

Young Lady 581

Chapter 581 This one, is it a man?

Wei Ziyang hurriedly left towards the outer courtyard, but was stopped on the way by Wei Yuejiao.

“Big brother, so soon back, where are you in such a hurry?” Wei Yue Duo daintily reached out to stop Wei Ziyang smiling, the two of them grew up together at the border in the past, and they are more like brother and sister on weekdays, compared to Wei Yan who has blood kinship, it is actually more like a real brother and sister.

“There are still some things to take care of outside.” Wei Ziyang laughed.

“It’s this time of the day what else to deal with!” Wei Yuejiao pouted, looking up at the sky, “Big brother, please can you do something?”

“What is it?” Wei Ziyang asked.

“Cousin Li came to the house, but the people in the house she is not familiar with, big brother if sometimes can you accompany her to talk more.” Wei Yuejiao a face of sadness, sighed, “big brother also know, originally I can also go to accompany, but father there ... recently not too like me, I dare not line half a step wrong.”

Wei Yuejiao’s eyes reddened when she said this, Wei Ziyang sighed helplessly, he was certainly clear about Wei Yuejiao’s situation.

What he didn’t understand was why Aunt Winter’s mind was so malicious now, actually wanting to harm Wei Yuewu, when he was at the border, Aunt Winter, no matter if she was a person or a person who handled things, Wei Zi Yang thought it was good, and there was even a great man’s demeanor, no matter which way it looked, it looked like the rightful wife.

But I didn’t realize that she was actually traveling poorly to this point now.

But he can’t do anything about the current situation, everything is Aunt Winter’s own fault.

"Great Uncle really has no intention of releasing Aunt Dong?" In his heart, he thought so, but asked anyway, no matter what Wei Yuejiao's birth mother was Aunt Dong.

"Father is really furious this time, he wants to lock Auntie up for the rest of her life, not even caring about the little brother in Auntie's belly." Wei Yuejiao glumly lowered her head and stepped on the ground a few times with her feet, "Big brother, can sixth sister really not forgive auntie? Auntie would really think that Sixth Sister was faking that time, that's why she said those angry words, she didn't really want to deal with Sixth Sister."

In fact, Wei Ziyang was not very clear about what happened that day, there were rumors that Aunt Dong was bent on getting Wei Yuewu killed, there were also rumors that it was a misunderstanding, but this kind of thing, he also knew that it wasn't for him to intervene, and in his heart he was more willing to believe in Wei Yuewu, this cousin, who although she didn't grow up together, inexplicably gave him a feeling of recognition.

"This matter ... is always the eldest uncle's decision, the third sister, if you are not assured, just go to the eldest uncle more to talk about it is!" Wei Ziyang vaguely said, this kind of thing he really did not dare to resist down.

Although his eldest uncle was not his real father, he was a strict father in his heart.

How could he, a son and nephew, be in charge of the affairs of his eldest uncle's backyard.

"But father ... is not too willing to see me now, even if I go over, he will leave me hanging outside." Wei Yuejiao said more and more aggrieved, taking a handkerchief to wipe her tears.

"This ..." Wei Ziyang didn't know how to comfort Wei Yuejiao, and could only stand speechless with frequent embarrassment.

"Big brother, can you help me to persuade the father, and then how to say look at the aunt is pregnant with a little brother on the part of ... all ... can not let the aunt a person forbidden in that corner, this house underlings are to see people under the dish, now On the aunt's side is also more and more harsh, the day I went to see, that dish is actually even the underlings do not want to eat ..."

Wei Yuejiao whimpered and cried as she spoke, but her body was still blocking Wei Ziyang's path, as if she would not leave if Wei Ziyang did not let her go.

"This ... well!" Wei Ziyang said helplessly, "I'll go now!"

"Many thanks big brother, big brother the thing you asked sixth sister to help before, did it come true?" Wei Yuejiao's tears also collected quickly, after wiping them clean, she asked with concern, "The situation on the second aunt's side isn't too good either!"

It was Wei Yuejiao who had previously hinted at Wei Ziyang to ask Wei Yuewu for help.

"Sixth sister has agreed!" Wei Ziyang nodded, "You should go to the eldest uncle in a while!"

"That's good, then big brother quickly go to father's place to help my aunt beg for mercy!" Hearing that Wei Yuewu would indeed come over in a while, the smile on Wei Yue Jiao's face slowly pushed away, and with a flash of her feet, she made way.

That was good, everything was traveling according to the plan that he and Li Yue'er had made!

Wei Ziyang nodded and said no more, turning a direction toward Wei Lovin's study ...

"You can come out now!" After Wei Ziyang left, Wei Yuejiao rushed behind her and beckoned, and a man's figure suddenly appeared behind the tree.

"Going over there now?" The man lowered his voice.

"Yes, right at that intersection, over there is the necessary intersection, the necessary intersection from the bitchy girl's that Qing He Yuan, you guard there." Wei Yuejiao said.

“Then let’s go over quickly, that bitchy girl has always been cunning, don’t let her find out anything.” The man said in a low voice, first turning in a different direction, taking the road in the same direction as Wei Ziyang, and was actually extremely familiar with the inner courtyard of the Huayang Marquis’ residence.

“Won’t happen, she still has to do at least a while before coming, we totally sometimes set up.” Wei Yue Jiao laughed, but her feet also did not stop, she had not suffered many losses in the hands of Wei Yuewu, this would even if her heart was very sure, but also did not dare to really take big.

Let Wei Ziyang take the opportunity to walk with Wei Yuewu and beg Wei Yuewu to go and plead with Li, and when it is confirmed that Wei Yuewu will go and plead, she will set it up this time.

In the meantime or also need some time to arrange, Wei Yuewu is not always win weak it, this kind of day is bound to go back to add some clothes, moreover, she sort of did not expect, he sent people also do remind.

Wei Yuewu’s footsteps hurriedly headed towards Wei Lovin’s study in the outer courtyard, turned a corner, and suddenly stopped, her watery eyes falling on top of the two silhouettes not too far in front of her.

Wei Yuejiao and a man? From this angle of hers, she could only see the good man with his head slightly lowered, and could not see his face.

“Sheriff Lord, this?” Golden Bell also stood beside her and froze when she saw the situation in front of her.

Wei Yuejiao is about to enter the Fourth Prince’s mansion, this will be a private meeting with a man?

“Wait!” Wei Yuewu shook her hand.

This turn of the road for them was actually a very deserted place, but from Qing He Yuan to the study outside, this was the way to go, and there were some trees and low bushes on both sides, coupled with the darkness of the sky, even if they hid a person, they wouldn’t be noticed.

But what was Wei Yuejiao doing here with a man at this time? This place was still a distance away from Wei Yuejiao's courtyard, so even if there was really something going on, it would be impossible to come to such a faraway place for a private meeting.

A chill of confusion slipped at the watery eyes, this was really getting interesting.

The man over there ducked behind a tree around the corner, which was so large that it almost hid her from view, and with some bushes around her feet, it was impossible to see him again from the outside.

"Sheriff, what does Third Miss want?" The more Jin Ling looked puzzled, suddenly she thought of something, "Does Third Miss know that we are coming from here, and purposely have this man guarding this place to ruin Miss's reputation?"

Wei Yuewu's eyes slightly converged as she looked at that one spot, her gaze landed on Wei Yue Jiao's body, her heart suddenly stirred, that man looked a little shorter than Wei Yue Jiao seemed to be.

When the two people stood together and spoke before, the height of the two people was clearly reflected in Wei Yuewu's eyes, was that really a man?

The sky is more and more gloomy, has sporadically begun to rain a little rain, rain is not big, but the original winter rain than the previous day more cold a few points.

Wei Yuewu brought Jinling to the side to take shelter under a tree, and did not strike up the umbrella in Jinling's hand.

Wei Yuejiao again over there and people say a few words, and then looked around, quietly leave, but not far away, seems to be not far from the corner, and not only one person, corner over Wei Yuejiao also saw a piece of clothing show through, looks like the mansion's maid's clothing.

"Wait!" Wei Yuewu looked at the sky again and didn't move a step.

"Yes!" Although Golden Bell wanted to hold up her umbrella, she looked at the environment at hand and still stood motionless, not moving anywhere.

Not long after, the sound of hurried footsteps came from behind, and several figures were seen suddenly appearing on the road, all holding umbrellas, and could not clearly see who they were, but Wei Yuewu saw Shu Fei on one side, and nodded her head at Jin Ling.

Goldbell was busy taking two steps forward, standing slightly out of the way and waving at the approaching Shufei.

Shu Fei came over with Nanny Hong, this time he saw Jin Ling beckoning under the tree by the roadside, and also saw Wei Yuewu, he busily said to Nanny Hong in the umbrella, "Nanny Hong, our young lady is there."

"Go, go over and take a look!" Nanny Hong nodded her head, Wei Yue-mai's current status was unusual, for her summoning, of course she couldn't treat it as unusual, so even though it was raining, she hurried over.

"County Mistress, is there something wrong?" Nanny Hong came closer, respectfully bowed, and asked.

"Grandma Hong, Big Brother asked me to ask Father to persuade Second Uncle about Second Auntie, but I'm afraid Father won't agree, so I asked Grandma Hong to help!" Wei Yuewu said rather embarrassed.

For Wei Luowu and Li's matter, Grandma Hong but know some, this will face sink, this kind of thing is really not Wei Yuewu can intervene.

"Sheriff Master, this kind of elder's matter, you'd better stay out of it, once the slave girl goes back to report back to the dowager lady, it's better to let the dowager lady take care of this matter!" Nanny Hong vaguely advised.

"This ... I have promised big brother! And father will probably be waiting for me over at the study this time as well!" Wei Yuewu hesitantly said.

"Sheriff, slave girl will run a trip for you, it's better for Sheriff not to get involved in this kind of matter!" Nanny Hong thought about it and said.

"This ... that would trouble Nanny Hong!" Wei Yuewu said as if she was relieved, "It's really that as soon as big brother says it again, it's actually not very good indeed for me to be in charge of this kind of thing!"

"Sheriff Master, it's a bad day, you go back first, the old slave will run to the outer courtyard study!" Nanny Hong bought a personal favor to Wei Yuewu.

"Then I'll be grateful to Nanny Hong." Wei Yuewu laughed and said to the little maid who was playing the umbrella on the side, "Make the umbrella for Nanny Hong's umbrella tighter, but don't drench Nanny Hong."

"Yes!" The little maid immediately answered.

For this attitude of Wei Yuewu, Nanny Hong felt satisfied, and at that moment, she smiled and excused herself to Wei Yuewu, taking a few maids and grannies by her side and rushing towards the outer courtyard.

This side of the movement, that side has long heard, and also heard Wei Yuewu voice, but because Wei Yuewu words low point, not too clear to hear, but this will hear footsteps over ...

Chapter 582 Sixth Sister, what have you done?

The rain was heavy and there was a wind, the maid was afraid that the rain would rain on Nanny Hong, so she purposely tilted the umbrella a bit, and most of it was close to Nanny Hong's side.

Huayang Marquis House people all know that Nanny Hong is the heart of the Dowager Countess, sometimes the Marquis said the words of the Dowager Countess is not necessarily listen to, but Nanny Hong said the words of the Dowager Countess is sure to listen to, so a solid figure, of course, the maiden did not dare to be negligent, and so more and more careful, the umbrella will be the Nanny Hong most of the blocked, leaving only a small bit of the fall on their own body.

Although the rain is not big, but the wind is very strong, a few people so hurriedly, to get to the turn of the place, the front of the tree behind the suddenly pounced out of a person, a hand reached over to

pull was covered by a tightly covered Nanny Hong's clothes, and also a hand with a man's robe, the umbrella of the maids jumped in fear, involuntarily screamed, subconsciously pushed out of the way.

Only to hear an ouch, the umbrella crashed out, pocketing the one in front of him, and the crowd only saw a picture of the man's robe sleeve.

Not far behind them, Wei Yuewu and Jin Ling were busy walking over quickly.

And on the other side of the corner, Wei Yuejiao was overjoyed and also walked out with a few maids and grannies.

"Where did the man come from that dares to be so reckless." Another maid angrily rebuked.

Nanny Hong was really frightened, this will be shocked to look at the person inside the umbrella, because the umbrella pocketed the wind blowing there, for a moment can not really see who it is.

But it was a woman's voice that could be heard inside, constantly shouting out in pain.

"Nanny Hong, are you alright?" Wei Yuewu came over with quick steps, and Jinling was behind her with an umbrella.

"I'm fine." Nanny Hong's face was gloomy as she looked at the person in front of her, her brows tightly furrowed, she was also a person who was old and sophisticated, this matter in front of her was a bit mysterious in every way.

"Sixth sister, what have you done?" Around the corner turned Wei Yuejiao's angry and hurried voice.

The crowd looked up and saw Wei Yuejiao bring over a few maids and grannies.

Seeing Nanny Hong's people are also in, Wei Yuejiao is also a stunned, but then both happy, they are afraid that things are not big here, since Nanny Hong are here, this is not a big thing can not be, that is not just as their own intention.

“What have I ... done?” Wei Yuewu turned around, looked at Wei Yue Jiao, and said with a slight smile.

