

Young Lady 691

Chapter 691: Shizi, I look down on you

"Six sisters, I will not marry, I will never marry!" Wei Qiuju flashed a bit of hatred on his face, which would calm down slowly.

Before marrying, that person starts to count himself. If you marry, no one up or down thinks of yourself, there is still a way to live.

Chun Yan had just said that if she really wanted to make trouble, Nan'an Wangfu had prepared a bowl of poison for herself, so that she could return to heaven early.

She married Nanan Wangfu as a niece, and then gave birth to a son-in-law, and then passed on to Wei Fengyao. For Mrs. Tai, this is enough. At least the next son of Nan'an Wangfu has a glory. The blood of Yanghoufu.

This child is important to Mrs. Tai, and who cares for his life?

"Sister Wu really don't want to marry?" Wei Yuewu fixedly asked Wei Qiuju again.

"If you don't marry, you won't marry. I'll ask my grandmother now. If my grandmother doesn't agree, I'll just twist my hair and be an aunt, and see how they marry me!" , Reached out and took the set of scissors over, picked up, and stood up.

Wei Yuewu stretched her hands and held her: "Five sisters, please wait first."

"What are you waiting for? Your grandmother will agree at that time. By then, it will be really weak." Wei Qiuju struggled anxiously.

"What are you going to say at this time? Tell me what Chun Yan said just now? Chun Yan won't give you evidence." Wei Yuewu said lightly.

"But ... but you ..." Wei Qiuju hesitated to Wei Yuewu.

"Yes, I will testify to you, but what's the use of it, just the two of us, Mrs. Tai said that I shouldn't think it was me who played with you."

"What shall I do?" Wei Qiuju was a little dumbfounded.

"The best thing is to let Nan'an Wang Shizi say this!" Wei Yuewu said in full.

"He won't come. Before I let the Crescent Moon pass, he would be busy swimming with that Meier, where would he control my life?" Wei Qiuju now has no hope for Wen Ruoming, the king of Nan'an. .

Seeing Wei Yuewu's calm look, she calmed down and said coldly.

"If he doesn't come, something will happen. I think he still has such a little effort!" Wei Yuewu smiled slightly, her eyes slightly raised.

"Sister Wu, how is Uncle San to you?"

"Father is good to me!" Speaking of Wei Luoli, Wei Qiuju's face softened a bit. Wei Luoli was actually a timid person. He usually obeyed Zhang's in daily life, but even so, for himself Still good, from time to time someone will send something to themselves.

"If uncle San heard someone want to hurt you, shouldn't he be indifferent?" Wei Yuewu asked again.

"The father should be on my side, but the grandmother may not be able to listen to what the father said!" Wei Qiuju smiled bitterly, and the third room was faint. The main reason was that the father had no uncle and second uncle, and even took his father in front of Mrs. Tai. There is no face, not even the face of Wei Qiufu.

In this way, even if the father is willing to take the lead for himself, it may not be useful.

"What if you reminded Uncle San to bring my father and second uncle?" Wei Yuewu picked on the corner of her lips and thought for a while and laughed.

"This ... Father should be OK!" Wei Qiuju thought for a moment, hesitated.

"One more person and one strength, always let father and second and third uncles together!" Wei Yuewu flashed a gleam of coldness.

Wei Luowu really knew nothing about Meier? Or was this the one he originally arranged?

Both Meier and Wei Fengyao are his daughters!

But Wei Qiuju, who was the worst victim of the whole thing, was just his niece!

Wen Ruoming, the king of Nan'an, is really busy. He is surrounded by beautiful flowers. He used to hide it because the princess of Nan'an didn't like it, but now it is found that she is pregnant. With one eye, it made him happy.

Wen Ruoming has always liked this delicate and weak woman. For the same reason, Wei Qiuju used to like this. Now, in any respect, this girl is more charming and more fashionable than Wei Qiuju. Charming and charming, a girl who has been educated in a youth building since she was a child, the degree of charming is certainly not comparable to Wei Qiuju.

Looking at it this way, we felt that Wei Qiuju faded, and she was not so concerned. After that, she agreed with Meier's tender words.

Meier's status is really low, and her birth can't raise her position. If she is born next to Meier, there is nothing to be done. If Wei Qiuju's successor is in Wei Fengyao's family, in this name, the position of this son is firmly fixed.

Wen Ruoming will be attracted to Meier wholeheartedly. Where does Qiu Qiu control the life and death of Wei Qiuju, he will say that Wei Qiuju is pregnant, and then say premature birth, the child's affairs can

be taken care of. The cover is tight, and no one knows what happened. As for Wei Qiuju, let her stay in the backyard of the Nan'an Palace.

If it's bad, you're welcome!

But now Wei Qiuju hasn't married into Nan'an Wangfu, this is the key.

Not only was Princess Nan'an anxious, but also the son of King Nan'an was anxious. I heard that Wei Fengyao and Wei Qiuju had a dispute in Huayang Houfu, and asked him to adjust the situation.

This matter is also good for Wei Fengyao. Actually, at this time, go to argue with Wei Qiuju. If something really happens, you must not let the matter go.

Meier was also nervous about this. After hearing this, she hurriedly asked Wen Ruoming to go to Huayang Houfu.

When Wen Ruoming arrived at Huayang Houfu, the accused could go in directly, so Wen Ruoming followed a wife and hurriedly walked to Huayang Hou's inner court.

He was the husband-in-law of Wei Fengyao. He had seen a lot of his followers in the house. This meeting saw him rushing in haste and didn't know what happened, one by one to avoid.

The woman took him to a vacant courtyard and opened the courtyard door, only to see Wei Qiuju sitting idly at the stone table under the tree, without even a girl ring around her.

Her body was a little messy, and her clothes were a bit untidy. She knew that something had happened at first glance, but now she was alone there, with tears in her eyes and red eyes.

"What's wrong, what happened?" Only Wei Qiuju sat in aggrieved face, Wen Ruoming coughed, waved his hand, and walked in.

The woman stepped back.

"Shizi!" Seeing Wen Ruoming coming, Wei Qiuju stood up and gave her a blessing.

"Where is Feng Yao? Did she bully you? It's okay. When you get married, I will help you. I won't let her bully you again. If you give birth to a son, you can still be the future son." Wen Ruoming An Wei Qiu Qiu said, of course, this will have to coax Wei Qiuju, so that Wei Qiuju can obediently enter the Nan'an Palace in advance.

Everything in the house was ready, and only Wei Qiuju was left.

The pregnant belly can not hide, Wen Luoming will be very anxious, but it is not impatient, expressing comfort to Wei Qiuju.

In his opinion, even though Wei Fengyao and Wei Qiuju had some disputes, she would appease a few words, and Wei Qiuju would have no petty temperament. She would be Wei Qiuju 's husband in the future, but she is only herself. One of them.

How can I coax her by laying down my body like this!

"Shizi ... why lie to me again!" Wei Qiuju raised her head and looked at Wen Ruoming, her face slowly cooling down.

This made Wen Ruoming hesitate for a while, and felt bad for a while. He asked carefully and carefully, "What does Juer mean by this?"

"Shizi, don't call it so affectionate. I'm Miss Five of Huayang Houfu. It has nothing to do with you!" Wei Qiuju said with a straight face.

"It doesn't matter, you will soon enter our Nan'an Palace, and you will become my side concubine. What kindly do you say!" Wen Ruoming said.

"No!" Wei Qiuju shook his head, "Shizi, the elder sister told me, do you think I will marry to the Nan'an Palace? If you count me like this, you are not afraid of being in the middle, God Punish you?" Wei Qiuju's face calmed for a while, her lips pursed twice, her voice rushed.

What did Wei Fengyao say? Wen Ruoming's heart was pounding, and I felt bad: "What did Feng Yao say? After she knew that you were going to the house, she had some magic wands. You can believe what she said? It's just jealous of you. She is the wife of the son, but she cannot be the mother of the son in the future. She is jealous and will go crazy before she talks about anything. "

"Shizi, don't lie to me. I'll twist my hair and be an aunt. The son of Meier, born in my name, is in my name, just because your Nan'an palace promised me to give birth to the next generation of sons, so If you love this girl named Meier, you will kill me, and then raise the child in the name of my elder sister, and you will all be happy, only I can die! "

Wei Qiuju calmed down the anger in her heart, then looked at Wen Ruoming, reprimanded, "Shizi thinks I'm so stupid, will I have to enter your Nan'an palace to die?"

"I ..." Wen Ruoming couldn't think of Wei Qiuju's details in this way. For a while, he was a little nervous, he opened his mouth and couldn't answer.

"Shizi, I really look down on you. For a woman in the blue house, even the queen's side concubine dare to kill me. I will sue the grandmother soon, let the grandmother go to the palace to see the queen's maiden, and let the queen's maiden give a comment!"

Wei Qiuju said, showing the color of hatred on her face.

"Even if I was killed on the spot before the queen's maiden's palace, I won't enter your Nan'an palace!" Wei Qiuju really worked hard. Wei Yuwu had previously ordered her to make her more serious. OK, otherwise this matter is really not easy to deal with, it must be the marriage given by Queen Tu. This matter is not something you can do.

"You ... you're too much! Is this what a deep-daughter daughter said!" Wei Ruoming was so ruthlessly disgusted, Wen Ruoming's face was a little bit embarrassed, his face was fierce, angrily.

"This is not what the daughter of Shengui said, but is this such a vicious thing done by you both up and down the Nan'an Wangfu? Since it is so vicious, are you afraid of people saying, go, go, see your grandmother now!" Wei Qiuju With that said, when I turned the stone table, I would walk out of the door.

"Wei Qiuju, don't give your face a shame, you can enter our Nan'an Palace, and it is also your ancestor who burned the high incense, otherwise your little niece also wants to be my side concubine, and at most one pass through the house ring You're here. "Wen Ruoming was really ashamed when she saw her. He reached out to pull Wei Qiuju, and said fiercely.

"You're still obedient, you can still have a life, otherwise a bowl of poison will be poured directly into your mouth, and you can't live if you want to live!"

The courtyard door of Weihe was suddenly kicked off with "Kuangdang", and several of the Wei Luowen brothers stood at the door, watching Wen Ruoming coldly ...

Chapter 692: Things up

Wen Ruoming was startled by the loud noise behind him. When he looked back and saw Wei Luowen, the look on his face immediately became extremely ugly.

"Uncle, second uncle, father, Juer was unwilling to marry Nan'an Wangfu and was killed by a bowl of poison. If this was the case, it would be better for a bowl of poison to kill Juer's life now, or it would prevent me from going to Nan'an Wangfu Because of a woman in a blue house, she was bullied to death. "

Wei Qiuju also responded quickly at this time. He fluttered to the three of them, and covered his face with a loud cry.

This is not only the shame of Wei Qiuju alone. Wei Qiuju is no longer good, but also a family girl in Houfu of Huayang. She is not at a level better than a woman in a blue house, but now Wen Ruoming The Qinglou woman who couldn't get on the table, secretly assumed that Wei Qiuju trampled on the dignity of Huayang Houfu.

"Si Shizi doesn't like the young lady of Houfu Houfu, this marriage is impossible." Wei Luowen said with a grimace.

"Shizi, although Juer is just a maidservant, it is also my flesh and blood. Even if I keep her up, I won't let you Nan'an Palace do the same!"

Wei Luo shivered in courtesy. The girl ring around Wei Qiuju sent him to him for help, and asked him to try to bring Wei Luowen and Wei Luowu here, saying that Wang Anzi wanted to harm Wei Qiuju and let him Bring my two brothers to testify to myself.

Although Wei Luoli didn't know anything, she saw Crescent's panic-stricken face and knew that the big event was bad, and hurriedly brought Wei Luowen and Wei Luowu over.

Because Wei Qiuju didn't tell him clearly, he just vaguely said something happened in the backyard and asked his two elder brothers to come together.

I was here to hear the noise inside, and I couldn't help listening to it.

Wei Luoli always knew that he didn't have a long face in front of his two elder brothers, but even if he went out like this, he was also the three masters of Huayang Houfu House, and he had never suffered such humiliation.

