with her head bowed, unable to see the color, her heart could not help but jolt.

But immediately remembering Wei Yuewu's words, his heart was slightly settled, he took a few steps forward and respectfully bowed to Wei Luo Shen, "Marquis!"

"After returning to the capital, did she come to get the medicine?" Wei Lovin asked in a deep voice.

"Came twice, took the same medicine as last time, not the slightest difference!" Dr. Ming's heart has its own bottom, specially said rigorously.

"There's no half-assed error, why would there be an error, Aunt Dong is pregnant, you wouldn't be unaware of that!" Wei Lovin said in a cold voice, his eyes flashing a hint of sternness.

Before he did not inquire, in fact, only as invisible, middle-aged, childless knees, always a sadness, before very insisted on things, this will also feel that there is no need to insist on, after all, Wei Ziyang also grew up, their own heart to pass the title to Wei Ziyang, and Aunt Winter has no heir to have no half relationship.

But once today's incident happened, it only made Wei Lovin feel that this matter is not as simple as he imagined, Aunt Dong's heart is very big, so big that she almost wants to expand the entire Huayang Marquis House in it, not just her own position as the main house, which made Wei Lovin realize that he can no longer sit back and watch.

There are some things that are bound to make Aunt Winter sober up and put an end to her thoughts.

"Xiao's know, before Aunt Dong also let Xiao's take her pulse, Xiao's then wanted to talk to the Marquis, but at that time the Marquis didn't send anyone to ask about it, Xiao's thought that this was the Marquis' acquiescence, so I didn't dare to say more." Dr. Ming said with a straight face, because of Wei Yuewu's previous questioning, the meaning of this was well thought out, carefully taking himself out.

“But what if it isn’t?” Weylin asked with a frown.

“If it’s not ... then ... then you can stop over the medicine ...” Dr. Ming looked at the side of Sister Chen whispered.

He clearly knows that this time must tell the truth, otherwise the marquis here will absolutely not spare him, as for the Chen Sister there, although with their own familiar, but familiar to be familiar with, this time is also not to harbor, and there is also the words of the sixth miss pad in it, which if not the truth, the sixth miss is not good to be messed with.

Thinking of this sixth young lady’s seemingly gentle, but actually harsh methods, Dr. Ming secretly winced, this matter is better to tell the truth.

“Stopped taking your medicine? Aunt Dong’s?” Wei Lovin forced the question in a cold voice.

“There should ... should still be a marquis!” Dr. Ming said in an increasingly small voice.

“Come on people, escort this cheap slave out and buy him outright!” Wei Lovin was furious, his hand slammed heavily on the tabletop and shouted.

He so has been in the meals added medicine, so many years has not been broken, this time Aunt Winter’s accident, of course, because of the break of their own medicine, needless to say that this granny was Aunt Winter sold, think of their own side of the people Aunt Winter dared to sell, Wei Lovin gas face are green.

An aunt not only meddles in her own lady’s dowry, but also harbors hidden evil intentions, how can Wei Lovin tolerate this.

Two guards came in, one on each side pulling Sister Chen and dragging her outside!

“Marquis, Marquis, this is not the blame of the slave girl, is the winter aunt let the slave girl to do, the winter aunt said Marquis years old, there is no heir will eventually be said, the slave girl thought of the

winter aunt said the words are also right, only a few days to stop the marquis of the medicine, the marquis, the slave girl is also for you to consider ah ... ”

Sister Chen took a look at the big deal, loudly shouted up the injustice, originally she thought that this kind of thing the marquis is also happy to see, although so many years have been using the medicine, but it's been so many years, maybe the marquis is now more like to have a child, so Aunt Winter sent someone to send the silver privately, so she felt that this is not a big deal.

Even if Aunt Winter was really pregnant, the Marquis would only be happy, where would he punish himself.

Thinking this way, she helped Aunt Dong stop the medication, where did she think that it would cause Wei Luo to be so furious!

Unable to do so, the two guards simply did not allow her to cry out for justice and directly dragged the person out.

Wei Lovin stood up and angrily walked outward, behind him, Dr. Ming opened his mouth and wanted to say something, but finally closed his mouth ...

Chapter 503 Weirdness, the Palace's Decree

The words that the child in Aunt Dong's stomach might not be very good, Dr. Ming thought about it and shut up!

Since the Marquis didn't ask, it was better for him not to say anything, lest he would cause trouble at the door then.

When Wei Luo left, Dr. Ming carried the medicine box and walked out again, but this time he didn't walk far before a maid stopped him.

At first glance, I didn't recognize which garden maid this was.

“Doctor Ming, our dowager lady asked the slave girl to ask if the child in Aunt Dong’s belly is alright?”
The maid pulled Dr. Ming, avoided under a tree to the side, and inquired in a low voice.

“There is no ... hindrance!” Upon hearing the dowager lady ask, Doctor Ming’s heart shivered, but he still answered as Wei Yuewu instructed.

This Sixth Miss was also too amazing, as if she knew someone was going to ask her, and instructed herself to just say that she was fine!

No obstacles? Until it’s born it can only be said to be unhindered!

Dr. Ming suddenly felt that these two words are really too good, now is not in the way, but carrying a baby in October, what happened here accident and who knows, as for their own now not in the way of the two words, but can let themselves completely get out of the way.

Whatever happened to the boy, at least it had nothing to do with his medicine, nothing to do with himself!

Pregnancy is the most taboo to use medicine, although their own medicine is also considered warm, but so many years to use down, Aunt winter is not really related to the obstacles, it is really not good to say!

“Aunt Dong is not too young now, is it really alright to get pregnant at this time?” The maid seemed to be unconvinced and asked again.

“This does have something to do with old age, but although Aunt Dong is not young, her body is fine, and proper conditioning should not be a big problem!”

Because it was Mrs. Tai who asked, Dr. Ming didn’t dare to be negligent and carefully worded his reply.

“There is no harm in proper conditioning, but what if it is not properly conditioned?” This maid sent out by the Dowager Lady seemed to be a one-track mind, actually asking down the line.

“This improper conditioning ... is harmful to the body!” Dr. Ming felt a chill at his undershirt, and for a moment inexplicably felt a chill in his heart.

“Alright, the dowager madam instructed you to use the medicine for Auntie Winter in a good way, and make sure to protect the child in Auntie Winter’s belly, this is the Marquis’ heir, so be careful and careful again.” The maiden took the place of Mrs. Tai’s wife and said.

This was said with extreme concern, but Dr. Ming heard something different, and was busy carefully lowering his head to hide the shock in his eyes.

This time, without waiting for the maid to leave, Dr. Ming hurriedly excused himself and went out.

Once back to their own clinic, sitting in their own house fuming, Aunt Winter’s stomach child looks really off the great obstacle, now not only the marquis asked about, even the dowager lady is also concerned.

Dr. Ming in fact do not know why WeiLin do not want Aunt Winter to have another child, and so many years has been using drugs, and now in order to Aunt Winter to get pregnant, but also furious, the ChenMaSister are punished, how to look at this inside are permeated with mystery, the general family, the old man is more cheerful, this is a big happy event.

And here in the Marquis of Huayang, it was as if Auntie Winter had stabbed a big basket.

As for the reaction of the Dowager Countess is also strange, if it is sincere concern for Aunt Winter, only need to send people to call themselves over, ask the situation is, why need to sneakily send an inconspicuous little girl, pull themselves under the tree to interrogate, as for the later to keep Aunt Winter’s stomach in the words of the child, Ming Daifu only feel the heart of the cold.

How does this look so weak ...

“Master, are there any more of those good herbs that were sent last time?” The door was suddenly pushed open, and the young Dr. Xiao Ming poked his head outside and asked.

“There is more.” Dr. Ming replied with determination, “It’s in the third drawer from the top there in the medicine cabinet on the right.”

Previously came a batch of good medicinal herbs, the number is not much, Dr. Ming deliberately received to the side, to be a family asked for a high price, only to take out.

“The Marquis of Jingyuan’s residence sent someone to get some good herbs!” Dr. Xiao Ming said.

“Go get it!” Dr. Ming nodded, he would have his attention shifted back to the affairs of the Marquis of Huayang, but he didn’t see his nephew’s face different from the usual joyful color, and waved his hand, signaling that he could go out.

Little Dr. Ming answered and went out, and carefully closed the door of the house for Dr. Ming, before he hurriedly came to the medicine cabinet that Dr. Ming pointed to, opened the drawer, took out some medicinal herbs from it, skillfully wrapped them up, and then came out, handing them to the maiden who stood and waited on the side.

“These medicines are better, let your young lady take them first, and if there’s any discomfort, say so earlier as well.” Dr. Xiao Ming said with a smile.

“Many thanks to Dr. Xiao Ming, our young lady’s body is almost toned down since she took your medicine, this is our young lady’s reward to you!”

The maiden smiled and took out a purse from her bosom and handed it over, this is the reward money in addition to the medicine money, and sinking pads, Xiao Ming doctor upside down, immediately smiled and opened flowers, more and more nodding and haoping up.

“Let your young lady eat first, this time the medicine is better than the last time, next time if there is such medicine coming, I will definitely save it for you first, it is always the most important for young lady to regulate her body!”

“It’s good that you know, but you can’t forget it!” The maid nodded with satisfaction, lifted up the medicine in her hand, turned around and walked towards the door, there was already a carriage parked

outside the door, on top of it, in an inconspicuous position, there were a few more words "Marquis of Jingyuan"!

The maid got into the carriage, which took off and turned toward the Marquis Jingyuan Mansion.

If someone from the Huayang Marquis House was here, they would definitely recognize this maid as the Shuiyue who followed Wei Yan ...

That day, when the news from Aunt Dong's side came, Wei Yuewu was preparing to take a nap.

Long hair spread down, outer clothes removed, the whole person leaned against the bed, the whole person was extremely lazy, long eyelashes fluttered twice, listening to Sister Mei finish her words, the delicate little face showed a faint hint of coldness.

"Aunt Winter's side is still crying out?"

"Yes, the marquis is still crying after he left, it is said that a courtyard of people are persuading, let her careful belly child, just no longer dare to say that this is the future of the little master, what is the little marquis such words!"

Sister Mei's body was almost recuperated, so she could go out and walk around, not moving to spy for Wei Yuewu.

The so-called little master, little marquis and so on, of course, is Aunt Dong's yard subordinate, in order to curry Aunt Dong's favor has been saying, and Aunt Dong has always expressed the default, but this will not dare to say such a word, needless to say is bound to be related to the angry into Aunt Dong's yard of Wei Lovin.

"Miss, why Aunt Winter is crying like this, the slave girl can't inquire! I heard that after the Marquis walked out, she was still crying all the time!"

