Chapter 631: County majors read more

The so-called dancer is, of course, the Miss Lin in his house.

It was just that the other ladies and other ladies present were unaware, and the surprised eyes turned from Yan Huai's handsome and clean face to Wei Yuewu's delicate little face.

The focus of attention is on this "dancer" who is full of kisses.

"Yan Shizi said Miss Lin from the house?" A voice came from behind Weiyuewu. Weiyuewu stepped back and gave up the position to the four princesses who had just left the door.

"Exactly, Wuer is in good health now!" Yan Huaiyu smiled.

After listening to the conversation between the two of them, all the people were shocked. It turned out that the so-called dance in the mouth of the emperor Yan Guogong was not the Jingde County main guard moon dance, but they all misunderstood.

"Ms. Lin's body is really good? That's really a big deal." The four princesses said congratulations in her mouth, and her face was also smiling, but the smile was barely reluctant.

If that Miss Lin can really get better, if she really gets married, would she have to sit on an equal footing with her.

Even Wen Wendie can't sit up with herself.

When I think about the words that my mother-in-law and myself said before, my heart feels more and more burning, how could that woman in Yandi survive.

She couldn't survive anyway.

Then the idea of the mother-in-law is really good. Someone has to remove this Miss Lin. Of course, this candidate has to fall on Wei Yuewu, whom Yan Huaiyu has a good impression on.

No matter what the purpose of Yan Huaiyu is, when thinking of Weiyue Dance, there is always such a person that Yan Huaiyu asked for, so even if something goes wrong, he can't blame the royal head.

"Thank you for your good luck with the four princesses!" Yan Huaiyu smiled chicly, and another child fell into his hand, and then he took Lu Xiangli's pawns that he had eaten one by one.

Lu Huaiying's brow frowned tightly, and he looked at himself for a moment without a large piece of chessboard. The chess piece in his hand was set aside, and he looked up at Yan Huaiyu and said, "Yanshizi, I lost ! "

"Lu Shizi, in fact, has not lost yet, there is still a large area to be counted after the map!" The four princesses pointed at another chessboard.

In the place where the four princesses look so big, Lu Yili can actually clear out the chess pieces on Yan Huaiyu 's side, so looking at the entire chessboard, it is also a close match. I do n't understand why When Lu Yili didn't know the outcome, he conceded and abandoned chess.

"So what, that place happened to be held hostage by all means!" Lu Yili smiled lightly.

Even though that place was indeed in his own hands, but because it happened to be held by Yan Huaiyu, there was no way out in the end.

Wei Yuewu's gaze turned from Lu Cheli on the chessboard, and a look of surprise flashed across her face. It was unexpected that Lu Yili, who had always been tough, was not only very accurate, but also able to hold it and put it down.

"Lu Shizi is polite, but in fact, he is still accepting!" Yan Huaiyu also came chicly, dropped the **** in his hand, played the sleeves, stood up, and said goodbye to the four princesses.

Although the four princesses still wanted to keep Yan Huaihuan, they were embarrassed to say it and had to watch Yan Huaihuan and Lu Huan leave with each other.

Yan Huaiyu took a few steps, suddenly turned slightly, and turned to the side of Wei Yue Wu, who had been standing quietly since the appearance of the four princesses.

"If the Lord of Jingde County has time, read more books. Wuer is a talented woman who knows hundreds of poems. When she is fine, you can accompany her to read more books and talk more."

After saying this inexplicable sentence, there was nothing to say about Weiyue Wu. With a big sleeve, he turned away with a smile.

Read more? Wei Yuewu frowned, what did the demon want to show?

The face of the four princesses has changed, but she suddenly remembered that she had been passed on before the Yueyue Dance, but she looked like Yan Huaiyu, but she liked both talent and beauty, otherwise she would not risk the anger of her father and queen , But also give him the frequent death of the confidante.

He said this now, is it because he thinks that Wei Yuewu has given up reading less?

"How many books did the Lord of Jingde County read when he was in Gangnam?" The four princesses couldn't help asking.

"Read a few books!" Wei Yuewu replied softly.

"I have n't read much after reading it a little?" The four princesses understood it for a while, and suddenly felt bad. Even if they wanted to use Weiyue Wu, they had to have Weiyue Wu's ability to fight. Government, let Yan Huaihuan be disgusted, how can he fight with that woman in Yandi and lose both.

There must be a fight for capital!

"Jingde County Lord, the woman still needs to read some more books. There is a palace in the palace where many books are placed. When the Lord of Jingde County accompanies me to pray, I will go there to check it out. Go on, if you want to read a book, you can read it at will. "

The four princesses had an idea in their hearts, while instructing Wei Yue Wu while instructing Wei Yue Wu to read.

There is the richest collection of books in the palace. Letting Wei Yuewu read a few more books will always make Yan Huaiyu appreciate a little more.

"Yes, thank you Princess!" Neng An quietly read the book in the palace, Wei Yue Wu liked it, and then smiled slightly and answered.

"Don't save Xiu Gong first, I'll let you take you now!" The four princesses didn't want to take the time. At the moment, they called a palace maid next to her and gave her a few words and let her take the guard Moon dance goes first.

Wei Yue Wu rejected the soft bridge, said goodbye to the four princesses, and took Jin Ling to follow the maids in the four princess's palace and walked around.

The four princesses also took a break here, and went back to the palace themselves. As for the accompanying ladies, they were allowed to disperse each other, and they were allowed to walk in the palace at will.

Wei Yue Wu did not take long to come to the palace library. The gatekeeper learned that the four princesses asked her to come over to read the book, nodded her head and let her enter, pointing at the dense A shelf of books says: "Jingjun County Lord loves to look at any one, and the County Lord only needs to pick it slowly inside."

"Can you take it home?" Looking at the neat rows of books, Wei Yuewu said with satisfaction that it was so rare to find such a quiet corner in the corner of the palace.

That being said, she had to thank the four princesses.

"If the county owner wants to bring, he can still take a book out to see, but he must return it the next day, otherwise the minions cannot confess here. Every book here is a treasure, and many are still rare, one less. Ben, this head of the slave can't keep it. "

The housemaid accompanied smiley.

"It's enough to look inside?" Wei Yuewu asked with a smile.

"Of course it is okay, as long as the county master comes out before dinner!" The housekeeper smiled respectfully, and the court lady sent by the fourth princess had specifically ordered him to take care of the Jingde county master. Of course, this palace is the queen's maiden's largest. Although the queen's maiden is sometimes favored, but the queen's own four princesses greet, but no one dares to treat them slowly.

Moreover, this is the first time that the four princesses sent someone to greet the library hall. Of course, the housekeeper who guarded the door did not dare to delay things. It was convenient for Wei Yuewu to do things.

The four princesses' maids arranged everything and resigned to Weiyue Wu.

Jin Ling stayed outside the hall, Wei Yuewu walked in slowly, a pile of books, from the ground to the top, filled with books, and there were ladders climbing up to facilitate access. A layer of books.

At the side of each bookcase is also marked what is on this book. Wei Yuewu took a look and walked to the inside. Coincidentally, there is a case and two over there. a chair.

It's near the window. The sun shines obliquely into the window, which makes people warm, but it is an excellent place to rest and read.

The tables and chairs are extremely clean.

Wei Yuewu randomly picked a book on the side and sat in front of a chair. It turned out that this book was actually a medical book, or this book was a medical book. For this kind of book, Wei Yue Dance has also been taught by my grandmother, and is also proficient for some.

So I do n't find it difficult to get started.

The hall was quiet, only Wei Yuewu occasionally flipped through the pages of the book, but after reading it a few times, she lost interest, flashed something in her mind, put the books together, stood up, and Looking up a book, there are some things that I have no solution here, but maybe there are answers here.

Outside the gate, the three princes strode over and saw Jin Ling guarding the hall door for a moment.

The housekeeper of Shoushudian looked at the three princes, and hurried forward to salute: "The slave has seen His Highness!"

Jin Ling also followed and bowed her head to salute.

"How are you here?" The eyes of the three princes fell on Jin Ling's body, and Jun's eyebrows frowned slightly.

"The county lord reads books inside and keeps slaves out." Jin Ling reported truthfully.

"Your county master is in there?" The third prince froze for a moment. "Why is she in there?"

Weiyuewu came to the palace to help the four princesses. The three princes naturally knew this, but they didn't understand why Weiyuewu appeared here at this time.

"It was the four princesses who asked our county master to read more books, so he sent someone to lead our county master, so that when the county master is in the palace, he can come here to read the books!"

Jin Ling replied.

"What's going on again!" The third prince rubbed his forehead, nodded at Jin Ling, and strode toward the hall.

Inside the hall, Wei Yuewu was looking for a bookcase by bookcase. This will finally find the logo of the palace on a bookcase, and then turn into the book, one by one carefully looking.

Unfortunately, there are too many books here, from the bottom to the upper layer directly to the top of the hall, such a book, if you want to look through it is not a small project.

No, sighed, put down the book in hand, Wei Yue Wu reluctantly looked up at the layers of books, said to himself: "Is there no map in this palace?"

The general map of the palace, however, is what she wants now.

"What do you want?" A voice suddenly came from the oblique stab, which scared Wei Yue Wu, and suddenly he turned to see a slender figure turning from a book.

Chapter 632: Three princes' orders

Wei Yuewu looked back, but saw that the three princes came out with their hands on their backs, walked past her, reached for a book, and handed it to Wei Yuewu: "But what are you looking for?"

He looked gentle and kind.

The subconscious takeover of Wei Yuewu turned over, and it turned out to be a general introduction to the maps of the palace. Of course, it only introduced a few major palaces.

"Come and sit!" The three princes also picked up a book, said, turning around and walking familiarly.

Wei Yuewu followed, followed by the three princes, took a few turns and came to the case where the table and chairs were placed.

The three princes naturally sat down in the middle position, Wei Yuewu stopped for a moment, and also sat down in a side position.

After the three princes sat down, they carefully looked at the book in their hands.

Wei Yue Wu was a bit embarrassing at first, but the three princes seemed to be looking at the books in his heart with one heart, so he felt relieved and looked at the map at hand.

This map contains the names of the main palaces in the palace, such as the Jingchen Palace where the queen mother-in-law lived, the queen's phoenix palace and Tu Zhaoyi's Splendid Palace, and some other palaces. detailed.

Wei Yuewu watched carefully, and suddenly the words "Yong Chen Gong" fell into her eyes, and the corners of her eyes jumped unconsciously.

But the next moment, she was stunned.

That palace, the palace with the words "Yongchen Palace" on it, she has definitely seen before, so the grand palace, even the Queen Fengyi Palace, can be compared.

The queen mother had previously prepared a banquet there, which was the palace where Miss Wen Er and Wei Yuejiao framed her.

It turned out that the palace, called Yongchen Palace, was breathing a little bit unconsciously.

"What's wrong?" The third prince raised her head and looked at her calmly and asked, feeling her uneasy mood.

"But ... it may be that there is too much sunshine, and some dizziness." Wei Yuewu pressed down the shock of her heart, and a smile on her face begged.

The eyes of the three princes fell quietly on Weiyuewu's face, his expression was gentle, but the watched Weiyuewu was cramped, and the page in which he was slightly uncomfortable turned over.

"You should actually read more books!" Said the three princes.

Wei Yue Wu froze for a moment, but didn't respond for a moment. The wet eyes widened and looked at the three princes. I didn't understand what this sentence had before her own sentence.

Obviously I was talking about my own reaction. Why did I suddenly say that this is coming ~
www.mtlnovel.com ~ You can rest assured, but look at the appearance of the county master, but it is also weak, only the rest can clear Quietly and quietly. The three princes closed the book in their hands, looked up and down Wei Yuewu a few times, and stretched out a hand to signal Wei Yuewu to lower his right hand.

