

Young Lady 51

Chapter 51: One by one, something happened again

Wei Yue Wu didn't dare to move, but secretly crying, wouldn't she be found? She really didn't want to be associated with this prince of the kingdom of Yan, that is to pull away the hatred alive, and depending on the situation that day, she clearly used herself as a shield.

Well, his own shield is blocked by him.

But it can't be blocked regardless of this. If you stop it again, your life is gone.

Therefore, made up her mind, Weiyuewu decided to change constantly.

Who knows who this son is talking to, his guard should be nearby, maybe he is talking to his guard, and he may not find himself ...

Suddenly there was a light ring around, and when Weiyue dance returned to God, I saw the curtain in front of me, and there was that handsome figure.

Yan Huaihuan seemed to be walking around casually, without turning over the rudeness of other people's pavilions. He was still unspoiled. His handsome face with white fox fur was like a jade, and his eyes were sloppy.

"Wei Yue Wu, it's impolite to overhear someone else's words." Yan Huaiyu Shi Shiran walked in, and warned Wei Yue Wu moderately, as if he was going over the pavilion, it was polite. same.

Wei Yuewu took a few eloquences, and then stood up helplessly, dragging a few sore legs, and gave him a deep blessing: "I've seen my son."

Yan Huaiyu nodded, leaning on a post on the side, watching Wei Yuewu playfully, and half-sounded with a pointed smile and asked: "Fang Cai, can you hear clearly?"

Wei Yuewu smiled helplessly, "Shizi, I came first."

It was by no means an intentional eavesdropping. It was because they sat down, and they came up there.

"It's okay, listen to it, at least you can see how I did not have with the third princess?" Yan Huaihuan smiled Mimi.

Wei Yue Wu bit her lip, raised her eyes like Qiushui, and said in a serious way: "Yes, I can testify for Yan Shizi, Shi Zi and the three princesses are really nothing."

"You don't need to testify, as long as you know, don't get angry with me." Yan Huaiyuan nodded naturally, smiling, a meaning everyone knew.

Wei Yuewu wanted to grind her teeth and squeezed her hands in her sleeves two times, admonishing herself. The one in front of him was the son of Yan Guogong, the son of the most powerful vassal land.

Although she has not been exposed to politics for a long time, history books have always read that the current situation is the most confusing time. Under his gentle appearance, the Yan Shizi is really a dangerous person who cannot be provoked.

"Shizi laughed." Wei Yuewu had to bow her head.

"It was your second sister who stumbled into the water just now?" Yan Huaiying looked at the little girl in front of her, looking awkward, and thought it was very interesting. There was a smile in his eyes and asked.

Wei Yue Wu was shocked. Could it be that he was also here in the pavilion, if he was really here, maybe he could really see his actions towards Wei Yan.

My heart was awkward, but my face was inconspicuous: "Seiko misunderstood it, it was my second sister and the fourth princess who argued and accidentally fell down."

"Fell by accident?" Yan Huaiyu looked at Wei Yuewu, and suddenly laughed loudly. There was a little deep meaning in the eyes: "Dance, you are really smart, I am missing something like this. A smart person is like coming to me? "

His gentle voice, coupled with his handsome and dust-free appearance, looked down at Wei Yuewu so low, as if Wei Yuewu agreed, all his tenderness would be given to her.

In this world, is there any girl who can escape him and deliberately weave a gentle trap.

"Shizi, Yue Wu is just a weak girl in a small boudoir, dare not plead." Wei Yue Wu took two steps back, not looking at his handsome face to the extreme, and speaking, how could a man be handsome. At this point, people are afraid to look at it, and it is no wonder that so many people were watching on the street that day, and this appearance is enough to let those young girls who have moved their hearts can't let go.

"Well, continue to maintain your mentality, because we will meet from time to time, and having your mentality will make me a lot less trouble." Yan Huai laughed, elegant and gentle, pointed !!

Suddenly, he looked up under the rockery, and Jin Ling came hurriedly under the rockery.

"Shizi, Jin Ling is here." Wei Yuewu followed his gaze and saw Jin Ling, and immediately knew the opportunity, "I'm going to see what's going on?"

"Go!" Yan Huaiyu didn't stop her this time, nodded with a smile, signaled that she could leave.

With the permission of Yan Huai, Wei Yuewu hurriedly picked up the skirt corner and walked down. She knew that the pavilion would meet Yan Huai, and she would never come up.

"I think you just didn't hear me and the third princess!" When walking past Yan Huaiyu, Wei Yuewu heard the gentleman's gentle way.

"Yes, I didn't hear it. I only came up when I came up, and left when my girl ring came over. In addition, I didn't see anyone and didn't hear any word." Wei Yuewu stood still, guaranteeing the general Raised his small face and looked at Yan Huaiyu assured.

"Okay." It seemed that this expression pleased Yan Huaiyu. He reached out and rubbed Wei Yue Wu's hair lightly, then smiled and said that she could leave.

But when he saw the **** hanging on his finger, Wei Yuewu didn't know why it was inexplicable. The **** trembled and hung on his long finger. It looked like it was going to fall, but it didn't fall. It 's really shocking to see how this jade shuttlecock will eventually fall to the ground and be broken.

"Why, is there something else?" Watching Yueyuewu stopped, his eyes fell on the jade jade between his fingers, Yan Huaiyu turned around curiously and asked softly.

"It's okay!" Wei Yuewu gritted her teeth. This son of the State of Yan Guo was too difficult to entangle, wasn't it a jade pupa, and it wasn't a jade pudding with any special meaning, and he didn't have his own sign. Take it.

Thinking of this, I no longer care about Yan Huaiyu, and turned away decisively.

Seeing that Weiyuewu didn't have a theory with herself, then the decisive and slender figure, Yan Huai's handsome lips evoked a touch of elegant smile, which is really different from ordinary women. Age and appearance are inconsistently intelligent, forbearing, and fierce.

In order to survive that day, the frozen scene seemed to have only a pair of black and white eyes, which made him inexplicably always remember.

It seems that there is such a link in my plan, but I am looking forward to it ...

"My son." A guard appeared silently in front of him.

"Follow it down." Yan Huaiyu smiled at the clothes that appeared under the rockery from time to time.

"It's Mo Huating, can you see clearly?" Under the rockery, Wei Yuewu looked coldly and coldly, and asked Jin Ling in a low voice.

"Yes, the slaves can see clearly. They are the people of Jingyuanhou. After the little sister and the wife said a few words, they hurried to Jingyuanhou. Although they were far away, the slaves still watched. When Xiao Yan and Jing Yuanhou finished talking, Jing Yuanhou looked in the direction of the backyard, and then left the banquet in the outer garden with a few people around him. "

"Slaves followed from a distance, seeing that they were coming here, so they hurried to come first." Jin Ling hurried a little, even in the cold weather, sweat was also seen on his forehead.

She followed Mo Huating, but at this time came in front of them.

Mo Huating actually came here, and it meant that he wanted to come to the place where Wei Yan was resting? Wei Yue Wu groaned for a moment, she understood that Wei Yan's letter from that day had an effect, and her lips were silent with a hint of sneer.

"Go, we leave here." Wei Yuewu calmly said, since this place has become a wrong place, of course, you have to stay away.

"Miss, over there ..." Jin Ling pointed to the room where Wei Yan rested, "Would you like to stare?"

"No!" Wei Yuewu shook her head decisively, no matter what happened, since Mo Huating was planning to be in it, Wei Yan couldn't please it!

Her own ring appeared there, and if she accidentally revealed her whereabouts, it would easily attract the attention of others.

Let them bite the dog ...

This birthday banquet of King Nan'an is destined to be unsettled. It is said that the reason for this unrest is related to the second lady of Huayang Houfu. Speaking of, this is also the sister and sister of King Nan'an. A well-known girl.

But today, accidents happen frequently.

First arguing with the four princesses, she accidentally fell into the river, and then defiled Miss Liu Liu, who was in Huayang Houfu who entered Beijing. It is said that although the young lady was young, she was decent and decent. After Miss Er's true face, she actually asked the fourth princess to spare Miss Wei.

Then everyone left, and there were several children of the noble family, who did not know what was going on. They actually broke into the place where Wei Yan was resting. So many people saw that Wei Yan was only wearing a shirt and sitting on the bed. This festival But it was really ruined.

It is said that the people of Houfu County of Huayang took the maids away without leaving the banquet.

This kind of thing happened, and it's the concubine's family again, but also the concubine of the concubine, the sharp-eyed wife, young lady, seeing the exquisite concubine, the smile on her face has stiffened, and she will never wave again Freely, it looks like what happened in the backyard is true!

Zhangshi took everyone, got out of the carriage, and hurried to Mrs. Tai's Jingxinxuan. Such a thing happened. The leader of her team couldn't bear the relationship. Of course, she hurried to find Tai. The lady said something.

"Mother, Simei and I will not pass." Wei Qiufu stood at the intersection leading to the third room, stopped and said softly.

"Well, then the two of you will go back first." Zhang Shi didn't care about them at this time. It really had nothing to do with her daughter when talking about it.

These matters related to the famous festival, it is wonderful not to listen to the daughter of the daughter.

"Second sister, six sisters, I and four sisters will go back first." Wei Qiufu lied to Wei Yan and Weiyue for several weeks.

Wei Yue Wu also smiled in return, saluted Wei Yan, and sneered in her heart. Mother Li and daughter lied to herself first, Mo Huating took advantage of herself, and now all of this fell on Wei Yan. She wanted to see How do they go about breaking this game!

No one can be harmless in this case.

Chapter 52: Mrs. Tai in the yard

At this time, Wei Yan was pale, and everyone was in a daze. So many men saw her disheveled lying on the bed. Her name was ruined, and people were very talkative at that time. When she set her eyes on When Mo Huating, he actually avoided it.

This makes Wei Yan almost desperate.

After the two sisters Wei Qiufu left, Zhang took Wei Yan and Wei Yuewu to Mrs. Tai's garden, and told the story of the incident. Mrs. Tai was shaking with anger, her face turned blue, and she smashed the tea cup in her hand. At the feet of him, he hated: "Sin barrier, kneel down, what's going on?"

"Grandmother, it wasn't me, it was she who harmed me. That skirt, and that skirt also belonged to her." Wei Yan was awakened by Mrs. Tai's cup, and at this time "thumped" and kneeled at Tai In front of his wife, she stretched out her fingers and cried tears in Wei Yuewu's tears.

"You dare to talk about the new clothes, come, and send Miss Er to the temple, and send them away overnight." Seeing that she didn't even know where she was going wrong, Mrs. Tai's face became worse and worse. In the end, it was almost as gloomy as the night, and he patted it on the table with his hands, screaming loudly.

"Grandmother, it's not me, it's really not me!" Wei Yan still had to distinguish, and the two women came over, dragging her up politely and dragging out.

"Mother, mother, please let go of Yan'er, it's not all her fault. How can those people break in just like this, Yan'er just fell into the lake, and such a thing happened, you She also took Yan'er away, which made her live. "Li's got the news at this time, and he rushed in at this time, followed by the second master, the Ministry of Rites and the bookkeeper Luo Wu.

"Mother!" Wei Luowu frowned at Wei Yan, then glanced deeply at Wei Yue Wu.

For the second uncle, Wei Yuewu only met on the day of returning home, only to know that he was a gloomy, majestic middle-aged person who saw nothing but said coldly. After two glances, I let myself rest.

"Dance girl, go outside first." Seeing the second son's family all over, Mrs. Tai's eyes narrowed and she danced to Weiyue.

This is to talk about things with the whole family, do not allow yourself as an outsider to watch!