“You ... you ... you are actually so vicious, you ...” Wei Yuejiao’s face turned white with anger, her finger pointing at Wei Yuejiao, with a look of being so angry that she couldn’t even speak clearly.

One of the maids who followed her over hurriedly lifted the umbrella, hugged the man under the umbrella, and cried loudly, “Miss ... Miss, how are you? Are you okay?”

Miss? Everyone on Nanny Hong’s side was shocked, the person who fell to the ground in front of her was clearly dressed as a man, so how could she be a young lady?

Nanny Hong’s face sank cold and looked at Wei Yuejiao but did not speak.

“Sixth sister, even though you and Cousin Li have some entanglements, but after all has passed through, and that thing not only did not have an impact on you, but also let you become the county princess, really counting, or you got the advantage, on the contrary, Cousin Li was harmed by you have no face to see people, almost killed themselves.”

Wei Yuejiao exasperatedly glared at Wei Yuewu and said loudly.

Wei Yuewu narrowed her eyes slightly, looked askance at the silhouette on one side, and said indifferently, “So, this person is the poor cousin Li you speak of? And yet, why would she appear here and be dressed like this?”

“Sixth sister, don’t pretend you don’t know, of course she is Cousin Li, don’t say in the past so careful you will not see that she is a woman, Cousin Li dressed like this, is to coax Auntie two happy, Auntie two before in the Li House, big brother and no time to go to the Li House, Auntie two want to think of big brother want to can’t, Cousin looks like big brother, a few minutes, wear a men’s clothes, coax Auntie two happy, so is it I’m sorry, but I’m not sure if I’m wrong.

Wei Yuejiao said aggressively.

"But ... what does this have to do with me? What's she pouncing out for?" Wei Yuewu raised an eyebrow.

"Sixth sister, because of what happened in the palace, Cousin Li has been guilty to you, this must be to see you excited, want to talk things out with you, but what have you done ... you ... you... ... "Wei Yue petulantly turned around and pulled Li Yue'er, who had only just been helped up by her maid, over.

One of Li Yue'er's hands tightly covered her face, but even so, it still allowed people to see the two traces of blood hanging down the side of her cheek.

"The injury on Miss Li's face was caused by Fang?" Wei Yuewu's brows furrowed tightly.

"Sixth sister, I know that your status is honorable now, and I also know that you are much more honorable than all the other young ladies in our mansion, but even so, you can't go out and disfigure Cousin Li's face ah, you ... you like this, so that Auntie Two has no face to go back to the Li Mansion again? You ... you let us Hua Yang Marquis House how to explain to Li House!"

Wei Yuejiao said more and more excited, after finishing, immediately turned to Grandma Hong, "Grandma Hong, you are also here just right, you also saw the sixth sister to the Li cousin hit disfigurement, even if it is the sixth sister of the unintentional, this knocked the person into this way, we Huayang Marquis House to how to mention to the Li House of this matter!"

Grandma Hong's face became more and more gloomy, looking at Wei Yuejiao and then at Li Yue'er, her lips pursed tightly but she did not speak.

"Who let her wear such a dress and be sneaky!" Wei Yuewu faintly picked up the words.

"What do you mean by sneaky, it's obvious that Cousin Li came over to apologize to you, while you had malicious intentions and deliberately pretended that you didn't see it, purposely causing Cousin Li to be disfigured."

Wei Yuejiao's e-brows went up in anger.

“Even if you really can’t tell, how could the woman’s voice not be heard!”

“Third Miss, but Miss Li didn’t say anything.” Golden Bell couldn’t help but step forward and explain.

“What do you mean you didn’t speak, Cousin Li inevitably spoke, but was deliberately interrupted by Sixth Sister, you bitchy girl, how dare you lie and cheat!”

Here, she angrily rebuked Jin Ling for talking about panic, but in reality, she was saying that Wei Yuewu was talking about panic.

“Nanny Hong, what do you think about this matter?” Wei Yuewu glanced at Nanny Hong with calm eyes and faintly said.

Li Yue’er’s expression became more and more painful, “It hurts ... so much!”

“Regardless of what Third Sister says, I can be certain that I didn’t hear Miss Li speak!” Wei Yuewu shook her head affirmatively.

“I heard it all, that will be far away, seems to be far away to hear you and Cousin Li said something, if not Cousin Li’s maid went with me to get a thing, this will not be able to happen this kind of thing, Sixth Sister, go, let’s go in front of father to judge!” Wei Yuejiao said angrily.

It’s a little closer to the outer courtyard.

“Third sister heard Miss Li speak?” Wei Yuewu’s watery eyes calmly looked at Wei Yue Jiao.

Looking at the manpower on Wei Yuewu’s side, apart from the two maids, the others are all following Nanny Hong, so it goes without saying that something must have happened here and Nanny Hong happened to pass by.

“Yes, I heard it, cousin Li, say, did you talk to sixth sister?” Wei Yuejiao angrily turned to Li Yue’er.

"I ... I wanted to say humble to the Jingde County Lord, but ... but only said a word, that umbrella covered up, and then my body was pushed out and crashed into the bushes on the side."

Li Yue'er cried, her tears and the still dripping blood on her face, even the clothes at her collar were made bloody, looking extremely miserable.

Nanny Hong snorted coldly and was about to go forward, but she saw Wei Yuewu giving her a wink, so she stopped going forward and only stood to the side with a gloomy face.

She was the one who bumped into it in the square, things she was certainly clear about, and after glancing at Wei Yuejiao who had a furious face, and then at that Li Yue'er who had hurt her face, Nanny Hong's chest was also sputtering with anger.

This was clearly a trap, and it was also a trap targeting Wei Yuewu, originally this matter also had nothing to do with her, but now the person who crashed into it was herself, this was trying to rely on herself!

Exasperated, she almost pressed on.

"What's going on?" A stern cry appeared outside the crowd, Wei Yue Ma raised her eyes and was seeing Wei Luo Wen and Wei Zi Yang walking over together.

A cold smile flashed at her eyes, Wei Yuejiao's handiwork is really big, she is not just counting on herself!

Unfortunately, she thought too well ...

"Father, big brother, quickly come to see cousin Li, cousin Li was disfigured by the sixth sister, this ... how can this be good, if this matter spreads out, the sixth sister will definitely be punished, when the sixth sister and cousin Li slightly argued in the palace, the Empress Mother were so angry, this time ..."

Seeing Wei Lovin come over, Wei Yuejiao said in a loud voice, although her eyes were angry, but in her heart she was pleased, Wei Lovin of course she sent someone to find, Wei Ziyang was at Wei Lovin's place, as soon as she heard that something happened here, of course she also rushed over together.

"How could this happen?" Wei Ziyang walked over with large strides, no matter what, Li Yue'er was his own cousin.

"Cousin ... me ... me ... how can I live like this!" Li Yue'er's eyes were tearing up, seeing Wei Ziyang lost his voice and cried out, saying that she actually crashed into a tree to the side.

The maid beside her pulled her back, and the two of them fell to the ground together in a heap.

Then they cried out together, and the scene was a mess.

"Big brother, how important is a woman's face, sixth sister ... is deliberately trying to take cousin Li's life!" Wei Yuejiao said angrily.

While sending his maid over to help Li Yue'er.

"Mai'er, what's going on?" Wei Lovin frowned and looked at the chaotic crowd, but uniquely landed his gaze on Wei Yue-mai.

"Father, third sister said that I intentionally tried to disfigure Miss Li's face, saying that I did it because I hold a grudge inside the palace!" Wei Yewu reached out and pointed at Wei Yue Jiao and said in a simple and appalling manner.

"Father, after something like this, how can Cousin Li still live ... Cousin Li came to accompany Auntie Two to relieve her boredom, but now something like this is happening in our residence! We always have to give her an explanation." Wei Yuejiao said loudly.

"To what account?" Wei Yewu asked indifferently.

"Cousin Li is now disfigured, how can we let her marry in the future, father, big brother shouldn't we, the Marquis of Huayang's residence, give her a way out?" Wei Yuejiao righteously said.

"To what?" Wei Luo Wen frowned.

"Big brother, Cousin Li this way, hex is no business, you ... you married her, is also considered to give her a way to live, originally Cousin Li is for the second aunt only into the house, and because of the six sister only made this way, can you really stand by and watch Cousin Li was forced to the death road! Besides, if things get out of hand, the Empress Mother will punish her, and the sixth sister will not be able to take the blame!"

Looking at Li Yue'er, who was crying in the rain and couldn't lift her head, Wei Yuejiao said smugly.

Chapter 583 Setting Up a Scheme to Deceive and Injure Yourself

It turned out that he wanted Wei Ziyang to marry Li Yue'er!

It turned out to be an attempt to put the bad name of the withdrawal on himself!

Wei Yewu coldly laughed in her heart, Wei Yue Jiao and Li Yue Er are colluding together to deal with themselves! Her eyes turned to Li Yue'er who would be holding a handkerchief and crying, she really didn't believe that Li Yue'er would be so cruel to herself in order to deal with herself!

A hint of hostility flashed out of the corner of his eye, disfigurement? In that case, why not really disfigure it!

"I ... I have a marriage contract!" Wei Ziyang couldn't help but be flustered by the scene in front of him.

"Big brother, I know you are going to marry Miss Qu family, but ... but look at the sixth sister, she ... she caused such a big trouble ... and Cousin Li, how will you let her live now!" Wei Yuejiao pointed at Wei Yewu and then pointed at Li Yue'er.

Hearing her words, Li Yue'er violently broke away from the maiden's encircling embrace, still crying and slamming into a tree to the side.

But this will pay attention to her people, see her break free, there are two grannies come over to hold her hard, afraid that she can not think of a, will really find a short death.

Nanny Hong's face was grim as water, but she pursed her lips tightly.

"Cousin ... this matter ... has nothing to do with you ... I ... I just don't know what to do, you ... you'd better let me go, and also lest my aunt lose face along with me!"

Li Yue'er was struggling and crying at the same time, her face looked pitiful with tearstains interspersed with blood.

Wei Ziyang forehead also can not help but see the sweat, this matter really to this point, he also really dilemma, but remembered Qu Yan, and really not willing to withdraw from the marriage.

"Miss Li's face is injured?" Wei Yuewu snorted coldly and walked over with large strides.

"What ... are you doing?" Wei Yuejiao was startled and hurriedly took two steps forward, stopping Wei Yuewu.

The injury on Li Yue'er's face is not real, it would be bad if Wei Yue'er found out, but in this case, thanks to Wei Yue'er, she won't find out, as for the future, of course, it's a piece of wrapping on the face, and when Wei Ziyang and Li Yue'er are married, of course, they say that it's a good medicine, and that there are no scars left on their faces.

This matter is caused by Wei Yuewu, as long as Wei Zi Yang withdraws from the marriage, this matter can not be hidden, by then everyone will accuse Wei Yuewu of being vicious, spread to the palace, the Empress Mother will inevitably issue a decree to cut down Wei Yuewu's position as the County Lord, the Wei Yuewu who has been knocked down can only die of old age in the backyard next.

"Third sister get out of the way, I'll take a look at the injury on Miss Li's face!" Wei Yueyue Dance said indifferently and coldly.

“There’s no need for you to pretend to be kind ... me ... I don’t want you to look!” Li Yue’er cried, “I don’t want you to look even if I die today!”

“Why don’t you let me see it? Is it because the injury on your face is fake?” Wei Yuewu pushed Wei Yue Jiao away and took two steps to force Li Yue Er.

“Mai’er ...” Wei Lovin frowned and was about to speak, but after seeing Wei Yuewu’s face with anger, he paused and didn’t speak again.

“Cousin ... I don’t want her to touch even if I die!” Li Yue’er’s body turned backward and was about to pounce on Wei Ziyang’s body.

Wei Yuewu’s side Jin Ling but came fast, a pull on Li Yue Er, Wei Yuewu two steps forward, a pull off her tightly covered hand.

“Miss Li, what about the injury on your face?” Looking at the smooth skin on it, Wei Yuewu’s eyes fell on Li Yue Er’s face like a knife.

There was blood on his face and it was dripping down his face, but there were no wounds.

“What’s going on?” Wei Ziyang could see something at this time, and his face changed as he said.

“What’s going on, I’m afraid only Third Sister and Miss Li know!” Wei Yuewu sneered, “Miss Li, do you really want to marry big brother that badly and come up with such a vicious plan?”

“I ... I don’t know ... I ... I’m not hurt ...” Li Yue’er shivered a little, almost fell down, but counter on the reaction extremely fast hand to cover the face, a face of surprise.

“Then where did you get your blood from?” Wei Yuejiao clenched her teeth in the dark, actually letting Wei Yuewu find out.

“But ... it could be that the Sheriff bumped into my hand.” Li Yue’er was at a loss.

"Maybe it is, fortunately cousin Li is not seriously injured, that would be the best, cousin Li you now do not need to think about it, it's really okay!" Wei Yuejiao knew that at this time it was impossible to rely on Wei Yuewu again, and could only curse and let this little bitch escape.

"Miss Li accidentally hurt her hand here, the third sister just happened to show up here with someone, and without saying a word, she said that I had a malicious mind, and that I was going to disfigure Miss Li's face, and that I heard Miss Li talking, and intentionally tried to disfigure her face, and that she made big brother take the responsibility, third sister is really busy today!"

