

Young Lady 731

Chapter 731: Loop by loop, waiting at the door

"I'm from Jingyuan Houfu House. You hit me and it makes sense. It happened that our auntie was over there. You came to talk to our auntie and talk for yourself." Yahuan couldn't be better when she saw it, and she brought up the name of Mo Huating , Bluff Road.

"Jing Yuanhou's aunt?" Yan Feng asked.

"Yes, it is our favorite auntie Hou Ye!" Yahuan straightened her neck, raised her head, and looked amazing.

Auntie Yan on the Houfu House in Jingyuan need not say that this is the second lady on the Huayang Houfu House that Mrs. Shizi said.

Yan Feng inquired here clearly, and now no longer tangled with a girl ring, said a few words, appeared weak and took out some broken silver to lose the candied fruit.

Of course, the girl ring in Houyuan of Jingyuan did not dare to make trouble with Wei Yan. He took the broken silver, bought a few bags again, and hurriedly walked into the back alley, stopped in The carriage there, then handed the candied fruit to Wei Yan sitting in the car.

Wei Yan is pregnant now, but the month is not too big, and she has n't even been pregnant. She has eaten a lot recently. Her whole body is fatter than when she was in Huayanghou, her face is round, her original beauty has a thin outline. A lot, looks very different from the original.

Only vaguely you can see a bit of the past.

If you do n't know, for a while you really do n't recognize the person in front of you is Wei Yan, who also dared to come to the front door of Huayang Hou and want to have a chance encounter with Wei Luowen.

She doesn't say she is Wei Yan now, even if some people feel like elephants, she won't think of her.

Not to mention Wei Yan's early death is also something everyone knows.

And she is here to wait for an opportunity, an opportunity to make herself appear in front of the people, and is still an opportunity for Miss Huayang Hou Fu Er.

Of course, this opportunity is not for her own. To formally become the wife of Mo Huating, she must have a righteous identity.

This identity is of course his original identity as well.

Mo Huating's house is quite clean, there are no other aunts, but his cousin is a very uneasy, and Wei Yan's current status is unseen, so he is under the jurisdiction of Chen Nianshan, and that one is also ambitious Yes, and Wei Yan can be regarded as the tip of Mai Mang.

Everyone who makes a big difference will make a big noise.

Although Chen Nianshan is still a relative of Mo Huating on the surface, the two have been repairing the boardwalk for a long time, and secretly warehousing Chen Cang, they are actually Mo Huating's people.

Therefore, managing the backyard is certainly more handy, and Wei Yan naturally refuses to let go.

Apart from Wei Yuewu, the most hated by Wei Yan now is this Chen Nianshan. If she can become the righteous daughter of her father and the young lady of Huayang Houfu, she will definitely not let Chen Nianshan down.

She thought so, so she set her heart to stay outside. My father said that in the next few days, the uncle would go out and go to a place like Xitang.

The easiest place to set up on the road is to let his father recognize himself, and it is best to let the uncle put it forward, so that even if someone doubts himself, he may not really be the once infamous Wei Yan!

"Which way is slow?" Wei Yan took the candied impatiently and opened a gag in her mouth.

"I'm afraid people will find that I have circled two circles!" Of course, Yahuan did not dare to say that she was hit by someone, and she reported the name of Jingyuan Houfu.

"Looking at the window clearly, I took a short break, and someone called me immediately." Wei Yan leaned to the side, she would feel very tired, and she had not felt enough sleep since she was pregnant.

"Yes, rest assured!" Yahuan nodded.

Wei Yan then leaned on the side of the car and opened her eyes. If her father hadn't heard from me today, she would have to wait another day for nothing but tomorrow.

She kept her eyes closed for a while, but she fell asleep without knowing it, but after a short sleep, she heard the voice of the girl in the ear: "Auntie, auntie, there is news!"

"What's the news!" Wei Yan immediately settled herself, sobering up.

"Someone said just now that Huayang Hou is going to plum blossoms, please go first! Wait on the way!" Yahuan didn't know who the report was, but Aunt Yan asked her to do so, of course she did.

Plum blossoms?

She is familiar with this place, and she has been to many places before. She has had several meetings with Mo Huating in the Plum Blossoms, and it is indeed a good place.

"From the alley to Meihuayu, go faster there!" Wei Yan instructed.

"Yes!" Yahuan obeyed, raised the curtain, and commanded the coachman outside. The coachman nodded, went out from the other side of the alley, and walked from another side to Plum Blossom. From

here, it's natural to compare The road is much faster, but the alleys pass through too many streets, so the family travels basically on the road.

Their carriage traveled all the way to the destination.

Wei Luowen on the Huayang Houfu side was about to travel, but was stopped by Weiyue Dance.

"Is there something wrong with the dance?" Wei Luowen asked, but he would go out in a hurry. He returned to the case and sat down again.

"Father, there is something in that yard, and I want my father to take care of it." Wei Yuewu said, taking out a few books from Shu Fei's hands. "I have asked my grandmother before, but the grandmother said that you still have to say this. Well, so let Wuer show it to his father, everything in the yard is a bit strange. "

"What's strange?" Wei Luowen asked as he reached for it.

"There are some expenses in this yard ... I don't know what happened, because it was related to Aunt Dong before, and the dancer really didn't know what to do." Wei Yuewu said in a difficult way.

"Is this ... very anxious?" Wei Luowen glanced casually, but for a while he didn't find out why, he looked up at his daughter and asked softly.

"This ... is actually a little urgent, because someone came to your door!" Wei Yuewu said, "Some merchants who have taken goods before should be at the door of the house. Is my father going out at this time? If so Then ... let me tell them! "

"Let me go!"

Wei Luowen shook his head, no matter how to talk about this kind of foreign affairs, Wei Yuewu should not be a daughter to intervene.

He nodded and said, "Go and tell the second master, I'll be fine, so I won't go first. I'll go to plum blossom tomorrow!"

"Yes!" Xiao Yan led.

"Father and second uncle are going to plum blossoms?" Wei Yuewu asked in surprise.

"Your uncle said it hasn't been a long time to worship your mother-in-law, so today I took him to plum blossoms together." Wei Luowen explained.

"Why did the second uncle suddenly think of going to the plum blossom?" Wei Yuewu was surprised.

"Your uncle said that he had been dreaming about your second sister for the past two days, and that girl too ... Later, Chang Ming Lantern was also placed in the plum blossoms, and your second uncle said that she also saw your mother and your second sister in the dream, so I thought And worship them together, always let your mother take care of your second sister. "

Wei Luowen sighed and frowned tightly.

If it was just Wei Yan's business, he would feel that it was just a dream, but it was Qin Xinrui, but his heart was inexplicably painful. Thinking about his marriage, he felt guilty, so he thought about going again. Looking at Qin Xinrui and Wei Luowu's proposal, they agreed.

In fact, this has been said for two days, but he has not been able to make time, which would make a rare time, but was stopped by the Weiyue dance.

Weiyue Wu sneered because he had cheated his father out for this reason.

Since it was clear that Wei Yan was in the carriage at the door, she mobilized her own resources.

The account book was originally there. The account book in this yard is a mess. Maybe Auntie Winter thought that the yard must be hers at the end, so the expenses for this yard are also extremely luxurious. Many things that are not needed at all are also taken from here, and somehow disappeared.

The part of this inexplicable disappearance should be sent to Bianguan.

It must have been that Aunt Winter was living at the border most of the time. Any good things were taken from the capital's Huayang Houfu, which is also in line with her greedy and cheap personality.

After returning to Huayang Houfu, her own yard was still an aunt's yard, so naturally she could n't do much civil engineering, or put something particularly good, plus Wei Yuewu had already returned to her house at that time, what's the matter? Good things, she couldn't get it directly.

So on the grounds that it was placed in this yard, many things were put here on the first day, and the next day came to the yard of Aunt Dong or Wei Yuejiao.

This yard also became a transit station.

However, because the big house is basically managed by Auntie Winter, no one will check the account because of this matter, and some of the troubles in accounting can be dealt with, and the accounts in this yard are not accounted for, naturally There will be no wrong things.

After Wei Yuewu took over, she discovered this gap. When she was okay, she asked Shu Fei to deal with it one by one, so these accounts appeared.

Because to deal with these things, from time to time some related businesses will be called over, and found that some shops are actually not paid, directly owed.

Originally, Yueyue Wu was not in a hurry to deal with these matters. Aunt Dong was no longer there anyway. It was also possible for Miss Tu Jiu to enter the door and count again later, or she could use this to stand up.

But now, it can be used directly. As for those few businesses, they are also slightly exposed, saying that Aunt Winter is gone, and this financial matter may be a bit overdone.

Those who have not yet received the money must not rush to find the door of the Houfu House in Huayang, because this is related to Aunt Dong, who is naturally looking for a big house.

All Wei Yuewu needs to do is to stop Wei Luowen and send his people out to see what kind of ghost Wei Yan and Wei Luowu are doing.

If it was just a woman with a similar face, my father would not agree with Wei Luowu to recognize Wei Yan.

Even if my father has to go out for a while, I have to plant the seeds of doubt here in my father's heart ...

"Father, Wuer believes that if the mother kisses the dream, she will trust the dream to me, never the dream to the second uncle, and certainly not to be with the second sister as the second uncle said!" Wei Yuewu raised bright Water eyes, looking at Wei Luowen's very sure way

"Why?" Wei Luowen did not expect Wei Luowen to be so sure, it was strange.

"If the mother knows that the second sister wants me to die again and again, she will never appear in the second uncle's dream with the second sister!" Wei Yuewu groaned for a moment before she spoke with certainty.

Chapter 732: By ghosts and gods, they will

If you know that the second sister wants my life again and again, the mother will never show up with the second sister!

The words Wei Yue Wu said were not high, but Wei Luowen's face changed slightly. His hands placed on the table were flattened suddenly, then he slowly shook his fist, and then exhaled heavily. .

Of course, although he certainly did not see it with his own eyes, the news he later heard did indeed indicate that it was his own niece who was a dancer.

These things were originally due to Wei Yan's death, and slowly no longer remembered, so Wei Luowu said this, he also felt that his niece had lost his life at a young age, which is extremely pitiful, but this will be Wei Yue The words of the dance made him alert, did Wei Luowu really dream that Ruier and Wei Yan were together!

Seeing Wei Luowen groaning silently, Wei Yuwu knew that her words had an effect, and a glimmer of darkness flashed in her eyes. Her elder uncle was the deepest hidden, whether it was Wei Yan before or Mei Mei from behind He seemed to stay out of things, but Wei Yuwu felt that there were traces everywhere.

The second uncle who showed himself was malicious to himself.

But in his father's heart, it seems that he has nothing to do with his second uncle and regards him as a real brother.

What she wants to do now is to remind her father that the second uncle actually didn't tell the truth, or that he told some lies for his own thoughts.

One leave, one leave, and then my father would warn Wei Luowu.

As for the plans of Wei Yan and Wei Luowu, they will not go because of his father's wariness.

According to ghosts and gods, not only Wei Luo Wu Hui, but also himself.

Of course, Wei Yue Wu didn't think that his father would really suspect Wei Luo Wu at once, he would have been his brother for so many years, and there was a Mrs. Tai on it.

"Father, when the second sister was alive, she was affectionate with the two Mo Huating, but Mo Huating may know some of the elder brother's affairs, so he didn't dare to retreat from me, so he wanted to rob me. After one hundred, the second sister sent After the big ring around her came to identify, that time, I escaped from my death and decided not to be deceived by my so-called relatives! "

Wei Yue Wu bit her lip, and the pale-colored lip corners appeared pale white, and a pair of charming eyes revealed a sharp light.

That light made Wei Luowen extremely uncomfortable and his heart was sore. His young daughter had almost lost his life that time. It was all caused by herself. If she kept her by her side, why would she let her People look down on this and even feel that she killed her a hundred times.

"Wuer, all passed, rest assured, there will be fathers after this!" Wei Luowen softly appeased Weiyue dance.

