

Young Lady 781

Chapter 781: It's not the third princess who heard it wrong.

The water from the waterfall fell from the sky. Wang Yachun hadn't responded yet, and he was immediately poured into one face and one face, and the whole person was immediately wet.

Someone was screaming in the ear, Wang Yachun was soft under the poured foot, and she was about to fall. She suddenly stretched out a hand in the oblique stab and hugged her around her waist.

Because of a cloud in front of her, she subconsciously stretched her hands in front of her.

"This ... who is this ..."

"This ... actually hugs with the man ..."

"Even the clothes are wet and sticking to the body, it is really cold and bad ..." At the door of the other side of the month, several ladies from the family suddenly hurriedly looked at the men and women holding a ball under the waterfall because of the water Too big, and with heads down, everyone didn't see who the two were in front of them. This would also horrify the two of them.

The scene in front of them was too horrified, so that they could only scream instinctively.

As for another person who was also wet, it was ignored by everyone, it was just a girl, who cares about a little girl who is nothing.

Wei Yue Wu stood behind Jin Yu, and only then Jin Yu took her to walk a few steps, but she was walking across. It would be a coincidence that she was standing behind the last tree, and the last tree was also It happened to be not under the range of the waterfall, only a few drops of water splashed on the placket.

At this moment, everyone pays attention to the two people under the Qianshui Waterfall, but she and Jin Yu are ignored directly, which also allows Wei Yue Wu to see the ladies who came over clearly.

In such a large group of people, the first person happened to be the third princess. At this moment, her face seemed to be very panicked. She stretched out her hand, and looked panic-stricken. There was even a faint smile.

This congregation is concerned about the two people hugging together under the waterfall. Where can they notice the faint expression on the three princess's face, and this expression disappears forever.

It's just that Weiyuewu was in a corner overlooked by everyone, but she looked at the expression on the face of the third princess clearly, and the third princess was not innocent.

Under the waterfall, the man walked out with Wang Yachun, who was pouring water on his head and face. This raised his head slightly, wiped the water stains on his head, and the hairline that stuck to his face was wiped away.

"This ... this is terrible!"

"This ... this is Qi Guogong Shizi!" Suddenly someone pointed at the man whose face was also poured, and the man who would raise his head slightly, exclaimed.

"Really Qi Guogong Shizi 1"

"Really ... Qi Guogong Shizi!"

"Here ... how is this going back!" The ladies of the family took a breath and looked at the woman whose robe sleeves were wet, but still hugged tightly, who is this woman? Actually let Qi Guogong Shizi maintain this way?

"That ... wouldn't it be Miss Lin of the State of Yan Kingdom, right?" A lady hesitated.

That was a young lady standing behind the third princess. I have seen Wei Yuewu before and was one of the three princess's accomplices. I couldn't help sneering in my heart. I did n't see my face, so I could be regarded as myself. This matter is innocent, and I absolutely don't believe it.

Although Wang Yachun was the fourth princess, although before Wang Yachun came out and bumped against her earlier, she saw the fourth princess, but it was the third princess who finally made the siege.

Wang Yachun and the four princesses counted themselves together. If there were only two of them, how could it be so clear about the affairs of the Luguo Government, that the longevity fruit would have been delivered in a timely manner.

The fruit tree of longevity fruit should be extremely rain-loving, but it is impossible to rain every day in Beijing, so so many trees have been transplanted, the purpose is to let the waterfalls from the rocky hills from time to time wet these trees, look at those You know it as if the leaf was alive.

Pumping up the water and then pouring it down from the rockery to form a waterfall is actually very simple. Wei Yue Wu has seen it when he was in the south of the river, but he hasn't seen it in Beijing.

This rockery in the Luguo Government House should also have a water storage inside. At a certain time, or when it has accumulated to a certain level, the water potential will suddenly fall down and form an explosive waterfall. The details inside, if not How clear is the matter of the Luguo Government?

After the waterfall at the rockery has been tilted, a few streams of water have been left to wind down to form a small stream, which slowly flows through the bottom of the tree, and the sand and stones are extremely easy to leak.

"Actually Miss Lin!" Someone whispered again.

"Between Miss Lin and Qi Guogong Shizi ... What about this Yan Guogong Shizi?" Someone sighed in horror for the elegant and elegant Yan Guogong Shizi. Such a beautiful person actually let this Miss Lin give Sully.

"Both people look like this now ... this ... this is really ..." Someone sighed again.

For the Miss Lin from Yandi, the lady in the Beijing family had almost no favors. Besides, this Miss Lin was also very aggressive, and it was quite like the Miss Yanjia from the Yan family pressed the Miss Jia from Beijing.

It will be heard that the woman in front of her is Miss Lin, and many of them are happy.

The reason why this Miss Lin can be so arrogant is not because there is a son of the state of Yan Guogong behind. This will put her clothes wet in the arms of another man, see how Yan Guogong will behave, and will marry her ?