Although Wei Yue Wu was puzzled, she still put her hand down.

The three princes reached out and took hold of her slender wrist. Two slender fingers caught her veins, then her eyes closed, and she quietly listened to the veins for her.

At halftone, the three princes opened their eyes and motioned for Weiyuewu to change his hand.

Wei Yuewu reached out to change her hands, and the three princes' fingers re-applied, listening carefully to her veins, and let go for a while.

"The county's body needs more rest. For those tedious things, let Huayang Hou handle it by yourself. You are also a weak girl, and you still haven't come out of the cabinet. You have to take care of the whole Huayang. Hou's affairs are impossible!" The third prince opened his eyes and said very lightly.

Wei Yuewu retracted her hands, dropped her sleeves, and drew a smile on her lips: "I knew that Her Royal Highness was one of her Highnesses. She was the most versatile. I can't think of working with this medical pulse, but she is also very smart.

However, by looking at the skills of the three princes, they know that the three princes have a set of truths in medicine, not a layman, and then look at the place where he is located, and it is based on medical books. Needless to say The three princes have good medical skills, but in his capacity, it is not something that anyone can ask for.

"It's a long time to become a good doctor!" The prince's handsome lips showed a bit of bitterness, his eyes fell on Wei Yuewu's face, tender and watery.

But Wei Yuewu didn't feel that he was looking at himself. He was more like looking at a person behind him, a person who seemed to be supposed to stand behind him, but didn't actually exist at all.

This feels weird and mysterious, but Wei Yuewu feels it that way.

The three princes seem to have many secrets, but his tone is so strict that he has no way to get any answers from him.

"Is the three princes ill?" Wei Yuewu blinked and looked at the puzzled eyes on the body of the three princes who were thin but not weak.

"I'm not sick!" The third prince shook his head. "Have the pills I gave you been available before?"

"I haven't used it yet!" Wei Yuewu shook her head sincerely. She really hasn't used it, or even thought about it, even though the medicines are good medicines, even if they are good medicines, Anyhow, she didn't realize that she would take these medicines to cure her illness.

The medicine was inexplicable, and the medicine was inexplicable. At one time, it seemed to be the time to send Wei Qiufu's stuff, and by the way, he took it out to prolong himself. Wei Yue Wu didn't really feel the need for this medicine.

"If you are uncomfortable next time, you can use it, it will be good for your body." The three princes looked at Wei Yuewu deeply, and suddenly frowned, a little more dissatisfied, and his face became cold, which was actually a reprimand to Wei Moon dance.

"If you think it's okay, you should take your medicine well, don't think about it, live a peaceful life quietly, marry a peaceful husband, you don't need to be rich and rich, as long as you are really good to you Just fine! "

Wei Yue Wu didn't know how the always peaceful third prince suddenly became angry. Shui Yan blinked twice, but she didn't know how to deal with it.

Watching Yueyue Wu raised her head innocently and looked at herself, the three princes browsed fiercely, and then sighed heavily.

"Your pulse is not good. It seems to be inadequate in nature, and although the day after tomorrow has been tonic, there is no cure for it, so it is still meditation and elegance, otherwise something may really happen."

"Thank you three princes!" Wei Yuewu laughed, and also appreciated the medical treatment of the three princes. With such a pulse, she could come up with her own facts, and she was really clever in medicine.

"You should have fallen into the water when you were young. There is still chill in the body, coupled with the previous illness, it is extremely unsuitable for your body, everything should be meditation." The three princes ordered.

"Yes, it did fall into the water, and it seems to have forgotten a lot of things." Wei Yuewu smiled and touched her head with a bitter smile, and she also inferred the fall, and then asked her father to prove it, although from her father Some conclusions were reached, but in fact I still didn't remember it at all.

"How did it fall into the water? Are you falling in your ancestral home or Huayang Houfu?" The three princes looked grimly.

"When I was young, I was at the Houfu House in Huayang. I'm afraid the subordinates didn't take good care of it!" Wei Yuewu shook her head, and she didn't want to let the three princes know that even though the three princes were very kind, But she will not forget the struggle in the eyes of the three princes when they first saw themselves.

And the indescribable feeling.

The third prince has a secret, and it is still about himself, but since he is unwilling to say it, he himself has to be able to say everything here.

This is not arrogance, but I don't quite believe the three princes in front of me.

"No one is optimistic? It's a good reason. It seems that you were born. There are many times when no one is optimistic. I did n't see it once, I did n't optimistic about it the second time. The mother-in-law eats everything, and her master does not know what happened. "

The third prince's peaceful face was filled with an angry expression, and he patted the table with his hands, angrily.

Seeing the sudden anger of the three princes, Weiyuewu was bewildered. I don't know where the three princes came from this layer of evil fire.

It seemed to feel his own malady. The anger on the three princes' faces slowly receded, and he returned to a calm and calm look: "After entering the palace, I still read more books and less blend the kind of child battles. The three princesses and the four No matter how the princess has nothing to do with you, you are just a idle sheriff. "

He seemed to be reprimanding Weiyuewu, and his face was not very good, but the inexplicable Weiyuewu heard a bit of warmth and nodded smartly at the moment: "Yes!"

Seeing Wei Yuewu's good-looking appearance, the expression on the face of the three princes softened, and he stood up, "You read here, I'm just passing by today, I still have something to find my brother, you slow Take a look! "

"Yes!" Wei Yuewu also stood up.

The third prince shook his hand, "You don't have to send me."

After speaking, I do n't have to wait for Wei Yuewu to say anything. I left in a big step, but told Wei Yue Wudao a few steps. Put the book back in support, and if it changes position, it may be checked. "

"Yes!" Weiyue Maimu replied, then watched the three princes who seemed prescient and strode away.

Sit back in front of the chair again, take out the picture book that he looked at, and jumped inexplicably, wouldn't the three princes want to say this book in his hand?

Is it to warn yourself to put it back in place, otherwise it will make people detect their intentions?

Did the third prince realize what he was looking for?

The pages of the book in his hand turned over, and turned back to the "Yongchen Palace" page again. Yongchen Palace, Yongchen Palace, Weiyuewu murmured a few words, eyes turned away from the page, but his mouth Still muttered twice.

But the next moment, her eyes widened, a pair of water eyes almost rounded, and her fingers trembled and touched those words ...

Chapter 633: Is Yongchen Palace or Yongchen Palace

Yongchen Palace, will it not be Yongchen Palace?

Yongchen Palace is the palace of the mother and concubine of King Bei'an. Isn't this the Yongchen Palace?

Originally looking at the font, she didn't think there was anything in common, but she didn't read the words, muttered to herself, and immediately discovered that there was no difference between the two palaces.

I heard that the imperial concubine at the time was the crowned harem. This is how the king of Bei'an actually approached the crown prince. If it didn't happen later, maybe the common master in this world is the king of Bei'an, and now lives in Jingchen Palace It should be this lady of concubine.

The eyes fell on the palace on the page again in amazement. It was indeed the palace, but unlike the previous one, the word "Yongchen Palace" was hanging directly above the palace, instead of the one now. Anonymous palace.

Many things suddenly opened up because of this conjecture.

If it was the favored concubine that year, then there is such a gorgeous main palace that is close to Fengyi Palace, which is why it was taken off the plaque and turned a good main palace into an abandoned one now. I am afraid it should be related to the queen mother-in-law who is now in Jingchen Palace.

It must be said that the original concubine was said to be the crown and the sixth house, so the queen mother-in-law at the time, which is now the queen mother-in-law, should be deeply hated.

But there is one more thing, Wei Yuewu doesn't understand, is this virtuous concubine dead or alive?

The peeking record that day only said that the imperial concubine was imprisoned forever, but did not say how the imperial concubine would end up. There is no end to being alive.

Or live in a corner of the cold palace now.

But what does she have to do with herself?

Why is the personal name given by the mother-in-law bearing the name "Yongchen Palace", but the king of Beian was born to the concubine of Yongchen Palace, and the Yongchen Palace above the mother-in-law should be the king of Bei'an The mother's palace name.

But why ...

The palace on the map is actually just such a palace, and there is only one sentence introduction. The introduced palace only shows when the palace was established. In fact, there is no detailed description, and no one has ever lived here. Yongchen Palace.

Looking down, I saw Fengyi Palace, Jingchen Palace, and several other palaces. In fact, there is no other.

Wei Yuewu turned a thin book page from the head to the house several times, and finally found it decadent, and really couldn't find anything, so she reluctantly returned the book to its original place.

Before the three princes took the book, they deliberately took a book there and found it all at once. After inserting the book, they looked at the sky outside. Knowing that the hour was not early, they walked out of the palace door. Outside the door, the guard at the guardhouse saw Wei Yue dancing, and hurriedly and respectfully welcomed him.

"The lord, the minion is looking at the hour. It is just coming to remind you that you are out!"

Seeing him being so polite, Weiyuewu naturally smiled as a gift, nodded, and Jin Linghan smiled and sent a sachet.

The housekeeper took the sachet, and laughed more and more.

When I walked outside the hall, a soft bridge stopped at the entrance. It should be after Weiyuewu entered the hall. When we saw Weiyuewu coming over, the two escorts hurriedly and respectfully backed away, please Weiyue Dancing into the sedan.

Looking at the time, Wei Yuewu decided to go back in the sedan chair, holding Jin Ling's hand on the soft sedan, and the two housekeepers cascaded back and raised the sedan chair.

This way came, but there was no words. When I arrived at Chu Xiu Gong, I returned to the room. I happened to encounter dinner, a simple four dishes and one soup, but the taste was excellent. Wei Yue Wu is also today Tired, it took half a bowl of rice to rest. Jin Ling used it a little here, so she picked up the chopsticks.

Then take out the chopsticks and let the housekeeper outside the door collect them!

The concubine in charge sent two buckets of hot water, and some soap corners, to bathe Weiyuewu together, Jin Ling brought it in and poured it into the bath bucket.

Weiyue Dance is also tired for a day. At this time, it is really necessary to take a good bath, especially before kneeling for a long time, and then after walking around, I finally feel sore knees. Tomorrow is the day of formal blessings. This is the next day. Kneeling every day, although not as much as the first day, but if you do not take good care of your knees, it is very easy to hurt.

"Shi Jun, there are such small and delicate things in this palace, and they are still so fragrant!" Jin Ling finished pouring water for Weiyue Wu, served Weiyue Wuwei into the bath tub, and picked up the soap sent by the inner servant. The corner was surprised.

Wei Yue Wu stretched out her hand from the water and took a small piece of soap in Jin Ling's hands, which was indeed very delicate.

It can actually be made into a flower shape. It is the shape of a plum flower. When you put it in your nose and smell it, a faint plum fragrance seems to be able to sense the coldness from the plum tree.

"Where did this come from?" Wei Yuewu watered his eyes and asked.

Such exquisite things can never be the most popular saponin, and there are definitely not a lot of people who can use this saponin in this palace.

"This ... the slave didn't ask, and left when the supervisor was put down, so I didn't ask much." Jin Ling also found out her mistake, and said anxiously, "Country master, what should I do now? ? "

"Use, why not, since they are sent, they always have to be honest with others, otherwise they will feel that we don't know who to lift!" Wei Yuewu stretched her hands back, and the smooth soapy corner slipped gently on her arm Yes, it's tender and smooth.

Such an intimate move should come from the "goodwill" of the three princesses. Now that the situation is unknown, of course she must be careful step by step, not to mention that this is still in the palace, and the two princesses who are like heaven and heaven, of course, are not guilty. .

Moreover, this should be just the previous text, and the next is the text. It is to see what medicine the three princesses bought here.

Tu Zhaoyi's Splendid Palace

The three princesses in the inner temple were still talking with Tu Zhaoyi.

