

Young Lady 701

Chapter 701: Weird, search Qingheyuan

"Master, the young lady came here to make a mess last night. Instead of asking the old slave to come to the master, let you talk about Miss Five, why did you pick Miss Five to make trouble, and make the matter go to the palace. , Causing her to be implicated, and she was reprimanded by Princess Nan'an when she returned. "

Mei Yan said angrily.

Therefore, Fang Caiwei Fengyao said so intentionally, and Mrs. Tai's words have also come into effect today.

A hint of coldness appeared on the corners of the thinned lips, and Wei Yuewu's eyes were dark: "What about later?"

"Later, Mrs. Tai sent Acer to call the young lady away, but when she left, she also smashed a few things in the room over there."

"Smash something?" Wei Yuewu froze for a moment, glancing across the room.

"It's not here. It's in the box room. When the young lady came, she rushed into this room and sat in the house of the master. She couldn't stop the slaves, and her girls were still dead. The slaves are going out. "Mei Yan said angrily and rolled up his sleeves. He could clearly see the traces of blue and purple on it.

"Why did you go to the cabin afterwards?" Wei Yuewu asked coldly.

"Later, Acer came and asked the young lady not to make trouble here. After all, this is the main house of the master. If Houye gets the news, she will be angry. The young lady went to the boxhouse and was there again. It was noisy, I kept saying I was dead, I would hit the wall, I would hang myself, and I would break a lot of things. "

"Master, slaves come and see." Jin Ling couldn't stand, said.

Wei Yuewu nodded, and Jin Ling turned and walked out.

"What happened then?"

"Later, Hou Ye really got the news. I knew that the young lady had troubled the master's Qinghe Yuan. Hou Ye was very angry, and brought her in person, and rebuked the young lady. Then the young lady went away crying." Mei Yan said, "Afterwards, the slaves went to clean up the box. There were still some things that were going to be given to the master. They had been packed and hadn't been sent away, and some had been damaged."

"Shu Fei, at the end of the painting, you look in this room, something flashy." Wei Yue Wu groaned a little, stood up and said.

"Master, aren't you in the box room, how can you check here?" Asked the end of the picture puzzled.

"Since it's here, it's okay to look at it." Wei Yuewu's Ji Shun opened the drawer next to her. "Or Wei Fengyao would prefer to leave something for me."

A word reminded Mei Min and others, especially Mei Min's face changed.

The focus of her attention yesterday was in the box room. Wei Fengyao had not spent much time in the main house, and the accident was also in the box room. She also broke some valuable utensils of her master. Panic, I really ignored it.

At that time, she was pulled by several girls' rings from Wei Fengyao, and she didn't see if the young lady had actually moved here.

Although Wei Yue Wu was married, there was nothing missing here. It was still what she was when she was there. Wei Luo Wen also accompanied her with a set of furniture in the past, but these furniture were extracted from the warehouse. There is no arrangement on the side of Weiyuewu, so it is all old.

Several people in the house are familiar with these old things.

"Master, there is something here." Shu Fei cried first, reached out from the bottom of a drawer, and found a small book.

"Master, slaves are also here." At the end of the painting, he also took out a small book from under a lamp holder.

"Take it out and look for it elsewhere!" Wei Yuewu sat down, took over the book from Shu Fei and the end of the painting, and turned it around, but the more she turned, the colder her face became.

Jin Ling came over at this time too, and after hearing about it, helped find it.

Later, I found another one, and the two Weiyue dances have been read, and this will pick up this one and turn it over.

"What's going on in the cabin?" Wei Yuewu asked without looking up.

"The slaves went to see it and broke three pieces of porcelain. The other two were originally delivered by the State Government of Yan Guo. Although it was rushed, Shizi also sent some gifts to him. Houye packed them for you. It's been too late to pack these." Jin Ling checked very carefully.

The reason why it was recognized as the palace of the State of Yan Kingdom was because the symbol of the State of Yan Kingdom was also printed on it. It can still be seen from the fragments. Mei Yan dare not deal with it, even the fragments were piled in the chamber. Did not deal with it, Jin Lingfang also carefully checked it.

"Is there anything else that is annoying?" Wei Yuewu flipped through the small book in her hand and raised her head with a sneer.

"There are no other obstructive eyes, the slaves have carefully looked at it!" Jin Ling shook her head, then her eyes fell on the book at Weiyuewu's hand. "Master, the young lady put something here."

"Accounts!" Wei Yuewu looked out the window and took a deep breath. "Lending usury accounts!"

"What?" Mei Yan couldn't help but said that everyone in the room couldn't help turning his face.

The government has stated that no usury should be allowed. Otherwise, not only will the property be confiscated, but I and the people involved will also be assigned to the border.

If these books were found here at Weiyuewu, no one in the house could escape.

"Master ... this ... this ..." Mei Huan was a little panicked, opened her mouth, and for a while didn't know what to say, she secretly hated that if she was smart, she couldn't let the young lady hide these things.

"Master, what do you do now?" Jin Ling said.

Wei Yuewu picked up the account book again and turned it over. It can be seen that the handwriting is a bit outdated and should not be written. That is to say, these account books may be real, otherwise they will be unchecked, but it is impossible for them to pass the usury , But Wei Fengyao? Wei Fengyao doesn't seem to have that great magical power either.

"Master ..." Shu Fei was nervous and was about to speak, but heard a little girl outside the curtain whispering.

"Sir, Acer is here with a large crowd."

Acer came at this time, but also brought a large group of people?

"Master, what do you do?" Seeing sweat on the forehead at the end of the painting, he reached out and picked up the booklet placed on the table. "Master, put the slaves first, will there be no place for this?"

The place is so big, in fact, it is still very easy to check.

It seems that it should be the person brought by Acer. Wei Yuewu's eyes turned to the door, and she suddenly smiled slightly and shook her head ...

When Acer came in, he saw Wei Yuewu sitting quietly in a chair, and he stepped forward and laughed, "Is the county master still not in charge? Fortunately, fortunately, the slaves are scared to death."

"It's early!" Wei Yuewu put down her book and smiled slightly. "Acer came at this time and brought so many people. Maybe she wanted to search our Qingheyuan?"

"How dare you be a slave! The lord of the county really laughed!" Acer shook his hands.

"That Acer is ..." Wei Yuewu watched Acer raise her eyebrows, and her eyes were a little sharper without concealment.

That kind of gaze made Acer panic, and subconsciously avoided Wei Yuewu's gaze. Nana said: "The lord, assassin came to the house yesterday. They all said that they went to the front yard for a bit of trouble, but later they were Hou Ye surprised the guard, but only then someone said that he saw a man in black coming to the county master. "

"Come to my Qingheyuan?" Wei Yuewu asked with a smile, "I'm not here. What are you doing in my Qingheyuan?"

"Slavery is also unclear, but several people said that they saw people in black coming over. Mrs. Tai was afraid that there was really something in the county. This made slavery come over to check. Don't really hide anyone and disturb the county. But it's not good! "Acer shook his head.

"Then Acer will let people come and take a look. Fortunately, I have no director here, otherwise I will be confused. What can I do?"

Wei Yue Wu casually said, sat up in a chair, and walked to the side of the couch, "I will let them come in and check, it is not reassuring to check, I can not be a director here, but I found out yesterday, why did n't you check me here today? I must wait for me! "

Wei Yue Wu leaned down on the couch, looking relaxed.

Acer's vest was a little embarrassing, and he immediately explained: "It was only discovered before. The assassin incident last night was in the front yard. Mrs. Tai didn't care about it, so she didn't check it. After a few moments at the backyard, several subordinates said they saw people in black coming to the county master. "

"Check it first!" Wei Yuewu nodded, but it wasn't that difficult for Acer.

Seeing Yueyuewu nodding in agreement, Acer was busy letting people go outside to bring people over. A few ringlets and women carefully looked at the objects in the house.

Acer himself did not dare to turn it over, while accompanying Wei Yue Wu.

Wei Yuewu took a book by herself and looked at it. Shu Fei prepared pen, ink and paper for her. When she saw a good place, Wei Yuewu stopped and took a note.

Several girls rings stood by her silently. Mei Yan would go out this time, saying that she would go outside to clean up the box room, and write down what the young lady broke yesterday. It will be a record for a while. .

Acer originally wanted to accompany Wei Yuewu to talk, but Wei Yuewu looked like a serious reader and didn't dare to disturb the same. She had to set her eyes on the three girls in the house, on them After turning around twice, he turned away again.

Except for the silence on their side, the sound of flipping over there was quite loud, but the flipping over there didn't affect this at all.

There were a lot of things in the room, and I looked at them carefully, but I looked at them for a while, but just tossed them, there was nothing unusual.

A mother-in-law came to Acer and said, "Acer, no one in black was found."

"No? Did you run away?" Acer looked blank.

"Do you want Acer to go to the other rooms, or hide it here, in the cabin!" Wei Yuewu asked without looking up.

"This ... well, the safety of the county owner is the most important, slavery is getting better today!" Acer hesitated, then nodded, his gaze fell on a few girls, "I have to bother them A few leading the way, slaves were not familiar with Qingheyuan.

"The book is at the end of the book, the two of you are taken out." Wei Yuewu said calmly.

Chapter 702: Something big happened, shattered the Royal Gifts

There was actually a little tidy up in the box room, and it was still very messy. There were a lot of people coming from Mrs. Tai's side, and they were crowded. Some people were hit for a while. Among them were Shu Fei and the end of the painting.

There was a lot of traffic outside, and the room was quite quiet. Acer and Jin Ling were accompanying Wei Yue Wu, Wei Yue Wu didn't speak, and the two of them naturally didn't say anything.

After waiting for a while, there was noisy news from outside, saying that nothing was found.

Acer rubbed his hand in his hand and turned to Weiyuewu with a smile on his face: "The lord, since no one is hiding here, that's great. The slaves went back to report to Mrs. Tai, It was always Mrs. An An's heart, so that Mrs. Tai would not worry about the safety of the county master. "

"Just ... so gone?" Wei Yuewu put down the free book she was looking at, slowly sat upright, blinked her long eyelashes curling like butterfly wings, her eyes fell on Acer's body slightly. He bent his corners, "Aren't Acer's things strange today?"

"Strange ... strange?" Acer asked uneasily.

"On the way I just came, I met my elder sister. First, I begged me to help her and leave, and then I hurriedly said that I would like to ask the emperor Yan Guogong to come forward, and I said a few

words. I left angrily, but found at Qingheyuan , Even smashed things, and now he brought someone to turn me over the Qingheyuan. "

Weiyue Wushui's eyes narrowed slightly, and there was a gleam of coldness in her eyes: "Well, I just want to ask, what did you want to do after such an outbreak?"

Stared at Wei Yuewu's eyes, Acer jumped twice in a hurry, hurriedly avoiding Wei Yuewu's eyes, and explained dryly: "Country master, slaves really don't know about Miss, this Yesterday ... Miss Miss got out of control, that's why ... Mrs. Tai always meant her sister, and she didn't make trouble when you were there, so forgive her for this time! "

"Forgive her this time, I'm afraid I can't do this time!" Wei Yuewu said with a small face and a word.

Acer didn't expect Wei Yuewu to say such a nonsense words, and for a while he was so speechless that he couldn't even talk.

"Acer, it 's not that our master does not spare Miss Rao, it is really the thing that Miss Da smashed this time, but the thing from Yan Guo Gong Mansion, and it is also a gift from the palace, whether it is in the palace or the palace, it is recorded , I am afraid that I will really go to the palace to plead guilty this time! "

Jin Ling stepped forward and said loudly.

"What? It's Yuci?" Acer's face turned white, shook it, and almost fell.

