

Young Lady 611

Chapter 611: Once, Wei Luowen launched a killing ring

"Say!" Wei Yuewu slowly converged on the smile on her face, her eyes pale.

"The county master ... The county master fell here when he was young. When the slave master who was far away was rescued, the little body lay straight and motionless. Houye got the news and carried the sword. Come here, and give a few of the onlookers and mother-in-law who are watching ... to kill! "

The woman whispered in a voice.

At that time, she was scared after thinking about it. The screams of several ringlets and the mother-in-law seemed to be in her ears. She hid behind a big tree and covered her mouth tightly, for fear of making a sound, she was screaming there A murderous master in rage.

Actually, it wasn't just her. No one expected that Hou Ye would really do it.

Everyone knows that Hou Ye is a general and killed someone on the battlefield. The scar on Hou Ye 's face was marked when he was young when he entered the battlefield. Like, when Lao Houye guarded the border gate, Houye who was still in his arms was taken to the border gate. After he grew up a little, he went to the battlefield.

The killing was not a big deal for Hou Ye.

But knowing it is the same thing, seeing it is the same thing, and seeing the blood flowing into the river on the ground, those Yan Yanyan with a broken mouth in weekdays, for the first time, feel that he is so close to death.

On that day, if it wasn't for Miss Liu that she made a few sounds later, and shocked the red-eyed Houye, the mother-in-law would surely have few people who could survive.

"Father's killing ring for me?" Wei Yuewu heard it. Although her face was calm, her heart turned into a turbulent wave.

It turned out that it was hidden so deeply because his father bit his lip, moved his heart inexplicably, and touched the fence with his fingers lightly.

"Why did I fall into the river?"

"It should have been accidentally stumbled and fell into the water, just ... right here. Later, the government made all three sides surrounded and nailed it again, but there were originally fewer people here, and they became less and less!" The woman answered.

With so many girls and mother-in-law following, will they still fall into the water?

Wei Yuewu rubbed her eyebrows, inexplicably feeling that something seemed to flash in her mind, but she couldn't catch it for a while, which may be an important reason for her memory loss.

After drowning, I hurt my head so much that I forgot many things?

"Is there anyone else?" Wei Yuewu asked.

"No ... Slaves didn't notice the others. Slaves stood far away and looked ... can't see clearly!" The man with the sword in his blood couldn't care less about the other.

"Where is Auntie Winter?" Wei Yuewu's eyes flickered and she said bluntly.

"Master, the slave didn't really see clearly, really didn't see clearly." The woman's face was pale, and she shook her head again and again.

This answer made Wei Yuewu speechless, but think of a rude woman who can be far away in this case, and really can only see these.

But these are not enough ...

"Think carefully, what else do you think of?" Wei Yuewu's eyes fell on the mother-in-law clearly.

"Slave really didn't remember ..." The woman shook her head and suddenly her eyes lighted up. "The county master, the slave master remembered, the county master fainted on the ground, but the slave also heard the cry of the child!" There are children Crying?

"Who did I like to play with at that time?" Wei Yuewu asked thoughtfully.

"The county master, the slave knows this, because Mrs. Hou died early, and Aunt Dong took over all the things in the big house. The county master was very little at that time, and did n't know anything, so it was all Aunt Dong helped. During processing, Miss Three also accompanied the county host to play on weekdays. "

"Although Mrs. Three also carries Miss Four and Miss Five, but basically Miss Four and Miss Five do not play with the county master. As for Miss Er, when she is with the county master, she always bullies Miss Er and makes a few times. Later, Lord Hou also told the second master to separate the county master from the second lady. "

In other words, if there is a child crying, then it is certain that the child at that time must be Wei Yuejiao.

So Auntie Winter must be there too!

Suddenly drowning suddenly, and Aunt Winter who has always been malicious to herself is also there, and the answer is actually self-evident.

"Do you remember anything else?" Wei Yuewu said slowly.

"The other slaves really couldn't remember anything. Later, Hou Ye was not allowed to pass around, and the slaves didn't see it." The rough woman shook her head.

"Mei Ye, give a reward!" Wei Yuewu nodded.

Mei Yan gave a reward in the past, the wife wiped a sweat, and left with gratitude.

"Well, look, did you slip off your foot and break the fence and fall down?" Looking at two different fences, Weiyue danced.

Mei Yan's expression was shocked, and he looked at these two slightly different fences: "The county master, it is really different, as if it was only later fenced up, but even a child used it With all your strength, it's impossible to break the fence and fall into the lake. "

"And the bulge at this foot is actually so slippery, if it is because of the slippery foot, you can't stop it ..."
Wei Yuewu's feet slipped on the ground, and the soles of the feet slipped. Not quite sure.

"The lord said that someone here intentionally slipped on the ground?" Mei Yan also came over and tried, and the slippery feeling under her feet made her frown. "But if you do that, would Hou Ye not know? I'm afraid I'll follow it up. If it's really Aunt Dong's job, she can't escape! "

Wei Yuewu nodded. From this look, this must be an accident, and it was also an accident that my father couldn't say much.

When his father was furious, he could only take a few girls who hadn't served himself to vent their anger, but couldn't follow up.

But how could my father not notice this smooth bump, or was it blocked by something else, so it was not obvious?

At that time, I was very young, so I don't know who was clearly present, but one thing is certain, Aunt Dong and Wei Yuejiao must be there.

My own accident must be related to Aunt Dong and Wei Yuejiao ...

Wei Yuewu took a closer look at the pavilion, and then took Mei Yan back to Qingheyuan.

After getting seated in the room, Shu Fei reported: "The county owner, the people around Mrs. Fang Caitai came and said that they heard the county's main flower banquet and the gem flower, Mrs. Tai's meaning, let the county owner have a few more. On that day, I would like to invite more young ladies to come here, and it will be lively. "

Sure enough, the meaning of waiting a few days is certainly not just a few days. Is it crowded?

That's right, you can use it to find out some old things.

"Slave said that the county master was not there, and waited for the county master to return before reporting to Mrs. Tai." Shu Fei said again.

"When you go to Jingxinxuan, you say I agree with this matter, but you want to arrange it, and then you can ask the ladies to row while they play." Wei Yue said with a sense of intention.

"Yes, slavery is over!" Shu Fei nodded and retreated.

"Is the lord of the county planning to do that by the pavilion?" Mei Yifang just followed Weiyuewu all the way, which would of course see some meaning, and asked.

"Although the pavilion is not good now, it's warm, but it is a good place. As for the crucified board on three sides, it can be removed, otherwise how can you enjoy the scenery!"

Wei Yuewu nodded, and her speech was full of another meaning.

"But this matter ... always requires Mrs. Tai or Hou Ye to agree!" Mei Yan said in distress.

"The grandmother's side is naturally not a problem. As for the father's side, wait a minute. If my father asks, I will answer it myself." Wei Yuewu was well prepared along the way. After listening to Mei Yan's words, the corners of her lips slightly ticked. A smile.

Sure enough, when the book came back for a while, she told Mrs. Tai that she was very satisfied with Wei Yuewu's reply, and she had to decide what she wanted, always taking Wei Yuewu's idea as the standard.

In order to show the importance of this matter, Mrs. Tai also asked a woman to follow up to preach.

Wei Yue Wu told Shu Fei to admire the wife beside Mrs. Tai, and then told Jin Lingyi to let the housekeeper to decorate the pavilion and said that she would hold a banquet.

She was preparing for the flower-viewing party. She thought about it and arranged some more. She took out the pen and paper and wrote it.

"The lord, Acer is here!" Jin Ling hurried in.

"Isn't Mrs. Tai just leaving?" Wei Yuewu choked for a moment and put down her pen.

"Slaves don't know, but it's a joy to see Acer's face very happy! Wouldn't the county owner be the king of Huai County?" Jin Ling said cautiously.

"No!" Wei Yuewu shook her head, and the father of King Huaijun hadn't talked to himself. Even if he was the master, it was inevitable and impossible to speak to himself with his father's heart. Conceal yourself completely from the drum, not letting yourself know.

"Go out and see!"

"Yes!" Jin Ling took two steps back, let Wei Yuewu walk in front, and she followed.

In the outer room, Acer arrived, and the wrinkles on the smiley face were about to bloom. When I saw Weiyue dance coming, I gave a respectful gift to Weiyue dance: "The lord, respect the lord, good things!"

With these words, Jin Ling's face was black.

Wei Yuewu came over and sat down on the big Nanmu chair in the main house. He looked at Acer in wonder and said, "Acer, what can I do to congratulate you?"

"The lord, the queen queen asked you to pray to the four princesses for the mountains and rivers!" Acer's smiling face was full of flowers, and her entire face was glowing. "The lord, this is a great gift. No lady in the family has ever been able to take part in the prayers of the two princesses, and Mrs. Ms. is not happy to shut up! "

"Let me pray for the four princesses, mountains and rivers?" Wei Yuewu couldn't help but be surprised. She never thought that the fourth princess would let her follow her, or the queen mother would allow Wei Yuewu to follow her again ...

Chapter 612: Marriage, anxious Wei Ziyang

"This is what the people in the palace say. The queen and mother will have a will to talk for a while and let the county master prepare early." Acer laughed. "The county master has never been tolerated. Never before has a lady been so valued. "

"Who else besides me?" Wei Yuewu's eyes asked lightly.

"Some are accompanied by the four princesses, and there are also some young ladies who should also be meritorious families, but only the county master has accompanied the third princess before, and now can accompany the fourth princess. Prepare, go to the front hall, and the slave will answer to Mrs. Tai. "

Acer's face was hard to hide.

"There is work!" Wei Yuewu stood up calmly and stood up to send Acer.

"You, the lord of the county, whoever dares to work for the lord of the county, leave first!" Acer shouted, and then left with a smile.

"Countess, why did the four princesses come to accompany you?" Jin Ling asked uneasily, but she was not as simple as Acer thought, "Can it be because of Shizi?"

Yan Huaiyu had made a high-profile statement about Wei Yue Wu before, and the news would spread to the palace.

The three princesses and the four princesses are more interesting to Yan Huaiyu, but it is clear that the fourth princess is more powerful, and Jin Ling is really not optimistic about the entry into the palace this time.

This is obviously intentional to bring the county master to his side. If the entering of the palace is slightly unsatisfactory, there may be accidents. In this case, Wei Yue Wu is really inconvenient to enter the palace.

But this will be done, but it can't be pushed back.

"No problem, go out and see first!" Wei Yuewu's face paled and she walked out. This time she entered the palace and it was different from the last one. At last time, at least no one contacted Yan Huaiyu because of her But this time, when it was stirred by the black-bellied fox, it was not so peaceful.

They will come to the front hall. When they get the front hall, they see Mrs. Tai is already here, and she is sitting opposite to a housekeeper in the palace. When she sees Wei Yuewu coming, she stands with a smile. Get up and declare.

This intention is really similar to the last one. The difference is that the four princesses, the third princess, and Wei Qiufu are not in this trip.

This was originally an unexpected event of Weiyue Dance. I respectfully thanked the servant, and Mrs. Tai also smiled and let Acer pass a bulging purse. The servant then took a few words of compliment, Go away cheerfully.

"Dancing girl, Huang En is really mighty to you. After entering the palace, you have to be more careful. The last thing will not happen again this time. When you enter the palace again, you will inevitably have something wrong. Come out, fortunately, you are now the county owner, much more honorable than other ladies. As long as you don't cause trouble, basically no one can mess with you. "

With a kind smile on his face, Mrs. Tai asked Wei Yuewu to sit down in a chair and told him.

"Yes, grandmother!" Wei Yuewu lowered her eyebrows, docile.

