

Young Lady 71

Chapter 71: Accidentally, Mo Huating's refusal

"Wei Yue Wu, what's the matter with you?" Since mentioning Wei Yue Wu, of course, Queen Tu had to ask Wei Yue Wu, at this time, looked at Wei Yue Wu up and down, and asked softly.

"The prince was injured before. The three princesses returned with the maid, first at the door on the left, but the prince thought that the room was a little bit colder, so she picked the room on the right and went in. Then the maid gave the clothes. Come here, and after changing clothes, the courtiers have been resting in the house. "

Wei Yue Wu also nodded her head to Tu, raised her little face to win the weak, and said slowly.

Everyone can see that she has no energy, even if she is kneeling there, she is braced, and her injuries at that time will be known to everyone.

"Wei Yan, how did you get into that room?" Queen Tu nodded and asked Xiang Wei again.

"When the court girl heard that Liu Mei was hurt, she hurried to the house. Seeing that there was a blood stain on the sleeve of Liu Mei, thinking that Liu Mei was there, she pushed in the door. No one thought there was anyone inside. Someone fainted the maid, only ... the queen maid, the maid did not know what happened next. "

After Wei Yan finished speaking, she cried again. With these words, she had to say that she had to prove that someone had intentionally framed her.

There was a commotion under the steps.

At this time, it wasn't just the ladies of the family, many of them were the husbands who fought over the gate of the mansion. Upon hearing Wei Yan's words, it was clear that this incident was directed at the Miss Wei Liu. Xuanzi Xuanhu, if the Miss Wei Liu did not exit the room at that time, it must be her.

Looking at such a thin and weak girl who almost fell when the wind blew, she was shocked and scared at this time, but she was holding on. It was really pitiful.

Thinking about Huayang Houfu, for so many years, I didn't even send a person to pick it up. I feel Hualianghoufu's coolness even more.

In this incident, what seemed to be the most innocent was Miss Wei Er, who was crying, but Miss Wei Liu, who had been holding but did not cry, but was a little trembling. People feel distressed.

"The queen maiden, please ask the queen maiden to take charge of the maiden, otherwise the maiden will really only have a dead end." Wei Yan was crying again on the ground, and gave her two heads to Tu.

If she can't marry Mo Huating in this situation now, it is indeed a dead end.

"Jing Yuanhou, look ..." Queen Tu groaned for a while. Wei Yan's father was also a minister, so he had to be a little bit cautious, so he asked Mo Huating directly.

"I just want to marry Miss Wei Liu." Mo Huating's words were loud, but she just made Wei Yuewu sneer silently.

What this said is really affectionate. If you did not escape from the death, you really can't see Mo Huating. Such a profound aspect, unfortunately, these so-called affectionate things are just for others to watch.

"The queen maiden and daughter-in-law ... willing to explain the marriage contract and complete the second elder sister." Wei Yuewu also scratched her head and gave a tearful glance at Wei Yan, but the tears in the corner of her eyes did not really fall, it looked better than crying Wei Yan's tears were full of bitterness.

Since it's acting, everyone will!

Mo Huating made a deep and affectionate look, Wei Yan was desperate, and of course she was paired with them, sacrificing herself ...

"The queen and maiden's marriage contract is not important. The important thing is the life of the second sister. If the second sister's life is lost because of the marriage contract of the maid, the court girl can't keep the marriage contract anyway. Maybe this marriage contract can be important. , Let the courtesan abandon the flesh and blood affection? Also asked the queen's maiden to allow the courtesan and Jingyuan Hou to retreat and let the second sister marry Jingyuan Hou. "

"Miss Wei Liu, how can you do this ..." Mo Huating put his hand on his knee, shook it hard, turned his head sternly, facing the misty water eyes of Shang Wei Yue Wu, A moment of glance, a glimmer of darkness flashed in his eyes, his eyes quickly swept across Wei Yuewu's face.

This is the first time he has faced Wei Yuewu's face. That delicate face, with long black eyelashes and slender eyes, with a bit of sourness and confusion, any lady, encountered all kinds of situations. It seems that this is the situation under her eyes, but Mo Huating just knows that these are all illusions!

How delicate is the fragile girl in front of him, but he is very clear!

Encountering Mo Huating's gaze, a flash of coldness flashed in Wei Yuewu's eyes. In this situation, she did not believe that Mo Huating could still escape. Isn't he and Wei Yan in love with each other, she fulfilled them So that they can stay together and truly love each other ...

The coldness in his eyes was silently covered behind his long eyelashes, and he lowered his head and said to Mo Huating: "Jing Yuanhou, please ... please give the second sister a life."

"I ..." Mo Huating was speechless for a moment, but was anxious and dry.

"Second sister, tell Jingyuanhou yourself, if he doesn't agree, I ... I didn't ..." Wei Yuewu turned to Wei Yan, and on the line of defense where Wei Yan almost collapsed, a heavy blow, if Mo Huating said in front of so many people that he didn't agree to marry her. Then Wei Yan and Mo Huating were really impossible.

Wei Yanhuan turned around and looked at Mo Huating with tears, her eyes sorrowful and miserable: "Are you really not allowed to marry me? Have you forgotten between us ..."

Wei Yan was also cut out at this time. Even if the two people's private relationship was exposed, it is better than this situation. In any case, she must let Mo Huating marry her today.

In the past, she might have taken into account Mo Huating's thoughts, and thought with him wholeheartedly, **** and mutilate Wei Yue Wu, and then take her own order. But the situation is different now. The interests of the two people are actually on the opposite side, and this is a critical moment of life and death.

I heard the ambiguous words in Wei Yan's words, even though it was in the palace of the queen, there were a few people who couldn't help but listen to each other. Does Wei Yan's meaning in it mean that there is a private relationship with Mo Huating? ?

What does Mo Huating's previous emotions mean?

Even the queen Tu with a dignified face fell on Mo Huating.

Mo Huating couldn't think of Wei Yan at this time, indicating that the two had a personal relationship, and could not help whispering a stupid thing in his heart, which was going to hurt himself.

"Miss Er, I just want to marry Miss Wei Liu." In this situation, Mo Huating can only say so now, narrow eyes glanced at Wei Yue Wu, but she saw Wei Yue Wu though Pale and weak, but with a calm complexion, the bottom of the eyes was a little darker.

"You ... the ones you gave me ..." Wei Yan smiled horribly, and at this time she was desperate. Mo Huating and her already had correspondences. Of course, those correspondences, of course, she was well preserved.

Upon hearing what Wei Yan was about to say, Mo Huating suddenly remembered that the letter he had personally sent to Wei Yan did not scream well. He was a man of good judgment. At this time, I knew that Wei Yan would be desperate, and immediately She interrupted her: "The queen mother, in this

case, is willing to obey the queen mother's order, but she is ashamed of her first mother and Mrs. Huayanghou."

This marriage was set by the mother of Wei Yuewu, Mrs. Hua Yanghou, and then Mrs. Jing Yuanhou, who said that the breach of the marriage contract was indeed filial to the two ladies, not to mention that in this case, everyone It can be seen that Wei Yan's fame has been lost, and his reputation is notorious. Whoever marries will not be reconciled, and there are many people who are confused with Wei Yan.

Although the previous rumors are not credible, what everyone is witnessing now is true!

Even as Wei Yan said, everyone understands that someone originally wanted to calculate this Miss Wei Liu, but it finally fell on this Miss Wei Er, but think about who else in this place will be married to this Miss Liu Liu It seems that there is only this lady Wei Er who hates her.

Or can we say that this lady Wei Er has suffered by herself.

The active-minded ladies and ladies, after being so identified, became increasingly disdainful of Wei Yan, and now seeing Jing Yuanhou being so wronged, they have to recognize the marriage, and even be filial to their biological mother, and to Wei Yan Despicable, has reached the extreme.

If it weren't for the queen maiden sitting on it, everyone would have been upset already.

Hearing Mo Huating's sigh of relief, Wei Yan was relieved, sitting on the ground kneeling, and moved to look at Mo Huating, only to feel that Mo Huating really felt righteous to herself, under such great pressure, she agreed to marry .

Wei Yue Wu keeps her head down, as if everything around her has nothing to do with her. Only a glimmer of dim light flashed in her eyes. The Jingyuan Hou became more and more unexpected than her. Those words were suppressed, and everyone felt his grievances, and had to feel sorry for them.

This round he laid down in the end fell completely to Wei Yan and assumed all the consequences.

Even if this marriage was settled, for Wei Yan, she had already reached a dead end. No matter how Mo Huating treated her in the future, others would only think that Mo Huating was right.

Originally, Wei Yuewu thought that Mo Huating had at least a little bit of meaning to Wei Yan, but from the confrontation just before, Wei Yuewu only saw Mo Huating's unfathomable, and his love for the door with himself. The thirst for marriage, is it really just a simple marriage?

His father is Huayang Hou, even though he is trusted by the emperor and guards the border, but Wei Yan's father is not bad. The Ministry of Rites is still close to the emperor. It can be said that he has more advantage than his father. Be sure to keep the marriage to yourself.

Even if he doesn't want to marry himself, but wants his own life, he also shows his filial piety and affection ...

Wei Yuewu secretly warned, fortunately, she was relieved a little, no matter what Jing Yuanhou wanted to plot, or what she wanted to plot on herself, her marriage with her now is complete. Broke, with Wei Yan's affairs today, this marriage will be impossible in the future.

However, this marriage really retired people feel a bit more mysterious, it is really intriguing to look at the meaning inside ...

Meimu raised her eyes to Mo Huating, facing the angry and cold eyes of Shang Mo Huating ...

Chapter 72: Interrogation, who asks who

Wei Yuewu smiled slightly, turned her head casually, and the next thing was Mo Huating and Wei Yan!

Never divorced, either the woman was held hostage or the man, and their marriage was withdrawn, and the hostage was actually the third person, Wei Yan.

Now that Mo Huating is willing to recognize the marriage, Wei Yuewu also said with great generosity that to save Wei Yan's life, even if he gave up the favored marriage in this capital, it was a pity. Therefore, this marriage was truly dismissed. Queen Tu also called the third wife Zhang Shi and asked her to reply to Mrs. Tai soon.

The marriage between Wei Yuewu and Mo Huating was solved, and the family relationship was ordered to Wei Yan, and the two exchanged wedding stickers again.

This is also a strange divorce event. Both the men and the women in the incident made people feel sympathy, and Wei Yan, who was the most spurned, whether it was from misbehaving and stealing her sister-in-law, or trying to slap herself The salvation benefactor had to marry himself to talk about.

Wei Yan can be regarded as shameless, and looked down on by all ladies and young ladies.

Such a thing happened, of course, Wei Yan could no longer attend the banquet. As for her and the burnt Taiyi, it was not clear what happened. The prince was burnt to death in the room alive. In the end, what was between him and Wei Yan was really deceived.

Why is there a sudden fire in the living room ...

Everyone feels that they have no intention to investigate!

Either Wei Yan 's girl ring, or Wei Yan, or even the person who wanted to harm Miss Wei Liu. In short, only the second girl and her girl ring survived. Of course, the girl ring was Hear the Lord, and everyone does not believe in the character of Miss Wei Er. As for what she said, everyone felt skeptical.

Although Wei Yan could no longer attend the banquet, she had to change her clothes again at this time. The queen asked her to take her aside. Shui Yue, who had been in great trouble, had been waiting there, and her clothes had been changed. It is a set of maid's clothes. She must have a girl ring. It is impossible to bring another set of clothes.

"Miss." Shuiyue shouted timidly when Wei Yan came over.

There were still people outside, and Wei Yan didn't say anything, she turned around and motioned for Shuiyue to come in.