"Father, Wuer knows that." Weiyue Wumei's eyes showed a smile, but this smile was a bit definite, "Father, I'm not a generous person, although the second sister is dead now, or someone said It 's still because of me, it 's really me. If it was me who died, or the second sister would not die, but I would not use my blood to complete Mo Huating and the second sister, not because I had Mo Huating. What friendship, just because they are too vicious! "

She calmly pulled out Mo Huating again. Wei Yan's identity now is Mo Huating's auntie, but neither Mo Huating nor Wei Yan will get the favor of her father.

"Mo Huating ... hmm ...!" Seeing the absolute and sadness in his daughter's eyes, Wei Luowen's hand was fiercely folded on the table. Since he entered Beijing this time, he has watched Mo Huating especially not. Pleasing to the eye, he always thought he was a promising one.

And of course, compared to Wei Yan, of course he is more able to feel the grievances of his own daughter, and even has a lingering thought. Fortunately, Wuer is all right. If Wuer really does, what will he look like in the future? See their mother and daughter.

That being said, she felt immediately that Wei Yan was dead, but it wasn't worthy of sympathy, and she even felt distasteful. If Wei Yan wasn't her own viciousness, then why would she do it all by herself?

Seeing Wei Luowen's face, Wei Yuewu knew that things were almost the same.

No matter how Wei Luowu and Wei Yan want to touch their father, at least when they see Wei Yan's face, when they mention the name Wei Yan, they will think of their own words today, and they will immediately have a strong influence on Mo Huating and Wei Yan. Strong disgust.

No matter what they had, they didn't want to impress his father.

"Father, do you need to go out with you for business affairs?" Wei Yuewu changed the topic and no longer deliberately led Wei Yan, but she did not want to mention the past.

"No need, I'll go by myself!" Wei Luowen glanced at Wei Yue Wu with a pity, softly.

Only then did he flip through the account book and knew immediately that it was the head and tail of Aunt Dong.

"Then ... Father, where did these things go? Wuer looked for a long time in the yard, and originally wanted to put them out and arrange them, but he couldn't find them if they were missing. Put it aside, otherwise Miss Tu Jiu will be thinking about it after entering the door, but it is not beautiful. "

Wei Yuewu said quietly.

"I will deal with this matter. You go back and rest first. Your body is not complete yet. It is for my sake that makes you work so hard." Wei Luowen stood up and walked to Wei Yuewu. Could not help lovingly touched her head.

"Isn't it my father's business!" Wei Yuewu raised her smiling smile. "Father, my mother is no longer there, my brother is like this now ... How can Wuer leave his father alone? People don't care! "

Wei Luowen's heart softened, and there was a feeling of sorrow from it for a while. There were many people around him, but only the young daughter stood on his side without any worries. He could think for himself. The nose of time is a bit sour.

"You go back to rest first, I'm gone!" Wei Luowen strode up, afraid of the tears in his daughter's eyes.

The man did not cry easily, but it was not when he was sad.

If I had known today, I wouldn't have anyone take my son away anyway, or my path would be more difficult, but Ruier and Wuer could live happily with themselves.

Ruier will not die or forgive herself.

The love of one's life has become a grudge in the end. When I think of it, I feel heartache ...

Ruier had died, and Wuer had to take care of him. He wouldn't want those things to disturb her. The blessing was the blessing. The excessive wind was not good for Wuer.

At this moment, Wei Luowen had a decision in his heart, a major decision about Wei Yuewu's future ...

Wei Yue Wu waited for Wei Luowen to leave before taking Shu Fei away from Wei Luowen's study. After walking a few steps, he actually met Wei Luowu and stood on the road waiting for him to come.

"Where's your father?" Wei Luowu asked hastily.

"Father went to do some business in front." Wei Yue danced.

"What matters need to be handled by your father at this time?" Wei Luowu said displeasedly, his face was a bit cold, and it was hard to say that Wei Luowen went with him to the plum blossoms. Then, Wei Luowu came over and asked himself as soon as possible.

"It's something in the inner court. My grandmother said that it was my father's housework. Let me show it to my father." Wei Yuewu said vaguely.

"Aren't you in charge of the affairs of the inner court? Why now you still need your father to help with such things." Wei Luowu looked at Wei Yuewu in disbelief and asked.

"The second uncle said something wrong. Although I was in charge of the affairs in the father's yard for the time being, but the father finally took the idea. He must be the daughter who got married. It was no longer completely Huayang Houfu. "

Wei Yuewu looked up and gave Wei Luowu a soft nail, not soft or hard.

Marrying father and husband at home, this is the rule that a family woman should follow. Wei Yuewu can be regarded as returning from the rules, but it is inexplicable that Wei Luo Wusheng was a bit annoyed. He is investigating these days. The things he stole in his study pointed at Wei Fengyao.

He also went to Li's side to ask, but Li asked a few questions and asked him to make a noise, and he was upset.

Li said that marrying a husband, even if there was anything, that would have nothing to do with it. Moreover, Nan'an Palace was not something they could offend at will, and at this time there were things about Wei Fengyao and Meier in it.

Wei Luowu is almost a dumb loss, angry and hate, but there is no way to think.

Think about Wei Fengyao as his own daughter, even if it really gets out of the way, what can happen, and besides it is the Nan'an Wangfu, it is really helpless to think about it.

Because Wei Fengyao's affairs are very sensitive to Wei Yuewu's words. In addition, she didn't like Wei Yuewu originally. At this time, her face sank, and she said displeasedly, "Dance, what do you mean by this? You are not a man of Huayang Houfu now? The affairs of Huayang Houfu have nothing to do with you? Forgetting your biological father is a sin of rebellion and filial piety. "

In response to Wei Luowu's fierce response, Wei Yuewu took a moment's glance, but then she understood it, smiled slightly, and said generously: "Is this uncle saying me?"

"Is there any other people here!" Wei Luowu would be displeased, naturally he would not be polite to Wei Yuewu and sneered.

This bad breath all came out of Wei Yuewu.

"The second uncle thinks what I'm saying is wrong? But I don't know which sentence caused the second uncle's anger so much that the second uncle can give me some pointers!" Wei Yue said humbly.

"You ... you are always the daughter of Houfu in Huayang." Where did Wei Luowu for a moment point out what Wei Yuewu was doing wrong? It was originally that he was fine.

The meeting with Wei Yuewu was relatively real, but it was a bit of a retreat: "Okay, okay, you will pay attention later, no matter where you go, you are the daughter of Huayang Houfu, this is the fact that no one can change."

After yelling at Wei Yuewu, he turned to leave.

Wei Yuewu sneered, raised her eyebrows, raised her voice and said, "Second uncle, haven't I said what was wrong with me yet? But I don't know where I'm not doing well, which makes my uncle so angry. He also scolded me for being rebellious and unfilial, even my father never said such things to me, but I don't know where the second uncle came to the conclusion?"

The watery eyes appeared cold and cold, Zhengzhou usually had no contact with Wei Luowu. This was brought to his door ...

Chapter 733: Tit-for-tat

As a father's brother, the father also always said that he wanted to pass the title to Wei Ziyang. Wei Yuewu did not know what the second uncle was, and he held a dark and malicious intention towards his father.

"Anyway, you are the daughter of Huayang Houfu House." Wei Luowu could not imagine Wei Yue Prom hitting him so bluntly, a rush of anger came up, and he said coldly.

"Uncle, have I ever said that I am not the daughter of Huayang Houfu, but I just said that I have been married, and some things are inconvenient to be controlled, is this wrong? Or should I say that even if I am married, I should also Regarding the affairs of the inner courtyard of Huayang Houfu House? Second

uncle, I am now the wife of the Emperor Yan Guogong. "Wei Yuewu said faintly, but there was a bit of coldness between his looks, and he deliberately presented himself now. identity of.

For people like Wei Luowu, she doesn't feel the need to be polite.

My father's tolerance was everywhere. In his opinion, or just as it is, he could not see his father's forbearance. There were some things that Wei Yuewu himself had some faint guesses about, Wen Tianyao was sent away, or Wei Luo Wu still has some relationship.

If you count it, Wen Tianyao is one step older than Wei Ziyang. If he does n't take it away, he is the eldest son of Huayang Houfu. He is both the eldest son and the eldest son. He is also the father's son. His title was passed to his own son, but to Wei Ziyang?

Wei Luowu is weird?

It seems that no matter how good his father is, he deserves to be here, and he has a kind of malice towards his father, a kind of malice that seems to have to step down his father.

But his father's vigilance over Wei Luowu was not enough.

Some words, of course, Wei Yuewu knows that it's useless even if he speaks by himself. His father really took Wei Luowu as his brother. After so many years of brotherhood, he could not be born in just a few words. His father should be extremely convinced. Own two brothers.

Wei Luowu could not imagine that Wei Yuewu not only dared to bump against himself, but also hidden in the words. He frowned for a moment, and looked Wei Yue Wu coldly: "No matter what, Huayang Houfu is your maiden house. Without Huayang Houfu, the identity of Madam Yan Guo is equivalent to a vacancy! "

Wei Yuewu sneered, Wei Luowu was warning himself.

"The second uncle said so much, just like the older sister!" Wei Yuewu said lukewarmly.

This is almost the heart of Zawei Luowu. Originally, Wei Fengyao's affairs were not worrying. Now I have encountered Wei Fengyao stealing the secret of his study. I do n't know what will happen next. Annoying, being uttered by Wei Yuewu, my heart was dull and my face was white.

"You take care of yourself!" Wei Luowu felt that talking to a little girl like Wei Yue Wu, simply degrading his IQ, took a deep look at Wei Yue Wu, flung his sleeves, and turned to leave.

Watching Wei Luowu leave, Wei Yuewu did not stop this time, only a trace of coldness flashed through his eyes.

At that time, the mother and daughter of Li's family and Mo Huating secretly harmed themselves. Wei Yuewu did not believe that the shrewd second uncle knew nothing.

But even if he knew it, he didn't reach out to stop it, or even contributed to it, what kind of mentality was he treating his father or himself?

What kind of hate made him disregard his blood relatives, ignore him, and see that he was pushed to the death by Li's mother and daughter and Mo Huating ... hate? Yes, it really is hate. This is not a simple explanation of jealousy!

"Master, what does Master Er mean?" Shu Fei looked at Wei Yuewu and Liu Mei frowned slightly, and couldn't help asking.

"It's boring, I'm angry, and Wei Fengyao's work should have been investigated!" Wei Yuewu smiled, converged, and turned to the inner court.

"What the young lady has to do has anything to do with the master, and that's still his own daughter. What's wrong, she won't go directly to the Nan'an Palace to ask,"

Shu Fei said indignantly that she only felt that the second old man was really good. How could such a thing get angry with the master and somehow scolded his master.

"He won't go. Those things were originally secrets. Even when he arrived at the Nan'an Palace, he wouldn't be able to talk about it." Wei Yue Wu slowly walked up the trail.

The incident at the Bei'an Palace was originally a secret, and the emperor had previously banned anyone from mentioning it. Wei Luowu himself was considered to know the law and violate the law. Of course, he could not directly go to the Nan'an Palace to ask questions, not to mention that the Nan'an Palace was a fuel-saving lamp since it dared to take it, Or waiting for him to ask early.

"Then he lost a dumb man?" Shu Fei asked, blinking.

"It is a dumb loss, but Huayang Houfu will be wary of Nan'an Wangfu in the future. If Wei Fengyao wants to take something away from Huayang Houfu, I'm afraid I can't."

Wei Yuewu's eyes are light as if there is a bit of ridicule in the water.

Wei Luowu's investigation of Bei'an Palace, and there seem to be several channels to investigate, Nan'an Palace seems to be investigating this matter, or in Chawei Luowu, investigation of Bei'an Palace, but no matter what the reason, Nan'an There was n't much that was received by Wangfu this time. If Wei Fengyao was not in a hurry, he would n't pick up things directly, which would attract Wei Luowu 's attention.

If he finds anything after that, he will certainly not be noticed by the people in Nan'an Palace.

Wei Fengyao can't!

Even faintly hostile to the Nan'an palace.

What plans did the Nan'an Palace have in the future? No matter how difficult it is to get news from the Houfu Palace in Huayang, it is actually a loss.

