

Young Lady 771

Chapter 771: The third prince is not the son of the current emperor

"What else do you have to say?" Wei Yuewu stopped, but didn't look back, asked calmly.

"I ... my mother is not Qi Di!" Yu Yan gritted her teeth.

"How about that? Many people have moved to other places, and people from all over the place are also very common!" Wei Yuewu said faintly, and then she looked like she wanted to move.

"My mother is from Beijing, is ..." Yu Yan hesitated. She really didn't know if such a thing should be said or not. She never said it to outsiders. Madam, can you really believe it?

"Since you don't want to say it, just forget it!" Wei Yuewu smiled slightly and moved under her feet.

"My mother is ... someone who used to be in the palace of Bei'an!" Seeing Wei Yuewu actually had to leave, Yu Yan couldn't wait any longer, and anxiously, Wei Yuewu was the last straw she could catch.

Although the medical girl is very good, but the capital without the medical girl is actually not indispensable to the medical girl.

"Bei'an Palace?" Wei Yuewu stopped, a faint flash of light flashed in her eyes, she had long noticed what Yu Yan had concealed, and it was unexpectedly that it was Bei'an Palace.

"Your mother is from the palace of Bei'an, why did you come to Qidi!" He turned back and took a seat in front of the chair. Although Wei Yuewu was shocked in her heart, she didn't show her face. She only glanced at Yuyan and was calm Road.

"The slave's mother was the big girl next to the lord of Bei'an Wangfu County. The capital that left after the Wangfu accident happened to Qidi, and later met the slave's father." Since he started, Yuyan is not Dare to conceal it again, crying, "Mother didn't want to be found, so she didn't want to go to the State Mansion of Qi State, but she thought it was the last ..."

"The Lord of Qingyang County?" Wei Yuewu's heart seemed to be greatly shaken. After a moment's stun, she suddenly thought of something and looked up at Yu Yan anxiously.

"It's the Lord of Qingyang County!" Yu Yan nodded.

"The owner of Qingyang County is the daughter of King Bei'an?" Wei Yuewu's hand clenched unconsciously.

"Yes, the master of Qingyang County is the daughter of King Bei'an, but this matter ... The mother said not to say it. The master of Qingyang County grew up in Bei'an Palace when he was a child, but later lived in the palace." Yu The words of Yan one fifty one ten.

"Why?" This is also the place where Weiyuewu was confused. Since King Bei'an had already been convicted, why did the emperor pity the unborn young girl alone, and besides, King Bei'an was only imprisoned and did not have to suffer? It is said that the supply should be the same as in Bei'an Wangfu in the past.

"My mother said that the Qingyang County Lord was locked up together, but at the last time a person came to the palace, but said that it was the emperor's will, and said that he cares for the Qingyang County Lord's body, so he raised the Qingyang County Lord in the palace Sin is worse than his wife and daughter. Although King Beian is uneasy, Qingyang County has a poor young man, but he does not need to suffer this crime. "

Yu Yan replied.

"At the last moment?" Wei Yuewu Liu Mei frowned slightly.

Sin is worse than wife and daughter? The Jiulian nine people have never committed crimes. This so-called crime is worse than his wife and daughter, but it is really speechless, but after all, King Bei'an was once the emperor's beloved son.

Even if he rebels, but the affection of the father and son may still be there, so to speak, it is understandable, but what does this mean in the end? The royal family treats her daughters lightly, even the third and fourth princesses, As a princess, when you need to be married, you can only be married.

Moreover, the master of Qingyang County is just the granddaughter of the emperor. He may not have met a few times in weekdays. Why did he think of his granddaughter at the last moment and took her to the palace to raise him.

Qingyang at that time should be young! An unattended orphan who survived in the palace, and also experienced the emperor of the two dynasties.

"It was the last time, my mother said that the king of Bei'an was seriously ill at the time, and the county master didn't want to leave, but the will from the palace, there was no way. There were still some people who stayed. The original mother was part of the stay, but because the master of Qingyang County left, the mother secretly ran out. "

Yu Yan didn't dare to conceal and told everything she knew.

She never said this to anyone. The mother repeatedly told her that she was not allowed to mention the matter of Bei'an Palace. Otherwise, it might lead to the killing of the body, and she repeatedly assured her not to tell anyone about it. .

This is why she has repeatedly concealed it. Even though the past of Bei'an Palace has been far away, she has no memory at all, but she clearly remembers that her mother died in her arms that day, and after finishing speaking with her, mother Tighten his clothes tightly, staring straight into the air, and said loudly: "Master of Qingyang County, slaves really don't know anything ..."

After speaking, I struggled twice before I swallowed.

This statement was abrupt, but it caused the suspicion of the envoys of the State Government, and then repeatedly asked them who the Qingyang County Lord was, and then when they came to the State Government, they kept asking about it from time to time. In this case, Yu Yan tried to show that she really did not understand what her mother said at the time.

Or mother talking nonsense.

Before coming to Beijing this time, I brought my supervisor over and asked me again and again whether my mother and I are elephants. This is a clear-cut ulterior motive.

Later he asked if his father was going to Beijing.

For various reasons, it seems that it has something to do with Bei'an Wangfu, Yu Yan is even more afraid to say.

If Fang Cai didn't care about Wei Yuewu's indifference to her and wanted to send her away, she wouldn't rush to tell the past.

No, fortunately, she doesn't look like her mother. The mother's appearance is outstanding, but she is just a man, and she is just like an ordinary person beside the beautiful medical girls.

After Yu Yan said it, she went to watch Yueyue Wu with a sneak peek. For the wife of the Emperor Yan Guo, Yu Yan really felt worried. The young lady had the calmness that even the Empress Qi Guo had.

"Wang Bei'an was sick at the time?" Wei Yuewu asked for a moment.

"Yes, my mother said that King Bei'an was ill at the time, and he was still very ill, but this matter was hidden from the whole house. If my mother accidentally went to take the medicine for the host of Qingyang County, he wouldn't find him. She is also taking medicine, and the medicine is still very large, but it is secretly holding the land. Although my mother did n't dare to tell the story, she only talked to the master of Qingyang County. She was very serious and wanted to follow to serve King Bei'an, but the palace didn't let her and took her directly! "

Yu Yan nodded!

"Where's Princess Bei'an?" Wei Yuewu suddenly remembered that nobody seemed to mention Princess Bei'an and could not help asking.

"Prince Bei'an died early, and it should be gone at that time!" Yu Yan thought for a while, as if she hadn't heard her mother talk about Princess Bei'an in her memory.

"Is there any son of King Bei'an?" Wei Yuewu asked.

"The King of Bei'an has no children!" Yu Yan said without thinking.

Wei Yuewu's pair of beautiful eyes was swollen and magnificent, which she had never thought of. She originally thought that the son of the king of Bei'an must be imprisoned with the king of Bei'an. The wife is not guilty, but the son will definitely be guilty. This will Maybe he was still imprisoned in a certain corner, but he couldn't imagine that King Bei'an had no children.

Wang Bei'an has no children and is still sick, so what did he do?

Treason was nothing more than to sit on that supreme throne, but King Bei'an himself was ill, and he was still very ill. At this time, he still had the heart to rebel. Moreover, he didn't even have a child. After the rebellion, he was not afraid that he hadn't On his throne, he died early.

This matter is counterintuitive.

The rebels are always when their health is sound, or by their own son, but the two Bei'an kings do not match. Where is this so-called rebellion?

What is the conspirator?

"The lord of the county, I heard that Princess Bei'an hurt her body when she was young, so she married the prince of Bei'an and had no children. It took a long time to give birth to the lord of the county. It was even more painful, and she also built a high-rise for the owner of Qingyang County to let her live in it, because the owner of Qingyang County liked it and planted many flowers so that the owner of Qingyang County could enjoy the flowers without going out! "

Wei Yue Wu's mind reflects the image of the high-rise building of the Yasukuni Palace. If the Yasukuni Palace is the former Bei'an palace, some things can be explained.

She was there to see the 3 princes 1

Three princes? In the heart, the most tranquil three of the four princes were also the most mysterious in Wei Yue Wu. He followed Wen Tianyao with little bit of selfishness. He had been swimming in the mountains and waters in the past, showing his indifference to politics. But it's great for yourself.

Married to Bei'an Wangfu for many years, and then gave birth to a daughter.

He died prematurely, leaving an orphan girl!

Ill daughter ...

Rumors of no children in Bei'an Wangfu!

Everything seems to be a repetition of Huayang Houfu, or a repetition of Bei'an Wangfu. The life of the Qingyang County Lord seems to be the same as himself.

Shouldn't there be an older brother? An elder brother being taken away?

Somehow remember the three princes in my mind? With a sudden jump in his heart, his hands supported the corner of the table, and he almost stood up in shock.

Three princes? Three princes!

It must be the third prince. The third prince once talked to himself about his younger sister. He has a younger sister, but he is not a princess in the palace. Then the answer is coming, Qingyang!

The master of Seongyang is the sister of the three princes!

Or to say another more appalling answer, the three princes are not the sons of the current emperor, but the sons of King Bei'an!

The Wei Peng Wu who was shocked by this conclusion almost turned pale, and his face was always indifferent, and he felt that his heart was beating suddenly and could not calm down.

If this conclusion is true, it is too shocking!

Why are the three princes entering the palace? What does it mean to be King Bei'an or to others? If it is King Bei'an, why did he send his son to the palace early, and why didn't he rebel? He knew he was going to lose? Now that you know, why do you want to rebel?

If not King Bei'an, who is it? Could it be the biological mother of King Bei'an, the concubine who favored the harem.

The handkerchief in his hand was tightly tightened, as if there was something to slide away from himself, leaving only a faint trace ...

The three princes are also good to themselves, is it because of the owner of Qingyang County? Remember the troubled palace of Qingyang County Lord, spreading out in front of himself like thick ink.

Thick red, thick ink, the sound of shouting from a large group of people, the blood in the corner of the main mouth of Qingyang County, but still looking at himself tenderly ...

"The lord ... the lord ... the lord ... the lord ..." The figures around him flew far and near, and there was a sense of time and space crossing, was he calling himself or Qingyang Junzhu ...

There was a blur in front of me, and the body slipped from the chair weakly ...

Chapter 772: Clothes are not luxurious enough, they should be gorgeous again

Seeing Wei Yuewu faint, all the girls around him cried nervously.

Jin Ling has the fastest action. She took a step forward to help Wei Yue Wu, but someone was faster than her. A wind passed by around her. Yan Huaiyu appeared in front of everyone, holding Wei Yue Wu in her hand. Jun face was so cold, Shen Shen asked, "What's going on?"

"I reported to the son, and the slave did not know what was going on. After a few words between the master and Yu Yan, they suddenly passed out!"

Jin Ling took a step back and whispered respectfully.

Everyone feels embarrassed when talking about it. It happened so suddenly that no one saw anything strange, but the Yueyuewu just passed out.

Several girls rings stood in front of Weiyue Wu, and watched vigilantly the medical girl named Yu Yan. Yu Yan was also confused and talked so unceasingly, why the lady of this world suddenly passed out and herself It seems that he didn't say anything!

Yan Huai's handsome eyes glanced coldly at the people in the room, turned around and held Weiyuewu into the back room, put her on the bed, then sat down beside the bed, stretched out a hand and probed her. Vein, frown slightly.

Wei Yuewu told him before that when he was young, when he was young, he was pushed into the water by the design of Aunt Dong and Wei Yuejiao. At that time, he was frightened and cold, and hurt his body. Maybe he was born with deficiency, plus Later, when the body was injured, the coma and bleeding occurred before.

But now I talked so much, how could I suddenly faint.

Fortunately, although fainted, but the pulse was still stable, Yan Huaiyu was a little relieved.

"Let the doctor girl come to diagnose the pulse for the dance!" Yan Huaiying's eyes flashed a faint color, said!

Jin Ling nodded and retreated outside the house, leading Yu Yan in.

Yu Yan was frightened by Wei Yue Wu. She gave Yan Huai a gaze, gave a short gift, and reached out to Wei Yue Wu for a pulse diagnosis.

Feeling the pulse in the bottom of the hand, it was quite peaceful before exhaling a long breath.

"Sad to the world, the body of the master is not a big deal."

"How to adjust?" Yan Huaiyu asked.

"The master's body is still mainly for conditioning, and some more medicated diet conditioning should be appropriately configured. The slave feels that the master's previous body seems to be worse, and now he has adjusted a little." Yu Yan was afraid to hide, one hundred and fifty.

Yan Huaiyu was quite satisfied with her answer. One of the main reasons why he fancy this medical woman is that this medical woman is a little bit better than the average medical woman, not to mention the medical woman From the data point of view, Qi Yunhao will not be so loyal.