After arriving in the room, Shuiyue Gate closed, Wei Yan raised her hand, and according to Shuiyue's face, it was a fierce slap, and Shuiyue fell directly to the side.

"Baby girl, let me enter the house without even seeing it clearly." Wei Yan gritted her teeth and lowered her voice. This must be the place of the queen's maiden, and she was not brave enough to dare to predominate in such a place.

"Miss, slaver don't know, slaver obviously thinks Miss Liu is in that room, but ... but why isn't she ..."
Shuiyue covered her face and fell to the ground, tearfully aggrieved.

Shuiyue really did n't know why this happened. She was in the room that followed Wei Yan, and when she went in, she found that her lady had fallen down, and she reached out to pick it up. When I woke up, there was a fire in front of me.

Fortunately, the window next to her was burned out, and a big hole was exposed, and she scrambled out by herself.

"Wei Yue Wu must be this little bitch." Wei Yan patted her hands on the table, her face sullen.

Just as someone else attributed the matter to Wei Yan, Wei Yan is still not sure what is going on, but this does not prevent her from pushing the matter onto Wei Yue Wu.

As long as the thought of Weiyuewu is nothing but nothing but her ugliness, her beautiful face is full of hate.

In any case, she won't let go of the Yueyue dance, only in front of the queen's maiden, she has no time to criticize the Weiyue dance, this will settle her heart, anxious to tear the Weiyue dance to pieces.

"Slave ... I thought, maybe it was Miss Six. Miss came to Miss Six, but Miss Six was not in the room." At this time, Shuiyue, as long as Wei Yan didn't blame things on her, what was she saying? what.

And in that case, there was no relationship with Miss Liu, and Shuiyue did not believe it anyway.

If it weren't for Miss Liu's blood-stained sleeves, it wouldn't be possible for Miss Er and herself to enter the room directly, and the next thing would not happen.

Fortunately, Miss Er can finally marry Jingyuanhou. Otherwise, something will happen to Miss Er, and Shuiyue will go back, and there is really only one way to go.

"Slut, slut." Wei Yan slammed the table with a hate, and kicked the golden stool placed in the room again. She now knows that although she had obtained this marriage with Mo Huating, she herself The name festival has been completely destroyed, and you can no longer look up to see people in the future. This is all because of the little bitch, Wei Yue Wu, she will never spare this bitch.

"Shuiyue, you go to that little ***** right now, just say what I said, I'm in a bad situation now, ask her to come and see." Wei Yan sat down on the bed, her face was a little gloomy, her eyes were bottomed It's crazy, she can't get better, and she'll never let Wei Yuewu get better ...

Everyone was disturbed by Wei Yan. Even though the young ladies and husbands were very educated, at this time, they could not help but discuss in groups of three or five. What happened this time was profound for Wei Yan. Shameless, and sympathy for this Miss Wei Liu and Jing Yuanhou.

Originally supposed to be a pair of golden boy and girl, now they have to fly because of Wei Yan and Lao Yan.

Only in the Queen Xu's palace, it was truly regrettable that the two men showed their dedication to each other.

But today, this event must happen in the palace. There is a queen mother and wife sitting in the town, and finally gave it to her. The lady in twos and threes, the husband and wife go to the rest place, freshen up and dress up. It can't affect the banquet for a while. Compared to the national event of the State of Yan Gong Shizi's capture of prisoners.

The matter of Wei Yan is really not a big deal.

Of course, the place to rest was changed again. Although the yard over there wasn't much burned, it was necessary to rest in it, which was not appropriate.

Wei Yue Wu was stopped at a rockery by Mo Huating who suddenly jumped out.

"Miss Wei Liu, it's a good plan." Mo Huating looked at Wei Yuewu with a bit of coldness on his handsome face.

Speaking of which, the Jingyuan prince did have the capital to admire the young girls in the boudoir. He was handsome, and was still Jingyuan hou. He held a post in the Guards and was valued by the emperor. As for the Jingyuan houfu, it was clean. I haven't heard of any aunts or the like. His mother also died. Marrying it is just a matter of course.

Even the harsh level of being mother-in-law was saved.

With so many good conditions, it is no wonder that Wei Yan would plunge in and devote himself to planning for Mo Huating.

Weiyuewu pulled Jinling with a wary face back, motioned her not to move, and then converged in front of Mo Huating, deeply congratulated: "Congratulations to Jing Yuanhou, you are like a beautiful family."

Mo Huating's face froze, his eyes fell on Wei Yuewu's face, which looked childish, but calm and peaceful, and there was a trace of coldness in his eyes.

Such a thin girl had a green face on her face, but her eyes were clear and calm, as if this so-called farce had no effect on her. But Mo Huating didn't believe that she really knew nothing about it, and she was as innocent as she appeared.

She should know that it was her, and not Wei Yan, who almost got into the game. Shouldn't she be afraid?

But on her face, Mo Huating only saw a kind of pale and weak after blood loss, but there was no trace of fear. He and Weiyuewu could be regarded as a fight. Of course, Mohuating didn't believe that Weiyuewu was real Knowing nothing, the water-like eyes are really pure.

But it was just such a young girl with a sense of astringency that made him see through.

He didn't even know if she really didn't find her crisis, or just took it for granted.

This marriage, since the robberies, she has strongly opposed it, and because of the mistakes she expected of her, she has lost her opportunity everywhere, and she has a lot of things she wants to experience, but now she is facing this one. The little girl had a sense of injustice that could not help.

This is enough to make Mo Huating face the Miss Wei Liu in front of her, the Miss Wei Liu who was completely ignored by herself.

He is a strong and healthy figure in the capital. He admires many women, noble, beautiful, talented, and talented ... but like Yueyewu, it is the first Encountered once.

Such a woman is as dusty as an orchid, but joins the world like a peony.

Beauty is mysterious.

If I knew at first that I was going to marry such a woman, would I be reluctant to start ...

This idea flashed in Mo Huating's mind, but was snapped away instantly, watching Wei Yuewu with a cold smile: "Miss Wei Liu, isn't this what you want?"

"Jing Yuanhou said, the little girl really did n't understand. The little girl only knew that Jing Yuanhou and the second sister were in love with each other. It had reached the point where Fei Qing did not marry, and Fei Qing did not marry. Did you mean the second sister and Jing Yuanhou?" Wei Yuewu smiled slightly, facing the accusations of Mo Huating, said unhurriedly.

Mo Huating froze for a moment. If there is something, everyone has no evidence, which does not mean that he doesn't know.

Especially like him and Weiyue Wu, the two parties that bear the brunt, the scene of robbing should be reflected in Weiyuewu's mind!

"Miss Wei Liu, if you still want to marry me, there is actually no way out of it." The ghost made a difference, and the words came out of Mo Huating's mouth. After he finished speaking, he even choked himself, but Then feel relieved.

"Thanks for the kind intentions of Jingyuan Hou, it is only our Huayang Houfu. We have not **** Jingyuan Houfu to such a point." Wei Yuewu smiled coldly and refused without hesitation. A touch of ridicule, "Jing Yuanhou, now that you have made up your wishes, why bother with old things again!"

Chapter 73: What can you do with a marriage contract?

Wei Yue Wu certainly knows what Mo Huating wants to mean.

In this case of Wei Yan, it is entirely possible for Mo Hua Ting Na to be a chamber, or even have no place in the chamber. In that case, if Mo Hua Ting wants to marry himself, and he agrees, the family affairs , Can still do the counting.

After all, Wei Yan is willing to fall!

It's just that Wei Yue Wu really doesn't know what Mo Huating thinks. He was the one who robbed himself that day, and then he repeatedly stated that he wanted to divorce, but now he came to tell him that if he wants to marry, it is not nothing. Possibly, he really regarded himself as a citron.

Anyone who saw it couldn't bear to let go.

Seeing Wei Yuewu's refusal without hesitation, Mo Huating's face turned red, and then she became a little bit annoyed. No woman has ever refused to get his heart. Now Wei Yue Wu actually refuses to even consider it, and directly refuses it. After he made him feel shameful!

His face suddenly became cold: "Miss Wei Liu, you are so conceited that you count others."

"Jing Yuanhou, this is my first time entering the palace. None of the people in this palace are familiar with it. Jing Yuanhou thinks how my hands and eyes can reach the sky to set up a bureau in the palace. Jingyuan Hou is actually a guard. It should be relatively simple to come and go in this palace. Just like now, it can pick such a place and rob a little girl. "

Wei Yuewu said, looking around her, "This place is not what ordinary people can find!"

This place is indeed not found by ordinary people.

This place is very secluded, and Mo Huating still comes out from the back of the rockery. Looking from the side, he basically can't see him, or even if he sees him, he just sees a corner of clothes. But myself.

A person who is not familiar with anything, and a person who is very familiar with the deep palace. Of the two, who is most likely to frame others is actually clear at a glance.

What Wei Yuewu did at the time was just to let Jin Ling push a hand, stun Wei Yan and Shuiyue, and drag people in. The rest were really designed by Mo Huating himself.

Mo Huating was coldly spoken by Weiyue Wu, and said a moment, with anger on his face, and snorted coldly: "Weiyue Wu, you wouldn't think that without a marriage contract, I can't take you?"

"No way, without a marriage contract, what else can you do with me?" Wei Yuewu turned her head and squinted at Mo Huating, smiling coldly.

"Miss Wei Liu, you'd better have something in your snack. One day, you will beg me to marry you again." Mo Huating said in a cold voice, and after waiting for Wei Yuewu to answer, she flickered and disappeared behind the rockery. As he appeared, no one found it.

"Miss, slaves go and see." Jin Ling stepped forward and wanted to follow.

Pulled by Wei Yue Wu: "Don't go, this is the Royal Palace."

This is the Royal Palace, so you can't just mess around. Mo Huating can appear so suddenly, but it doesn't mean that Jin Ling can follow it.

Mo Huating is a guard of the Guard. Jin Ling is only a girl ring of her own, and if you look down, this ring is still Yan Huaihan. It is not easy to make an appearance in the palace and attract others' attention.

However, I did not expect that Mo Huating was unwilling to come over and asked himself, Sakura's lips slightly hooked, and a little coldness appeared, asking him to marry him?

"He was so angry, he dared to treat the lady this way." Although Jin Ling didn't chase it down, she looked very angry. Thinking of this Jing Yuanhou who wanted to hurt the lady, she ran over and said that she wanted to marry him. He, she was particularly uncomfortable, and felt that this man really had a long face.

It seemed as if she was not married except him.

"No problem, let's go!" Wei Yuewu shook her head and left here with Jin Ling. The banquet is about to begin. Now she is a person in the air. Be more careful, and Wei Yan will be so Does it stop?

Inexplicably, such a big loss, Wei Yan may now wish to eat herself, only to be painted on the queen's side, let Wei Yan rest in the palace for a while, you do n't have to attend the banquet. After the banquet is over, Return to the house with Mrs. Three and yourself, and Mrs. Madame explained the matter.

This means that Wei Yan now has enough time to count herself.

Which **** is it? Or there are other follow-up events ... Of course I can't take it lightly now.

Not far from the front is a place for women to rest. As soon as Wei Yuewu enters the yard, there is a maid who stays there and is led to a room, because some familiar ladies enter together in pairs, so the empty room is not less.

After Wei Yuewu went in, she first took off the jewelry from her head, and took a rest on the bed. Before tossing around, she didn't take a good rest, which would make her head feel dizzy.

Jin Ling was supported by her and went out to inquire about things, but Jin Ling came back quickly, she must have just asked Miss Cousin's cousin, which was not a big deal.

Jin Ling only served her to lie down, and she heard someone knock on the door: "Is Miss Six here? Slave is Shuiyue by Miss Er, can you come in?"

