

Young Lady 621

Chapter 621: There is a steep bridge over there, you go around

There was a mess in the kitchen. Wei Yuewu took Shu Fei to go in, but she finally found the wife-in-law who was in charge. It was said that Wei Yue Wu came over to dim the cake, and the wife said that she would come right away.

Wei Yuewu didn't take too long in the kitchen. After telling the wife-in-charge a few times, she turned around and brought Shu Fei back.

I just ran into a small ring when I was out of the kitchen. Fortunately, both of them reacted quickly. They just overturned a bowl of vegetables to the ground and didn't splash on Wei Yue Wu. They just stepped on the oil on the soles of their feet. But not much, and it will be too late to change it again.

When I got a look at the flower hall, I saw that there was no one there.

Shu Fei went outside the hall and pulled a bustling girl who was busy delivering tea and snacks. Only then did she know that Wei Qiufu had taken the ladies to the front pavilion, and let the people bring some snacks and tea.

Of course, this pavilion is not the secluded pavilion that was recaptured by the banquet before Weiyue Dance, but a larger pavilion not far from the flower hall.

Because this pavilion is close to the main road by the lake, you must pass a bridge to the hall.

On the side of the pavilion, facing the exquisite Yuedong Bridge, you can not only see the layers of ripples on the lake, but also the pavilion receives a particularly fresh breath, so everyone is very happy, Weiyuewu just arrived on the bridge, just listen To laughter.

Wei Yuewu walked across the bridge.

"Sister Six, what about your flowers? Take it out for everyone to see, this will be right!" Wei Qiufu said with a smile.

Wei Yuewu nodded and ordered Shu Fei, Shu Fei hurriedly turned to fetch.

The jewel flower was actually taken to the back of the flower hall before. This time, you only need to go to the back of the flower hall to get the book.

After a while, the gem flower was taken over and placed in front of the crowd, waiting to remove the dust-proof hijab.

Everyone looked at this so-called gorgeous and delicate gem flower, and frowned one by one.

All the family members are here. Even though I haven't seen the gemstone flower, but the gemstone has always been seen, how can there be such a dim gem, there is almost no glory, the clear is not clear, the red is not red, That kind of goods really made Miss Wei Si just marvel at the pot of precious stones.

The pavilion quieted for a while.

Several ladies, look at me, I look at you.

"Sister Six, this ... is the gem flower you want everyone to appreciate?" Wei Qiufu's face was also a bit embarrassed, it seemed that it was because the words had been overly full.

"Why ... the colors look like this!" Wei Yuewu was also quite surprised.

"Sister Six, please put away, always grandmother's reward." Wei Qiufu laughed, it seems to want to cover up this stalk, no matter what, this is always a lady's reward, although I don't know why it was Yuewu made it look like this, but always the grace of Mrs. Tai can't resist it.

"But ... wasn't it when Grandma gave it?" Wei Yuewu was still hesitating.

"Sister Six will come back to the yard to check it later, but it's better to banquet guests first!" Wei Qiufu softly urged Wei Yuewu to say a few words. Outsiders are here, even if Wei Yuewu's own ring in her yard makes the flowers look like this, it would not be appropriate to ask more.

"Yes, four sisters." Wei Yuewu nodded, "Shu Fei, you take this flower back!"

"Sister Six, don't let the book hold you, you should take it back yourself. If this flower is damaged again, your grandmother will be furious."

Wei Qiufu is reminding Wei Yuewu that this flower is made like this, it must be related to the people in the yard, so it's better to pack it yourself, don't make anything happen.

This is a kind reminder, but in front of so many people, Wei Yue Wu is inconvenient to quit.

Put your hand gently on the gemstone and slowly hug it.

The flower is actually not large, but the weight piled up by the gemstones is not light. Wei Yue Wu hugged it and paused for a moment before getting up and leaving.

"Sister Liu, there is a steeper bridge over there. Let's go in a circle." Wei Qiufu reminded kindly.

Is it high? Wei Yuewu's eyes flashed a sneer, the bridge was not high at all, it was just an ordinary arched bridge, and besides this bridge, the nearest bridge also had to spare half a garden.

"It's okay, if you go around a big circle, you won't have time to treat guests." Wei Yuewu smiled, and walked towards the bridge.

There was no one on the bridge, but in fact there was only a girl ring on the sweep. I want to come here and I have finished the sweep. The bridge still has a slight trace of water, which is a little wet.

Wei Yue Wu only walked up a few steps, and the people shook a bit. The book behind them reached out to help each other quickly, and did not support anyone. The two fell heavily on the bridge together.

The crowd exclaimed, Wei Qiufu hurriedly ran over his skirt, his face changed greatly: "Sister Six, please be careful, this ... Is the grandmother's flower broken?"

The jewel flower is in front of Wei Yue Wu. The Wei Yue Wu actually fell not heavy. At that time, it slipped and fell down, so this flower is just a small shock. This will be the Wei Wei. Moon Dance was placed in front.

The book had to help Wei Yue Wu up.

"Sister Liu, this flower really broke?" Wei Qiufu ran over at this time, looking at the flower placed on the bridge, her face changed, and she trembled, "This ... this is my grandmother's appreciation Gemstone, this ... how can this be good? "

The hijab is covered, the appearance of this flower is really invisible.

"Miss Four, it's not the same. The lord of the county did not fall heavily. Although this gem is fragile, it will not be so easy."

"It should be unbroken, the county owner did not fall heavily." ...

A few of the ladies who came here had a little experience, and looked at Wei Yuewu's unscathed appearance.

"That's good, that's good," Wei Qiufu's face slowly eased, and when he came over, he lifted the lid. Under the lid, it was broken into pieces of precious stones.

For a while, everyone was surprised. It was impossible to see this gem flower just because it had just fallen into this state.

"Sister Six, did you smash it hard? Actually ... it was broken like this ..." Wei Qiufu murmured pale because he was too surprised.

Attracted by her words, everyone's face turned to Wei Yuewu's face immediately changed.

The eclipsed gemstone flower and the words of Wei Yue Wu and Wei Qiu Fu can tell that this flower was originally not like this. It was clear that something happened during Wei Yue Wu's collection. , Directly smashed the gem flower, took the opportunity to shirk responsibility?

No wonder Ms. Cai Wei reminded her not to get on the bridge. She still wanted to go to the sedan, and then pretended to fall and smashed the flowers herself.

This ... It's too shameless to do such a thing.

"Four sisters, I didn't hit it hard." Wei Yuewu glanced at Wei Qiufu and shook her head.

"You ... this flower won't break into this look!" Wei Qiufu continued to murmur, but he became more and more guilty of Wei Yuewu.

The gemstones that could not have been broken in this way were broken into this kind of appearance, and Wei Yuewu deliberately thought of them.

The eyes of everyone looked down on Wei Yuewu.

"Four sisters said that I broke the flower on purpose?" Wei Yuewu was impatient and Wei Qiufu circled, and smiled frankly.

This is a very direct question, almost making Wei Qiufu's face soft and tender, and she couldn't think of Wei Yuewu so sharp in front of so many people.

"But this flower ..." She couldn't answer the words, she could only be vague.

"This flower is broken." Wei Yuewu said lightly, "But what about that?"

"This ... this is the grandmother's flower, how can you ... you describe it so lightly." Wei Qiufu seemed to be driven a little by Wei Yuewu, and her face was slightly angry.

"Sister Six, this flower was broken by you and it was broken, but you can't say it so lightly, it was given by my grandmother." Wei Qiufu had to teach Wei Yue Wudao.

"This is not the flower that Grandma appreciates." Wei Yuewu smiled coldly, leaned down and picked up a fragment and placed it in the palm of the hand. "I bought this flower myself, but when I bought it, it was also Pots of delicate gem flowers, but as a gift from my grandmother, when placed in my house, I was touched by people, looking at the jade quality, is it still good? "

Everyone blinked at the piece of broken jade, and it turned out that the jade was rough and delicate, and the holes were large. Such holes were actually very brittle and easily broken.

The lady who almost saw the essence of the gem flower couldn't help but believe the words of Weiyue Wu.

"The lord, why do you want to spend money on this?" Someone couldn't help asking.

"Someone wants to see me ugly! I hope that this will spoil my reputation and make others think that I treat the elders with disdain, and that they will be smashed by the elders with a little disappointment."

Those who can play the jewel flowers of Weiyuewu, but also seem to have the intention of tainting Weiyuewu, there is really no one other than this Miss Weisi.

For a while everyone looked at Wei Qiufu suspiciously, and there were some young ladies who knew the grievances of the two people. It was almost certain that this young Miss Wei was indeed innocent.

The character of Miss Wei Si is getting worse and worse. Several young ladies around Wei Qiufu can't help backing away, and are far away from Wei Qiufu.

"You ... where are you from?" Wei Qiufu showed an expression of disbelief, and the knuckles in her hands were rubbed into a ball. If she didn't know with certainty that the flower must be in trouble, she wouldn't have used it. Murmured and said that.

"Four sisters asked me to go to the kitchen. A girl ring hit me in the kitchen and put a layer of oil on my feet. I hurried over because I was too late. When I came over this bridge, it was not wet, but I When I went back, it happened that the sweep was done, it was wet, it was uphill again, and there was oil on the shoes, and the bridge deck was wet, and this flower was moved and roughened by people again. This is a coincidence! "

The corners of Haoyuewu's lips are slightly curved, and the smile is stronger in the eyes, but this ridicule means that everyone can see clearly.

This will be her official break with Wei Qiufu.

No one could have imagined that Weiyue Prom would not leave Wei Qiufu with the slightest affection, but also talked about the idea, and everyone was quiet for a while, and looked at Weiyuewu in surprise.

Wei Qiufu's face really changed ...

Chapter 622: Father, she is a sister

"Sister Liu, I really don't know ..." Wei Qiufu explained with a frown.

"The four sisters never knew it! When plum blossoms stunned, I almost lost my body under the sword. The four sisters pulled me to block arrows. The four sisters did not know afterwards. I walked and went shopping, galloping over, and I was pushed out. I almost died under the hoof, and the four sisters didn't know anything. Today, the four sisters still don't know. "

Wei Yuewu sneered, just looking at Wei Qiufu's eyes cold. "Sister Sister, even though I was not raised in Huayang Houfu, I am really your blood sister, I do n't know where Sister 4 looks I'm not pleasing to the eye, so be so to me! "

"Six sisters ... how do you say such unfounded words?" Wei Qiufu was so anxious to see Wei Yuewu so stern, "You are uncle's daughter, how can I be bad for you!"

"Good to me is to kill my life and ruin my reputation? Sijie, you are so good, I can't afford it!" Wei Yuewu said coldly.

Wei Qiufu would regret it. She knew that Wei Yue Wu was not easy to deal with, so she tried not to conflict with Wei Yue Wu, but Wei Yue Wu forced her to confront her. These words, she It's not true, it's not true, for a while, it feels like everything is wrong.

Unable to panic.

What made her even more alarmed was that Wei Luowen and his father came over the bridge together.

Behind them, they also held a pot of golden bells with beautiful and delicate gemstone flowers. This pot of gemstones was not like a broken pot on the ground in terms of appearance, fineness, or gorgeousness. .

This basin is truly worthless. Even if only one glance is taken, everyone will be amazed.

Such flowers are worthy of such a banquet.

Sure enough, there is no harm without comparison. With one glance, the judgement is high.

"Uncle, father!" Wei Qiufu only felt that cold sweat was coming out of the vest, and his hands were tightly wrapped with parcels, and the whole person shivered slightly.