Wei Yuewu nodded, walked out obediently with Jin Ling, and then turned around in the garden of Jingxinxuan, standing under a vigorous pine tree.

This tree is not in front of the yard, but grows in the corner of the cold courtyard.

"Miss, what does Mrs. Tai mean?" Jin Ling looked uneasily at the direction of the main house and deliberately drove the lady out of the house. It was really strange. This matter is also related to the lady, so she should be kept in the room.

"It's not interesting, but it's because I'm afraid I'm there. Something is inconvenient." Wei Yuewu smiled, raised her head calmly, narrowed her eyes, and looked at the top of the tree.

"Mrs. Tai is too eccentric, you are the real lady in this Houfu." Jin Ling said indignantly.

Wei Yue Wu didn't say anything this time, is the real Miss Hou of Hou Fu? Or no one in this government thinks so, otherwise they will not put themselves in the grandparents' home. For so many years, no one feels how unreasonable it is to throw her young lady Houfu to the grandparents' family.

This so-called Huayang Houfu didn't give her the feeling of a loved one from top to bottom. "Miss, will Miss 2 be just let off like this?" Jin Ling saw Weiyue Wu'an standing there quietly, narrowing her moving eyes, looking up at the treetop, and couldn't help asking .

"Of course it is. The second uncle came here in person. Why would Mrs. Tai not let it go." Wei Yuewu's eyes fell from the top of the tree, looked at the golden bell, then flashed the golden bell, and fell in the right compartment. On a rough woman at the back door.

She remembered very well that the woman was not here when she came.

The woman put down the broom with a complex look on her face, looking at herself with a look of joy and sadness, without even noticing the difference between the master and servant between her and herself, so she looked directly at her face.

"You ..." Jin Ling also found out this rude act of rude mother-in-law at this time, so she went up to her forelegs to reprimand her.

Wei Yue Wu took hold of her and walked slowly.

The sound of their walking, awakened the rough woman, bowed her head sloppily, and wiped her face with flustered hands, and Wei Yuewu's eyes saw a tear falling down from her eyes.

"Miss Six, slaves have seen Miss Six." The wife saluted respectfully.

"You ... in the grandmother's yard?" Wei Yuewu looked her up and down and asked hesitantly.

"Yes, Miss Six, slavery is in Mrs. Tai's yard." The woman looked up, raised her head with some excitement, but then lowered her head, but her voice was a little low. "Slave ... Slave was previously a wife's yard." inner!"

lady?

Wei Yuewu moved her heart and asked softly, "Is it from my mother's yard?"

"Yes, slaves used to be in charge of the wife's side ... manager." The mother's voice became lower and lower.

"Then why are you just a rude woman now?" Jin Ling asked in amazement, and the steward of each yard was higher than the next-to-be big maid ring. Mother-in-law.

"Slave ..." The mother-in-law seemed to be aware of this. She stepped back two steps alertly, immediately picked up the broom aside and swept the floor.

Jin Ling pulled Lawei Yuewu's hand and signaled that she also stepped back.

After only a few steps back, Wei Yuewu looked towards the corner if she felt it. This time, Acer, who was next to Mrs. Tai, appeared at the corner. She saw Wei Yuewu here and hurriedly came over with a smile: " Miss Six, Mrs. Tai, please come over. "

It is obvious that several grandparents and grandchildren over there have discussed and completed.

Weiyuewu nodded, turned around, and walked forward with Jin Ling, but stopped at the place where the woman was sweeping the floor, and said gently: "There are a lot of leaves out there, go and sweep. "

"Yes, slaves know." The mother-in-law didn't dare to lift her head, and promised to go there.

Although Wei Yuewu's words were addressed to the mother-in-law, her eyes were concerned about Acer's reaction. When she saw that she stopped by the mother-in-law, she felt a little tight on her face, and then listened. With his own words, his expression relaxed, and the change was extremely rapid.

If Weiyuewu didn't stare at Acer, she wouldn't really find it.

Under the long wings of a butterfly, there was a hint of coldness in the eyes, but it was covered by the smile of Yingying. Huayang Houfu is really a secret residence, and it seems to have everything in itself. The relationship ... This mother-in-law, Wei Yuewu, has also seen it several times in the past few days. At that time, I didn't care much. It was just an ordinary servant in the wife's courtyard, but I just realized that if it is really just an ordinary Why do you see her every time you come by yourself?

She is approaching herself intentionally or unintentionally!

Otherwise, it is impossible for her to come to her every time she happens to be on duty and clean the yard.

This is to say that this mother-in-law has something to say to herself. Since it is the mother-in-law's mother-in-law, what she said must be related to the mother. Everyone said that the mother was born of the disease because it was difficult to give birth when she was born. After my next year, I can't hold my body.

Could there be other hidden feelings in it ...

"Dancing girl, Yan girl, it's also a harmless situation. It's always the children of the family, who break in and hurt the reputation of Yan girl. What happened before, although it is said that Yan girl is careful. But after all, she's been killed so much. "

The person in the second room in the room was no longer there. Only Mrs. Tai was sitting on the couch. The expression on her face was quite peaceful. It seemed that Wei Luowu said something, and Mrs. Tai's temper was relieved. He is not small enough, so it was only a while before he coaxed Mrs. Tai and spoke completely on Wei Yan's side.

What's the matter? Does this mean that the past is irrelevant? In fact, Mrs. Tai wanted to investigate this. Wei Yuewu didn't believe it. She couldn't find Li and Wei Yan's heads, but now everything has been wiped out, indicating that she has no blame.

"Yes, grandmother." Wei Yuewu said lightly, a hint of coldness flashed under her eyes.

"Your marriage with Jing Yuanhou seems to be impossible, and Yan girl wants to marry Jing Yuanhou so wholeheartedly." Mrs. Tai sighed, and her look became more and more kind, "You and Yan girl always They are their own sisters, and they should marry each other in the future. It is even more important to support each other. The old grudges and grievances are all trivial matters. "

"Acer, go and take the things that the second master just brought, and bring the dancing girl over. It was also my negligence. You just came back. It's a big New Year. There aren't a few accessories around you. Your second uncle is very kind. , I created a few sets of hand ornaments for you. "Mrs. Tai smiled, first talking to Acer, and then dancing to Weiyue.

First, take the sister's affection for a while, and use Wei Luowu's jewelry to talk about things. If you want to show Wei Yan's responsibility again, it seems that she is too careless about blood relationship.

With a slight smile, his eyes were light and watery: "Thank you Uncle Er for your kind intentions. Actually, it is unnecessary. My grandmother has given a few before."

Before attending the banquet, Mrs. Tai asked someone to send her some jewellery. This shows that Mrs. Tai knew that she had no jewellery, but she did not express her attitude. This would say that it was just her negligence. His wife is frank and Wei Yan, and Wei Yue Wu is already prepared.

Mrs. Tai tried to suppress this incident, but the problem was that Wei Yan's good reputation had long since disappeared, and it was no longer possible for Huayang Houfu to suppress it.

Does Wei Yan want to marry Mo Huating?

But seeing Mo Huating die and refuse to remarry, he knew that there must be hidden feelings.

Wei Yan is willing to marry, Mo Huating may not want to marry!

And she only needs to lead the development of the situation, and slowly discover the secrets ...

Chapter 53: Shameless, wishful marriage

Wei Yuewu guesses that Mrs. Tai still thinks that with the background of Huayang Houfu and a father of Shangshu, even if Wei Yanming has a loss, as long as she is loose on her side, Mo Huating will surely agree.

However, today's situation, if Mo Huating was willing to bear the blame, he would have stood up long ago, why is it like a storm in the city now.

"These two days are empty. You go to the shop outside and pick some jewellery. You are the niece of Huayang Houfu. Your identity is different from others. Next, there will be a banquet in the palace. It must not be too shabby. , Grandma has told the people in the needle room to make more new clothes for you. "

Mrs. Tai looked at Wei Yuewu's kindness, which was completely different from her cold and warm look at Wei Yuewu before, as if Wei Yuewu had suddenly become her favorite granddaughter.

"Yes, thank you grandmother." Wei Yuewu lowered her head softly, and concealed the coldness in her eyes. She guessed that Mrs. Tai had been courteous and wanted something. Fortunately, this was also what she expected. Inside!

"Dancing girl, my grandmother knows that you are obedient and obedient. Yan girl has this kind of thing now. It would be a bit difficult to marry a good family. What happened to her and Jingyuan Hou is really not to you. Up, but now, look ... "Mrs. Tai sighed and pulled Wei Yue Wu to sit beside her, her face distressed.

Wei Yan had such a thing. When she saw that her clothes were disheveled, she was also a family member. There were of course married or unmarried couples, and there was a large group of young sisters. In this case, if no one married With Wei Yan, it is really difficult for Wei Yan to marry another good family.

"It's all up to my grandmother." Of course Wei Yuewu knew what Mrs. Tai said, and her lips sneered silently, but then nodded.

Some things are taken for granted by Mrs. Tai or Huayang Houfu House. Since Wei Yan and Mo Huating already had a private alliance, and Wei Yuewu and Mo Huating's divorce is imperative. Wei Yan was a matter of great joy.

Since Mo Huating was also present at the time, if he responded to it, it would still be a good name for him.

Of course, this should be Mo Huating's attempt to calculate himself, so that he had to marry her, and he can still have a good reputation of not losing the covenant.

Unfortunately, something unexpected happened, not Mo Huating thought.

And Mo Huating did not die back. The meaning in it is not just that simple.

Mrs. Tai and Erfang, it's too simple and perfect ...

"Then the grandmother took the decision for you and gave the girl Yan, the girl dance, what do you think?" Mrs. Tai asked, looking at the look of Weiyue Dance.

"It's all about grandma." Wei Yuewu nodded calmly.

She is also looking forward to developments ...

Seeing Wei Yuewu nodding, Mrs. Tai was overjoyed, and Acer on the side also came to make fun: "Mrs. Tai, the old man said earlier, Miss Liu is a kind heart, otherwise Miss 2 can only stay at home for a lifetime. In the temple, with the words of Miss Liu, Miss Er can be considered as having a way of life. When Master Hou returns, Miss Liu also please explain to Master Hou, it is always this family thing, Miss Liu does not, two Miss also had to ask. "

Wait for your father to come and make yourself clear to him? Wei Yuewu moved her heart, raised her eyes and looked at Mrs. Tai, seeing that she was still smiling, she didn't seem to find any problems in Acer's words.

Does this matter require the consent of his nominal father? Can't Mrs. Tai be the master of her father? It is too strange for a mother to dare not even claim the marriage of her granddaughter!

Reminiscent of this bit of time in Huayang Houfu, Wei Yuewu always feels that Mrs. Tai and her father, the relationship between the mother and the child is really suspicion, it is not like a normal mother-child relationship!

When things get here, it seems that there has been a break here in Huayang Houfu, but the development of the matter is completely beyond the expectations of everyone in Huayang Houfu.

The Mo Huating, who had previously maintained an ambiguous relationship with Wei Yan, this time directly rejected the marriage with Wei Yan, and explained to the person sent by Mrs. Tai that his marriage with Wei Yue Wu had not been completed. , Will never marry Wei Yan as a wife, as for what Wei Yan will do next, of course, has nothing to do with him.

Because he saw a lot of people at the time, not just him, but he was still standing outside the crowd. In fact, when others found that Wei Yan's clothes were not right, he stopped. In truth, he didn't It is necessary to bear such responsibilities, and we must marry Wei Yan.

When the news reached Wei Yan's Qinyin Pavilion, she smashed all the porcelain in the house angrily, and then beat out a few rings around her, crying wildly.