Sister Mei frowned, unable to guess whether Aunt Winter was really crying or not, in her case, with a child in her belly, it was actually not advisable to cry much, otherwise it would not be good for both adults and the child.

“It should be that father has extinguished her thoughts of being Mrs. Hou’s position, right? With today’s outburst, father followed her to disgrace herself in front of her best friend, inevitably letting her die of becoming Mrs. Hou’s heart!” The long eyelashes fluttered slightly twice, quietly dropping down, the condensed white small face penetrated a wave of bland indifference.

Crying? You’re crying now? There’s a long way to go. This is just the beginning.

Sister Mei palpitated as she looked at the petite figure lying on the bed, so delicate and pale girl, but her absolutely beautiful face was permeated with a viciousness that even gave off a morose and eerie feeling.

“Miss ... Aunt Winter is really just going to let it go?” Sister Mei asked with more and more respect.

“How can it be, even if father said the words to death, Aunt Winter will not die of her heart.” Wei Yuewu coldly said, as long as father does not have a proper wife for one day, Aunt Dong will not die of heart, or when she became father’s aunt that day, she had already set her eyes on this position like a poisonous snake, anyone who is in this position is her enemy, are people she hates with a venomous passion.

So, Mother died ...

“What ... about that?” Sister Mei was startled and asked urgently.

“Sister Mei, have someone send out the letter on the table in a moment, it’s from that Ninth Miss of the Tu Family.” Wei Yuewu slowly said with her eyes closed.

The contact with Miss Tu Jiu since can not be broken, and also to exchange some hot, but just letters are still not enough, find time for the two people to talk more, more can increase the degree of intimacy between the two people.

Aunt winter this will still in vain want to take the child in the stomach, for their own fight for a high position is not able to, because the father there she can not pass, but this is not a guarantee that she again make what tricks to ...

“Sister Mei, if nothing else all go to Madam Tai’s Jing Xin Xuan to stroll around, it’s always your old masters from before, there are many of your old sisters in there as well, it’s good to find more people to talk to.” Wei Yuewu opened her surging watery eyes and saw Sister Mei put the letter away before she slowly said.

“Yes, slave girl knows!” Sister Mei knew it by heart.

“Miss, Miss, the palace has come with an order!” Painted End hurriedly ran in, sweating profusely, her face pale, one could tell she was in shock.

“What is it?” Wei Yuewu was also startled, suddenly propped up her hand and sat up, how could she come to the decree at this time, moreover, it was still a decree for herself, she could be considered to have fallen out of the election before, no matter what, it was impossible for her to come to the decree at this time.

“The slave girl doesn’t know either, she just met the steward at the front gate and said that the Marquis asked the Sixth Miss to go and receive the decree quickly!” Shu Fei’s face was also not looking good, just like Wei Yuewu, she also didn’t feel that there was a need for the palace to give a decree to the young miss at this time.

Happened such a thing, since the young lady is counted as a defeat, defeat and do not have to come to what will, but the young lady before the foot only into the house, this after the foot followed by the will count what is the meaning of.

Is it possible that Miss has been elected to the Eastern Palace?

This news made Shufei’s entire body terrified in shock, looking at Wei Yuewu his lips trembled twice, but he didn’t dare to say this conjecture out loud.

"Go, go take a look!" Wei Yuewu lifted the quilt on her body, and with the help of Sister Mei and Shu Fei, she hurriedly put on her clothes and combed her hair, then hurriedly headed towards the front yard.

This time, at this time, naming yourself, how it looks is full of weirdness ...

How can he or she not be selected, even if Wen Tianyao has the idea, but also not possible to put forward at this time, after all, the final decision is the Empress Tu, and needless to say that the Empress Tu is not good for himself or herself ...

Chapter 504 The marriage proposal that had to be put on the agenda

Inside the hall, Wei Lovin's face sank like water, coldly looking at the chamberlain who was passing out the decree, looking at this chamberlain's body trembling with fear, feeling uncomfortable how to sit.

In front of the eyes of this Huayang Marquis although said politely, but in fact this look how to see how to penetrate the killing atmosphere, how can he sit steadily.

"Marquis ... this ... is really a happy event!" The chamberlain stammered, although this kind of thing couldn't be said in advance, but he couldn't hold the opposite side of the Marquis of Huayang with that kind of cold cleaner's aura, so he could only reveal it in a small whisper.

"What joy is there?" Wei Lovin said coldly, a trace of anger flashed in his eyes, if it was really like what he had guessed, don't blame him for being impolite.

"It is ... a commendation for the sixth young miss." The words were all said at the beginning, the chamberlain could only speak with a stiff upper lip.

"Related to His Highness the Crown Prince?" Wei Lovin's eyes were almost ruthless.

"No ... not related to the crown prince!" The chamberlain shook his hands about and said sharply.

"What was that about?" The coldness on Weilowen's face receded slightly.

"It is ... just that I think the sixth young lady is both virtuous and talented ..." the chamberlain stammered, but he really didn't dare to really reveal all of it.

Wei Lovin was furious, and with a press of his hand on the table, he was about to get up.

"Father, is there any decree?" A delicate, sweet and sticky voice came over at the right time, interrupting the chamberlain's voice.

The chamberlain turned back to see Wei Yuewu's great joy, suddenly stood up, and did not wait for Wei Yuewu to come over to Wei Luo salute, then he loudly proclaimed the decree.

This decree was something that no one would have expected, not only Wei Yuewu, but also Wei Lovin would not have expected that the Empress Mother would give such a decree.

In the front, of course, Wei Yuewu's Shu De Xian Jing was also praised, while the back indicated that it was because of Wei Luo Wen's military achievements on one hand, and because of Wei Yuewu's Shu De on the other hand, so she was appointed as the Jing De County Princess.

"Many thanks to Empress Mother for attaining the decree!" Wei Yuewu kowtowed and thanked her.

"County Lord Jingde, Marquis Huayang's servant will return to the palace first!" Because the pressure of being stared at by Marquis Hua Yang was too much just now, causing this servant to want to go back as soon as he finished declaring the decree, this would be a hasty farewell.

"This eunuch has worked hard, come on people, send this eunuch out!" Wei Lovin's face was full of smiles, the sternness of the aspect had long since disappeared, while greeting people to send this chamberlain out, and secretly letting people send a red envelope.

For his own title how, he actually does not care at all, to be able to because of himself, Wei Yuewu was sealed in the county lord, but he is the most happy thing, this will be happy eyes are squinted up.

Where could he still see the previous ruthless look towards the chamberlain, who secretly wiped his sweat.

“Father, why did the Empress Mother appoint me as a County Lord?” Wei Yuewu held the decree, her watery eyes blinking twice with a bewildered look on her face.

It was something she was still really surprised about, how it looked like such a decree wouldn’t come at this time of year.

Moreover, for Empress Tu, she herself had only met so many times, and Wei Yue-mai believed that just for the fact that she was her father’s daughter, she wouldn’t be pleasing to Empress Tu.

“It should be because he thinks that there is nothing for his father to award, so he has rewarded this on Dancing Child’s body.” Wei Lovin laughed, in a good mood.

“But father is in his prime, so why is he unsealable? It’s not as if the Marquis of Huayang can’t be sealed!” Wei Yuewu pouted and muttered.

Above the Hou there is the Gong, which is actually obtainable with Weilowen’s military service.

“Father this time after returning to the capital, will not go out again, this later stay in the capital, border affairs intend to hand over to your elder brother, your elder brother although still young, but followed for father so many years, but also very competent, this Marquis of Huayang’s title, the father would like to leave to your elder brother, your elder brother is very much in line with the father’s intention!”

This is the first time Wei Luo said to his young daughter to listen to such words, see that pair of beautiful eyes with a few mist, inexplicable heartache, some words just so naturally out of the mouth.

“The title of Marquis of Huayang is about the same for your elder brother, he is still young, and if he is really crowned a Duke of State and then passes it on, it will not do him any good.”

“Big brother is indeed the most suitable in the entire house, and is taught up by father’s hand.” Wei Yuewu nodded, this arrangement of Wei Lovin should actually be arranged from a young age, right, otherwise at that time Wei Ziyang was not in Kyoto at a young age, but followed Wei Lovin to the bitter cold land.

"In fact, this was also originally my intention with your grandmother and second uncle, so even if I have another heir, this title will still be passed on to Zi Yang, and my son, Wei Lovin, can completely rely on his own strength and earn a title without having to rely on his ancestor's shade." Wei Lovin proudly said.

"Then ... is father preparing to put Aunt Winter back on her feet? Dancing doesn't like it!" Raising her watery eyes, Wei Yuewu's eyes were sad, biting her lip, "Father, they all said that the day of the difficult labor, Aunt Winter and Auntie Two were making trouble outside the maternity ward, if it wasn't for father's early arrival, then Mother would have been dead in one body and two lives, right!"

Even though it was just a doubt without any evidence, because Qin Xinrui did go through such a dangerous situation at that time, Wei Lovin rushed to make her get through it peacefully, and being brought up by Wei Yuewu in such a way, Wei Lovin's face sank.

Before has not suspected Aunt Dong, think Aunt Dong is very virtuous when, of course, will not suspect anything, just think at that time Li's extremely obnoxious, just after all is his own sister-in-law, he is also inconvenient to say anything, besides Qin Xinrui finally also out of danger.

But after today's events, and thinking about it with Aunt Dong's ambition, it's really possible that it was intentional at that time.

The heart so think, only feel the heart of the angry gas, can not imagine their own look at people really look away.

"Aunt winter can only be an aunt, it is impossible to become your mother, dance child rest assured." For his own little daughter's this kind of petulant look to say words, Wei Lian but can't help but seriously assured that before he went to talk to Aunt Dong, and warned her not to take the child in the belly to speak again, this child born even if it is a boy, it is impossible to inherit the Marquis of Huayang.

Tell her not to be obsessed!

"Then ... always have to find a mother for the dance child, right? Father will stay in the capital, ushering in the guests, the Huayang Marquis House must also have a female master, otherwise Aunt Dong there will again ..."

Wei Yuewu looked like she wanted to speak, this said Wei Lovin pondered, in the past at the border, because just Aunt Dong a concubine, and not in the capital, not so big rules, so ushered in between the guests, Aunt Dong are instead of the responsibility of the main room, and the border generals family members.

Originally has been living in the border do not feel, to stay to live in the capital Wei Luo also had to consider the matter of the following string.

Li's now resting on the Li House, Zhang's always a little shallow, the Dowager's age there, how to look at the Marquis of Huayang House is indeed like the need for a hostess.

Originally just Huyan daughter, this will not be able to help on the heart, the emperor there is also repeatedly urged, they should indeed give a letter here.

"Dancer likes that Miss Tu Xiaojiu? Want that Miss Tu Xiaojiu to be your mother?" Looking at his daughter's bright eyes, Wei Lovin couldn't help but reach out and touch her thick black hair as he softly said.