This look pleases Mrs. Tai: "The dancing girl is the most obedient. Grandma will let you make clothes for the palace. Your status is not low. Naturally, the clothes must be new, otherwise you will say We in Huayang Houfu are not decent. "

Mrs. Tai looked at Wei Yue Wu up and down, and saw that her clothes were still mostly elegant, and she was slightly displeased. "This time I went to the palace, not only brought a few extra clothes, but also put those fine jewelry on, Our Huayang Houfu is also one of the most expensive homes. How can you make such a shaman so shabby! "

Shabby? Wei Yuewu looked at the suit that was only upper body on her body silently. I don't know where Mrs. Tai saw the shabby.

What's more, she used to wear it in the past, but she didn't see what Mrs. Tai said. It would be because she was abandoning her clothes.

Mrs. Tai said this is the reputation of Huayang Houfu, not her own.

"Yes, grandma, I will bring some jewelry into the palace." Wei Yuewu nodded softly.

"You can also go outside these days to see, if you fancy to buy new jewelry, if your father does not pay, the ancestor paid for you!" Mrs. Tai thought for a while and thought that she had given Weiyue the last time The dance and the jewelry or styles left by Qin Xinrui are too old, so they are half-joking to express their generosity.

"Acer will give the girl a silver ticket for a while!"

Acer responded with a smile.

With such a long face, of course, it is impossible to let Wei Yuewu wear the style of ten years ago.

Seeing Mrs. Tai is so rare, Wei Yue Wu is speechless.

A few words accompanied by Mrs. Tai, Wei Yuewu sent Mrs. Tai to return to Jing Xin Xuan first, and stayed out of Jing Xin Xuan, but did not expect to see Wei Ziyang under the tree.

"Brother!" Wei Yuewu stepped forward to see the ceremony, Wei Ziyang did not enter the gate of Jingxinxuan, apparently waiting for himself.

"I heard that you want to go to the palace to accompany the four princesses for blessings?" Watching Wei Yuewu come over, Wei Ziyang turned to the path, Wei Yuewu followed suit.

"Yes! I don't know what the palace thinks, but let me accompany the four princesses again!" Wei Yuewu smiled helplessly.

"The fourth princess is no better than the third princess, you have to be careful!" Wei Ziyang came hurriedly after hearing about this. This would whisper to Wei Yue Wudao, "don't worry about anything, don't Go in, you're just Houfu Qianjin, not someone in the palace. "

"Brother, I know!" Wei Yuewu understood the meaning of concern in these words.

"Last time ... I'm sorry!" Wei Ziyang took a few more steps, then stood still, watching Wei Yuewu's rather guilty way.

"Brother, that has nothing to do with brother!" Wei Yuewu knew that he was talking about Li Yue'er and Wei Yuejiao being self-destructive, with a slight smile on his face.

"It's okay!" Wei Ziyang sighed and walked forward. "If it weren't for me, how could you come out and look for your uncle at that time? Fortunately, you're fine, otherwise I ..." Wei Ziyang said that he couldn't go on, and his face became harder and harder to look.

I didn't expect that he had always trusted, Wei Yuejiao, who was a relative of his sister, actually counted himself, and still used his own calculation to defend Yueyue Dance. If he only counted his marriage with Li Yueer, he could bear it, but his last aim was to defend him Dance, and this means pushing everything to Weiyue Dance.

This made Wei Ziyang unbearable, so when Li Shi asked him to marry Li Yueer, even if he was a nobleman, he absolutely did not agree.

"Brother, this matter has nothing to do with you, even if it is not you, it may be someone else!" Wei Yuewu shook her head.

This said Wei Ziyang was silent for a while, and her eyes were even more frustrated. When did she feel that this girl hurt her sister, she was no longer the sister in her memory.

"How's your uncle's marriage?" Wei Ziyang took a lot of effort to say it, and he felt sad after seeing it.

Originally, he wanted Auntie Dong to become auntie, but now looking at Auntie Dong and Wei Yuejiao, they have lost their original appearance. I do n't know when they became so vicious, or they were so vicious. I didn't find it myself.

"Brother, listen to my father say that the emperor intends to let Miss Tu Jiu marry in." Wei Yuewu's eyebrows with some faint smiles showed that she liked it.

"Sister Liu likes this Miss Tu Jiu?" Wei Ziyang also saw Wei Yuewu's joy, and could not help asking.

"Well, Miss Tu Jiu looks very good. I also came to see me when I was sick. I heard that I would be sick. She also went directly to her father. I didn't expect that the family had such courage." Wei Yuewu said with a brow flying.

Wei Ziyang looked at Wei Yuewu's exquisite little face, which was very beautiful, but it was always faint, with a bit of coldness, and the emotion was even less obvious. I have never seen her like this Happy, it was obvious that this Miss Tu Jiu really fit her mood.

In the past, the sparse Weiyue dance always took a little bit of maturity above the age, but at this moment, the childish girl looked up, showing her joy almost without reservation, making Wei Ziyang's heart inexplicable Touched.

Reached out and touched the top of Wei Yuewu's hair: "It's good if you like it, but if she's not good for you in the future, remember to say to the big brother!"

Since Weiyue Wu likes it, she must go to her uncle here. Aunt Dong and San Mei are really bad to Liu Mei.

"Thank you, brother!" Wei Yuewu's sincerity in saying this, her eyes bent slightly, revealing a hint of mischievous smile in the flower season girl.

This smile fell into Wei Ziyang's eyes, and his heart was inexplicable, and he could not help but smile.

"Brother, are you getting married too?" Wei Yuewu's long eyelashes flickered twice and asked with a smile.

"Who said it!" Wei Ziyang's face flashed reddishly.

"Do you need to say that! If you look at the surrounding scenes, you will know that Miss Chu is going up and down in this house and will soon marry in." Wei Yuewu smiled and gave Wei Ziyang a glance.

Wei Ziyang coughed and explained uncomfortably: "Grandmother and uncle both let me get married earlier. In fact, the ceremony was done long ago. Just wait for time. This time the uncle does not return. Border Gate, let me ... past. "

Seeing Wei Ziyang Zhizhi, who had always been majestic, with red-faced ears and red ears, Weiyuewu couldn't help laughing, and his elder brother was really cute. On the one hand, I wanted to show that I had to do this because of business affairs. It's hard to hide the joy on his face, but he can't see that it's because of business.

Want to come and Qu Yan are in love.

However, after seeing Wei Ziyang's increasingly red complexion, and knowing to continue, Wei Ziyang will feel more complacent and uncomfortable. When he said seriously, "That is, of course, only the big brother will be at the border. If Miss Qu is married, You can just go with it, and your brother will take care of it. "

"No ..." Looking at Wei Yuewu's serious little face, Wei Ziyang felt inexplicably more embarrassed.

"When is elder brother getting married?" Wei Yuewu asked playfully.

"Just ... at the end of this month!"

"At the end of the month?" Wei Yuewu forget about it, and his eyes widened and exclaimed!

Chapter 613: Private meeting

"What's wrong?" Wei Ziyang asked suddenly.

"My grandmother said that my eldest brother was about to leave at the end of the month. Is this too hasty if the eldest brother is also married at the end of the month?" Wei Yuewu asked, looking up.

"Three days after getting married!" Wei Ziyang smiled bitterly. The original marriage between the two can still be advanced, but because of something wrong with Li's family, he had no choice but to drag it down.

"When will that elder brother come back?" Wei Yuewu asked with a bit of embarrassment on his face.

"It should be the next Chinese New Year!" Wei Ziyang said rather embarrassingly. Although he left home in the past, there is always an uncle's family around him, but this time it is true to go out by himself. Unspeakable, unsure sadness.

"That big brother should pay attention to his body." Wei Yuewu laughed.

Wei Ziyang nodded, watching Wei Yuewu stop talking.

"Brother, you have something to say!" Wei Ziyang's appearance really did not match his appearance, Wei Yuewu smiled, and at a glance he knew that there was something to say, but he still resisted.

"The last Meier ... I'm afraid it really has something to do with my father!" Wei Ziyang said it was really embarrassing, thinking about what he found, the people he sent, and the people his father sent to the past. Knowing that his father was also investigating in secret, he felt more and more ashamed.

"Brother, let the father and the second uncle take care of these things!" Wei Yuewu shook her head with a smile. "The second uncle and the father should know what to do better than we do."

Wei Ziyang's words became more and more dazed, and Jun's eyebrows tightened tightly.

"Sister Six, would you like to leave the house?"

"Okay!" Wei Yuewu smiled and nodded, and she happened to want to go out to have a look at it, and Wei Ziyang was even more justified.

They will not be too far from Mrs. Tai's Jingxinxuan. People will report to Mrs. Tai and hear that Wei Ziyang and Wei Yuewu will go out together. Mrs. Tai has never refused, but only asks them to be careful on the two roads.

The two men came out together, got into the carriage at the door and headed up the street.

Wei Ziyang was not in a good mood. When he arrived at a restaurant, he stopped the carriage, took Wei Yuewu to the restaurant, called a private room on the second floor, and sat there for a drink.

Wei Yuewu accompanied him for two cups to see how his heart was full. He didn't know how to persuade him. The things in Wei Luowu's house were really chaotic. With Wei Ziyang's mind, he knew that these must be extremely uncomfortable. .

Seeing that he was still drinking, Weiyuewu stood up and was a little breathable when he went out.

Because it was to a place like a restaurant, there were too many people in Sanjiao and Nine Classes. Wei Yuewu wore a veil and came out before arriving at the door. But she saw a girl wearing a veil and came upstairs.

Wei Yue Wu and Wei Zi Yang's private room is the most secluded inside.

The entrance of the stairway is in the middle. There are people coming and going, and there are many female relatives, and many of them are wearing caps, so Wei Yuewu saw the woman, but the woman did not notice Wei Yuewu.

"Which one?" The woman looked up and didn't seem to see the person she was looking for, and asked the girl ring aside lowly.

"Master, which one!" Yahuan pointed her finger to the second room on the right side of the staircase, said.

There was no one at the door of the private room. No one seemed to be inside, but when Weiyuewu and Wei Ziyang came up, the guy said there was someone inside. Yahuan stepped forward and knocked on the door. The door opened. The woman walked in with Yahuan. The door was still closed silently. From the perspective of Weiyue Wu, no one had opened the door at all.

But this woman inexplicably gave Wei Yue Wu a sense of familiarity.

The long eyelashes flickered twice, and her brows frowned. Who was this person? Why make you feel a little familiar.

"Sir, let's go and see?" Shu Fei suggested.

"Don't go!" Wei Yuewu shook her head. The position of the stairway was too obvious. If she passed by, it would inevitably attract the attention of others. It was too eye-catching. Even if she wanted to know who that woman was To such an eye-catching place.

Thinking so in my heart, I walked to the other side casually.

Only a few steps into it, I suddenly saw a guard-like person appearing in front of himself, and lowered his voice to Weiyue Wu, respectfully: "Country master, our master please!"

Wei Yue Wu took a closer look, but it was Yan Feng.

"Where are your masters?" Wei Yuewu stunned for a while, Yan Huaiyu was also here.

"It's over there, please bring the county master and his subordinates!" Yan Feng pointed his fingers slightly and looked at Weiyue Wu, only to find that it was a coincidence. Yan Huaihuan's private room was just before the woman went in. On the edge of the bag room, nodded immediately.

At the door of the private room stood a guard whom Wei Yuewu didn't know. Yan Huaiyu's guards seemed to change from time to time. Although there were always a few things unchanged, the inexplicable ones always had a few strange faces.

The guard at the door saw Weiyuewu coming, respectfully gave a gift to Weiyuewu, and then gently opened the door for Weiyuewu and set aside.

Wei Yuewu took Shu Fei to step into the half-opened door, but saw Yan Huaihuan in a gorgeous white dress leaning against the window. The golden embroidered collar pattern showed a bit of beauty. He was extremely lazy. There, the eyebrows are picturesque, the beauty is hard to describe.