The Qiqiao of Qi will make smoke.

"Master Hou ... No, it's not like this ..." Wen Ruoming was a little panicked at the look of the Wei brothers' faces, and refused to rest, shaking their hands.

"Which is not the case? Who are you, Nan'an Wang Shizi? You helped me out, I thank you very much, so you carried the reputation of being intimate with you, but in fact there was nothing before the two of us before, you are The clearest thing is that the queen mother-in-law gave her a wedding, and she thought about it, but even if I have a gratitude to you, you ca n't take my life for it, and take us from Huayang Houfu Think of it as a gift you give to a woman in a blue house. "

Wei Qiuju raised her tear-stained face and said sadly.

The events of the day were also rushed to power, others may not be clear, but Wen Ruoming and Wei Qiuju both knew clearly.

They had no relationship before, and where did they get their personal feelings.

"No private feelings?" Wei Luoli asked, this is also where Wei Qiuju was sickened by other people in the house.

"Father, I didn't have any personal relationship with him before. If Ruojuer said panic, the sky struck five thunderbolts!" Wei Qiuju also swears out, pointing at Tian to swear, and then turned to Wen Ruoming: "Shizi How dare you swear that you didn't want to hurt me? Didn't you use me to achieve the son of that woman named Meier? "

Wen Ruoming did not expect Wei Qiuju, who had always been weak, to be so fierce, but for a while, he was speechless and didn't know how to deal with it.

Seeing his actions, Wei Luowen was completely clear. Needless to say, the son of the Nan'an Palace was really unsettled. What he said before was true. No wonder he had been anxious to let Wei Qiuju enter the door. It turned out to be No intention.

"Big brother, second brother, you save Juer, my daughter would never marry such a wolf-hearted person!" Wei Luoli knew that she was alone, and turned to Wei Luowen and Wei Luowu to plead.

Wei Luowu, who has not spoken, coughed and calmed him, "Three brother, don't worry about this first, maybe there is something wrong in it."

"Yeah ... yes, this is a complete misunderstanding. How could I do such a thing?" Wen Ruoming hurriedly followed.

"Since it's a misunderstanding, sit down and talk about it. It's always a wedding from the queen mother. Although it is only a concubine, this marriage is recognized by the royal family, and you can't retreat if you want to retreat. Boldly disobeying the queen's maiden's will, a woman in a blue house is just a plaything! "

Wei Luowu whispered again.

"Erbo, I know that you are the elder sister's father and also the grandmother of the king of Nan'an, so everything stands on the side of the king of Nan'an and the elder sister, Erbo, the elder sister is also beneficial in this matter, only I finally Only then was a pot of poison poured out and my mouth was destroyed, but I was only the niece of the second uncle, and the second uncle thought from the perspective of the elder sister, and it should be. "

Wei Qiuju really broke out this time, and as she was told before the Yueyue dance, she burst into tears and said while crying.

In her previous temperament, she would never say such words, not to mention that Wei Luowu has always been majestic in the house. The somber face Wei Qiuju, even if she saw it from a distance, would avoid it early. Don't even dare speak loudly.

But this time she was also forced to go to the absolute end. If this marriage really happened, she would be a dead end. In this case, how could she not fight.

Even greater fears are more than imminent.

Wei Luowu also did not expect Wei Qiuju to say such a thing. For a while, he was said to be froze, his face was sinking, and he was about to get angry, but saw his third brother Wei Luo Lili staring at him suspiciously.

"Second Brother, wouldn't you know that too?"

"Third brother, what murmur is spoken, Ju Girl is also my niece no matter how bad it is, I can't hurt her with outsiders!" Wei Luowu's robe shuddered, his face was ugly.

"Go, talk to your mother!" Wei Luowen looked at Wei Luowu and looked at Wen Ruoming, turned around and strode out.

In the backyard of Huayang Houfu, Mrs. Tai had the final say.

At this time, Crescent didn't know where it came from, and raised Wei Qiuju, who was crying and weeping silently, followed Wei Luowen to see Wei Luowen go. Wei Luowu stomped and could only keep up. Before leaving, he looked back at the son of King Nan'an, and there was a flash of anger in his eyes.

Wen Ruoming used to be considered to have made progress, but now I find that I'm so out of touch. Even such a trivial matter can't be done. Actually, when things are about to be done, I will run into trouble. It's over.

Although his third brother is useless, it is extremely short-handed, and because of Wei Qiuju's words, he can't be too frank about Wen Ruoming. As for the mother, although he has no big feelings for Wei Qiuju, he is trampled. The reputation of Huayang Houfu will never be missed.

In Mrs. Tai's meditation hall, Wei Yue Wu is accompanying Mrs. Tai to speak.

The main point is the arrangement of Qing Yuwan before. Wei Yue Wu has already seen it, and the head of the talk is Tao. She also mentioned some bad aspects, and Mrs. Tai said she had to go to see if she was free.

As for talking about Li's intentional dumping of garbage on the road in front of Qingxinwan, even now that even if the road is disposed of, it is still stinking, and his face is too white.

This time, I am going to marry Tu Taishi's woman. On the day of her marriage, she finds that the smell is so bad that she really can't afford to lose this person, and it's not easy to explain to Tai Shi.

While talking, suddenly heard the noise from outside, Acer quickly rushed in and reported: "Mrs. Tai, Miss Wu crying and came in with the three masters, and the son of Nan'an Palace."

"What is he doing at this time?" Mrs. Tai frowned. The two important points during the marriage period, according to Li Wenming, should not have appeared here.

"The slaves didn't know, but listening to Miss Wu meant that the reason why Nan'an Wangfu wanted to let Miss Wu come through earlier was to count Miss Wu, want to step on our Miss Huayang Houfu, and

put the lady on the green house last time. Send it to the top. "Acer didn't hear what it meant, so Wei Qiuju said a few words and didn't understand anything, but just reported it to Mrs. Tai.

"Stepping on the daughter of our Houyang Houfu government? Was it the one named Meier last time? What does Nan'an Wangfu want to do? Last time, she sent the woman by the name of her elder sister, and now she wants to send her to the higher power. Step on the five sisters! "Wei Yuewu was drinking tea, and the tea cup in her hand was put down. Liu Mei raised her head upright." Is there really no one in our Huayang Houfu! "

"Go, bring people in!" Mrs. Tai also sank, and said coldly.

"Yes, the slaves will go down!" Acer retreated, and after a while a cry came from the doorway. Wei Qiuju flew in first, and kneeled directly in front of Mrs. Tai. Mrs Tai nodded her head.

"Miss, miss, don't do this, don't do this!" When she saw that she was too hard, she saw redness and swelling on her forehead a few times, and the crescent crouched down and wanted to pick her up.

"Grandmother, you have to take charge of Juer. A woman in a blue house wants to step on me, and ... she also said that a bowl of poison would kill my life, grandmother! Juer ... Juer is not even dead. Marry into the palace of Nan'an. "Wei Qiuju was pulled up by the crescent, his forehead was already green and swollen, he covered his face with a papa, and cried loudly.

The defender Luo Wen brother and Wang Anzi of Nan'an came in together. Wen Ruoming still wanted to say something, but when he saw Wei Qiuju looks like crazy, he didn't know what to say for a while, and his forehead couldn't help but see the sweat. At this time, what seemed to be wrong, he would regret it, knowing that he would not come to Huayang Houfu today.

A good plan is broken.

But Qiuju Wei said that he was inconvenienced and could only stand on the side and anxious.

"Say, what's going on?" Mrs. Tai's face was dull.

"Yes, grandmother, listen to me!" Wei Qiuju took a little breath and said, crying, and told both Nan'an Wangfu and Wen Ruoming's plans.

The incident was so horrifying that Mrs. Tai listened and took a hard shot on the table, screaming: "King of Nan'an, don't forget this marriage, my daughter in Huayang Houfu, is not for you I will go to the palace in a moment and ask the queen mother to break the marriage contract. "

Although she does not attach importance to Wei Qiuju, it has a bearing on the reputation of Huayang Houfu, and she cannot afford to wait.

"Come, please Princess Nan'an, please!"

Chapter 693: Tit-for-tat, Princess Nan'an

I heard that Nan'an Shizi had an accident in Huayang Houfu. Princess Nan'an came pretty fast. It didn't take long for her to come to Huayang Houfu and come to Mrs. Tai's Jingxinxuan.

After seeing the ceremony, Mrs. Tai fell on Wei Qiuju who was still kneeling on the ground, and her face sank: "Miss Five, you and Ruoming are not sure if they are right or wrong. How did the two of you look right to each other and let Ruoming protect you? This one is even more anxious to marry you. What are you doing now? "

This is as if Wei Qiuju has been in trouble.

Mrs. Tai opened her mouth, and for a while I didn't know what to say!

Wei Yuewu looked up at Princess Nan'an. Her current status is Mrs. Yan Guogong, which is enough to sit on an equal footing with Princess Nan'an.

Princess Nan'an looked very angry, and looked very angry.

Regarding the Princess Nan'an, Wei Yuewu didn't pay attention to it before, and the two did not have any intersection before. They only encountered it occasionally. Disgusting.

It seems that in this incident, Princess Nan'an was not innocent, otherwise she would simply press the charges against Wei Qiuju as soon as she didn't notice.

"Prince, I heard that it was the King of Nan'an who wanted to give me five bowls of poison. If this is not a problem, can it only be poisoned?" Wei Yuewu's eyes were pale.

Some words, Mrs. Tai is not easy to pick up, but she can pick it up.

"Mrs. Yan Guogong, there are some things that you don't know, so don't talk about it." Princess Nan'an looked cold and angrily.

She always has a distinguished status. Even if Mrs. Tai sees her, she must accompany her with a smile, not to mention Wei Yuewu, a young girl who is not so good.

If it weren't for Wei Yue Wu, who is now the wife of the Emperor Yan Guogong, she would have been kicked out immediately, a little girl who would dare not speak up in front of her.

"The princess came over and said no reason, she said it was the fault of the five sisters, did she also know it early?" Wei Yuewu smiled, not arrogant.

Princess Nan'an's complexion sank even more, and she looked at Weiyue Wu for the first time.

Compared to Wei Qiuju, Wei Yuewu's complexion was paler and weaker, but the delicate degree of her eyebrows had to marvel the Princess Nan'an. What kind of beauty daughter did she have? Go, after this kind of eyebrows open a little longer, it must be the beauty of allure.

It is no wonder that Jing Wenyan will be anxious.

It's just such a tender girl, with a bit of coldness all over her body, a pair of glaring water eyes showing a bit of coldness, and she can't avoid her eyes, she looks back at herself generously, such a calmness and calmness, But it has a great contrast with her beautiful and delicate appearance.

"Don't the princess also know this?" After being beaten by Wei Yuewu, Mrs. Tai also had the opportunity to take a mouth, and said with a sullen expression, "If the palace of Nan'an doesn't see Juya, it's okay, but why is it necessary? It hurts our lives. We don't need to say anything to the princess now. I just went to the palace and asked the queen and mother to comment and solve the family affairs of the two! "

"Mrs. Tai, what the queen mother-in-law gave is a child's play!" Seeing Mrs. Tai's determination to dissolve, Princess Nan'an's face sank even more, with a sneer and angrily.

"Princess, the five sisters' lives are even different!" Wei Yuewu smiled coldly, and slowly answered, completely disregarding the intimidation of Princess Nan'an.

"Sir concubine, you are still young and do not understand anything. At this time, it is better to let Mrs. Tai decide. How can the affairs of the two houses be made useless by a few jokes of a child!"

Princess Nan'an looked at Wei Yue Wu word by word.

Mentioning the relationship between the two governments, Mrs. Tai's face showed a little hesitation. If she had a feud with Nan'an Wangfu, it would be worthless for Huayang Houfu.

"I'm young, so I don't know why a woman in a blue house crawled over our Miss Huayang Houfu? Why should a woman in a Qinglou practice our lady in Huayang Houfu? Why is a woman in a Qinglou suddenly? Came to our banquet in Huayang Houfu in the meantime? Could someone have wanted to plot our Huayang Houfu in the early days? "

Wei Yuewu smiled, laughing like a spring flower, but the voice in these words was actually a chill with deep bones, such a radiance, even the princess of Nan'an was in panic. Is this Jingde County Lord really only a dozen? Actually, in these short moments, Meier's affairs can be described as deliberately plotting the affairs of Huayang Houfu.