Watery eyes slowly surged a layer of tears, long eyelashes fluttered twice, crystal teardrops swirled in the eyes, but stubbornly did not fall, biting his lips, voice choked up.

"Father, in Dancer's heart, there is only one mother, that's the only one, even if she is gone, Dancer's mother is only that one, but the Marquis of Huayang Mansion is in need of a new mistress, and someone to take care of father, it's always father's willingness, how could Dancer be unwilling to do so!"

Looking at the delicate daughter, the look of gentle through the sadness, the pair of tears in the eyes like the late wife before the end of the look, Wei Luo Luo heart can not help but be deeply seized up, the pain is not self!

The heart is also more and more determined before the idea, no matter how can not set up Aunt Dong as the main room, now it seems that Aunt Dong is not upright heart, to the dance and how can be good!

For Aunt Winter, he was already deeply disappointed.

"Father, father ... you quickly go and take a look, aunt fainted!" A sudden cry of alarm came from outside the door, Wei Yuejiao carried her skirt and jogged all the way over, the maid Yuzhu panting and following behind called out sharply, "Miss, you slow down a bit, be careful of falling."

"Father, you quickly go see auntie, she ... she is not well!" Wei Yuejiao, however, as if she didn't hear Yuzhu's call, rushed over and ran over in big strides, pulling Wei Luan's sleeve, almost rudely pulling Wei Luan to go outside.

"What's going on?" Wei Lovin frowned, but his expression was calm.

"Father, Jiao Er does not know, Jiao Er just went to see Auntie, found Auntie body shivering, the whole person is shivering, Jiao Er is afraid ... afraid of what happened before ... Father, you quickly go with Jiao Er to see it!"

Wei Yuejiao's face was terrified and full of tears, she looked shocked and panicked, completely different from her usual appearance with a few hints of arrogance.

And fear and fear, behavior between also lost degree, this kind of wild running panic appearance, also not the world family lady should have the decency, but on the contrary, let a person feel very sincere.

Wei Yuewu raised her eyes, silently looking at Wei Yue Jiao's actions, the corner of her lips silently hooked up a faint smile, Aunt Winter's ability to respond to this strain is really fast, only a little while, she thought of a method to deal with her father, and it looks like it is not the first time that Wei Yue Jiao has used this method, but look at her skillful expression of her own panic and fear and know.

Even more mentioned the previous things, a look of wanting to say, really a very inside look, and look at the father's appearance should also be remembered what, the face of the stern slightly reduced, looked at himself, and then looked at Wei Yuejiao, for a time it is difficult to decide the look.

The scales of the father's heart, because of Wei Yuejiao's actions, are again slightly tilted back ...

As expected, Aunt Winter who had followed her father for so many years was the one who understood him the most, it was just that today's situation, since it was laid, she certainly wouldn't let Aunt Winter have another chance to break the situation.

"Father, you go!" Collecting the coldness in her eyes, Wei Yuewu raised her eyes, the smile at the corner of her lips was helpless and forlorn, her body powerlessly stepped back, not only did she not stop it, but instead, she stepped out of the way.

She was standing in front of Wei Yuejiao's body, Wei Yuejiao pulling Wei Lovin will inevitably have to go through her, this Wei Yuejiao pulling Wei Lovin over, Wei Yuejiao so active to let a little bit of the original is not likely to hit, but favor Wei Yuejiao body powerless wobbling, backward body, actually biased towards Wei Yuejiao hit the past ...

Chapter 505 The Wrath of Wei Yuejiao

Wei Yuejiao certainly came with a stomach full of anger.

If it wasn't for Aunt Dong's repeated instructions, she wouldn't have been able to hold back her fire at the sight of Wei Yuewu.

This will see Wei Yuewu one side said let father with their own go, one side but pretending to be delicate to their own side fell over, immediately angry willow eyebrow erected, do not even think about the hand on the force to push out, the mouth coldly said, "six sister can look at the foot, so big a person, stand also can not stand stable."

Saying that, he pushed his hand on Wei Yuewu's shoulder and gave it a hard push.

Wei Yuewu was originally to Wei Yue Jiao this side of the slightly biased over, this will be pushed hard, the body fell back, fortunately standing behind the maiden, quick eyes and hands, a hand to help her, but both so, Wei Yuewu and the maiden two together back a few steps, only to stand still.

Wei Yueyue Dance's face turned white as she crouched down in pain and used her hands to cover her calves.

"Dancer, is it okay?" Wei Lovin was startled and asked urgently.

"I ... am fine!" Wei Yue Ma raised her head with a strong smile, only her slightly pale face made her feel something was wrong no matter how she looked at it.

Wei Lovin was really uneasy, "Should we call Dr. Ming to take a look?"

Remembering that Wei Yuewu had been injured when she was in the palace before, Wei Luan tensed up.

"This ... is also good!" Wei Yuewu hesitated for a moment, but still nodded, and the maid behind her helped Wei Yuewu to sit down on a chair to the side.

Wei Lovin nodded his hand and called a boy to be dispatched to find Dr. Ming.

Wei Yuejiao looked at the side of the lungs also blew up, but a small push, make such a big deal, as if he put her how.

"Father, just such a small touch, is it hard to be anything else?" Wei Yuejiao couldn't help but say angrily, "It must be that she is deliberately pretending to prevent you from seeing auntie, and purposely made these demonic eejits."

She will not say this, Wei Lovin did not psych her out, this see she not only pushed Wei Yuewu almost fell down, but also a look of unrepentant, forehead fire fork head veins jumped two times, face is very unattractive, "Enough, look at you, half a marquis house thousand gold, no sisterhood, not only pushed their own sister, but also provoked insults, is really out of order. "

"Father, clearly she deliberately harmed me, she is deliberately stopping you, or else just push a little, to see what Dr. Ming, Dr. Ming, if even this kind of small things have to be managed, it is not sure how busy it will be."

Wei Yuejiao's aggrieved tears hung in her eyes as her hand pointed at Wei Yuewu in a hateful voice.

"I knew she didn't have a good heart, she can't see auntie and I are good, she has been stopping auntie from becoming Mrs. Marquis Huayang before, and she can't even tolerate the little brother in her belly, father, it's all because of her that our original good family has turned into such a thing, father not only dislikes Jiao'er, but also dislikes auntie, at first, when there wasn't this little slut, our family was How regimented and full."

Accumulated a lot of anger, along with the tears gushed out, Wei Yuejiao reached out and pointed at Wei Yuewu angrily cursed, the more she cursed the more angry, only to feel that all the suffering she is now subjected to is because of Wei Yuewu, if there is no Wei Yuewu, she is still the same sought-after marquis daughter, and it will not take long to be seated on the position of the most honored young lady of the Marquis House of Huayang.

But everything seemed to have changed because of Wei Yueyue Dance.

Not only aunt did not receive attention, even his own has been repeatedly reprimanded, stretching up his hand to wipe the tears when he saw the back of his hand at a large burn scar, more and more hate poison not self.

"Father, I'm leaving, in a moment I'll go find Dr. Ming myself." Wei Yuewu helped Shu Fei's hand to stand up, between her complexion, although she was in pain, she was extremely cold, and after saying that, she turned around and was about to leave.

"Dancer ...," Wei Luo Wen subconsciously called out to her.

"Father!" Wei Yuewu turned her head.

Seeing Wei Yuewu with a face of obsequiousness with some sparse cold look, but did not look at himself, immediately felt that he was neglected Wei Yue Jiao again can not help but go, pick up the side table at a cup of tea, hood to Wei Yuewu splashed on the body, while cursing.

"Look! Is to take a good look, don't let Dr. Ming see nothing, and finally make a joke, it's better to splash a little, and then see that there may be a disease!"

Her hand just move, Shu Fei feel bad, busy step forward, just in front of Wei Yuewu, the cup of warm tea so all dumped in her body, but because of the move hastily point, behind Wei Yuewu's also did not block the whole, sleeves also stained with some tea.

"Splat" A heavy slap, hitting Wei Yuejiao staggered two steps, the empty teacup in her hand fell to the ground, making a crisp breaking sound.

"Father ... you ... you hit me?" Wei Yuejiao looked at Wei Luo Wen in disbelief, her hand covering her face.

Wei Lovin is a military general, usually like is also straight to the nature, so in the border, Wei Yuejiao do again over the top, but also only as a reason to follow their own long time, think she is straight, what to say what is very good, at least more than those in the capital of the dummy in general boudoir is much better.

So also with her nature, and knees on such a daughter, usually love and favor, even a finger can not play, but today looks, is full of disappointment, they will not raise a daughter after all, look at the good a marquis gold, get with a marketplace shrew like.

Even though there was Aunt Dong's reason in this, there was also her own reason in it, and for a while her complexion was as gloomy as water.

"Look at you like this, can have half of the appearance of a girl, if these words are said outside, I think you can not be married off for life, not to mention those high families, even if it is a humble scholar, is not willing to marry a shrew home."

"Father ... I ... why have I ever done anything, it's clearly her provoking me!" Seeing Wei Lovin angry, Wei Yuejiao is still afraid, this will cover her face, reaching out and pointing at Wei Yuewu angrily.

"Father, you don't need to say third sister, originally I ... have been living in the outer ancestral home, for so many years, for the third sister and father, or are an outsider, the third sister can always accompany father's side of filial piety, originally I expect less than, father, I go back! "

Wei Yuewu lowered her head, from Wei Luo's angle she couldn't even clearly see the look on her lowly daughter's face, but from those words she could also guess the despondency and sadness in her heart, and suddenly her heart ached.

The reason why Wei Yuewu was in her own grandparent's house, and how could it be decided by a young girl, this was clearly her own bad decision, but it caused her own beloved little daughter to be so sad.

If it wasn't to protect Dancer in the first place, fearing that things in the back garden would be too crooked and the youngest daughter would be injured again, she had no choice but to do it.

But I didn't expect this time to become an excuse for the arrogant eldest daughter to attack Dancer.

"Dancing child, don't go, you are not an outsider, you are my daughter, my only first daughter, Aunt Dong is just a slave girl, how can she be compared to your mother, your mother and I, and you are the family." In order to comfort her own little daughter, these words came out involuntarily.

"Father ..."

"Father ..."

The two voices came out almost at the same time, but Wei Yuewu's was one of surprise while Wei Yue Jiao's was a roar of indignation and rage.

"Jiao girl, you go back, your aunt has something, they call Ming doctor on the line, it's hard not to believe that I'm still a doctor, will also see the disease is not, at the time in the border, but also invited the doctor to come, I go or not and what does it matter." Wei Lovin coldly waved his sleeve and said sternly.

The third daughter, who has always been favored, is also very difficult to see.