After getting this news, Li hurried to the Qinyin Pavilion and saw several girls ringing at the door. There were a few palms on his face, a few sleeves, and a few trousers. Blood stains, sighed helplessly, needless to say Wei Yan must be angry!

"Yaner, open the door." With a wave of Li's hand, the excess girl ring, the mother-in-law retreated and opened.

For a long time, the door opened, her hair was messy, her face was red and swollen, but she was a little white and Wei Yan, and her eyes were standing darkly at the door.

After Li entered the door, he closed the door and pulled Wei Yan to walk inside. When he got seated inside, he calmed down and said, "Yaner, don't worry, think about it, maybe there are other ways. . "

"There is no way, mother, there is no way, Wei Yue Wu is not dead, Jing Yuanhou can't marry me." Seeing the mother's caring eyes, Wei Yan was crying so much, why was the Wei Yue Ball being ordered to Jing Yuan Hou If it wasn't for her, how good would it be for herself? Why didn't Wei Yue Wu die? These are all my own.

Even before, I won't lose my ugliness and mess with the four princesses. All of this is because of Wei Yue Wu.

"Mother, I want Wei Yue Wu, I want that **** to die." Wei Yan hated the poison. She wanted the life of that little bitch, and she wanted her life to die.

"Miss Er, Miss Liu is here to see you." There was a voice from Yahuan, who was sulking at the door.

Wei Yue Wu would come here at this time, Wei Yan picked up a porcelain pillow at hand, smashed it to the door, and yelled out of control: "Go, go, let her go! I don't want to see her."

A strong roar came from inside, and a few ringlets grew more and more curious.

"Miss Six, look, our lady is sad at this moment ..." Shuiyue had to stand up and smile at Wei Yue Wu Pei.

"Then we go back first, when the second sister calms down and tells her, I've been here." Wei Yuewu's eyes fell on the closed doorway, and several other girl rings and mother-in-law stood.

These mother-in-laws are from Li's. Obviously, Li is also inside.

That would be great, lest you stimulate another one yourself.

"Yes, the slaves know." Shuiyue replied quickly. When Miss Er was angry, Shuiyue didn't dare to bring Weiyue Wu to Wei Yan at this time.

Wei Yuewu nodded and walked back at the end of the painting. Of course, at this time Wei Yan didn't want to see herself. In this case, she really had to come over and let her see it. Mo Huating's rejection Marriage was originally expected, and only Mrs. Tai took them for granted that Mo Huating would marry Wei Yan accordingly.

If you can marry, of course, you have already married, why do you have to get so many right and wrong.

As for why, Wei Yue Wu still doesn't know, it always feels that Mo Huating should not be himself, so who is beside him ...

The piles and pieces around him seemed to enter the Huayang Houfu House, which was all sorts of complicated and confusing.

However, now that she is anxious, it is not herself who is stimulated, Wei Yan's reputation has been lost, and she has been unable to wait as calmly as before, waiting for her death, and then marrying into Jingyuan Houfu with a fairness

This pair of scum men and women, she really expected them to be together! Since they want to be together so much, of course she has to help them, and Wei Yan is moved ...

A small ring from Qinying hurriedly went to the back door. Her right face was still red and swollen. At a glance, she knew that she had been beaten by Wei Yan before. At this time, she hadn't disappeared because she walked fast. When I turned around, I didn't know what tripped me up and fell.

Fortunately, at this time, an enthusiastic girl ring came from the side, lifted her up, and patted the dust for her.

Thanks to this girl ring, Xiaohuan hurried to continue, touched the hand and feel the letter is absent, this is a private letter from Miss Er to Jing Yuanhou, if not, Miss Er No one could eat when the fire broke out.

Feeling that the letter in hand was still there, Xiaohuan was relieved.

When her back completely disappeared at the intersection, Jin Ling appeared from the intersection where she had just passed, looked at the back of Xiaohuan, and turned to Qingheyuan.

Wei Yue Wu is looking at the two boxes of jewellery sent by Mrs. Tai, which are delivered in the name of the second uncle.

In fact, it is just two boxes of ordinary jewelry, and two sets of gold heads and noodles. At a glance, I know that I bought them in the store at random, and I have not carefully selected them.

However, Wei Yuewu can also understand that Wei Yan had such a thing. Wei Luowu, who hurriedly came, of course, stopped by the roadside to buy two boxes of jewelry, and could still count on his careful selection.

"Miss, there is a letter from Miss Er." Jin Ling lifted the curtain and walked in. He pulled out his arms before moving the flowers and received the letter, and handed it to Wei Yue Wu.

Wei Yuewu put down her sister-in-law, took the letter, opened the sealed letter, and looked at her long wings like butterfly wings, her eyes cold.

Chapter 54: I'm sick, I'm sick too

Sure enough, Wei Yan was irritated by herself, and failed to do anything, and she had a second chance.

Anxiously assured Mo Huating that he would make him lose his fame and that he would have to marry him into Jingyuanhoufu, but even if he entered Jingyuanhoufu, it was only a shame.

The condition proposed by Wei Yan was that Mo Huating's famous matchmaker was marrying, and the eight lifted sedan lifted her into the door of Jingyuan Houfu's house, becoming the wife of Jingyuan Hou.

This is to insult myself to death ...

"Miss, will the letter you wrote let Jing Yuanhou find out?" Jin Ling was worried about the letter she just sent and received.

"No problem, that letter, Mo Huating will think it is true." Wei Yuewu smiled slightly, a hint of irony flashed on her face!

Wei Yan's mind is not difficult to guess. She just wanted to harm herself. She took the position of Mrs. Jing Yuanhou, but Mo Huating was unable to terminate the marriage contract with herself because of an inexplicable reason. Fell on himself.

If you die, of course, this engagement is not counted.

Of course, there is another possibility, which broke his own name and made this marriage invalid. In this case, even if Mo Huating is a divorce, it will not hurt him. No one will blame him. Carrying himself into the door, even if it is only a shack, it can also seem to him deeply.

Wei Yuewu's letter is certainly so suggestive, but it is not as explicit as Wei Yan said, and she also writes something below, but Wei Yue Wu does not have it.

Medicine? And it's still a medicine for breaking your own daughter? This kind of medicine, Wei Yuewu has also heard of it before, if you really take all of it, you will never have a child in your life!

Wei Yan is really vicious!

Well, I also have preparations here, or this medicine is an opportunity for myself, which can bring a big shock to Huayang Houfu.

When I arrived at Huayang Houfu, I got very little and the fog was heavy because this Huayang Houfu seemed too peaceful, but now that Wei Yan has the medicine in hand, or it can burst out at a critical time and break This seemingly peaceful peace allows you to find answers in disorder ...

Therefore, she really has to help Wei Yan with this medicine, but this is of course not a gangster!

After reading it in one glance and ten lines, the letter paper was closed, and a strong suffocation appeared in the black and white eyes. This pair of dogs and men, really, are always thinking about harming themselves.

"Shu Fei, if you go and report to Mrs. Tai, you will say that I am ill and would like to invite a doctor to come and have a look." Put down the letter in hand, Wei Yue Wu groaned, and ordered Shu Fei to aside.

"Miss is ill?" Shu Fei was startled, put down the tea cup in her hand, and looked at Wei Yuewu anxiously.

"No, you just say so." Wei Yuewu smiled unpredictably, reached out and picked up a mule on one side, this mule looks delicate, but it is not precious. If you want to buy it, many stores You can buy them here.

"Yes, the slaves will go right away." Although Shu Fei didn't know what her own lady meant, she nodded. The young lady looked very weak, but she was so deep-hearted that she had let a few people around her. Ring, heartfelt sincerity.

"Mrs. Tai asked when she said that she was shocked at the banquet today, but she didn't notice it afterwards, and then she fell asleep. It looked very bad." Wei Yuewu urged again, then low Whispered a few words.

"Slave now goes to Mrs. Tai." Shu Feidao said. Now that she had understood the meaning of the lady, she had a bottom in her heart. Of course, she would rush to Mrs. Tai's Jingxinxuan in a hurry.

Here, Wei Yuewu was in two rings, helped to adjust some powder, and then sat in front of the mirror, dressed up a little, waited for the dressing, and then lay on the bed, dropped the veil, prepared for painting Put hot water in the bed, and when the doctor comes, let Wei Yuewu wash her hands with hot water to help pretend to be sick.

At her grandmother's house, although she was raised in a deep boudoir, she did n't know her, but this did not prevent her from learning a lot. The grandmother was the daughter of Xinglin Family, and she once taught Wei Yuewu some medical knowledge and used some medicine powder. , Especially raised Wei Weiwu for some time.

Deep girlfriends are weak, and the house is deep. In fact, it is important to understand these!

My grandmother sighed several times. If her biological mother could learn a little bit, maybe she would not leave so early ...

When Shu Fei hurried to Mrs. Tai's yard, it happened that Shui Yue from Wei Yan was also in a hurry. Two girls hooped in front of and behind Mrs. Tai and reported that she was sick. .

Of course, Mrs. Tai immediately asked someone to come to the doctor who had been treating the people in the house. The doctor soon came to the house.

Because the two ladies were sick at the same time, Dr. Ming was not in a position to go and see the other one first, so he went to Mrs. Tai, first met Mrs. Tai, and then asked Mrs. Tai what the first lady was. see a doctor.

"Mrs. Tai, our lady is very ill, go and show our lady first." Shu Fei didn't wait for Mrs. Tai to speak, she looked at Mrs. Tai anxiously, "thumped" and kneeled, "Mrs. Tai, Our lady was weak and couldn't afford too much time. The illness was anxious. I was fine with you before. After I saw Miss Il, she returned to the yard and suddenly burned. When the slaves came, the lady ... they didn't recognize the slaves. "

Shu Fei stumbled a few heads in front of Mrs. Tai, her eyes were red, tears were coming down, and she choked and said to Mrs. Tai: "Please also Mrs. Tai, save our lady's life!"

This is a life-saving matter, and it also shows that Weiyuewu is an emergency. This kind of emergency is the most important thing, and Weiyuewu does look thin and small, as if it has a congenital deficiency!

Don't do anything for a while, Mrs. Tai hesitated and hesitated, thinking to herself, of course, she wanted Doctor Ming to see Wei Yan first.

But seeing this girl ring quickly become like this, it doesn't seem to be fake. Don't really do anything wrong, and you can't tell your son here. Mrs. Tai knows that the mother-child relationship between her and Huayang Hou has been separated since that rainy night twenty years ago. Moreover, this time is also different from the past. Mrs. Tai does not want to suffer from the illness of Weiyuewu. Situation.

"Doctor Ming, it's bothering you to go and see the dancing girl first. This girl has a weak bone and doesn't know what the disease is." Mrs. Tai said.

"Mrs. Tai, our lady is also very ill, and it suddenly happened. Please ask the doctor to see our lady first!" Seeing that the doctor was following Shu Feidao, Shuiyue was anxious, and was busy speaking to Mrs. Tai.

Actually, most of what the book had to say before was what she wanted to say, but she was snatched first and also snatched a line. It didn't respond for a while, so she was slow.

"Sister Shuiyue, why do you say what I say, our lady's health is so weak, if there are any shortcomings, I can't even see Houye's face." I heard Shuiyue had to argue with herself, Shufei Napa wiped her tears and cried.