In front of him, it is considered that the famous festival has been ruined. Will the son of Yan Guogong marry a woman who lost all the famous festivals? What's more, the shape of this Miss Lin and Qi Guogong Shizi is ambiguous. Is there really nothing between the two?

If Yan Guogong Shizi would really marry her, he would be ridiculed by the world.

Listening to these many arguments, the princess on the third princess's face reappeared. Of course, everything in front of her was of course calculated, and this matter could not be found on her head, and up to four princesses were found. Of course, it is also Wen Caiyi who did not press well, otherwise it would not be so easy to win.

Originally, I only wanted to calculate the relationship between Jingde and this Miss Lin, but Wen Caiyi was getting more and more hated now, and the third princess felt that she couldn't bear it anymore.

This time, the father and the emperor actually asked him to preside over the backyard for the emperor Lu Guogong. It was clear that the empress Tu was provoked in the back. Of course, it was because of Wen Caiying. The bird thing is actually not difficult.

Queen Tu and Wen Caiyi want to step on their mother-in-law in the palace, don't even think about it.

The plan is finally here!

"Are you talking about me?" After waiting for the ladies to feel a bit of ridicule, Wei Yuewu walked out from behind Jin Yu and appeared in front of the crowd, smiling slightly.

The third princess froze, and her companion behind the third princess also turned pale.

"But I do n't know where some ladies know that this person is me? I did n't see my face, so I decided that it was me, can I think that I knew I would be here beforehand? Would n't it be that all ladies have unknown prophets? ability?"

Weiyuewu looked at the ladies in front of her with a faint look. The water eyes were beautiful and cold, as if with the sensation of the ancient well. The tree fell on her face, showing a momentum that was difficult to describe. The momentum is not worse than the two princesses, even more chilling.

For a while, she was calmed down by everyone.

"Miss Lin, it's ... not you, that's great!" The three princesses still reflected first, and looked at Wei Yuewu with a surprised expression.

"Why do the three princesses think it's me?" Wei Yuewu smiled lightly, not planning to buy her account at all.

"This ... listen to them say yes!" The three princesses shoved.

"Some of them said it was me, so the third princess thought it was me too!" Wei Yuewu didn't intend to let the third princess do so at all.

"This ... I heard it wrong!"

"It's not that the third princess heard it wrong, it is the third princess thinking wrong!" Wei Yuewu sneered, water eyes gliding over the slightly nervous face of the third princess, saying with a sense.

This made the three princesses very difficult to answer. I never imagined that this woman named Yan Dilin was so difficult.

"Ah! You ... you ..." The change on their side finally attracted the change of the two people who were hugging each other. Wang Yachun also responded at this time, and he hurriedly pushed Qi Haonan away, screaming Taking two steps back, then sitting heavily on the ground, the whole man was convulsed.

With a finger at Qi Yunhao, he could hardly even speak.

The whole person is now just shaking, except for shaking.

The sudden change in the situation made her speechless and didn't even know how to deal with it. She subconsciously set her sights on the Three Princesses.

Helpless to her begging gaze, the three princesses turned a blind eye, ignoring the past directly, but fell on Qi Yunhao.

Qi Yunhao's brow was also tightly frowned, looking at Wang Yachun who fell to the ground, speechless for a moment.

The Miss Lin who was in Yanhuai's Mansion was calculated. Now this Miss Lin is not in an accident, but the other woman was in the accident. Qi Yunhao was also unsatisfactory.

But he must not be a woman in the boudoir, and after a little groaning, he looked at Wei Yue Wu.

The veiled woman should be the mysterious Miss Lin, this is the first time he has seen the bright water eyes, with the plum eyes, the beauty of the ethereal, but it seems to be carrying a layer of water mist, confused It looks as if it's breathtakingly beautiful.

Qi Yunhao couldn't help taking a sip of air-conditioning. The beauty of the Lord of Jingde County was stunning. The mysterious Miss Lin actually had the beauty that was not inferior to the Lord of Jingde County. Even if it was just a pair of eyes, he was so charming and touching. .

There was a pity in my heart. If it was really this Miss Lin, it would be an unexpected delight. For Yan Huaiyu, it must be a bigger blow. He can pull back a city in Yan Huaiyu. He Still happy.

This woman named Lin is charming but charming, but her eyes are embarrassed. When she looked at him, she turned her eyes slightly, and then she looked away as if he were just an ordinary passerby.

This makes Qi Yunhao, who has always been high-spirited, quite unhappy.

He will be the son of one place.

However, the situation was a mess, and he didn't want to go down anymore. He arched his hands at the three princesses and turned away.

The three princesses turned slightly sideways towards him, a reward.

No one dared to stop him when he left, and Qi Yunhao said nothing and disappeared into the eyes of everyone.

The eyes of the people turned to the spot. Qi Guogong Shizi was distinguished. Besides, he was still a man. The ladies did not dare to say anything, but for Wang Yachun, he was not so polite. When Qi Guogong Shizi left, everyone crowded up. Time Chan laughed and laughed, one after another.