Pressing down such a big hat is not just a matter of family affairs, it will not only cause trouble to the emperor Tu, but also to the emperor.

Even though Queen Tu had secretly felt breathless there, Queen Tu said she would stand on her side. The left is just a niece, and she is the maid in Huayang Houfu 's most inconspicuous third room, even if It's no big deal to die.

However, if the matter is conspired against the Huayang Houfu and imperial court officials, this matter cannot be trivial, nor can it be resolved by the inner court.

"Sir concubine, this is a disaster for the emperor of the kingdom of Yan Guo!" Princess Nan'an smiled.

"Huayang Houfu is my home!" Wei Yuewu said lightly, without flinching.

Seeing that Weiyuewu dared to bump against herself constantly, Princess Nan'an couldn't bear it anymore, and she patted it on the side of the chair bar with a heavy hand: "Reverse, reverse, does Huayang Houfu not know respect Are you humble! "

"Prince, I don't think my current identity is disrespectful to you." Wei Yuewu raised her eyes and said coldly.

The identity of the emperor Yan Guogong, seeing the prince has not yet bowed, not to mention that it is only Princess Nan'an.

"Princess Nan'an, is there something wrong with Wu'er? Make Princess Nan'an so angry? Didn't that blue house woman force our three brothers to drop blood to test their relatives that day? Afterwards it was said that the woman was gone, but now why At the Nan'an Palace, but also pregnant with the son of the King of Nan'an? The twists and turns in this case also asked the princess to tell me in front of the emperor, so that others would not say that the Nan'an Palace wanted to frame our Huayang Houfu. "

Wei Luowen is the least likely to see others bullying Weiyuewu. This will see that Princess Nan'an actually scolds Weiyuewu, sneers, and directly takes over the topic of Weiyuewu.

"Huayang Hou, this matter really has nothing to do with Nan'an Wangfu. It was Feng Yao's job, and she brought people back afterwards. If there is something wrong, it's also Feng Yao's fault. It has nothing to do with Nan'an Wangfu. "To Princess Luowen Nanan, she was afraid to be strong, but she did not want to be subdued, so she had to pull things all over Wei Fengyao. But Wei Luowu didn't like to listen to it.

Leng Hum said, "What does the princess mean? Yao'er was also a well-known lady when he was in Huayang Houfu. Why isn't there anything wrong and how to get to Nan'an Wangfu, All the big mistakes are hers. According to the princess's meaning, she will help her husband-in-law to conceal her maiden family! "

Wei Luowu is a civil official. Naturally, this kind of thing is more severe than Wei Luowen. This will be an exit. Not only is it aggressive, but it also implies that all things done by Wei Fengyao were directed by Princess Nan'an.

In a few words, Princess Nan'an opened her mouth, but Princess Nan'an was not an ordinary person. After a little hesitation, she immediately responded, and said unhappily, "Mr. Shang Shu, what does this mean? Doesn't she believe her daughter? Wind Is Yao's temper able to be controlled by others? Forget it, this is a negative argument between children, why bother the two houses?"

Although the words of Princess Nan'an were still angry, she could hear that her tone became more euphemistic.

"If Miss Wu really doesn't want to marry so early, it's better to be late, always raising her mind a little, don't get a little bit surprised, and then turn our Nan'an Palace to the ground. Not good! "

Princess Nan'an's eyes fell coldly on Wei Qiuju, apparently very dissatisfied with Wei Qiuju.

Wei Qiuju bit her lip, motionless, as if she didn't understand the hint of Princess Nan'an's words, and she went downhill.

She really didn't want to enter Princess Nan'an again, and knew that this was her only chance. Princess Nan'an's trip was mixed, and she didn't want to go in again, so this would not be able to retreat.

Even if she was panicked in her heart and insisted on clenching her teeth, the six sisters had previously analyzed it to her. If she was a little soft, this would pass, and marrying herself into the Nan'an Palace would become a foregone conclusion.

In the front, Wei Feng Yaohu looked at her, and later, Meier was framed, and in the middle there was the disgust of Princess Nan'an. Coupled with such a trouble, the son of King Nan'an must not be pleased with himself. Calling every day ineffective, every day is involuntary.

Thinking about this, Wei Qiuju bit her lower lip fiercely, but lowered her head to tears, but had no intention of borrowing a donkey to go downhill.

Seeing Wei Qiuju was stupid and didn't understand her own meaning, Princess Nan'an angrily said: "Miss Five, don't you really hate your elder sister so much and want to steal her position and become Mrs. Ruoming's majesty? She is no longer your eldest sister, how can you ... how can you really do something to her, you ... did you let her confess her death, you ... "

Wei Luowu raised his head, his eyes fell coldly on Wei Qiuju's body.

"Prince, what is really weird about this? Even if there are some things about the older sister, isn't the main thing that is the king of Nan'an? It is Shiji who wants to record the children born to Meier in the name of five sisters, and then send them to The eldest sister was taken care of by the eldest son. This is why the eldest son of the eldest sister, in order to protect a young woman, pretended to be in the favor of the eldest sister, but who is the most beneficial? Who is the child 's biological mother? Let me say it! "

Wei Yuewu smiled sweetly, directly interrupting Princess Nan'an's provocation.

"The princess doesn't have to say much more, we go to the Holy Spirit to argue the truth." Wei Luowen stood up and said coldly.

Chapter 694: At the gate of the palace, the arrowhead came

"The princess doesn't have to take Feng Yao to talk about things. When it comes to this, Feng Yao is also a victim. Look at Feng Yao now. People are not like people, ghosts are not like ghosts. It's only when they come to Nan'an Wangfu!" Wei Luo Wu's face is also difficult to see, but this will also cooperate with Wei Luowen.

Step out.

Wei Luoli looked at his two older brothers, and then looked at his daughter who was kneeling on the ground.

He has always been cowardly, but will fight for his daughter.

"Princess, let's go!" Wei Yuewu also stood up and hurriedly said to Princess Nan'an.

Seeing the brothers Wei's plans to make things big, Princess Nan'an was really panicked. How could she never think that Huayang Houfu's attitude would be so resolute, but she was a maidservant who was of little use. It really has to be on top of the Nan'an Palace. This incident has caused a lot of trouble. Not only Wen Ruoming's reputation has disappeared, but even the entire Nan'an Palace will be subject to fouling.

"If Ruoming comes, plead guilty to Miss Five!" Princess Nan'an stood up and swiftly winked at Wen Ruoming, a son of King Nan'an.

Wen Ruoming would understand after a moment's sorrow, and immediately stood up, and fell in love with Wei Qiuju who was kneeling on the ground: "Miss Five, I was the one who refused to say anything. It was only because you didn't agree to marry into the palace immediately. You, I do n't expect you to take it seriously, but it's mine, and I'm not here to accompany you!"

Watching their performance, Wei Yuewu sneered, although the Princess Nan'an had a deep belly, the King of Nan'an was not a good person. He was so capricious. If he didn't know this, he would really say Maybe they are deceived, but they will act.

Mrs. Tai frowned, not knowing what to do for a while.

Nan'an Wang Shizi accompanied Wei Daoju to Li Daoqian, and she has done a good job in this matter. She will reconsider the gains and losses. If it is really because Wei Qiuju and Nan'an Wangfu faced a little more than worth it.

"Grandma, it's not a misunderstanding. He ... Shizi really said that!" Wei Qiuju flushed, insisting with tears.

"Miss Five, I'm really just an angry word!" Wen Ruoming raised his head and said sincerely.

He is quite fat, and usually makes people feel peaceful. This look will be full, and it is quite sincere. It is just that such sincerity falls in Wei Yuewu's eyes, but it feels like a joke.

The Nannan King Shizi who is indifferent is indeed a personal character, but at this time he was able to endure presents to Wei Qiuju.

"Grandmother, isn't it? You just need to find that Meier for inspection!" Wei Yuewu smiled slightly, walked to Wei Qiuju, and helped Wei Qiuju up, "Grandmother, father and two My uncle has gone out, and we won't go out again, I'm afraid my father will send someone to urge him later. "

Let people find Meier, and she will definitely find out that she is pregnant!

Both Princess Nan'an and Wen Ruoming changed their faces and stared at Wei Yue Wu with hatred.

"Dance girl ..." Mrs. Tai looked at Princess Nan'an with some scruples.

"If my grandmother doesn't go, I'll take the five sisters with the carriage of the Yan Guogong Mansion. Before that, the son also sent me the carriage and said that he could go directly to the palace gate to find him! Moreover, if we don't go today, after this, Anyone who wants to bully the door can do it! "Wei Yuewu didn't see the embarrassment in Mrs. Tai's eyes, and patted the dust on the sleeve for Wei Qiuju, softly.

If Mrs. Tai doesn't go, Wei Yue Wu will go by herself. She is now the wife of the Emperor Yan Guo, and she can go to the palace to see for herself. There is a sign of Yan Huaiyu inside.

"Let's go!" Seeing Wei Yuewu so hard, especially hearing the last sentence she said, Mrs. Tai's eyes narrowed, and she nodded and stood up: "Prince, let's go into the palace and talk!"

Seeing Mrs. Tai leaving with the Yueyuewu sisters, Princess Nan'an stomped her hate, walked to Wen Ruoming, and according to his fat face, she was a slap, and said, "You still Don't hurry into the palace to find the queen mother-in-law, do you really have to wait until you lose face. "

"Yes, I'll go right away!" This reminded Wen Ruoming. When he covered his mouth, he hurriedly turned and ran out. If anyone in this palace hurts him the most, there is really nothing other than the queen mother today. People.

Outside Huayang Houfu, everyone got on the horse, got on the car, got on the bus, and went to the palace gate together. Wen Ruoming had come from the carriage. This was the carriage, but the speed of the carriage was not fast. The other carriages were faster.

At the gate of the palace, Wen Ruoming's carriage arrived first, and the carriage had not stopped yet. Wen Ruoming held Xiao's hand and jumped off the carriage. Only then he stood firm, but found that a flash of wind came over him, subconsciously. Taking a step back, only a pain in Weiwei, a subconscious touch, a red in front of his eyes.

"Blood!" He exclaimed.

"King of Nan'an? But what happened?" A slightly lazy voice entered Wen Ruoming's ear.

Wen Ruoming looked up and saw that Yan Huaiyu at the gate of the palace, like the stars holding the moon, walked out slowly under the ring guards of the guards, his eyes were slightly raised, and a crossbow was playing in his hand. .

The crossbow is not big, but judging from an arrow mounted on it, the light flashed sharply, and he turned back subconsciously, seeing an arrow on the carriage behind him, also flashing a sharp cold light.

The body almost softened.

"Shizi, but hurt? It's all right, I see it accurately, just joking with Shizi, won't Shizi not even play such a small joke?" Yan Huaiyu walked slowly, White as snow, but embroidered with a bright red color on the neckline, it seems more and more elegant in his handsomeness.

Wuxian Fengcai has no semi-ignition.

However, Wen Ruoming felt that if the crossbow was not facing himself, he would feel more comfortable.

As Yan Huaiyu approached, the crossbow and the arrow above were almost staring at Wen Ruoming's heart, which made Wen Ruoming feel dull even breathing on his chest.

But this person is Yan Huaihuan.

"Yan Guogong Shizi laughed! I ... how did I care!" Wen Ruoming smiled awkwardly, the fat on his face shuddered, even his own heart felt sharp, and his forehead could not help but burst out Cold sweats come.

"Don't care? That's really great!" Yan Huaiyu smiled gracefully, his expression on his face became more gentle, but with the cooperation of this crossbow, Wen Ruoming didn't find it ridiculous at all.

He couldn't laugh at all, but he had to pull a smile on his face.

"I heard that Wang Anzi, the King of Nan'an, is very proficient in military strategy. It is rare to have such a chance. Let's go to the school military field to test it and see how the strength of the King of Nan'an is down!" In front of Ruo Ming, he also saw Wen Ruoming's trembling, and he was almost uncontrollably shaking his fat.