Jin Ling helped Weiyuewu to lie down. At this moment, she wanted to stand up, was pulled by Weiyuewu, shook her hand silently at her, and then pointed out the door, her lips slightly opened, and said lightly: "Go and let her in."

There was a sneer in Yingying's eyes, and Wei Yan couldn't bear it ...

Jin Ling opened the door and looked coldly at Shuiyue outside. The person blocked the door, but she didn't mean to let her in: "What's the matter?"

Shuiyue's head opened a bit, but was blocked by Jin Ling, and there was a screen in it, and Wei Yue Wu was not seen. Seeing Jin Ling did not seem to give up, she had to accompany the smiley and said: I was ordered by Miss Er and I wanted to meet Miss Six and have something to say to Miss Six. "

"That's all, what else does Miss Er want to do? Go back and tell your lady, our lady has no strength to say anything now, let her have something to say back to Mrs. Tai, always her sister, even if our lady is sad, she won't say What."

Jin Ling's expression displeasedly conveyed the meaning of Weiyue Wu, the voice was not loud, but it was enough for a few young ladies passing by to hear.

The marriage between Jingyuan Houfu and Huayang Houfu everyone knows that Wei Yan can be regarded as a stab in one's hand and has taken someone else's marriage, and this second lady, Wei, is also notorious. In this case, actually , And face to find the newly retired Miss Wei Liu, really shameless.

Based on today's unexpected situation, no lady is standing by Wei Yan now, so a simple sentence will make people who hear it think more!

I just felt that this lady Wei Er came to show off her robbing her marriage. How could such a cheap woman rob her sister-in-law and refuse to let go of her sister and ran here to show off.

"No, our lady really has something to look for Miss Six." Shuiyue saw Jin Ling stopped her from entering, but it was really urgent. If she couldn't do such a trivial matter, Miss Er, But I really won't let myself go.

"What's the matter, please tell me, I'll tell our lady." Jin Ling looked like a faithful protector, but she didn't let Shuiyue enter the door, so the two were at the door. You came and whispered.

The voice is not loud, but because Wei Yan is in the limelight today, all things related to her are enough to attract the attention of others, so many people are not far away from them, hanging around and waiting for others. Wait ...

In fact, everyone's attention is on the two girls ring in front of Weiyuewu.

Because Jin Ling said the voice was not high, Shuiyue didn't notice this, only anxiously said: "Sister Jin Ling, Miss Er is really something. You must tell Miss Liu that she might accidentally mess with the palace. Noble. "

"Miss Er commanded it?" Jin Ling's face grew even more displeased.

"Yes, Miss Er ordered it, so I made a special trip, for fear that Miss Liu forgot." Shuiyue nodded.

"Miss Er ordered, then let's forget it, as long as it is what Miss Er commanded, it is very difficult for our lady to do good things." Jin Ling would be polite to close the door.

Shuiyue was in a hurry, and she was busy holding the door frame with her hands to prevent her from closing the door: "Miss Er is really for Miss Six."

"What are you talking about, if you don't say, I'm closed, our lady is not in good health and let her rest for a while." Jin Ling's door was half-closed, just to prevent Shuiyue from coming in, with her skill, In fact, it is very simple to stop Shuiyue.

"Xunzi, that is the bitch, let Miss Liu don't forget to put it on." Seeing Jin Ling's meaning resolutely, Shuiyue couldn't even care about it at this time, she had to pass on the words of her own lady.

"What bitch?" Jin Ling froze for a moment, as if not remembering it all at once.

"It's the one in the car ..." Shuiyue is not stupid, of course, he won't say anything here, only hinting.

"Oh, that is Miss Two, the **** given to Miss Six?" Jin Ling seemed suddenly realized, and patted the door frame.

"Just ... that one." Shuiyue didn't dare to say any more, but murmured in a vague manner.

"I see. I'll tell our lady in a while and ask her to put on the **** that Miss II sent." Jin Ling nodded, then closed the door in front of Shuiyue, and did not let Shuiyue at all The meaning of the door.

Shuiyue had no choice but to stand at the door for a while, then went down the stairs again, asked a girl ring that passed by, asked about one, and went to a room in another, asking for another Miss.

That lady, of course, is Li Yueer, the eldest daughter of Li Gong's niece and Donggong Xima Li Ying.

Jin Ling closed the door and didn't go directly in. She watched Shuiyue in the window first and saw her mumu take a nap. Then she went out and went to another room. In this room, the lady had already noticed herself. pass.

The two nieces of the second wife, Li's family, entered this room to rest.

Jin Ling was more and more admired for the clever idea of her own lady. When she saw Shuiyue entering the room, she lightly walked and turned to the screen ...

Chapter 74: Frightened, special artist

After the screen, the woman on the table closed her eyes quietly and was resting. Her long eyelashes were brush-like, long and beautiful, her nose was small and straight, and she was carved out of pink jade, as if it were a porcelain doll. Jin Ling again Sighing for her own lady is the true talent.

What kind of Wei Yan can you compare with your own lady? I don't know if the Jingyuan Hou was blind. For Wei Yan's sake, she had to put her own lady to death.

"How?" Although Jin Ling's footsteps were light, Wei Yue Wu heard it, without opening her eyes, and asked softly.

"Miss, really went to that room." Jin Ling replied.

"Take that bitch, and use it for a while." Wei Yuewu nodded, long eyelashes, fluttered twice, and then opened, it was clear and clear.

"Yes, slaves know." Knowing that although her own lady was small, she knew something, and Jin Ling agreed without hesitation.

The banquet is about to begin. The main thing in the meeting is the Emperor Yan Guogong. I heard that it has already arrived, and not only the emperor Yan Guogong, but also the emperor Lu Guo, the emperor Chu, the emperor Qi Shiguo, and His Royal Highness. Of course, the four princes will also participate, and many ladies are dressed up and dressed up.

Fear of being in the limelight than others.

After finishing the dressing, in groups of three or five, or take the girl ring alone to the banquet.

At the entrance of the resting yard, there are many palace ladies. Whenever a few ladies, or a lady comes out, there is always a palace lady leading the way in front of the party place.

Wei Yuewu came out very late. She came out after having enough rest. She had injured her hand before, but also hurt the main vein. Then things kept going and she didn't have time to take a good rest.

However, the medicine of the Taiyi is good, and the bandaging method is also neat. At this time, if you don't touch the wound, the wounded scar you really don't feel much pain.

At this time, she was not in a hurry. When she had enough rest, she got up and asked Jin Ling to freshen her hair. The **** that had been inserted on Wei Yan 's head was of course inserted on Wei Yuewu 's head. .

"Miss, would you like to take a break?" Jin Ling asked.

"Go out!" Wei Yuewu shook her head.

When we went out, we found that everyone else had already left, so we followed the maiden who guided the way and walked in together.

This place is not far from the banquet. It must be some ladies. They can't go much, so they are not far away.

No one noticed that there was a loft at the foot of the road leading to the banquet, a tall loft with three houses, exquisite and gorgeous, and on the second floor of the tall building, there was a table, an artist, Standing at the table in the attic, she looked at the ladies at the banquet from time to time.

Then draw a pen on it and draw the faces of good-looking ladies.

As for who the golden lady is, it has nothing to do with him. He just draws pictures of beauties, and the pictures are fine. The others are not within his consideration.

At this time, his eyes fell on a lady lady who just entered the scene, and she froze a moment, seeing the face, which was slightly childish, but could faintly recognize a trace of familiar outline. The brush in his hand fell down, and he pressed his hand on the table to support his slightly trembling body.

The paintbrush fell, splashed ink, and overturned the inkwell placed on the corner of the table. It happened that the wind was blowing, and the picture of the lady on the top was immediately splashed with ink and stained.

The waiter on the side was shocked and jumped away, but was still splashed with a few drops of ink.

"His Highness ..."

"I'll take a break." The artist's narrow eyes were exhausted, but his eyes fell involuntarily on the one below, with a familiar face, before turning and entering the attic.

"Yes!" The inner servant didn't dare to neglect, and when he answered, he squatted down and gathered up.

Today's banquet is not clearly divided into men's and women's seats. There must be only so many men, none of them are ordinary people, naturally they are sitting on the chief among them.

At the platform, three tables are placed in the chief position.

The top nature is naturally Prince Wen Tianyao. He is the Chu Jun at the end of a country, and of course he has an exclusive seat.

No matter how strong the four princely kingdoms are, at least on the bright side, they are subservient.

Below him, there is a table, and on the table on the left, there is Yan Huaiyu, the son of Yan Guogong. The other two young men should be Qi Guogong Shizi and Chu Guogong Shizi that Wei Yuewu has never seen.

On the right side of the prince's seat, there were three princesses and four princesses, and another young man wearing a crown of a prince. This one should be Tu Zhaoyisheng's four princes.

Emperor Tai'an has four adult princes, but the second prince has a lot of sickness and usually takes medicine to support him. Therefore, he will not attend such a banquet. The whereabouts are even more uncertain, and of course it is even less likely to appear here.

"Let's go here." Wei Yue Wu refers to an inconspicuous location.

Come and sit quietly on the seat on one side. There are several other ladies in the table. There is a quiet discussion about Yan Huaiyu sitting on it.

This grandson of the state of Yan Guo, as handsome as a jade, is such a demeanor of the bright moon, wherever he goes, he will excite the young girl in the girl's house, and a large part of his heart will secretly promise.

With him sitting on it, anyone would notice if there was one more person or one less person on his seat.

Of course, this is just to express the mentality of most of the young ladies. When seeing the young lady who came over, Wei Yuewu's eyes flashed a slight taunt of irony.

Sure enough, this is waiting for me ...

The lady who came to Yingying knew Wei Yuewu. Of course, Li's niece, Miss Li Da Yueyue, was helping Wei Yan from time to time at the banquet that day. It was she.

Everyone can see that at that time, this lady Li was full of hostility towards herself, and stood wholeheartedly at Wei Yan, and afterwards, things that really happened to Wei Yan really fell down and she didn't say anything.

"Miss Wei, how is your cousin now? Have you ever seen it?" Li Yueer stood in front of Wei Yuewu with a faint smile, and asked generously.

She and Wei Yan are cousins. When something so big happened, she asked about Wei Yan. It was normal.

However, the aftermath of Wei Yan's incident has not yet occurred, so when she asked her, she attracted several ladies around her to see it, but before they could see it clearly, Li Yueer issued a cry and stretched out her hand. Pointing at Wei Yuewu, it seems that something extraordinary has been discovered.

"Miss Wei Liu ... you ... how dare you wear Jiufeng's sister-in-law?"

In a word, all the ladies who heard the sound immediately attracted their eyes to Wei Yuewu's head.

Jiu is supreme. Jiufeng Ning is at least the maiden in the palace, or the princess and princess. The Yueyue dance is just a lady in Huayang Houfu.

"This ... is really Jiufengyu!" Someone nodded, bead strings hanging from Weiyuewu's head, affirmatively.

"What ... what does she want to do?" Another person covered Pa, and muttered while watching Wei Yuewu whisper.

"Miss Wei Liu, how dare she be so rebellious." There was also an angry rebuke from Wei Yuewu.

Wei Yuewu's eyes glanced at the ladies around her, her eyes fluttered, and the temperature was mild, and she was not in a hurry: "Miss Li, what is the sister-in-law who gave me?"

She reached out to remove the mule from her head and put it on the table. She had known that there would be such a hair before. Her hair was very tight. After the mule was pulled out, it was even more chaotic.

"Miss Wei Liu, your sister-in-law, how can you say it was from your cousin? You wouldn't want your cousin to take this big sin for you!"

Li Yueer rebuked loudly, with a look of righteousness.

