

Young Lady 661

Chapter 661: A closer look at the true cause of death of King Bei'an

Several doctors examined the pulse of Wei Yue in turn and then stepped back outside. Wei Luowen looked at Yan Huaiyu, stood up, and went out.

He really wasn't assured of guarding Yuewu's body, so he followed him intentionally.

"I go out for a walk too!" Wei Yuewu stood up, facing Wei Ziyang, who was accompanied by Yan Huaiyu.

"Would you like me to walk with you?" Yan Huaiyin leaned on the side of the chair and asked.

"No need, I just look at it!" Wei Yuewu smiled and shook her head.

"Good!" Yan Huaiyu nodded with a smile.

Wei Yuewu walked out of the door and saw that there was no one outside. Wei Luowen's little sister stood at the door of the right compartment. There was a faint voice. It should be talking over there about her condition. Bell followed closely behind.

The small stone road is hidden in the path. The weather has picked up in the past few days. It seems that the spring will be stained with branches, but it was not seen for a few days. The little flowers and bones that I want to put out also bear out.

Wei Luowu's study is not far from the path. Walking from Wei Luowen's side, there is no need to pass through the bamboo forest.

It was very quiet all the way, maybe the masters and sons all went to the inner court today, so none of them met.

Not far away is Wei Luowu's study, and a small cricket stands by the door.

Wei Yue Wu stood still and winked at Jin Ling, Jin Ling immediately understood, turned out from behind Wei Yue Wu, and hurried over.

"Hello, you ... go to the kitchen and get some snacks for our county master!" Jin Ling stopped and shouted when she saw the lazily squatting squatting at the yard door.

"Me?" Xiaoping for a moment, didn't respond, and pointed at himself.

"Not you or who? Hurry up, the county master is in Houye's study. Houye is asking the doctor for the county doctor's treatment. There will be no idle time. You can get it."

Jin Ling said in a hurry, then turned and left.

"But I ..." Xiao Yan wanted to say that he was here to guard the door, but after he finished speaking, Jin Ling went away.

Wei Yuewu's return to the house today, the entire house knows, and also knows that Wei Luowen has found many famous doctors for Wei Yuewu, this should be in the study in front.

Xiaoyi thought about it and decided to go to Wei Yue Wu for snacks. It would only be a while anyway. If this offends the county master or the big ring around the county master, he can't eat it.

Closed the back door of the courtyard, Xiaoyu hurried away.

After seeing Xiaoyu leave, Wei Yuewu walked out from behind the hiding tree and came to the gate of the courtyard.

Jin Ling stepped forward and opened the door.

Two people entered quickly, Jin Ling guarded the door and listened to the movement. Wei Yuewu picked up the skirt corner and stepped over Wei Luowu's study.

She had been there once before, and that very coincident Wei Fengyao had also come.

It was here that when she saw the matter of the Bei'an Palace, she felt a faint feeling in her heart. Wei Luowu should not only see this.

As soon as she entered the study, Wei Yuewu looked up, but she didn't see the last box, and the rest of the books seemed to be normal.

Liu Mei walked to the table with a slight wrinkle. The large case was almost the same as Wei Luowen's desk, and it was placed neatly, without any clutter. Wei Luowu was usually a cautious person.

Wei Yuewu walked around and looked at it, but found nothing abnormal, and was going to take a look at the bookshelf. Suddenly, there was something in the corner of her eyes, and she turned back quickly. She was surprised to find that it was a box that she had seen before, but this box It was placed on the right-hand side of the book case, and a thick book was covered on it, so Wei Yue Wu was not found for a while.

Remove the book above, and the words on it are no longer there. It looks like a very ordinary box in the eyes, without any surprise.

If it wasn't for this box's deep memory, Wei Yue Wu would certainly not take this seemingly unremarkable box seriously.

Pick up the box, press the method taught by Yan Huai, and press on a small button under the corner.

Immediately the box was opened, and there were several pieces of paper in it, which were the introduction of King Bei'an before Weiyuewu, but the following pieces of paper were not seen by Weiyuewu.

Picking up these pieces of paper, Wei Yuewu carefully looked up, the more she felt more shocked.

Everyone knew that King Bei'an was rebellious, and the emperor was furious, so he was banned, and even his natural mother and concubine were encircled in the palace.

But in the end King Bei'an died, allegedly because of his confinement and depression to death.

But these papers said that King Bei'an was sick and died. King Bei'an actually had a disease, but he didn't find it when he was young. The original emperor wanted to pass the throne to him, but later found that his body had Disease, only to pass the throne to the current emperor.

In order to protect the king of Bei'an and the concubine, the emperor banned both of them, and asked the emperor who was then the king and the empress at the time to swear that they could not do anything to the king of Bei'an and the concubine.

But it did n't take long before the emperor died, and King Bei'an died of illness, and the concubine was drowned in the palace. Outsiders did not know how the pet concubine who had almost stepped onto the throne of the queen mother.

But even if the queen queen and the emperor do not take action, Wei Yuewu also feels that the concubine does not live long.

The only son is dead, the emperor is dead too. She is a woman in a deep palace, under the control of her opponent. Even if others do n't deal with her, there are many people who want to please her queen mother to deal with her. And where can I get anything good, and what hope is there for her to survive!

But when she saw the next page, her eyes jumped. King Bei'an had no daughter-in-law, but she had a daughter Qingyang County Master, but this Qingyang County Master was not well, and she died early.

Sunny?

Wei Yue Wu's heart was beating, and she finally found it. The young lady who played with herself when she was a child is called the master of Qingyang County, and it is her who is engraved on the tree root!

But why is everyone taboo about her? Is it because of King Bei'an?

There was a sudden low coughing sound outside, knowing that this was Jin Ling's urging her. Although the kitchen was a little farther from here, the little lame legs would meet quickly, and they would return quickly.

Wei Yuewu quickly read all the papers in her hand, and then carefully placed them one by one in the original order. Finally, she pressed the box back and closed the book again.

When walking outside, Jin Ling was anxious and waited until she saw Wei Yuewu come out. She was relieved. Two people left the gate and closed the gate again.

When returning to the Weiluo Document Room, several doctors had discussed the formulas, but these formulas were still mainly for conditioning. Yan Huaiyu just took a look at them and said to Wei Luowen that the Hefu The prescription prescribed for Weiyuewu's body adjustment is similar, so there is no need to add more.

This remark was a blow to Wei Luowen's extreme productiveness. He had to helplessly dismiss several doctors. This would be frowning and sulking. Yan Huaiyu and Wei Ziyang were talking one by one. .

"Father!" Wei Yuewu came in with a gentle smile on her face. "I haven't seen it for a few days. The trees in this yard have sprouted, and a few have small buds. They are pretty. ! "

"Have you seen it?" Wei Luowen said with a spirit of laughter after seeing Wei Yuewu's spirit of spirits was not bad.

"Yes, I walked away a bit. This is the first time I have seen the spring scene of Huayang Houfu House!" Wei Yuewu smiled, her eyes filled with joy.

A red wedding dress made her look more and more crystal clear.

Thinking of her daughter staying in the house for only one winter, she had to marry someone. Wei Luowen's expression faded, and she laughed bitterly, lowered her head, and wanted to hurt the dancer, but she finally became like this.

"Father accompany me to the Jinghe Hospital to see?" Wei Yuewu said softly.

"Okay, you still have some things. I've also packed them these days, and just happened to be able to take them." Wei Luowen's face recovered after hearing the invitation of Wei Yue Wu, and he stood up and raised his face, his complex look Road.

"Is there anything else?" Wei Yuewu choked for a moment, because she was married to Yan Huaihuan, and had the will of the queen maiden, Mrs. Tai did not dare to buckle. Although she was in a hurry, she still had what she had. Having seen your dowry list, it's not that bad.

"I gave it to you. Before ... you don't have the mood to organize your dowry like that, but now that you are all right, these things were originally yours. Take it with you!" Wei Luowen sighed Breath.

Wei Yue Wu was stunned and sent to the Yan State Mansion. At that time, I just wanted to be able to wake up Wei Yue Wu Chong Xi. As for the other Wei Luowen, all were handed over to Mrs. Tai. So big, Wei Luo Wen believes Mrs. Tai is afraid to move.

Wei Yuewu woke up, Wei Luowen took the time to organize some things from himself, ready to send Wei Yuewu over.

The father and daughter walked out of the yard together, Yan Huaiyu raised his eyes and glanced at Weiyue Wu, knowing that Weiyue Wu had something to say to Wei Luowen, so he did n't say much, just called by hand An inner servant beside him, let him follow Weiyue dance.

Here I continue to have a chat with Wei Ziyang.

Wei Yue Wu and Wei Luo Wen walked in front, and Jin Ling and Wei Luo Wen's little sister-in-law and the housekeeper at the Yan Guo Mansion knew that the masters had something to say, but they fell far behind.

"Father, I want to worship my mother in a few days, I don't know if my father is free!" Wei Yuewu said softly.

Wei Luowen, who asked this question, had a very pale face. He had previously said that he took Wei Yuewu to worship, but although both his father and his daughter had been to plum blossoms, they had never really accompanied them.

"When you go, let me know, I will definitely go." Wei Luowen's heart is mixed, with a bit of sourness, "You are now married, you really should go and see your mother Dear, talk to your mother, so that she no longer has to worry about it, you are fine now! "

"Father, will your mother be happy?" Wei Yuewu paused, but kept up with Wei Luowen's footsteps.

"Your mother-in-law is naturally happy. She is a daughter like you. She has always wanted to protect you and grow up safely, but ... but the person who left last is her!"

Wei Luowen felt chest pain, and his eyes were a little astringent.

"Father, is my mother really the only daughter of mine?" Wei Yuewu suddenly stepped forward and stopped in front of Wei Luowen, watching Wei Luowen steadily.

"Of course there is only one daughter of you!" Wei Luowen looked at his daughter with a full face, and his heart suddenly jumped.

"Where is that son?"

Chapter 662: There is one more child in the palace

"Why ... what's the matter?" Wei Luowen's heart fluttered abruptly, the scar on his face twisted a bit, then calmed down slowly.

"Father, where is the brother born by the mother?" Wei Yuewu's eyes tightly stared at Wei Luowen, his face was heavy and sad, "Father, why do you want to **** the big brother born by his mother? Why make my mother so scared? Father knows how sad it is for a woman to be robbed of her child, and how can she survive this painful heartache! "

"I ..." Wei Luowen opened his mouth, but found that he could not even say a word in front of his childish daughter.

"Father, for any reason, is not enough to show that a child can be taken from a mother who gave birth to a child!"

The corner of Wei Yuewu's eyes involuntarily fogged up, "I heard that I was born less than Yue Yue, and my father happened to be away at the time. When the mother in the delivery room gave birth to me, Eryi and Aunt Dong were still arguing outside. Noisy, I almost disturbed my mother's heart, so that she lost her life. Fortunately, my father came over and rescued my mother and me. But my father thought, why was it so coincident that my father was away, that I was born in advance? "

"For ... why?" Wei Luowen asked in a dumb voice. He had thought about it, but he never figured it out. It was just a coincidence.

"Because my mother gave her a birth control pill, and she gave her a birth pill while her father was away. She just wanted to give birth to me at that time, knowing that it was not good for her and me at the time, but she still took it. It came down so that I was born prematurely, but father, do you know what your mother is afraid of? She is afraid that I will also be taken away! "

Wei Yuewu's tears fell unconsciously. Although she only found a little of these things, she still guessed the reason with so many clues.

If it wasn't for this reason, why would the mother-in-law disregard her own safety at first, and even prefer to die for two lives, rather than wait for Wei Luowen to stay by her side.

"Everyone says that you are good to your mother, and what I see is also my father's deep affection, but father, you know how important a child is to a woman, and her mother needs one more than those exaggerated words. Strong protection, instead of taking away the mother's child with others, so that she can only look at that child from afar. "

Wei Yuewu's tears drew down Yubai's cheeks, and her long eyelashes flickered twice, but it was difficult to hide the pain in her eyes.