Indeed, because at the back of Shu Fei, Shuiyue's words sound like Wei Yan was going to fight with Wei Yuewu, deliberately arguing. This is indeed a fate of Wei Yan, and everything wants to occupy a high branch. Mrs. Tai frowned and said impatiently: "Well, your master is fine, what are you and your two ringers doing? Doctor Ming will go to see the dancing girl first. As for Yan Yan, please ask Doctor Ming Take the doctor, take a look. "

The so-called doctor is actually the nephew and apprentice of Doctor Ming, a young man who seems to be just twenty years old.

At this time, when Mrs. Tai mentioned him, she saluted Mrs. Tai respectfully, and then stood quietly beside Doctor Ming, without saying a word, she could be seen as a meditation person.

Mrs. Tai said so, of course Shuiyue was afraid to disobey Mrs. Tai's words, and one more thing, so Doctor Ming and his apprentice went to the doctor in two ways.

Fortunately, this apprentice is also very good at present. When Mrs. Ming is absent on weekdays, she will also help the people in the house to see the disease. A yard.

At the gate of Qingheyuan, Jin Ling watched Shu Fei coming with a doctor, and hurriedly turned around to tell Wei Yuewu. After washing her hands with hot water, Wei Yuewu took an iced towel and wiped her hands. The layer of hot water mist on it, then lay down, at this time Shu Fei brought Doctor Ming.

At the end of the painting, carefully took one of Wei Yuewu's hand out of the edge of the tent and placed it on the jade pillow to let Doctor Ming diagnose his pulse.

As soon as Doctor Ming's hand was put on Wei Yuewu's hand, his brows could not help but frown. His hands were very hot, showing that there was a real fever, but this pulse was fairly peaceful, and it didn't seem to be a rash, but Doctor Ming couldn't dare to make an assertion when she met such a hot hand.

"Miss Six, can you see your face?" Doctor Ming hesitated for a moment after letting go, but still asked in the account.

This is really strange. If you don't look at it, you may not understand it, but it is the young lady in Huayang Houfu. Even though the doctor is old enough, he is hesitant, but he still asks a question.

It is best to do it all, or else a misdiagnosis will cause a major event, and the only girl Huan said that the six lady was an emergency, and this kind of thing can't afford it.

"Paint the wrong, let the doctor see it." A faint, soft, but soft voice sounded from the tent along the tent. It was indeed the voice of a sick patient.

The painting on the side immediately lifted a corner of the veil, and the doctor looked at the people in the tent, and uttered a low, horrified expression, almost standing immediately from the position. When he got up, even the stool under his feet was knocked down to the ground ...

Chapter 55: Wei Yan who is not sick

Inside the gauze, Wei Yuewu had a petite face with some unhealthy yellow, and a pale layer of yellow was revealed in the yellow. At a glance, it was known that the situation was not good, and the doctor who was most shocked was that The face seemed to be right in front of you. Do n't think about it before you know it.

At the same time, the same pale face, the same pale magpie, seemed at first to cross the boundaries of time and space.

The woman who looked like she was lying there dying like this, looking at the young girl beside the bed with pity, and the pale yellow layer on Wei Yuewu's face was more like that yellowish memory ...

"Doctor, what's the matter with you?" Looking at the doctor at such a loss at the end of the painting, he asked in amazement. Although the lady's appearance looked weak, but a doctor, would she still be afraid to see the patient's weak face? ?

"No ... nothing, Miss Six is so ill?" Doctor Ming looked calm now.

Wei Yue Wu's eyes were bleak, and fell on the hands of Doctor Ming who were exposed outside. As a doctor, both hands were the most calm, but at this time, those hands were shaking slightly ...

I was just coated with medicine powder to pretend to be sick, and actually made this old doctor specializing in Huayang Houfu be shocked to look like this, it really makes people feel incredible, Yingying's beautiful eyes, deeper and deeper Secluded.

But obviously, this doctor is indeed a doctor. He has calmed down in such a short period of time, pulled up a stool, sat down, looked at Wei Yuewu's complexion, and nodded.

The gauze at the end of the painting was covered again: "Doctor Ming, how is our lady's illness?"

Doctor Ming groaned. After he calmed down, he took a closer look at the face of the six lady. It was indeed an illness, but the illness did not seem to be an emergency. Although the attack was urgent, it was actually It's not that much of a problem, it's more like a cold and cold.

"Miss Six's illness is still mainly about conditioning. Take two doses of medicine first, then eat, and then say, if it is fine, take a few more doses, if there is no effect, change to other medicines."

Doctor Ming's words are very conservative. It is always that the illness of the six lady is sudden, or there may be any other changes. Always be careful to deal with it.

"Thank you Doctor Ming, please Doctor Ming and the slaves go out and prescribe medicine," said the painting at the end.

Doctor Ming nodded, sorted out the medicine chest, followed the picture and walked out of the inner room, and went to the right compartment to open a prescription.

Inside the room, Shu Fei set up a gauze account for Wei Yuewu again. Seeing Wei Yuewu thoughtfully looking at the direction of Doctor Ming, he whispered, "Miss, what's wrong?"

Wei Yuewu looked back: "Shu Fei, next time you ask, when my mother was sick that day, which doctor was the doctor? But doctor Ming?"

Doctor Ming's performance today is too weird. He applied medicine powder to his face. He knew that it was really not a big deal. That is, he pulled Doctor Ming from Wei Yan so much. How can Doctor Ming be exposed? That shocked expression seemed to see something extraordinary.

There is no doubt that the Yueyue Dance can not be defended, there are weirdness everywhere in Huayang Houfu ...

"Yes, slaves know." Shu Fei nodded.

"Is Jinling back?" Wei Yuewu got up from the bed and sat back in front of the dressing table. While receiving Shu Fei's warm wet towel, she wiped her face and wiped off the medicine powder residue on her face. , Asked.

"Not yet, but the slaver came sooner, saying that the lady was ill. The doctor on the second lady's side was walking slowly, and Shuiyue was not as anxious as the slaver."

Jin Ling went to Wei Yan and stared at Wei Yan's actions. The doctor over Wei Yan, of course, hadn't returned yet, of course.

Wei Yan's illness was of course pretended.

Although she fell into the water today and was frightened, the servants of the Nan'an Palace at that time directly gave her hot **** soup and replaced her wet clothes for her, and she was taken by Li's since she was a child. Regardless of the basis of the conditioning, there is nothing.

After everyone had retreated, she reached out and asked Doctor Ming's apprentice: "Last time you came to me, did you bring it?"

This apprentice of Mrs. Ming is actually a nephew of Dr. Ming, also named Ming. People in the government usually call him Dr. Xiaoming, but in fact, no one knows that Dr. Xiaoming sometimes

sometimes replaces Li and Wei Yan brought some medicine, some medicine that she didn't want Mrs. Tai to know.

Therefore, in fact Wei Yan pretended to be ill this time, the doctor whom she most wanted to see was actually the doctor Xiao Ming.

"Miss Er, do you really need that kind of medicine?" Doctor Xiaoming said uneasily, putting his hands on the medicine chest, he was afraid to take things in, and his face looked a little nervous.

Usually, I personally take some ginseng and other tonics for Mrs. and Ms. But this time ...

"Of course, otherwise I won't tell you about it." Wei Yan said impatiently, and stretched out her hand.

Doctor Xiaoming reluctantly opened the medicine box, pulled out a small medicine bag from the bottom, and carefully handed it to Wei Yan.

"How to use it?" Wei Yan took it, looked at it, and a satisfied smile appeared on her face.

"Just put it in soup medicine!" Doctor Xiaoming exuded a layer of sweat on his forehead.

"Okay, this is a silver ticket for you. Remember, as long as you help me and my mother, you will not treat you badly." Wei Yan laughed and pushed out the two silver tickets on the table. "In the future, if you want to be an independent portal, it is not a big problem."

Seeing the numbers on the silver ticket, Doctor Xiaoming's eyes brightened, and he hurriedly reached out to take over, and said to Wei Yan: "Thank you Miss II, Miss II, rest assured, the young must be tight-lipped."

"That's good!" Wei Yan proudly raised her eyebrows and waved her hands.

Doctor Xiaoming went out silently. Now that things have arrived, he and Wei Yan have lost the mind of acting. After packing up the medicine box, they leave Wei Yan's Qinyin Pavilion.

Because Dr. Xiaoming has been here more than once, Wei Yan is now full of heart on her newly obtained medicine powder, so she has no one to send Dr. Xiaoming.

Doctor Xiaoming then carried the medicine box alone, and walked down the road to the hanging flower gate in the backyard.

Unexpectedly, after walking a few steps, she was suddenly blocked by a lot of girl rings in front of her. The wife blocked the way, as if there were two girl rings arguing, and the situation was getting more and more fierce. He raised his hand and led the passing girl, the mother-in-law, and those who didn't know to persuade.

Of course, Jin Ling was also persuading. When Dr. Xiaoming came over carrying the medicine chest, his fingers moved slightly, and the stone in his hand was struck. He hit the face of the noisy girl ring, and immediately the face of the girl ring He swelled, and the small stone jumped to the ground, and no one noticed.

It was at a time of confusion that the two girls rings accidentally touched each other when walking, one knocked out the fruit plate in the other, and blamed the other for not having long eyes, so this quarrel happened.

Of course, Jin Ling's help is indispensable here, just like the genius, the face of a girl ring swelled inexplicably, needless to say, it must be the girl ring that pulled her, and the fist immediately hated, so the girl ring The beaten nosebleeds came out, and the other did not do it. She reached over and hit her in the face.

The original scolding was all martial arts at this time, and it happened that they were moving to Doctor Xiaoming's side while fighting.

Doctor Xiaoming originally wanted to see a lively event. Who would have thought that this lively event had hit him. He couldn't avoid it for a while, and was hit by the two girls, and the girls ring that kept them from being beaten. The mother-in-law hit him. , Immediately fell to the ground, the medicine box in his hand also hit the ground, scattered into a ball.

Yahuan, the mother-in-law found that something had happened and hurried back one by one, but this was for the doctors who were seeing doctors Er and Liu.

"Ah, doctor, why did you bring out the prescription prescribed for Miss Er?" A voice came out of the crowd in surprise.

Everyone looked up, and sure enough, a piece of medicine-like paper floated out of the medicine chest.

"No, no, this is not a prescription for Miss Er." Doctor Xiaoming felt inexplicably bad, and he didn't prescribe any prescription to Miss Er at all. Where did the prescription come from?

"This is clearly the prescription." There were also a few literate people in the crowd, looking at the prescription that had fallen to the ground, said.

"Doctor Xiaoming, have you forgot to give the prescription to Miss Er?" Someone asked hesitantly. Doctor Xiaoming followed Dr. Ming to the hospital for medical treatment. Many people knew him in the government.

"No, this isn't." Doctor Xiaoming shook his hands, and he dared to recognize this inexplicably extra prescription.

"Why not, the ink looks new, or else someone will ask Miss Er to see if there is any prescription?" Someone suggested.

Dr. Xiaoming saw sweat on his forehead. He went to see Wei Yan for a doctor. Where is the real doctor and how could there be a prescription, but now that there are so many people around, it depends on Wei Yan to ask for a prescription. The problem is that he didn't prescribe any prescription!

"This ... this is not my prescription. I haven't prescribed it to Miss Er just yet." Doctor Xiaoming had to grit his teeth to recognize this, and he had to say so.

He couldn't say that this prescription was forgotten to Wei Yan, because what he said is so unreasonable. How can there be no prescription for a doctor? Even if he doesn't give it, wouldn't the person on Wei Yan want it? He didn't even leave a prescription, what kind of illness was he looking at?