Even though she is good at medicine, it is impossible to follow Wuer from time to time, especially when going out to socialize. If one does not take care of it, there may be major events. Yan Huaiyin thinks it is very important to place a medical girl beside Weiyuewu. That's why Wei Yuewu chose this one.

Jun Yan fell on Yu Yan, and said something: "Since nothing is wrong, after that, the safety of Wuer will be left to you!"

I heard that Yu Yan was a stunner and did n't understand it, but with great joy, she threw herself on her knees with excitement: "Thank you son, slaves must serve the master as much as possible, take care of the master's body, absolutely There can be no mistakes! "

When she was in the state government of Qi Kingdom, she heard that the state official of the State of Yan Guo was the first son in the world. Draws a deep fear, which shows the strength of the Emperor of the State of Yan.

Now that he said that, he expressed his belief in himself and at the same time he would help rescue his father, so that he could serve the whole body of Jingde County wholeheartedly.

Yan Guogong's son took the shot and saved his father from leaving Qi Guo's government. Yu Yan knew that his father's safety was no problem, and how not to be surprised.

Immediately kneeling to Yan Huaihan loyalty.

Yan Huaiyu waved his hand to signal their withdrawal, Yuyan and Jin Ling responded, and quietly backed out, Jin Ling walked to the end and closed the door for them intimately.

Inside the room, Yan Huaiyu stretched out his hand and held Wei Yuewu's hand, and sighed softly. There seemed to be rolling between the eyes, the smile on his face had disappeared, only the bottom of his eyes was dark ...

The situation of the dancer looks strange!

It's obviously not enough to have a doctor girl around ...

It seems that he must find out the problems on Wuer. The three princes should be informed, but with this wary of the three princes, it is absolutely impossible to tell the truth to himself.

It seems that he has sent more people out!

When Wei Yuewu woke up, she was facing the smiling face of Shang Yanhuai, looking at the undisguised joy on that handsome face, Wei Yuewu froze for a moment, subconsciously looking to the left and right.

"Several girl rings are not here. I asked them to prepare food for you, and you can use some when you wake up!" Yan Huaiyu laughed.

"I'm dizzy!" This wasn't a question, but affirmation. Long eyelashes flickered twice. He looked at Yan Huaihan and asked softly, "Did I get sick?"

"You haven't got any disease, you haven't got congenital, you need to meditate and rest, qi and blood will turn too dizzy, and you will feel dizzy for a while. You know it yourself, so you don't need to say anything more!" Yan Huaihan said with a smile, reaching out Wei Yue Wu put a strand of hair to her ears, softly.

"Really okay?" Wei Yuewu blinked her eyes in confusion.

"It must be okay, just yesterday you felt Xu Fenghan yourself. See if you made a run of your nature yesterday, and you became ill!" Yan Huaiyu laughed, stretched out his hand and stood up for Wei Yue Wu, "Is it still right now?" Feeling stuffy in your nose and want to cough? The medicine has been fried, just take it! "

Yan Huaijiang said to stand up, walked to the table, and brought a bowl of medicine on the table.

The medicine was still hot, and I knew it was boiled at a glance, but the taste was a little bit fortunate. Fortunately, Wei Yue Wu drank this medicine from an early age. I didn't feel anything. I took the medicine and drank slowly. After drinking it, I felt that this medicine was a bit bitter than before. What was to be said.

The bowl was taken over, and something was stuffed in the mouth, sweet, sweet from the throat to the heart.

Lifting Yingying's water eyes, looking at Yan Huaihan, a smile on his face could not help showing that this man was really considerate, and he prepared sugar for himself early. I am afraid no one would have thought of this Son of the Kingdom of Yan Guo A thoughtful person.

The first son in the world is romantic and affectionate. This is the first impression Yan Yanhuai has on people. He has a gentle smile, a handsome and beautiful person, and he is like a fairy-like person.

However, I only knew that this one was really cold-hearted and ruthless. He was an old-fashioned fox and a smiling tiger.

But only in front of yourself can you become so tender.

Biting the candied fruit in the mouth, even the heart felt soft, sweet, and for a while the heart of the heart suddenly melted into the invisible.

Think about it. At my grandfather's house, I drank a lot of medicines. I lived a light life on weekdays, almost nothing, and my body was always healthy. But after I arrived in Beijing, I found out how bad my body was. It's really because of the trouble.

Lack of qi can cause dizziness and dizziness.

Picking up the papa, gently wiping the mouth, the flowing beauty revealed a little smile, watching Yan Huaiyu put the bowl on the table and sit back to his bed again.

"Qi Yunhao didn't doubt anything, right?" Wei Yuewu's heart settled down, thinking about the previous things again.

"He doesn't have any thoughts about a doctor woman right now, although the doctor woman is good, but there are a lot of doctor girls in Qi Di, and it's not that bad. Yan Huaiyu was sitting next to Weiyue Wu, with a gentle smile on her beautiful jade-like face.

A pair of handsome eyes fell on Wei Yuewu's body, showing a tender feeling, looking at her as if looking at her most precious treasure. With such tenderness, Wei Yuewu's face turned red, she lowered her head, and pinched her hand, saying, "Assassin is not what you want to check, why did he check it!"

This is really evil, looking at him so tenderly, even he has some uncertainty.

"He thinks those assassins might assassinate him too, very dangerous!" Yan Huaiyu smiled leisurely.

This is not a detailed statement, but Wei Yuewu understands it. This will also ignore the shame on her face, raising her head sternly, and staring at Yan Huaiyu: "You make him think so,"

"Not only him, but also Lu Yanli and Chu Fangnan!" Yan Huaiyu laughed, reached out and touched the hair of Yueyue Dance, "Sure enough, Wuer knows me best!"

"..."

Qi Yunhao, a good student, suddenly cared about the assassin. It must be because of Yan Huai's actions. Is this a guess? Wei Yue Wu was speechless.

"Wuer let the people in the house prepare new clothes!" Yan Huai smiled with narrowed eyes.

"I didn't make a lot of clothes!" Wei Yuewu asked inexplicably.

"Those clothes are not expensive enough and should be more gorgeous." Yan Huaiyu shook his head.

Are those clothes not expensive enough? Naturally not, there are so many new clothes, Wei Yue Wu does not know when Yan Huai will be made for himself, and this will be delivered from time to time.

"Why do you want such gorgeous clothes?" Wei Yuewu glanced at Yan Huai'an and said, a strand of hair slipped down, which made her look a little more beautiful.

"There may be a will in the palace. By then, Wuer will not be Mrs. Shizi! The clothes are more gorgeous, and it should be!" Yan Huai said with a hint, a smile on Jun's face, and long narrow eyes. Provoked high, revealing a little elusive enchantment.

What this said was clueless, but Wei Yuewu understood it immediately, raising her bright water eyes, and staring at Yan Huaiyu suddenly: "Not only the state father?"

What this said was terrifying, even with a trace of nervousness that Wei Yuewu didn't detect himself. The land of the princes were all classified as national fathers. If Yan Huaiyu said, go up a bit, then Can only be king.

Divided into a king, this is of course different from the general vassal land.

"It's not just the Grand Duke. I almost died in Beijing. How can I not say that my male Yandi, Chen Bing has been on the border for a long time. Besides, Ludi, Qidi and Chudi are attached! Yan Huai raised Yang Jun's eyebrow and said casually.

Although he said carelessly, Wei Yue Wu could not really listen casually, and his face was a little nervous. Although she was calm and calm, it did not mean that it was such a national matter, she could still be so calm.

I thought that after the assassination, there would be no other thing. I never thought that this was the point. Qi Yunhao and Chu Fangnan went to check the assassins, which also represented an attitude, an attitude that was in the same spirit as Yandi

Sensing the tension of Weiyue Wu, Yan Huaiyi smiled slightly, and then reached out and touched her hair, a smile of laziness was revealed in her clear smile, and she smiled to appease Weiyue dance: "Dance, no It 's impossible to really fight, no one is really ready now! "

No one is ready, which means that everyone hasn't expected to bet it all for the time being, so it will not be possible to start a sword immediately.

"Aren't you in danger?" Only half-weiwei danced down his heart, and asked gently.

This kind of thing can almost be said to be a stormy sea, and the next aftermath will not be small, Yan Huaiyan bears the brunt.

"No problem, you just have to prepare your clothes. Later, when you are going to leave Lu Mansion, Miss Lin should be dispatched!" Yan Huaiyu patted her little hand, soothing and smiling.

After speaking, still standing on Weiyuewu's eyes and blinking, the charm of enchantment was extremely high.

Seeing him like this, Wei Yuewu glared at him, but then couldn't help laughing, and that little bit of heart faded with the smile.

Chapter 773: More suitable for attendance

"Lu Yanli's banquet will not be calm. You should be careful, but there is a medical girl by your side, and I am also assured of a lot. Besides, you are the family daughter of Yandi. Even if the three princesses want to deal with you, it is not easy. You Do whatever you want, don't think too much! "

Yan Huaiyu said.

Wei Yue Wu knew he was mentioning himself, and listened attentively.

A faint flash of light flashed through the water's eyes, which allowed Yan Huaihuan to tell himself that the banquet in Lugu Mansion was not an ordinary banquet.

Since ancient times, there has been no good wine and no good feast. Fortunately, Yan Huaiyu also relaxed her heart slightly.

Her identity is Miss Lin, not Weiyuewu. It has nothing to do with the people in the capital. Without much involvement, there will be fewer restrictions.

Indeed, this identity of Miss Lin is indeed very useful.

Although the third and fourth princesses were arrogant, they did not dare to deal with Miss Lin. Moreover, Miss Lin was weak. If she was fainted by a few words, it would be difficult to do.

Thinking about it that way, Wei Yuewu couldn't help laughing, and the "Miss Lin" who had no need was more used than the Jingde County owner himself.

"It just so happens that you will get sick now. Originally because of Hua Yanghou's marriage, toil and pain, and your health was bad, and I couldn't take both of you, so this time I took Miss Lin, Yuan It was also expected." Yan Huaiyun said leisurely, the smile on his face seemed to be plated with a layer of light, showing the ultimate charm.

Wei Yuewu glanced at him obliquely: "You're so sure they don't dare to move Miss Lin!"

"It will definitely move!" Yan Huai said intently.

Wei Yuewu, who was talking about this, was a little nervous. She was straightened and asked, "What do you mean?"

"Of course, they will not let go of such a good opportunity. I can't meet Miss Lin in the ordinary weekdays. I have to see you this time, so I have to say a few words. I'm going to have to fight the two of you. Get up, you have to let the inner court of Yanguo Mansion get into trouble! "

Yan Huaihua said resolutely.

The two of you, of course, are Weiyuewu and Miss Lin, but in fact, the two are the same person. Weiyuewu can only ignore this for nothing.

In the eyes of others, two people who are similar to each other are originally the same person. This rumor that the so-called Yanguo Mansion's backyard must not be peaceful, in fact, does not exist at all.

How can I fight with myself, but in the eyes of others, Miss Lin of Yandi and the Jingde County Lord of Beijing must not coexist in the end.

Now it's just a temporary balance, or Yan Huaihua has done a good job, so that the two of them can live in peace for a while.

However, such a balance is actually the most difficult to control. If it is not a little, it will cause chaos in the backyard and the inner court will catch fire. I believe many people are willing to see this scene in the Yanguo Mansion.

"Can it be understood that the three princesses and the fourth princess will inevitably deal with me, but it is not possible that they will take the shots themselves, so I don't need to pay attention to other people. Compared to the third princess and the fourth princess, other Miss family, Even if I'm the county owner, I don't care. "

After thinking about it, Wei Yuewu still feels that she needs to confirm again. Tomorrow is the first time she will attend the banquet as Miss Lin, and the owner of the banquet is still the third princess, so she has to be careful.

"You can say that, so Wuer doesn't have to be afraid of anyone!" Yan Huaiyu praised his little fox, appreciated it, and nodded with a smile.

She pushed Weiyuewufang, took the cushion that she was leaning behind, leaned up, and stretched out her hand, Weiyuewu half fell in his arms.

"Rest assured, there is me by your side, don't worry!" With a touch of petting voice, blended into Wei Yue Wu's ears, and then slid in from his ears, straight into the heart, making Wei Yue Wu inexplicable. Gave birth to a little joy, a touch of joy.

"Can it be said, I can do whatever I want!" Suddenly, Wei Yuewu uttered this sentence.

"If you want it, you can!" A smile flashed through Yan Huai's narrow phoenix eyes, holding Wei Yue Wu's waist in one hand, and letting her cling to her tightly, and she smiled more and more. .

The words were extremely careless, as if they were just casually spoken, but why does Yan Huaiyu need to do this, and in his capacity, why do he need to say such a guarantee, Wei Yuewu feels that her nose is a bit sour, her body is soft and simple Leaning back into his arms, and covering his head in his arms, his eyes were slightly red.