"I ... I'll have something ..." Wen Ruoming said in a difficult way, that the crossbow in Yan Huai's hand was too close, almost pointing directly at his chest.

The chill brought by the tip of the arrow made it difficult for Wen Ruoming to breathe. He was really afraid that Yan Huaihuan would accidentally shoot the arrow towards himself just as before.

"What can happen? What happened to the girl in the backyard?" Yan Huaiyu raised an eyebrow, and his eyes fell on the carriages that followed. There were carriages from Huayang Houfu and Princess Nan'an. There was a horse carriage on the palace of the State of Yan Guo, so a group of people came to the palace together and knew that there was an accident.

"Yes ... there is some dispute!" Wen Ruoming's attention has been falling on the crossbow, he asked, and he stammered and answered.

"Follow Huayang Houfu?" The crossbow in Yan Huaiyu's hand pointed at the carriage behind Wen Ruoming, but the arrow was almost directly Ruoming's throat.

If you do n't dare to swallow your mouth, and you do n't dare to move your neck stiff, "Yes ... it is Huayang Houfu."

"Willn't it be with my wife?" Yan Huaiyu's voice has always been mild, with a warm, jade-like feeling, but Wen Ruoming didn't feel it at all, of course, anyone was forced to the throat by a crossbow, Do not think that the person holding the crossbow is truly gentle and elegant.

"No ... no!" Wen Ruoming was originally a puppet in Beijing. In the ordinary days, relying on the identity of King Nan'an Shizi, no one dared to give him a face, and never encountered such a posture. It was cold sweat, and I just felt embarrassed. If there wasn't a carriage behind me, it might not even stand.

"There is no best! This wife of Ben Shizi has always been spoiled. If there is any headache or brain trouble because of disputes, Ben Shizi will really worry about even worrying about her heart!" Yan Huai smiled more and more elegant. However, the crossbow in his hand seemed to sting, a flash of cold light, Wen Ruoming pressed tightly to his carriage, and cold sweat stained his forehead.

If it was someone else, he would have yelled at him for a long time, but this is Yan Huai. He even grabbed the land of the Jingguo, and there is nothing he dare not do.

"What does the emperor Yan Guogong mean, if the offense is offended?" The other carriages also arrived at this time. Princess Nan'an jumped off the carriage and saw this scene in front of her. She was simply dizzy and said in a hurry. Come on, loud.

"Why the princess is so anxious, but just playing with the king of Nan'an and playing with her. Why did she say that the son of the king of Nan'an offended this son when she arrived at the princess." With a little embarrassment in his eyes, he turned to Princess Nan'an in a hurry.

"I ..." Seeing Yan Huai's frosty eyes, Princess Nan'an only now thought of the son of the State of Yan Guo, who wasn't a regular judge, and that his crossbow was directly his own. Son, Princess Nan'an can be such a lone seedling. If it was really "accidentally injured" in Yan Huai's hands, there would be no place for her to cry.

If it is someone else, even if this is the case, Princess Nan'an would not dare, but if this person is Yan Huai, Princess Nan'an would not dare to gamble ...

Chapter 695: Collision of interest groups and interest groups

Although Yan Huaiyu was laughing, everyone noticed the coldness in his eyes. The brothers of the Wei family had always seen that the son of the king of Nan'an was not pleasing to the eyes and would never come to rescue him.

Princess Nan'an didn't know what to do.

There was a moment of stalemate in the scene.

Wei Yue Wu jumped off the carriage and saw the scene in front of her. Then she stepped forward slowly and worshiped Yinghuai Yingying: "Shizi!"

"Wuer came in a hurry at this time, but what's the matter?" The smile on Yan Huai's face softened when she saw Wei Yue Wu.

"It's the five sister's business!" Wei Yue danced.

"What's wrong with Miss Five? Is it possible that the marriage with Wang Anzi of Nan'an has changed?" Yan Huaiyu looked at Wei Qiuju who jumped off the carriage, and looked at Wen Luoming's careless questioning.

Wen Luoming first married the second daughter of Huayang Houfu as the main room, and then married the fifth daughter of Huayang Houfu as the side room. The entire capital knows this.

"This ... the five sisters have something to do ..." Wei Yuewu looked back at Wei Qiuju on the side, and said, quite embarrassed.

"The King of Nan'an loved the woman in the Qinglou house and wanted to kill my life, so she went to the palace and asked the queen lady to take the shot!" Wei Qiuju was not stupid, and this would be a blessing to the soul and she mourned immediately.

This will be at the gate of the palace, not to mention a large group of guards at the palace gate, and even some other people outside, all really listened to it, stopped for a moment and looked over.

The princess of Nan'an was dizzy. She had thought that the matter would become smaller and smaller. If she really wanted to divorce, she would also push the matter to Wei Qiuju, but seeing the situation started at the gate of the palace. I can't hide it if I want to hide it.

I opened my mouth and wanted to talk, but I saw Yan Huaihuan's crossbow in his throat pointing directly at his son's throat. What did Qiu Ju say for a while?

"Pampering your wife?" Yan Huaiyi raised her eyebrows and asked lazily, but she categorized things in a succinct manner, and then seemed to find it unpleasant. She took her crossbow in her hand, Throw directly to the next guard.

"Wuer, is this going into the palace with you?"

"Wuer doesn't enter the palace. Her child's family is not sensible. She also hopes that Shizi will take her back to rest first. Her body is not good yet." Wei Luowen also came over at this time and took a word.

"Okay, then go back to my house with that dance!" Yan Huai's dark eyes turned to Weiyue Dance.

"What do I ... five sisters do?" Wei Yuewu was a little dumbfounded. She didn't expect her father and Yan Huaihua to say a few words and asked her to go back to her house. Asked.

The woman was married to her husband at home, but now it is reasonable to confess that she is from her father or husband.

"What's so difficult about Miss Five? It's not Wang Anzi of Nan'an who killed a woman who was not even a concubine, and wanted to kill the life of Miss Five of Huayang Houfu who wasn't even his wife. Hukou, this simply means that Ms. Wu's life must be killed, who has such a big hatred against Ms. Wu and Huayang Houfu. "

Yan Huai's handsome eyes fell on Wei Yuewu's body, and said leisurely.

Princess Nan'an's face changed, and she was frightened and angry. In front of so many people saying such things, the queen mother might not be able to help her even if she wanted to help her.

Otherwise, it will become a matter of killing Wei Qiuju and aiming at Huayanghou House.

After Yan Huaiyu took a big step and turned away from the palace gate, Weiyuewu smiled with a smile, gave Wei Qiuju a stable look, and narrowed her skirt corners, and looked like a little daughter-in-law and turned to follow him away.

With such a period, it is not enough for Queen Tu to help Princess Nan'an. This marriage is not a solution but also a solution, not to mention the facts are very easy to check. You can find out if you pull the girl named Meier and verify it. Child, the doctors in this palace became clear as soon as they met.

In fact, it is not difficult to make this Meier tell the truth.

However, this will lead to another public case. The second uncle in his own house is not clean, and the girl Meier is not a good friend. She is really pushing the road and there is nothing dare to say.

Is this a blue house woman? In fact, it can be removed.

However, this is also good. I always feel that the gloomy second uncle seems to be thinking about something bad, and it is still to his father ...

Yan Huai's carriage stopped at the gate of the palace. His carriage was large enough, and the carriage before Weiyuewu was not used. The two got on Yan Huai's carriage, and the carriage turned around and turned to the State Government. And go.

In the carriage, Yan Huaiyu stretched out a drawer on one side of the car wall, took out a pot of hot tea, and two books, poured a cup for Weiyuewu, and passed it a leisurely one.

After taking a sip, I opened one of the drawers below and took out a few dishes of pastry.

This pastry, Yan Huaiyu's car was originally not very good, but now it is always with it, and he took it out and pushed it to Wei Yuewu.

"What are you still thinking about?" Yan Huaiyi asked, sitting silently on Wei Yue Wu, who had been thinking about his mind since he got into the car.

"That woman should be the illegitimate daughter of the second uncle." Wei Yue Wu Liu Mei wrinkled slightly, softly.

"That lady in the blue house?" Yan Huaiyi raised an eyebrow and smiled.

"It should be!" Wei Yuewu nodded.

"This matter will be known for a while. The marriage given by Queen Tu herself is so simple and can be easily retired. If there is no exact reason or the evidence is conclusive, it must not be retired." Leaning back, holding hands to the waist of Weiyuewu, the two people immediately pulled back down.

Wei Yuewu's attention was attracted by his words. After pushing twice, he did not push away, and broke the jar. He simply asked, "Do you think that woman will tell the second uncle?"

"Yes ... and not!" Yan Huaiyin embraced Wei Yue Wu in her arms, and her mood was extremely good.

"Why?" Wei Yue Wu was actually a little bit uncertain, so I wanted to ask what the belly black fox meant.

"The child in her stomach must not be able to hide. The incident was found out, and the marriage was of course retired, but as a woman in a blue house, she dared to conceal the family's money. This is a crime in itself. This time, she can't run, even if Nan'an Wang Shizi wants to protect her, she can't."

Yan Huai laughed lazily, "Of course this will be to make things bigger and bigger, the more people know, the queen Tu dare not make decisions without permission."

This remark reminded Wei Yuewu that his eyes were narrow and bright, and Nan'an Wang Shi's friends used Meier to calculate Wei Qiuju. This is now a trouble, and it is not just about Nan'an Wangfu and Huayanghoufu.

"The Qinglou woman is kind and easy to confuse people. Several things have happened before, all because the Qinglou woman has killed the wife's room in her home. One even killed her own child. The cause is because of the admiration of Qinglou. Woman, if you ask the husbands in this capital what they hate the most, I'm afraid they are the women in these blue houses! "

Yan Huai twitched the corners of her beautiful lips and said slowly.

"I'll let people spread those things in a while!" Wei Yuewu understood immediately, lying on Yan Huai's chest and learning.

Seeing her smile so relaxed, Yan Huai had a soft heart, stretched out her hands and pinched Wei Yuewu's nose, and said softly, "As soon as they let Yan Feng go, they are more likely to pass on men than women. fast!"

Of course women are willing to spread things, but this sort of thing about the wind and the moon, men spread more quickly than women.

"Okay!" Wei Yuewu nodded, but still a bit uneasy, "Would they like Jin Ling to go out too, and pass faster?"

"No need. If it is too fast, it will be the opposite. Besides, there are several girls around you, people you have met or many, unlike Yan Feng, they have been hidden in the dark, and it is basically impossible for

people to find. "Yan Huaiyu shook his head. The words were reasonable. Wei Yuewu thought about it and understood the truth.

Pulling the corners of his lips, a delicate smile appeared: "I'm in love today!"

Concern is messy, and I am indeed messy today!

Yan Huaiyu glanced at a girl in front of her, and her eyes flashed, and her smile became milder and milder: "No hurry, there should be news in a while, this matter is not resolved, and the Queen has settled down No. "

This trouble is so big that it will even attract the attention of other family ladies. Compared with the traditional family members or the family ladies, the women in the blue house are two relative interest groups.

The bigger the trouble, the less likely it is that no one can stop it with only one hand.

The collision of interest groups and interest groups, whether it is Princess Nan'an or Queen Tu dare to protect the charming girl, this seemingly irrevocable marriage will inevitably retreat.

After thinking about this, Wei Yuewu's expression relaxed more and more, and even actively reached out and hugged Yan Huai's strong waist, and subconsciously rubbed his head with his head.

This sloppy Yan Huaiyin felt that her heart was soft, and she hugged Weiyue Dance more and more, lowered her head to watch Weiyue Dance, and her lips darted a little: "So, let them go, and the bigger the trouble, the better , Queen Tu is better off recently! "

Looking at the slyness on Yan Huai's face, and Yue Wu's speechlessness, is this really the gentle and elegant son?

Fox, surely only a creature like fox deserves him.

Ye Xian? Is there such a cunning magpie!

However, after looking at each other, both of them saw the mutual understanding in the eyes of the other side, Wei Yuewu smiled: "Queen Tu is really better to be there!"

