

Young Lady 681

Chapter 681: Want them to leave

"His Royal Highness, our three princes are looking for you. Please go there!"

"where is it?"

"Hangshudian!" Said the housekeeper.

Wen Tianyao nodded and turned in a direction toward the library.

The housekeeper at the door of the library saw Wen Tianyao coming over and hurriedly saluting, Wen Tianyao went straight in.

"Brother, I want this medicine." When Wen Tianyao came in, the three princes pointed at the map page with excitement and said, "This medicine may cure Jingde's disease."

"Are you sure?" Wen Tianyao frowned and looked at the medicine book in the hands of the three princes. He was not involved in these, so he couldn't see what this was for a while, but he was confused.

The three princes said that he had known for a long time that Weiyuewu was inherently inadequate, and said that he had to live a more peaceful life, and could only support himself with less labor.

But is this really the reason? Congenital deficiency can be bothered to vomit blood?

And still faint?

"I'm sure, brother, you have someone help me find this medicine. I'll try to study it." The three princes were sure.

"Well then!" Although Wen Tianyao was not sure, seeing the appearance of the three princes, he felt that it might be useful.

"Brother, this kind of first deficiency is not only to be carefully cultivated, but also not to be troubled. This was originally the case. For so many years before Jingde, it has been peaceful because her grandparents have nothing to worry about. When it comes to Beijing, Huayang Houfu is also a mess. "

Xu is because he feels that regulation is promising, the three princes are in a good mood today.

"Third brother, do you think Jingde can live a quiet life with Yan Huaiyu?" Wen Tianyao thought for a while, settled in a chair on the side, and asked.

The question was extremely abrupt, and the three princes looked a little surprised, but immediately understood what he meant, and then slowly said, "Big brother's meaning, do you want them to leave?"

"Nothing!" Wen Tianyao nodded.

"Yan Huaihuan won't agree!" The three princes said with certainty.

"His wife was originally intended for one of the two princesses in the palace. Now he actually pulls Jingde up. Isn't he deliberately giving his Yan Di Lin as a shield?" Wen Tian Yao grunted dissatisfied.

"Brother, Yan Huaihuan is not good at guessing or dealing with, we still watch it change, Jingde is not a stupid." The three princes comforted Wen Tianyao, "for the time being we still do not move, Wait and see if it changes. If Yan Huaiyuan really wants to use Jingde as a shield, we can actually be dead. "

"Deadly?" Wen Tianyao tasted the product, eyes brightened.

"Yeah, death cricket, if Yan Huaizhen is really uneasy, we can use this dead cricket method to let Jingde get away. Since he doesn't care about Jingde's life, this so-called death cricket can still be discussed with him. It's good for everyone. "

The three princes said something.

"Okay, then do that." This reminded Wen Tianyao, a smile on his face.

"Brother, did you just take the orchid over, and your mother was not angry?" Wen Tianyao smiled, and the three princes also relaxed and asked.

Queen Tu did not like Wen Tianyao to play with flowers and flowers. Of course, he knew that Wen Tianyao would also take care of her emotions and try to get some orchids in where she couldn't see it. The housekeeper was taken to Fengyi Palace.

"She's angry? Of course she's angry. She could kill the orchid-raising woman back then, and of course she doesn't want to see orchids anymore."

Wen Tianyao converged the smile on his face, said coldly.

At that time, he later found out very clearly, saying that what the bandits killed was clearly that the queen Tu saw himself to see the flower girl, and thought he was fancy, so he started to take the flower girl family while it was dark Kill them all.

Inner master shot, naturally will not leave clues, of course, will not be found by the government.

So this matter became a mystery case.

Wen Tianyao will never forget that when he went, the woman he saw was lying in a pool of blood, and the palm in his hand fell to the ground.

He picked it up ...

Since then, he has not dared to say too much who he likes.

In fact, the reason why he was so different to this flower girl was because Mrs. Huayang Hou was smiling gently at him in the orchid bush.

This kind of tenderness, he was almost never felt by the queen when he was young. At that time, he just felt that his own biological mother was the queen, which is naturally different from others and more majestic.

But when I secretly saw Mrs. Huayang Hou, I realized that other ladies can be so gentle and look at themselves so lovingly.

Since then, in his young heart, there has been the figure of Mrs. Huayang Hou.

It is for this reason that I am so enthusiastic about the third brother's affairs that I am mistaken. He actually wanted a mother like Mrs. Huayanghou since he was a child!

Now think of it should be the nature of mother and child.

But Queen Tu prevented him from seeing Mrs. Huayang Hou.

Later, after seeing the flower-raising girl, from the back view, it was almost so similar, so he went every day, but unexpectedly it also caused the queen Tu, the flower-raising girl's family to die.

"Get married so soon?" Wei Yuewu asked suddenly.

"Yes, it was said that it was a good day, so I picked a day like this. Ye Hou and Mrs. Tai are in the same room, and Tu Taishi's house has already been arranged there." Nodded at the end of the painting and reported. She had just returned from Houfu of Huayang, because she was in a hurry, was anxious, and was a little breathless.

"Why don't you inform me sooner?" Wei Yuewu said in wonder, no matter how she was her father's daughter, Huayang Houfu settled down, and she had to tell her what she was doing.

"Slave asked, Acer said that when the matter was originally scheduled, he should notify the master, but Hou Ye said that this matter is not urgent and it is not a big deal. Don't rush to inform the master, it will be fine in a few days." End.

Not a big deal? Wei Yue Wu was speechless. How his father didn't care about it, so much that it was not a big deal.

The event of marriage is a child's play.

"Master, when the slave is about to leave, Qingxin still pulls the slave and talks, saying that the little girl ring with her is Miss Four. She suspects that the previous matter is related to Miss Four. A gentle person is actually so vicious. "

Before the end of the painting, Qingxin was in trouble, but after that, the relationship was really good.

Wei Qiufu's person? Wei Yue Wu has long known.

At that time, Qingxin was almost sold to the place of fireworks. How could she not hate her? As for asking her to investigate the little girl ring, it was also Weiyuewu's suggestion to her at the end of the painting. It looks like she should have got it now. Actual evidence.

"Since she said it in earnest, she didn't say anything about that girl ring, but she put the little girl ring beside her and stared at her carefully, but seeing what news she had with Miss Four, she dared to insert someone beside Mrs. Tai, And I also inserted such a unknowingly ghost, a daughter who wants to get married, what do you want to do? "

"Whatever she wants to do? No matter what she does, she is getting farther and farther away from that princess!" Wei Yuewu said coldly. In this case, Wei Qiufu couldn't keep her peace.

"Master, Qingxin also secretly told the slaves that Miss Da came over there and asked if she could marry Miss Five earlier."

"People sent by Wei Fengyao?" Wei Yuewu frowned. Wei Fengyao was not like that kind of person, and now Wei Fengyao is in Nan'an Wangfu.

According to the reaction of Princess Nan'an last time, it was not bad to let Wei Fengyao violently violently. Now it seems that Wei Fengyao is a bit interesting, does this mean jumping out again?

"Yes, it's the young lady's person, or the old lady's previous dowry girl Huan came with the wife of Princess Nan'an, and said that the son of Wang Nan'an and Miss Wu could be regarded as agreeable. If they can get married early, also It can be regarded as the heart of King Nan'an, and the young lady also said that she was always her own sister. Any misunderstanding before would be enough. "

At the end of the painting, this was originally meant to throw the pear in the heart, and specifically told her.

This will of course be told to Weiyue Wu in one hundred and fifty.

What does Wei Fengyao mean? Or what does Princess Nan'an mean? Wei Yuewu's heart moved: "Have you talked about that Meier thing."

"I didn't say anything about it, nor did the lady mention it." At the end of the painting, she shook her head.

"What do you mean by five sisters?" Wei Yuewu said she had a bad instinct and frowned.

"This ... I heard that Miss Wu has no meaning!" Cheng Mo replied honestly. "Even if Miss Wu has any meaning, I dare not mention it. Madam, there is no such thing as Miss Wu speaking."

"Should it be after my father's marriage?" Wei Yuewu asked.

"It's really behind. Now the house is busy with Houye's marriage, and Mrs. Tai's people are so busy that they don't touch the ground, so let Princess Nan'an push things back and stay with Houye. After that, I will talk about Miss Five, but Princess Nan'an seems to be in a hurry, and I will send someone over three forks. "

End of painting.

"Preparing gifts, I will go to Huayang Houfu in two days." Wei Yuewu thought for a moment and said decisively.

"But ... there are seven or eight days before Houye becomes married." The end of the painting said inexplicably, "what is the master going to do at this time?"

"Let's go and see Sister Five first!" Wei Yuewu's mouth twitched slightly, always feeling that there was something in it, but she couldn't think of anything for a while, so she simply found an excuse to see it.

Wei Fengyao? Sure enough, Wei Fengyao still has some means, then meet again!

Wei Yue Wu never expected to see Wei Fengyao in Houfu, Huayang. When she took Jin Ling into Mrs. Tai's courtyard, she actually saw Wei Fengyao sitting there, but she was really stunned.

The previous message meant that Princess Nan'an completely banned Wei Fengyao, and she wanted to lock her to death. It was unexpected that she now returned to Huayang Houfu.

Chapter 682: Tit-for-tat

"What kind of wind is this today? It's really rare to blow the six younger sisters." Wei Fengyao is very thin, and she can barely support her clothes, because she looks very similar to Li's.

I do n't know if the arm on one side is stiff, it seems that the whole person even fell head over there, plus the thick powder face and the 40-year-old Old.

In the past, when she saw her, Wei Yuewu didn't feel so much, but at first glance, she felt very similar.

Li also happened to be with him, and Zhang was with her.

After seeing the ceremony with Mrs. Tai, Wei Yuewu sat down according to the ceremony, and then looked at Wei Fengyao in an unnerved manner: "It's a coincidence that the elder sister hasn't seen the elder sister for a long time. I really don't think about it. It's really rare to see her here today. "

These words are just ordinary greetings, but falling into Wei Feng Yao's ears is a strong irony.

With a vicious look, he glared at Weiyue's sneer and said sternly: "Six sister is really a good portrait of the auspicious person. In such a situation, she can still wake up. It is really the blessing of sister six."

I heard Wei Yuewu was vomiting blood in the palace and passed out, and she couldn't wake up. Wei Fengyao was happy, but unexpectedly things changed. It didn't take long before Wei Yuewu woke up here, and married like this. A good husband, Wei Fengyao hated to sleep all night and all night.

I just felt that Cangtian had no eyes, and actually let Wei Yuewu escape her life.

There is also such a happy event, and it is not a glorious thing. The handsome Emperor Yan Guogong did not know if he had taken the wrong medicine, but he was still rushing to come.

Such as Wei Yuewu, just find the dirtiest beggar, and actually let her be blessed by misfortune, married Yan Guogong Shizi, Wei Fengyao thought it was difficult.

If given the opportunity, she must step down Wei Yue Wu into the mud stains.

"Thank you for your elder sister's good words. It is indeed auspicious heavenly phenomena." Wei Yuewu seemed to have not heard the strong irony in Wei Fengyao's words, and smiled calmly.

"Dancing girl, why are you here today? Not in the house to support yourself?" Mrs. Tai coughed, and gave Wei Fengyao a fierce glance, opening the topic.

Everyone can see the strong gunpowder smell between Wei Fengyao and Wei Yuewu.

What's more, Wei Fengyao saw Wei Yuewu's face almost as if he were looking at him.