No one expected that among the pieces of porcelain that the young lady smashed in the box yesterday, there was also the Royal Gift from Yan Guogong Government.

"The lord of the county ... this ... how is this thing from the Royal Palace of the Yan Kingdom here?" Acer is almost a nana, and there is a group of the Royal Palace of the Royal Palace from Yan Yue here. She really didn't know.

"When the master entered the state palace, he was comatose and sent it to him, but even so, the state palace still sent a batch of dowry gifts. Because of the poor state of the master at the time, Houye had no intention to fight. I just threw it in the chamber of the Qingheyuan. After the master woke up, Mei Yan planned to pack it as a dowry and send it to the Yan State Mansion. However, I have n't finished all the work.

At that time, Wei Yuewu was about to lose her life. Where did Wei Luowen care about these belongings? When she randomly collected them, she threw them in the room, and Mrs. Tai also had no intention of reporting.

In that case, Wei Luowen was worried about Wei Yuewu's life. As for those around him, he was not at all concerned.

"Now ... what can I do?" Acer was really dumbfounded.

No one expected that things would change so much. Originally, they were just a few ordinary pieces of porcelain, but they made things so big. They only came out of the palace yesterday. Is this going to happen to the palace again?

Acer can imagine Mrs. Tai's fury.

Huayang Houfu can't stand the frustration even if it is full of wealth.

"This ... I don't know, I also know that the son of the state of Yan Guogong is not someone else who can control it, and marry me just for the sake of joy, so far he has focused on the family girl of Yandi." Wei Yue Wu Reaching out a strand of hair that slipped down, his eyes paled.

"If you let him know about it, even if it is not for these royal gifts, and for the face of the Yan Guo Mansion, it will definitely be argued with the Nan'an Palace."

Although Yan Huaihan didn't care about the few pieces of Royal Gifts, she felt that she was being bullied by Nan'an Wangfu. As for Huayang Houfu, she didn't mention it. Acer listened to it and thought about it. Yi Liang, busy resigned: "Country owner, slaves first go back and tell Mrs. Tai, let Mrs. Tai think."

"Acer will go back first, otherwise I will not stop if the trouble goes out after the Emperor Yan Guogong knows something." Wei Yuewu said lightly.

"Yes, slaves know, slaves know," Acer said suddenly.

At this moment, she did not dare to worry any more, wiped the cold sweat on her head, and hurriedly took people back to Jingxinxuan.

Seeing that a large group of people carried by Hongye went out of the gate of Qingheyuan, Shu Fei and Hua Mo walked in with their arms folded, and both of them were hit lightly.

"Master, fortunately, you didn't put the booklet on the slave, or else you'd just hit it so that it would fall out." When he entered the door, he patted his chest, and said later.

Those booklets she had wanted to hide on her before, who would have thought that she had been hit by someone. If she really hid herself, she would surely find it.

"Slavery was also hit by people, although several other people were also hit, but none of them hit me as bad as the end of the painting." Shu Fei said angrily, "Master, they clearly hit the slavery deliberately, then Bian slaves have avoided one side, who knows they will come over. "

"Come to these booklets, it's so fast!" Wei Yuewu frowned slightly, stretched out her handbook from the leisure book she just read, and flipped through it at will. It was indeed a few books. The number of usury books is not small.

She didn't let the end of the painting rest on her body, so she put it in her book, and then threw it in front of the couch at will to read it. Her hand was on the book, and naturally no one dared to read the book in her hand. .

"Master, is this hidden by Mrs. Tai?" Jin Ling's gaze also fell on Wei Yue Wu's book and could not help asking.

"No, but there should be some relationship!" Wei Yuewu shook her head, and the awkward side of Acer must know something, even her own ring was hit, her eyes seemed clear, she should know It is impossible to know everything about these booklets.

Wei Fengyao?

Wei Fengyao was really pleasantly surprised. She originally thought that there was only Wei Qiufu hiding in it, but Wei Fengyao didn't expect it, but she wouldn't get away so easily.

Taking advantage of the opportunity to reconcile with Wang Shizi of Nan'an, she lived in Huayang Houfu, and she did not intend to leave, or she did not intend to leave until her goal was realized, but it was not her who walked and did not leave. Never mind.

"Master, what shall we do now?" Shu Fei also asked.

"You do n't have to do anything. As soon as you let the steward come over, I will ask about the yard over there. You two will continue to come and help me. What do you need to tell Mei Yan and let her centrally arrange it? If it 's okay, let 's have a good lunch. If I go back, I will come back tomorrow. The other things in the house have nothing to do with me. I must have been my married daughter. I should pay more attention to the bluestone side. "

Wei Yuewu raised her eyes, her voice was tender and soft, her body leaned back, her eyes froze, her current status should not be involved in the affairs of Huayang Houfu, and Wei Fengyao too same.

No matter what the purpose of Wei Fengyao's coming to Huayang Houfu, I'm afraid this will not allow her to say anything!

"What are all things from the Royal Grant?" Mrs. Tai stood up and asked in horror.

"Yes, it is said that it was a dowry gift sent by the State Government in the past, and Hou Ye had no intention of sorting it out, and he threw it all in the chamber of Qingheyuan. Madam Tai was bound to be out of business. He also hinted that the slave said that if the son of the State of Yan Guo knew it, he would not have a rest. "

Acer said haltingly: "Say yes ..."

"What? Couldn't it be that the Emperor of the State of Yan Guozhen really did hit the gate of the Houfu Palace of Huayang?" Mrs. Tai was anxious and anxious, could not help but hate, "Isn't she the Emperor of the State of Yan Guo? Why not? She will beg the Emperor Yan Guogong to let go of the incident. Within a few days of going out to get married, the Emperor Yan Guogong came to the door, and she followed suit. "

"Mrs. Tai, the county owner said that the Emperor Yan Guogong would make trouble on the door of the Nan'an Palace." Acer carefully reminded Mrs. Tai.

"Nan'an Palace?" Mrs. Tai's eyes brightened.

"Yes, the lord of the county means that I am afraid that the Emperor Yan Guogong will take advantage of this opportunity to have a fight with the Nan'an King's Mansion. How about the last one? "Acer frowned, her wife was only a subordinate, and she really didn't dare to judge it.

If other people say that they will make trouble in the Nan'an Palace, Mrs. Tai only thinks it is a joke, but if it refers to the son of the Emperor Yan Guo, Mrs. Tai really dare not listen to it as a joke. None of them are easy to mess with, even though the Royal Palace of Nan'an is a royal family, I heard that His Royal Highness was very kind to the sons of the four places.

If this is really the case, Yan Guogong Shizi will not really give face to the Nan'an Palace.

Yesterday, the scene at the gate of the palace was still in front of him. The gentle and elegant son of the world took the crossbow and guided the king Anshi to the point.

"Go, let Yao girl clean up, and immediately return to Nan'an Wangfu, and it is not our Huayang Houfu who decides whether to leave or not, let her go back to Nan'an Wangfu to live well, don't make trouble As for the smashing of the Royal Gifts of the State of Yan Kingdom, she also returned to the government and said to the Princess Nan'an that she had a way to deal with it early. "

Thinking about it that way, Mrs. Tai has already made an assertion here, she cried.

Chapter 703: Drive away Wei Fengyao

"What, my grandmother asked me to return to Nan'an Mansion immediately, but also to explain to the Princess Nan'an that I broke the porcelain of the Yan Guogong Mansion?" Wei Fengyao was a little confused, and she was only returned to her yard soon after being notified by Acer Go home right away.

Obviously, she talked to her grandmother yesterday. The grandmother also said that this time she must show a look to the Nan'an Palace to let them know that the Huayang Hou Palace is not a bully. Drive yourself away.

"Those pieces of porcelain are the gifts of the palace, the young lady should go back first, so as not to make trouble, you can't handle it!" Acer advised wryly.

"How can the Imperial Gifts of the Yan Kingdom Mansion be thrown into the chamber of the Qingheyuan at will? It must be what Weiyuewu found, Acer, go, I 'm going to tell my grandmother that it must be Weiyue Dance this girl who forgot her ancestors, knowing that we want to borrow her power, and deliberately come up with this, I must pierce her in front of my grandmother. "

Wei Fengyao said indignantly.

Acer grabbed her sleeves: "Miss, don't be impulsive, Madam Tai means you still go back to the house now, she doesn't want to see you now!"

"What do you mean?" Wei Fengyao couldn't believe it, and asked suddenly.

"Mrs. Tai means ... Mrs. Tai means that you should go back first! If you have any questions, go back and discuss with Princess Nan'an." Acer said with a smile.

"Grandma isn't going to care about me?" Wei Fengyao sank.

"Mrs. Tai can't control it. The young lady must have been married to the Nan'an Mansion. If anything happened, you should discuss it with the Nan'an Mansion. On the side of Huayang Hou Mansion, Mrs. Tai is powerless!" Speaking out, Acer's next words slipped a lot.

Wei Feng's trembling trembled, and he said it well yesterday, but this will change the Gua, it is not because Wei Yuewu's cheap girl talked to the State Government.

She also knows that compared to the Yan State Mansion, the Nan'an Palace is still weaker.

This has nothing to do with the title, it's about strength, the Gong Yan is not the Jing Guo Gong who was destroyed.

"Grandma also said yesterday that she could force Weiyuewu to help me and leave, and to rejuvenate the reputation of Huayang Houfu. I went to Qingheyuan for those booklets and wanted to hold the handle of Weiyuewu, if not Because of this, how can I ... go to her box and break things. "

Wei Fengyao panted twice, and said pale and angry.

If it wasn't for the plan of Mrs. Tai, she wouldn't have gone to Qingheyuan at the time. That said, Mrs. Tai agreed, but it was unexpected that Mrs. Tai now pushed her out and let her bear it alone.

"Miss, is this to blame Mrs. Tai?" Acer's face sank. "Miss, if you don't have the support of Huayang Houfu, your life in Nan'an Wangfu will be even worse! This will take advantage of King Nan'an still feels guilty about you and Mrs. Tai's support. Let me talk about this before. "

"The carriage at the door has been arranged, Miss Tai please!"

This is extremely daring, Acer said, taking a step back to the side, stretched out his hands, and asked Wei Fengyao to walk.

"You ..." Wei Feng Yaoqi's face turned red. She was the oldest lady in Huayang Houfu before she was married, and she was also the concubine of the King of Nan'an after her marriage. Even though her situation was not good after that, she has not been so The subordinate directly hit his face, but this subordinate is still the red person in front of Mrs. Tai.

She would be even more offended.

The parchment in his hand was rubbed fiercely into a ball, and then he stomped his feet and said to the girls behind him, "Let's go!"

She couldn't stand it anymore over the Nan'an Palace, and the Huayang Hou Palace certainly couldn't offend.

I heard that Wei Fengyao was gone dingy, and Weiyuewu just smiled slightly at Jingxinxuan, not at all.

She is now concerned about her father's family affairs. There are many things that she did n't know before. She only feels that there are fewer people in the big room. It seems that nothing is wrong. Compared with other rooms, the population is much simpler.

Now Wei Luowen's big house is left alone, which should be well managed, but I really found it, and things were quite a lot.

Not only a lot, but there are a few confusing places.

Regarding the report from Jin Ling, Weiyuewu just thought about it a little bit, leaving aside the things there, mainly focusing on the yard, because Wei Fengyao's departure, Mrs. Tai let go of Weiyuewu again. No one dared to elbow Weiyue Dance any more. The Li family in the second room also seemed to be in An'an, even though Wei Fengyao left without saying a word.

On the surface, Huayang Houfu seemed to be up and down, and married Wei Luowen together.