And this inexplicable prescription appeared in his medicine box. He hasn't looked at it carefully yet, maybe there is something extraordinary. How can this prescription be recognized casually: "Miss Er is not seriously ill, just pay attention to the diet. . "

"Isn't Miss Er very ill? Why isn't there any sickness?" Jin Ling crowded in the crowd and muttered in a panic. "I was still trying to grab the doctor with Miss Liu. Did Miss 2 just want to see Doctor Xiaoming?"

These words are actually very transcendent, but with so many people, everyone is looking at Doctor Xiaoming, and they haven't noticed where it came from, but after hearing this, everyone's eyes fell on Doctor Xiaoming!

Chapter 56: Wei Qiufu's plan

Seeing Dr. Xiaoming blushing, he looked awkward and could not explain clearly.

Everyone couldn't help but wonder, was it true?

In this way, Doctor Xiaoming is pretty handsome, and think about Miss II getting sick from time to time. When Doctor Ming came, the doctor Xiaoming was always there, but it was impossible. Nothing inside ...

Do n't want to know this kind of thing, the more you doubt it!

Good things don't go out, bad things spread thousands of miles, let alone say there is too much wife here, so Doctor Xiaoming has not yet come out of the flower gate, this rumor has passed to Mrs. Tai's ears.

There were people in all the courtyards present at the time.

Although Mrs. Tai shuts up afterwards, if someone spreads such a story, she will serve the law.

But there were a few women at the scene who delivered food to Huayang Houfu House. They were just watching a lively scene, and then hurried out of the house. Mrs. Tai gave a password to the people in the house. Outside the house, it has long been quietly reported that this lady Wei Er, does not abide by the boudoir training, secretly and a young doctor private meeting, for the private meeting, but also deliberately pretending to be sick.

Wei Yan's previous reputation is indeed good. She is backed by the emperor's attention to Huayang Houfu. Her father is also a book of ceremony and a sister of the concubine of Nanyang. It can be regarded as a famous family lady in Beijing and at the age of marriage. Those who come to ask for love are almost breaking the threshold.

But now, one after another, bad behaviors happened. First, she argued with the four princesses, and accidentally fell into the river. Then she was disheveled, bumped into by several families, and later came out of the house. There was a private relationship between the doctors, but in order to see the doctor, pretending to be ill, he was discovered by the mansion in Manfu.

This is how the rumors spread. Although there was no basis for saying that before, when Mrs. Tai found it, she had been rumored to have noses and eyes. As of now, it is no longer Mrs. Tai who wants to defend the moon dance in the house. In the evening, Mrs. Tai called Li and Wei Luowu to her yard.

First, he gave a big temper to Li's, scolded her for not being optimistic about Wei Yan, and even Wei Luowu was heavily scolded, and then they let them think about it and quickly let Mo Huating marry Wei Yan to avoid the situation. It's getting worse and worse. At that time, not only Wei Yan's reputation was broken, but also the reputation of Houyang's entire house.

This kind of detrimental event can not be wrong to the deepest girl.

Mrs. Tai also made a final ultimatum. If Huayan's marriage cannot be resolved, she can no longer stay in the house, but can only be sent to the temple for cleaning for a period of time.

Suddenly, Hua Yan couldn't think of it. It was just because she was pretending to be sick that she was found to have caused such a big disaster. When Li Shi went to her garden all night, she pointed her finger at Wei Yue Wu. In her opinion, it must have been Wei Yuwu secretly hurting herself.

"Mother, it must be the little **** of Weiyuewu, otherwise I would be sick, and she would also be sick. If she did not call Dr. Ming, Dr. Ming would also give me a prescription before leaving." Wei Yan gritted her teeth and snapped.

There was a shudder on the pretty face.

"Yan'er, don't worry, your mother will decide for you." Li's face was a bit vicious, and it was not only Wei Yan who was ashamed.

"Mother, I have got the medicine. Next, I must let the little **** not even beg for death." Wei Yan said, passing the medicine in her hand.

Since Mo Huating can't let Wei Yuewu go, let her enter the government as a mean woman, but she is a lady in the right room. At that time, if she wants Wei Yuewu, she can die any way, and wait for Mo Huating to get tired of it. Then, that little **** can't give birth to a child, she will send the little **** to the most **** place ...

"Yan'er, we're so anxious. Next, you must listen to your mother, and you can't do it like before." Lishi told her that she was in her room for a while now, and she and Yan The reason why the child fell into the wind is because he was too anxious, otherwise, how could Yi Yueyue dance that **** girl, and she fought herself.

"Mother, rest assured, I won't be here after." Wei Yan gritted her teeth and said with hate, of course she wouldn't this time, she wants to slowly step on Wei Yue Wu in the mud, let She knelt before her, crying and weeping ...

"Mrs. Third, Miss Four, Miss Two is in trouble again." Someone reported to Miss Four Qiufu's Furong Pavilion, and Mrs. Zhang also happened to be in it.

I heard that something happened over there, Zhang wanted to stand up, but was stopped by Wei Qiufu: "Mother, second uncle and second concubine will deal with it. When you pass by this time, you will only make the second concubine think it is going It 's better not to read the joke. "

Although Zhang Shi did have such a heart, of course, in front of her daughter, of course, she could n't say that. She nodded and looked at the direction of Wei Yan's courtyard. She said scornfully, "Let them go, Yan The girl is really right. She doesn't like anybody. She actually fancy her sister-in-law. "

Wei Yan's thoughts, in fact, everyone in Huayang Houfu knows it well. Before, Mo Huating from Jingyuan Hou did not come to the house. Although there are always excuses, but every time Wei Yan will I went out to accompany me, and when I met someone, I knew at a glance that there was something tricky between the two people.

"Mother, I want to go to the temple these days to worship the grandmother, father and you for a while," Wei Qiufu said softly.

"This big New Year, what to go, or stay at home, you have this filial piety." Zhang's distressed daughter, of course, unwilling.

"Mother, at this time of the year, I go to a few days, so many things happen at home these days, I decided to go a few more days, and pray for blessings for my grandmother, father and mother." Wei Qiufu said though Gentle, but with a determined voice in this tone, he is dedicated to praying for Mrs. Tai, the three masters, and the three ladies.

No one noticed the slight disdain flashed in her soft eyes, Wei Yan was always in her indifference, even if it was good, it was a bag of grass. As for Wei Yue Wu, it was just another good one. The grass bag is her own, and the position she sought was not originally the two grass bags can reach.

She didn't really worry about something going on in the house. Anyway, she didn't like the two, especially when she saw Wei Yuewu's squinting eyes, which made her more uncomfortable.

Since they are fighting, she will help to push one ...

Seeing her daughter said so resolutely, and thinking about the past years, her daughter did go to the temple to pray for a few days of blessings. Her daughter is a clever one, and her reputation has always been good. Since she thinks so, let her go. Anyway, the house is not safe anymore.

"Well then, I'll tell your grandmother tomorrow." Zhang nodded.

"Mother, go back first, I'll go and see my four sisters." Wei Qiufu laughed.

"Okay, you are so kind, but it's just a girl who scoops up, and also makes you a lady who scoops up, so you don't know what the blessing is for this girl." Although Zhang's eyes fell on Wei Qiuju. However, for her daughter, she always complied. At this time, I thought Wei Qiufu was going to say something farewell to Wei Qiuju. After a few words, she left Wei Qiufu's yard.

Wei Qiufu then brought a girl ring to Wei Qiuju's yard.

In Weihe Wu's Qinghe Courtyard, she didn't fall asleep at this time, and Jin Ling brought a cup of tea for her.

"Miss, there's a trouble over there. I heard that the second master also rebuked both the second lady and the second lady. When the second lady went to the second lady's yard, she took some of the women in the second lady's garden. Tied up, it is said that even dinner is useless. "

At this time, it should be spent dinner time.

Wei Yuewu smiled softly: "What? Wei Yan crying again?"

This has been crying again and again, where are the days to come, isn't Wei Yan trying to marry Mo Huating? She gives them a chance to be together.

As for whether they can really be together, and in what kind of identity, it is not something they need to consider!

This marriage, of course, did not meet the wishes of the two of them. It can be said that if Ziqin died on his own behalf and escaped his own life, they would never do it again ...

Such a thin and fragile little girl with such a cold and weird expression on her face made some of the girls in the house dare not look straight. It is inexplicable that people always forget that her own lady is only 13 years old. .

"Miss, Mei Yan made people go to Mrs. Tai's yard again." Shu Fei said in reply, worried, "It's always bad to let Mei Yan go back like this?"

Any wind and grass in this garden is very easy to attract Mei Yan's attention. It must be that she is the steward in this garden, and the three girls, even the young lady Weiwei Wu, are new here. However, I don't know much about the overall structure of the Houfu House in Huayang. There is such an "internal traitor" in Meiyuan, in fact, it is extremely inconvenient for Weiyuewu.

"Miss, do you want to scare her? Do you dare not tell the wife too much?" Jin Ling's suggestion has always been so straight,

"Isn't that great? If she went to tell Mrs. Tai, Mrs. Tai might have grown more jealous of the lady." Shu Fei felt that this idea was bad.

"What to do? You can't keep her staring at us all the time." The end of the painting also anxiously, the three of them are acting now, it is very inconvenient, and generally have to avoid Mei Yan.

"Don't worry, just take your time." Wei Yuewu smiled slightly, some things could not be rushed, but if a lot of things happened accidentally, the wife of the steward Mei Mei could not report it, Mrs. Tai will still trust as usual Where is Mei?

For years of trust, sometimes it is not an accident. She has to see how much Mrs. Tai trusts in Mei Mei. However, Wei Yan is struggling to die. Accidents are actually not difficult to happen ...

Chapter 57: Differing, Wei Qiuju's thoughts

"Miss, slavery just saw Miss Four go to Miss Five. It's all this time, and Miss Two is still in trouble. Why can Miss Four still run away to Miss Five?" Shu Feifang I went out for a while and happened to see Wei Qiuju carrying the girl ring to Wei Qiuju's garden.

"Sister Four went to see Sister Five, didn't she go to see Sister Two?" Wei Yuewu blinked and asked softly, the three sisters in this house were the one who could not see through her. Hu, but Miss Four, who has always been gentle and revealing, shouldn't it be Wei Yan who is in trouble at this time?

"Slave clearly saw that she went to see Miss Wu, who had already reached the gate of Miss Wu's courtyard at that time." Shu Fei thought for a while, affirmatively.

At this time, what's the matter for Wei Qiufu, you must go to Wei Qiuju? Wei Yuewu's involuntary heart became a little vigilant and her eyes were slightly blue. Although the four young ladies looked at herself, they always smiled and matched, and there were not many times when they met themselves, but Wei Yuewu still felt The smudging and coldness she hid under her eyes.

Wei Qiufu is not a simple person! It seems that I also need to pay more attention to this Miss Four.

Wei Qiufu left in the morning the next day. Although she was just a light car, she only brought two close-fitting girls, but everyone in the house knew that Miss Four was to replace Mrs. Tai, three masters, three The lady praying for blessings is really filial. Compared with the turmoil of several other ladies in the government, the four ladies are the true ladies of the family, who are polite and knowledgeable.

Early in the morning, Wei Yuewu went to Mrs. Tai's side to ask for peace, and saw that Wei Qiuju had arrived, and Wei Qiuju was with Wei Qiufu on weekdays.

"Grandmother, the fourth sister is going to pray for you, and I want to go, but the fourth sister asked me to stay and said that the party would soon be there. The second sister asked the grandmother to let her out first. Do; if the second sister is missing, others may really think that something is wrong. "

Wei Qiuju's face was soft and gentle, with a little bit of care, and said carefully.

Although she is not as good as Wei Yan, she wins in petite and pathetic. She is the kind of woman who can easily arouse men's desire for protection.