Even though Wang Yachun is very popular on weekdays, the scene just before is really frightening, and everyone will talk about it.

This matter is actually very difficult to handle. According to normal circumstances, Wang Yachun can only enter the Qi Gong's Mansion as a puppet, but it seems that the appearance of Qi Guogong's son is not interesting to her, and there is still the feeling of the four princesses. Wang Yachun Although it is an escort, it is actually the dowry of the four princesses. The four princesses do not know who the flowers are. Wang Yachun has such a thing here.

It's also a shame to say it.

And it wasn't just her face that was lost, even the four princesses.

"Miss Lin has an accident? What's wrong with Miss Lin?" The crowd was talking here, and everyone conjectured that the four princesses who were ashamed along with them suddenly hurried over.

The crowd turned back, and when they saw the crowd, they were startled.

Standing in the crowd, Yan Huaihuan, dressed in white as snow, was beautiful and handsome, but a face was somber with the coldness of the forest and a bit of bloodthirsty anger.

Yan Huaiyu is really angry ...

Chapter 782: Qi Yunhao was beaten

Qi Guogong's son, who was arrogant and hurried away, would look very embarrassed. On his side, a large piece swelled, his clothes didn't have time to change, and his grim face followed behind ...

Chu Fangnan and Lu Yili also followed.

Chu Fangnan's expression was a little dazed, and he looked at Qi Yunhao from time to time. In the past, Qi Yunhao was his backbone, but this time Qi Yunhao didn't notice his eyes because of shame.

Chu Fangnan was helpless, and could only inexplicably retract his gaze.

He really didn't know what happened, but when he saw Yan Huaiyu slap according to Qi Yunhao's face, it seemed that the Qi Guogong Shizi had done a bad thing, how strange it was.

Qi Yunhao looks really guilty!

Lu Yanli's brow was tightly frowned, and Qi Yunhao's gaze was a bit cold, and no one would be happy to be disturbed by the banquet at his house, and it was clear that Qi Yunhao was really innocent.

"Miss Lin has an accident? What happened?" With so many people coming, it was rare that the four princesses walked fastest, panicking as they walked.

Wei Yuewu smiled a little, but the four princesses came in time!

Originally thought why the four princesses didn't show up, now I know that this is anxious to find someone.

Bringing so many people here, this is a matter of making a name for itself.

The four princesses said as they looked over into the crowd. Wang Yachun shivered in the crowd, and the whole person was hugged in one place, which would be anxious and overwhelmed.

Her hair was scattered by the water, and her clothes were wet and soaked. The whole person looked embarrassed, and surrounded by the crowd, the four princesses didn't really recognize it.

"Shizi, this incident is really accidental. In fact, Miss Lin just walked here and was accidentally spilled by the water on the rockery. It happened that Qi Shizi saw and wanted to take you out, so she hugged her. You will be angry with Miss Lin! "At the sight of Wang Yachun in the crowd, the four princesses' minds were grounded.

Feeling proud, but showing a sincere explanation for Miss Lin on her face, she once again advertised the matter in front of everyone.

If the Weiyue dance was really caught this time, even if Yan Huaiyun could tolerate her, the whole Yandi could not tolerate such a shame, even if the marriage was ordered by the queen's maiden, but lost the name She can still die to show her innocence.

Then he frowned fiercely again: "It's also strange to talk about this matter. I didn't tell Miss Lin about the water spray on the rocky hill from time to time."

"Slap!" Yan Huai's handsome face was cold, and there was no warmth in his eyes, and a slap on Qi Yunhao's face.

"Yan Huaiyu, what do you mean?" Qi Yunhao's face was also swollen with redness and swelling. Everyone would quietly, why was this son of Qi Guogong so embarrassed that he was actually hit by Yan Guogong.

"Qi Yunhao, how do you explain this?" Yan Huaiyu stopped, sternly.

"This matter has nothing to do with me, I am also kind, who knows who she is!" Qi Yunhao exclaimed in a deep voice.

"Is it really okay? Qi Yunhao can't do this, I'll check it. If there is nothing wrong with it, it won't be good!"

Yan Huai's eyes were cold and cold.

He has always been gentle and elegant like a jade in front of people. Few such cold and biting moments, those eyes fell on Qi Yunhao, as if he could penetrate his heart.

Qi Yunhao couldn't help but have a guilty conscience, hurriedly looking away, Nei Qiangzhong said: "You go to check, I said that accident is accidental, and I can't help but foretell."

He didn't dare to be too strong at this moment, and secretly regretted it. He knew that Yan Huaiyu was so concerned about the woman. What he had to do was to let Chu pass south. What happened was only related to Chu. It was nothing to himself. Hurdle.

He was even glad that he was fortunate, fortunately, the talented woman wasn't Miss Lin, or maybe she couldn't get rid of herself. Seeing Yan Huaiyu's appearance, she was really so moved.

Although Yan Huaiyu always said that she cares more about this family lady Miss Lin, but Qi Yunhao didn't really believe it, and only half-believed to agree to play it.