In front of his own face, he dared to bully Dancer so much, a mouthful of a bitch, then not in front of his own face, what kind of scene should it be, needless to say Dancer did not less in the hands of Jiao Er

suffered, coupled with Auntie Dong, who is bent on stepping on Dancer to climb up the ladder, Wei Lian where would he still have a little bit of pity for Auntie Dong.

It all came from Aunt Winter's obsession, if not for the fact that He Yi Jiao Er dared to step on the head of Dancer, the first daughter.

"Father ..." Wei Yuejiao's incredulous voice.

"In the future, your sixth sister is the county princess, the palace just under the decree, see your sixth sister need to be more respectful, if again let me hear you open your mouth to curse, you will go to the mansion's small Buddha Hall to live, my Huayang Marquis's daughter, not a shrew."

Wei Lovin cold face mercilessly said, words more than one sentence said heavy, said Wei Yuejiao face green a while, white a while, especially heard Wei Yuewu actually also was named county master, a moment of hate pinched in the hands of the pad, ruthlessly kneaded into a ball, but see Wei Lovin face of the stern color, the final do not dare to say anything more, take a pad a cover the face, crying and ran out.

"Father, thank you father for defending Mai'er, Mai'er is really nothing, before Dr. Ming also helped Mai'er to see it, in fact, it's not a big deal after a few days of a little nourishment." Wei Yuewu softly said, a knowing smile on her face, her feet did not seem to be anything, but Wei Luo Wen was still sharp-eyed enough to see that the hand she was holding onto Shu Fei was hard.

It took a lot of strength to hold herself up and not look like she was limping, and she became more and more distressed about her understanding little daughter.

His face slowed down, "Dancing Child goes to rest first! If there's any discomfort, it's better to have Dr. Ming come over early to take a look."

"Yes, father!" Wei Yuewu nodded obediently, then helped Shufei to leave slowly.

She didn't walk fast, or even said to be a bit slow, but it was smooth, in fact, this state was most in line with her original state right now, and a coldness was silently evoked at her bright watery eyes.

Regardless of what method Aunt Winter was planning to use to make her father's heart soft, now she must not be able to, the border for so many years, Aunt Winter's hand should be more than just this one card!

However, Wei Yuejiao is coming just in time, born to destroy Aunt Winter's plot, but look at the father's reaction before, we know that this should touch him not small, Wei Yuejiao is simply sent up to their own step.

"Shufei, have someone prepare a carriage and horses, in a few days we will go to Plum Blossom Nunnery to pay homage to our mother!" Wei Yuewu softly commanded, what she did now was to extinguish all thoughts of Aunt Dong.

With Aunt Dong's vicious and ruthless nature, how could she simply tie her hands ...

Chapter 506 Jealousy, Clouds from All Sides

"What, that bitchy girl actually also where, not only sealed the county princess, but also spoiled my good deed!" Aunt winter cloaked hair from the bed to sit up, face grim and vicious, the past days of beauty today has become hideous, a ripped open the quilt covered in their own body.

"Auntie, be careful of your body, there's still the little master in your belly!" Sister Li was busy coming over to gently support her.

"Little master, where is the little master, didn't you hear him say that even if he gave birth to a son, it would be impossible for him to take on the title of Marquis of Huayang, and of course, it would be impossible for me to become Mrs. Marquis of Huayang!" Aunt Dong could not control her crying.

So many years of expectation, so many years of planning, their own careful approach to the position of the position of the Lady of the Marquis of Huayang, the Qin Xinrui also boiled to death, but just when they are about to become the Lady of the Marquis of Huayang, actually told themselves that everything is their own in vain, which is impossible, how can Aunt Dong withstand it.

"Auntie, if Wei Yuejiao that bitchy girl hadn't happened to be there, father would have inevitably come over, and how could father not remember that you didn't sleep for several days and nights in a row in order to serve him in the first place, and when father woke up, you shivered and fell head over heels in a fainting sleep." Wei Yuejiao gritted her teeth and said, "It's all because of that little bitch!"

“Where would he remember this now, at that time I fainted and slept, he gave me his own bed quilt, and said that he would surely dare to miss me in the future, but now, look at it, he actually didn’t even come to see me, even though I’m still carrying his heir in my belly!” Aunt Dong wiped her face and said in a hateful voice.

“Auntie, you plotting Tu adults, let the marquis check, the marquis and will not be angry, the marquis is the most love face people, this time to say the words are angry words, and so after a period of time the marquis is bound to be angry, and then will certainly think of auntie and auntie’s child in the womb, how can a man not love his heir, besides the marquis so many years no son at his knees. ”

Sister Li advised from the sidelines.

“But Wei Yuewu that bitchy girl has become the County Lord!” Aunt Dong did not say anything, but Wei Yuejiao was unconvinced and said, how to think how to think that Wei Yuewu’s position of that county princess is her own.

If this position had been bestowed earlier, who else in this house would have been worthy of it besides himself.

“Third Miss, you also don’t be anxious, Sixth Miss’s body ...” said Sister Li with intention.

“Sister Li, wasn’t it said that she was born with a congenital deficiency and wouldn’t survive? Why is she still alive and well until now?” Wei Yuejiao asked with a twinkle in her eyes.

“Shut up!” Aunt Winter snapped.

“Why not allowed to say, aunt house in the three of us, even if it is said and how, can father still know? Auntie, Wei Yuewu that bitchy girl does not die, none of us are good either, I am now also already grown up, some of the things of that year can also be said to me to hear!”

Wei Yuejiao said unconvincingly.

These words caused Aunt Winter to fall silent for a while.

“Third Miss, it’s not that I can’t say it’s not for you to know, but this matter is too involved, does Third Miss remember what happened before Sixth Miss was sent away in the first place?”

Sister Lee lowered her voice.

The scene back then, in fact, in Wei Yuejiao, it was just a memory from her early childhood, but this memory from her early childhood, but it made her jolted a cold war, something that she had always wanted to forget, and she herself had thought that she had forgotten it, but in fact, she had never forgotten it, it just floated to the surface of the water, and the crimson of that place made her memory a bloody color.

“But ... but what does this have to do with that bitchy girl’s innate inadequacy?” Forcing back the fear in her heart, Wei Yuejiao’s voice also involuntarily lowered.

“This ... has some relationship with aunt, always can’t let the marquis know that aunt knows about Miss Six’s congenital insufficiency, lest the marquis become suspicious.” Sister Li Xiaoyu’s admonition.

Seeing Sister Li’s cautious look and the pale color on Aunt Dong’s face, Wei Yuejiao also knew that this matter must be different and did not dare to look deeper into it, but thinking about it, she was unwilling to do so, “Aunt, are we just going to let that bitchy girl become the county princess and press down on our heads forever after?”

“The position of the County Lord?” Aunt Dong was provoked into a cold laugh and slapped her hand on the table, “With your father’s military service in exchange for the title of County Lord, she would have to have the life to keep it.”

“Auntie, what does it mean?” Wei Yuejiao was overjoyed at the sound of this and hurriedly said.

“Jiao’er, have you not been on better terms with Fourth Miss lately?” Aunt Dong’s gaze fell on Wei Yuejiao’s face and asked.

"Hmph, another self-righteous one, before I thought it was a useful one, look at Aunt Yang's matter, even the letter is there, yet in the end that little bitch still did nothing." Wei Yuejiao disdainfully said, "It's just a fancy pose, what's the point of befriending her!"

"Jiao Er, the fourth miss is not a simple one, the third house of the Marquis of Huayang is the darkest and weakest, but even so, she was able to enter the East Palace, which originally shows that the fourth miss is not simple, Aunt Yang's matter is certainly an accident, but the fact that the fourth miss was able to intercept that letter early on and then give it to you shows that the fourth miss does not have a good feeling about that bitchy girl either."

Seeing Wei Yuejiao's anxious appearance, Aunt Dong would calm down and analyze this time.

"If the fourth young miss wants to stand in the Eastern Palace, the strength of her mother's family is bound to be dependable, but she's only the third house, and the third house is the least capable, so what right does she have to let the big house and the second house hold her straight all the time?"

"Right, in that case, Wei Qiufu is bound to want to befriend us as well." Wei Yuejiao was not stupid, and by Aunt Dong's point, she immediately understood.

"Since both of us don't like Wei Yue-mai, we can join forces again, her identity as a subordinate consort of the Eastern Palace is always of some use, at least grandmother there doesn't dare to do anything about her!"

"Nothing more and the fourth miss walk around, if she has any meaning there, do not act lightly, first come to tell aunt, aunt has its own method to deal with, the sixth miss to become the county princess, this later married will not be low, if the marquis of huayang full support is not the fourth miss, but the sixth miss, to the fourth miss is also a disaster, but who let the marquis is the sixth miss's own father it!"

Aunt Winter laughed coldly, the corner of her lips hooked up in a hateful and venomous smile.

Wei Qiufu should have disliked Wei Yueyue Dance becoming a county princess even more!

Hua Yang Houfu this water can be muddy, even if it seems to have no use for the third house, is not so easy to see clearly ...

Wei Yue-mai hadn't even returned to Qing He Yuan yet letting the Dowager Lady's people call her over halfway.

Entering the courtyard of Jingxin Xuan, Nanny Hong immediately greeted her, "Congratulations county princess, congratulations county princess, sixth young lady's status is different now, our Huayang Marquis House has also produced a county princess, this will give birth to light to the entire Huayang Marquis House."

"Is grandmother available in the house?" Wei Yue Ming smiled.

"After Mrs. Tai got the news, she has been waiting for Miss Six in the house, Miss Six quickly follow the slave girl in." Nanny Hong enthusiastically smiles while welcoming Wei Yuewu inside.

None of the maids and grannies they saw along the way bowed respectfully and courteously, although in the past, they were still respectful to Wei Yuewu, but now this respect was showing more and more.

It goes without saying that the entire Jing Xin Xuan should know about this.

Curtains early on will be picked up, Wei Yuewu into the inside, see is different from the past days of the dowager lady, the dowager lady of the whole spirit of the gas are raised high, see Wei Yuewu in, full of smiles, not waiting for her to salute, will beckon to her, "Dance girl over, their grandmothers do not need to be so polite, say what happened in the palace today, how suddenly the Empress Mother had a favorable decree come down!"

Wei Yuewu before in the palace tripped and twisted the foot thing, too much Mrs. before already know, but do not think it is not a big deal, so ask also did not send a person to ask a question, this will be heard that the palace decree Wei Yuewu not Jingde County Lord, only to hastily let people Wei Yuewu called, ready to ask the palace in the end what has happened.

What exactly happened that Empress Tu would suddenly give an order, in fact Wei Yuewu was also at a loss.

The palace happened ministry, in fact, very simple, and Tu Queen did not meet, how on Tu Queen will suddenly decree, Wei Yuewu this will not figure out, since Mrs. want to ask, on a fifty-fifty informed.