Wei Luowen opened his mouth, but found that he couldn't say a word. He just felt heartache, and watched his daughter cry like this. He couldn't help tearing down the corner of his eyes, and he stretched his hands sideways.

"Wuer ..." Turning his head again, sorting out an emotion, Wei Luowen muttered something. He wouldn't let his daughter know. Even if his daughter blame himself again, he couldn't say it, but he I don't want Wei Yuewu to misunderstand me, so I want to explain a little bit.

But the next moment, he stiffened in place and found himself speechless.

"Mrs. Huayang Hou has one less child, but there is one more child in the palace." Wei Yuewu looked at Wei Luowen with tears.

She knew very well that if he didn't let his father let loose at this moment, basically he wouldn't let loose again.

"Father, I know that the prince is my brother, the child born of my mother, the child my mother was taken away from, and the heart of my mother."

Tears fell down one after another, sadness condensed in the beautiful eyes, and almost looked at Wei Luowen in sorrow, but the words were extremely affirmative, word by word, without any suffocation.

Wei Luowen's face changed drastically. He looked around. Several people behind him followed, and the voice between them was not high, so it should be impossible to hear.

He stretched out his hand and pulled Wei Yuewu to the side of the tree to avoid it, and his mouth hurriedly said, "Don't say anything blindly!"

Wei Yue Wu was taken a few steps tightly, and finally stood under a tree.

"Father, am I talking nonsense, you know the best. I will say the same in front of my mother in a few days. Father, don't you know that my mother will leave early because of this knot and heart problem? Is it!" Wei Yuewu stared at Wei Luowen firmly, her eyes do not dodge.

This remark was like a heavy hammer, which hit Wei Luowen's heart heavily, and he stomped at his feet before he stood still.

He has been guessing and regretting some things, but there is no regret medicine in the world to buy, but every time I think of it, it is painful to the heart, so that later, he slowly forgets and slowly makes himself only remember Ruier died of illness, but died of it, but not for other reasons.

Ruier's body is not good. Because he was injured when he gave birth to Wuer, he would burn the jade early. But in fact, he always knew that reason!

"Wuer ... something, you don't understand!" Wei Luowen said in a low voice, holding on to the trunk on one side, he would have no intention to investigate how his daughter knew, or guessed, he now I want to explain, but I don't know where to start.

That feeling is just like when I was facing Qin Xinrui, the same teary eyes, and looked at myself like this, without blinking.

Everyone in the world thinks Qin Xinrui is weak, but in fact Qin Xinrui is not so weak when facing things.

Sometimes Wei Luowen even feels that he is not as decisive as Ruier, giving birth to medicine? In order to dance when you are absent?

"Father, I don't understand what it is you took the big brother from your mother, but for whatever reason, you can't cruelly take away a child from a motherly weak woman, Which child is not a piece of meat that fell from your mother, and you watched someone take the child away. "

In a word, he was so worried, and then looked at those eyes that seemed to have met, Wei Luowen felt that he did not dare to look directly, the hard fortress in his heart seemed to slowly melt away ...

"Father, I'll ask you, is this true?" Seeing Wei Luowen avoid his eyes, Wei Yuewu's tearful eyes, but still staring at him tightly.

"Father, if I have something wrong this time, should those people deserve to say that their mother is a misfortune, so you still have no descendants, and if your mother is gone, you must be ridiculed. Being ridiculed and chewed by the back of those people?" Wei Yuewu said again.

"Wuer, this thing ... this thing is not what you think, you ... your elder brother can't help but leave your mother-in-law." Looking at the daughter's eyes with tears indictment, Wei Luowen couldn't help explaining,

"In order to be rich and rich? I don't believe that my mother-in-law doesn't need it. I believe that my mother-in-law prefers our family and He Meimei to live a simple life." Wei Luowen let out her head, and Wei Yuewu bowed her head sadly. , Looking at his tiptoe, "The mother-in-law should have loved her father very much. Wuer saw some things left by her mother-in-law, but after the elder brother's affairs, the mother-in-law must not dare to trust you!"

Some things, even if there is only some evidence, can also prove some local things at the time.

What others have said is only what I saw before, but after that, the male and female appearances are a marriage that both parties are satisfied with, but in the end they ended up with one spouse.

One of the biggest reasons for this is children!

Once a happy marriage, in the end the mother-in-law couldn't wait to give her a bowl of birth medicine and give birth to herself while her father was away. The meaning in it was to break the boat.

In this huge Huayang Houfu, the mother-in-law can only rely on herself, and with a child, she is always afraid that the people around her will **** their child again. The most trusted person becomes the most dangerous person. This degree of danger is even higher than that of Aunt Dong and Li of the second room.

How sad it is!

But even so, the mother tried to give birth to herself, and then dragged the sick body to protect herself.

"Father, you know, the queen died in the hands of Queen Tu." Wei Yuewu said lowly.

"What?" Although the words were low, Wei Luowen still heard them, and his expression was shocked.

"But the father didn't believe it? Is it because of what agreement was made when he gave the eldest brother to the queen? But what's the use? If the eldest brother is really a prince, how can there be two mothers when he comes to Dabao in the future? How could Queen Tu allow her mother to live in the world? "

Wei Yue Wu's tone is very light, as if talking about something else, but it makes people hear a kind of deep sadness from the bones.

"My father still remembers the medicine bottle. It was the medicine bottle in the palace. It was delivered to the mother by the queen Tu later, who was sick, and replaced the mother's other medicine." Weiyue dance.

"The Miss Tu Er who died later?" Wei Luowen immediately understood who was mentioned in Wei Yue's dance.

"It is said that this lady Tu Er also felt guilty later, so the mother died, and she herself thought about her health has been bad. In addition to this, she committed suicide!" Wei Yuewu guessed this, Think of the note left by Miss Tu Er, and you can see that Miss Tu Er was really guilty.

"But what about that? Mother can't live without her!" Wei Yuewu smiled wildly, and another tear rolled down her eyes.

"It's her!" Wei Luowen's face was blue and white for a while, and the corners of his eyes twitched fiercely.

"It's not who else she can have, but her father has to check. Who sent the doctor's medicine bottle into the palace will be exactly the same as Doctor Ming." Tears in the corner of the eye, whispered.

There are some things she does not check with her father.

My father has a lot of manpower. I believe it won't be long before I can find Aunt Dong's body. At that time, it will inevitably turn it over, and let my mother's grievances come to light.

"Okay ... Okay, okay, I'll check it later, a queen painted, a tai painted, no one knows anything!" Wei Luowen jumped fiercely with a stubborn brow and a sharp voice. Road.

"Father, is your brother really a prince?"

Chapter 663: It turns out that this is the real killing of Snowy Night

If the words were asked before Wei Yue Wu, Wei Luowen must have categorically rejected them, but at this moment, he could not say such words.

Looking at Wei Yue Wu's blindfolded eyes, he almost nodded in difficulty.

"Yes!"

Guessing is one thing, acknowledging it is another thing. Seeing Wei Luowen's heavy nod, Wei Yue Wu almost stepped back, and leaned tightly on the trunk behind him. In order to stabilize his shaky figure.

"Father ... why?" Settled, Wei Yuewu clenched her fists and asked, biting her lip.

"Some things are compelling. If possible, I am willing to accompany your mother. Our family of four is simple. Even if it is just an ordinary person, I may let your mother live a good life instead of the present. This kind of scene." Wei Luowen raised his eyes and looked at Wei Yue dance path seriously.

"Dance, there are certain things you don't need to know, nor do you need to know."

"Don't need to know? So I've been blinded by the drum, and many people know!" Wei Yuewu smiled bitterly, inexplicably astringent in her heart.

"Who else knows? The son of the State of Yan Guogong?" Wei Luowen's face changed dramatically.

"Father, there are some things that are even better concealed, and there are leaky walls. I don't know how the Huayang Houfu dealt with it at the time, but the Queen Tu 's side really dealt with all his henchmen? Really Is n't there a living? Do you really feel that you can take the sons of other people with peace of mind? "

"So ..." After listening to Wei Yuewu's words, Wei Luowen couldn't help frowning and followed.

"Jiyuan Hou Mo Huating really didn't know anything? Father, he robbed me at the beginning and did not retreat from his family, is he also worried about this layer? If he really divorces me, if one day, the prince will recognize me Is it possible for this girl to get angry with him, that's why he expressed affection in front of everyone and killed me on a snowy night. "

Wei Yue Wu said the eyes pale.

Although this thing has been going on for a while, I always think of Wei Yue Wu's thoughts.

Mo Huating's attitude is really weird. In rumors, he has no talent or appearance. If Mo Huating really doesn't like it, he can remarry for this reason. No one else will say anything. The couple who were engaged at the time will be gone. It seems reasonable that a young minister of his age did not like such a talented fiancée.

But he would rather have his life than retreat.

The reason for this was when Wei Yuewu learned that the prince was his elder brother and immediately thought about it.

What's the cause, what the result is!

It turns out that the cause and effect of himself and Mo Huating is here ...

I just couldn't think of Mo Huating's means so well. Actually, I had the news so quickly. Of course, he might not be sure about this news, otherwise he would not consider himself and Wei Yan's role, and then chose Wei Yan.

For myself, I was afraid of accidents, so I cut off the roots.

"How did Mo Huating know?" Wei Luowen was startled.

"I don't know about it, my father may check it out!" Weiyue danced, a gleam of light flashed in his eyes.

Mo Huating is actually very complicated. Wei Yuewu always feels that he has a secret, otherwise it is impossible to have a prince so early that he might be his elder brother.

Wei Yuewu even faintly thinks that Mo Huating's method is not just that. She could escape at first, but she was really surprised.

"Okay, I'll send someone to check." Wei Luowen also felt the danger faintly, nodded immediately.

"Father, why do you want to send the elder brother away?" Other things have been analyzed, Wei Yuewu asked again.

"In order to make an engagement with your mother, I ruined the reputation of Queen Tu. Later, although Li Daitao was stiff, she entered the palace, but after all, she owed Tu Taishi the house. After she entered the palace, she could not have children, I heard that Emperor Tu Zhaoyi was petted by the emperor, so he asked Master Tai to seek the Huayang Hou House. "

Wei Luowen didn't want to talk to his daughter about these things, which made him embarrassed, so he said something vague.

But Wei Yuewu understood everything. Because of his father and his mother's affairs, Huayang Houfu owed a huge favor to Tu Taishi's government, so when Tai Tu asked Huayanghou, Mrs. Tai and her father would agree to take the eldest brother into the palace and pretend to be the daughter of the queen Tu who could not survive.

To help the prince secure his status.

The eldest son is the Prince of the East Palace. There is almost no doubt. The position of the queen can be more stable.

Therefore, Wen Tianyao entered the palace completely for the sake of solidarity.

However, how could my father agree to such imagination, and there are things that can destroy the family, as well as Mrs. Tai, it is strange that with her heart, how could she agree to such a thing.

If such a thing is good, of course it is rich and extraordinary, but if not? That was the result of the collapse of the whole government. Mrs. Tai always sought stability. How could she agree to such a thing.

However, since Mrs. Tai has never forced her mother to have a child, nor has she punished her for this reason, she now knew that she wanted to come to Mrs. Tai.

"Father, this reason is not sufficient." Wei Yuewu looked at Wei Luowen.

"Wuer, some things were compelled at that time. After all, Huayang Houfu owed Tu Taishi's mansion. Queen Tu could only live alone forever, but at that time, I just wanted to marry your mother. I didn't take these into consideration, and later discovered that this matter. If it was troubled, for her, she would only be able to stay in Tu Taishi House forever. "

Settled, Wei Luowen moved forward again.

Wei Yuewu turned and followed.

"So, she can come to kill the mother-in-law?" Seeing Wei Luowen's teeth clenched tightly, Wei Yuewu stopped asking, and asked from the other side.