My heart has melted unknowingly!

Yan Huaiyan reached out and patted Wei Yuewu's back, and asked softly, "Are you tired? Would you like to sleep for a while?"

"Sleeping for a while!" Wei Yuewu said dully, she didn't know that it was a bit coquettish, and her soft heart made Yan Huaiyu's heart soft.

"Then sleep a little longer. The kitchenette is here. If you don't want to eat it, you can eat it again." Yan Huaiyu smiled and lowered his head.

Wei Yuewu nodded, still stuffing her head in his arms, lying still for a while, she finally couldn't sleep, she slept well last night, Yan Huaiyu has a strong sense of existence, and all around her it was his breath that made her sleepless for a while.

"My elder brother is gone!" Half ring Wei Yuewu felt that lying down with her eyes closed was not so important. She simply moved away a little to allow her mouth and nose to breathe freely.

"I thought you really want to strangle yourself!" With a ridiculous voice, fell in her ears.

His face was a little red, but he was afraid he was too weak. He simply flushed a small face, raised his head, and gave him a stern look, giving him a serious look: "I am talking about my big brother Go, go to the border! "

Seeing that little face was charmingly exquisite, but she wanted to be an evil and evil face, Yan Huai immediately felt interesting, reached out her hand, and touched Wei Yuewu Feihong's little face. It's also a serious saying: "I'm talking about business. You just buried your whole head in my arms. I'm fine. I'm afraid you won't be able to breathe for a while. I faint and check it when I ask. Why, you can't answer it again! "

After Yan Huaiyu said, she reached out her hand extremely innocently, indicating that she really did nothing.

"You bullshit!" Wei Yuewu could only stare at him with such a ridicule, and the fierce hand twisted fiercely in his hand, "I'm talking about my brother, are you listening?"

Her long eyelashes flickered twice, with a charming glance, such a soft look, coupled with her exquisite facial features, Yan Huaiyu felt that her heart jumped uncontrollably a few times, Sure enough, his so-called fixed force, in front of Wuer, are all vain.

This girl didn't need to say anything, she just looked at herself and felt that her heart was hot. There was an urge to always crush her in her arms.

The person in my arms is too beautiful, but it is too small, and my heart sighs helplessly!

Taking a deep breath, calming the sudden beating of his heart, Yan Huaiyu stretched out his hand and patted Wei Yuewu's back gently, soothing her.

"Okay ... I hear about your eldest brother, Wei Ziyang, right, he left Beijing last night, and it's probably going to go far!"

Yan Huaiyu knew that at this time he could no longer step on his own little fox, otherwise the little fox would bite.

"Because ... Li's!" When mentioning Wei Ziyang, Fei Hong on Wei Yuewu's face retreated slightly.

"Whether it 's because Li 's not because of other people, he 's gone. Everything about Li 's life is taken care of himself. As a man, Wei Ziyang should also bear some responsibilities. Dancers do n't need to care about these, he will figure it out. Yes, he will see you naturally when he figured it out! "

Knowing the knot of Weiyue Wu, Yan Huaiyu softened his voice to soothe.

And then I just got off the topic: "As soon as I ask someone to bring Miss Lin's clothes, you see, if there is anything wrong, let someone change it immediately!"

He didn't like that Wei Ziyang had always occupied Wuer's mind, even though Wei Ziyang was a cousin of Wuer, Wuer was his.

Wei Yuewu didn't know that this seemingly cold-hearted son was just mentioning Wei Ziyang all the time, and suddenly she was childish and jealous. She would really think of the banquet of the Luguo Government House and nodded at the moment: " OK, I'll take a closer look as soon as you get someone here. "

The banquet of the Luguo Government House is also a trivial matter. Although backed by Yan Huaiyu, he still needs to be careful.

Wei Yue Wu couldn't sleep this time, just sat up.

When Yan Huaiyu saw her get up, she greeted people to send Yu Yan a medicated diet specially prepared for Weiyue Dance. Unlike Yan Huaiyu's preparation, Yu Yan's medicated diet was more suitable for women.

Qi Guo Gongfu has its own set of medicinal recipes for women to help women adjust their bodies, and Yu Yan is familiar with these.

Because the new medicated diet was prepared, it tasted slightly different from the past, and the taste was also good. Wei Yue Wu used a small bowl and actually added some points, which exposed the faces of several attendants. It's hilarious.

Yan Huaiyu watched Wei Yuewu run out before taking her away. Soon after, a set of clothes and some hand decorations were delivered to Wei Yuewu's room.

A set of clothes that does not look very light. Although the background is still plain, the large red plums and Wei Yue Wu's dress style are a little different.

Wei Yue Wu used to be similar to Yan Huaiyu's dress style. They did not like large embroidery, only on the bottom of the skirt, the corner of the skirt, the collar, some patterns, or slightly embroidered on the skirt, but This set of clothes is different. The large red plums, the original plain colors, are much more beautiful.

But after putting on, several girls ring applauded.

The charm was a little enchanting, completely sweeping the coldness of Weiyuewu in the past, put it on, don't have a style, Weiyuewu's face reflected a little charming.

"Master, there is still a veil!" Shu Fei took the veil over, Wei Yuewu took it and hung it on her face.

The entire face was covered, leaving only a pair of beautiful watery eyes. Even if only one pair of eyes were seen, it immediately made people think of the beauty of the country.

"This way ... will make people recognizable!" Wei Yuewu frowned, and now she is no longer in Beijing. Even if her eyes are exposed, familiar people will discover something.

"Master, rest assured, Shizi will let people put on a different makeup for the master. Even people who are familiar with the master will not recognize the master! The master never does makeup on weekdays!" Knowing where she was confused, Jin Ling smiled and explained, "We have our own set of makeup, which is different from Beijing Sinochem."

"Not the same? How is it different?" Wei Yuewu was curious, and she took off under Shu Fei's service.

Chapter 774: Yan Disheng makeup, different plum makeup

"Compared with the makeup in Beijing, Yandi Sheng Meihua makeup is very famous. Some people even know it in Beijing. I heard that it has been imitated, but it is not as good as our Yandi!" Jin Ling said He laughed aloud, "Speaking of this plum makeup, it actually has something to do with Shizi!"

"What's the relationship?" Wei Yuewu was intrigued and asked.

"It is said that the first woman with plum blossoms in her heart was because Seiko praised plum blossoms and realized such a characteristic. She wanted to attract Seiko's attention at the banquet, so she came up with this method alone. A lot of Miss Family members took it as an allusion, and they all felt beautiful enough, so Yandi popularized this plum makeup. "

"Plum blossoms in the eyebrows?" Wei Yuewu smiled sweetly, becoming more and more curious.

The makeup in the Jiangnan area is mainly light. Besides, Wei Yue Wu has been living in the backyard of his grandparents' home. He has n't seen much. On weekdays, he has n't seen any special makeup except for his cousins.

"Yes, the order is Hongmei. The master can also be equipped with a little gold rim, which looks beautiful and enchanting. With this skirt, I don't want to be amazing in the audience!" Jin Ling picked up the one

on the side. The plum long dress, laughed, and the eight long dresses, once unfolded, were pieces of red plum.

A little plum blossom? Wei Yue Wu has never seen such a makeup, thinking about it, if you use a veil to expose a pair of eyes, and then click on the plum blossom, it must be different from the past. People should pay more attention to that plum blossom, and themselves Your eyes will look different because of this plum blossom.

As long as you are careful, there should be few acquaintances who recognize you.

Wei Yuewu thinks so, but when she really puts on Yan Di's plum makeup and looks at herself in the mirror, she can't help but sigh about the power of the makeup technique.

The woman in the mirror, with the veil of lake color, looming inside, but it became more and more extraordinary.

A pair of bright water eyes, slightly raised, which makes Wei Yuewu look kind of charming, with a red plum on the eyebrows, golden fringing, and charming, revealing thousands of styles, such a look and color, who will see it I will not doubt how beautiful the woman under the veil should be.

And this stunning and charming city is different from the elegant elegance that Weiyuewu has shown in the past.

Wei Yue believed that even if his father Wei Luowen stood in front of himself, he would not recognize who he was.

I have never been so dressed. With such a dress, I do n't really fear that others will see it. As for the sound, it 's easy to do. Just lower the sound slightly and slow down some sounds. Ms. Lin in Yandi has been sick. , Talking voice is lighter, slower, the original is also normal.

"Is Shizi alright?" Wei Yuewu asked Jin Ling while looking at the person in the mirror.

"Shizi is good early, I'll wait for the master!" Jin Ling nodded.

"Let's go!" Wei Yuewu nodded, turned around and walked out. Yu Yan and another girl ring called Jin Yu followed behind her. Today she is Miss Lin, so naturally it is inconvenient to bring a few more Jin Ling.

This girl ring called Jin Yu actually plays the role of Miss Lin from time to time.

The carriage had already reached the gate of the house, and Wei Yuewu held Jin Yu's hand and took the carriage. Then she saw Yan Huaiying leaning on the couch to read a book. When Wei Yuewu came over, she reached out and helped her. She had to sit down before leaning back on the couch, and Jun Mei's eyes fell on Wei Yuewu's face, showing a touch of shock.

"Wuer is really beautiful. With such a dozen, the more beautiful the country is, they will all sigh for me!"

.

"This makeup looks very beautiful!" Wei Yuewu blinked and said mischievously.

Always flushed by Yan Huaihuan, Wei Yuewu felt that she could not be so weak all the time, so this would hit him back.

"Women are still pretty!" Yan Huaihuan looked at Wei Yue Wu again, admiring in earnest.

Wei Yue Wu felt that she couldn't handle it, and the thick-skinned black fox didn't know what blushing meant.

Reached out and pushed him, "You sit inside!"

Simply open the topic.

"Waner wants to lean on my arms?" Yan Huaiyu backed away, Jun Mei raised her head, very clear, "I know that Wuer wants to lean on my arms, just say Come on, don't be so euphemistic, you're all mine, and you're so polite! "

After saying that, he stretched out his hand and held Wei Yuewu's hand, and when he was in a trend, Wei Yuewu's body leaned over, and it happened to rest on him, just as he said.

Wei Yue Wu is really unable to resist, how can this demon and evil spirit make fun of her words, and take it for granted, and I know you will look like this.

At this moment, she was glad that there was a layer of veil on her face to hide, otherwise, her face must be red.

Since it was not said, Wei Yuewu felt that the loser would not lose, and reached out and twisted Yan Huai's hand fiercely.

"Wuer, is this really good? You treat your husband as violently as this, but you have to go to the queen's side to scream injustice!" Yan Huai frowned, expressing aggrieved expression, as if Weiyuewu really did. What a big thing that makes people angry.

Junmou looked at Wei Yuewu with condemnation: "Although Wuer is my wife, how can a wife be a fierce husband? It is said that Wuer is wrong at home!"

This evil ...

Wei Yuewu was full of anger, but took his hand to bite him fiercely, and when he saw the smile on his face, he didn't say a word, only said fiercely: "You Give me some rules! "

"Wuer, why don't I behave? Now you hold my hand!" Yan Huaiyan looked innocent.

Looking at Wei Yuewu's look of thin anger, Yan Huaiying could not help raising her feelings more and more. When she saw Wei Yuewu even Bai Nennen's ears turned red, she wanted to tease her deliberately, but this would I also know the size, and after finishing speaking, I patted Wei Yuewu's shoulder calmly: "Okay, okay, okay, what does the dancer say!"

If you step on it, your little fox will really catch your breath.

It's not painful, it will make people see that it is more troublesome to explain.

Wei Yuewu gave him a charming glance, and pushed his hand away. Yan Huaiyu took the opportunity to embrace Wei Yuewu's waistline, and said softly, "Have a rest, don't worry, anyway, when you get to the place I will call you! "

The car was slowly moving and was very stable. Wei Yuewu yawned involuntarily, fluttered her long eyelashes twice, and her eyes closed. Speaking, she was really sleepy. Last night I was worried I was a little bit awkward. Later, even though I fell asleep, I didn't sleep well. I made a lot of messy dreams.

Early in the morning, I was called to make this complicated plum makeup, and this makeup took a lot of time. For this reason, Wei Yue Wu had to sigh that the first swallow girl who used this makeup was indeed a smart person. Such complicated makeup can also be figured out by her, which is really not easy.

This can be a little sleepy.

Retracted in Yan Huaihan's arms, he found a suitable position by himself. The small face slammed in Yan Huaihan's chest a few times, and then, without moving, his breathing gradually stabilized.

Watching Yue Yue Wu slap on her chest for a few moments, only Yan Huai, who was only a little bit soft, put her hand down gently, and pulled out the sleeve of Wei Yue Wu accidentally under her body, handsome. The eyes fixedly fell on Wei Yuewu's closed eyes.