Wei Fengyao originally wanted to interject, but Li was pulled behind by pulling the sleeves behind her, only to be alert. The purpose of her visit today is not to compete with Weiyuewu. Do n't let Weiyuewu break. It's my business.

"My father's wedding is just these days. I have to come and see in advance. There is no one who can take care of him. He can't mess up there. My grandmother is old and there is always one who can't take care of me. Time, so in recent days, I will come to the house to help, despite my grandmother calling me. "

Wei Yuewu smiled warmly at Mrs. Tai.

"Your sisters really have the same kind of heart." Seeing Wei Yuewu so enthusiastic about her mother's affairs, Mrs. Tai laughed with flowers on her face. "Your elder sister just said that I will come here every day recently, and I can support anything. With her, there is always no ambassador in your father's room now, for fear that people will take it easy. "

Wei Fengyao actually wants to come over? Wei Yuewu's main head moved slightly, but her face was not visible. She turned to Wei Fengyao with a smile. "The elder sister is really kind, but it is best for the elder sister to come. If I can't get over there, I really have to worry about the elder sister. The elder sister is always a close relative, and it is used more than several other sisters. "

People like Wei Fengyao are absolutely unprofitable, and Wei Yuewu certainly doesn't believe that Wei Fengyao really came to help, so this will leave the words there.

It's OK to help, but it's best if she doesn't let her come over to help her.

The primary and secondary should be clearly separated, and I believe that Mrs. Tai also understands this.

"What did Sister Six say? Uncle was quite a father to me. When I was young, Uncle was very close to me. When Sister Six went to his maternal grandmother's house, Uncle was empty, and he often took me out to play. Now, uncle is in trouble, how can I sit idly by and ignore it. "

Wei Fengyao's face calmed down at this moment, and her words were particularly sincere.

After speaking, I took a little bit of papa in the corner of my eye, and it seemed that everything was crying, sincerely showing.

Well, Wei Fengyao is really not simple. It took me a while to adjust it, and he was more close to his father than himself and his father.

Inside and outside the words is that Wei Yuewu has always lived in his grandfather's house, so he is not close to his father.

With a sneer in her heart, Wei Yuewu's face became more gentle with a smile: "The elder sister joked, no matter how good the elder sister is, the daughter of the second uncle, it is hard to succeed. The father still thinks that the children of the second uncle's house are better than themselves Home is not good? If that's the case, I'm really wronged. "

Wei Ziyang was raised under Wei Luowen's knee, but it can be said that the two relationships are very close, but Wei Fengyao and Wei Yuewu believe that his father will not feel that Wei Fengyao is closer than himself, but today Wei Fengyao has repeatedly It is weird to express that he is very close to his father.

She remembered that Wei Qiufu had not said so before.

I really don't know what these people think. Fathers have daughters themselves, why should they be so close to someone else's daughter.

Here they are tit-for-tat, Mrs. Tai's brows frowned heavily, and snorted, and poked on the table politely, "You two came back to the house to help, or came to demolish the station. Why isn't that? Weier, if you do n't come to help, you all go back! "

"Mother, of course Yaoer came to help. She also conveyed the meaning of Princess Nan'an. It seems that Princess Nan'an also feels very good about this marriage."

Seeing Mrs. Tai being angry, Li's rushed out and rounded the road.

Since the last incident of Aunt Luo, Li's has been honest for a long time, as if nothing had been planned, only An Erfen as the second lady.

It took a bit of a hand in Wei Ziyang's family affairs, but it is said that it was also because her mother's biological mother was begging her that she could not help but want her to be wronged.

Wei Ziyang's previous news also said that the most wrong thing was not Li.

But even so, Wei Ziyang also said that he would no longer have unreserved belief in his biological mother.

"Then stay well. Whatever happens to you is, dance girl, you are the same, you don't want your father's marriage to be done well, be told!" Listen to Li's mention of Princess Nan'an, too The lady's complexion eased a little, and said slowly to Weiyuewu.

"Yes, grandmother, Wuer is based on her grandmother's orders." Wei Yuewu smiled softly.

It was only based on Mrs. Tai's orders. Others told her not to care. Wei Fengyao wanted to get involved in his father's affairs, or something in his father's yard.

"Dance girl, last time he came to the Kingdom of Yan Guogong, he didn't come, is he still not free now? Miss Lin in that house didn't bother you? Don't be afraid, you're Miss Yang of Huayanghoufu The identity of the family daughter of Yandi did not dare to take what you would do. No matter how bad it was, my grandmother went to the palace to ask the queen maiden to let her support you. It is always our family in Beijing. No woman! "

This is a cliché. Wei Yuewu didn't know how much Mrs. Tai was worried about herself. She mentioned it when she came here last time, and now she comes again, and she bears it with all her heart.

If she really thought about it, she could only know for herself.

It seemed as if he was really going to be on his own.

"This kind of thing, how can you bother the queen mother?" Wei Yuewu was embarrassed.

"Why not, you are the queen's maiden's purpose, the marriage given, even if the emperor of the kingdom of the kingdom is a high weight, but also a courtier of the emperor, of course, you must listen to the queen's maiden's words, rest assured, wait for the grandmother to enter the palace, I will Go to the queen queen and ask her to make it for you. "

Mrs. Tai's face was angry, as if she saw Wei Yuewu being bullied.

Wei Yuewu sneered, but she didn't even ask, she went directly to the palace to ask the queen. The queen could not find any reason to interfere with her. Mrs. Tai's request was not right.

"Grandmother, I am very good with Shizi, and that Miss Lin is fine. She must be just a lady now. I can't believe that I was married by Ming media." With a slight smile, Wei Yuewu looked up at Mrs. Tai intimately, The look on his face was natural, without any reluctance.

"That Miss Lin is so arrogant, are you okay?" Seeing her proposal was rejected, Mrs. Tai was unhappy and her face sank.

The queen maiden sent someone to tell her, it was easy to handle, and Wei Yue Wu was so unaware that she was unrecognizable.

"Grandmother, that Miss Lin, I have only seen it once, other times she was her, I was me, and the State House of Yan Guo Gong was so big that I didn't even run into it. What's more arrogant! She is no less arrogant than I am! "Wei Yuewu smiled as she looked at Mrs. Tai.

"So, my grandmother doesn't have to worry about it anymore. Grandma also wants me to live well in the state government of Yan Guo? If this is all right, how can I live well? Grandma, do you mean it? You have always taught us to be generous and marry How could a man who was a wife in the past be so small and familial, the words of his grandmother always kept in mind, so he didn't feel unhappy. "

Mrs. Tai's chest was stuffy and she wanted to vomit blood.

What does it mean to say that you do n't want to make trouble? This is to say that you want to make something happen if you are OK. What's more to say about the little family, how can you listen to every sentence as if you are piercing your heart, and looked at Weiyuewu with a suspicion, and found that there is only a ying smile on her face, with a little childishness, it is not like You're talking about yourself.

"Grandmother, Sister Six is an abomination of you to let go of your affairs and let you keep her under control. Think about it too. She is now the wife of Yan Guogong, who is better than her grandmother's identity!" Mrs. Tai is not happy. Of course, Wei Fengyao will not let go of such an opportunity.

Chapter 683: Virtuous second lady

Such a movement, the woman is extremely delicate to do, but now Wei Fengyao has a broken arm on one side, and even a small half of the body over there is also stiff.

Such an action seems extremely stiff, even with a hand reaching over, even the feeling of tearing the face.

Watching her extremely difficult to perform such a "weak" action, Wei Yuewu could not help but smile.

"What is Sister Six laughing?" Wei Fengyao immediately exploded.

She didn't expect anyone to show a smile when she was like this, for which she also stunned two girls, which made people around her turn a blind eye to her.

"Sister, I didn't laugh at anything, but I felt that my sister was wrong. Where would I abandon my grandmother?" Wei Yuewu smiled again, her eyes fell on Wei Fengyao's face.

"You all go back to rest first." Mrs. Tai couldn't bear it anymore, her eyes were cold, and she went straight to catch people. "It's better to go to the garden before you were unmarried. What's the matter, I'll let Acer He came to inform you, if anyone doesn't want to help, go back! "

If Wei Fengyao didn't say this, she would just feel that her chest was boring. This would be said by Wei Fengyao, and she immediately felt that her face was not looking good, but the status of Weiyuewu is not ordinary now, so This will not give anyone a look.

"Grandma, then I'll see my father first." Wei Yuewu stood up with a smile.

"Go, go!" Madam Tai waved her hand, rather impatiently.

"Grandma, I will go with my six sisters too." Wei Fengyao also stood up and turned to Mrs. Tai.

"Let's go together!" Madame Tai said calmly.

The two then said goodbye and went out.

"Mother, what do you think about this?" After the two left, the Li family in the room couldn't wait to say.

Mrs. Tai looked at Li's face coldly and ignored her, Gu Zi took the tea at hand and took a sip.

There was a hint of hate in Li's eyes, but his face couldn't show it. Seeing Mrs. Tai put down the tea cup in her hand, she said quickly: "Mother, is this tea good? This is the new tea delivered by the Nan'an Palace. There may be no place yet! "

"Why is Nan'an Mansion so anxious to marry Chrysanthemum?" Mrs. Tai snorted coldly, and her eyes fell cold on Li's body. "There is nothing wrong with you here?"

"Mother, I ... how dare I mess with Princess Nan'an!" Li's face was frightened.

"Huh, I don't dare you!" Mrs. Tai snorted coldly, and was very satisfied with Li's fear. "What did you think about what I told you last time? The second child can't always be so wronged. , Your own thing, you know it! "

Mrs. Tai indicated something.

"Mother ... I ..." Li shuddered, then looked at Mrs. Tai in disbelief.

"Don't call me mother, just call me too wife! This house isn't just a person who can come here to call my mother. There must always be a good wife in the second child's room to take care of her." Mrs. Tai said lightly. .

"Mrs. Tai ... I ..." Li was unwilling to say anything, but was interrupted by Mrs. Tai ruthlessly, "I do n't want to know what those thoughts are, but it is always the second child. If you lose, you will not let the second child continue to suffer like this! It must be my son. You do n't care, I care, so you have to marry another wife. This is actually to inform you. If you disagree ... "

"Mrs. Tai means that you have already made it? Mrs. Tai, I was killed by the original thing. Besides, there are Yaoer and Yaner, and Ziyang. Do you not consider Mrs. Tai? Face? "The peace on Li's face couldn't stop, and his face was deformed for a while.

"So this thing requires you to be in a state. It 's your mother-in-law saying that it 's your virtue. You have to marry a flat wife for the second child. At that time, others will only say that you are good. Of course, it is also good. "Madam Tai snorted coldly, her eyes fell on Li's thin, contour-only face.

"You are like this now, do you still want to gather the second child's heart? What kind of temperament is the second child? No need to say, he now bears you because of these children, but you see what you did What's the matter, even Ziyang probably doesn't want to care about you as a mother now! For a niece, accompany his biological son, you will count! "

Speaking of this, Mrs. Tai felt annoyed.

Does the niece have her own son?

Actually, for the niece Li Yueer who was out of control, he secretly calculated his son, but also made the city full of wind and rain, and almost troubled the emperor. Do n't you know that this is not good for Ziyang at all, and may even affect his career, and This is the succession of the title of Huayang Marquis.

Although Lowen has no sons, there are still two in Lowe.

But compared to these two small ones, Mrs. Tai is most satisfied with Wei Ziyang.