Will a person like Yan Huaiyu be a true passionate person? Qi Yunhao feels that he can't judge right now!

"You better hope that it has nothing to do with you!" Yan Huaiyue squinted his eyes, his eyes suffocated, and his voice was a little dark, this time Yan Huaiyue was like a demon from the blood, powerful and suffocating. Gorgeous and bloody, full of oppression and weird deformity.

Qi Yunhao opened his mouth, but after all he dared not say anything. He just took the pouch handed by the guard, covered his face, and stared at the ground resentfully, as if he wanted to dig out the ground with two holes.

The four princesses could not help but take two steps backwards. The forest cold on Yan Huaiyu made her feel creepy, but immediately gritted her teeth, suppressed the panic rising from her heart, and secretly told herself that this matter had nothing to do with herself, not her own. For reasons, it is impossible for Yan Huaiyu to find out how to borrow straight.

Such a good opportunity, she will not let go anyway.

"Yan Shizi, what's the matter now?" She settled down and continued, "This matter is also the reason why the inner court has not been cured!"

She attributed the reason to the three princesses, and married the three princesses, which was originally what she expected.

Not far away, the three princess's eyes fell coldly on her body, a hint of irony appeared on the corners of her lips, but she said nothing!

"Is this talking about me again? Today is really weird. First, the third princess said that the person was me, and now there are four princesses that said it was me." Outside the crowd, Wei Yuewu said lightly.

The ladies dispersed and walked away, revealing the Weiyue dance that was walking slowly.

"Wuer, what's the matter?" Yan Huaihan took a few steps and saw that Yueyue Wu was unharmed, and he was relieved.

"I do n't know what happened. First, a girl from the inner court led me, and then Miss Wang Yachun wanted to apologize to me. She almost forced me under the rockery. Fortunately, Jin Yu responded quickly and pulled me away. When spraying water on it, Miss Wang sprayed wet, and then Qi Guogong Shizi rushed out! "

When Wei Yuewu came to this place, she looked at Qi Yunhao on one side. "Then the third princess took someone out, and said that person was me without seeing clearly. Now the fourth princess takes you here, and if she doesn't see clearly, she decides That person is me. It's strange. It seems that everyone knows what happened here, but I don't know! "

Wei Yue Wu's eyes were a little dazed, as if she really didn't know why such an oolong happened.

There was nothing in the backyard of the scene. It was a little different for this product. It seems that there are three princesses and four princesses in it, but it is not clear whether it is the third princess or the fourth princess or the two princesses. Count this Miss Lin in Yandi together.

Although everyone doesn't like this family girl of Yan Di, but this kind of thing really happens, they can't help getting nervous.

"Miss Lin, I just happened to see that your girl ring was also watered, so I mistakenly it was you!" The three princesses had already reacted, explaining, and reaching for Yuyan.

After the wet Yan Yan was still standing on the side of the tree, her hair had been cleaned up a little while, and her body was covered with a coat.

"The third princess said that the third princess came by accident. What about the fourth princess?" Wei Yuewu smiled, and led the four princesses through the topic of the third princess.

"When did the four princesses get the news? How did you know that it was me who was caught here? Miss Wang Yachun seemed to be the accompany of the four princesses?"

Wei Yuewu's problems followed one another, pressing on the four princesses.

The four princesses are really blinded. She never imagined that this matter would be linked to herself. This Miss Lin is all right, she seems to be in trouble!

Bringing Yan Huaiyu, he originally wanted to let him see it with his own eyes, but he didn't expect it to be a stone that hit his own foot.

"I ... I also heard people say something happened here, so I kindly went to inform the son of the State of Yan Gong!" Said the four princesses.

"The four princesses are really enthusiastic. What does it mean that Miss Wang is going to force me into the rocky hill? If I did go in, it would be me, and it would still be me who met Qi Guogong Shizi! I remember that Miss Wang was a companion to the fourth princess, not the third princess! "

Wei Yuewu laughed. There are many suspects at present, but obviously the four princesses are one of the most suspect.

"Four princesses, can you explain it?" Yan Huaiyu followed coldly, watching the princess's face grow colder and colder. Before he saw the four princesses, they were smiling and polite, the fourth princess was the first time Seen from Yan Huaiyun's face, he was plainly indifferent to himself.

Immediately panicked: "I don't really know what happened to Wang Yachun, I don't know if she was caught in evil ..."

"Is it evil? The four princesses really laugh and laugh, how can a good person be evil? Does the fourth princess say that this has nothing to do with you, is it another lady who has instructed her?"

Wei Yuewu politely interrupted the words of the four princesses, and put the matter directly to death where someone intentionally harmed her.

Do not let the four princesses have any explanation for the evil demons.

After listening to Wei Yuewu's biting her, and then looking at Yan Huaiyun's expression on the side, the four princesses were really panicked. They subconsciously looked at the three princesses diagonally opposite each other. , Loudly: "Wang Yachun collided with Miss Lin before, and her third sister rescued her. Although Wang Yachun was my companion, it was obvious that only the third sister was her benefactor!"