Wei Luowen looked at his niece, then looked at his daughter, and sighed, and said to Weiyue, "Dance, you brought this flower for your father, please go and enjoy the flowers with other ladies." ! "

Regarding Wei Qiufu's greetings, he turned a blind eye. It was obvious that he was disappointed with Wei Qiufu, and they had already arrived. They happened to be standing across the bridge. This would be a mess. No one noticed Wei The Lowen brothers came over, but they listened to the audience.

"Yes, father!" Wei Yuewu said coldly, turning her head without hesitation, she just wanted her father to see the true face of Wei Qiufu.

Wei Qiufu wants to be the most noble lady in Huayang Houfu. She wants to use Huayang Houfu as a backing, and slowly ascend to the concubine or the future.

Now without the support of Huayang Houfu, she sees why she is fighting for the high post.

Wei Qiufu plots her time and time again, she will ruin her ladder to the sky ...

Wei Yuewu's expression was calm, but her eyes were faintly cold, which made people dare not stare.

"Fuer, kneel down and give you six sisters to accompany you." Wei Luoli looked at Wei Luowen, and then looked at Wei Yuewu. Although he has always been indecisive, he would have a decision in his heart, sternly.

"Father! She's a sister!" Wei Qiufu looked up at Wei Luoli in disbelief, and the whole person shivered.

If Wei Yuewu kneels in front of so many people to accompany her, this will make her still a life.

"But she is also the close lord of the queen's mother-in-law. Even if you enter the East Palace and become His Royal Highness, you are still lower than your six sisters." Wei Luoli would be rare and clear, and her words were very structured. .

Wei Qiufu still wanted to resist, but when he saw Wei Luoli's insistent gaze, the whole person seemed to be exhausted. He gasped and walked in front of Wei Yuewu. His beautiful face would almost be regarded as 狰狞 Yes, the expression on the face was already extremely angry. Wei Yue Wu believed that if there were no one else, Wei Qiufu would rush up to tear her face.

Wei Yuewu's face was a little ridiculous, watching Wei Qiufu's humiliation slowly fall down.

"Slow!" The voice of Mrs. Tai suddenly came over the bridge.

Mrs. Tai hurried to hear the news.

"Grandmother!" Wei Qiufu's face was full of tears, and she looked at Mrs. Tai, who had attracted Mrs. Tai to see Mrs. Wei Yuewu smashing the gem flower she sent, but this would be what she could catch The last life-saving straw.

Wei Yuewu turned her eyes and looked at Mrs. Tai quietly, without a word, her expression on her face was calm and persistent.

Wei Luowen glanced at Mrs. Tai, and then looked at Wei Yue Wu, stepped towards Wei Yue Wu under her feet, and happened to block Wei Yue Wu behind her.

"Mother, what's the matter?" Wei Luowen asked coldly.

"I heard that something happened here. Now that this gem flower is okay, even if it 's okay, the dancing girl is always a younger sister. I do n't want to come to the dancing girl to account for a small dispute between such sisters, right?" The deputy event became small and the trivial event became small, watching Weiyuewu's kind smile.

As if it were really just some little boudoir disputes.

Since Mrs. Tai did not directly reprimand Wei Yuewu, and she spoke so kindly, Wei Luowen had no reason to intervene forcefully.

"Grandmother, I almost ate some small disputes between these sisters several times. When I came back from Plum Blossoms before, my grandmother also said that she would give me a confession, but in the future, it was nothing." Yue Wu watched Mrs. Tai unaidedly, her lips tightly.

It wasn't just the people in the Houfu House in Huayang. We had to thank Wei Qiufu for bringing in so many family members to see his "good show", but now this good show has been seen by others.

There are so many family members in there, even if Mrs. Tai wants to suppress this matter, she cannot.

Mrs. Tai couldn't think that Weiyuewu dared to bump against herself, and her face sank for a while, and her face couldn't be hung up.

"Presumptuous, how can you talk to grandmother like this?" Wei Qiufu retorted.

"If my grandmother thinks these are just trivial matters, I have nothing to say. I'll go back to my grandmother's home!" Wei Yuewu ignored Wei Qiufu, respectfully gave a deep respect to Mrs. Tai, and her eyes were not sad or joyful. .

"You ..." Mrs. Tai couldn't think of Weiyuewu being so tough, she refused to give in at all, and the whole person shivered for a moment, and reached out and pointed Weiyuewu fiercely, "You ... how dare you!"

"Grandmother, my grandmother didn't raise me easily. The frail and sick me was not suitable for living in Beijing. I also asked my grandmother to let the dancers leave. As for the little disputes in these boudoirs, the dancers couldn't afford to argue. If you get up a few more times, your grandmother will raise a dancer. "

Wei Yue Wu lowered her eyes, her long eyelashes looked like a tired butterfly, and her lips smirked a little, no longer looking at anyone.

Such an action is almost indifferent and indifferent. This is a kind of disregard for the person present, and it also means that the person present is indifferent to her.

The so-called blood relationship is actually just a kind of indifference.

Wei Luowen's heart was aching and awkward, and his heart was awkward: "Mother, Wuer is my daughter. She should have grown up in Huayang Houfu. If it wasn't for Ruier's early death, she wouldn't have to foster her. My grandfather's house, but no matter what, Wuer is my daughter and an integral part of this Huayang Hou government. "

Wei Luowen's eyes looked coldly at his niece, with a little anger on his face. "If the mother thinks that Wu Er is not the same as this Huayang Houfu, I will take Wu Er to leave. Another doorway is ! "

Wei Luowen was really angry.

After speaking, he stretched out his hand and took Wei Yuewu's hand, and went away.

"Brother!" Wei Luoli saw that things were bad, hurriedly held Wei Luowen's hand, and turned back to Mrs. Tai, "Mother, you apologize to Fier." "

Mrs. Tai held Acer's arm. Although it seemed calm, only Acer knew that Mrs. Tai shivered altogether, and the whole person could hardly control, but still slowly said, "Fu, Kneeling down and apologizing to the dancing girl. "

"Grandma!" Wei Qiufu wailed.

"Kneeling!" Madame Tai growled.

"Flop", Wei Qiufu couldn't stand anymore, his feet were soft, and he knelt before Wei Yuewu and Wei Luowen, with hate eyes, but had to say, "Please forgive my six sisters!"

In front of so many young ladies, this kneeling almost lost Wei Qiufu's face, and also disguised him to admit that she had framed Wei Yuewu.

"Four sisters, please, and hope that the four sisters will reconcile with my sisters in the future." Wei Yuewu gave one hand a help, and said her eyes pale.

"Yes!" Wei Qiufu lowered her head in humiliation, and Ming Yan behind him was busy and carefully lifted her up.

"Fu girl go to the kneeling temple! Don't come out when you are not kneeling for 12 hours!" Mrs. Tai said coldly.

"Yes!" Wei Qiufu bit her lip, lowered her head to hide the hatred from her eyes, and left Ming Yan's hand in her arms.

"Thank you grandmother!" Wei Yuewu respectfully gave a deep blessing to Mrs. Tai, which made Mrs. Tai's look a little bit better, but only nodded, "Good hospitality."

After speaking, he left with Acer, Wei Luoli took a look at Wei Luowen, sighed lowly, and went with Mrs. Tai.

"Wuer, are you okay?" Wei Luowen asked Wei Yuewu uneasily as he looked up and down.

"Father, I have nothing big to do, I just fell over." Wei Yuewu shook her head.

"Entertain the guests well, and tell your father if there is anything." Wei Luowen said lovingly, but his face was a cliché, "but you are not allowed to talk about your grandfather's family again, this is your home. What's the matter, own father decides for you. "

"Yes! Father!" Wei Yuewu's heart warmed, tears almost fell, and she lowered her head in a hurry, hiding the tears in her eyes. She knew that if she was not her father, Mrs. Tai would not budge.

At that moment, her father's maintenance of her deeply moved her.

A small uncle suddenly ran over, whispered to Wei Luowen, Wei Luowen's face changed greatly, took a look at Wei Yuewu, and frowned, "Dance, come here as your father to recognize him Something! "

"Father, I have something to tell you!"

Chapter 623: The slave is really just passing by

"Wuer, what's the matter?" Wei Luowen asked in amazement.

"But we're going to recognize something, and this thing is still about me?" Wei Yuewu raised an eyebrow. "It's better that we say it as we go over."

Really let his daughter hit it, Wei Luowen knew there must be something in it, immediately nodded, walked slowly, Wei Yue Wu turned around and Wei Qiuju told a few words, let Jin Ling give the gem flower Go to the pavilion for the ladies to appreciate.

Then he walked two steps tightly, catching up with Wei Luowen.

"Father, is it a matter of sachets?" Wei Yuewu slowly said, "When I was 30 years old, when I went out with my fourth sister and almost ran into a running horse, the sachets hanging on my body suddenly disappeared. Someone was taken away at that time, when there were many people, and they were panicked and chaotic, and suddenly they disappeared. "

The corner of the lips silently evoked a smile, and there was an extreme chill in his throat ...

Wei Luowen's heart sank. "It was gone at that time."

"Yes!" Weiyue danced, "But there is no mark on it. Even if it is lost, people don't know it is mine, unless someone intentionally pulled it from me."

Or that I purposely took this sachet to count myself.

"Go, look around and say that someone came with your sachet." Wei Luo Wenji thought of the seriousness of the matter, nodded with a calm face, and strode out.

Many young ladies came to the banquet today. Of course, the ladies all came by horse-drawn carriages. The carriages slipped in the special parking lot of Huayang Houfu House.

But now the parking lot is in a mess, not only the people of Huayang Houfu, but also the coachmen and women-in-laws in other houses.

Wei Yue Wu hasn't even approached before, and has heard people yelling, "It's Miss Six in your house, let me come. Why won't I recognize you when I get here, but I have sachets to do it." Proof. "

"Bring people over!" Wei Luowen ordered the guards on the side with a dark face.

Seeing Wei Luowen bringing Wei Yue to dance, people no longer dare to speak loudly, just standing on the side to probe the brain, whispering.

The sixth lady of Huayang Houfu, who is said to have the honorable status of the Jingde County Lord, has a private relationship with such a man, which is really shocking.

A man who looked rather insignificant was pushed over and saw the scar on Wei Luowen's face, knowing that this was Hua Yanghou, he immediately jumped his feet and said, "Huayang Hou, you let these people let me go. You and I are the same family. I heard that the county host hosted a flower viewing banquet today. I wanted to find a chance to meet the county host. "

"Presumptuous, fight!" Where Wei Luowen heard someone so swearing about Wei Yue Wu, now whispered coldly.

In the past, a guard pulled up the man's neck collar and slapped the front and back of the man's face, only a few times before he hit the man with a swollen face.

"Stop!" Wei Luowen looked coldly, looking at it almost.

The guard put down the man, who could no longer stand, and collapsed softly to the ground.

"Master Hou, what I said is true, you see, there is the sachet of the county master. Such a sachet may not be embroidered by others. Only the ring next to the county master called the painting end can be embroidered. Hou If you do n't believe me, let someone tell you. "

The man was stunned and blood bleed at the corner of the mouth, but if he was still shouting, he took a sachet from his chest with one hand and held it high in his hand.

"Get it!" Wei Luowen said.

A guard went over, snatched it, and presented it to Wei Luowen respectfully. Wei Luowen took it and looked it over. He actually saw two small words "Moon Dance" at the corner of the sachet. .

"Father, it looks like someone has already calculated it, even this sachet has embroidered me, but this embroidery ..." Wei Yuewu stood beside Wei Luowen, and was mostly Wei Luowen's body. Blocked around, this will tiptoe, looked at, a little coldness on his face.

"It's just that this embroidery is not embroidered at the end of the painting, although the silk thread used is very similar."

"Hou Ye, if you don't believe it, you can go to the sewing room in your house to check. Is this silk thread and embroidery only the end of the painting around the county master?" The man did not see Wei Yuewu, only When Wei Luowen got the sachet for contemplation, he thought he didn't believe it, and continued to shout.