"Mrs. Tai ... I ..." Li gritted his teeth.

"Go back in a while and think about what is best for you. In this case, you can be a laid-back lady in the government. It will be OK to bring Ziyang's children in the future. As for the relationship between husband and wife, don't even think about it! "

Mrs. Tai looked at her coldly. "As for Princess Nan'an's proposal, I'll discuss it with the oldest one for a while, so don't take part in it."

This meant that he would consider the proposal, and Lee's head bowed difficultly, "Yes, Madam!"

At this time, I can't cause anything, but I want another woman to climb on her head, and don't even think about it. The position of the second wife is not for nothing.

"Then you go back!" Mrs. Tai began to catch up again. She really didn't want to see Li's. If Wei Fengyao was only here, she didn't want to see Li's. It was almost the same thing when she met , Of course, you are welcome to catch people.

"Yes, Mrs. Tai, then I'll go back first!" Li said, then let the people around him push the wheelchair out, stayed outside the gate of the courtyard, turned to hate and looked at Jingxinxuan.

When I use myself, I am very good. I boast that I am a good daughter-in-law married by Wei Luowu. Now I do n't need myself, I want to kick myself.

Don't think about it.

At first, the old beggar's evidence against Qin Xinrui still kept it. If she really hurried herself, she would not keep her hand.

On the surface, it seems that this old beggar just dislikes Qin Xinrui. In fact, does Qin Xinrui have anything to do with it?

"The elder sister didn't go to see the second uncle, but she wanted to see my father. She was really closer to her father!" Wei Yuewu and Wei Fengyao kept walking to the outer courtyard, and the two talked casually.

It's just the meaning of the words, but it makes the girl ring behind the two people take two steps back, afraid to listen more.

"Now it's the uncle's marriage, of course, we must go to see the uncle first." Wei Fengyao laughed.

"Is there a happy event for my uncle when he gets married? Only then does Eryi's face look happy." Wei Yuewu gave her a glance and asked quietly.

"Wei Yue Wu, what do you mean!" Wei Fengyao was furious and turned Wei Yue Wu.

Jin Ling moved forward two steps very quickly, standing on the side of Wei Yue Wu.

"It's not interesting? I'm just kidding, what's wrong, is there really a happy event?" Wei Yuewu's face was blank, but the smile in her eyes made people think otherwise. She was intentional.

"You ... you dare to say that ..." Wei Feng trembled and stretched his fingers to dance on Wei Yue.

"Sister, why don't I dare to say that? Didn't even the second uncle count that day? The girl named Meier, who didn't know where the sister came from, was really a conscientious person. Shizi is so satisfied." Wei Yuewu raised an eyebrow and smiled.

She and Wei Fengyao had actually torn their faces, and this will not be polite.

No matter what Wei Fengyao wants to do, she won't let her succeed.

"You're bullshit, and you haven't figured things out. If you dare to bullshit, I'll sue to the queen's maiden and let her comment on us." Wei Fengyao's heart was weak but her mouth was not soft. .

"When did you talk nonsense? Is this true? In fact, it is enough to find the one named Meier, or this person named Meier has returned to the Nan'an Palace. It is even simpler. You will know when you ask. "Wei Yuewu coldly raised her exquisite little face, her eyes grimly.

There was no retreat in front of Wei Fengyao.

"As for asking the queen mother, this is too much trouble, just go directly to the government."

"You ..." Wei Fengyao couldn't think of Wei Yuewu's sharpness so far. She was so angry and anxious that she couldn't even speak.

"Why, sister is scared?" Seeing her like this, Wei Yue Wu has determined that Meier really entered the Nan'an Palace. The reason why Wei Fengyao can come out should benefit this girl named Meier.

But no matter how good it is, without a good identity, she is just a woman in a blue house, how can she stand in the Nan'an Wangfu, so she and Wei Fengyao are in a mutually beneficial situation now.

Wei Fengyao has a status and a noble status, but it is not the heart of King Nan'an, but Meier has no status, but he has the heart of King Wang's son. Besides, the relationship between them is still half-sister. This connection is actually quite easy.

"Older sister, that girl named Meier who has harmed our reputation in Huayang Houfu. If the oldest sister hid her in Nan'an Wangfu, her father, second uncle, and third uncle would not be pleased. Could it be that the oldest sister and now The Nan'an Palace dealt with the Huayang Hou House together, so that's why? "

Wei Yuewu slipped a sneer on her lips and looked at Wei Fengyao unavoidably, assuming that Wei Fengyao had another plot.

"You're bullshit, I won't tell you, I will go to see my father first, then go to see the uncle, lest you always think that I robbed the uncle, yes." Wei Yuewu was calm and shocked, Wei Feng Yao was panicked. Under those icy eyes, as if nothing in her heart was traced, Wei Fengyao had to throw a scene and left in a hurry.

Watching her slightly flustered steps, Wei Yuewu's face sank ...

There's really something in it!

Chapter 684: Huayang Houfu needs a hostess

What does Wei Fengyao want to do, or what does Nan'an Wangfu want to do?

In the study, Wei Luowenzhong came to Wei Yue Wu's home and hurriedly let her in.

After seeing the ceremony, Wei Yuewu asked in amazement: "Father, why is time so urgent?"

It is not fair to Miss Tu Jiu how to say this. In such haste, it seems that it does not attach much importance to it.

"There is no hostess in the backyard of Huayang Hou." Wei Luowen looked at his daughter, picked up the file at hand, and closed it for a moment, his face calmly.

"The backyard of Huayanghou hasn't been hostess for a long time, so my father is not in a hurry, why is it so few days now?" Wei Yuewu looked at Wei Luowen softly and asked, "Father, do you have other ideas? "

Wei Luowen, who was asking these words, was silent for a while, his eyes fell on Weiyuewu, with a bit of guilt: "Dance, all of them are bad fathers, not protecting you ..."

Speaking of which, Wei Luowen choked for a while, and couldn't speak for a while.

"Father, but I'm married to the Yan State Mansion now!" Wei Yuewu smiled softly.

"So what? Things came too fast. At that time, I just wanted someone to give you joy, and whether or not this person was Yan Huaiyu, as long as someone was willing to give you joy, but now I think about it, but I don't think it is so Simple, even if Yan Huaiyu is willing to give you joy, what does the queen mean and what does she want to do?" Wei Luowen's expression cooled down.

For the queen, Wei Luowen was not so malicious to remind her, but since Wei Yuewu said these things, he began to think about it.

When the queen Tu wanted her son, she didn't care so much because of her selfishness, and even thought that this was a good opportunity. The queen Tu asked a son and gave her son by herself. It was either a wish or a relief. In addition, it is the best solution.

In addition, he also returned to the army and went straight to the goal, much better than the previous plan.

Since Queen Tu had lost her, she almost suffered lonely life as a reason. She wanted her son, and promised that she would be good to her son, and she would let him take the highest position in the future.

He was tempted, or it wasn't just him, so he hesitated a little, and gave up his son.

Because of her selfishness, she only thought that she was simply fighting for her favor.

But now I think about it, it's not just that, but a big mistake has been made, and my heart feels sad, I only feel that I am not only guilty to my daughter, but also to Ruier.

But after suffering pain, he also acutely discovered that Queen Tu was not only malicious to Ruier, but also to Wuer. He must be a man. There are many places where he can't take care of. Wuer needs someone to help him. This candidate is Tu Miss Nine.

Therefore, he must welcome her to get started as soon as possible, and even after entering the palace, with Tu Yuzhen to help the dancers, the safety of the dancers can also be more guaranteed.

"Father, was it because I was in a hurry to marry Miss Tu Jiu?" After listening to Wei Luowen, Wei Yuewu also faintly realized the meaning, and asked her lips softly.

"Huayang Houfu needs a hostess, and you need someone to put it right into the palace. Queen Queen, I will find out her affairs. If she really starts to treat your mother, I will not spare her. Wei Luowen said coldly, the scar on his face twisted a little, revealing a little bit.

But this kind of sadness falls in Wei Yuewu's eyes, but it is thick and sour.

A big man like his father, a court minister, should be thinking about national affairs rather than such backyard battles, but now he has to get involved. Even if he is clumsy, he even has an inconvenient look, but In this way, Wei Yuewu had a headache.

"Thank my father!" He stood up and turned towards Wei Luowen deeply.

Without much words, both father and daughter already know each other's meaning.

"Wuer, it's not just your business. Huayang Houfu needs a hostess, and ..." Wei Luowen looked at Weiyue dance.

"Wuer knows!" Wei Yuewu sat down again, "Father, you don't have to say it, is that not fair to Miss Tu Jiu?"

As for another reason, of course, Prince Edward Wen Tianyao, father is worried about him.

The queen was a man, and his father no longer believed.

"It's okay. I sent someone to ask her what she said. I told her that I needed a hostess urgently in Huayang Houfu. Later, there was Ziyang's marriage to do, and asked if she could enter the door quickly. Now. "Wei Luowen's face was a little awkward, it must be his own marriage.

"What does Mr. Tu mean?" Wei Yuewu asked again after thinking about it.

"The same thing happened with Mrs. Tu, who said that I really needed a hostess in my house. Mrs. Tu did not say anything, and agreed without saying a word." Wei Luowen frowned, for this man Mrs. Tu, he was quite fond of it. At that time, he also retired without saying a word.

Even though Queen Tu was his biological daughter at the time.

This is also a mistake for the life of Queen Tu, and she owes a big favor to Master Tai's house, so afterwards, Queen Tu passed a message through Master Tai, saying that she wanted his new son. Of course, if it's a son, say Queen Tu was prescribed medicine, and she may never have her own child, so she urgently needs a son.

This son is the future prince.

And he has repeatedly promised that he will treat this son as his own biological son. When the child arrives in Dabao the next day, he will secretly let him recognize his biological father in private and never let Qin Xinrui have a son.

Queen Tu said that if Wei Luowen had not retired, she would not have been lonely for life. Now that she entered the palace, she could not have a son. How could Wei Luowen owe her an account, and she had these Guarantee, coupled with the thought of Tu Taishi.

The child was sent to the palace the night he was born.

"Father, I will come back to the house every day for the past few days to help deal with the affairs in the house." Seeing that my father has done everything here, Wei Yue Wu will no longer be entangled in this matter, indeed Miss Jiu's entry earlier is good for her father and herself. Since these have been told to Miss Tu Jiu and her consent has been obtained, it is best.

"You return to your house every day so that the state government is all right?" Wei Luowen watched Wei Yuewu's face sink.

I didn't care about it before, but now I care about it. I just feel that Weiyuewu is married wrong. The Yanguo Mansion is a dangerous place, not only the queen, or other people, even the Yan. The family daughters of the earth do not seem to have good intentions.

"Yan Huaihuan, is that kid good for you?" If you really find that Yan Huaihuan has a place to bully the dancer, or help the family daughter of Yandi bully the dancer, you have to let the dancer and leave Wuer is still young, but she has just turned fourteen. If it wasn't for the sudden incident, why wouldn't she let her marry so early.

"Father, I'm fine, he's nothing bad to me." Wei Yuewu laughed.

"If there is anything wrong with him, you can come back to my house. I can still raise my daughter in Huayanghoufu." Wei Luowen snorted coldly.

"Father rest assured, if there is anything bad, Wuer must return to his home." Wei Yuewu said softly.

Taking a look at Wei Yuewu's face, she found that her face was better, even a little bit better than when she was in Huayang Houfu. Although she was still a little pale, she felt a little bit moist in the paleness. It should be a good reason.