"If she really hurt your mother, I will definitely take revenge for your mother." The scar on Wei Luowen's face jumped twice, and there was a stern flash in his eyes.

Although he felt a bit guilty of queen Tu, he only felt guilty. If he really found out that Ruier's death was related to queen Tu, he would definitely not let queen Tu be ignored.

"Father, I hope you can do it." Wei Yuewu shook her fist, but her face was inconspicuous, and she said coldly.

"Wu'er, rest assured, this is the father's responsibility, but it's only from the Son of the State of Yan Guogong ..." Wei Luowen hesitated. Before his daughter was married, she didn't know anything, but only married to the State of Yan Guogong. , I knew this many secrets, it goes without saying that this matter is related to Yan Huaiyu.

This also made him increasingly frightened of Yan Huaiyu.

Why does Yan Huaiyu show these things to Wuer, isn't he trying to figure it out? Could it be that he was wronged to marry the dancer for this reason, just to hear about it. If the kingdom's reserve monarch is replaced, it is easy to cause turmoil in the whole country.

"Father, do n't worry, there is no real evidence from the son of the State of Yan Guogong, just some suspicion. Wuer also inferred from what he saw and heard on weekdays."

Weiyue Dance Road directly reduced the suspicion of Yan Huaiyu.

"Really didn't he show it to you on purpose?" Wei Luowen felt that he should still ask him clearly about the evil son.

"Father rest assured!" Wei Yuewu shook her head decisively, seeing Wei Yuewu being so decisive, Wei Luowen's heart dropped a bit, and a few words of Wei Yuewu were told, so that she must not be right Yan Huaiyu said.

At Qingheyuan, Weiyuewu just sat down a little, and then returned with Wei Luowen, but before returning to the study, he was stopped by a wife sent by Mrs. Tai, saying that everyone had gone to Jingxinxuan, everyone is here, waiting for their father and daughter to pass.

The two then switched to Madame Tai's Jingxinxuan.

The atmosphere in Jingxinxuan is not bad. Yan Huaiyu always feels like a spring breeze on the surface. Of course, this is also when he is willing to show, and this will be the time when he is willing to show. She also lost her restraint on her face and smiled.

The meal was quite enjoyable.

After having lunch, she sat down a little, and Yan Huaiyong got up to leave with Wei Yue Wu's body discomfort.

And this reason can be justified. Before the Yueyue Dance, he would lie down and enter the Yan State Mansion. This will wake up, and it is a great luck that you can't make any difference at this time.

Although Wei Luowen wanted to send Wei Yue Wu to the door, but he must be an elder, and was always inconvenient, so he sent Wei Ziyang to send it out.

Along the way, Wei Ziyang seemed to stop talking.

"Brother has something to say?" Wei Yuewu looked at Yan Huaiyu who was walking beside her. The enchanting son did not seem to see Wei Ziyang beckoning to him frequently.

"I may leave after a while!" Wei Ziyang was a little embarrassed. He actually wanted to avoid Yan Huaiyu, but he would be named by Wei Yuewu, and he was almost embarrassed.

"But the elder brother's wedding?" Looking at Wei Ziyang's blushing face, Wei Yuewu condensed his heart-felt thoughts, and asked softly.

Yan Huaihuan was nothing on the side, just glanced at Wei Yue Wu, her eyes were soft and leisurely, and she was in a good mood! It was just that his eyes fell on Wei Ziyang's body, but it was a bit cold. Wei Yue Wu didn't know what the demon's evil son meant, but couldn't help but look at him more.

"It should be in this period of time!" Wei Ziyang talked about his marriage, his expression on his face became increasingly embarrassed, and he looked at Yan Huaiyu on the side, seeing that he did not seem to notice himself, It looked a little natural.

"Can Sister Six do me a favor!" Wei Ziyang took a few steps, lowering his voice.

"Can't!" It wasn't the sweet wax of Wei Yue Wu, but the voice of a handsome man.

The face of Qingzi Qingjun was a little cold: "Master, this marriage is not a success, it's not about the dance, and the dance has nothing to do with it. It's useless to talk to the dance, Mo Ru Let's talk to Mrs. Tai on the government and Huayang Hou to discuss, there will always be an explanation. "

Chapter 664: Changes in Wei Ziyang's Marriage

"What's the matter?" Wei Yuewu's sensitive sense said something.

"Also ... no, what a big deal!" Wei Ziyang's smile was bitter.

Yan Huaihuan looked at him, but he didn't speak this time, but turned around leisurely. "I went to see your garden. I haven't seen it for a few days. It seems to be getting better."

Turned lazily after speaking.

Wei Yue Wu knew that Yan Huaihuan was talking to Wei Ziyang. He deliberately avoided it. He must know something. Maybe he didn't want to tell himself about it, but he would raise it up. Nor was he strong to keep himself from listening.

And he took the initiative to avoid, it seems that this matter is not only small, but also related to Huayang Houfu.

Within a few days, she didn't think anything would happen.

But the reactions of Wei Ziyang and Yan Huaihuan are not trivial!

"Brother, what's the matter?" Wei Yuewu asked straight.

Seeing Yan Huaiyu taking the initiative to avoid, Wei Ziyang gave a grateful glance at his back, which would stand on his feet, his expression darkened: "Qu Shilang Mansion will retreat from me!"

"Why?" Wei Yuewu's water eyes widened.

Although she hasn't had much contact with Qu Yan, she can feel that Wei Ziyang and Qu Yan can be regarded as agreeable, and also because Wei Ziyang is about to go to the border and is about to get married.

One of the reasons for Lee's return to his home was this.

Mrs. Tai also said that she had to get married before Wei Ziyang went to the border. To this end, Wei Ziyang also reported to the emperor on leave, otherwise Wei Ziyang should leave Beijing soon.

"Say ... it's a cousin!" Wei Ziyang said it was embarrassing and angry, and his face was so bleak that he couldn't think of his own mother, and he would help others calculate himself.

"Li Yueer?" Although Wei Ziyang's master is not detailed, Wei Yuewu understood it when she thought about it.

"Yes!" Wei Ziyang lowered his head, his face looking blank and dim.

"Isn't Li Yueer having a family relationship? Did she do anything? So much so that her brother's family relationship was broken?" Huaiyue Wu frowned and asked.

Of course, Li Yueer was uneasy. When he first entered Huayang Houfu, it was only because of Wei Ziyang that he wanted to steal Wei Ziyang's family.

What's more, I ruined my face later, and wanted to stick to Huayang Houfu.

However, Mrs. Tai did not agree with him, so she assigned Li Yueer to the prodigal son, and this matter was calmed down.

But the immediate meaning is that another Xuan'ezhi has come out again.

"I don't know who sent the news, saying ... That person is a prodigal son who is inexperienced. My aunt's family will remarry and force me to marry a cousin, but I don't want to. My mother sends someone to call me To discuss, but ... but, unexpectedly, I used a cup of tea with my mother, and then ... just ... "

Having said this, Wei Ziyang felt that he was shameless.

His own mother, even if he did not help himself, would even give himself medicine.

After using tea, he was so weak that he was helped to the side of the room to rest. When he woke up, he found Li Yueer lying next to him, and both of them were disheveled.

So the mother asked herself to marry Li Yueer, and forced herself to retire the marriage in Qufu.

Wei Ziyang is still very satisfied with Qu Yan. The marriage that the two had set up since their childhood was considered to be a sweetheart, and they were unanimous. Of course, they were unwilling because Li Yueer broke his own marriage.

But what he didn't expect, his mother actually went to Qufu to hide his marriage and told him about his relationship with Li Yue'er, indicating that he and Li Yue'er had a husband and wife relationship. Return.

Her niece cannot be a concubine.

If Qufu had to marry her daughter, it would be okay for him.

With his wife as his concubine, Qu Shilang's residence was certainly not subject to this humiliation, and he immediately expressed his willingness to remarry.

Qu Yan was so heartbroken that he asked Wei Ziyang to come and make it clear. Wei Ziyang only knew what his mother and mother had done. He was angry and hated for a while, and went directly to the house to find Li's furious, but it would be very wrong. As a result, Qu Shilang's government insisted on retiring.

Mrs. Tai also knew the news over this meeting and wanted to work hard to redeem it, but Qu Shilang expressed her will.

These days, I have been to the Houfu of Huayang to discuss the divorce.

Huayang Houfu did not want to remarry except Li, so this matter dragged on.

"Brother, why are you looking for me?" After listening to the matter, Wei Yuewu said doubtfully. In this case, she really sympathized with Wei Ziyang. There was no way to meet such a sick mother and daughter.

Miss Shi Lang, who has a good reputation, does not marry, but wants to marry that vicious Li Yueer. How do you think this is to harm the happiness of her own son's life.

Not to mention that Wei Ziyang and Qu Yan are in love.

However, when it comes to this matter, she really can't control her. There are Mrs. Tai, Wei Luowu, and Wei Ziyang on the side of Huayang Houfu House, and she is just a county master who is nothing. already.

Now or even this county chief will not be remembered.

"Qu Yan said ... or you can find a way!" Wei Ziyang smiled bitterly, looking at Wei Yuewu's pale face, and suddenly felt that he had no reason to express this meaning.

It doesn't matter how my troubles are with my six sisters.

Even though Sister Six is in the house, she is just her own sister, not to mention that Sister Six is still married and married to her husband. It is naturally more difficult for her to intervene in some matters of her family.

I can be considered a rush to the doctor!

Looking down at the ground, Wei Ziyang smiled: "Let Six Sister laugh, this matter has nothing to do with you, I ... I'm also confused."

No wonder Yan Guogong Shizi said that this matter has nothing to do with Sister Six, it really has nothing to do with it.

"Brother ... Have you ever wondered why Aunt Er must marry Li Yueer? No matter from what perspective Li Yueer is not suitable!"

Wei Yue Wu originally didn't want to care about the second room. Neither Li nor Wei Luowu was good, but she would see Wei Ziyang sad, but could not help reminding.

Wei Ziyang grew up with his father at the border since he was a child. He also has a unique affinity for himself, and he has not harmed himself because of Li and Sister Wei Fengyao. He is a person who can argue clearly. I can't bear to look at the sad expression on his face.

It was your own mother-in-law that harmed you, so since you are distressed, can you still only show a smile on your face!

It's just that Wei Ziyang didn't know that the smile didn't look funny at all.

But it can make you feel more sad.

"My mother?" Wei Ziyang originally could not understand Wei Yuewu's words. He thought for a moment, and suddenly his eyes became clear.

The reason for this was Li's. Of course, he had to find his roots. After the incident, Wei Ziyang never went to see Li's again, and ignored Li's summons.

Now it seems, it is time to take a look, no matter how she is her son, is her biological son.

Compared to Li Yueer, she is the closest person here, and she also needs her for a reason.

"Brother, find out the reasons first, and then talk about other things. In this situation of Li Yueer, do you still want to be the future Mrs. Huayang Hou? Eryi will not understand this truth. As for Qufu, my brother asked for gifts. Get married!" Wei Yuewu said with a gentle smile, eyes dazzling.

"Ask the Emperor to marry him?" Wei Ziyang's eyes brightened, and a smile appeared on his face.

This marriage was originally ordered by the two, so there is still the possibility of retiring, but if it is the emperor's will to marry, what reason is there for Qu Shilang to retire?

Neither mother nor Li Fushang dare to doubt the emperor's divorce.

What's more, the emperor should support himself immediately, how to think about this matter, thinking about this, Wei Ziyang's spirit is full, how can he hide his smile.

"Sister Six, I'll ask for marriage tomorrow." Wei Ziyang said anxiously.

Some of Wei Luowen's positions were slowly released from him, so he also has the power to face the upper court, but this club has no great achievements, just at the end of the general.

But even so, it is still possible for Jin Dian Mian Jun, not to mention father and uncle, neither of whom agrees to marry Li Fu.