A few days passed in a hurry, Huayang Houfu looked calm and calm, but it was Nan'an Wangfu that was not peaceful. First, Nan'an Wangfu made a fuss about destroying his wife, and later said that he was not a wife, and his wife was not. The wife is just the five Miss Huayang Houfu who has not passed through the door.

The new darling beside Wang Shizi of Nan'an, a daughter of a blue house actually secretly calculated that the five Miss Huayang Houfu had not yet passed through the door, and the matter was still in the palace for a while, and Queen Tu had to reach out and dissolve the two men's marriage contract.

This matter is also faintly related to the emperor of the Nan'an prince. I heard that the emperor returned to her mother's home in anger and seemed to go to find something, but it accidentally smashed the engagement gift given to the Lord of Jingde County by the Government of Yan Kingdom. The gift was still the fault of Yuci, and Princess Nan'an had to take the daughter of King Nan'an into the palace to plead guilty.

For this reason, the concubine of the King of Nan'an knelt under Dan Zhe, and she fainted on her knees day and night.

After that, he was taken back to the Nan'an King's Mansion.

I heard before that the concubine of the King of Nan'an was enchanted. I thought it was going to get better, but it would be provoked again and again, and the emperor was punished and kneeled.

But think about it. The emperor originally could not protect the concubine of the King of Nan'an. No matter how the Yan Guogong Mansion was not messed up, he had to smash the people's things, and he must be accounted for, even if the gentleman Shizi didn't say anything, and he had to justify it.

The dispute in this case is very big, but fortunately, it has little to do with Huayang Houfu.

Wei Fengyao's current identity must be the concubine of the King of Nan'an. If something happened, he would be in the Nan'an palace, and the relationship with Huayang Hou's palace is really small.

However, some people think that this matter has little to do with Huayang Houfu House, it is really disturbing and boring.

Something has to be pulled about Huayang Houfu, and it has to do with Weiyuewu. I heard that Weiyuewu was also going to the palace that day, but at the door, the emperor Yanguo was blocked back. The more the princess thought about it, the more she felt depressed. If Wei Yue danced into the palace at that time, she had to get her involved in this matter.

The mother asked her to wait, saying that there would be news, that the inner court of Yan Guo Gong's government was unstable, and the method was making the children of Yan Di and Wei Yue Wu quarrel,

but this has been said for some time Now, everyone knows the instability, but the two have basically never met again except on the day they got married.

Of course there is no way to quarrel.

The government of Yanguo is not chaotic, and she can't get started on her own. The four princesses remembered what the emperor told her yesterday and asked her if she intended other words.

The princess election was originally scheduled. Because of this series of accidents, it was postponed later. The four princesses felt that they could not wait any longer. After leaving their palace, they went directly to the prince's east palace. No one knows how to assassinate Weiyuewu.

She had to ask clearly, Wei Yuewu wasn't dead, and she couldn't marry Yan Huaihan. Whenever she thought of Yan Huaihan's handsome and unparalleled face, the four princesses burned in their hearts.

It had long been known that Wei Yuewu could not die. At the beginning, she would not agree with the mother's intention, and sent Wei Yuewu to the Yan Guo Gong Mansion, allowing her to occupy the position of the wife of the Yan Guo Gong Shizi.

Both lost and wounded. No one expected that the backyard of Yanguo Mansion should be up and down, and the troubles continued, but it seemed calm and calm. I do n't know whether this man is extraordinary, or whether the two people who are said to be both ill and weak have no energy to toss. So for the time being it seems fine.

But the four princesses couldn't wait. The words of the father and emperor were a hint, and she suggested that she would choose a husband-in-law from other sons, which made her reconciled.

At the Prince's East Palace, after a round, he was told that the Prince had gone to Lanyuan, and then hurried to Lanyuan.

The air in the spring day was a little warm, and the orchids in the orchid garden opened a lot. Wen Tianyao stood among the orchid bushes, but instead of admiring the orchids as in the past, he frowned and stared at his eyes. Of an orchid in a daze.

"Brother Huang, I finally found you, why are you still here to enjoy the flowers? But I was in a hurry to get angry, and the two days after my mother was annoyed with things, I could n't even eat." Seeing Wen Tianyao in the distance Standing in the orchid bush, the four princesses came to blame without a word of crackling.

It means that Wen Tianyao is not filial, and even his own biological mother can't afford to eat and ignore it.

"Is there something wrong with the four sisters?" Wen Tianyao raised his head lightly, and Jun Mei frowned slowly.

"I ... it's true." The four princesses looked around, waved their hands, and followed the clusters of palace maids and housekeepers who followed her back silently.

"Brother Huang, the last time your mother let you kill Wei Yuewu, did you do it? If Wei Yuewu never dies, she may have really occupied the position of the son of the state of the kingdom of Yan. You let me What to do? Wei Yue Wu is always dead, so I can get better. "Four princesses said arrogantly.

"You don't want to see Jingde alive?" Wen Tianyao looked at the four princesses quietly, his face could not see the mood and anger, but his eyes were inexplicable.

"Brother Huang is not just me, but also Wen Caidie? You think she doesn't want Weiyuewu to die, and Weiyuewu is dead, so she can argue with me, even my father's side let me avoid, and let Yan Guo Gongshizi gave it to Wen Caidie. It can be seen that she also worked **** her father's side. I heard that her father has always been to Tu Zhaoyi's Splendid Palace recently. "

The four princesses shook their lips and snorted coldly: "Brother, you should act quickly, at least I can grab Wen Caidie first, Yan Huaiyu is mine, Wen Caidie don't even think about it!"

Chapter 704: Thoughts of Prince Wen Tianyao

"Without Jingde, there may be others." Wen Tianyao's eyes fell on the four princesses, and the corners of her lips were slightly curved, looking like a smile, but there was no smile in her eyes.

"But at least those two people are removed, and the backyard of the son of the kingdom of Yan Guo is clean, so I can let the father and the emperor order and marry to the palace of the Yan kingdom. If you think about Wen Caidie's marriage, it is not you who cares most about her, but her fourth brother. "

The four princesses have been well-cultivated by Queen Tu recently, and they will also say a lot, not to mention how they want to marry Yan Huaiyu, but only to the relationship between their siblings and the prince.

In this regard, Wen Caidie is far less than.

In the past, Wen Caidie looked very selfless, as if she really treated Wen Tianyao, but now Wen Caidie is no longer the flawless three princess. Many people think that the third princess or no one at all So beautiful as imagined.

So for Wen Tianyao, did she really come to see her as her pro-brother?

"You all want to marry Yan Huaiyu?" Wen Tianyao glanced sharply across the four princess's faces.

"Of course, without mentioning Wen Caidie, I must marry Yan Huaihuan. Wen Caidie is also inevitable there, but I am Princess Wu and your sister, and she can't compete with me." In this conversation, the princess also knew that Wen Tianyao was being vocalized and repeatedly expressed the close relationship between the two people.

"The government of the Yan Kingdom is heavily guarded, and no one can do it." Wen Tianyao retracted his eyes, and said with a faint look. "You wouldn't want this to become clear. Let Yan Huaiyu hate us?"

"Of course this is not possible!" The four princesses panicked and shook her head when they heard that Yan Huaiyu might hate herself. "Brother, are there other safe ways? If Yan Huaiyu really hates us, how can I marry it? Brother, I want Wei Yue to die, but it is the silence that keeps her dead! "

"Silent?" Wen Tianyao's heart moved. He has been thinking about it for the past few days. Of course, it is the best way to silently let Wei Yuewu leave Yan Huaiyu.

"Yeah, emperor, this thing must be done silently, it must not be known, otherwise it will be a trouble, even the father and the emperor will rebuke us!" The four princesses thought Wen Tianyao understood. Your own meaning, Daxi Road.

Of course, her silentness meant to let Wei Yuewu die silently, so that the problem of Wei Yuewu could be best solved.

"How can we solve things silently?" Wen Tianyao frowned.

"Naturally, I took advantage of the banquet or travel opportunities to deal with people, can also be pushed on others, or can be directed at Wen Caidie, anyway, for her wedding, she is unscrupulous, if you give her a chance, She will surely kill Wei Yue Wu, and then marry me. "

There was a hint of jealousy on the faces of the four princesses. To the butterflies above, the four princesses were often a loser. This made her reconciled. This would say casually, her heart moved, her eyes brightened. Butterfly, it's really a good idea.

"Brother, please think about it again. I'll talk to my mother." The four princesses were excited, and immediately felt that they had thought of a good way, and they no longer entangled Wen Tianyao. After speaking, he went back happily.

She had to think of a way to deal with Wei Yuewu and make people think that this was done by Wen Caidie, so that even if something happened, she would not be involved.

Wen Tianyao is also thinking about how to let Wei Yuewu leave Yan Huaiyu. In his opinion, Yan Huaiyu's side is the most dangerous place after all, not to mention that he also has a young and beautiful Yandi family. Female, if you let the third and fourth princesses interject one another, how to see Weiyuewu is the weakest link.

The third brother also said that the congenital deficiency of Yueyue Dance is very easy to spit blood and die. Just like Qingyang and even Wang Anan, they were overwhelmed with anxiety. In addition, they were originally born with insufficiency and a stable life.

Does it disappear silently?

Or you can start from this ring yourself.

He was still thinking about how to take Wei Yue Wu away from Yan Huaiyu, but the four princesses met someone who could think.

Only after leaving the Lanyuan Garden, the four princesses saw Jing Wenyan coming across, and couldn't help but stop with a cold hum. For Jing Wenyan, she was always inexplicable.

"See the four princesses!" Jing Wenyan could not see any whimpers, and she stepped forward generously, paying respectfully.

"What are you doing here?" The four princesses tilted their heads, looked up and down Jing Wenyan, and struck a light sassy veil to make Jing Wenyan look a little charming and tender, plus a tender The face of beauty, anyone who sees it, really deserves to be said to be the first beauty in the world.

Even with a plain face, they look more beautiful than ordinary women.

But this look has made the four princesses even more disgusted. Does a family have a lot of money and need to look so beautiful? As a lady in the main room, you can be dignified and generous, so why not look at it like a fox and be uncomfortable.

"I came to see the four princesses. I heard that the four princesses have come here before I came over." Jing Wenyan laughed, as if she did not see the disgust in the eyes of the four princesses.

"Did you come to see me? Didn't you come to look for the emperor?" The four princess doubted, in her opinion Jing Wenyan stepped on her own to find Wen Tianyao with ulterior motives.

"Of course I was looking for the four princesses, and the queen queen asked me to accompany the four princesses!" Jing Wenyan explained with a smile, and the four princesses were slightly satisfied with the look of her eyes.

Lengheng said: "Since you are here for me, then follow me. I happen to want to ask you something!"

"Yes!" Jing Wenyan stepped back obediently, letting the four princesses go ahead, and her eyes still didn't look around.

This look finally made the four princesses look better, and took a few steps to see Jing Wenyan follow him half a step behind him. He was very respectful and waved.

The corresponding court maid and housekeeper both retreated a few steps away and followed far behind.

Jing Wenyan froze for a moment, immediately understood, and also gestured to the girl ring next to her, the girl ring backed nicely, and also followed them far away.

Seeing Jing Wenyan was still smart, the four princesses snorted in the nose, and they were satisfied. They took a few more steps and asked, "What do you think of Jingde?"

These words were abruptly asked, but Jing Wenyan was a person who knew the thoughts of the four princesses and responded immediately: "The Lord of Jingde County looks soft and gentle, in fact, the character is not great, and now he is occupying the son of the Kingdom of Yan. The position of the wife did not think that the queen lady just promised to redeem her, but did not really agree with the marriage. If it is reasonable, you should raise and leave now! "

What this said was deep in the thoughts of the four princesses.