“That means that His Highness the Crown Prince once came to see you?” When Wei Yuewu finished speaking, the dowager lady’s eyes darkened for a moment, her brows furrowing tightly.

“Grandmother is not, His Highness the Crown Prince was just passing by the Buddhist temple over there and heard that something happened to Li Yue’er and I, so he came over to take a look, as for the Fourth Princess should be here to find His Highness the Crown Prince!” Wei Yuewu smiled and denied.

Regardless of whether or not Wen Tianyao had really come to look for himself, in front of Mrs. Tai, he would be nothing more than an occasional passerby.

But with such a remote place, where was Wen Tianyao planning to go before he happened to pass by?

Of course for Yan Huai Jing’s arrival, Wei Yuewu only lightly a word over, that is to say along with the four princesses come, originally the palace is interested in marrying his princess, he came with the four princesses, in fact, it is also very normal.

The focus of the dowager lady’s attention was of course not on Yan Huaijing who was brought up with a single word, her gaze looking thoughtfully at Wei Yuewu and murmuring.

“Grandmother, do you see this ... thing,” Wei Yueyue asked.

“What happened to that young lady from the Li family?” The dowager lady suddenly skipped over Wei Yuewu and directly asked about Li Yue’er.

“It should still be in the Buddhist temple! Making a mess like this in the palace is bound to displease the masters of the palace, I just don’t know why Miss Li dislikes me so much?” Wei Yuewu picked up her handkerchief and coughed lowly in disbelief.

This is really not easy for the Dowager Lady to say, needless to say there is bound to be Li's reason in this, thinking about when Li was in her own house, and Wei Yan two hostile to Wei Yuewu, her heart inexplicably annoyed.

What happened in Li's house, Wei Luowu has talked to the wife, in the heart of the wife has not taken Li's as a daughter-in-law to see, this will hear that Li's actually still picking Li's house against the people of the Marquis of Huayang House, and immediately did not have a good heart, was about to speak, and suddenly heard a maiden report through the curtain, "Mrs., the second lady sent someone! "

Chapter 507 Malevolence, Deliberate Stalling

Li's people? The dowager lady's brows frowned more and more tightly, for Li's, she now had half a good feeling, if it was not because of Wei Ziyang, on that day, she ordered Wei Luowu to take Li's off.

How dare you send someone over when you're so ungrateful.

"Let her in!" The dowager lady said in a cold voice, then said to Wei Yuewu, "You also sit down first, and listen to how their Li family is going to explain this!"

Needless to say, the sudden arrival of people at this time was of course because of Wei Yuewu.

Wei Yuewu and Li Yue Er's affair is now no longer an ordinary girl's playfulness or jealousy between girls.

Wei Yuewu softly nodded and settled down on a chair to one side.

The one who came in was a granny, and it was not the granny who followed Li before the Marquis of Huayang, seeing the dowager lady cheerfully performed a salute, and then turned to the side of Wei Yuewu, also respectfully performed a salute, before opening her mouth.

"Mrs. Tai, Auntie heard that the young lady of our house had a dispute with the sixth young lady of your house in the palace, and hurriedly sent me over to make peace, it's always a family, everyone is a relative, and it would be a good thing to say if this were to really get into trouble."

“Make peace, how do we make peace? The young lady from the Eastern Palace’s Washing Horse House tripped our dancing girl and even lost her place in the selection, how is this reasoning to be said? Rather, let Li speak for herself.”

Mrs. Tai said in a cold voice.

“Mrs. Tai, slave girl is the person beside the old lady of our house, aunt granny is just in a hurry, but didn’t think of any method, or our old lady said that the two families are relatives, this is considered a small matter, it’s just that the young ladies don’t know how to behave and make a mess, this is not it, our old lady has also prepared a gift for the sixth young lady.”

The granny said and pointed behind her, the crowd followed her gaze, only to see that there were two small maids standing behind her, holding a gift box together in their hands.

“Mrs. Tai, this is our old madam’s mood, our eldest miss is still young and doesn’t know too much, here apologizes to Mrs. Tai on behalf of our eldest miss!”

The granny smiled and said, her attitude was put extremely low, and it was very generating.

“That big miss in your house doesn’t seem to be small, right, compared to our dancing girl, it’s several years older!” Unable to help, Mrs. Tai here boarded on not buying it, still speaking coldly.

Li House to this mother-in-law is indeed a good talker, listening to the dowager lady so say, face smile constantly, still accompanied by a smile, “the dowager lady is right, our eldest miss is indeed bigger than the sixth miss, but the sixth miss can be more than our eldest miss know more about things, to say that this matter is really our eldest miss is not, the dowager lady if you are angry, tomorrow, let our eldest miss come over! If you are angry, tomorrow let our eldest miss come over to personally accompany the offense, the dowager madam can also beat and scold!”

This said can really put the low much, Wei Yuewu eyes flashed a burst of surprise, no matter is Li, or Li House, seems to have no reason to put the posture so low.

Looking at the granny’s smiling face, he couldn’t help but secretly ponder, the Li family’s posture is so low, is it really because of what happened between himself and Li Yue’er?

Seeing the granny talking this way, the dowager lady's face eased a few points, took the tea handed over by Grandma Hong, took a sip, then put it on the table, said, "Although it is a child's family, but this kind of thing is not a small thing when it is put in the palace, nor is it something that can be smoothed out by anyone's house, now both maids have fallen out of the selection, also because of the jealousy, but fortunately the Empress Dowager empathizes with our dancing girl, this will give a county princess down."

This is what the lady said extremely proud, the county lord this name is not casually can be given, even if the Miss Gongfu, can rarely get the title of county lord, Wei Yuewu got a county lord title, for the whole Huayang Marquis House, is the face of the thing.

"Sixth Miss has become a county princess?" This matter hasn't spread yet, so the granny in Li's residence didn't know about it, and this couldn't help but be startled, but this granny reacted extremely fast, and immediately rushed to Wei Yuewu and said respectfully, "Congratulations County Lord, congratulations County Lord!"

No one would have thought that Empress Tu would suddenly give a county lord's title, even if Wei Yuewu had been wronged in the palace, this county lord's title also came in a strange way.

"No need to be polite!" Wei Yuewu said indifferently.

"Sheriff, our Missy actually is not really intentionally want to trip you, is really accidentally tripped you, and then afraid of the palace masters chastisement, do not dare to admit, before returning to the house, Missy shut up a hard cry, this will be crying can not see people, or else must come to Sheriff in person to apologize!"

The granny explained extremely eloquently.

"Alright, alright, things have come to this, what else can be done, let the eldest young lady of your house not be so petulant in the future that is!" Mrs. Tai said in a cold voice and waved her hand, signaling that the granny could go down.

She would not have thought clearly about the origin of Wei Yuewu, the county princess, and was quite uneasy in her heart, nor did she have the heart to talk back and forth with a granny.

"Mrs. Tai, these gifts are what our Li family owes, and what our auntie means to ask Mrs. Tai ..."

The granny said this and glanced at Wei Yuewu, quite a bit embarrassed.

"Grandmother, my legs hurt a bit, I want to go back and rest!" Wei Yuewu stood up rather eloquently and softly said to the dowager lady.

Mrs. original is not want to take care of the mother-in-law of the Li family, but think no matter how, outside all know Li family and their own in-laws, and in the Wei Ziyang in the spring of the coming year to go to the border to take over the key time of the Wei Lovin, or don't get up what the demon e son is, and then nodded.

Wei Yuewu excused herself and went out.

Returning to Qinghe courtyard, she first let Shufei go and change her clothes, and she here also re-freshened up, then lay down on the bed to rest a little.

Today's day is really a lot of things, early in the morning into the palace, and now back to the house has been busy before and after, and no time to rest, the whole spirit has been lifted, which will relax, feel dizzy body extremely difficult.

Rolling over in bed, he couldn't sleep for a while, only feeling as if all sorts of heart flotsam had come to his mind, only to feel his head aching and messed up.

"Miss, what's wrong with you?" In a daze, she seemed to hear Jin Ling's voice, Wei Yuewu replied vaguely, and then she did not fall into a deep sleep.

"What's going on?" In front of the high raised gauze tent, Painted End anxiously asked Golden Bell.

"Go and ask Dr. Ming!" Looking at the slightly dark sky outside, Jinling decisively said, the young lady's condition is obviously not very good, the small face is not normal Fei red, touching the face burns amazingly.

"I'll go at once!" Painted End put down the teacup in his hand and hurried outside.

"You first go to Aunt Dong's place to get a pair of cards before going out, you can't just go out at this time!" Jinling chased after her two steps closely and urged Painted End, who had run to the courtyard gate.

This will be late in the day, has been the evening meal time, if not to see the young lady sleep really too much some, they will not come in to wake up the young lady, can not think of a look, the two girls scared a big jump, this is clearly sick, and also sick particularly serious, the young lady are burnt out.

No amount of screaming would wake him up, only a confused, "Quiet!"

Just went on to sleep again.

"Sister Golden Bell, I know!" The panicked Painted End immediately turned a direction and ran towards Aunt Dong's courtyard, now although the power of the inner courtyard's management is still in the hands of the Dowager Lady, most of it is in the hands of Aunt Dong, the Dowager Lady is after all old, and she will only do a little bit of mastery on some important things.

The internal affairs of the Marquis Hua Yang residence then fell mostly on Aunt Dong.

Hearing that Wei Yuewu's maid had come over at this time, Aunt Dong froze for a moment, but immediately had someone bring Painted End inside.

"Aunt Dong, our young lady is sick, the slave girl wants to go out of the house to ask Dr. Ming, please Aunt Dong give the slave girl a pair of cards." Painted End was sweating anxiously, seeing Aunt Dong directly explained the intention, she would be full of fear, the whole person was six gods without a master.

"Wasn't your young lady well before? How come she got sick just when she said she was sick?" Aunt Dong was quite skeptical.

Before Wei Yuejiao came back, said the colorful, talking about being set up by Wei Yuejiao, angry, especially for Wei Yuejiao Ming nothing, but deliberately make the appearance of injury, said the most carefully, but also said to invite what Ming doctor, after that also did not hear her side of the invitation.

This would create another matter of going to ask Doctor Ming, which really makes people think that Wei Yue Ma is not trying to pick a fight, holding on to the matter that Wei Yue Jiao pushed her at that time.

“slave girl also don’t know, miss this will burn all confused up, aunt also ask you to give the pair of cards to slave girl, let slave girl go to ask doctor Ming to come, this if come late, miss may have an accident!”

Painted End pleaded.

This anxious look looks like it’s true? Aunt Dong’s eyes sank, but then she was overjoyed, Wei Yuewu’s body was originally not good, if she was really sick, she really couldn’t afford to procrastinate.