"Miss, you will definitely be appreciated by the Nan'an Palace this time," Shu Fei's eyes widened, "Master, Slave knows why Miss can be released before being locked up. It must be because of this. Who else can get the second master's stuff! "

What she said was that Wei Fengyao was locked up. Because of Meier, no one was here on Huayanghou. According to the nature of Princess Nan'an, Wei Fengyao was bound to die until this time, but It didn't take long for him to release it. Not only did it come out, but he also wanted to help Huayang Houfu manage the house.

"Wei Fengyao should have any agreement with King Nan'an, so not only was it released, but she also promised to raise her child from Meier!" Wei Yuewu said faintly, and there was a gloom in the water's eyes.

Wei Qiuju's incident was not punished by Wei Fengyao, although Wei Fengyao's status is not ordinary, but another aspect also explained the maintenance of Nan'an Palace. From the last incident, you can see Nanan The princess now hates Wei Fengyao very much, so only when the king of Nan'an spoke, did he keep Wei Fengyao.

Wei Fengyao, but she can't afford to leave anything.

It seems that Nan'an Wangfu also needs to pay more attention to it! Wei Fengyao can even betray his own father, what else is impossible ...

When Wei Yuewu left Huayang Houfu, Mrs. Tai was still in the palace and had not yet returned.

I handed a sign to the palace, and then the queen Tu was allowed to see it. Then I entered the palace. It really wasn't long when I entered the palace, that is, I just entered the palace.

Therefore, Wei Yue Wu did not go to Jingxinxuan to greet Mrs. Tai and took her own person to the outer courtyard.

But just halfway through, he actually met Wei Qiufu.

Seeing Wei Yuewu coming over, Wei Qiufu seemed hesitant, but still walked slowly, and said sincerely: "Six sister, my grandmother ordered me to live in Yanguo Mansion tomorrow and study for a few days as a princely place Etiquette, don't you know what is convenient for Sister Six? "

"Go tomorrow? Shizi hasn't agreed yet!" Wei Yuewu looked at Wei Qiufu, said.

"Grandmother explained that I would first come to the Yan Guo Gong Mansion to see if the son of the State of Yan Guo felt that it would not work, I would come back at night!" Wei Qiufu said, compared to the last time he lived in the Yan Guo Mansion, it is only daytime now. Going to learn the rules seems to take a step back, but in fact it is to retreat to make progress, making Wei Yue Wu more difficult to refuse.

Before, it can be said that living in the state government of Yan Guogong required the consent of the son of the state of Yan Guogong, but if only to visit Wei Yue Wu in the name of a guest, even Yan Huaiyu can not refuse, and affection and Li, the sister of Wei Yuewu's family came to see her, and she couldn't refuse to leave!

No wonder they are blocking themselves here. Originally, they had already thought about the countermeasures in order to stop themselves from speaking.

I thought I could enter the Yan State Mansion!

Wei Yuewu sneered, but her face was inconspicuous. The smile that was raised became brighter and brighter: "If the four sisters are to come to Yanguo Mansion tomorrow, it is OK, but ..."

"But what?" Wei Yuewu retired at first sight, Wei Qiufu was so proud, Wang Xi's method really worked well, this retreat to advance, forcing Wei Yuewu to find no dodge words.

"But please be careful with the fourth sister, if you meet Miss Lin ..." Wei Yuewu said a little hesitantly here, but she continued to say, "If you encounter that Miss Lin, or if there is something inappropriate, Please also forgive me for understanding that Miss Lin is unwell, so she can't bear it! "

Suddenly, Wei Qiufu had a bad hunch: "The lady Lin is not yet the official master of the State of Yan Kingdom, and she has already regarded herself as the official master. Six sisters, don't you tell him Say?"

"She and Swallows are real childhood sweethearts, and they were also her advanced door. I ... after all, they were wrong." Wei Yuewu smiled and said, "Please only ask the four sisters to meet Lin in Jinfu.

When you are a lady, be polite and don't make her angry, otherwise the son will be there ... I won't be able to protect you then! "

Since Wei Qiufu must come to Yan Guo's Mansion, she will give her a reservation first, but seeing Wei Qiu Fu living in Yan Guo Gong Man wholeheartedly, what do she want to do.

"Sister Six, you are the current mistress of the Yan Guogong Mansion. Why are you ..." Wei Qiufu stomped angrily.

Wei Yuewu was unwilling to watch her performance, and interrupted her lightly, "Then I won't come to Huayang Houfu tomorrow and wait for the four sisters to come in!"

Since Wei Qiufu must be delivered to her door, she is also welcome ...

Chapter 734: Brothers go up the mountain together

The carriage of Yanguo Government Park was parked in the yard, because she came naturally to the outside, and the large body was actually very blocking the road.

When they came out, they saw the carriage of the Yan Guogong Mansion receding to the side. The carriage that Huayang Hou Li did not use usually drove out of it slowly, and carefully avoided the carriage of the Yan Guo Gong Mansion.

"What's going on?" Wei Yuewu asked Yang Shui's eyes.

"I heard that Grandpa Hou and Second Master want to go out together, so I used this widest carriage, Mrs. Tai's one has gone to the palace!" After listening to Wei Yuewu's question, someone had come to respectfully report. .

"Father is going out?" Wei Yuewu asked calmly.

"Yes, I heard it's going to plum blossoms."

Go to plum blossoms! Wei Luowu is really obsessed. This is definitely going to pull his father out, but there is still a trace. Even the father should doubt that Wei Luowu's intentions came.

Today, Wei Luowu was anxious in the past ...

Seeing Wei Yuowu coming out, the carriage of Yan Guo Gong Mansion also drove out. Wei Yue Wu held Jin Ling's hand and stepped on the little boy to get into the carriage. Several girls rings also got into the carriage.

The carriage slowly walked out of the gate of Houfu of Huayang, but put down Jin Ling at the street crossing.

Jin Ling got off the carriage of the Yan Guogong Mansion and stopped a small carriage nearby. The carriage turned a corner at the street, turned in a flexible direction, and drove out of the city.

Since this plum blossom is just the purpose, Wei Yan's carriage is parked outside, and the direction should be the same!

The carriage has been prepared, and everything is ready. Even if we have a little trouble by Wei Luowu, Wei Luowu will not stop here!

I thought it was an extremely simple matter, but it was extremely complicated to think of it, but it would not be dealt with for a while. I had to order the property first before I could reconcile it or pay off the external payment.

But it takes time, and those shops that owe their accounts have indicated that they have difficulty in turnover recently. They are in a hurry to ask for accounts. Please ask the Huayang Houfu to harmonize and indicate that the account owed is too long. If you can't get it, their store will be unsustainable.

Then I kept asking Luo Wen to pay the bill, and it is not difficult to owe it later.

Wei Luowen is a military general. I have never seen such a bullshit. For a moment, my head was very big. After a few words, I left the matter to my supervisor, and hurried to the inner court with my account

book, ready Call a few more people and go to Aunt Dong's side to check first. Always check the things on Aunt Dong's side.

Just before leaving the door, let Wei Luowu stop.

"Second brother, you go first, I can't go today!" Wei Luowen said.

"Brother, these books are just for the management. You are a grand general, how can you manage these trivial matters?" Wei Luowu dismissed.

"Here, let me do it, Wuer's health is so annoying." Wei Luowen shook his head and refused.

"Brother, I said it over there!" Wei Luowu could not think that Wei Luowen was because of Wei Yuewu again, and his heart was annoying.

"Okay? Not that you want to go temporarily?" Wei Luowen said in surprise.

"It was just ... I have sent someone to pass by." Wei Luowu could not think Wei Luowen was so keen, for fear of what Wei Luowen suspected, he explained quickly. "Whether we two go, who will not be notified? Just look at it casually and worship it." Wei Luowen frowned slightly, feeling Wei Luowu a little fussed.

Both men were men, and they were not in the backyard boudoirs. They went so far as to go out the door, and originally said that they should go quietly and return quietly.

This also needs to inform the people in the plum blossoms.

Wei Luowu stunned for a moment. He did not expect Wei Luowen to catch the loophole in his words. He actually wanted to take Wei Luowen away. This is just a casual comment. Wei Luowen was arrested unexpectedly. A leak.

"I think about Brother or want to worship Dasao well, so I will let the people in the plum blossoms be notified." A lie was told, and the lie that followed was only a sentence, Wei Luowu considered Wei Luowen's mind, according to what he agreed.

If these words were spoken before, Wei Luowen would immediately feel that Wei Luowu knows his heart very well, and then he will really only care about Qin Xinrui, and he will not care about other things in the house, including his own. That family thing.

But being said by Wei Yuewu, she immediately sobered up, so Wei Luowu said such things, but it made Wei Luowen feel a little more suspicious. In memory, Wei Luowu did not seem to respect Ruier so much.

"It's not urgent!"

"Why wouldn't you be in a hurry! Wait for your brother to become a pro, or have no time to worship Dasao. If this is a good time to worship, after that ... the new sister will enter the door ..." Wei Luowu smiled bitterly. He said nothing, but the meaning of Sodeng in this sentence was clear.

Wei Luowen wouldn't care about Qin Xinrui's affairs at this time, and later became a pro-wife who still cares about his death.

Wei Luowu was also irritated by Wei Yuewu today. Otherwise, he would never say these words on weekdays. He always seemed too irritated together, as if he was trying to let Wei Luowen devote himself to the sacrifice. Worship the one.

Originally his reason was Wei Yan, but in the few words so far, he did not mention Wei Yan. Instead, he always stood at Qin Xinrui's point of view, as if he was thinking for Qin Xinrui.

This is something that has never happened before.

Wei Luowen couldn't help but take a few more glances at Wei Luowu, only to think that his brother's remarks today are really strange, as if he couldn't go out today.

"Are there arrangements in place for Plum Blossom?" Wei Luowen asked calmly, what did his second brother want to do?

"I was ready, I waited for the elder brother to worship the elder sister before I met the dancing **** the road. All these years have passed, and the dancing girl is so big. The elder brother's affection for the elder sister is in my eyes Everyone in Beijing says that his elder brother is serious and righteous, and when he mentions his grandmother, he only says it is frustrated. "

Wei Luowu sighed.

"Well, let's go!" Wei Luowen took a breath, handed the account book to the supervisor, and commanded, "Go to Aunt Dong's yard to check, if you find any of the above items, remember Come down and go to Miss Yard's yard, there may be some over there. "

Regarding Aunt Dong's affairs, Wei Luowen has always been laissez-faire, especially this kind of property, but it does not mean that he does not know.

It was just that he had never thought about remarrying, and Aunt Dong said that she was very good. Wei Luowen had really wanted to right her up, so naturally the property in the house was left to her to handle. As for the yard She fancy it.

If she was really upheld, it would not be possible to live in a remote yard over there.

This was also the reason why Auntie Winter was released to Auntie Winter before, but now it is different. Auntie Winter has been sent away. Of course, all the bad debts must be dealt with clearly.

And it's better to be Tu Yunzhen before entering the door, these things also involve one of his aunts, making things so chaotic, Wei Luowen himself feels nothing.

"Yes, slaves know!" Xiao Yan took the ledger and retreated.

"Second brother, let's go!" After dealing with the account book, Wei Luowen smiled and turned to Wei Luo martial arts.

He didn't understand what the second brother had to do to plum blossoms today!

Originally, it was just a random thing. The second brother said that he had a dream and said that Wei Yan and Rui Er had dreamed. Then they went to the mountain to worship together.

Originally, such things, Wei Luowen himself did not believe much, he must be a general on the battlefield, climbed out of the blood of the corpse mountains, really do not believe these.

But if it is related to Qin Xinrui, he believes in his heart that he will eventually see her underground.

So when Wei Luowu proposed, he agreed, but now seeing Wei Luowu so anxious, he couldn't help but wonder.

This will be the intention to see what Wei Luowu wants to do.

Upon hearing that Wei Luowen was relieved to go to plum blossoms with himself, Wei Luowu was overjoyed, while telling his subordinates to prepare a carriage, he also called Xiaoxu secretly, and asked him to go up to the plum blossoms first. As a result, he had only shown in front of Wei Luowen that he was ready there.

They prepared a carriage here, and it also took some time to prepare some incense candles. Fortunately, this time is not long.

Because they went to worship in the mountains, the two did not ride horses and went directly to the carriage of Huayang Houfu.