Wei Yuewu opened her mouth to speak, but saw that he reached out and made a silent sign on the thinned lips, then got up, pulled a blank Wei Yue dance to sit opposite him, and took the hand for Wei Yue. The dance took off the cap.

"Why?" Just sat down, the woman's sharp voice came out from one side, Wei Yuewu looked at the place where the voice was heard.

An ordinary board does not seem to be different from other packages.

But Wei Yue Wu knew that it was different. In her private room with Wei Ziyang, she didn't want to hear the voice next door so clearly. She only felt that there was someone next door, but she couldn't hear it clearly.

But what made her even more surprised was that she heard an absolutely unexpected voice. How could she ... appear here?

"Sit down and talk!" Wei Yuewu heard that voice more than once, the voice of the second prince.

Wei Yue Wu could not help but be speechless. Compared with the four princes who are in good health, the second prince seems to be more able to toss, and it seems that he can often see him.

"His Highness ... But ... But ..." The woman's voice stammered in fear.

"Isn't it possible to do this in another way?" The second gentleman's soft voice said sharply.

"But ... but the emperor ..."

"Father Emperor's health is bad, even if everyone is hiding it, the sons of the four places should have long suspected, but the real medical case of Father Emperor is missing. In that case, give the idea of the medical case to the couple. Look at the position, isn't the more chaotic the situation is, the better for me!" The second prince smiled proudly.

"But ... but this case is always in the hands of the three princes!" The woman's voice was trembling and soft.

"It is even better in the third brother's hand. If it is leaked, it will inevitably blame the third brother. The third brother is also the most loyal subordinate of the emperor. If the third brother is implicated, he will be implicated in the brother, or the brother feels waiting. It's been a long time. He has been a prince for so many years, and he is still a prince.

The second prince smiled gloomily.

"But, Your Highness ..." the woman hurried.

The second prince interrupted her without hesitation: "I heard that the prince of Nan'an knew some things about me, even your sister ..."

The second prince murmured, "If your grandmother knew you leaked this, would you still have a life?"

"His Royal Highness, please His Highness for your life!" The woman "thumped" and knelt down.

"So ... what should you do? You should be very clear!" The second emperor's voice softened suddenly. "You also know that my body is actually very bad. If it is true ... in the future, It's not just your harem that belongs to you, even this frontier may be yours. "

"His Royal Highness, I ..."

"Come up, you kneel like this, do n't I feel bad, just that the emperor of Nan'an and your sister used me that day, my grandmother has been checking it, and now basically I have checked you, I ca n't bear the grandmother to dispose of you, Carrying this down has only allowed grandmother to calm down the anger, but if ... "

The gentle voice of the second prince was gentle and gentle, as if she really had a deep love for women, but between the ribs in the words, even Yuewei Wu could sit and listen clearly.

This second prince who has been hidden in the dark, like a poisonous snake, cannot really treat him with a sick person, and what shocks Wei Yue Wu is that the one who has never appeared in front of everyone, even in the harem, also has great power The queen mother-in-law placed on Tuhouhou also seemed to have shot it.

Listening to the second prince, the queen mother-in-law paid more attention to the second prince.

"Yes, Your Royal Highness, All Your Highness's Life!" The woman's charming voice filled with trembling sounds, but in the end she accepted it.

"That's the case, of course, it's best, get up, I'll explain it to your grandmother." The second prince said gently.

"Yes, Your Highness." The woman stood up, "His Royal Highness, I have been out for a long time, I am afraid to attract attention."

"Then you go back first!" Said the second prince. "Be careful on the road!"

"Yes!"

Then there was the sound of opening the door, then the room opposite was quiet, and then the door was closed, it should be the woman who left.

"His Royal Highness, are you still here?" A man's voice said.

"Not here, let's go!" The second prince pushed away the table and chair. "He is more cautious than me, so I'll see you where I left."

"Yes, Your Highness!"

Then there was the sound of opening the door. The door opened and there was no sound of closing the door. Then I heard a guy next door was packing. Yan Huaiyu stood up. There was a painting on the other side. The door appeared silently in front of Weiyuewu, Yan Huaiyu stepped over leisurely, then beckoned at the stunned Weiyuewu.

Wei Yue Wu followed in a hurry.

Chapter 614: The first concubine to meet with the second prince

Waiting for Weiyuewu to take the book with him, the secret door closed silently.

Looking at the surrounding environment, Wei Yuewu confirmed that this should be another private room.

Yan Huai sat down, pointed to the chair opposite, and motioned for Wei Yue Wu to sit down.

Wei Yuewu was full of doubts, and she was not polite. She sat down and said, "Shizi, who is Wen Guifei?"

After the second Japanese lady Wen Erjia and Wei Yuejiao secretly counted Wei Yuewu, Wei Yuewu once saw the Wen Guifei, but this Wen Guifei looked dignified at the time, and she did not speak like the softness now, Wei Yuewu She didn't remember for a moment that she was the concubine who first met with the second prince.

"Exactly!" Yan Huai said lazily, took the teapot at hand, poured a cup for Wei Yuewu, and poured himself a cup, and then slightly hooked his lips, and said with a smile.

"Prince Wen has a personal relationship with the second prince, and the second prince was the one who chased me last time!" Wei Yuewu cleared her thoughts this time. "Last time, Wei Fengyao wanted to use the second prince to harm me, Wen Lan. I also want to use the second prince to deal with me, mainly because I got some news from Concubine Wen, knowing that he is not really useless prince. "

"The second prince and the daughter of the Qin university scholar are still close. Qin Wenyu is the one who is about to enter the prince's east palace, which is a dark chess!" Wei Yuewu continued to sort out, and then breathed an air-conditioner. Between the layout, there are many backhands, and people are arranged next to the emperor and the prince. It doesn't let people check the slightest point, which shows its great strength.

"He's not well, what do you want this throne to do?" Wei Yuewu said puzzledly. He raised his eyes and looked at Yan Huai'an. "Is the second prince's illness also fake?"

"His illness should be real, but not as serious as others imagine." Yan Huaihuan said leisurely, "Or maybe because of his illness, the empress will choose him."

Yan Huaihuan's voice was gentle, but the meaning implied in this remark made Weiyue Dance cold.

"The palace, it's ... too many secrets!" Wei Yuewu couldn't help but said to himself.

"There are too many secrets in the palace. It is said that the biggest secret is not the second prince, but a secret case 40 years ago, and an incident 20 years ago ..." Yan Huaiyu said this seems Endless words, touched his chin with fun, even the Tamron secret agent in his hand could not find out for a moment.

Although there are faint clues, these clues have no clue in the end, as if they are just a wrong one, but Yan Huaiyu knows that this matter should be related to Huayang Houfu.

It felt more and more in my heart that the little fox of his own family had left the right and wrong place earlier. After the four princesses prayed for blessing, the dust fell to the ground and their own affairs had to be ended.

Reached for a delicate box from his arms, and slender fingers pushed in front of Wei Yue Wu.

"What?" Wei Yuewu asked in surprise, reaching out and taking a look at it. It was actually a pair of gold bracelets. The delicate gold bracelet had a bunch of flowers made of gold threads on it, and a small circle of flowers surrounded by five. Into a slightly larger flower, plus three strands of skein bracelets, it is very beautiful at a glance.

Although the gold bracelet is the most inconspicuous for the family's thousands of gold, this kind of pattern is never seen by Wei Yue Wu, and it is not set with precious stones, but even so, it has been delicate People like it at first sight.

"These are our delicate playthings. Although they look fancy, they are very practical. When you enter the palace, you can also defend yourself when you wear them. This time you enter the palace, or it is not as peaceful as the last time!" Yan Huaiyu picked up a bracelet with the cluster of flowers facing a chair, then pressed a small golden bump under the cluster of flowers.

Immediately, a few fine and strong hairy needles were ejected from the flower.

In Wei Yuewu's horrified eyes, half of the pins as thin as a cow's hair were **** on the back of the chair, flickering darkly, and a faint fragrance.

"If there is danger, you can shoot a needle to defend yourself from the inside. A bracelet has a hundred such small needles, and ten are shot at a time. Each needle is also stained with some fragrant. This fragrant is not tasteful. But immediately after seeing blood, you will be unconscious. "

Yan Huaiyu smiled, his eyes soft.

It just doesn't sound like a gentle word, it's a clear weapon for the criminal department!

Wei Yuewu could not help but sweat: "Shizi, I went to pray with the four princesses ..." she said.

"It's dangerous to accompany the four princesses for blessings. Whether it is the third princess or the fourth princess, they should want you to be the dowry!" Yan Huai smiled and looked at Wei Yuewu with a smile.

"Why?" Wei Yuewu was startled, but she was very grateful, but she didn't know when she made the two princesses so important.

"Because I want to!" Yan Huai smiled lazily, "I will tell them that I will only marry the princess with you, so they should be good to you for the time being, but then Not necessarily! Bring Jinling to the palace, if there is anything she can send her a message to me! "

"..." Wei Yue Wu was speechless. Was it because he had caused trouble for himself, and then came to help himself with the disaster?

Shuimu stared at him, and decided to take back his gratitude.

"Take this bracelet away and bring it into the palace." Yan Huai shouted, put the bracelet in the box, and pushed it in front of Wei Yuewu. "After two days, you go out again and I will take you there. See a few people. "

"Who to meet?" Wei Yuewu took the box and asked subconsciously.

"Some people in Yandi, some uncles in Lin Fang." Yan Huaiyu laughed.

"Okay!" Wei Yuewu thought for a moment.

The two spoke a few words a little more, and Yan Huaiyu asked Wei Yuewu to go back. When Wei Yuewu returned to his private room, Wei Ziyang was drunk, but he and Shu Fei and Wei Ziyang were helpless. Xiaoxu helped Wei Ziyang to Huayanghou's carriage and went back to the house all the way.

After returning to the house, people would help Wei Ziyang go to rest, and Wei Yue Wu took someone back to his own home in Qinghe.

The next few days will be busy in the government. Now everyone knows that the eldest son is about to get married soon, and because he is going to guard the border crossing after getting married, the marriage is very hasty.

The sewing room is the busiest, not only to embroider Wei Ziyang's wedding supplies, but also to sew Wei Yuewu's new clothes into the palace.

The needlework room was busy, and a few embroidered women were too late, and they did n't know who made the proposal. They said that they would use Wei Yuewu's paintings for their own use. There are not many people who are proficient in embroidery. But the end of the painting is definitely one of them.

Wen said that due to Wei Ziyang's marriage, Wei Yuewu also generously agreed.

At the end of the painting, he temporarily followed the people in the needle room to make embroidery for marriage.

Because the person at the end of the painting is Wei Yuewu, and she is also the big ring around Wei Yuewu, the people in the needle room are not afraid to neglect, so she has a small single room for her so that she can stay in the house quietly. Embroidered inside.

The place of the helpless needlework room is too small, and there is no single room available. In the end, the painting can only be embroidered in the room where various silk threads are idle.

Although this place is still piled with many needles and threads, it is a good place to sit in the window and get the sun.

Coming early in the morning at the end of the painting, I embroidered quietly here. If there is a need, I only need to call the little girl ring outside the window, and the little girl ring will come to help her clean up.

In the afternoon, because the sunlight in the window was too strong, the window was mostly lowered at the end of the painting, leaving only one light to let the sunlight in.

"Anyone?" She was embroidering quietly, and when she heard someone talking, she didn't care, this was a needle room, and someone supported it.

"Somebody, somebody, is there anything wrong?" A woman ran out in response, and saw a colorfully dressed girl ring accompanied by a smile.

"Are there any new silk threads at this time? Miss Three wants to embroider some flowers." But here is the girl-ring Yuzhu beside Wei Yuejiao.

The painting was at the door. Although I didn't see her, I heard her familiar voice and realized it after thinking about it.