The long eyelashes flickered twice, but did not hide the shade in the eyes ...

The queen was very annoyed. The matter of the four princesses has not been settled. The four princesses come to cry from time to time. I originally thought that the Yueyue Prom lost her life early. Yes, for a while it made Queen Tu hesitate.

Should I start or not? If you really do that, you won't be able to reach the family girl of Yandi.

But if you do n't start, is Wei Yuewu going to sit in the position of Mrs. Yan Guogong?

How can this be good?

Yandi's wife is not just a fancy flower. The emperor had already rebuked her before, saying that her good idea had made the princess halt the matter of recruiting relatives.

When she was upset, the court lady came to report, and Princess Nan'an and Mrs. Huayang Houfu came.

Chapter 696: Mysterious, Wang Mei in the Cold Palace

The people in Houfu County of Huayang actually split their troops. Wei Luowen took Wei Luowu and Wei Luoli to the emperor's royal study.

Mrs. Tai followed Princess Nan'an to find the Queen in the harem.

After a while at the gate of the palace, a palace person took them into the palace.

As soon as she entered the palace, Wei Qiuju fell to her knees in front of Tu, and said things one by one. After waiting to finish, the queen was upset. This wedding was still her purpose. Now With such a big omission, the emperor would certainly blame himself again.

After this palace, she was rebuked by the emperor from time to time, and her face couldn't be hung up.

Originally, she still wanted to keep things down. The big things were small and the little things were small. It was not always possible to expand things, but when she heard Mrs. Tai's implicit saying that she was only at the gate of the palace, Queen Tu felt only upset. With a resentful glance, Princess Nan'an was about to speak.

I used to think that Princess Nan'an was capable of doing things, but now it seems to be of little use, and depending on the situation, she can't hide it.

Have to call Meier into the palace.

This is all in the palace because of Wei Qiuju and Wen Ruoming. For a while, the troops and horses were chaotic, and it didn't take long for the emperor to take the Wei Luowen brothers to the queen's maiden's phoenix palace. The inside of the palace was unknown. The concubines conjectured that something was happening.

Someone who is more informed knows the truth of the matter, and another person who is not well-informed does not know what the trouble is.

All the attention of the people in the palace will be in Fengyi Palace, but in other places, the attention will be less and less.

There is no one in the general palace, let alone a cold palace.

The Leng Palace is the most secluded corner of the palace, but even the Leng Palace is still somewhat different. The place where Wang Meiren lived is not actually a Leng Palace. It is the closest to the Leng Palace. It can be regarded as the Leng Palace category, so It is much better than other Leng Palace.

However, it is now basically considered a cold palace.

Many concubines have been left in Leng Gong, but there are not many alive now, but the only one who can move a little freely is Wang Meiren. The reason why it is so special is because Wang Meiren's family has not completely decayed, and Wang Meiren's fall from grace, saying that it was the murder of the emperor, was only a rumor, but no real evidence was given to Dali Temple.

Therefore, there are still people in the palace who can see the Wang beauty from time to time, hanging out in the cold palace.

Even if it is spring, the temperature here seems to be a few degrees lower, new teeth have been issued elsewhere, and flowers are blooming. The few flower trees here seem to grow sporadic.

Wang Meiren, with her hair loose, stood at the window, her eyes falling on the corner of the sky that looked somewhat boxy.

"Prince will not be the bitch's son," she said calmly.

"Mother-in-law can be sure?" The man's voice came from behind her, but the room was dark, and it was a place with a back of the sun, but he couldn't see the appearance of the man in the room, only to see a young man.

"I can be sure!" Wang Meiren gritted her teeth. "Even if it can be born, it is not possible to give birth to a prince so quickly. She was born faster than that. Her body at that time was trying to conceive her. Difficult. "

For the Queen of Fengyi Palace, how can Wang Meiren not hate, if it is not her, she is the woman in this palace.

Others don't know how harsh this **** woman is, and how she doesn't know. In order to win her favor, the emperor punishes herself, and actually uses the child in her belly to secretly calculate herself, saying that she wants to harm the child in her belly, He was finally forced into the cold palace.

If it wasn't for the fact that she was pregnant at the time, or could not even survive.

And his son had to be born in the cold palace.

Such hatred is enough to make Wang Meiren hate the biting heart, can not sleep at night.

She always suspected that the prince was not the woman's son, but it was actually justified. When the woman married, she was the princess of the royal family. She suppressed her spouse in many ways, and even wanted to break her son-in-law and give her medicine. Wang Meiren learned that Later, someone was also given medicine for the woman.

The person who started over there watched the woman drink the medicine, how could she be pregnant with the child so quickly.

This was the reason why Wang Meiren couldn't help it. She lost the queen's plan and was contaminated and said she wanted to harm the emperor. At that time, Wang Meiren did not expect that queen Tu would be pregnant.

She couldn't get pregnant at all, and those medicines weren't some herbal remedies.

But she later asked the person who gave her medicine at the time, saying that the medicine was not completely absolute, there might be a little accident, or she would still have a baby.

However, Wang Meiren did not believe that Queen Tu would conceive her child so soon after she took the medicine, and she gave birth to a prince earlier than Tu Zhaoyi.

Except for himself, Tu Zhaoyi is the most favored one. Compared to the queen, the emperor prefers Tu Zhaoyi.

Tu Zhaoyi hasn't been pregnant yet, how could Queen Tu be pregnant immediately after taking the medicine.

After arriving at the Leng Palace, Wang Meiren has been investigating the Queen Tu in secret, and finally she has found some clues. The current Prince Dong Gong may not be born of Queen Tu, but may be born of Mrs. Huayang Hou.

But she did not prove it.

"But even if there is no evidence," the man reminded her.

"What happened to Wei Qiufu? Is it appropriate?" Wang Meiren sighed and asked.

"It's no use. Before entering the East Palace, the prince has been rejected." The man's disdainful voice was a little disdainful.

"Others can't find a suitable one. Jing Wenyan can think of ideas there, does she really have no heart? I heard that the prince was also unhappy with her." Wang Meiren thought for a while.

"There is nothing suitable, Jing Wenyan's woman still looked and said, this woman and Wei Qiufu clash." The man said.

"Then let's take a look first, then the idea is to let Wei Qiufu enter the East Palace earlier. Men who enter the house and those who do not, are always a little different." Wang Meiren's face showed a bit of sarcasm, "Jing Wen Yanmei It's more beautiful, but she and Yan Huaihan were suspected of colluding. She wanted the Prince to deal with her wholeheartedly. I'm afraid I can't. "

Having said that, Wang Meiren is quite worried. Anyway, the name of Jing Wenyan, the first beauty in the world, is not fake.

On this point, Jing Wenyan has the absolute advantage, but Wei Qiufu just grows good, and he is much better.

"Actually, there is one person, but ..." Wang Meiren remembered the fact that she had seen Wei Yue Wu and Wei Qiu Fu before, "The six sisters in Huayang Houfu are a pretty little beauty, but now He actually entered the Imperial Mansion of the State of Yan. "

Wang Meiren said it was a pity.

"Mother-in-law, she is now the wife of the Emperor Yan Guo, and ... if the prince is really born of Mrs. Huayang Hou, then she and her brothers and sisters."

The man's voice paused slightly.

"What about that? Those who make it happen are informal, if you care for her, what else can you do?" Wang Meiren turned around slightly, her beautiful long hair slightly mottled, her voice darkened, "You know, if you do n't have Wen Tianyao, you are the prince, and you are the deserved eldest son. It is someone else who has taken your place. "

Because of the excitement, Wang Meiren's voice sharpened, with a bitter hatred, and a beautiful face was also half hidden in the shadows, revealing a little bit of shame.

"Yes, consort!" The man bowed his head.

"You have to remember that everything in front of us is ours, originally it was ours. Huayang Hou couldn't do anything about it and dared to send his son into the palace in order to take the world by storm. It was originally to be punished. If the retribution is on his children, he deserves it, whoever asks him to help that bitch. "

Wang Meiren's murky words, a pair of beautiful eyes and suffocation: "That little girl is not a good person, you will not care about her!"

"Mother-in-law, what can you say, how can I take care of her!" The man said.

"There is no best! You do n't need to worry about this kind of thing now. Why do men suffer from no wife, let alone if you want to be in that position in the future, what kind of woman do you want, why not forget about another woman." Wang Meiren Snorting, "What you are focusing on now is to pay attention to the Prince's East Palace, collect evidence that the Prince is not the emperor's parent-child, and then expose it at an appropriate time."

Wang Meiren's voice sank, and she said coldly.

"Mother-in-law, don't worry, I've been paying attention to this," the man said.

"If you have a chance, lead these people to me, I want to see them again." Wang Meiren groaned a little, said again.

When she first met, she was actually more optimistic about Weiyuewu, but because Weiyuewu did not perform well at that time, she ignored her. Now I think this girl is a smart person, otherwise it would not be possible to get this Jingde County The title of the Lord is now married to the Yan State Mansion.

The news from this burst seems to have nothing to do with Wei Yuewu itself. She is completely following the wave, but with her keen sense for many years, Wang Meiren thinks there is something in it, absolutely something, and it definitely looks the most with this person. Innocent Jingde County Lord.

People outside and inside the palace knew before that it was necessary that one of the two princesses would marry a son of the state of Yan Guo, but it turned out to be this result. I heard that whether it is the third or fourth princess, the last one in the palace Not peaceful ...

"Mother-in-law, rest assured, I will lead them over when I have a chance." The man said in good faith.

"You go, I'd better come here less, so as not to get noticed over there, others just said that I still have alive for so many years, there is no hope. Does anyone know that I actually have a son, and my son Even though he does not have the identity of a prince, he is very prosperous. "

Wang Meiren laughed, this sounded more like a self-talk, and then waved his hand to signal the man to retreat.

The young man saluted her respectfully, and then retreated from the side door.

Chapter 697: Blood test again

After Wei Yue Wu returned to the house, she was pulled out of the carriage by Yan Huaiyu and headed straight for the backyard.

People all along the way saw early saluting.

Wei Yuewu was also a **** that broke the jar and shrank, shrinking in his arms and blushing, pretending to be asleep.

Needless to say, this will be the east wind overwhelming the west wind. A few days ago, it was that Miss Lin who prevailed. Today, there must be such an incident that she must have overwhelmed Miss Lin.

Just being held straight to Weiyuewu's Qingheyuan, he put Weiyuewu down.

As soon as Wei Yue Wu was put down, she was embarrassed to get up, but she remembered but was pressed down, and Yan Huaihui pressed halfway on Wei Yue Wu, politely asking, "What else would you want to do?"

Seeing his eyes charming and his eyes turning, Wei Yuewu suddenly felt that her face was getting hotter. Sure enough, evil spirits were evil spirits, and her mind was firm, but she still couldn't stop looking at him. The pale white face could not help but also became flushed.

"I ... I'll see what else is left unaddressed! There is now a female protagonist in the house, and there must be a female protagonist."

Wei Yue Wu's eyes flowed, Gu said about other ways.

"What can happen? Don't worry, take a nap!" Yan Huai turned around with Wei Yue Wu and happened to hold Wei Yue Wu in front of her.

"You're here too?" Seeing him half-closed, Weiyuewu froze, and said carefully.

"I'm not here, where else? This seems to be the yard in my house? Could it be that I'm not sleeping, here is my wife, but I'm going to sleep somewhere else?" Yan Huaiyuan raised his eyes and smiled. Jokingly asked, leaning on a soft cushion, holding the person in his arms, Yan Huaiyuan felt very good.

"You ... haven't you never slept here?" Wei Yuewu blushed to remind him when he saw that he really wanted to sleep here.

"Wuer, are you dissatisfied that I haven't slept here every day?" Yan Huai smiled softer, turned her head over, and whispered in Weiyuewu's ear, "Actually, I want to sleep here too Now, I ca n't see the food every day, I ca n't stand it, do n't worry, please be older, I 'll be here every day and I ca n't rush away. "

After listening to his words, Wei Yuewu's face was flushed. This person looked pretty serious, but in private he was such a faceless and skinless man. He really dared to say anything, and it seemed as if she was in such a hurry. Resistant.