When the two masters went out together, the subordinates in Houfu naturally picked the largest carriage, which was not very useful in the past.

There are actually two widest carriages in Huayang Houfu. One is dedicated to Mrs. Tai, which will be parked outside the palace gate, and the other is the current one. There is Huayanghou on the wide carriage body. Government marks are often used for travel when there are a large number of people.

Just like Li took the sister Wei Yan out to attend the banquet in the past, Zhang later also took Wei Qiufu and others to go out. Few single people used such a large carriage, so the carriage stayed there on weekdays.

Seeing such a wide carriage coming, Wei Luowen frowned, but said nothing. After getting on the carriage, he sat down.

Wei Luowu also followed the carriage.

After the coachman pulled the whip, he drove the carriage outside the city.

"Brother, Yan'er's girl didn't make me look like this. It was always spoiled by her mother. I usually only care about things in the court, but I ignored her so much that she was so young. I didn't learn it well. It's my father's fault to bring things to this point without raising them!"

In the carriage, Wei Luowu said the road with a sad look, the guilt in his face, and he painfully said to Wei Luowen.

"Second brother, the past is over. It is useless to blame yourself!" Wei Luowen appeased him, but the doubts revealed in his eyes were even worse. He never mentioned anything before, and this will be the first. The car mentioned Wei Yan, what does this mean?

Chapter 735: Father and daughter

"It's true, people are gone, even if I want to teach her well, I can't!" Wei Luowu sadly sighed, sighed heavily, said to himself, "If the girl can Haosheng appeared in front of me. This time, I will do my duty as a father anyway, and I will never let her go."

After saying this, he just said nothing and closed his eyes slowly.

This look made Wei Luowen less confused, Wei Luowu now looks more like a sad father, think about it, two daughters, one dead and one injured, anyone who feels the heartache, plus the second room There

are many bad things now, just a few days ago, an aunt was pregnant with a child, and was tossed away by Li's.

And Li's appearance didn't seem to work. A mother who couldn't get up, plus some other things that happened before, even Wei Luowen also saw his brother's dissatisfaction with Li.

But no matter how dissatisfied, even if it is for Wei Ziyang's sake, you can't say anything!

He reached out and patted Luo Luowu's shoulder, but said nothing.

These things can also be regarded as Wei Luowu's inner court, even if he is an elder brother, some things are inconvenient to say.

The carriage was moving all the way forward, the ride was smooth, and the wide seat was more comfortable than the ordinary carriage, but the two people in the carriage did not speak. After Wei Luowu hit the carriage, he looked somber and saw Feeling bad.

Wei Luowu does not speak, and Wei Luowu does not speak. He is also a person who does not like to speak. Wei Luowu does not speak and does not feel anything.

The carriage went out of the city gate and headed for Meihuajing. It turned from flat land to a mountain road. Between the rugged mountain road, there was a little bump, but between the bumps, the carriage slowed down.

When Wei Luowen saw Wei Luowu's eyes closed, he closed his eyes slowly, took a long breath, and was about to marry the new couple, but there was no joy in his heart. Although the marriage was not What Xiangfu said was exactly what the emperor meant, but it must not be what he wanted.

How happy I was when I married Ruier, I couldn't sleep for a few nights and excitement, and I decided in my heart that I would be good for Ruier, no matter how I would put her first, later Husband and wife are together, the family is beautiful.

But in the end? When I gradually know everything, I can't help myself until I finally get to where I am now. In fact, it's all my own reason.

Ruier was so innocent that she was involved in her own affairs!

In the end, he even took the child away, so that Ruier was out of harmony with himself, and in the end Ruier's fragrance disappeared because of his own reasons.

The heart was violently corrected, and for Er'er's fault, he could never appear on Wuer again.

Just like Ruier at the beginning, Wuer didn't know anything, so never know anything. She will protect her and never let her experience the pain of Ruier. She can be a happy little county master , Can also live a peaceful life forever, never allow anyone to disturb her tranquility ...

The carriage suddenly "chuckled" a bit, then the horse pulling it screamed and raised its feet. The two people in the carriage caught off guard and ran into each other. Fortunately, the two people reacted quickly and immediately stabilized.

"What's the matter?" Wei Luo asked sharply.

"Master, the slave accidentally hit someone!" The coachman trembled outside.

Wei Luowen sharply lifted the car curtain and jumped off the carriage. Wei Luowu also jumped down.

A small carriage overturned in front of the carriage, and a little ring was rolled out of the carriage. Her face was pale, and her forehead bumped into a large bag. She pulled a woman's hand out of the carriage, loudly. Road: "Master, master, how are you doing? Don't scare the slaves, if you do, slaves will not live!"

But that hand didn't move, and he didn't know life or death, but it might not look good.

"Help get people out!" Wei Luowen instructed Xiaoyan aside.

Xiao Yan went away, and Xiao Luo next to Wei Luowu also followed, and the two helped Yahuan to pull a woman out of the carriage.

It was only that the woman's condition looked very bad, so she came out, and her eyes fainted when she rolled her eyes, causing Xiao Yahuan to yell for a while.

"Take it to the mountain to have a look!" It must have been a young woman, and Wei Luowen couldn't look too hard. He looked up at the mountain road and said in a deep voice.

"Turn the carriage over!" Wei Luowu also ordered the coachman over here to work with the coachman over there to turn the carriage over.

This small carriage will be in front, and the carriage in Huayang Houfu will be in the back.

When he arrived at Meihuayuan, he went to the carriage in front to help the people down. He asked the female concubine in Meitang to take care of him, and Wei Luowen and Wei Luowu stood outside.

After a while Xiaobian came to the newspaper and said that it was not a big deal, but the lady was frightened, and she only took it easy after this meeting, which would invite the two grandpas to meet in the past.

The two bumped into someone. Although they felt that it was not appropriate to see their young wife, Wei Luowen took Wei Luowu to the yard where the woman was resting.

Fortunately, Plum Blossom's concubine was still there, and after seeing two of them coming in respectfully, she stepped aside and saved the embarrassment of the two.

The two people were seated, and after a while, they saw Yahuan helping the young woman out. Before, the woman's hair fell to the ground, but she didn't see her face clearly. For a moment, the woman in front of her looked quite like Wei Yan.

"Yaner!" Wei Luowu Jixi stood up, looked at the woman, and trembled with tears.

Wei Luowen wanted to reach out and hold Wei Luowu too late.

"Who are you? I don't know you!" Wei Yan shook her head, hiding in fear behind Yahuan, this time to convince Wei Luowen that she wasn't using the old lady around her. Ring, is afraid of Wei Luowen to check what, this will see the plan is successful, and feel proud, but still make a timid look.

This was repeatedly told by his father, but no mistake could be made at this juncture.

"Yaner, you are my Yaner!" Wei Luowu stepped forward two steps, pushed away the little ring that was in front of him, reached out and held Wei Yan's hand, his eyes stared straight. She cried.

When Wei Luowen didn't look good, he stood up and wanted to come over and pull his hand, but Wei Luowu was tight, but he couldn't pull it apart for a while.

"Brother, she is Yaner, she really gave me a dream." Wei Luowu turned to Wei Luowen with a surprised expression, said.

"Second brother, you can see clearly, she is not a girl, she is a different person!" Wei Luowen sighed and advised in a low voice. In Wei Luowen's opinion, the one in front of her looks very similar to her eyebrows. Wei Yan, but it must not be Wei Yan.

Not to mention that Wei Yan has died, even if Wei Yan is not dead, it is impossible to grow like this, Wei Yan's skeleton has always been very light, when it looks so round!

Wei Luowen has been at the border, and Wei Yan has been missing for a year. In the past, he only saw him during the New Year.

Wei Yan, of course, also used this to set up this game.

"This lord, you acknowledge the wrong person, I really don't know you!" Wei Yan pretended to be struggling, but Wei Luowu grasped very tightly and could only turn to Wei Luowen on the side and

begged, "This lord, Please ask him to let go. I don't really know him. If he is so obsessed and keeps holding on, this will make the little girl feel comfortable! "

It is indeed rude to pull the sleeves of strange women, not to mention that Wei Luowu was still a member of the first rank. If people can see it and spread it, it is necessary for Yu Shi to join him.

Wei Luowen sighed, stretched out his hand vigorously, pinched Wei Luowu's hand fiercely, and drank, "Second brother, let go!"

However, this time Luo Luowu held it down with his gritted teeth, but he was uneasy, and his wrists were pinched by Wei Luowen.

"Yan girl, will you come back? Father will not blame you again this time, I will definitely teach you well, and never let your mother teach you bad again, let's go home, my father promised you, I will definitely I won't ignore you. "Wei Luowu said very low, but Wei Luowen listened.

Looking at the crazy expression of his second brother, he felt a sigh, and his second brother also looked sad.

"This lady ... don't you really know my second brother?" Wei Luowen turned to Wei Yan. He didn't recognize him, so he was very polite.

"I ... I really don't know this adult, this adult must have acknowledged the wrong person!" Wei Yan showed a little timidity, and looked at Luo Luowu, and then hurriedly bowed her head.

"Yan girl, I'm your father, why don't you know me, I ... I ..." Wei Luowu came from it, almost unable to speak, but also taking advantage of this opportunity, Wei Luowen Slacken his hands, pull him back two steps, and sit in a chair on one side.

"Second Brother, this is really not Yaner, sober up!" Wei Luowen whispered, reaching out and pushing the tea on the side.

It seemed that he was also aware of his disability. Wei Luowu picked up the tea at hand and poured it severely, because a few drops of it were even dripped on his robe.

Wei Yan was sitting on the opposite chair timidly, and looked at Wei Luowu with a bit of surprise. It was obvious that Fen Cai had been frightened by Wei Luowu's actions.

"Second Brother, that's not Yaner, Yaner is gone!" Wei Luowen sighed. Wei Luowu in front of him was morbid. He hadn't seen his second brother so morbid since he was young. In his own memory, the second brother has always been a calm and self-sustaining person, but now he is in a state of discomfort for his own dead daughter.

But the next moment, Wei Luowen was uncle on the spot.

"Brother, no matter if she is my Yaner or not, I will recognize her as a daughter, all ... I will see her as a daughter, and teach as a daughter, and never leave regrets!"

Chapter 736: Stubbornly

Think of a strange woman as a daughter?

Wei Luowen really got a little blindfolded, his brows were locked tightly, and he whispered, "Second brother, you're a real joke. How can you recognize this kind of thing if you want to recognize it?"

"Brother, don't worry, no matter which family she marries, this dowry burden will come from me. It has nothing to do with the brother, and it will never be let out. Brother, you agree to let me recognize her. !
"

Wei Luowu whispered.

Wei Luowen's forehead jumped: "I didn't mean that!"

"Brother, I know you don't mean that, I mean, if there is any trouble in acknowledging her, I ... I will do my part, brother, please help me tell my mother, I ... I want to recognize Under her, this must be Yaner, and this is what Yaner asked me to dream. "

Wei Luowu's emotions seemed a little excited, and he even felt incoherent.

"You ... you have to ask people if they agree or disagree!" Wei Luowen was full of black lines, and Tuotuo said.

"This ... you would like to recognize me as my father. I am the second master of Houfu of Huayang." Wei Luowu turned his head and looked at Wei Yan, very directly.

This is not only Wei Yan who is shocked, but even Luo Wenwen is dumbfounded. How can anyone ask people if they want to recognize their father.

"I....."

"I have a daughter who looks like you, but ... she is gone now. She had dreamed up this mountain for me this time. I never thought I would meet you. It is a fate, but I do n't know if you want to. Think of me as my father, no matter who you marry, I will inevitably send a pair of dowry in the past. It is a gift to recognize you as your righteous daughter. I wonder if I have to ask your biological parents? "

Wei Luowu's expression seemed to calm down at this time, watching Wei Yan say a word.

"I ... my master is an orphan." Xiao Yahuan got Wei Yan's meaning and replied timidly.

Both the master and the servant looked timid, and in Wei Luowen's eyes it seemed that Wei Luowu forced to recognize them.

"Second brother, think again!" Wei Luowen reached out to pull Luo Weiwu's robe.