"Mother-in-law, do you say that the Lord of Jingde County will be on our side? After all, it's the one over there." The three princesses asked uneasily, Liu Mei froze slightly, but the news today was actually not. Great, is Yan Huaihan so unusual for Weiyue Wu? What did he see in her?

To this prince-like son, even the three princesses who are generally light and windy, can't calm down.

"Alas? If it wasn't for her original imagination, you would be Princess Aya." Upon hearing the words of the third princess, Tu Zhaoyi's gentle face showed cold anger, and she patted her hands on the table, hating her.

This is the knot of her heart. It can be said that she was wrong one step at a time. If she didn't expect it to be conspired, how could she not get to this point now, and she blame herself too much for believing in others. Children are implicated.

"Mother-in-law, don't be angry, it's Dieer's mistake!" Seeing Tu Zhaoyi's appearance, the three princesses whispered immediately. She knew her mother-in-law's heart knot. Of course, this was also her heart knot. Whenever she talked about it, let alone her mother-in-law's heartfelt hatred, even her, she felt angry. As soon as she got worse, where did Wen Caiyin speak loudly in front of her?

Seeing the astonishment in the eyes of the three princesses, Tu Zhaoyi also found out her disability, took two breaths, pressed down the anger in her heart, her face calmed down.

"She will stand by your side. She must have had a good relationship with her mother-in-law before, but she always looked at her unpleasantly, and did not give her a face every time she entered the palace, as if she did not know. Her identity is queen-like, and on the surface she wants to hide it, but she tries to provoke Mrs. Huayanghou's fault everywhere, and it is impossible to doubt it.

Tu Zhaoyi sneered.

"But if she is still standing there?" The three princesses were still a little worried, and the old thing, or the mother-in-law was good to Mrs. Huayang Hou, but the problem is that now Mrs. Huayang Hou is gone, and Wei Yue Wu didn't have any friendship with himself, even when he first met, he had some troubles.

"If she really doesn't know how to stand up, don't blame me if you want to stand there!"

Tu Zhaoyi sneered and her face became cold. Of course, she also wanted to pull people to her side, but if Wei Yue Wu really wanted to be with that side, she wouldn't mind using some means.

"That mother-in-law, what shall we do now?" After listening to Zhao Zhaoyi's decision, the three princesses could not help asking.

"Show her first. Tomorrow, you can also invite her to enjoy the scenery. When you entered the palace last time, you were very busy and didn't have time to take her to walk around the palace. This will make you empty. Moreover, her status is also high, so you should take her for a walk. "

Tu Zhaoyi thought for a while, and of course, drawing people's hearts was not just talking.

"And even if she doesn't show much attitude now, if she is with you every day, she will doubt whether she promised to stand with us, then ... there will be a good show next ..." Tu Zhaoyi He smiled proudly, and the gentle face under the light was a little bit disgusting.

"Okay, mother-in-law, Butterfly must do what you say." Wen Caidie had already taken this seriously, and when she heard it, she immediately understood what Tu Zhaoyi meant, smiled, and then stood up, "Mother-in-law, you How do you think I went to see this Jingde County owner this time? "

There is no one in the middle of the night, and whispers and secrets are the best time for deliberations and the easiest time for people to doubt.

"Then you go to see Jingde, always praying for you before, it is a kind of incense." Tu Zhaoyi smiled slightly, leaned back, and twitched a faint smile. meaning.

The three princesses understood it, said goodbye to Zhaohao Yi, and went out, but only when they came to the door, happened to meet a housekeeper and hurried in.

"What is it?" The three princesses stopped and asked.

"The emperor is here, and ordered Zhaoyi's mother to take over." The housekeeper gasped, rejoicing.

"Then go and report to the mother!" The three princesses could not help showing a little joy, turned around and wanted to go back, but after thinking about it, they went out.

I heard that my father-in-law has been ill recently, and even my mother-in-law has come here less often. However, my eldest brother often went to see his father-in-law, and even brought the queen and mother-in-law, but it seemed that the mother-in-law was getting weaker.

This time, mother-in-law will definitely seize the opportunity ...

Chapter 634: Come, the three princesses make a night visit

"What, come at this time?" Wei Yuewu actually lay on the bed, listened to Jin Ling's newspaper, hurriedly got up, put on a coat, combed it, and greeted the door.

Outside the door, the three princesses stood at the door, with a mild smile, and saw Weiyue dance come over to salute. She took two steps forward and gave her a hand: "Jingde County Lord need not be polite. Look at you, it bothers you! "

"Three princesses are welcome!" Wei Yuewu's eyes and brows shook her head with a smile, "Three princesses, please sit in there!"

The lantern was raised high outside, and the night was completely dark. At this time, the three princesses would still pass by, which makes people feel suspicious.

Basically nothing happened at this time, they all fell asleep early. It would be a bit illogical to come here to visit, but the three princesses who have always been courteous would seem to have no idea that this matter is extremely rude. Wei Yuewu's tone, with a slight smile, even walked inside.

Laughing: "I'm welcome!"

Actually, she crossed the Weiyuewu and went directly into the house, but she only took one maid with her, and all the other maids and housekeepers stayed outside.

Jin Ling glanced at Weiyuewu, but when she saw Weiyuewu's face calm, she felt a little relieved, and walked in behind Weiyuewu.

Inside the house, Weiyuewu and the three princesses entered and left, and Jin Ling backed up with tea to Weiyuewu's side.

"Master of Jingde County, how is this house living? If it is not good, I will change it for you!" The third princess looked around with a smile, her voice always gave a delicate feeling, as if it was Very sincerely said to Wei Yuewu.

"Thank you Princess Three, this room is living well." Wei Yuewu shook her head and refused with a smile.

"It's good to live comfortably, is it good to use plum saponin?" The three princesses took a sip of tea, put down, and smiled.

"Thank you Three Princesses, is this the three Princesses?" Wei Yuewu was surprised.

"The plum saponin was made by myself, and only I can do it in this palace. I picked the plum blossoms when they were in full bloom, picked them one by one, and picked them up with the dew on the morning flowers. I heard that this time the Lord of Jingde County also entered the palace, and he sent a special one over. "

The third princess smiled carelessly, as if it was really just an unimportant thing, but how easy would it be for her to do it herself?

Weiyuewu stood up and worshiped the three princesses Yingying: "Three princesses are gracious, Yuewu can't be reported!"

"So kind to do, speaking of the last time I was busy, I haven't thanked you for entering the palace to pray with me, why not, this time staying in the palace for a few more days, you can also talk to me more."

The three princesses also stood up, took hold of Weiyuewu's hand, and supported her, and her face became more and more gentle.

"All the queen's mother will do!" Of course Wei Yuewu didn't dare to agree, pushed things out, and sat down again.

The battle between the three princesses and the fourth princess, although it is already the battle between Tu Zhaoyi and the queen, if it is not interesting, the queen of course will not push herself to the third princess.

But the people in this palace are all calculated. If one day they find that they can not only get their own value, but may even be used by the other party, it is ruined.

None of the people here are kind, and no one will think she is innocent. This point, Wei Yue Wu has clearly understood after she escaped from that death.

"I did ask my mother." The three princesses did not sit down anymore, but walked a few steps, holding Wei Yuewu's hand affectionately. "It's not too early. If nothing really happens, then I I'm leaving!"

"Congratulations to the three princesses!" Wei Yuewu's hand was pulled by the three princesses and she had to get up.

The three princesses went out, but they still held Wei Yuewu's hand. The two talked and smiled. A group of guests and the host walked to the door of the house and were about to step out of the door. Wei

Yuewu suddenly gave a low noise and frowned. Squatting down, hands slipped from the hands of the three princesses.

"Shir, what's the matter with you?" Jin Ling followed them anxiously.

"I ... it's okay, I just seemed to get kicked." Wei Yuewu frowned, but stood up casually, smiling a little apologetically at the third princess, and took a step and happened to step out of the doorway. .

The two staggered one step. The three princesses were inconvenienced and took her hand again. Although there was a hint of doubt in her eyes, she looked at Wei Yuewu suspiciously, but saw her slightly stiff legs and stopped talking.

Wei Yue Wu sent the three princesses outside, and watched the three princesses leave, and then slowly returned to the room with Jin Ling.

Jin Ling served her again.

"Master, what are the three princesses doing so late!" Jin Ling could not help but asked Wei Yuewu to sit on the bed.

"But it is for people to see. She is different from mine. Even at this time, she will come to see me. At this time, even if you want to order something, it is very convenient." Wei Yue Wu Weiwei With a smile, his eyes were cold.

"Three princesses are here for the four princesses?" Jin Lingyi realized what was happening, his face changed.

"Not only the four princesses, but also the queen maiden, of course, it may also be His Royal Highness! I heard that the relationship between the Third Princess and His Royal Highness has always been good!" Wei Yuewu looked at Jin Ling softly.

What kind of person is the third princess? When Wei Yuewu first saw the third princess, she had a faint guess, and then that time, she pushed the matter of playing the piano for Yan Huaiyu onto herself,

regardless of this. It's not that she has no one to protect her, and that the family daughter who came to Beijing can resist.

From this point we can see that the three princesses are kind-hearted.

"So what do we do?" Jin Ling asked subconsciously.

"Nothing to do? The four princesses will do the trick, but if the queen's maiden is so easy to do the trick, it won't be so easy to get on the throne of the queen." Wei Yuewu lay down, the length of the wings The eyelashes moved twice. If she didn't guess wrong, the two rooms in the Chuxiu Palace are very important!

Zhao Zhaoyi kept the two houses so well, of course, not just remembering something.

"So, we don't have to do anything right now, just watch it change. The fourth princess won't do anything to me because I saw the third princess come over!"

"Then what if the three princesses do this from time to time?" Jin Ling said uneasily, looking at the appearance of the three princesses, but it really looks like this kind of person.

Actually, she put down the princess's stand and wanted to pull the county master out. It was clear that more people could see the unusual relationship between her and the county master.

"She shouldn't have that much time!" Wei Yuewu closed her eyes and said slowly, the things in those two rooms would always distract her from Tu Zhaoyi!

The third princess actually went to Chuxiu Palace to visit Weiyuewu in the evening. The fourth princess knew it that day. Although the fourth princess was very angry, she also knew that the third princess was most willing to be angry. I fell asleep early and didn't intend to make trouble.

Early the next morning, the soft bridge stopped at the gate of Chu Xiu Gong. Wei Yuewu and other family members boarded the soft bridge and came all the way to the Buddhist temple.

When we got to the door of the Buddhist temple, the soft bridge stopped, and everyone got off the car door. Before everyone could enter, we heard a housekeeper saying, "The queen mother is here!"

Immediately, everyone knelt together under Dan.

A large row of palace ladies appeared in front of the crowd with various ceremonies, then the housekeeper, and finally the queen and mother appeared in the stars.

Everyone shouted: "The Queen Mother Chitose Chitose Chitose!"

Wei Yue Wu followed the worship of Queen Tu with everyone's respectful glances, but saw the slippery palace skirt drifting in front of her, which should be the large group of palace ladies, and then saw a person standing in front of herself and stopped.

Gorgeous crested boots, with a few winter beads trembling on it, silk threads embroidered on the corners of the skirt, and no stitches. Needless to say, this is queen-painted, and the head fell down more and more.

"Jingde?" Queen Tu stood in front of Weiyuewu, looking at the thin girl in front of her, and said slightly: "Look up!"

"Yes!" Wei Yuewu raised her head slightly, but did not look at the Tu Queen directly.

Queen Tu's eyes fell on Wei Yuewu's face. This face was very delicate and exquisite, and she couldn't help but admire her who was used to the beauty in the palace.

Another face came to mind, and that face was equally good, equally stunning, and equally jealous.

If it weren't for that woman, she or she wouldn't live like that, but she would be happier.

As long as this was thought of, her hatred could not be suppressed.

Is such a face born to hurt someone ...

"Let's get up!" Said the queen a little before half a ring.