The needle room in the house, and the name at the end of the painting, were so clear, Wei Luowen's hand shook a little, and his eyes were burning with anger, needless to say that there must be some hidden dancers.

First stole Wuer's sachet, then embroidered Wuer's name on the sachet, and even according to Wuer's painting at the end of the ring painting, this person must be in the house.

Only Wei Qiufu's incident happened before. This will actually cause someone to deliberately pull the sachet and drag the matter to Wuer. How can Wei Luowen not be angry.

"Hit, until he tells the truth!" Wei Luowen exclaimed angrily.

"Yes." In the past, the two guards said nothing, took one person down, took a thick stick, and fell **** the man. Only a few times, the man cried and called his mother.

He howled and said loudly, "Hou Ye, you can't do that. If you really kill me, the county master can only be a widow. I agree with the county master, and I hope Hou Ye is complete. , After this we are Weng Yue's relationship. "

Seeing that he was still involved in Wei Yue Wu, Wei Luowen was furious and said with a somber expression: "First hit a half-dead, and then send the officer directly for slander, then put all his relatives into prison as prisoners. "

"Houye, I'm true! Even if you are Houye, you can't kill anyone!" The man was still screaming and struggling, apparently he didn't believe Wei Luowen would really do it.

This matter is just a matter of wind and moon. If you like it, it will not constitute a crime.

"In the thirtieth year of the throne, the Prince was stabbed. I was with the Prince. This sachet was lost at that time. Now this sachet appears in your hands, of course, it means that you were the group of black men who assassinated the Prince. The crime of treason, Jiulian Nine. "Seeing the man still stiff, Wei Yuewu walked out from behind Wei Luowen and said coldly.

Seeing the appearance of such a stunning little beauty, before the man had time to be stunning, he was scared and pale by the words of Wei Yuewu.

In the thirteenth year of the throne, the assassination of the prince was known to everyone in the capital, and it was also known that this matter had not been identified so far. If it was related to this matter, let alone his own life, even if it was his own life Cannot be preserved.

Although he had no family and no father himself, there was one who was good to him since he was a child, and he was raised to raise him.

"The crime of rebellion, thousands of swords." Wei Yuewu sneered.

This time, without having to say anything about Wei Yue Wu, the man begged for mercy: "Houye, the lord of the county saved the life, this sachet was not given to me by the lord of the county, I picked it up."

"When did you pick it up?" Wei Yuewu lowered her eyes and said coldly.

"Just yesterday, and there was a letter attached to me telling me to take the sachet to find the county master, as long as he insisted that it was sent by the county master, he could be paired with the county master. From now on, you will enjoy glory forever. "The man stuttered, taking another letter out of his arms.

"The Lord and Lord Hou's life is forbidden. I really have something to do with the black man who assassinated His Royal Highness. I really only picked up the sachet and only found it. If the Lord and Hou Lord do n't believe it, you can watch it. The letter said. "

The letter is in Wei Luowen's hands. The above details how to decontaminate Wei Yuewu, and makes Wei Luowen's eyes red in detail. If it is not to scare the thief, Wuer, but It really ruined.

"Father, I don't know who in the house hates me for this!" Wei Yuewu stood by Wei Luowen's hand, straight at a glance, and a little condensation appeared on the delicate little face, but there was sadness in the condensation. And absolutely.

This look made Wei Luowen feel heartache!

"Zha, who wrote this word!" Wei Luowen gritted his teeth.

"Father, don't need to check it. Such handwriting is actually the most unusual. There are many people who can write this typeface in the government. It's really inappropriate to check it!" Wei Yuewu shook her head bitterly, "I just can't think of it There are people in this government who want to kill me, but I don't know if I am dead, what good is it to them! "

Wuer has an accident. Who is the best in Yufu? Wei Luowen's heart moved, if anyone in this house was the best, there seemed to be no one except Aunt Dong.

Coincidentally, Aunt Dong was released.

"Come here, hit people back to the top twenty boards, and throw them out of the house." Wei Luowen instructed the guard, then turned to Wei Yue Wu and said softly, "Dance, go, come with me!"

After speaking, I was angry and strode out.

Wei Yuewu followed her busily, and this time she didn't speak all the way. Near the door of Wei Yuejiao's wind instrument yard, a woman came up from a diagonally diagonal path and saw Wei Luowen, her face changed. Hidden aside, but was spotted by Jin Ling's eyes, and said loudly: "Stop! Seeing Hou Ye and the county master are here, why not come to salute."

"Yeah ... I didn't see the slaves. The slaves have seen Houye and the county master!" The mother-in-law was discovered, and she dared to hide anything, so she came out to salute.

Wei Luowen stopped.

"You are the wife in the third sister's yard?" Wei Yuewu asked.

"Yes, the slave-in-law is the mother-in-law in Miss Yard's yard."

"Is the man outside the house just related to you?" Wei Yuewu's bright eyes fell quietly on the mother-in-law and said slowly.

The mother-in-law had something to do with it. This would be tense for Weiyuewu. The whole person panicked. After listening to Weiyuewu's question, he immediately shook his hands: "Country master, this matter has nothing to do with slaves, slaves just pass by. I just saw that the man has nothing to do with slaves and their masters. "

After finishing talking, the woman's face froze, and the whole person trembled, watching Wei Luowen's somber face as if it was going to drip rain, and his feet softened, and he threw down with a "thump": "Houye, slavery, nothing. I do n't know, slaves really just passed by. "

Chapter 624: Away, Aunt Winter's Final Loss

"What are you going to do, you will pass by where the carriage is parked?" Wei Yuewu walked in front of her mother-in-law, her eyes were so deep, "The third sister has recently made it like this.

Looking at these cold and dark eyes, the mother-in-law froze twice. She didn't think of a reason, but she kept pressing her head in a hurry: "The lord of the county, Houye, slaves really just strolled over and saw. It has nothing to do with Aunt Dong and Miss Three. "

Looking at the chaotic expression of the mother-in-law, Wei Luowen's face became more and more gloomy.

The mother-in-law's appearance is clearly to be covered, and the parking place is relatively biased. Even though all the family members come today, the carriage stopped directly into the house, but it is also outside the weeping flower gate, a ghostly woman in Fengyiyuan. Why? Where will it happen?

Didn't you know that something was going to be discovered right away and went there to spy on?

"Shut up and take it in!" Wei Luowen said coldly, then took Wei Yuewu to Fengyiyuan.

The guard came over and blocked the papa in the mother-in-law's hand, dragged it back, and pulled in.

The gatekeeper of Fengyiyuan saw Wei Luowen rushing in angrily, and was busy entering Tongtong, but was pulled aside by Wei Luowen, and also blocked her mouth with her quilt.

Upon seeing Wei Luowen's aggressive invasion, and the gatekeeper's mother-in-law was directly blocked, pulled aside, the girl ring and the mother-in-law in the courtyard were terrified and pale. "Flop", " "Plop" knelt down one by one, but did not dare to make a sound.

Wei Luowen motioned for the guard and Xiaoyu to stay in the yard, and took Wei Yuewu to the front of the main house.

Before the door of the main room opened, the bead curtain hung down, blocking the wind but not the light outside.

Wei Yuejiao's face was so thickly wrapped that she didn't sit and take good care of her wounds. She kept moving around in circles, an uneasy look.

Aunt Dong's face is still pretty good. If you let it go out in the past few days, the whole person's spirit has returned a lot. This will put down the pastry in her hand and take the handkerchief in Li's hand and wipe her hand slowly. "Jiaoer, what are you doing like a restless posture? You will have news soon."

"Auntie, will you let that cheap girl run away this time?" Wei Yuejiao was still reassured and stood in front of Aunt Dong. Although her face could not be seen, the venom was almost overflowing in her words. I can't wait for that little bitch, and immediately committed suicide because of shame. "

"How can I commit suicide? She is also a dignified lady if she does not help her. If she really commits suicide, we will have to bear it in her house, but she will be mixed with each other and she must marry him. It is always a shame to let her children live forever. "

Aunt Dong said slowly, she would be in a good mood, a slight smile on her sharp face.

"Yes, my aunt is right!" Wei Yuejiao lit her eyes, patted her hands, and smiled proudly. "Yes, she can't be so cheap, let her die, let her and her dead ghost They all carry such a shame, and good county leaders are not proper, they are self-defeating, and kinky-shameless, they will have **** with each other. "

"Her dead ghost mother had always been proud, as if she were the most noble, but in fact she was nothing!" Aunt Dong snorted coldly, thinking of the woman who made her inferior at first glance. "What now? No one is dead yet, even the daughter she has been protecting has ended like this ... "

The bead curtain was torn off, the crystal beads shattered to the ground, and the bead on the ground spattered, which made people unable to react for a while, but it was more awkward that was Aunt Winter. She saw the opposite Wei Luowen cold Almost with a murderous look, he was frightened and softened.

Li Yan, who was next to her, reacted the fastest, holding her aside, and didn't let her sit directly on the ground.

"Houye!"

"Father!" Wei Yuejiao also saw Wei Luowen and Wei Yuwu who followed him, as if chopped by thunder, stiffened in place for a while, and his face twitched a few times, even saying nothing. come out.

"Master Hou ... not what you heard ..." Dong Yilang looked up and explained incoherently, the whole person shivered.

"It's not like this, what is it? You are going to force the death dance, and Ruier also follows the stigma of eternal life, okay, okay, okay ..." Wei Luowen strode over, hating his voice, watching With his embarrassed face, Wei Yuejiao only felt the panic attack and murmured, "Father!"

"Come here, degrade Aunt Dong as a mean, and then send it to Zhuangzi, never to return home!" Wei Luowen said sharply.

"Houye! You can't do this to me. For so many years, Houye, I have been with you at the border. In the wind and rain, only our family, I ... I and Jiaoer ... have been following you, Hou Even if there is no credit, I have to work hard, and there are children ... Yes, you see, there are children in the belly, Houye's children, you can help Houye to guard the border in the future. "

Auntie Dong issued a scream of screaming, shoved Li Yan aside, flung her arms around Wei Luowen's legs, walked a few steps on her knees, and burst into tears.

The huge fear made her wonder what to say for a while. This would remind her of the child in her stomach, and she was very busy and slightly pregnant, begging loudly.

"Child? You know the child now, do you know that Wuer is also my son, but do you take care of this? You have such a vicious heart, so what extravagant are you talking about and see your daughter, just like you? It 's vicious that she did such a thing, this is still her sister! "

Wei Luowen's face was full of anger and disappointment, his eyes slowly fell on Wei Yuejiao's face.

"Father ..." Wei Yuejiao also wanted to argue.

Wei Luowen kicked Aunt Dong's hand and turned around and walked out. He was really disappointed. He knew that Aunt Dong was so vicious. How could he bring Aunt Dong along with him, but he took his little daughter full of heartache , Stocking to her grandparents' house.

Now Wuer is already the county owner, but still framed by Aunt Dong and Wei Yuejiao.

He did it wrong, thinking that Auntie Winter was a kind person, and in the past all the dance was thrown to Auntie Winter.

"Isn't it strange that my father came here at this time and happened to hear you?" Seeing Wei Luowen leaving, Wei Yuewu walked in front of Aunt Dong and watched the desperate cry of Aunt Dong crying slowly. "Naturally, I brought my father here. Knowing that you are proud now, let your father listen to you!"

Winter Auntie looked up at Wei Yuewu, her delicate little face, almost cold with a bit of bloodthirsty, locked herself coldly, like a pot of cold water for a while A cool heart.

This cheap girl is actually this cheap girl.