Wei Yuewu looked at Wei Yue Jiao and sneered.

"I ... I also happened to be passing by and misunderstood sixth sister!" Wei Yuejiao had a face of regret and sidled up to Wei Yuewu.

"Is Third Sister really coincidental?" Wei Yuewu's eyes were like knives, "Not only did she come by coincidence, but she also heard Miss Li and I talking, this is really coincidental coming!"

"Sixth sister, why do you need to hold a grudge against me, I ... really just passed by and misunderstood!" At times like this Wei Yuejiao of course killed herself not admitting that she was hiding to the side early.

Wei Yuewu sneered, but this time she didn't say anything, instead turning to Nanny Hong on the side.

Nanny Hong nodded her head and walked over, looking fixedly at Wei Yuejiao, her face grim as she said, "Third Miss, you lied!"

"I ... didn't lie!" Wei Yuejiao could not have imagined that Nanny Hong by the side of the Dowager Lady would say this, and for a moment her face changed drastically as she hurriedly defended herself.

Nanny Hong was not Wei Yuewu, and the dowager lady almost obeyed everything she said.

"Third Miss said that she was flustered, Miss Li didn't speak to the county princess at all." Grandma Hong said with a cold face, she will of course be on Wei Yuewu's side, if Li Yue Er really has an accident,

in the end, it will definitely be on her, even though she is the heartbeat of the Dowager Lady's side, after all, she is only a subordinate, this matter really can't be taken down.

Luckily Wei Yuewu found out that Li Yue Er was faking, which also made Nanny Hong grateful to Wei Yuewu, and this would of course be firmly on Wei Yuewu's side.

"Nanny Hong ... Sheriff is talking to me ... she ..." Li Yue'er gritted her teeth and interjected.

Things have come to this point, she also clearly know can not cause Wei Yuewu to death, but she is also not willing to just let Wei Yuewu through the door, of course, die biting Wei Yuewu, even if Wei Yuewu side of the maid proves that Wei Yuewu and so on, she said Wei Yuewu with evil intentions, want to harm themselves.

Li Yue'er said while looking at Wei Yue'er's expression, her heart felt more and more bottomless, and those deep beautiful eyes were actually calm without a single ripple!

"Miss Li, the county master didn't speak to you, the county master didn't even walk over, what you pulled on was the old slave's dress, not the county master's, the county master is still behind the old slave!" Nanny Hong coldly looked at Li Yue'er, a hint of mockery flashed in her eyes.

"What, it's you!" Wei Yuejiao couldn't help but scream shrilly.

"Does Third Miss think it's not Old Slave or who else? I don't know if it's because you think it's the county princess that's bound to come all the way over here. Originally, the Sheriff is to come over, I heard that the Marquis let the Sheriff go over, but the old slave persuaded the Sheriff, the Sheriff did not come over, but the old slave to the study to find the Marquis, which expected to walk here when Miss Li scurried out, pulling me, the maid scared of the hands of the umbrella flew out, coincidentally covered in Miss Li's body!"

"Marquis, do you think this has anything to do with the county princess?" Nanny Hong briefly explained the matter, then bowed to Wei Lovin and said.

"I ... I ..." Li Yue'er was shocked, how could she not have imagined that the one who pulled back then would be Nanny Hong, it was clearly when she heard Wei Yuewu's voice that she scurried out.

"I ... I may have misheard!" Wei Yuejiao snapped, things had actually changed, and it still had nothing to do with Wei Yuewu, this would commission some panic.

"So it's Miss Li alone who assassinated me and big brother?" Wei Yuewu looked at Li Yue Er, her eyes light, "I wonder what the chastisement is for plotting against the county princess, do I need to report it to the Empress, I wonder if it will involve the rest of the Li family!"

"I ... I'm not ..." As soon as she heard that this is going to be reported, and that it will also involve her father, Li Yue'er was truly flustered, turning her head to look at Wei Yuejiao, pleading for the head to say. "Third Miss, you said that it will be fine, you said that you can definitely let Wei Yuejiao be punished by Empress Dowager, it was you who said that, so I did it."

"You're talking nonsense, this has nothing to do with me!" Wei Yuejiao saw Li Yue'er turn around and panicked, immediately turning her head, wanting to avoid Li Yue'er's gaze, but this time, hearing Li Yue'er yell, she also became anxious and denied back.

Wei Lovin's face was dull and cold like water, the scars on his face were all twisted and flexed, one could tell that he could barely control his rage, and the scene in front of him, anyone would know that it was bound to be related to Wei Yuejiao.

"If you didn't make me do this, how could I have lured Wei Yuejiao out, how did I know that she would pass by here, I've been to quite a few of the Huayang Marquis' mansions, but it's impossible for me to be familiar with them to such an extent that I can even calculate Wei Yuejiao's route of movement so clearly." As soon as she heard Wei Yuejiao deny it, Li Yue'er also got anxious and poured it all out.

Wei Ziyang suddenly remembered that before he went to QingHuo courtyard to ask Wei YueDao to intercede for his mother, also because of Wei YueJiao's hints, his gaze also cold down, for Wei YueJiao deep disappointment, that is his cousin when he as his own sister, can not imagine that actually will be so calculating himself.

"You ... you nonsense, you heart actually so vicious, this will still want to then I down!" Wei Yuejiao this will die not admit.

“Miss Li will then be the one to wait for the palace’s chastisement!” Wei Yue Ma sneered and turned around as if to leave, giving the final word on this matter.

As soon as she saw that Wei Yuewu was going to leave, this matter would really be finalized, Li Yue Er anxiously pounced towards Wei Yue Jiao, trying to tug on Wei Yue Jiao’s sleeve, continuing to plead, “Third Miss Wei, tell them that this matter is really something that you have counted on, you’re the Marquis’s own daughter, the Marquis will definitely not proclaim this matter out.”

Wei Yuejiao’s watery eyes raised, a small stone under the golden bell’s feet shot out silently, Li Yue’er’s feet happened to step on it, the soles of her feet softened, she couldn’t collect her momentum, and immediately lunged towards Wei Yuejiao’s body.

The crowd only heard “pop” and “ouch” ...

Chapter 584 Two Scumbags Disfigured Together

“You dare to hit me!” Wei Yuewu was knocked out by a sudden slap from Li Yue Er, and after reacting, she trembled with anger and pushed with force, backhanding Li Yue Er and giving her a slap as well.

Li Yue’er originally just wanted to pull Wei Yuejiao’s clothes, which unexpectedly slipped under her feet, her hand shone on Wei Yuejiao’s face with a hard slap, which will not yet stand still, was pushed away by Wei Yuejiao, and then a slap with force, hitting her Tengteng back a few steps, and fell to the bushes behind her.

“Ah!” Miserable screams rang out, the crowd all froze for a moment, only Wei Yuewu did not move to look at the bush, not tall bushes, in the winter fell without a few leaves left, the only thing that was left was some sharp branches and forks exposed in the air.

“Quickly go and pull Miss Li up.” Nanny Hong reacted quickly and immediately ordered the maids around her.

The past two maids hurriedly help up Li Yue’er, Li Yue’er both hands cover her face, but even so, a pair of white tender hands were also cut by the branches and forks of the shrubs a few not small mouths, blood flowing, this is not before her fingers on a small a wound.

“Miss Li, let the old slave look at your face!” Nanny Hong’s brows tightened.

Li Yue’er panicked and took down her hand, forced herself to endure the pain and looked at Nanny Hong expectantly, “Nanny Hong, am I ... okay?”

Seeing the large and small wounds on her face, even Wei Luo Wen moved.

The wound was actually not small, and more importantly, there were many cuts, and seeing this face, Nanny Hong knew that the face of this Miss Li Yue’er in front of her was considered ruined.

With so many wounds, even if all of them were healed, there would still be some small scars left, which could not be simply eliminated.

“Nanny Hong, is my face all right? Is my face alright!” Sensing Nanny Hong’s silence, Li Yue’er was in a great hurry and cried as she pulled Nanny Hong’s hand.

The burning sensation on her face was so intense, but she still expected it not to be real.

Nanny Hong smiled bitterly and shook her head, looking towards Wei Luo Wen.

Wei Lovin’s complexion is not too good to see, no matter how it is Wei Yuejiao pushed the person into the bushes, this matter is really the responsibility of the Marquis of Huayang when it comes to it.

“Third Miss, you ... Why did you push me?” Sensing the looks on the faces of the crowd, the look of anticipation in Li Yue’er’s eyes turned into despair.

The face of a worldly girl had preciousness, even the slightest little wound would be paid great attention to, and what she saw now was a horrified face.

In this situation, even if Nanny Hong did not say anything, Li Yue’er understood.

Thinking that all of this is caused by Wei Yuejiao, Li Yue'er's dull leaking and desperate eyes, fell on Wei Yuejiao's body, fixed, suddenly pounced on Wei Yuejiao, long nails in her hands madly grabbed at Wei Yuejiao's face, "You ... you compensate me for my face."

No one expected Li Yue'er, who had suffered such a serious injury to her face, to suddenly pounce on Wei Yuejiao in a frenzy.

But see Li Yue'er long nails scratching in Wei Yuejiao's face, Wei Yuejiao is a scream, Wei Luo reaction is also fast, a hand Wei Yuejiao back a pull, but even so has been too late, Wei Yuejiao right face a deep finger marks, was scratched down a small strip of meat.

First it whitens, then blood rushes out.

"Ah!" Wei Yuejiao also covered her face and screamed miserably.

When everyone looked at it, they all knew that it was a big deal, Wei Luo frowned and asked the boy to go and ask Dr. Ming to go, and Wei Ziyang went over and pulled Li Yue'er down.

There was a panic over here, and everyone scrambled to get both men off to the side into the empty yard.

Outside the crowd, Wei Yuwu blinked her long eyelashes and looked up at the corner of the sky above her head, at some point, the rain stopped and snowflakes drifted in the sky, a single snowflake was like a light goose feather that sprinkled down from the sky, this should be the first heavy snowfall after the New Year!

What happened next didn't have anything to do with Wei Yuwu, and Wei Luo Wen told her to go back first.

Wei Yuwu nodded and didn't say anything before leaving.

"Mai'er ...," Wei Luo Wen suddenly called out to her again.

Wei Yuewu stopped, turned to look at Wei Luo, water eyes at the light can not afford a little waves, just so cold to look at Wei Luo, less than the past days of the color of the pro it.

"It's okay, it's cold, you go back first, be careful with your body!" Wei LuoWen words to the edge of the mouth, but still stopped, change another sentence, the heart of the guilt is like a tide, that words can not be said in any case, Wei Yuejiao even though poor, but everything is her own corrective self-initiated.

"Father, Mai'er excuses herself!" Wei Yuewu said.

"Go on, rest carefully!" Wei Luo Wen sighed and softly said.

"Yes, father!" Wei Yuewu nodded, turned around and led the two maids back, as for the matter of being framed by Wei Yue Jiao just now, there was no more mention of it.

"Sheriff, what did the Marquis want to say?" When she was far away, Shu Fei couldn't help but say curiously, just now she clearly saw that the Marquis seemed to have something to say to the County Master, but in the end he still didn't say it.

"It's nothing more than wanting the county princess to not hold a grudge against the third young miss!" Jin Ling snorted coldly and said angrily.

Wei Yuewu's eyes deepened, what Wei Luo thought in his heart at that moment just now, of course she was clear, otherwise she wouldn't have been cold and indifferent to it.

"On what grounds? Third young miss almost put the county princess in harm's way, and the marquis actually told the county princess not to hold a grudge against her!" Shu Fei also became angry upon hearing this.

For Aunt Dong and Wei Yuejiao, who had repeatedly framed their own masters, several maids were also deeply resentful.

“Because Wei Yuejiao is disfigured!” Wei Yuejiao’s gaze landed on a piece of snow in front of her, stopping in her tracks and stretching out her tender white little hands to hold a eyeful of snowflakes that drifted down, a hostile look at her eyes.

Because Wei Yuejiao was disfigured, her father went soft.

But who had a soft heart when Mother lost her life to them?

“That was also third young miss asking for it, and it wasn’t the county princess who ruined her face, it was Li Yue’er who did it, she and Li Yue’er both worked together, and now they ruined their faces together, they really deserved it!” Shu Fei remembered the scene just now and felt great joy again.

Wei Yuewu looked at the snowflakes that hadn’t melted at the palm of her hand, and the corner of her lips silently hooked up.

This is not enough, Aunt Winter still has a dependency, only when she has no dependency, the events of that year will be overturned, and only then can her mother’s revenge be avenged.

Mother was acquainted with that dead Miss Tu.

This acquaintance was still through Yang Yuyan’s mother, otherwise her letter that day wouldn’t have been written that way, and this Second Miss Tu wouldn’t look innocent.

A woman who is going to die, although it is not really because of her mother, but at least she mentioned the position of the second miss Tu because of her mother, right, so to say that her mother does not have any debt to her, right, then this second miss Tu in this matter, and what kind of role does she play?

Those who died back then died and went to the palace, but Aunt Winter was still in the house.