Inexplicably happy in my heart!

I didn't think there would be any woman in this body to make her feel like this, but she just didn't meet her. The little one in front of her is really wonderful, and she can evoke the softest part of her heart.

The slender hands slowly stroked her hair, very light, and touched it a little, then put it down, and the smile on Junmei's face became even more enchanting.

The little one in front of me is herself, although some conspiracy is used in this one, but who is not letting others find her good! I found it, of course, put her under her wings early, and no one could take it away.

The so-called three princesses and four princesses used to be indifferent, but now it is certainly impossible for them to marry for the sake of dancing, which may make their way more difficult, but it is just a detour around them for the sake of this little The smaller one is worth the trouble.

The Supreme Way? He hasn't figured it out yet ...

"Wuer, here!" Yan Huai's gentle voice was in her ears, Wei Yuewu opened her eyes blankly, staring blankly at the magnificent handsome face in front of her, not knowing where she was, the watery There was also a kind of beast-like confusion in the beautiful eyes, looking pitiful and cute.

"Wuer, it's Lu Guo's Mansion!" Yan Huaiyu laughed and mentioned her.

This reminded Wei Yuewu. She woke her up warily and looked around. She was still in the car. She actually fell asleep in the car. She was ashamed for a while.

"I slept for a while, but I have arrived!" Wei Yuewu sat up, blushed, and touched her head. Fortunately, she was tight today, and her sleep was okay.

"It's been a while."

Wei Yuewu's hand froze, then she turned her head and looked at Yan Huaiyu rather difficultly: "Our carriage has been in the Lugu Government for a while?"

"Yes, for a while, Lu Yeli also sent someone over to ask us to get off the bus!" Yan Huaiyu smiled and raised the book in Yang's hand.

"Then we ... why didn't we go down?" Wei Yuewu took a hard breath and had a bad feeling.

"Wuer is still sleeping, so she can't get out of the car!" Yan Huaiyan raised his eyes and laughed for granted.

Wei Yue Wu heard it, but felt that she was very irritable, staring at Yan Huaiyu fiercely, took a hard breath, and then took a hard breath, only to suppress the irritability rolling in her heart.

"Why don't you wake me?"

"Wuer is still sleeping, what's the hurry!" Yan Huai said lazily, "I let them wait below, just wait for Wuer to wake up and go on!"

So it is not only that the people of Yanguo 's government know that they have fallen asleep while sleeping, but even the people of Luguó 's government, or those who attended the banquet, know that they have fallen asleep by mistake?

Wei Yuewu felt that her face had been lost.

"Okay, okay, it's not your face that's lost, it's Miss Lin's face, and it's not a better illustration of Miss Lin's place in my heart! I can't spoil her like this, then you can't overdo it!" Yan Huaiyu laughed, put down the book in his hand, pulled Wei Yuewu up, and whispered something in her ear.

After listening to Yan Huaiyan's words, Wei Yue Wu was immediately impressed, and her heart was full of emotions. Yan Huaiyan glanced obliquely, and the anger on her face receded.

There is Miss Lin blocking the front, no matter how Yan Huaiyu treats herself, others will only think that Yan Huaiyu is just balancing, but in fact, Miss Lin is the main one. It can be said that with this unexpected Miss Lin, she has The danger will be reduced by more than half ...

Chapter 775: The husbands and wives of the princely land have all grown up

Outside the carriage, the prince of Luguó 's government had waited for a while. This looked at the sky, and looked at the seemingly quiet carriage there, but it was a little anxious, but he did n't dare Step forward.

In that gorgeous carriage was the son of the State of Yan Guogong and the lady who was said to have most curious women in Beijing.

Yandi's family girl, even in the palace, did not remove the veil, but I don't know if I will look at people with true face today, but in this regard, most people think that they should remain as mysterious as ever.

But even if you can't see your face, it's good to see people!

The appearance of the Lord of Jingde County is amazing for everyone. It is said that the family girl of Yandi, although still unknown in Yanguo Mansion, has steadily overwhelmed the Lord of Jingde County, needless to say This must also be a brilliant person, but I don't know which one is more beautiful than Miss Jing.

In Zheng Zheng's thoughts, he suddenly heard that there was movement at the carriage, and he hurried to stand upright, and he dared not look at him casually.

On the surface, she was the mother-in-law of the Lugu Government, but in fact she was a puppet in the palace, and she was the one who followed the three princesses to preside over the party of the Lugu government.

The three princesses in the courtyard are all welcome!

Of course, the identity of the princess was there, and no one needed her to meet the door in person.

Basically, they let the girl ring and the mother-in-law stay at the door. When they saw someone coming over, they took it directly, without saying who brought who.

It is the only mission that is different from others. She is waiting for the family members of the Yan State Mansion.

The wife of Shizi, who does not bring her own name, but with a family member of Yandi who is not yet known, was originally a very strange act, but Yan Huai, who is like a fairy, did this, but it made many people. Many conjectures have been raised about the appearance of the family daughter of Yan Di.

At the same time, everyone was secretly alert to this Miss Lin of Yan Di.

Wouldn't it be simple for a woman to make Yan Huai so affectionate.

When the door opened, Yan Huaiyu jumped out of the carriage first, then reached out to the carriage.

嫵嫵 Peeking, I saw a woman's thin and gorgeous figure. The wind was blowing, raising red plum blossoms, delicate and fiery, but it was reflected on the light-colored base, with a kind of flame and ice and fire. The feeling of rushing, but at the same time people feel very coordinated, there is a charming charm.

I didn't see my face, I had this kind of feeling, and I murmured in secret.

I'm used to seeing beauties in the palace, but I don't think I've ever seen such beauties.

This Miss Lin of Yandi is really extraordinary. Such a look is comparable to ordinary people. She turned her eyes up secretly, and saw Yan Huaiying's familiar hand reaching out, gently holding the woman down, gentle manner. Elegant, even Zhang Junmei's jade face even smiled.

You can see that you are in a good mood.

I heard that this son suffered a serious injury a few days ago, but it was hard to wake up, but he took a woman out of the car regardless of his body, showing the degree of love for this woman.

Such a pet, I feel I have never seen it in the palace.

The emperor loves many women, but no matter how much she loves, she can't do this step of the Emperor of the State of Yan, and her frown frowns. It is difficult for her princess to grab the favor of Miss Lin.

The so-called green plum bamboo horse should also be true.

The veil struck, covering most of her face, leaving only a pair of watery eyes, and what attracted her even more was the plum blossom with a golden wheel and red edge, which reflected the beauty of the eyes more and more. Soft and charming, with the sophisticated skills of the palace, you can immediately judge that it should be a beautiful woman.

Even though the three princesses are growing well, they seem to be much weaker than this beauty.

She's eyebrows are more and more wrinkled, and she can be regarded as a wise woman in the palace. She has heard of this plum makeup from Yandi, but did not expect that this plum makeup will be so beautiful. I heard it, even the three princesses secretly ordered it, but none of the Miss Lin was outstanding.

That beauty is almost full of ecstasy-like beauty.

I have seen Weiyue Dance. The two are compared. Although I feel that the Lord of Jingde County is also beautiful, this beauty is not the same type as the beauty of Miss Lin in front of me. One is more beautiful.

The beauty of the Lord of Jingde County, the beauty of the etherealness, and the slightest coldness, like a fairy of nine days.

At present, this Miss Lin is beautiful and delicate, her eyes and eyebrows are full of charm, and her eyes are flowing, and her beauty is more likely to win the hearts of men.

Even the Lord of Jingde County can't win her favor, can the Three Princesses really do?

As a puppet who is the first to stand for the third princess, I think this matter is very difficult to handle. Would such a woman, the emperor Yan Guogong, really be willing to let go?

"Are you ... the mother-in-law of the Lugong Mansion?" Wei Yuewu also saw the woman who was standing properly and did not even dazzle her eyes, and asked her voice softly.

As soon as her voice was lowered, she carried Xu Xu low and husky, which was a little different from the past.

"Yes, the slaves are exactly the same, slaves see Yan Shizi and Miss Lin!" After listening to Wei Yuewu's scream, he stood forward, respectful salute, and should be well-mannered.

It was just this kind of thoughtfulness that fell into Wei Yuewu's eyes and turned into a comprehension smile.

The third princess couldn't sit still ...

"The female dependents are all inside, Miss Lin, please come with the slaves!" After Wei Yuewu shouted, Xu stretched out her hand and drove down the door.

The carriages of the Yanguo Mansion naturally did not need to line up at the front door. They led them early to the side gates, advanced to the Luguo Mansion, and reached the special parking lot in the Luguo Mansion. There was a long carriage.

"Shizi, I'm gone!" Wei Yuewu nodded, and said softly to Yan Huai.

"Wu Er is not well, take a rest carefully, if you are uncomfortable, you can tell me, we will go back earlier!" Yan Huaiyu smiled, his mood was very good, if not for his face Pale, I really can't see that I was still unconscious in the last few days.

"Good!" Wei Yuewu agreed readily.

Then the two separated, Yan Huaiyu went to the front yard, and Wei Yue Wu followed Wu to the backyard.

The separate scenes of the two, although not much, but Yan Huaihuan's affectionate words fell into the ears, and even more disturbed him.

Can my princess really win the favor of the son of the kingdom of Yan?

But Wei Yuewu has moved, she did not dare to neglect, followed the busy heels, and walked two steps to lead the way.

The Lugong Mansion is also huge. Even after passing through the flower gate, the scenery in front of it is small and exquisite, but it still reveals a bit of atmosphere.

What surprised Wei Yuewu most was that there seemed to be a lot of rockeries in the Lugu Government House, and the small waterfalls on the rockery were not small. The sound of water was faint in the ears, which had a feeling of Jiangnan gardens.

Wei Yue Wu was raised in his grandfather's family since he was a child. There are several tributaries in the courtyard of his grandfather's family, winding around. Even when walking on the road in the garden, he will also hear the sound of water. I will hear it again. The sound of the water in Lugu's Mansion is a bit intimate.

"Lu Guo's Mansion was different from other mansions. The rockery waterfall is not bad! But I don't know why Lu Guo's Mansion made this look?" Wei Yuewu asked with a smile, and her eyes turned to the woman-in-law.

Since it is said to be a descendant of the Government of Lu, these questions must be directly asked.

Lu Di is not in Jiangnan, but there are traces of Jiangnan everywhere, which makes people feel surprised.

"This ... is Mrs. Lu Guo's from the Jiangnan area, so I like this kind of rockery and flowing water. It is said that in summer, the sound of the water flowing can be heard. The whole person has cooled down, so

many rockeries have been repaired here. Running water and pumping it up with a pump and pouring it down. "

He knew about these things, and answered with a smile now.

"It turns out that Madam Lu Guo is actually a man from the Jiangnan area!" Wei Yuewu nodded with a smile. No wonder there are many fake mountains and rivers, but it can be explained, but new doubts have arisen in her heart. Shouldn't it be Ludi? "

"This slave is also unclear. I heard that Madam Lu Guo's mother had grown up in Jiangnan when she was a child. Although she was a family daughter in Lu Di, she may have said that she was from Jiangnan because she lived in Jiang Nan. Someone! "He answered carefully.

She is the puppet next to the third princess. Although she followed the third princess to know a lot about the state of the government of Yan Guo, she only listened to the matter of the state of the government of Lu Guo and asked about Yue Yue Wu. , Really asked her to stop.

Fortunately, she responded quickly and thought about it and answered immediately.

Mrs. Lu Guogong's wife grew up in Jiangnan as a child? This really made Wei Yuewu surprised, and suddenly thought of Yan Huaiyu's mother, she also grew up in the Jiangnan area, and then got acquainted with her mother.

Is there no connection in this?

Regardless of whether he is the granddaughter of Lu Guo or the granddaughter of Yan Guo, as far as his family is concerned, he is in Lu Di and Yan Di, both are big families, but why did he travel to Jiangnan and grew up in Jiangnan since he was a child? , And then went back and forth, something seemed to slip in my heart, but I didn't catch it for a moment.

Would the husbands and wives of the princely land be raised in Jiangnan from an early age?

Wei Yuewu's mind suddenly flashed such a thought, but then she turned her attention away, which sounded more like a joke.

As you walk away, the buildings in the Luguo Government House become more familiar to Weiyue Dance. Many of the buildings here are imitated in the Jiangnan area. After this rockery, you will see an octagonal pavilion. The pavilion is divided into eight corners and eight corners. There are bells hanging on it, and then there is bound to be a corridor.

Small bridges, flowing water, corridors, rockeries, and small waterfalls constitute several important factors of Jiangnan gardens. They all have, and even have, Jiangnan characteristics compared to ordinary Jiangnan gardens.