"Brother, this time, I really don't want to think about it again, you ... just help me once and help me talk to my mother!" Wei Luowu turned his head, watching Wei Luowu begging.

Wei Luowu said so, what else could Wei Luowen say, and he sighed longly: "I'll go there with my mother, but ... this person may not be willing to recognize you as a father!"

"Thank you, brother, don't worry about the matter here!" Wei Luowu smiled on his face, he was really happy, and it was half done.

Wei Yan also fell down with a heart. As soon as Wei Luowen agreed, this was half done. Even if Wei Yewu wanted to say something, there was nothing he could say.

After this, if someone suspects that he is Wei Yan, he will think that he is wrong because Wei Yewu said nothing!

And you can take the position of Mrs. Jing Yuanhou.

She was so proud of her heart that she couldn't help but showed a little pride in her face, but then came to her senses and hurriedly concealed her head.

But even if she covered up quickly, Wei Luowen, who had been following her, looked straight, her brows frowned tightly, this woman looked very problematic.

"Would you like to recognize me as my father?" Wei Luowu asked again.

"You are the second master of Huayang Houfu? This is Huayang Hou?" Only one of Wei Yan understood what they meant, and stood up awkwardly, excited. "Exactly!" Wei Luowen said lightly.

"If so, I would like to recognize the second father as my father!" Wei Yan couldn't help at this time, eagerly following Wei Luowu's previous remarks, and immediately answered.

"Why do you agree when you say that it is from Huayang Houfu?" Wei Luowen looked up and down Wei Yan and asked suspiciously.

"Huayang Houfu has always been a loyal minister of the Central Dynasty. Two generations of Huayanghou have been guarding the border. They are the great heroes of my dynasty. Little girls admire since childhood." Wei Yan also found herself Anxious and busy explained.

Helplessly, this original deep-hearted explanation was reflected by her smiley face, which was somewhat indescribable.

Wei Luowu coughed heavily, and hated Wei Yan stupidly, at this time he could still laugh.

Xu was coughed by Wei Luowu, Wei Yan herself was surprised, and quickly smiled.

"Second brother, what should we do now?" Wei Luowen's brows were more and more frowning, how to see this woman looks like a problem, simply throw things to Wei Luowu first.

"Brother, go back to your mother and talk to your mother first, and then I will take her back to her, okay? If I recognize someone at once, I won't be able to live with my mother, but my mother listens to you!" Wei Luo Budo.

"I'm going to talk to my mother?" Wei Luowen felt that the matter was getting worse.

In the past, Wei Luowu liked to solve everything by himself. He had never been dependent on himself.

"Yes, please ask my brother to help me!" Wei Luowu respectfully greeted Wei Luowen deeply, Wei Luowen hurriedly reached out to help him, and he said that it really made him refuse.

Anyway, this is always my second brother!

"Well, I will go down the mountain after worshiping Ruier. You should also worship a girl first. As for, she should probably say something to her husband's house. It must be a trivial matter!"

Wei Luowen glanced at Wei Yan, and Wei Yan's Yahuan just said that she was fatherless and motherless, so there was no parent in this matter, but seeing her dress as a married woman, there must be Own husband's.

"Is there someone in your husband's family? Can you let your husband's family come as an individual?" Wei Luowen said, in fact, he wouldn't ask these words at first, but it was just because there was a problem with the woman in front of him.

"I ..." Wei Yan was a little panicked and looked at Wei Luowu at a loss. Mo Huoting's incident was originally said to be the last thing. Wei Luowu also said that Wei Luowen should not mention this, but After only a few words, Wei Luowen mentioned her husband's family, so she didn't know how to deal with it for a while.

"Brother, no matter who she is married to, I will recognize her as a daughter. She is also an orphan without fathers and mothers. If I recognize her, it is also good for her." Wei Luowu gave a low cough, Road.

"But at least tell her husband's family that this kind of thing, although it is between you and her, has to let her husband's family get the idea and marry her husband. You have to let her have a little daughter's house, how to decide This matter! "Wei Luowen would be stubborn.

"Huayanghou, in this matter, the little girl can be the master. The husband also said that I was lonely. If I can recognize my righteous father and mother, I can also let someone take care of me, and it won't make me insulted." Wei Yan bowed her head, mournfully and bitterly, reached for a papa and wiped her tears.

"Don't you tell your husband-in-law about this kind of thing?" Wei Luowen wondered deeper.

Even if there was a word between the husband and wife, but the husband and wife have to take a look at it, and recognize the relatives, it is good to recognize, if it is not good, it is a big trouble.

Why does a woman who looks timid make her own decision?

"Fu Jun already knew that in a while ... I will send someone to inform the husband again!" Wei Yan was a little panicked at the question, and she stuttered when she answered.

"Which is your husband's family, or I still know, there is no one in your mountain, I will send someone to inform your husband's family!" Wei Luowen looked at Wei Yan, looked at her, and continued. .

"Brother, let me do this. You can talk to your mother first!" Wei Yan was not even able to speak at the sight of Wei Luowen's compulsion, Wei Luowu secretly cried out, and interjected in a hurry.

"The second brother just needs to tell my mother?" Wei Luowen's eyes sank.

"Yes, there is Brother Luo!" Wei Luo Wusheng asked Wei Luowen again, Wei Yan would miss the bottom and nodded in a hurry.

"Okay, then I'll go to worship Ruier!" Wei Luowen nodded and turned and strode away.

Seeing Wei Luowen's departure, Wei Yan was relieved, the expression on her face relaxed, and she screamed at Wei Luowu, "Father ..."

"Shut up!" Wei Luo shouted sharply.

Wei Yan shut up in a hurry, and she was afraid of Wei Luowu since she was a child.

"You go back to rest first, I'll do other things!" Wei Luowu looked at Wei Luowen's direction of departure, and his brows frowned. He was not Wei Yan, watching Wei Luowen's appearance just now, clearly In doubt, he would have to stare at Wei Luowen, and don't let him find anything.

After hurriedly instructing Wei Yan, Wei Luowu followed Wei Luowen's footsteps and left.

Qin Xinrui's Chang Ming lantern and Wei Yan's Chang Ming lantern are not in the same place, but Wei Luowu must worship with Wei Luowen, and provide a lot of prepared fruits and fruits, and then take Wei Luowen Wei Yan, this time it was extremely fast.

See if the hour is early, Wei Luowen goes down the mountain first.

But when they went up the mountain, they had only one carriage. If Wei Luowen went down the mountain in a carriage, Wei Luowu would be gone.

However, Wei Luowu repeatedly said that he was fine. When the woman's husband came, a carriage would come up, and he would take it with him.

Wei Luowen then went down the mountain in a carriage first, this time it was peaceful and returned directly to Houfu, Huayang.

Asking the doorkeeper, Mrs. Tai really returned to the house.

However, Wei Luowen did not go to see Mrs. Tai directly, but went to his study. He always felt that this was very strange, and the second brother's performance was too eager. When Wei Yan died, the second brother did not react. Why is the reaction so big now, as if we can't mention Wei Yan's name.

And the woman who looks exactly like Wei Yan is also very strange. At first she totally disagreed, but suddenly she was very anxious, as if she could completely control her own. Looking at her, it didn't look like that of a big family. The wife is in the room, otherwise why is there such a little girl to serve.

Do you want to swim in this mess? I'm not sure about it for a while!

A woman like Wei Yan? Wei Luowen's fingers flicked twice on the table, and suddenly remembered the words of his daughter, Wei Yan was actually thinking about Wei Yuewu's life, and her heart was immediately displeased.

Wei Yan really didn't want to bother, let alone this fake one.

"Come!" Wei Luowen called to the door.

"Yes, Houye!" Xiaoxi came in urgently to answer the door.

"Ready to go to Mrs. Tai's Meditation Hall!" Wei Luowen stood up and strode out. He was not an indecisive person. Since the dancer didn't like it, and the woman had problems, she had a decision. ...

Chapter 737: My woman i want to pet

"Master, slaver saw Miss Er, but Miss Er's look is much more mellow than before. If she didn't look carefully, she really can't recognize her as Miss Er." Yan Guo Gongfu, Jin Ling Xiangwei Yue Wuyi reported that she arrived before Wei Luowen's carriage and naturally saw Wei Yan's carriage on the side.

The so-called two cars collided, in fact, Wei Yuewu's carriage fell down by the side of the road, and Wei Luowen's coachman rushed the carriage and bumped into it.

It may seem fierce, but in fact nothing is happening.

Wei Yan in the carriage won't even hurt the slightest.

Of course, this play was played by Wei Luowu and Wei Yan to Wei Luowen. Wei Luowen in the carriage naturally did not know what was going on outside, but Jin Ling outside the carriage actually saw it.

"Master, will Hou Ye be deceived?" Jin Ling asked worriedly. According to the situation at that time, Hou Ye clearly did not recognize Wei Yan.

They were far apart at that time, and Jin Ling didn't dare to approach, so they didn't hear anything, but they could see that Wei Luowen's look was natural and didn't say much, just as the victim who hit someone, Taking someone to plum blossoms for help, there must be female nuns in plum blossoms. Whatever it is, it is easier to handle.

"No!" Wei Yuewu shook her head surely. With her previous words, as long as Wei Luowu brought up words involving Wei Yan, his father would have to think carefully instead of listening blindly, not to mention May agree without asking anything.

Wei Luowu should want to regain Wei Yan!

This is what Mo Huating said before.

However, the matter between Wei Yan and himself is basically clear to his father now. He should be more concerned about Wei Yan.

"Does that mean that Miss Er can only go back to Jingyuan Houfu in a dingy way, that would be great! Miss Er is so vicious and returned to the house, maybe there is something tossing up again!" Happy Road.

"She will stay in the house." Wei Yuewu lowered her head and took a sip of tea. The mist in the tea rose from the mouth of the cup, causing her long eyelashes to penetrate a kind of ethereal and ethereal beauty, and the corners of her lips were slightly Reveal a cold smile.

If it was just that Wei Yan had to return without power this time, but this is not just Wei Yan, but also Mo Huating and Wei Luowu mixing in it, then it is impossible to simply retreat.

"What should I do?" The painting froze at the end, and asked anxiously.

For Wei Yan, not only at the end of the painting, but even Shu Fei was also embarrassed. This lady Wei Er had framed her own master again and again, and was vicious and ruthless. If she entered Huayanghoufu again, she might find out What's up.

"What if she entered? She must not be the former Wei Yan now, and I am not the same as me!" Wei Yuewu raised her head leisurely, a pair of water eyes seemed clear, and she seemed to be blindfolded. A faint layer of water mist.

Wei Yan, who was once impeccable in Huayang Houfu, now wants to return to Huayang Houfu. Even if both Mrs. Tai and Wei Luowu know well and want to recognize her, but her father can't pass it, she can't be Wei Luo Wu's righteous daughter would no longer be able to call the wind and rain in the Houfu of Huayang.

Longer and more rounded, so that when others do not recognize her, no one will take her seriously.

A chamber, but also a chamber of Mo Huating, can it really be done in Huayang Houfu! At that time, will the feeling of injustice make this once-defunct Miss Wei Er burst out!

It's really exciting.

"My lord, my son is here!" Xiao Yahuan reported from under the corridor, Weiyue dance took a moment, and looked out the window. It was still too early, and it was not yet dinner time, often at this time Yan Huaiyu still returned. There are transactions, few come over.

I heard that Yan Huai came over, a few girls ring back to the door with interest, Jin Ling stepped forward and raised the curtain.

Yan Huaiyu came in.

"What's the matter?" Yan Huai asked lazily, looking at the girls in the room.

Weiyuewu stood up and wanted to salute him, but he reached out and held him. The ring girls retreated quietly, and often didn't like them to be on the side when they were there.

"It's not a big deal, it's just a few trivial things in Houfu's Houfu. Shizi, Wei Qiufu will be visiting the house tomorrow, and even if he only learns some rules during the day, he can go back at night." Huai Ling pulled back and sat down again.

Yan Huaiyu sat down on a large chair beside Weiyuewu and asked gently: "She must be here, what are you going to do? I am not here in Prince's House. Even if she is here, she is not big. Usefulness. "

"I don't know why she is here, but she must come, and she also carried Mrs. Tai, it would be impossible for her not to come." Wei Yuewu said slightly, her eyes frowned, puzzled.