"Thank you Queen Mother!" Wei Yuewu said respectfully. A palace lady came over to help her, Wei Yuewu got up.

"Go in with this palace!" Queen Tu turned and walked to the main hall. The four princesses looked at the respectful Wei Yuewu on the side and felt satisfied. When they followed, reminded Wei Yuewu: Go with me after my mother! "

"Yes!" Wei Yue Wu stepped aside slightly, letting the four princesses go ahead, and she followed the four princesses.

Before the three princesses prayed, Tu Zhaoyi came to help out. This time the four princesses prayed to show the identity of the four princesses. It was also normal for the queen to come, but it was unexpected for Wei Yue Dance. , And she walked a half row.

Afterwards, the young ladies behind them were lifted up one by one, divided into two rows, and walked in with Wei Yue Wu and Tu Shui Huo.

Because this time was the team led by the queen maiden, and no one dared to make a sound.

The girls were standing at the door, motionless, and the ladies inside were also kneeling with special devotion. With so many people in the entire Buddhist temple, they were almost silent.

For a long time, I finally heard the boring voice of the monk chanting and paused, then the housekeeper in front of the queen stretched the tone and said, "Raise"

Queen Tu was first helped, then the four princesses, and then a lady ...

Chapter 635: Reminder, past events that Queen Tu cares about

Queen Tu's identity is different from ordinary, and the look on her face looks much more majestic than Tu Zhaoyi.

Even sitting in the side hall of the divorce room, their eyes swept across everyone's faces, and their pretty faces were involuntarily lowered, and they did not dare to face the slightly harsh eyes of the queen.

Wei Yue Wu bowed her head and played with the puppies in her hands.

Queen Tu and Zhao Zhaoyi have both seen her, but judging from the appearance of the two people, it is clear that Tu Zhaoyi is a little better. Queen Tu's majesty is enough, but this is so beautiful that it is much worse than Tu Zhaoyi.

When the two entered the palace draft together, as usual, the queen Tu should not have been sent to the draft. The one who sent in the draft should be Tu Zhaoyi. However, due to changes in his marriage with his father, Mrs. Tu temporarily put the queen also Sent to the palace.

Everyone is a daughter-in-law of the Tu family. In fact, there is nothing to distinguish. Besides, Tu Zhaoyi is better. No matter from which perspective, the queen to be elected by the emperor should be Tu Zhaoyi, but now she has become the queen. Wei Weiwu has some suspicions.

These things had nothing to do with her, but now she can't allow her to avoid them.

She sighed in her heart and heard that Emperor Tu found her.

"Jingde, I heard that the three princesses came to see you yesterday. I don't know if it's so late. What else needs to be said?" Queen Tu smiled slightly, but she could not reach the bottom of her eyes.

"Yes, the three princesses came here yesterday to ask how the maids lived, and whether the maids would change rooms. Last time when the princes accompanied the three princesses to pray, they changed the room with the four sisters. Xiang's house, but then the fire broke out in the house next to Sijie, and she was reprimanded by Tu Zhaoyi, and the maids would not dare to change houses this time."

Wei Yue Wu stood up and replied respectfully.

"Changing the room? Tu Zhaoyi changed it for you?" Queen Tu frowned. She didn't care about this kind of thing, so she didn't care about such small things at all, but she heard a little abnormality.

What kind of person is Tu Zhaoyi, who cares about such trivial matters.

Wei Yuewu became Jingde before she entered her own eyes. Of course, for Zhao Zhaoyi, how did she attach such great importance to her at that time, she even paid attention to the little things in the house where she lived.

"It wasn't for Zhaoyi's mother. It was the eldest sister who occasionally said that there were two of the best houses in Chuxiu Palace, and also said the queen mother ..." With that said, Weiyuewu paused, and seemed to realize something. His face was a little awkward, and he said vaguely, "Sister also heard the story."

"What did you hear?" Queen Tu jumped in the corner of her eyes and asked coldly, the atmosphere in the hall was a bit stricter immediately.

"This ... the eldest sister heard that the queen's queen had also stayed at Chu Xiugong, and talked about it with his courtiers." Wei Yuewu stuttered slightly, with a little stunned.

This look made Queen Tu very satisfied.

"How is your older sister?"

"I don't know, the minister didn't say anything over the Nan'an Palace." Wei Yuewu cleverly brought the words to Princess Nan'an. I heard that Princess Nan'an had a good relationship with Queen Tu. She did not believe that Queen Tu would not know about Wei Fengyao, But let yourself speak.

Wei Fengyao's life at Nan'an Wangfu Mansion is bound to be difficult now. Last time, that Meier made a big noise in Huayang Houfu. What was lost was not just Huayang Houfu's face. Her position as the

concubine of the King of Nan'an, in fact, has only one name left, or even her life is worrying. She does not think that Princess Nan'an will be a kind-hearted person.

How can Wei Fengyao be regarded as a royal family? In such a matter, Princess Nan'an will inevitably ventilate with Queen Tu.

"Your elder sister was also regarded as the most honorable young lady in Houfu of Huayang. Emperor Long En asked her to marry to Nan'an Wangfu, but she did not expect that she would be enchanted. A good concubine now makes no one, ghost No ghost, Princess Nan'an also told this palace last time, I am afraid that your elder sister will soon die. "

Queen Tu's voice was cold, with Mori Han. For a while, the ladies all bowed their heads, and did not dare to move, for fear that Queen Tu's next target was them.

"Sister is so sick?" Wei Yuewu looked up suddenly, anxiously.

"I do n't know where the evil spirits are. Now the six relatives do n't recognize it. There is no one in the courtyard. One of them will be punched out. When I saw her in the past, she was also a smart one. Now she is like this. "The expression on Queen Tu's face eased a bit, and it seemed that Wei Fengyao sighed.

"Big sister ..." Wei Yuewu's surprised face turned pale, and Sakura's lips trembled twice, speechless.

Seeing Wei Yuewu's expression of astonishment, a slight smile appeared on the corner of Queen Tu's lips, and she said with a bit of ridicule, "I heard that your second elder sister had been stunned, and now your elder sister is like this, but I don't know if it will appear on other ladies. "

"I don't know the daughter-in-law!" Wei Yuewu bowed her head.

"Jingde is so smart and well-behaved that there should be no such thing." Queen Tu stood up. "There is something else in this palace."

"Mother, are you leaving?" The four princesses looked at Queen Tu in confusion and asked, before the mother later said to herself, you must beat Wei Yue Wu, let Wei Yue Wu completely turn to her side. Come, and give yourself a clear attitude, what will happen after a few words, it is about to go.

"There are important things to be dealt with in this palace. You son, please pay homage with these ladies!" Queen Tu's gaze turned from the respectful ladies in that circle, and finally fell on Wei Yue Wu. "As for the Lord of Jeongdeok-gun, help the child to deal with the matter of praying and waiting!"

"Yes!" Wei Yuewu dropped her hands.

Queen Tu's eyes fell on Wei Yue Wu again, and when she saw her with a bit of fear in her respectful manner, she turned and left with satisfaction.

Are the two houses in Chuxiu Palace the two?

She was still guarding those two rooms. Is there anything wrong in it? This will smear the queen out of her mind, and here she beats a Wei Yue dance that looks very submissive.

That matter is much more important than the thing that beat Wei Yuewu.

As soon as Queen Tu's maids and housekeepers walked away, the atmosphere of the whole side hall was relaxed. Although the four princesses were not afraid of Queen Tu, the requirements of Queen Tu were usually very strict. When Queen Tu left, she felt Relaxed a bit: "Everyone can take a good rest or walk around, they will kneel for a long time."

I was always kneeling before, and this would be sitting all the time, not to mention that other ladies felt tired, the four princesses themselves felt tired, the straight waist also relaxed, and helped the maid to stand up, she also had to Walk around, otherwise the whole person feels stiff and extremely uncomfortable.

When the four princesses took the lead and walked out, all the young ladies also looked at the school. They walked outside holding the girls' hands and watching the scenery while taking a walk, soothing their stiff legs.

Wei Yuewu's legs and feet are also very stiff. Her body is worse than the ordinary lady of the family. Coupled with the hard work against the queen, this will only make her tired legs unable to move. He lowered his legs and slowly recovered some consciousness. Holding Jin Ling's shoulders, he moved in small steps.

She has the slowest movement here, and the large number of ladies have gone out, leaving Tushui alone and standing beside her with a smile.

"Jingde County Lord, thank you very much for that day." Miss Tu smiled at Wei Yuewu with a sincere blessing.

"Miss Tu is polite. Originally, Miss Tu was clever!" Wei Yuewu answered with a smile.

Although this statement is vague, Tu Shui noisy understood it. Looking up at the entrance of the side hall, it would be empty. Everyone would hang out and relax.

"What's clever? In the end, it's the smartest others!" As a loser for the concubine, Tushui's expression faded, even if no one can tell later, she might give birth to a future prince. It's still very big, but no matter what, she is still crushed by Jing Wenyan.

Think of it this way, my heart is a little depressed.

Even if my grandfather and aunt said the best, we can't erase the fact that he is only the prince's side concubine. After that, Jing Wenyan will be pressed on his head.

"I heard that His Royal Highness and Miss Tu grew up together when they were young. Even if there is nothing in front of them, I believe that His Royal Highness will also supply Miss Tu." Wei Yuewu laughed with a teasing smile, with a gentle expression .

The words of Tushui noisy heart went away, making her face smile a little, but she thought the same way in her heart, and with this kind of thought, her heart was not so uncomfortable.

In the past, the grandfather and aunt used to leave it to themselves, but in the end they fell into the hands of Jing Wenyan, saying that they were unwilling to be reconciled.

But both grandfather and aunt agreed, what else could she say.

"Let's go out." It was still difficult for Wei Yuewu to walk. Tu Shui noisily reached out and helped her.

"Thank you Miss Tu!" Wei Yuewu smiled slightly, and her eyes rose.

After they got out of the gate of the hall, they saw a lot of people surrounded by them outside, standing under the high steps and looking down, Wei Yue Wu had to sigh, this child is really a flower butterfly, A lot of women can be surrounded by walking there, but looking at the central figures in the group of women below, you can see how popular Yan Huaiyu is.

Of course the four princesses are also there.

"Let's go there!" Wei Yuewu pointed her finger in the other direction, which happened to avoid the direction of the group of people.

Tu Shuixuan also saw Yan Huaiyu among the group of people, but she identified Wen Tianyao from the beginning, so she did n't have much thoughts on Yan Huaiyu, only looked around and turned away. , Nodded, helped Jin Ling help Wei Yue Wu to go over there.

She actually came for something, and of course it will stay for a reason. It is best to avoid other people talking to Wei Yue Wu ...

Chapter 636: I heard Miss Jing has a painting

Along the hypotenuse, Weiyuewu stepped down the steps and turned to the side path with Tu Shuiqiao. There were several unknown small flowers and bones blooming in the small bushes there. In this early spring, , Extremely tempting.

Both stopped and couldn't help but appreciate the play.

"Jingde County Lord, do you know something about Miss Jingda?" Tu Shui enjoyed playing a bit, looked at the still-watching Weiyuewu, and froze, but still pretended not to ask.

"What's the matter?" Wei Yuewu's face was blank, her eyes turned to Tu Shui's noise.

"I heard that Miss Jing had had a marriage with Yan Guogong Shizi before," Tu Shui said.

"I've heard of it!" Wei Yuewu thought for a while, and then Liu Mei frowned slightly. "I heard that it will not happen in the end. Now the emperor Yan Guogong will marry a princess, and Miss Jingda will marry a prince. It's irrelevant! "

"Although it is said that it is irrelevant now, when I heard that Miss Jing Jing went to the plum blossoms before, the son of Yan Guogong also hurried away and went directly to Miss Jing Jing's yard. The two talked very late and left. "Tu Shui's noisy Liu Mei frowned.