"Cousin is not the first time in the palace, how can you not know the rules in it, Miss Liu, you wear the wrong one, and you wear it wrong. Admit it anyway, why do you have to pull the cousin and push the matter on the cousin Then. "

Therefore, many of the young ladies present attended the palace banquet. Only Wei Yuewu was a newcomer and she wore the wrong sister-in-law. Who else could she be?

Watching the special engagement of Li Yue'er, Wei Yuewu sneered, wearing the wrong one and wearing the wrong one. Such a mistake is not a mere whisper. If you wear the wrong one, you can pass it. It's rare to only hit a few sticks, and Wei Yuewu believes that Wei Yan is not just as simple as letting himself suffer.

And even if I did n't hurt myself, I was only hit with a few strokes. I went to the banquet for the first time and caused such a scourge. Being in Beijing, I was considered untenable.

Although Wei Yan planned not to ask for his life as directly as Mo Huating, she also made herself incapable of standing, and even further framed her.

Sure enough, it was a pair, this heart was poisoned together.

"Miss Li, how do you know this sister-in-law is my own?" Wei Yuewu smiled sneer, staring at Li Yue'er unavoidably, her beautiful cherry lips faintly mocked.

"Miss Wei Liu, what you said is strange. The **** you wore on your head made a mistake and pushed it to my cousin. Could it be that my cousin deliberately put it on you?" Li Yue'er raised an eyebrow, saying Aggressive.

Wei Yan was resting at the queen's side at this time. This is something everyone knows, so it is impossible to deliberately run to insert a mule for Wei Yuewu.

"Miss Li, didn't you see the second sister's Yahuan Shuiyue before?" Wei Yuewu still had a cold smile, but her expression seemed calm.

At this time, they were surrounded by several young ladies, and the noise of this place even attracted the chiefs to look around.

Yan Huaiyong already saw that the direction was the position where Weiyuewu sat, and she took a cup of tea gracefully, took a sip, then put it down, and then stretched out the hand with a wide sleeve with a little laziness. , Pointed in that direction, smiled, and asked loudly to the two princesses.

"Two princesses, what happened over there, but you want to send someone to see?"

The third princess nodded, and the fourth princess frowned, but in this case, the two of them had to send someone to take a look. The queen mother did not attend today's banquet, and was mainly hosted by His Royal Highness the Crown Prince, and the woman's family was here. Of course, the two princesses dominate.

Something happened, and the two of them had to ask.

Only a while later, Wei Yue Wu became more and more lively ...

Wei Yuewu sneered. Sure enough, Wei Yan also counted on such a scene, which was a coincidence that she also needed such a scene.

Chapter 75: sisters? Really in whose hands

"My cousin sent me a ring to ask me something. What happened?" When Shuiyue came, I saw a lot of people. Li Yueer also knew that this matter could not be hidden, and she was not afraid. It's normal to ask things.

"Miss Li doesn't know. Before the second sister's girl ring arrives in you, first go to my house and let my girl ring tell me that you must wear this mule she sent."

Weiyue dance softly, not humble or overbearing.

"You talk nonsense." Li Yueer was anxious and angrily.

"This is still Shuiyue and my girl ring, said at the door, there should be a number of missed girls." Wei Yuewu said here, Shui Yan swept the crowd, "Miss here They are all good family ladies, Miss Li, you should believe what they say? "

In other words, if you don't tell what you hear, the character of this lady is very suspicious.

At the time, there were a few of the ladies who were present, thinking to stand up, or not to stand up? Hesitating very much, no one wants to get involved, especially this matter is still in the palace, but Wei Yuewu said so, but can't help but say.

"It was from Miss Wei Er."

"That girl ring also said that she came here specially and asked Miss Wei Liu to convey the meaning of Miss Wei Er and let Miss Wei Liu wear a **** she gave to Miss Liu Liu."

"Yahhuan said it herself." ...

Several of the young ladies who heard them talked eloquently, making Li Yueer's face blue for a while, and white for a while.

How could she never imagine that her cousin would be stupid to such an extent that she let her daughter-in-law say that she was sent by this sister-in-law and that it was heard by so many people. How stupid it is to do such a thing .

"This sister-in-law has a pair of second sisters. She gave me one. She should have one in her hand. If Miss Li doesn't believe it, you can check it." Wei Yuewu added another sentence.

"You can't tell the truth, this is impossible ..." Although Li Yueer was still speaking sternly, she had a guilty conscience and her eyes moved around.

"Miss Li still doesn't seem to believe, then I can't help it." Wei Yuewu smiled indifferently.

At this time, the people sent by the two princesses had already arrived, and let them speak in front. Of course, this matter was involved. The most important one was Wei Yan. Of course, they also sent someone to invite Wei Yan. For this, Miss Wei Er, in fact, no one likes it now.

Compared to this weak-looking Miss Wei Liu who is a bit strong, she feels sympathy and identification. When you think about Wei Yan's behavior, she also robbed someone's marriage and made a happy one. The personal relationship has become a bubble, and this will do something malicious that will frame people, but it is also very likely.

When I heard that the two princesses called each other, Wei Yan thought that Weiyue Dance was recruited. At this time, she was being questioned. Letting her pass, it was to find out the situation. Wei Yuewu must say that she was sending her sister-in-law. It's in the carriage, except for her Weiyue dance, there are only two girls.

In fact, these two witnesses are the same as none. Whose girl ring is not on the side of her own lady.

The thought of Weiyue Wu finally being rehabilitated, Wei Yan had a good heart. With Shuiyue, hurried to the banquet, she would like to see what kind of miserable ending Wei Weiwu ended.

When I got to the two princesses, I saw Wei Yuewu and Li Yueer standing on each side, and at the table on the side, she wore the **** she had given her, and her heart was loose, and her eyes flashed a little Viciously proud, it seems that the Weiyue dance really hit its bill.

Yan Huaiyun's long fingers tapped gently on the table, watching the farce in front of her with interest, and even a gentle smile was drawn on the corner of her lips, and several people who came along Miss, he often looked at him so sideways, holding the papa, and couldn't help but blushed and lowered his head, but he had to look at him again.

Secretly leaned over to see his handsome face like a fairy.

Fortunately, this son of the State of Yan Guogong, looks good-natured, and does not look cold because of others looking at him more, and still looks gentle and elegant.

"Yan Shizi, isn't this Miss Wei Liu who was with you that day?" Lu Guogong, the son of Lu Guoli, left, and glanced at Wei Yuewu, his eyes cold.

This son of Lu Guogong is actually a rare beautiful man, but his coldness is heavier. Anyone who confronts him feels a bit frightened, but this does not prevent some young ladies who like him. In this way, secretly stuck his eyes on him.

"It looks a bit like that." Yan Huaiyuan nodded and said.

Lu Yanli, who was so angry, wanted to get angry. What is elephant? Basically, and someone had already said several times about Miss Wei Liu, and came to him, but it was just a bit like an elephant.

Apparently that day, in front of himself and the three princesses, he showed great affection for the lady Wei Liu, and then he sent someone to simply check the lady Wei Liu. Huayang Houfu's wait-and-see, raised in a small town in the countryside, is an unknown family girl.

However, the remote town of the rural people is actually far away from Yandi, and I do n't know how to get in touch with Yan Huaiyu, or what Yan Huaiyu is hiding, and deliberately pulled out such a Miss Wei Liu, Confusing audiovisual?

Thinking about it this way, the son of Lu Guogong felt that he couldn't guess what Yan Huaiyun meant.

This time, I will gloomy face down, no longer speak, watching how the two princesses find out this matter!

"Miss Wei Er, this sister-in-law is said to have been worn by Miss Wei Liu. You had previously sent this personal girl next to you."

The questioning was a maid of the four princesses who asked Wei Yanhua on behalf of the four princesses.

"Sister-in-law? What sister-in-law? I didn't give it to my sister-in-law!" Wei Yan looked blank, looked at Wei Yue Wu, and looked extremely innocent, but with the words before, it made more family members. And looked at her with scorn.

Why didn't you find the second lady of Huayang Houfu? Not only did she behave badly, but she was mean and shameless!

"That's the one, Miss Wei Er still see clearly, and then talk." The palace girl reached out and put the mule on the table aside and brought it over.

"This sister-in-law? Ah, I remembered it." Wei Yan seemed surprised for a moment, but then thought of it again, staring at Wei Yue with wide eyes immediately: "Six sister, I didn't tell you This **** ca n't be worn. It 's more momentous. Even if it looks good, it 's not something you can afford. Why do n't you listen? "

"Miss Wei Er means that you have seen this sister-in-law, but you have also advised Miss Wei Liu not to put it on, but Miss Wei Liu wants to be beautiful and must wear it?"

The maiden looked at Wei Yan with no expression and repeated.

Li Yueer, who was standing next to Wei Yan, anxiously wanted to reach out and pull Wei Yan's sleeves, begging her not to say anything blindly, those words that Shui Yue had said outside the gate of Wei Yue Wu, these words of Wei Yan were simply intentional Framed Weiyue Dance.

"Did Miss Wei Er have such a sister-in-law?" The palace girl asked again at the gesture of the four princesses.

"Yes, there is one. Although this one looks more like this one, it must be different from this one. Knowing that I can't wear it, how can I ... wear it ..." Wei Yan's voice went from high to slow, Finally stuck in the throat.

Looked in horror at the **** in his hands, his face turned red, gray, and then white ...

"Miss Wei Er, was that bitch?" The palace maid still asked, as if she did not see Wei Yan's abnormality.

"I ... I ... no ... this is not ..." Wei Yan panicked, and she could see clearly.

This mule is clearly the one that was worn on my head before. When did it reach Weiyuewu's hand, if the one in Weiyuewu's hand is not true, then the mule in your hand?

Wei Yan had seen sweat on her forehead, and her lips narrowed.

"Second sister, can you show your sister-in-law to the two princesses, okay?" Wei Yuewu suggested softly beside him.

Wei Yanxi's face was pale. If the one in front of her was just a fake one, then the one in her hand was the real one. Since she is not wearing it, she should not hide it!

"Yes, Miss Wei Er, since you said there is one, take it out for everyone to see, what is the difference."

"Miss Wei, let your girl ring get it, where are the two princesses waiting?"

"Miss Wei Er, don't let it go, hurry up!" ...

It's really Wei Yan's behavior today, making everyone scorned. This will show that Wei Yan is as if pinched in her throat. There are quite a lot of young women who make suggestions. It seems that they are urging Wei Yan, but facing She was full of taunts.

"I ..." The cold sweat on Wei Yan's forehead dripped, but there was no time to wipe it. In the winter, she seemed to have fallen into a stove, and turned to Li Yueer, who was on the side, for help, Li Yueer He tilted his head only when he didn't see it.

"Can't bring Miss Wei's sister-in-law?" The four princesses sneered.

When the two were in the palace of Nan'an, they were also regarded as Liangzi. Even though the four princesses were distinguished, they were rebuked by Queen Tu after returning to the palace. When they saw Wei Yan, they felt uneasy.

"I ... I put it in the house." Wei Yan said.

"I'll let people get it at Huayang Houfu." The four princesses followed closely and couldn't relax.

"I ... may ... maybe ... lost, maybe." How dare Wei Yan let the four princesses send someone to the house to take it, the **** is now very good, right on Shuiyue's body.

"Lost? Didn't Miss Fang Caiwei mean that the sister-in-law might be in the house. Why did you lose it in a while?" The four princesses sneered politely.

Wei Yan's eyes glanced at the four princesses, and they fell on the gentle third princess sitting and smiling, her lips twitched, and she seemed to want to say something, but in the end, she didn't make a sound, compared with her who had holidays The fourth princess and the third princess looked much more kind.