However, this is the scene of the grandfather's family in Wei Yuewu's memory overlapping.

Could not help slowing down, looking all the way, all the way forward at will.

This road goes a long way, among which turns and turns, it is easy to let people who are here for the first time get lost in it. Another characteristic of Jiangnan Garden is that the changes between architecture and construction are quite small. I thought I was in a circle, thinking I was confused.

However, it is hard to find Wei Yue Wu. She even feels that since there is no guide way, she can easily find the main flower hall in the inner courtyard.

It should be the second-largest yard on the axis!

Sure enough, the road turned around, and after winding around, he went to the flower hall of the Lu Guo government.

The third princess can come. Of course, the main flower hall is opened. It will not be too early. Not only the third princess is here, but the fourth princess has already arrived. Other young ladies and young ladies are here. less.

Today's banquet is for young people because there is no older lady to attend.

Everyone was young, and the three princesses were kind, and before entering the door, Wei Yue Wu heard a burst of laughter, and the guests seemed quite happy.

It seems that the three princesses would be happy to come to Luguo's government office to help Lu Yeli to receive the relatives.

When she saw Wei Yuewu coming over, a long time ago, the palace maid found her uncle in her palace, and she knew in her heart, and hurriedly reported to her: "Report the three princesses, Miss Lin of Yandi is here!"

For a moment, the voice in the flower hall quietly calmed down, and everyone's eyes looked at the three princesses and four princesses who were sitting in the first place ...

Chapter 776: The most distinguished plum in Phnom Penh

Everyone knows that the third and fourth princesses want to marry Yan Huaiyu. Everyone knows that this time Yan Huaiyu went to Beijing to marry the princess, but this Miss Lin chased her all the way from Yandi. There was a sudden incident of the Lord of Jingde County, and the goddess of Yan Guogong, who was peerless, seemed to be getting farther and farther away from the two princesses.

The banquet of the Luguo government was again hosted by the third princess in the courtyard. Some people have long wondered whether the palace changed its mind. Whether it is the third princess or the fourth princess, it will not be the emperor Yanguo.

But no matter what, the appearance of this young lady, who is said to be the youngest son of the Emperor Yanguo, is likely to arouse the anger of the two princesses.

Therefore, this will see the three princesses and four princesses one by one.

Upon hearing Miss Lin's arrival, the four princesses who had seemed a little uncomfortable sat upright, snorted coldly, and stood in full swing.

But the three princesses didn't show any abnormalities, just smiled slightly and raised their hands imaginatively: "Go and ask Miss Lin to come in, and say that I have too many guests here, it is really inconvenient to greet the door and let her do more!"

This is very polite. She is a princess, and Ms. Lin is just a family daughter of Yandi. Yan Guogong is a courtier. The family daughter of Yandi is her subordinate, of course, she does not need to welcome her.

Of course, everyone knows that this is a kind word, but this also shows the attitude of the three princesses. For this Miss Lin, it also seems to contain goodwill. Compared to the vigilant four princesses, the three princesses are extremely powerful. Degree, also very princess style.

The fourth princess came to her senses, and swept the third princess in the corners of her eyes, showing anger on her face, but she slowly relaxed, and even a few smiles piled up on her face. No longer told her not to let her embarrass the Miss Lin in front of everyone, and her body was said to be extremely bad.

If she is unhappy, she may faint. She passed out when she fainted her, but it 's so bad!

Queen Tu repeatedly told the four princesses that the emperor was thinking about her marriage with the third princess. You must not make any mistakes in this section, otherwise no one can help her.

Seeing the two princesses were very polite, with smiles on their faces, the hall was lively again for a while, everyone should talk and still laugh, but their eyes turned to the door involuntarily.

At the door, Wei Yuewu walked in with two girls.

Upon entering the door, such plum blossoms ignited everyone's eyes in the hall.

Everyone had been guessing that this Miss Lin of Yandi was extremely beautiful, otherwise Yan Huaiyuan would not have been so attached.

But I did not expect that it was not only beautiful but also charming. The watery beauty, no matter who it was swept away, made people feel amazing.

A little plum blossoms in my brows, a little more enchanting and charming!

Beautiful and charming!

Even if she covers her veil, she doesn't seem to be worse than Jing Wenyan, or her slightly raised eyebrows are more style.

After reading this one, everyone couldn't help looking at Jing Wenyan, and couldn't help but compare them!

Jing Wenyan also came, she was sitting next to the four princesses, and her attention also fell on Miss Lin, dressed in Weiyuewu. She was also not convinced by this mysterious Miss Lin, and she wanted to unravel why Yan Huaiyu was treating her Love the reason.

Jing Wenyan can be sure that she has never seen this Miss Lin before. When she went to Yandi, no one mentioned the Miss Lin. Where did this inexplicable Miss Lin come from?

And when it appeared, it was Yan Huai's childhood beauty, which was the most unconvincing place for Jing Wenyan.

If anyone says that Yan Huai is in love with anyone, who else besides himself!

This will hear people coming, and I can't help but look at the exhibition, but when I see a woman coming to the door, a red plum octagonal skirt with flashing skirt corners and colorful rain, as if in a plum forest, the waist is light and light. The waistband was lightly tied and somewhat open, but it became more and more slender and soft.

The long tulle dangled, only a vaguely face under the tulle was seen, but a pair of beautiful eyes fell out of the veil.

A plum blossom was adorned with Bai Nen's forehead, with a golden rim around it, exuding a kind of nobleness in its beauty.

Golden plum?

Jing Wenyan's face changed drastically, and the pazi in her hand was severely twisted into a ball immediately. It turned out to be a plum blossom with golden rims.

Jing Wenyan is no stranger to plum makeup. Even she herself once dressed up for Yan Huaihuan. When she went to Yandi, she deliberately made such a makeup look.

The swallow girl is soft and charming, she has heard about it for a long time, and she just wanted to show Yan Huaihuan that painting this plum makeup by herself is naturally more beautiful than other swallow girls.

Indeed, Jing Wenyan's plum makeup is also beautiful. The family daughters who were in Yandi at the time, even if they did not like Jing Wenyan, they had to admit that Jing Wenyan was the first beauty. , Coupled with the gorgeous plum makeup, is indeed not comparable to others.

Jing Wenyan remembered that when she first applied plum makeup, there seemed to be a flash of light in Yan Huaiyu's eyes.

Because of this, when Jing Wenyan went to Yandi in the past, she used a lot of plum makeup, because of this plum makeup, she also learned about Yandi's plum makeup, knowing that the plum makeup can use other colors Hooked.

Some swallow girls even outline black edges, the kind of quiet black, which is sometimes more glamorous.

But only golden yellow is forbidden.

Jing Wenyan did not see any golden-colored edges in Yandi. Hearing that golden-colored edges, only Yan Guogong's wife and daughter could hook, but Madam Yan Guogong did not like this too charming plum makeup However, Yan Huaihuan has no younger sister, so this so-called Phnom Penh plum blossom is just a legend.

Jing Wenyan once hooked a Phnom Penh in order to test Yan Huaiyu, but when she saw Yan Huaiyu, she was directly politely rebuked by her and told her to wash away the plum blossom Makeup, and told her bluntly that only the future lady of the world can afford this Phnom Penh plum blossom.

Well, now, this is the wife of Shizi Yan truly recognized ...

There was some burning pain in my heart, but accompanied by a strong hatred. He is the one with Yan Huaihuan, who is not a well-known woman, has occupied his place.

Pa Zi was twisted fiercely, a flash of hate flashed in the beautiful eyes!

But as she took a deep breath, she pressed down the venom of her heart, and made an indifferent look. She took the tea on the table, took a sip of her mouth, and avoided the eyes of the surrounding visitors.

How does this compare to Miss Lin of Yandi?

Even though this woman is pretty good, she can compare with herself.

Thinking about it that way, my heart was slightly loose immediately, and a slight sneer aroused from the corners of her lips. She believed that she was different in Yan Huaiyu's heart. The reason why the two were so far at the moment is because the father was listening to the emperor The reason for Yan Di's news.

It was always his father's mishandling that caused the resentment of the father and son of the State of Yan, and made things difficult for himself and Yan Huaiyu.

This is also a hard hit for Yan Huaiyu? That's why I went to Yanguo Mansion to marry another woman one by one. If you think about it, the woman in front of you is just a plaything or a substitute for herself.

So you don't need to care so much at all!

"I've seen three princesses and four princesses!" This will be Yueyue Wu's salute to the two princesses.

"Miss Lin is not in good health, so don't be polite, please invite Miss Lin to sit down!" Before the ceremony was finished, the three princesses kindly nodded.

A palace maid came over and gently supported Wei Yue Wu, holding her to the chair beside the third princess to sit down.

Even if there were too many people in this position, they did n't dare to sit on it. It was because they were next to the third princess. When they saw Wei Yuewu sitting on it, they were surprised. It turned out that this was for this Miss Lin. seat.

"Thank you Three Princesses!" Wei Yuewu smiled softly and thanked softly.

Coincidentally, the four princesses sat on the side of the four princesses, while the fourth princess sat on the side of Jing Wenyan, glancing over Jing Wenyan's generous look back, and politely nodded at her, a kind Look.

"Miss Lin's health is not good. It is better to drink a lighter one. Come and give Miss Lin a cup of freshly made fruit tea." The three princesses turned around and instructed the maid of the side.

The palace lady replied, and after a while brought Wei Yue Wu a cup of fruit tea, the refreshing fruity taste penetrated between the tea, which was very pleasant.

Wei Yue Wu took it, took a sip, and sighed, "Three princesses, they are really handy in spirit, and they can make such good fruit tea!"

"Miss Lin is polite. She said that the plum blossom makeup on Ms. Lin's forehead was the dexterity of the heart. It was the first time I saw the plum blossom makeup of Yandi, and it was really beautiful!" After covering her lips, she smiled and said to the four princesses, "Four sisters, do you think this plum makeup is beautiful? No wonder Yan Shizi keeps Miss Lin in her heart."

The four princesses have always been laughing, although this smile seems to be a bit stiff between the two princesses and Jing Wenyan. Compared with these two, the fourth princess obviously cannot be freely retracted. This will only be tolerated. Barely smiled to himself.

At this moment, the three princesses mentioned that Yan Huaijuan put her heart on Miss Lin, and her heart suddenly wanted to get angry, but when she remembered what her mother and mother had repeatedly told her before, she only forbore it.

After a few glances at Weiyuewu, the four princesses said sourly: "Miss Lin's plum makeup is really beautiful, but no matter how beautiful it is, if you don't take down the veil, she still feels a little less. Doesn't Miss Lin usually do the same? See the son of the State of Yan Guogong? "

"Veil was put on by Shizi!" Wei Yuewu smiled softly.

I had known that someone would talk about her veil. She had already prepared here. When Yan Huaiyu brought her into the palace for the first time, she covered her with a veil, so naturally she always wore a veil.

As for the reason, of course, Yan Huaiyu didn't want anyone to explore the mysterious Miss Lin's bottom!

Wei Yuewu believes that those who question themselves will never dare to question Yan Huaiyu in person, so of course this matter must be pushed to Yan Huaiyu.

Sure enough, the next moment, the faces of the four princesses became stiffer.

"Miss Lin, seeing two distinguished princesses, even without taking off the veil, does it represent Yan Di's disrespect for the capital!" Suddenly someone yelled at Weiyue Dance Road.

What this said was just a woman's veil, and the whole flower hall was quieted down immediately, and everyone looked at the righteous and stern woman.

Chapter 777: Sharp, Yandi's family daughter

"Miss Lin, the four princesses are the puppet princesses born to the queen maiden and have a distinguished status. It can be said that in this world there is only her except the queen maiden. Li? Yandi 's family looked down on the family in Beijing?"

Looking at this said woman with a righteous face, the lips under Weiyuewu's veil were slightly lifted, which was quite interesting. This person still knew each other.

Actually Wang Yachun!

Wang Yachun, the four princess's accompaniment, is also a relatively familiar one, remembering that she does not seem to be a reckless woman. I never thought I would say such a thing on such an occasion.

And it's still about the four princesses, which sounds like an injustice for the four princesses.

The four princesses looked a little proud of Wang Yachun's face, and felt that their companionship was better. In such a situation, they dared to ask Miss Lin to give themselves a long face. Moreover, the meaning of the blowpipe in this sentence also let I like it.

Wen Caidie always likes to be dignified and dignified in the palace, but she is noble and has her own dignity? It was just a daughter born by a concubine. It was just that the father and the emperor spoiled her a little, and she favored her to heaven, thinking that she could sit on an equal footing with herself, and wanted to rob her of marriage.

The horse didn't know his face was long.

Although I felt that Wang Yachun's words were more courteous, he didn't say anything. He leaned back and sat in his chair to watch a good show.