The four princesses nodded again and again, which made her comfortable.

"A small county owner who didn't even have a fief, actually wanted to sit in the position of Mrs. Swallow of the State of Yan, and she didn't know how many pounds or two, she really was a princess!" The fourth princess hummed. Road.

"But I am afraid that this position of the Lord of Jingde County will not be allowed now!" Jing Wenyan hesitated, but still whispered, "Four princesses, you may also consider considering several other sons!"

"What do you mean?" The four princesses stopped, angrily.

"Four princesses, this is actually not what I meant ... The queen mother asked you if you could have such an idea!" Jing Wenyan said softly.

Actually, it means his own mother-in-law. The four princess's face was all white. The mother-in-law must have heard the meaning of his father and wanted to marry another person.

Give Yan Huaiyu to Wen Caidie, don't even think about it!

Wen Caidie is more suitable than herself. I wanted to ask my mother-in-law to help me to deal with Wei Yue Wu, but now I think it is unnecessary. Maybe she will be told by her mother-in-law.

It was just that he was alone in planning and felt overwhelmed. His eyes fell on Jing Wenyan, and his face was somber: "Do you also think I should let go?"

"I ... naturally think that the four princesses are the most suitable for the Emperor of the State of Yan. It seems that only the four princesses are the best match for the person of the Emperor of the State of Yan. I'm afraid ... What the four princesses think, they may not be able to succeed! "

Jing Wenyan smiled bitterly, "Unless ..."

"Unless what?" Even though the two words behind Jing Wenyan were very light, the four princesses caught her words at the tip of her ears, and her eyes flashed.

"Unless ... unless ..." Jing Wenyan hesitated.

"What are you afraid of? There are no one here anyway, and you still have to marry the emperor in the future. Will you be on the side of Wen Caidie?" The four princesses asked in a bad voice.

"I ... naturally stand on the side of the four princesses. I just want to make the third princess and the Jingde County Lord lose both. This is not so easy. Besides, the Jingde County Lord recently heard that he

went to Huayanghoufu every day. Run, but don't go anywhere else. "Jing Wenyan's expression of anxiety on his face seemed as if he had really considered the four princesses.

This remark coincided with the previous thoughts of the four princesses, and the eyes became brighter immediately. He stretched his arms around Jing Wenyan's sleeves and went to his palace in a warm and affectionate manner.

One person is short and the two are long. With Jing Wenyan's help, it is always better than one person to make a plan alone. There are always opportunities. Wei Yue Wu can't stay out of the Yan State Mansion forever!

On a high pavilion in the Royal Garden, the three princesses stood there, coldly watching Jing Wenyan and the fourth princess who became intimate and humming, and walked down.

The four princesses are really not worried, but Jing Wenyan, she will not underestimate Jing Wenyan like the four princesses. She can change from the impossible and Miss Jing Jing to a well-honoured Princess of the East Palace. Explains Jing Wenyan's methods, even though the young lady Jing has always been very docile and not at all offensive.

"What? A flower viewing party?" Huayang Houfu, Wei Yuewu looked at it before sending it to the post.

Of course, the flower viewing party is not strange. The family in Beijing likes to hold banquets under various names, but they are not actually banquets. It is really strange ...

Chapter 705: Second room lost a box

Posts from the Luguo Government!

Like Yan Huaiyu, Lu Yili, the son of Lu Guogong in Beijing, is now the only master of Lu Guogong.

But there are only male protagonists in the house, but no female protagonists.

Of course, the so-called flower viewing party is mainly dominated by female protagonists, or the outer courtyard and the inner courtyard are entertained at the same time. When Yan Huaiyuan had previously

invited Jing Wenyan to help the inner courtyard, because Jingdi and Yandi had made good It seemed that there was some ambiguity between the two, so the matter was quite meaningful at the time.

Which young lady did Lu Yan invite now to help him preside over the backyard?

"Master, would you like to go?" Shu Fei asked with a cup of tea.

"What did Shizi say?" Wei Yuewu put down the post in her hand. This post was sent by Yan Huaiyu. The main thing is said to be in triplicate.

Yan Huaiyu, she still has that Miss Lin.

"Shizi means that you and Miss Lin have to go to one and give Lu Guogong Shizi a face!" Jin Ling covered her mouth and smiled.

Several close-knit girls in the house know that the so-called Miss Lin is also the owner, so it doesn't matter that someone else contends for favor with the owner, those are just rumors.

"Then Miss Lin, then!" Wei Yuewu thought about it, and a faint smile appeared on her face.

"Why is Miss Lin going? Master, you must be righteous!" The book asked puzzledly. Although Miss Lin was also ordered by the queen's queen mother, she must defend the moon dance. .

"So long, Miss Lin should always show up!" Wei Yuewu smiled slightly.

Lu Yeli sent three posters over, which originally explained the problem. Since some people spy on the State Palace of Yan Guo, let the family daughter of Yan Di come forward!

Recently, she traveled in front of everyone for the purpose of the Houfu House in Huayang. The Miss Lin, who has not been there before, should have more opportunities to show up. Otherwise, there would be no equal strength.

Wei Yuewu even feels that this Miss Lin and herself should not be evenly matched, but they must also be overwhelmed to allow those who have ulterior motives to stop a little.

Several girls ring are smart people, Wei Yuewu said that, immediately understood.

"Master, Mrs Tai, let the slaves come and tell you, the banquet of the Lu Guogong government invites the master to come, no matter what, the master is the well-known Mrs. Yan Guogong." The painting rushed in.

She has been embroidering the screen before these busy days. From time to time, she has to go to the sewing room to pick up some new silk thread. When she returned today, she was confronted by Acer who had passed the message, but she brought her over.

Regarding Mrs. Tai's plan, Wei Yuewu is very clear. She must be labeled as Mrs. Tai in Huayang Houfu everywhere. Of course, you don't want Wei Yuewu to be forced to be forced on such a scene. This is where Acer came to pass the message. of.

But since Mrs. Tai said so, Wei Yue Wu cannot be ignored here.

"Master, what should I do?" Shu Fei frowned. If there was no such sentence as Mrs. Tai, Yue Yue Wu would go if she did not want to go, and she would not go if she did not want to.

But since Mrs. Tai said so, Wei Yue Wu did not respond here.

"Acer let you pass this sentence?" Wei Yuewu's slender fingers knocked on the tea cup and asked casually.

"Yes, Acer was very busy at the time, and only said that she happened to encounter a slave, otherwise the meeting would not be separated. After talking to the slave, she hurried out. It seemed that the slave was walking in the outer courtyard. . "I thought about it at the end and answered.

Mrs. Tai often had Acer come over to pass a message, but she had never been so anxious, she didn't even have time to pass a message.

"At that time, Acer was only the little girl ring she used to carry?" Wei Yuewu asked with a deep groan. Was there something in the outer courtyard that made Acer too late?

Being reminded by Wei Yuewu, the eyes at the end of the painting lighted up, and his hand patted: "The slaves remembered, and there was a little sister beside the second master in Acer."

Wei Luowu's little sister-in-law? Wei Yuewu frowned, it looked like there was something urgent on Wei Luowu's side, and then hurriedly found Acer.

In the past few days, the second room has been very calm, and even Wei Fengyao's affairs have not stirred up the slightest waves. Although Li's did not respond, Wei Luowu did not respond.

However, since the incident of Meier came out, Wei Luowu's life should not be so good!

In the past, everyone thought that this Shang Shang master was also a high-clean person, even though his face had always been somber, but in a high position, there was no dirt.

However, it was reported that he not only had an illegitimate daughter, but also had the suspicion to seduce his brother-in-law, which was really shameful. For a while, Yu Shi impeached him, making things more and more popular.

Because there was no evidence of that year, I could n't take him anymore. Besides, I had a blood test for my relatives when I was in Houfu of Huayang. At that time, the results could not be integrated, but now they are integrated in the palace. The meaning of this is unclear.

However, two blood tests were performed on the blood. Of course, everyone believed that it was from the palace. The Queen herself had nothing to do with the matter, and it was not just under Wei Luowu's eyes.

Just on the edge of the wave, with the heart of this Shang Shang adults, even if there is something, it will inevitably not dare to make trouble, so at this time, even let Acer nervous with him, even too late to talk back. However, what is it, it is worth exploring.

"At the end of the painting, if you go to Acer and talk back, you may say that I may not go, or that Yan Shizi prefers to let that Miss Lin go. He must have said that he would take Miss Lin out for a break, and said she was in Beijing. He didn't know a person. Although he said he was ill and could only heal in the hospital, it wasn't that difficult to get bored in the house every day. "

Wei Yuewu's long eyelashes flickered twice, and she had an idea: "By the way, look at what Acer is doing? Something urgent has pulled her away."

This is to listen to the news through a reply, and the painting nodded smartly and turned to leave.

She went quickly, and she returned. She returned to Qingheyuan not long after, wiped the sweat from her forehead, and reported to Weiyue Wuyi: "Master, the slave did not reach the second master's study, When Acer arrives, Acer is going to report to Mrs. Tai. Although he cares about the words of slaves, he can't say too much. He only tells the slaves if they can think of a way to follow them together. The first banquet after the Yan State Mansion. "

If you can't even participate in such a banquet, you will lose face.

Or it may make people feel that Wei Yue Wu has been despised, and Huayang Hou Fu has a lot of incidents. Mrs. Tai needs the Wei Yue Wu to stand up here and give Hua Yang Hou Fu a long face.

"What do you say?" Wei Yuewu laughed.

"Slave only said that he would convey the meaning of Acer to the master. After that, Acer left in a hurry. Slaves came back without thinking, and went to the outer courtyard to see what happened in the outer courtyard. "" Nothing was found at the end of the painting, so he went out to the outer courtyard.

Chuihua's entrance was stopped. At the end of the painting, Wei Yuewu only told her to ask Houye something, and the wife at Chuihua's entrance was released.

"So what did you find?" Wei Yuewu asked with interest.

She is quite interested in things that can make Acer ignore the words.

"When the slave arrived outside of Tsinghua Gate, he happened to meet the little sister next to the second master. He would also have a hurry. The slave deliberately ran into it. The two fell together. Then he got up and wanted to leave, but he was slapped. Pulling it together, he said that he bumped into the slave and asked him to come and let the master judge.

End of painting.

"Little girl films are getting smarter too!" Shu Fei couldn't help laughing.

"Isn't it clever to follow the master!" He felt quite satisfied at the end of the painting, and continued with his neck raised: "After that, he said that he had to go to Aunt Huang to inquire about something urgent, and said that something seemed to have fallen in the second master's study. I couldn't find it. I just asked Acer to ask, and only said that there were many things in the second room. Since the second wife left, Aunt Huang has been dealing with it. "

The second room was originally under the control of Li's family, but after the Li family's accident in Li's house, he never returned. The housework of the second room was basically managed by Aunt Huang, who was the most favored Aunt Huang before the second master. And he has been with the second master for a long time, and he can completely control this housework.

Even if Li's is back now.

The return of Li's name was originally wrong and unspeakable. People in the government not only knew the truth of the facts, but also felt that Li's situation was out of order. Even before Li's defeat of the child in Aunt Luo's belly, Wei Luowu defended her for a while, but then she never saw Wei Luowu enter Li's yard again.

"What was lost?" Wei Yuewu was not surprised at the situation where Aunt Huang was in charge of the second room, but she was curious about what Wei Luowu had lost.

Wouldn't the things in Wei Luowu's study be those of Bei'an Palace?

From the data I saw two times before and after, I think that Wei Luowu should have been investigating the king of Bei'an. Even if the king of Bei'an had almost stepped into that supreme position, he must have missed one step in the end.