Is this the help of the three princesses who are seeking "kindness"? But today she is destined to be disappointed! Wei Yuewu sneered, but her face was not obvious, waiting for Wei Yan's next step!

Chapter 76: Inexplicable, the decree of the queen

"Four sisters, forget it. If you can't find it, you can't find it. Today is the event of the capture of the Emperor Yan Guogong." The third princess finally raised her head and began to persuade softly.

"The meaning of the three sisters is that of the sister-in-law, so let's just forget it?" Although the four princesses' faces eased down, their looks were still very unpleasant.

"This **** is just like some others, not really nine phoenixes." The third princess smiled slightly, stood up, took the **** from Wei Yan's hands, raised it and looked at it.

"Isn't it true?" The four princesses froze for a moment, took it one by one, and saw it clearly. When there was no crown on the crest, they didn't know what to say.

"Since Miss Wei Liu has not violated the wearing of that Fenghuang, the original one of Miss Wei Er has fallen again, and it seems to be a misunderstanding. Forget it, let the ladies all take their seats. The

banquet will be really necessary after a while. It started. "The three princesses said softly, smiling and sulking like spring breeze.

Now that the three princesses have spoken like this, of course the others dare not surround them anymore, so the ladies, all returning to their positions, no matter what, the mean character of this lady Wei Er is regarded as disgust from the heart.

Earlier, I was robbed of my husband. At this time, it was dirty and innocent. Like Miss Wei Er, it was really a shame for a family girl. Everyone can see that this sister-in-law incident is also this Miss Wei Er, framed by Wei Liu. Miss.

I can't see this lady Wei Er, who had been pretending to look like a decent look, with a dignified appearance, but it turned out to be so vicious.

"Miss Wei Liu, Miss Wei Er is your sister after all." The three princesses turned to Wei Yue Wu with a smile and a gentle sense of persuasion.

"Yes, sisters are sisters. Of course, sisters are the most important thing, so they all listen to the three princesses." Wei Yuewu's eyes flashed a little deep, but her face was not obvious, and she respectfully addressed the third princess and deeply A ceremony, said that all listen to the three princesses.

But looking down, the four princesses on the edge noticed that the princess's face sank because of her words, and then she covered a trace of cold anger in her eyes.

In the past few days, she has always seen the Crown Prince, not her own sister, but the three princesses. With the temperament of the four princesses, I am afraid that the three princesses are not pleasing to the eyes. His own brother is actually not as good to himself as the other sisters. Anyone feels aggrieved.

What's more, the four princesses knew at a glance that they had never been a loser ...

Wei Yuewu bet that she could bear this tone, the four princesses couldn't bear it!

Wei Yan let out a sigh of relief, and the three princesses had come forward to do something. It should be considered as a passing thing. The eyes of her eyes glanced at Weiyuewu with a venomous glance, but this little **** escaped a disaster. Wait, next time, next time, she will never be given another chance.

"Elder sister is the most important thing? This is so lowly as an elder sister, she has repeatedly framed her younger sister." The four princesses also wanted to forget it, but when they heard that they were younger sisters, they should take the older sister as the most important thing. , Immediately unwilling, although she is a younger sister, she is more distinguished than the third princess.

Think again that the three princesses have always shown such generosity in front of people. Even their elder brother said that he could not compare with the three princesses and the four princesses, and I felt particularly unhappy.

What makes you a sister must listen to your sister, and what makes you a sister must be your sister's priority, and everything is based on your sister. Why?

But she can't really question the three princesses, so this will use Wei Yan to anger and deny Wei Yan, but actually taunt the third princess.

"Three princesses ..." Wei Yan didn't dare to answer the four princesses, so she had to ask for help again.

"Four Sisters ..." Three princesses coughed and wanted to persuade.

"Come here, pull Miss Wei Er down. Although it is the case of Huayang Houfu that polluted the sister-in-law, since it happened in the imperial palace, I don't mind discipline for Huayang Houfu. Stick! "The four princesses ignored the third princess and called humane directly.

She is the daughter of Queen Tu, who has an unusual position in the palace. She would say that someone would come over immediately, dragging Wei Yan down, and even someone came over, blocking Wei Yan's mouth. The voice of asking her for help was also choked in her mouth, and then the man who acted unknowingly went straight out to blame.

Originally, in this situation, some people would always stand up and plead for Wei Yan, but now Wei Yan really disdains everyone, so no lady came out to plead, even Li Yueer was aside, pretending to be invisible. In fact, she was also blaming Wei Yan in her heart, trying to harm Wei Yuewu unsuccessfully, but she also got herself covered.

At this time, of course, ignore Wei Yan's affairs.

He only pretended not to beg him, bowed his head, and ignored Wei Yan.

The third princess did not expect the fourth princess, so she dragged people down, and in the case of Wei Yan, the twenty rods were not injustice, but could not say anything, just sighed and sat down. Wen Tianyao in the first place smiled bitterly, shook her head helplessly, and said that she couldn't help it.

Wen Tianyao glanced at his own sister with a bit of annoyance, feeling that at this time, it is not necessary to deal with high-profile matters, the most important thing is Yan Huaiyu, and there are people from other vassal countries sitting there. In this way, people make a joke for nothing.

The interaction between the two siblings fell into Wei Yuewu's eyes, leaving only a faint bleakness. The fourth princess was no better than the third princess. When the three princesses were in the tent before, they did not perform well. The princess is a very skillful person, otherwise the prince would not let her be seen more highly than her own sister.

However, of course, these have nothing to do with her. She turned her eyes unconsciously, facing the last pair of clear and elegant eyes, those eyes were clear and clear, with the feeling of being like a hole, she could not help lowering her head slightly.

This son of the State of Yan Guo is really unfathomable ...

At the end of the palace banquet, it was already noon, and the ladies from each house had already boarded the car and were leaving.

Wei Yue Wu was preparing to leave, but was stopped by a maid, and she stayed with her, as well as several other young ladies. Everyone didn't know what had happened, and let them stay. She was still the queen maiden, who had never attended the banquet before.

Zhang Shi knew that Wei Yue Wu was left by the queen's maiden, and she said to Wei Yue Wu, leaving a carriage for her, and she took Wei Yan back to her house.

Wei Yan was hit lightly and was lifted into a carriage. Coincidentally, Mo Huating was right and left at the time, but she was a little far away. However, you can see that Mo Huating didn't come to visit me. At a glance of Wei Yan, this face turned elsewhere, as if Wei Yan was not seen.

Such behavior is indifferent, but no one will blame him. This Jingyuan Hou is a "righteous" person. The second Wei Wei who was compelled to marry himself, even withdrew the marriage contract signed by his biological mother. In this case, since he did too much, no one felt it was too much.

No one knows that when Wei Yan framed Wei Yue Wu, he had already asked Tu Zhaoyi ...

"That's ... Miss Six in Houyang Houfu? The one who heard that there is no talent?" Qi Yunhao, the son of Qi Guogong, looked at the figure of Wei Yue Wu, and looked at her in surprise with the other ladies together. Leaving, could not help but ask Chu Fangnan, Chu Guogong's son.

When the three princesses and four princesses dealt with things, they were right next to them, and the looks of the young ladies were all in their eyes.

The four princes' residences were the first of them to come to the capital. The two were in the same situation, in the same situation, and they loved the wind and the moon. After several banquets, they immediately became friends.

Although they were not very long when they came to Beijing, the rumor that Wei Yue Wu was incompetent was so widespread that the two new sons who arrived in Beijing also knew about it, so this time they would see Wei When the moon dance, couldn't help but be amazed.

Although it is a little smaller, the complexion is a bit worse, and it is too thin, but in any way, Miss Wei Liu, another two or three years long, is bound to be all over the country. Big beauties, such beauties are called "faceless", but I don't know what is the standard of "beauty" in this capital?

"Jingyuan Hou is really a big loss." Chu Guogong's son couldn't help but nodded, thinking that Mo Huating had been **** mold for eight lives, and actually saved such a vicious **** woman out, not only longer than the guard Miss Liu, but also cheap and vicious, the most important thing is for such a woman, actually and Miss Wei Liu broke the marriage contract.

What do you think, Mo Huating is losing money!

A woman of such a color can't be reached casually!

"Stupid, that woman should be burned to death at that time, or nothing will happen." Qi Guogong Shizi felt that Mo Huating was too indecisive, and "sad" lamented for him.

"However, this way, it is cheaper ..." Chu Guogong Shizi is not just a brother who can only play. He raised his head and bumped into Qi Guogong Shizi, motioned him to look at Yan Huaiyu sitting on the side.

"It's not necessarily. I heard that there is no concubine in Ludi. Besides, do we two have concubines?" Qi Guogong was unconvinced, he managed his sleeves, and lowered his voice to Chu Guogong. Shizi said.

Everyone is a vassal from all over the world and their identities are the same. Speaking of this matter, even if Yan Huaiyu has some advantages in appearance, he may not end up in his family.

No one in the world came to Beijing this time. Of course, the meaning here is not just the right one ...

Wei Yue Wu didn't know that these sons were also in the storm before, and now she is kneeling in front of Tu, together with a few young ladies, and she feels uneasy, because the queen's order came too weird. She must be careful.

Chapter 77: Surprise test, car accident inside the high wall

Here is still the Queen's Palace. The third and fourth princesses are sitting on the right side of the queen's maiden. On the left side of the queen's maiden, there is a beautiful woman in a palace costume. Now, it should be the princess of the palace.

Weiyuewu knelt at the end, looking at the nose and mouth, motionless.

"Get up!" Queen Tu's dignity as usual, but inexplicable, Wei Yue Wu just felt that the queen had seen her for a long time, even though she was kneeling in the last position, she could still feel this The queen's scorching gaze became more cautious.

"A few of you are dignified and respectable family members. From the perspective of today, the palace also feels that the rumors are not false, and the two princesses also think that you are very good. I should like to leave you and accompany the princess to study. "

Queen Tu smiled.

When Wei Yuewu's heart moved, her head was still lowered, and she didn't move. She just felt a little sweaty in her palms. She read the book with the princess, and read? She heard her grandmother say that there seemed to be a place in the palace for the princes and princesses, but her grandmother had also emphasized that she should be less likely to enter the palace.

If this is accompanied by reading, it will be necessary to enter the palace every day, which is unwilling to Wei Yue Wu.

"This palace is not here blindly asking you to stay with the princess, first ask if you would like to?" The queen mother still smiled mildly, generously, enough to be regarded as the image of the mother of the palace.

"Yes, the court lady respects the queen's decree!" A young lady hesitated first.

"Yes, the maidens obey." Another one followed.

The next few also have the same meaning, expressing their willingness to obey the queen's maiden's meaning and willing to accompany the two princesses to study.

Weiyue Wu, Bai Nen, had a slight sweat on her forehead. She didn't want to go to the palace to accompany her. Not to mention that the palace was very deep, she said that the three princesses and the four princesses did not have a good relationship. She could I don't want to be a cannon fodder

between the two princesses, and the queen above always gives her the illusion of looking too coldly at her.

This made her feel uncomfortable, as if she had been staring at something.

What's more, why are the three princesses and the four princesses candidate candidates to accompany at this time? If you want to accompany, you can already accompany them. The princess and the prince were very early when they were in Mongolia. Now, these two princesses should be close. Well, at this age, the family from outside is invited to accompany them.

It really makes people have to think more!

Coincidentally, the sons of several government mansions have all come to Beijing. Last time I heard Yan Huaiyu said what they said, they could extend another meaning ...