Actually a serious explanation.

"You ..." Zhang opened his mouth, and the usual cleverness seemed to be gone. He could only look at Yan Huaiyu in a humorous way.

"Okay, okay, don't bully you, then do you want to take a nap?" Seeing Wei Yuewu's eyes wide open, Yan Huaiyu laughed loudly, then lowered her head, lips lightly Falling on Weiyuewu's eyelids, with a soft wetness, and his refreshing breath.

Wei Yuewu closed her mouth decisively and closed her eyes.

At this time, he was absolutely saying that everything was superfluous. He would sleep here if he wanted to sleep.

This black-bellied fox may not say anything.

What would really be wrong.

Seeing that Wei Yuewu not only closed her eyes, but even her lips closed tightly, Yan Huaiyu became more and more funny, but watching her long eyelashes secretly flickered twice, she knew this girl Actually don't fall asleep at all.

However, it seems that the little girl is the little girl. Although she usually looks stable and cold, at a critical time, she is still a little girl.

Only myself can see the naive side of this little girl ring. Yan Huaiyu feels very satisfied and relaxes her hands a little, so that Weiyuewu can sleep more comfortably.

His hand still hovered the waist of Weiyuewu, but he did not let go.

The girls went back to see the opportunity, and the room was very quiet. Only a moment later, they felt that Wei Yuewu had relaxed and her breath calmed down.

The eyelashes that had been secretly flickering before no longer flickered, and tiredness seemed like a pair of beautiful butterflies, resting on her eyes.

Yan Huaiyin stretched out her hand and gently pulled the bun she was holding. She let her black hair make two spins in the air and slipped off.

Under the black hair, her delicate little face reveals the coquettishness and tenderness rarely seen in the past, and the beauty is even more pitiful.

It was just that pale face became clearer.

Yan Huaiyan looked at Wei Yuewu's face, and her gentle eyes slowly became colder. Is it really just a congenital deficiency? He questioned many people, and indeed all said that the innate deficiency, but this deficiency is really as powerful as Wei Yuewu's onset?

His medicine is not very high, but the basic common sense is knowing.

But he was guessing in another direction, a different direction from the three princes.

Holding the girl in her arms tightly, her eyes stared at Wei Yuewu tightly. She looked so thin. The scene reappeared that day, and her beautiful eyes drew a sigh of sigh.

In any case, he will find a solution, and he will not put her in this unknown danger. No matter who he is, he will uproot.

The wind blew outside the window, raising the thin gauze, the handsome man under the gauze, the eyes were cold and evil, no longer the gentle and elegant fairy from the high heaven, but more like Asura from the **** prison king.....

Wei Yue Wu is extremely comfortable to sleep. She originally thought that Yan Huaiyu was too stressed by herself to be able to sleep, but in fact she woke up and found out that she did n't know when she fell asleep. It seemed that after a few words with him, he closed his eyes and fell asleep like this.

Looking around, empty, Yan Huaiyu should have left.

"Master, are you awake?" On hearing the sound on the bed, Shu Fei hurried over and raised the curtain.

"Is it late?" Wei Yuewu asked, rubbing her eyes.

"It's not too late, Shizi told the slaves not to wake up the master and let the master take a good rest." Shu Fei said with a smile, came over and helped Wei Yuewu get out, Wei Yue Wu got out of bed, and there was an early preparation for freshening Things, waiting on the side.

"Where's Jinling?" Wei Yuewu sat down in front of the dressing table and asked in amazement. Jinling was basically the first one to come in at this time. Her ear strength was always the best.

"Sister Jinling went to inquire about the news, but this should be back soon." Shu Fei looked at the sky outside and smiled.

As she combed her hair for Wei Yuewu at the end of the painting, she also explained: "Sister Jin Ling went to inquire about the palace and said that there should be news at this time, I'm afraid the master will ask if he wakes up."

It's really dark outside, it shouldn't be too late at this time, there should be news in the palace.

Sure enough, Wei Yue Wu finished grooming here, and after sitting down for a long time, she saw Jin Lingfeng come in.

"How's it going?" Wei Yuewu put down her book and asked.

After Jin Ling gave a ceremony to Weiyue Wu, he laughed: "The master's material is really good. The marriage between Miss Wu and Shi'an of the Nan'an Palace has been resolved. I heard that Queen Tu had thought about suppressing the matter before, but there were several When the wife of the dignitaries entered the palace, they all expressed support for Miss Five, and then Meier was brought over ... "

The routine of the event is indeed as expected by Weiyue Wu. The Princess Nan'an should have breathed with Queen Tu, so she wanted to suppress it, but she couldn't hold it back, let alone a few ladies later. Miya.

The wives were more or less related to the Qinglou women's affairs in the capital. It will be heard that another family member was almost counted by the Qinglou women. Where would they endure, they went directly to the palace to ask for a meeting. Tu Queen.

After hearing the rumours that had spread out long ago, the queen Tu had no choice but to solve the marriage between Wei Qiuju and King Nan'an.

After that, she called Meier to the palace and verified it on the spot. Needless to say, the woman was pregnant, but it was not difficult to find out.

It also confirmed what everyone in Huayang Houfu said.

After asking about Meier.

Seeing the queen and the other ladies present, Meier was scared and scared a little, she told the truth, and said that the incident was combined with the King of Nan'an, and Wei Fengyao I also agree, as for Princess Nan'an, she didn't know it.

There was an uproar in this remark, Wei Qiuju was also considered Wei Fengyao's sister, Wei Fengyao actually partnered with an outsider, and killed her sister's life.

But then, the crowd was even more upset. Meier also broke out another secret, saying that she was originally an illegitimate daughter of the second master of Huayang Houfu, and was born to a young woman who entered Huayang Houfu at that time. The woman was originally commissioned by Mrs. Tai to join Huayanghou, but she didn't know how to get in touch with the second master and gave birth to her.

She said that Wei Fengyao had told her about this, and if she didn't believe it, she could have Wei Luowu test her relatives on the spot.

Wei Luowu was also present at the time. He was forced to run out of blood without a test. Sure enough, the blood was fused together, and he was really a father and daughter.

All the noble ladies present for a while expressed disdain to Wei Luowu.

Even with the emperor, he severely rebuked Wei Luowu, and punished him for one year.

At this point, it seems that the identity of Meier is not a simple woman in a blue house. Wei Luowu has to admit her identity, but he is unwilling to take her back to the government, saying that he and her son have a head and tail. Now even children have.

In this case, Meier could only return to the Nan'an Mansion, but because of her vicious mind, it would be enough to mourn her compatriots. Even the daughter of Wei Luowu, she could only become the most ruthless scum of the king of Nan'an. There are children in her stomach, and it is also Wei Luowu's daughter.

Otherwise, this time Meier will be inevitable.

As for Wei Fengyao, there was another incident. I do n't know when Wei Fengyao entered the palace. She actually ran to the Queen Mother 's Palace and the news came from the Queen Mother 's Palace. Yao said that Wei Fengyao didn't even know it. He just wanted to adopt a son.

This is related to what she encountered during this time. After all, she is also a poor person. If she did not want to adopt a child, she would not be conceived by this woman named Meier. This is to put responsibility on Meier. On his body, Wei Fengyao was stunned, thinking that he was just adopting a child, and he didn't know that it would kill Wei Qiju's life.

The queen mother-in-law sent someone to say so, but also made a lot of sense, and also tried to protect the attitude of Wei Fengyao, and the queen and emperor naturally could not say anything.

"How about Mrs. Tai?" After listening to Jin Ling's detailed report, Wei Yuewu's fingers tapped slightly on the table and asked lightly.

Chapter 698: Shocked to leave

"I heard Mrs. Tai's meaning, so let's do it. As long as the marriage of Miss Five is solved, now that the marriage between the two has been resolved, they will not be held accountable, nor will they ask the Nan'an Palace to do anything."

Jin Ling thought about it.

Wei Yue Wu lowered her head and groaned, her lips slowly evoking a cold smile.

Mrs. Tai picked up high and fell low, naturally because of Wei Fengyao, Wei Fengyao is naturally involved, and it is not involved lightly. If the Huayang Hou government requires strict handling, Nan'an Wangfu must be Will push Wei Fengyao out.

The reason why the empress queen in the royal palace intervened more should be Wen Ruoming, the king of Nan'an. Only the guard of Wei Fengyao can guarantee the concession of Huayang Houfu, and it can also make Huayang Houfu no longer too much. Investigate the matter.

Otherwise, it would not make sense for the queen mother to keep Wen Ruoming.

The current result should be the result of compromise on both sides!

Only in this way, Wei Qiuju's family affairs may be a bit burdensome. Although she was not wrong at all in saying that, it must have been a marriage given by Queen Tu himself, and the marriage is now like this, even if it is Someone who wants to marry Wei Qiuju must think about it well, if they will meet the Nan'an Palace.

"Master, you must be in a hurry, at least Ms. Wu now no longer has to worry about marrying to the Nan'an Wangfu. The slaver also heard that the young lady said she was innocent because the queen mother-in-law justified her, and she would not return to the Nan'an Wangfu. Huayang Houfu. "

Jin Ling persuaded Wei Yuewu to mourn herself.

"Wei Fengyao didn't return to Nan'an Wangfu?" Wei Yuewu raised her head, and there was a hint of surprise in the water eyes.

"Yes, the slaves heard this. I heard that the young lady's carriage was following the carriage of Huayang Houfu." Jin Ling nodded.

The married daughter didn't return to her husband's house at this time, but went back to her mother's house. The meaning inside was really strange.

It seems that Wei Fengyao also has his own plan.

However, this meeting is only a legend of Jin Ling, in fact, it may not be accurate, and I will go to Huayang Houfu tomorrow, so I can just take a look.

After thinking about these things, Wei Yuewu didn't bother here anymore. It wouldn't be early, and the girls would start preparing for dinner.

During the dinner, Yan Huaiyu didn't come, but only let people come to talk, I'm afraid it will come later, let Wei Yue Wu use dinner first, and told me to drink the medicated meal first, then use dinner.

Yan Huaihan was really late when she came back. Wei Yuewu had fallen asleep. After coming in to watch Wei Yuewu, Yan Huai Yue left again. He basically does not rest in Qingheyuan now.

Early the next morning, Wei Yuewu woke up, sorted it out a little, and led people to Huayang Houfu.

When I arrived at the house, I went to see Mrs. Tai first.

Under the Meditation Xuan Gallery, Acer waited there long ago, saw Weiyue dancing over, and smiled and greeted the front: "The Lord, you can come, Mrs. Tai is waiting for you!"

"Grandma is waiting for me?" Wei Yuewu froze, Mrs. Tai never behaved so diligently.

"Yes, the lord of the county left early yesterday. Mrs. Tai has always worried whether the emperor Yan Guogong will blame the lord of the county for this matter, but looking at the lord of the state now, it should be nothing." Acer looked with a smile. With the moon dance.

Wei Yue Wu's appearance is actually almost the same as before her marriage.

A cloud-stained long skirt was embroidered with shards of Mary at the corners of the skirt, and flowers were erected step by step, adding a touch of beauty to the hibiscus flower surface.

Wei Yuewu's face has always been not very good, but the cloud of smoke on her dress actually made her face look a lot better, a pair of bright eyes, more and more transparent.

Acer suddenly felt that he was mistaken. The county owner was still different from before he was unmarried, and he had a better life than before.

The clothes fit well, needless to say, but this kind of clothing was not made by Huayang Houfu before. At first, it was urgent and it was impossible to make new clothes for Weiyuewu, but now the new clothes are made. Wearing it on Weiyuewu, it must have been newly established in Yanguo Mansion.

After doing so tightly for a few days, it seems that this embroidery is too late, so it seems that it was prepared for Weiyuewu early.

If you think about it that way, Acer's heart is tight, and she thinks of Mrs. Tai's instructions. She lowers her head, removes her gaze, and accompanies the smile. . "

If you really want to say what Mrs. Tai said, this Yan Guogong Shizi really does not care about the county master for a day or two.

Wouldn't the clothes be made before the door?