It was this cheap girl who deliberately introduced Hou Ye to her and listened to herself and Jiao Er.

"you....."

"Does my aunt think it would be best if I let the third sister push me to die in the river? When I fell into the water, it was fine, but I just forgot some of my previous memories. Now I remember When he got up, the pavilion was first oiled, and then sprinkled with water? So that my father would not find a small, smooth place there, and a little oil. "

Wei Yuewu chuckled coldly, and slowly turned her eyes to Wei Yuejiao. "I'm a fashionable young girl, but the third sister should have memorized it. So much blood of the ring and mother-in-law's blood. Do n't be afraid, do n't be afraid that they came to you, the creator of the figurine, to find the soul in the middle of the night. It was you and Aunt Dong who deliberately made me fall into the water. Now ... this retribution is coming! "

Looking at Wei Yuewu's deep, seemingly invisible pupils, the huge fear made Wei Yuejiao a whole group. In the past, she also tried hard to forget that she would never forget that **** feast , And father with a **** sword in his hand.

The father at that time was not the father who loved himself in the past, but Shura from hell, and he finally came to himself with the **** sword ...

It was a nightmare that she would never forget. She finally came out of the nightmare, but now that Wei Yuewu said it, she immediately felt that those ghastly girls with blood and blood seemed really real. Living one by one, I really want to ask for my life.

"Ah ..." Wei Yuejiao uttered a scream of scream, screaming frantically: "Not me ... not me, I was still small at the time, it was my aunt who asked me to take you there, and fell when you fell When you went into the water, you deliberately pushed you again. If you want to find your soul, look for your aunt, don't look for me, don't look for me! "

She shook her hands and yelled, as if she had the same blood color that day.

Actually, even Wu'er lost amnesia in the water when he was a child, it was also designed by Aunt Dong, and it was actually the young Wei Yuejiao who pushed the dancer down the river. Standing in the yard, I heard Wei Yuejiao yelling Wei Luowen was so distressed that he couldn't help himself, and he neglected anything, so that his daughter almost died in the hands of this vicious and hearty woman.

"Come here, send Miss Three and Aunt Dong together!" Wei Luowen lowered his eyes slowly, and said in a deep voice.

The guard had long gone away, and the Yueyue dance stepped down slowly at the steps, the corners of her lips were tight, and a little pain was pressed down the bottom of the eyes.

I dispose of Aunt Dong and Wei Yuejiao first, and then it will be Li's ...

"Wuer, go, let's go and see your grandmother!" Seeing Wei Yuewu stepping down heavily, Wei Luowen appeared to reach out and touch her hair, but hung in the sight of those eyes When there was a teardrop, he slowly put it down. The daughter he wanted to put in the palm of his hand, after all, was wounded and incomplete ...

Chapter 625: Mo Ru withdrew her place in the East Palace

The news that Auntie Dong was degraded to be cheap, was sent to Zhuangzi overnight with Miss Wei San of Huayang Houfu House, and as the family members returned home, it slowly spread out.

This incident was mainly related to the previous man who came with a sachet in the parking lot and saw not only the people in Huayang Houfu, but also the people who landed with him.

Huayang Houfu couldn't block the news even if he wanted to block it.

The news that came along with this was actually the character of Miss Wei Si who was about to enter the East Palace. Before everything happened, although a lot of things happened, this time everyone really confirmed the character of this Miss Wei Si. In fact, it is very bad.

That night, Wei Qiufu was drunk by the palace man sent by her queen mother and left a puppet in the palace, teaching Wei Qiufu's words and deeds. If she could not do it, she did not have to enter the Prince's East Palace. Already.

Before Auntie Dong left, she secretly appealed to Mrs. Tai for help, and expressed loyalty to Mrs. Tai, and repeatedly stated that if she could stay in the house, Mrs. Tai's life must be followed in the future, but she had no choice but to save the child in her stomach. How could Mrs. Tai hearted her to answer her request.

Staying is just an obedient aunt, but if Aunt Dong is to give birth to her son, there will be unpredictable changes in the future of Huayang Houfu.

Mrs. Too can't afford to gamble.

So I didn't bother to ask Aunt Dong for help.

"Auntie Dong was sent away?" Li's face was sitting in the chair with a somber face, and the hand holding the cup couldn't help shaking, his face was dark and black, and his expression was tense.

She asked about a girl named Dong Mei beside her.

"Yes, Madam, slavery went to see, was taken away by Hou Ye, Miss Three was also there!" Dong Mei answered carefully.

"Auntie Dong wanted to climb up to Mrs. Masami's position and worked for so many years, but she lost in the hands of that cheap girl." The expression on Li's face seemed to smile and smile, with triangular eyes from time to time. After a cold madness, his face was deformed, Dong Mei froze in a hurry, and quickly bowed his head, afraid to answer.

"It's a shame, it's a shame. If I knew this girl ring would eventually break, Aunt Winter would have disposed of her early, and I wouldn't wait until now." Li said to himself.

In this case, Dongmei knew that she didn't need to answer, and she just listened quietly.

"Did that one named Wei Ling be found?" After Li said a few words, the look on his face returned to normal slightly.

"I found it, but I heard that Mrs. Tai said that the second wife did not need to worry about it, nor would the grandson Wei come to see the second wife."

Dong Mei winced and whispered.

"You don't have to worry about it? Why don't you let me do it, Yue Er is my niece, and why don't the people she wants to marry let me see." Li's furiously, patted on the table with heavy hands.

Wei Ling was in Bianguan before. It didn't take long for him to return to Beijing this time. Li's something happened again. In Li's heart, Wei Ling was still a child, but he didn't know what was going on.

"Ma'am, the eldest son also advised you to let go when you should let go, so let's not worry about these trivia!" Said Dong Mei.

Earlier, it happened that Auntie Luo was beaten up by Li's child. Wei Ziyang came over to warn Li's, so that her hand should not be stretched too long.

And implying that she is in a good position to return to Huayang Houfu now.

"This unfilial son!" Thinking of Wei Ziyang's expression that he was talking to himself that day, Li took a few shots on his chair rail, angrily.

"What's so bad about Yueer? Actually don't want to die, even if he is unwilling to accept it even if he is a concubine, he's as ruthless as his old man."

Dongmei really didn't dare to answer these words, hurriedly bowed down and didn't dare to answer, Li's body would be indescribably crazy and cold.

The time to pray for the four princesses has come, and it is still a palace that was entered early, but this time I did not meet the concubine Wen again.

Still placed in Chuxiu Palace, the lottery was still drawn like last time. This time, the Yueyue dance had good luck. The house was not only facing the sun, but also a row of peach trees was planted on the side. Warm, you can see peach blossoms.

There was no other lady by the side of the room where Weiyuewu took this time.

There are many houses in the Chuxiu Palace, scattered scattered everywhere, or because the four princesses were born to the queen. Although the layout looks the same this time, it is obvious that the houses they lived in were almost good this time, and they were not on. The next kind of room facing north, cold wind.

Queen Tu is really different for her daughter.

Even the young ladies accompanying the four princesses for blessings lived comfortably.

Jin Ling packed her salute in the house, cleaned the room, and Weiyuewu walked slowly under the tree.

The prince's draft has also come to an end. Those show girls who have participated in the draft have already returned, and it is very deserted here.

Walking along a row of peach trees, walking slowly forward, only to find that the end of the road is actually a peach forest.

There is actually such a peach forest in Chuxiu Palace. Weiyuewu couldn't help but be surprised. Although this piece is actually not large, it only looks like dozens of peach trees, but there is such a piece here. .

Weiyuewu walked along the path, walked into Taolin, turned a half-height stone, and suddenly saw a person standing in front of him, and froze for a moment.

Not only a man, but also a man.

But seeing the dazzling dragon pattern on his robe, Weiyuewu stepped back carefully, at this time what Prince Wen Tianyao was doing here.

"Since the Lord of Jingde County is here, why go!" Wen Tianyao said in a faint voice, then slowly turned around.

It was discovered that Wei Yuewu reluctantly touched her nose and no longer stepped back. She took the first two steps and gave a gift to Wen Tianyao: "See His Royal Highness! I don't know that His Royal Highness is in Taolin at this time, disturbing His Royal Highness appreciates the scenery. "

Doesn't this Crown Prince love orchids? What to see at Taolin this time.

"There, flowers bloom!" Wen Tianyao stretched out a hand and a smile appeared on Jun's face.

Following his fingers, Wei Yuewu suddenly found a touch of red, very small, but it was indeed red, a small flower-shaped flower that just formed on the branch, showing a beautiful early spring. breath.

"Really blooming?" Wei Yuewu said in surprise.

It was just warm at this time, and it was strange to see such a touch of red.

"It's blooming!" With a very certain sentence, Wen Tianyao finished his speech, his eyes fell on Wei Yuewu's face, and a little more thought in his eyes, "Jingde County was very familiar with the third brother when he was young ? "

"It shouldn't be familiar, it's still young, and because of many things falling into the water, I can't remember it!" Wei Yuewu didn't know what Wen Tianyao meant, and answered carefully.

Wei Yuejiao said that after she leaked that day, Wei Yuewu took the opportunity to ask Wei Luowen about it.

At that time, Wei Yuejiao was playing with her, but she slipped on her feet and broke the side fence and fell into the water. When she was rescued, everyone thought she was dead.

Wei Luowen was furious and madly pulled his sword to dispose of the accompanying servants. No one could persuade him, and his eyes were instantly red.

Fortunately, Wei Yue Wu woke up, and the rest of the people escaped.

But Wei Yuewu lost her memory, she did n't remember what happened before, and she did n't know why she fell into the lake, or Wei Yuejiao told the story, but Wei Luowen also checked it and found nothing. What's so strange, the pavilion was full of water traces for saving people at that time, and no one found the smooth bump that had been smeared with oil.

The fence was loosened.

Thinking of his daughter's insecurity in the government, Wei Luowen thought of sending Wei Yuewu to her grandparents' house to raise her, and forbidden people in the government to discuss the matter again.

If the memory loss of Weiyuewu is reported, it will have an impact on Weiyuewu's marriage. Jingyuan Houfu may even remarry.

For this reason, Wei Luowen only issued a heavy ban password, and people in the government were not allowed to talk about it.

At first I thought it was just an accident. Until now, Wei Luowen knew that it was the black hand that Aunt Dong gave to the young Wei Yuejiao and wanted to intentionally kill Wei Yuewu. Therefore, she ignored Wei Yuejiao and Aunt Dong Take them away.

"Have you fallen into the water since you were a kid? And you still have amnesia?" Wen Tianyao didn't know about it, and heard Wei Yuewu say such a surprise.

"Yes, I accidentally fell into the water, so I forgot many things. As for the matter of the three princes, I never even remembered it."

Wei Yue Wu is honest.

She is really not afraid of others knowing about her amnesia, so she does not taboo about it.

"The third brother once followed Mrs. Huayang Hou for a while, and was very impressed with his wife. It seems that when talking about Jingde County, the master has not been very good since childhood, and Qingyang ... Now that I am in the palace, I will let The doctor came here to take care of you. "

Wen Tianyao said gently, "Since the third brother has entrusted me, I have to do things for him!"

"Thank Your Highness!" Wei Yuewu bowed her head in salute, but her eyes were inexplicable, Qingyang? Is that Qingyang? When I heard this name, I felt a little pain in my heart.

His Royal Highness actually knew about this Qingyang. In this case, there are other people in this palace who also know about Qingyang ...

"I heard that the four ladies in your house wanted to harm you recently?" Wen Tianyao asked with a straight face.

"Grandma made her apologize!" Wei Yuewu nodded.

"Is an apology useful?" Wen Tianyao asked coldly.

Wei Yuewu who asked this question was really hard to answer.