"Who is this lady?" Wei Yuewu smiled slightly and asked as if she didn't know her.

"Ms. Yuan Yachun, the eldest daughter of General Mingyuan, also asked Miss Lin for advice!" Wang Yachun bent her knees slightly towards Wei Yue Wu, which was considered as a ceremony, but anyone can see how slow this ceremony is. Did not take Wei Yuewu seriously.

Wei Yuewu glanced at the three princesses and saw that she was turning her head and ordering a palace maid. She said that the palace maid nodded, which seemed to be an important thing in the government, and she paid no attention to what happened here.

As for the four princesses, she had a good look on her face, and her lips were a little sarcastic.

Jing Wenyan was also watching, her eyes seemed much milder, but the smile on her face had disappeared, and frowning at Wang Yachun seemed to be quite dissatisfied with her response.

Most of the rest of the family's wives and ladies are optimistic. Compared to Miss Lin, the foreigner of Yandi, Wang Yachun is the representative of their family.

"Is this the case of Mingyuan Grand General's family tutor?" Seeing the reactions of all the people present, Wei Yuewu raised his eyebrows, and said unhurriedly.

Yan Huaihan asked her to express her temperament. When she was okay, she wanted to find something. Since someone jumped out, she was welcome.

Most of the scenes were unwilling to themselves, so she let them experience the powerful style of Yan Di Nu.

"What does Miss Lin mean?" Wang Yachun was not stupid, and immediately heard the accent in Weiyuewu's words, but she was not afraid, and looked at Weiyuewu with a cold smile.

She is the companion to the four princesses, but she can't just rebuke.

"The rules on General Mingyuan's house, but the backyard can discuss political affairs?" Wei Yuewu smiled ruthlessly, and said politely, if today she does not suppress this Wang Yachun, this will be more people. Climbed to his own head, "A daughter of the courtier's words, what did Yandi say to the capital? Could it be that General Mingyuan meant it?"

In a word, Wang Yachun suddenly paled with a somewhat proud face, a stun in his hands.

The harem is still unable to do politics, how can she be a daughter of a courtier?

"Ms. Wang, is your general's government always discussing political affairs, so that you, a daughter of a deep girl in the backyard, is also very handy when you talk about it, but you do n't know how the general educates her children? The general also had ulterior motives for Miss Wang's tutoring! "

The relationship between Yandi and the imperial court can be said to be very delicate, so subtle that the courtiers did not mention it, so as not to touch one of them and cause other changes.

Therefore, no one dare to openly speak out of Yan Di's disrespect for Central Beijing. Even if Jing Di was destroyed by Yan Di, but there was no intention of Central Beijing, such appalling things would not be resolved in the end.

Even Prince Wen Tianyao had to meet the prisoner, and the three princesses had to play music.

Each of these pieces represents the strength of Yandi. If you really track down, Yan Huaiyu should have gone directly to prison, but Yandi's male soldiers were waiting early on the border. Beijing No one dared to move.

The reputation of Yan subway ride is not just talking about, and Yan Huaiyu is not only the first son in the world, not just a flamboyant boy, he is also the supreme commander of hundreds of thousands of iron rides in Yandi, no one dares to look down on him go with.

Yan Di, it is said that the state of Yan Guogong is not in good health. It is this son of the state Yan Guo who can really make the decision. If he dares to enter Beijing, he will have some support.

Jing Di and several other small prince states can be said to be directly destroyed under his leadership!

The relationship between Yandi and the court is not familiar to Wang Yachun, a small deep-daughter woman. She just deliberately exaggerated, trying to scare Yuewu. She did n't expect Wei Yuewu to be scared. She herself But it was scared to death. This changed the face of the whole person and turned to the four princesses for help.

But dare not say one more word.

The four princesses could n't just sit and ignore them when they saw themselves. They coughed and wanted to talk, but they grabbed their hands and looked at them. Jing Wenyan was secretly winking at her, suggesting that she Don't worry about it.

The four princesses hesitated.

"Miss Wang, if you have to deal with some of the boudoirs as national affairs, then I dare not stay here, leave!" Wei Yuewu stood up, looking like she wanted to leave.

"Miss Lin, be slow!" The three princesses could no longer pretend to be invisible, turned around, and then glanced away from Wang Yachun, laughing at the four princesses on the side, "The companion reading of the four sisters is really interesting, so One day, mentioning such a word would really hurt Yaxing. Besides, the affairs of the military state are all men's affairs. What do we do? I do n't know where Ms. Wang heard the joke, and I 'll take it here! "

She mentioned the four princesses by name, and the four princesses felt that they could not sit still and ignored, and pushed Jing Wenyan's hand away, sneer: "My companion is indeed uncontested, compared to the companion of three sisters. It 's smart to read. It 's more subtle when it comes to such things, but my people are rude. "

No matter what the third princess said or done, the fourth princess felt ulterior motives and felt particularly angry. This meeting met her with a faint rebuke to Wang Yachun, and could not help but yell at each other.

After speaking, I could n't bear it. I felt that it was all caused by Weiyue Wu, and turned to Weiyue Wu: "Miss Lin has such a big temper, Ms. Wang just talked about herself. What, even if you say something wrong, it's just a joke in the backyard. Where Ms. Laodling's temper is so big, everyone is embarrassed! "

Awkward? Wei Yuewu blinked and said extremely innocently: "The four princesses said that Miss Wang deserved to say such things. I should not have such a big temper, and I should allow Miss Wang to talk nonsense and to Yandi and Jingzhong. relationship?"

"You ..." The four princesses widened their eyes and couldn't speak to Wei Yuewu misinterpreting her words.

"The four princesses are queens and maidens, and naturally understand them better. I am only the daughter of a small family on the side of the projectile. In fact, I do n't know much, but I ca n't listen to someone who slanders our land through the words of my girlfriend. What did he say, and did he just use the words in the boudoir to do nothing? "

Wei Yue Wu said it word by word, clearly.

The words were very light, and it sounded as though some were sick and sick, and could not breathe, but the style of speech in the words was extremely sharp, and even the meaning of killing was faint. For a time, even Jing Wenyan squeezed tightly. Pa Zi, lowering her eyebrows and converging her head, secretly paid this Miss Lin, who was said to have almost died before, to be such a sharp figure, but no one expected it.

Everyone thought that this wonderful Miss Lin protected by Yan Huaiyu would be a very weak woman.

But at the moment, it looks very weak from the outside, but there is no trace of wind between the words. In the presence of the noble girl in the court, and the three princesses and four princesses, there is no slightness of weakness and generosity. Talk about each section.

But if you think about it, this man was a thousand miles away, and one person chasing Yan Huaihuan into Beijing should have this courage.

The four princesses who said this could not pick up, but had to pick up, Wang Yachun was her companion.

"Miss Lin, is it necessary to exaggerate like this?" The four princesses exclaimed.

"When I grew up from a young age, I can see that Miss Wang did this at home. Although I came from a small family in a remote place, I also knew morality, capacity, language, and work, but I didn't know the four Where is the character? Or do you care about these in a remote place? When you come to Beijing, you do n't have to pursue them too much! "

Wei Yue Wu's voice was slightly cold.

For a time, everyone was overwhelmed by her momentum. Several young ladies looked at Wang Yachun. They felt that she had lost the entire face of the Beijing family, so that a family member of Yandi looked down, and she even prevailed in conversation. , But this will be difficult to justify.

"I ..." Wang Yachun was also dumbfounded. Although she expected the Miss Lin in front of her to fight according to reason, she never expected she would be sharp. Even if she had been prepared for a while, she didn't know how to deal with it for a while. And she was really flustered and regretful. She had known this situation, and she would not jump out and say such a word anyway.

"Miss Lin, it's Miss Wang. I'm not here to accompany you. I hope Miss Lin will forgive her for deliberate mischief." The three princesses played round the court and took Wang Yachun's affairs to her. On his own body, such a responsible appearance has aroused the favor of many people.

Seeing her unabashedly saying that Wang Yachun had been disliked by others, and everyone nodded secretly. Think about Wang Yachun's abnormality today, which is indeed different from the past. Is there really any thought? Did the four princesses make her rush out like this, to Miss Shang Lin?

If so, the fourth princess and the third princess are getting more and more embarrassed.

Wang Yachun was accompanied by the four princesses, and it was also because the four princesses met Miss Shanglin, but it was the third princess who finally helped to confess guilt.

From this perspective, San Gong is more responsible than the Fourth Princess.

"Miss Wang, do not plead guilty to Miss Lin!" The third princess said coldly toward Wang Yachun.

"Yeah ... I'm not right. I didn't say anything, and pleaded guilty to Miss Lin!" At this time, Wang Yachun dared to say something, and immediately confessed wrongly.

Now that Wang Yachun admits something wrong, Wei Yuewu is inconvenienced and doesn't give the third princess's face, and she re-seats. The laughing in the flower hall slowly resumes. Want to get angry.

Several young ladies who were close to the four princesses also quietly retreated, for fear that the evil fire would strike themselves.

In this row, a ring of girls came in, holding a plate in their hands, with a few fruits on it. Even after entering the flower hall, they smelled the fruity aroma of the fruits, and everyone could not help but look back curiously. Look at these girls!

Weiyuewu also turned around with the crowd, and could clearly see the fruits on a pot, with a slight wrinkle in her brows, and the Lugu Government House could actually bring out such fruits to treat guests ...

Chapter 778: There is fruit in Jingdi, longevity fruit

Before arriving at the Lugu Government House, Wei Yuewu had also carefully asked Jin Ling about Lu Di, and had also sought some information from Yan Huaiyu.

Jingdi is famous for Yuyanhua, Yandi is for tree, and Ludi is famous for fruit!

Longevity fruit!

This fruit is found all year round in Ludi, except that in autumn, it is rarely harvested in other seasons.

However, longevity fruit has a characteristic that it will not last long when it is fresh, and it needs to be picked for a long time before eating. At that time, it will feel sweet and overflowing, and it is very good for the human body. Efficacy, it is also a tribute sent by Lu Di to Beijing.

In the past, when the autumn festival was harvested, the horses were sent to Beijing quickly, and they were non-stop along the way. They changed horses and horses halfway. People and horses were in the best condition before they could send longevity fruits to Beijing. Even the palace is not rewarding enough.

But at this time, it is quite surprising that longevity fruit is delivered.

Moreover, optimistic about the color of the fruit stalks, it seems that they were just picked, which surprised Wei Yuewu even more.

There are not many fruits, and it is naturally impossible to have one for each person, but at least the three princesses and four princesses and Jing Wenyan and Weiyuewu can share one. As for the other fruits, they are placed on the table, which are used by the ladies. meaning.

Later, it was paired with other fruits, and it seemed to put a lot.

I can eat fruit this season, but it is really fresh.

"It's unexpected that there is a longevity fruit in Ludi." Jing Wenyan apparently knew the longevity fruit too, and after a bit of surprise, she laughed.

"Not to mention that there are many such fruits in Lu Di, but are they still available all year round?" The four princesses who are the daughters of the queen obviously do not have many of them, so they are quite frivolous.

Each time Lu Di sent this fruit, the four princesses ate a lot, and didn't find it very interesting.

"Although there are many such fruits in Ludi, it is really rare to see such fresh fruits in Beijing!" Jing Wenyan explained with a smile.

"Miss Jing, also knows this kind of longevity fruit?" The three princesses came to interest, picked up a longevity fruit, looked at it, and asked with a smile.

"My father would send someone to buy in Ludi because he likes it, but because it is far away from Ludi, every time I get it, it has changed a little bit, and it is never as fresh as it is now!" Jing Wenyan answered with a smile. .

"Is this fresh?" The three princesses asked with a smile.

She is a princess in a deep palace. For some common sense things, she does not understand and is reasonable. Moreover, the three princesses have always given people a gentle look. This will not be pretending to understand, but it is quite attractive. .

There are not a few women in the family who want to ask this, and there are few who understand it.

"This is very fresh. Look, the third princess. The leaf at the petiole here is very fresh, the petiole veins are obvious, and it is not soft. What makes me most surprised is why it seems to have been picked? Lu It 's impossible to be so fresh! "Jing Wenyan said, looking at the longevity fruit in her hand, quite surprised.

After hearing what they said, the other ladies were curious and came to see them.

This made the four princesses' words too arrogant. The four princesses who were a little unhappy became even more unhappy. They snorted coldly and wanted to speak, but saw that their sleeves were pulled by the people around them. Looking back, I saw Wang Yachun. For a moment, she was even more displeased, and gave her a stern glance before turning her head.

Wang Yachun's formula is extremely humiliating, but the four princesses felt that it was her who was even more humiliating, and did not know if Wang Yachun was taking the wrong medicine today. She was so outspoken against this Miss Lin. In the end, she hadn't won yet, she really lost her face.

