

Young Lady 761

Chapter 761: Qi Yunhao's "Goodwill"

At the Qinghe courtyard, Weiyuewu took a break and went to the flower hall in front of her to feast on Mrs. Tai.

The feasts of the female dependents were placed in the flower hall. Some ladies and young ladies saw Weiyue dance coming out, and many people greeted them with a smile. They also wanted to ask what was happening. Fortunately, Weiyuewu was well prepared and coped with it. Push things over.

Not long after, Mrs. Tai returned.

The banquet kicked off, and everyone was very happy. No one mentioned it again, as if it had passed without trace.

A group of guests ate, unknowingly it was afternoon and some people left, and some relatives and friends would stay for dinner, so they didn't leave.

As the daughter of Yiwei Yuewu, she does not leave, but as her wife of the State of Yan Guogong, she can leave. Wei Yuewu is hesitating, but she sees a woman hurriedly: "Master, Shizi asks Can you go now? "

The mother-in-law on the palace of the State of Yan will be called the master of Weiyuewu. This is the wife who came along with Weiyuewu before and stayed in the carriage.

"Shizi hasn't left yet?" Seeing the mother-in-law's hurried appearance, Weiyuewu's instinct was not good, Liu Mei frowned. As previously said, Yan Huaiyu was unwell and naturally left first, but this will not Leaving, it is obvious that something happened.

The mother-in-law looked at no one left and right, took a step forward, and walked up to Wei Yuewu and said lowly, "Master, those sons stopped us from leaving us!"

Which sons?

Wei Yue Wu groaned a little, then understood what the so-called sons and daughters look like, and looked at the embarrassment of the mother-in-law.

It would be impossible to say that Lu Yili had forced Yan Huaiyu from them, but sometimes, Yan Huaiyu was inconvenient to leave.

"I'm not very healthy, and I'm going back!" Wei Yuewu had a conclusion in her heart and nodded and smiled.

Turning around and instructing Jin Ling to call Acer, saying that he was unwell and wanted to go back, naturally Acer agreed.

Although Wei Luowen was newly married, Wei Yuewu did n't go back so early, but Wei Yuewu is now in a special situation. Not only is she in poor health, but she also took the Yan Guogong Shizi to support Hou Ye today. Of course, you need to go back early, and Mrs. Tai and Wei Luowen also prepared this early.

Acer also knew about it, so Wei Yuewu said so, and he agreed incessantly, and sent someone to take Wei Yuewu to the outer courtyard to find Yan Huaiyu.

The outer courtyard is lively.

There are a lot of people here today, and they are all top noble families.

On the one hand, of course, the Wei Luo text is a high weight. The two brothers of Huayang Houfu are both dignitaries and one martial artist. They are all in the same dynasty. Now that there is such a happy event, everyone will come together. Join the fun and be happy.

The main thing is that the guests who come to Hershey today have a particularly high gold content.

When the prince came with the three princes and four princes, all the four sons of the four princely places also came.

With so many heavyweights coming, the entire wealthy family in Beijing has made a sensation. How can they not come.

I might have planned to come with only one or two, and because of such a large lineup, I could come more. Previously, because Wei Luowen was just remarried, and it was not like a big deal, everyone didn't take it too seriously.

But I heard that Prince Edward has come here. Who else dare not come, the budget is not enough for the opening of the Chinese Yanghou House. Fortunately, the Huayang Hou House already has a way to deal with it. It took more than a dozen tables to make everyone round.

However, this separates people from each other.

A flower hall could not be placed, so several banquets were divided.

In the largest flower hall, the prince Wen Tianyao sat on the front table, and he sat first.

Sitting in this position as a prince, originally was supposed to be, but Wen Tianyao, who is sitting in this position now, feels like sitting on a needle and felt uncomfortable.

It would not be a pleasant thing for the son to sit at the wedding banquet of his own father, and still be in the first place.

The biological mother died prematurely, the biological father remarried, and the son sat on the chief. Wen Tianyao picked up a glass of wine and poured it down severely. Then, instead of waiting for someone to come down, he poured another glass and drank it. , And then a cup, was trying to drink again, but his hands were held down by the three princes.

"Brother, since Brother is happy for Huayang Hou, he can't drink too much." The three princes understand Wen Tianyao's mood, but this will not be straightforward, and can only be implicitly persuaded.

Truth, sometimes it really hurts!

If Wen Tianyao doesn't know anything, it must not be the way he is now. At this moment, there is a deep flash of light in the eyes of the three princes, and there is even a feeling that he himself is telling the truth.

"I'll have another drink!" Wen Tianyao pushed away the hands of the three princes, stubbornly picked up the wine glass at hand, and drank another glass before putting down the glass in his hand.

The three princes still wanted to say something, but when they saw that Wen Tianyao didn't want to drink any more, he stopped.

The four princes pulled the sleeves of the third princes, looked over to look concerned, and gently asked, "What's wrong with the emperor?"

"How come, Brother Huang is very happy today. On the one hand, he is the Minister of Central and Central China, and the new wife is the daughter of Master Tai. Where can Brother Huang be unhappy?" A glass of wine, one drink, then nodded: "The wine in Huayang Houfu is good."

"Really?" The four princes glanced dubiously at his two brothers, and picked up a glass of wine. After tasting, his eyes lightened: "It's really good!"

After talking, I drank.

The actions of their princes did not attract the attention of others.

Yan Huaihan leaned halfway on the chair bar, and he wore a thick big coat. The rest of the season was very out of place, but his pale face and semi-recumbent posture, although leisurely, were somewhat unnatural. , I knew that the injury on this son should not be complete.

At this time, it must be because of Wei Yue Wu.

However, I can't see that the son of the state of Yan Guo, who has always been like a cloud, would really care about the Lord of Jingde County.

Of course, it's not clear whether this really cares or it does n't care, or if it's for outsiders, it's really hard to guess the mind of this son, no one can guess what he thinks, His psychology can only be speculated from the clues he showed!

"Yan Shizi, what kind of injury medicine do you need? If not, there are some in my house!" Lu Yanli looked up and down Yan Huaiyun, and asked.

He is actually skeptical of Yan Huaihuan's injury. If Chu Fangnan and Qi Yunhao were injured, she does n't think it's strange at all, but Yan Huaihuan will be injured, and she almost lost her life. Lu Yuanli is always skeptical.

Of the four, Yan Huaiyu was the oldest conspirator.

Does Yan Huaiyu really go to rescue a second prince who is nothing, and catch up with himself? Can this second prince be so important to Yan Huaiyu?

"Thank you Lu Shizi, I don't really have much to do!" Yan Huaiyu smiled leisurely, as if trying to hide something, but suddenly he covered his chest with his hands, and passed his head to the side, coughing low.

"Shizi, how are you doing?"

"Shizi, are you okay?"

"Shizi, do you want to be a slave before you call the doctor?" ...

He only coughed here, the people around him had been anxious for a long time, one by one came forward to show loyalty, and they could see that they were nervous.

Lu Yili frowned, could it be true?

Yan Huaiyin coughed twice, shook her hand, motioned them all to withdraw, and then slowly released her hand from her chest. Her behavior did not seem abnormal, but how she behaved made people feel reluctant.

Is this really hurt? The eyes of several people on the seat fell on Yan Huaiyu's body, and they looked closely. "Yan Shizi, you are injured, why do you still use such rough-handed people around you? Looking at them one by one will only be panic. It is not very useful. It happens that I have a medical woman here who happened to send Yan Shizi!" Qi Yunhao laughed, patted his hand, and came out from behind a charming woman.

Respectfully saluted him.

"I have seen the son of the State of Yan Guogong!" Qi Yunhao pointed at Yan Huaiyu with one hand.

"I've seen Yan Guogong Shizi!" Said the woman Suona, bending over to the side of Yan Huaiyu.

"Qi Zizi, what does this mean?" Yan Huaiyu's eyes did not fall on her, but fell directly on Qi Yunhao's body, his face slightly changed.

"Send a dexterous medical girl to Yan Shizi. If Yan Shizi is really uncomfortable, she can also help her handle the autumn, and it will be more useful for those who can only follow me!" Qi Yunhao's hand went to Yan With a finger behind Huaiyu, the inner guards bowed their heads in shame even after the guards couldn't help.

They were really panicked, but they just panicked and couldn't do anything about it.

"There are so many women in my backyard, don't need too many!" Yan Huaiyu smiled slightly, a smile on Baiyu's face.

"How many? I heard that Yan Shizi's backyard is all sick and sick. What are you going to do! It's not as good as this medical girl ..." Qi Yunhao said with vigor, saying that his medical girl was better. When I heard it, I heard a cold voice behind.

"What does Qi Shizi mean? Are you cursing us? Doesn't it feel like we're all going to die, so you send a woman into the house to occupy a place?"

The crowd turned back and saw Wei Yue Wu immediately.

She came slowly, with a delicate little face with anger, although she was beautiful, but with coldness.

I was sent to the house, but it happened to be seen by the lady in the house. This was actually an awkward thing. Moreover, Qi Yunhao just said something bad about the lady in the house.

"Where did the Lord of Jingde County come from?" Even though Qi Yunhao's cheek was thick, he felt a little uncomfortable at this time, and explained with a low cough and a smile, "I just watched Yan Shizi's health and sent a medical girl into the house. , Can help him conditioning. "

"Yan Guogong 's government has its own doctor, so you do n't worry about Qi Shizi, this medical girl still asks Qi Shizi to take it back by himself 1" Wei Yuewu said lukewarmly, "Please also be careful when you say, No, it has nothing to do with Shizi. Shizi doesn't have to curse us! "

Wei Yuewu was displeased, and she could see that she was in a bad mood. She came over and worshiped Yan Huaiying, and looked at Yan Huaiyun's face, and she was relieved: "Shizi, we can go back. Has the government gone? "

"Good!" Yan Huaihuan smiled gently and nodded.

"Come, help the child!" Wei Yuewu instructed Yan Huai to follow the humane.

When the two guards came over and helped Yan Huaiyu one by one, the people found that although the Yan Guogong Shizi still had a smile on his face, he could see some stiffness, and his body looked stiff.

Frowning secretly, it looks like Yan Huaihuan really hurt this time!

"His Royal Highness, I won't accompany you, I'll retreat first!" Yan Huaiyu stood and then turned around, smiling at Wen Tianyao on the side.

Raise your hand, bow your hand.

This time it was extremely natural, as if there was nothing hurt on his body, and there was no pain in his face. If it wasn't for his face being too pale, he wouldn't really feel hurt.

The smile on Jun Mei's face is still elegant and indifferent, and it's no different than in the past 1

But the more he did, the more he felt the injury was real.

"Yan Shizi go back and take a good rest!" Wen Tianyao looked at Yan Huaihuan, and then set his eyes on Wei Yuewu's body, waved softly.

Yan Huaiyu then took Wei Yuewu to leave the flower hall, because he had been told by Acer before, this will see that Wei Luowen's side is also busy, so he did not leave Wei Luowen directly.

Chapter 762: If we go to the palace and go to the point

"He was assassinated?" Looking at the back of Yan Huaiyu and Wei Yuewu leaving, Chu Fangnan leaned to Qi Yunhao and asked, lowering his voice.

"It looks like it!" Qi Yunhao frowned, staring suspiciously at Yan Huaiying's back.

"Who's who?" Chu Fangnan's face showed a little surprise, which could hurt Yan Huaiyu. Those assassins looked quite strong. He didn't deal with Yan Huaiyu here, but often People have been terminated before they reached Yan Huaihuan, and they have been more honest recently.

The manpower in Beijing is not enough. If they are to be stricken again, Chu Fangnan's own security will not be guaranteed.

So it's been a lot honest recently.

"I don't know, but there are only a few people left!" Qi Yunhao glanced at the people present, several princes in Beijing, and several sons from the land of princes.

Although the second prince himself is not clean, it should be innocent in this matter. If Yan Huaiyu really happens, he is a ready-made scapegoat.

"Why not go deeper!" Chu Fangnan said to himself with regret.

If Yan Huaiyu died, and it was still because of the second prince, then it would have something to do with the emperor of the capital, and it would have little to do with them. Without a competitor, Chu Fangnan felt very good.

"Don't move anything lately!" Qi Yunhao glanced at Chu Fangnan, glared, and then lowered his voice, saying, "Everyone is investigating the assassins, everyone is paying attention to Yan Huaiyu, don't let anyone discover privately. Strength in it! "

"No, have you passed?" Chu Fangnan said puzzledly.

The matter has already passed, and Yan Huaihuan also woke up, and nothing seems to be going on!

"At this time, it's easiest to feel slack, and it's also the most noticeable. Assassin's affairs are so simple and simple? There is no need to explain to Yandi over there, Yan Huaiyu is almost Life is on! "Qi Yunhao gently pointed in the direction of the palace, hinting.