"Yes ... there are some, but maybe the embroidery in your own house is not enough !?"

The wife of the needlework room did not dare to offend Wei Yuejiao, and accompanied her with a smile.

"Take out some and let me pick some!" Yuzhu said.

"This ..." The mother-in-law hesitated. Now everyone in the house knows that Miss San and the county master are not dealing with it. If the two of them are together, is it really okay?

"Yes, don't take it out yet!" Yuzhu said impatiently.

"Yes, yes ... I'll get it right away!" The woman nodded again and again, daring into the room where the non-embroidery was painted. ,

"Girl at the end of the painting ..." The woman turned around and lifted the curtain to come in, and smiled at the end of the painting.

"Take the silk thread for her!" He nodded at the end of the drawing, and put a lot of silk threads on her hoe. There were so many silk threads. When she quarreled with Qingxin that day, there were not so many silk threads .

"Yes, thank you girl at the end of the painting!" Seeing that the painting had no intention of picking things up, the woman sighed with relief.

Then he walked out holding a lot of silk threads, but Yuzhu was not satisfied, "Can you change some bright colors?"

"This kind of bright color is stabbed to the eldest son!" The mother-in-law explained with a smile.

"How about that? I don't have much. If we even care about this, our lady can go directly to the granddaughter." Yuzhu stared unhappily.

"This ... please ask this girl to wait again." The woman turned reluctantly and had to turn around and take in a bunch of bright colors. This time, Yuzhu was quite satisfied. After picking from left to right, she picked a few. Rooted in the past, but messed up the neat silk thread.

"Take it, and make the thread look like this!" The woman muttered as she came in, her face unhappy ...

"Why are there a few of them?" He asked in amazement at the silk thread which was still mostly at the end of the painting.

"This ... it should be just a small thing like a sachet!" I asked the woman, arbitrarily messing with the smiling face while packing the messy thread.

Sachet? The threaded hand at the end of the painting stopped ...

Chapter 615: Recognize your relatives, come from Yandi

"So few threads are still picked so finely, it must be embroidered with some pouch sachets, etc. Miss Three will be like this, and there is still embroidery in mind." Wei Yuejiao was not there, of course the woman said something dare.

At the end of the painting, I looked at those lines, and there was a hint of darkness in the eyes. But the county owner reminded himself if there were things like Miss Three and Miss Four coming to embroider sachets.

I'm going back to the newspaper owner in a while.

Wei Yue Wu is at the Dongcheng Gate. She used the excuse to pick out some jewelry in the city.

There is a small yard at the gate of Dongcheng. Weiyuewu gets down from the ordinary carriage and walks into the small yard.

Lin Fang, who had been waiting there for a long time, greeted her with a smile: "Sister, people have come!"

Wei Yuewu nodded, and the people of Yandilin's family came to recognize their relatives. She also knew the genealogy of Lin's family.

"Troublesome brother to lead the way!" She would have become the lost daughter of the Lin family. Of course, her name for Lin Fang was different.

Seeing her unhurried appearance, Lin Fang nodded with satisfaction, and led her in while he said, "Here is my fourth uncle, so he brought an old family here, this hometown. People are said to have served my uncle! "

This so-called uncle Wu was originally from the Lin family who died in the war, and Wei Yue Wu is now replacing the Lin family who is said to have been separated from the war and survived the robberies.

"Okay, I'll meet the machine and act!" Wei Yuewu nodded.

The hall door was open, and Wei Yuewu followed Lin Fang in and immediately caught the attention of a middle-aged person in the living room. His eyes fell on Wei Yuewu's face in amazement.

Although I heard that the beautiful woman he loves is an amazing one, I never thought that she would be so obsessed with the city. This old man in the Lin family was shocked.

"Uncle Si, this is Wu Shu's daughter!" Lin Fang approached and introduced.

Wei Yuewu stepped forward in a gentle and embarrassing manner, and stopped at a moderate distance. At a glance, she knew that this was a well-educated person.

The generosity of the family was revealed inadvertently, and Lin Fang's uncle was satisfied with just one glance.

He was relieved, remembering the meaning of his eldest brother Lin Fang, his frown slightly.

"You are the daughter of the fifth child?" He looked at Wei Yue Wu up and down.

"I don't know ... I just met Lin Gongzi, he said so." Wei Yuewu said blankly, "I don't know who my parents were, they were raised by an old family member."

"Where's that old family member?" Lin Si asked urgently, it would be great if there were old family members from that year.

"She has died of illness! She was very ill at first. After hearing that Yan Guogong Shizi came to Beijing, she forced me to take me to the capital. Not long after I met Lin Gongzi, she died"Wei Yue Wu cried.

"Just ... is there nothing else to prove identity?" Lin Si said silently for a while.

"Yes, in the hands of Prince Gong!" Wei Yuewu looked at Lin Fang.

"The fourth uncle has a genealogy, that is ..." Lin Fang hesitated.

"Why not say it earlier!" Lin Si reprimanded.

"The fourth uncle is already broken, it's too old." Lin Fang said as he ordered someone to take it.

"If you break it, you have to look at it. How can you do this kind of thing casually?" Lin Si hated the way of iron and steel, which has not only acknowledged an orphan. Before entering Beijing, Lin Fang's father repeatedly said that if he could recognize him, he would have to recognize the Lin's daughter. This is a major event related to the future of the Lin family.

But it's better if there is some exact evidence, at least it can stop other people's mouth.

The genealogy was taken over, but it looks dilapidated. There are a few films that can't even see the names, and there are a few important names missing on the first page of the homepage. This is indeed a broken family tree.

But Lin Si still looked at it at a glance. This family tree, from the appearance, the handwriting above, and the paper made, is exactly the same as the one provided in the family shrine, or the book in his own hand.

Such a genealogy is only available to those from the Lin family.

"Okay ... Okay ... Okay, it really is my daughter Lin!" Lin Si touched the broken family tree in his hand, but said to Wei Yuewu with a smile, "Come, let the uncle take a good look, so For many years, I did not expect that you are still alive, the fifth brother can stare at the spirit of heaven! "

Talking about excitement, tears burst into tears.

Wei Yuewu didn't expect things to go so smoothly, so she only asked a few words and took out the family tree prepared in advance. There was no precise cross-examination in the imagination. As for the old family member who was carrying it, it seemed to be just a decoration I haven't asked the previous sentence yet.

"Sister, not yet called uncle!" Lin Zai was in a bun, reminding her.

"I've seen four uncles!" Wei Yuewu immediately came to her senses, worshiped Lin Ying again, and then she also gave a gift to Lin Fang, "Big brother!"

This is even the identity of the Lin Yue woman of Weiyuewu.

"Four uncles, Shizi, let me tell you something!" The matter here was resolved smoothly, Lin Fang was relieved, took a step forward and whispered.

Lin Si immediately nodded and said kindly to Wei Yue Wu: "You go to rest first, I have something to say with your brother!"

"Yes!" Wei Yuewu resigned obediently.

The girl at the door led her to the side room to rest.

In the living room, Lin Fang sat opposite Lin Si and lowered his voice, saying, "Uncle Si, it's not appropriate to preach the story of the sister first, Shizi's meaning is just to let people know that if you find your sister, as for other things, it's still Wait until it's over here! "

"That's nature, that's nature, the life of all mortals!" Lin Silian repeated.

In the minds of the people of Yandi, the son of his family not only has the appearance of a fairy, but also the supreme majesty.

"Lin Fang, Shizi is really different to her?" After thinking for a while, Lin Si was still a little uneasy and asked in a low voice.

Although he didn't say who it was, Lin Fang knew it was Wei Yue Wu, and he said positively: "Shizi has never said so seriously that he insisted on marrying his sister, and now he has asked the sister for the emperor's seal. The emperor married the princess and was as old as her sister.

Lin Siyi came over and was unaware of the matter. Upon hearing it, he was overjoyed: "The emperor really has the will!"

Although the so-called two sides are generally large, there really is a princess who has arrived in Yandi. The biggest of course is the family daughter of Yandi. The next son must be born from the belly of the family daughter of Yandi. This is all of Yandi Everything the family knows clearly.

Originally, even if the emperor in the capital did not agree, he would inevitably give the son a wife who is the same as the one in the main room, but since even the emperor agreed, it is even more justified.

Yandi's family only agrees with Yandi's family. The others are not only princesses, but also a gorgeous decoration.

This was explicitly stated when Yan Huaiyu entered Beijing the same day.

"Yes, but there are still two of them, after all, you can't be the only one!" Lin Fang pursed twice, his brows frowned tightly.

"What else do you think about, you can get the title of the palace. It's a very good thing. Will you be able to marry us as a Lin woman?" Lin Si felt that Lin Fang was too greedy and patted hard. After clapping his hands, he scolded.

"Four uncles, you hit me again!" Lin Fang faced bitterly.

"Hit you ignorant kid!" Lin Si reprimanded, although he was in a good mood.

"Uncle Si, in fact, it is not impossible, you know that my sister actually has another identity." Lin Fang proudly said.

"What identity?" Lin Si asked in amazement.

"The twenty-six daughters of Huayang Houfu are like the lord of Jingde County who is still the queen today!" Lin Fang laughed more and more proudly.

"What?" Lin Si was startled, and ran his hand against the tea cup on one side, and the tea cup fell and shattered.

"Who do you say she is?" Lin Si looked at the broken pieces of porcelain on the ground, stood up, and asked Lin Fang's collar, eyes widened.

"Uncle Si, what are you in a hurry? My sister encountered the maid of Huayang Houfu who was hunted down on the way to Beijing. Although she was rescued at that time, the niece who was seriously injured did not survive. The niece saw her sister alone, but also for the favor, so she let her go to Beijing in her name. Even if she couldn't find us, she could be the sixth lady of Huayang Houfu safely! "

Lin Fang hurried.

"So, my daughter Lin's daughter is still Wei Luowen's niece, is the Lord of Jingde County in Beijing?" Lin Si laughed suddenly, "It's great, it's great! We are very blessed. ! "

"Uncle Fourth, you're so excited!" Lin Fang pulled his collar back from Lin Si's hands and muttered, "Shizi is just saying that she only wants to marry a younger sister, and now the younger sister is wearing such an identity. If you don't marry a princess, you can actually marry the county master. "

"But the married county chief is still our Lin's daughter! Okay, okay, it's so good!" Lin Si smiled cheerfully. This not only puts the court together, but also the biggest benefit is Lin's. This makes Lin dislike.

Lin's family is of course Yandi's big family, but Yandi's big family is more than Lin family.

The son of his own family is not only the flamboyant son in the eyes of many ladies, but also the eyes of the family owners, but for so many years, it seems that no one can enter the heart of the son, even the marriage of the first beauty of Jingdi Shizi pushed it out.

Now, Shi Zi is relieved, but also expresses such a deep affection, and the object is Lin's daughter again. How can Lin Si not be ecstatic and praise himself!

When Lin Fang was satisfied with Lin Si, he beckoned to Lin Si and talked to Lin Si about Yan Huai's orders to him. Lin Si nodded while talking.

In the room over there, Wei Yuewu was taking a short break and was about to leave, but she saw Yan Huaiyu stretched out her big sleeves and walked in. When she saw Wei Yuewu going out, she stopped people and pulled Wei Yuewu directly. His hand went inside.

Wei Yuewu still wanted to struggle, but stopped when he heard him say, "Ask your mother!"

Chapter 616: If you run out of a fiancé,

"What's wrong with my mother?" Followed Yan Huaiyu into the room, Wei Yue Wu couldn't wait to say.

"Why did your mother go to Beijing? I heard that your mother used to be in the Jiangnan area, but she never went out. Why did you suddenly want to go to Beijing?" Yan Huaiying slammed her clothing corner and pulled Wei Yuewu to the side. Seated on the chair.