"Four princesses!" Wang Yachun whispered at the sight of the four princesses, turning her sleeves again.

"What's the matter?" The four princesses whispered with a little annoyance, pulling hard with their hands and pulling back their cuffs.

"Four princesses, can you borrow one step to speak!" Wang Yachun pointed her fingers outside, and lowered her voice to the four princesses.

The fourth princess didn't actually want to go out, but the people who looked at the scene seemed to be paying attention to Jing Wenyan and the third princess. For a moment, they just became boring, stood up and walked away.

Almost everyone here is paying attention to the matter of Jing Wenyan and the three princesses and that longevity fruit, but the four princesses and Wang Yachun are not found out.

But there was almost nothing, which did not mean that there was no one at all. Following the Yueyue dance, Jin Yu, with her brows frowning, was quietly retreated out of the hint of Weiyue dance, and the direction was exactly where the four princesses left.

"What's the matter?" The four princesses walked down the corridor and shook their sleeves impatiently, and stood coldly to Wang Yachun after standing.

She wouldn't be pleasing to the eye when she saw it. She thought that she had looked away in the past, and thought that Wang Yachun was a clever person. She didn't think she was so stupid. The woman with the surname was Yan Huai's heart.

Thinking of this, she became more and more angry immediately, as if spying on what she was least willing to spy on.

"Four princesses, do you want to see her ugly?" Wang Yachun reached down and pointed at the flower hall, lowering her voice.

The words were not clear, but the spirit of the four princesses was refreshed, but thinking about the performance of the talented Wang Yachun, she looked at her with suspicion, and said disdainfully, "Do you have a way? Not like Fang Cai, Not only do you lose yourself, you also lose me! "

As long as the matter finally came to an end, the four princesses felt that they wanted to vomit blood.

Her people are ashamed, but Wen Caidie reaches out her hand, what is this?

"Four princesses rest assured, even if something is wrong this time, you can't count it on you." Being dismissed by the fourth princess so much, there was a hint of hatred in Wang Yachun's eyes, all of which was caused by the woman in Yandi.

"I won't ask me to save you again!" The four princesses said coldly.

"Four princesses rest assured that this matter has nothing to do with you and me, even if there is anything, they will only think that the third princess did not greet the guests today!"

Wang Yachun shook his head and said.

It may be that the third princess could carry the blame, and the fourth princess immediately became energetic, and immediately lowered his voice and asked, "What to do?"

She had always wanted to calculate Wei Yue Wu, and then pushed the matter onto Wen Caidie. She had never been able to find a chance. Since marrying into the Yan State Mansion, Wei Yue Wu has never entered the palace. The four princesses themselves it was inconvenient to find the Yan State Mansion for no reason.

Although this will not be Weiyue Dance, but Yandi's family daughter can push things to Wen Caidie, she is naturally willing.

"Did the princess see the longevity fruit just now?" Wang Yachun asked, lowering her voice.

"Saw it, but what does it matter?" The four princesses frowned, staring at Wang Yachun fiercely, impatiently.

"That fruit was only picked. I heard that there are so many trees planted in the backyard of the Lugu Government House. We can lead Miss Lin from Yandi over there!" Wang Yachun reached out and pointed towards the backyard.

"So what?" The four princesses looked puzzled.

"The tree is so fond of water that it is planted next to a small waterfall. I have inquired about it before. Ludi 's environment is more humid than here. Longevity fruit has finally moved into Beijing. In fact, some soil and water are not convinced, so Lu Guo Gongshizi specially planted the longevity fruit over the small waterfall, and controlled the small waterfall, instead of pouring water all the time! "

Wang Yachun explained.

"Pouring water?" The four princesses really didn't know much about these.

"The water on the waterfall can be pumped up with a pump and then poured down to form a waterfall. However, the design in the Lu Guogong Shizi Mansion allows the water to stop for a while and then poured down, which makes the waterfall impossible. There is a constant flow of water. Although the longevity fruit tree is happy, it cannot be soaked in water all the time! "

Wang Yachun explained again.

Although the four princesses didn't understand it very well, they didn't ask this any more. After thinking about it, they asked, "What does this have to do with us?"

"Bring Miss Lin over there, take your time and let her see the longevity fruit. At that time, she will definitely have a look on her face. If at this time a male guest from outside happens to pass by ..." Wang Yachun covered her lips with a smile "That's really farce! Today, the three princesses who are in charge of the inner court of the Lu Guogong Mansion are unable to get anything from the four princesses."

Drenched in water, said to Xiaoli that it might be the face of the Yandi family girl, and said to Dali, that the woman named Lin is not in good health, and it is also possible to directly faint in the past, and if an outsider sees it Her clothes were as wet as possible, but it was nasty.

What's more, she lost not only her own famous festival, but also Yan Huai's reputation.

It will not be just a little or two by then.

Of course, no matter how big the trouble is, it has nothing to do with the four princesses, but it is related to the three princesses who are in charge of the housework. How do the four princesses worry about the big thing, the bigger the thing, the better, it is best that the woman with the surname Lin die directly ashamed and die. It's impossible to like the third princess anymore. If you think about it like that, the fourth princess' smile will grow wide.

"Who's better then?" The four princesses gave Wang Yachun an admiration glance, a smile on her face again, and asked.

"If it is an ordinary male guest, this matter may be suppressed, but if it is also a princely son, it will not be so easy. Even if the son of Yan Guogong is powerful, the sons in these places are not for nothing. The bigger the trouble, the better. At that time, this Miss Lin may have been sent out to calm down the topic of losing her reputation. "

Wang Yachun said proudly.

"Okay!" If the four princesses feel immortal, it is not bad to let the woman with the surname Lin leave Yan Huaiyu. Anyway, the feud between Yan Huaiyu and the third princess is settled, and they agree with each other, and the two are slightly under the roof. After discussing for a while, they returned to the flower hall to sit down together.

The flower hall is still actively discussing the longevity fruit, and everyone is becoming more and more curious about this longevity fruit.

Longevity fruit is precious, and some ladies have never seen it before.

Wei Yue Wu sat on her chair without saying a word, and just listening quietly to others, she could never speak.

Jin Yu quietly came to Wei Yuewu's side, bowed her head, and lowered her voice, "Master, be careful ..."

Before she finished speaking, she could hear the voice of the three princesses: "Miss Lin feels a little bored, so I might as well go out for a walk!"

Chapter 779: Central axis of Jiangnan garden

"Good!" Now that the three princesses expressed a kind invitation, Wei Yuewu nodded with a smile of course.

The three princesses stood up and smiled at the others in the flower hall: "It's too early now, let's go to the gardens behind us and hear that the gardens of the Luguo Government House are similar to the courtyards in the Jiangnan area. Gardens are so different, why not enjoy the scenery together? "

"Just go and see together. It's too boring to sit all the time!" Before anyone else responded, the fourth son also stood up with a throw of his sleeves, and he kept a rare relationship with the third princess.

The two princesses said so. Of course, there was no doubt about the others, so a large group of people came out of the flower hall together.

After getting outside the flower hall, the three princesses let everyone go apart, saying that they just walked away without having to be with everyone. Everyone has different hobbies and appreciates differently, but they don't see the scenery they don't like.

"Miss Lin, Mo Ru walked with me. As we walked, we talked about Jingde. We heard that Jingde is now so much loved by Yan Shizi." The three princesses stood still, smiling and covering Weiyuewu with a smile. Road.

In front of Ms. Lin, talk about her own affairs, and also how Yan Huaijuan likes herself. No one will be happy when she hears it. The three princesses who have always talked actually said such things, which really made Wei Yuewu. Accidentally, Shuimu flickered twice without hiding the discomfort in his eyes.

Who would be willing to talk to an outsider and be divided into pets.

This Miss Lin from Yandi chased Yan Huaiyu into Beijing from Yandi. It was originally a shocking and horrifying woman. How could a woman doing this kind of thing be too accommodating? Only in front of everyone could Wang Yachun is so embarrassed, it is also obvious, so this is the most accurate one, and she will not hang out with her.

"Thank you Three Princesses!" Wei Yuewu shook her head and refused. "I walk slowly, my body is not good, and sometimes I may sit down and rest for a while, so I will not drag the Three Princesses!"

"It's ... not so good, Ms. Lin's health is not good. I can't rest assured to walk alone in the garden!" The three princesses were worried, watching Weiyuewu embarrassed.

"No problem, I just look at it!" Wei Yuewu shook her head and still refused.

"It would be better if I could find someone to show you the way, or to accompany Miss Lin if there was anything!" Said the three princesses.

"This ..." Wei Yuewu hesitated.

Seeing Wei Yuewu hesitant, the three princesses turned and looked at the ladies behind them, as if looking for a suitable one.

But no matter who you look at, you have stepped back. Anyone can see that the third and fourth princesses actually don't like this Miss Lin, and no one wants to go to this mess.

So not only did they step backwards, but they also bowed their heads, and even a few turned around directly and walked towards the side trails.

Looking at the scene in front of her, the three princesses felt quite embarrassed and had to turn around and said, "It's better to let the palace girl around me take Miss Lin away!"

"It's really unnecessary, thank you Three Princesses!" Wei Yuewu raised her beautiful eyes, her voice soft and firm.

Seeing her rejection and refusal, the three princesses had no choice but to let Wei Yuewu hang out, and she took several ladies from the family to the other road.

When the third princess left, the fourth princess hummed and took a few people away. Only Wei Yuewu and the two girls around him remained.

Picking a path randomly, Wei Yue Wu took Jin Yu and Yu Yan down.

"Master, the four princesses and the lady Wang want to secretly account for you!" This time there will be no one, Jin Yu looked around, took the first two steps, lowered his voice and told Wei Yue Wu what he had overheard.

"Master, that longevity fruit, you must not go!" After listening to Jin Yu's words, Yu Yan was a little nervous. She was with Wei Yue Wu for the first time.

"No problem!" Wei Yuewu said coldly.

Do the four princesses and Wang Yachun count themselves? It looks like it is, but today's Wang Yachun is very abnormal. If you don't know Wang Yachun, you will think she is such a reckless and unreliable woman.

But she is not really Miss Lin, nor is she the first time to see Wang Yachun. Compared to other ladies, Wang Yachun has come more steadily, but people who were stable in the past have done instability today, and in the end The fourth princess also lost face, and the third princess lost her face.

What this means is not so simple!

The four princesses wanted to use the longevity fruit to count themselves once, but the longevity fruit was taken out by the third princess. This so-called stalk was actually sent to the four princesses by others.

The fourth princess wanted to push the matter onto the third princess, and the third princess wanted to push the matter onto the fourth princess.

But no matter who it is, it counts itself!

Unfortunately, she is not really Miss Lin who knows nothing about them. For today's situation, she had already guessed before the government of Lu Guomin.

That being the case, she saw how the two of them bite the dog ...

"Master, slaves think it's better not to go there. The master is weak. Although the weather looks warm, it's actually a bit cold, but it can't get wet." Yu Yan advised.

"I am here for the first time in the Luguo Government. How can I go to that longevity place in such a big place? Even if there is such a coincidence, I may be there. When the waterfall sprayed, it was absolutely impossible for me to stand under the waterfall. "

At the foot of Weiyuewu, he said something.

"The master is saying that there will be someone ..." Jin Yu, like Jin Ling, came from the dark guard, and then his eyes flickered. He immediately understood the words of Wei Yuewu, and his face became heavy, and he looked around vigilantly.

"Someone will come to lead the master?" Yu Yan was not stupid, and looked at Jin Yu's behavior and was taken aback.

"Surely!" Wei Yuewu's eyes narrowed.

"The master ... we ..." Yu Yan hesitated and asked.

"We will pass by!" Wei Yuewu said naturally. "Since they have prepared so much for me, I must go over and avoid their thoughts!"

"But ... it's too dangerous!" Yu Yan thought it was better not to go. It must be the Lu government. Who knows what kind of accident will happen.

"There is no danger, we will not take the initiative to stand over there." Wei Yuewu looked at the moon door in the distance and said slowly.

There is actually some distance over there. Miss Lin always takes a break. There is a small pavilion outside the door of the moon hole, which is a good place to rest.

Although there is no internal support in the Luguo Government House, it can be seen that the three princesses are also very enthusiastic. They are very meticulous about the affairs of the inner courtyard. There are several pots of flowers in the pavilion fence. .

Wei Yue Wu walked into the pavilion, sat down and rested. There was a small rockery not far from the front. Although it was not big, it was strange in shape but also pleasing to the eye.

There are no people around here, only a few masters and servants, quiet and quiet.

Wei Yue Wu lay on the side fence, and her eyes fell on this rock.

There is a rockery outside the garden, and an octagonal pavilion. The moon cave door next to it cannot be a living garden. It is just a walkway, but the position of the flower hall is on the axis.