If this is Prince's Mansion, Wei Qiufu must be in a hurry to come in, and it is reasonable, at least you can first attach to His Royal Highness, but this is the State House of Yan Kingdom. Although Yan Huaihuan is gentle and elegant, but everyone knows that this is actually very cold, but seeing his so ruthless to the first beauty is enough to make other family women in Beijing think clearly.

"If she must come, let her lie down and go back!" Yan Huai said lazily.

The words are peaceful, but there is a bloodthirsty, and Wei Yuewu subconsciously looks at Yan Huaiyu. Even with such bloodthirsty words, this person is still clear-eyed, beautiful, with a slight smile, and elegant With mildness in the middle, and paired with his piercing eyes, Wei Yuewu had to sigh, this is really a wicked evil.

No wonder three princesses and four princesses are desperately trying to marry him.

Even if it was Jing Wenyan, when he encountered him, he seemed to be in a state of disregard. This is a living demon.

"It's ... not so good!" Wei Yuewu hesitated.

"What's wrong, is it possible, do you still think she's poor?" Yan Huaiyu smiled, reached out and held Wei Yuewu's little hand in the palm of his hand, and there was a savage flash in his eyes. He was never good. Good people, whoever bullies themselves, never shows mercy.

"This, I'm coming!" Wei Yuewu thought for a while and said decisively, she didn't think it would be better for Yan Huaiyu to take this kind of inner court incident.

"You ..." Yan Huaiyi raised an eyebrow, and looked at Wei Yue Wu with a smile, "Won't it take into account that she is the fourth lady of Huayang Houfu?"

"No!" Wei Yuewu shook her hand definitely. There was a gleam of coldness in the water eyes. For those who wanted her own life, she was never good. The only reason he hesitated was because she was afraid of bringing trouble to Yan Huaiyu, but since Yan Huaiyu said so Then, naturally you will not be polite.

"Oh, how do you treat her?" Seeing a bit of coldness on Weiyuewu's pink face, Yan Huaiyu got interested and reached over Weiyuewu's little face. , Asked softly.

"I ... I will fix her naturally." In front of this handsome face, Wei Yuewu blushed, bit her lip, and wanted to leave her face open, but the son of this world was uneasy, and she was still malicious in her On the pink face, he twisted it gently.

"Tell me!"

"Tomorrow I'm Miss Lin!" Wei Yuewu struggled twice and didn't break away, but had to stare at Yan Huaihuan, said.

"Yes!" This was very vague, but Yan Huai immediately understood, Haha laughed, and no longer exerted his hands, "If this Miss Wei Si wants to do something, I don't mind Miss Lin doing more. Fierce. "

"Don't you be afraid that Miss Lin will cause you big things?" Wei Yuewu said deliberately.

"My woman, what do I want to pet?" Yan Huaiyu smiled slightly, taking for granted, a pair of handsome eyes with a smile.

The words were extremely mild, but there was also a kind of domineering. Wei Yuewu's heart was shocked, and her water eyes slowly bent, not only a sentence, but also softened her heart.

Biting her lip: "Aren't you afraid I'll cause you any trouble?"

"It's okay, remember not to put yourself in danger, just leave the rest to me!" Yan Huai's eyes were very gentle, and wrapped the whole heart of Weiyuewu, "If I knew it would be like this, Trying to marry you, shouldn't let you suffer so much when I see you! "

The words actually contained a slight self-blame for defending Yueyue Wu's heartache, blinking, and then blinking, and the inexplicable sourness in his heart almost dropped tears.

After entering Beijing, Wei Yuewu knew that she had to rely on herself for everything, so she rarely cried.

But it seems that only in front of Yan Huaihuan can she be so weak, she can feel sore nose, a kind of grievance, and sadness mixed together.

She knew he had him in her heart.

I don't know when, Yan Huaiyu has already entered his heart, it should be earlier than when he knew.

And what about him? Wei Yuewu didn't know how such a small self had come into his eyes, but it is certain that when the first two people met for the first time, Yan Huaiyu had no affection for himself.

But I would hear him so affectionate, and felt sad for a while, subconsciously held Yan Huai's hand, reason could not control the feelings, a voice in her heart told her, told him, told him, How do I care about him.

His maintenance, his gentleness, and his domineering are all for his own sake, how can his heart not be moved.

If he had known that he would marry himself, he wouldn't let himself suffer?

Since arriving in Beijing, I have been careful step by step, and I dare not walk in the slightest. It seems that I have escaped the calamity every time, but Wei Yuewu knows clearly that as long as she makes a mistake, she is in a state of utter danger.

How hard I am, only I know.

Biting her lip, and biting her lip, but she couldn't hold back the sourness of her heart. Even her father would not have such unreserved affection for herself.

Yan Huaiyu looked at Wei Yuewu, saw the sadness on her face, and also looked at her blinking water eyes, trying to hide the sadness, distressed for a while.

Many things that Wei Yuewu did in Beijing were reported to him. Wouldn't she not know her difficulties, stretched out her hand, held Wei Yuewu over, and let her sit on her lap, he never had any rules. The person, the so-called Wuxian is just a face-to-face, and her arms are the woman she most cares about, facing the pale cherry blossom lips of Wei Yuewu, the thinned lips are gently covered ...

Chapter 738: Do n't put it at any time

The kiss dropped gently, with surging emotions in tenderness, that strange feeling almost turned Yan Huai's restraint into ashes ...

The corners of the lips depend on each other, and even if it is only a light touch, it seems to touch the soul!

Wei Yue Wu looked at Yan Huaiyu as if she was stunned, and looked at the face of Junmei Ruyu in front of her, even a pale flush appeared. His breathing was quick, and her narrow and gorgeous eyes, Wei Yue Wu was locked tightly, as if she was afraid she would run away.

A soft kiss, then Yan Huai's head caught on Wei Yuewu's neck, he couldn't see the expression on his face, but you could hear him breathing slightly, which was the same as his usual cloudiness. The wind is light, as if nothing has been noticed, completely different, even very different.

Neither of them spoke, the room was quiet, and they could hear clearly the intertwined breaths, and there was a feeling of intertwining souls.

Wei Yuewu's body slowly relaxed, and the sense of touch at that moment almost made her senses completely fail. She could only stare at Yan Huaiyu with her eyes wide open. She didn't know how to deal with it. I had already dissipated somewhere. Only by tightly pulling the clothes of Yan Huai's chest, I could stabilize myself.

Yan Huai would also hold her before and kiss her forehead and hair, but it seems different from today. There is an unclear feeling flowing between the two people.

The nose and wings were full of Yan Huai's clean and clear breath. The feeling just before was still on the lips of the cherry blossoms, Wei Yue Wu bit her lip, and slowly leaned against his arms.

Tell yourself clearly that the man in front of her is her husband, and she likes him!

I do n't know when she would like him!

The heart was softened by a gentle kiss ...

"Dance, no matter what, remember me!" A gentle voice sounded in his ears, with a low-pitched voice, different from his previous cleanliness, but with the ultimate domineering and petting, nothing hidden .

Yan Huaiyu never hides his likes, and this statement is just a fact. Since he likes them, he will not let her suffer again, and will shield her from the wind and rain.

Wei Yue Wu didn't know what to say, just subconsciously pulled Yan Huai's clothes tightly, leaned against his chest, listening to the powerful heartbeat on his chest, and then closed his eyes slowly, feeling very peaceful, It seems that it has never been so peaceful. The long eyelashes flickered twice. After the excited heartbeat calmed down, there was a feeling of drowsiness.

Very calm, without a trace of panic and fear, as if there was no need to be afraid as long as the person was there.

The two people hugged each other so tightly, the wind raised the bead curtain of the window, and a pair of people like jade made Zhuyu lose its color, but it was so close and perfect!

"Wuer, don't let go of my hand at any time!" Yanhuai suddenly said softly after half a ring.

Wei Yuewu's face froze for a moment, and she suddenly thought about something. She opened her eyes, and her long butterfly-like eyelashes flickered twice. She sat straight up and pushed away Yan Huai's. She looked at Yan Huai and asked, "Is something wrong?"

"It's nothing! Anything can happen, but I'm afraid you'll listen to your father's words and run back. Your father didn't look at me so easily." Yan Huaiyu's voice lengthened a bit, and the lips of her beautiful face drew an elegant smile, stretched out a hand, took a cup of tea from the case on the side, took a sip, and set it aside.

Wei Yuewu's blushing turned out, this person is becoming less and less particular, and she is drinking her tea cup.

Wei Luowen saw that Yan Huaiyu was not pleasing to his eyes, and it was not a day or two. It can be said that except for the time when Yan Huaiyu was willing to celebrate Wei Yuewu, he looked good, but at other times he looked at it. Uncomfortable.

"My father would not do such a thing, and this marriage is still the will of the queen's wife!" Wei Yue Wu Jiao cried.

"It's impossible to say, your father is not a timid master!" Yan Huaiyu's eyes were slightly curved.

He also had no good opinion of Wei Luowen, and raised his own daughter to someone else's house. Even if he liked it, he did not dare to say it. He even lost his daughter whom he most wanted to love. From this point of view, Yan Huaiyu really thinks Wei Luowen is not enough men.

Too many worries or incomplete thoughts, so that his young daughter is in danger again and again.

If this matter has nothing to do with Yan Huaiyu, he certainly doesn't care, but this person is the one he cares about, and he feels the same to Wei Luowen.

Of course, the generals are not timid, Wei Yuewu gently pushed him, trying to stand up from him, the posture of two people is really too shameful, and then think about the behavior of just before, it is more and more not Excuse me.

Yan Huaiyu let go gently this time, but he knew that if his little fox was stroking a few more times, he would become embarrassed and angry, and of course he would have to take care of her color and not continue.

However, with regard to Wei Luowen, he did not talk nonsense, who dare to send his son into the palace, this courage is really gone.

In some words, his own little fox may be unclear in the game, but he is here to point out slowly.

No matter what Wei Luowen wants to do, if he wants to dismantle himself and the dancer, it is absolutely impossible. The dancers in this life are all their own, and they can only be their own.

Compared to calculations, Yan Huaihan didn't think she would lose to Wei Luowen, at least she would protect the one she liked, and she would never let her follow the old path of Mrs. Huayanghou.

Your own people will naturally protect themselves, and they have the ability to protect themselves ...

"No matter how bold you are, you can't do such a thing!" Wei Yuewu took a sip of her mouth and took a sip of tea. After drinking, she lowered her head, only to find that she was actually the one held by Fang Caihuai. Cup, flushed for a moment, "You ... what are you talking about!"

"Tomorrow the second prince will come to the house. If you feel Wei Qiufu is in trouble, you can let her go out." Yan Huaiyu gave a low cough, hiding the smile under her eyes, and said softly.

Of course I can't mention it anymore, the little fox will press his head down to the table quickly.

After listening to Yan Huaihan's story, Wei Yuewu only raised her head slightly. When he saw that he only looked at himself, it seemed that he hadn't noticed what happened. Maybe he didn't notice it, and his face was slightly better. The force refocused on Yan Huaiyu's words.

"The second prince hasn't been unable to get up all the time. What will he do here?" Wei Yuewu asked in amazement.

If you say who is the lowest key in this capital, Wei Yuewu really can't think of anyone else except the second prince who has been ill and said to be unable to get up.

This man couldn't get up all year round. He got up very hard last time. It is said that because of Wei Yuejiao's illness, he was ill. He hasn't been out of the palace until now. He won't attend even the grand banquet.

But Wei Yue Wu has seen the second prince in secret more than once.

This one is not a part of the family. His biological mother is the concubine, who ranks first among the four concubines, and is considered to be the first person under the queen. , Never met her.

It is reported that she was still a niece of the queen mother-in-law, and it was originally expected that she entered the palace and became the first concubine.

I just heard that I also hurt my body when I was raising the second prince. I usually live in simplicity and obedience, which is very similar to the second prince. When something happens, I just sit in the queen's palace. Do not offend.

Such a pair of mother and child should be regarded as the most secure pair in the entire palace, but in fact it is not the case, the second prince is not a good master.