The chair is very wide, and even if you pull Wei Yuewu into it, it is not crowded.

Wei Yuewu's uncle could not help, especially when she saw her girl ring blushing and lowered her head to take two steps back. When she stood aside, the agile water eyes gave Yan Huaiyan a severe look.

After struggling, he found that his hand was tightly held by him, but he couldn't get rid of it.

"My grandmother said that she seemed to want her mother to see a good sister from an early age. The two have had a good relationship since childhood. That one is also the daughter of a family and a well-known family woman in the Jiangnan area, but later moved away. It took a long time to hear the news, saying that it was in Beijing, so that the mother-in-law could visit Beijing when she had a chance to enter Beijing. "

"But when the mother went to Beijing in person, she didn't see the lady." Since she couldn't get rid of it, Wei Yuewu simply ignored her with self-violence and sullen expression.

The helpless eyes like dripping water, and the faint blush on Fan's face, all bought her shame.

With such a look, Yan Huaihuan felt very satisfied, half-circling Weiyuewu's waistline, and smiled: "That is to say, where is the so-called Miss Shijia, it was just a pending case. I did not see that Miss. Your mother has met your father, this is really a fate! "

Fate?

Wei Yuewu sighed softly. She doesn't know how her father's relationship is now. From her father's perspective, it seems to be affectionate, but the news from the greetings doesn't seem to be like it at all. As others have said, the mother is not only displeased with her father, she is even deeply afraid of it.

Suspected of premature birth, that bowl of medicine or a bowl of medicine!

Although my grandmother said that her mother would n't heal medicine, but after a long time with her grandmother, the simplest will always be some, and she will certainly know the consequences, but even if such a bowl of birth medicine is still drinking while his father is away.

Aunt Dong has been spying on her mother's main room. Wei Yue Wu does not believe that her mother has not inspected her, but in this case, her mother still uses a bowl of birth medicine to give birth to herself who has not yet reached the full moon. The meaning is enough to make Wei Yuewu feel distressed.

Whether this is a fate or a fate, this will not make her clear.

"Wuer, what if you would run out of a fiancée?" Yan Huaiyu laughed.

"Fiancée?" Wei Yuewu blinked her eyes and said sincerely, "Mo Huating's marriage has been solved!"

"What if there is another one?" Yan Huai displayed his robes, and gold silk embroidered on the neckline and cuffs. The shirt was like white clouds, gorgeous and noble.

Even those who do not know the material know that the value of Hua Chang in front of them is extraordinary.

"How is it? It looks good? I also prepared clothes for Wuer there, similar to mine, and I will send it to Wuer in the right future." Yan Huaiyu smiled at Wei Yuewu and said with a smile .

In a word, Wei Yuewu blushed: "I already have a lot of clothes."

If this is going out in similar clothes, let alone the three princesses and four princesses, the jealousy in the eyes of other ladies can drown herself.

"Unhindered, you can't let your fiancée be better than going down. If it doesn't work, we can have a tie! It's always me who is your real life son, and the rest are vain." Yan Huai laughed The clouds are getting lighter and lighter, and the corners of the lips are raised, and it looks good.

fiancé? A tie?

Wei Yuewu only felt that the whole person was burning. The idea of where the evildoers came from was actually compared to Mo Huating. Even though Mo Huating was handsome, he was not at all a level with him. Bury him!

"Yes, Shizi has always been the most gentle and elegant." Wei Yuewu's eyes rolled smartly. ,

"That is to say that Wuer is very pleased with me? Originally, I just looked after me, but I was embarrassed to say it to myself?" Yan Huaiyun looked at Wei Yuewu's face with satisfaction, her eyes bent.

Wei Yue Wu froze, her long eyelashes flickered twice, and she felt that she couldn't keep up with the idea of this belly-black fox for a while. Where did he come to such a conclusion, where did he see that he had come early? I like him.

"Shiko, I actually ..."

"I know, Wuer is shy, so don't say, when the later Wuer is not shy, tell me again!" Yan Huaiyu stretched out her long fingers and gently pressed on the cherry blossom lips of Weiyuewu. There was a smile in his eyes.

This evil ...

Wei Yuewu only felt that she seemed to be choked by thousands of words, but she couldn't say a word, and the beautiful water eyes stared at Yan Huaiyan fiercely.

Really annoyed, lifted his foot and stepped on his foot fiercely, almost gritted his teeth: "Shizi, I really love you, Shizi must not let me down!"

"That's natural. Since Wuer is so affectionate to me, and when she first met me, she would not marry, and I must not disappoint Wuer here."

Yan Huai said lazily, the smile on her lips became brighter.

At the foot was a show, which happened to avoid Wei Yuewu's feet.

"Shizi is such a good man!" Wei Yuewu grinds her teeth.

"Wuer has won a prize!" Yan Huai said eloquently.

"And I have no fiancée, my father has helped me back, Shizi Mo mentioned this again!" Wei Yuewu glanced at him obliquely.

"It's really not something I want to mention. Wuer knows that your dearest sister-in-law was married to your mother-in-law." Yan Huai leaned back lazily, Wei Yue Wu with his hand strap also followed.

"Don't you say that my mother hasn't seen her since she entered Beijing?" Wei Yuewu held up her hand, propped up in his arms, and asked in surprise.

"Before they can be married, can't they be married by their fingers?" Yan Huai said with a slightly curved lips.

Wei Yue Wu was speechless, and said only halfway: "So this is just two family members who have not yet come out of the cabinet, the words of the game!"

The relationship between the mother and the young lady is so good, it is quite possible that such a thing, but how can such a thing be taken seriously, the boudoir said.

"Why not take it seriously. It is said that the tokens were exchanged at that time. If you gave birth to a man and a woman, they would be set as unmarried couples!" Yan Huaijun's face sank, and he solemnly distinguished.

Being a name is a big deal, and it's a sloppy thing!

Wei Yuewu looked at his sunken handsome face strangely, and Liu Mei frowned, "Is it possible, is there such a thing?"

"Of course!" Yan Huaihuan affirmed.

"And the other side agreed?" Wei Yuewu asked carefully again.

"I definitely agree, so your marriage with Mo Huating could not have been performed originally. Mo Huating has nothing to do with you. That talent is your real fiancée!" Yan Huaihua said lightly.

"Father doesn't know?" Wei Yuewu glanced at Yan Yanhuai, who was serious, always thought he was weird today, and repeatedly asked what Momo Ting did, and Mo Hua Ting had something to do with himself.

"Of course your father doesn't know, or when your mother wants to talk to him, he won't care!" Yan Huai said lazily.

"Then ... you ..." Yan Huaiyu always felt weird today.

"I ... I just heard it and myself, no matter what, Wuer is always mine." Yan Huai stared at Wei Yuewu with a dim glance.

This guy is really wrong today!

Wei Yuewu secretly pouted, but did not linger any longer: "The Lin family in Yandi is here!"

"Isn't it difficult for you?" Speaking of Lin Si, Yan Huaihuan became more lazy.

"No, I just asked a few words, didn't even ask for anything, just took out the genealogy you made and looked at it, and I was identified."

Speaking of this Weiyue dance, I feel really weird. If the children of the family really live in the country, they will have to test their relatives by blood.

The fourth uncle sent by the Lin family not only mentions but also mentions that even the family with him who is said to have served Lin Wu is useless.

However, this posture is full, as if it should always be in accordance with the rules, and slowly verify each item.

Just pick it up high and drop it gently!

"What do they have to check, can you give your last name Lin? For them, it is a great gift!" Yan Huai said lazily.

"So ... what about Miss Lin?" Wei Yuewu asked.

"Of course you can get better!" Yan Huai said lazily.

"Well, what do you do?" Wei Yuewu was startled, staring at the water with Yan Huaiyan's eyes wide.

"Well, naturally it is my wife in the front room!" Yan Huaiyu suddenly laughed in a pleasant mood.

"So ... what is she doing?" Wei Yuewu suddenly had a bad hunch.

"Of course it was with me to see more guests." Yan Huai glanced at Wei Yuewu lazily ...

"See you again?" Wei Yuewu was startled.

"Of course, not only to see, but also to publicize it, it is really a shame for the Royal Prince to marry a married woman," Yan Huaiyi said with a graceful smile, and the smile on the corner of her lips became increasingly gentle, the handsome look of that fairy-like immortal, really makes people look away.

Wei Yue Wu silently opened her eyes and told herself that all this was an illusion.

This black-bellied fox is really too cunning, so even if the two princesses are still willing to marry, the courtiers have opinions, even if the two sides are generally large, but the identity of the princess is placed there. Yes, this is almost a shame on the court.

But the problem is that the lady agreed with the queen. When Yan Huaiyu entered Beijing, he did not have such a lady.

This kind of self-mouthing thing, even if the emperor was angry, Yan Huai's body could not be found.

"Be careful after entering the palace, this time the palace will not be peaceful!" The smile on Yan Huaiyu's face receded, watching Weiyue dance quietly.

This is not the first time Yan Huaihuai mentioned this matter, Wei Yuewu was shocked, knowing that this time entering the palace is really not that simple, and nodded at the moment.

Seeing her submissive appearance, Yan Huaiyu couldn't help showing a smile on her face, and her eyes became cold in the place that Wei Yuewu couldn't see. There were some things, even in the palace, he wasn't innocent Known.....

"The last time I entrusted you with everything, did you?"

"Well, you'll take it back in a while!"

Chapter 617: Whimsical, want a county owner's original

"The rare son is free today, and he specially sent a gift in person." The four princesses took a cover and hid their hearts.

This was the first time that Yan Huaihuan came to her palace. I heard that Wen Cai Die had made a lot of efforts, but she did not see the Yan Guogong Shizi step into her.

Even though Wen Caidie will dress, her ritual of blessing, Yan Huaiyu has no special place, but she has repeatedly received the attention of Yan Huaiyu, even after her mother felt that Yan Shizi had a good opinion of herself. Otherwise, you will not be prompted to yourself again and again.

He took a peek at Yan Huai's handsome and unparalleled face, and his heart jumped wildly.

There is a little bit of pride in being proud.

"Thank you to the four princesses for giving a precious place to the Lord of Jingde County." Yan Huaiyuan took the tea cup on the side gracefully, took a sip, and laughed.

Speaking of Weiyue Wu, the four princesses' expressions were dull, but remembering what the queen maiden said to her, she immediately pretended to lower her head in disguise, hiding the jealousy in her eyes: "Why does Seiko care so much about the Lord of Jingde County?"

"Speaking of the Lord of Jingde County, I still went to Beijing with me. It was amazing to see such a small **** the road who could escape from the dead, but what surprised me even more was that the Lord of Jingde County was actually a Chinese Yang Hou's daughter ... "Yan Huai's eyes dazzled, but the words were not finished.

"Because of Hua Yanghou's daughter?" Although the four princesses understood a little, but felt it was not enough, they asked again.

"Huayang Hou and I Yandi have been confronting each other for so many years, and have been dating for so many years. My Yandi soldiers are really curious about Huayang Hou. Now that I can't take Huayang Hou to Yandi, I'm quiet. It's also good for the Texan Lord to take away. "Yan Huaiyu's expression was extremely leisurely.

As if really just talking about something light and light, rather than talking about a serious minister and his niece.

This time, the four princesses understood a little bit more, and the jealousy in her eyes receded a little. Yan Huaiyu's meaning has been clearly explained. The reason to bring Weiyue Dance to Yandi is entirely because of Wei Luowen.

Of course, he can't say this. No matter how Wei Luowen is a DPRK minister, not everyone can casually discuss it.

The four princesses did not care much about the affairs in the DPRK, but it was her concern that made Yan Huaihuan willingly marry herself.

"Shizi wants to take the Lord of Jingde County, in fact, I can still help," she said carefully.