"Banquet!" Mrs. Tai said that her brows frowned, and looked at Wei Yuewu. It was very difficult. "In the past, this was done by Yan and Fu. Both of these girls can't come forward, just you two Each ... "

"Grandma, what is the banquet?" Wei Yuewu blinked and asked blankly.

"Six sisters, at this time of the year, the ladies of the family will organize a flower-viewing feast. Let's get together for a lively event. The last banquet was half a month ago. It was said that this banquet was in our house. The day after tomorrow, this post was sent out early, but now ... "

Wei Qiuju explained the doubts for Weiyue Wu, and then she looked anxious: "The four sisters have now gone to the temple and prayed for the grandmother. If the second sister is confined, what can this ... do?"

In a word, if Wei Yan is disabled, she can't appear in front of everyone, but she can't explain to the family daughter invited this time. Although this is only the case of her young daughter, but since the post was issued, In the name of Huayang Houfu, why can't Huayang Houfu lose trust.

Wei Yuewu's eyes flashed a slight chill, but a slow smile appeared on her face, and she said softly: "The incident of grandmother and second sister is also an accident. Who would have thought that those family members would suddenly rush Come in, it's always the second sister's mischief, but it's not the second sister, the grandmother, let the second sister preside over the party. "

Since it is Mrs. Tai or Wei Qiuju, even the one who left Wei Qiufu is totally free from Wei Yan's confinement. If she deliberately blocks it, it will only cause Mrs. Tai to be unhappy. I just arrived in the capital city, the foundation is unstable, and the marriage is still inconclusive, and there are still many doubts to be investigated. In general, I have to follow the wife too.

"It's ... it's not good at all, is this happening?" Mrs. Tai seemed a little worried.

"Grandmother, it's okay. In fact, the second sister is also very wronged." Wei Qiuju passed the message up, Mrs. Tai was finally happy, and nodded: "Well, both of you are ready For a moment, although this guest was invited by your second and fourth sisters, it is only your second sister who can come forward now. The two of you can help with one side. You must not let people downplay our Huayang Houfu. "

"Yes, grandmother." Hearing of himself, the two nodded together.

"Dancing girl, this time I just entered Beijing again. Many people haven't seen dancing girls yet. This time, dancing girls can be more beautiful and let others see our dancing girls, but it's a little beauty." Question, Mrs. Tai looks in a good mood, joking about Wei Yue Wu.

It is true that no matter from which aspect, Yue Yue Wu is a beauty. Even though this beauty is still too immature, the delicate eyebrows and watery eyes can predict the future. Is a beautiful beauty.

Wei Qiuju's eyes flashed a bit of resentment. She paid herself that although she didn't grow well, her eyes were the most charming, but since Wei Yuewu entered the house, the four sisters said in front of herself Several times, it was said that Wei Yuewu's eyes were good. Originally, she thought that Wei Qiuju's eyes were the most agile. Now she compares with Wei Yuewu and it is obviously a bit worse.

The speaker is unintentional and the listener is attentive. When Wei Qiuju hears that Mrs. Wei Yuewu is good, she feels uncomfortable.

But when I remembered what Wei Qiuju had told her, her eyes flashed a scorn, but the fourth sister said that it was good and it was useless.

A few people talked about the banquet for a while, because when neither of them had received her other ladies alone, Mrs. Tai pointed out a few more words and then let them leave.

Out of Mrs. Tai's courtyard, Wei Qiuju smiled and danced to Weiyue: "Six sister, I heard that the second sister had been in trouble for a long time yesterday. Should we go and see her?"

At this time, I went to see Wei Yan, especially myself, and Wei Yuewu didn't think it was a good idea, but when she saw Wei Qiuju's smile, she smiled slightly and responded: "Okay, then Let's go and see the second sister together! "

The two went together to see Wei Yan. Someone had already reported to Wei Yan. They heard Wei Yuewu dared to come over. Wei Yan smiled coldly and said to Shuiyue on the side: "Go, meet Miss Wu and Miss Six. "

Shuiyue met, and hurried out, and was dancing with Wei Yue, Wei Qiuju met.

"Sister Er, the grandmother said that you still preside over it. Liumei and I are here to help you. Without you, this banquet can't be continued." Wei Qiuju saw Wei Yan, She used to be a humorous blower, and she was always afraid of hard tempers. When she saw Wei Yan, she was frightened and lowered her position unconsciously.

"In fact, this is not difficult, but what troubles the two sisters is that there are more curtains around Hu Xinting. In the winter, we can't let the ladies get cold." Wei Yan looked cold. It was commanded that if you look at Wei Yue Wu without looking at it, there must be so many well-known things happening. Everyone can sit and talk with each other cheerfully, and it is a good thing.

Wei Yuewu didn't plan to bother her, so she lowered her head and sat quietly while drinking tea.

"My mother asked me to prepare food for the banquet. I may not be able to let it go for a while." Wei Qiuju was embarrassed, but then she set her eyes on Wei Yue Wu, who was drinking tea quietly. You can take a look at the matter over there, just check it a little bit. It's okay. "

"I'm still sick these days, and I might not have the energy to check it." Wei Yuewu coughed a little, and in Wei Yan's cannibalistic eyes, she smiled slightly and said lightly.

Even though I took some medicine yesterday, it was better, but it was impossible to be all-in-one. The words of Wei Yue Wu reminded Wei Yan of the rumors that she caused because of pretending to be sick. She was originally acute. Man, at this time almost couldn't hold back again, and he sneered.

When I pressed my hand on the table, it was going to happen, but was pulled by Xu Yan behind her. She suddenly realized that the sneer on her lips slowly stiffened, and then she softened a little, but the smile was stiff. very.

"Liumei, you just need to help, and you do n't have to do anything, just call those women over and ask for help. You have been getting sick these days. But then you have to let others see us in Huayang Houfu. Miss Liu's graceful style. "Wei Qiuju took the topic with a smile.

Just talking about Fengcai, the slight disdain revealed in the corner of the eye.

"Since the five sisters have said so, then okay." Wei Yuewu looked awkward.

The next step was Wei Yuewu's departure. She and Wei Yan had a bad look at the first sight. They sat together, but there was no aura of aura, just walk around the scene, that's it.

"Jin Ling, I'm not healthy. You will help me to take medicine for a while, and help me to do other things in the yard. If you have to come to me, please let me report. If not, let her take care of those things. "

Going outside, Wei Yuewu whispered to Jin Ling Road, with a smile on her lips, and since Wei Yan thought so, she meant them.

She is not afraid of picking things, she has too many things to check! The more chaotic the Huayang Hou Mansion is, the better, she can pick up the fire and find the answer she is looking for ...

"Yes, the slaves will go back and cook the medicine for the lady with Shu Fei. The doctor's medicine said to take a few more pills. The lady went to please Mrs. Tai. Go on. "Jin Ling didn't understand at first, but then she realized her mind and looked at Wei Yuewu in admiration.

Wei Yuewu smiled slightly, her eyes were cold, and she walked out!

This round has been laid down, but it depends on who counts who ...

Chapter 58: Lake Heart Pavilion, a strange girl ring

"Wei Qiuju, is this a good way for you to think of me?" As soon as Wei Yuewu left, Wei Yan's complexion changed, and she raised her chin proudly and hummed, for this niece, she was really It doesn't matter much. If it wasn't for last night, what she said about the banquet was exactly what she wanted to do next, and she wouldn't care about her.

An echo bug followed Wei Qiufu.

Who doesn't know what Wei Qiufu said, she should. As soon as Wei Qiufu left, she came to take care of herself, but that 's okay, let Wei Qiufu see who is the most honorable lady in this house. , Really nothing.

"Does n't the second sister think this method is good? Who doesn't know that the second sister is the most honorable lady in the house, but now, look at the six sisters and make a mess in the whole house, really annoying." Wei Qiu Ju carefully accompanied the smiley and said, she really dare not offend Wei Yan.

When I met Wei Yan on weekdays, she was also timid. Compared to Wei Yan, who has nothing to do with everything, her little beauty is really not comparable, but she also doesn't like Wei Yue Wu, so she is a native The wild girl came down to herself. Why is her face better than herself? Although she is a shame, she grew up at least in Huayang Houfu. Why is the Weiyue dance more honorable than herself!

"You think about it, are you really on my side this time?" Wei Yan said coldly.

"Yes, I must be on the second sister's side. She came from a country. She has no education. Who wants to be with her?" Wei Qiuju nodded affirmatively and patted her chest to show loyalty.

I have never had a chance to please Wei Yan. Now that the four sisters have mentioned herself, of course, she has to help Wei Yan to control Wei Yue Wu wholeheartedly.

"Second sister, rest assured, when the time comes, I will help the second sister speak, just a wild girl from the countryside, do you want to mix in Miss Shijia's circle, and if this happens, you can't blame us On the head!" Wei Qiuju nodded, and there was a hint of disdain in his eyes.

In the dark, a man walked quietly to a lakeside pavilion, a rather stout-looking woman. Looking at no one left and right, carefully avoiding the veil placed in front of him, and walked around from behind, the thing in his hand flashed in the lake light, it was actually a hammer.

At the entrance of the pavilion, where the two wooden bars meet, they are beat carefully and carefully ...

This place is far from where I live and is in the middle of the lake. Even if there is some sound, no one notices it, thinking that it is the sound of the winter wind and the leaves of the trees.

After a few knocks, the head where the two wooden bars meet is loose. Seeing like this, you can easily fall into the lake with just a little bump. The mother-in-law sees that it is done well and quietly. Back out.

After she left, another dark shadow bounced off the pavilion briskly, walked to the fence, tried it by hand, and then took out an object, acted again at the fence, and then disappeared in a flash. In the night ...

The night of Huayang Houfu House is very quiet, because hospitals will be hospitalized tomorrow, and all the hospitals will fall asleep early, and no one finds anomalies here!

Early in the morning, the house started to stir up. Today, there are some young ladies who have not come out of the house. Madam, they don't have to show up, but they are Wei Yan and Wei Qiuju, as well as Wei Yue Wu. But they couldn't stop attending. Today they are still the host.

Today, Wei Yue Wu is wearing a plum blossom plum blossom. The purple eight Xiang Fei skirts underneath her hair are pulled up, and only two golden beads of dangling beads are struck. Between the walks, the Yingying flashes, making almost All the sunshine fell on her face, and the little face of the growing shirt was as white as jade.

"Liumei, where did your sister-in-law come from? It's so beautiful!" Wei Qiuju flashed a little jealousy in her eyes. She was a niece, and Wei Yan and Wei Qiuju had to pick anything good. The rest It's her.

Over the years, she has been recognized, but this is not how the Weiyue dance from which corner jumped out, why can it be better than the mule on her head.

Sure enough, I came from the countryside. I wore all the good things on my body, showing off so obviously, but I was so proud of myself that I would do it again and again. It 's really hard to say what happened next.

Wei Yue Wu stood opposite her, did not miss the trace of jealousy and disdain under Wei Qiuju's eyes, and her lips were slightly tickled. For the ladies in Huayang Houfu, she was always an outsider, of course, not just these A lady, from the beginning of Mrs. Tai, has not regarded herself as one of the real Huayang Houfu.

"It was given to me by my grandmother. There are a lot of them. If the five sisters don't disapprove, they will pick two for a while." Wei Yuewu smiled slightly. This is still the jewelry Mrs. Tai sent last night.

"Really, that's great, then I'm welcome." Wei Qiuju heard Wei Yuewu and wanted to give her Mrs. Tai's jewelry to herself. The smile on her face increased, and she was immediately affectionate. Hooking Wei Yuewu's arm hot, her smile greasy.