Well, it's been a bit off here. The direction I chose was random. It should be on the west side. This should be more offensive. The way she went was deliberately with the third and fourth princesses. It's not the same direction, it's normal if you don't run into it!

"Longevity fruit is ripe!" A voice suddenly passed over the wall.

"It's ripe. Before this, Shizi still let people pick up a few guests. I can't think of longevity in the capital. It's a rare thing." Another woman's voice.

"Would you like to see it secretly?" The previous female voice suggested. "When I heard that longevity fruit grows on the tree, it is different from other fruits. There is no fruit in Beijing that is the same as longevity fruit!"

"No, it will be noticeable!" Another woman hesitated, but she could hear from her voice that she had moved her heart.

"What are we afraid of? Let's just look at it. Anyway, we are the girl ring in the government of Lu State. Even if someone sees us, it is just a matter of telling us what to do."

"Well ... okay, but ... we're still carrying food containers in the kitchen and going to the flower shop in front."

"Just a few snacks. It's okay to deliver them later. Let's go. Let's take a look!"

"it is good!"

Two Yahuan turned out of the entrance of Yuedong. Both were carrying a food container. They looked heavy, but they could not walk quickly, and went to the front curve.

Wei Yuewu squeezed the puppet in her hand, looked at the entrance of Yuedong, and looked at the two slow-moving girl rings, her lips evoking a sneer silently, and she really matched her, even walking. Intentionally go slowly, this is because I am afraid that I will not find the way.

"Let's go!" Stood up and said.

"Master ..." Yu Yan was a little nervous.

Wei Yuewu shook her hand, raised her skirt corner, walked out of the pavilion, and followed the two rings in front of the Lu Guo government.

That location is not like the location of a family's kitchen in the Jiangnan area. The Jiangnan area is often built in the south and near the sun. Everything in the government of the Republic of Lu refers to Jiangnan. Only the location of this kitchen is different from the Jiangnan area. ?

I'm afraid that I just want to find a name to lead myself past. No matter where I rest, there will be two girls here, say a few words, and then lead myself all the way.

Seeing Wei Yue Wu make a decision, Yu Yan had to follow carefully.

Along the way, the first two girls ring talked and smiled, never turning back, it seems that no one behind them has followed.

After several consecutive turns, Weiyuewu secretly paid. This should be the way back, and back to the axis again.

The central axis of the garden in the Jiangnan area is much more standardized than the one on the side of the capital. The vertical flower gate is also on the central axis, connecting the inner courtyard and the outer courtyard. At the banquet, because guests outside will also appreciate the garden, At that time, no one is guarding, or even if it is guarding, it is just a casual look and does not prevent others from entering and exiting.

Therefore, if the hanging flower gate in the center of the axis is not strict, the male guest in the outer courtyard can actually come in, or although it was strict in the past, there is always something to be done at the banquet today. ...

Chapter 780: Push hard, whoever wins

The place of longevity fruit is actually very conspicuous.

Before seeing the fruit tree of longevity fruit, she smelled the faint fruity scent in the air.

After turning over the gate of the moon one more month, I immediately saw a large rockery with a strange and beautiful shape. This area is also different from other places. The ground seems to be covered with a layer of fine sand, but when you look closely, it is mixed with sand. , Around the rockery, a small stream meandered.

The tree is planted on the sandy soil by the rocky hill.

This kind of Shuwei Yuewu has not been seen before. It grows very tall and leaves are large. You can see the longevity fruit hanging between it.

This should be the fruit tree of longevity fruit.

Although the fruit tree of the longevity fruit is tall, the fruit does not grow tall. Two girls ring over and stand below, pointing to the longevity fruit that grows about one person tall. He said a few words, and then left with a smile. .

"Master, this is the fruit tree of longevity fruit!" Jin Yu also saw this kind of fruit tree for the first time, and marveled that she had heard of it when she was in Yandi, and she also saw a lot of longevity fruit, but this tree was still The first time I saw it, I heard that this fruit tree is extremely recognizable, leaving Ludi very difficult to raise.

I didn't expect that the Luguo Government House had so many trees in the capital. Although few, it still grew fruit.

Yu Yan also looked at Wei Yuewu with a look of anticipation: "Master, should we come closer and see!"

Both of them have heard of the longevity fruit of Ludi, but have not really seen it, which will be full of curiosity about the fruit tree of longevity fruit.

"It is said that the fruit tree of longevity fruit cannot grow in Beijing, this is ..." Wei Yuewu's eyes fell from the tree to the bottom.

The water is actually easy to leak if it is paved with fine sand, but looking at this tree species here, it must be a tree that loves shade, and its foliage is lush.

Sand and gravel make the water run off easily.

"Master, what's wrong?" Jin Yu said alertly.

"No problem, walk over and look at it!" Wei Yuewu smiled slightly, raised her eyes and scanned the rockery on the edge, the wet rock was wet, but there was no water flowing down.

The sun rises and there is direct sunlight on the leaves, but it is not too hot, but the leafy leaves have a kind of shivering feeling.

There are not many trees, just around the rockery, about seven or eight.

If you want to take a closer look, or see clearly, you must go closer, and the fruit growing in a high position is actually very attractive.

"This tree is really weird!" Wei Yuewu squeezed the papa in her hands, but only took a few steps, still just watching the trees from a distance.

"Master, what's wrong?" Although Jin Yu was also curious, she was more worried about Wei Yue Wu's safety than she was curious. She was a dark guard like Jin Ling. The two people can be said to have grown up together and played Jin Ling. After returning to the State Mansion, he did not talk about Weiyue Dance in front of Jin Yu.

When talking about Weiyuewu, I always admire her face, and I don't think there is a lady like her own daughter.

Jin Yu also knows that although Wei Yue Wu is weak, it is not as useless as it appears. This will depend on her solemn appearance and she will become more vigilant.

Seeing the expressions of both of them, Yu Yan naturally did not dare to say much, and followed the Wei Yue Wu step by step.

The three were standing so far away, but they didn't mean to walk over.

At a high-rise building, the four princesses looked at the meeting from a distance and were quite annoyed: "Why didn't she pass?"

"This may ... wait!" Wang Yachun frowned, feeling a little uneasy. Should normal people see the unusual longevity fruit tree, shouldn't they come forward and see clearly? Why this Miss Lin from Yandi reacted differently than expected.

"Wait a minute? If she doesn't pass by, the water that will be pumped down will not be able to reach her!" The four princesses stomped and stomped.

"This ... Mo Ruo will lead her forward!" Wang Yachun gritted his teeth.

"That's not going yet!" The four princesses had a plan, and they were overjoyed and hurried.

"But ..." Wang Yachun hesitated. According to the previous plan, she wouldn't show up anyway. At this time, it would be extremely inappropriate for anyone to show up.

"If you have a way, don't go fast, it's hard to let her escape this time for nothing!" The four princesses sank and threatened sharply. "Don't forget, what will happen next, it's always me, you can be good if you're not good, don't think about it! "

The words were extremely harsh. Wang Yachun bowed his head and said busily: "Four princesses, I'll go now!"

There was a hint of hate in his lowered eyes.

I thought that becoming a companion to the four princesses was also a step-by-step thing. I could get more opportunities. After I discovered the four princesses, the so-called companion was in front of the princess.

It was enough to be called and drunk by the four princesses. Actually, the maids next to the four princesses looked down, teasing, and participating in the selection of the Prince's East Palace. Wang Yachun also went and was also selected.

For this reason, Wang Yachun was very happy, thinking that she could finally get rid of the four princess's claws. However, when it came to the final decision, because of the words of the four princesses, she still lost the election after all.

This made Wang Yachun resentful.

She should not be the dowry for the four princesses, and by the nature of the four princesses, she passed by as a dowry. Not only did she not have her early days, she did not even know how to die.

Under such circumstances, how willing Wang Yachun!

She was unwilling to be so **** by the four princesses, and forever, until death was the end. She wanted to escape, and now was her only chance.

She will not let go of this opportunity, and even if she bears some responsibility for it, she will not let it go.

The Miss Lin of the State Government of Yan Guo appeared for the first time in front of everyone. After that, I do n't know what year it was, and if she reappears, she may not have such an opportunity. ,

After speaking to the four princesses, Wang Yachun turned and walked down the attic, taking her own ring, and hurried to the longevity fruit tree.

Not much time, she can't wait too long.

When Wang Yachun came to the spot, Weiyuewu turned around and was about to leave, and her feet turned slightly, facing Wang Yachun, her eyes could not help but be cold.

"Ms. Lin also came here to watch the trees?" Wang Yachun was very enthusiastic. She took the first two steps and smiled, but the next moment, the smile was stiff on her face, and Wei Yue Wu hummed so coldly, and then no one turned Looking back, as if she hadn't seen her.

Just gave her a cold face.

"Miss Lin!" After Wang Yachun's smile froze, she immediately returned to normal, took two steps forward, and greeted with a smile.

She had stood behind Weiyuewu now, and her voice was much louder.

"It was Miss Wang. I don't know how Miss Wang taught me this time?" Wei Yuewu had to turn around and gave Wang Yachun a cold glance, saying slightly with anger.

Obviously still hating the scene in the flower hall.

"It's just that I can't live with Miss Lin, but ... but it's not really what I want. I also met Miss Lin for the first time. I have no complaints in the past and I have no revenge today. Wang Yachun smiled bitterly, helplessly explained.

Wei Yuewu took a look at her, and there was a gleam of coldness in her eyes. This Wang Yachun was a talking person. In this sentence, she just pushed all the talents to the four princesses.

If anyone says that they are not pleasing to their eyes and they happen to be in charge of Wang Yachun, they can't really find anyone other than the four princesses.

In other words, Wang Yachun's radical behavior was completely directed by the four princesses.

"I don't care who Miss Wang is, but there seems to be nothing to say between me and Miss Wang. I also asked Miss Wang to let me go. I'm tired and I'm going to go back!" Wei Yuewu said politely.

"Ms. Lin's previous thing is indeed that I can't hold you back. This will be a special accomplice to Ms. Lin. Can Ms. Lin forgive me for the wrong words!" Wang Yachun was ashamed.

"It's past, it's gone, anyway, Miss Wang finally fell away!" Wei Yuewu said coldly.

Wang Yachun's face turned blue for a while. Don't say that the situation was good at that time. If you didn't fall into sin, you might be rebuked by your father after returning. Take this responsibility.

"Miss Lin ..." she said nana.

"Did you finish talking? After that, I'm leaving!" Wei Yuewu had frost on the bottom of her eyes, and said in a cold voice, and wanted to move forward after speaking.

"Miss Lin ... Please also forgive Miss Lin!" Wang Yachun insisted on leaving Yue Yue Wu, and Wang Ya Chun was also anxious, and seemed to want to push forward Yue Yue.

Wei Yue Wu was frightened two steps back.

Jin Yu, who was next to Wei Yue Wu, was busy taking two steps forward, and shouted, "What does Miss Wang want to do?"

"I ... I just want to apologize to Miss Lin." Wang Yachun quickly pleaded, but she kept on, and leaned forward to Weiyuewu.

Wei Yuewu took a few steps back involuntarily, and she was already close to the rockery behind her.

"Miss Wang, I don't need your apology, please go back!" Looking at a pair of Wang Yachun who wanted to apologize seriously, Wei Yuewu took a step back, then turned around and seemed to want to bypass Wang Yachun.

Looking at that distance, Wang Yachun's two steps forward, and he couldn't care about the water on the sandy and gravel ground. He actually knelt down and said, "Please forgive Miss Lin!"

"Miss Wang!" Wei Yuewu took another two steps back this time, but silently put her hand on Jin Yu's arm, and squeezed gently, her eyes glanced forward in a slant.

Jin Yu understood, and pulled back Wei Yuewu's hand, pulling it hard to bring Wei Yuewu out.

"Ms. Lin, I was wrong before, I ... I really didn't mean it, and those words were really not what I wanted to say. If Miss Lin didn't forgive me, I ... I can't afford to kneel. Not with Miss Lin!" Miss Wang bowed her head, looking pained.

But a glimmer of pride flashed on the lower face. Now Miss Lin of Yandi had entered the circle, and water was about to be sprayed on the rockery.

Drag yourself here again!

She lowered her head, only seeing the skirt corner in front of her, thinking that Weiyuewu was still standing, and the cold voice of Weiyuewu came from her ear: "Miss Wang, get up!"

A hand stretched out in front of me, holding Wang Yachun's arm. Before Wang Yachun reacted, he was pulled up and pulled up.

On an unexpected occasion, Wang Yachun stood steadily, flashed at her feet, and couldn't help but forward.

The water flashed from the rockery, and the waterfall spewed out from the top hole ...