Although Yan Huaiyu was not dead, but this time it was just a little bit, Yan Huaiyu went to Beijing but encountered such a thing, and the emperor had to give Yandi an explanation.

On the surface, this seems to be very loose. It seems that because Yan Huaihuan wasn't in trouble, the entire police force was loosened, but in fact, the upper and lower sides were tighter. At the most critical time, Qi Yunhao always looked farther than Chu Fangnan.

The two people approached again, Chu Fangnan and Yun Hao were regarded as obedient and obedient. This will taste carefully, and it also means a bit of meaning.

He nodded at the moment and said, "What about the two princesses? The palace was dragging. It was originally said that after the four princesses prayed for the mountains and rivers, they decided the marriage, but now it will drag on, what does it mean!"

Since Yan Huaiyun's affairs could not be discussed outside, Chu Fangnan turned to the topic and asked.

Everyone can see that the two princesses in the palace are all Yan Huaihan, but now Yan Huaihan can be regarded as a married person, and this wife was given by the Queen Tu himself, and no one wants to withdraw. It was withdrawn, and the background of defending Yueyue Dance was Huayang Houfu.

The Wei Luowen brothers are also high weight.

Unless there is something big, the position of Wei Yue Wu, the emperor's wife of the State of Yan Guo, is settled.

But in this palace, the matter about the princess is self-explanatory, and I don't know what else is in the palace. Chu Fangnan is very dissatisfied with this.

"The palace can't wait long!" Qi Yunhao smiled Yin Yin.

"Why?" Chu Fangnan froze for a moment.

"The Nanxia ambassador is about to enter Beijing and marry a princess. If you do n't want to go to the land, you must go to marry. No matter what, my Qi and Chu land are always better than the barbaric land. I heard that kind of place is barbaric and uncivilized, and the power of the royal family is not the biggest. When you get there, you don't know how to die! "

Qi Yunhao smugly touched a string of beads on his wrist. As long as the third and fourth princesses didn't want to go out with a marriage, the marriage had to be booked quickly, so that when Nan Xia Guo fancy one of them.

Neither Tu Queen nor Tu Zhaoyi would agree to this.

"What about your doctor girl?" Chu Fangnan nodded, pointed his finger at the doctor **** the side, and turned to the question.

"Naturally, I have to send it. There are many beautiful women, but it is useful to be so beautiful. Yan Huaiyu may not have seen it before. He didn't say no, it was just that the Lord of Jingde County came." Qi Yunhao was proud of himself! Road.

"So, send it again?" Chu Fangnan tempted.

"Send it again!" The decisive voice represents Qi Yunhao's determination. Qi Di's medical girl is so beautiful. Yan Huaihuan can't blame him. He will be hurt. The one he needs most is not a close friend. Medical girl, but also so beautiful, very pleasing ...

"Speaking of the Nanxia Kingdom?" Wei Yuewu on the carriage looked at Yan Huaiyu in surprise.

It was just that this man was lazy and leaned leaning on the couch behind him. After removing the heavy hoe, it was a simple robe of the same color as Weiyuewu, and a lotus embroidered with gold threads on the robe sleeve. There is a delicate beauty in the grain, and his beauty is more beautiful as jade.

"Nanxia Kingdom is coming over soon, isn't my elder brother leaving soon?" He just smiled and said nothing, and Wei Yuewu couldn't help but question.

"It should be in these two days!" Yan Huaiyu nodded leisurely, picked up the teapot and poured two cups, and pushed one cup in front of Weiyuewu. "There will be rewards in the palace these days, you collect That's it! "

"Why is the palace rewarding suddenly ..." Wei Yuewu's sakura lips opened slightly and asked in amazement. When she got married, there was not much reward in the palace. How could this reward be suddenly given? A very strange thing.

"Because I was injured, I almost lost my life. The court always had to make some gestures!" Yan Huaiyong raised an eyebrow, his eyes faintly rippled.

"Just rewarding something?" Wei Yuewu froze for a moment, but didn't respond for a moment.

Yan Huaihuan laughed, stretched out her hand and passed the Weiyue dance, and drew directly into her arms: "Dancer means less things, is it better to go to the palace and go to the point?"

Wei Yue Wu couldn't help laughing, and flushed, pushing him: "I don't mean that?"

"It doesn't mean it, what does it mean, is it ..." Yan Huaiyu looked at Weiyuewu with a smile and looked up and down, and looked like he was still off, but it made Weiyuewu's face flush again and slammed hard. He froze, "I don't mean anything, what do you think of me doing this, weird!"

"Where is it strange, isn't it normal for Xianggong to look at his wife? It's weird to come to me!" Yan Huai said in a straightforward manner, and the outstretched hand was still pinched gently around Wei Yuewu's waist. For a moment, "Wuer, this waist is so thin, the ancients said that the slim waist is flying on the palm, it should be just Wuer!"

"Yan Huaiyu, let's talk about business!" Wei Yuewu became angry and angry!

"Isn't that what we are talking about right now? The matter of this couple is a matter of human relations, is there anything bigger than this!" Yan Huai smirked and scorched, all eyes were filled with smirk. I can see that I'm in a good mood.

Wei Yuewu originally wanted to push him hard, but thinking that he was really hurt before, he didn't dare to force it, just staring at the watery beautiful eyes with a hate and looking at Yan Huaihuan, only sullen. speak.

Talking to this old fox is really long-sighted, and not only has to grow one, but also has a sophisticated skill, and the black-bellied fox has a thick skin.

Seeing Wei Yuewu's embarrassing look, Yan Huaiyu also knew that he couldn't mess with it at this time, otherwise the little fox was going to get hair, and his hand was retracted from her waist, smiling: "Knowing why I didn't leave?"

"Why didn't you go? It wasn't because of the medical girl?" Wei Yuewu was attracted, her long eyelashes flickered twice, and her bright eyes asked with a little doubt.

When she went, she saw that Qi Yunhao was sending Yan Huaiyu to the doctor woman, and said that there was this doctor woman by her side, so it would be safe, and she happened to see that woman.

Big households, in order to help the doctor to see the doctors, will also ask a doctor to come over.

But there are very few medical women, and a doctor who is proficient in medical skills is no worse than a doctor, but not to mention that some doctors are unwilling to teach their medical skills to female doctors, even to their male disciples.

Therefore, there are few medical girls. In addition to the palace, there are no full-time medical girls in the capital.

But Qi land is different. Qi Guogong in Qi land should be more like the king of Qi land.

It's just that this medical girl is so beautiful.

For this reason, she looked at the medical girl a few more times. If it wasn't for Qi Yunhao's saying that she was a medical girl, she wouldn't really know that it was a medical girl, and she would even think it was a maiko sent by Qi Yunhao.

"Qi has a medic girl, and Qi medic girl is very good!" Yan Huai whispered to Wei Weiwu and dropped a strand of hair behind her ears.

"Qi Medical Girl, so famous?" Wei Yuewu said blankly, this was something she had never heard of.

Yandi is more powerful than Qidi, but Yandi is not famous as a medical girl of Qidi.

"The prince who was sent to Qidi was proficient in medicine, and then he developed medicine in Qidi. Therefore, Qidi's medic girls are better known than Jingcheng and other places, and their medical skills are even more brilliant!" Smiled.

"So, do you ... want that medical girl?" Wei Yuewu's eyes widened.

"Of course the medical girl Qi Yunhao sent in naturally wanted!" Yan Huai raised her eyebrows and said leisurely, "I believe the medical girl sent here still has the real material, otherwise he would not dare to bring him to Beijing. "

"Why didn't you accept it just now?" Wei Yuewu's exquisite little face was a little confused and asked puzzledly.

"You can't accept it right away, otherwise Qi Yunhao will have to think if there is anything in it, and not to whom he wants to send, I want it." Yan Huai smiled wistfully.

"So, you are trying to get away!" This is not a question, but affirmation, Wei Yuewu secretly poked his lips, the black-bellied fox apparently wanted what he wanted, but made a look that was unnecessary, and then think about it In fact, he didn't say no, just because of his sudden presence, which made this matter yellow.

Because of himself, Qi Yunhao was embarrassed to send it again, and he did not say that he would take over.

So, in fact, he didn't say anything at all!

This fox ...

Chapter 763: Showdown, inquiries from Wei Ziyang

"So, did you fancy that medical girl?" Wei Yuewu's eyes were clear and her lips were pouting and she smiled slightly.

"Natural!" Yan Huaihuan took for granted.

"What are you going to do with a skilled medical girl, so you won't be afraid that she will know your injury, and report your affairs to Qi Yunhao?" Wei Yuewu glanced at him obliquely, and didn't believe what he said.

Most of Yan Huai's injuries were pretended. The so-called coma is just a matter of covering people's eyes. The reason why the doctors in the palace couldn't find them for a while was because of the methods used by the doctors of the Yan State Government. On the other hand, it was because Yandi's guards didn't allow them to get too close, they just looked at the wound from a distance.

Even the diagnosis was very careful. For fear of accidental accidents, she actually hurt Yan Huaiyu, but she couldn't say clearly at that time.

Who would dare to take up this responsibility? One bad thing is to lose your head. Everyone is a smart person. If you can avoid it, you can only avoid it. You can't avoid it. You can't bear it alone. Launching the water, there will be some responsibility.

At that time, the doctors who came out of the palace only sought stability. In the end, they did not take over. For their own safety considerations, they also tried to reduce their sense of existence. When they entered the palace, they also tried to make the illness more serious. Whatever happened, their responsibilities were much smaller.

But if you really bring Qi Di's medical girl to her side, some things can't be hidden. Wei Yue Wu doesn't believe this old fox doesn't know about it.

"I don't want him to send it, I want it, he will give it!" Yan Huaiyuan narrowed his eyes slightly, and the fairy-like feeling suddenly disappeared. Rong Sejun's beauty showed a little fox-like enchantment and weirdness.

What this said has no meaning.

"How can you be sure he will give you what you need?" Weiyue danced, and suddenly smiled, and the delicate little face became more and more beautiful.

"The medical girl he brought to Beijing is not only one, but the most brilliant medical technique is not this!" Yan Huai said gracefully, and the medical girl Qi Yunhao gave him was naturally dissatisfied. He calculated that it was Qi Yunhao Another medic woman in the house, a medic girl with a high level of medical skill, but without any favoritism.

He stretched out his slender fingers and gently stroked Weiyuewu's pink cheeks: "Wuer's body is not good, so if there is a medically skilled doctor girl next to Wuer, I will be assured a lot! If it's not early in the palace, I'm afraid it's really dangerous. "

This is a bit regrettable, even with some self-blame, looking at Wei Yue Wu's handsome eyes, also with a bit of burning.

Looking at Yan Huai like this, Wei Yuewu could not help expressing a sweetness in her heart, blinking her eyes: "That said that the medical girl was prepared for me?"

"Naturally for Wuer, isn't Qi Yunhao trying to send a medical girl? Always send the best one. Some of this time, leave it to him!"

Yan Huai's narrow eyes flickered, and the smile on her face seemed to be plated with a dazzling and elegant charm.

"Will he still come to our house to see you?" Wei Yuewu had a small child's catch on her face.

"Naturally, not only will he come, but the messengers in the palace will also come, Yan Di, is not so bullying, assassination, the second prince is fine, but I am fine!"

Yan Huai said intently that there was a gleam of cold light in his eyes.

The assassination is just the beginning. This is the general direction of the storm. Yandi will always be the first person standing in this general direction.

The news of Li's madness was passed to Yan Guo Gongfu that night. Wei Yue Wu was having a meal at that time. He only nodded slightly when he heard the news, and then continued to eat.

Yan Huaiyu was "injured" and should not walk around. He stayed in his attic for a while, and even dinner was delivered with great fanfare. Wei Yue Wu went to dinner alone.

After the ring was used up, after the ring was packed, she stepped back, and Weiyuewu finished her hands, settled in the room again, picked up the tea from Jinling, took a sip, and slowly put it down: "Huayang Hou's people didn't say anything else? "

"No, just to say that Madam has lost heart, and sent someone to inform the master!" Jin Ling shook her head.

It's not strange that Madam Wei got frustrated, and Li's behavior is indeed crazy enough. If her plan is to be realized, Tu Yuzhen will die, and the whole Huayang Houfu will be implicated, let alone say Will this title fall to Wei Ziyang, and even Wei Ziyang will follow suit.

Under such circumstances, Li even dared to act like this!

How is Mrs. Tai willing to forgive her, no matter what Li has in her hands, Mrs. Tai will not give her a chance to escape her birth this time.