Almost immediately, Wei Yüewu made her decision. It was her turn, raised her head, and said with a little shyness: "The queen mother and daughter, the courtiers have just arrived at the house. After the father ... these things, the prince and daughter did not dare to decide, when the father came to Beijing, he asked his father again. "

She was a little disturbed in her timid words, and at a glance she knew that she was both looking forward to and afraid of her father. When you think about this situation, you should have come back to Beijing since you have n't seen your father. You 've heard of this. Hua Yangzhou didn't care or care about his niece.

That's why this Miss Wei Liu will be hesitant to dare to make a decision, and even dare not agree to such a thing that is obviously good for her family.

"You can come to accompany the princess to read the book. If your father objected, it would not be too late." The queen mother couldn't think of the Weiyue dance, and after a quiet moment, she looked at Weiyue dance softly.

Entered the palace to accompany for a while, and then left, but it was completely different from the beginning without consent!

"Thank you mother-in-law, my daughters dare not make their own claims, or wait for their father to return ..." Wei Yuewu said timidly, raising her black and white, watery eyes, with a bit of sadness and sourness in her eyes.

Of course, whoever is in her motherless situation, but her father does not hurt, has a little bit of self-pity.

"Mother Queen, since Miss Wei Liu can't be the master, wait until Huayang Hou returns to Beijing to talk." Tu Zhaoyi sitting on the side, laughed.

"So ... okay!" The Queen nodded, agreeing.

The next is to accompany the two princesses. The third princess let the four princesses pick first. The fourth princess stood up politely and picked three. The other three princesses all accepted.

Since Wei Yue Wu didn't stay to accompany her, Queen Tu didn't stay with her, so she called an inner servant and asked him to take Wei Yue Wu out of the palace.

Waiting for the carriage, Weiyuewu was really relieved.

"Miss, what's wrong?" Since defending Yueyue dancing into the Queen's palace, Jin Ling felt that her own girl was full of nerves, and although she came out, she still didn't relax. She could feel the sweat on her hand. In such a large winter, this hand was wet with sweat, so it was obvious that she was really shocked.

The carriage moved slowly at this time, and the scenery in the palace could be seen through the curtains. Backwards, Weiyuewu wiped his hands with a rag and his face showed a bit of grin.

"Just now, it's almost impossible to get out."

"Why, isn't it just to accompany the two princesses? It's nothing, and it's not impossible to return home." Jin Ling asked strangely, in her opinion, this was really not a big deal.

"I just arrived in the capital, and there is no foundation in the house. It is not appropriate to enter the palace to accompany the princess at this time. The second lady and second lady will not give up, and I don't want to accompany the two princesses." Wei Yuewu shook his head, the words are still there, "The two princesses should have reached the age of marriage!"

Jin Ling was also clever at the bottom, and immediately thought of something, his eyes narrowed and rounded: "Yes, with the age of the two princesses, this is not the dowry, is it the dowry?"

"Whether it is or not, it has nothing to do with us. Jin Ling, after entering the house, we go to Mrs. Tai, and Shu Fei and the end of the painting, I have ordered them." Wei Yuewu thought about it, Wei Yan had such a thing, Li's side would not be willing to rest, maybe she would jump over the wall in a hurry. She should first find Mrs. Tai.

What she could sense was that Mrs. Tai had some scruples about herself.

Today, the attitude of the queen maiden also makes Wei Yuewu feel puzzled. It is reasonable to say that she pushed things to her father, Hua Yanghou. The queen maiden only needs to say that she has asked Mrs. Tai, and must accompany her, as long as Mrs. Tai says yes, his cheap father can't say a word.

But I do n't know if the queen lady forgot it or something else. She did n't even ask about Mrs. Tai, can't Mrs. Tai be the master?

But how did the Queen Mother know?

Inexplicably remembering my missing memory, it seems that it should have happened in the palace at that time? The Lord of the Palace, there is no one except Queen Tu ...

She tried to connect these unrelated things here, and wanted to find clues that she hadn't found before. She didn't notice that the carriage suddenly vibrated violently. She moved to the side and seemed to be hit by something. Wei Yuewu The dancing body went to the side and could not help planting it.

Jin Ling reached out to grab Wei Yuewu, but the car actually fell straight to the side, his hand happened to be staggered with Wei Yuewu, Wei Yuewu's body rushed out of the door ...

The car was severely impacted, Jin Ling's hand and Weiyuewu just staggered, Weiyuewu watched staggered with her hand.

Between the lightning flashes, Wei Yuewu reached out and held Jin Ling's sleeve. Jin Ling's response was not slow at all. She grabbed her backhand and grabbed Wei Yuewu's sleeve. Yue Wu's impulse calmed down, but the carriage fell over at this moment, and the two still fell out involuntarily.

Jin Ling guarded Wei Yue Wu carefully, and finally rolled a few times and stopped.

On both sides are high walls, that is to say, if Wei Yuewu fell out of such an impulse, his head would inevitably hit the bluestone on the high wall, and he would be killed directly ...

There was only one back of a galloping horse running, and it was impossible to see who had hit her carriage.

This road does not seem to be a real road. It looks like a mess between the two residences. At most, only a carriage and a few pedestrians pass by. Running horses in such a place, if there is a carriage, People who are bound to rush will turn over the horse, and now, indeed, they have turned over the carriage.

"Miss Six, are you ... okay?" Although the coachman also fell down, it didn't seem to be a problem, and limped over. Not far away were several passing pedestrians, scared by the scene in front of them, and almost, the lady in the carriage was about to be hit and killed here.

Such a thrilling scene, how not to scare the passers-by passing by there.

"Why go this way?" Wei Yuewu looked up, and her black and white eyes showed a coldness inconsistent with her age.

"Here ... here, the slave feels a little closer." The coachman froze, and hurriedly replied.

"If you don't go along the road, take a path, a galloping horse that doesn't know where it came from, knocked over Miss's carriage, and almost let the lady die here. This road, you can choose really well." Ling reprimanded, "It turns out that the slaves of the Houfu House in Huayang didn't even have to ask the master, whatever way they wanted to go."

"No ... Minions, I thought this road could return home sooner." The coachman had already seen sweat on his head. If Wei Yue Wu really did happen, there would not be such a situation, just launch everything. The idea of Weiyuewu was enough, but now Weiyuewu is very good and calm.

It almost did not look like a girl who had just escaped from the death line. She stood there so calmly. The water eyes under the long lashes showed a sense of coldness in the clarity, but it was very cool. Calm, calm as if I didn't know that I had just escaped from the ghost door closing.

Mo Huating was not far away, silently looking at this girl like a porcelain doll, with a hint of faintness in her eyes.

Chapter 78: Vicious, powerful

Coincidentally, Mo Huating is also out of the palace, and even more cleverly, he also has to pass this road to his house in front of him.

In other words, here is the side door of Jingyuan Houfu House. Bypassing it a little further, it is the front door of Jingyuan Houfu House. Usually, basically, it all passes here.

He was riding a horse, so he took a few slaves and didn't take up too much road. Only then did the galloping horse pass by him, and immediately a knight in black, passed by him, The speed is not fast, but it is suddenly accelerated, and then the carriage in front overturns and gallops away.

These things were discovered almost instantly.

Mo Huating doesn't think it has anything to do with himself. What happened in the palace today has made him uncomfortable. Of course, this will not reach out for nosy affairs.

However, when seeing the familiar petite figure carried from the carriage, Mo Huating's hand trembled involuntarily, and he tightened the reins tightly inexplicably until he saw Wei Yue Wu not hit. When you reach the wall, you just relax.

This is actually her carriage!

This will see that she is not hiding from the side, shaking, but can deal with the event so calmly, grab the point, her eyes flashed a little deeper, this kind of temperament is more suitable for herself than Wei Yan ...

"After entering Huayang Houfu, I will report to my grandmother." Wei Yuewu said coldly, no longer paying attention to the coachman, and took Jin Ling to the alley. It should be away from Huayang Houfu. There is still a distance to see if there is a carriage, call one, and go home first.

"Miss Six, the slave is really unaware that such a thing will happen. Please ask Miss Six to spare the slave!" The guardman saw Wei Yuewu's attitude, and actually went to the wife to sue and panic. The carriage on the ground hurried after him, kneeling in front of Wei Yuewu.

Everyone in Huayang Houfu knows that although the second lady presides over the backyard, she must be the most prestigious of Mrs. Tai, but in the past few years, she has nothing to do with herself, but if it comes to means, several second ladies can't compare. A lady too.

"Speak these words to your grandmother." Wei Yuewu bypassed the coachman unhurriedly and continued to move forward.

"Miss Six, not a slave ... yes ..." The coachman was really anxious. If such a matter was brought before Mrs. Tai, she would definitely not get better.

The second lady and the second lady are now unable to protect themselves, they can never protect themselves, and make their own claims, so that the sixth lady is almost killed. In this regard, Mrs. Tai will be punished severely.

But he was afraid of Mrs. Er, so this word came to her mouth, but she couldn't go on. She could only look at Wei Yuewu poorly, expecting that the six lady could soften her heart and spare herself.

"If you can go in front of your grandmother and make things clear, I will leave you." Wei Yuewu stopped, but didn't turn around, only coldly, and then continued to go out, Jin Ling followed a few steps. Looking back, I looked at the coachman, and sneered, "I heard that Mrs. Tai is the best to Houye, and Houye only has Miss Liu and a niece."

What this said was extremely meaningful. After talking about Jin Ling, he took a few steps, followed the steps of Weiyue Wu, and walked towards the alley.

This Huayang Hou is also a strong person. Although she has been throwing Miss Liu at his grandfather's house for so many years, regardless of it, she does not seem to take her to heart, but in any case, Miss Liu is also Hou Ye Maid.

If this is Miss Six, she must deal with herself, where is Mrs. Er ...

The coachman turned his head a few times, and then looked at Wei Yue Wu, who was walking gracefully and calmly out. He had a decision in his heart. He stood up and ran over: "Miss Six, the slave will help you find the car and send it immediately You go home. "

Weiyuewu nodded, and the horse-drawn carriage cracked, and blood flowed out. Although not big, it was enough to make her weak. The pure cuffs had blood leaching out, and her eyes were faint. She was actually propping up.

Jin Ling saw that her condition was not good, reached out and helped her, then followed her steps and walked out slowly.

The coachman ran out of the alley at this time and went to find a car for Weiyue Wu.

Mo Huating was standing there, his eyes fell obscurely on the plain sleeves with a bit of blood, and his eyebrows wrinkled tightly, and then he fell on Wei Yue Wu's skinny with a bit of elegance. The back of the copy is thoughtful.

He had never seen such a persevering girl, as if he was a fine porcelain doll, but he had such great toughness. In that case, he could not change color, and he was calm, even a man, and how many One? Not to mention a weak woman like her so delicate.

Is he really wrong ...

The carriage of Weiyuewu stopped at the corner of the door and did not get off directly. This position was invisible at the door of the house. She sat in the carriage and let the coachman advance to the door and took her own token to the notice. Fei and painting end.

What happened to Wei Yan in the palace was enough to drive Li's mad and to do anything. Even if Wei Yan finally had to marry Mo Huating, it was ruined.

What's more, Wei Yuewu has now reexamined Mo Huating. Such an ingenious and cold-blooded person would really confess this marriage for Wei Yan?

If he's calculating something, Wei Yan's marriage may not be satisfactory, and Li's will surely put all his faults on himself, and even make crazy behaviors that he would not dare to do on a weekday. .

Fortunately, she was prepared.

The coachman came out shortly after entering, and brought a sachet of Shu Fei, indicating a token. Although the coachman now had to stand by his side, at this time, Wei Yuewu felt that he needed to be careful. .