This person who had never attended the banquet suddenly came to the State Mansion of Yan State. How could he not doubt Wei Yue Wu, and how the second prince did not seem to be a good thing.

"He said that the imperial doctor in the palace was helpless with his illness, so he wanted to ask our senior doctor in Yandi to see it. I don't know if there are some good prescriptions, which can diagnose his illness!"

Yan Huai leaned back lazily, and her beautiful eyes were a little deep, but her light smile seemed to be a little seductive.

"Isn't he really sick?" Wei Yuewu thought and wondered. In Wei Yuewu's opinion, the second prince, apart from being more tender and beautiful, didn't really see any other illnesses. Moreover, From time to time, he was seen going out.

"He's ill ... but it's not just ill!" Yan Huaiyun's expression remained unchanged, and he smiled and glanced at Weiyuewu's pointed, "So he's really not afraid of watching!"

Not just sick? Afraid to see? Wei Yuewu's mind flashed through something, blinked her eyes, and then said, "He ... wouldn't it be poison?"

A very good person is actually sick, and has been sick for so many years, but he looks privately, his spirit is good, Wei Yue Wu will not forget the scene, the palace maid did not even hum The intensity of his death in his hands was not as capable as that of a long-sick patient.

Yan Huaiyi smiled slightly, "It should be, but the palace has always claimed that the second prince was born weak, so he has always been ill, but since the second prince took the initiative to go out to the doctor for treatment, it seems that the second prince also Can't stand it! "

Wei Yuewu frowned slightly, this politely asked: "Then what is he doing here? He can go to other provinces, or someone else is more willing to treat him!"

Wei Yuewu's sensitive investigation of the second prince was a trouble, and it was not a good thing to go anywhere. In addition, I saw him a few times, and was intuitively disgusted.

"Don't worry about him. Since he loves to come to me, the Physician of the Yan Guo Gong Mansion here also handles it according to the truth of the matter. Nothing is more!" Yan Huaiyun said with a smile. With a touch of sarcasm, he really wasn't afraid that the second prince would be in trouble. The chaos in the capital was only good for him.

The quarrels of the Quartet, everyone played together, and at this time, the situation was more favorable for him.

"You will let the kitchen prepare a little lighter tea and fruit tomorrow, as for the rest, do n't worry about it. Of course, if your four elder sister meets him, it has nothing to do with us!" Yan Huaixi smiled lightly , Lazy look.

Will Wei Qiufu come out and meet the second prince? Weiyuewu was stunned, but then she suddenly smiled.

Wei Qiufu is not a peacemaker, and in Wei Yuewu's opinion, he is a master who is used to calculating women. It seems that every time he sees that he is trying to meet with a woman, often things about him are related to him. Things,

The so-called tryst is no longer an ordinary tryst.

These two people met together, it is very good, born a pair, it is they!

Shui Yan's eyes narrowed slowly, revealing a hint of deepness: "I was still thinking about how to deal with Wei Qiufu. In this case, let the second prince deal with her!"

"Tomorrow there are some scenes to appear. Do n't go to the back garden if Wuer is okay. I'll be there for the guests. The other is nothing, it's bloody. It will scare Wuer!" Yan Huai said lazily, The smile on the corner of the lips is a bit cool and demon ...

Chapter 739: Twins who want to be sent to the State Government

"Well, I'll take them in tomorrow?" Under the lamp, Wei Qiufu's face looked a little pale, and his eyes fell on the two dressed-up people on the opposite side, and the flashing eyes were not all likes In fact, she can't like it, even if these two are just a ring.

But the servant is strong and the master is weak. It is not a pleasing scene to look at, let alone this master is always a strong Wei Qiufu.

The two women are both dressed as girls, but the whole temperament is completely different from the ordinary girls. Between the eyebrows, there is a bit of enchantment and gorgeousness, and the two are identical twins. They look more beautiful. Absolutely similar, and this similarity is impossible to find among the sisters of different people.

A pair of beautiful twins, such a look, even Wei Qiufu is incomparable.

"Yes, this is what the queen queen ordered. Miss Four, as long as this matter is done, the queen queen said that your place in the palace will definitely mention it, and I must give you a concubine. , Even the concubine is higher than you are now! "

Wang Ye said with a happy expression, she can now be regarded as Wei Qiufu wholeheartedly, but devoted to Wei Qiufu wholeheartedly.

"It wasn't said before that two palace maids were sent to the Yan Guo's Mansion, but they almost died at the Yan Guo Mansion. These two ..." Wei Qiufu didn't really like this, and she looked more than her. Excellent woman, this will look at the two women up and down, with a little disgust in their eyes.

If it wasn't for the queen, she really didn't want to bother with it.

However, thinking of Queen Tu 's promise, she could n't help but moved into the East Palace, which represented the starting point. The higher the starting point, the higher the height that can be reached in the future. Under such conditions, how can she not move, let alone enter After the East Palace, if you can get close to the queen maiden, it will only be good for her, and no harm.

The prince was born to the queen.

So what Queen Tu asked her to do, she had to do it.

"Miss Four rest assured, even if the two of them are unsuccessful, they have nothing to do with you. The queen means that they are brought into the Lord of Jingde County. You can also go back and see Miss Lin from Yandi, this Lin The lady is really too mysterious. If you can inquire about her one or two points, it is also good. The queen lady will appreciate you. I heard that Miss Jing also wants to inquire, but she also returns without success. When this is done, the queen lady will definitely look at you! "

Wang Yan is a talking person, and in a few words, Wei Qiufu understood that the women sent in the two palaces were unsuccessful, but they were just two people who misunderstood Wei Yuewu. It's her own place. If the queen's maiden can be satisfied, it won't matter about these two girls.

This family lady, Lin Lin, has a lot of rumors among the families in Beijing, but no one has known her all the time. Even her looks are in the clouds and fog. The woman with the word "dance", and this woman is still the daughter of Yan Diyan's family.

But for the other, I know nothing.

Even if there is news and legends over Yandi, it is just that there is such a woman, and the others cannot be inquired at all. It seems that she suddenly appeared, but it disturbed the peaceful water in Beijing. She was curious about her. Not a few.

"This ... the two really can hold Wei Yue Wu?" Wei Qiufu looked at the two women in doubt, and frowned tightly.

"Absolutely yes, the identity of the two of them is actually different ... If the people of the Yan State Mansion saw it, they would certainly attract attention. This was found by the queen mother and mother with great efforts, and she did not pick up in the palace. , I'll send it directly to you, hoping to send it to you from the State Mansion. "

Wang Yan lowered his voice again and whispered into Wei Qiufu's ear.

Wei Qiufu groaned a bit, that is to say, the two women are not palace maids. They have been in Huayang Houfu for a few days, but they did not appear in front of the crowd. The reason why Wei Qiufu must go to Yan Guogong Government, it is because of them.

However, the original plan was to let Wei Qiufu live in Yanguo Mansion for a few days, so the two of them will have more opportunities, but now because of Wei Yuewu's dodge, they can only go for one day. Wei Qiufu doesn't know these two There is no way for the individual to attract the attention of Yan Huaihuan. What kind of beauty has never been seen, even Jing Wenyan can't seem to make him shake.

Although these two are long and beautiful, they are not as beautiful as Jing Wenyan, let alone in terms of temperament, they are worse than Jing Wenyan. If you say It's rare, it's just the beauty of two people.

I do n't know why the queen mother is so confident. I think these two must be liked by Yan Huaihuan. Wei Qiufu secretly poked her lips, but her face was not visible. No matter what, this was what the queen asked her to do. As for these two women, they are out of use, but it is not their own business.

Send the person to the gate of Yanguo Mansion, the others can't control it.

"You can pack up first, and we will go to Yanguo Mansion tomorrow morning!" Now that everything is over, Wei Qiufu knows that it is useless to say anything, so he waved his hand.

"Yes!" The two women saluted her respectfully and went out casually.

However, this attitude looks respectful, but there is no real respect in the bones. The woman walking behind has even squinted a glance at Wei Qiufu.

Wei Qiufu, who only looked at him, became cold. Can such a person really be able to do something when they are sent to the State Mansion?

"Miss, miss, slave ... slave sees Miss Er ... it's Miss Er ... really sees Miss Er!" Ming Yan ran in panic, lifted the curtain, her face turned blue with a little Sweating.

It was only at the order of Wei Qiufu that she explained to Mrs. Tai the matter that she would go to the State Government of Yan Guofu, and said that Wei Yue Wu had also agreed to it.

Unexpectedly, when Mrs. Tai's Jingxinxuan saw Wei Yan, panicked, even what Qiu Fu ordered, also forgotten, and hurriedly turned back and ran back to Wei Qiufu's yard. When she came in, she felt weak and weak. The person who died already appeared in front of her, and she was much fatter, which made her not surprised.

"Wei Yan?" Wei Qiufu also froze for a moment.

"Yes, it's Miss Er ... It's really Miss Er, slaves can see clearly. It's under the flower tree in the yard. The flower blossoms very well. Face, look ... it looks terrifying, and there seems to be blood on the corners of the lips. "

Ming Yan's incoherent way.

She was really frightened. It would only feel that her face was Wei Yan's white face. How could a good person's face be so white? It must be Miss Ghost's ghost who came to herself. What she thought in her heart became more and more apparent. My heart was a little panicky.

"You're seeing it, isn't Wei Yan dead!" Wei Qiufu interrupted Ming Yan with disappointment, his eyes flashed sharply.

In Wei Yan's view, this is simply someone who pretends to be a ghost, whether or not such a thing happens.

"But ... but on Mrs. Tai ... Ms. Er, really Ms. Er, even if she is a little fat, that's Ms. Er!" Said Ming Yanyan, Wei Luowen or could not recognize Wei Yan They lived in Houfu of Huayang for a long time and grew up together since childhood. There is no one who can recognize Wei Yan there.

After gaining weight, Ming Yan still recognized Wei Yan at a glance.

Only when she was Wei Yan was a ghost leaning out from behind the flower tree, but she didn't know that Wei Yan was standing under the flower tree and could hear the sound of the gate of the courtyard. Then she turned around and happened to look at Ming Yan.

Ming Yan only saw Wei Yan in her eyes, and where else could she see clearly, this would look at Wei Qiufu and anxious: "Miss, really is the ghost of Miss Ming Yan. If you don't believe it, you can go and see ... "

Ming Yan was really frightened, and he still stuttered when he could speak.

"Go and find out if something happened!" Wei Qiufu asked indifferently.

"Slave ... Slave ..." Ming Yan turned pale and could not move.

"Come on!" Wei Qiufu's face sank, and she reached out and pointed to Jingxinxuan, "Not yet!"

Seeing that Wei Qiufu was really angry, Ming Yan didn't dare to stop, and hurriedly turned back to go out again. This time, she could see clearly, and also made a clear call to report Wei Qiufu.

"Wei Yan actually went back to his house and wanted to recognize Erbo as his father!" At first hearing Wei Qiufu, he took a puddle and ridiculed and laughed, "It's really ridiculous, and Huayang was so good before Miss Hou's second lady was improper, and she didn't know what to think of, and she went out, she would know she wanted to return to this second lady's identity! "

Regarding Wei Yan, Wei Qiufu always looked down, but only felt that Wei Yan was extremely stupid. He was obviously a good card, but it was bad in her own hands. If she has such resources, she won't do anything now. To her point. ,

Jingyuan Hou is good, but he has a marriage contract with Wei Yuewu. Even if he grabs it again, he doesn't think it's good. There are so many noble children in Beijing, even so many princes. I don't know which one is Wei Yan. His eyes were blind, and he must fancy Mo Huating, even at the expense of him.

Even though Mo Huating had unequivocally refused her to marry into Jingyuan Houfu before.

Wei Yan is just a joke, a joke from Huayang Houfu. Now this joke actually wants to come back again. Wei Qiufu feels it is a shame for Huayang Houfu.

"What does that grandmother mean?"

"Slave inquired that this matter had something to do with Hou Ye, but Hou Ye didn't propose to let Miss Er go back to her house, but only said how to keep up with an unidentified woman she met. The master insisted on admitting it, and Mrs. Tai couldn't make up her mind, so this would be deadlocked! "

Since it is not a ghost, Ming Yan is certainly not afraid. Jingxinxuan is quite big and quiet. For the first time, the second master has disobeyed Hou's intentions and scared many subordinates.