This testimony came suddenly, and the third princess did not expect that the fourth princess would say such words in front of everyone. After a moment of stun, she was furious: "Four sister, what do you say, Miss Wang is your companion, Only now is it for you ... to meet Miss Lin, I just look at her pitifully and stretch her out! "

"Yes, after she stretched out her hand, let her do such a thing by the way, Wen Caidie, I knew you were a ruthless woman. I never thought you were so ruthless to such an extent that she would use my people. Make such a thing! "Since the four princesses bite down, where would they let go.

Besides, she would say more and more that she felt that something was wrong with her, and she would really do such a thing.

The two were tearing their faces in the palace, so this time the four princesses talked about the third princess, even more recklessly, but everyone present was stupid.

The two princesses are really noisy, this ... It's not that the third princess and the fourth princess sisters are in harmony, what's going on in front of them.

Chapter 783: Execution of Wang Yachun

Where would the third princess think that the fourth princess would be so splashing in front of everyone, the whole body trembling.

"Simei, what kind of anger do you have for me can say directly, but don't push this kind of thing onto me. I and some ladies walked here and didn't mean what I wanted to do, just misidentified Lin The lady is yours. Where are you like Simei, you went to the foreign court to invite the emperor Yan Guogong to come here. There is a lot of time to come here. I am afraid that Miss Lin went out before the accident! "

The three princesses couldn't help but whisper.

She has always been smarter than the four princesses, and a few words immediately made everyone look at the four princesses with suspicion.

Counting time, it's really not right! Only here is the accident. The four princesses have brought people in from the outer courtyard. This way, the journey of the Luguo Government House is quite a lot.

Is this really what the four princesses did on purpose?

"Wen Caidie, what you said is really embarrassing, okay ... okay ... okay, I now directly ask Wang Yachun." The fourth princess was blushed with the obvious expression in the third princess.

She will increasingly feel that this matter is related to Wen Caidie, and she feels that she has won the trick of Wen Caidie. Wang Yachun received the favor of the third princess before, so she helped the third princess to calculate herself, and only paid for it. I believe Wang Yachun, it turns out that this little **** has actually put on the same pants as Wen Cai's bitch.

She said angrily, hurriedly approached, walked in front of Wang Yachun, stretched out her hand, and slap Wang Yachun fiercely: "Say, who directed you to harm me and Miss Lin?"

The four princesses are not stupid, knowing that the situation is not good for themselves at this time, so when they say Wei Yue Wu, the plan makes people feel that they are in a line with Wei Yue Wu.

Wang Yachun was shocked and afraid, and his body was cold and wet. When he saw so many people coming over, he was ashamed and anxious, and then beaten by the slap of the four princesses. He was crooked and fell to the ground. past.

It was a major event that the matter was so troublesome, and the person Wang Yachun passed out. Many people present seemed to be connected and involved a great deal. This matter can no longer be good.

So a few people in contact entered the palace together and made the matter come to the face of Queen Tu.

Tu Zhaoyi also got the news early, and after making a special report to the emperor, she also asked for a listening position. This matter must also concern the three princesses.

In Fengyi Palace, after listening to the narratives of the crowd, Queen Tu Tu's forehead jumped twice, pressing her hand and pressing it, and then she calmed down again, staring back at the four princesses,

even with Jing Wenyan. Did not give any good looks. The four princesses did such a stupid thing, Jing Wenyan didn't even stop it, and it seemed to be a disappointment.

This kind of thing, four princesses and one master, need to blend in personally!

Look at Wen Caidie, it will not be clean, but at least they can explain it.

"Wang Yachun, what's going on with you?" Wang Yachun woke up, wearing a robe, and kneeling tremblingly in front of Tu Queen.

"This ... The court lady really wanted to plead guilty to Miss Lin. She didn't know about the fake mountain. The Lu government was the first time that the court lady came." After such a period of time, Wang Yachun also thought clearly. Knowing that no matter whether she is the third princess or the fourth princess, she can't please, so she can only clenched her teeth to show that she knows nothing.

"I used to offend Miss Lin in order to win public favor. The more I wanted to panic, I walked in the yard alone. When I came here, I happened to meet Miss Lin, so I could n't help but plead her guilty. As for other things, , I really don't know anything!" Wang Yachun cried hard while hoeing her head towards Tu Queen.

Only a moment later, I saw a red on my forehead, but still kept holding it.

There are a few young ladies who make good friends with her on weekdays, and they can't help but look at Wei Yuewu.

"Yan Shizi ... this ... or ... it's really a misunderstanding ..." Queen Tu coughed a little, said.