Moreover, things have passed for so many years, but I don't know what Wei Luowu is still doing in the Bei'an Palace?

In this situation, isn't it just that Wei Luowu is interested in the affairs of the King's Palace in Bei'an, but also others? In Wei Luowu's entire study, Wei Yuewu felt that the most suspicious thing was the box. Is something wrong with that box? Is Wei Luowu so anxious?

Otherwise, the steward's aunt knew what.

Thinking of Wei Yuewu's heart moving here, she clearly remembered that when she went to Wei Luowu's study for the first time, Wei Fengyao did not seem to ask for self-improvement. Farce, is it related to this matter?

"Xiao said that an important box had disappeared. The second master was furious and was looking for the matter in the courtyard. To find Acer just to ask, who else had come here, but Acer said that it was controlled by Aunt Huang. of."

The end of the painting replied.

Chapter 706: If something is wrong, go straight

At this point, Wei Yue Wu has basically affirmed that the box that Wei Luowu lost should be the one containing the information of the Bei'an Palace.

And this matter may also be related to Wei Fengyao.

It's just that he took the whole box with such enthusiasm, and Wei Fengyao seemed to be a bit cautious in doing this, unlike her usual behavior.

But perhaps because of her own trouble here, Mrs. Tai returned Wei Fengyao directly to the Nan'an Mansion. Wei Fengyao had to take the box because time was too late.

Think of it this way, and some things will flow smoothly.

"Let's go and see Grandma, leave by the way!" Looking at the sky outside, Wei Yue Wu groaned a little and stood up.

This is the afternoon, and the usual Weiyue Wu always left at this time. See if the hour is almost the same as in the past.

Jingxinxuan is not peaceful.

A tea cup was shattered on the ground by Mrs. Tai, and Mrs. Tai slammed the table angrily: "What is he doing to collect these things? Isn't he ... alive, even dare to touch these things, but they still ... Anymore?"

There were no other people in the room. A lot of girls and mother-in-law had already retreated to the door. This would hear the sound of the broken cups in the room. They were all stunned, and even breathing was lightened a lot, for fear of accidentally causing them Mrs. Tai is upset.

They didn't even know what was going on. They only knew that after Acer came in a hurry, they were kicked out, and then they faintly heard Mrs. Tai's anger and the sound of a broken tea cup.

"Mrs. Tai, please ... what ... can this be said." At first seeing Mrs. Tai's out-of-control swearing, Hong's anxious expression turned white, begging in a low voice, and the sweat on his forehead came down Already.

She really didn't want to know something, but she knew it again.

After knowing the secrets, Acer felt that he hadn't slept soundly, and everything was related to the royal family. Who knows when a big flip will come, and I'm afraid how to die Do not know at all.

"He ... he's looking for death. What on earth is he doubting? Could it be possible, what else would he want to find out?" Mrs. Tai gritted her teeth and hated the way of iron and steel. "He didn't want to think, his official It is true that he passed the exam himself, but if not ... he may not be able to pass such a high ranking, why ... "

Mrs. Tai said more and more angry, only that Wei Luowu didn't know how to deal with it. How could this kind of thing be involved? Huayang Houfu should stay away from Bei'an Wangfu.

Far away, everyone is safe.

"Mrs. Tai, does the second man also think that there is something wrong with Hou Ye, so he went to check the matter of the palace of Bei'an so carefully?" Acer sent a cup of tea for Mrs. Tai again and asked in a low voice .

She followed Xiaoyu to Wei Luowu's study. He heard Wei Luowu hesitantly said that all the information he had searched for the Bei'an Palace was missing. After asking Hongye who knew who had been in his study, Hong 嬷嬷 Handle highly stressful situations for the whole person.

"Bei'an Palace has been banned for such a long time. Why was he so disappointed and wanted to investigate it? After he found it, it had nothing to do with him. What did he want to know ... he knew this What's the use, I really don't know who he looks like? If it were like his father, it would not be possible to do so, if it was like me, it would be even more impossible! "

Mrs. Too was so angry that she barely breasted her feet and tears. She really didn't want to mention some things, so she always wanted to forget and try not to think about it. Since this was arranged by the old prince, she had no choice but to follow along, not to mention that it seems that the situation is not so bad now.

Since Qin Xinrui's son was sent to the palace, the stones in her heart fell a lot.

No matter what, the **** can unknowingly let the throne fall into the hands of Wei Luowen's son, and he has been accounted for here. He is worthy of the royal old man who can stand the death, but why his son is so unconvinced. , Also secretly investigating the incident of King Bei'an, how can anyone investigate that incident simply?

Whenever I think of King Bei'an, Mrs. Tai's heart suddenly bursts out, for fear that something bad will happen. In these years, she has never mentioned the thing about King Bei'an, even though some old ladies in the government talked vaguely. She also took it with a smile, and this question was tangled in her mind, which was the most untouchable.

She knew that her second son was very interested in King Bei'an and had asked him side-by-side, but for the first time she asked her to rebuke and let him ignore these things in the future.

A defeated prince, who was imprisoned forever, and later died, is not an auspicious thing.

Wei Luowu also said in front of her that she would not pursue the matter again.

But I didn't expect that the information of King Bei'an was actually hidden in the study, and now these things are still being found by interested people. Isn't this setting Huayanghouhou on the tip of the wind!

In fact, Mrs. Tai always felt that her second son's study was in the study or something bad, so Wei Fengyao, who had previously married to the Nan'an palace, went to Wei Luowu's study and was punished by her.

But I felt that, I really knew that Mrs. Tai still hated herself, picked up the newly brewed tea on the table and drank two sips, and immediately coughed loudly.

Acer hurriedly came over and slapped her back, helping her to ease over.

"You talk, you talk about what he wants to do? Does he know what he's doing?" Mrs. Tai managed to cough, her face flushed, apparently she was really angry.

"Mrs. Tai, the second master said he would plead guilty to you soon!" Acer whispered, and she was extremely dissatisfied with Wei Luowu's approach. Some things can not be checked by anyone who wants to check. The second master usually sees it. It was a steady one, and I never thought that I would carry such a thing behind Mrs. Tai.

"Sin? Oh, he really thought it would be over if he asked for it. It would have to find out who did it, otherwise it might lead to a great calamity. He doesn't grow up, I know He now has more and more of his own ideas. He feels that Lowen has snatched his title, but Lowen has not treated him at all, and passed the title directly to Ziyang. Why can't he think so !?"

Regarding this, Mrs. Tai was even more angry when she said it, but she also regretted that, if she had not expressed a little bit of tone, or Wei Luowu would not have been so concerned.

But he didn't give him a title, nor did he treat him badly!

The identity of this product Shangshu, if no one has dealt with it, why did it fall into Huayang Houfu? One man, one martial arts, two products, all came from Huayang Houfu. This is basically impossible. If Hou Ye is capable, he can be in the ranks of the imperial court and hold heavy power, but it is impossible to reuse the other rooms in the book.

Or even if reused, the share will not be high. Only Huayang Houfu has one article and one martial art. Both of them are in the top ranks. What this means is that Mrs. Tai thinks that Luo Luowu's head cannot understand.

If there is really no one dispatching in it, even if he is admitted to the top spot, there is no possibility of being a senior official.

Wei Luowen, a great general, passed down the title of Huayanghou, and his immediate credit was for generations and generations.

"What about Mrs. Tai now?" Acer didn't think so much about Mrs. Tai, but just asked Mrs. Tai for an idea.

"Check, let Aunt Huang check it out. Whoever went to the second child's study should be these few days." Mrs. Tai gritted her teeth fiercely.

"The slave was afraid that Aunt Huang would not be able to check it out for a while!" Acer hesitated to remind Mrs. Tai, "At this time, the house was busy with Hou Ye's family, and there were many people

coming and going. There are more inner courtyards, and Aunt Huang must be an aunt, and it is only the second room. If it involves other rooms ... maybe ... "

"You go and help Aunt Huang check, no matter who is in the second child's study, you have to find out, and his own little sister-in-law must also find out. If you find something wrong, go straight."

Mrs. Tai no longer complained, her face became cold, sternly.

"If, if there is no evidence ..." Acer hesitated.

"Even if there is no direct evidence, but as long as he finds that the preface is wrong, let's stick to it!" Mrs. Tai leaned back and waved her hands.

"Slaves know!" Acer's face turned pale, but he nodded.

"Mrs. Tai, here comes the county master!" At the curtain outside the house, a timid voice from Yahuan came.

"What is she doing at this time?" Mrs. Tai frowned frowningly, and asked with a sullen expression, only to feel that Wei Yuewu would not be here at the right time.

"Mrs. Tai, at this time the county owner should go back, or come to say goodbye to you. You also specifically asked her to go to a banquet in the Luguo Government House." Acer reminded.

"Let her come in! How was her life at Yan Guo's Mansion so bad? Why did she still have time to run to her parents' house every day? If she was capable, she would drive away the woman from Yan Di directly, this one by one Yes, there is no peace of mind. "Mrs. Tai said with a grimace.

She wouldn't look very pleasing to her, and she became increasingly dissatisfied with Wei Yue Wu. She completely forgot why Wei Yue Wu returned to her home, or helped her share some of the things, for Wei Luowen's wedding.

Originally, she did not like Wei Yue Wu, and even hated it. If it was not for her identity and her daughter of Wei Luowen, Mrs. Tai felt that she would not want to see her even when she met.

Qin Xinrui is annoying, Wei Yuewu is even more annoying. These two people came to harm the Huayang Houfu. A good student let Luo Wen lose his heart, and he was willing to do everything for her. , I have never stopped, those pairs of eyes and Qin Xinrui have a few similar eyes, looking uncomfortable.

When Wei Yuewu walked into the courtyard, she found that the atmosphere was wrong. Fortunately, she had already prepared for it. First, let the girl ring go to the newspaper, and then saw Hong Ye coming out of the house with a smile. Waiting for you! "

Although the smile is a smile, how to look stiff, Wei Yuewu smiled slightly, as if he did not see Acer's strong smile, nodded generously at Acer and walked towards the room.

Chapter 707: Wake up lady

The lady Mrs. Tai in the room had reconciled her disgust on her face, and even saw Wei Yuewu even draw a kind smile.

Acer was anxious to send tea, and then smiled back behind Mrs. Tai, listening to them talking, and Wei Yue Wu stepped forward to salute Mrs. Tai.

"Dancing girl, is this going back to the house?" After waiting for Weiyuewu, Mrs. Tai waved her hand, her eyes fell on Weiyuewu, and she asked slowly.

"Wuer was about to go back to the house. Before that, the son sent a post from the prince of the Lugong Kingdom, hesitated for a while ..." Wei Yuewu said with a frown and a light voice.

"What's the embarrassment of this, you are the lady of Houfu of Huayang, or the lord of the queen's mother-in-law, this will be the wife of the Emperor Yan Guogong, how can you not go!" Road.

"But there is also Miss Lin. A few days ago, Shizi said that she would take Miss Lin out for a break." Wei Yuewu smiled softly, but the meaning in the words was really weak, which meant that she was weak and not guilty at first.

"An unmarried lady of the family, going out with a man to relax and not be afraid to ruin her boudoir name." Her attitude made Mrs. Tai very dissatisfied. Mrs. Tai couldn't help humming, "No matter what, You are the wife of the Emperor Yan Guogong. She went out without your name. "

"Miss Lin was also married by the queen." Wei Yuewu took the tea at her hand and took a sip of serenity.

"So what? You are married, she hasn't been through the door, can it be the same? Besides, I heard that her illness was also very serious before, and she could hardly be recovered, and she might go again. What? What to fight with you! "Mrs. Tai taught Weiyue dance.