"It's better to take down her place in the East Palace!" Wen Tianyao said casually, Wei Yue Wu's words suddenly looked up, and for a while I didn't know what to say. Wei QiuFu was the palace ordered by Queen Tu, and How can you withdraw if you want to withdraw.

"If Jingde is replaced, maybe the mother-in-law will agree there, compared with the one in your house, or Jingde, it is more in line with the mother-in-law's mind." Wen Tianyao said leisurely, as if he just talked casually. , But a hand placed behind him clenched tightly.

He ... it would feel a little nervous!

Chapter 626: The Prince thought the truth

Wei Yue Wu looked up in shock, and was relieved to Tian Yao's calm smiles above.

Respectfully said: "His Royal Highness joked, the Queen's maiden's will, even if the four sisters can't enter the East Palace, they are already East Palace people."

If you want to know your name, Wei QiuFu is a prince, and you can never marry another person in this life.

Moreover, it is also about the decentness of HouFu in Huayang. Wei Yuewu does not understand what Wen Tianyao said at this time.

"Wei Qiufu can be demoted from the East Palace, and he can live in another place ... or ..." Wen Tianyao's brow frowned tightly. Wei Qiufu's problem is really difficult to solve, not just the problem of the mother-in-law. There is also the third brother, who is also a bit pitiful in his life experience. If Wei Qiufu is really the daughter of Mrs. Huayang Hou, she cannot treat her here anyway.

Even if it is for the sake of the third brother or the deceased Mrs. Huayang Hou.

Seeing Wen Tianyao talking about Wei Qiufu's eloquence, Wei Yuewu was keenly aware of something in it, and calmly asked, "What is the secret of the four sisters?"

Wen Tianyao didn't know where to answer this, raised his eyes and looked at the delicate little faces. If this is true, the Jingde County Lord is actually a poor person, or it is because of the three younger brothers that he also treats her. Pay more attention!

But this matter is about the secret of the royal family, and Wen Tianyao is really inconvenient to explain to Wei Yuewu, but seeing Wei Yuewu's twinkling water eyes, his heart is inexplicable.

"Jingde County doesn't think you have any similarities with Huayang Hou?" Wen Tianyao clenched a fist in his hand and coughed on his lips.

"No similarities?" Wei Yuewu's long eyelashes flickered twice, and she didn't understand the meaning of Wen Tianyao's words for a moment.

"Is it that you don't think you look like Huayanghou?" Wen Tianyao continued to hint.

Does he look like his father? His Royal Highness wanted to express this? But why did this mean she couldn't react for a moment.

"I heard that the four ladies in your house look a bit like Mrs. Huayang Hou." Wen Tianyao's gaze moved elsewhere and said again.

Those wet eyes made him feel pity for some reason. Wei Qiufu's life is certainly poor, but Wei Yuewu's life is not so.

Is Wei Qiufu and his mother like? Wei Yue Wu blinked her eyes, and finally came over!

How could Wei Qiufu be like her mother, the Crown Prince knew what he was talking about.

"His Highness, the four sisters have nothing in common with my mother-in-law." Wei Yuewu shook her head and denied directly, "I am more like my mother-in-law!"

Compared to Wei Qiufu, of course, he is more like a mother.

"The Lord of Jingde County and Mrs. Huayanghou are similar and may have been found ..." Wen Tianyao felt that he had hinted enough, but the awkward Jingde County master seemed to have nothing. Understand.

But think about it, who can think of this kind of thing, it is more about the royal secret.

Did you get it by your mother? Wei Yue Wu Ying's lips froze, but she felt speechless. The mother could still find it by herself, how did the Crown Prince feel about it.

Seeing Wei Yue Wu dazed, Wen Tianyao coughed again.

"Wei Qiufu not only looks like Huayang Houxiang, but also looks like Mrs. Huayang Hou."

Wei Yuewu blinked and blinked again, looking at Wen Tianyao, and suddenly came to understand, Shui Yan's eyes widened, the prince said that he was not his biological daughter, and Wei Qiufu That's it.

"Hi Royal Highness, Wei Qiufu is not her daughter, I am my daughter!"

She did n't know how His Royal Highness tasted this feeling, but she just thought it was funny. "I was a grandmother and my grandmother. When I was young, my grandmother said that I looked like a mother-in-law. One description, now that I'm getting older, it's more and more different from my mother-in-law. "

"As for the father, if it is not the scar on his face, I believe that the father should also be very beautiful."
Wei Yue danced, "I don't know where His Royal Highness saw Wei Qiufu like his father!"

The scar on Wei Luowen's face was extremely bad. It just straddled the bridge of his nose and almost cut the entire face, so it was difficult to tell who was like him from his face.

Seeing Wei Yuewu's unacceptable look, Wen Tianyao sighed. Such things are always difficult to explain.

After being adopted by Huayang Houfu House for so many years, he was suddenly told that his biological mother was not a biological mother, and his biological father was not a biological father, and who could not accept it.

Even a man can't accept it for a while, not to mention just a delicate woman. She would be reluctant to step out of the dream weaved by herself.

Wei Yuewu looked at the prince with a pitying gaze, and for a moment did not know how to speak.

What the prince said today is really weird. It seems that what he wants to show is that he is not his father's daughter, but Wei Qiufu is.

Wei Yuewu is of course very clear as to whether she is a mother's daughter, but she does not understand where the Crown Prince came from.

Is this why the Prince's strange attitude toward Wei Qiufu? Is there any reason I don't know? The smile between the water eyes slowly receded.

"His Royal Highness, I can tell you for sure that I am the daughter of my father and mother. If you are not biological, do you think that my grandmother would take care of me with all my heart for so many years, and I would seek a famous doctor in order to regulate my body. And my father wouldn't protect me again and again, and even when I fell into the water, I almost did something with Aunt Dong and my third sister. "

"You fall into the water, Hua Yanghou even has to do something with Aunt Dong and Miss Three?" Wen Tianyao gave a stun.

"Yes! Your Highness, I don't know what news you heard, but I am absolutely certain of this. The fourth sister and my mother have no relationship at all. If you say that you have to have some relationship, or because you were young, , She played in her mother's yard several times! "

Wei Yuewu said with a full face.

"His Royal Highness, I will only be here at Chu Xiu Gong, and there are still many things left, so I will leave first!" Wei Yuewu said respectfully and saluted Wen Tianyao, took a few steps slowly, and then Take a skirt and turn around and leave.

Behind him, Wen Tianyao's brow frowned tightly. Was the news he got here really wrong? If it is really like what Yue Yue Wu said, there must be something in it that you do n't know, or that someone will deliberately lead you in this direction.

Make yourself mistakenly think that Wei Qiufu is the biological daughter of Mrs. Huayang Hou.

The thing about Wei Qiufu's entry into the East Palace is not so simple ...

"Come here, look up that Miss Wei Si in Houyang Houfu House, look at the evidence related to Mrs. Huayang Hou, is it true?"

Wen Tianyao said in a deep voice.

"Yes!" A guard appeared in front of Wen Tianyao, saluting respectfully.

"Check everything again and find out everything you checked in the past is not counted!" Wen Tianyao thought for a while. Since he had overturned his previous thoughts, he still checked it from the beginning and checked from the root.

In the past, I just checked it casually, and basically it was almost the same. I came to a conclusion here. It must have nothing to do with myself, but now the problem is big.

There really was someone with ulterior motives who brought Wei Qiufu to his side, and it was not just a little bit of a plan. Wen Tianyao's face was cold and his eyes flashed a little anger.

"The Lord of Jingde County entered the palace?" Yan Huaiyu asked with a smile.

"Yes, I just entered the palace." Lin Fang nodded.

"Go, look into the palace." The elegant son stood up, bounced his clothing corner, and strode out.

"Shizi, it's inappropriate for you to see the county master at this time!" Lin Fang quickly chased after him, anxiously.

"What's wrong." Yan Huai's handsome lips curled up, and she seemed in a good mood. Only those who were really familiar with Yan Huai's knew that he would be sincerely happy, not a ritual smile.

"The Lord of Jingde County now enters the palace to accompany the four princesses for blessings. After entering the palace, he just went to see the four princesses. The son of a prince broke in so big. What is it, how do you make others think of the Lord of Jingde County? More Besides, our 'Miss Lin' just woke up, and Shizi always has to accompany him! "

Lin Fang hinted.

"Ms. Lin really woke up!" Yan Huaiyu stood still, nodded, and turned his eyes to Lin Fang, "so you as a brother should stay with her more."

"Shizi, outsiders only say that Shizi has a deep affection for 'Ms. Lin'. What use is it for me to stay here?" Lin Fang reluctantly spread his hands.

The so-called Miss Lin, of course, has only one surname like herself, but in fact, she was not noticed because of Shizi.

"This isn't better! If I have been really affectionate, she wouldn't be in danger!" Yan Huai said deliberately.

Lin Fang said this for a moment, but did not wait for him to understand. Yan Huaiuan bypassed him and strode out, commanding: "Some people will prepare a carriage, I will enter the palace. The emperor hinted at the marriage For a long time, if I do n't understand anymore, I 'm afraid the emperor will not pass! "

"Shizi wants to decide whether to marry the three or four princesses?" Lin Fang suddenly jumped back and asked a few steps.

"Of course we have to decide, willn't the four princesses be able to catch up soon!" Yan Huaiyi agreed.

"But ... but the county master ..." Lin Fang stuttered, feeling that he really couldn't keep up with Shizi's thinking.

Seeing the blank look of his captain, Yan Huaiyu could not help but laughed again: "Marry, of course, marry, and the mother also ordered a fiancée for me, this kind of thing must also tell the emperor With a sound, lest my fiancée come to you in another day, it will be a crime of bullying. "

"So Shizi wanted to tell the emperor, you ... Actually, how many ladies are there?" Lin Fang sighed.

"My fiancée booked it earlier. Of course, I have to admit that no matter how powerful the royal power is, you can't do this kind of devious thing, or the emperor can pick my second brother as a pony! Tao, of course, this is just a plan in his mind, but it is not necessarily the case.

Lin Fang was speechless behind him.

The second son is only a few years old, can he marry a wife?

Chapter 627: Miyazaki, rushing to give gifts

"Excuse me, is this the house of the Lord of Jingde County?" Suddenly a woman's polite voice came outside the door.

Wei Yue Wu froze for a moment. She didn't think anyone else in the palace was familiar with her, and the young ladies were not familiar with her. Who would come to find herself?

Jin Ling got the hint of Weiyuewu and went out to open the door. Soon a group of court ladies were brought in. Of course, one looks 17 or 8 years old.

"Slaves have met the Lord of Jingde County. Slaves are beside the Three Princesses. I heard that the Lord of Jingde County has entered the palace again. Our three princesses are very bright. Happy, so I sent the slave to come and give some gifts to the Lord of Jingde County. "

The maid took a step back, but saw four fifteen or six-year-old maids standing behind her, each holding a brocade box, respectfully saluting to Weiyuewu together.

The headed palace girl opened each box with a smile, and immediately a gorgeous pair of brocades appeared in front of everyone, and finally a box full of ornaments.

As soon as it was opened, the pearl jewels and the people's eyes were spent.

"This is ..." Wei Yuewu looked up and looked at the maid in front of her suddenly.

"This is the intention of our three princesses. The Lord of Jingde County hurried away from the palace last time, and our three princesses had no time to thank them. Besides, when in the palace, the Lord of Jingde County was almost framed, always because of Our princess prayed for blessings. Our three princesses were so unhappy that they sent them here, and hoped that the lord would accept them. "

The court woman said wisely that she also dragged out the previous events and put them together, as if really sincere.

But for this kind of sincerity of the three princesses, Wei Yuewu really couldn't stand it anymore, and groaned for a moment.