"How do you do that?" Yan Huaihuan touched his cuff in a playful way, said lightly.

"I can ask my mother and let her be my dowry, even if Huayang Hou is not willing, but if the mother-in-law and the father emperor open a mouth, what about the Lord of Jingde County as my dowry!"

The four princesses are proud. In her opinion, the left is just a place for a dowry. If Wei Yue Wu occupies the place for her dowry, she can sell it to Yan Huaihuan. It is also very worthwhile. Things.

What's more, he had a long face with a county dowry.

"Thanks to the four princesses, but if it doesn't work ..." Yan Huaiyu continued.

"How can it not work, my mother-in-law doesn't like the Lord of Jingde County too much. If she can leave her in front of her far away, the mother-in-law must be very happy." The four princesses dared.

"Then there are four princesses of labor!" Yan Huaiyin smiled slightly, her voice lazy and tender, and she heard the fourth princess beating heartily again.

I only think that Yan Huaiyu in front of me is my true beloved. If I can't marry him, I will be unhappy in my life.

Yan Huaiyu didn't sit in the palace of the four princesses for a long time, and said a few words before leaving. Even if the four princesses stayed, he didn't stop.

The four princesses sent the person to the gate of the palace in person, stood on the high platform and watched the figure of Yan Huaihuan disappear far away, then turned back with a sigh.

"Princess, do you really want to ask the Queen Mother to be the Lord of Jingde County?" The intimate Omiya who followed her couldn't help asking.

"Nature!" Said the princess proudly, "I will see my mother soon!"

"Princess, slavery advised the princess not to go!" The imperial palace woman advised implicitly.

"Why?" The four princesses glanced at her.

"Even though the queen mother does not like the Lord of Jingde County, it is impossible to give a princess to the princess as a dowry. You will not forget the princess. The father of the Lord of Jingde County is Huayanghou, and the queen mother has been several times. Let me tell you, don't mess with Hua Yanghou, even if it's Huayanghou's two daughters! "

"Princess, think about it, when the queen maiden talked, the Lord of Jingde County was not the lord of the county, and the queen mother also took care of a niece. Now the status of the lord of Jingde County is much higher, if there are no three princesses and four Princess, among the family members who have not yet appeared in Beijing, the ranking of the Lord of Jingde County is high. With such a high status, plus her being the daughter of Huayang Hou, the queen mother must not agree. "

Said the maid in a soft voice.

The four princesses were silent for a while, and she was not stupid. Only the three souls who were laughed at by Yan Huai had lost the second soul. This would be a few words by the big concubine, and it would be clear that Dangli would really be so funny. Go on.

However, only then had she agreed to Yan Huaihuan, thinking that if Yan Huaihuan was disappointed with herself and turned to Wen Caidie, the four princesses felt generally uncomfortable.

No, she can't let Yan Huaiyu down.

Gritted his teeth, "But what if not?"

"Four princesses, don't worry, the Lord of Jingde County will enter the palace to accompany you this time. You just have to look carefully before you act."

The palace woman carefully hinted.

The Lord of the Four Palaces nodded for a while, time is still there, but the palace is his own place, and it is not difficult to design the Weiyue Dance to lose the famous festival, and in any case, at least he himself here is also After patronizing myself this time, Wen Caidie knew it must be anxious and hate it!

The third princess Wen Caidie was really annoyed and annoyed. She watched Yan Huaiying come out of the palace of the fourth princess.

When Yan Huaiyu actually came to Wencai Palace, the three princesses couldn't bear it anymore, and took a palace girl silently to climb the rockery not far from the four princesses, and stared at Yan like this. Huaiyu came out.

At this moment, the tender teeth on a new branch beside the hands of hate pinched down with hate.

"Sister Sister, why are you here?" Stamping righteously, he was about to leave, and suddenly heard a voice behind him.

Looking around, it was the four princes.

"Four Brothers!" Wen Caidie's eyes turned red when she saw the four princes coming over.

"What's wrong? I heard that you are here, so I came to find you. Why did I come here? I thought someone in your palace said something wrong!"

After the four princes came up, they looked at the palace of the four princesses in the distance and were surprised.

For his younger sister, he knew very well that he was most proud and arrogant, and he didn't care much for Wen Caiyi. How could he not run to see Wen Caiyi.

"Four elder brother, Yan Guogong Shizi just came out of here." The third princess wiped her eyes with Napazi, aggrieved.

"What, Yan Huaihuan arrived at Wen Caiyu's palace?" The four princes asked in a deep voice.

"Yes, or ... or just passing by!" This was not even convinced by the three princesses.

"Which is passing by, it must be really looking for Wen Caiyi. Yan Huaiyi means that he has a good impression on Wen Caiyi, but what he wants to marry is Wen Caiyi."

The four princes became more and more cold. This relationship was not only the marriage of the three princesses, but also represented the support of Yandi.

After all, he wants to compete with the prince.

"So ... what can we do?" The third princess' tears were falling, "I'm going to find my mother-in-law."

After turning around, he was about to leave, but was grabbed by the four princes. "You are not going to find your mother-in-law. It doesn't help that you will find the princess Yan Huaiyu suddenly, or inquire about this first. In the past, no matter whether it was you or Wen Caiyi, Yan Huaiyi did not make a clear statement. "

"Okay, I'll let people inquire soon!" This reminded the three princesses and nodded in a hurry.

Compared with the grumpy four princesses, the gentle third princess has a wider network.

Because Yan Huaiyu went to the four princess palace, and the wind moved in the palace for a while ...

But it wasn't just the palace that moved by the wind, and Lu Yanli dropped the dossier in his hands, and his brows frowned tightly, and he didn't believe it after a while, and asked: "Yan Huaiyuan really went to the palace of the four princesses? "

"Yes, Shizi, the subordinates inquired very clearly. After hearing that, the four princesses sent the Emperor Yanguo to the gate of the temple with a smile on her face, and she was in a very good mood."

The four princesses are in a good mood. Does that mean that Yan Huaiyun promised her something? Regarding the thoughts of the two princesses in the palace, Lu Yeli also saw it clearly recently. It was clear that Yan Huaiyi picked one and then it was his turn. This made the son of Lu Guogong who always regarded himself very high. Dissatisfied.

But he was just dissatisfied in his heart. This is the capital city. He knows this very well.

"Find out more!" Lu Yeli stood up, made two laps around the ground, and finally settled. The amount of information revealed by this incident was enough to make Lu Yeli think twice.

"Yes, Shiko! His subordinates seem to have something to do with ... the Lord of Jingde County ..." The guard thought about it and reported it again.

"Jingde County Master Guards Moon Dance?" Lu Ye locked his brows deeper and thought for a while. "Ask again if Yan Huaiyu is really different from the Jingde group master. I heard Yan Huai before. He also asked Wei Luowen for the Jingde County master. Does he really want to make the Jingde County master dowry? "

This idea is too whimsical, even if the swelling of the swallow land, this kind of thing is basically impossible.

The identity of the Lord of Jingde County is enough to be the wife of the main house of the princes in the same place, and how can it be the main room, and there is a main room in Yanhuai's house that is still stubborn and living, although it is said to be weak.

In this case, if the royal family adds another county chief to enter, it almost admits to fear of Yandi, and it has reached a weak point.

This cannot be tolerated by the court anyway.

Yan Huaiyu is not a self-righteous person, so what is his purpose?

Chapter 618: Changes before the Hanami

Yan Huaiyu went to the palace of the four princesses. It is said that the incident was also related to the Lord of Jingde County in the Houfu House of Huayang. The matter spread quietly.

Although it was silent, but the shock was great. Almost everyone noticed this aspect. For a time, there was a surging current, and all parties concerned also paid attention to the Jingde County Lord who grew up in the backyard of Huayang Houfu.

But then a more shocking news came out, and everyone's attention was attracted to the past for a while, that is, the daughter of the Yandi family who was previously designated by the queen mother to be Mrs. Yan Huaiyu. After taking the medicine from Yandi, his condition eased.

Once this news was turned over, it caused a big wave. Almost everyone couldn't control it, and they sent people to detect it.

Under the investigation of so many people, something slowly leaked out. It was said that it was the Lin family of Yandi. In order to save this lady in his own house, he spent a lot of money and asked a **** doctor. Over here, a very symptomatic medicine was made, and as soon as it was used, the condition of this Miss Lin was stabilized.

Such news is definitely not good news for the third and fourth princesses.

It's also not just about the two princesses. It is said that the emperor smashed the brush wash placed there on the spot in the Royal Study Room, and then went to the Queen's Fengyi Palace angrily.

For a while, all parties moved.

And Weiyuewu organized the gem flower appreciation party in the cloud movement of all parties.

The post was sent by Wei Qiufu on her behalf. According to Hongye, there are just so many young ladies in the government. They are too deserted. I always want to thank the young ladies for their liveliness.

When Wei Yuewu came to Beijing, there were not many. Although she had attended a royal banquet, she was not very familiar with it. When it comes to people, Wei Qiufu is the most familiar, so Mrs. Tai asked Wei Qiufu to write for Wei Yuewu. After posting, please come and enjoy the flowers and the scenery.

The weather has turned warmer in the past few days. It took me a few days to unload the heavy clothes outside, and there was a bit of spring in the sun.

A thick winter has passed, and of course young ladies also like heat and warmth.

Coupled with rumors related to Weiyue Dance from Yan Huaiyu, there were a lot of people who were curious about Weiyue Dance at one time. In addition to the people who asked for posts, there were also many mansions that did n't get posts. The channel expressed and hinted at the others in Huayang Houfu, so this post went viral.

Far beyond Wei Qiufu's budget.

"Miss, write a post?" Wei Qiufu let go of the pen in his hand and waved a sour hand. Ming Yan happened to be holding a pot of fruit and came in. Seeing her appearance, he put down the fruit in his hand and came to rub it for her. Arms up.

Wei Qiufu sat down on the chair on the side, enjoying Ming Yan's kneading, and a sneer appeared on her face: "I didn't think there were so many people suggesting her posts, but that's fine, the more people, the better! "

Not only yourself, Auntie Dong and Wei Yuejiao should also try to make Wei Yuewu ugly!

"How is the preparation over there?" Wei Qiufu asked coldly.

"Miss, basically the preparation is almost done, there should be no problem." Ming Yan knew what Wei Qiufu was asking, and lowered his voice, but in fact he was very worried. He said before that he would wait again, But I don't know when it will wait.

"Be careful, Wei Yue Wu is not Wei Yan's idiot, she will definitely be more careful on her side." Wei Qiufu said.

"Yes ... Yes, that slaver ..." Ming Yan has also eaten Wei Yue Wu a lot. Of course, he knows that his master is right. In the past, when Miss Er was there, others often saw Miss Arrogant, but in fact everything They are in the palm of the lady.

Including the private affairs of Miss Er and Jing Yuanhou, Miss Er can look after Jing Yuanhou and marry Jingyuan Hou wholeheartedly. How can there be less Miss inside to help the situation.

"Ask again ... Is it okay? It can't always be discovered. Uncle is now in the house. He brings a lot of people. It would be awful if he found it."

Wei Qiufu smiled slightly.

"Yes, the slaves wait here, and say that they are here today. After coming here, the slaves make things clear to her. This force is borrowed. No one can imagine the lady."

Ming Yan nodded repeatedly.

"Come on, let me take a break. You carefully meet the people over Qingheyuan, Wei Yuewu, and none of them are unsmart."

Wei Qiufu instructed slightly.

"Yes, the slaves know!" Ming Yan put down Wei Qiufu's hand, backed out lightly, walked outside the door, and ordered several other girls to let them pay more attention to the guards who closed their eyes in the room. Qiu Fu went out quietly.

Because of going to the back door, Ming Yan hurried back.

I didn't meet a few people along the way, because she was the big girl ring next to Wei Qiufu, and people were very kind to see her. Whether it was the girl ring or the mother-in-law who met her on the road, she kindly hit her. call.