Thinking about it this way, Wei Ziyang was refreshed, only to feel that Qu Yan was right. The six younger sister is not an ordinary person, and she can see the situation at a glance. Not only does she understand where the key is, she also gives it. I thought about it myself.

"Big brother is polite. Although my big brother is only my cousin, in my mind, you are my pro big brother!" Wei Yuewu smiled softly.

"However, don't be happy, brother. I'm afraid things are not that simple. On the other side, you must first figure out the reason. Otherwise, the family will quarrel over the Golden Hall. The matter between you and Li Yueer may be it was pulled out again, brother, let me ask you, if Miss Qu really marries you, what will Li Yueer do? "

Wei Yuewu reminded again.

"This ..." These words fell into the same basin of cold water from Wei Ziyang's head. At this moment, even if she did not marry Li Yueer, she seemed to have to accept her. As Li Yueer, it was like this The situation is really difficult to say.

For a time, Wei Ziyang was dumbfounded.

"Brother, you really have nothing to do with Li Yueer?" Wei Yuewu said with a straight face.

"I'm a martial arts practitioner, and the general dose is not enough ... I just fainted, but ... but my mother and Li Yueer both said I ..." Wei Ziyang said anxiously, but it was inconvenient to talk to Wei Yue Wu I said so clearly, but I didn't make it clear, and I was afraid that Wei Yue Wu didn't understand, and I saw sweat on my forehead for a while.

But Wei Yue Wu understood the meaning of Wei Ziyang.

Wei Ziyang is a martial arts person. He has been physically fit since he was a child. The medicine given by Li's can't answer this effect at all, so Wei Ziyang is still conscious.

"Brother, do you believe me?" Wei Yuewu thought about it, staring at Wei Ziyang in a deep voice.

Chapter 665: Sister Six, I believe in you

Wei Ziyang's eyes fell on Wei Yuewu's face.

He also has a childish face, even a pale face that is still exquisite and beautiful. If the girl in front of me grows up and grows longer, what a pity.

The black and white eyes of Yingying Shui, let people know at a glance that this is a smart girl with snow and ice, a smile on the lips, but fresh and natural, looking at her own eyes very seriously.

Almost instantly, Wei Ziyang nodded: "Sister Six, I believe in you."

"If you believe me, first ask the reason for the second concubine, and when you are clear, you come to the Palace of the State of Yan, tell me the reason for the matter, and then decide the next step. You must not ask the emperor first, Time causes lifelong regret." Wei Yuewu smiled.

"Okay! I asked clearly to come to you!" Wei Ziyang nodded solemnly, consciously quite ashamed, and he was considered to be a general who was on the side of one side, but not as calm as a weak girl in a boudoir.

After they talked about things here, Wei Ziyang took Wei Yuewu to go to Yan Huaiyu, and after a short walk, he saw the ordinary fairy child standing under a flower tree to admire the scenery.

"Brother, you go back first, Shizi and I stroll around again, and I will go back by myself." Wei Yuewu was worried about Wei Ziyang.

"Okay, then I'll go first." Wei Ziyang looked at Yan Huaiyu, who has been admiring the scenery for a long time, and then looked at the flowers and trees there, but he didn't think there was anything beautiful in this place.

But even if Yan Huaiyu had such a sign, he would not be able to force people out.

The flower tree is actually not a flower tree. There is no real flowering. Only a few trees have a few small buds. This flower tree is actually the same variety. Weiyuewu raised her head and narrowed her eyes. After looking at it a little, I didn't see anything special.

However, aside from the elegant and unparalleled son on the edge, Wei Yuewu feels that her cultivation is not enough. This one looks like an intoxicant, and this state is better than herself.

Then he raised his head again and looked straight at the neck for a while. Weiyuewu finally felt that he was indeed a little worse than Yan Huaiyu. He simply touched his sore neck, no longer looked up, and even a little impatient grunt. A sentence.

"Nothing great!"

"It's nothing nice, but I'm waiting for you anyway!" After hearing Wei Yuewu's impatient voice, Yan Huaiyu lowered her head and gave Wei Yuewu a sideways glance, reaching out her hand very naturally and holding her. Going to the pavilion on one side, "It's too early, I'll have a meal here, walk first and then go back to my house!"

Wei Yuewu didn't beware that Yan Huaiyu would reach out and was caught by his hand for a while, his face turned red, looked around, and found that whether it was her own ring or Yan Huaiyu's housekeeper, He followed very distantly, and she turned her face away, and did not see anyone looking at them.

This is a little natural.

"This is Huayang Houfu!" But even so, Wei Yuewu still blushed and warned.

"So what? You are the wife my Ming media is marrying, and the queen's will, is it possible to avoid others?" Yan Huaiyu's hands and Weiyuewu intertwined, listening to Weiyuewu saying so, Junmei's lips slightly twitched, obliquely glancing at Wei Yuewu's careless way.

"Doesn't it mean that Wuer is that we have to avoid the people in Houyang Houfu and return to our house to do whatever we want?"

"..." Wei Yuewu suddenly felt that her brain circuit was not on the same line as Yan Huaiyu's, and looking at what he said, it seemed as if she had something inconceivable with him.

Wei Yuewu is suddenly very fortunate that his sleeves are wide and wide. Although the two of them are holding hands together, they are covered by the wide sleeves. At first glance, they are still invisible.

Wei Yuewu thought she was deceiving herself, but she kept walking under her feet, followed Yan Huaiyu slowly through a pavilion on the road, and turned to another place.

Although there was no talk between the two people, it seemed strange that there was a kind of warmth flowing in the heart. Even if Wei Yue Wu felt uncomfortable at first, but after walking for a long way, he felt that it was nothing.

Raised his face with a blush slightly, looked at the jade-like son next to him, and saw the extremely peacefulness between his looks, his pace was not slow or slow, and it was not like being in someone else's house, as if in his own house. The Government House seems to move slowly.

It did not treat itself as a guest at all.

They walked on a path, because it was a random walk, and Yan Huaihuan did not lead the way to dance on the moon, so he just wandered to eat.

The descendants of the Huayang Houfu who met on the road saw salute everywhere, and then stood side by side respectfully.

In Beijing, even a small person knows the unusualness of the Yan Guogong.

"Do you know about Big Brother?" Another walk, Wei Yuewu couldn't bear it, bit her lip and looked at Yan Huai'an's side and asked.

"Know!" The elegant voice was soft and watery.

"What do you think?" Wei Yuewu wasn't surprised that Yan Huaiyu knew about it. It would skip why she knew it and ask him what he thought.

"Although the horse-washing is a small officer, the officer has a bright future!" Yan Huaiyu smiled slightly, but with a little force in his hand, he pinched Weiyuewu gently, and laughed extremely lazily.

The jump was so great that Wei Yuewu didn't understand it for a moment: "East Palace washed the horse and followed the prince. Of course, this identity also rose with the prince's water. If the prince ... becomes the emperor, such a confidant status will not be low!"

After saying this, Wei Yuewu's water eyes suddenly flashed: "Li Yueer's father is the East Palace washing horse, isn't that really easy to handle?"

"This is not a big deal now. Almost many people in Beijing have heard about it. If Wei Ziyang really has something with Li Yueer, Li Yueer will definitely enter Huayang Houfu, regardless of whether Li Yueer's face is ruined. "Yan Huai said lazily, completely indifferently.

Wei Yuewu was silent for a while. From the prince, Li Yueer was also regarded as the daughter of a prince. For such a prince, the emperor would never ignore it. She would be glad to let Wei Ziyang figure it out first. The origin of the facts, instead of asking Wei Ziyang to ask the emperor directly.

"Big brother said, how did he and Li Yueer not!"

"How about that? Everyone thinks that Li Yueer is also a victim. In this case, Wei Ziyang couldn't argue with even a hundred mouths. Moreover, at that time, all the big and small rings in Li's yard were all one mouthful. There is something wrong with killing two people. "Yan Huaihua said gently.

"So ... what then?"

Wei Yuewu didn't know that she had been married to the State Government of Yan Guo for a few days, and Wei Ziyang had caused so much trouble.

"Nothing to do, someone has to tell the truth!" Yan Huaiyin reached out and touched Yueyuewu's hair gently, smiling.

"Even Li's useless to tell the truth is useless!" Wei Yuewu blinked, blinking.

"Yes, it's useless!" Yan Huaiyu nodded his head in appreciation, expressing his comfort at the shrewdness of his little fox.

Her little fox is well-trained so that she can go out without being bullied by others.

Such a thing as Wei Ziyang should be a kind of sharpening!

Wei Yuewu didn't know that Yan Huaiyu felt that Wei Ziyang had done a good job. It was so wonderful. She thought that Yan Huaiyu was really analyzing it for herself, and her thoughts followed. "What if Li Yueer said it herself?" She asked softly.

"Will she say that?" Yan Huaiyi said with a smile.

"If there is a reason to have to say?" Wei Yuewu blinked her eyes twice, and suddenly her eyes brightened. She suddenly remembered one thing, something that she could absolutely slap Li Yueer.

Li Yueer wants to take advantage of this matter. Of course, ordinary things will certainly not make her regress, or Li Fu will not retreat, but if it is related to her life?

Wei Yue Wu does not believe that in this case, Li Yueer will not regress.

Seeing Wei Yuewu's eyes turning around as he walked, Yan Huaiyu felt more and more in a good mood. In this way, his little fox looked very energetic. Although he looked sick, he only looked But myself.

"Does Li Fu's backyard have a group of people and can't let people know?" Wei Yuewu, who was thinking of the original incident, still has a lot of fear in her mind. She couldn't find anything before, but it's different now. Alas, Wei Yuewu believes that this evil can't know nothing at all.

"Lu Luli people!" Yan Huaiyu smiled leisurely, and did not think it was a major secret.

"Lu Luli, Lu Di?" Although Wei Yuewu was well prepared, when Yan Huaiyu said such an answer, she still froze a little.

In fact, she also guessed that it was the people in these four places, but the most guessed was Yandi. Yan Huaiyu was originally a ghost, and it would not be a big deal if she raised such a group of people in Beijing.

"We all have people in Beijing everywhere, but everyone is very secretive. This is not the only place in Ludi, but it should still be important!" Yan Huaiyu smiled slightly.

"How do you know?" Wei Yuewu couldn't help but raise her hand and asked an inappropriate question.

"The four places are interoperable, and sometimes they exchange some spies. Correspondingly, now that everyone is in Beijing, they are sitting on the same boat. Although they are facing each other from time to time, everyone understands that it is appropriate to We still have to unite when we do, otherwise it will be easy for the court to be divided into pieces, which is not good for us in all four places. "

Yan Huaiyu laughed and glanced at Wei Yuewu with a touch of tenderness in his expression.

Wei Yuewu danced for a while, for these four princes, or this is the most correct way to get along.

It would not be good for anyone to break the court apart, so it seems that the four people are very competitive. They all seem to want to marry a princess, but they can maintain a delicate balance.

Others only think that there are only two princesses, but four sons and daughters. They seem to hate each other no matter how they look.

No matter who married the princess, the others will not be reconciled, and will even make some drastic measures.

But in fact, the complexity of these four places is no longer an ordinary idea. You can think of them as opponents and cooperation, but Wei Yue Wu knows that these are true. The situation has reached a certain level. They can be the enemy of life and death, but they can also be important targets for cooperation.

Think of it this way, and immediately sympathized with Yan Huaiyu's conduct.

In this way, in the middle of Beijing, how should he plan, even every small decision can cause great changes.

The fingers clasped in her hands gathered silently. The long, slender hand was very warm and comfortable, and her hands became more and more petite.

Sensing the closeness of the Weiyue Dance, Yan Huaiyuan was very happy and stretched out her hand to pull the Weiyue Dance. The Weiyue Dance leaned naturally and softly.

"You want to use Li Yueer for this?"

Chapter 666: Yang Wei Cha Qiu hao

"I thought so, but now I don't think so!" Wei Yuewu shook her head very naturally.