I was talking about the plum blossoms that day, and I happened to be there that day, and it couldn't be hidden.

There was a touch of coldness in the water eyes, but his face remained calm: "Ms. Tu said that the place where I lived was burnt that day?"

"Yes, the county master seemed to be on the mountain that day too, as if it was on fire!" Tu Shuiqian seemed to think of it, quite embarrassed.

"I didn't notice this because of the fire that day and moved to another place later, but if you say that, think about it."

Wei Yue Wu said softly, but then shook her head in confusion. "But I do n't know if the son of the State of Yan Guo came to see Miss Jing Jing."

It turned out that Tu Shui was here to inquire about the day.

"Have the county master ever seen Miss Jing Jing and Yan Guogong Shizi?" Tu Shui inquired.

"I saw you, but ..." Wei Yuewu shook her head in confusion, "I didn't find anything else wrong with them!"

"If it's easy for you to find out, she's not Miss Jing!" Tu Shui snorted violently, and angrily flared in the corners of her eyes. "That day, she almost took my life, but she was still very good at last. Sitting in the position of the princess, even her grandfather and aunt agreed with her! "

This is the most unconvincing part of Tushui.

"I heard that she had a painting, and said it was given to His Royal Highness, and said that the painting has never been seen, but in fact, it has been seen by the Emperor Yan Guogong!"

"Paint?" Wei Yuewu froze for a moment, she really didn't know there was such a thing.

"Yes, it's a painting, I don't know what was painted, but it's very important. Even grandfather and aunt are moved by this painting, otherwise where is the crown prince's turn, or even wind and master? For this reason ..." Tu Shui said angrily, a beautiful little face pale.

Of course she overheard it, and knew that it was important, but she was eager to know about the painting, but also knew that neither her grandfather nor aunt could tell her, and the others had no contact with Jing Wenyan. Only the Jingde County master seemed to be no worse than Jing Wenyan. When she was assassinated that day, if she had not reminded herself that Jing Wenyan's plan had been broken, she might have hit Jing Wenyan's tricks. This is also her most important purpose after the emperor Tu.

As for the Ming Dynasty, of course, she said that she would like to accompany the four princesses to pray for the mountains and rivers. Because she has been listed in the East Palace, it is inconvenient to explicitly mark the four princesses for blessing. She came here for the four princesses, and Queen Tu was naturally satisfied and brought her here.

"Paint? It was given to His Royal Highness by Miss Jing? This painting is so important. It is important that His Royal Highness will give her the position of the Princess, even ..." Wei Yuewu stopped here and looked away. On Tu Shuiquan's body, "Even Mr. Tu gave up?"

Although this master Tai has always been hidden behind the scenes, the feeling of giving Yue Yuewu has always been a strong force, allowing the master Tai to give in. Is that painting just an ordinary picture, Wei Yuewu's heart is faint. Guessing, I just can't think of Jing Wenyan's ability to be so big that even such a painting can be obtained.

Will Yan Huaiyu know nothing about it?

"I don't know what the painting is, but it must be a very important painting. Her Jingdi has disappeared early, and I don't know what kind of painting can move His Royal Highness." Tu Shuiquan was in a bad mood. Sighed and looked at the flowers in the bushes, but it was not as pleasing to the eye.

He stretched out his hand and shook it casually, and immediately the two little flowers and bones fell immediately.

"The lord of the county ... you ... what do you think of the Emperor Yan Guogong?" After Tu Shui was angry, he calmed down and thought about turning to Wei Yue Wu.

"No idea!" Wei Yuewu shook her head, no matter what Yan Huaiyu was doing or saying, she certainly had to keep her duties here and be a quiet Jingde County master.

"It's not that Yan Guogong Shizi asked for you by name." Tu Shui looked at Wei Yuewu suspiciously that day. She also saw Yan Huaiyu's situation with Wei Yuewu. Although there was nothing wrong, but there was something in it, but If there is anything that can be proved, it can't be found for a while.

"Miss Tu, I'm the lord of the dynasty, and not a girl ring." Wei Yuewu's face was full of anger.

"It's my fault!" Tu Shuiqian also noticed his own words, and was busy with the smile.

"Let's go, let's go back!" Wei Yuewu didn't want to talk any more, she lifted her skirt corner and went to the circuit. Tu Shuihuan still wanted to say something, but she saw Wei Yuewu walked over, Helplessly followed.

The path turned to the front of the Buddha Hall, waiting to turn to the steps of the Hall, but Wei Yue Wu found that the fairy-like son was blocking in front of the road.

In a gorgeous white coat, this time the collar and hem were embroidered with purple patterns and the pattern of auspicious clouds. He would be walking up the steps, surrounded by the four princesses, not far away from the group of cowardly family members.

But he didn't know why, he suddenly stopped to turn around casually, and fell a bit lazily on the body of Weiyuewu, with a slight smile on the corners of his thin lips, the kind of staring with cynicism. It felt that everyone was waiting for Weiyuewu to be jealous.

Even the four princesses who had been conspiring against Weiyuewu could not hide their jealousy, and the handkerchiefs tightened tightly.

I am the heavenly girl, so why is the Weiyue Prom snatching the limelight? It 's really abominable.

"Can the Lord of Jingde County have enough rest?" Yan Huaiyu smiled at Weiyuewu with a unavoidable smile, and asked.

With this remark, Wei Yuewu immediately felt those jealous eyes, like sharp arrows penetrating through the heart, shooting at himself together ...

Quietly backed up a few steps, and walked side by side with the Tushui noise coming from behind, Wei Yuewu saluted Yan Huaiyu respectfully, but did not speak.

Seeing Wei Yuewu's unreasonable appearance, Yan Huaiyu also seemed quite boring, turned and walked up, really went to the main hall, at this time should pray again.

It is just that the main hall where they pray and the main hall where the four princesses pray are not in one place, but adjacent.

Seeing Wei Yuewu ignore Yan Huaiyu, the four princesses were angry and happy.

Angry that he didn't even dare to show Yan Huaiyuan's face, why Wei Yuewu, a small county chief, ignored him.

I'm glad that Yan Huaiyu really has such a point about Wei Yuewu. The plan on the post-mother's side is much more convenient to implement. Since Yan Huaiyue liked Wei Yuewu, he gave him the Wei Yuewu again. How to let him fight in the backyard first, one is the new favorite, the other is the old love, fight the two losers, and then marry him, that is the best of both worlds.

Neither the woman named Yan Di nor Lin Yuewu can stay, but it is still useful for the time being, so she will not deal with Wei Yuewu.

Entering the main hall, this time of worship was not as long as before. Without the supervision of the queen and queen, the four princesses were unwilling to get up on their knees, so they knelt a little and let everyone go back.

Wei Yue Wu looked at the time, it was almost time for lunch, and she wanted to go to Chu Xiu Gong for lunch with the ladies, and then go to the library to read a book in the afternoon quietly, take a rest by the way Kneeling numb stiff legs.

Only when she was here, she heard the four princesses kindly stop her: "Jingde County Lord, wait a minute."

Wei Yuewu looked back suddenly, and saw the four princesses who were walking a little stiffly, holding one of the palace ladies' shoulders over.

"Jingde County Lord, come to me for lunch, I have something to tell you!" The four princesses stepped forward two steps.

"This ..." Wei Yuewu hesitated.

"Let's get together with the Lord of Jingde County. I happen to have lunch in the palace of the four princesses, just be a companion!" Tu Shuiqian came over and invited with a smile.

"Yes!" I looked at the four princesses and looked at Tu Shuiqian again. Wei Yuewu was a little more attentive, but still nodded.

So she and Tu Shui clamored on the soft bridge stopped outside the hall, the four princesses got on their own puppets, and a group of people came to the four princess's residence.

It was not long along the way, but when we got the place, Wei Yuewu helped Jin Ling's men to get off the car door, but suddenly she saw Yan Huaiying walking slowly in front of her, her eyes widened. What the four princesses wanted to do was to invite Yan Huaiyu and find herself again. This is not like the four princesses.

But this time she has reached the ground, and she can't say anything more. Seeing the four princesses talking and laughing with Yan Huaiyu in the front, she lowered her head and followed behind, and walked in together.

The lunch was ready in the morning, and the four princesses ordered a banquet, and a variety of dishes were delivered together at one time.

There are four people in total, but this table is very unusual. Yan Huaiyu sat on one side with the four princesses, while the other side was arranged for Weiyue Dance. Such a banquet made Weiyue dance very strange, but the look Still calm, after sitting, there was no look around.

There is no good wine, no good feast, and she waits for the four princess's ...

Chapter 637: Tenderness, the deep affection of the emperor Yan Guo

What Wei Yuewu did not expect was that the four princesses had nothing to say, and there was no meaning at the banquet to embarrass Wei Yue, and they even led the words to Wei Yuewu deliberately. The side said Wei Yuewu's temperament was gentle and generous, and he was decent.

A lunch, in addition to Wei Yue Wu has always been a bit embarrassing, everyone is considered a guest and host, as for the guest on the guest, a pair of handsome eyes bent from time to time to see a smile, can see Should also be extremely satisfied.

When everyone put down the chopsticks in their hands, the maid came to clean up.

After the tea was re-delivered, the four princesses were about to talk, and suddenly an inner servant hurried in: "Four princesses, queen lady, please come over."

"What's the matter?" The four princesses tightened their expressions and looked nervous.

"The slave didn't know, but I heard it was a good thing. The queen lady asked you to come over." The housekeeper laughed. "It seems to be related to Taishifu!"

What is meant by Taishifu means, of course, what happened to Tushifu.

"Water noisy, do you know what happened?" The four princesses turned to Tu Shui noisy.

Tu Shui shook his head in a loud noise. "When I came out, I didn't hear of any happy event, what will happen, I really don't know."

"Then go and see!" The four princesses stood up and invited with a smile.

Wei Yue Wu also stood up.

"Jingde, don't leave now, and accompany Yan Shizi for me. I'll come and go." The four princesses reached out and stopped.

"This ..." Wei Yuewu hesitated.

"Unhindered, I'll come back with a little water noise," the four princesses said again.

She said this again and again, Wei Yuewu was inconvenienced and refused anything, so she had to smile again and sit down again.

Yan Huaiyu sat aside, took the tea at hand and took a sip, as if he hadn't heard Si Gong leave.

"Shizi, I will leave with Shui Huo for a while, and I will be back soon." The four princesses resigned to Yan Huaihuan, and Yan Huai laid down her tea cup lazily and nodded: "Four princesses please."

The four princesses then left in a hurry with Tushui.

The hall was quiet for a while, but the two waiting maids stood on the side, bowed their heads, and stood there respectfully.

"The lord of the county, Mo Ru accompanied me to the courtyard of the four princesses and walked around!" Yan Huaiyu laughed.

"Okay!" Wei Yuewu nodded, even though the four princesses were not here, but they still felt inexplicably depressed, and it was better to go for a walk.

There is a small but exquisite garden behind the four princesses' own hall.

There will be some early spring flowers in the backyard. With the news of early spring, Wei Yue Wu has not seen these early spring flowers in the garden of her own house, but she saw them here in the fourth princess. Several strains, it can be seen that these are very precious varieties, or only the four princesses here.

"What's going on with the four princesses?" But at this moment, Wei Yuewu was inadvertently enjoying playing with these flowers and plants, and only took a few steps to see the palace maid and housekeeper in the palace consciously didn't follow up, and asked.

"She wants to match us." Yan Huaiyu replied in a good mood, staring at Wei Yuewu with a pair of handsome eyes.

"Why does she want to match us?" Wei Yuewu was startled. The battle between the four princesses and the third princess was vivid. She didn't think that the fourth princess had such a carefree mind.