If it wasn't for Wei Ziyang's departure from Beijing immediately, Mrs. Tai might have directly claimed Li's life.

A dead person is more reliable than a living person.

But when Li's death, Wei Ziyang had to be bereavement. There was no benefit to Wei Ziyang. When his father let Wei Ziyang's hand go so that he could spread his wings, such a thing happened. No one wants to see it. These ones.

So Lee is crazy!

The Li family does not have much meaning to anyone in Huayang Houfu House. Only the eldest brother Wei Ziyang must be his own mother. Even if Wei Ziyang had been secretly calculated, in Wei Ziyang's heart, it is always Thinking of your biological mother!

In Li's current situation, only Wei Ziyang is sad!

Those things, Mrs. Tai and Wei Luowu may not let him know, or even allow him to visit Li's, lest Li's talk about something else.

As soon as Wei Ziyang leaves, Li's will be violent!

But no matter what, Wei Ziyang will definitely want to figure out what happened.

Thinking of this, Wei Yuewu sighed softly, Liu Mei frowned tightly, she didn't know how to tell Wei Ziyang in the end ...

Sure enough, she took a short rest here for a long time, and saw the book Fei Lai Bao: "Master, granddaughter, please see me!"

This is the first time that Hua Deng has been on. At this time, we can also see that Wei Ziyang is really anxious, and sighed softly. Wei Yuewu nodded, and put down the scroll in his hand: "Please come here!"

"Master, would you like to tell Shizi?" Shu Fei hesitated and asked.

Wei Yue Wu shook her head: "No!"

This is considered to be Wei Ziyang's private affairs, and there is no need to disturb Yan Huaiyu.

The book was ordered to go, and in a short time he took Wei Ziyang, and when he sat down, Wei Ziyang opened the door and said: "Sister Six, what happened to Uncle's new house before, why suddenly Uncle and my father all called in the past, and they weren't even allowed to come close? "

Wei Yuewu is not surprised that Wei Ziyang can know this. These things may not be easy for others to inquire about, but Wei Ziyang can inquire about it.

When Mrs. Tai ordered to invite her father and Wei Luowu, indeed, no one was allowed to enter Qingyuwan's door again. After that, something happened to Li's. Anyone who connected it would find it strange. .

But although there were many people present at the time, they were all confidantes. Wei Ziyang must not be very clear about what happened inside the house. Several people in the government could not ask it. This must be to ask himself.

"Brother, don't blame your grandmother and second uncle!" Wei Yuewu said vaguely, laying down the tea cup in her hand, playing with the handle of the tea cup in her hand, her long eyelashes flickered, and her eyes were slightly wavy.

"Sister Six, tell me what happened, from time to time it is related to my mother, my grandmother and my father did n't say a word, just said that my mother is really crazy, but good people, how can it suddenly happen What about the madman? Nothing happened before, and suddenly it happened. "

Wei Ziyang said impatiently, seeing that he was very restless, waved his hands, stood up a bit annoyed, turned a few circles in place, and finally came to Wei Yue Wu Standing beside her, she said eagerly, "Sister Six, can you tell me, is there anything wrong? Did my mother do something to make the uncle and grandmother angry?"

After saying this, he scratched his head annoyingly again, and he was really anxious for this meeting.

I couldn't figure out what my mother had done in the house, so she had to come to Weiyuewu. Only the grandmother, uncle and father were present at the time.

"Sister Six, you can't die for nothing. My mother is really bad and has never been smart. But no matter what, she is also a deadly lady. Now somehow a madman, what is going on? If you can After I escaped this, I took my mother to the border, no matter what was happening in the middle of the capital, even if my father ... marry another, I will let my mother agree. "

Wei Ziyang bit his teeth.

He also knew about Li's affairs, and knew better that as a man, the reason why his father let her go to the house was probably for the sake of a few children, or more for his own sake.

Both grandmother and uncle made themselves want to inherit Huayang Houfu. The successor of Huayang Houfu must not have a well-known biological mother.

Wei Ziyang feels that this is the most important reason, so the mother-in-law can return to Huayang Houfu and become the second-room wife of Huayang Houfu. In the eyes of his father, his mother had long ceased to exist. The mother even went to mess with her father and lost Aunt Luo's child.

At that time, Wei Ziyang was frightened for a long time, and then he was relieved when he saw nothing. He has been busy until he left Beijing recently. Moreover, the last time Li's secretly accounted for him, and he was much weaker about Li's. As the day goes by, I feel quite helpless about the relationship between my parents.

But no matter what, Li's is his biological mother, he really let her go, let alone this time.

"Brother, want to take her away from Beijing?" Wei Yuewu sighed at Wei Ziyang's determination and looked up in surprise.

"Yes, I can also guarantee that my mother will not go to Beijing after that, and she will die at the border until she is old. In the middle of Beijing, she can even say that her mother has died!" Wei Ziyang was also cruel, and he did not believe this. Now, I have made such concessions, and my grandmother couldn't pass it.

"Brother, what your mother is trying to murder this time is Miss Tu Jiu, who dug a pit outside Qingyuwan, put a poisonous pupa, then led her into a new house, preparing to bite Miss Tu Jiu, and

finally pushed the disaster on my father. Body, because my father has always shown reluctance to this family thing! "

Wei Yuewu looked at Wei Ziyang, her eyes sinking, almost a word of cold words.

There are things she thinks Wei Ziyang should know!

Chapter 764: Truth and decision

Some things, not to mention that Wei Ziyang is always in the drum, thinking that Li's is just a little selfish intent.

She must let Wei Ziyang understand that Li's viciousness is not just selfish.

"What? She ... did she dare to do this?" Wei Ziyang stared, sitting in a chair stunned, startled.

This incident was far beyond his imagination. He had imagined many things, but he did not think of this direction alone. Li could harm Aunt Luo, other aunts in the second room, and even did not like Wei Yue Wu, but for Tu Yuzhen The murder was unexpected to him.

And with such a thorough plan, what made him even more horrified was that he wanted to push the matter onto the uncle.

If the uncle has an accident, the entire Huayang Houfu will not be guaranteed!

Wei Ziyang knows this!

He is a man, and he knows more clearly than the women in the inner court. This is not an ordinary thing anymore, and it may even bring a devastating disaster to the entire Huayang Houfu. Did his mother really do such a thing? ?

"That's what she did. There is nothing fake! If the elder brother thinks that the lives of so many people up and down Huayang Houfu cannot be compared with your biological mother, then I have nothing to say!" Wei Yuewu's eyes secretly looking at Wei Ziyang, his look was heavy without the old days.

The heavy meaning in this remark made Wei Ziyang almost out of breath. He picked up the tea on one side and poured a few mouthfuls, but he couldn't hold back the depression and horror in his heart.

When was the loving mother so crazy?

"Either I said too much, or only Miss Tu Jiu's life was lost, and Huayang Houfu just lost his title. As for my father and second uncle, some of them can be dismissed. Miss Tu Jiu is Tu The queen and Tu Zhaoyi's sister, this marriage is still a marriage given by the decree, and the father agreed to it. In the end, such a thing happened. . "

Wei Yuewu's smile was frosty.

Wei Ziyang is the heir to the title of Houfu of Huayang. She doesn't think these things should be told to him. Wei Ziyang must have a decision.

The long eyelashes fell down, and the shadows on the eyes dropped, the look of Weiyuewu was very cold.

Wei Yuewu's expression is like Wei Ziyang's never seen before. It is just a bit of pain, and his mother is really crazy.

If this happened, and then pushed on the uncle's body, the entire Huayang Houfu will not be good, and it is definitely not a big room down, a matter on the second roof.

Mother, really crazy.

She's really crazy ...

"I don't know what grandmother and second uncle mean, but ..." Wei Yuewu still didn't look up, her eyes were frozen under her long eyelashes, and she had no sympathy for Li, and she hadn't sympathized with her enemies. On the enemy, she was clearly in position when she entered Beijing.

Never agree with the enemy, that is the greatest harm to yourself and those around you.

She doesn't have much kindness, she is so kind to enemies who want to harm her.

But she also clearly understood Wei Ziyang's mood. Wei Ziyang must be Li's son. For Wei Ziyang, even though Li's is not good, it must be his biological mother. It should be difficult to give up!

After saying this, the room was strangely quieted down. Under the light, only Wei Ziyang's heavy breathing sounded, which represented his uneasiness.

Wei Yue Wu just sat silently, she was waiting until Wei Ziyang thought clearly.

There are certain things that Wei Ziyang must take responsibility for. He is not only Li's son, but also the future Huayang Hou. Such matters must be decided by himself, so that he will not regret it or leave regrets.

"Sister Six, I ... my mother, can I still help?" After a while, Wei Ziyang said it was difficult, slowly.

"How does Brother want to save?" Wei Yuewu coldly raised her eyes and looked at Wei Ziyang, with a slight disappointment in her eyes.

This disappointment made Wei Ziyang feel ashamed in his inexplicable heart, and unconsciously set aside his eyes, and stunned for two times, but still opened his mouth hard: "If ... if I take my mother and disappear into the capital from now on, never again Back to Beijing ... I don't know if my mother will be spared there? "

"Brother, did this let me preach to my father?" Wei Yuewu's eyes grew colder, with a bit of embarrassment in her voice, "And the meaning of my brother is that my father thought of her life? This

accident Although my father was harmed, it was also my father who planted the stolen goods, so now it is also my father who has locked her up and can't stand her? "

Wei Yuewu was quite disappointed with Wei Ziyang's response. In this case, Wei Ziyang had not seen the essence and thought it was his father's meaning.

"In Huayang Houfu, the father who cares most about the title of Huayang Houfu is the father. If something really happens this time, the title of Huayang Houfu is not guaranteed, or even the official No, but for the father, it may be nothing. Did the elder brother have been with his father for so many years and didn't understand the meaning of the father! "

"I ... I ..." Being questioned by Wei Yuewu, Wei Ziyang bowed his head in shame.

My uncle really did n't value the knighthood, and he wanted to pass on the knighthood to himself. He said to himself from an early age that the knighthood would be his own. In the uncle 's heart, the knighthood seems to be his own, and the uncle also Never meant too much.

I just said so, I'm really sorry for uncle.

"Brother, I know I may say a little bit more, or a little bit more, but to the father, I do n't think he owes you anything. The father treats you wholeheartedly and treats you as a biological son from an early age. Tibetan private, this time I don't plan to go to the border gate again, I will give you all the border gate, even the biological father will do the same to the son! "

Wei Yuewu saw that Wei Ziyang was ashamed, and his expression eased.

"I know, I was wrong. I should ask my grandmother and father. This matter has nothing to do with Uncle!" Wei Ziyang said shamefully, being touched by Wei Yue Wu, he immediately understood his request. It was not Wei Luowen but his father Wei Luowu, and his grandmother.

Compared to uncle, his father and grandmother are the ones who care most about the title of Huayanghou.

If there is anyone who wants to lock up his mother for the title of Huayanghou, there is really no one except his father and grandmother.

"Elder brother, grandmother and second uncle even asked for it, but do you think she will follow you to the border? Do not enjoy this prosperous world of Jingcheng, she will follow you to the bitter cold place in the border, and never come back, you think Will she be at ease?" Wei Yuewu reminded Wei Ziyang again.

People like Li have always regarded themselves as dignified and expensive, and where will they disappear from the middle of Beijing. Even if they really go to places like the border, they will probably run back secretly. Cause a disaster.

Instead of rejecting Wei Ziyang's request, she let Wei Ziyang think for herself.

Some things, originally a dilemma, are now such a situation for Wei Ziyang.

"I ... I'll find a way to meet my mother and ask her what she meant!" Wei Ziyang gritted his teeth and hated.

"Big brother is better to ask clearly, otherwise an accident will inevitably happen later. Big brother is also a general who defends one side. If this matter is not handled well, how can he lead the soldiers to fight!" Wei Yuewu looked at him with a slight smile. , "Brother, where do you go from here? It's your choice. I can only give you a suggestion!"

"Okay! Thanks for the words of Sister Six!" Wei Ziyang paused, and stood up awkwardly, paying a deep respect for Wei Yuewu.

Wei Yue Wu also hurriedly stood up to pay back.

"Sister Six, I'll go back to the house first!" Wei Ziyang got up and left directly. Although he was still upset at this meeting, he must have thoughts.

"Brother walk slowly!" Wei Yuewu stood up and sent him to the gate of the courtyard, then Wei Ziyang arched his hand and turned to walk away.

The wind blew his robes, and his strong figure looked a little bit shy.

Wei Yue Wu just watched Wei Ziyang's figure disappear into her sight so quietly, and then slowly retracted her gaze, her expression was very distressed, but she did not leave.

"Master, it's still cold at night, let's go in!" Shu Fei advised.