However, Aunt Winter is not only venomous but also cunning, plus the granny beside her is not a good person to deal with, but must be slow to figure out.

Aunt Dong has always echoed with Li, together against themselves, but with today's events, how can the two people's hearts be free of any stigma, not to mention that between Li Yue'er and Wei Yuejiao, they all hate each other to death, right? ...

The disfigurement is a deadly feud!

Li Yue'er and Wei Yuejiao wanted to join hands together to assassinate themselves, which expected that in the end, but the disaster itself, she really want to thank them both.

Drawing fire, but this fire is still not big enough to burn Li and Aunt Dong, so add more fire ...

"Let's go, go see Mrs. Tai!" Wei Yuewu turned around decisively.

"Not going back to the Clear Lotus Courtyard first?" Jinling didn't say anything, but Shufei froze for a moment.

"No, first go to Jing Xin Xuan to see Mrs. Tai, after such a thing happened, and Nanny Hong was invited by me, I always have to give Mrs. Tai an explanation." Wei Yuewu's cherry lips slightly hooked, her gaze fell at a dimly lit wigwam in front of her, the entire backyard of the Marquis of Huayang's mansion, of course, was dominated by the dowager lady.

That being the case, there are certainly some things that have to go through the Mrs. ...

"Sheriff Master, let Shufei go back first, and the slave girl will accompany you to Jingxin Xuan!" Golden Bell proposed.

Wei Yuewu can not help but sweet, nodded, the two maids together with the past is indeed too much point, the dowager lady herself is most concerned about the front and back of a lot of people, but do not like their own a few people to bring more up to her, Fang just think of Wei Yuejiao's business, but forgot about this.

"Jinling, you go back first, I'll bring Shufei over, it was Shufei who invited Nanny Hong before." Wei Yuewu smiled, her gaze swept the two maids and said.

"Yes, slave girl knows." Jin Ling nodded her head and was about to retreat, but was called back by Wei Yuewu, "You went around to the kitchen to see if there are any dim sums that I like to eat, and by the way, talk about what happened here today, and say that Wei Yue Jiao's face is considered ruined, and that it's impossible to recover from it in the future."

Aunt Winter has always been in charge of the affairs of the house, even though it is now closed in, there are still people hands outside, and the kitchen is the most mixed place, I believe that Aunt Winter will definitely know the news.

"Yes, slave servant understands!" Golden Bell understood and said, then turned around and left, heading over to the kitchen.

Wei Yuewu brought her own book Fei to the Dowager Lady's Jing Xin Xuan.

Halfway down the street, I actually ran into Nanny Hong.

Nanny Hong Fang left a little late, because she brought quite a few people with her and had to help out, and the ones Wei Lian and Wei Ziyang brought with them were ultimately the outer courtyard's boys, which was extremely inconvenient.

But this will be the Ming doctor over, Grandma Hong did not stay there, only a few of the maids under the maids, grannies stayed to take care of Li Yue'er and Wei Yuejiao, their own with a small maid hurriedly to the quiet heart of the Xuan, ready to report this matter to the Dowager Empress.

After such a big incident, of course the dowager lady's place should go to report first.

Seeing Wei Yuewu come over, they spoke a little and then headed to the Dowager Lady's Jing Xin Xuan together.

Jingxin Xuan, Mrs. This will be in a good mood looking at the gift box in front of her, the corners of her eyes can not help but smile open flowers, a strong sigh of praise, "Good, good, really good ah! Really have the heart ah!"

She looked at it and praised it at the same time, and her whole body looked refreshed and energized ...

Chapter 585 Giveaway, Exquisite Gem Flower

On the table was a large pile of gifts, and each piece was fine, but the pot of flowers in the center was the most eye-catching.

It's actually a jeweled flower.

The flowers, stems, and leaves on it are actually made of precious stones, which are not only exquisitely crafted, but also valuable.

"Good ... good ...," the dowager lady smiled and couldn't stop smiling, the whole person was excited.

"It's good that the dowager lady likes it!" The chubby shopkeeper laughed, "This pot of jeweled flowers is specially for the Marquis!"

"Good, good, well thanks a lot!" The dowager lady's face was also in a ball of smiles, it could be said that ever since the chubby shopkeeper came inside, she hadn't been able to close her mouth, but when she heard that the jeweled flowers were given to Wei Lovin, although her face didn't look obvious, her hand in her sleeve couldn't help but clench up.

There was a meaning to it that made her extremely uncomfortable!

"Mrs. Tai is polite, why should a family talk about two families." The fat shopkeeper had a thick smile on his face, and his words were extremely polite.

For this attitude of the fat shopkeeper, the dowager lady is extremely satisfied, after thinking about it, her hand relaxes, holding the maid's hand to re-sit on the high seat, her hand waved, a few subordinates in the room retreated silently.

The next words were not for ordinary underlings like them to hear.

Once a year at this time, they would come to give gifts, and the maids and grannies were not sure who this big-spending fat man was.

Only know seems to be under the marquis, weekdays are in the marquis there is the matter, only when the marquis returned to the capital, this fat man will give the dowager lady once to send a gift.

And each gift was extremely heavy.

They usually follow the Dowager Empress is not out of the door, two doors do not step, naturally do not know this famous gold store in the capital "Yin Zhuang" of the shopkeeper.

"Nanny Hong, the Dowager Lady is meeting her guests!" Seeing Nanny Hong bringing Wei Yuewu over, a granny hesitated for a moment, but still reached out to stop Wei Yuewu.

In the past, this kind of thing was of course not avoided by Nanny Hong, but now that Nanny Hong still had Wei Yuewu with her, but she didn't know if Mrs. Tai would want to see Miss Six this time.

"What is it?" Nanny Hong would be in a hurry, but did not remember this, although her footsteps stopped, the look on her face was extremely unsightly.

"The gifts are coming! In previous years it was still Nanny Hong who received them at this time." With Wei Yuewu at her side, of course the granny couldn't speak clearly and could only vaguely say.

What does sending gifts have to do with oneself? A bellyful of bad gas, Nanny Hong almost angry rebuke outlet, in the Marquis of Huayang House so many years, she has not been so suffocated, today was actually almost by the two little girls to pit.

But seeing the granny repeatedly winking at her, she suddenly snapped out of it, "Another gift?"

“Yes, Sister you just left and came here!” The granny said with a bitter face, one look at Nanny Hong’s face and she knew it was bad, but she couldn’t stop it.

“County master, you wait here for a moment first, slave girl goes in to report to the dowager madam, there will be outsiders here, do you want to avoid it, county master?” Nanny Hong came to her senses, her eyes flashed and she smiled as she said to Wei Yuewu.

It was certainly inconvenient to let Wei Yueyue Dance know about this.

“Then, I’ll wait in the compartment over there!” Wei Yuewu knowingly nodded to the compartment on one side.

“Okay, old slave will have someone bring tea to the county princess, please wait a moment!” Nanny Hong laughed, while asking the maid to guide Wei Yuewu to have a seat in the compartment.

The compartment was right on the side of the main house, Wei Yuewu brought Shu Fei in and long ago the maid sent tea over.

Wei Yuewu sat down, picked up the tea and drank a bit, slowly put it down, picked up a handkerchief and wiped the corners of her lips, looking at the little maid standing by the side with a slight smile, “How long has it been since you went in? How long will it take for grandmother to get well!”

“It’s been a while since I went in, and it might be a while before I come out!” The little maid honestly said.

“In previous years, at this time of the year, would they all come for such a long time?” Wei Yuewu asked indiscreetly, her gaze not even falling on the little maiden’s body, a complete look of idle chatter.

This kind of thing in the courtyard did not commanded not to say, so the little girl ring heard the question, busy answered, “In previous years, this time basically also so point of time, the other slave girl is not clear, are Grandma Hong help inventory.”

Wei Yuewu nodded, her beautiful eyes looking at the thirteen or fourteen year old little maid in front of her with a smile, "How many times have you seen this?"

"That's so four times!" The little maid replied.

"When did you get assigned to the Dowager Lady's courtyard?" Wei Yue Ming continued to ask casually.

Seeing Wei Yuewu asked casually the little maiden's guts were slightly bigger, "When the slave girl was eight years old, she entered the Jing Xin Xuan to serve the Dowager Lady!"

That means four or five years, basically once a year.

A gift-giver, once a year, and by the looks of it, there were secret matters to talk about, really making Wei Yuewu feel suspicious, her heart inexplicably moved.

Hearing the sound of voices outside, Wei Yuewu stood up, walked to the window, pushed the window slightly open, and through the slightly pushed open window, one could see a person smiling as he came out of the main house of the Dowager Lady, the fat shopkeeper of "Xian Zhuang"?

A fat, but does not appear to use the bloated figure, is not that let Wei Yuewu has been confused by the fat shopkeeper.

With the style of the children of the world, the kind of elegance that penetrates the bones, not because of his chubby image loss of the slightest, such a person, really just an ordinary shopkeeper?

What kind of secrets are in my mother's dowry?

Wei Yuewu sulked ...

Nanny Hong personally sent the person to the entrance of the courtyard, and rushed to the fat shopkeeper to deeply salute, the respect even let Wei Yuewu feel more than on the dowager lady, this fat shopkeeper is really not simple, actually let Nanny Hong so respectful.

The fat shopkeeper smiled and excused himself, with two small boys following behind him, and only after seeing his figure disappear around the corner did Nanny Hong collect the smile on her face and come over to the compartment where Wei Yuewu was.

Wei Yuewu had already resumed her seat in front of the table when Nanny Hong turned around and came back, picking up the tea by the table and taking a sip, and was about to speak when Nanny Hong walked in with a smile.

“Sheriff, the Dowager Lady heard that Sheriff is here and invited Sheriff to come over!”

“Trouble Sister!” Wei Yuewu put down the teacup in her hand and stood up.

“You’re welcome, Sheriff Lord!” Nanny Hong laughed, “Please ask the county princess to come with the slave girl.”

With what happened just now, Nanny Hong is still very grateful to Wei Yuewu, this smile also looks a lot more sincere than in the past, seeing Wei Yuewu heading out, she also specially took two steps forward, and softly said, “The dowager lady still doesn’t know what happened, in a moment, the old slave will say it first.”

It’s throwing pears at yourself!

When this matter was revealed, the Dowager Lady was bound to be furious, and Nanny Hong’s initiative to be willing to pick up this conversation was wonderful!

Wei Yuewu smiled and nodded.

A group of people, into the house of the Dowager Lady.

The dowager lady sat on top, looked like the whole person was in good spirits, and the smile on her face when she saw Wei Yuewu was also kind and gentle, as if she was really just a grandmother who loved her.

"Dancing girl, it's this time of the year and the weather is bad, why don't you stay in your own yard to get well and run to grandmother's place?"

The dowager lady smiled and said, "Did your father look for you earlier for anything?"

"Grandmother ..." Wei Yuewu stepped forward and was about to speak, but Nanny Hong herself preempted her, "Mrs. Tai, something has happened, the third young lady and the young lady from the Li family are together!"

"What's going on?" The smile on the dowager lady's face faded, "That young lady from the Li Mansion?"

Li Yue'er had followed Li into the mansion, but the dowager lady didn't want to care about her, so she didn't know about the Li Yue'er who followed Li into the mansion at that time.

"It's that eldest young lady from the second madam's maiden family, the one who was able to get into an argument with the county princess when she was in the palace before, and was refuted by the Empress Mother for her qualifications for the draft." Nanny Hong reminded.

Wei Yuewu stood on the side with a smile.

"What is she doing here?" The dowager lady thought for a moment and then remembered, for this Miss Li's house, the dowager lady's heart also did not have half a good feeling, her tone was not good.

"I heard that she came to serve the second madam, the second madam's body is inconvenient, so she followed in with great filial piety." Nanny Hong disdainfully said, "The slave girl originally thought that she was a good one, genuinely wanting to serve the Second Mistress, which would have thought that she was simply not drunk on wine, and actually had her eye on the Grand Duke."

"What? Ziyang own marriage, she still dares to destroy it!" The dowager lady was furious, her hand heavily slapped on the desktop, for the dowager lady, Wei Ziyang is her life, the root, Li Yue'er actually dared to think about Wei Ziyang, simply looking for death.

"Mrs. Tai, Miss Li really dared!" Nanny Hong laughed bitterly and told what happened next, as for Li Yue'er and Wei Yuejiao teaming up together to try to deal with Wei Yue'mai, but in the end, they ended up unintentionally wreaking havoc on themselves.

After finishing the sentence, the dowager lady gritted her teeth in hatred, her hand slammed hard on the desktop, while saying sternly, "Go, go, go, go and call Li's to see what kind of people she has in her house, actually dare to do such a shameless thing, and want to force ZiYang to marry her, but also don't look at what kind of person she is, and if she's not good enough."

"Mrs. Tai, Miss Li's face is ruined, it is ... a fall in the hasty execution with the third miss." Nanny Hong was careful to wake up Mrs. Dao.

"That is also her deserved, what is her own identity, match Ziyang, also do not take a mirror to look at." The anger on the dowager lady's face does not go away, hateful voice scolded, "I have long seen that girl, with Li is the same, not what good goods, to our house actually also dare to do this kind of thing."