Seeing Weiyuewu groaning silently, the palace girl would smile with a wink: "Shizhu, rest assured that this matter will not conflict with the matter of the four princesses. The four princesses pray for the mountains and rivers, of course, the four princesses are the main thing. Even if our princess wants to talk to the lord of the county, she must find the lord of the county when she is not busy. The status of the lord of the lord is not ordinary now. In fact, you can live in another secluded place. If you live in the third princess, you can also give Our three princesses are partners. "

"This ... I'm afraid I have to ask the meaning of the four princesses!" Although Wei Yuewu didn't know what the sudden enthusiasm of the three princesses was, she still laughed and resigned.

"That's the same, but after the four princesses, the county master can still be our companion." The palace girl laughed.

"This ... let's talk at that time!" Wei Yue Wu smiled for a moment, then laughed.

"It is true that this matter can be said later. The gift of the three princesses has also been accepted by the county master, otherwise the slaves will not be able to pay back here!" The palace maid turned the words back to the previous words.

So going around, it was Wei Yuewu who couldn't even say what he refused.

"Thank you three princesses, if you will definitely thank the third princess sometimes." Wei Yuewu said softly.

"The slaves went back to report to the three princesses." The palace girl came quickly, smiled respectfully to Weiyue Wu, and then ordered several other palace girls to put down the gift boxes in their hands.

Watching these palace ladies leave, Wei Yuewu frowned secretly, and the three princesses were really attentive.

There is almost a kind of appearance that he won't do it if he doesn't accept it. If he didn't promise to thank the third princess at the end, these palace ladies would not go so easily.

Could something happen that I didn't know? The last time she went to the palace to accompany the third princess, the third princess had not been so diligent.

"Mr. Shi, what do the three princesses mean? Is it because of the last thing ..." Jin Ling also wondered, "Does she want to find out what she wants to do to her?"

From last time to the end, the three princesses and Wei Qiufu also counted Wei Yuewu, and Jin Ling did not like her.

"Not like it!" Wei Yuewu shook her head, a hint of deepness appeared in the water's eyes, and the attitude of the three princesses was really suspicious.

"Why are the three princesses? The last time the county host came to accompany her, she did not seem to be so good to the county host, and she even wanted to plot the county host. This time, the county host came to accompany the four princesses. The princess's name is not true or fair." Jin Ling asked inexplicably.

Wei Yuewu just wanted to answer, and suddenly heard the footsteps came over. When she closed her mouth and looked at the door with water eyes, when the three princesses' maids left, the door was not closed.

"Excuse me, is this the place where the principal of Jingde County lives?" A man dressed as a maid appeared at the door and asked with a smile.

"It is our lord, may I ask you ..." Jin Ling came forward.

"Slave is the person around the four princesses, and specially ordered the four princesses to give a gift to the Lord of Jingde County!" When I heard this was the place where Weiyue danced, the palace girl stepped on with a smile, and four followed her. The little maid, like the few maids just before, should be a brocade box.

Wei Yue Wu suddenly felt a sense of crying and laughing. What is it called? The fourth princess and the third princess actually gave gifts.

The palace girl came in and gave a deep blow to Weiyue Dance: "The county master, our four princesses are very happy to hear that the county master has entered the palace. This time, the lady who accompanied our princess to pray for blessing was the highest in the county. Originally, I didn't want to bother the County Lord, but I heard that the County Lord's life is clear and good for Shanheshe, so I invited the County Lord again. Our princess was very sorry, so I sent a slave to greet the County Lord. "

It is another talking person, which not only explains the reason why the four princesses have to give themselves a high look, but also drags out the life style, but this so-called life style is not understandable by ordinary people. , But dare not believe it.

Like the rumor of the Fengming daughter from Yandi, even though the wind and the master were not found in the end, but it happened to Jing Wenyan, it can be seen that the so-called Fengming daughter, the life is clear, is The best reason to be valued, Wei Yuewu even believed that it would be a gift even if she was a queen's maiden.

The same brocade box was opened, the satin was gorgeous, and the jewelry was exquisite. None of them represented the attention of the four princesses.

"Thank you for your four princesses for me!" Knowing that this was bound to be taken, Wei Yuewu smiled.

"Let's put it here!" The palace lady laughed, and instructed the palace ladies to put down the brocade box, as if they hadn't seen the slippery brocade box placed before.

"The lord, the slaves resigned. The lord of the county came here to pray for our princess, and our queen maiden also liked it. If the lord of the lord is free, you can go and sit with us."

The palace girl laughed.

"Yes!" Wei Yuewu nodded respectfully.

Seeing Wei Yue's behavior with respect, the maid returned with satisfaction.

The Chu Xiugong's house is actually not large. A house is divided into the inside and the outside, separated by a screen. Now there are eight brocade boxes on the table in the outer room, which immediately makes the outer room feel crowded.

"Countess, what do these two princesses mean?" Jin Ling's brows frowned tightly, and she looked at the eight opened brocade boxes, and she felt that something was going on inside.

"Jin Ling, you'll find the director of Chu Xiugong in a while, and ask if we can change to the previous room!" Wei Yuewu looked at the several boxes in silence, only halfway.

"The county mainly moved to the previous house? I'm afraid there is a problem in that house. The slave thinks we are far away from there!"

Jin Ling was startled and hurriedly lowered the sound to stop.

"It's not really moving, just to check the tone. If the manager doesn't agree, you can take her to talk back to me." Wei Yue Wu will also be in the fog, but one thing is certain, the two The house was moved in because Wei Fengyao cut and played later.

Afterwards, he and Wei Qiufu left the palace, but the stewards in the palace must be punished. I believe no one will be willing to be punished again.

"Yes, the slaves will go at once!" Jin Ling nodded intently, turned and walked out.

Weiyuewu stood up and walked in front of the eight brocade boxes. There were four brocade boxes in groups of four. They looked similar, even the gifts inside.

Listening to the maid of the genius, the four princesses' gift-giving behavior should be passed on with the queen maiden. Maybe these things were obtained from the queen maiden. Not the three princesses alone.

Moreover, the three princesses also snatched the three princesses, does it mean that Tu Zhaoyi's power in this palace is not much worse than that of the queen?

One second concubine, one is also expensive as a queen, and the other, although lower in status, gave birth to one of the emperor's four sons, and a favored daughter, which originally explained Tu Zhaoyi's unusualness .

Does this matter now represent the battle between Queen Tu and Zhao Zhaoyi?

In the past, everyone knew that the three princesses and the four princesses were quite uncomfortable in order to fight for their sorrows, but they did not expect that their own relatives and mothers would advise them.

But why do they seem to be fighting for themselves all at once ...

This thing is really mysterious!

Jin Ling came back fairly quickly. At the same time, Jin Ling came over and was a steward of the Chu Xiu Gong, but it was not the one that Wei Yuewu had seen before.

"Slave has seen the county master!" Seeing Wei Yue Wu, the steward was very polite and took a few steps to salute.

"I didn't seem to see you last time?" Wei Yuewu slightly raised her eyebrows, seemingly trying to remember something.

"Slavery was also the first time I saw the county master. The last time the county master saw here, it must not be slavery." Guan Shiyi smiled with a look.

"What about the last steward?" Wei Yuewu looked at her and asked slowly.

"This ... may be transferred away!" The steward said vaguely.

"Where did it go?" Wei Yuewu's moving eyes fell on the stewardess.

"This ... this, the slaves don't know!" The stewardess of the affair did not expect Wei Yuewu to be such an attitude that broke the question of the casserole.

"That's why, you take us to the gate of the palace to find out?" Wei Yuewu stood up with a smile.

"Slave ..." Guan Shi looked at Wei Yuewu with a stinging mouth, but he couldn't even say a word!

Chapter 628: But ... what does this have to do with me

"Why? No? I heard that there are many people coming and going outside the gate of Chu Xiu Palace, and not far from His Royal Highness the Crown Prince, so I can definitely ask anything. When I was there, the supervisor was right I also take good care of it, but I still want to ask her. "

Wei Yuewu casually picked up the tea on the table, took a sip, and laughed.

"The lord of the county, you still spare the slaves!" The steward rushed to his knees and slapped a head at Wei Yuewu, grinning bitterly.

"What's wrong, can't you?" Wei Yuewu raised her eyebrows and asked gently.

"It's not impossible. If the county master goes to the door and asks this, it must be a big deal, and the slaves will not be able to bear this responsibility at that time." The mother-in-law dealt with it, as if she had changed the house for the county owner privately. "

"Disposal?" Wei Yuewu choked a moment, and the tea cup in her hand stopped in the air.

"Yes, it's dealt with!" Guan Shiji bowed his head sadly, and wiped his tears with Napazi, "Is there a place in this palace where I can walk the wrong way? Mother Zhaoyi in the two rooms over there repeatedly told me not to let someone live in, and she was punished because of her anger. "

She was actually treated by Tu Zhaoyi? Seeing the meaning of this stewardship, even his life was not left.

Unexpectedly, Tu Zhaoyi, who had been kind and kind in front of people, dealt with people in such a ruthless manner.

"The two rooms, Tu Zhaoyi, haven't been lived?" Shen Ning took a moment, Wei Yue Wu took the tea cup to Sakura's lips, and sipped gently.

"Yes, for so many years, we have such a rule in Chu Xiu Gong. In fact, slaves are still in charge of Chu Xiu Gong. They have been doing it for many years, and then they were transferred to Zhao because they did a good job. In the maiden's palace, but this time she had to return. "

The steward smiled bitterly.

This is Chu Xiu Gong, the place where His Royal Highness drafted, but this draft thing does not happen from time to time, especially in the past few years, almost no draft, this Chu Xiu Gong has become a cold water gate, no one wants Work here.

I can call out Chu Xiugong and follow Tu Zhaoyi, of course, there is much better than here, Tu Zhaoyi has always been favored in the palace, even if there are new concubines, she has not been a pet for so many years.

But now, the steward has to return.

"How long have you been here?" Wei Yuewu moved her heart, and looked up and down the clerk.

"Slaves have been in this Chuxiu palace for at least two decades. Slaves are the old men who watched the empress and Zhaoyi mothers come to the palace."

Listening to Wei Yuewu asking about this, the steward patted his chest and said proudly.

"When the queen maiden and Zhaoyi maiden went into the palace, you were in charge of affairs here?" Wei Yuewu stared at the steward with a surprised look.

This made the steward a bit proud: "At that time, the slave was in charge, but it wasn't the steward. It was just an ordinary steward under the steward. But it happened that it was the little steward in that room, Tu Queen and Tu Zhaoyi. The maids lived in that position, so the slaves knew the queen and Zhaoyi earlier than others. "

Wei Yuewu's heart moved, "Did the two of them live together at the time?"

"Tu Taishi sent the Queen Mother and Zhaoyi Mother, of course they lived in some of them, and they chose those two houses deliberately. Xiangyang and the scenery are also good. Maybe it was because Zhaoyi Mother was the Holy Ghost. Place, so no one will live in the draft after that. "

"The two, one in front and one in the back, but don't know which one the queen maiden lives in?" Wei Yuewu moved in her heart and asked more and more carefully.

"Before, the queen maiden was in the back room, but afterwards she turned to the front room because of her discomfort." Guanshi thought for a moment.

This matter has been going on for so many years in the past, but because this is something that Guan Shiji feels proud of, he often takes it out when he brags to show how old he is, so he keeps it down clearly.

One inside, one outside.

Wei Yuewu clearly remembers that when he was going to enter his room, he had to pass through Wei Qiufu's room. So the Qiu Weifu's room should be the outside one, and the note was also there. One found outside.

Queen Tu was between the inside, but later changed to the outside. The note was really unclear to whom.