Even though the temperature during the day is still warm, the wind at night still feels cold.

"Brother, may be leaving!" Wei Yuewu sighed softly, instead of entering the courtyard, she walked out of the courtyard. Shu Fei turned her back at the end of the painting, and then she turned around to get her cloak. Shu Fei went out with Wei Yue Wu.

"The eldest son was about to leave. In the past few days, the slaves listened to the girls in Huayang Houfu!" Shu Fei took two steps, catching up with the steps of Weiyuewu, and said, .

"Tomorrow!" Wei Yue Wu Liu Mei frowned more and more.

"Tomorrow?" Shu Fei didn't understand for a while, but her eyes rounded up. "Why is it tomorrow? Isn't it a little time?"

"Brother can't wait any longer!" Wei Yuewu shook her head, her face was a little dazed, and her lips were a bit bitter. "I'm actually forcing my brother to make a decision. I'm forcing my brother to make a decision with Li, but it must be Li My biological son, elder brother ... would ... be sad. "

It's not just Wei Ziyang who is sad, but herself!

As long as we think about the scene that Wei Ziyang is about to face, Wei Yuewu feels bitter and sad. Wei Ziyang is actually not at all wrong. What is wrong is Li himself, but Wei Ziyang bears the bitterness. s consequence!

Li's harmed himself and harmed himself, and finally killed Wei Ziyang!

However, Wei Ziyang is an upright person!

"Master, what do you mean?" Shu Fei didn't understand for a moment, blinked and asked.

Wei Yue Wu was unintentional to say anything. She randomly found a path and went on. She felt inexplicably sad. She only felt that her heart was also heavy, as if she was pressed by her heart. She was in the heart, and she wanted to say something. Indescribable sadness.

I did n't want to talk when I saw Wei Yuewu, and Shu Fei did n't know what to say. He just silently followed behind Wei Yuewu. He ran over from behind at the end of the painting and put on his cloak. Shu Fei stepped forward to cover Wei Yuewu. However, Wei Yuewu shook his head.

Although the wind outside is cold, she feels that there is a hot fire burning in her heart, and she is very sad when it is burned. Such a cold wind can bring her heart, not so depressed and sad, so I just want to go in the cold wind ...

Is something really going to be done like this ...

Chapter 765: Upset, who is the most innocent person

When Yan Huai came over, Wei Yue Wu was sitting in a pavilion by the lake.

The figure looks particularly thin.

Both Shu Fei and the end of the painting were moved away from the pavilion. In the night, there were only a few lights in the corridor, but when she was around her, there were a few scattered lines, which became even more deserted.

The night breeze was a bit cold, blowing her dress, and she seemed to go with the wind.

Yan Huaijun's eyes were cold, his hands waved, and the people behind him retreated silently. Then he went to the end of the painting, took the cloak of her hand, and walked slowly.

Shu Fei and the end of the painting glanced at each other, and they retreated with interest.

They just followed Wei Yue Wu, but Wei Yue Wu let them leave after entering the pavilion. She wanted to be quiet for a while, this is the first Wei Yue dance so abnormal.

The two were already flustered, and when they saw Yan Huai coming over, they were relieved.

The master is not good. He is so thin but blows in the cold wind. It hurts his body. Fortunately, the son is here!

Wei Yue Wu leaned against the fence, only feeling confused, and sometimes felt that she was right, and sometimes she was not right, no matter how Wei Ziyang is always innocent, but now Wei Ziyang cannot be involved Come into these things.

Confused and even beginning to doubt everything about himself.

When she was warm, her cloak fell, wrapping her thin body, and the latter half of her body was embraced from her side, feeling the familiar atmosphere around her.

Wei Yuewu's stiff body slowly relaxed.

Yan Huaiyu is here!

"What's going on? I heard that as soon as Wei Ziyang left, you were upset and didn't wear more clothes. It's still cold at night in this weather." It came from behind.

The body leaned back involuntarily, Wei Yuewu pursed her lips, and suddenly felt extremely aggrieved. There was even a sour feeling at the nose.

Almost all the strength melted in his gentle voice.

"Brother ..." With a snorting voice, very low, only one beginning, then disappeared into the wind, as if Wei Yuewu never said.

Yan Huaiyin stretched out her hand and gently touched the hair of Wei Yue Wu, holding Wei Yue Wu in her arms gently, and said with a smile: "He will take care of Wei Ziyang's affairs, regardless of his biological mother. Things, or other things, if he can't handle such things, how can he be an official? "

"But ... something, he is innocent at all." Long eyelashes flickered twice, Wei Yuewu bit his lip to hold back the sadness of her heart, said.

"Then everyone else deserves it?" Yan Huai said warmly.

Wei Yuewu couldn't pick up the words for a while, and she always reacted quickly. She wouldn't even know what she said to express her meaning.

There are many innocent people in this matter, and the mother-in-law should be the most innocent!

"Or it has nothing to do with him directly, but indirectly? If it wasn't for the position of Huayang Hou, wouldn't many things happen? But the position of Huayang Hou was also calculated for him, That being said, he should bear some of this, and it should be. "

Seeing Wei Yue Wu bowed her head and said nothing, Yan Huai said.

"But he must not think so!" Wei Yuewu said sullenly.

"Although he didn't want it like this, but it wasn't what other people thought about it, but the most innocent person wasn't him. Besides, he was a man, and naturally he should have a role to play." Yan Huai'an guarded Yuediao.

The most innocent person is the mother-in-law, who is so innocent, it is just his father's fancy, but in the end it ends up like that.

It can be said that the most innocent of the whole thing is her.

"Wuer, aren't you innocent? If that time, you really died on your way to Beijing, who knows your grievances with your mother!"

This is a thing of the past, and Yan Huaiyu was also the person at the time. This was originally meant to comfort Wei Yue, but when I said it, I felt a sudden burst of heart, and I was a little scared.

At that time, if the dancer didn't roll over to his carriage, if the dancer didn't desperately ask for help, would there be no next dancer!

Think of it this way, immediately thick guilt and palpitations.

At that time, he was still hard-hearted. He didn't take the help of a strange girl for help, and even weighed her value before deciding to help her.

This help came at a price to her, half of the reason was because her father was Welovan.

Suddenly, Yan Huaihuan felt glad that she reached out her hand, fortunately, she took her to Beijing with her, and fortunately she did not choose to ignore it.

For a man who came down from the battlefield, seeing him used to life and death, he really did not have much kindness.

But at that moment, the decisive girl was about to move him ...

People who have never been cold-hearted have started to pay attention to such a seemingly weak, but proud and decisive girl.

The first snowy night robbery had a lot of weight in Wei Yuewu's heart. I thought of my sister-in-law's ring and died there. I remember being fooled into Beijing when I didn't know anything. Sharpened.

"If I had died, I would let those who are truly guilty escape!"

"So you don't have to think too much. Wei Ziyang will deal with his own affairs. Those who deserve to suffer will naturally not escape. All the causes are due to the title of Huayang Hou. Your father or someone who doesn't care. Many, in this case, we cannot say that Wei Ziyang is all innocent, but this title will eventually fall on his head. "

Yan Huaihua gently mentioned, with a tight hand, holding Wei Yue Wu in her arms more and more.

Even if he almost missed it, he would never let go again in this life.

Sensing the thin body of the girl in her arms, Yan Huaiyu pity more and more, her little fox, married to the pain of the hands, will never make her alone.

When I first met, the lone wolf's gaze was now full of distress. If someone was sorry, why would such a weak woman have such gaze and such determination.

Fortunately, fortunately, I met Wuer, and fortunately she was able to impress herself, or at that moment, she saw the woman covered in mud.

The heart became more tender, holding Wei Yuewu's waist in her hands, and hugging her tightly in her arms. At this moment, her heart was almost ecstatic.

Heaven is not thin to me, and I have not missed my little fox.

"Brother Cai came here, and I told him the truth of the matter, and he would definitely think of meeting Li's. At this time, Li's must tell everything, not only now but also the past Li will even force his elder brother, these things must be related to the elder brother, or ... "

Because of Yan Huai's soothing apprehension, Wei Yuewu felt a lot in her heart at this moment, and thought about it and said things lowly.

Her words just force Wei Ziyang to see Li.

Even though Mrs. Tai did not allow Wei Ziyang to see the Li family, if Wei Ziyang must see him, there is still a way to do it.

Under this circumstance, Li 's dog has to jump over the wall. It must be to say everything. The current thing, in the original year, even the past of his own mother, and the only purpose of doing this is to help Wei Ziyang sit firmly. This position of Huayang Hou, in this sense Wei Ziyang seems to be the culprit of all.

Wei Yue Wu is sure that Li Shi will definitely push everything to Wei Ziyang.

She said she did it all for Wei Ziyang.

Wei Ziyang, who knew the truth, must endure great pain and guilt, which is why she was so restless.

She can deal with Li's mercilessly, but she feels guilty about Wei Ziyang, who has always been upright, and even feels that everything she has done is right.

Now listening to what Yan Huai said, the sadness in my heart subsided slightly.

"She doesn't care about her son's feelings as a mother, what can you do as a sister!" After hearing Yue Yuewu's hesitation, Yan Huai immediately knew the knot of Wei Yuewu and was soothed by soft voice. Road.

"Relax, Wei Ziyang will handle it well, he is an adult, and he is still the future Huayang Hou. If you can't understand such things, the fall of Huayang Houfu is inevitable. A man must take his own path, the original will be relatively firm, Wei Ziyang has a good heart. "

Yan Huaihan hugged Weiyuewu's waistline, pulled her up and laughed: "You don't have to worry about it like this, go back first, your health is not good, don't be blown by the wind, feel the cold . "

Weiyuewu was pulled up, nodded after thinking about it, and did not think so. In that case, I really felt a bit cool, and my nose seemed to be blocked, but my heart was not so good. congested.

The water eyes rose slightly, and the confidence was restored in the eyes. Now that things have reached this point, Li must have an account there.

Where to go from here depends on Wei Ziyang's own ...

The courtyard where Li's is currently locked is in the farthest corner of Houfu House in Huayang. This corner is also far from the back door. It is impossible for anyone to come on weekdays. This will even be ordered by Mrs. Tai. Dong Mei followed, and it was heard that the courtyard door was actually locked, and was furious.

Crazily, he picked up the stone on the locked door and scolded the people in the house, starting from Mrs. Tai, to Wei Luowen, Wei Luowu, and Wei Yue Wu.

"Ma'am, don't scold, the more you scold, the more you can't go out!" Dong Mei counseled timidly on the side.

"A bitch, a **** girl, it must be what that **** girl found and told the old beggar that he really locked me up." The stones in Li's hands fell heavily to the ground, sitting at the gate of the hospital pantingly. With his mouth still on, his eyes were full of hatred and looked towards the direction of Qingheyuan.

"I knew this cheap girl was so easy to do bad things. At the beginning, I directly asked her for her life. I didn't expect a moment of kindness, so she let her escape and returned to Beijing to ask for her life!"

At this time, there were no outsiders. Li naturally scolded her. She just desperately smashed the door with a stone, and her tiger's mouth was cracked. The blood in the first hand could not care about it.

"I'm still not cruel enough. If I listen to Aunt Dong's words, I will die directly after being born. How can there be so many things!" Li's most hated is Wei Yue Wu, which will raise her teeth even more, a pair of eyes almost can drip venom.

She cursed Weiyuewu wholeheartedly here, and did not hear the subtle voice of a big tree against the wall in the courtyard ...

Chapter 766: Angry, Wei Ziyang leaves Beijing

"Husband ... Mrs., it will be heard!" After listening to Li's words, Dongmei was scared to fight with her upper and lower gums, stuttering, came over, trying to pull Li's into the room.

Wei Yue Wu's identity is now no better than before. If someone tells Mrs. Tai, Mrs. Tai can never spare her own wife.

Li Shi shook off Dong Mei's hand, his eyes were vicious and crazy, and he screamed: "I never thought Qin Xinrui was dead, but Qin Xinrui's daughter was so powerful. I knew that now, I shouldn't let this Xiaojian was born to avoid giving birth to many wrongs. "

She would be extremely hateful at this time. Everything was due to Wei Yue Wu, and she could not wait for Wei Yue Wu to appear directly in front of her. She stepped forward and tore up Wei Yue Wu.

"Ma'am ... please, you ... you still don't say it!" Dongmei was just tossed aside and fell heavily to one side. This would care about her injuries and climbed up, begging.

Dong Mei is not crazy. She knows that as Yueyuewu's current status, even Mrs. Tai is very polite.