The banquet was placed in the garden, leaning on this side of the lake, it was not suitable for the winter, but Miss Shijia asked for elegance, so the shady side of the lakeside was completely covered with curtains, and there were several pavilions. It's the same. There are many young ladies who come here, but Wei Yuewu doesn't know any of them, so she sits at a pavilion on the far side, enjoys the scenery, and listens to people chatting.

"Sister Six, come here." Wei Qiuju came from a pavilion in front, beckoned her, and motioned for her to pass.

Wei Yuewu smiled and shook her head: "Sister Five, go and play, I will sit here."

"How can you not come? Everyone hears that you are Miss Liu of Houyang Houfu. They are all curious. Let's meet together." Wei Qiuju said with a smile.

Wei Yuewu's eyes flickered on Wei Qiuju's face. It seemed to think about it, but she shook her head: "Five sisters, my illness is not good yet. I may not be able to support it. I will go back first."

"Since you have to go back first, you have to meet the guests first. It is always the first time that you are the host to entertain the guests. But you can't go first. Let's go. After seeing it, if you are really bad, just go back first." Wei Qiuju laughed more and more sweetly, came over and took Wei Yuewu's hand.

The look of Wei Yuewu couldn't pass.

"Several ladies over there are distinguished, and Sister Six should support it." After speaking, she lowered her voice and reminded Wei Yue of the dance with a touch of affection.

The direction she pointed to happened to be at the lakeside pavilion, and the water pavilion passed in. The innermost one was the lakeside pavilion. Wei Yan was talking with several ladies there at the time. Wei Qiuju said that she had a distinguished identity. It should be those young ladies.

Having said that, Wei Yuewu was no longer able to quit, and she had to stand up and be pulled in by Wei Qiuju, her eyes slightly lowered, and in a place where Wei Qiuju could not see, it was cold and Wei Qiuju

You could not have visited this muddy water, but if you want to hurt me with Wei Yan, don't blame me for being cruel ...

Jin Ling followed closely with vigilance.

"This is the six lady in your house? It looks so thin. Is there really nothing to eat in this kind of country? How can you keep people so small?" I only heard one when I was in the pavilion. A bit of sharp voice came, and seeing that she and Wei Yan had a similarly beautiful face, Wei Yuewu knew that this should be Li's family.

As soon as I got up, I started to attack myself, tell me what came from the countryside, and tell others that I was a country girl who had never seen the world.

As soon as Shuimu raised her eyes, she looked with a bit of cold smile, and looked at the beautifully dressed Miss Shijia: "I do n't know if there is anything to eat in the countryside, but my grandmother kept raising me in the boudoir. Is there so much delicious food in the capital? "

Wei Yuewu looked up and down the lady of the Li clan with a slight tick on her lips, her smile was clear and beautiful, but she didn't see the slightest sign of shrinking.

Coincidentally, this lady was very round and slick, and was ironed by Wei Yue Wu, and then she saw the smile on the other people's faces, and the whole face became red immediately. Can't say anything.

Ms. Shijia is all about slimness, and she is actually fat like her.

"You ... is the talented and unsophisticated lady of Huayang Houfu?" The young ladies here are actually Wei Yan's girlfriends. Before hearing Wei Yan's story about yesterday, it was all her. No one likes this designed by the six sisters. At this time, a young lady stood up and looked at Weiyuewu with disdainful eyes.

The so-called banquet, your home today, and my home tomorrow, is actually a matter of such a ladylike circle, even a few people around the world have been changing. However, the core ones have always been so few. Wei Yan's status and status certainly determine that she is also one of the core ones.

"I am indeed the incompetent lady of Huayang Houfu. Seeing the beauty of this lady, I really feel that the rumors are true and feel ashamed." Wei Yuewu smiled fluently. Road, long eyes blinked, delicate eyebrows under the bright reflection, beautiful.

This color isn't even shameless, so who is speaking across? It looked pretty beautiful at first, but what did the lady who was a little bit inferior at this time think? The so-called ingenuity is not known, but this appearance is indeed a rumor.

So beautiful, but she said she was shameless? On the other hand, the talking lady, at this time, the entire neck of Ji Yi was red. Everyone could see that her appearance was completely inferior to Wei Yuewu.

"Miss Wei Liu has really sharp teeth."

"Miss Wei Liu has read boudoir training, women?" The two next to Wei Yan seemed to have opened their mouths as if they were sisters of their compatriots, with a slight disdain on Wei Yuewu. .

"Read it a little." Wei Yuewu stood still, her lips slightly hooked, her gaze passed through Wei Yan, and she landed on a girl ring leaning quietly towards her.

This girl ring, which had been standing behind Wei Yan before, was covered by a curtain, and she could not see what was in her hand, but it would slowly move forward, and Wei Yuewu found out that she was holding a Fruit pots, or not just fruit pots, because there is more than just fruit in them, but also a lamp.

Chapter 59: Try your best

"Well, don't say anything vindictive, Sister Six is here. I will introduce you to these young ladies." Wei Yan actually smiled, and came over to stretch out the sleeves of Wei Yue. , A pair of mustaches.

The attitude of the people makes people feel that Wei Jia sisters are actually very good.

We never thought that Wei Yan, who was always irritable, would do so in front of people. Wei Yue Wu sneered in his heart. No wonder Wei Yan had a good reputation before. Li's operation was half, and Wei Yan's performance in front of people also had half of the reasons.

"Six sisters, let's go together. It's a rare opportunity to meet so many young ladies. Once in a lifetime, second mature. These young ladies also listened to rumors and misunderstood six sisters." Wei Qiuju still stood by her. On the other side, holding her other hand.

The current situation is that Wei Yuewu 's left hand is held by Wei Qiuju, and her right arm is pulled by Wei Yan, and both are taller than her. The thinnest she is sandwiched between the two, almost Was taken to the pavilion.

Jin Ling was about to step forward to hold Wei Yue Wu, but was stopped by the sight of Wei Yue Wu silently.

So, he just walked two steps tightly, followed closely behind Weiyuewu, placed his hand around him, clenched slightly, and was ready to release.

When I saw the sisters of the Wei family, it was of course inconvenient for the young ladies to say anything. Although it was Wei Yan's injustice, she looked down on Wei Yue Wu, but at least the number of courtesies on the bright side was not small. It can't really be noisy.

However, I do n't like Wei Yue Wu. It 's for sure. When I saw her, the ladies gave up silently, expressing dislike of Wei Yue Wu, so in that direction, Wei Yan and Wei Qiuju were left. He Weiyue danced.

The two people standing on each side glanced at each other silently, winking at each other, each showing a bit of pride.

Coincidentally, the girl ring holding the fruit and the lantern just happened to be behind Wei Yue Wu, and didn't know what was hit, or if she slipped under her feet, and she stumbled, she just fell like this.

The mellow fruit rolled out, and several young ladies hurried back, afraid of stepping and falling, and the lamp fell down. The lamp oil immediately fell on the ground under Wei Yuewu's feet. Individuals work hard together, taking advantage of the slickness of the lamp to push Wei Yuewu forward ...

There was a splash of "thump", all surrounded by screams of fright.

Although there are curtain tents outside the pavilion, at this time, because people rushed out, the veiled curtains hanged to the ground, and it is even more alarming that the railings on the periphery of the pavilion actually broke, and people flew out of this gap , Fell directly into the lake.

Wei Yan pulled the sleeves of her hands, the unstoppable hateful smile on her face, but fortunately there was a last point of reason, she made a panic and pulled the sleeves of her hands: "Five sisters, six sisters fell, Hurry ... call people! "

A figure pounced on the water, and a figure suddenly jumped into the lake on the other side, and quickly swam toward the person who plopped in the lake.

"Second sister, you hurt me." The cold voice in my ear sounded.

The smile on Wei Yan's face froze. It was almost difficult to turn her head and look at Wei Yue Wu in front of her eyes. She stared at her with wide eyes and almost couldn't believe looking at her: "You ... you, Then ... who is that ... "

She jumped up, stretched out her hand and pointed in the lake, asking in panic.

"Sister Er, please call someone to rescue sister five. Your girl ring didn't have a good lamp and knocked sister five down." Wei Yuewu said anxiously.

"I ... not ..." Wei Yan was really blinded. She looked at the figure fluttering in the water, and then looked at Wei Yue Wu. For a moment, she felt pale in her head, nothing, and shook her hand. I didn't know what to do next.

"Second sister, what are you still supporting? Let's get someone to save five sisters, but it won't be too late." Wei Yuewu's gaze looked at the lake, and she caught the rapid rush to Wei Qiuju. With a silent sneer on the corners of his lips.

"Quick, save Wumei, go save Wumei." Wei Yan also woke up at this time and screamed loudly.

There were a few rough-skinned women who could understand the water, but also rushed into the water, but it was much slower than the previous figure. That was a man. At this time, he was already in the water, holding Wei Qiuju in his arms. Hold tightly, even if a few women came to help later, he did not let go.

Several people swam together and were pulled up by someone on the side.

In the winter, everyone shivered coldly, but the man still held Wei Qiuju tightly. A mother-in-law tried to tear people apart, but he heard him yelling, "You let go of your dancing sister Don't touch her ... "

Before he finished speaking, he was pressed by Jin Ling to the ground, and pressed by a dog. He was speechless.

"Sister Mai, who is it?" Someone whispered.

"Isn't Miss Wei Liu dancing in the name?" Someone pointed at Wei Yue.

The crowd looked at Wei Yuewu for a moment, and for a moment did not understand what it meant.

Wei Yue Wu's eyes fluttered, her eyes turned coldly, carefully avoiding the place where the oil fell, and came to Wei Qiuju and the man.

A young man who looks like he is about twenty years old, the first impression is that it is a bit rustic, as if he is coming from the countryside.

He motioned for Jin Ling to pull up the person slightly, and Wei Yue Wu took two steps forward and stood in front of that person.

As soon as the man was pulled up, he shouted aloud, "Did you bully the sister Wu? It must be true. When the sister Mai was in the country before, she was kind and said she would marry me later ..."

"Hit!" Wei Yuewu said coldly.

Jin Ling was hating this man for tainting Weiyuewu. According to him, they were two severe slaps, and he immediately beat the young man.

"Say, who are you?" Wei Yuewu said coldly.

"I ... I'm a good friend of my sister. I heard she returned to Huayang Houfu. I came here to find her, and when I came in, I saw her fall into the lake. You are too much." The man is a cricket, of course at this time, gritted his teeth, pretending to be foolish and stupid, indicating that he had come to Weiyuewu.

"It was six sisters ..." Wei Yan also responded at this time, pressing the joy of her heart loudly.

"Shut up!" Wei Yue danced sharply.

"Presumptuous, I'm the second lady of Houfu in Huayang." Wei Yan was stunned and angered immediately, loudly.

"I'm still the third lady of Houyang Houfu House!" Wei Yuewu smiled coldly, and her eyes were more vigorous.

When Di Di heard what was in front of her, it was actually Miss Two and Miss Three of Huayang Houfu House, and she immediately burst into joy and shouted out loudly: "The two ladies please give the young master, my sister and I are really in love with each other. If the dancing sister does not return to Beijing, she will definitely marry me. Please help us. "

For a time, the original jubilant scene calmed down strangely, and everyone's eyes fell on Wei Yuewu's face, and they looked at the young man on the ground again, speechless for a moment.