Wei Luowen let go a little.

"There are a lot of things in the house these days, you still do n't use it. It 's not good to be tired after busy and busy. Your grandmother told me that your elder sister might come to help. With her, the backyard is a little bit. There was some peace." Wei Luowen's expression eased and he whispered.

It turned out that Wei Fengyao had been angry with Mrs. Tai and his father before. No wonder he had to follow him, as if he was afraid of being robbed by himself.

"Father, eldest sister is here, let me do it. Did my father forget what I went to the Nan'an Palace before? Even if it was caused by the eldest sister's hate to me, but the eldest sister is not allowed this time ..."
Wei Yue said He paused halfway, his face a little hesitant, and he seemed cramped, and seemed to have no idea how to describe it for a while.

However, Wei Luowen understood everything. Wei Fengyao had framed Wuer. This time, he wouldn't be able to make any monster ezis, not to mention the last thing about the woman, Wei Yuewu. With that said, Wei Luowen remembered it all.

From this perspective, Wei Fengyao is indeed not a reliable person.

"But Wuer, is your body okay?" Wei Luowen asked with a deep moan.

"Father rest assured, Wuer's health is good, and Yan Shizi will not say anything. I told him this before I came, and he agreed, and said that if he was free, he would go to the house to help, always The father of the dancer. "

Wei Yue Wu explained with a soft smile.

"Then ... well, let us take care of our house. I will talk to your grandmother in a moment." Wei Luowen was also a decisive person. Thinking of Wei Fengyao's unreliability, he concluded immediately.

"When Wuer only entered the house, she saw the elder sister, and then came out of the grandmother's yard. The elder sister did not go to see the second uncle first, but she had to follow her first to see her father, saying that her father had been closer to her since she was a child. Wuer, who raised her in her grandparents' home since she was a child, can't compare to her. "

Wei Yuewu smiled inadvertently, took the cup at hand, and took a sip leisurely.

He did n't first see his biological father, but he came to fight with the dancers. Wei Luowen was displeased, and he would sneer: "Yao girl is also the most ignorant, and recently she helped the Princess Nan'an to ask as soon as possible. Marrying Ju girl over the door, I don't know what the trouble is. "

Wei Luowen originally didn't pay attention to this matter. It must be that Mrs. Tai was in charge of this kind of thing, but she couldn't drive the Nan'an Palace from time to time to send someone, and even Wei Fengyao came.

The marriage period was originally negotiated, why is it so urgent now?

Chapter 685: Backyard, Wei Yue Wu Director

"Does my father know what is it?" Wei Yuewu blinked, and asked indifferently.

There is no shortage of heads of state in Nan'an Palace, and Wei Qiuju's status is not enough to say that.

"I don't know. It's always before that Princess Nan'an talked to your grandmother over and over again. After that, your elder sister sent someone to ask from time to time. It was urgent, but it was up to your grandmother and your grandmother. Yes, I just listen to it, and it's your grandmother who decides in advance. "

Wei Luowen said lightly.

This is a matter of Sanfang, and it is also the marriage of an inconspicuous niece in Sanfang. Wei Luowen would never intervene to take care of it, let alone he is busy every day.

Knowing that his father couldn't ask anything here, Wei Yuewu said a few words to Wei Luowen and returned to the inner court.

The Weiyue Dance will come here in the next few days, so I have to go back to Qingheyuan to deal with it.

Mei Yan had the news and called all the staff in the big room. When Wei Yuewu returned to Qingheyuan, she could ask questions immediately.

In the past, the affairs of the big house were all managed by Aunt Winter, so this response was basically pulled up by Aunt Winter. Even if Aunt Winter went to Beijing, this response was still dedicated. Therefore, the courtyard of Aunt Dong is bright all year round, and as the courtyard of Mrs. Huayang Hou, because of the absence of the owner, it has long been ignored by everyone.

Because there is no formal female protagonist in the big room, for so many years, Aunt Winter has been regarded as the future female protagonist. All the issues and so on are handled by Aunt Winter, even if

the Aunt Winter is locked up, some things are reported. She went there, but it's different now, so everyone knows that Aunt Dong is indeed down.

I heard that it will be Miss Jiu from Tu Taishi's Mansion.

Some of the stewards were actually panicked, so when they heard Wei Yuewu called, they put down the work at hand and came over in a hurry, for fear of being late, so that the former Miss Six, now Mrs. Yan Guogong's wife was angry.

Pu Jing thought that the aunt Dong was sitting on the position of Mrs. Huayang Hou steadily, but now she has been degraded. Even the child with Ye Hou in her stomach cannot help her.

Although the stewards are not very clear about this, they know that the reason why Aunt Dong was derogated has a direct relationship with Miss Liu.

Wei Yuewu returned to the yard, took a short break in the inner room, and took a few close men to the director of the outer room.

There are not many courtyards in the big room. The main courtyards are only the courtyards of Aunt Dong and Wei Yuejiao, and the courtyards of Wei Yuewu and Madam Hua Yanghou, as well as Wei Luowen's own courtyard.

In fact, at the earliest time, Wei Luowen also had his own courtyard, but later the courtyard became Qin Xinrui's courtyard. Before that, the two people lived together, and Wei Luowen did not have another courtyard, but later the two people had disputes because of their son Wei Luowen found another yard at will.

After Qin Xinrui died, the courtyard became the courtyard where Wei Luowen now lives.

The yard is not large, and it is also close to the outer yard, but because Wei Luowen has been at the border and does not need too much, it has not been replaced and has always been the original one.

"Father got married, which one is the new couple's yard going to use?" Wei Yuewu looked at the leading wife, Mei Mei told her before that the wife named Xun Yue should be Aunt Dong, is Aunt Dong was pulled up by one hand, and she used to be loyal to Aunt Dong in the past.

But I don't know if her heart is still partial to Aunt Dong.

"Hou Baojun, the Lord Hou ordered the use of Qingyuwan, saying that this yard is not small and small, it is appropriate. The slaves have been decorating these days. Mrs. Tai's Acer also comes from time to time to give slaves. To make some comments is to hurry, so for a while ... "

Xun Xuan listened and answered properly.

But when it comes to the back, it's a embarrassment. Time is too hurried is indeed the most important issue.

Wei Yue Wu groaned a bit, Qing Yuwan said that it was also a very good yard. In the yard of the big house, it could be regarded as a big yard. Except for the yard of her own mother, the yard was big, the birth mother. The courtyard is naturally unmovable, so it seems natural to choose this one.

But there was a problem in this room, which was far away from his father's yard.

"Who picked the yard?"

"Mrs. Tai ordered to come down, saying that this courtyard is the most suitable." Xuan Ye said anything respectfully, said respectfully.

"Are they all set up now?" Wei Yuewu nodded, thinking about the fact that it seems natural to choose this courtyard, which is large enough to be worthy of the status of Mrs. Huayanghou.

"It's almost the same. The yard has been repaired before and it is renovated every year, so everything in it is complete. Just put more things on it."

Wei Yuewu heard a move in her heart, and she has been repairing it. She has been repairing it in the hands of Aunt Winter. It must mean that Aunt Winter wants to live in it. It's too far away, so this yard was originally prepared for herself.

But now it is cheaper Miss Tu Jiu.

"Who else can help besides Acer?"

"Except for Acer, the second and third ladies are sent from time to time to ask us what is missing here. The slaves think that this is a big house after all. They can no longer work for the second and third ladies. So every time Both times declined, but even if the two wives would send someone over. "

"Erh's own health isn't good, and people still come over?" Wei Yuewu asked casually.

"The slaver also felt that Mrs. 2 was really polite. Not only did she send people over to ask from time to time, but she also brought some small decorations and said that they would arrange it for the help. The slaver looked at these things although they were small, but they were delicate and dare not be casual. I took it, and asked Mrs. Tai specifically, but Mrs. Tai said that as long as the items were on the account, they could be collected, so that the slaves could take it with confidence! "

Xuan Yuan still respectfully said.

Li's is really enthusiastic. When did Li's be so enthusiastic? I think of Wei Fengyao's miserable things in her own house, but she left everything behind and went to the Huayang Houfu House to help. No matter how you look at it, it makes people feel that the mother and daughter are not at ease. .

How could the two of them help others in vain.

"Have you been here before?" Wei Yuewu's smile was as peaceful as before, and she smiled softly, asking softly.

"The young lady hasn't been here before, but I heard that she will come today, and the second lady also informed the slave, saying that the young lady might come, and let the slave and other cooperate with the young lady to properly handle Houye's marriage."

Xun Xun thought about the report.

It turned out that I had been notified early before I came. I really don't know what Wei Fengyao wants to do, but whatever it is, it should be related to his own big house.

What's going on here won't let her succeed.

Wei Fengyao should hate herself!

"The older sister has more things in her own house, and the inner court of King Nan'an is not stable, and she is a niece after all. Helping her father to ignore his own Nan'an palace is unreasonable and unreasonable. It's my responsibility to deal with the big house. "

Wei Yuewu sorted out the method, slowly and clearly.

"Yes, the lord!" The wife-in-laws of the inner court respectfully said together.

The lady who married in the second room came back to control the uncle's marriage. It was a bit weird. Although Wei Yue Wu was also married, on the one hand, there were not so many in-laws in the Yan Guo Gongfu. On the other, it was Hua Yanghou. My dear daughter, with her presiding, is indeed fair.

"I never cared about the big house before, but it doesn't mean that I wouldn't care. You used to work in the hands of Aunt Winter, and after working for so many years, you should have a good relationship with Aunt Winter, but Now I'm me, not Aunt Dong, if you find me lazy, or if you're a demon, don't blame me! "

Wei Yuewu raised her head, her eyes faintly brushed across the faces of several stewards in front of her.

She looked carefully, as if taking this opportunity to see these people clearly.

Those clerks stood trembling and trembling, only to feel that the cold beautiful eyes seemed to penetrate the human heart, and no one dared to look a few more times and lowered their heads.

It had long been known that the Lord of Jingde County did not show weakness.

What's more, the name of Auntie Dong heard from her mouth made people faint at heart, no matter how she heard it, she thought it meant something.

"Yes, slaves and waiters know!" Xun Ye did not dare to speak casually. Whatever it seemed to do was related to the big house. It was not appropriate to intervene in the second house, but people kindly came to help, and people couldn't help but forget.

"Go, look over!" Wei Yuewu stood up, and she had just rested. Naturally, she planned to go over and see. Miss Tu Jiu was kind to her. She couldn't let Miss Tu Jiu marry and get in trouble. No matter what, she was inconvenienced by a newly-married woman, and a married young lady of her own could intervene.

No matter what, he is always his father's only niece.

"Is this the time?" Xun Yuan hesitated.

Wei Yue Wu Li was keenly aware of the wrong, and picked Liu Mei and asked, "What's wrong, can't this time pass?"

"It is not impossible to go back to the lord of the county, but there are some places in the yard that are a bit outdated. Hou Ye ordered people to repair it a little bit there. All the way past was full of sundries. . "

Sundries outside the new house?

Wei Yuewu frowned: "It's not been a few days, haven't you cleaned it up?"

"Before I had to clean up quickly, but because the second lady's yard seems to have to get it done too, let these talents go here and go there. It is too anxious, so these debris have not been cleaned up." She smiled bitterly. It wasn't that she didn't want to get it done quickly, it was the second lady's urgency.