"Then what do you do?" Yan Huaiyu looked at Wei Yuewu with interest, and was in a good mood. Although Wei Yue Wu's words were not exhausted, he knew that he was concerned about himself.

Although Yan Huaiyu didn't care much about Li Fu's fuss about taking the matter, she was very proud of Wei Yuewu's intention. With a smile on her face, Junmu could not help but be stunned.

"You just wait and see!" Wei Yue Wu said rather mysteriously.

The two strolled around the yard for a while, then went outside the gate. The carriage of the Yanguo Mansion stopped at the door. The two got on the carriage and slowly went to the Yanguo Mansion.

Wei Yuewu's body hasn't recovered yet, she sat in a carriage leaning against Yan Huaiying, thinking about Wei Ziyang's affairs, she fell asleep unknowingly.

I woke up again, actually in bed.

"Master, you are awake!" Hearing a sound on the bed, he came up at the end of the painting and raised the curtain.

"When will I be back at home?" Wei Yuewu rubbed her eyes and felt that she felt very comfortable sleeping.

"It was Shizi who came in holding you. Shizi also made the slaves not to disturb you, but it will take longer to sleep. The slaves are thinking about whether to wake the master!" He smiled at the end of the painting, while he took the place for him. Wei Yuewu took Wai Shou and served her to get up.

Shu Fei had already prepared to wash the water there, and the two men served the guard Yueyue to groom together.

After everything was perfect, Wei Yuewu sat down again, looked out the window, and the window was pregnant with the setting sun. It was obvious that time was running out. For one thing, I finished my lunch and went to Huayang Houfu. After a short stroll, I returned, and it was a short sleep.

Fortunately, she will only be Yan Huaiyu and her two masters, otherwise, there will be some rumors.

"My lord, my grandson is here!" Jin Ling came in and lifted the curtain, holding a basin of delicate pastry in his hand.

"Please!" Wei Yuewu smiled, knowing that the eldest son in Jin Ling's mouth was Wei Ziyang.

Jin Ling responded, and within a short time Wei Ziyang frowned and walked in.

Wei Yue Wu greeted under the corridor.

The two returned to the room together. They sat still, Wei Yue Wu waved, and the other girls went out, leaving Jin Ling alone.

Although Wei Yuewu doesn't mind letting her own heirs listen to Wei Ziyang, for Wei Ziyang, it is embarrassing for Wei Ziyang to say that her own mother has framed herself for an outsider.

Wei Ziyang was touched by her little intention.

After seeing Wei Yuewu standing next to Jin Ling, she sighed, holding her head in her hands, distressed.

Seeing him unable to speak for a moment, Wei Yuewu stood up, poured a cup of tea for him, and pushed him in front of Wei Ziyang: "Brother, did you say that Li Fu's people asked her?"

"Yes!" Wei Ziyang smiled bitterly. With the words of Wei Yue Wu, some words were spoken very naturally. "The mother said that her grandmother sent someone to kneel in front of her and begged her. If the mother did not agree, The grandmother personally came to the door to kneel her mother. The mother said she couldn't help it. "

Sure enough, Li Fu's blood for Li Yue'er was really spent!

"They didn't like Li Yueer's marriage before? Who told Wei Ling about them?" Wei Yuewu also poured herself a cup of tea, and after taking a seat, took a sip and asked with a smile.

"My mother said that she didn't know. It seemed that I would only do this if I got any letter of approval there, and said that if I didn't let my cousin follow me, there would be no way out. My cousin was very close to my mother since she was a child. Patience she went at a young age, so ... will ... "

Wei Ziyang was also upset at this meeting. He originally hated Li's, but when he saw that Li was crying in front of himself, and said that she could not help herself, the balance in his heart began to shake again. .

No matter what, that's her mother-in-law.

"Brother, this is going to marry Li Yueer and give up Miss Qu to others? From then on, Brother will be able to pair with Li Yueer, and Miss Dian will also match Gaomen's husband-in-law. Being a passerby, all my brother can do is look at Miss Qu and others.

Wei Yuewu took the tea cup in her hand and shook it gently. The tea fragrance in her hand rose, and it became more and more elegant.

Only a pair of beautiful eyes through the scent of tea, exuded a dark darkness.

She certainly saw Wei Ziyang's wobbly.

Li is so innocent, without any responsibility?

This is a joke for Wei Yuewu. Taking Li's person as a person, maybe she is the one who is planning here. She framed her son and sought the support of her mother and father. Wei Yuewu didn't think Li would not do this Thing.

So this conversation is extremely sharp.

See Qu Yan and other men's wind and snow? Wei Ziyang's heart was severely hit, and he felt pain. He knew early on that he would marry Qu Yan in the future, because Qu Yan was always good, and slowly Qu Yan came into him. Even at the border, Wei Ziyang could not help but feel excited when thinking of Qu Yan.

The two of them were settled together very early, and they were regarded as childhood friends. They would think that the people who they had identified for so many years would end up flying with themselves. This was not painful.

"Brother, you can think about it. If you really think that Eryi is justifiable, then you still have to stop, or it is better to miss Miss Qu completely."

Wei Yue Wu said coldly.

"But ... I ... I ..." How about him, how willing Wei Ziyang is, this flushed face, stuttering.

"Brother, if Eryi doesn't like Miss Qu, even if Miss Qu is married, she won't be happy. You look at my mother and father. It is said that my father was eager to marry his mother, even without regard to Mrs. Tai. And the end result, my mother died early. "

The path of Wei Yue Wu's gloomy look, her long eyelashes fell down, like a weary butterfly.

"But I'm not uncle!" Wei Ziyang said flatly.

"Yes, my elder brother is not my father, but you must be clear. If you are not determined to have Miss Qu become a married man, you don't have to be, lest people mistake yourself!" Wei Yuewu said lightly, holding the tea at hand, He took another sip and gave a bitter smile to his lips.

"Brother, Eryi is on Li Yueer's side, and even for the sake of Li Yueer, is it really so innocent? Is there such a thing as discrimination? If you are unsure, if Miss Qu is married to Huayang Hou's house will also be hurt, why ... why? "

"I won't let Qu Yan get hurt." Wei Ziyang gritted his teeth excitedly. "Six sister, I won't let my mother deal with Qu Yan. I will take her to the border to pay for her job. In this capital, mother No matter what love is. "

He will not be like Uncle, never! According to Wei Yuewu, Wei Ziyang would also feel that Li's should not get up. No matter what, some things can be done, some things can't be done, and for his own self-interest, intentionally frame others, why? Nor does it explain the past that can be said.

Wei Ziyang was originally a resolute and decisive person. Before Li was his mother-in-law, he didn't think about it for a while, but he would be so excited by Wei Yue Wu that he knew immediately that his previous swing was wrong.

"Brother, do you want to marry Li Yueer?" Knowing that the effect was achieved, Wei Yuewu asked Wei Ziyang lightly.

"No!" He shook his head decisively.

"Even if she bites you now?" Wei Yuewu stared.

"Yes, even if she is biting me now, my six sister, you believe me, I really didn't do the thing I'm sorry about Qu Yan!" Wei Ziyang gritted his teeth.

Even if these words are inconvenient for her sister, but will have to say it, so Wei Ziyang no matter how hot his face is, watching Wei Yuewu every word.

"Brother, I believe in you!" Weiyue danced.

"Thank you ... Sister Six!" Wei Ziyang was so excited that he kept saying that he and Li Yueer were nothing but these days, but everyone felt that he had lied, even when he was his most respected uncle, when he looked at him He just reached out and patted his shoulder painfully, telling him that he should bear the responsibility.

Now, seeing Wei Yue Wu, he does not hesitate to believe, how can he not spread thousands of flavors in his heart.

"Brother, where is Li Yueer now?" Wei Yuewu asked only when Wei Ziyang was firm.

"Still with my mother!" Wei Ziyang said angrily.

"If the elder brother can trust me, she will be led out tomorrow." Wei Yuewu nodded, her eyes were deep, and the wicked still needed the wicked to grind. People like Li Yueer need not be polite at all.

That Wei Ling is a swinger, and still a rogue ...

Li Yueer was in a very good mood these two days, and this would even be a snack in a chair.

The scar on her face had been taken off, but at first sight her face was scary, and the scars on her face were dense, but this did not prevent her from showing her pride.

Of course, Qufu is about to get rid of her. Of course, she got the news long ago, and she will wait for things to get bigger again, even if my cousin doesn't want to marry herself, anyway, it will depend on him anyway. Does she know him?

"Miss, please go there!" She hurried in from the girl ring brought by Li Fu.

"Big cousin is here, please!" Li Yueer sat up straight with excitement. Since that happened, Wei Ziyang has never seen her again.

"Miss, it's the eldest son who wants to ask you to come and say something to discuss with you, it's about Miss Qu!" Ya Huan blinked her eyes and saw Li Yue'er misunderstood and explained quickly.

It was for Qu Yan's bitch? Li Yueer's face sank. Needless to say, his cousin came to find himself for Qu Yan, but what about it? If Qu Yan wants to go through the door, he can only be a little boy.

From big to small, she didn't believe that Qu Yan had this face and came to Houfu in Huayang to become a concubine.

"Let's go and see!" Li Yueer bowed his head, snorted coldly, stood up and walked out. The current situation completely occupied her own advantage. She wasn't really afraid of what Wei Ziyang said. Besides, her aunt also said, My cousin had her to deal with, so I just married into Huayang Hou Mansion, and that was when Mrs. Huayang Hou was.

Chapter 667: Li Yueer speaks truth

The courtyard where Wei Ziyang lived was still the previous one, with one end connected to the outer courtyard and one end connected to the inner courtyard.

But after Xie Qingzhao's incident, the inner courtyard here was basically closed, but this time Wei Ziyang let Li Yueer enter his courtyard from the other side of the inner courtyard because he didn't want to let others know.

For his words, Li Yueer was very dismissive.

She wouldn't be afraid that others would misunderstand what was going on between him and Wei Ziyang, but thinking that she had polluted Wei Ziyang once, and if she had reversed his meaning, she might have taken him in the future. Anxious, it is not good to ignore yourself.

Therefore, Li Yueer took a girl ring and came to Wei Ziyang's residence silently.

On the side of the inner courtyard, there is also a courtyard door, a courtyard, and a box room. After the gatekeeper's wife invited Li Yueer to enter, she stepped back.

Li Yueer stood at the door, converged with a proud expression, made a pitiful look, and pushed the door into the main room.

Inside the main room, Wei Ziyang sat in a chair with a somber look, staring straight at Li Yueer. There were a few scattered jugs on the table, and one or two fell to the ground.

At a glance, I knew that I drank a lot, and then smelled the wine in the room. Li Yueer frowned.

"Cousin! Why did you drink so much wine, your aunt would get angry when she saw it!"

She has had a good relationship with Wei Ziyang since she was urinating, and she is not so taboo on weekdays, which will help her.

"Angry?" Wei Ziyang sneered, picked up the jug at hand, and didn't use a wine glass, pointed directly at his mouth, took a few sips, and placed the jug heavily on the table.

"Will my mother be angry? Shouldn't she be happy? Finally, you got your niece into the house, how could she still be angry?"

"Cousin, why are you talking like this, your aunt is your biological mother!" Li Yueer came to sit on the chair opposite Wei Ziyang, but avoided the meaning in Wei Ziyang's words.

"Birth mother? Oh, is there a natural mother who counts her sons like this? Tiger poison does not yet eat a child. Is there such a mother, for her niece, even her own son can count!" Wei Ziyang Laughed loudly.

"Cousin, this was originally what you wanted to give our house, this thing ... I don't know!" Seeing Wei Ziyang reacted violently, Li Yueer's eyes turned, his face was bitter, and he took a quilt. Face, crying.

"Explain? Didn't you have a relationship with Wei Lingji? Why did you blame it on me? At least I'm your cousin, but I never thought you would be so ruthless." Wei Ziyang sneered, picking up again Jug, took a few sips from mouth to mouth.