"What are you afraid of! A little **** is her own. At first, Qin Xinrui was so favored by Wei Luowen that she didn't die early. Although Wei Yuewu, the little bitch, married her well, but the son of Yan Guogong also had her. It's really hearty! Little **** doesn't know how to die in the end! "

Li's words would get more and more angry, more and more excited, and in the end she hated the clucking of her teeth, but as her voice fell, the courtyard became quiet.

Li watched Wei Ziyang leaping from the tree and fell in front of himself, hurriedly covering his lips.

Wei Ziyang's face was pale, and there was almost no trace of blood. He couldn't think of it anyway, and he would have heard such words.

Li is his own mother. He couldn't watch Mrs. Tai and her father dispose of her. Since she couldn't come through Mrs. Tai, she came here secretly.

So he didn't even have Xiaozhang, found it secretly, jumped directly from under the wall to under the wall, was about to jump down from the wall, but heard the words of Li's, he felt like a knife.

Since when has the loving mother in her memory become so vicious, is this woman with a fierce light in her eyes really her own mother?

"I ... I said it just now!" Upon seeing Wei Ziyang's face, Li knew that it was not good, paused, and hurried to remedy it.

"Mother, I heard it. It turned out ... that you did it, it turned out ... you really hurt your auntie! It turns out you are really so vicious!" Wei Ziyang's hand dropped aside, a little trembling, He now regrets that he just came over, and if he didn't, he wouldn't know anything.

His biological mother actually conspired against the wife of the uncle whom he regarded as his father.

"What is evil is not evil. Qin Xinrui has been dead for so many years. It's not my own business. I can't help it."

Li was a little embarrassed and angered by his son's forced interrogation. This would not be pretend. After pulling his hand, he glared at his son and said, "Speaking of all this, it's not for you. If Dafang gave birth to your son, what would you do? Continuing with the title of Huayang Hou, your father has always

said that the title is his, but he has not seen any action. If I do not act again, this title will not fall on your head at that time! "

"So ... you have hurt auntie!" Wei Ziyang felt heartbroken, but asked word by word.

"It wasn't me who hurt Qin Xinrui, Aunt Dong also participated in it, and your grandmother herself didn't like Qin Xinrui, otherwise you wouldn't pretend to know nothing, and even help in the future!"

Looking at his son's clear eyes, Li's guilty moved his eyes a little guilty, Nana said.

"For this title? Mother, for this title, can it be so vicious?" Wei Ziyang's eyes were disappointed, and his mother was truly disappointed.

At the same time, it was also disappointment to Mrs. Tai. The original grandmother was not as flawless as the white jade that she saw. Is the title really important?

Wei Ziyang, who has been growing up with Wei Luowen, does not pay much attention to the title of Huayang Hou.

This title was his. Uncle had been telling him since he was a child, and in his heart he always thought that the title was his, so he never wanted to fight or grab it.

I have seen many things about the families in Beijing who are fighting for the title. Wei Ziyang always felt that his house was very clean. Both the uncle and grandmother believed that the title was his own, and the two cousins did not have any. Saying that he wants to take this title, everything is taken for granted.

There is nothing terribly related, and there is no flesh-and-blood kinship that immediately turns into an enemy.

Naturally, this title will fall on his own head, and no one disputes it. Wei Ziyang is secretly happy for this, and feels that his house is the cleanest. His brothers and sisters are all in harmony. It is even more important to maintain this relationship.

He couldn't think of it anyway. This so-called indomitable title had been contaminated with blood, and it was contaminated with the blood of his most respected aunt.

Although the memory is a bit vague, I vaguely remember that it is a gentle and amiable lady, but that person died because of her mother.

The purpose was for this knighthood, which allowed Wei Ziyang to accept it for a while, and looked at Li with a fixed look. The expression on his face could no longer remain calm and indignant.

Asked so hard by his own son, Li immediately became annoyed: "What evil is not evil, your father also said that this was the title of our second bedroom!"

"Mother, do n't explain why you are vicious. No wonder the older sister and the second sister were raised just like you. Originally, it was because of you. The older sister secretly counted five sisters, and the second sister robbed six sisters. Mother you do n't You'll say it's all for me! "

These things have not been believed in the past. Although all the signs show that they are indeed, but psychologically, he always favors his biological mother and his own sister. He always hopes that Wei Yuewu made a mistake, and his relatives No one can be so vicious, but now?

Everything now, let Wei Ziyang know that he used to deceive himself.

"Why do you talk like that, but you are the two younger sisters, both of them were miserable by Wei Yuewu's little bitch, and you do n't even help them talk? Ziyang! We are your closest ones, we Of course, it's all for you. If you don't, how can you inherit this Huayang Houfu safely now! "Li continued to quibble.

Wei Ziyang's eyes were burning with raging fire, and his fists clenched tightly: "Mother, you don't need to make excuses for your selfishness."

"What's the excuse? I originally did it for you, so I conspired with Aunt Dong and murdered Qin Xinrui. As for your older sister and second sister, they were also forced by Weiyue Wu!" The son repeatedly said that he was vicious Li felt that every word was piercing her heart, and could not help but explain.

"I was looking for Aunt Dong at the beginning, and I also listened to Aunt Dong's words. I went to Tu and said behind Qin Xinrui that she hated the queen, and also said that Qin Xinrui knew about the queen and your uncle, and said that if she had a chance, she would definitely take it I came out, so Queen Tu could not get better! But Queen Tu later found Aunt Dong and took the medicine bottle, but it has nothing to do with me. "

"Pill bottle?" Wei Ziyang cast his gaze on the ground, burning almost to see two holes in the ground.

"Yes, Aunt Dong took the doctor's medicine bottle and copied it to the queen. Later, the queen Tu replaced the medicine used by Qin Xinrui through the hands of Miss Tu Er. Although the previous medicines were too good, they also It wo n't kill you right away, it 's the Queen 's medicine, it will be so fast! Speaking of it is Aunt Winter, and then Queen Tu 's job, I 'll just know it! "Said Li, one hundred and fifty, of course. Treat yourself as extremely innocent.

After watching Wei Ziyang staring at the ground, he didn't speak, and he was so busy with a smile on his face: "Ziyang has passed, and there is also the matter of queen painted in it. You should know if you know it. Anyway, now you are going to be Mrs. Huayang Hou. Even if the mother suffers for a while, it 's okay. If you ask your grandmother for a while, you wo n't let me out and you wo n't inherit the title. Look at the old beggar. Do you dare not let me out. "

"Mother, I can't do it!" Wei Ziyang looked up and looked at Li in front of him, only to feel that he had never looked abominable.

"You can, as long as you push, she won't refuse, the other two are inferior. If you don't inherit, what else can she do? You are not leaving Beijing immediately, you can also say that you don't want to Leaving Beijing forced her to let me go, and promised that I would still be a serious lady in the second room, and your father would not marry a flat wife. "

Li thought that Wei Luowu was going to marry a flat wife, and he hated his teeth. This would not pay attention to Wei Ziyang's look. Gu Zi gritted his hate. In addition to Wei Yewu, the person she would hate most was Wei Luowu. Already.

"Mother, you are really crazy, you actually want to ruin the entire Huayang Houfu!" Wei Ziyang's eyes fell on Li's body coldly, and the struggle in his eyes was painful.

It is the emperor's will to go out of Beijing. The mission of Nanxia Kingdom to enter Beijing is related to the important task of the state. In Li's view, it has actually become a topic for Mrs. Tai. To be convicted.

Li's was terrible. For his own benefit, Li's actually ignored the entire Huayang Houfu.

"I ... I just scared the old beggar, but it wasn't true!" Being forced coldly by his son, Li's shivered.

"Mother, I can't do it. Since then, your business has nothing to do with me!" Wei Ziyang stared at Li's set, looking at Li's uncomfortably tilting his head, and then suddenly "plopped" and kneeled. Came down.

He shook his head a few times towards Li and stood up.

"Wei Ziyang, what do you mean?" Li felt anxious about Wei Ziyang's remarks, and stood up, trying to hold Wei Ziyang.

Wei Ziyang's backed away, avoiding Li's hand, and Meiyu became more cold: "Mother, I'll pack away and leave Beijing in a while, since then, please take care!"

After speaking, I did n't wait for Li to react any more, and did n't walk through the door again. I jumped up and went directly to the side wall, and then jumped from the wall in the voice of Li's anxiety and hurried away. .

In the courtyard, Li slammed the door desperately, shouting Wei Ziyang's reputation, but Wei Ziyang still left without looking back ...

Wei Ziyang, tortured by pain and guilt, couldn't stay for a long time, let people pack simple luggage, left a letter to Mrs. Tai, Wei Luowen, and Wei Luowu and left.

The news that Wei Ziyang left Beijing that night was heard by Wei Yuewu the next day.

Wei Yuewu bit her lip, bowed her head sadly, and suddenly left. It must be a misfortune. Brother Brother should be very sad, but like Yan Huaiyu said, he must face these things.

I believe that after a while, there are not so many tedious things in Beijing, Wei Ziyang will gradually get better. Those things are not his fault, they are just excuses for other people's personal gain, but this person is his Birth mother, Wei Ziyang could not accept it for a while.

"Master, Shizi asked slaves to ask, have you run out? Qi Guogong Shizi and Chu Guogong Shizi are here!" Jin Ling reported from outside.

Wei Yuewu put down her chopsticks and nodded, and sure enough, Qi Yunhao came ...

Napazi gently pressed the horns, the wind was too cold last night, and today I really feel dizzy! No need to pretend ...

Chapter 767: The plan of the two sons

In the hall, two guests were seated without any master.

Chu Fangnan was so upset that he couldn't help but stand up and turn around in a circle, his face was very depressed.

"Don't turn around first, the head of this turn is dizzy!" Qi Yunhao was still calm, but he frowned, feeling that Chu Chuannan had made such a turn, and his heart was annoyed.

"Don't you say that it was more sincere to send it to someone, why didn't you see each other?" Chu Fangnan stood in front of Qi Yunhao, his frown locked tightly.

The two of them thought it was a good thing today, and Yan Huaiyu would see each other anyway.

However, after they were greeted by the steward, they asked them to wait in the hall first, and then invited Yan Huaiyu, but they didn't show up for so long.

Ask again, the two maidservants in the room asked three unknowns, and asked a little harder, crying, angrily Chu Fangnan wanted to smash the cup.

What is it called! They gave gifts to Yan Huaihuan, but they didn't come to the door to collect debts.

Originally, I wanted to be angry, but was stopped by Qi Yunhao, and it must be the State Mansion of Yan Guo, and the person above him was Yan Huaihuan. No matter what, he could hold the handle, not to mention that there is something, Qi Yunhao looked behind him. The standing medical girls were annoyed with inexplicable anxiety, because they were so unsettled because of Yan Huai's delay in showing up.

"Wait a second, Yan Huaihuan will be the most pretentious, maybe it is deliberately tossing us like this, and see our two reactions." Qi Yunhao reminded frowning.

Chu Fangnan said this for a while, but then he came to his senses and looked around in front of him. No one was snooping, but he said it according to Qi Yunhao's words. He took the tea cup in his hand and drank it. Put the tea cup on the table, and screamed, "Pour!"

The girl ring on the side hurriedly raised the water and poured it, then retreated timidly.

Chu Fangnan picked up the tea cup and wanted to drink it all, but it was a little hot, and when he picked it up, he felt hot, and he could only put it down.

Scared the little girl ring next to him.

"What do you care about with a little girl? Without your identity, no matter how atheistic, Yan Huaiyu never said we can't see us!" Qi Yunhao's eyes swept over his medical doctors again, with a few in his eyes Subdued gloomy.

These medical doctors don't look ordinary. The best one is the one that she gave to Yan Huaiyu last time. This is a medical doctor specially trained by Qi Di. She is going to be sent out. Loyal.

Whenever a doctor woman is taken in, it will inevitably be next to you. There is a doctor woman with a headache and hot brains on the side, which is much more convenient!

She has always been attentive to serve, but also charming and pleasant, just like Xie Yuhua, this finally became a general existence. Even though Yan Huaihuan doesn't look at ordinary beauties, such a very useful beautician is also around. Will certainly agree, as for the other ...

Qi Yunhao's eyes glanced at several other medical girls. Although not as outstanding as this one, he was excellent and charming, and his eyes moved more and more satisfied. This was the medical girl who was secretly sent by Qi Di, and was also carefully cultivated by Qi Di. Like the most beautiful doctor girl, she is not only proficient in medicine, but also masters in painting, calligraphy, painting and calligraphy.

Singing and dancing are also very good.

The training of such a medical girl in a uniform manner took a lot of hard work, or so much hard work, to cultivate so many people who can give away. But only the last one, Qi Yunhao landed on the last woman, his brows frowned tightly. He really didn't understand how his father sent her, not to mention her medical skills, but it was really long. Inconspicuous, what the father sent her over.