Those people hurried over to the second room. Where did they throw away the sundries from one place? Although Xun Xuan wanted to get rid of them, he still came over from time to time to get things, but he did n't know which sundries were. Which is not, it is inconvenient to deal with all at once.

Chapter 686: Throw it out, occupying most of the pavement

"Let's go and see!" Seeing the embarrassment of Xun Yuan, Wei Yuewu said lightly.

Seeing her insistence on going, Xun Xuan didn't dare stop him anymore, so he had to bring a few stewards to lead Wei Yuewu to Qingyuwan.

Qing Yuwan's position is also some distance from Wei Yuewu's Qingheyuan. Wei Yuewu passed all the way, but some were a bit tired. Turning around an intersection, I saw a lot of debris thrown at the intersection and happened to occupy it. After half of the pavement, the road was originally spacious. Because of such a large amount of debris, one can only pass by one by one.

"That's all?" Wei Yuewu stood still, looking at the debris in front of him, there were wooden boards, bricks, and some fragmentary building utensils, as well as some things used by craftsmen before, such a lot of things, Useful and useless, really bad to clean up.

"Yes, the lord, this ... Slaves also told the people in the yard of Mrs. Er, but there was still no response. It is not urgent to say that this is the case. All the big things in the yard are settled. The small ones do n't need to be lifted at all, and it is not a problem to place these debris here. Besides, there is no master in Qingyuwan now. "

Xun Xun said helplessly.

She actually wanted to perform well. Everyone knows that she is Aunt Winter, and she is indeed loyal to Aunt Winter, but now Aunt Winter has fallen, and a supervisor like her will not perform well. It is easy to replace them, one emperor and one courtier.

Aunt Dong was lost, and the new Mrs. Huayang Hou was Miss Jiu on the Taishi Master's House.

But one thing is certain, the backstage of this Miss Tu Jiu is very hard, and it is not something that Aunt Winter can handle at all. If they do n't have long eyes, they will probably go out directly.

The reputation of the daughter-in-law must be painted, and the world is famous.

What's more, there are the queen of the middle palace and Tu Zhaoyi of Sheng Sheng for so many years. With these two, even if Mrs. Tai wants to deal with this newly arrived Mrs. Huayang Hou, it is not easy.

Compared with the former Mrs. Huayang Hou, Miss Tu Jiu now is the very hard one in the backstage.

Although this will not marry in, but if someone dares to give her eye drops, it will be bad.

Aunt Dong's wife is a shrewd wife. I know this time is to be the future female lead, but now the matter involves Li's in the second room. For the second wife, Li, in the past Huayang Hou The court's basic affairs are governed by her.

Where are people not afraid of her?

Even if this matter was put off by her, a few uncles in charge felt that there was nothing they could do. It could only be delayed for one day, and she thought that it would always be the last day, and the second wife would definitely handle it.

"Among these people, there must be a steward?" Wei Yuewu put out her feet and raised a carpenter's saw, coldly.

"Yes, yes, it's someone from the director of an outer court in the house." Xun Yuan nodded again and again.

"Go, call someone! Now I'll go and take a look." Wei Yuewu raised her head and looked up at a corner of the sky. The second room was really disturbed. The father would marry again. What Xuan'e came up again.

Xing Xuan asked Wei Yuewu to walk to the yard while asking someone to call the director of the foreign hospital.

Turning around the debris pile, the yard in front of him immediately appeared clearly in front of Wei Yuewu.

The red walls and green tiles are very clean, and several flowers and trees have been planted on both sides, and the environment is more and more fresh. After entering the courtyard, the girl ring and the wife in the courtyard were also equipped with a lot. When she saw Wei Yuewu coming in, she stopped her buddies and saluted Wei Yue Wu respectfully.

Stepping up the stairs, Wei Yue Wu came to the main house, sat on the nanmu chair in it, and looked at the surrounding layout. The layout was very good, generous, and also in line with the identity of Madam Huayang Hou.

There are just a few places that haven't been put on hold. A few rings are moved aside, and the dust on them is carefully cleaned.

Large things should have been carried here, but some are still being cleaned in the yard, although they have not been completely set.

"Mrs. Tai, haven't you seen it?" Wei Yuewu frowned, and still looked a little messy overall.

"Mrs. Tai asked Hongyu to come over, Mrs. Tai was unwell, and even Jingxinxuan rarely came out." Xun Yuan reported truthfully, "Only three ladies had visited it, but only let the slaves clear up quickly. Don't be decent, the debris pile at the door will be dealt with as soon as possible, and nothing else."

The third lady, Zhang Shi, is not a housekeeper. People in the house know it, and they are not too afraid of her, so everyone doesn't care about her orders.

Whether it was when Mrs. Huayang Hou was in the house or later when Li's was in charge, Zhang's was very weak, and his sense of existence was not strong.

So everyone can listen to what she said, and it doesn't matter if she can't.

Anyway, Mrs. Three has no power.

Mrs. Tai is unwell, so it is inconvenient to come. Of course, the second lady, Li Shi, can't even come. Even if the third wife Zhang Shi has been ordered, everyone does n't take it seriously.

As for the two ladies in the third room, of course it is impossible to be here.

The father's affairs are also busy, and it should not be possible to control the affairs of the backyard, so the Qingxinwan road is almost blocked, and there is no way to deal with it.

Powerful people don't care, powerless people talk in vain.

"How should they clean up or how to clean up? Don't let them stop and misunderstood. I will ask about the affairs of the foreign hospital."

Weiyue dance.

After listening to Wei Yuewu's words, Xun Xuan was busy spreading the word that the people in the yard and the house would do their own thing, saying that the county master would not prevent them from doing things.

When I saw Wei Yuewu, I just sat quietly in the hall and drank tea. A few girls rings all relaxed, and while they were living, they peeped at Wei Yuewu low. I heard that the former six lady invited Yan Guo Gong Shizi gave Chong Xi, what a big face, and even better luck, she was rushed, it was a great blessing.

Wei Yuewu didn't care about the girl's peep in the house and the peeping of the mother-in-law.

Hearing the sound of Weiyuewu, the director of the foreign court came quickly, and soon arrived in Qingyuwan. After entering the door, he respectfully made a gift to Weiyuewu: "The slave sees the Lord of Jingde County."

"What happened to those debris? Why not clear it up!" Wei Yuewu didn't go around the circle and asked directly.

"The county lord, Mrs. Er is still useful. I specifically told you not to throw it around, otherwise no one can resist it."

"It's still useful, why don't you move over? Could it be that the things here for the father are not as good as those for the second wife?" Wei Yuewu's face sank and chilled.

Seeing her gloomy face on her charming face, the housekeeper in the outer courtyard wiped the sweat from her forehead: "Jingzhu, not slaves, think so, it is really the second lady ... The second lady said she was very fast, recently It's going to rain, if she doesn't fix the roof, she will leak there. "

The rain in the house was really anxious. In the end, the weather became warmer, and it would get cloudy from time to time. It seemed to be raining. How do you think there was a problem.

Li's rush to repair the roof at this time seemed excusable.

"How many days have you repaired there?" Wei Yuewu asked coldly.

"It's been about three or four days. It is said that it will only take three or four days. The yard on Mrs. Er's side is very broken, and several tiles were broken. I thought I hadn't broken a lot and repaired one, but another Actually there are, but it won't be all right for a while! "

The management of the outer court said helplessly.

It's not that he does n't want to be faster. Everyone knows how Houye's marriage is, and even the emperor is so serious about Houye's affairs. If something happens at this time, it is easy to cause trouble.

Hou Ye's temper has never been good. It seems to be fine now, but if there is something in the future, no one can bear this responsibility.

But there were many things on Mrs. Er's side, and it was still urgent. He was really embarrassed to speak directly.

"Throw it all out!" Wei Yuewu thought about it and sneered.

"Why ... what?" The director of the foreign hospital froze, thinking he didn't hear clearly, and asked.

"Throw it out of the house. If Eryi wants it, she will be asked to find it. Her house has been repaired for so long. It should be almost the same. How could she use so many sundries." Wei Yuewu decidedly Raising his head, his eyes faintly said.

"But ... but the second lady asked ..." The director of the foreign hospital stuttered.

"If she asks you, you can say that I sent you to throw it!" Wei Yuewu said without hesitation, leaning back, and Shuimu's eyes froze lazily. She wanted to see the mother What women want to do.

If you do n't respond, you do n't need it.

"Yes, the slaves will arrange people here!" The director of the foreign hospital had planned all his own ideas, and he would have to agree with a bitter smile, so he went to the foreign court and called for a few small crickets. Dispose of.

It was only after they had dealt with here that Wei Fengyao hurriedly came.

"Sister Six, these miscellaneous things are still available to my mother. How can you let people take care of it all!" Wei Yue Wu was drinking tea in the room while watching the calligraphy and painting in the room, nodding from time to time to approve.

He looked so fascinated that he ignored Wei Fengyao.

"Ask you, Weiyue Wu, what the **** is going on with you? My mother just got a little bit, why did you throw it all out." Wei Fengyao's face was white, and of course it was whiter.

The powder kept falling down.

"What does Big Sister mean? I 'm here to clean up my father 's new home. Do I have to ask Big Sister? It 's been a while since those debris piled up there. It 's impossible. Let Miss Tu enter the door the first day. Here?" Wei Yuewu raised Liu Mei, said without panic.

"You ... you are bullying too much, go, let's find a grandmother to judge!" Wei Fengyao's face under the thick foundation turned black.

"Grandma has fallen asleep at this time. It's really bad for her to be so noisy." Wei Yuewu said lightly.
"Grandma doesn't care anymore, let's handle it by myself!"

Chapter 687: Where is the problem

"What are you going to do?" Wei Fengyao watched Weiyue dance with vigilance.

"Throw it!" Wei Yuewu blinked and smiled slightly.

"You ..." Wei Fengyao pointed Wei Yue with a finger, and couldn't even speak out of anger.

"Can't it be done, do you think this should not be the case? My father's marriage has the emperor's will in it. Immediately I will also ask people from Taishi 's government to come and see the new house. We may have to measure it first. This road is ours. Are the people in the government's contempt for Tu Taishi's house, or the second sister, or the elder sister's contempt for Tu Taishi's house? "

Wei Yuewu's beautiful pair of beautiful eyes fell on Wei Fengyao's body, but with clear and visible coercion.

Before getting married, you should measure the house first so that the bride can come with the proper dowry. This is an ancient ceremony. At the earliest time, when the woman was engaged, the woman should come to measure the house for the marriage, and then Go back and build the right furniture.

But this is used in marriages with a long engagement time. Compared to Wei Yue Wu or Wei Luowen, they were rushed. Wei Yue Wu's situation was more special at the time. It is naturally impossible to ask for anything. Some dowry is still present. It was only moved out, and Wei Luowen is now in an emergency, and of course it is impossible to let Tu Taishi come up to make furniture again.

However, the necessary measurement is still required. You can choose some realistic furniture, or the proper furniture you have in the house. You cannot always let the bride's own furniture be idle, and everything that is not stored in the warehouse.

This also means that the man respects the woman.

Because Wei Yue Wu hadn't experienced this, Wei Feng Yao thought that Wei Yue Wu didn't understand it. When I heard Wei Yue Wu's words at first glance, she froze for a moment, her face paled slightly: "This ... there is still a period Time! Why should six sisters wear such a big hat? "

Neither Li nor herself dared to say that she despised Tu Taishi.