At the back door, there was a newly changed wife, but I still knew Ming Yan. When she saw her coming out, she hurried out of the small house at the back door and rushed with a smile and asked, "Where is this girl, Ming Yan? ? "

Now this back door is not accessible by anyone who wants to enter.

"Miss Four had fancy some rouge gouache before. There was no stock at that time. The store said it would be available for Miss Four when it was available. Let me see if anyone came over!"

Ming Yan laughed.

"The girl Mingyan is looking at it for herself!" The reason is quite sufficient, and the wife at the back door took the key and opened the door.

Ming Yan stood outside the back door, and the back door was facing a small alley. There was no one here. The wife behind the back door stood with Ming Yan for a while. After all, something happened. Let Ming Yan stand by herself. She went into the house. Waiting in the hut at the door.

She then left, and the door of a courtyard opposite the lane opened, and a woman came out, looking at no one around, and walked to Ming Yan in a few steps: "What's the matter?"

"How's that going?" Ming Yan looked back, but didn't see the wife behind the back door, so she lowered her voice.

"Don't worry, you've done it, and you'll have a letter tonight!" The mother-in-law said a little impatiently. The place you said before was not accurate, and it wasn't found for a moment.

"It will be presented tomorrow, and it will definitely be presented tonight, in case there is any accident at the banquet tomorrow," Ming Yan instructed.

"Okay, our master has already been clear there. Actually, it's better for your four ladies to be less concerned about this kind of thing. No matter what, your four ladies are the people who want to enter the Prince's East Palace. It is in the battle of the East Palace! "

"Yes, yes, this time! It is really that Miss Six is deceiving too much. If it wasn't for Miss Six, then our Miss would have directly received the Princess Concubine, wouldn't it have benefited your Master? Always Miss Six broke our Miss and Big things for your master. "Ming Yan nodded in a hurry. "You go back first, our master has done this for your lady. Let her be strong in the future and do n't stop at the people in Huayang Houfu. Zhu Yu is in front of her. Would you still care about some sidelines, wait for another day, you When the lady is in the world, she can do whatever she wants to do with this six lady! "

The woman's disdain, didn't talk to Ming Yan much after finishing talking, turned around and went to the yard opposite, and then quietly entered the door, the door closed, as if nothing had happened.

Ming Yan turned his head and entered the house. After a few words hurriedly talking with the wife who guarded the back door, he kept coming to Wei Qiufu's yard, and finally felt relieved.

Although the mother-in-law's attitude was very bad, at least the event was due.

Tomorrow is the day when the county owner goes ugly ...

The jewel flower was placed on the table. It became brighter and brighter under the sun, and it almost made people's eyes inaccessible. Wei Yuewu had collected the jewel flower earlier. This was after she got it. The first generously placed on the desktop.

The place where it was placed before, except Wei Yue Wu and Jin Ling, did not tell anyone.

"Shire Lord, is there really going to be something today?" Jin Ling looked at the colorful gem flower, lowered her voice and asked Wei Yue, who was sitting on the side.

"It's okay to this day, others will be in a hurry!" Wei Yuewu sat on the soft couch under the window, leaning against a big pillow, took a book, and read it at will. With a thoughtful smile, his eyes fell from the book to the gem flower.

The jewel flower was placed on a table in front of the window, not only by people in the room, but also by people outside the room.

"No matter what happens to Jin Ling and Shu Fei for a while, let it be!"

"Yes, slaves know!" The two ring girls looked at each other and nodded.

The room was quiet, Wei Yuewu looked at the book quietly, and Shu Fei went to the box office next to him to discuss with Mei Yan about the banquet tomorrow, and Jin Ling was alone by her side, and in the room for a while Very quiet, only the sound of Wei Yue Wu flipping through the books.

Jin Ling stood beside Wei Yuewu in a daze, and suddenly saw a little girl ring suddenly standing at the door, beckoning at her.

Jin Ling looked at Wei Yue Wu, and found that she was still reading quietly. For a while, she didn't seem to need anything, so she went out lightly.

"What's the matter?" Jin Ling frowned and looked at the rough little girl ring.

"Sister Jin Ling, Mei Yan and Shu Fei seem to be in trouble." Xiao Yahuan looked at Jin Ling timidly and whispered a report.

Among several girls' rings of Weiyue Dance, Jin Ling was the most severe in words and deeds because of her dark background. Some little girls in the yard felt sorrowful when she saw her.

"What happened?" Jin Ling frowned.

"The slaves didn't know, only then someone came over to report, and then they quarreled." Xiao Yahuan shook her head and couldn't say why.

"Someone came here to report? Where's the person?" Jin Ling's heart moved, but her face didn't show up, as if asking casually.

"This ... it seems that someone from Mrs. Tai came over and talked about something. I don't know what it was about at the banquet tomorrow!" Little Yahuan didn't hear much before. .

"Let's go and see!" Jin Ling groaned a little and walked forward, Xiao Yahuan followed closely ...

Chapter 619: Corrosive Gem Potion

The room was quiet, only the sound of the wind occasionally blowing the curtains.

But there was a strange light footstep in these voices. If Wei Yuewu had been paying attention, I was afraid that no one could come in at all.

The water eyelashes rested motionlessly on the eyes, meaning nothing to wake up.

The person who stepped into the room stared at Wei Yuewu's face tightly after entering, for fear that she would have traces of open eyes.

After seeing that delicate little face, there was no sign of waking up, and then he was slightly relieved.

She cautiously leaned against the table case on the windowsill, which had the delicate pot of precious stones on it.

Although it is known that Wei Yuewu has won Mrs. Tai's reward, it is said that it was because of Miss Three and Li Yueer's affairs, because Wei Yuewu was aggrieved and the compensation given by Mrs. Tai.

People in the government said so, but few people actually saw gem flowers.

Even if she was in the courtyard of Wei Yuewu, she was the only one who had seen it. She would see such a delicate and gorgeous gem flower, and she could not help but feel dizzy, and her hand slowly touched the delicate gem. flower.

No matter whether it is a flower leaf, or a flower shape, and the flower stamens in it, all show the exquisiteness of this gemstone flower. Although it is a little small, such a delicate flower is not something that can be touched by anyone.

There seemed to be a voice outside the door.

The comer knew that he couldn't wait any longer, took out a small paper bag from his arms, took out a small bottle from the inside, and poured all the contents inside into the jade flower.

The water quality hangs down from the stamen, silently eroding the flowers and leaves.

The visitors were satisfied to see that the water quality had stained almost the entire pot of gemstones, and some fell under the pots, those above the earthy pebbles.

If you don't pay attention, you won't find this pot of gemstones impregnated with water from sticky silk.

The comer was very cautious, while watching Wei Yuewu's reaction while watching the quiet exit.

When I got to the door, I took a big sigh of relief and turned to leave the door quickly.

After hearing the footsteps in the room, Wei Yuewu opened her eyes and looked at the door. It turned out to be empty, and then looked at the gem flower.

The gemstone flower still looks delicate and gorgeous.

Put down the book in your hand and walked in front of the gem flower, only recently found that there is some faint water on the flower, and the transparent liquid looks sticky, but if it is exposed to the sun for a while, it will inevitably be impossible to find.

People who know nothing, even if they see it, will only think that the quality of the water accidentally adhered.

It has a taste, but it is very light and almost negligible.

With these flavors, Zhongwei Yuewu smelled the smell of Chinese medicine. This Chinese medicine is actually not very effective, but it can eliminate some very heavy odors, and there is a trace of poison, but this poison is not fatal.

"Master, what's wrong?" Jin Ling came back hurriedly, and when she entered the door, she saw Wei Yuewu standing on the pot of gemstone flowers, her eyes grim.

"Someone has come in!" Wei Yuewu's eyes still fell on the flowers, said lightly.

"Who can the lord of the county see?" Although Jin Ling was also prepared, she still hesitated.

I went to Shufei and Meiyu here to take a look. Someone had come in here, and as the county owner said, the Qinghe courtyard was not peaceful.

"No, I'm very vigilant and the movement is fast!" Wei Yuewu had already expected it, so she was not in a hurry, a soft smile appeared on the corner of her lips, but it was a little cold, "The end of the painting should be at the gate, Go and ask who she saw? "

At the end of the painting, these days I have been invited to the needlework room to help me, so I have not been there, but in fact the painting is here today.

She went to the needlework room early in the morning as usual, but came back early, and while she wasn't paying attention, she went to the small house of the guardian and said she wanted to embroider there quietly, but in fact Keep watching here.

There happened to be a small window in that room, facing the door of Weiyue Mai's main house.

"Yes, slaves will ask now!" Jin Ling nodded, and without stopping, turned to the mother-in-law's hut at the door.

Shu Fei will also return this time. The so-called dispute between her and Mei Yan is for the banquet tomorrow.

There was news from Mrs. Tai, asking Wei Yuewu what thoughts, always Wei Yuewu will be the master tomorrow, and some arrangements always asked Wei Yue Wu himself, because Shu Fei and Mei Yan spoke loudly because they had different opinions. After some, the voice was anxious, so it was considered that two people were arguing.

"Shir, what ... what is this?" Shu Fei came over and saw the water on the flower of the gem. He reached out and wanted to take a look.

"Don't move!" Was stopped by Wei Yue Wu. "This water is corrosive!"

"What's this ...?" Shu Fei's face paled, and he retracted his hands.

"It should be some water that is not good for jade jade, but maybe the water has a strong taste, so I used a medicine with a blind taste."

Wei Yue Wu didn't look back, but just said it lightly.

This water must be problematic, otherwise it would not be easy to sprinkle water on the gem flower of your own, but this fashion has water quality, but it is not appropriate to check at this time, I do not know what this water will get on people's hands.

However, this liquid is much less than when I first came to see it. This is only a moment. If there is more time, it should be invisible immediately.

And it's the one without traces.

What's next? She would like to see how this gem flower is broken?

"Let's put it first, wait for a while and then look at it." Wei Yue Wu is not very proficient at gems, but as long as the end of Wei Yan's pot of gemstone flowers is in the end, it is not difficult to guess that the last pot of flowers Broken.

"The lord of the county is a little girl ring, usually sweeping the yard or something. The slave asked the gatekeeper's wife, and only said that when the Qing Heyuan was originally, it was originally chosen by the second lady. Later, those who did not listen to the lord of the county Most of them were beaten and moved away. This little girl ring called Fenger was left as it was honest. "

Jin Ling inquired and came in.

"Is it the wind in the yard?" Shu Fei asked with a stunned eyes.

"Why, is there anything else?" Wei Yuewu turned around and walked slowly to the previous couch.

Shu Fei followed up in two steps and replied: "The county master, slavery remembered. When the county master came in there, the second lady disposed of some manpower. This girl named Fenger looked very honest, all No one looked at the lord of the county, but she reminded the slave-in-law to be careful in private. Later, the slave-owner left her as the master! "

There is still this stubble, Wei Yue Wu autumn waves circulated, a gloom of coldness rose in the water eyes.

It seems that this man named Fenger has not been specially found for himself, nor does it seem to be Li's.

The courtyard was for Wei Yan. Since it is not Li and Wei Yan, it must be Wei Qiufu's person. This house has a little bit of jealousy to other people, only Wei Qiu Fu.

"Slave also observed her carefully afterwards, but did not find anything abnormal about her, so she gradually stopped investigating. I didn't think she was ..." Shu Fei muttered to himself, his eyes fell on the gemstone on the desk I was afraid for a while, and if I wasn't the master of the county, I would have won this trick called Fenger.

Who would have thought that a rough-looking girl who looked so sincere would have been placed in Qingheyuan by someone else.

"Country master, slaver is going to catch her now." The hot-tempered Jin Ling turned and left.