But Zhao Zhaoyi has been paying attention to this place, and this note has been kept. According to this matter, I feel that this note is for Tu Zhaoyi, is it the emperor?

A stun in my heart, a gleam of light flashed in my eyes. If so, it seems to explain something.

Tu Zhaoyi and Queen Tu should have face and heart conflict.

"I have a lot of trouble, and I hope I do n't say anything about changing my house today. I always do n't know that this is the case. The last time the elder sister made changes without permission, I have let the former supervisor do something wrong. I can't hurt myself anymore this time. "Wei Yewu said politely.

Jin Ling took a **** from the box on the side and handed it to the steward: "This little thought is the apology of our county master!"

Seeing such an exquisite sister-in-law, Guan Yue's eyebrows grinned, and he took it in his cuffs and laughed: "The county master rest assured, the slave's mouth is the tightest, and he will never talk nonsense. Thanks to the county The Lord is righteous, and cares about the lives of slaves. "

Among the several ladies who went to the palace to accompany Miss Four this time, the count is the highest.

Now it looks not only high status, but also generous shots, only to enter the palace to send himself such a good sister-in-law, not to mention the news of stewardship is also well-informed, I knew that the third and fourth princesses have been sent gifts.

This has never happened before. Only other ladies have been tying up the two princesses. No one has ever said who the two princesses came to give gifts to, and there are two for one.

Looking at it this way, the steward felt that it was more and more necessary to get closer with the Jingde County Lord.

"Country master, slaver heard of one thing, and didn't know when to say it wrongly." Guan Shier went to the door and looked at nobody outside, and then came back and whispered to Weiyue.

"What's the matter?" Wei Yuewu raised her eyes and asked blankly.

"Is the lord of the county very familiar with Yan Guogong Shizi?" Guan Shi's voice grew lower.

"Shizi used to be my life-saving benefactor!" Wei Yuewu said blandly, but her heart burst suddenly, wondering if the demon evil son had caused anything again.

"Oh, no wonder!" Mr. Guan looked like this.

"What's going on, what's going on?" Jin Ling said anxiously from the side.

"I heard that the emperor of the kingdom of the emperor only entered the palace and found the four princesses." Said the steward, "an slave sister happened to be on duty with the four princesses and saw that the emperor of the emperor kingdom entered the palace door of the four princesses. , But it did n't take long before it was said that the four princesses also personally sent people to the gate of the palace. "

"But ... what does this have to do with me?" Wei Yuewu's heart was inconsistent, but her face was inconspicuous, and asked puzzled.

"The lord, the slave, heard that the emperor Yan Guogong was bragging about you with the four princesses, saying that you are gentle and elegant. Although young, but intelligent, it is one of the few talented family ladies he has ever seen. One. "The steward chuckled.

Talented? Gentle and elegant?

Wei Yuewu's Mei Mei could not help but beat twice, almost uncontrollably trying to screw it up.

This is not a deliberate attempt to trouble yourself.

The third princess and the fourth princess are about to fight in order to marry him, and this will cause him chaos again.

No wonder, but the third princess came, and even the fourth princess sent a gift to herself, which was originally caused by the black-bellied fox.

Wei Yue Wu just felt thick and speechless.

Seeing Weiyuewu clenching her lips and not talking, the steward thought that Weiyuewu was scared and busy comforting her: "Shi Jun, Shizi just praises you, not that you are not good, you don't have to be nervous Just look at it for a while. Both princesses are better than you. You can see that Yan Shizi's words are still useful. "

"Thank you for telling me." Wei Yuewu converged her thoughts and grinned at the steward.

"If nothing is wrong, I want to take a break first."

"Then, the slaver will leave first. If the county owner needs anything, just tell the slaver. Except for the two houses, if the county sees the houses in other places, just say it." With the flower, these words also became more and more stuttered.

"There are labors!" Wei Yuewu said faintly, with a look of tiredness on her face. Thinking that she had entered the palace early in the morning, this would be tiring, and she should retire now.

Jin Ling arrived at the door on behalf of Weiyue Wu. After the steward left, he closed the door.

"Shi Jun, what does Shizi want to do?" Jin Ling didn't understand Yan Yanhuai's behavior.

"I don't know." Wei Yuewu shook her head. This demon acted in a way that has never been seen before by the dragon. Besides, it is such a nonsense thing, "don't worry about this first, there is always his truth
1"

Wei Yue Wu rubbed her forehead and walked in, she would be really tired.

Xu was up early in the morning together. This would be a bit uncomfortable. I just wanted to go to sleep and take a rest.

Seeing that she was really tired, Jin Ling stopped saying anything. After serving her in bed, she settled the account for her, turned herself outside the screen, and continued to pack.

Some things are not finished.

Wei Yue Wu was sleeping very comfortably, almost never dreaming, I do n't know if someone had ordered it, and no one bothered her to rest, and it was a little late when she came over for lunch. Wei Yue Wu got up a little later, but just happened to be able to use hot meals.

After lunch, I heard that someone from the palace came to me and said that the four princesses had invited some young ladies to pray for blessings.

Chapter 629: Who is the decision maker

The soft limousine carried the ladies towards the palace of the four princesses.

After the soft car landed, Wei Yuewu helped Jin Ling's men to lower the soft car, squinted his eyes, and looked at the palace door in front of him.

Sure enough, it was indeed Princess Wu, and the palace of the third princess was still a little different. In terms of momentum, it was a little more than the third princess, and the whole palace was also more magnificent.

A palace maid hurriedly looked up and down the steps, looked at the surrounding ladies, and walked straight to Wei Yuewu. A respectful gift: "Jingde County Lord, please!"

Wei Yuewu looked at the ladies around her, nodded indifferently, holding Jin Ling, walking up slowly, and the other ladies behind him followed one by one.

As Wei Yue Wu's current status, walking in the first place has no objection, not to mention the four princesses seem to value Wei Yue Wu's appearance.

Wei Yuewu could not have imagined that Jing Wenyan was also there with a smile on her face.

When Wei Yuewu came in, she first met the four princesses, and then blessed Jing Wenyan. Jing Wenyan is now considered a fame and a princess. She is now in the ceremony, and it will be a formal East Palace within a few months Crown Prince.

Since she is now a Princess of the East Palace, there is no strong relationship with the four princesses.

"Jingde County Lord come here to sit!" Jing Wenyan warmly invited, pointing to the seat beside her.

"Jingde County Lord, please sit here!" The four princesses smiled and said, pointing to her other side.

"Thank you Princess!" Wei Yuewu smiled slightly and sat down with the four princesses, sitting side by side with the four princesses, just sitting face to face with Jing Wenyan.

I also saw the embarrassment on Jing Wenyan's face.

The four princesses didn't take her seriously at all, which really made her future prince feel shameful. She even heard a faint smirk from the ladies behind her, and her face was a little stiff for a while.

But she always had a deep belly, and immediately smiled on her face, as if she didn't notice anything.

After the other ladies saluted the four princesses, they sat in two rows on either side.

"The Lord of Jingde County is accustomed to living in Chuxiu Palace." The four princesses asked with concern.

The other words were very different from her usual style, so it gave a straightforward feeling, even though she was laughing all over her face, she couldn't see a bit of sincerity.

"Thank you Princess for your concern, in fact, I have lived well." Wei Yuewu said softly.

"If you don't live well, just tell me. In fact, I still want to thank you for speaking. Originally, you had prayed for the third sister, but Qin Tianjian in the palace said that your character is very good and your life is clear. Strange, it 's perfect for praying with me. "

The four princesses shouted.

"Four princess Ron!" Wei Yuewu looked at the four princess grateful.

This made the four princesses very satisfied and seemed to be grateful. Since it is good to be grateful, the mother-in-law has repeatedly expressed that only grateful people can hold it in their own hands.

Of course, the temperament should not be too hard, but looking at Wei Yuewu's weak appearance, it is not as if the temperament is too hard and strong, so it seems that it is not difficult to control.

Thinking about it this way, the four princesses are in a good mood, and the look on her face is relaxed a little. She never knew how to welcome others, but this time she had to show her good for Weiyue Dance, which was actually quite uncomfortable.

"Jingde County's main thanks are actually not only the four princesses, but also the queen's maiden. I heard that the lord of Jingde County had something to do in the previous draft, and it was the queen's maiden's intention. Blocked. "Jing Wenyan smiled sideways.

"Queen's maiden's grace!" Wei Yuewu smiled, said calmly.

"The county master, the queen mother and the four princesses are so destined, it is better to live here with the four princesses. When I come here on weekdays, I can talk to the county master." Jing Wenyan proposed with a smile.

Is it here waiting for yourself?

What is your identity, how can you live in the palace of the four princesses, and say to Xiaoli that she is ignorant of the general situation, and say to Dali, it has the meaning of offending the four princesses. Moreover, living in the palace of the four princesses is surrounded by four The princess, it is very simple to want to do something to herself.

Not only cannot his own security be guaranteed, but it also gives people a meaning that they are the four princesses. From then on, all four princesses can only look forward.

Everything I have done since then has been passive ...

"Thank you for the grace of the princess, but everyone will go to the palace together to pray for the four princesses. If I am alone with the four princesses, someone will say that the four princesses are eccentric. In the event of praying for the mountains and rivers, it makes people feel that the four princesses have selfishness. Some Words will affect the reputation of the four princesses. "

Wei Yuewu said in a panic.

The four princesses who said these words were slightly displeased, but it is indeed the same to think about it. Although it is her own courtesy, she has repeatedly said that the people who pay attention to her and her courtesy are not a minority. What kind of handle do people catch? Otherwise, people will feel that Wen Caidie is stronger than themselves.

Seeing that his proposal was denied by Wei Yuewu, Jing Wenyan was slightly displeased: "In fact, it is not a big deal, only the four princesses and the county chief have a fate. Moreover, the identity of the county principal is different from the ordinary lady, even if the four princesses are against the county The Lord is different, and it should be. "

She said this, the four princesses nodded again and again, and felt that there were so many points, and her scruples were not so important.

"The lord, you move here to live with me, and you just happen to be a companion. My palace is too big, and there are no people who can talk on weekdays. It's rare to be so close to the lord. Let's just be a companion. "The four princesses smiled invitingly.

"If I happen to see the four princesses, I can still talk with you, and I have a few days to pray for blessings. It is a rare opportunity for the county master not to quit!"

The two of them were in the same gear, and it turned out that Wei Yuewu agreed to move here immediately.

Wei Yuewu was a little stunned in her heart, but her face was unremarkable, and her delicate little face showed a gentle smile: "Move now?"

Wei Yuewu didn't even argue, and agreed to move? Jing Wenyan froze for a moment, but did not respond for a moment. She prepared a large amount of words here. If Wei Yuewu didn't agree, what she said here was that Wei Yuewu was not only ungrateful, but also despised the queen maiden.

The count goes down one by one.

This was originally a matter that she had discussed with the four princesses. It was necessary to let Wei Yuewu live in the palace of the four princesses, and then the next thing would be easy to handle.

Can Wei Yuewu speak so well?

"Move it now, move it immediately." The four princesses didn't think so much. This would surprise them, and secretly pleased. The mother asked Jing Wenyan to help herself. It was superfluous. I only said a few words here. Wei Yuewu agreed to move. At a glance, she knew that she was weak and had a good temper.

After that, even if she became her dowry, she didn't want to let her alone.

"Yes, the four princesses!" Wei Yewu nodded softly and stood up.

"Wait a minute!" Jing Wenyan finally found out that there was something wrong. At this time, she discussed the matter of praying for the four princesses for the mountains and rivers. Before this matter of blessing, let Weiyewu move to the four princesses. For those who have always been For the courtiers whose national affairs are the most important, it is a bad thing to be a princess of a country and only care about such children's affairs without first considering the national affairs.