"It's still a few days, but when I went to the front yard, my father said that he might come tomorrow if Tu Taishi could get a manpower." Wei Yuewu took the tea cup on her hand, gently. Sent to the lips, took a leisurely sip, said slowly.

"What?" Wei Fengyao froze, and Uncle actually took the initiative to take care of the matter?

Wei Luowen was able to agree to this marriage, which is very good. For Wei Luowen not to care about this yard, everyone feels understand that Wei Luowen has not expressed that he wants to marry the main room for so many years, it seems to Qin Xinrui I've been thinking about it, and now suddenly married, probably because of the will of the emperor, I had to marry.

But if you say how much he cares, you may not see it.

"Isn't it possible? Father agrees? If the eldest sister thinks that it is not possible, ask the father yourself!" Wei Yuewu put down the tea cup in her hand, her face sinking. Moreover, my father also said that the main thing is me, but I do n't know why the elder sister keeps intervening and does n't let me throw it out. Is there any other trick in it? "

Dafang is naturally dominated by people in the big room. How does Wei Yuewu seem to be more straightforward than Wei Fengyao, not to mention that she will also pull Wei Luowen's tiger skin, even if she marries a female steward, Not true, but Wei Fengyao is also a married woman, and she is also married in the second room.

How to talk about it, Weiyuewu is naturally righteous.

"Sister Six, you are too much. Uncle's personal affairs are rushed. I came back to help here. Even if Six sister doesn't show affection, I still suspect that I have ulterior motives. If it wasn't for my uncle, Uncle would be really good to me. Like a daughter, I ... I'm not subject to your idleness now, let's stop, let's stop, you can deal with this debris, I don't care about you! "

Watching Yueyuewu's attitude was strong, Wei Fengyao first softened down and spoke a scene, and hurriedly went out, but did not say anything.

Watching Wei Fengyao leave, Wei Yuewu's face showed a bit of coldness, and commanded: "First handle the sundries, throw all that you don't know, if you need to get it from Eryi."

"Yes!" Xun Ye nodded with the director of the foreign court.

With the command of the master, of course, they did n't have so much scruples. Xun Xuan called some rude wives and girls, and the director of the foreign court just sent people to the second wife Li's office and asked what the craftsmen needed Throw everything if you don't need it.

This time, the craftsmen did not dodge any more. They wanted to get the news from Wei Fengyao and obediently took away what they needed. As for other sundries, they were cleared out soon.

It's just that the debris has been piled up for a long time, and there is even some rice and noodles mixed with it. I do n't know when it was thrown inside. The smoke of his nose was wrinkled and he couldn't smell it.

"Master, is this intentional?" The painting returned from the gate of the courtyard and reported it to Weiyue Wu, unable to help asking.

If it's really late to clean up, the smell may not be completely cleared up, the newcomer sent in, smelling such a smell, must not feel depressed.

Marry in with an idea in mind, even if you don't say it, there must be an opinion in your father's heart, not to mention that everyone has heard that Miss Tu is a deep and weak girl. If this is really noisy, Wei Luowen's face will not look good.

"I really don't want my father to live a good life!" Wei Yuewu sneered.

In addition to Aunt Dong, who is the least likely to see his father's marriage, and now that Aunt Dong is not in the house, naturally it is the Li family who has been cowardly with her.

The title of Huayang Houfu?

If you say Wei Yue Wu was still wondering why her father didn't care about the children in Aunt Dong's belly, and even had no children for so many years, now she understands everything.

My father did n't want to have any more children. His father did n't lack children, but Wen Tianyao could n't recognize him publicly. He did n't care about the title of Huayang Houfu, and he left it to Wei Ziyang. I was afraid that he would regenerate Zizi to block Wei Ziyang's way.

Think of it this way, my father is really affectionate about the second room.

But Li also appreciated it. She was thinking about her father and her mother-in-law before entering Beijing, and almost died in her hands.

Wei Yue Wu doesn't think she is a kind person, let alone a person like Li must be more evil than her.

"Is this disgusting new lady really good? She is not afraid that when she finds her on the head, what will happen is that the second master doesn't want to protect her now, and Mrs. Tai won't give her a face. Shu Fei said sarcastically. Although there was no direct Lee family, everyone present was understandable.

It is true that Lee's work is naive. If Miss Tu Jiu finds out that this matter is related to her, she will not take a rest.

At that time, it is impossible to provoke more righteousness. Whatever it looks like, what came out of Tu Taishi's Mansion is not a soft stubble, and Li's life in Huayang Hou Mansion is not very good. It seems that Li's move is extremely unwise.

"Go out and see!" Wei Yuewu groaned and stood up.

"Master, please wait a moment. The taste of this meeting is too great. Wait a few days before you go to see it! The slaves feel that there are at least a few days, and they feel a little better when they pass by!" Stepped forward and advised.

"Just take a look at this time, far away!" Wei Yuewu shook her head.

Seeing her insistence on going, a few girls looked around and had to keep up.

Outside the gate, the pile of debris had indeed been disposed of, and the taste was too strong. A few women and girls ringed the basin with water to clean it. The place was almost completely immersed in water and spread. The edge of the bluestone road was muddy, and it was impossible to leave for a while.

Even if it is far away, it tastes very strong, and it can hardly be depended on.

Wei Yue Wu's eyebrows were wrinkled, and her eyes fell on the paving bluestone slab, because the roadside of the blue slate was muddy, and it was not clean there for a while, it was really difficult to handle, so much water went down. I can't do it for a while, but I have blocked that road.

"Let them stop rushing, slowly the taste will disappear." Wei Yuewu commanded.

The debris has been removed, and the ground has actually been washed away. The mud on the ground was splashed with water, but it was not left by the debris.

"Yes, let's go and say it!" Xun Xuan quickly instructed the people around her to pass the message.

Hearing the Yueyue dance made them stop flushing, a few mother-in-laws and the girl ring all retreated.

"Go and see the other decorations in the room first!" Wei Yuewu turned and entered the yard, and went to look at the decorations inside the room again.

Because I was in a hurry, I took a closer look this time. After watching it inside and out, Wei Yuewu found that there were still many problems. Although most of them felt better, there were still many places that were not done well. Following this progress, I am afraid that it will not be perfect when the father becomes married.

"Tomorrow I will be in the Qingheyuan. If you have any questions, you can come to me directly. Increase your efforts here and call the okay girl ring in the house. The mother-in-law will call for help, and strive to arrange the place in the next few days. , And then check for a few days, what are the small leaks! "

After a turn, Wei Yuewu ordered Xun Yi to marry.

"Yes, the slaver understands that the county master is assured that the slaver must do things properly." With the support of Weiyuewu, Xunyi's waist also stood up.

Previously, because Aunt Dong was lost, she was unhappy in the government. She did n't want to find a few people to help her. She did n't dare to go to Wei Luowen directly. This is the best she can control,

but watch this. She is also anxious about progress, not to mention that Mrs. Er seems to be delaying progress.

But there will be Weiyue Dance support, and said that sitting in the Qingheyuan, my heart was relieved.

Seeing Xunye understand his meaning, Wei Yuewu nodded, looked at the outside sky, and took out a few rings to leave the gate.

The weather outside is good, the sun is shining, the water stains on the road are almost dry, some mud is still stained on it, the bluestone floor is also a little dirty, and it looks like it has to be dealt with again.

Wei Yuewu's feet stepped on the bluestone road ...

Chapter 688: Strange and need to cover up the truth

Because of the mud, Wei Yuewu walked very slowly. Jin Ling and Shu Fei were on one side for fear that Wei Yuewu slipped. At the end of the painting, they followed him carefully, watching Wei Yuewu walking carefully, couldn't help it. :

"Master, please be careful!"

Weiyuewu nodded, walked slowly from the corner of her skirt, carefully avoiding the mud on the road. After taking a few steps, she stopped suddenly.

"Jin Ling, see if this is different?" Wei Yuewu whispered, and several people around her happened to hear it.

Because this road is difficult to go, they are standing on their feet again. No one dares to come over, except for a few tight-fitting girls around her, for fear of disturbing Wei Yue Wu.

Jin Ling didn't notice it at first, but she would listen to Wei Yuewu's words, look at Wei Yuewu's eyes, and frowned immediately: "Master, this slate is a bit new, it seems different from the surroundings!"

With muddy ground, it is actually not easy to see this difference, not to mention the smell in the air, even if people want to leave far away, where will they notice these details.

But Wei Yuewu had doubts before, so when I walked by, I looked very carefully and found some differences.

The rest of the bluestone slab has more or less moss on the edge, but there is almost no moss on the one in front of it, but it is slightly faint and looks like a new one. Even if everyone is washed into this state by the water It's still a little different.

"It should be a new stone!" Jin Ling looked at it again, surely.

"If the debris has been piled up for a long time, this moss should grow longer!" Wei Yuewu's eyes were cold and her eyes were sharp and chilling.

"Yes, if you pile up for a longer time, the difference will be even smaller. It must be cleaned up here often. In the past, Aunt Winter had thoughts about this yard. People in the government did not dare to neglect. Moss." Jin Ling thought and nodded.

Therefore, the reason why Li Shi piled these debris on it was not just that the new couple who wanted to smoke was unwilling to choose the gap between his father and Miss Tu Jiu. This was the real purpose.

What does a bluestone slab just represent?

"Go, go back first!" Wei Yuewu raised her head, glanced across a passing ring on the other side of the road, and instructed lightly.

She knew the ring, which was the ring next to Li's. The road on this side did not pass through the second-family Li's courtyard, but it was a coincidence that this would actually come here.

It looks like there is something wrong with this bluestone slab. Now is not the time to fight the grass ...

"What, the little **** actually stood on it for a while, and talked to the girl ring next to her? What did you say, did you hear me clearly?"

In Li's room, Li was sitting in the middle. She was basically sitting in a wheelchair now, and she patted her chair rail with her hands, her face gloomy.

On the one hand, Wei Fengyao also had a somber face, with a bit of hate in his somber complexion.

"Second lady, the slave is far away, afraid that the county master saw it, so I didn't hear anything, but the county master just stood a little bit, maybe he felt that there was a strong taste there, and then he left with someone!" Yahuan reported.

"What does that little **** know! Really thought that the sundries were gone, could that woman be a lady Huayanghou safely? It was ridiculous." Wei Fengyao mocked coldly, then turned to Li Shi "Mother, you are really useless, and you have been counted by that cheap girl again and again."

"You ... this cheap girl is so cunning, so I ..." Li was rebuked by her eldest daughter, and her face was a little unsustainable.

"Mother, don't talk about this. If you are useful, why did my sister and I fall into this situation. When she first entered Beijing, was she a cheap girl or your opponent? You can just kill her. Look now, your legs are being discounted by your father, it's a joke. "

Wei Fengyao mercilessly mocks his mother.

"In fact, you asked for it yourself. When you reach Li's house, you will miss, and when will you not miss, there is more of a place for you, a cheap girl who has no chickens. You also give people medicine to make people stunned, and you have to go around so many bends, considering so many, you deserve to be here now! "

"You ... what do you know!" Li's face flushed, ashamed and ashamed.

The matter of Li Fu was the taint of her life, and she still couldn't say clearly about it, and couldn't explain it too much to her daughter.

"I do n't understand. If my mother did n't do it for me, I would fall to where I am now. I would go wrong for you step by step. In the end, I ca n't even hold the position of this concubine. You still pray for this. The calculation can be successful, at least this Huayang Houfu can still have a place for you. If the uncle really gives birth to a son, hey! "

Wei Feng Yao bitter way.