The carriage turned around the corner and appeared at the gate of the house. Someone had already seen it and reported to Li as soon as he was smoky. He heard Wei Yue Wu actually returned to the house without any injuries. Li immediately took a large number of people and rushed Come out, that cheap girl, even if she offended the old lady today, she will avenge Yaner.

The wound on the wrist of Weiyue Dance, when she was in the car, Jin Ling had wrapped her again. At this time, she no longer bleeds, that is, the cuff was contaminated by blood, which is very shocking. Anyone can see it. I'm afraid something happened with this six lady.

When Mrs. Three brought Miss II back, she carried it in. Although this Miss Six came in by herself, it was not right to see it ...

Isn't this going to the palace for a banquet? How come one or two came back like this!

Isn't this something big ...

Many of the descendants of Houfu in Huayang were trembling. I felt that the atmosphere in Houfu was not very good.

Wei Yue Wu met Li's face when walking through two yards, and when he met, Li's hand waved, and he immediately came over several big and thin women, surrounding her and Jin Ling, and took them Obstructed on the spot, the rest of the subordinates looked like a gloat.

Several mother-in-laws were holding Wei Yue Wu and Jin Ling together into the side room. The second lady sat high there and saw Wei Yue Wu come in. She patted her hands on the table and said, "Come , Beat me to this little **** who framed my own sister. "

As long as I think of my charming and cultivated daughter, it is so useless, Li ca n't wait to tear up Wei Yue Wu, first knowing that her daughter lost her name, was taken home, and then heard Mo Huating sent What the people said, Li's whole body stunned, and a rush of anger rushed up.

Obviously it was the little **** who was in trouble. How did it become Yaner? Needless to say, it must be Yaner's calculation of that **** girl.

This would be a decision, she must have the life of Wei Yue Wu, she did not believe that Mrs. Tai would really value this cheap girl.

And even if Mrs. Tai got the letter, it was too late. As long as she insisted that it was Weiyuewu and framed Yaner, wouldn't Mrs. Tai still want to give this cheap girl her life.

Li thought so, so he said nothing at this time, and brought someone over, waiting for Wei Yue Wu to enter the door.

The backyard in this house was originally managed by her, even though it was less managed this time, but the basic manpower was indispensable. At this time, I heard Li's speech, and those rough mother-in-laws would come to Lawei Yuewu. Jin Ling hurried forward, guarding in front of Wei Yue Wu.

"If anyone doesn't want to live, just do it!" Wei Yuewu chuckled coldly.

Those bright water eyes in ordinary days now appear frosty and cold, that bloodthirsty and ruthless appearance, so that a few rough women are afraid to come closer, and still subconsciously Taking a step back, his head bowed, and he didn't dare to look at Li's face with a bit of shyness.

"Baby girl, you dare to disobey me." Li's hand banged on the table, and he stood up.

"Second aunt, I have my own father and grandmother discipline. I don't know where the word" rebellious "begins, and the second elder sister has been willing to do anything in the palace. Everyone saw it. The whole Huayanghou The government has lost face because the second sister, the second aunt, did not punish the second sister, but asked me for trouble, why? "

Wei Yuewu looked at Li Shi coldly, although her voice was soft, but her words were sharp. Things were provoked by Wei Yan, and it made Wei Yan humiliated by the entire Huayang Hou government. The responsibility rested on himself, but it was accurate, and no one helped himself.

However, in the past few days, Weiyuewu felt that Mrs. Tai was unusual. She did not have much affection for herself, but it was strange but she didn't punish herself too much. Coupled with the warning of her grandmother, Wei Yuewu is convinced enough that when things get serious, Mrs. Tai has to stand on her side.

Inner courtyard, Mrs. Tai's courtyard.

"Mrs. Tai, it's not good, it's not good!" The two ring girls rushed in, fell to the door of the main house, and screamed in panic!

Chapter 79: Drag on and kill

"What's going on?" Mrs. Tai asked people to call in the two girls rings. They were actually two girls rings of Weiyuewu, and asked with a cold face.

"Mrs. Tai, please go and take a look. Mrs. 2 blames our lady for not guarding Ms. Er. At this time, I brought someone to say nothing and let someone kill our lady." The book cried eagerly.

"What!" Mrs. Tai stood up tremblingly, hitting the table with too much force, and the tea cup overturned and fell to the ground, making a crisp and broken sound.

"Second Lady ... Second Lady wants our lady's life!" The painting also cried.

"Go!" Mrs. Tai gritted her teeth and ignored the tea cup on the ground, leading people to rush out, Shu Fei and the end of the painting hurriedly followed!

"Okay, okay, I dare to be so disrespectful and beat me hard!" Li has always been used to prestige in the backyard of Huayang Houfu House, and has always regarded himself as the true Mrs. Huayang Hou. No one has ever dared to hit her like this. At this time, Wei Yuewu said that her face was green and white for a while, and she was ashamed.

I didn't think that the **** girl was so neat, but she wouldn't want to tell her anything. As long as she thought about the face of the desperate daughter, she would feel heartache. If there was no **** girl like Weiyuewu, Yaner and Jing The distance is a natural pair, but now, actually ...

There was a rough woman who looked at Li's fierce face and did not dare to neglect. He hesitated for a while and went up to pull the moon dance, but was pulled by Jin Ling's backhand. It was a slap, and only hit It was so rough that the mother-in-law took a few steps and sat back on the ground, her face swollen immediately.

"Erh, this is Huayang Houfu. The subordinates here should be Huayang Houfu's descendants!" Wei Yuewu smiled coldly, eyes of water flowing up, and the icy cold fell on the surrounding people. A woman.

Of course, this is Huayang Houfu, so the real master is Wei Yue Wu, not Li of the second room!

Moreover, Huayang Hou only had such a niece, and she wanted to understand this, and then looked at the miserable situation of the hands-on wife, and some rough-haired women stepped back. This Miss Wei Liu does not seem to be a mess, they are only subordinates, and they are subordinates of Huayang Houfu.

I heard that Hou Ye is going to Beijing soon ...

When thinking of Hou Ye, all of them fought a cold war spontaneously. When they looked at Wei Yuewu, they were a little moved.

Seeing a few rough-minded women, she was frustrated, and Li was furious and heart-wrapped. She simply winked at several confidants around her, motioned them to do it herself, and killed Wei Yue Wu. Disabled.

The following Li's are of course Li's confidants, but now they are like everyone else, remembering the gloomy and fierce face of Huayanghou, one by one, they are no longer fierce at first, but they can't stand Li. As soon as he stared, he had two crickets, gritted his teeth, and came over to pull Wei Yue.

No matter whether it is Huayang Houfu or not, their main son is the second wife.

As for Hou Ye's affairs, there are always two ladies to take care of. The two uncles thought so, so they boldly went to pull Wei Yue, Jin Ling was about to come forward to pick it up, but Wei Yue dance was pulled. Her sleeve signaled her to stop. Her attention was not entirely on Li's body. This would hear a rush of footsteps from outside the hospital.

At first I heard that there were a lot of people. It should be Mrs. Tai, and the corner of her lips silently ridiculed a mockery of coldness, raised her face, and faced Li's above, her voice was not high, but it was enough for Li's to listen. Be clear.

"Elder sister-in-law, this second sister has something like this. I do n't know how to deal with the second sister-in-law. Such a girl who is unethical, but also corrupts the door, and affects the whole house. I heard that she broke her leg and closed her life. Whoever rises to practice does not know how to deal with the second mother-in-law? "

Wei Yue Wu was standing close to Li's original. At this time, with a raised face, Li could clearly see the ridicule on Wei Yue Wu's face, and then heard that she would break Wei Yan's legs and shut her down for a lifetime. When he got up, Qi's entire face was deformed, and his face was full of hate.

"Hurry up, drag this cheap girl, kill her, and kill her." Li's shouted almost hysterically, and the whole person was shaking with anger.

Her two confidants had reached Weiyuewu at this time, and one person stretched out a hand to pull Weiyuewu. Weiyuewu was pulled and stood unstable, and she leaned to one side, and Jin Ling reached out to protect her. Staying with her, she was dragged to the ground and immediately made a terrifying scream.

"Ah, you really stunned the lady."

The two were startled, they just touched the sleeves of Weiyuewu slightly, and before they really worked hard, Weiyuewu and Jin Ling fell to the ground together, and they were also torn Fall to the ground.

Coincidentally, several people around him fell to the ground one after another and moaned one after another.

In this scene, how can a "chaotic" character be too good.

"Stop it for me." A loud drink came from the door, followed by the sound of crutches. Lee was still shouting. At this time, his face became stiff, and he looked at the door. Mrs. Tieqing.

Can not help but startled, when Mrs. Tai came, she did not know.

Seeing Mrs. Tai appear, the entire hall was quiet. The inexplicable women, Yahuan, didn't dare to say anything. They got up quickly and only saw Weiyuewu quietly. With closed eyes, lying in Jin Ling's arms, it was actually unknown.

A large piece of blood on the cuff reflects the clear eyesight of everyone.

Seeing the blood on the cuffs of Weiyuewu, Mrs. Tai's face became more and more gloomy, came over, went to the front of Weiyuewu and crouched down, raised the sleeves of Weiyuewu, frowning at the bandage inside. Asked, "What's going on?"

"I was hurt while in the palace. His Royal Highness Prince and the Three Princesses asked the doctor to bandage the young lady, but when she returned to her house, the carriage was knocked over on purpose, and the young lady was hurt again. When she returned to the house, she had no rest. The second lady took someone to kill our lady again, and asked Mrs. Tai to take charge of our lady. "

Jin Ling hugged Wei Yue Wu and stared angrily at the second lady above.

"Mrs. Tai, our lady's carriage has been knocked over, and someone must have intentionally killed our lady. The coachman is outside. If Mrs. Tai does not believe it, she can bring someone in and ask me! I thought our lady was back. There will always be some people in your own home. I can't think of coming back now. I almost lost my life again and again. If so, Miss, go back! "

In this house, during this time, if there is anyone who is mad and wants to defend the life of Yueyue Wu, he can't really find anyone other than Li and his mother.

After Jin Ling said, she vigorously supported Wei Yue Wu, letting her lean on half of herself, and then got up hard.

The carriage overturned, and there was a testimony from the coachman. Mrs. Tai stunned a little, and there was a hint of shame in the corner of her eye, and she expressed her interest to Acer next to her. Acer came over and helped Jin Ling raise Wei Yue Wu together.

"Let's help Miss Liu to rest first. It looks like the wound is open. Miss Liu's health is not good, so it can't be delayed." Acer helped Jin Ling to lift Wei Yue Wu while lowering Jin Ling. As for the body, all the concerns are about the body of Weiyue Wu. As for those who cannot leave, they do not answer.

Speaking of her own body, Jin Ling hesitated, looked at Wei Yuewu's pale, bloodless face, and looked at Wei Yuewu's blood-stained sleeves, finally compromised, and nodded: " Trouble Acer, help me help the lady back. "

"Let's come." Before Hiroshi answered, Shu Fei and Hua Mo, who came with him, walked over together.

Wei Yue dance passed out, of course, can't go, Acer sees her three girl rings are there, so he went out and sent a soft car over, to find some rough wife, carrying the guard Yue Wu went to Qinghe Yuan, and on the other side, he hurried to find Doctor Ming.

On the other side, Li saw a dark lady coming over, and screamed in guilty conscience: "Mother ..."

"Slap" a slap in the face, all the people in shock looked at Mrs. Tai and Li's covering her face ...

Mrs. Tai was in front of so many people without giving Lee's face at all. This was never a thing.

"Stupid! You ... a good thing you do ..." Mrs. Tai's face was iron-blue, pointing at Li's hand slightly trembling. For many years of planning, because Mr. Li was defeated, how could Mrs. Tai's heart be angry. At this time I didn't even think that there were so many people in the room, and shouted, "Kneel down!"