"You and Six Sisters are in love with each other?" Wei Yuewu said in a cold voice, crouched down, and brushed off the hair that fell on his face for Wei Qiuju on the side. "You can see clearly, is this right? Your dancing sister? "

"Yes, of course, my sister and I are in a relationship, and we have a close relationship with each other. If it wasn't for your Hou Fu to pick up people, it would be great to take a nap, I would not be separated from my sister, my sister, This is my younger sister, let 's not touch her.

He was originally a rogue between marketplaces, but his appearance was loyal and very deceptive.

"That's great, you can see clearly." Wei Yuewu whispered again, "Who is the sister you said?"

"You have to see it clearly, and you are wrong." Wei Yan couldn't help nervously, and hurriedly said something.

"Second sister, this situation is very weird. The relationship in it, presumably the second sister also wants to know clearly, then the second sister can be optimistic. If someone who disturbs me appears, there is no need to talk about it directly. "Wei Yuewu raised her moving water eyes and looked at Wei Yan coldly.

The black and white beautiful eyes seemed to penetrate the human heart, with a cold bloodthirsty atmosphere, Wei Yan could not help avoiding it.

But I would not dare to talk anymore. I just hope that the sister-in-law can recognize it. This one is Wei Yue Wu.

"I didn't read it wrong. She is my dancing sister. Even if she turns to ashes, I won't admit it." Xunzi saw the two ladies in front of her and yelled quickly.

"What does she have?" Wei Yuewu asked.

"She ... she ..." Xunzi bowed her head and saw a small scar at the corner of Wei Qiuju's right eyebrow. She pointed at it immediately. "Here, she has a scar here. When I was young, I She accidentally shoved her, and her head hit the edge of the tree before falling, and we got married for that. "

At this time, Xunzi just wanted to get everyone's approval, where else could he take care of, and he only climbed up from the water. In order to show the truth, this would be cold and embarrassing, and he did not find any abnormal reactions from the people around him.

"Don't you think my second sister and her are very similar to her?" Wei Yuewu said coldly, pointing to herself and Wei Yan.

In fact, the two people are not like each other, but in this case, come here, too, so as to avoid the **** in front of me for a while, arguing that he has mistakenly recognized someone.

Xunzi didn't know she knew the wrong person at this time, in order to increase the credibility of the matter, of course, she shook her head constantly: "You are not, how could it be, she is my dancer, neither of you."

Looking at the situation in front of her, Wei Yuewu turned her head, and everyone smiled coldly, especially Mei Mei who followed her deliberately: "Is Mrs. Tai coming?"

Mrs. Tai should be here when Mei Yan reports. She is not afraid of Mrs. Tai now, but she is too late ...

Chapter 60: Gap, accident or murder

"Come ... come?" Frightened by Wei Yuewu's indifferent power, Mei Ai answered subconsciously, in fact, it was indeed that she would send someone to find Mrs. Tai when something happened. , Should be on the way.

In fact, things have been very simple, everyone can see clearly, the person in front of him is not someone who is Miss Wei Liu, it is clear that someone intentionally framed Miss Liu Liu, and then look at Wei Wuliu held in his arms. Sister, everyone just thinks that Huayang Houfu is really unfavorable.

As soon as Miss Wei Er had an accident, the Miss Wei Wu went on to go wrong.

"Put down this man first and rescue Miss Five. This man has a vicious heart so that his grandmother must not spare it, or he will be sent to the government!" Wei Yuewu said lightly.

"Yes, yes, the old slave knows." Mei Xuan did not dare to look at the pair of Weiyue Wu, as if she could see through the eyes of the people, and she lowered her head. It makes people dare not look straight.

A few mother-in-laws came over to take the mouth of the sister-in-law to cover it with a papa, and then pulled the sister-in-law and Wei Qiuju apart. Wei Qiuju had passed out at this time.

When he heard that he was going to the government house, the sister-in-law was really anxious. If he went to the government house, he would not be able to please him, and his identity was not from the countryside with Weiyuewu. I don't know where it came from, but I patted a woman's hand, swooped, fell back into the water, and hurried to swim in the other direction of the lake.

That direction was exactly the direction he swam over before.

Because it was an escape, the sister-in-law swims very fast. A few women who have been in the water before, you look at me, I look at you, but none of them have caught up, one by one, trying to rescue Wei Qiuju.

Seeing Xunzi flee, Wei Yan could not help but breathe a sigh of relief, even a slight smile on her face, but the next moment, the smile was stiff on the face.

"Miss, come and see, the pavilion's railing was not broken, but was sawed off by someone holding something. Look at the break. It's so flat." Jin Ling pointed at the pavilion's railing that had been broken, loudly. Yelled, Li time attracted everyone's attention.

The smooth cut, even if everyone is a family lady, don't understand these, but at this time, they can see clearly, how this thing looks so strange, it is clear that someone has intentionally framed this Miss Wei Liu, reminiscing before The lady Wei Er talked about the annoyance of Miss Wei Liu, everyone took a step back together.

Anyone who causes this kind of trouble is in trouble. Even if Wei Yan is a close friend in the boudoir, she doesn't dare to do anything at this time.

The fallen ring was Wei Yan. At the time, it was Wei Yan who pulled the person. When she fell, Wei Yan thought it was Miss Wei Liu. Later, the man also expressed his affection with Miss Wei Liu, but actually

He didn't recognize Miss Wei Liu at all, and all kinds of phylogenetic shows that how could this be a simple accident!

Wei Yan's face was as pale as snow, and she was almost horrified staring at the cut on the other side. She was just knocking loose, how could it be sawn off. The wife knew what she was doing.

"Second sister, who made the railing break?" Wei Yuewu's eyes fell on Mrs. Tai, who hurried over, with a slight taunt, and spit out softly, "Second sister, me and Jingyuan Hou's marriage is not counted. I'm not in the way, your way."

The sound is soft but clear.

There were too many accidents, which made Wei Yan unable to bear for a while. Wei Qiuju's accidental falling into the water, the rescuer's crickets fled, and then saw the saw marks in the pavilion here. Repeated accidents, the whole was stunned, the whole person was in a state of high tension.

When asked about Wei Yuewu's words, it was almost a conditioned reflex.

"It wasn't me who saw it, I let it ..." With that said, Wei Yan also awakened, but when she saw the scornful eyes of everyone in front of her, the whole person was pale and stiff.

Mrs. Tai, who hurried over, also happened to hear such a word, and she was too late to lame: "Come, take Miss Two down, she is scared by magic."

In this case, Mrs. Tai wanted to hide and couldn't hide it. The words were spoken by Wei Yan, and the people who heard it were not just a few in the government. , But some things can not help but especially a few close to Wei Yan and Wei Yue Wu.

They heard the words "Jingyuanhou" clearly. Today's situation is very obvious. Someone is deliberately injuring Weiyuewu, but they can't guess who it is for a while, but just ask him , Wei Yan said a half sentence, and a subtle look.

It is enough to make these non-stupid young ladies clear that what is in front of them must be inseparable from this lady Wei Er, and it is also related to the Jingyuan prince.

The marriage between Jingyuanhou and Weiyuewu has actually been ignored because of the reputation of Weiyuewu, but in any case, this Jingyuanhou has always been deeply affectionate and very much appreciated by people in Beijing. Many ladies said that Jingyuanhou was their ideal son-in-law.

And now, what did they hear? Between this Jingyuan hou and Miss Wei Er, it seems that it is not so clean. Miss Wei Er actually fancied her sister's fiance, and in this way, she was trying to destroy Miss Wei Liu. Her heart is humble, not only vicious Can describe it.

Huayang Houfu's banquet finally broke up, and there were some rumors about Wei Yan and Mo Huating.

Rumors between Wei Yan and the young lady in the house were still there. At this time, new rumors came out. The most lively thing in the whole city was the second lady of Huayang Houfu. The good reputation in the past was as early as They were destroyed in one accident after another.

The banquet in Huayang Houfu had to be ended in advance. Ms. Er said it was a magic disease. Ms. Si went to the temple to pray for Mrs. Tai. Ms. Wu fell into the river and pulled up and passed out. Holding it for so long, of course, this festival is also a loss. As for Miss Liu, she was attending for the first time, and how she saw this matter had nothing to do with her.

Where can this party continue.

"You said, what the **** is going on?" Mrs. Tai frosted under her eyes, and looked coldly at Wei Yan kneeling in front of her, disappointed.

For Wei Yan, because of her extraordinary looks, she has always placed high hopes, but she did not expect that she actually looked after Jingyuan Hou, but she was just a grandfather, and in Mrs. Tai's heart, it was far away. not enough.....

"Grandma, grandma, it's really not me. I didn't want to kill Sister Six, my girl ring, and I didn't know what happened. I accidentally fell down, really, grandma, I ... I ... I know why this is so. "Wei Yan was completely awake at this time, holding Mrs. Tai's leg, crying tears.

Weiyuewu stood silently, with long eyelashes falling down, like two winged wings that fell down and rested. No one saw the coldness in her eyes.

It's already obvious, but Mrs. Tai is still guarding Wei Yan here. It sounds like she is being punished, but she is like this, but there is still no specific punishment. Mrs. Tai's heart is really long-term. It's all gone. Is this going to be punished a little more twice to take it through?

"You ... what did you tell me to say, if it wasn't for your father who only has a daughter for you right now, this time, I ... would let you hold you for life." Mrs Tai hated her voice, and her forehead was angry. The fork head was violently violent.

"Grandmother, grandmother, I must be careful next time, I won't make such a mistake again. It's really my fault that the five sisters fell into the water, but that railing really has nothing to do with me, the curtain at the railing pavilion, It was still checked by Sister Six, and I don't know why Sister Six didn't check it out. It has cracked on it. "

Wei Yan reached out and pointed at Yueyue Wu, hiding the hatred of her eyes. She was not blindly stupid. She had designed Weiyuewu to check the pavilion herself. If Weiyuewu still has trouble, only Can't blame her for being careless.

When Xun just came all the way, Xu Yan had already secretly conveyed his mother's meaning. He heard that the sister-in-law had escaped. Since he escaped, that is, there is no proof of death. As for Wei Qiuju's fall, it can be said that Yue Wu did not check herself before such an accident happened.

"Dancing girl, is this true?" Mrs. Tai froze, looking at Weiyue Wu with a sharp voice.

"Grandmother." Wei Yuewu stepped out and saluted Mrs. Tai without any hassle. She had long guessed that Mrs. Tai would find herself after all, "It was indeed the second sister who asked me to do this, but I was in Qing The Netherlands did not see anyone coming, let me check it. I thought I was here. The supervisors in the house may not fully recognize me, so I did n't care. I could n't come, so I punished some supervisors. Come on! "

"Sister Six, how could nobody tell you, there must be someone, you don't believe it, you can let people check it." Wei Yan had the words of Li's secret advice before, very confident.

Those few stewards, Wei Yan believed that her mother must have arranged for herself, and she even gave birth to the idea that the thief had stolen it on Wei Yuewu.

"Dance girl, if you tell the truth, you really don't know, or you're afraid to take care of things, and don't tell it intentionally." Mrs. Tai looked at Wei Yue in a serious manner.

Wei Yuewu sneered heartily. Is this wife too hard to admit it? I thought that if I bought a few supervisors, I would surely recognize it, and I would have used only three rings around me.

However, it came at exactly the same time. Originally, I still wanted to think about Mei Mei's things. Since Mrs. Tai pushed things to herself, it was unnecessary.

"Mei Ye, do you know what those stewards came to our yard?" Wei Yuewu turned her head in surprise, and asked Mei Yi, who was on the side, "I was sick at the time. You're busy serving me. Everything in the yard is yours. When they came to report to me, did n't you let them in? "

Today she asked Mei Yan to think clearly who is her master!