Qu that the marriage, or the then Mrs. Board agreed, this would be if really because Li Yue'er had to Qu the marriage back, Mrs. own face is not light.

"But now, Miss Li and Third Miss's face ... Mrs. Tai, how can this be?" Nanny Hong listened to the Dowager Lady and carefully mentioned this matter.

"What's so hard to do, if the Li family takes this matter again, we'll publish the truth of this matter and see if they Li family still has a face." Mrs. Tai said angrily, the good mood of the party immediately dissipated because of this matter.

Wei Yuewu has been quietly standing on the side, looking at the madam of the anger all sent in Li Yue'er, for Wei Yuejiao is not mentioned, as if this is all Li Yue'er a person to do as if the bottom of the eyes of the silent show a burst of sombre, this thing looks really strange, in the past, the madam of the Wei Yuejiao can not be so maintenance.

Today the attitude of the Mrs. can be very different from the past days, is not because of the "Yin Zhuang" fat shopkeeper ...

This thing is getting more and more interesting, this fat shopkeeper's influence can be really not small ah!

It's about time for this meeting to step up ...

Chapter 586 Step by Step, The Store

"Grandmother, this is afraid not too good! I'm afraid that our mansion will always have to bear the responsibility, the dance to see Miss Li's face, the injury is much heavier than the third sister, the face is all scratched by sharp branches, this ... is almost impossible to be good again!" Wei Yuewu stepped forward and said.

A few words made the dowager lady brood, grimacing and not speaking for a moment.

No matter what, this happened in the Marquis of Huayang, and it was also related to Wei Yuejiao, the dowager lady wanted to show that this had nothing to do with the Marquis of Huayang, even if she told the truth, the one who would lose face would still be the Marquis of Huayang.

After all, Wei Yuejiao was still the third miss of the Marquis of Huayang.

Li Yue'er certainly has a bad reputation, corrected by self-initiated, Wei Yuejiao is likewise, has always been the most focused on the face of the dowager lady how willing to let Huayang Marquis House because of this disgrace.

"Maiden Dance, you are also a victim when it comes to this matter, what do you think about it?" Mrs. Tai slowly said.

Seeing that Mrs. Tai actually kicked the ball away from herself, Wei Yuewu sneered in her heart, this was her intention to push things onto herself?

The dowager lady is really getting shameless!

“Grandmother, the dance child does not know, Mo Ru put directly this matter to go to tell the Empress Mother, the third sister’s face this way, if true the four imperial prince residence, will certainly be ...”

Wei Yuewu didn’t finish this sentence, but the meaning was understood by Mrs. Tai, and her eyes became more and more gloomy.

Relating to Wei Yuejiao appearance of the matter, has not been Hua Yang Marquis can be hidden down, if a coincidence, but also may really provoke the anger of the Empress Tu, no matter how to say Wei Yuejiao is now the name of the fourth prince’s concubine concubine concubine consort, the face of the words destroyed, it is likely to cause changes.

It’s actually better to keep this under wraps.

So it’s really not good to do, the Marquis of Huayang is not willing to publicize, but the Li family is not necessarily willing to eat such a boring loss, how to look at Li Yue’er is because of the Marquis of Huayang only face loss.

“Go, call Li here!” The dowager lady thought about it and instructed Grandma Hong, she didn’t believe that she couldn’t suppress Li’s house, Li’s house was no more powerful than the Eastern Palace washing horses, and her own house was originally the difference between heaven and earth.

“Yes, slave girl will immediately send someone to summon!” Nanny Hong nodded in response and retreated.

“Maiden Dance, you also go back to rest first, this matter has nothing to do with you, it’s always something that Ya Ya Jiao herself has caused.” Mrs. Tai said to Wei Yuewu.

When it comes down to it Wei Yuewu is the one who was victimized.

“Yes, grandmother!” Wei Yuewu lowered her eyes and bowed her head, “But ... Miss Li’s matter ... is always related to our Huayang Marquis Mansion ... her marriage if it doesn’t fall on our Mansion. Dance is afraid that this matter is really big, our mansion also has no face!” This matter how to look at the Marquis House of Huayang has the responsibility, Wei Yuewu repeatedly remind the dowager lady, is to let the dowager lady take this responsibility.

Of course the first thing that would be mentioned if such a responsibility were to be assumed would be Li Yue'er's marriage.

The original Li Yue'er plotting their own, on the one hand, but also for her marriage, by the Empress directly from the list of the draft removed, Li Yue'er basically married bad, this will be even the appearance is also destroyed, more likely to have any good marriage.

Without hope, Li Yue'er is likely to be reckless.

Wei Yuewu was reminding the Dowager Lady to take the blame so that this wouldn't become a big deal.

"No harm done, grandmother will dispose of it, you go back first!" Being hinted so many times by Wei Yuewu, the Dowager Lady also woke up at this time, and after thinking about it waved her hand at Wei Yuewu.

"Yes!" Seeing that Mrs. Tai had an idea in her heart, this time Wei Yuewu did not say anything more and bowed to Mrs. Tai to take her leave.

Li Yue'er this situation, of course, the dowager lady will not let her marry Wei Ziyang, the dowager lady will not even let her into the door of the Marquis of Huayang, then the rest seems to be that person ...

That person's matter, even in the Marquis of Huayang is also a secret, if not Sister Mei told herself privately, Wei Yuewu really do not know that they have such a hangman in this house, which counts should be their own cousin!

Even they don't know, so outsiders know even less!

When he walked outside the main house, he ran into Nanny Hong who was walking back.

"Many thanks, Sheriff!" Nanny Hong calmly thanked her.

Wei Yuewu deviated her body to avoid a salute, then said with a smile, "Nanny Hong is polite, originally, Sister was implicated by me! Luckily, I didn't involve Sister in it."

After saying that, he took himself out of the courtyard with Shufei.

For this attentive granny by the side of Mrs. Tai's side, Nanny Hong, Wei Yuewu never dares to look down on her, of course this is because Nanny Hong is Mrs. Tai's most attentive granny, on the other hand it is also because for the degree of attentiveness of Nanny Hong, Wei Yuewu is secretly shocked, it seems that this Nanny Hong knows all the things about the Mrs. Tai.

The meaning in this was enough to make Wei Yuewu look at Nanny Hong even more highly.

Wei Yuewu believed that this Nanny Hong knew most of the secrets in this house.

"In a moment, I will find someone to ask about those two shopkeepers, after such a long time, the account books should be ready!" After walking a few steps, Wei Yuewu blinked her eyes and faintly said.

"Those two shopkeepers seem to be treacherous and slippery, Sheriff, they won't play any tricks again, right?" Shu Fei had also seen those two shopkeepers, and would be very uneasy to ask.

"Of course they will play tricks!" Wei Yuewu raised the corners of her lips, walking slowly in the snow, this will be a moment of time, the ground has already accumulated a thin layer, she is really not afraid of Aunt Dong playing tricks.

This time is different from the past, Aunt Winter is in a corner of the Marquis of Huayang, can use the manpower is not much, the dependence is that the child in her stomach ...

It's times like these when it's best to make a move to strip her of her minions!

Moreover, there are some things that one is not clear about, these few shopkeepers can be the old man of the year ...

The things that happen in the house one after another, Aunt Winter there should also be tired of running for their lives, that account book thing, this time to mention is the best time!

Wei Lovin finished dealing with the affairs over there and came to the Dowager Lady's Jing Xin Xuan, seeing him come in, there were maids picking up the curtains and Nanny Hong welcoming him to the door.

Wei Lovin walked in with a gloomy face, and after bowing to the dowager lady, he took a seat on one side of the room, his face gloomy without any semblance of joy.

"How is Jiao Ya's face?" The dowager lady asked as she looked at Wei Luo Wen's face.

"Even with the best medicine, a scar will fall on your face." Wei Lovin frowned, picking up the tea in his hand and taking a sip before heavily placing the teacup in his hand on the table, "Aunt Dong can't even teach a daughter well!"

Things to now Wei Luo Luo himself asked clearly, just in order to clarify the facts, but also Wei Yuejiao side of the Yuzhu and Li Yue'er side of the maiden, together with tied up and tortured, not two of these maidens on the truth, this is indeed Wei Yuejiao and Li Yue'er conspired to harm Wei Yuewu.

"This ... how is this going to be accounted for to the Royal Family, to the Fourth Prince!" The dowager lady smothered for a moment, and finally asked.

In the Dowager's mind, this was the hardest one to solve.

"I've already had someone inform the Fourth Prince!" Wei Lovin coldly said.

"What? How could you possibly notify the Fourth Prince, the Fourth Prince wouldn't make a scene if he knew!" The dowager lady was in a big hurry, this matter has become a big deal for the entire Marquis Hua Yang residence is not favorable.

"Mother don't worry, it's fine!" Wei Luo Luo shook his head, this matter he is not worried, originally he and the fourth prince agreement, is to wait Wei Yuejiao into the fourth prince residence, directly thrown to the backyard of the Buddha Hall to let her clean up, in this case, her appearance in the no, in fact, have nothing to do with the obstacles.

The Fourth Prince didn't care at all.

Hearing Wei Luowen say it's fine, the dowager lady only put her heart down, "Li Yue'er there, I also said to Li, such a woman we Huayang Marquis House surely won't want, or else the whole face of our Huayang Marquis House will be disgraced, but if we ignore her and can't do it, Li just now also cried with me."

"Then what does mother mean?" Wei Luo Wen asked, rubbing his forehead.

Li Yue'er wants to marry Wei Ziyang, this is something that the Dowager Lady doesn't agree with, Wei Lovin won't agree with it either, and as for Li's crying, it will only make Wei Lovin unhelpfully annoyed.

"Then let her marry that person, even though it counts as one of our Huayang Marquis' family!" The dowager lady frowned in disgust, full of dislike at the mention of this person.

"Will he ... over there ... Li House agree?" Wei Lovin hesitated for a moment, like the Dowager Lady, he also did not like that person, for the Huayang Marquis House, that person is simply the existence of shame, but it is also that also also surnamed Wei, in fact, for so many years, he is also followed by his own side.

Originally also want to pull him a hand, but helpless that is a pull can not afford, Wei Ziyang with their own side to build a career, and he just follow their side to eat, drink and play, although did not cause any major events, but the small things constantly, angry Wei Lowen hard to beat him a few times.

But he is such a person, hit also hit, cursed also cursed, was beaten when pointing to the sky and swearing not to do so again, but a turn of the eye is still the same, to the end of the WeiLoWen also no longer care about him.

Well, although he is a playboy, but also did not cause any major events to, so many years followed Wei Luo Luo has been at the border, but this time Wei Luo because of the intention to live in the capital, so he also brought him back, was placed in the most remote corner of the Marquis of Huayang House, usually there is only a boy to wait there, and not allowed to go out at will.

Rather, after returning to the capital for so long, most of the people in the mansion did not realize that there was such an extra person.

“What is there to agree or not agree, who else can this Li Yue’er marry, who is Zi Yang? It’s the future Marquis of Huayang, where is this daughter of their Li family worthy of it, I also told Li that Marquis of Huayang will be in charge, but it can’t be Ziyang, she’s also Ziyang’s birth mother, if Ziyang really lets this kind of Li Yue’er into the house, she, as the mother, will also have no face!”

The dowager lady snapped, remembering Li’s crying and fussing appearance just now, she was furious.

To the point that later directly let people pull Li out, no matter what Zi Yang is in any case can not marry such a disfigured woman.

“I’ll prepare some bride price, you let Lao San make a trip, it’s always our Marquis of Huayang, it’s not a loss to their Li family!” Mrs. Tai said.

“Listen to all of mother!” Wei Lovin sighed, also feeling that this was the best idea.

“Luo Wen, come over and take a look at this Jeweled Flower, it’s specially sent for you!” After finishing her business, the dowager lady’s face improved a little and she stood up.

Chapter 587 The Jeweled Flower.

“Mother, what was given to me, delivered to you is yours.” Wei Lovin’s face turned cold, the scar on his face twisted twice, a cold, sharp light slid under his eyes, and he faintly said.

“This ... is always a special gift for you!” To Wei Lovin’s answer, Mrs. Tai was satisfied in her heart, but her face did not show it, and she advised with a serious look on her face.

“What is mine yours, when I say it is mother’s, it is mother’s! And why should mother be polite with me! For so many years, the backyard of the Marquis of Huayang, if it wasn’t for mother, I’m afraid it would have long been in chaos.” Wei Lovin looked at Mrs. Tai, the complexity in her eyes.

Some things, other people are not clear, how could he not be clear, for Mrs. Taifu, he since holds a feeling of gratitude, although because of Qin Xinrui to Mrs. Taifu also have some dissatisfaction.

Seeing Wei Lovin answer so firmly, the smile on Mrs. Tai's face grew even wider.

"Well, if you say so, mother will first receive it for you, if you need it, just ask mother for it!" The dowager lady said with satisfaction, this was also a very nice thing to say, as for this later, of course, Wei Lovin couldn't go back on his word and really ask the dowager lady for this pot of jeweled flowers.

So what if the jeweled flower is worth even more!

"But at mother's command!" Wei Lovin nodded.

"Third maiden's face should we ask the palace's eunuch to help take a look at it, maybe it will be better, it's always better than Dr. Ming's medical skills!"