"I ... I have anything to do with that swinger!" Li Yueer asked urgently.

"What's the matter, what's happening in this world, if you don't want people to know, don't do anything. Someone saw you and Wei Ling frowning. I didn't think of it before, but I didn't think it should end up on me. Ling ... "Wei Ziyang said that he paused here and hit a wine booze.

"What did Wei Ling say?" Li Yueer stood up and asked.

"He said ... he said that he and you already have a husband and wife, but in the end you did not look at him, and turned to my mother to taint me, trying to push this to me, and broke my order After so many years of family affairs! "Wei Ziyang turned his head and looked at Li Yueer, laughing more and more gloomily.

"He ... he's bullshit!" Li Yueer was thunderous, his face pale and angrily shouted, "I've seen Wei Ling twice before. He ... how dare he talk nonsense!"

When I heard that I was going to marry a nephew of Huayang Hou, and this person was still in the house, Li Yueer had secretly watched it. I felt pretty good about this Wei Ling before. Yes, the eyebrows are beautiful, they really don't seem to be inexperienced.

At first glance, Li Yueer was satisfied, and then went to see it secretly.

"You have secretly crossed Chen Cang with him, why can't he say that? Cousin, walk around, let's go to the grandmother now, tell the matter to the grandmother, and see if the grandmother will let you marry us. Yang Houfu is here!" Wei Ziyang looked upright at the drink, stood up staggeringly, and stretched out his hand as if to draw Li Yueer.

"Cousin, he is deceiving, he is deceiving. This person is a liar. I am not familiar with him. He wants to harm me. Yes, he definitely wants to harm me. I have nothing to do with him. There won't be!" Li Yueer was shocked, screaming anxiously, avoiding Wei Ziyang's hand.

Wei Ziyang's hand did not catch Li Yueer's for a moment, and he shook it a little before holding the table to stand, but the look on his face was sinking: "This cannot be for you, is it right or not, nor is it your decision, My grandmother will definitely check to see if you have any relationship with your cousin!"

check? Li Yueer just wanted to get rid of this man named Wei Ling. When he heard that he was going to check, his mind suddenly flashed.

"Cousin, check and check. I'm really not afraid to check. If it turns out that I have nothing to do with me, will my cousin be responsible for marrying me!" Li Yueer seemed to calm down and looked at Wei Ziyang.

"Check? The two of you have skin relatives, and you asked me to check? Hehe!" Wei Ziyang seemed a bit unconscious, his head fell down, and after shaking for a while, he sat down weakly, "Grandma There will be a special person to check there, and you cannot escape this time. "

"Cousin, then let Mrs. Tai check, that **** dared to stigmatize me so much, I must make him unable to eat, take it away!" Li Yueer gritted his teeth.

Here she only cares about Wei Ziyang, but she is not remembered by a swinger. How can she not hate it?

Check and check, is she afraid that no one will succeed!

"Hehe, you have cousin with your cousin, and follow me ... go, let's go to find grandmother now, do you think you have escaped this time? Cousin admitted that it was related to you." Wei Ziyang stood up staggered again, but he could not seem to be too drunk. He stood a moment, but did not stand up.

Only his head was raised, his face stared at Li Yueer coldly, and his eyes were so straight that Li Yueer could not help but panic.

Wei Ziyang's words are vague, but Li Yueer still fully understands. This will see that Wei Ziyang's situation is not right, and he stands up: step back slowly: "Cousin, we will check now, I know you What do you want to say, do n't you think I'm a virgin, ca n't you tell me clearly? Cousin, do n't worry, this thing is clear, it will be clear at a glance, and see if there is anything else between me and the prodigal relationship!"

She said very lightly, almost speaking to herself.

What happened that day was unclear to others, and she certainly knew.

After Wei Ziyang was brought in that day, he fainted on the bed, and later took off his outer clothes and slept to his side.

Xu is because of insufficient medicine, Wei Ziyang just fell asleep, but did nothing.

Therefore, she will still be perfect. Of course, she is not afraid of Mrs. Tai's investigation. The swinger's lie has no evidence at all, and it can be dismantled almost at the first investigation. Li Yueer is not afraid.

What she would be afraid of is Wei Ziyang. This state of Wei Ziyang is obviously not very good. It seems like a person who is drunk and crazy. Such a person is almost unconscious, but it is easy to make crazy behaviors. One accidentally caused him danger.

So, she would step back carefully, step by step.

Helpless, I took a few steps, and suddenly saw Wei Ziyang standing up with eyes, as if to jump over, startled and turned to run, but helpless sleeves were pulled by Wei Ziyang.

"Cousin, aren't you polluting me? Then we will ..." Wei Ziyang hit another wine goblet, but his men worked hard and pulled Li Yueer over, but he would not be able to stand on his own. After pulling Li Yueer over, let her hit the corner of the table heavily.

"Cousin, you can't hurt me!" Li Yue'er yelled at Wei Ziyang's unsteady standing and leaned over.

Originally she was still anxious that Wei Ziyang really had a relationship with herself, but this will have Wei Ling. Listening to Wei Ziyang's meaning, Mrs. Tai may also send someone to check herself. This will never allow her to be with Wei Ziyang. Anything else, otherwise it would be really unclear.

"Harm you? Haven't you already harmed yourself?" Wei Ziyang glanced at her obliquely, looking drunk, and stretched out his hand as if to pull Li Yueer again.

"No, no, cousin has nothing to do with me, cousin you have nothing to do with me, that day I just lay beside you, nothing else!" Seeing his hand stretched out and stretched out again Li Yueer was really panicked. Seeing that there would be no one, she screamed anxiously.

"You ... are you lying beside me? The two of us are okay?" Wei Ziyang's hand finally stopped, propped his hands on the table, and his head fell down, seemingly unconsciously.

"Of course it doesn't matter. When my aunt asked me to lie next to you, you all fainted like that, what else can you do!" Li Yueer would only want to get away, and the other side was a half-confused Wei Ziyang. She also I'm not afraid to talk about it, and even feel a sense of pride.

"So ... you polluted me!" Wei Ziyang murmured.

"Why did my cousin talk like this? Our cousins and sisters originally grew up with young children. What is Qu Yan and where did it come from? This is right now. I married my cousin. My aunt also liked it. Is n't it better to kiss my family! "Li Yueer was relieved to see Wei Ziyang not rushing over again.

As soon as the previous truth is spoken, this will say so again, and there will be no burden.

Leaving aside: "Cousin, don't even think about that Qu Yan bitch, it's always the two of us who are really destined. What is she, can you compare with me, we ..."

She talked more and more vigorously here. She focused only on Wei Ziyang, but unexpectedly there was a huge loud noise behind her. She turned back, sitting on the ground with her buttocks, her fingers stretched out, and stunned: "You ... you ... you ..."

Chapter 668: Failure, Li Yueer's End

Many people came out from behind the screen, but because there were so many people coming out, they knocked the screen there.

Mrs. Tai, Zhang's mother, Li Yueer's mother, and Li Yueer's grandmother brought a large class of mother-in-law, who appeared in front of Li Yueer with different looks.

Mrs. Tai came to Li Yueer with a somber face, and said coldly, "Miss Li, you really can count in your government, and actually secretly count the people in our government, okay ... okay ... okay, our temple is small, really I dare not invite Miss Li to stay, but please ask Miss Li to hurry home! "

Contrary to Mrs. Tai's face, the two on Li's house looked extremely embarrassed. If only they had heard it, they could really listen to it.

Mrs. Qu from Qu Shilang's Mansion came with Qu Yan.

There are people from all three provinces. They can be regarded as gongs in the face, and the other side can handle things.

After the screen, Wei Yuewu took the tea at her hand and took a sip slowly. She looked at the farce in front of her lightly, then put down her tea cup and stood up.

"Grandma, I'll go to Qingheyuan to see if everything is packed!"

The next thing should not need to be present on your own. I invited the two wives of Li Fu to Huayang Hou Fu, and I overheard them from behind in order to let Li Yueer tell the truth.

A large group of them came from the front door of the courtyard. After coming in directly, they sat there to rest, and then Li Yueer came out.

Hearing Li Yueer's voice, Li Yueer's mother also wanted to speak to remind Li Yueer, but was suppressed by Wei Yue Wu, and warned her that if there was a slight change, it means that Li Fu had the heart of Huayang Houfu.

Huayang Houfu is the house of generals and guards the border. It is conceived that Huayang Houfu may be colluding with other countries, and there may be conspiracy. When the time comes, Manchu will surely copy.

The so-called Manchu copying scared Mrs. Li and Mrs. Li's wife to say nothing more. They knew their own affairs, and of course they couldn't search in their own house, so they didn't dare to make the slightest sound.

Now that the truth has come out, I believe that Mrs. Tai must have some countermeasures. Some of the dowry that his father gave himself have not been picked up yesterday and placed in his own Qingheyuan.

"Dance, please go first!" Madame Tai nodded.

Wei Yue Wu walked out slowly with Jin Ling. This time they walked through the inner door. Instead of going through the hanging flower door, they went directly to their own Qingheyuan.

She brought all three girl rings this time. In addition to Jin Ling being with her, Shu Fei and Hua Mo went to Qingheyuan for finishing. This will come over, but I feel like everything is normal. I saw Wei Yue Wu Here, Mei Yan was busy coming to see Li.

Before things were too hasty, Mei Yan did not follow the past, and after everything here was sorted out, Mei Yan still had to follow Wei Yue Wu to the Yan State Mansion.

"Master, Houye sent a lot of things before. Yesterday the slaves packed a part of them to the Yan State Mansion, but there were still some ..." Mei Min said hesitated, "Slave felt that the county The Lord also recorded it before sending it! Although the things are small, they are very expensive. "

"What?" Wei Yuewu asked.

Yesterday, I sent all the big items. She asked for the inventory at the end of the painting. When she came to the newspaper after the end of the painting, she repeatedly stated that those things were excellent, better than those arranged in her yard.

Before the Qinghe Yuan, it took Li's great efforts to be better than Li's, which is naturally extraordinary.

Wei Yue Wu was wondering at the time, how could there be so many good things in his father's hands.

But this will listen to Mei Yan's words, can not help but be slightly surprised, can it be better? When my father returned to Beijing, although he brought many things, he almost divided them.

"Lord, see it for yourself!" Mei Yan felt that Wei Yuewu should see it for himself.

"Let's go and see!" Wei Yuewu nodded and stood up. Some of the things she got were basically in a box room beside her.

Turning to the door of the compartment, Mei Min took out a bunch of keys from her arms, found one of them, and unlocked the lock on the door.

The door opened, and everyone walked in together. At first, a huge screen that fell into the eyes almost divided the whole room into two.

"Mei Ye, when is there such a screen here!" The painting asked in amazement.

When they left, there was no screen here.

"This screen was also sent by Hou Ye. The slave told her to block her eyes. She could not let anyone see anything outside the window to avoid being thief."

Mei Wei smiled bitterly. She was really helpless. Although she only put it on for one night and said that the county master would come to get it today, Mei Mei did not sleep well all night.

Talking, Mei Yan turned into the screen first.

Everyone followed in, and immediately saw that there were seven or eight boxes, large and small randomly placed there.

Mei Yan stepped forward and opened a box, and when she could clearly see the contents, let alone a few girl rings stared straight, and even Weiyuewu also froze.

Father, is this going to evacuate Huayang Houfu?

Although it is not very large, there is a box full of gems inside, and almost all the boxes are packed.

Wei Yue Wu turned in and picked up a gem. This gem should be a cat's eye. The sun shining through the window is very seductive, and it's actually bigger than any one that Wei Yue Wu has seen. , Such a big opal should be of great value!

But in this box, this is not the largest one.

"It's all here?" Wei Yuewu stood up, looked around and asked.

"It's basically all, but it's not as big as this box. This box is the largest. The slave-women didn't sleep well last night. They have been watching here for fear of a mistake." Mei Yan smiled bitterly.