"She naturally wants to match us. Of course, this is what the queen meant. Often the purpose is of course when I marry you into the house." Yan Huai's response to the four princesses was very clear, which was originally As a result of his actions, this will listen and answer lazily.

"So what does she do?" Wei Yuewu stood under a tree with a few blossoming flowers, her eyes narrowed slightly.

"She naturally wants to take advantage of the fishermen. Actually, it's not just her, but also the three princesses and Tu Zhaoyi, but now the two of them should be fighting for which party you will belong to, and for which party you will work in good faith, so During this period of time, you should be more careful, go read the book when you are fine, and hear that the third prince's favorite place is the library hall. "

Yan Huaiyuan raised her eyebrows slightly, and the smile on the corner of her mouth deepened.

Although Wei Yuewu wants to ask the third prince what she likes to go to the library, she will pay more attention to the other information revealed in Yan Huaiyu's words. The two maids of the palace, so far away, should not hear.

"They all want to see me and Miss Lin fighting for your life?" In the eyes of Weiyue Wu, the word "monstrous sin" jumped out, which actually gave them this illusion, but also made the two people who were so active fighting together consciously. Send yourself to him, except for the evildoers, Wei Yuewu doesn't think there are other words to describe.

"It's not you who die." Yan Huaiyu stretched out his long fingers and shook in front of Weiyuewu.

"What's that?" Wei Yuewu asked with blinking eyes.

"It was you who died, she died, and she lost both. No matter what happened in my house or if you had an accident, the other was bound to resist. In that case, both opponents were directly dealt with, and it's still not touched at all. In this palace, Tu Zhaoyi and Queen Tu are indeed from the same government. The expressions are all the same, and they were taught by Master Tai! "

Yan Huaiyun said with emotion.

"..." Wei Yuewu opened her mouth, but she didn't know where to start. She finally closed her mouth.

The black-bellied fox was so accurate that he almost grasped their lifeline step by step. I didn't know how the black-bellied fox thought of it, but he came up with such a tricky idea.

Others don't know where they will be. The so-called Miss Lin is herself, and she is also Miss Lin. There is nothing to fight between the same two people. In fact, it is impossible for the so-called two losses to be true.

But this will be seen as a situation that will soon be pushed into a lose-lose layout.

"What do they want to do?" Wei Yue Wu asked Wu Mei with a wrinkle.

"Naturally, I tried to persuade you and followed me!" Yan Huai's handsome lips evoked a smile and said gently.

"Therefore, the three princesses and the four princesses will rush to show me their goodwill, and they will express their sympathy with me, but these are far from enough!" Wei Yuewu was extremely confused, and the third and fourth princesses were confused. Even if you show your respect to yourself, you can't really let yourself die for them.

"Whether you want to kill them or not, as long as you can tell them good things from time to time, after things come out, whether you die or others die, they are just outsiders, and I will because of you. Perish, just marry a princess who has a relatively good opinion. "

Yan Huai's narrow and long phoenix eyes raised slightly. Although the smile on her face was mild, it gave Wei Yuewu a dangerous feeling.

But thinking about the meaning in his words, Wei Yuewu's face could not help showing a bit of coldness. Both the third and fourth princesses were vicious and wanted to go to the so-called Yandi with them. "Ms. Lin" fights for your life, and they not only take advantage of the fishermen, but also wait to receive Yan Huaiyu afterwards.

"What am I going to do now?"

"You don't have to do anything, but in the past few days you still have to make up for it. Try to go to the library to read the book. There are three princes there. Even if the three princesses and the four grandfathers want to make it difficult for you, they will not shoot." If there is a deep meaning to Weiyue dance.

"As for you to discuss it after leaving the palace in the future, of course you are still indifferent, but the family daughters from Yandi are all arrogant. Besides, when it is justified now, of course, there must be some accidents. Come."

Yan Huaiyu's voice is extremely leisurely, but there is a shocking majesty hidden in it.

"After I'm out of the palace ..." Wei Yue Wu was quite dazed.

"The harder Ms. Lin is, the more they can feel uncontrollable, and the more they want to push you as a **** to clear the way for them, but now in the palace, you need to be careful and don't let the other party down Dead hands against you! "

The smile on Yan Huaiyu's face slowly receded, and Jun's face showed a rare coldness.

"Don't worry, if only the third princess and the fourth princess can't force me to take a stand, as long as I don't take a stand, they won't fight against me." Wei Yuewu blinked, and then blinked. Blinking, a smile appeared on the corner of the lips.

"Be careful yourself. If you are really in a hurry, you can let Jin Ling send a message directly. This palace is not an iron plate, and Yandi has someone's hand in it." Yan Huai softly said, and stretched out his hand from his cuff. Take out a note and hand it over "Someone in Tenglong's secret agent of Yandi."

Wei Yuewu subconsciously reached out to pick it up, and then checked her movements after receiving it.

My heart moved inexplicably, even if he was in the palace, the place where Yan Huaiyu could not intervene, he also thought that he would enter the library of the library and put himself in a relatively safe place.

This is the capital city, this is the imperial palace. How difficult it is for Yandi to reach in. Every line in it is extremely precious, but Yan Huaiyu does not hesitate to use such a hidden line and requires his own security. The hidden mind, even saying nothing, moved Wei Yue Wu.

The water eyes flashed, and then flashed again. There was a kind of warm current in my heart. For a while, I didn't know what to say. There was a very strong emotion. I rushed up from my heart and gave her a sore nose. , Turned sharply, before covering the tears in his eyes.

She wanted to cry, but she knew it was not a place to vent her emotions.

The hand holding the note was very hard, pressed down the sore heart, bit her lip, and choked with a little voice: "I ... I know!"

If she could not use the paper in her hand, she would never use it. Wei Yuewu clearly realized that this could bring great danger to Yan Huaiyu.

This is not just a maintenance, but a whole-hearted trust!

Reason has long been unable to control the feelings, or when she promised, there was something quiet in her heart. Even with him, she had to face a lot of troubles, or a lot of dangers, but she felt no regrets. Already.

"What's wrong?" Yan Huaiying's voice came from behind him, Wei Yuewu secretly looked back, and saw the confusion in his pair of handsome eyes. He had never seen him look like this. The wind is like the moon, and it can also be as high as white clouds in the sky, and it can also be the wicked evil of black belly, but it is by no means the look now.

Tears whizzed out of control, turned around and sobbed ...

Chapter 638: My mother's death, do you want to find out?

"You ... it's okay!" Yan Huaiyu turned to her, looking at Napazi covering her mouth, sobbing Weiyuewu, his expression confused and surprised, her hand stretched out, but still shrank back. , Softly soothed her, "Did you scare you? It's okay, nothing will happen. The three princes have a good opinion of your mother-in-law, and won't watch you accident."

Wei Yuewu's face was full of tears, and Napazi hurriedly covered it. After half a ring, she stopped sobbing, "I ... I'm fine!"

The parchment in his hand was wiped away, tears were wiped away, but he was embarrassed to see him again.

"It's okay, what are you crying for!" Yan Huaiyu asked in a low voice.

"I ..." Wei Yuewu bit her cherry lips.

"After these days have passed and I'm out of the palace, I'll toss them to the best, and I'm sure I will give you air!" Yan Huaiyu looked at her sideways, her eyes were gentle.

"I'm not for this reason ..." Wei Yuewu felt that she really didn't explain right now, wiped her tears with a papa, and whispered, "Will I make the four princesses feel a problem?"

"No, maybe I want to see it!" Yan Huaiyi said in a serious way.

"Don't make a joke!" Pai in Weiyuewu paused and gave him a hard glance.

"I mean seriously, if she sees you like this, she will definitely feel that you are definitely unwilling. After hearing that Queen Tu and your mother are the most flawed, she must think that this is the best for you!" Sound channel.

Wei Yue Wu was silent and Tu Queen's heart knot, of course, she knew that her mother had never been treated well in that year.

To the Queen's heart, of course, you can't see your own goodness. If you don't want to marry Yan Huaiyu, but have to marry the past, then Queen Queen must be the most willing to see it.

"Is it going to be fast?" Weiyuewu wiped off the tears in her eyes and asked, looking down on him at this time, but she couldn't stand still without talking.

"It's going to be fast!" Yan Huaiyi laughed at the word "headless" of her sentence.

Such a smile was heard in Wei Yuewu's ears, and she felt more ashamed and couldn't lift her head, and suddenly realized the problem in her words, as if she could not wait to marry him.

Biting his lip, he couldn't even talk for a while.

Fortunately, Yan Huaiyu didn't want to make her too embarrassed here, and then she talked, "After the four princess's blessing ceremony is completed, which is the matter of which princess we will marry. I won't let any one of us go, but I should have been the first to follow me because the appearance of the Yandi Family Girl has become a person who can't throw away and give up. "

"What to do then?" Wei Yuewu raised her head unconsciously.

"No rush, I already have a plan there, you just need to protect yourself! These days in the palace, you have to be very careful, don't be forced to stand on the opposite side of anyone." Although I know my little fox It's not easy, but Yan Huaiyu couldn't help but tell.

"I'm okay!" Wei Yuewu shook her head, but she had a plan in her heart.

In the past few days, whether the third princess and the fourth princess will inevitably find themselves for various reasons, of course, they will also be pushed away for various reasons, but if you add Tu Zhaoyi and Queen Tu, you will not be able to deal with them yourself. Fortunately, she also has a plan here. She wants to let the two Tu family girls have no time to take care of herself.

"Yan Shizi, I'm back!" Suddenly came the laughter of the four princesses behind her, Wei Yuewu raised her eyes, and saw the four princesses coming with Tushui noise and Miss Tu Jiajiu together.

The four princesses with a smile on their face, in the reddish eyes of Wei Yue Wu, smiled brighter and brighter.

"What's wrong with the lord?" Tu Shuiqiao also saw the look of Wei Yue Wu, and couldn't help but asked lowly, but Miss Tu Jiu looked at Yan Huaiyu and looked at Wei Yue Wu, her face was cold. Come down.

"I'm fine!" Wei Yuewu laughed, but anyone could see her smile barely.

"Since the four princesses are here, then I will leave too!" Yan Huaiyi smiled at the four princesses gently, and said gently.

"Why do I come, Shizi is leaving!" The four princesses were not satisfied.

"The three princesses invited me to talk about something before. This will happen when I have time." Yan Huaiyu laughed, only with such a smile.

On hearing that, it was the third princess again. The smile on the fourth princess's face froze, and she reluctantly smiled, and had to pretend to be generous: "Go ahead, go to the third sister!"

Yan Huaiyi smiled slightly, turned and strode away, watching him leave, the smile on the princess's face receded, and she stomped her feet fiercely, and could not help but hate her voice: "Wencai Butterfly is getting closer The more shameless, actually ... "

The words were pulled by the side of Tu Shui, pulling the sleeves and stopping.

The four princesses then looked at Wei Yuewu: "Jingde, what did Yan Shizi say that made you unhappy and made you angry?"

When the four princesses asked these words, she felt anxious. Even if Yan Huaiyu was going to provoke anyone to be angry, she had to be herself, so why could the Yueyue dance actually allow Yan Huaiyu to have such anxiety to provoke her.

But remembering the queen Tu's repeated orders, she suppressed her jealousy and made a caring face.

"The princess is okay!" Wei Yuewu shook her head with a bitter smile, and this expression made the four princesses reluctant to think about Wei Yuewu's reluctance, and she was jealous and happy.

There are also some faint pride.

"It's okay, Jingde. We are going to be relatives soon. This relationship is naturally close again. There is good news from your mother-in-law. Your father is about to marry her!" The four princesses came and took Wei Yuewu. Hand, laughing back while walking back affectionately.

Miss Tu Jiu's face flushed lowered.

"My father asked the emperor to marry him?" Wei Yuewu said in surprise.