“Let’s go, I’ll go check on your young lady!” Aunt Dong stood up with a concerned look on her face.

“Auntie, it’s not the slave girl ...” Painted End said anxiously.

“Go, what are you waiting for, if you really miss your young lady’s condition, can you afford the responsibility!” Aunt Dong interrupted Painted End’s words in a stern voice, helping Sister Li by her side to stand up, covering her stomach while walking out.

Only she said in a hurry, but the walk was extremely slow, between one step and three shakes, it was actually much slower than the others.

“Aunt Dong, slave girl ...” Painted end’s anxious head began to sweat again.

“Painted end sister you don’t rush, our aunt is still carrying the marquis’s heir in her stomach, we can’t rush at this time, even if the sixth miss is sick, you’re rushing so much it won’t help to play, our aunt is really relieved that she can’t afford to let go of the sixth miss, she will go to take a look in person.” Jin Zhu on one side opened her mouth to persuade.

But cut Painted End's words off.

"I ..." painting the end of the anxious ball, looked at the winter aunt who is still in a step three shaking, suddenly a wipe of sweat on the forehead, in a hurry, said, "aunt slowly, slave girl first go to look at the situation of the young lady! "

After saying that, he ran out in a puff of smoke ...

Chapter 508 Paint ... some color on your face

"Sister Jinling is not well, Aunt Dong deliberately delayed and didn't let me go to ask Dr. Ming to come to see the doctor, and this time she even came over with one step and three shakes, saying that she wanted to come to see Miss." Painting End panted and ran into the house, holding onto the wall, wiping sweat while anxiously saying.

"Aunt Winter is coming to see Miss, but she didn't give you the right card? Is she trying to deliberately delay miss's condition?" Golden Bell understood as soon as she heard it, and said in a hateful voice, "She's actually so vicious!"

"What will Sister Golden Bell do now? Miss's body can't afford to procrastinate!" Painted End said anxiously.

"Go ... to father ... to father!" The bed suddenly came from the seeming voice, if not for the good ear of the golden bell, almost could not hear.

"Miss ... Miss, you are awake!" Golden Bell was overjoyed and pounced on the bed, Painted End froze for a moment and also ran towards the bed in ecstasy.

On the bed, Wei Yuewu slightly opened her eyes, the silhouettes in front of her eyes were slightly blurred, it was only after half a second that she was slightly able to see the appearance of the two maids clearly, and with considerable difficulty, she lowered her voice again and said, "Help me up to look for father!"

The headache was so severe that she could barely think, but she still woke up with a clear hearing of the conversation between Goldbell and Painted End, frowning with difficulty and trying to get their words to go around in her head.

Aunt Winter is coming, but coming for the purpose of delaying her own illness.

“Miss ... you ... how can you possibly go to the Marquis in your current state!” Hearing Wei Yuewu’s words clearly, Painted End shrieked.

“Golden bell ... you ... you first run to find father, painting end, you help me up ... we behind to find father ...” Wei Yuewu pressed her hand on her chest, panting slightly and whispering feebly.

“Yes, slave girl knows!” Jin Ling followed Wei Yuewu around for the longest time, and understood her heart the most, immediately understood, busy answering, while instructing Painted End to help Wei Yuewu get up and dress her, she herself ran outside and called Shu Fei in as well, helping Painted End to serve Wei Yuewu together.

Only then did he dart towards the study in the outer courtyard, where the Marquis was often still in at this time.

Wei Yuewu’s whole body is deficient, her eyes are dizzy, she can see things clearly for a while and blur for a while, even if it is Shu Fei and Painter’s End who do it together, they can only put on the outer clothes for her a little bit, and help her to sit down in front of the dressing table on one side, Shu Fei gently holds Wei Yuewu, Painter’s End combs Wei Yuewu’s hair for her with nimble hands and feet.

Wei Yuewu forced her eyes open and saw the woman in the makeup mirror, her face was abnormally scarlet, her eyes were slightly closed, and the whole person knew at a glance that she was sick.

“Put some ... powder on your face!” Wei Yuewu said in a low voice.

“Miss, you usually do not use powder, this time how to use powder?” Painting the end of the surprised Road, Wei Yuewu’s skin does not have to use powder, the sky color Liqi snow pink, on the powder after the anti-Suspicious powder lost color.

So the powder that was sitting on the dresser was just sitting there and never used.

“Use!” Wei Yuewu had a dizzy spell in front of her eyes, holding onto the corner of the dresser, panting slightly, “Aunt Winter is just ... going to come!”

“Painted End, you use it for Miss!” Shu Fei’s reaction was quite fast.

“Miss, Aunt Winter has come to see you!” There was a little maid who reported outside.

“Shu Fei ... let ... make her wait!” Wei Yuewu said with difficulty, bracing herself to finish her sentence, propping up her hand with one hand and sitting with her eyes half-closed.

“Yes, slave girl will immediately go out to stop it.” Shu Fei stood up and ran out in a trot.

Painting the end of the light for Wei Yuewu’s face on the powder, but because Aunt Dong is outside the door, painting the end of the heart under the tension, can not help but have a few places to smear not open, a look know on the powder on the hasty very.

“Miss, you turn your head sideways again, the slave girl will paint you more evenly.” Seeing that some places were not coated, Painted End said urgently.

“That’s it ... a little while later when Aunt Dong comes, just say that I’m very sick and don’t have the strength to get up and salute her, so just lie down on the table for a while!” Wei Yuewu’s head slowly lowered, leaning in front of the dressing table dizzily.

Aunt Dong did not have a good heart, said what to come to see themselves, clearly see their own body is not good, deliberately delaying the time, so that both is to worry about the condition, others will not say anything, only to say that their own body is originally a little weak, in the Aunt Dong here is to do a place.

Her heart is really execrable, in this case, and do not blame her heart is cruel!

Painted End froze for a moment, for a moment did not understand what her own young lady meant, but seeing Wei Yuewu's entire body leaning powerlessly on her hand, she busily replied, what the young lady commands, what she does, anyway, there is always a countermeasure for the young lady here.

Because see Wei Yuewu although very sick, but at least there is decision-making, the heart inexplicably a loose, as if the heart of the backbone is back, a time between the hands and feet also did not bump, anti more than before more eloquent up.

The ear can faintly hear Shu Fei stop Aunt Winter's voice, Aunt Winter should be coming in soon ...

Aunt Winter came over very slowly, covering her waist with one hand, taking a few steps to rest, and there were even a few maids and grannies who were very good at calling out in a loud voice, "Auntie you take a break."

"Auntie you be careful of the child in your belly!"

"Auntie you are really good to Miss Six, as soon as you heard that Miss Six was sick, you didn't care about your own health and had to go and see for yourself, even if you are your own flesh and blood it's nothing more than that!"

"Auntie ..."

This way past, lively, see passing maids and grannies without stopping down to listen, Aunt Dong satisfied look at the side of a few maids and grannies.

She wanted this kind of atmosphere, when she arrived at that bitchy girl's place in a while, if that bitchy girl was really sick, the more time she had to burden her, the better, it would be best for that little bitch to fall ill, and no one would fight with her from then on.

That little bitch's body is the worst for procrastination.

If that little bitch is playing any tricks, it won't be in the way, she will definitely dismantle her, speaking of which, she is also really suspicious, how come Jiao'er pushed this little bitch a little bit, and this little

bitch there started to make a mess of the disease, is it intentionally to pin down Jiao'er, so that Jiao'er will be reprimanded by the Marquis.

But either way, she's not going to be able to get away with it!

Aunt winter so walk a few steps to rest a break, finally arrived at the clear lotus courtyard, early clear lotus courtyard of the small girl ring reported to the inside, winter aunt only cross into the courtyard, see Wei Yuewu side of the big girl ring Shu Fei hurriedly ran out.

"Aunt ... you ... you came to see our young lady?" Shu Fei's face had a panic that she couldn't hide, and she looked weak and her eyes wandered at Aunt Winter's sudden appearance.

It sure looks like he's deliberately pretending to be sick, making a big fuss, and purposely embarrassing Jiao Er.

Aunt Dong's heart sputtered and her face turned dark and cold, but then she revealed a soft smile, "What? I can't come to see your young lady?"

"No ... no, our young lady is sick, auntie is still carrying the little master in her belly, we can't let auntie go in and catch the disease." Shu Fei said with a difficult face.

"There's no harm in it, it's always your young lady who's sick like this, I always have to come and take a look before I can inform the Marquis and the Dowager Lady." Aunt Dong smiled good-naturedly.

"This ..." Shufei took a deep breath, his eyes wandering more and more, "This ... If it really makes auntie pass on as well, how can it be good! "

"Get out of the way, Sixth Miss is sick, and you slave girls are still stopping me from going in, if Sixth Miss really has anything bad happen to her, who's going to take the responsibility!"

Aunt Dong snapped, said to the side of the people made a wink, immediately both over the two rough grannies, one on each side of the book Fei pulled to the side.

Shufei was in a big hurry, struggling while saying urgently, "Auntie, please wait, our young lady is getting up, I'm afraid it's not very convenient for you to go over at this time!"

The more she struggled, the more Aunt Winter there was convinced that this was Wei Yuewu pulling some tricks, the look on her face was cold, and she snapped, "I'm going to take a look at Miss Six's illness, and what's so inconvenient about it, if you block it again, you'll just shut it down, Miss Six's body is not well, and if it is taken up by a few of you, be careful of your skins!"

Being rebuked by her in such a stern voice, Shu Fei no longer dared to struggle and was pulled aside as Aunt Dong walked slowly inside surrounded by numerous maids and grannies.

A maid had already come forward to pick up the curtain.

The outer room was empty, Aunt Dong's eyes narrowed, and without hesitation, she took a big step inside, and a whole bunch of maids and grannies hurriedly followed, one of them still worried.

"Auntie watch your step."

"Auntie, don't be in a hurry, you still have a baby in your belly!"

"Auntie, even if you're worried about Sixth Miss, you can't hurt yourself!"

A flattering word fell on the ears of Wei Yuewu, who was lying in front of the dressing table, sometimes far away, sometimes near, and her hand lifted slightly with difficulty, signaling Painted End to come over.

Painting End reached over his head in a hurry and heard Wei Yuewu's voice as thin as a mosquito, "Go ... and stop it!"

"Yes, slave girl knows!" Painted End basically understood Wei Yuewu's meaning at this time as well, and busily put down the comb in her hand and hurriedly turned around, just as Aunt Dong, who had only just arrived at the entrance of the inner room, touched an opposite side of the room.

"Auntie, our young lady is sick!" Painted End said with tears in her eyes, "The slave girl wanted to go out to get a pair of cards from Auntie, did Auntie bring a pair of cards at this time?"