This jeweled flower thing makes the dowager lady very satisfied, this will of course also have to care about Wei Yuejiao, even if she is now looking at Wei Yuejiao extremely unpleasant, but think of her as Wei Lovin's daughter, the dowager lady feels that she has to pay more attention to it.

Please ask the palace eunuchs? Wei Lovin frowned, although the wounds on Wei Yuejiao's face were much less than Li Yue'er's, there was only one, but at that time, Li Yue'er had scratched fiercely, and it was actually a few points deeper than the wounds on Li Yue'er's face, and Dr. Ming had also stated that it would basically leave a scar.

But since it had been decided earlier that she would go to the Buddha Hall to purify herself once she entered the Fourth Prince's Residence, it seemed that the face was of little importance.

"A girl family, face is how important, this if really hurt, I am afraid that in the future ... will not really be happy, and in the fourth prince's backyard, will also be discriminated against and mocked." The dowager lady sighed and advised.

“Yes, mother, I’ll go to the palace and ask the eunuch to come and take a look.” Wei Lovin lowered his head and thought helplessly.

No matter what, Wei Yuejiao is her own daughter, really watching her because of her face being taunted by the fourth prince’s concubines, Wei Lovin and some can not let go.

“Well , it’s better to go and see!” Mrs. Tai said.

“Mother, then I’ll take my leave and go to the palace to ask the eunuch to come and take a look.” Wei Lovin saw up, since he decided to treat Wei Yuejiao’s rash for her, of course he couldn’t be too late.

“Go!” The dowager lady said kindly, “It’s always best to be able to keep Jiao-ya’s face looking good.”

“Yes, mother!” Wei Lovin answered and turned around to leave in large strides.

Watching Wei Lovin leave, the smile on Mrs. Tai’s face slowly faded, “Come on, let’s go in and take a look at that pot of flowers.”

“Yes, Mrs. Tai!” Nanny Hong reached out to help the dowager lady, and the two of them went into the inner room together.

The other things in the room have been put away, only the pot of jeweled flowers placed on the table, the flowers are not large, but better than all the gems piled up, coupled with exquisite workmanship, not only lifelike, but also through the light.

It was snowing outside, and it was dark, and the lights inside were lit, and for a moment it looked more and more as if the pot of jeweled flowers were streaming with color and beauty.

The dowager lady stood still in front of the jeweled flower, her eyes fell on the pot of flower and stone flowers, her brows couldn’t help but wrinkle, half murmuring, “What exactly does she mean? Why does she always make a point of sending things to Luo Wen?”

Nanny Hong stood to the side with her head hung low and didn't say anything, she knew that the dowager lady didn't need her to answer this.

Sure enough, after a moment of silence, the dowager lady snorted coldly, "After so many years, I don't have the credit but also have the hard work, right, plus ... does she still really want to pull Luo Wen's heart all the way over!"

This is not easy for Nanny Hong to answer, so she still bowed her head, there are some things she knows very well, she is just a subordinate, a subordinate with little role, for things like that, all she can do is to be a spectator, this kind of thing does not matter whether it's right or wrong, and Mrs. Tai is actually not wrong either.

"Ugh, never mind, who let me ..." It took a little longer to pass this time, and the dowager reached out and touched the jeweled flower, stifling her voice.

Then let go of his hand, "Put it away! Since she has sent it, and I have told Luo Wen, Luo Wen said he didn't want it, what can I do, it's always been so many years, and he is mindful of my kindness."

"Yes!" Nanny Hong replied, coming over and carefully putting the jeweled flowers into a box on the side, just to carry it down.

"Wait!" The dowager lady suddenly raised her hand to stop.

Sister Macro looked up in disbelief.

"Send this flower to Maiden Dance!" The dowager lady gritted her teeth and said with extreme heartache.

"Mrs. Tai, isn't this your favorite thing? Why are you sending it to the county princess?" Nanny Hong asked in disbelief, she was the heart of the dowager madam, of course she understood the dowager madam's heart the most, such things in the past the dowager madam was never willing to give them to anyone.

Xianzhuang shopkeeper to send things, every piece is excellent, these things are different from other things, the dowager lady's own private coffers have been tightly closed, even before the second miss favored time, it is difficult to get these things from the dowager lady's hands, not to mention the current six misses.

Moreover, of the things delivered in today's batch, the best was this pot of jeweled flowers, and no matter how you look at it, the dowager lady wouldn't be able to part with it.

"There is always gain when there is give and take, possessions are still possessions even if they are good, I want to let the boss see that I give up everything for him, in previous years, but today Dancing Maiden is here, I will give this pot of jeweled flowers to Dancing Maiden, and also lest he always remembers what happened in the beginning with Qin Xinrui, besides, Dancing Maiden has been aggrieved today, and I'm pacifying Dancing Maiden on his behalf."

The dowager lady muffled her voice, looking at the pot of jeweled flowers in front of her, her eyes full of hard feelings and heartache.

However, she knew that what she should pull in more is Wei Lovin's heart, since he is now showing that what hurts Wei Yuewu the most is Wei Yuewu, although she didn't take Wei Yuewu seriously, for Wei Lovin's sake she also needs to have a high regard, not to mention that after such a thing happened today, this will take the jeweled flower over, and it will be more able to enlist people's hearts.

"Mrs. Tai's thinking is really thoughtful." Nanny Hong did not move and flattered Mrs. Tai, knowing that Mrs. Tai here was full of reluctance, but had to do so to make an appearance.

The dowager lady's gaze moved away from the jeweled flowers with difficulty, and her hand waved, "Take it away, take it away!"

"Yes, Mrs. Tai!" Nanny Hong knew that the dowager lady was so heartbroken that she couldn't do it, and was busy holding the flowers out with her hands and feet, calling a maid over and leading herself over.

When they got to the door of Qing He Yuan, a maid had already reported in, and Sister Mei welcomed them to the door and invited Nanny Hong in.

Inside the house, Wei Yuewu was sitting at the window watching Painter's End embroider a pattern, it was a very complicated pattern, or Painter's End had learned it from Yun Embroiderer.

But it looks very good, embroidery is different from the general, both the end of the painting skills are good also learned for a long time, but not yet very like, this will have something to do will be embroidered.

Hearing that Nanny Hong came over, several maids were busy welcoming Wei Yuewu to the door for her.

Nanny Hong came in and first bowed to Wei Yuewu, then let the maid put the pot of flowers on the table and walked over to open the outside packaging, "Sheriff, this is a reward from the Dowager Lady for Sheriff, after what happened, the Dowager Lady was heartbroken that Sheriff had a hard time speaking, so she sent her slave girl over to send her favorite jeweled flowers to Sheriff as well."

Nanny Hong was all smiles.

As soon as the packaging on the outside of the jeweled flower was opened, the gorgeous and delicate jeweled flower immediately attracted everyone's attention.

"This ..." Even Wei Yuewu froze for a moment, when did the dowager lady become so generous, "Nanny Hong, why did grandmother reward me with such an expensive thing?"

"I heard that county princess was aggrieved today, and also because the third young miss can't talk about her injuries, I feel that the county princess has suffered a loss, so I specially ordered the slave girl to come and comfort the county princess, the county princess has suffered such a big aggrievement, of course, this reward is also a bit bigger ah!" Nanny Hong was very good at talking, and in three or two sentences, she described the dowager lady as an image of a kind grandmother.

"Nanny Hong, thank Grandmother for me." Wei Yuewu softly thanked her, her watery eyes realized that this should be the gift from that fat shopkeeper today, but it looked really precious.

It was amazing that a shopkeeper could come up with such a precious gift.

Even though he is a few big stores in the capital in charge of the cabinet, but the money earned should not be given to the proprietor? And this proprietor is obviously not Mrs. Taifu, but if not Mrs. Taifu, this store in the end in the hands of who, the Marquis of Huayang House, who can take charge of this store, but Mrs. Taifu can not take charge?

The main thing is why, these several stores that are not palmed in the hands of the dowager lady but appeared on top of the dowry list of the mother's sister, it is really suspicious, what kind of things will appear in such a bizarre situation?

"Sheriff, you are now the favorite granddaughter of Mrs. Tai, good things do not give you back to who ah! Mrs. Tai is so old, of course, I hope that everything is in harmony, the house is peaceful, but the third young lady ... hey, county master you don't feel bad, the previous things Mrs. Tai understands in her heart."

Nanny Hong spoke more and more kindly, her face full of smiles.

Wei Yuewu smiled while dropping her gaze on that pot of jeweled flowers, blossom of riches, this place is not just rich, even in the palace, such things are not rare, right? An idea flew through her mind, and her hand slowly stroked the delicate jeweled flower.

On your own New Year's Eve, you dropped a broach yourself! Some people sure can't stay up now ...

"Many thanks grandmother, Grandma Hong you thanked grandmother for me, such a valuable thing, grandmother actually rewarded me, every other day, I invite sisters over some to appreciate, such a beautiful jeweled flower, sisters must have never seen it either!" In her heart, Wei Yuewu's face is not showing, softly said.

Chapter 588 Undercard, Two to One

Wei Qiufu's yard:

"Wei Yuejiao and Li Yue'er are disfigured together?" Wei Qiufu put down the pen in her hand and laughed lightly.

“Yes, I heard that the two Misses Three and Miss Li originally wanted to work together to count on the Sheriff, but then I don’t know how, but the two themselves fought instead, Miss Li was pushed into the fence by Miss Three, and Miss Three was scratched in the face by Miss Li, and the faces of the two were considered to be both ruined!”

Ming Yan softly told Wei Qiufu the news she had inquired about.

“A pair of fools!” Wei Qiufu laughed softly, putting down the pen in her hand, picking up a side of the pad to wipe her hands, mocking, “What a stupid pair, both of them actually can’t deal with one, no wonder Aunt Dong clearly occupies such a dominant position, and hasn’t topped the position of the rightful madam for so many years.”

“After all, it must be an aunt and concubine daughter, which can be compared with the young lady, see the two of them go through all the trouble, but only into the fourth prince’s house, and also made a reputation, this fourth prince’s house can be just the fourth prince’s house, whether it is good or not in the future will have to look at the face of the crown prince.” Ming Yan flattered Wei Qiufu.

The words Wei Qiufu said were extremely comfortable, and the smile on her face deepened.

Wei Yuejiao in order to enter the fourth prince’s residence, can be really stupid, even their own reputation is also disregarded, I heard that even the fourth prince to see her disgusted very much, this is not yet into the fourth prince’s residence, will cause the fourth prince of her no good feeling, even if it is in, there is nothing good life, compared to their own, Wei Yuejiao is really stupid have no boundaries.

With a light “snort”, a hint of grimness flashed from the corner of his eyes, “Wei Yuejiao looks like she’s really going to be ruined!”

“What does Miss mean?” Ming Yan, of course, knew that Wei Qiufu had more to come and asked cautiously.

“I don’t mean anything, I suddenly remembered the scented capsule ... that we got before,” Wei Qiufu took a handkerchief and gently wiped the edge of her mouth, and faintly said.

Ming Yan’s eyes lit up, “Miss means that you can use this scented bag now?”

"Of course, this time is just right." Wei Qiu Fu face with a winning face said, this scent capsule held in their own hands, is already prepared for the next, at that time when the hands are also considered to be in order to kill two birds with one stone to make preparations.

Although the previous galloping horse did not succeed, but he is not without a backhand here.

"You'll take this scent bag to meet Wei Yuejiao in a while, and by the way, greet her, so that when she finds this scent bag, she'll say that you picked it up!" Wei Qiufu picked up the tea on the table, took a sip and said smugly.

"Tell Third Miss that the slave girl picked it up?" Ming Yan hesitated and asked uncertainly.

"There is no need to tell Wei Yuejiao, just let the maid around Wei Yuejiao know, isn't there a beloved one around her called Live Yuzhu, just let her know, I think there is such a good opportunity, Wei Yuejiao will definitely not let it go."

Wei Qiu Fu sneered, Wei Yue Jiao would hate to eat Wei Yuewu, right?

Aunt Dong and Wei Yuejiao mother and daughter in front of the top, she only need to stay behind to see a lively on the line, like this today, Li Yue'er to the purpose of the House, but also their own "unintentionally" said to Wei Yuejiao listen, Wei Yuejiao listen, immediately had the idea, as for the success of the no, are not in their own.

If it came to pass, then naturally it would be best, and if it didn't, one had nothing to lose!

That bitchy girl Wei Yue-mai is not that easy to deal with!

"Yes, slave girl understands!" Ming Yan immediately understood Wei Qiufu's words, went into the room and took out that scented bag from a box in Wei Qiufu's dressing table, before that, she had been putting this scented bag together with Wei Qiufu's other scented bags, just for fear that she wouldn't know where to put it for a while.

Watching Ming Yan leave with the scented capsule, Wei Qiufu face flooded with a trace of grimness, with Wei Yuewu in, she can never let the whole Huayang Marquis support herself, Wei Yuewu blocked her own way, must get rid of ...

“What? Third Miss’s face is ruined?” Aunt Dong touched her stomach and almost fell to the ground, and Sister Li hurriedly supported her.