But this son of the state of Yan Guogong was going to marry a princess today!

Suddenly, Acer found that he seemed to know something terrible, and his eyes fell to the ground, and he dared not look up at Wei Yue Wu.

Sensing the change in Acer's attitude, Wei Yuewu smiled slightly and stepped across the threshold.

Mrs. Tai was sitting on the couch early in the room. Looking straight, she should have run out of breakfast. When she saw Wei Yuewu coming in, she even smiled.

"Grandma!" Wei Yuewu stepped forward to salute.

"Did the girl be fine yesterday? Watching the grandson of the state of Yan Guo take you back, the grandmother was worried, but the situation at the time could not allow me to ask more."

Waiting for Weiyue Wu to finish the ceremony, Mrs. Tai sighed, pointing at the side chair and let Weiyue Wu sit down.

"Thank you grandma, I'm fine, but five sisters and eldest sisters ..." Wei Yuewu sat down in a chair and asked softly.

"The matter of your five sisters has been settled, but ... I'm afraid that her marriage will be delayed for a while. It can't be settled in one or two years, or you can marry outside Beijing, but who wants to leave it's so far away, and the whole family is always in Beijing, and you can take care of anything. "

Mrs. Tai sighed, looking sad, as if she was really just a grandmother who loved her granddaughter.

"Grandmother, don't worry, you shouldn't want to marry in such a hurry. Now there are only five sisters in the house. With the backing of Huayang Hou government, someone will come to ask for a while. To marry, always our daughter in Huayang Houfu is not worried about marrying. "

Wei Yuewu smiled and comforted Mrs. Tai.

These words are extremely clever. On the one hand, it is said that Wei Qiuju is not in a hurry, and on the other hand, it also indicates that the gatekeeper of Huayang Houfu is enough to let the matter of Wei Qiuju pass by slowly. It's not for anyone who wants to step on it.

Mrs. Tai said that she was very satisfied, and the smile on her face was a little bit more, but then she sank again: "Even the matter of your five sisters is not a big deal, but your older sister ..."

"Big sister?" Wei Yuewu asked in amazement, but it was clear for a while, when Mrs. Tai was so concerned about Wei Qiuju's affairs, even though Wei Qiuju had no good family affairs afterwards, for Mrs. Tai It's just a maidservant, and it's not a big deal.

Sure enough, Wei Fengyao is waiting here.

"What can I do?"

"Your elder sister ... want to leave?" Mrs. Tai froze, still speaking.

"He Li?" Wei Yue Wu was really shocked this time, and a pair of water eyes widened. Although she knew what Wei Fengyao might want to do by doing this, she did not expect such a big move.

And away? And also with the son of King Nan'an peace.

Even if this is the case, Wei Fengyao will not be able to marry another person in the future. He can only live a lonely life. The other party must be the son of Wang An'an, and the beloved grandmother.

She and Wei Qiuju are in a different situation. Wei Qiuju is not married, the two have not formally got married, and Wen Ruoming has to conceal Wei Qiuju's life. In this case, this is what happened again. Wei Qiuju It's nothing wrong. It's all on Wen Ruoming, plus the background of Huayang Houfu. Wait a while, Wei Qiuju will find a marriage again, and no one will say much.

As long as the Nan'an Palace is not in trouble, no one will doubt the behavior of Wei Qiuju.

However, Wei Fengyao is different. She must be a real concubine of the King of Nan'an. Even if Wen Ruoming conspired against Wei Qiuju, she did not conceal her, not to mention she was involved in the faint matter. She was saved, so no matter from what aspect, Wei Fengyao had no reason to leave.

And as the former concubine of the King of Nan'an, who would dare to marry even if he was away?

Wei Fengyao what do you want to do?

"Your elder sister married to Nan'an Mansion, and she also had a hard time. Later, because she hurt her face, she was greeted by the son of Nan'an Wang Shi. Later, when she entered the palace, she also hurt her arm. The girl, even though she bears the name of a concubine of the King of Nan'an, she is really not doing well. "

Mrs. Tai sighed.

Wei Fengyao's bad life, in fact, is to take care of herself. If she did not calculate herself over and over again, she would not get to where she is now, or after going to Beijing herself, the mother and daughter of the Li family must remove their hearts. She never rested, so she couldn't bring any sympathy at all.

If you are a little more carefree, the grass on the grave will be green!

"Yes!" Wei Yuewu bowed her head slightly, and made a sound listening, but said nothing.

"I was still looking forward to your five sisters marrying in. The children born by your five sisters can also take over one another. What would you like to have that one again ... The calculation of that one is entangled in such a thing. The elder sister is really a poor person. She will be troubled and left as soon as she comes back yesterday, saying that this day can no longer survive. "

Naturally, Mrs. Tai doesn't recognize that Meier, which is simply the shame of the entire Huayang Hou government, so when she mentioned Meier, only that one was used instead.

Mrs. Tai looked at Weiyuewudao, but Weiyuewu lowered her head, she couldn't really see the expression on her face, and for a while she wasn't sure what she meant.

Regarding this granddaughter, she didn't care about it before, but now she has to care about it. It seems that the son of the State of Yan Guo is different to the dancing girl. If this is the case, she can use it ...

Or in this matter, you can also say something to the Yao girl, give the Huayang Houfu a facade, the Yao girl like this, Nanan Wangfu will not pay any attention.

Chapter 699: Scheme, spying on the end of Weiyuewu

"Grandma is the master!" Said Wei Yuewu's eyes, faint, and did not intend to accept Mrs. Tai's words. Since Mrs. Tai raised Wei Fengyao with a bitter heart, she knew that Mrs. Tai was counting on herself.

Regarding Wei Fengyao, she didn't want to touch at all. How she thought about Wei Fengyao was problematic.

She didn't know what Wei Fengyao had poured into Mrs. Tai and asked Mrs. Tai to come to herself, but no matter what, she didn't plan to visit Wei Fengyao's muddy water.

"How do you think of this, Wu girl?" Seeing Wei Yuewu's cold look, Mrs. Tai was anxious, and she simply said.

"Grandmother, I'm just a junior. This kind of thing should be decided by my grandmother and my second uncle." Wei Yuewu finally raised her head, her face was pale and watery, and she couldn't afford a wave.

Did not hesitate to push out.

Mrs. Tai looked at Wei Yuewu for a moment. She didn't expect Wei Yue to answer such a decisive answer. She was so outspoken, but made her next words dull.

But as soon as his face sank, he became angry.

"The lord of the county, Mrs. Tai, this is also undecided, so I will ask you, now you are the wife of the Emperor Yan Guogong, even the Nan'an Wangfu will give you some face, and will never ignore you." Hong At first glance, the scene was a bit wrong, and he hurried forward and started a round road.

This reminded Mrs. Tai, her face's anger slowly receded. The moonlight dance in front of her was not the little orphan who had just arrived in the capital, but the wife of the son of Yandi. Those so-called concubines are also incomparable.

This status is enough for Mrs. Tai to take it seriously, knowing that she can no longer rebuke as before.

"Dancing girl, Yao girl is not very good with you. When you returned to Beijing, she was already married, but no matter what, she is always your elder sister. It happened now, Hua Yanghou The palace and the Nan'an palace are also bad. She was having a hard time. This time again ... she can't help it. Now she lives in the house and won't go back until it is resolved. If you are free, , All went to see her, the two sisters have nothing to say. "

Mrs. Tai sighed, her tone softened, but she no longer asked Wei Yuewu to do anything, but she could talk about the sisters' friendship.

Therefore, Wei Fengyao now lives in the house with a fair and honest attitude, instead of coming over once a day like he did before.

It wasn't impossible to really get married with divorce, but now it is going on in earnest, and it seems that Nanan Wangfu didn't know it was a slap to them, and it was so silent.

In other words, no one knows about it except Huayang Houfu.

What does Wei Fengyao want to do?

"Yes, grandmother, if I have time, I will go and see the older sister." Wei Yuewu's attitude also softened, since Wei Fengyao must live in the house, and it looks like she has come in bad faith. Then you have to see what medicine she sells in this gourd.

Or what the Nan'an Palace wants to do this time.

Wei Yue Wu can be sure that this matter is related to the Nan'an Palace, otherwise the Nan'an Palace will not be so peaceful. Even if the son of the King of Nan'an does not wait to see Wei Fengyao, he will not really get away with Wei Fengyao, and it is not only Nanan who lost it. The face of the palace, and the face of the royal family.

From this, it can be judged that Wei Fengyao lived in Huayang Houfu, and a pair who wanted to reconcile with the King of Nan'an was originally a farce. It was really fun. At this time, Huayang Houfu was in trouble because of his father's hasty marriage. People in the house turned their backs on their horses. What is the purpose of Wei Fengyao at this time.

The look of Weiyuewu was mild, and there was no mention of other things. Even if Mrs. Tai was dissatisfied, she couldn't help it, and joked with Weiyuewu, and then let Weiyuewu return to her Qingheyuan to host it Big room thing.

On behalf of Mrs Tai, Acer sent Wei Yue Wu to the gate of Jingxinxuan before hurriedly turning back.

"What do you think?" Mrs. Tai asked as soon as she entered the room, and she didn't have a smile on her face. The whole person looked a little gloomy.

"The slaver thinks Mrs. Tai is right. The county master should have done well in the Yan State Mansion. Only then did the slaver look. The clothes on the county master were not made by our Huayang Hou government. I did it, but I made such lean clothes in such a short period of time. It is obvious that it was made long ago, Mrs. Tai, the son of the State of Yan Guogong really cares about the county master. "

Acer's old eyes have seen a lot of people. This will listen to Mrs. Tai's question, think about it, and put everything together and answer.

"Yan Guogong Shizi has been interested in her for a long time, and also told the boss before. I originally thought that it was only because the boss would notice her, but it was really a little bit interesting in it, and still so concerned." Mrs. Tai's face It was very gloomy, and the expression on his face couldn't see any joy in it.

"Mrs. Tai, I heard that the backyard of the Emperor Yan Guogong is disturbed." Acer reminded her softly.

The restlessness in the backyard of Yan Guogong's son, almost everyone knows, that the family lady from Yandi is also a well-known, but the only difference is that he has not married, so the original name is not correct, and the unspeakable Weiyue Dance takes the lead, and this kind of thing can't bear this evil.

What's more, this family lady of Yandi is very much liked by the son of the state of Yan Guogong, and the two have a friendship of childhood.

"We don't care about her backyard. The government of Yan'an is not Nan'an Palace. Even though the Nan'an Palace's position is higher, but how much real power does it have, the reason why Nan'an passed the conquest without fear and danger. The fight was not because he was just a loaf. "

Mrs. Tai snorted coldly, indifferently, "Since she is now Madam Yan Guogong, she must sit in this position, or sit still, and protect her family, no matter what Huayang Hou Fu is her maiden. Without her support, she loses faster. The wiser quickly hugs her maiden, so as not to cry in the future and no place to cry. "

Yandi's status is certainly not comparable to the famous Nan'an Palace.

Mrs. Tai is not polite at all, meanwhile, she is extremely pessimistic about Wei Yue Wu.

"In fact, it is not necessarily the case. The chief of the county is extremely beautiful. Now he is younger, and he will certainly look like an all over the country. The emperor Yan Guogong may not be standing by her, even if it is a young girl. If he really cares so much, then the emperor Yan Guogong will not agree to give the county governor a joy. "

Acer replied carefully from the side.

Mrs. Tai is not optimistic about Weiyuewu at all. What she means now is that when Weiyuewu was still in the position of the concubine of the State of Yan Guogong, she sought more benefits for the Huayang Houfu. Well, it will be irrelevant whether she will be pulled down from the position of the emperor of the State of Yan.

However, Acer thinks that some things are not just for others to say, they also need to see for themselves.

No matter how she looks, she feels that Wei Yue Wu is well-married.

In Huayang Houfu House for so many years, Acer watched the wives marry them one by one. During this period, the birth mother of the Weiyue Dance, Huayang Hou, the wife of Qin, had the biggest change.