She was originally the crown prince of the Nan'an Prince Palace, backed by the Huayang Hou Palace. Even the powerful Princess Nan'an did not dare to underestimate her, and the relationship with the Prince of Nan'an was fairly harmonious. To the extent that it doesn't make her hate, she still has to make a profit for that cheap seed.

The cheap seed was not the uncle's, but her father's. After learning the news, Wei Fengyao was angry and hated, but she had to put up with this breath. In order to come out, she had to bear almost everything.

"It won't let that woman give birth to a son." Li's gritted his teeth almost.

"It's not what you said, mother, you still think about Weiyuewu, this cheap girl. This cheap girl is now in the house. How can I get involved in Uncle's wedding, but she said it. She is the main one. If you need me, just find me. If I go to the door by myself, it will inevitably cause the suspicion of this cunning girl. It will be unsightly! "

Wei Fengyao sneered.

"This is not urgent ..." Li said coldly.

"It's not urgent, what's the matter? What the mother said is very light. If it's not urgent, I'll come to Huayang Houfu. I'll take care of it. My father-in-law said, let me look carefully. If Nothing was found, but it was bad! "Wei Feng Yao raised his eyebrows.

"Looking ... you go to find it, and no one won't let you look for it. When the cheap girl is there, don't look for it, and when she's gone, you can always look for it!" "She can't stay here all the time. Now she is also a newly married woman. Besides, the state of Yan Guogong is also not peaceful. When she comes to Houfu of Huayang every day, she is not afraid to grab the position of the concubine in this world. Now. "

This reminded Wei Fengyao that her eyes flashed immediately. "Both princesses are in the position of the wife of the Emperor Yan Guogong."

"Let them go to the Palace of Yan Guo, to see if this cheap girl has time to squat here." Li said with a grimace.

"Well, I'll go back and try again later, but mother, what about Wei Qiuju? My mother-in-law has given the death order. If she doesn't marry first, I don't want to have children in my life. What's more, a child who might become a child! "

Speaking of this matter, Wei Fengyao became anxious, and the ridicule in the discourse disappeared a lot.

In this case of her, Wang Shizi of Nan'an doesn't say he wants to spend the night on his own. Even if he sees himself far away, there will still be children.

So she must have a child, even if the child's biological mother is cheap, she wants this child.

She is going to adopt this child, and then cultivate it carefully, so that he will become the new son of the king of Nan'an. After that, the entire Nan'an palace will be his own.

She will prove that there is no honor for the King of Nan'an, that the man who is romantic, if it is not his status and status, is worthy of himself, then the cheap man is the perfect match.

Wei Fengyao said indignantly.

"It should be agreed, it must be just a humble niece. The old beggar has a very clear mind. It is cost-effective to exchange a humble niece for the anger of the Nan'an Palace, and it was originally set. It's

just a matter of getting ahead of yourself. You do n't have to go to the house with Princess Nan 's niece. It 's a good thing to see it. Now it 's just taking Joe as your own! "

Li has been Mrs. Tai's daughter-in-law for so many years, and she has a thorough understanding of Mrs. Tai's temperament, which will sneer and bluntly say.

There are so many benefits in it, that old beggar doesn't blame.

This will be considered one by one, not because of portability.

"Let Princess Nan'an send some more things to show her sincerity, but it will become a matter, but in any case, this matter has to wait for the marriage here to be ordered, always the old beggar can't be busy during this time "Li reminded Wei Feng Yao.

"Mother rest assured that my mother-in-law had settled on this. I was still distributing gifts when I came. When I was married, it was just a few. Now a side concubine has given me face, but it is a The little niece is still a maiden house, and she wants to stand by me. "

Speaking of this matter, Wei Fengyao was angry again, and she paid so much attention to this matter. A side concubine who just carried into the house just needed to prepare any great gifts!

"What do you care about, do what your father-in-law ordered, and let Wei Qiuju marry, you will be a stable princess in the future. Regarding what many do, those women are just playthings, one more and one less What's the difference, you are the main room, and it will always be the main room, and your child is the son of the world. "Li said mercilessly." And the son of the world is a fancy, such a man is the most unreliable. "

"I know!" Wei Fengyao nodded with hate.

As long as this matter is done successfully, her status will not change, and she will not be banned arbitrarily in the future, even if the king of Nan'an looks down on himself, his father and mother agreed, what can he do? kind.

When King Nan'an died in the next year, King Nan'an would take the throne, and he would return him to the West with a glass of poison, and his child would be able to board King Nan'an, and he would be the only one in Nan'an Palace ...

Chapter 689: Call for help from Wei Qiuju

"What do you think?" Wei Yuewu looked at Wei Qiuju and asked softly, picking up a flower at hand, turning it twice, and then turning her eyes to Wei Qiuju.

She returned to Qingheyuan, but Wei Qiuju was waiting there early.

"I ... I ..." Wei Qiuju hesitated, rubbing and rubbing his own papa, very uncertain.

"Sister Wu, what do you think in your heart, you have to have a score yourself, others want to help you, but you have to think about it yourself, otherwise you may be really helpful, and the more you help, the more things it's yours, and it happened to you. You should come to today with a decision! "

Wei Yuewu's eyes fell on Wei Qiuju's body, and her eyes were calm and cold.

"I ... I don't want to enter the door so fast, I found ..." Wei Qiuju was so excited that Wei Qiuju had to be courageous, "I found ... he was wrong."

"What's wrong?" Wei Yuewu asked homeopathy. In fact, when she saw Wei Qiuju, she knew Wei Qiuju's intentions, but there were some things that she was not an outsider to control. She was always Wei Qiuju herself. The idea is settled.

"The king of Nan'an has always been here before, but it hasn't come very much recently. He used to send someone to greet him, but now I can't see anyone at all." Wei Qiuju said in his heart, if this word was passed on, it would be extremely It doesn't make sense.

The family's marriage is about paying attention to the parents' life and the matchmaker's words. Before entering the door, it is best to have no contact.

However, Wei Qiuju's situation is different from the general one. Originally, the king of Nan'an had an interest in her, and later he became a member. Because of his intention, the king of Nan'an sent someone to give her something from time to time to please her. .

Although Mrs. Tai knows, she thinks that Wei Qiuju is not the wife of the former son of the main room. The side of the concubine is quite the room of the concubine. Since she is a concubine, the husband's pet is even more important. Shizi's behavior was also to open one eye and close one eye, and of course he did not see it.

Nothing to ban.

From time to time, Wei Qiuju received the sentiment from King Nan'an Shizi. At first, she was quite embarrassed, but she slowly saw that there was no one in the house to talk about it. I even feel that this is good, at least I can see that this son is really interested in himself.

But recently, the son of the king of Nan'an has disappeared, and even his little sister-in-law no longer sends things, but the house came to say that the son of the king of Nan'an asked to marry her and went to the door as soon as possible, meaning that this month Inside, this situation makes Wei Qiuju uneasy.

In order to figure out the situation, Wei Qiuju also secretly sent Yahuan Crescent to the Nan'an King's Mansion, and wanted to find the Nan'an King Shizi to understand the situation, but the crescent moon outside saw that the Nan'an Shi Zi took a woman out to play, and that The woman was a charming girl who had a big fight in Huayang Houfu before.

Apparently, Wang Anzi of Nan'an was very good to that Meier, even when he was in a carriage, he was holding them up, and then the two of them smiled giggling, disregarding the eyes of others, and grew up in the crescent eyes of surprise. And go.

After returning, Crescent Moon took the matter and told Wei Qiuju.

Wei Qiuju couldn't help but be surprised, but even more so that Nan'an Palace actually urged her to come through the door again and again, looking very anxious. It is clear that Wang Nanzi now has a newcomer, basically it has been forgotten about her. Old people, how can they urge to get married again and again.

Wei Qiuju became more and more panicked, more and more angry, but this matter of family affairs was not her decision.

Every time the news heard from the ring, it seemed that Mrs. Tai agreed to the Nan'an palace with interest, and even Wei Fengyao came back later to propose to Mrs. Tai in person on behalf of Princess Nan'an.

What kind of person is Wei Fengyao, and how Wei Qiuju does n't know, she almost wants to die herself. Wei Qiuju believes that, if possible, Wei Fengyao will definitely put herself to death, and she ca n't possibly do it for Come on your own.

Think about it this way, how dare to marry Wei Qiuju.

She was absolutely reluctant to marry until she knew the truth.

What's wrong with the Nan'an Palace?

"Sister Six, save me, I ... I really don't want to marry at this time." After telling the facts to Wei Yue Wu, Wei Qiuju gathered her courage and looked at Wei Yue Dance.

"Meier? The woman Wei Fengyao sent to make trouble in Huayang Houfu last time?" Wei Yuewu raised her eyebrows and asked indifferently.

The woman did return to the Nan'an Palace and she had a close relationship with the King of Nan'an.

Being able to get Meier out of Li's hands, it seems Wei Luowu really has not spent much energy, so it should be no small request!

Li now lives safely in the house, and even Aunt Luo's children are lost, Wei Luowu can tolerate it, because of this girl named Meier.

"Yes, that's her. Crescent Moon saw her when we were in our house last time. She was very fierce at that time, so Crescent Moon also remembers it well!"

Wei Qiuju nodded affirmatively.

"Sister Six, all I can ask for is you now, where can my grandmother take care of my affairs, my mother ... Although my mother doesn't say badly, she doesn't care about such a niece, and my father is even more so unreliable."

Wei Qiuju said that the tears could not help falling down here. She lowered her head and wiped away the tears. She looked around the whole house, except Wei Yue, there was really no one.

"Five sisters, if you find the King of Nan'an, it's really wrong, what are you going to do?" Wei Yuewu stared at Wei Qiuju.

Wei Qiuju was asked by her heart, and for a while, she didn't know what to do, she could only pinch the corner of the eye and looked uncertain.

"Five sisters, if the final result is still the same, what difference does it make if you don't check it?" Wei Yuewu's voice was a little cold, but it made Wei Qiuju feel awe-inspiring.

"Five sisters must think about this. If it is found that it is not correct, and if the result is still the same, then why bother, you will always know if you marry it anyway."

Married before you know? Even if something goes wrong, I can only bear it. With Huayang Houfu's attitude towards himself, even if he is aggrieved, he can only endure it, not to mention Wei Fengyao is staring there.

"If there is really a problem, and I want to secretly calculate me, I would rather not marry for life. If they do not agree, I will cut my hair as an aunt!" Wei Qiuju became more and more afraid, biting her teeth hard.

Compared to Nan'an Wangfu, who does not know the depth, she thinks it is better in Huayang Houfu.

"Sister Wu, it is good to have this determination, but this is only the worst consequence, and it is not necessarily the result, but there is always a preparation in my heart." Wei Yuewu lowered her head and thought, softly Soothe her.

The long eyelashes flickered twice, hiding the darkness in the eyes.

There must be something wrong with the Nan'an Palace, but I'm afraid that this thing is not yet known to others. Of course, it is necessary to figure out the intention of the Nan'an Palace.

It is not impossible to find out about Nan'an Wangfu in his own house.

Wei Fengyao brought two Yahuan from Nan'an Wangfu, and two wives. Those two Yahuan were originally two of Wei Fengyao's four personal dowry.

When Wei Fengyao and Huayang Houfu married, they carried Chunyan, Xiayan, Qiuyan and Dongyan with them.