Sitting on a wide chair, Yan Huaiyu looked coldly at Wang Yachun below. He would hear the words of Queen Tu seeming to strike a circle, raising his eyes and smiling, saying: "Why don't Queen Queen ask Qi Guogong Shizi, why did you happen to be in the inner courtyard so you didn't show up early and didn't show up late? It happened to happen at that time! "

Although he was laughing, no one could see the haze in his eyes, and there was a trace of bloodthirsty in the deepness of those beautiful eyes.

Yan Huaijuan is definitely not a princess like this, like Yushi Wushuang.

Weiyuewu stood quietly beside him, wrapped in a large cloak, almost caged her whole body, there were many people in the palace, afraid of people to recognize, Weiyuewu specially wrapped one cloak.

She was not only scared, but Yuan was weak. This would be a cloak. It was supposed to be a thing, but no one felt weird.

"What does Qi Shizi say?" Queen Tu had to turn to Qi Yunhao, the son of Qi Guogong.

"I happened to be looking for Brother Brother Lu, but found Brother Brother Lu was absent, so I walked in casually, who knows exactly what I saw ..." Qi Yunhao also returned to normal and raised his head and explained with a clear face.

As he came along, he also thought clearly that there were certain things that he could never admit, and I believe he would not say it here, nor would he say it over there.

"A woman was poured into the water, and I couldn't bear to see it before I brought her out. If I expected to cause such troubles, how could I not reach out!"

"Yan Shizi, look ..." Queen Tu turned to Yan Huaiyu and asked.

"Queen maiden, I came to Beijing since I met such a lot of coincidences. Before the second prince came to my house as a guest, it happened that assassin broke in, and what happened more was that the assassin was clearly going to assassinate the second prince. , But stabbed me, almost I can't sit here, and today's dance is also the same, almost dance is ruined, ask the queen lady, if it happened at the time, it was really dance How will the queen lady handle it? "

Yan Huai narrowed her eyes, her beautiful eyes flashed, but her words were very meaningful.

For a while, Queen Tu felt that she could not answer this. It was not just a matter of the backyard, nor was it a matter of the vestibule.

But you can't help but say that everyone is in Fengyi Palace, and the queen is the one who is in charge of the overall situation, so you can only vaguely say: "The assassination of Yan Shizi was traced by the emperor. One of the things that was explained, as for Miss Lin, it was always Yan Shizi who took the idea in the end! "

This is kicking the ball directly to Yan Huaihuan, which means that if something happened to Miss Lin at that time, it was Hugh or married, or if Miss Lin was to prove the death, you must listen to Yan Huaihuan's meaning, It is always Yan Huaihuan's meaning that is the most important.

Wei Yue Wu head stood behind Yan Huaiyu, with a hint of irony under the lip of her veil. The queen was really a favor to the four princesses. There was no mention of the four princesses. It seemed that she was convinced by Wang Yachun's words. Doubt, as if what Wang Yachun said is true.

What Wang Yachun said is true, then naturally there is nothing to do with the third princess and the fourth princess.

Tu Zhaoyi, who was sitting next to Queen Tu, also looked very satisfied. This time, she did not dismantle the Queen's platform. While listening, she bowed her head and drank tea, and the three princesses stood behind her.

Compared to the princess of the three princesses, the four princesses are somewhat restless. She and Jing Wenyan are standing behind Queen Tu, her face is angry, she is sad, she hates poison, and she looks away from time to time. Falling on Wei Yuewu's body, his eyes were gloomy.

I know that Yan Huaiyu should not say too much at this time, otherwise it will feel very overwhelming. The relationship between Yandi and Beijing Central is very delicate, but at this time Yan Huaiyu is in Beijing and it is not appropriate to say too much. Expressing such a situation, Wei Yuewu stepped forward, kneeling down against Queen Tu, and said lightly.

"The queen lady, if that happens, I must die. Even if the son doesn't say anything, I will be shameless to the elders of Yandi, and ask the queen lady to give the little girl a fair."

Since everyone said that this was a matter of the inner court, it was naturally up to Queen Tu. In any case, the two princesses were involved, no matter whether it was Queen Tu or Zhao Zhaoyi, they always gave a word.

If it was only her who had the accident, she would have no choice but to die. Even though it wasn't her that was the accident, she had to be fair.

Although her words were peaceful, the meaning in those words was resolute.

Looking at such a fragile woman and saying such words, the crowd was shocked for a moment, and their eyes fell on the Yueyewu in suspicion, only the broad cloak and the veil outside the Weiyewu Covered tightly, they could only see a pair of charming eyes.

Only this moment, those charming eyes, with a little coldness and indifference.

Sure enough, the woman who made Yan Huaihuan fancy was absolutely unusual.

"The queen mother, I believe that the third and fourth princesses have told you. If you also say that it is a coincidence, I have nothing to say. I was the daughter of Yan Di, and it is normal for the queen mother not to like me!" While waiting for Queen Tu to speak, Wei Yuewu lowered her head again.

"So my words, or Ms. Wang Yachun's words, her queen mother immediately believed it!"

After saying this, Wei Yuewu shook her head lightly, then straightened up, looked down at the ground, and looked like a gentle and gentle look, but the words made Queen Tu suddenly feel difficult to answer.