The family daughter of Yandi almost died before. Everyone in central Beijing knew that this should be the reason why the Queen Tu was generous. It just gave a dying person a name, and the name was returned. It didn't come to fruition. If that lady didn't marry Yan Huaihuan when she died, it would have no effect on the subsequent marriage of the princess.

A bearded human being.

But no one could have imagined that this Miss Lin was so fatal and flees from the death of King Yan. This made Yan Huaiyun's family affairs very embarrassing, but the most embarrassing thing is now. There are actually two in the name, but the problem is that the two princesses in the palace are still waiting to marry him!

Whoever thinks of it is a mess.

"She ... after all, the relationship with Shizi is not ordinary!" Wei Yuewu laughed softly, rubbing the papa in her hand, a little overwhelmed.

"What's different? Isn't it true that Yan Shizi is not good at all to you?" The wife who looked at it in this way took a deep breath and then suppressed her anger. It was also useful to watch Wei Yue Wu Yes, but now it seems that it is really not very useful, and even this point can't figure it out.

No matter what, the status of Weiyue Wu is now the wife of Yan Guogong's government. Others, even princesses, will have to admit it, not to mention that it is only a family girl of Yan Guo who has not yet visited.

I am afraid that people in the entire capital have no interest in this family girl in Yandi.

"Shizi is okay with me!" Wei Yuewu said this reluctantly, and the smile on her face was less agile than in the past. Needless to say, she couldn't help it.

It seems that the prince of the kingdom of Yan Guo was really ordinary to Weiyuewu. Mrs. Tai was disappointed. She married Weiyuewu because of Wei Luowen. Otherwise, how could she fall in love with Weiyuewu? Wasted a county master, if you marry someone else, the house can still say a word, but now this is the son of the State of Yan Guogong.

Mrs. Tai also knows that it's useless to say anything, isn't that man able to be obedient!

Since it is normal, I would like Wei Yuewu to attend the banquet of the Luguo Government House, to strengthen the prestige of the Huayang Hou government, I am afraid that it will not be possible.

"Okay, okay, you go back first, I have nothing to do with you here!" Mrs. Tai waved her hand and simply rushed to Weiyuewu without any patience and Weiyuewu here.

"Yes, grandmother!" Wei Yuewu stood up and gave respectfully to Mrs. Tai, looking like she wanted to go, but after taking two steps, she suddenly turned around and asked, "Grandmother, is there something missing in the outer courtyard? I seemed to see that day ... "

Having said that, she hesitated and stopped.

"What do you see?" Madame Tai's heart was lifted.

"Maybe I read it wrong, and it's normal for the elder sister's second uncle's study room." Wei Yuewu shook her head and laughed, and then worshiped Mrs. Tai, and turned and lifted the curtain and went out. .

Of the things lost in Wei Luowu's study, eighty-nine out of ten are related to Wei Fengyao, but since Wei Fengyao made it, it is not easy to find clues, so she reminds them.

Here, she took a few rings to the gate of the government. The carriage of the Yanguo Government had been parked there until she came out, and the carriage drove all the way to the Yanguo Government.

Inside the room, Mrs. Tai's face changed, and it became unsightly.

Even though Wei Yuewu didn't say it very clearly, she also understood that she thought about Wei Fengyao's sneaky visit to Wei Luowu's study before, and at the time, she warned her that she could not repeat her old skills, and still What was beneficial to Houfu in Huayang was indeed a daughter who got married and poured water out.

How long has it been to help Nan'an Wangfu calculate Huayanghoufu.

Instantly Mrs. Tai decided that this matter was related to Wei Fengyao.

"Where have you checked to find out where Feng Yao has been in the past few days? Don't let anyone know!" Mrs Tai commanded Aunt Wang, and then restlessly exhorted.

When it comes to Wei Fengyao, it may involve the Nan'an Palace, which is still the emperor's brother. Thinking about this, Mrs. Tai feels uneasy.

"Yes, the slaver knows, the slaver will secretly investigate it!" Acer also heard Wei Yuewu's words, and her face was not very good-looking, knowing that this matter could not be ignored, and hurriedly went out.

Mrs. Tai's face in the room was gloomy and watery. After thinking about it, she patted her hands on the table and screamed at the outside: "Go and invite Hou Ye."

She wants to see what Nan'an Palace wants to do? Actually asked Wei Fengyao to steal her biological father's things ...

Because it was still too early, Wei Yue Wu turned the carriage around and headed for the downtown.

The weather was good, people were busy on the street, the carriage was almost blocked on the road, Wei Yue Wu simply got out of the carriage, put the carriage to the side, and walked along the street with a few ringlets.

Marrying Yan Huaiyu since he was a bit more convenient than when he was in Huayang Houfu.

Wei Yuewu didn't expect to meet Jing Wenyan here, and she was also accompanied by several Jinghuayans around her. She also wore a veil and saw a few Yahuan around Wei Yuewu. After a little recognition, she recognized Weiyue Wu, laughed and greeted.

"Why is the county master free at this time? I heard that the county master has been busy with the affairs of Huayang Houfu recently."

"As soon as I came out of the Houfu House in Huayang, it was too early to come here to check it out." Wei Yuewu also recognized Jing Wenyan with a smile.

His eyes fell behind Jing Wenyan, an ordinary clothing store. Coincidentally, there was a little shrewd head retracted.

Like this clothing store, there are quite a few in Central Beijing, which are not conspicuous.

The clothing stores in Beijing often have separate places for selling cloth, and there are also places for selling clothing separately. Compared to other shops, the store is large, and some clothes are directly hung out. There are seats inside, just like this one. The window hanging on the side is open. If you can see the street view from the window position.

But people on the street may not be able to see it.

Fang Caijing Wenyan came out of this ready-to-wear store, but I don't know if I saw it or came across it.

What's more, Xiao Xiao who just glanced at the door was really familiar ...

"Let's walk together. It happened that I haven't met the county owner for a long time. It's a rare walk together!" Jing Wenyan invited with a smile.

Wei Yuewu inconveniently refused her invitation to this princess, and nodded at the moment.

"Let's go and see the jewelry. There must be a lot of ladies from the family at the banquet in Luguo Government. They always have to wear some beautiful jewelry."

Jing Wenyan pointed at a jewelry store across the road.

"Mr Ru first look at the clothes here? Or maybe a few more clothes." Wei Yuewu smiled and shook her head, her eyes fell on the clothing store behind her.

"This home is actually not very good. If the county master likes it, I know one or two here. It's not far away, and I'll send the county master somehow."

Jing Wenyan said enthusiastically, reaching out and pointing to the front of the street. Sure enough, there was also a clothing store not far from the front. Looking at it from afar, it looked really good, but there was no mention of this company around, obviously I'm not satisfied. Besides, she just came out of this store and she really has a say.

Wei Yuewu nodded, and no longer forced to enter the clothing store nearby.

Jing Wenyan was quite satisfied with Wei Yuewu's attitude. The smile on her face became more and more sincere. People who didn't know thought that the two were really close friends.

Jing Wenyan then led the way, and a pedestrian walked to the clothing store in front.

This shop does look bigger than the only one. The windows on the side are quite open. There are a few ladies sitting on the chairs to rest and the business is good.

Because they arrived at the store, for the convenience of viewing, the two men's hoods were removed, and the girl ring behind them was held in their hands, and the two began to hang out.

Downstairs is a proper material. Two people looked at it and did not find anything they liked. They went up to the second floor. The hand guard on the second floor made Wei Yuewu unexpected. He would meet another one here. Man, a male in a big red brocade, was coming down from the top and saw Wei Yue Wu froze for a moment, but with a smile on his face.

Stepped forward to Wei Yuewu, bowed down and said, "Miss, we meet again!"

Chapter 708: Goodbye

Huayi in red clothes, brocade like a jade, and Feng Shenjun Long, even Jing Wenyan could not help but take a moment to look at the person in front of him.

"You are?" Wei Yuewu frowned, never remembering.

"Did the lady forget that when she was on the mountain road, the lady also treated a woman who was going to starve to death?" The man in red reminded with a smile.

After hearing what he said, Wei Yuewu's awakening came, and it turned out that she was the one who had seen him when the suspicious woman appeared.

There was a deep flash of light in the eyes, people who had not seen it before, now appeared one after another in succession.

"It was this boy!" Wei Yuewu smiled slightly, and blessed herself a little.

"Since I saw the lady that day, I was touched by the lady's kindness. I also looked around for the lady. I didn't want to hear about the little information of the lady. It really turned out to be a big family, so I

can only follow the training of the lady. It's rude! "The man raised a pair of narrow eyes, looked at Wei Yuewu tenderly, and smiled softly at the corners of his lips.

Everyone can see that this person has a love for Wei Yue Wu.

Jing Wenyan's gaze fell on the man, and he held the parchment around his hands, and slightly smiled at the corners of his lips. This sounded really profound, looking around for Weiyuewu?

"What's the matter with us? Our master still has something to think about!" Jin Ling took a step forward and stood in front of Weiyue Wu, politely speaking to the man in red in front of her.

"Go to the top to see the clothes? It just so happened that a new batch of clothes has arrived in this shop. If the lady really likes it, she can go up and take a look." The man in red didn't seem to see the coldness in Jin Ling's eyes. Stepping back and continuing to introduce enthusiastically, a pair of eyes were almost on Wei Yue Wu's body.

But he didn't take a closer look at Jing Wenyan on the side.

This makes Jing Wenyan inexplicably uncomfortable. She has always been the first beauty. No matter where she goes, she is the center of the crowd. Wherever she is so directly ignored in the past.

Wei Yuewu frowned, and didn't like the burning look of the people in front of her, but she wasn't so bad, she just looked at herself, but said nothing, only nodded indifferently, Follow Jin Ling upstairs.

"This boy, don't you go up and take a look together?" Jing Wenyan stopped by the man and asked softly when he came over.

Hearing the sounds around him, the man turned his eyes away from Wei Yuewu, glanced at Jing Wenyan a little, and smiled, "Naturally, I'm going to take a look."

After speaking, I didn't know Jing Wenyan's good intentions, and gave him the steps, but he ignored Jing Wenyan and took a few steps to catch up with Wei Yue Wu on the second floor.

"This lady hasn't consulted the surname, which house is it in?"

Shu Fei, who was standing behind Weiyuewu, walked a bit slower, and she happened to block the face of the boy in red: "This boy, we have different identities, how can we tell others at will, and ask the boy Self-esteem! "

"Yes, yes, how can I be Miss Tang Tu, but I think the lady's kindness and kindness must have a good report." The boy in red smiled, stopped at his feet, and no longer followed Wei Yue Wu step by step, immediately Be polite.

Junmou smiled, what Wei Yuewu said and what she looked like.

Jing Wenyan walked past him and gave him a deep look, but this time he did not speak, and slowly went upstairs. A large group of people went upstairs and immediately caught their attention.

The original handsome man in red was very conspicuous. When he was upstairs, many young ladies secretly looked at him, and he would see that he followed two such a large group of women, one by one. Look away.

Jing Wenyan and Wei Yuewu in the crowd were very eye-catching.

As the first beauty, Jing Wenyan went to the center of everyone's attention. The delicate face was soft and tender, and she was very charming in the blink of an eye. Anyone who saw it could not help looking at her, and felt the eyes of everyone. Jing Wenyan gave a generous look around and smiled slightly.

She is no stranger to such eyes.

Whether she was in Jingdi or Yandi in the past, she enjoyed the feeling of stars and moon.

But as she also felt that everyone's eyes turned to the side of Wei Yue Wu, her eyes were gloomy a little bit, and no woman had ever been able to take away her scenery where she appeared. Is an.