Moreover, this is not the medical girl trained by the government. Is this loyalty really okay?

This was originally the only one in this batch. The looks or the two little girls on the side who are not yet waiting at the Yan State Mansion are outstanding. It is certainly not possible to attract the attention of Yan Huaiyu.

Even the first beauty, Yan Huaihuan, did not pay attention to her. Such a girl who looks so ordinary to the extreme that it may not be recognized by the crowd, how could it attract Yan Huaihuan's attention.

He had never thought of such a most outstanding one. He only said that they would all come with him, only to find out that such an inconspicuous thing was almost annoying!

How can such a doctor girl get her hand!

But when everyone is here, what can you do? You can only put her in the seat of the medical girl. Yan Huaihuan must be indifferent, and when there is one more person comes in line.

"What do you look at that ugly again? The ugly Yan Huaihuan is blinded to see it, and I don't know what your father thinks, so he gave it over. Is it really ugly? But medicine is good? "Seeing Qi Yunhao's furious look, Chu Fangnan was happy.

Leaning back, Qi Yunhao was politely ridiculed.

"I don't know how to think!" Qi Yunhao was more depressed, and hummed coldly.

"Okay, okay, anyway, Yan Huaihuan doesn't look down, so let her count the number, at least it also shows our love for Yan Di, even such a ugly medical woman is pulled out, what else is hidden . "

Seeing Qi Yunhao depressed, Chu Fangnan smiled.

"That's all it can be!" Qi Yunhao nodded with a grimace on his face, anyway, Yan Huaihuan didn't look down, at most he was ashamed, making Yan Huaihuan think Qi Qi had no beauty.

"What can only be like this?" An elegant voice suddenly came from the doorway. Yan Huaihuan stood in the doorway with Hua Qiu, handsome and delicate eyebrows with a smile on his face, a gentle face. It's pretty good to be mentally good, and it should look better.

Yan Huaihuan 's doctors are so smart?

Qi Yunhao and Chu Fangnan looked at each other with surprise.

Is Yandi's medicine too mastery, or Yan Huaiyu recovered too well.

Following Yan Huaiyu's eyes, the two also fell on Wei Yue Wu who was behind Yan Huaiyu, and the Lord of Jingde also followed. This was a bit difficult.

It was because the Weiyue dance suddenly appeared that the medical girl did n't send it out. I did n't expect Weiyue dance to come along this time. Is n't Yan Huaihuan 's health bad?

In other words, Yan Huaiyu looks good only on the surface, and even Yan Huaiyu's body is very bad, but Yan Huaiyu is extremely savvy. He can't insert humans at all. He can only speculate and send a doctor. The woman became more and more important to Yan Huaiyu.

"Yan Shizi ..." Chu Fangnan and Qi Yunhao stood up and laughed.

"You're welcome, Chu Shizi ..." Yan Huaiyu said, paused, "Brother Chu, brother Qi, please sit down!"

He stepped over and took a seat on the main seat first. Wei Yuewu looked like a bird, followed with a smile, but did not have any words. The role of her coming today is just for these two people. .

"Brother Yan!"

"Brother Yan!" Now that Yan Huaiyu expressed his intimacy, Chu Fangnan and Qi Yunhao naturally wouldn't push it out, laughing at the moment, and then arching to Wei Yue Wu again.

Wei Yue Wu also owed a gift to them, and then sat beside Yan Huaiyu.

The girls gave the tea again. The host and the guest picked up the tea and took a sip. Yan Huaiyu put down the tea cup in her hand and coughed twice. Wei Yue Wu looked at him nervously, but But did not speak.

Yan Huai coughed twice and stopped coughing. Wei Yue Wu looked away again, and her expression relaxed. This scene fell into the eyes of Qi Yunhao and Chu Fangnan, and cast a lot of questions. Yan Huai 诶 Is the injury really serious or fake?

Seems true?

"Brother Qi and Brother Chu came together, I don't know what happened?" Yan Huaiyu coughed and smiled, and Junmei's eyes swept before the two.

"I just came to see Brother Yan's injury. I heard that the assassin suddenly appeared that day. Did you find out who the assassin was? After entering Beijing, this assassin happened from time to time. We ... The two really met several times!" Qi Yunhao asked nervously.

Chu Fang Nan Li, who was beside him, nodded: "I heard that Lu Ye was stabbed a lot from there!"

Qi Yunhao has dealt with most of the two of them. Compared to Chu Fangnan, Qi Yunhao is indeed much smarter.

The four sons went to Beijing together, and they all encountered the assassin. The assassin's origin was almost ready. Wei Yue Wu lowered her head, flicked the handkerchief, and a slight smile appeared on the corners of her lips. Qi Yunhao was a disaster. Moved east, but at the same time cleared the suspicions of themselves.

Understand the matter between the princes of the four places, this assassin, really is not necessarily said to be sent from Beijing.

It just sounds like it has nothing to do with Qi Yunhao.

"It can't be found for a while, but such an assassin can't be cultivated by anyone who wants to train." The smile on Yan Huai's face slowly receded, and a bit of fierceness floated on Jun Mei's face. After you find it, you will not let it go easily! "

Seeing the gentle smile on Yan Huaiyu's face, this seems to reveal the true face of Yan Huaiyu, let Chu Fangnan and Qi Yunhao's heart tremble, but I am glad that this has nothing to do with myself, fortunately this The assassins are not sent by themselves, but who are they sent by themselves?

If you come to assassinate yourself, will you be able to do it well? If you think about it, these two sons can't calm down.

"If you can find it, you must not let it go. Brother Yan, don't worry, whoever it is, as long as we find out, our two places will definitely support Yan Di's decision!" Qi Yunhao expressed friendly sentiments to Yan Huaiyu on behalf of the two places Before mentioning the focus of this trip.

"Brother Yan is not in good health, and it is impossible for the doctor to be there. I bring a few medical girls from Qidi here. Whoever Yan Yan looks at, just take it away." Qi Yunhao patted his chest, looking bold, Dao Dadao.

"Thank you Brother Qi!" The coldness on Yan Huai'an's face abruptly returned, and he immediately returned to a harmless and elegant appearance. A smile appeared on Jun's face, and Qi Yunhao and Chu Fangnan were scolding in their hearts, really a fox, Yan Huaihuan was the one that was the hardest to deal with.

But there was a glimmer of pride in Qi Yunhao's eyes.

Qidi's medical girls are not so easy to get.

"Wuer, you go and see whoever you choose. It's always Qi Xiong's will!" Yan Huaihuan smiled at Weiyue.

Chapter 768: The Lord of Jingde County does n't like it, Brother Yan likes it

"Thank you, the son of Qi Gong!" Wei Yuewu nodded and stood up.

Seeing Wei Yuewu picking people up, Qi Yunhao's eyes retreated slightly, and suddenly there was a bad feeling. How could this be picked by Wei Yuewu, even if Wei Yuewu followed Yan Huaiyu's side, The things that pick people must be picked by the people around Yan Huaiyu.

The wedding of Wei Yuewu and Yan Huaiyu is well-known to everyone who knows it. It was originally a messy thing, and it could be corrected. Neither the Queen Tu or the two princesses in the palace would Stop, or the emperor will not let go.

What the Jingde County Lord thinks is a tragedy!

Yan Huaihuan can't care about the Yueyue dance as much as it appears. Yan Huaihuan's true psychology has always been elusive.

However, in theory, Yan Huaihuan is accompanied by a young girl named Zhu Meilin, who is unlikely to trust Wei Yuewu at once.

But at the moment, even such a thing has Wei Yuewu to follow. It is quite doubtful. It was because of this assassination that Yan Huaiyu trusted Wei Yuewu. I heard that Miss Lin heard that Yan After Huai Ling's injury, he passed out directly. It was the Jingde County Lord who took care of Yan Huai.

Thinking about it that way makes sense.

"Brother Yan, the Lord of Jingde County doesn't necessarily know Brother Yan's heart, right?" Qi Yunhao asked tentatively when Wei Yuewu stood up.

"No problem, Wuer just picks one. Qi Di's reputation as a medical girl has long been known all over the world. He wants to come to bring all the medically sophisticated doctors!"

Yan Huaiyin smiled slightly, the corner of her beautiful lips hooked, and leaned lazily on the chair behind her, saying leisurely.

It looks like a shopkeeper.

"This ..." Qi Yunhao said that it was not easy to answer, and winked at Chu Nan with his eyes.

"Brother Qi delivered naturally, but ... there are a few good ones here ... I'm afraid Brother Yan missed it." Chu Fangnan has been following Qi Yunhao for a while, but the two of them are in the same mind, knowing that he is inconvenient at this time What he said was not a problem when he said it, and hinted with a smile at the moment.

Reached out and turned around the charming medical girl, "Of course the medical girl who is next to you must be pleasing to the eye, Brother Yan said!"

"Naturally, making the master happy is the most important thing a medical woman should do!" Yan Huaiyu nodded in agreement.

"Then Brother Yan still asked the Lord of Jingde County to help him? The Lord of Jingde County just entered the Yan State Mansion, I'm afraid he doesn't understand Brother Yan's heart yet!" Chu Fangnan further hinted, his eyes kept looking The most charming one.

The head couped to Yan Huaihuan, and his voice was lowered a bit: "Brother Yan, no matter what, a flower-like medical girl is always more pleasant than ordinary ones!"

He was hinting that Yan Huaihuan would pick a charming and beautiful one.

Chu Fangnan also looked at Yan Huaiyu with his own mind, thinking that in this case, he was picking the longest best medical girl.

No matter what, it's always a pleasing thing to follow a beauty around.

"A flower-like medic girl?" Yan Huaiyu's brow suddenly frowned, and Jun's face sank. "You don't need to pick a flower-like girl, it's just practical, and the dancer doesn't need a flower-like medic girl. good!"

"The Lord of Jingde County doesn't like it, brother Yan just likes it!" Thought Yan Huaiyu didn't understand, Chu Fangnan once again hinted that Weiyuewu was on the side, and he couldn't say more clearly, but believe Yan Huai He must be understandable.

Qi Yunhao heard a bit of meaning, looked at Wei Yue Wu in surprise, but didn't speak for a while, but his heart was not good!

"Wuer likes it. The doctor girl was originally prepared for Wuer. They are not in good health and can be accompanied by a doctor girl. I really feel relieved!" Yan Huaiyu laughed, and they were vague in their words. It naturally means that there is also the Miss Lin. I heard that there is also a "dance" in the name of the Miss Lin.

Thinking about it this way, Qi Yunhao and Chu Fangnan didn't know for a while whether the "dance" he was talking about was the Jingde County master in front of him or the Miss Lin in the backyard.

Both people were a little dumbfounded, but the words had already been spoken. At this time, they could not turn around again. They could only watch Wei Yuewu picking people there.

Finally, I also saw Wei Yuewu pick the one who was the most unsatisfactory. As for the charming one, Wei Yuewu ignored it.

As a result, Qi Yunhao and Chu Fangnan also guessed that whoever's wife came forward could not be that charming and invisible.

"Thank you Qi Shizi!" Wei Yuewu took a person to Qi Yunhao in front of Yingying, and reached out and pointed the most ordinary medical woman who followed, "I don't know if I pick her, does Shizi feel good?"

Can you say bad at this time? Thinking that his plan had failed again, Qi Yunhao was very unwilling. He turned his eyes on Wei Yuewu, turned around, and then replied, "Shi Jun, don't pick a beautiful one by your side? That medical technique over there is also the most proficient, besides, Brother Yan must like to put a competent and beautiful person beside you. "

He suggested Wei Yuewu, and Yan Huaiyu might like the beautiful medical girl.

As the main room, no jealousy is necessary.

"I like her and think she is beautiful!" Wei Yuewu seemed to not understand Qi Yunhao's words, and stretched out her hand to point to the ordinary medical doctor behind him, smiling slightly, "Isn't Qi Guogong Shizi reluctant to be such a beautiful person?"

Is this medical girl pretty?

Qi Yunhao looked at Wei Yuewu and looked at the medical girl behind her. She felt that the thunder was over her head. Does this Jingde County Lord really look at people?

This is pretty, what is she herself?

This Jingde County lord will not grow up in a remote place since he was a child. This looks different from others!

"Jingde County Lord, this ... this medical girl is really not good-looking!" Chu Fangnan couldn't help but coughed, said.

"But I still think she is the most pleasing to the eye, and it's better to look at some!" Wei Yue Wu's eyebrows frowned slightly, and her long eyelashes flickered twice, softly.

"Shizi, what do you think?" Wei Yuewu turned her head and asked the sitting Yan Huaiyu.

Chu Fangnan and Qi Yunhao turned their expectations to Yan Huaiyu together. This one should have such a deviation!