Just rushing these words, Queen Tu couldn't think of not getting some blood!

The meaning of Wei Yue Wu is that Queen Tu Tutan Wang Yachun is now!

Despising the daughter of Yan Di, although Queen Tu really thought so, she would never say so.

"The queen maiden will never be equal to one another!" Yan Huaiyu smiled coldly and raised Yang Jun's eyebrow. "Although the daughter of Yandi is mean, she is also a Miss Family!"

This is to draw the relationship between Wang Yachun and Wei Yuewu to the family of Yandi and Beijing.

"Come here, send Wang Yachun to the State Mansion of Qi Kingdom for slavery and slavery!" Queen Tu knew that she couldn't wait any longer. If she waited any longer, the spearhead would be directed at her daughter. The son of the Emperor Yan Guogong was never good. After stubbing, biting his teeth, Wang Yachun, who was kneeling underneath, turned his face straight.

Even though the four princesses would be ashamed, it would be better than pulling the matter on the four princesses for a while.

This decision made Wang Yachun's face pale, soft and slumped to the ground, and to be slaves and slaves. She, a family lady, now ended up in such a fate, which made her able to bear it.

"Mother, you can't ..." The four princesses screamed anxiously.

Chapter 784: Accompany sin, rely on a city in Yandi

Wang Yachun is a four princess. The main thing is her **** and dowry. Before she got married here, Wang Yachun was sent to the State Government House for slavery and slavery. This made her face shameless. Everyone would take her as a joke, so the four princess could not help screaming.

Only the next moment, her scream was covered in her throat, Jing Wenyan reached out and covered the four princess's mouth, while winking at the two coy standing next to the four princess.

The two puppets belonged to the queen's palace. They were naturally very clever. Come and take the hand of the four princesses, dragging down and whispering and hinting: "Four princesses, slaves know that you are distressed to Miss Wang, but Who would let her encounter such a thing, the four princesses, you still follow the slaves to rest! "

This kind of thing, if the four princesses do not want to rest, there will be absolutely no benefit to her because of the trouble, and the two concubines also hint that the fourth princess, if this continues, it will only make people feel more and more uncomfortable.

The two princesses said that the four princesses were not stupid. They immediately came to their senses, biting their lower lips tightly and being pulled by the two puppets.

"Wang Yachun, you can be convinced!" The queen shouted sharply, and her eyes fell on Wang Yachun's face. "Nearly something happened. If Miss Lin had an accident because of you, don't say it was you. Even if your parents are implicated, you don't know who gave you that courage. "

The four princesses ate and lost all their faces. Instead, the third princess was okay. This showed the incompetence of the four princesses. The queen will be angered. She slaps her hands on the table and her face is green. Already.

Wei Yuewu lowered her head and smiled. This is what Queen Tu is trying to do to the three princesses. It seems that the three princesses are really innocent, but why can't the queen Tu see it? There are three princesses in it. Pick something.

The three princesses thought that they were clever, but they did not want to escape.

The dog bites the dog and has a hair ...

"The queen maiden's life is really not me ... I figured it out, it was ... yes ..." Wang Yachun would be really panic, trembling softly on the ground, begging to look at the queen Tu, her lips pale. Without a trace of blood, the three princesses slowly glanced to one side, and reached out, "Yes ... it was the third princess who sent me to apologize!"

Wang Yachun thought that this would not happen to him. At that time, he just imagined that Ms. Lin apologized and she had nothing to do with herself.

Even if things changed later, she remembered her status as a companion to the four princesses, and she was a little peaceful. Even for the sake of the four princesses, the queen mother couldn't punish herself much, and she showed herself. It is simply an accidental loss.

Always embarrassed by herself, the four princesses are also faceless.

She couldn't think of it anyway. Queen Tu would be run by Yan Huaiyu and Wei Yuewu and had to deal with her. In order to give Yan Huaiyu an explanation, she pushed her out.

At this moment, although she did not dare to be directed by the Three Princesses to do it, she no longer concealed them and pulled the Three Princesses out.

At first glance at her expression, the three princesses and Tu Zhaoyi felt bad, but the two had not had time to speak, and Wang Yachun rushed out.

This matter is actually related to the third princess, and listening to Wang Yachun's meaning, it seems that the third princess is the ambassador, and everyone is uproar.

The eyes of all the people all looked at the three princesses with gentle faces.

I used to think that there was something about the three princesses, but she explained it gently, but it didn't seem to have much to do with the third princess, but if the apology was also the princess's thing, the three princesses also looked innocent Nope.

"What does the third princess mean? Why do you want to do this?" The fire finally burned on the third princess. The queen Tu smiled coldly. Her daughter lost her face. How could the third princess not lose face, "I remember this time Lu You are in charge of the Gonggong backyard. Cai Yan or you are not sure about the spraying of rockery, you must know it! "

The third princess would regret it to the extreme, and use the people around the fourth princess to frame Wei Yuewu, and then bring Qi Guogong Shizi back. Originally, this matter had nothing to do with her, but because of the escape of the Miss Lin, she gave birth to many Incident, the three princesses even felt like they were shooting stones.