"My father sent it yesterday?" Wei Yuewu asked.

"Yes, Lord Hou said these were for the young lady, but yesterday there were some large items that could not be put in. The slaves took the master and removed those large items first." Mei Yan replied.

"Put these on my carriage for a while, and take them together!" Wei Yuewu nodded, looked at the boxes, and decided to go back to his house with his carriage.

It's no wonder that Mei Yan is nervous. If she is sent to Yan Gongguo as an ordinary dowry, there may be a mistake. If it is really lost, it will be troublesome.

His own carriage was guarded by a guard.

But these are too many! How come there are so many good things in my father's hands.

Wei Yue Wu gently put the box on the box, and her heart moved inexplicably. His father never cared about the affairs in the house. The shops in Huayang Houfu were basically taken care of by his uncle.

Do these stores actually make so much money and they are distributed to the hands of their fathers?

Could it be another channel for my father?

An inexplicable movement in my heart seemed to detect something ...

When the news came from the forecourt, Wei Yuewu was almost packed here. The Qinghe courtyard remained the same. The range of Huayang Houfu was huge, and there were many empty courtyards. Wei Luowen had already expressed his desire for it. This yard is reserved for Weiyuewu.

Wei Yue Wu will return in the future and live in the house for a few days.

The marriage between Wei Ziyang and Qu Yan was naturally the same. Li Yueer was sent back to his own house. In order to cover up this matter, of course, the marriage with Wei Ling was still the same. It was only that others were poor, originally it was Wei Ling and Li Yueer. Be careful together, but it is Wei Ziyang that spreads to the outside.

Although this is not convincing, it can at least cover his face.

Wei Yuewu was not surprised by this result. It was nothing difficult for Wei Ling to make this happen to Mrs. Tai, and then to call those two houses in the name of Mrs. Tai.

The **** is very short of money now, and just sent a little money to it, and then the matter was stirred up.

"The lord, Mrs. Tai said, if you are almost done, please go over there, Mrs. Tai has something to say!"
The rumored wife smiled, politely.

At present, Miss Liu is not the original Miss Liu, let alone their subordinates. Even Mrs. Tai is kind to see Miss Liu.

"Okay, go now!" Wei Yuewu nodded.

I sorted it out a little bit, and sorted things into categories, which were carried away first, and which were carried away later. After marking, I took Jin Ling to Madame Tai's Jingxinxuan, and left a book here. Fei and the end of the painting helped Mei Yan to organize together.

After arriving at Mrs. Tai's courtyard, she found that Wei Qiufu was also there. After seeing Mrs. Tai, the water eyes rose, and she slightly looked at Wei Qiufu, but did not speak.

Wei Qiufu is extremely plain today, only an ordinary coupled-colored clothes, with an extremely elegant pattern embroidered on it, and only a mule inserted in the head, without too many colors, looks pitiful, look Xiang Yueyuewu's eyes were also a little timid.

Seeing Wei Yue Wu look at her, a smile quickly piled up on her face.

But between her bowed head, there was a hint of hatred in her eyes, but that kind of hatred showed up, and she was still Wei Qiufu who looked a little timid.

Only this kind of Wei Qiufu has never seen Wei Yue Wu before!

Although it was quite satisfactory, it finally made people feel a little bit angry. Wei Qiufu's recent days have not been easy, and her face has lost a lot of weight.

"Dancing girl, your elder brother is finally okay, the people on Li's house are so whimsical, they dare to calculate our Huayang Houfu, really when we die in Huayang Houfu!" Mrs. Tai was quite angry Patted the table and said, with a smile on his face, "Fortunately, your method is good, otherwise Ziyang is really going to die unjustly, but afraid of the long dreams, your elder brother decided to go to the temple tomorrow Pray for marriage. "

"This is what Wuer should have done, and Wuer is also a part of Huayang Houfu!" Wei Yuewu smiled gently, said gently.

"That's right, no matter how close the relationship is, it's just a blood relationship that breaks the bones and tendons, even if there are some small disputes, this should be over!" Madame Tai sighed and ordered Acer, aside, "Go , Get me ready. "

Chapter 669: Do you think i will believe

"Yes, the slaves will go immediately!" Acer nodded with a smile.

Because of the grandfather's affairs, Mrs. Tai has been in a bad mood these days. This will finally be resolved, and even the people around will be happy.

Two identical boxes were placed in front of Wei Yuewu and Wei Qiufu.

"Fu girl and Wu girl, this is what my grandmother wants to give you, you are the lady in this house, naturally you can't be compared with the other two. Grandma here hopes that the two of you will not have any mustard, always their sisters. In the future, you have to help, Fu girl, you will enter the East Palace, and you can take care of the dancing girl. "

Mrs. Tai looked at the two granddaughters kindly and said very sincerely. In the end, she let Wei Qiufu take care of Wei Yuewu more, as if Wei Qiufu was found for Wei Yuewu.

Take care of yourself? Wei Yuewu sneered, Mrs. Tai really figured it out.

Don't you want to let yourself and Wei Qiufu be freed? Unfortunately, he was never a generous person. Wei Qiufu counted himself so many times, how could he let her go!

Almost everything she has, she is a beautiful snake, but also a beautiful snake hiding in the dark, now like this, I want to be a poor little white flower!

He sneered, but his face was not obvious, and he turned sideways to Wei Qiufu's gift: "Grandma said yes!"

Wei Qiufu saw the ceremony of Weiyue Wu, and hurriedly took a deeper respect for Weiyue Wu. The look on her face was excited, and her eyes were almost moved to tears, but she was afraid to see them. Busting sideways, she didn't want Wei Yuewu to see her feelings of grievance.

Seeing Wei Qiufu still doing this, Wei Yuewu just gave her a slight glance, and stopped looking at her. Wanting to come to these days, Wei Qiufu didn't go to Mrs. Tai, so she attracted Mrs. Tai to speak for her.

Seeing Wei Yuewu being so obedient, Mrs. Tai is still very satisfied, and she looks more and more loving when she looks at Wei Yuewu: "Dance girl, if you are bullied at the State Government, you must come back and tell your grandmother, grandma help You're angry, if you can't help but say it yourself, it's inconvenient for your grandmother to intervene here. "

"Grandma, I'm fine!" Wei Yuewu bowed her head and shyly.

"It's okay, I heard that the day you got married in the Yan Guogong Mansion, you got a fight. The lady Lin from Yan Di, rushed to your yard with the favor of Yan Guogong Shizi Come! "Said Madam Tai, dissatisfied, somewhat hated iron and steel." Dance, you are now the wife of the Emperor Yan Guogong. Even though she is also a marriage from a queen maiden, she must not have entered the door yet. The advanced door is big, why can she trouble your new house! "

"Grandma, how do you know about this?" Wei Yuewu asked with a look of amazement as her heart moved.

"You do n't care how your grandmother knows. You do n't have to go back for a while. Your grandmother has sent someone to invite the son of the State of Yan. Why is the lady in his house bullying the dancing girl so much? Now also Mrs. Yan Guogong Shizi! "Madam Tai's expression of anger.

Have you sent someone to invite Yan Huaiyu?

This speed is really fast. Before I was worried about Wei Ziyang's affairs, it didn't take long for me to turn to myself, and Wei Yuewu didn't think that Mrs. Tai was so concerned about herself, and even willing to shang Yan for her own sake Degree.

She remembered that Mrs. Tai was very taboo about Yan Huaiyu, but she jumped out abnormally.

It's abnormal, but since Mrs. Tai is looking for Yan Huaihuan, she has nothing to worry about.

That wicked fox would have counted the discord between other people's homes. Since it was first launched by his own house, let Mrs. Tai be a whetstone!

"Thank you grandmother!"

"Thank you for saying thank you, even if you are married to the State Government of Yanguo, or the daughter-in-law of Huayang Houfu, don't say your father won't let you be bullied. Even if I am here, I can't stand by your side. "I am grateful to see Wei Yuewu, and Mrs. Tai is very satisfied.

Nodded his head and said, "You and Fuya are the same. You are the honorable nieces of Huayang Houfu. Even if you are going to marry, this maiden house is still the most important thing, otherwise no one will be bullied. Supporting a waist, a woman who does not support her mother's family cannot support her husband's family at all, not to mention that you are not married to ordinary people, and two people need to help each other! "

"Yes, grandmother, four sisters and I will be fine!" Wei Yuewu looked up, took two steps forward, and reached out and held Wei Qiufu's hand.

Her hands were not warm, and she showed a slight coldness, which made Wei Qiufu's hands involuntarily chill, and she felt the strength in her hands. Wei Qiufu's face was not good-looking, but she did not dare to push Wei Yue Wu, and had to barely smile: "Grandmother, see what you said, my sister and I have always been the best relationship!"

Seeing their hands clasped together, Mrs. Tai was still very satisfied. She nodded at the moment: "These two boxes of jewelry will be given to you. The dancing girl hastily married that day, and my grandmother didn't give you any good. Even if I give them your subsidy, marrying to the State Mansion of Yan State, is a scene like that, if you have no money on hand, it is also true of Fuya, your husband is always too powerful! "

Mrs. Tai sighed.

Then he said some concerns before letting Yueyue go out.

"Master, what does Mrs. Tai mean, why are you still looking for a son?" Jin Ling asked in a low voice, looking at no one behind him.

"I want to explore the bottom of Yanguo Mansion!" Wei Yuewu smiled slightly and said lightly.

Even before she was married, Mrs. Tai did not show concern for herself. This would actually care about herself so much, and even find Yan Huaihan for her own willingness. This matter is a bit weird.

This is getting more and more interesting!

And it's a bit mysterious ...

"Sister Six, can we talk?" Wei Qiufu's voice suddenly came from behind him, Wei Yuewu stood still and was seeing Wei Qiufu smiling with Ming Yan's face, his eyes flashed involuntarily. There was a trace of coldness.

"Anything?" Wei Yuewu asked lightly.

Wei Qiufu took a few steps, hurried over, and stood in front of Wei Yuewu's deep gift: "Sister Six, I was wrong in the past. I will give six sisters a gift here, and I will definitely compensate them in my lifetime. Sister, if six sisters need me in the future, never die! "

Wei Qiufu looked sincere, raised her head and looked at Wei Yuewu, a bitter smile twitched her lips.

"I was jealous of you originally. I have always been jealous of you because you are the uncle's daughter and my father is very useless. So I am jealous and have always regarded you as a rival. But this time, this time. When you faint in the palace, I heard that when you can't wake up, I ... found out that I actually do n't want you to be in trouble at all. The only outstanding sister in the entire Huayang Houfu is you. If you have an accident, I will be married in the future. When I went to the East Palace, I also lacked assistance. "

"Sister Six, you really can't be fine!"

The words were extremely sincere. Looking at Wei Yuewu's eyes, she was full of tears, but even so, she still looked at Wei Yuewu. She didn't dodge at all. If you are not familiar with Wei Qiufu, As a person, even the moon dance of Wei Wei will be confused by this illusion.

"Sister Sister, do you think I would believe it?" Wei Yuewu sneered, her eyes fell on Wei Qiufu's face, letting go of any expression.

"Sister Liu, what do you mean?" Wei Qiufu could not think of her performance. Not only did she not soften Wei Yuewu's attitude, but she also looked indifferent for a while and froze for a while.

"I don't mean much, just think of a problem. I am now the wife of the Emperor Yan Guo, and the lord of the Royal Seal. If I don't want you to enter the East Palace, is there a way to do it!" Wei Yue Wu is extremely natural Looking at Wei Qiufu, there was a sneer on the corner of her lips.

She is very beautiful, but because of her young age, this beauty is not too aggressive, but at this moment, Wei Qiufu finds herself wrong, Wei Yue Wu is offensive.

"Sister Six, you misunderstood me!" Wei Qiufu smiled, intending to talk about this topic, but how could Wei Yuewu let her pass through the door so easily.

She sneered and said, "Four sisters are afraid?"