Aunt Dong deliberately came to delay the time, how could she take the pair of cards over, cold eyes want to see the situation inside clearly, but only see Wei Yuewu lying on the table of a back, can't help but heart cold smile, sick is not should sleep to the bed, how to still sit in front of the table.

Now lying down, clearly because he suddenly came, a moment too late to get into bed, only to lie down on the table, the bottom of the eyes revealed a few points of ridicule, fortunately when he entered the door, the reaction is fast, the maid called Shu Fei pulled aside, otherwise Wei Yuewu this will be on the bed, even if you want to demolish her also can not.

"Get out of the way!" Aunt Winter scolded sternly, a hand reaching out to wave away Painted End, helplessly Painted End stumbled two steps, still back in front of her, stopping her from passing, "Auntie, where's the pair of cards?"

"Let's talk about it later!" Aunt Winter said impatiently.

"How can we talk about it later, our young lady is sick like this, we can't afford to miss it, please auntie give the right card to the slave girl, so that the slave girl can go to ask Dr. Ming!" Painted end suddenly kneeled down, a hold Aunt Dong's legs, just do not let her into the house in the slightest ...

Chapter 509 Auntie, our young lady's in a daze!

Painted End put on an appearance that she would not leave until Aunt Winter gave her the key today.

"Ah yo, I have a stomach ..." Aunt Winter's feet were held by Painted End, not able to lift her step at all, this time her eyes turned, suddenly bent down and screamed in pain.

Immediately came over a few maids, grannies, a hand to pull the painting end away, while screaming, "Ah ah, aunt how are you? Did you hurt your stomach?"

“Auntie, you quickly go inside and sit down, if this really hurts the child in her belly, the Marquis will definitely not be able to spare her!”

“You don’t look at the fact that our aunt is now a double-bodied person, how dare you pounce on her like this, do you not want to die!” After a few maids and grannies pushed Painted End away, they helped Aunt Dong into the house and sat down on a chair to the side.

“Auntie, our young lady is not feeling well, so there is no way to salute auntie, I hope auntie will forgive me!” Painted End gets up in a hurry, pounces to Wei Yuewu’s side, stops behind her, and says to Aunt Dong, “Auntie, our young lady is really sick, you should quickly send someone to ask Dr. Ming to take a look!”

After Aunt Dong sat down, she looked at Wei Yuewu, Wei Yuewu was just sitting there quietly on her back, and her face was not visible in the makeup mirror, her slim body was motionless, as if she was really asleep, the party was so loud, Aunt Dong really didn’t believe that Wei Yuewu was able to sleep.

Needless to say, it must be faked!

Bitch, bitch, bitch, to try to harm Jiao Er in such a way!

“Is Sixth Miss’s body alright? Why don’t you go to bed and lie down, all sick like this, actually lying down in front of the makeup mirror, really makes people feel strange!”

Aunt Dong’s eyes fell on one side of the dressing table, in front of the dressing table placed a large box of jewelry, the lid of the jewelry box is open, there is an earring falling outside, a look that is being viewed, how to look at the party when they came in, Wei Yuewu are taking the earrings to compete.

How can such a laid back state be real!

It was clearly this bitchy girl who deliberately made so much noise!

Think clearly this point, Aunt Winter more and more angry up, she still do not believe that can not be dismantled this cheap girl's false face, a moment to let the marquis see, this cheap girl is how the assassination of Jiao'er, obviously nothing happened, but made a look of a sick.

"We ... Miss was lying down before, and only when she heard that her aunt was coming over to see her did she force herself to get up!

Painted End hastily explained.

Unable to help such an explanation is really not half persuasive, even if the quilt on the bed looks a little messy, Aunt Dong will not believe, clearly is this bitch girl can not get to bed in time, intentionally let the maid ring set up into this way.

Shufei also rushed in from outside at this time, and together with the two Painted Ends, they blocked in front of Wei Yue Ma.

"Sixth Miss, are you really sick? If you are really sick, tell Auntie, and Auntie will go and ask someone to take a look in a while." Aunt Dong sneered.

"Auntie, our young lady is burnt and confused, I'm afraid she can't say anything to you!" Shufei jumped ahead and explained.

"Burned out, burned out and still able to sit in front of the dressing table, look at this is still dressing which, Miss Six burned can be really confused, at this time of the day still actually do not go to bed to lie down." Aunt Dong freely mocked.

"Aunt ... our young lady really got up from her bed specially because aunt was coming." Painted End's tears were coming down in anxiety.

"Then I'd like to see your young lady's face, if it's really like you said, or if you two evil slaves are bullying the master and deliberately making up all this has-been stuff to fool the master of the mansion!" Aunt Dong sneered and said, then held Jin Zhu's hand and stood up, raising her steps towards Wei Yuewu's side.

She then believed that Wei Yue Ma was forced forward by herself and still dared not to raise her head.

“Auntie, I ... am really sick!” A soft voice, intermittently rang out, and from this angle of Aunt Dong’s, it was just right to see Wei Yuewu’s slightly raised face in the makeup mirror.

The condensed white face was coated with a light powder, but because of the haste, it appeared to be very uneven, but it could be seen that between the looks it was quite normal, it was simply impossible to be like what Wei Yuewu had said, the body was not good, burned and confused.

Sure enough, it was a pretense! Aunt Winter’s heart burst with ecstasy.

The gaze of Wei Yue-mai in the makeup mirror suddenly met with her, and as if suddenly awakened, Wei Yue-mai’s head dropped heavily again, hiding the color in her own mirror.

But even so, Aunt Dong still saw clearly, eyes flashed a hint of severity, this bitch girl really is pretending.

“Aunt ... I am sick, please go back, I have to go back to bed to rest!” Wei Yuewu said sharply, her voice was low and light, but she could hear a hint of panic in it.

“Is the sixth miss not sick, because she heard that I came and pretended to be sick? Sixth Miss can be really interesting, before when Third Miss was in front, was slightly pushed by Third Miss, to find Doctor Ming, afraid that Marquis punished Third Miss not enough, this is again want to make a bigger mess?”

Aunt Winter said aggressively.

This will be in addition to Wei Yuewu’s people, is her people, she is really not afraid of someone to say anything, moreover, in this case, even if someone rumors so what, that little bitch’s appearance, clearly is panicked, a glance knows that there is something fishy here, if the marquis comes over to ask about it, she is not afraid to say.

“Aunt ... I am very tired, you go back!” Wei Yuewu’s voice carried a slight tremor, so light that it was almost inaudible, but Aunt Dong still had a good ear to hear it.

Although this voice was light and gentle, it fell on Aunt Dong's ears as a strong intention of picking on her.

In this situation, this little bitch has the nerve to ask herself to go back, and has the nerve to say she's being sick and tired?

"Sixth Miss, you also don't need to pretend, the Marquis will not be here this time, even if you pretend again, so what?" Aunt Dong laughed coldly, showing her dislike without avoidance.

"It turns out that everything Aunt Winter did to me in the past was all pretense in front of father!" Wei Yuewu forced herself to hold up low, she had to hold up, no matter whether it was Shufei or Painted End is not Jinling, can't stop Auntie Winter, can really drag Auntie Winter's only themselves, and they also need to quote Auntie Winter's words ...

This kind of situation that makes Aunt Dong feel that everything is in her hands is the easiest way to draw her into talking ...

"Pretending or not, doesn't Miss Six know herself? Hasn't Miss Six always been pretending at the Marquis? On the one hand, she expresses that the two sisters with third miss are close to each other, but on the other hand, she's secretly stirring up trouble, causing the marquis to get tired of third miss and me!" Aunt Dong sneered and said contemptuously.

"Sixth Miss, in fact, you really don't need to pretend, this will be without the Marquis, even if you curse with me here, the Marquis won't know about it, so how can you make such a gesture!"

"I can't imagine that Aunt Winter actually hates ... me so much!" Wei Yuewu coughed lowly and continued to lead Aunt Winter to speak, Jin Ling's movements have always been fast ...

"How I don't hate you, if it wasn't for you I would have been Mrs. Marquis of Huayang by now, and why would I have to get to this point now, it's all because of what Miss Six has done, isn't it!" Aunt Dong angrily said, think about their own years of planning, infinitely close to the position of Mrs. Marquis of Huayang when, but because Wei Yuewu was forced to retreat again and again, even the marquis there are disgusted with their own.

As for Mrs. there, originally also promised well, but now actually mention also not mention, visible for their own become Hua Yang Marquis wife said, also not so on the heart.

And the reason for this was not because of this little bitch Wei Yuewu, the more she said this, the more she hated her.

The look on his face couldn't help but be grim.

"Aunt ... you become or not to become Mrs. Marquis of Huayang ... really has nothing to do with me, just that you want to become Mrs. Marquis of Huayang ... my mother so much. Isn't it also your harm? If my mother is there, you should never be able to ascend to the position of the rightful wife!"

Wei Yue-mai continued to calmly say, her voice soft and gentle with weakness in it.

"Hahaha, sixth young miss, you are really naive, your mother's matter, what has it got to do with me, her own life is thin, can't be Mrs. Marquis of Huayang and what has it got to do with me, it's always that her own blessing is a little shallow but herself!" Aunt winter quite a few points proud of the road, for the year can secretly to Qin Xinrui hands, proud of very.

But she also knew some things she couldn't say, so she just brushed it aside.

Just Wei Yuewu and how can she allow her to so tear clean, smiled and whispered, "Aunt for the position of the marquis wife, so imperative, and how can not hate in the position of the marquis wife of the mother, Aunt winter, you and my mother befriending words is also a lie, right? Or my mother has been deceived by you!"

Gritting her teeth, Wei Yuewu lifted all her spirits and finished her words in one breath.

This know who can hear the anger, but can finish in one breath, the same shows that the gas is sufficient, this will be Aunt Dong has been fully determined Wei Yuewu is pretending.

But in fact, Wei Yuewu this will be the end of the crossbow, strongly raised the spirit to finish the sentence, only to feel the heart beating wildly, both that is closed eyes, all feel the sky spinning, the ears are actually what the sound is no more ...

"Aunt ... you give us a pair of cards, our young lady is really sick, it is not a lie, she will be lying down and can not get up, you are still dragging so much to talk to her, her illness will get worse and worse, our young lady's body is weak, she can not afford to drag it!" Painted End's voice with a sobbing tone came to mind at the right time.

Painted end is really anxious, anxious tears in the corners of the eyes are going to fall, the lady's situation at a glance know not very good, favor Aunt winter is still so aggressive, a step is not willing to relax the appearance of this if really stretched out of a good or bad, can be a problem.

Her body against Wei Yuewu's side, she could clearly sense the heat of Wei Yuewu's body, even through her clothes, it burned amazingly, making her really alarmed, this would not be able to help but open her mouth and interject.