“Aunt you don’t worry, this thing is not sure, is the kitchen side of the mother-in-law passed the letter, said Miss three and Miss Li clashed, the two suddenly fought, Miss Li to Miss three face scratched flowers, this is asking Dr. Ming to cure, maybe ... may also be all right! ”

Sister Li calmed Auntie Winter.

“Fighting with that Li Yue’er from Li’s family?” Aunt Dong forced herself to calm down a bit and asked in a stern voice, that niece of Li’s maiden family, she had seen more than once, in previous years at this time, when she returned to the capital, Li would usually let this niece come over to greet herself.

That’s not a bad relationship to count.

“It seems to be that Miss Li.” The news coming from the kitchen side was too mixed, and Sister Li couldn’t make sense of things for a while, and could only speak vaguely.

“Why is she fighting Jiao Er? Wasn’t she in the Li Mansion? Why did she suddenly come to our mansion and fight with Jiao’er, the two of them didn’t fight much in the past!”

Aunt Dong’s face turned white with anger and hatred.

“This ... I heard that Miss Li is accompanying the second lady back to the house, it is in order to take care of the second lady to come to our house, this ... is now do not know why all of a sudden fight with the third lady ... ”Sister Li smiled bitterly, she is really not clear.

Aunt Dong carried up the corners of her eyes, her hand slapped hard on the table, and then pointed a finger in the direction of the second house and cursed loudly, “Li’s this idiot, has never done anything

good, he came back on his own, but also brought such a trouble-making what for, this girl at first glance is not what kind, the heart is just as vicious as Li's."

"Aunt ... Aunt, you can not yell ..." a listen to Aunt winter reckless loud curse up, Sister Li anxious, busy over to gesture to cover Aunt winter's mouth, "you are still under punishment period, can not make any right and wrong again. "Auntie, you are still in the punishment period, can not be out of what is right and wrong, this if passed to the ears of the marquis, may not think you want to do!"

Aunt Dong angrily pushed away Sister Li's hand and gritted her teeth, "Did Marquis avenge Jiao'er's death by beating that dead girl who grabbed her half to death."

"This ... is always the niece of the second madam's maiden family, and she also hurt her face." Sister Li helplessly advised, Li Yue'er is no longer a first daughter of an official family, how can she be casually arrested and beaten.

"She hurt her face, can her face be compared to our Jiao Er! Let's go, I'm going to see the Marquis, our Jiao'er will be the life of a royal consort in the future, it's not something an ordinary bitchy girl can compare to." Aunt Dong became more and more angry as she spoke, she couldn't help but stand up and was about to head out.

Frightened, Sister Li pulled her back, "Auntie, my good Auntie, if you go out like this, the Marquis might want to punish you again, even if you care about Third Miss now, you still have to care about the little young master in your belly!"

"I ..." Aunt Dong also knew that Sister Li was telling the truth, but couldn't hold her tongue, and resumed sitting in front of the table, stretching out her long fingertips to scratch fiercely at the table, "Does this matter have anything to do with Wei Yuewu, that little bitch?"

The more she thought about it, the more she felt that it was not right, even though that maid on Li's house was a little bit incompatible with Wei Yuejiao because of Wei Yan's matter, but it was impossible to really fight, besides, Li's current condition, how to look at it, it is not able to be exuberant.

"This ..." Sister Li hesitated for a moment, but under Aunt Winter's skeptical gaze, she had to tell the truth, advising, "Aunt, this is indeed related to the county princess, but the old slave wanted to hide it, this is something you can't control now, you You can't control this now, you can't even protect yourself

now, how can you take the heat for third young miss? Always take care of yourself before you can take care of third miss!”

“It’s really that bitchy girl stirring up trouble inside!” Aunt Winter hate the teeth bite to cackle cackle ring, originally also quite showy eyes, screwed into a triangle, appear to have a few points of hideous, “that bitchy girl’s life is actually so big, up to now is not dead, in the first place, if I know she can still live down, how ...”

“Auntie!” Sister Li cried out in horror, her entire body shivering up, her face turning pale, “Auntie, you ... don’t want to die!”

This sound of hers reminded Aunt Winter, who closed her mouth tightly, only a few moments of sinister flashed out of the corner of her eyes.

The room was eerily quiet, half a dozen times Aunt Dong only said grimly, “Go and ask the Marquis, just let me want to ask the Marquis, Jiao Er is now in such a situation, I do not know if the birth mother can not be next to her to comfort her? If a girl really lost her face, her whole life would be ruined, ask the marquis if he can feel worthy of our mother and daughter?”

Of course she wouldn’t let Jiao Er be disfigured for nothing, no matter if it was Li Yue Er or Wei Yuewu, she wouldn’t let it go.

“Auntie, what you said, the slave girl really doesn’t dare to pass it on!” Sister Li laughed bitterly, Aunt Winter’s words were quite a bit of an accusation, she really didn’t dare to ask in front of the Marquis.

“I want to go out to see Jiao Er!” Aunt Dong would not be able to sit still, and said slowly, “I want to see Jiao’er no matter what! Marquis didn’t treat Jiao’er as a daughter, but I only have Jiao’er as a daughter, and with her in this state now, can Marquis still bear to lock me up!”

“Auntie, don’t be in a hurry, it’s actually just the right time to see Third Miss!” Seeing that Aunt Dong insisted on seeing Wei Yuejiao, Sister Li’s eyes rolled and she had a solution to placate Aunt Dong.

These words reminded Aunt Dong, coldly smiled, “Indeed this is exactly a good opportunity, the Marquis has always been soft on Jiao Er, this time no matter what, if Jiao Er’s face is really ruined, Jiao Er will

have no hope in this life, but that good daughter of his can get the position of the County Lord, high up in the world, while Jiao Er has ended up in such a situation, will he not lose his heart! ”

Aunt Dong knew Wei Luo very well, and this should be the time for Wei Luo to soften his heart towards Wei Yuejiao.

“Sister Li, you go to the Marquis and say that I knew about Jiao Er and fainted from crying.” Aunt Dong who calmed down decisively said, then looked down to see that she had a stomach, reached out and gently touched it twice, her eyes revealed a brilliant light, “Say that I woke up with a stomachache all the time but I still have to make a scene to see Jiao’er.”

One’s own share is not enough, then press the child in the stomach, this was originally one of their own cards, but this will be picked up and used, but it is the best time, an unborn son, a disfigured daughter, two than one, she does not believe that she can not resist Wei Yewu.

She wouldn’t let Jiao Er get hurt for nothing no matter what ...

Chapter 589 Aunt Winter’s Nephew?

Aunt Dong was staying in Wei Yuejiao’s Feng Yi courtyard on the same day.

It is said that the side of the Wind Instrument Courtyard cried and made a scene, and a few serving maids were all beaten up before they slowly quieted down.

Li’s side of the second house is also not peaceful, Li Yue’er is the same crying sent over, Li’s only to ask for the cause, was called over by the dowager lady scolded fiercely.

This time into the house, originally is to take advantage of the excuse to come over, Li’s now weak, both is scolded, but also have to grit their teeth to endure.

After that, they were bombarded back by the dowager lady, originally Li also wanted to go to beg her son Wei Ziyang, married Li Yue’er, but heard the dowager lady pass the word that Wei Ling to marry Li Yue’er, think of their own account to the Li family, and no longer make trouble for their son.

Wei Ling is the old marquis brother's grandson, because the old marquis brother's family passed away early, this Wei Ling is fostered in the Huayang Marquis House, when he was small, he also followed Wei Ziyang together with Wei Luo went to the border, so many years has been in the border over, this time to return to the house, Li has also seen a few times.

Thought the looks were good and it looks like the character should be good too!

His son followed Wei Luo so many years at the border, more and more outstanding in all aspects, this Wei Ling even if his son is not outstanding, but the difference should not be too big, besides, Li Yue'er's face is ruined, really let Wei Ziyang marry her, is indeed a thing without a face, besides Wei Ziyang future is the Marquis of Huayang, Li Yue'er this appearance, but also really not suitable to be the wife of the Marquis of Huayang.

Any more, your own son is closer than your mother's niece.

Moreover, Li Yue'er entered the government originally for a marriage, and now this marriage is also considered to be settled, and she is also considered to be affordable to her mother's family.

Thinking this way, Li stopped making a fuss and brought Li Yue'er in her own courtyard to nurse her wounds, while informing her brother and sister-in-law about the marriage, as well as the disfigurement of both Li Yue'er and Wei Yuejiao.

The thing was originally Li Yue'er and Wei Yuejiao two entangled by themselves to make a mess, the two people count Wei Yuewu can not, but also their own mess, this if really pull things out, for no one is good.

Since the Marquis of Huayang had also found a marriage for Li Yue'er, even though the Li family was not very satisfied, under these circumstances, they could only admit it.

So, the second house side seemed to have calmed down.

Inside the house calmed down, the snow also stopped, the sky is slightly brighter than before, but outside the house is not calm down.

In the evening, an eloquent boy wandered around the backyard entrance of the Marquis of Huayang's mansion for a long time, and finally couldn't hold back and went up to knock on the door.

The granny guarding the back door was newly replaced by Wei Ziyang who heard the knock and came over to open the door, "Who are you and what are you doing here?"

The granny looked up and down the boy, did not recognize who, nonchalantly said, the grand duke but commanded, this backyard door is not who want to enter can enter, must be interrogated clearly, she is only new to the post, of course, even more can not be sloppy.

Once he saw that it was an unrecognizable granny, the boy also froze for a moment, but he also reacted quickly and immediately accompanied with a smile and said, "This Sister, I would like to enquire about someone, I wonder if he is in your mansion right now?"

"Who?" The granny said.

"Sister Li from Aunt Winter's side, I wonder if she's in the mansion?" The young man carefully smiled.

"Sister Li is in the house, but who are you and why do you want to see her?" The granny cross-examined.

"I'm her nephew, a few days ago she came back from the border, once went home to see a trip, I'll bring her some local specialties over here, I'm afraid that she went to the border again and wanted to eat this side of the dishes." The boy raised his hand, and only then did the granny see the modest package in his hand.

Sister Li is followed by Aunt Winter, Aunt Winter has been locked up before, grannies guarding the hand door, the news is closed a little bit, this will also do not know Aunt Winter has gone to Wei Yuejiao's Wind Instrument House, take care of Wei Yuejiao to go.

"Put your things down, I'll have someone bring them over for you later!" The granny didn't dare to take the liberty and thought for a moment.

"This ... also has a few words want to say to aunt, before she came when she left in a hurry, did not say a few more words, this goodbye for so many years, aunt left when I was still small, I can not imagine that I am now so big, but I have not seen aunt a few faces." The little boy huffed and cried, a face of hard to let go.

"Auntie herself does not have many children, has always treated me as her own children to raise, even though in the border for so many years, every year will bring me things to, I originally thought also go to the border to see auntie, but too far, a person and timid, it is not easy to auntie back to the capital, always have to accompany her old man to talk more about things at home, but also so that her old man can be at ease. "

The more the boy said, the more sad, put down the package, even wiped up tears.

Look at the boy said so deep and righteous, the heart of the mother-in-law can not help but soften a few points, they are actually the same as these subordinates, even if there is a family, weekdays are not to see, it is not easy to see a time, but also is indeed affectionate can not be.

But Sister Lee's situation is really not to be seen.

"Sister Li is now accompanying Aunt Winter, Aunt Winter's body is not very good, she can't be short of people around her, you'd better put your things down, I'll go and tell Sister Li that it's just a matter of having her come home when she has some free time."

The granny said with difficulty.

"How long will this be until? I ... may have to accompany my master to go on a long trip, and I don't know if I can still see my aunt when I come back." The boy's eyes rolled, immediately calculating, and aggrieved.

"Then ... you can only go in and say a few words slightly." The granny really had some pity for him, and thought about it.

"Yes, many thanks Sister, I'll just say a few words, look at my aunt, and then put down my things and leave, I definitely won't disturb the master of this house." Seeing that the plan was successful, the boy nodded his head repeatedly.

"Come in then!" The granny let go.

The boy was busy carrying the package and walked in, striding inside.

"Hey, do you know the way?" The granny shouted from behind.

The boy stood still, touched his head, and said rather awkwardly, "Sister, I will ask, so I won't trouble you to lead the way, you still have to guard the door, what if someone comes later?"

This was extremely reasonable, the granny nodded, and the boy turned around and headed inside.

He had certainly come this way quite a few times, he used to look for Sister Dong, but now that Sister Dong wasn't around, he brought in Sister Li, and anyway, whichever Sister was around Aunt Dong was a beloved one.

Aunt Winter lived originally partial, but from the back door is somewhat close, all the way around a few circles around a corner did not meet anyone, the boy came to the door of Aunt Winter's courtyard, went up and knocked on the door.

But no one answered the door.

Aunt Dong had dispatched all the subordinates around her before, leaving only Sister Li, and once she took Sister Li with her this time, there was no one left here, so naturally no one would answer the door.

The boy fooled the guard back door of the granny, at first very proud, but this will be knocking on the door, but no one answered, but also can not help but anxious, he this time to enter the house is the command of the two big bosses, if you can't see Aunt Winter can be bad, look around no one, the boy smartly toward the back corner of a tree.

Plan to climb the tree and go over the wall to check it out.