Today, Xia Yan and Dong Yan have been opened their faces and become Tongfangyahuan. After Wei Fengyao had an accident, they were removed from the courtyard of Wei Fengyao by the King of Nan'an, and another place was set up. The aunt of the king's room in Nan'an is also a well-known person.

Wei Fengyao can't call them casually either, but Chun Yan and Qiu Yan are not very good. They were not watched by Nan'an Wang Shizi, so they are still waiting beside Wei Fengyao.

Wei Fengyao naturally returned with them this time.

The two women are from the Nan'an Palace, just ordinary women.

Originally, the two Yahuan follow Wei Fengyao had a long face in the past. Even if they were not watched by the King of Nan'an, they are more face-to-face than the other two in Weifeng Yao.

But then something happened to Wei Fengyao, and the two Yahuan also suffered, not to mention that later, Princess Nan'an directly ordered and closed Wei Fengyao with the meaning of madness, which meant that she was going to be locked up. Dead, two Yahuan were also queued in at the time.

At that moment, the two girls almost thought that they were going to be locked up inside.

I was so overjoyed that I was able to release it this time, and I could hardly believe that I still had a day to see it again.

The two of them have also been suffering a lot with Wei Fengyao. Wei Fengyao has a strong trust in the two of them. It will be heard that Miss Wu has something to pass on to them. Went to Wei Fengyao.

Wei Fengyao sneered and let Chunyan pass by to see what Wei Qiuju had to say.

Regarding Wei Qiuju, who dared to make herself ugly, Wei Fengyao's hatred for her was no less than Weiyuewu. It happened that she sent the door to herself to practice, and that was no surprise to her.

Want to enter the palace of Nan'an, want to marry the son of the king of Nan'an, want to have the favor of the son of the king of Nan'an alone, and force the Princess of Nan'an to agree that the son should be born from her belly?

A little niece, she wants to live better than herself, and she is not afraid that she will lose her life. Now she must be revenge ...

At first glance, Chunyan understood the meaning of her own master. Knowing that the master was letting herself to humiliate Ms. Five, she would sort it out a little bit, and went to Wei Qiuju with high spirits. The lady ordered it, but she tried The matter was so big, let everyone see how Miss Five did not follow the boudoir.

Private message ...

It was only when he turned to the corner of Wei Qiuju's courtyard door that he was suddenly hit **** the back of his head. As soon as the eyes were dark, Chunyan fell down.

Chapter 690: Sister, what do you think now

When Chun Yan woke up, her eyes turned black, and she slightly moved, only to find that her hands and feet were tied up, she couldn't move at all, and she seemed to have a black cloth bag on her head. There was a piece of papa-like stuff in his mouth, and he couldn't even speak.

"This ... will kill her here, will it be discovered?" A woman's voice came low.

Chunyan was so calm and quiet that she stole without moving.

"No one will find it. The lady ring next to the young lady is her own. Now she is not from our Huayang Houfu house. Besides, it is not good to hear that the lady has been in Nan'an Palace. Even if she disposes of this girl ring, What can you do? If you can't, you can make trouble in Huayang Houfu! "

The other sounded like an aged woman.

"It also makes sense. If the young lady had no family in Huayang Houfu, she might be deposed directly to the right room." Yahuan's voice gave a little smile, apparently agreeing with the mother-in-law's words.

"Then let's throw her in the river, no one knows anyway!"

Someone seemed to come up and lift her up, one head up and one foot up, and immediately Chunchun was suspended.

It was said that Chunyan was anxious to be thrown into the river, and she began to struggle desperately, and her tongue in her mouth pushed out desperately, trying to push out the piece of papa.

"Ah, wake up!" Yahuan's voice, the place where she looked up, loosened, and the foot behind her also shook twice, Chun Yan fell heavily to the ground, and the painful side also tightened.

"What are you afraid of, even if you wake up? Who knows what we did in the river? Anyway, the young lady is out of control and dare not really do anything!" The impertinent voice of the mother-in-law said, "No big deal. Just a little bit ahead, what we should do when we go back. "

"Okay." One hand fumbled to Chunyan's head again.

"You ... you dare, Mrs. Shizi will never let you go. Madam is saying nothing at the Nan'an Palace now, and so on ... Later, the entire Nan'an Palace will be Mrs. Zi's." Once heard, she will be thrown into the river. Chun Yan shook her head anxiously.

Only after saying a word, I found that the gag that had been gagged before may have just shaken because of it, but it fell out. After the joy, he shouted aloud.

"I'm really awake, but don't call it. This is the quietest part of the house. It's impossible for anyone to come here. I heard that Miss Liu was still here and fell into the river. It's your luck to return to Miss Liu. It fell to a piece. "The mother-in-law said indifferently.

Where Miss Liu dropped, Chun Yan really knew about it. That section was really deserted, and it was unlikely that anyone would come over.

"You ... Mrs. Shizi will not let you go, let me go!"

Chunyan was really anxious. She twisted her body and said, she didn't know who the two were, and she didn't know why she wanted to hurt herself, but she knew that if she didn't struggle, she would be really dead!

"Mrs. Shizi? I'm afraid I can't even sit in this position. When Miss Wu gets married, the young lady has to give way obediently. It's pitiful. This young lady will desperately want Miss Wu to marry."

The mother-in-law taunted.

Suddenly, Chunyan felt that her feet had been lifted, apparently the woman didn't take her words seriously.

"Really, our wife Shizi will have children in the future, but the prince of Nan'an Wangfu will rely on our wife Shihua even after the Huayang Houfu."

Qin Yan yelled and begged, "You let me go. When I go back and tell Mrs. Xun Zizi, I will definitely reward you."

"Mrs. Shizi is pregnant?" The head part fell down again, obviously the girl ring was timid to deal with.

"Yes, yes!" Chun Yan was busy trying to save her life.

"Fool who, the young lady, is a ghost, and the King of Nan'an will go to the young lady's yard when he is blind." The woman sneered, and her hands were pulled hard, Chun Yan's feet were dragged back.

"It's not Mrs. Shizi, it's ... it's the one named Meier." Chun Yan's forehead was full of cold sweat. This would care about others, just want to live.

"So what's the relationship with the young lady!" The mother-in-law still apparently didn't believe it, but the hands on Chunyan's feet disappeared, and she should still be afraid of what Chunyan said.

Feeling that the escape was hopeful, Chun Yan also did not want to say something inappropriate: "If the child in Meier's belly is born, if he is a son, he will succeed our wife, and this is the future son. You said that Madam Shizi It's still overwhelming. "

"What nonsense, everyone knows that the next son of the Nan'an Palace should come from the stomach of Miss Wu, who is born of Miss Wu, and the rest of those women who were born, also don't want to be a son ..." A whisper, but I paused, apparently thinking something.

After a pause, he stuttered, "You ... Nan'an Palace will not want to call this child named Meier, as if it was born to Miss Five?"

The sound was stuttering, but quickly and trembling, obviously frightened.

"Yes, yes, otherwise why would you be so anxious to let Miss Wu get married? When Miss Wu gets married, Meier gives birth to a child, she will say that it was born by Miss Wu, and then passed on to our wife, Huayang Hou. The government will not say anything, nor will our Nan'an palace fail to be trusted. "

Chun Yan felt that she was hopeful for escape, and she would not conceal it, and she said it at the moment.

"This ... who came up with this idea, this is not to harm our Miss Five!" The mother-in-law took a sigh of air, slowly.

"Of course it is Seiko. Seiko now loves Meier most. Where can her son be a **** without a name? As for the princess, it is always the first child. If he is a boy, he will be righteous. Of course, the princess will naturally not disagree. "

At this time of course, Chunyan had something to say.

Qiu Ju's face was pale as snow, and the tea cup in his hand fell into the ground, and the whole person shook almost uncontrollably.

It turned out that it was not only Wei Fengyao who calculated him, but the person he was about to marry.

He even calculated himself for another woman, only because Nan'an Wangfu owed a love to Huayanghoufu at that time, so he promised that the future son should be born by himself, so they used such a vicious plan to make themselves early Married into Nan'an Wangfu, and then set the child on himself.

"Let her out!" Wei Yuewu glanced at Wei Qiuju, and turned to Mei Yan on the side.

Mei Zheng nodded, and Jin Ling took out the black cloth bag on Chunyan's head with hands and feet, and untied the twine on her hands and feet.

Chunyan only felt that her eyes were bright, the bag on her head was taken off, her heart was loose, but she could see the Weiyuewu and Weiqiuju in front of her eyes, her complexion became pale and her whole body was paralyzed. Ground.

"County ... counter ..."

"Tell me how long Meier has been pregnant?" Wei Yuewu looked at Chun Yan coldly.

At this time, there is no need for Wei Yuewu to say anything, and Chun Yan dare not say so. She has already said so much. If Madam Shizi knew that, she would definitely kill her.

"It's only ... I found it out!" Chun Yan said.

"If the fifth sister marries into the Nan'an palace the other day, what would the Nan'an palace say? Wouldn't you be afraid that the fifth sister would make trouble?" Wei Yuewu said coldly.

"By ... when it comes to Miss Wu's premature birth, there is the Nan'an Palace, the Princess of Nan'an is very powerful, and even the wife of Shi'an was repressed, let alone Miss Five, as long as she entered the gate of Nan'an Palace, after that It's not up to the government to say what to do. Even if Miss Wu wants to be troubled, it's really horrible. As soon as the cure goes on, she will lose her life! "

Chun Yan didn't dare to conceal, and forced herself to finish her words calmly.

Wei Qiuju's face was pale, there was no trace of blood, and her lips were slammed twice, but there was no sound. The expression on her face seemed to smile, she pressed her hand on the table and wanted to stand, but she shook it twice, but she did not stand up.

Crescent on one side rushed forward to support her.

"Do you now go back and know what to say?" Wei Yuewu's eyes fell on Chun Yan.

Chun Yan froze for a moment, but immediately looked up unexpectedly: "The county master is planning to release slaves?"

"Of course I want to let you go. It is always the elder sister's ring. Besides, this is still in the house. How could a good-looking person be gone! But, after you go back this time ..." Wei Yuewu smiled slightly and turned to go Lean back.

"The county master rest assured that the slaver said nothing and knew nothing. The slaver had never seen the county master and Miss Wu. Madam Shizi asked. The slaver only said that Miss Wu was absent. The slaver turned around and left." Chunyan promised vigorously that she was afraid that Wei Yuewu would not believe it.

"Okay, then you can go back and take care of your mouth! Even though the Nan'an Mansion is good, but the Yan State Mansion is not bad, not to mention the incident, you ... I'm afraid to ..." Wei Yuewu whispered softly, The sound is very soft, but it falls in Chunyan's ears, but it is a deep horror.

What did she mean by this?

If this matter comes out, Wei Yue Wu or nothing, his life must be gone, and the evil heart of Mrs. Shizi will not leave herself.

"Yes ... It is the county owner to rest assured, and slaves will not say anything!" Chun Yan gritted her teeth.

When she says it, she dies, and of course she doesn't say anything.

Seeing that she understood this very well, Wei Yuewu waved her hand, and Jin Ling on one side pulled Chun Yan up, and half of her helped her out.

After looking at it, there was nothing of her own. Mei Yan also resigned and took the initiative to retreat. There was a lot of things over Qingheyuan. She would be too busy at this meeting, and she could n't stay with Miss Five forever. The yard.

"Sister Wu, what do you think now?" Wei Yewu looked at Wei Qiu, who was still trembling, and asked softly.