Maybe there will be courtiers because of impeaching the four princesses.

"Why wait?" Said the four princesses.

"Miss Jing, although the palace has already ordered it, shouldn't it be respect for the four princesses?" Wei Yewu's eyes lifted slightly, his eyes turned from Jing Wenyan's body to the four princess's body, As if for a while I didn't know whose words were the main thing, this retreat made the four princesses who had always been arrogant.

Although the four princesses let Jing Wenyan sit in her own palace to talk and talk with herself, it does not mean that she really likes Jing Wenyan. She always feels that Jing Wenyan is a poplar, and suspects that there must be a relationship between her and Yan Huaiyu. What, obviously, her own brother was bewildered by Jing Wenyan, so that she could be the princess.

Now, even after her mother, she stands by Jing Wenyan to help her talk. The four princesses feel that their opinions have been ignored and very dissatisfied.

But this dissatisfaction was forced by Queen Tu.

The Weiyue dance was mentioned this time, and the four princesses couldn't hold back the anger. The cup in his hand was heavily placed on the table, and sneered: "Are you here to help me or to show your might?"

Jing Wenyan's face turned green and her face turned red. She didn't expect to say a few words, and the four princesses were angry at herself.

And in the presence of so many young ladies, she felt that the whole person was bad even if she had a belly again, and she didn't know what to do next.

"Four princesses, you calm down, Miss Jing ... always ..." Wei Yuewu lowered her voice to persuade, and seemed to want to remind the four princesses that Jing Wenyan's identity was not ordinary, and it was her nominal sister-in-law.

This reminded the four princesses of the previous queen Tu told her that although her identity is now higher than Jing Wenyan, one is a princess, one is just a family lady, and she is also a broken family lady, but it must be Jing Wenyan in the future. As the status is high, warn the four princesses not to go too far.

These words should rest in the hearts of the four princesses, and have been very uncomfortable.

She feels that she is the princess of heaven, as a princess, and a princess born of a queen maiden, and there is a lady in this world who is higher than her identity.

"What dare to settle down, dare to come to show prestige." The four princesses looked at Jing Wenyan and snorted coldly, dismissively.

Everyone's eyes also fell on Jing Wenyan's face. Jing Wenyan still had her face sitting here, stood up stingingly, bit her lip, resisted the grievance of her heart, and said respectfully: "The four princesses, the maids and daughters, are going to leave now! "

"Let's go! Let's go now!" The four princesses waved their hands indifferently, like catching flies.

Jing Wenyan stood up in humiliation, bit her lip, and covered her face.

"Master, you can move now!" After finishing the matter of Jing Wenyan, the four princesses danced to Weiyue with high toes.

Chapter 630: The two sons outside the temple

"Yes!" Wei Yuewu got up with a smile, raised her skirt corners and seemed to go out, but suddenly stopped, with a look of embarrassment. "Four princesses, one of the court officials and girls forgot one thing, but was bothering the four princesses. It's up! "

"What's the matter," said the four princesses.

"The three princesses also sent someone over here, and they also invited their maids over. Now ... what to do?" Wei Yuewu was embarrassed. "The three princesses came first, and then the four princesses ... Here, what if the three princesses were waiting there? "

The three princesses took the lead, and the four princesses knew it.

Unlike Jing Wenyan, the three princesses and the four princesses have not fought many times, but in the end often the third princess wins. The four princesses are very aggrieved for this, so they are cautious about the third princess.

I am praying for blessing now. If I really quarrel with Wen Caidie at this time, I must be preached by my mother-in-law. Maybe even the father and the emperor will think that they do n't know the whole body, and then they will be their own.

"Then ... wait a minute!" The four princesses had to say such words even though they were unwilling and unwilling.

She should n't be too big at this time. The mother-in-law said repeatedly that Yan Huai said that after she prayed for blessings, she would decide on the princess to marry. .

Seeing the four princesses slackened, Wei Yuewu's heart was slightly loose, and a faint flash of light flashed in her eyes, and she sat back in her seat.

The next thing is nothing more than some daily arrangements for the four princesses. In fact, these arrangements are similar to the arrangements for the third princess that day.

Especially now it is necessary to go to the Buddhist temple to worship.

The four princesses brought people here and re-entered the soft bridge at the door.

The Buddhist temple was also the Buddhist temple where the third princess prayed for the mountains and rivers. The four princesses took everyone and kneeled inside.

Yahuan and the maids also kept outside, and the sounds of Buddha sounded peaceful and peaceful.

Wei Yue Wu followed the four princesses and knelt down. Her current status is different from that of the past. Since she no longer needs to hide behind the crowd, she kneels behind the four princesses and folded her hands.

Liu Mei frowned slightly.

The meaning of the four princesses should be the meaning of Queen Tu, and Jing Wenyan should also be sent by Queen Tu.

The four princesses are relatively easy to deal with, but Jing Wenyan is very difficult to deal with. In addition, with a queen painted, if the two of them are united together, they are really alone and alone, of course, they can no longer rely on them. The potential of the three princesses.

The third princess has great ambitions, not only the third princess but also the four princes, or the one who has Tu Zhaoyi. If you get involved in it, you won't even be able to use cannon fodder.

For the sake of today, and in order to get away, I have to measure like this ...

The time for praying this time was also extremely long. When she was able to stay, the four princesses almost didn't get up. Even though the two court ladies could not help her for a while, they had to rest on the side of the side to rest.

Wei Yuewu's legs are also numb and painful, but much better than last time. It should be that the fourth princess was slightly shorter than the third princess this time.

After a little rest, her legs were not so numb, and Yueyuewu got up and walked outside the Buddhist temple, because the four princesses hadn't left yet.

Several ladies who came slowly like her also went out casually.

Outside the door of the Buddha Hall, unexpectedly saw Yan Huaiyu and Lu Yanli sitting under a tree and playing chess.

A snow-colored brocade, wearing a white jade crown on a daisy-like green silk, and a pair of narrow phoenix eyes slightly provoked, saying nothing, but also exuding a sense of elegance and calmness, and a fairy-like temperament Let the ladies of the family who just arrived jump up eagerly.

One by one, they couldn't help but sort out their looks, for fear of being looked down upon in front of this handsome, handsome and handsome man.

The son is like a jade, and he is so colorful, he is talking about someone like Yan Huaiyu.

"The lord of the county is really a blessed person. Yan Shizi is so charming, but he asks the lord of the county alone." A voice with envy came from behind him.

The moment she saw Yan Huaiyu, Wei Yue Wu actually wanted to avoid it.

But I will hear the sound behind me, and I can't help sighing, turning my head, and seeing Miss Wang Yachun, the four princess's escort, this time praying for the four princess, and of course the four prince's accompany also included And compared to other people, this Miss Wang Yachun is more familiar with Wei Yue Wu.

"Ms. Wang is wrong. You can be said to be lucky. I had to meet Yan Shizi on the way to Beijing, and I was saved." Wei Yuewu smiled, and said generously.

The relationship between himself and Yan Huaiyu has been suspected, and now even under Yanhuai's intentional provocation, almost everyone feels that there is something between him and him.

But no matter what Yan Huaihuan said, he was here to change constantly.

"Shi Jun, when you came to Beijing, you were almost killed there? Is anyone found out now?" Wang Yachun seemed curious and asked with a smile.

"Yes, almost, I can't enter Beijing. I can't think of a small place like this. Someone would even kill me." Wei Yuewu shook her head with a bitter smile, "After my father came back, I also sent someone to check First, time has passed a bit longer, and second, those who have dealt with me have also been more severe, leaving no liveliness. "

"Someone, it is so hateful to the county master, is it really ..." Wang Yachun was startled, holding a paper in her mouth, but she didn't finish the sentence.

There is a rumor in Beijing that the Jingyuan Hou was unwilling to marry an indifferent and unsophisticated young lady, and only sent someone to rob him. The purpose was to kill her and marry the second lady of Huayang Houfu.

But when an accident happened in the palace later, Mo Huating refused to marry Wei Yan again, so it seemed that it was not true.

However, this is all rumor. No one has any evidence. The two parties to the divorce have remained silent, and nothing else has been said.

Originally this topic gradually faded away, but now with Wei Yuewu becoming the county master, and she has a real relationship with Yan Huaiyu. At that time, it was remembered again. Everyone was curious. In the end, who wants the life of Wei Yuewu. ,

When she first entered Beijing, Wei Yue Wu was just a daughter abandoned by Huayang Houfu. Who would go to her?

"It doesn't matter who it is now. I'm in Beijing and I'm living in the house now. I have a father to protect me. Even if someone wants to count me again, it's not easy." Smile.

Whether the Miss Wang Yachun is curious herself or someone sent her to inquire about the news, she will not tell them the truth.

Mo Huating is now just a stranger, or a stranger who is more familiar. She doesn't want to have any relationship with him for such a stranger.

"That's right. After all, the past is over. It's no use thinking about it anymore. Now that Huayang Hou has come forward, naturally give the county master an explanation, and the county master doesn't have to be unhappy."

Seeing Wei Yuewu's appearance that he didn't want to talk about, Wang Yachun knew the opportunity to turn the topic and reached out and quietly pointed to Yan Huaiyu under the tree not far away: "Since the county master has seen Shizi, don't go see Is it polite? "

Wei Yue Wu did not want to see Li, but when she did n't see it, she refused. She nodded with a smile, and walked up with her skirt angled.

Only a few moments later, the other ladies accompanying the blessing had already walked over. After seeing the ceremony, the shameful and Yan Huaihuan looked at each other quietly, watching Yan Huaihuan and Lu Huan leave. Chess, but in fact, from time to time, he looked at the handsome and unparalleled son.

Of course, one or two people's eyes fell on Lu Yili, and they also answered shamefully.

Yan Guogong Shizi is exciting, but the princesses still can't compete, they should not think about it, but the long and excellent Lu Guogong Shizi on the side is actually very likely.

The news of the ladies is well-informed. There are only two princesses. The four come to Beijing with four sons. Jingli intends to assign each to a wife of the son. In this case, the wife of the son of Lu Guogong may be herself.

Therefore, those young ladies who feel that they have no hope slowly notice Lu Lu's departure.

I can see that Lu Shizi, who has always been stubborn, frowned increasingly, almost wanting to push the disc away, but seeing the opposite Yan Yanhuai still looked relaxed, he took a breath and calmed down. Come to my heart.

They also came to accompany the four princesses for blessings today. Before the third princess, they also came, but originally they were from four people, but they did not know where to eat yesterday. It is said that they had broken their stomachs together. This will still lying on the bed in the house.

Knowing that it was so annoying, Lu Yili felt that he had taken a fake, and said that he could eat a bad stomach.

Wei Yue Wu came here at this time.

"I've seen two sons!" She bowed in worship, her eyes cold.

Yan Huaiying looked up, looked at her with a smile, and then fell down: "The county host is polite. I can't imagine that the county host can also accompany the four princesses for blessings this time."

"It is the grace of the queen maiden and the four princesses!" Wei Yuewu replied calmly.

"Even grace, it must be able to bear it." Yan Huai's narrow eyes were narrowed slightly, her lips were bright red and enchanting, and she looked more beautiful and eye-catching, but this smile was because of Wei Yuewu. For a moment the hearts of all the ladies were broken.

The man in front of him smiled handsomely, but Wei Yuewu was really aggrieved. This man knew that he was deliberately avoiding suspicion, but kept showing that he was different from himself, as if he was afraid that others might not have a relationship with two people.

"Shizi ..." He bit his lip, his eyes swollen, and he was about to say something colder and colder, but was interrupted by this Shizi with a smile. "Wuer's health is much better. I heard that the main character of the county is better. Miss Shang Jing asked me to ask, can the county owner have time to see her? "