"Yes, so the emperor has made a will there, and he can get married in a few days!" The four princesses said cheerfully, although the mother-in-law did not like this Tu Jiu before, but since her surname is Tu, she is of course her relatives. The relationship that will be used to win over and Wei Yue Wu is the best.

"After the mother-in-law just let me pass by, that is to say the good news. I heard that you were here, and Aunt Jiu asked to come and see." Four Princesses said.

She couldn't call this aunt Jiu, and when she saw Tu Yuzhen she only called a little Miss Tu Jiu, but this would be closer to Wei Yuewu, which claimed that the call would naturally come out.

Tu Yuzhen gave a glance at the four princesses in surprise. Compared to the three princesses and Tu Zhaoyi, she was quite kind to her. When the four princesses saw her, they were always proud.

The interaction between Tu Yuzhen and the four princesses, although Wei Yuewu saw in her eyes, her face was not obvious.

The party re-entered the palace of the four princesses, because there was Tu Shuihuo and Tu Yuzhen, and everyone talking was considered a peace. After sitting for a while, Wei Yuewu stood up: "Four princesses, I leave first. I went to the Library of Books to see the three princes who had previously asked me to read more books. "

Although the third prince civilization is a prince with little power, and the status of the biological mother is also low, the four princesses dare not despise him, mainly because the prince Wen Tianyao took great care of the third brother, sometimes even obediently. .

"Since it was the third brother's invitation, then you go!" The four princesses think that their goals have been reached, and then just a little harder, Wei Yue Wu will completely pour into his side, this will feel Yes, he just let go and waved generously.

"Four princesses, I have something here, and I will leave with the Lord of Jingde County!" Tu Yuzhen stood up hurriedly and said goodbye to the four princesses.

Since Wei Yue Wu is gone, Tu Yuzhen is useless to stay. Of course, the four princesses will not let go, simply let them go out together.

The two went out of the palace of the four princesses together, stepped down the stairs, and saw that there were no other people around. Tu Yuzhen whispered: "Country master, I found something, with my second sister!"

"What?" Wei Yuewu asked, biting her lip.

"A medicine bottle!" Tu Yuzhen hesitated.

As the two talked, they kept at their feet. It seemed that they were just talking privately. Tu Yuzhen was about to marry into the Huayang Hou Mansion. Wei Yue Wu was also Huayang Hou's niece. The two are now No one cares about identity, even if he speaks privately.

"What kind of medicine bottle?" Wei Yuewu's heart jumped, her feet paused, but she moved forward.

"Here you!" Tu Yuzhen touched a piece of parchment from her cuff, handed it over, and Wei Yue Wu took it, and immediately noticed that there was something wrapped in it.

"This is the medicine bottle I got from the second sister, and there is a note inside ..." When Tu Yuzhen said this, she gasped a little, her eyes full of clear surprise. This will not even know if this medicine bottle was delivered right or wrong.

"Thank you, Miss Tu Jiu!" Although Wei Yuewu was still moving forward, there was a great deal of excitement between her expressions, and the hand holding Pazi slightly trembled. Is this mystery really going to be solved?

Is my mother's death about to come out?

The second Miss of the Tu family was really the key. No one in the series of those who died prematurely expected that this second Miss Tu seemed to be invisible.

The caring person has been letting everyone ignore her existence, making her such a person slowly dilute in people's memory.

"You're welcome ... this was what I promised you ... but, after you watch it ... you need to be careful!" Tu Yuzhen groaned a few times, and stopped talking.

"I will, thank you Miss Tu Jiu." Wei Yuewu said sincerely.

The two separated at the intersection, Tu Yuzhen went outside the palace, Wei Yuewu turned to the library of the library, and the two of them had no soft bridge for the convenience of talking.

The housekeeper in the Library of the Book House saw Weiyuewu come over and didn't say anything. He gave way automatically. Jin Ling still stood at the door with the housekeeper. Weiyuewu went in by herself and came to sit at the table yesterday. .

After slowing down my mood, I put my handkerchief on the table.

Pa Zi folded up, tied a few knots, Wei Yue Wu opened them one by one, Pa Zi unfolded, she could see clearly the contents inside, her water eyes widened ...

Chapter 639: The truth, Miss Tu Er's letter

A pill bottle, the same pill bottle that I found last time with my mother.

If she had any doubts, it would have answered most of them because of the appearance of this medicine bottle.

Touching the medicine bottle with a trembling hand, it looks like Doctor Ming 's medicine bottle, but it is definitely not Doctor Ming. For a mansion like Master Tu, the doctors most often used in the palace should be the doctors in the palace to paint the queen. As with Mr. Tu, it is still easy to ask a doctor to visit a doctor.

Therefore, this bottle will never appear in the hands of this young lady Tu Er, who has been sick and crooked.

Under the sun, the color of the medicine bottle is not ordinary.

It 's different from the medicine bottle you found there. This bottle 's bottle cap is sealed, and the soft stopper is opened. Wei Yue Wu pours out a piece of paper from the inside. A little looks like it has been discarded. The paper ball is actually not noticeable at all.

Even if someone accidentally picked it up, they just thought it was a waste bottle.

The paper ball was unfolded a little bit, and under the soft fingers, it was flattened slowly.

In a short paragraph, it was the unique letter called Miss Tu Eryi.

Looking at the letter, Wei Yuewu's fingers trembled slightly, and then slowly clenched. The bright eyes were full of suffocation.

This is the truth!

It turned out that it wasn't just Aunt Dong and Li who reached out their hands, but even the queen Tu in the palace had given up. Such a medicine bottle was originally not available to ordinary people. It was the queen Tu who asked Tu Yi to send the medicine to his mother's hands. of.

A similar medicine bottle was specially made, but the similar medicine bottle was obtained from Aunt Dong's hands.

Tu Yi is a branch of the Tu government. She has a poor family background, and because of her illness, the family that was originally not rich is becoming more and more constrained. Therefore, she heard that Mr. Tu was fancy and thought that the son-in-law agreed to everything in her family, and Send her directly to Tu Taishi Mansion.

As a result, she replaced her previous engagement with Wei Luowen and retired.

For the good reputation of Tu's daughter, she can't marry again!

Fortunately, her body was not able to marry a person originally, so as a result, she was harmless, and then she met Mrs. Yang Shilang and Mrs. Jing Yuanhou, and then through these two ladies, she met Mrs. Qin Xinrui, then Mrs. These bottles of medicine were delivered to Qin Xinrui's hands through her hands.

Wei Yue Wu was also born at this time. Qin Xinrui's health was even worse after delivery, mainly for conditioning, but this medicine seemed to regulate her body on the surface, but it actually cost her life.

Tu Yi didn't know that the medicine was bad, but later discovered that Qin Xinrui was getting worse and worse. When she was surprised, she went to the palace to ask the queen Tu only to know that the medicine was for human life, and of course Qin Xinrui's life.

Shocked Tu Yizhen returned to Tu Taishi's Mansion, but the news of Qin Xinrui's death came, and after writing a letter to Mrs. Yang Shilang and Mrs. Jing Yuanhou each night, she wrote such a wonderful letter Xin, also hanged himself on the roof beam, the hanging beam hung ...

Therefore, the mother died, and the second lady Tu died the same day!

It turned out that in this coincidence, it was not just the tragedy of the mother-in-law, but also the tragedy of this Miss Tu Er.

Taking a deep breath, it seems that there is a strong **** gas, rising from the throat and unable to suppress it, but eventually it slowly returned to my heart ...

The medicine bottle in his hand was slowly closed, his head was slightly lowered, he bit his lip, and narrowed the hatred in his eyes.

"Why not read this book?" Qing Lang's voice came from behind him.

Wei Yuewu turned around and saw the three princes standing not far behind her, looking at her with a smile, in a good mood.

After finishing a little bit of thought, Wei Yuewu put out a hand to support her forehead, and smiled bitterly: "I have a headache, so I don't want to read a book, I just want to be quiet for a while."

At this moment, although her face was calm, but her heart was turning like a tide, and there was always an iron-embroidered smell in her throat. How could she really settle down to read the book.

The teeth could not help biting the lip, but let go.

"What's wrong, sick?" The third prince's face changed, and he hurriedly came down and put down the book in his hand, sitting opposite Wei Yuewu, peeping in his hands, and caught the pulse of Wei Yuewu's other hand.

It took a long time to let go of Wei Yuewu's hand, looked at Wei Yuewu rather confused, and frowned tightly: "What happened?"

"It's nothing, maybe it was just accompany the four princesses to pray for blessing." Wei Yuewu shook his head lightly.

"Is it all right?" The three princes asked in confusion, "did I bring your medicine last time?"

"Jin Ling is here!" Wei Yuewu laughed. Since the last time his father hinted that the three princes can be trusted, the medicine has been with Jin Ling.

"If you are uncomfortable, take one. Although it can't cure the root cause, it can always cure the symptoms." The three princes looked at Wei Yuewu with a burning eye, and there was a depth that Wei Yuewu couldn't understand.

"Thank you three princes!" Wei Yuewu watered her eyes slightly, and said tiredly.

Seeing her look so tired, the three princes stood up: "Then you take a good rest here, and I tell people not to disturb you!"

"Prince Lao San!" Wei Yuewu opened her eyes slightly and smiled.

The three princes nodded and said nothing more, picked up the book set aside, walked out, and had to walk a few steps, turned back to watch Wei Yuewu, and his brows frowned. Get up, how to see Wei Yuewu's current situation is not very good.

Only then did he take her pulse and found that her pulse jumped too fast, almost the opposite of her calm face.

With a sigh, he walked out with a heavy footstep and ordered a few words from the housekeeper of the library, and the three princes stood at the intersection of the library and hesitated.

A housekeeper rushed over and saw the three princes, and then wiped the sweat from his head, and gave a deep gift to the three princes: "His Royal Highness, His Royal Highness is looking for you."

"What's the matter?" The three princes froze.

"The minions didn't know, but His Royal Highness looked very angry, and he was anxious to let the minions come to see His Highness. The Minions thought that His Highness liked reading most, so he ran here, and unexpectedly met His Highness.

The housekeeper said wisely.

"Go, take a look!" Said the three princes, turning around and striding towards the Prince East Palace. The Prince had not found himself in such an anxiety that something must have happened that he did not know.

In the Prince's East Palace's study, Wen Tianyao's complexion turned blue in circles.

"Brother, look for me ..." The three princes came in, seeing Wen Tianyao's anger and anguish, and asked in amazement.

"You're here just right, see what's going on?" Wen Tianyao saw the three princes come in, and he took his hand without saying a word, pointing to the book before himself and pointing to the book before the case. Road.

"What is this?" The three princes suddenly saw Wei Qiufu's name on it.

"Miss Four of Huayang Houfu House. I saw that you paid attention to her before, so I paid more attention to it, but I also noticed two different results."

Wen Tianyao sneered, and took out another case file from the side drawer: "You look at these two case files, but the same person investigates different results. The people in this palace are really hand-to-hand, and they knew so quickly I want to investigate. "

Upon hearing the sounds in Wen Tianyao's words, the three princes' faces also changed. After taking over the file in Wen Tianyao's hand, he carefully examined it.

The same file and the same person have different results.

One of the above was explained from the time of Wei Qiufu's birth. At that time, Mrs. Huayang Hou was ill, and she could hardly see anyone. Even Mrs. Tai was prevented from waking up in the morning, and occasionally someone saw it. It was said that Mrs. Huayang Hou was wrapped in heavy clothes and seemed to be pregnant with a child.

In the following months, Wei Qiufu was born, and then Mrs. Huayang Hou's condition seemed to be a little more stable. Occasionally, she still appeared in front of people. The weather was warmer and clothes were less worn.

Later, it was said that Mrs. Huayang Hou was very good to Wei Qiufu, and often people let her play with her. She loved her very much. Even after Wei Yuewu was born, she was still good to Wei Qiufu. , What is delicious and fun, must prepare a copy for Wei Qiufu, sometimes not even Wei Yue Wu, Wei Qiufu has some ...