Wei Yuewu's face is extremely exquisite. This level of exquisiteness has surpassed Jing Wenyan, even though she hasn't fully opened yet, she has lost the charming and charming style of Jing Wenyan. But it was a little more pure, and a pair of beautiful eyes fell on people, and they had a feeling of purity and tranquility.

But it is no worse than Jing Wenyan.

Even though she was a bit childish, she was not inferior to Jing Wenyan.

It would be unobtrusive for such a beautiful pair of women to appear upstairs.

Everyone speculated where the two ladies were from.

"Bring the new clothes over and let the two ladies choose." The boy in red was the last one to go upstairs, and he called to the man on the side as soon as he went upstairs.

"But ... some haven't been priced yet!" Said the man in embarrassment.

"Come here first!" The boy in red glared.

"Yes, yes, yes!" Buddy's busy response retreated.

"This boy, is it the owner of this shop?" Jing Wenyan reached out and touched a hanging skirt, and asked softly.

"Exactly, it is indeed a shop in my house. It is a great honor for the two young ladies to come here to have a look. It just so happens that a new batch of clothes has arrived in the store, which is slightly different from the clothes here. The two young ladies can take a look, Or if you like it, you can just pick a few. "

The boy with a smile on his face said with increasing diligence, and he stretched out his hand to lead them to the window position: "It happens that the position over there is empty. Sit down for a while, and let the guys bring the new clothes. The two ladies have a rest, just right to choose. "

There are actually several places on the second floor, but these places will not be available. The red boy leads them there. It looks like a private room. It can be seen that there are no waiters. The door was locked slightly, but a clever buddy would come and open the door.

Wei Yuewu was hesitant at the feet and didn't go in immediately, Liu Mei frowned slightly,

"Shijun, let's go in and take a look. Anyway, we just look at the clothes. Besides, the two of us are together." Jing Wenyan took two steps forward and happened to be side by side with Wei Yuewu, lowering his voice.

After speaking, I took Wei Yuewu's hand and walked into the room together.

The room was very clean, there was a pot of flowers on the table, chairs on both sides, and the windows were bright and clear. It was indeed a good place to rest.

After Jing Wenyan pulled Wei Yue Wu into the door, the two sat on one side. Jing Wen Yan sat on a chair by the table, Wei Yue Wu sat on her side, and the other man in red also sat down.

Man is busy sending tea.

"This son is not the capital of Jingcheng?" Jing Wenyan took a sip of tea and smiled at the boy in red. She was also curious when there was such a person in Beijing.

Although she is the young lady of Jingdi, since she entered Beijing, everyone knows the reputation of the first beauty. Even if she has never seen her, she also knows her reputation.

Just as Fang Caiji faintly heard someone talking about Miss Jing Jing, apparently someone guessed it was her.

However, this one focused his attention on Weiyuewu. It was obvious that he didn't know who he was. He had been in Beijing for a while. At first Jing Wenyan was a deep-seated person. No foreigners were seen, but now almost all the banquet Participants.

And because she is now the future princess, she can be regarded as the character of the capital. Everyone knows that she will soon become the princess, and she is the first beauty, but the person in front of her did not expect it.

"I'm not from the capital. I happened to be here. I didn't expect to meet this young lady when I arrived in Beijing. I saw this young lady kindly save the girl who was going to starve to death."

The handsome eyes of the red boy's eyes were a little fox-like, and the corners of his eyes were slightly raised, which made him look charming.

Wei Yuewu suddenly noticed that the eyes of Red Man's eyes were a little deeper than ordinary men, the nose seemed to be a little taller, and the skin tone was darker than that of the men in Beijing. Jing Wenyan stood up, Jing Wenyan was willing to talk to him, he just had to observe quietly.

The woman named Chunmei who followed her back to the house before is now very safe, and safe is like an ordinary girl ring.

But Feng's little girl ring who lives with her is also very secure.

An Fen seemed as if he had never moved hands on the gemstone flower of Weiyue Dance.

Sitting together with two such ringlets, I really look forward to it.

A woman who appeared in front of herself for no reason, a young man in red who appeared suddenly, too many coincidences to guard Yue Yue and didn't believe it.

Just as Jing Wenyan seemed to have a picture, she just had to wait and see.

"The lord of the county rescued a woman?" She just wanted to watch the rest, but Jing Wenyan didn't plan to let her go, smiled slightly, and turned her head to ask.

"Coincidence and self!" Wei Yuewu didn't want to talk more, said with a slight smile.

"How is it just a coincidence? There may not be a lady who has such a good heart and is willing to help an unfamiliar woman. This lady is so kind!" The young boy in red also turned to Wei Yue Wu, with an earnest expression .

Wei Yue Wu didn't speak this time, only owed a little, and it was a response to the man.

Seeing Wei Yuewu's unwillingness to say anything, Jing Wenyan knew that she could basically ask nothing from her mouth and simply turned to the young boy in red: "What the **** is it, let the boy miss it. What kind thing did the Lord do again? "

"The lord of the county? It wasn't the lady, but the lord of the county!" After listening to Jing Wenyan's words, the young son was overjoyed, looked at Wei Yuewu with surprise, and was excited.

Wei Yuewu's face sank slowly, a delicate little face appeared a little cold and cold, and stood up shyly ...

Chapter 709: He is not from the middle of Beijing, he is from Nanxia

"Miss Jing, I still have a problem, so I'm going one step ahead!" Wei Yuewu said coldly.

"How can I just sit down and leave? Didn't I just say there was nothing urgent?" Jing Wenyan keenly noticed that Wei Yuewu was wrong, and hurriedly stood up and smiled.

"Suddenly remembering something, I'm sorry, I will not accompany Miss Jing." Wei Yuewu said coldly.

Jing Wenyan seemed to reveal her identity inadvertently, but with Jing Wenyan's heart, Wei Yuewu certainly did not believe she was really unintentional.

Even so, she didn't bother to deal with Jing Wenyan, let alone another person unknown.

It's the best way to pull back.

"But ..." Jing Wenyan could not think of the Weiyue Prom so decisively and wanted to speak, but when she saw Weiyue Wu had a sideways blessing, and then took her own person, Shi Shiran left. Jing Wenyan face.

"Miss Jing? Is it your future Crown Prince ... Xiaomin is really rude, but the county owner is also more temperamental. How can he be rude to Miss Jing!" The young man in red also seemed to What happened in the conversation between the two people, he uttered two emotions and said with emotion.

This slightly changed Jing Wenyan's face.

Now she is not the original Miss Jing, but the future prince. In such a name, there are people who dare to be rude to herself, which really makes her angry.

The coldness in his eyes flashed.

When she was Miss Jing Jing, she might be able to bear it, but she is now the future princess, and will be the mother of the world, and will not allow any woman to climb on her.

Wei Yuewu, a small county master, dared to bump against herself, not relying on Yan Huaiyu 's potential, nor did she know where she was better than herself, and actually got Yan Huaiyu 's green eyes. Whenever she thought about it, she I hate it.

To anyone, she can calm down, only Wei Yue Wu can't ...

Taking a deep breath, slowly pressing down the anger that was rising from my heart, a smile appeared on his face, and he sat down again, looking at the young boy in red, smiling, "The county master has this temper, Say the wind is the wind, and the rain is the rain. If you are good, you can help the begging on the roadside. If you are unhappy, you can directly stick to your own ring. "

Jing Wenyan said shook his head helplessly: "I have been spoiled since I was a child, and my temper is naturally strong."

"This county's temper is so capricious!"

The boy in red was obviously frightened, his eyes widened and he took a few breaths, apparently shocked by Jing Wenyan's words.

"Yeah, tell me what good the county owner did. Actually, the people of the county owner are still good, but sometimes they can't control their temper, and they will regret it later, but if they die, there is nothing to regret. used!"

Jing Wenyan sighed softly.

"Also ... does this happen often?" The young man in red was even more horrified, his lips pursed twice, and Jing Wenyan's gaze was a little straight.

愣 Whoever finds the fairy in his mind is actually very vicious and can't stand it for a while.

"In fact, it is not often, but there are occasional times." Jing Wenyan continued, his tone became more sincere.

"Also ... several times." The young boy in red took a sip of air-conditioning and was completely shocked.

"Well, don't talk about it, it must be said that the county owner is good. She rescued a girl this time?" Seeing that the young son of Honggong was shocked by himself, Jing Wenyan felt that the heat was almost there, and asked with a smile. Road.

"Yes, a girl starving to death, Miss Jing, who is the county's owner ..."

"A girl about to starve to death? Where is this girl now?" Jing Wenyan did not want to know Wei Yuwu's true identity, so she interrupted the other party's questioning and continued to ask.

"This girl followed the sheriff, this sheriff ..."

"Actually followed? Wouldn't it be a personal ring? I would change one or two from time to time." Jing Wenyan said with a twist of her eyes, a little worried.

The boy in red stood up, "Maybe ... what about Miss Jing?"

"What to do? There is no other way, the status of the county owner is noble, what else can you do? Otherwise, this time the county owner didn't plan to take human life, it was really just helping others." Jing Wenyan said helplessly.

"This ... how does this work! She ... she has killed several skinny girls!" The young boy in red was anxious, and after two laps in situ, he stood still. Beside Jing Wenyan; "Miss Jing, can you please take me to see the county master, I must ask the county master to let that girl out, no matter how much money I give, I will save my life and win the seventh grade Buddha."

"No!" Jing Wenyan shook her head.

"The county's mansion is not where you can go!"

"But ... but that's a life!" The young boy was dumbfounded.

"However, if you stop her on the road ... or you can do it." Jing Wenyan hesitated.

"How to stop?" I heard that there was still hope, and the red-eyed boy's eyes lit up, staring at Jing Wenyan's eagerness.

"She will leave the house these days. You stopped her outside the house, but her carriage was not so good. The carriage was guarded by a guard. You rushed up without knowing someone, maybe He will still suffer a few whip. "Jing Wenyan frowned, and looked at the young man in red with some worries and thought.

This hesitant attitude, although it seems to care about others, is quite a bit dismissive.

Being so looked down on by a young and beautiful lady of the family, the boy's face flushed, and his face was ashamed and angry.

"Jingda is not assured. I am not afraid of being beaten. As long as I can save people, what are these whip afraid?"

"Okay, because you're a real person, I'll give you some pointers. You only say that you are the oldest friend of the county owner, who came to the county owner specifically and found so many places that it was difficult to find it. Stop, or you can still see the shepherd directly, otherwise you may not see the shepherd even after eating a few whip. "

Jing Wenyan smiled.

Wei Yue Wu will go to Houfu House every day, and the distance and time can almost be set.

It wasn't difficult to get someone to stop. A young and handsome man suddenly ran out, saying that he had a relationship with Weiyue Wu, and finally found her, and even rushed to the convoy of the Yanguo government.

It makes people feel wrong.

What friendship does a foreigner have with a deep lady?

There was a glimmer of pride in Jing Wenyan's eyes. A man who is new to the city is unfamiliar with Beijing, but it is the best layout. The most important thing is that it has nothing to do with himself. He is just trying to save one. The girl's life is her own kindness.

Even if you find yourself, you still have something to say.

After listening to Jing Wenyan's suggestion, the boy in red was very interested yesterday and asked the route and hour of Wei Yue Dance carefully.

Jing Wenyan informed one by one.

Guys also brought some clothes here, but they are still fine products. Jing Wenyan didn't believe what good clothes can be brought out in an ordinary ready-to-wear shop, but after seeing it clearly, she was immediately overjoyed.

After picking a few sets of clothes and preparing to pay, why the boy in red refused to accept Jing Wenyan's money, and kindly said that there were new clothes to come over a few days, let Jing Wenyan come to pick, just by the way Some family members in Beijing can make the store's reputation bigger.