"What did Wuer say!" Yan Huaiyu smiled gently, his beautiful eyes with a touch of gazing, watching Weiyuewu's soft way.

"..." Chu Fangnan and Qi Yunhao didn't know what to say.

"Thank you two sons, I'm really uncomfortable here, so I will take the medical girl back first!" Wei Yuewu smiled and saluted side by side, taking away the most common one, which was originally what Yan Huaiyu had ordered her.

"This ... is it better to let the medical girls help the county chief to treat them, and you can also see who has the best medical skills?" Qi Yunhao is not dead, that the most beautiful and charming medical girl is the most likely to attract Yan Huaiyu The one that notices, like the one that Wei Yuewu is picking now, let alone Yan Huaiyu, even he doesn't look down on him.

"This ..." Wei Yuewu hesitated.

"The chief of the county always hopes to pick the most useful one? Appearance or something is actually not so important to the medical girl, but this medical technique is the most important. If the disease is delayed at a critical moment, it will be true. It's not good. The county owner thinks that is the reason? "

Chu Fangnan was also concerned.

"Wuer, let them give you a medical treatment. You were infected with the cold yesterday. You originally wanted you to rest, but Brother Qi and Brother Chu are not outsiders. Besides, you still have to choose a doctor for you. I have seen it. "They stalemate here, Yan Huaiyi said with a smile.

"Then ... okay!" Wei Yuewu said with a look of distress, but still sat down before returning to her position, "let them come over to diagnose the pulse!"

Since Qi Yunhao and Chu Fangnan did not give up, Wei Yuewu didn't mind asking their people to check for themselves. Anyway, this would be really dizzy. It should be the reason that the wind was blowing by the lake last night. Dull, it's not pretending.

Coincidentally, I will send the doctor girl over here, Wei Yuewu is sick here?

Qi Yunhao and Chu Fangnan both looked at Wei Yuewu with suspicion, and felt that there was something in it or something tricky in it. Could it be that the Jingde County owner deliberately made such a come out, which means that he wanted to send him bright People kick directly.

If Wei Yuewu said that her medical skills weren't working, then Qi Yunhao would have no reason to send people to the Yan State Mansion.

But at the moment, he has to investigate, and he also believes that the medical girls carefully cultivated by Qi will never be found.

"Then let them explore the pulse for the county master one by one!" Qi Yunhao nodded, and turned back to imply that the first medical girl who was going to be admitted to the Yan State Mansion, said Wei Yue Wu may not be sick and pretend to be sick Be careful.

The most charming woman knew Qi Yunhao's meaning and nodded calmly.

So the medical girls lined up, one by one came to give Wei Yue Wu a pulse, the first one who came up was the most outstanding medical girl.

She first came to Weiyue Wu respectfully, and then sat down on a small stool and stretched out her hand to give Weiyue Mai a pulse.

At the first consultation, I realized that the Jingde County owner in front of him was indeed infected with wind chill, but it was not severe. He only had to drink a little **** soup and rest for a while.

"Is there something wrong with the body of the Lord of Jingde County?" As soon as she closed her hands, Qi Yunhao said immediately, but this was the last chance of this medical woman, and she must not be wrong.

In order to make this doctor woman perform well, Qi Yunhao deliberately puts people first, so that she has something to say. This will ask questions while implying that the doctor woman must be constructive, or it must be more than later A doctor girl said more elaborately to move Wei Yuewu's heart.

This medical girl was originally intended to tell the truth, but Qi Yunhao has repeatedly suggested that if you think about the past of the Jingde County Lord, it is said that the marriage was still a happy one. Can't stand the fright, hesitated a little, then got his own thoughts.

While hinting at Qi Yunhao's reassurance, he looked up and looked at Weiyuewu in a serious manner: "The body of the county master may be a big deal!"

This condition must be said to be serious so that the Jingde County Lord will leave himself and be afraid ...

Chapter 769: Joints, concentric with Shichi

"I'm uncomfortable now, because I'm seriously ill?" Wei Yuewu's eyebrows frowned, and a pair of bright water eyes fell on the medical girl, with a little examination.

Yan Huai snorted coldly, converging the smile on his face, and immediately changed from a fairy-like handsome figure to a shy king of Shura.

Although his humming voice was not heavy, his sense of existence was too strong. The medical woman could not help looking at him, and immediately saw the icy feeling on his face, and he could not help but panic, but this would have to be strong. Editor: "The county owner's body was originally bad. Although it looks like a minor illness this time, if the condition is not good, it will even ..."

"Will it endanger your life?" Wei Yuewu interrupted the doctor's words as if she could not wait.

"Yes ... yes!" The medical girl was originally wording, and Wei Yuewu was such an interface that she was immediately taken by her and nodded again and again.

"It's so serious?" Yan Huaijun's eyes narrowed, and the bottom of his eyes was so cold that he could see the medical woman become more and more eager, and he didn't even dare to accept Qi Yunhao's suggestion.

She didn't seem to be so serious at first, but now she is talking more and more seriously, not even her own heart.

This has long deviated from her previous expectations.

"Yes ... it's serious, you have to ..." the medical girl stuttered.

"You have to help and regulate it, right?" Wei Yuewu said softly.

The words were extremely soft, which also fit her current status, but the inexplicable medical girl was faint for a while, and she didn't actually want to say so seriously.

Yan Huaiyun's gaze also turned around, and those beautiful and unparalleled eyes fell on the doctor's body, no longer like the fairy-like gentleness, as if there were sharp swords, directly opening the slight fluctuations of the doctor's heart.

"Yes ... Yes ..." Under the eyes of the powerful son, the medical girl felt that she was sweating from her waistcoat, and she didn't hear Wei Yuewu's words, she nodded.

"Do you just want to enter the gate of our Yan State Mansion!" Wei Yuewu retracted her head, and her pair of beautiful eyes became cold. Although her momentum was not as good as Yan Huai's, she made the medical girl more nervous. I don't know how to answer, I looked back to Qi Yunhao for help.

"Must enter the gate of our government of Yanguo?" Nothing to be treated by the girl, Yan Huaihua snorted coldly, pressed his hand on the table, and sat up, looking at Qi Yunhao, Jun eyes slightly bent, but There was no slight smile on his face, "Brother Qi, is this the medical girl you must send to our Yan Guo Mansion?"

Qi Yunhao couldn't help scolding the doctor girl for being stupid. She quickly smiled with her face and shook her head again and again: "Brother Yan said what's going on there. How could I have this idea? Maybe I told her before that Brother Yan might Picking her up made her misunderstand and gave birth to something that shouldn't be right, it's all my fault, my fault! "

Qi Yunhao's face was green and red for a while, and the behavior of the medical girl almost directly indicated that he had the intention to send the problematic medical girl to the State Mansion of the State of Yan, but he had no good intentions.

This can only be explained as such.

"Brother Qi, this doctor girl in your house is really a bit wrong. This is the thought that I have n't entered the house yet, but I really shouldn't send it to the Yan Guo Mansion." Chu Fangnan helped out Qi Yunhao said, making a look that he didn't expect, and shook his head again and again, indicating that the medical girl herself had thought carefully, but it was not Qi Yunhao's meaning.

This Qidi medical girl is really not smart. It is obviously impossible to enter Yanguo's government like this.

Chu Fangnan helped Qi Yunhao retreat.

"It turned out that she was intent on her own heart, and wanted to enter our state government, Qi Shizi, forgive me for not accepting such a medical girl." Wei Yuewu said lightly.

Now that Qi Yunhao is here, they said that the medical woman's affairs were her own delusion, and she wanted to enter the Yanguo government, so she would not be polite and refused.

"As for my illness, the doctor in the palace also said that it was only occasionally affected by the cold, and it was not a serious illness, but there was no possibility of life."

With the talent, I believe that everyone can see that the medical doctor Qi Qi has no good intentions, and Wei Yuewu has not given them sympathy.

"Yes, yes, such a person, of course, I can no longer send it to the State Mansion of Yan Guo." Qi Yunhao secretly hated, but also knew that it could only be so.

"Then I still pick the medical girl I fancy before, I don't know Qi Shizi has any opinions!" Wei Yuewu smiled slightly, the expression on her face eased immediately, and she shifted the problem.

"No opinion, no opinion!"

Qi Yunhao dared to have any opinions about where to go. He only felt that there was a slight sweat on his forehead. He originally suggested that the doctor woman said a little bit more seriously, and then talked about the method of diagnosis and treatment. It took only a few words to think of the doctor woman. It's time to go, and it seems that Wei Yue Wu is about to have his life worried.

In the end, I couldn't tell, and actually asked for help.

You can't step down.

In this way, my plan was completely failed. Wouldn't I hate it in my heart, and I glared at the doctor **** the edge, angrily, "Go back and dispose of you!"

The doctor girl was pale and frightened, but she didn't dare to say anything, and timidly retreated.

Wei Yue Wu has already appointed a person here, and this candidate is still selected by her before. After Qi Yunhao no longer says anything, she takes the newly picked medical girl to the backyard.

Yan Huaiyu was left alone in the hall to treat Qi Yunhao and Chu Fangnan.

"Brother Qi, brother Chu, I don't know if you have any assassins there? If so, please let me know. I must thank you all here!"

As soon as Wei Yuewu left, Yan Huaiyu turned his attention to the two people in the guest room, smiled slightly, but looked like a gentle and elegant woman.

I can't see the cold side.

"I didn't find anything!" Because his own calculations failed, Qi Yunhao looked weak and unable to lift his spirit.

"I didn't find anything!" Chu Fangnan said with a few times the spirit, and he dared not feel relaxed about Shang Yan Huaiyu.

"I have asked people to ask Brother Lu. I do n't know if there is news from Brother Lu. How can it be so clever? I knew that I would entertain the second prince in the house, but it did not pierce me, but prince two. The second prince's health is not good, and he has never been in front of people in ordinary times. The sword should not be stabbed at him, it was originally stabbed at me! "

Yan Huaiyu was not impatient, and converged the smile on his face, revealing a touch of contemplation.

"Is the sword really pierced to the second prince? Brother Yan has blocked the sword for the second prince?" Speaking of this matter, Qi Yunhao mentioned the spirit a little bit. At that time, Yan Huaiyu and the people around the second prince were present. They Even if I asked about it, I didn't know it clearly. Since Yan Huaiyu took the initiative to raise it, I had to inquire about it.

"The sword was pierced to the second prince, but when I passed, the sword turned in a flexible direction and pierced me!" Yan Huai said lightly.

"The sword turned in a flexible direction? In that case, you can also change direction flexibly? If it is really a sword that is pierced to the second prince, the sword is old, and it will definitely not turn around so quickly!" Chu Fangnan Frowning and analyzing.

"The sword should have been pierced to Brother Yan!" Qi Yunhao thought for a while, saying the truth.

The purpose of that sword was Yan Huaiyu, so the stab to the second prince was just a vain. When Yan Huaiyu rushed over, the sword turned in a direction and stabbed Yan Huaiyu.

Yan Huaihan should also just make a gesture at that time, how could he really give himself up to save the second prince, only to think that the sword stabbed to the second prince, the steering would be so flexible, he would win.

Therefore, the assassin is not Yan Huaihan, the second prince is just a pond fish, or it can be said to be a prop!

Actually, I can guess the response of the second prince and Yan Huaihan, how powerful the people behind them are. This time, the stabbing is Yan Huaihan, the most difficult to stab. Then, next time, is it representative? Yourself?

Thinking about the meaning inside, Qi Yunhao and Chu Fangnan couldn't help but frowned, his face became heavy.

After Yan Huai stabbed, was it their turn?

Compared to the strength of Yandi, the strength of their two places must be a little worse, or a little worse than that of Ludi. If such a thorough assassination is to stab them, do they have this? Escape?

Think of it this way, where could Qi Yunhao and Chu Fangnan be sobered.

This time, if it was their consequences ...

"Brother Yan, this matter must be investigated." Chu Fangnan sat upright and said immediately.

"Yes, we have to check. The four of us who came to Beijing for such a long period of time can be regarded as being in the same spirit. Brother Yan has happened like this, how can we ignore it. When I go back, I immediately send people out. It's important to catch people, who really wants to be bad for us! "

Qi Yunhao's eyes flashed fiercely!

Originally, he only wanted to watch good shows, and even wanted to send someone to Yan Huaiyu's side. Then he felt that this was not just Yan Huaiyu's business. If it was not stopped, then the safety of some of them But something really went wrong.

Yan Huaiyuan and Lu Yan left there because of their strength or nothing, but he and Chu Fangnan will have trouble!

Thinking of this, Qi Yunhao couldn't sit still.