Aunt Dong will be more determined to believe that Wei Yuewu is a fake, listening to the end of the painting so said, more and more feel on fire, stride over, will come to pull Wei Yuewu, mouth said: "Sixth Miss, you so pretend really interesting? Or turn your head around and talk to auntie properly, why did you harm third young miss, third young miss didn't just push you! How big a deal!"

Blocking in front of Aunt Dong's body Shu Fei and painting the end of a look at Aunt Dong's movements, together to go forward to block, helpless behind Aunt Dong a few like wolves and tigers of the grannies over, one on each side of the two maids pulled away, and Aunt Dong's hand also hate to pull to the top of Wei Yuewu's sleeve ...

Chapter 510 One wrong move and the whole game is lost

"Sixth Miss, don't pretend with me either, I won't believe it!" Aunt Dong's hand pulled Wei Yuewu's drooping sleeve and pulled it outward with force, as her hand rose, Wei Yuewu's body fell to the side.

"Miss." Shu Fei gave a horrified shriek, and without knowing where the strength came from, she shook off the hands of the two grannies who were holding her, and hurriedly ran two steps, just in time to support Wei Yuewu who had fallen down.

"You ..." Aunt winter also appalled at Wei Yuewu both is with powder can not cover the scarlet, burning cheeks red like fire, just a moment of time, just look past the mirror is still snow-white face, this will be their own scarlet red piece.

"Aunt Dong, what do you want to do!" Wei Lunwen quickly walked over, holding Wei Yuewu, who was burnt and almost meaningless, and urgently said, "Dr. Ming!"

"Yes!" Followed him behind the Ming doctor, hurriedly ran in, he was called over by the boy before, after all the way jogging after Wei Luowen just barely keep up, this will not even gasping for breath a busy walk in.

The crowd was in a flurry of hands and feet to help Wei Yuewu to the bed, Dr. Ming came forward to take the pulse, but his face was more and more ugly.

"What's going on?" Wei Lovin said sharply.

"Marquis, sixth young lady's condition is not very good ... If she had come earlier, or it wouldn't have been so serious." Doctor Ming sighed and put down Wei Yuewu's small hand and said.

"Then don't give the medicine to save your life!" Wei Lovin was in a great hurry.

"Yes, Xiao's immediately prescribe medicine, but it's not something that can cure the disease and bring the fever down, Xiao's also don't know, the sixth young miss's body was originally not very good, she had been injured before, and I heard that when she was tempering her body, she had been framed, compared to the other people's body is too much worse."

Dr. Ming smiled bitterly and explained the situation to Wei Luo Wen.

"Dispense the medicine first!" Wei Lovin said in a deep voice.

Dr. Ming nodded and retreated, a house of maids, grannies see Wei Lovin appeared, has long been obediently stood to the door, leaving only the dumbfounded Aunt Dong still stood there, wooden bewildered to look at the Wei Yuewu lying there motionless.

A head of hair has been scattered down, alabaster face, burned up two scarlet red clouds, the corners of the eyes of the tears faint, long eyelashes quietly covered in the curtains above, exquisite features, as if it is a quiet lifeless porcelain doll like.

Now without anyone having to say anything, they could all see that Wei Yuewu's situation was not good, breathing like that, gently as if she could stop at any time.

The great sense of fear made Aunt Dong's feet weaken and she almost fell, fortunately, there was a Sister Li beside her closely guarding her, which prevented her from falling to the ground in a single bound.

"Marquis ... you believe the maidservant ... the maidservant really thought that the sixth young miss was fooling around with the maidservant and didn't know that the sixth young miss was so seriously ill ... "

She explained as she hugged Sister Li in panic, her whole body shivering!

Seeing the maid tucking Wei Yuewu's quilt, Wei Lovin's face sank into blackness, turning his head without a word, turning to one side to Auntie Dong, his eyes cold without a trace of warmth, Auntie Dong could even sense a murderous aura in his eyes, such a murderous aura, when she was at the border, she had seen it before, but it was often directed at the enemy.

"Fooling around? I've been here for a short time, listening to you step on Dancer, pretending? Everything is pretend? Oh, can't see, so many years, your so-called virtuous, really are all pretending, said what dance child alone in the outer ancestral home to live in loneliness, to bring her back early, if early back, I'm afraid that this will be early to lose their lives!"

"Marquis, you have to believe the maidservant, just now it really wasn't the maidservant who wanted to deal with Miss Six, it was Miss Six ... who deliberately made the maidservant misunderstand, Marquis, you believe the maidservant." Aunt Dong cried out, that feeling of losing everything, making her not even speak well, only eyes full of tears, looking pleadingly at Wei Luan.

If it is usual, Wei Lian is bound to be considerate of Aunt Dong, not to mention that she is now carrying a child in her stomach, even though she does not intend to let this child inherit the position of Marquis Hua Yang, but ultimately it is her own child, and she can't do more than that, but this will see Wei Yuewu lying on the bed, not saying a word, and not knowing whether she is alive or dead, and she will only be angry with her face turning blue.

He was really wrong!

Originally for the winter aunt at least is also a good-hearted, although it is a maiden origin, but the heart is good, and Rui Er that year's relationship is also very good.

But it turns out that Aunt Winter has not been good intentions, he will be fully convinced that Qin Xinrui production, Aunt Winter and Li's mess that is not occasional, clearly is deliberately outside the maternity ward, want to make Rui'er and Dancer two lives, if not their own to come early, then it is indeed going to be an accident.

Both Aunt Dong and Li looked unsettled.

"Come on, take Aunt Dong away, forbidding her to go out in the courtyard, and when the child is born, send it to the Buddha Hall! The affairs of the backyard will be handled by the Dowager Lady and Zhang!" Wei Lovin's voice was filled with anger and disappointment.

"Marquis, Marquis ... Marquis ..." Aunt Winter exclaimed, out of control.

Unable to do anything about it, Wei Luo Wen Ji turned his head, his gaze falling on Wei Yuewu's face, and he actually didn't even look at her forlorn face.

Two guards came over the doorway and were about to drag Aunt Dong out, Sister Li was busy stepping forward and advised in a low voice, "Aunt, you follow out first, no matter what, you still have the third young lady and the child in your belly, even if you don't think about yourself, you have to think about these two children, you mustn't injure your belly in the tugging and pulling!"

"Sister, Sister, I'm really wrongly accused, I'm wrongly accused!" Aunt Dong was crying all over her face, her carefully dressed face had long since blossomed with tears.

"Auntie, you still have this child!" Sister Li moved closer to Aunt Dong and whispered in her ear again, hinting, "As long as it's a young master, the Marquis will be pleased!"

"You guys be more careful, Aunt Dong is still carrying the Marquis' child!" After Sister Li finished speaking, she snapped at the two guards who were about to reach out.

The two guards looked at each other, but in the end, they didn't dare to really come up and pull.

Sister Li half-helped, half-pulled Aunt Winter out, and the guards followed along.

Wei Lovin didn't pay any attention to what was going on behind him, frowning his head tightly as he looked at Wei Yueyue Dance, his heart bursting with difficulty, inexplicably remembering that afternoon when Qin Xinrui was also lying there so quietly without her last breath, and from then on could only be a few of them appearing in his memories.

Without seeing the grown-up Dancer, Qin Xinrui's appearance seemed to blur.

But at this moment, seeing Wei Yuewu lying there as if lifeless, that scene of the past that was deliberately forgotten, once again surged to the heart, for Qin Xinrui's and shame and love feelings, and then can not hide, inexplicably feel the corner of the corner of the eye fell a drop of tears of heroes.

Wave your hand to cover it.

"Marquis, the medicine has been opened, but the sixth young lady's condition is really serious, as if it also triggered some ... illnesses ... of that year, I'm afraid that the little one can't do anything about it!" Ming Daifu finished opening the medicine over, Wei Lovin let people take it to dispense, looking at Wei Lovin's appearance, Ming Daifu still can't help but say.

In fact, he is not at all sure to cure Wei Yuewu's disease, if it is an ordinary person, a fever, even if it is delayed for a while, but the problem is that Wei Yuewu's body is really not good since childhood, which is not clear to other people, Dr. Ming and how Wei Lovin is not clear.

“Didn’t you say later that there was nothing wrong?” Wei Luo Wen frowned and asked.

“After so many years, I have also heard that there is nothing wrong with the sixth young miss, but it must be a disease brought from her mother’s womb, I’m afraid that this time the sixth young miss is in danger, marquis, go to the palace and ask the imperial physician to take a look!” Dr. Ming shook his head and smiled bitterly, “Marquis, I really can’t do anything this time!”

“Go, enter the palace!” Wei Lovin turned around decisively and took big steps outside.

The boy followed closely behind all the way.

“Doctor Ming, is our young lady really not alright?” Seeing Wei Luo go out, Jin Ling pulled on Dr. Ming’s sleeve and said urgently, and the two maids, Shu Fei and Painted End, also looked at Dr. Ming with wide eyes in anticipation.

“I ... really have no way, Miss Six was born weaker than the average person, innate some deficiencies, the marquis banned me to say out, is afraid of the legend out, the future impact of Miss Six’s marriage, so this matter is only a few people know, Miss Six was also sickly when she was a child, this time back , looks good on the surface, but ultimately worse than the next person.”

Dr. Ming explained helplessly.

“Will the Imperial Physician in the palace definitely be able to cure our young lady?” Shufei followed suit and asked saying.

“This ... I don’t know anymore, the palace’s eunuchs medical skills are always better, or there are other methods may not be!” Dr. Ming also did not know what to say, looking at a few eager maids, can only vaguely say.

Whether the palace eunuchs are sure or not, he can’t really say here, he can only hope that Miss Six is fortunate enough to make it through safely in the end.

Does that mean Miss Six is in danger?

Jinling sweated anxiously, but immediately thought of something, eyes flashed, commanded two sentences to Shufei and Painted End, turned outward in a hurry, returned to the door of his own compartment, picked up the pigeon cage placed on one side of the keep, walked to the house, casually wrote down a few words, put them into the pigeon's footcone, walked to the back window, and put the pigeon into the air.

Gray pigeons, so fluttering froze into the air, turned in a circle above, identified a direction, and sharply swooped down ...

Wei Lovin is almost even walking and running to the door of the house and go, the door of the house early guards for him to prepare a horse, Wei Lovin took over the reins, turned on the horse, behind a few guards one by one also followed the turn on the horse, neat and tidy in his wake, all the way to the palace to run to ...

Along the way, there were guards running their horses and drinking at the same time, and the crowds on both sides of the street were startled and retreated to the sides.

"What happened?" At the loft of a restaurant, Wen Tianyao stood on top, looking down at the Wei Lovin running past below, his handsome eyebrows raised as he asked.

"Your Highness, my subordinate will immediately go check!" The voice of a guard in the dark came out ...