The question was very straightforward, and it made Wei Qiufu's face blunt, and the layer of false Chu Chu broke down for a while, and his face became cold: "What does Six Sister mean? I think I have become Can Mrs. Yan Guogongzi do whatever she wants? Sixty years of Hedong, thirty years of Hexi, the six sisters can be sure that they will not ask for my door in the future! "

"Then do you have a way to make the Emperor of the State of Yan Guo disapprove me!" Wei Yuewu smiled coldly, looked up and down Wei Qiufu, and snorted, "Four sisters are so nicely dressed, even if Entering the East Palace, His Royal Highness may also shine in the eyes of His Royal Highness. The four sisters can't compare with the appearance of Miss Jing Da, and began to want to use this method to win. This is a good way! "

Watched by Wei Yuewu with such contempt, Wei Qiufu was ashamed, annoyed, and panicked. For a while, he had a resentful expression on his face. If it wasn't for Wei Yuewu's entry into Beijing, where would he fall to this point.

Step by step, step by step, step by step, step by step!

If it wasn't for the Weiyue Dance, she would have been a Princess of the East Palace, or even a Princess of the East Palace. It must also be a high concubine. A side concubine cannot escape, and she is backed by the entire Huayang Houfu , But it is taller than Jing Wenyan, who has a title. I do n't know how much.

But all this was caused by Wei Yuewu's entry to Beijing, and it turned to ashes. When I think of this, how happy Wei Qiufu is, this will be ironic repeatedly by Wei Yuewu. The mask on his face can no longer be fitted, and it immediately breaks open. , Turned around and took a step forward, grabbed the sleeves of Weiyuewu, angrily:

"Wei Yue Wu, what do you want?"

Chapter 670: Strong so that you can be deflated

"What do I want?" Wei Yuewu sneered. "If I stop, I don't know how much the fourth sister may still be in Prince's East Palace."

"You ... you are too much!" Wei Qiufu gritted his teeth.

"I 'm too much or you are too much. You are trying to take my life, but now you say that I 'm too much. It 's because I have been murdered, and you have to step on me. Wei Qiufu, you are too Look at yourself! "Wei Yuewu said coldly,

"You ... what do you want to do?" Wei Qiufu felt a little in her heart and asked.

"I didn't want to do anything ... but ..." Wei Yuewu's hand pulled a little, pulled out his sleeve, pulled back to the side, and flicked the small stones between the fingers of Jin Ling behind her. , Was hitting Wei Qiufu's feet, who were a little bit shy because Wei Yuewu suddenly pulled out his sleeves.

Wei Yuewu's sleeves were so fast that Wei Qiufu didn't notice for a while. She shook her feet and stretched out her right foot to stabilize her body. Helplessly, her outstretched foot stepped on a stone. , Immediately with people carrying stones, fell heavily to the ground together.

The right wolverine lay at Wei Yuewu's feet, and the extremely elegantly dressed face was immediately covered with dust.

"Miss!" Ming Yan screamed and was about to help Qiu Fu get up.

Weiyuewu elegantly took care of her sleeves, and said slowly: "Sister Sister, you want to enter the East Palace safely and securely, but it also takes a price. Your grandmother gave you good jewellery, but I didn't know you gave your grandma If the jewelry box falls, will grandma blame you! "

Wei Yuewu's remarks made Wei Qiufu who was trying to help Ming Yan to stand up on the ground. She understood that this was the condition given by Wei Yuewu and also the condition that made her lose her breath.

"Sister Liu, can you be deflated?" She asked, gritting her teeth.

"Slightly, this is the case for me. If you are deflated, you will naturally talk. If you cannot defuse, you will always be in my heart and always want to find a way to get out of it!" Wei Yuewu lowered her head and looked One just happened to Wei Qiufu smiled gently, said with a gentle attitude.

"Six Sister is really a temperament!" Wei Qiufu said fiercely, reaching out a hand holding Ming Yan, and then grabbing the half-embossed box, pulling it **** the ground.

Immediately, the exquisite decorative box made a crisp and crackling sound, and the pearl jade as shown fell out, and several pieces were broken into pieces.

Something that was originally worthy was broken in a few moments.

Ming Yan's face changed drastically, and she looked like a ghost. This will be not far from Mrs. Tai's meditation hall. The gift sent by the husband's talent will be punished by Mrs.

In the past, Miss was very attentive, what is going on today.

When Wei Qiufu fell off the decorative box, Wei Yuewu pouted and smiled at her: "Be careful of the four elder sisters, this grandma gave it!"

"Yeah ... I was not careful. I will plead guilty to my grandmother soon!" Wei Qiufu gritted his teeth, and the boxers on both sides clenched tightly.

"That's good, but it won't get me involved again!" Wei Yuewu said with satisfaction.

"No!" Wei Qiufu almost bit the silver teeth, then watched Wei Yuewu leave.

"Miss, did the lord of the county force you to do this!" Said Wei Yan angrily, as Wei Yuewu left, holding Yan Weiqiu up.

"Slap!" A slap in the face struck her backwards, sitting directly on the ground, Wei Qiufu sat up and looked at her coldly, "Smelly girl, I didn't get my grandmother's box, just watch me not hit Damn you! "

"Miss, slave ... slave ..." Ming Yan did not expect that the matter finally fell on himself, and his face was so scared that the whole person shivered.

"Go, accompany your grandmother!" Wei Qiufu stood up, yelled loudly, and then went to Jingxinxuan without looking back.

They are making too much noise. At this time, someone had already reported to Mrs. Tai ...

"Master, will Mrs. Tai let us go back again?" Jin Ling looked behind him, but was not surprised to find anyone coming.

"No!" Wei Yuewu shook her head, a hint of irony appeared on her lips.

"Then she deserves to be punished, Mrs. Tai won't spare her!" For Jin Qiufu's pretend, Jin Ling has long been unaccustomed to it, which will make her feel relieved.

"This is actually just the beginning!" Wei Yuewu's lips evoked a cold smile, Mrs. Tai forced her to agree with the sister Wei Qiufu, no matter who it was, it was just the beginning ...

Yan Huaiyu didn't come to Huayang Houfu, but only let Lin Fang pick up Weiyue Wu. Mrs. Tai saw that Yan Huaiyue was not there, but she had no choice but to ask Weiyuewu to wait when she was free. Certainly Return to Houfu, Huayang.

Wei Yue Wu has decided to worship her mother, and let Jingxinxuan's mother-in-law run for himself, and after saying a few words to Wei Luowen, she took her own couples and went to the state of Yan Horse carriage.

As for Wei Qiufu, Mrs. Tai did not mention it, nor did Wei Yuewu mention it, as if she did not know that Wei Qiufu had been kneeling at Mrs. Tai's courtyard for several hours.

The carriage went all the way back to the house, got out of the carriage, but Wei Yue Wu looked at Lin Fang before jumping off the horse.

"Where did the son go?"

"Shizi went to the palace!" Lin Fang said respectfully.

"This time?" Wei Yuewu looked at the sky. At this time, Yan Huaiyu was always there, and the two of them were also considered as newlyweds.

"Yes, I only called for it, and said that something happened in the palace, and it was also about Shizi. The queen and his wife specially invited Shizi to pass by!" Lin Fang said very vaguely, and then looked at Weiyue intentionally. The face of the dance was found to be the same as that of Weiyue Dance, and then she was relieved.

I also feel that the Queen's affairs are not authentic.

No matter what happened in the palace, even if the two princesses quarreled, this matter had nothing to do with Shizi, who is now married to the Lord of Jingde County, and has nothing to do with the two princesses.

This will call people away. If there is really such a thing as Miss Lin, plus the current situation, anyone will feel bad, and the fire will rise and rise. This queen can see How good it is to have your own son!

"Shizi will come back and inform me immediately!" Wei Yuewu nodded, Liu Mei frowned slightly, and led the public to the inner courtyard.

At this time, it is reasonable to say that Yan Huaiying should not be called into the palace specially, and he is still a queen.

Before Yan Huaiyu had not married, she was called into the palace from time to time, but it was extenuating, but now it is extremely stigmatizing. What does the Queen Tu want to do?

Or what do the two princesses in the palace want to do?

Feeling uneasy, I felt a little anxious.

During lunch, Wei Yuewu let Jin Ling inquire outside, but there was still no news from Yan Huaiyu outside. For a while, there was no medicine. I just used half a bowl of soup and drank Yan. Huai Ling had no appetite for the medicated diet he had made.

The original siesta time was also due to the heavy heart, so she couldn't sleep at all, but just stumbled on the bed.

"Master, Shizi is back at home!" It seemed that he heard Jin Ling's voice, and Wei Yuewu hurriedly stood up.

"Come back?" "Yes, come back! I heard the master asked a few times. The son is coming here. The slave walks fast. Come back and inform the master first."

Jin Ling laughed.

"Help me up!" Wei Yuewu didn't want to sleep again this time.

Several Yahuan served her in a hurry to get up, only after washing, they heard footsteps from outside, and the Yahuans stood beside the door respectfully.

As the curtain lifted, Yan Huaihua from Huayi came in.

Wei Yuewu's gaze fell sharply on his face, only to see his handsome face smiled, gentle and elegant, but he couldn't see anything unusual on peace day.

But Wei Yuewu's eyes were sharp, but she saw a dark red at the cuffs of Yan Huai's cuffs, her face changed for a while, and He stood up.

"Why, didn't you sleep well?" Yan Huai came over and sat in the chair opposite Weiyuewu. Junmu swept away Weiyuewu's face and smiled gently.

Then he stretched out his hand, and the slender fingers hit Wei Yuewu's cheek.

Wei Yuewu didn't expect that Yan Huaiyu would be under the crowd of the court and suddenly stretched out her hands. She blushed immediately, shy and flushed, and even her ears burned. She subconsciously looked at the girl ring on the side, but she saw a few Yahuan bowed their heads respectfully, all staring at the ground tightly, as if at this moment, flowers bloomed on the ground.

Suddenly, Wei Yuewu felt even worse!

These girls are definitely intentional!

Blushing, she reached out and patted Yan Huai's hand, and said, "You ... what are you talking about!"

"Where isn't it the right thing? I heard that the lady in your house has to call me over and Xingshi to plead guilty!" Yan Huaiyu smiled leisurely, but his hands retracted very quickly, but she avoided Weiyuewu. Hands.

Then he waved his hands, and several Yahuan backed out with great eyesight. At the end of the last painting, they closed the door for them intently.

"Maybe!" Speaking of Mrs. Tai, Wei Yuewu thought of Mrs. Tai's previous expression, and a smile on her face could not help but show up. If she had only come back to Beijing this time, Mrs. Tai had always defended herself like this. I really thought Mrs. Tai was a good grandmother who loved her granddaughter!

"When you return home next time, I will follow you! I can't let you be counted forever!" Yan Huaiyu smiled, his eyes looked at Weiyuewu tenderly, and a beautiful smile on his lips I can see that I'm in a good mood.

His mood affects Wei Yue Wu, but Wei Yue Wu is relaxed, and his mood is not so tense!

His eyes fell, and the blood fell on his cuff, which was too obvious.

"what is this?"

Yan Huai raised her wide sleeves, leaned back lazily, and shook her sleeves: "A farce in the palace."

"What happened? Are you all right?" Wei Yuewu fluttered two long eyelashes and asked.

Looking at Wei Yuewu's beautiful eyes staring tightly at her, a look of concern, Yan Huaiying felt very useful, stood up, kicked his foot, and hooked the wide chair to Wei Yue. The dance moved over here, and then pulled slowly, coincidentally side by side with Wei Yuewu's chair.

Then I sat down, and I took it to Weiyuewu very naturally. I just happened to be on Weiyuewu's shoulder. When I tried hard, Weiyuewu turned over and was embraced by him. In the arms.

Wei Yuewu's face became more and more red, but she did not push him away. She is now giving herself up. This fox never knows to hold it!

"Something happened in the palace. This meeting should still be aftermath!"