When marrying, he had an unusual love with Hou Ye, even though Mrs. Tai was a little bit blameful, she could see that life was good, but later, after that happened, Mrs. Qin's whole face changed and her face grew The paler the person, the thinner and thinner, even when seeing Hou Ye, it is rare to show a smile.

I knew it was bad at first glance.

Hearing Qin Xinrui by Mrs. Wang, Mrs. Tai said coldly, "What's so good? If it weren't for Qin Xinrui, maybe it wouldn't have happened. If it wasn't for Luo Wenyi's will, he would marry such a helpless woman. , It might be ... "

"Mrs. Tai, please be careful!" Aunt's face was pale, and he whispered.

This time Mrs. Tai didn't say anything, she just lowered her head, her face was somber, and didn't speak for a while, but she whispered at the end: "How long do you think she can sit in the position of the concubine?"

"This ... I really don't know this slave." Acer smiled bitterly. She didn't want to be involved in this kind of thing, but she had to participate in it.

"Four princesses are in this position, and even if she is not so strong, she can't sit still." Mrs. Tai thought for a while, and said to herself, "But even if she can't sit still, this will have to help Yao girl. Anyway, Yao girl is useless anyway, it 's okay to simply leave it, and let people see that our Huayang Houfu is not easy to mess with. "

"Mrs. Tai, actually, Miss Wang is not a good way to get away." Acer whispered, "Mrs. Tai, if you really get away, even if you really break with Nan'an Palace, this It is not good for Huayang Houfu. "

"Even if it ca n't be separated, you have to let Nan'an Wangfu look at the power of Huayang Houfu." Mrs. Tai replied coldly, a flash of sharpness flashed in her eyes, and she naturally felt that the possibility of this separation was too small. Feng Yao has her own intentions to stay, but this part of her plans is not good for the time being.

In any case, the next son of Nan'an Mansion must be born from the blood of Huayang Hou Mansion.

Wei Fengyao is hopeless. Before that, there was Wei Qiuju, but now Wei Qiuju's family affairs have also been stopped. Only the child in Meier's stomach can be expected, but Meier is only a scumbag and she is too wife Nor was she prepared to recognize Meier, but not acknowledging Meier didn't mean that she didn't recognize the child in Meier's stomach.

That was the blood of the real Nan'an King Shizi.

She just wanted to use the status of Weiyue Wu to overpower the Nan'an Palace.

However, I was not sure how many servings of Weiyuewu were, so first came to explore the bottom of Weiyuewu.

Mrs. Tai was there to make a plan, but Wei Yuewu was in trouble. She hadn't found Wei Fengyao, but Wei Fengyao had taken someone to prevent her from going ...

Chapter 700: Let me say what happened

"Six sisters save me!" Seeing Wei Yuewu, Wei Fengyao's attitude turned back to her old days, her eyes were red, and she looked like she was kneeling down.

Jin Ling's eyes were fast, and she hurried to help.

Regardless of Wei Yue Wu's identity, Wei Feng Yao is a cousin on her face, and how can she really kneel.

"Sister, what's the matter with you?" Wei Yuewu took two steps back, widening the distance between Wei Fengyao and slowly.

"Sister Liu ... I ... I can't live on this day. I want to ask Sister Liu to intercede with Yan Guogong Shizi, let him help think about it, and get rid of the marriage with King Nan'an Shizi. In the future, I would prefer the green lanterns to the ancient Buddha, and not to dye the red and the right." Wei Fengyao covered her face and wept softly.

"Sister, what does this mean?" Wei Yuewu's expression sank, and she was not polite.

"I ... I just want Sister Six to ask Shizi to help." Wei Fengyao raised his head, his face covered with tears.

"The elder sister said that she violated the system of the imperial court. How can Shizi's identity interfere in the Nan'an palace? Where is the elder sister trapped in the state palace?" Wei Yuewu's black and white eyes fell on Wei Fengyao. Can't afford the slightest wave.

"I ... I just want to ask my sister Six to take care of her sister's affection and help me. Wasn't my sister also helped Wumei before? Wumei and Liumei are more familiar, but this sister's affection, I'm no less than five sisters, and why are six sisters so mean? "

Wei Fengyao wiped the tears on his face, said angrily.

"My elder sister is ridiculous? Not to mention that the son of the emperor Yan Guo is the son of the princes, how can he interfere in the affairs of the family in Jingzhong and have a close relationship with the family in Beijing, but in terms of sisterhood, the sister also said I feel very wronged. I may be angry about the five sisters, but what I can do is not what my grandmother and uncle went to the palace. If the older sister is not satisfied, you can also let the second uncle and grandmother go to the palace to talk about things. "

Wei Yuewu's eyes were cold and her face was cold.

Wei Fengyao's words really remember people's misunderstandings. Everywhere, they are picking Yan Guo Gongfu to talk about things. It seems that this marriage is solved, and it is Wei Yuewu and Yan Huaiyu who are picking things up, or have them in the back, the identity of Yan Huaijuan can even be said to be deliberate.

Originally it was only a matter of the backyard. Because of Yan Huai's intervention, it could be involved in national affairs.

Wei Yuewu was also the first soberly aware that she was not only the sixth lady of Huayang Houfu, nor was she just a county master with no real power. Her words and deeds no longer represented herself, and she Yan Huai is closely related, and her words and deeds are more cautious than ever.

There can be no negligence.

Although Wei Qiju never showed up, it was wrong for him to go to the palace with his father. In any case, this matter should not be related to Yan Huai. Otherwise, small things will become big things. It will become an important key to the Yan Di that was imprisoned by the imperial court.

Slightly lift your hands on your sleeves and lower them slowly.

Fortunately, at the gate of the palace, Yan Huaiyu stopped himself. That not only helped him to publicize Wei Qiju's affairs, but also meant to stop herself.

But after returning to the government, he said nothing, not even mentioning it.

Thinking of this, her heart glowed with warmth, but just looking at Wei Fengyao's eyes getting colder and colder, she had to stop their thoughts.

Whether it's Wei Fengyao or Mrs. Tai.

"Sister, you and Nan'an Wangfu must not tell me that I am not just a master of Jingde County who is powerless and powerless, but Madam Yan Guogong. Please do n't pull Yan Guogong into You are in trivial matters, and you are in greater danger at the Nan'an Palace and the Huayang Palace. "

Wei Yewu whispered coldly, and the words were extremely harsh, and she was not polite, and even faintly pointed out that Wei Fengyao had the intention to use himself and the government of Yan Guo.

"Six sisters ... you ... you're too much!" Wei Fengyao's face turned green and white for a while, and she looked around at the ring and women who stopped to hear the sound.

"Am I too much? I want to say that the older sister is actually more excessive. If you really have a problem, naturally you will find your grandmother and second uncle. The current pet of Nan'an Wang Shizi is also the elder sister's sister. Compared to me Come, it's even more different from everyone's sentiment. The older sister came to me without going to them, and also said that she wanted to let the son reach out. What does the older sister want?"

Wei Yewu sneered.

"What's the intention of the elder sister? But the elder sister is the concubine of the king of Nan'an, wouldn't she know the rules of the vassal land?"

Of course, the princes cannot interfere in the affairs of the family in Beijing. This is to guard against the collusion between the princes and the family in Beijing. For this, let alone Wei Fengyao is the concubine of the king of Nan'an. Even if Wei Fengyao is just an ordinary lady, Will know.

This is true for ordinary princes, and even more so for Yandi.

After arriving in the capital, Yan Huaiyu rarely walks close to other families. When there is something, he walks to the palace. When nothing happens, he just strolls in the middle of Beijing. As for those banquet invitations, they are just etiquette, anyway. The four sons were all in Beijing, and they invited them together.

"Wei Yue Wu, you ... what do you mean?" Wei Fengyao was furious. He wouldn't even pretend to cry, and his eyebrows were angry at Wei Yue Wu.

"It's not interesting? I just hope that the elder sister will not count on the Yan government." Wei Yuewu sneered and turned away.

After taking a few steps, we heard Wei Fengyao screaming behind his back: "Wei Yue Wu, you are unwilling to help, why not say something okay, I just want you to ask for the son of the state of Yan Yourself, but it has provoked you so much. It really didn't grow up together. The sister's friendship is not as good as a passerby. "

Wei Yue Wu coughed, turned her head coldly, and a pair of quiet and beautiful eyes fell coldly on Wei Fengyao's face, her eyes were a little dark and calm.

"Sister, how do you tell Shizi to help?"

"I ..." Wei Fengyao couldn't think of the Weiyue Prom suddenly flipping the topic, and after a moment's fuss, he immediately responded, "Just let Yan Shizi enter the palace and say some good things in front of the queen mother and daughter, and Don't let Shizi do anything. "

"Why can Shizi say good things to her queen mother?" Wei Yuewu continued to ask.

"Even though the queen mother does not agree with the release of the Emperor Yan Guogong, the four princesses will surely help persuade the queen mother. As long as the queen mother's mouth is loose, my marriage with the king of Nan'an can be done." Wei Yue The topic of dance overturning was too fast, and Wei Yuewu alluded to her ulterior motives, which immediately led to a bit of explanation.

After speaking about Wei Fengyao, he was so proud of himself that he overturned what Wei Yuewu said in a few words.

"Why do the four princesses help the son?" Wei Yuewu didn't give her too much time to stay, and immediately asked back.

"Four princesses like Shizi ..." Wei Fengyao said half of it, and immediately gaped.

Before Yan Huaiyu became married, everyone talked about it. Anyway, everyone thought that the fourth and third princesses, anyway, one of them would have married Yan Huaiyu.

But now that Yan Huaiyuan is married, there is a suspicion of destroying the reputation of the four princesses, how can such a suspect Wei Fengyao afford it.

"Four princesses like Shizi? Sister, dare to say this in the palace?" Wei Yuewu turned around and strode in front of Wei Fengyao. "Sister, I don't know what happened? It would be better for us to judge in front of our queen and mother-in-law. "

Wei Yue Wu reached out to pull Wei Fengyao's sleeves, looking like she would enter the palace with her.

Wei Fengyao was really panicked. After taking two steps back, she hurriedly exclaimed: "I also listened to this, and it should not be accurate. Today, our sister said something in private. It's not true to tell you this. Sister Six, I still have something here, so I won't disturb Sister Six. "

After Wei Fengyao said such a few words on the scene, he turned around and left Cangjie. It seemed that he could only do something else. His mother also told himself that as long as he asked Wei Yuewu for soft words, it would be useful. Dance is hard and hard to eat, but it is difficult to deal with it.

What is said in private? Wei Yuewu's eyes turned from the girls and the wife on the opposite road. With so many people watching, Wei Fengyao was embarrassed to say it was private.

"Let's go back to Qingheyuan!" Wei Yuewu didn't go to chase Feng Yao, coldly.

"Want to go to Miss Five's yard?" Shu Fei asked in a low voice.

After they entered the house before, the original route was to meet Wei Qiuju after seeing Mrs. Tai, but now it seems inconvenient to rush past, otherwise it will be offended.

"No need to go back to Qingheyuan first!" Wei Yuewu frowned, and there was a faint flash of light in her eyes, and today it looks strange.

First Mrs. Tai, now it's Wei Fengyao ...

"Yes!" A few girl rings also felt wrong, so they turned to Qingheyuan with Weiyuewu.

Mei Yan in the Qinghe Courtyard hasn't left yet. This will be early in the courtyard and turn around in the circle. When she sees Weiyuewu coming with a few rings, she is relieved and takes a few steps to Weiyuewu. I saluted deeply in front of me: "Master, you are back!"

This really does not look like Mei Mei who is stable in the ordinary days, and several girls ring are looking at Mei Ye in suspicion.

"Go inside and say!" Wei Yuewu said lightly, turned and walked slowly towards the courtyard.

None of the other people in the yard were few. When they saw Wei Yuewu coming in, they saluted respectfully.

Xu Shi's calm attitude touched everyone, even Mei Yan's look settled, nodded and settled, followed by Weiyuewu, and everyone entered Qingheyuan.

After arriving in the back room, Shu Fei went down and gave Wei Yuewu a cup of tea. Wei Yue Wu took it, took a sip, and looked up: "Mei Mei, let's say, what happened?"