As for these clothes, they should be given as a gift for Jing Wenyan.

It can be a good publicity for his store to be liked by the world's first beauty.

After listening to him being so polite, Jing Wenyan didn't quit anymore. Besides, he was faintly proud of himself. He has the first beauty in the world and he is afraid of any woman.

The young princess in red was very polite and brought Jing Wenyan to the door all the way. Even when Jing Wenyan got on the carriage of the Jinguo Mansion which was going to the door, he was still standing at the door, smiling at Jing Wenyan who lifted the curtains, and smiled. brilliant.

That look really looked like a friend I hadn't seen in years.

If it wasn't for Wei Yuewu's clear understanding that the two were really meeting for the first time today, I am afraid they would be friends for many years.

She came out of the ready-to-wear shop, but didn't actually leave. Instead, she went to the tea house across the street and asked for a private room sitting in front of the window. It happened that she could see the clothes-shop on the opposite side. When Yan sent it out, a sneer evoked from the corners of the lips. The two men were deliberately conspiring, and they colluded so quickly.

"Counter, what is this person for?" Jin Ling stood next to Wei Yuewu, noting downstairs, her focus was on the boy in red.

There are a few enchanting young boys in Junmei, and she always feels that they look a little different, but what is the specific difference, she can't tell for a moment.

"He's not a Central Plains!" Through the curtains, Wei Yuewu's eyes fell on the red boy in front of the shop.

Jing Wenyan's carriage had already left, but the demon who still laughed just now caused the woman passing by to exclaim in a low voice.

"Yes, he isn't!" Jin Ling was reminded by Wei Yuewu, her eyes brightened, and she immediately knew where she felt something was wrong.

This is obviously a person with a bit of exoticism: "The county master, slaves remembered, this ... seems to be a person of the Nanxia Kingdom, and the slave has seen a person from the Nanxia Kingdom before, and it is not clear to him It feels a bit like that, but because of the many years, slaves can't remember it for a while. "

Jin Lingyu reports.

"Nanxia?" Wei Yuewu frowned, muttering to herself, feeling that the name was familiar, and her eyes still fell on the face of the man in red. Seeing him didn't seem to be noticed by the women. In general, even some wonderful young girls blinked their right eyes, and the girls exclaimed shyly for a while.

Seeing his look more and more eager, he actually surrounded the shop door and refused to leave.

"The rules of the people of Nanxia are different from those of Jingzhong!" This statement was not a question, but a statement, even though Wei Yuewu didn't know where the so-called Nanxia was, but he knew by looking at his behavior.

"Lord, look, what is he doing?" The painting at the side suddenly exclaimed.

Chapter 710: Customization, strength of Xianzhuang

Jing Wenyan's carriage will slowly disappear into the crowd.

The man still had a smile on his face, turning his back as if to go in, a man with a small appearance suddenly came out from one side, and whispered quickly in his ear.

The smile on the man's face disappeared immediately, and his face became cold and cold.

When he laughed, he was scorching like a demon, but this would not smile, and immediately made people feel majestic, even the young girls who watched at the door also noticed that this one would look at him one by one and look unscrupulous. It's a little different.

It's a long way from here, and I can't hear what he said, but his expression shows that he would not be the kind and hospitable shop owner just now.

After listening to his words, the dude glanced outside and seemed to be looking for something, and then chased in the direction that Jing Wenyan's carriage disappeared.

Wei Yuewu's eyes stared back. "Check who the owner is?"

If it is just an ordinary person, after knowing Jing Wenyan's identity, it is impossible to stare at Jing Wenyan, how to say that Jing Wenyan's identity is extremely unusual, and how can ordinary people trace it.

And just before the words, Jing Wenyan's identity has been revealed.

With Jing Wenyan's appearance, even if she had no idea at first, she mentioned the name of Miss Jing Jing, and I believe that even people who have arrived in Beijing must know it.

The first beauty, becoming the Princess of the East Palace, is shocking news.

But even so, this person still has the courage to chase Jing Wenyan, unless he is a fool, but it is obvious that this person is definitely not.

Weiyuewu is actually nothing. Next, I just walked a few shops casually. As for the clothes to go to the party in Luguo, Weiyuewu was not worried, and Yan Huaiyi would naturally prepare for her, and She still appeared as Miss Lin, of course, this dress can not be similar to herself.

As for how to wear it, let Yan Huaiyu worry about it.

"Master, what does Wei Cheng, the supervisor next to Hou Ye, come to Xianzhuang at this time?" Several people were hanging around, and Shu Fei suddenly found a person who was coming out of Xianzhuang, and asked for a moment.

"No, these days, the busy figures of Wei Da's management can't be seen. Today, the master wanted to ask his husband's personal affairs, but he didn't come. Later, he greeted him and said he would meet from time to time. Go outside without looking for him, but isn't he here? "

Said at the end of the painting.

The reason she knew so clearly was that when Wei Luowu came over to say hello, the people sent directly to the end of the painting.

Wei Yuewu's eyes fell far on Wei Cheng.

This is the big steward next to his father, but he is not the big steward of Huayang Houfu, because he deals with a response around his father, etc., but not a lot of intervention in the affairs of Huayang Houfu, or it is almost impossible. Get involved.

This is a man of fifty or sixty years. He is thin and looks quite savvy. When he sees a person, he laughs without saying a word. If he looks at him, he is indeed a kind person.

When Wei Luowen had a border customs in the past, he followed them, and when he returned to the house, he followed again. According to a few girls who returned from the border, this big steward was not the big housekeeper of Huayang Hou House.

It goes without saying that such a person must be the father's henchmen, but at the moment, this person is talking to the fat boss in Xianzhuang, and they are very happy.

These two people are standing in an inconspicuous place under the shop sign of Xianzhuang. The two seem to be familiar. From time to time, Wei Cheng also reaches out and pats the shoulders of the fat shopkeeper, smiling.

One fat, one thin, but looks very natural, such an intimate and intimate action, it seems that people who have not met recently.

The fat treasurer and the people around his father are familiar?

This idea flashed in Weiyuewu's mind, and there seemed to be something flashing along, but he couldn't catch it for a while, and Liu Mei wrinkled softly.

"Master, did Hou Ye ask Dawei Wei to pick up the jewellery? Although the gift-giving was done by Mrs. Tai, if Hou Ye's own intentions, you can add something." Jin Ling's eyes fell on Wei On the two young tadpoles after being formed, the two tadpoles are actually a little far apart.

If they were n't familiar with it, I really did n't know that it was Wei Cheng 's little sister,

It's really that these two little sisters are too far away. People who don't know can't think of these two groups. They are actually one group.

There is a small and large mahogany box in Xiaoyan's hand, and the workmanship is very delicate. Let's look at it from the jewelry store. Needless to say, this must be bought. Of course, a large man of Wei Luowen cannot possibly do it, presumably. There is only the new lady fast-forwarding the door.

But is my father like that?

Originally, this father-in-law's promise was relatively reluctant. This time, I have seen this Miss Tu Jiu face to face, so how could she not be so affectionate.

There was a moment of silence in Wei Yuewu's heart, and I always felt that there was something in it that I didn't know.

The two talked for a while, and Wei Cheng held his fists and left, and the two little sisters quickly followed.

Seeing Wei Yuewu always looking at Wei Cheng, she reminded her at the end of the painting: "Master, Wei Dahou is in charge!"

"Go, check it out!" Wei Yuewu nodded, thinking for a moment, then walked slowly to Xianzhuang.

They were standing at the corner of the street before. They were not far from Xianzhuang. It was just at the corner that the people at the entrance of Xianzhuang could not find them easily.

After turning the corner, I walked to the entrance of Xianzhuang. The fat shopkeeper of Xianzhuang who has not yet returned, glanced at Wei Yuewu's face inadvertently, and a glimmer of light flashed in his eyes, but a chubby But there was nothing on his face, and he was still smiling and kind, polite, his eyes slowly swept over Weiyue Wu, and he naturally stepped aside and gave way to Weiyue Wu.

Wei Yuewu also smiled at him, and the two passed by.

Just like the most common pair of shop owners and guests.

No one pays special attention to anyone.

But because it was so common, Wei Yuewu believed that the fat shopkeeper was problematic. When he saw himself, a glimmer of light flashed in his eyes, clearly with a little surprise.

That means he recognized himself.

Based on his close relationship with Huayang Houfu, it doesn't seem to be a special thing to recognize himself, but even if he recognizes himself, he pretends he doesn't know it, which makes people feel quite surprised.

No matter who the fat shopkeeper is, at least he has a close relationship with Huayang Houfu.

Such a relationship recognizes itself, but only if it does not know ...

Entering the store, there are a variety of jewelry under the cabinet, you can see that each piece is a boutique, customers who come and go here, are not rich and expensive, basically it is impossible to see ordinary people.

Even if Wei Yuewu brought in a few rings with her, she didn't attract anyone's attention.

All the folks in the shop perform their duties, and they are polite to serve the guests who come to the shop.

The fat shopkeeper entered behind the door behind Wei Yuewu, nodded and called a man, pointed at Wei Yuewu in front of him, and said, "Serve this lady well."

This is the first time that my buddy has seen a shopkeeper who cares about a woman so much. He looked at Wei Yue Wu in surprise, and asked in a low voice, "Dong Jia, which lady in this house is this?"

"If you want to serve, serve, where is that nonsense." The fat shopkeeper's face sank.

"Yes ... yes, yes!" Seeing his shopkeeper didn't even smile, the man didn't dare to say more, nodded his head.

But after taking a few steps, he turned his head hesitantly again, "Owner, what if this lady fancy the jewelry?"

The jewelry that has just arrived is the most gorgeous thing in the entire store, but the appearance of the group of Weiyuewu doesn't seem to be affordable, but it has been taken care of by the store's east. Jewellery has other uses, but it is temporarily displayed on the cabinet.

"If this lady wants to ..." The fat shopkeeper groaned a little, then said decisively, "If she wants to buy it, sell it to her!"

"What, owner, won't it!" The buddy's eyes straightened.

The set of jewellery was said to have been reused by other shopkeepers. A few ladies had liked it before, and even Miss Jingda, but that was the future prince, but the owner just said that it was ordered early Nor was it sold.

But the lady in front of her had no idea yet, and the Dongjia had already slackened here. How could the man not be surprised.

"Don't ask so much, how long your eyes are, talk less, and serve this young lady!" The fat shopkeeper's face fell cold, and he took a cold look at the man, back of his hand, and strode in.

Seeing that his shopkeeper was really angry, the man was smart, nodded in a hurry, and dared not say more.

The fat shopkeeper went far, and the man wiped his forehead. His shopkeeper looked kind. This stare was really scary.

Allow the owner of the house to concede to have a master, it must not be the master who provoked, looked at Wei Yue Wu's direction, and the man chased.

Wei Yue Wu didn't intend to sell anything, only to see the fat shopkeeper of Xianzhuang, he came in deliberately.

This will be a stroll around, and I don't think there is anything to sell, so I want to turn around and leave.

Counting time, Yan Huaiyu should be in the house at this time! I have something to discuss with him.

"Miss, what do you like in the shop? The shop has all the accessories, all kinds, and complete sets, or you can customize it for you, choose the pattern you like, or the style you like. , And the accessories you want. "This happened to be your man, and seeing that Wei Yue Wu was not interested, hurriedly greeted him.

"Can it be customized?"

Wei Yuewu raised her eyebrows and stopped. She has also been in Beijing for a while. I haven't heard of any custom-made jewelry, and I was curious for a while.

Of course, she was more curious about the strength of this store ...