"No need!" Wei Yuewu paused for a moment, and then stopped the person. "You haven't done anything for a while, so you can go back to the sewing room quietly at the end of the painting. Jin Ling went outside to help Mei Yan handle things, and stared at this girl ring called Fenger by the way! "

This girl ring called Fenger won't admit it, even if she catches it, she simply puts a long line and catches a big fish ...

"Yes, slavery knows that if she sees that girl ring going out, slavery will follow."

Jin Ling nodded.

Wei Yuewu glanced at the golden bell with a sneer smile on her lip band, and her eyes fell on that gem flower again. The next fate of the gem flower really looked forward to it!

I also want to make myself like Wei Yan, eat a dumb loss, and finally have to say that this pot of flowers was stolen?

There is one for two, this way is true ...

In the courtyard, the girl ring and the mother-in-law are cleaning up with all their heart. Although they are cleaned every day, because Kentian is the flower viewing hall hosted by Weiyuewu, maybe there will be young ladies coming here, always Thoroughly cleaned, the girl ring and mother-in-law in the yard were very busy.

A girl ring that was preparing to work, looked at her left and right, no one noticed her, and gently approached the other girl ring next to her, lowering her voice and saying, "I have something to go out. If the county master ordered something, you Tell me soon. I'll be back soon. "

The girl ring that works with her is wiping a table foot with a rag, and when she says so, she nods: "Okay, go, what's the matter, I will tell you!"

Yahuan thanked her, carefully looked at her left and right, and no one noticed her, so she put down her rag, turned it out from behind the table, and walked towards the gate of the courtyard. The wife guarding the gate of the courtyard was also busy. There are many people who can walk out and walk in, and no one cares about the departure of this girl ring.

Jin Ling in the compartment was always paying attention to this girl ring called Fenger. When she met her, she was going out, and she left the compartment and ran.

Feng Er is very vigilant and walks all the way, and turns around at the intersection and stretches backwards. Fortunately, Jin Ling is very careful, otherwise she really looks straight.

After walking a long way towards the outer courtyard, she suddenly turned a corner and went in the other direction. Jin Ling could see clearly in this direction. This was the inner courtyard, not the direction of the outer courtyard that she was going to before ...

I can't think of a girl ring, actually so cunning, not only careful but also deliberately going around, Jin Ling, who followed him, became more and more careful!

Chapter 620: Reminder, hospitality

"It's done!" Feng'er said to Ming Yan with a low voice.

"That's great!" Ming Yan rejoiced for a while, and a stone in his heart fell to the ground.

The two didn't talk much. After saying this, they passed by, Ming Yan hurriedly reported to Wei Qiufu.

Fenger looked around carefully again, pretending he didn't care, went to the kitchen, went to the kitchen and a wife in the kitchen, and laughed and said that he was hungry for work and did nothing. Have something to eat.

The kitchen stove is making the snacks that need to be prepared tomorrow. The aroma of the steamed room is very stubborn. The stewardess gave her two white-faced buns, and Feng Er gorged on the spot. The mother-in-law and the girl ring in the kitchen laughed and said whether the county owner didn't give her food.

Feng Er said shamefully, it was n't that the county owner did n't give her food. She was too edible and too hungry. Although she was full before, she was hungry again after working. People in Qingheyuan said that they had to come to the kitchen to eat.

The words were extremely saucy, and the stewardess in the kitchen gave her a few gimmicks.

Fenger wrapped up the oily paper, said that she would eat with the other sisters after returning, and then turned out of the kitchen with gratitude.

This time she didn't take any more time on the road and hurried back.

When I got back to Qingheyuan, I walked to the previous girl ring lightly, took the **** from my arms, handed it over, and explained in a whisper that I was too hungry, so I couldn't help running out. Asked for a few hoees from the kitchen.

The girl who worked was really tired. I could n't be pleased to see the steaming buns. After thanking Fenger for a few words, she sat and ate while resting. The two of them were laughing and joking. .

It looks like a great relationship.

"Lord, look, this girl is still talking. Would you like a slave to call someone in for questioning?" Jin Ling stood behind Wei Yue Wu, looking outside in confusion, always feeling that something was not right. But I couldn't remember it for a while.

Weiyuewu stood in front of the window, and through the screen, his eyes fell on Feng'er's face.

From the face of this girl named Fenger, there was no trace of confusion, and then she thought about what Jin Ling had just reported, and her heart moved inexplicably.

This is not an ordinary girl ring.

"If Jinling did this, but didn't want people to find out about you, would you cover it with a whole other thing?"

Wei Yuewu said faintly, her face could not see the mood, but her eyes still fell on that girl's face.

Although Jin Ling didn't know why Wei Yue Wu asked this sentence, she thought about it and revered respectfully: "If it is a slave, slaves will do the same."

"Shu Fei, how about you?"

"If it's a slave, or you can avoid it, but you might not think of going to the kitchen to eat it ... even if someone checks it, there will be nothing to check, because everything is true ... only ... But it seems that the real purpose is not this. "

Shu Fei hesitated and replied, although she was delicate, she might not have considered it so thoughtfully.

After listening to the two questions of Weiyue Dance, Jin Ling's eyes widened and exclaimed, "The county master, this girl ring is not an ordinary person."

Only a trained person like her knows what to do so that she can not be suspected. This girl ring called Fenger is too calm and thoughtful, and it does not look like an ordinary girl. The ring can do it. "So, this girl ring should be related to Wei Qiufu, but it's not Wei Qiufu's person!" Wei Yuewu's eyes were stunned. She had long suspected that there was someone behind Wei Qiufu, otherwise Wei Qiufu was too amazing. , But this person has always been hidden behind, never overdo it, will this be the first time he really does?

"Countess, who is Miss 4 still related to?" Jin Ling also responded at this time.

"This ... I don't know, Shu Fei. I'll check the records of Fengfeng in a while. It shouldn't be a house that I've been in since I was a kid!" Wei Yuewu said lightly.

This girl called Fenger is not too old, and it should not be possible to enter the government for a long time.

If you have been in the ring of the government since you were a child, you will not be specially trained.

"Yes, the slave-in-law will go to the wife-in-charge of the supervisor and check the archives of the government." Shu Fei nodded.

Wei Yuewu's eyes retracted from the window, returned to the table, reached out and knocked carefully on the top gem flower, the flower gave out the sound of "empty", and this sound is clearly different from the previous sound of.

Only a while later, the color of the gemstone flower that was originally shining in the sun seemed to be tarnished a lot, as if a person's spirit had been completely drained out. The person was still the person, but not the person.

It's really a kind of medicinal solution, but at least I have never heard of it ...

"Jin Ling went to inquire, but there is any juice that can corrode things like jade and jade, but it can't be seen at once, and the smell is still strong." Wei Yuewu instructed.

Even though there wasn't much taste before, but there was such a medicine that suppresses the taste, you know that the taste of the juice itself should be very strong.

"Yes, the slaves will go for a while!" Jin Ling nodded. Although she could not recognize the meeting, it did not mean that the people under Shizi's staff were unclear. One would ask Yan Feng to help the dead son.

Early the next morning, the weather was extremely warm, and even in the early morning, it was not too hot.

Wei Yuewu got up early, then went to ask Mrs. Tai, and then took Wei Qiufu and Wei Qiuju who asked for An with Mrs. Tai at the flower hall.

The two of them helped her treat guests together.

For other trivial matters in the backyard, Mrs. Tai had ordered Li to help Zhang's family, but the so-called treatment was mainly based on Zhang's family, and it was no longer the case before.

Li, who appeared before the crowd again, was the second wife of Huayang Houfu, but in the eyes of everyone in Huayang Houfu, he was different.

The former Li was the real power in the backyard of Huayang Houfu, but now he is back in Huayang Houfu. He has lost his former scenery, his leg is broken, and he can't get up. Madam too avoids her. Chen Ming wakes up, the second master has only set foot once after hitting Li's back.

I haven't been here since.

Except for the eldest son greetings every day, the other masters in the whole house took her seriously.

The eyes of the people can be savvy, and they can see through each other very well. They all know that Li's is out of position.

The ladies who came here will come by horse and cart in twos and twos. It's really a lot to ask for a post today. As a private dinner for a young lady in the middle, it's really a good thing to have 20 or 30 young ladies to come and participate. Great thing.

Wei Yue Wu sat in the hall with a smile and greeted the ladies around her, but her eyes fell to the other side. There was a lot of people there, and among them was Wei Qiufu. She was extremely brilliant, not only He greeted the new lady without forgetting that he had arrived before.

The young ladies who had been here for a while all smiled, and they were obviously very satisfied with Wei Qiufu.

However, the real master of Weiyuewu is a little indifferent. In fact, it is not indifferent. Weiyuewu was not familiar with them at first, or there were some who had never seen it before, so there was nothing to talk about.

After saying a few words politely, he went to the small circle over Wei Qiufu.

"These young ladies and four sisters are familiar?" Wei Qiuju was with Wei Yuewu. He would ask Wei Yuewu with a smile. He looked carefully before entering the flower hall and went directly to Wei Qiufu. The ladies around me nodded and said, "These ladies are the sisters of four sisters. They used to come to Huayang Houfu. The second and fourth sisters would host some banquets. Is a must. "

Speaking of the last banquet, Wei Qiuju blushed, and then she also counted Wei Yue with Wei Yan.

However, it was later discovered that this matter was also related to Wei Qiufu. Wei Qiufu picked himself to join Wei Yan.

"Most of the people here are familiar with her four sisters?" Wei Yuewu's attention was not on her. She looked up and looked around. Except for a few ladies, she was still sitting on her side. Most of the ladies were full. To the circle around Wei Qiufu.

Laughter bursts, and the guests and host seem to be in harmony.

"Almost everything." Seeing Wei Yuewu not mentioning the original thing, Wei Qiuju's embarrassment turned back slightly, looked up carefully and nodded.

That is to say, most of the ladies here are those who have a good relationship with Wei Qiufu.

Wei Qiufu is very likely to build momentum for herself, saying that she is holding a flower viewing party, but almost all of them will have a good relationship with Wei Qiufu, but she will leave her host family aside, and it will become more and more apparent. Wei Qiufu is exquisite in all directions, she is more capable of doing things, and she is very popular.

"Six sisters!" Seeing Wei Yuewu's eyes turning thoughtfully, Wei Qiufu was slightly large, walked out of the crowd, went straight to Wei Yuewu, smiling.

"There are so many ladies, but there are still some snacks from the kitchen. If we go and see, I don't know if my mother didn't notice it, or Eryi didn't notice it." Wei Qiufu went to Wei Yue Wu The voice was lowered in front of him, and even Zhang's blame was a little bit blameful, as if it were for Weiyuewu.

"We two go and see, what should we do here?" Wei Yuewu rolled her eyes and looked at the ladies in the entire flower hall. There were only three hosts. It was impossible for two people to leave, Wei Qiu Because Ju is a niece, there are not many young ladies who care about her.

It was obviously impossible for her to stay in the living room alone.

If you must go to the kitchen by yourself, Wei Yuewu feels that she is more suitable no matter how you look at it. There are fewer young ladies who need to be entertained.

"Sister Sister, let's go and see!" Wei Yuewu stood up and smiled from her kindness.

"You go ... or I should go!" Wei Qiufu looked embarrassed, and looked at the lady in the circle around her.

"Sister Four still keeps entertaining guests. Most of the ladies I have today are unfamiliar. If Sister Four is gone, it will be really boring." Seeing Wei Qiufu apparently wanted to let himself go, but another one left me In the contrived appearance, Wei Yuewu sneered, but her face was not obvious.

She would like to see what kind of ghost Wei Qiufu is.

However, this ghost should have started since yesterday, a kind of juice that can corrode jade, which can directly corrode the inner layer of jade, but it can't be seen on the exterior ...