"Of course, the second uncle must recognize Wei Yan, always his own biological daughter, but the uncle is afraid that it will not be easy to agree so much, but it is a good show, Ming Yan, go to my mother, do n't let My mother went to the water this time, so do n't let my father pass by. This kind of thing will help me more and more! "

Wei Qiufu looked at Jingxinxuan and said silently.

The big room and the second room are noisy. The more troubled they are, the better it is for the third room. You just have to wait and see how it changes and join in at the appropriate time.

Before Wei Yuewu's assassination in Beijing, she also said a few more intimate words in Wei Yan's ears at the appropriate time. Wei Yan decided to start with Mo Huating, but speaking, whether it is Wei Yan or Mo Huating, Useless, in that case, actually let Wei Yuewu escape her life.

Thinking of this, Wei Qiufu could not help showing a bit of hate on his face. If Wei Yuewu died then, everything after that would not happen.

"Wei Yan is the original Miss Two?" Wang Xi from the palace apparently understood something, and came over to ask.

"It's my uncle's sister-in-law, Princess Nan'an's sister!" Wei Qiufu nodded. "But watching her make trouble, the bigger the trouble, the better. If Wei Yan enters the house, Wei Yue Wu Ji Wu Ji will be restless! "

"Miss Four, in fact, we can also ..." Wang Yan leaned his head and whispered, Wei Qiufu nodded as he listened, the beautiful face under the light was a bit vicious ...

Do you have a kick at this time? If it is favorable, it is actually good ...

Chapter 740: Here comes the second prince, here comes Wei Qiufu

Wei Yue Wu received the news from Houfu of Huayang in the morning, and it was a message from Wei Luowen's little sister-in-law.

It was exactly what happened yesterday.

He said that on the way to Meihuayuan, he ran into a woman who was very similar to Wei Yan. Wei Luowu wanted to recognize this woman as a daughter to make up for Wei Yan's regrets at the time, and asked Wei Luowen to go back to his home and go to Tai Madam resigned in order to get Mrs. Tai's consent.

Wei Luowen himself said that he thought about it in the study, and felt that the woman was suspicious, and felt that a woman like Wei Yan had re-entered the Huayang Hou Mansion, which would make Wei Yuewu dislike, so she went directly to Mrs. Tai and took this. After that, please ask Mrs. Tai to stop Wei Luowu's thinking.

Originally thinking that Wei Luowu must be a top-ranking member, even if he wanted to be bad at that time, Mrs. Tai said that she would wake up and agree to it, but she would n't agree with Wei Luowu when she came back, and she directly said that. The woman took her to the place where Wei Yan lived and said she must recognize her daughter.

Wei Luowu This is a picture that he cares nothing about, and he wants to think that woman is like a daughter. Wei Luowen flung his sleeves away at the time, and only said that it had nothing to do with him. Since Wei Luowu had so determined, he It's hard to say anything, but this is just Wei Luowu's meaning.

Although he was an elder brother, he could not prevent his brother from accepting his daughter, but he would not care about it, and Wei Luowu loved it.

Mrs. Tai later sent Acer to persuade him to say that Wei Luowu was also a worried daughter, so she urged to say something like this, so that Wei Luowen and Wei Luowu calmed down. Let's calm down and talk about it better.

Since Mrs. Tai said so, Wei Luowen naturally didn't say anything, but she breathed in her heart in a breath. The more she thought about it, the more she felt angry. In fact, it did n't matter much to him. He went and said, in the end it seemed like he didn't let him recognize him.

In fact, Wei Luowu wanted to admit it, but he just recognized a righteous daughter and had little relationship with himself. But now it seems that he does not let him recognize him. It seems that only if he agrees, Wei Luowu will admit it. under.

Wei Luowen didn't like this feeling. If you think about the woman of unknown origin, she looks like Wei Yan. Wei Yan is the person who hurts her daughter. If you think about how you like it, you don't want to recognize it.

Afraid that Mrs. Wife would come to Weiyuewu here, Wei Luowen sent someone early to make it clear that Weiyuewu was mentally prepared.

Wei Yue Wu was drinking tea while listening to Xiao Yan's message quietly. Xiao Xiao was very clever and almost made things clear at the time. In some places, she even spoke eloquently, even Wei Luowu's tone and expression were imitated. It was excellent, and a few people in the room couldn't help laughing.

"Go tell your father, just say what I said, it has nothing to do with my father. Whether the woman is a real second sister or a fake second sister, it has nothing to do with my father and me. The woman I know, the second uncle actually makes such a terrible noise, it looks a bit like a father and a daughter who are affectionate and close to each other! "

Putting down the tea cup, Weiyuewu raised her droopy eyes, slightly twitched her lips, and a touch of cold smile.

Want to recognize Wei Yan, and want my father to propose, Wei Luowu over there is really thinking!

What she has to do now is to let her father doubt Wei Luowu's behavior and wonder if Wei Yan is really not dead. The fake death before was just death and it was deliberately shown to her.

As long as his father suspects that this person is really Wei Yan, he will doubt about Wei Luowu.

Wei Yan's affairs have been linked to Wei Luowu. Others don't know if this person is his own daughter. Does it mean that he will not recognize the wrong person when he is a father.

Moreover, with Wei Yan's mood, he can't do this detailed calculation, and the calculation is still his father. No one except Wei Luowu really knows his father's whereabouts.

"Yes, the county master, the slaves will tell Hou Ye soon, they must say the original words of the county master!" Xiao Yan was very clever and straightforward.

Wei Yuewu nodded, Xiaoyi backed out, and went back to Hua Luowen to report to Wei Luowen.

"Master, didn't Master Er want Hou Ye to propose to recognize Miss Er before he recognized him again? How could he stand up against Hou Ye?"

When Xiaoyu left, he asked at the end of the picture.

"He had to do this, the arrows had to be fired on the strings!"

Ask the father to go down the mountain and tell Mrs. Tai to recognize the daughter. If the father really says it, it will become the father's body. When Wei Luowu goes out, it can be said that the father let him recognize him, just like him. He didn't want to admit it, but his father's intentions made it difficult for him.

In the future, it was said that Wei Yan was the former Wei Yan, and he could push it all on his father.

But his father didn't want him to think of Wei Yan. This was unexpected, but Wei Yan had already entered the house, and then sent it back, but it was revealed. This will be recognized and recognized, so Wei Luowu knew it. Violate my father's intentions, we must recognize people.

Needless to say, Mrs. Tai is also well-known. She is hiding only her father. She wants to recognize Wei Yan, but she also wants to put the responsibility on her father, so she comes forward to reconcile and say something. Time again, it was clear that Wei Yan was directly admitted to Huayang Houfu House. After a while, his father was not so opposed, and the prince came forward and told his father.

With his father's temperament, if Mrs. Tai appears, it is very likely that this matter should be dealt with!

Therefore, Wei Yue Wu specifically asked Xiao Yan to bring such a few words.

Even though his father valued Mrs. Tai too, she was not stupid. Wei Luowu's behavior was abnormal enough. It is impossible for a master to be so handsome. Besides, Wei Luowu was still a genius. Why did he believe such things?

If it's not fainting, there's really something!

I believe that if my father goes to check carefully, he will definitely find out. The identity of Wei Yan Mo Huating's chamber is not difficult to check. Wei Luowu did not intend to conceal this identity before.

However, because of his father's reaction, Mo Huating will not be mentioned again, so as to avoid greater resistance from his father.

What's urgent is the pair of father and daughter in the second room, but they and their father are not in a hurry, but see how they are upset next ...

Wei Yan wants to officially enter the gate of Huayang Houfu House.

She used to plan herself, but now she is a plan father, so she will let them know what it means to accompany his wife and die!

"There's nothing to worry about, let's hang for a few days first, it's not us that's always anxious!" Wei Yuewu stood up, walked to the window, looked out, and asked, "The second prince actually has already coming?"

"Yes, Shizi specifically instructed the master not to go to the garden." Jin Ling only returned from Yan Huaiyuan and nodded.

"How many people are there?" Wei Yuewu swept a flower outside the window, and water eyes fell on a butterfly on the flower, and her long eyelashes flickered twice.

"There are many people, and there are several guards, plus a large group of court ladies and house servants are even bigger than His Royal Highness' rules!" Jin Ling watched the second prince entering the house before, and stood aside clear.

"Bring a lot of guards? This is because I'm afraid that I will be in danger in the Yan State Mansion. The second prince will really show it to others!" Wei Yuewu sneered and turned to sit on the side table again. "Come here with such fanfare, and brought so many people, it is clear that they did not trust us, but had to come over to seek treatment. This is for the emperor to see. He is also compelled to come to the Yan State Mansion!"

Wei Yuewu has always been uncomfortable with the second prince, and the Yin is a poisonous snake hiding in a hidden corner.

Even when he came to the state government, he was actually tripping up to Yan Huaiyu. This is what makes people see that the state government is actually very dangerous.

However, all of this fell into Yan Huaiyuan's calculations early. The second prince must have been extremely "satisfied" if he wanted to come today!

"Master, Miss Four is here, and she also brought two girls, but not the bright geese who serve her on weekdays!" Shu Fei came in and lifted the curtain. She was waiting for Wei Qiufu at the door, Wei Before Yue Wu, she said that Wei Qiufu would come early today, but she didn't expect to come early in the morning.

"Not Ming Yan?" Wei Yuewu frowned. Although the big girl ring next to Wei Qiufu was not just Ming Yan alone, the most confidant was Ming Yan, who carried Ming Yan almost everywhere. Mingming Yan brought the other two girls into the ring, which is abnormal.

"What kind of two girls?"

"The two girls rings are twins, they are very bright and beautiful, they look better than Miss Four, and they are bold when they look at people. They are not like the ordinary girls ring dodging, and the slaves think that the two of them are not ordinary. The girl ring. "Shu Fei thought for a while, and she was also curious about the two girl rings brought by Wei Qiufu, and looked at them a few more times, but the two girl rings were so straight. Look over.

Don't evade and avoid, as far as momentum is concerned, it is no worse than Shu Fei.

And there is also a faint aggression, although the performance is not much, but the book Fei just feel that these two girls ring disdain themselves.

Shu Fei used to be the big ring next to Miss Huayang Houfu Liu, and later was the big ring next to the Lord of Jingde County. Now she is the big ring next to Mrs. Yan Guogong's wife. This behavior is not long ago. The average girl ring can be compared, even if it is the Qianqian Miss of the ordinary family.

But those two stared at the book unwillingly.

"Now outside the courtyard?" Wei Yuewu asked indifferently.

"Yes, the slaves let them wait outside the courtyard!" Shu Fei nodded.

"Go and invite Wei Qiufu to come in. Since she must enter Yanguo Mansion, let me see the purpose of her trip!" Wei Yuewu nodded.

Seeing Wei Yuewu look like a bamboo in her chest, she smiled lightly, and she felt in control of everything. Shu Fei was relieved, but she clearly felt that Wei Qiufu was not good, but Now that everything is understood in the Lord's heart, this heart has also let go.

As for Wei Yue Wu, several close-knit people around her were unconvinced.

Wei Qiufu walked in with the twins.

"See Six Sisters!" Wei Yuewu's status is far higher than Wei Qiufu. Even though Wei Qiufu is an elder sister, this necessary etiquette is still required.

But she just bent over a little bit here, thinking about the meaning, but at the bottom of her heart, she didn't have the intention to salute Weiyue Wu, and thinking about Weiyue Wu wouldn't let her give her enough.

What would like to sit on the top of the moon dance is still waiting for her salute, Wei Qiufu's silver teeth bite secretly, but had to put a full salute.

"Four sisters are polite, please sit down!" Wei Qiufu finished his ceremony, and Wei Yuewu only slightly pointed at the chair on one side.

"Yes!" Raising Wei Qiufu's face still with a smile on her face, "Thank Sister Liu!"

The two twin sisters also looked up and followed behind Wei Qiufu.

"Well, you ... aren't you ..." A woman who stood at the door waiting saw the twin sisters and screamed ...