So in the end, it was determined that Wei Qiufu might not be born of Zhang Fang of Sanfang, but was born of Mrs. Huayang Hou.

Another book just said that when Wei Qiufu was born, Mrs. Huayang Hou suffered a serious illness that almost killed her. After Wei Qiufu was born, her illness improved, because Huayang Hou I have no children and I like Wei Qiufu very much, so I often hold it to play, but since Wei Yue Wu was born, I have obviously focused on my children, and no longer ask Wei Qiufu to play ...

The final conclusion of this dossier is that Mrs. Huayang Hou has nothing to do with Wei Qiufu. The current Jingde County principal is the daughter of Mrs. Huayang Hou.

"This ... this is!" The three princes looked inexplicably and looked up at the prince.

"This is someone who knows I want to check Wei Qiufu, and deliberately asked me to check the wrong direction, making me think that Wei Qiufu is the biological daughter of Mrs. Huayang Hou." The prince swatted at the desk case with a violent voice .

"Someone used the means secretly, so let the elder brother draw such a conclusion?" Although his words were vague, the three princes still understood. Junmei could not help but wrinkled tightly, and some people could actually control it. The fact that the Prince's House spies is a big deal.

"Yes, I didn't expect to put my hand in my Prince's Palace!" Wen Tianyao said coldly.

"Then Wei Qiufu ..." the three princes asked puzzledly.

"I'm afraid someone intentionally wanted to send her into my East Palace." Wen Tianyao looked at the third prince and opened his mouth, but after all, he didn't say anything about those things or the third brother's knot, since he didn't want to say, Why bother to force him.

"That being the case, let her enter the East Palace!" The three princes thought for a moment, and then they figured out the key, and sneered, "Brother, some people are too ambitious, so count it!" "

"Okay!" Seeing that the third prince's face was not reluctant, Wen Tianyao nodded at the moment, and at the same time confirmed that he was right.

A woman, a woman who was delivered to her as a chess piece, he looked forward to it.

"His Royal Highness, it's bad ..." A housekeeper slammed in.

Chapter 640: Horrified, Wei Yue Wu coma

Wei Yuewu watched as the three princes left with a gentle smile on her face.

After waiting, the figure of the three princes completely disappeared into his sight, and soon he could not even hear his footsteps, knowing that he had left, and could not hold it any longer.

A spit of blood spurted out.

There were a lot of confused scenes in front of her, missed each other, but when she wanted to see clearly, it turned around.

The weak body collapsed on the wide chair, and nausea appeared on his chest, and another blood spurted out.

"Jinling ..." She yelled low, but she couldn't even hear her voice.

The teeth bit the sakura lips fiercely, and a bleed of blood shed immediately on the lips, supporting the body strongly. With this clear and difficult turn, holding the bookcase on one side, stumbled out, but it was not too far At this moment, it seems far from the front.

The sky is spinning and I can't support it anymore, or I really want to die here this time!

The trace of clearness slowly receded in my heart, but at that moment, it seemed that I saw Yan Huai's beautiful face to the extreme, and there was always a gentle and elegant smile on that face, which seemed to be like a fairy. Gao Yuan did not fall into the ordinary, but at this moment, she saw his confusion.

The panicked expression really shouldn't have appeared on his face.

Isn't he the first son ...

Therefore, this should be my own illusion. The body leaned slowly against the side of the bookcase, but the next moment, it was hugged by a pair of powerful hands.

"Who killed you like this?" Yan Huai frowned, holding the person in her arms tightly consciously, and she was so light and light that he almost couldn't hold it, she would drift away. a feeling of.

If he didn't think Wei Yue Wu was really unsafe in the palace, and thought it was best to leave it, so he turned back on the way out of the palace, and he wouldn't see Wei Yue Wu fall in front of the bookcase so embarrassingly.

The blood at the corner of her mouth stained her placket. At this moment, she looked like a broken porcelain doll, and his heart was tightened fiercely!

"You ... is it true?" Weiyue Wu said, her eyes blurred, and she could not see that she was wise.

"Who is it?" Yan Huaihan growled almost coldly, vacated a hand, and slender fingers gently touched the corner of Wei Yuewu's lips, and wiped off the blood on her lips. Hurrying out.

No matter who killed Wuer like this, he must let him pay for it with blood ...

The attendant in the hall looked at Yan Huaiyu who was rushing out holding Wei Yue Wu, and wanted to come forward to talk, but was pushed away by the side of Jin Ling.

"Seiko, what's wrong with our county master?"

"Go to the Tai Hospital!" Yan Huaiyun said coldly.

Xiaodezi pulled the pushed housekeeper away and said anxiously: "Take the way to the Taiji Hospital. If something happened to Jingde County Lord, don't want to have a head on your neck!"

"Yes ... Yes, the slaves lead the way right away." The housekeeper knew that the situation of Weiyuewu was not good, and he trot in front of him.

Fortunately, Taiji Hospital is not too far away from this library. Only a few intersections have been seen. Yan Huaiyu held Weiyuewu straight and rushed into Taiji Hospital.

Several on-duty Physicians were called over, one by one, and the trembling substitute Yueyue was diagnosed with a pulse, and at last they found that they were physically weak and furious, and spit blood in their mouths.

"Shizi, I have medicine here!" Seeing the doctors' busy medicine dispensing, Jin Ling suddenly had a clever idea and took a bottle of medicine from her arms.

Yan Huaihuan took it, opened the pill bottle cap, took one out and sniffed it, and commanded: "Hydrate it with water, feed her!"

Jin Ling responded and was busy looking for water.

There was a lot of movement on their side, and it took only a while for the well-informed masters in the palace to know one by one. The prince and the three princes came first.

Seeing Wei Yuewu lying there without sound, his body was covered with bloodstains, the third prince's face changed greatly, and he rushed to want to see what happened, but was blocked by a hand that crossed him, his eyes raised Rise, facing the face of Shang Yan Huaihuan with a bit of coldness.

"What does Shizi mean?" The three princes' faces also chilled.

"I heard that the three princes were with the Lord Jingde before. I don't know what the three princes said to the county master, so that she even vomited blood for a while?" Yan Huaiyu raised her eyes and looked at the third prince quietly.

"Is she vomiting blood?" The third prince chuckled coldly, looking at Yan Huaiyu with a bit of anger. He has very little contact with the world-famous son of the kingdom of Yan.

"Not who is the three princes, but also asked the three princes to tell them what they said at the time?" Yan Huaihuan said coldly.

"I didn't say anything to her. When she went in, she felt restless." The three princes glared at Yan Huai. "Son, please let go and let me see Jingde's body."

"Her body is not a big deal now, but I really want to know what it was like, and the Lord of Jingde County could not help but vomiting blood and passed out. If it wasn't for me that I happened to go into the Library, or it would be The Lord could not wake up long ago!" Yan Huaihua said coldly.

Regarding Wei Yuewu's illness, of course, he has consciously expanded a lot.

The eyes tightly fixed on the three princes. The feeling of being stared at by powerful and beautiful fierce creatures caused the three princes to burst out two times in their hearts, but then they gave birth to greater anger.

"What is the relationship between Seiko and the Lord of Jingde County? Why do you pay so much attention to the Lord of Jingde County?"

"The Lord of Jingde County's life is mine. If it was n't for me to save her time and time again, her life would have been gone, and now it is not me. I am afraid she has also lost her life. Although I know that the Three Princes are not malicious, I still Please retreat the three princes, and wait for the lord of the county after I ask clearly. "

Yan Huaihua's expression calmed down slowly.

Wen Tianyao's eyes turned from Wei Yuewu's body, and he looked closely at the prince of the kingdom of Yan Guo, who has always been known for his elegant elegance, and frowned tightly. At this time, the three princes suddenly said no Come out, take a step forward, pull the three princes behind, slowly said.

"Yan Shizi, even if you have a life-saving favor for the Lord of Jingde County, this is probably a misconduct!"

"It really does not agree with the ceremony, but this is also the entrustment of Huayang Hou. Only then did I send someone to inform Huayang Hou who happened to be in the palace. He asked me to maintain the scene for him. We must not let Jingde The county chief was disturbed. Since Huayang Hou believes me, naturally I cannot let the Jingde county chief be disturbed again. "

Regarding Wen Tianyao's interrogation, Yan Huaihan said without hesitation. As early as when he came to the Taiyuan Hospital, he sent someone to find Wei Luowen, but Wei Luowen could not get away for a while and could only ask Yan Huai Ling first helped to handle Wei Yue Wu's affairs.

Since it was Wei Luowen's entrustment, Wen Tianyao had no inconvenience to say anything. He looked at him and lay on the bed, showing only a small face, the motionless Weiyue dance, and his heart twitched.

"Brother ..." The three princes looked at Wen Tianyao and then looked at Yan Huaihan, and the anger on his face receded slightly, and he said.

"Third brother, let's talk when the county chief runs out of medicine!" Wen Tianyao shook his head and pulled the third prince to the side.

Jin Ling offered the potion and came over to help Wei Yuewu carefully pour the bowl of potion.

Then he stood aside.

At this time, the third princess and the fourth princess also rushed over and saw so many people in the room. They didn't dare to talk for a while. They just stood quietly on the side of Wen Tianyao, and the three princesses were fine. Ask what happened.

Wei Yue Wu woke up in the humming voice of everyone, frowning slightly, just wanting to open her eyes, and suddenly heard Yan Huaiying's voice, she could not help but frowned, closed her eyes subconsciously and turned her ears It sounds.

"Jingde County Lord looks like this, I'm afraid it's not good. Since Huayang Hou is here, let's take the County Lord out of the palace as soon as possible. If this is delayed, no one can afford this responsibility." Yan Huaiying's voice He regained his mildness, just like what Fang Caiwei Yuewu saw was an illusion.

"His Royal Highness ..." This was the voice of his father, Wei Luowen.

"Huayang Hou, you don't need to be polite. Jingde County's main illness is like this. Naturally, he has to recuperate with his family. As for praying for the three princesses, choose another Miss Family to make up for it!" Prince Wen Tianyao's voice , Intimacy reveals intimacy.

"Brother Huang, this ... this was picked by my mother!" The four princesses were dissatisfied.

"So what, the county master is so sick, can he accompany you to pray for happiness?" Seeing how the four princesses did not know the general, the prince's face sank.

"Four younger sisters, even if you like the Lord of Jingde County and want her to accompany you, it is not suitable at this time. You look at Jingde's appearance, this is all the last breath left." The third princess was gentle and gentle Tao said, this sounded like persuading the four princesses, but it made people feel that the four princesses were too much.

The fourth princess almost stunned, her face angrily, waiting to make a snoring sound with the third princess, but she saw her emperor brother turned her cold eyes, and opened her mouth for a while, but she dared not speak again. For the other princes, she may not care, but for her pro-brother, the fourth son still dare not wanton.

"The county owner hasn't woke up at this time. It's better to have someone remove the bedboard and take it directly to the carriage to go back to the house to rest!" Yan Huaiying's voice would sound again.

"It looks like that!" Wen Tianyao looked helplessly, guarding Yue Yue Wu with his eyes closed, said helplessly.

Wei Yuewu, who was on the bed, had her eyes open, and closed them completely.

Next, many people started to carefully remove the bedboard with the Weiyue dance above it.

Then the housekeeper lifted up and went carefully to the gate of the palace. The matter had already been reported to the emperor. The emperor also agreed, and it was indeed inappropriate to accompany the princess to pray for blessings.

But another problem arose. The carriage on the Houfu House in Huayang was too small, and the wide bed could not lift Wei Yuewu away.

But when everyone saw the wide carriages of the white horses and horses coming over, they immediately peeped at each other again. Is this really okay?