He climbed up the tree, his hand only hooked onto the wall, suddenly heard an angry shout from the side of his body, "Where is the little thief, actually dare to climb over the wall to steal things."

The boy was so scared that he almost fell off the wall, sliding down the tree while shaking his hands about, "I ... am not, I want to see if there is anyone in this courtyard?"

"No one you steal, right, go, come with me to see the Marquis, what do you want to do with this sneaking around and climbing the courtyard wall!" Jinling crossed her waist with one hand and rebuked loudly.

"I ... I really didn't!" The boy was anxious, if this really stabbed in front of the marquis, it would be a big deal.

"What there is no, follow me!" Golden Bell has been waiting here for half a dozen times, this will come over and pull the boy's sleeve, directly dragging the person outside.

"I'm really not, I really have something to look for Aunt Dong, it's not that I'm looking for Sister Li beside Aunt Dong, I'm the nephew of her mother's family." The young boy shouted in panic as he struggled.

But helplessly Golden Bell is practiced, of course it is not comparable to him, directly dragged the person out, the boy shouted louder and louder.

"One moment you said you were looking for Aunt Winter, another moment you said you were looking for Sister Li beside Aunt Winter, and just now you tried to climb over the wall to get in, clearly you are scheming against the rules, come here, you, you ... together to help bring the people to the Marquis!" Jinling reprimanded while pointing to the two coarse grannies seen on the roadside.

The two rough grannies were busy putting down the fellows in their hands, and came over one on each side, directly tying the boy's hands behind his back and dragging him away.

"I really have something to find Sister Li, I'm Sister Li's nephew, I really just want to see if there's anyone in the yard ..."

The boy's mouth was gagged with a handkerchief by Goldbell.

Jinling led the way in front of him, and the boy was carried by two rough-hewn grannies, and was taken all the way to Wei Luan's study.

In the study Wei Yuewu was talking to Wei Luo Wen about the Jeweled Flower and had brought the Jeweled Flower to Wei Luo Wen.

"Father, grandmother actually gave such a beautiful jeweled flower to Mai'er." The look on Wei Yuewu's face didn't have much excitement, "It says it's because of third sister's matter ..."

This was not finished, and the watery eyes were slightly downcast, only the look on his face was bleak and dull.

Wei Lovin's heart ached, stood up and walked over, reached out and touched her hair, "Dance, grandmother gave, you just accept it, your third sister ... was taught bad by Aunt Winter, her heart is not right, but this will also be considered a lesson learned, and then half a year time, she will be in the fourth prince's house, which later ... is also impossible to have intertwined with the dancing children again."

Speaking here Wei Lovin still leaked a bit, no matter how Wei Yuejiao is also his own daughter, although he loathes Wei Yuejiao's viciousness, but thinking that she will be green in the future for the rest of her life, his heart sighed a bit again, and his chest was stuffy.

Then this mouth of evil anger is all sent on Aunt Winter, if it is not Aunt Winter's teaching is not good, Wei Yuejiao why would it be so vicious, but looked at Wei Yuewu's face, was about to speak to comfort, suddenly heard the sound of commotion outside the door, the corner of his eyes could not help but be stern, "What's going on?"

Chapter 590 Three Sets of Accounts.

"Marquis, I heard that there is a boy climbing the wall of Aunt Winter's courtyard, but this person slave doesn't recognize." The boy serving in the study was busy running out to take a look and then came in to report.

This mansion's boys, even if they are not familiar, but basically all know, for this boy, Wei Lovin side of the boy but feel that they have never seen.

Wei Yuewu stood up, walked to the door, and looked outside, "Father, Jin Ling is also here!"

"Bring them in together!" Wei Lovin commanded.

The boy was busy running out, and in a short while Jinling came in with two coarse grannies escorting a boy.

"Kneel down!" Jin Ling walked in front and first saluted Wei Lovin, then angrily said to the boy behind him.

"Marquis ... Marquis, the slave has seen the marquis!" The boy's mouth has been pulled off, this will not dare to struggle again, "flop" a knee, shivering into a ball, the original shrewdness this will not be able to see.

Wei Yuewu's gaze fell on the boy, a cold smile flashed under her eyes, as soon as she heard that she was going to say she was going to get the account book, the two shopkeepers were anxious to find Auntie Dong to get her ideas.

"Where did you come from?" Wei Lovin snapped out of the corner of his eye.

"Marquis ... Marquis ... slave came to find Sister Li, Aunt Winter's side of Sister Li, slave is her nephew, just to see her, found Aunt Winter's courtyard no one, slave just want to see, and ... didn't try to do anything!"

The boy stammered an explanation.

He just came all the way over here, and in the panic, he only thought of this idea, that is, he will not admit it, he will say that he is the nephew of Sister Li.

“Marquis, he said that he panicked, the slave girl happened to be walking by and saw him sneaking around and looking around before he went up the wall, the slave girl looked out of place before she called out, but he still won’t admit it.” Jinling was furious.

“Marquis, the slave is really ... really just to find people, do not dare to have other ideas ... Marquis you think, this is the marquis house, the slave is unfamiliar with life, and the time is also early, how do not dare to have other ideas ah! ” The boy rushed Wei Lovin kowtowed and defended.

“Marquis, he is talking nonsense, the slave girl sees that he is just sneaky, one moment he said that he came to find Aunt Dong, and the next moment he said that he came to find Sister Li, both of them heard it.” Jinling pointed a finger at the two gruff grannies.

The two rough-hewn grannies hurriedly nodded their heads in agreement.

The scar on Wei Lovin’s face twisted, his face icy cold like water, “Say, what the hell are you here for?”

“Marquis, slave really came to look for someone, slave was caught at that time, momentarily panicked and said the wrong thing but myself, this sister also do not know what is going on, has been targeting me, is it because slave came to look for my aunt, Sister Li, is it because this sister does not get along with my aunt, Sister Li, is it that she is doing this to me.”

The boy was cunning, and this would point to Golden Bell.

“How old are you?” Wei Yuewu suddenly asked with a smile from the side.

“Nu ... Nu is thirteen years old!” The boy was stunned and didn’t react, but still hurriedly replied.

“Know Sister Li?” Wei Yuewu asked this.

"Of course I know!" The boy said offhandedly.

"Go, go call a few Sisters over and let him recognize!" Wei Yuewu said with pale eyes.

"Yes, slave girl will immediately go and call a few Sister Li's to come along!" Jin Ling immediately understood Wei Yuewu's meaning and turned around to leave.

This instant, the boy suddenly understand, scared pale, forehead can not help but also see the sweat, where he has seen Sister Li, just know that Sister Li is Aunt Winter side of the most powerful granny, reported her name, and then say some bitter, backyard door of the granny will certainly be released.

Waiting for Aunt Winter's courtyard, someone will bring themselves in to find Sister Li, not even thinking that there is still this at the moment.

He did come to Aunt Dong's courtyard before, but that was basically received by Sister Dong, and he had never really seen Sister Li, who had only just returned to the capital.

"If you can't find Sister Li ... in a while," Wei Yuewu's face sank, and a few points of sternness appeared on her delicate little face, "with an impersonation of an official relative, send it directly to the government, and charge the army to be sent out!"

The boy will be scared this can not kneel, winter face can not help but see the sweat, a word will be sent to the army, the boy again clever this time also can not resist.

"Marquis ... slave is the big shopkeeper let come over to find Aunt Dong, and is not Sister Li's nephew, please marquis spare the slave!"

Seeing that he opened his mouth and told the truth, Wei Yueyue rushed at Jinling and faintly said, "Don't go out yet!"

"Yes!" Golden Bell nodded and stood behind Wei Yueyue Dance.

“Big Boss?” Wei Lovin, however, was stunned and didn’t react for a moment, “What Big Boss?”

“It wouldn’t be those two big bosses from last time, would it? Father is the two that took the fake account book to show you.” Wei Yuewu reminded softly from the side.

“But those two big bosses who were previously assigned to Aunt Winter’s control?” Wei Lovin coldly said, his eyes sternly fell on the boy, after listening for so long, he certainly also heard that this boy has a problem.

Counting from this place, this boy in front of him was really a lackey of the mansion.

“It is ... exactly what the big shopkeeper told the lackey to come.” The boy nodded his head repeatedly, for the sake of his own little life, where would this dare to hide.

“What are they letting you into the mansion for?” Wei Luo Wen raised his eyebrows upwards.

“It is for the matter of the account book, said that the account book to discuss with aunt winter, before the store is aunt winter to take care of things, now the county main to look at the account book, the two big bosses want to ask aunt winter’s meaning, so only sent relocated slaves over.” The boy servant said one by one.

Wei Yuewu’s body leaned back, the handkerchief wiped on the lips, to hide the corner of the lips of a touch of ridicule, these two shopkeepers are really careful, this is even the boy also do not know what the two of them in the end want to do? Well, they here is also early prepared ...

“Father, it is true that I want to look at the account book, I want to see the actual operation of those two stores, it is just that ... didn’t father say that all of these stores belonged to Dancing Child?” Wei Yuewu asked with a confused face.

The store’s current owner is Wei Yuewu, of course anything should also look for Wei Yuewu, but on the contrary, she went to look for Auntie Dong, and still so sneaky, this matter how to look at it all penetrates a few points of wrong.

"Go, call those two dog slaves over." Wei Lovin's gaze slid sharply past the boy's face.

Soon, the two big palm cabinets were brought in, one look at the situation in the house, and then saw the little boy kneeling on the side, the two big palm cabinets immediately knew that it was not good.

As soon as he entered, he fell to his knees.

"I've met the Marquis!"

"I've met the Sheriff!"

Wei Yuewu smiled faintly and coldly, but did not open her mouth.

"Two dog slaves, who is your current master!" Wei Lovin slammed his hand heavily on the tabletop and snapped.

"Sheriff."

"Of course it's the County Lord!" Although the two big shopkeepers secretly grumbled, they still had to promise.

"If it's me, why did you go to Aunt Winter?" Wei Yuewu gave a wordless smile.

"It is ... some of the past account books ... Little didn't know if I wanted to show it to the county master, so I wanted to ask Aunt Winter!" A shopkeeper hurriedly explained.

"Yes, it's just some old accounts, all of them have gone through, the little ones don't know if the county wants to see it, so they want to ask Aunt Winter first." Another shopkeeper also hurriedly interjected.

This was a countermeasure they had already thought of before, if the boy let the other people in the Huayang Marquis Mansion find out, this is how they would explain it.

In fact, they have been trying to find Auntie Winter to take into account, although before Auntie Winter has given them a hint, but even outside the house, they also know that Auntie Winter's situation does not seem to be very good, this time for fear of a little mistake, just recently Auntie Winter did not have the time to see them, so this matter will be delayed again and again delayed.

But now it can not be delayed, tomorrow the Sheriff will have to come to see the account, the two of them have no choice but to call an eloquent boy, let him come to find Aunt Winter.

"Old accounts, can't I see them?" Wei Yuewu coldly raised her eyebrows, "Didn't you say that this is my mother's dowry?"

Her latter sentence was charged at Wei Luowen, and Wei Lovin's face became more and more ugly, "Bring all the account books!"

"But ... but ... this ..." The two shopkeepers looked at each other, and there was panic in their eyes.

The two of them came in a hurry, the guards of the Marquis House did not allow them to say anything more at all, this would be if they were to let someone go and get it, the two second-hand shopkeepers would not know if they would understand.

Even though the two of them had talked about it before, they were still relieved.

"What this and that, come on people, go to the two stores and bring all the account books for the county princess to look over." Wei Luo said sternly.

A guard had already answered and went down.

"Marquis ... this ... Aunt Winter, this ..." The two big shopkeepers looked at the guards who had gone out of sight, and their fat face couldn't help but start sweating.

"Did Aunt Dong let you guys do something?" Wei Lovin said in a cold voice.

"No, I'd like to say that some of the ledgers might not be too accurate either." A shopkeeper clenched his teeth and said, while the other big shopkeeper was horrified and his face changed greatly.

"Why would it not be done correctly!" Wei Lovin asked.

"This ... before winter aunt in the border, can only come back once a year, this account book is a year a year to do, but this year a year to do the account book, is always too much amount of some, so the small ones afterwards and split the account book, in order to systematically check the account in the future, but this one time, there are times when it may be messed up a bit, Aunt Dong had scolded the little ones before, but there was nothing good to do for a while."

The front shopkeeper wiped a handful of sweat, braced himself to finish his words, this is something he had to say, a moment later, if it is the set of account books that are brought in, it is not what he said to the second shopkeeper, he can still have room for maneuver.

"Yes ... yes, marquis ... this real account book is actually also two sets!" Seeing the front big treasurer began to defend, the other big treasurer in a hurry also loudly said, the former big treasurer hand shivered a little.

Upon hearing that this was the reason, Wei Lovin's face slightly softened a few points, but the next moment, his face suddenly took on a lingering chill in the morning.

"And two sets of account books? The two big shopkeepers can be really hard, this before and after but made three sets of books ah! As expected, my mother's shopkeeper is more hard work, such as this, three sets of books together to the government, so that the master of the government with the apprentice to see, I heard that the master of the government is most proficient in these!"

Wei Yueyue Dance said unhurriedly!