"Yes, Brother Yan, I'll have someone check immediately when I go back. The few of us went to Beijing together and naturally left together safely. It doesn't matter whether we marry a princess or not, but at least we should return in peace!"

Chu Fangnan also expressed his attitude, and his face was very tense, apparently thinking of his situation.

"This ... I'm afraid it's not easy to check!" Yan Huaijun Jun's eyebrows frowned slightly, his eyes turned cold. "It must be that people are also unfamiliar with each other. The four of us went to Beijing together, so not many people moved!"

What this said was very subtle, but Qi Yunhao and Chu Fangnan both understood, and both of them frowned deeply.

Everyone brought so many people into Beijing on the surface, but in private, how many people will they bring, but no more can not be more, that is, the secret investigation of the four places in Beijing, compared to the Beijing Power, these people are too few.

If you want to find out, you really don't feel enough.

"Go ask the emperor and ask the emperor to find an assassin!" Qi Yunhao thought for a while and suggested.

"Yes, I really want to ask the emperor. If we go to Beijing together, we can't even protect our safety!" Chu Fangnan immediately opened his eyes. "We will go in a while, we can't let Brother Yan be so free. I almost lost my life with such a loss! "

Of course, the most important thing is whether they will lose their lives in the future.

Both Qi Yunhao and Chu Fangnan thought of this!

"Then Brother Brother Qi and Brother Brother Chu!" Yan Huaiyi smiled and agreed with the responses of the two.

This is of course not only the meaning of Qi Yunhao and Chu Fangnan, but it also represents the support of the two places, and also the promise that the two places gave to Yandi.

Now that the purpose of the matter has been achieved, Yan Huaiyu naturally decided to retreat!

I put my hand on my chest, coughed low, and then looked up, "I won't leave you here, in fact, this injury is not so easy! This time, it is really hard to die."

Chu Fangnan and Qi Yunhao glanced at each other, and saw the other side's eyes clearly. Yan Huaiyan was seriously injured, but also wanted to come, almost dead, how could it just look pale, it must be Yan Huaiyang I don't want people to see the details, so I can stand in front of people.

The previous performance of the Lord Jingde County and his words now show this.

This made Chu Fangnan and Qi Yunhao clear up their doubts. The two would stop doubting and stand up together to leave.

Yan Huaihuan was injured, so the housekeeper sent the two people to the gate, Chu Fangnan and Qi Yunhao hurriedly left, and went back to the house to send someone to check Yan Huaihuan's assassination.

Since everyone is not, it seems that only those in the royal family are assassinated.

The accident of Yan Huaiyi, or the accident of the four of them, is necessarily good for the royal family.

People from all over the place spread out and searched everywhere. The situation in the whole capital was tense and tense. It was actually a little more tense than when Yan Huaiyu was stabbed before.

Some sensitive officials are becoming more careful, and looming ...

After Qi Yunhao and Chu Fangnan left, Yan Huaiyu didn't return to the building where he used to live, and got up and went to Qingheyuan in the backyard ...

Chapter 770: Qi Diyi's life experience

"What's your name?" Wei Yuewu looked at the medical girl in front of her and asked softly.

The medical girl in front of her is not too young. It looks like she is about twenty years old. She looks very ordinary and has no special features. Compared with the previous medical girls, she is indeed inferior.

However, I can see that there are some differences between the manners. Even so, Yue Yue Wu deliberately said nothing, but the medical girl still seemed calm, but she could n't see that she had just arrived at the state government. And what a panic.

"Slave Yuyan." The medical girl Yuyan looked up generously and replied watching Weiyuewu.

"You ... are Qi Di's medical girl, and I don't know how the medicine works?" Wei Yuewu's hand stretched out, and the book took the book for her and placed it under the wrist.

"Try it, how is your medicine?"

"Yes, master!" I heard the names of several girls around Wei Yuewu who called Wei Yuewu the master. Yu Yan also followed, and then came over to sit on the stool moved at the end of the painting, eyes closed, fingers crossed On the pulse of Weiyue Dance.

The room was quiet, and you could hear each other's breathing.

Wei Yuewu herself was fairly calm, but several ringlets stared at Yu Yan tightly, for fear that she wouldn't say anything bad.

Halfway, Yu Yan put down Wei Yuewu's thin wrists and said, "Could you please change your hand!"

Wei Yuewu nodded, changed her hand, and Yu Yan put her hands up again. This moment was much shorter than just now.

"Master, the congenital hours are slightly inadequate, and later it seems to be suffering from cold ... There seems to be something wrong, but the slaves cannot detect it!"

Yu Yan stood up and reverently replied. The words did not indicate that her medical skills were very savvy, but only pointed out the shortcomings of Weiyuewu's body.

Although the medical skill of the medical girl is brilliant, Wei Yuewu does not expect the medical doctors who are higher than the Taiji Hospital and the Taiyi doctors at the State Government of Yanguo.

"Can't tell?" Wei Yuewu raised her eyebrows and asked, but she was very satisfied with Yu Yan.

I fell into the water when I was a child and naturally suffered from cold. It can be said that this step is already a medical skill, and it is almost a famous doctor.

The medical doctor must not be a doctor, but only to assist the doctor. For some patients who are not convenient for the male doctor to directly operate, there are medical doctors on the side, which is more convenient for them.

A doctor woman can have such insights. She has already surpassed the boundaries of doctor girls. No wonder Yan Huaiyu asked herself to pick this. It turned out to be unusual to know that doctor woman.

However, Wei Yue Wu is also curious as to why such a useful medical girl was sent to Beijing. In terms of appearance, she is really not a great candidate for sending out.

"Yes, the slaves can't see it. The master still asks the prince in the palace to see. The master's body is not very good, but this time it is a little windy, and it is better to adjust it a little, but there is a disease in the master.

Yu Yan looked at Wei Yuewu respectfully.

This statement is extremely frank, and there is no reason to express my medical skills.

"Are you from Qidi?" Wei Yuewu's eyes narrowed slowly and asked.

"No, slaves are not Qidi people!" Yu Yan said a little bit more tone here, then bit her lip, a hint of hatred flashed in her eyes!

"You are not Qi Di, why did Qi Guogong send you to Beijing and not be afraid of your unfaithful alignment?" Although the hatred flashed away, it was captured by Weiyue Wu!

"They know I don't dare!" Yu Yan gritted her teeth.

"Why?" Wei Yuewu's slender fingers knocked on the table, as if she was not surprised by Yu Yan's answer. "Take the things in Yan Mansion for your family's peace?"

"Master!" After listening to Wei Yuewu's words, Yu Yan was startled, then knelt heavily, "Please master save my father!"

"Your father?" Wei Yuewu asked.

"Yes, my father! My father is a doctor and is also a well-known doctor in Qi Di. He used to be a doctor in Qi Guogong's house, but then my father left Qi Guo's house and lived in seclusion. In a small village, and met my mother there, my mother is not Qidi ... "

Yu Yan said with a grudge.

Dr. Yu's father, Doctor Yu, married an orphan girl living in Qidi in the village. Although they were not rich and wealthy, they were also considered to be food and clothing without worry, and they were very well-received in the local area. After that, they both lived a daughter and a beautiful family life.

Although he gave birth to a daughter, Dr. Yu passed on all his medical skills to his daughter. He did not want to train her daughter into a medical woman, but she did not want to waste her medical skills.

His daughter Yu Yan was also very furious. Following her father's ears and ears, although there was no government government study, she also learned superb medical skills and gradually gained a reputation.

Qi Di always attaches great importance to the training of medical girls. A good medical girl is even more valued than a doctor, and Yu Yan gradually became famous.

Coincidentally, a medical woman from Qi Guogong's government returned to her hometown and heard about Yu Yan's reputation. She was very unconvinced, so she came to gamble with her. She was young and young, and won the medical woman in three games.

The medical girl lost her shame and left. After returning to the State Government Hall, she reported the incident. The State Government sent someone to invite the family of three.

Yu Yan's mother was unwilling to follow her, and Doctor Yu refused Qi Guogong's invitation. She only said that she wanted to live a quiet life, and the family of three did not plan anything, so she could be peaceful together.

Qi Guogong's messenger persuaded that it was useless and left.

It was expected that the robbers came to their house that night, a fire broke out in Yu Yan's house, and three bungalows were burned clean, and Yu Yan's mother died in the fire. As for Yu Yan and Doctor Yu, it was the messenger of Qi Guogong who was rescued.

The home has been destroyed, and her mother has died. Even if she is sad and sad, it will not help, so Yu Yan and Doctor Yu followed Qi Guogong's messenger into Qidu and came to Qi Guogong's government office.

When he arrived at the State Mansion, Dr. Yu continued to be a regular doctor, and Yu Yan became a medical woman, and because her medical skills were much higher than ordinary medical women, she became the most outstanding among medical women. This time she was sent When he entered Beijing, Qi Guogong chose her to accompany her, and her medical skills were really brilliant.

"Then ... what's going on now?" Hearing here, Wei Yuewu asked, raising his watery eyes.

"But ... but I later learned ... that the fire was released by Qi Guogong that night, and my mother died in their hands. That day ... I heard the messenger sent to Qi Di!" Yu Yan covered her body. Shivering, tears like rain, kneeling on the ground and slamming Wei Yuewu.

"The master and son only asked the slaves that they were Qi people. The slaves said no. The enemies of killing mothers are not shared, how can the slaves be Qi people?"

What this said was absolutely representative of her determination.

Even though she used to be Qi Di, she didn't see herself as Qi Di.

In fact, when Yu Yan said that it was on fire, Wei Yuewu guessed that it had something to do with the messenger of Qi Guogong. Otherwise, how could it be so coincidental that people who did n't want to leave died, but useful people stayed, and in the end, Qi Guogong.

"Your father is still in the State Mansion?" Wei Yuewu asked with a deep thought in his eyes.

"Yes, but I heard that my father is about to come to Beijing soon. Qi Guogong Shizi is afraid that there are too few doctors around. He went to Qi to ask for a doctor too. I heard that my father was sent over there!" Yu Yan replied. .

There have been many recent assassinations. Qi Yunhao was worried about himself and asked Qidi for an extra doctor. It was reasonable.

I just sent my daughter first, and then my father too. It didn't sound very ordinary ...

"Master, please master take my father away, I ... will be loyal to the master!" Yu Yan said, raising her red eyes and watching Wei Yuewu begging.

"What if I don't agree?" Wei Yuewu leaned back, her eyes cold.

"..." Yu Yan could not think of Weiyue Prom, disapproving, staring at Weiyue Wu for a moment, but couldn't say a word.

"My health is not good, but the doctors in the house and the doctors in the palace can do it, and they don't necessarily need doctors. Even if it is inconvenient, it is not inconvenient and cannot be overcome. It seems that I can't do it for you , Just go against the State Government House, and I do n't know how to explain it to Shizi! "

Wei Yue Wu said lightly.

"I....."

"Since you have such a big grudge against the State Government, it is not safe for me to leave you here. If you want to take advantage of us against the State Government, it might as well send you away, but since you are here, you It's past, obviously not kind, so let's go. I'll let someone get you some silver. After you bring the silver, go away and fly! "

Wei Yue Wu took the tea at hand, took a sip, and said leisurely.

"Master!" Yu Yan screamed and reached out to grab Weiyuewu's skirt corner, but when she saw Weiyuewu sweeping with a bit of sharp eyes, her hands softened for a while and fell heavily on the ground .

"Since you called a few masters, we can be regarded as a master-servant fate, but whether this fate is evil or not, there is always a fate, and I cannot let you be captured by the State Government Let the guards send you out of Beijing! "Wei Yuewu stood up and seemed to want to leave.

Seeing that Yueyue Wu really wanted to leave, Yu Yan was really panicked, and Qi Guo Gong Mansion was also a hand-to-hand person. She believed that as soon as she left Yan Guo Gong Man, someone would inevitably report to Qi Guo Gong Shi Zi. Will return to the State Government again.

That place, she should not go back anyway!

"Master, save the slaves!"

"Sent you entangled, and then sent you out of Beijing, this is not to save you? As for your father's affairs, try to do it yourself, the power of the State Government is not small, you can never let us Yan State Government for you and the State Government Come on, it's just a medical girl, but it's really not a big deal! "

Wei Yuewu looked at Yu Yan under her feet indifferently, and there was a touch of coldness in her eyes. She didn't like this situation, and she didn't like that others clearly wanted to use her, but she was not frank enough.

Having said this, Wei Yuewu turned and left.

"Master, master, slave, and still have something to say." Yu Yan began to see sweat on her forehead. She could not think of it anyway. The wife of the son of the Kingdom of Yan Guogong, who seemed a little childish, would be so stern, just a few words Drive her to where she is now.

Originally, I just wanted to cover things up, but now I found out that I can't cover them at all.