"Mother! Yaner, she's better off now!" Unexpectedly, Mrs. Li would ignite such a big fire. She was blindfolded and shocked, and her tears were coming down.

"Kneel down!" Madame Tai yelled again.

Looking at Mrs. Tai's somber face, Li Shizhen knelt down, arguing with tears and grievance: "It was she who made Yaner look like this, mother, I ... I'm just Yaner ..."

"You shouldn't let the second child marry a woman like you, you hurt the second child ..." At this time, Acer returned, busy helping Mrs. Tai to sit in the middle, waving her hands, and the rest waited for all. When she went out, she even carefully stepped back to the door and stood there without saying a word.

She knows the cause, but she can't say.

But now, like Mrs. Tai, she feels that the second lady is really stupid.

The official owner of Huayang Houfu was never the second lady. Why could n't she understand it?

In the past she and Mrs. Huayang Hou argued, Mrs. Tai opened one eye and closed one, just because this was originally what Mrs. Tai hoped.

As for everything afterwards, Mrs. Tai also looked in her eyes, but just said nothing, because the second lady's approach at that time was in line with Mrs. Tai's mind. Mrs. Tai could not help but let the woman she did not like occupy the high position and climb to She went up.

The second lady wouldn't really think that what she did, Mrs. Tai knew nothing about it!

"Mother, Yaner ..." Li also wanted to argue.

"You only remember that you have a daughter, don't you remember that you have been married, not only have a fair husband, but also a son, for a daughter, you dare ... dare to really dance the girl's life, you think you Is it Mrs. Huayang Hou! "Mrs. Tai was so obsessed with seeing her that she interrupted her sharply.

"Big brother has no son ..." Li said unconvinced that Huayang Houfu had no sons. Not only did he have no sister-in-law, nor even a sister-in-law. From Li's point of view, this Huayanghoufu's possession was of course in the end His son Wei Ziyang was on his head.

Although he is not Mrs. Huayang Hou now, after a hundred years of Houyang Hou, he is a well-deserved wife. Of course, this house still decides for herself.

"No son! Which eye do you see that he has no son!" Mrs. Tai slammed the table's words and rushed out, but immediately found herself guilty of anxiety, and according to Li's slap was a fierce slap

Chapter 80: Son or daughter

"No son? Hehehe!" Mrs. Tai sneered again, covering away the turmoil in her eyes, "You are sure that the old congress will pass the title to your son, except for this, you have not considered anything else.

Mrs. Li was taken a little by Mrs. Tai, and thought of Wei Zi in Sanfang, which was also born to Zhang, who was a sister-in-law. Without thinking about Mrs. Tai's words before, she hurriedly said: "Mother, son is also a sister-in-law, but Uncle San is not as good as Master. "

She was so quick-headed that she felt that there was no advantage in Sanfang, or she had a big advantage in her room. She was always the master of her house, but she was still a senior official in the office, even higher than Huayanghou in her position.

"Li, do you want to be kicked out of Huayang Houfu?" Mrs. Tai said coldly, and she was not polite, her eyes frowning, her face was cold.

"Mother ... No ... No, isn't there still you? Master is filial to his mother, Hou Ye will not do such a thing." Was kicked out of Huayang Houfu? Li's heart jumped, and she looked up suddenly and asked suddenly, the idea of being kicked out of Huayang Houfu was never before, and she didn't think she would be driven away.

"How do you know that is impossible? Haven't you seen his affection for that woman before? This is the daughter of that woman. You dare to face so many people, want her life, and the carriage. Is that right? The hands and feet are not clean, you just wait for him to lose his temper! "

Mrs. Tai leaned back, with a lot of tiredness, a little more frustration between her looks, completely lost her previous spirit, like a late old man.

Those past events are now selectively forgotten by Li's. At this time, when he heard what he thought of, he suddenly got anxious: "Mother, then ... what shall I do?"

If the two rooms of his own were really kicked out, he would lose the inheritance of the marquis of Huayang. Even after a hundred years of the martial arts of Huayang, it would not be possible for the title to fall on his son who was driven out of the house.

This would worry more about his son than his daughter, but Li was really anxious.

How did the uncle of his own family not listen to Mrs. Tai's advice, and wanted to marry the Mrs. Hou that everyone looked down on, but she saw it in her eyes. .

"What to do? Didn't you blame her?" Mrs. Tai opened her eyes and sighed.

"Mother ..." Li Shi wanted to argue as soon as she heard it, but was interrupted politely by Mrs. Tai. "I don't care if these things belong to you or you and Yan girl. Now these things are all done by Yan girl. of."

"Mother!" Li was frightened, this was to put all the responsibilities on Wei Yan, that was her only daughter, how she was willing.

"Why, can't bear it? Is this girl Yan's current situation still unable to make a long face with you? Let her go to Jingyuan Houfu to be a coward? Are you willing? The daughter of the dignified ceremony minister actually went to Jingyuan Houfu. Auntie, even if you are willing, I don't want to. "Madam Tai said coldly.

When the incident in the palace passed to Mrs. Tai, Mrs. Tai also almost fainted. She must have grown up in her palms, and she also had a granddaughter with high hopes. Her feelings are no better than others, but now It was all ruined, and what made Mrs. Tai and Mr. Li even caught him by surprise.

Although Jingyuan Hou agreed to the family affairs, she also said that Wei Yan was not only mean to be with the men in the palace, but also to frame Wei Yuwu viciously. At the time, she saw the prince and four princes and three princesses. , Four princesses.

Tu Zhaoyi also felt that Wei Yan could not afford to be Mrs. Jingyuan Hou, and asked Huayang Houfu to use a small sedan to carry Wei Yan into the house and become Mo Huating's aunt.

In other words, she is a dignified daughter-in-law of the Ministry of Ceremony, and now she can only become an ordinary mortuary of Mo Huating.

Mrs. Tai cannot accept such a shame, so Wei Yan is considered a waste in Mrs. Tai's heart!

"Mom ... Mother, what about Yan Yan, what do you do?" Li said.

"There is a small home temple in the corner of the house, and letting her clean it up all her life can also be regarded as a blessing to herself." Mrs. Tai's eyes glared sharply.

"Mother ... you ... how did you let Yaner live?" Li cried, slumping on the ground.

"If you can't live, don't live." Mrs. Tai's face was calm and unmoved. "Or you can tell her to let her endure first. Maybe there is still some day in the future. What's the point of not being able to eat, not being alive? "

Looking at Mrs. Tai's cold and ruthless face, Li couldn't say a word. She really couldn't bear it. She was the daughter of her pampered heart!

"If you don't want to make a mistake in your son's future, just push everything on the girl, and apologize to the girl, and ask for forgiveness, otherwise ..." Mrs. Tai stood up, and Acer at the door was busy Come over and help her go out, and ignore Li's sitting softly on the ground.

The son or the daughter, the daughter is basically dead now, and the son has a bright future ...

I gave up my son, I lost everything, I gave up my daughter, or there was still a glimmer of hope ...

Wei Yue Wu didn't feel dizzy at all, but she was tired. When she saw Mrs. Tai coming, she simply "fainted" and took a rest. When the soft car was delivered to Qingheyuan, a few girls hugged her hands and feet. Freshen up and changed clothes, but dare not move about the wound on the hand.

After a while, Doctor Ming came.

After reapplying medicine for Wei Yuewu, bandaging his wounds, Doctor Ming prescribed a prescription for conditioning his body in the compartment and packed his medicine box to leave.

Since his last nephew, Doctor Xiaoming, was reported to have a relationship with Miss Er last time, Doctor Ming never brought him in when he came to Huayang Houfu.

Jin Ling came in and stopped him: "Doctor Ming, how does our lady's injury look good?"

Jin Ling's face was worried.

"It doesn't matter, as long as you take a good rest for a while, it's just that Miss Six is physically weak, so take care of her body." Doctor Ming hesitated.

"Doctor Ming, can you help me see a patient?" After asking Wei Yuewu's illness, Jin Ling twisted a little.

"The servant in the house?" Doctor Ming thought for a while and asked, if it is the main house, Jin Ling need not be so polite.

"Yes, it's a good sister of mine. I'm dizzy. I don't know Doctor Ming ..." Jin Ling looked embarrassed.

"Girl Jinling, it's not that I don't help you. The servants in this house are sick. They are all watched by a person in the house. Unless they are seriously ill, they will be sent to the doctor outside." Jin Ling followed Wei Yuewu into the house. Doctor Ming reminded that she might not know it. "Is there anyone in this government?" Jin Ling's eyes widened, and she said she didn't know.

"Yes, there is a doctor in your house, and the girls in the house are usually given to the boys, and the children will see the minor illness." Doctor Ming nodded.

"Thank you Doctor Ming," Jin Ling said with a smile.

Seeing nothing was happening, Doctor Ming carried the medicine box and left the Qingheyuan.

Jin Linggang hurriedly entered the back room, and said to Wei Yue, who was leaning on the couch, "Miss, there is a doctor in the house who will see a doctor. Doctor Ming will only look for the masters in the house."

Wei Yuewu closed her eyes and kept her eyes closed, and opened her eyes after hearing the newspaper halfway, with a smile on her face: "Jin Ling, so many things have happened, and you will be scared if you are a girl."

"So ..." Jin Ling for a moment did not understand the meaning of Wei Yue Wu, blinked his eyes twice, and asked blankly.

"So, you can be sick too. You can let Meiyu come over for a moment." Wei Yuewu smiled slightly, and there was a glimmer of gloom in her eyes.

Huayang Houfu asked her too many questions, and she had to check them as soon as possible ...

Wei Yuewu was injured, and the girl Jin Ling she was carrying was also scared. It is said that she was scared when the carriage was turned over. Anyone who found herself and the young lady would be scared to death. Even though this little girl has a little more strength than others, she will still be a little girl.

She was frightened and talked nonsense, and kept talking nonsense, asking Madam Er and Miss Er to forgive them.

Wei Yuewu sent someone to ask the doctor to come and see Jin Ling. Unfortunately, the doctor was not there.

The relationship between Wei Yan and Mo Huating was rejected by Mrs. Tai on the same day. Mrs. Tai went into the palace immediately to see Queen Tu, and Queen Tu refused.

Huayang Houfu can not leave the family affairs of Jingyuan Houfu, nor must he allow Wei Yan to enter the gate of Jingyuan Houfu. As a chamber, it is better for Wei Yan to practice the ancient lantern in the temple from home.

And said that this is also a blessing for her and the entire Huayang Houfu.

Since Mrs. Tai opened her mouth, Queen Tu naturally did not force Wei Yan to enter Jingyuan Houfu's house as a reason, so Wei Yan's practice in the house temple in Fufu was settled.

However, it is said that when the news came, Wei Yan was very violent, roaring, and screaming, and for most of the hour, Li brought only a few hearts to the Wei Yan's yard didn't know what she had said to Wei Yan, and Wei Yan was quiet there.

In the end, Wei Yan packed up a few clothes and was taken away from the courtyard for more than ten years, but she did n't go to the run-down "home temple" that had just been repaired, but Wei Yuewu 's Qingheyuan.

The Qinghe courtyard is very quiet. Everyone knows that their masters like to be quiet, so whether they talk or do things, they take it easy.

But suddenly, someone yelled loudly at the gate of the courtyard, and there seemed to be someone crying.

Wei Yue Wu was reading a book in the room, and frowning when she heard the noise outside.

On the side of the book, Feifei hurriedly lifted the curtains and went out. After seeing the situation at the gate of the courtyard, his face changed drastically, and he turned around and returned to the back room.

"Miss Six is not good, Miss Two is here!"