She was soberly aware that this Miss Lin from Yandi was not simple.

In a few words, she brought the question of Queen Queen to her side, and she would have to answer the question of Queen Queen.

"Mother, I ... I just saw that Miss Wang was hesitant to apologize before telling her there was a mistake and she had to change it. It should be an apology to Miss Lin, and she always had to bear her own mistake!" The three princess explained very Far-fetched, feeling that he was faintly sweating at his vest.

"Ms. Wang, if you make your own mistakes, if you don't take them well, will you still have to bear your parents and brothers?" Tu Zhaoyi said coldly.

The looming threat made Wang Yachun have to bow his head, and his sin was worse than that of his father and brother. This time he offended the queen, Tu Zhaoyi, and the emperor Yan Guogong, and even the emperor Qi Guogong. The expressions that people looked at her in a circle were scornful.

Her dignified family and the four princess's companionship will soon be completed as the most ruthless girl ring, and will even follow Qi Qi as a most common girl ring in the end. know.

Her sober consciousness said that the queen mother, Zhaoyi mother and the three princesses would not help her.

Looking at the queen Tu in despair once again, her eyes were full of begging, but the queen Tu did not look at her, but only focused her eyes on Tu Zhaoyi, that was her greatest enemy: "Zhaoyi's words are reasonable This kind of sin of Miss Wang is bound to be sinful to her parents. Come, and put everyone in the palace ... "

This is to condemn the big and small on Wang Yachun's house.

Feeling the meaning of Queen Tu's words, Wang Yachun was really desperate. Originally, she hoped that Queen Tu could let them go, but now she wants to be punished together.

It seems that only by dying can he wash away his sin!

Before the queen Tu had finished speaking, she heard a "bang", and Wang Yachun swelled up and slammed into a pillar on the side, but she did not know whether she missed the line or did not notice Wei Yue. The dancing ring, Jin Yu, also stood on one side, and bumped into Jin Yu with her shoulders, so that the fit between her and the pillar was not so good.

So although the whole person bumped into it, she still missed it. She didn't hit her head directly on the pillar. Instead, she brought her shoulders to the pillar. She rubbed her forehead only, but even so, she was still dizzy. past.

They shouted in horror.

"Come, please the doctor!" Seeing that something happened on Wang Yachun's side, Queen Tu hurriedly ordered.

This will make Fengyi Palace mess again.

Yan Huaiyu and Wei Yuewu left in this uproar. The matter has basically been considered to this day, but whether it is the hands of the third princess or the fourth princess, it is impossible to really fall on them. On both bodies, Wang Yachun's own mind was not right, so he must have become a scapegoat.

Only then did Wang Yachun look wrong, Wei Yue Wu hinted at Jin Yu. This was when Wang Ya Chun touched the pillar, but he first bumped into Jin Yu, which made Wang Ya Chun impossible to really happen.

As soon as Yan Huaiyu left, Lu Yeli and several others also left and went out one by one.

Under the high steps of Fengyi Palace, Yan Huaiyu suddenly turned his head and looked at Qi Yunhao. Qi Yunhao had been walking behind them before. Seeing him stop, he stopped involuntarily, his hands arched, and his face was positive: "Brother Yan, I'm wrong about this, I'll accompany you here first!"

There will be no outsiders in this meeting, Qi Yunhao is also very bachelor, anyway, this Miss Lin has nothing to do.

Yan Huai smiled with a smile, and her charming eyes picked: "Brother Qi, this accomplice is really light!"

"Qi leans on a city in Yandi!" Qi Yunhao gritted his teeth, knowing that at this time, the price would not be large, Yan Huaiyu would never let himself go.

Although I didn't say anything in the queen's palace before, if Yan Huaiyu secretly kills himself next, I am afraid I can't cope here.

"Brother Yan, we are all glorious and glorious in all four places, and all are damaged. Moreover, Miss Lin can be considered a disaster. Even if Brother Qi had done wrong before, he would be accompanied by the city, which is also the sincerity of companionship!"

After listening to Qi Yunhao's words, Lu Yili and Chu Fangnan were shocked, but immediately they understood. Chu Fangnan's rare ingenuity came back and spoke for Qi Yunhao.

"Brother Yan, forget it, and then go to Qi Brother to go to the door and apologize to Miss Lin for the ceremony!" Lu Yeli also stood up to speak for Qi Yunhao.

"Let's prepare two copies for Qi Di. The Lord of Jingde County is also my wife. You can't be too thick or thin!" Yan Huai's narrow eyes flickered, the corners of her eyes flashed with a faint smile.

"You ..." Qi Yunhao was furious after he froze.

The two gifts were nothing, but the two cities were not what he could do. It was his limit to accompany Yan Huaiyu to this city, and unexpectedly, Yan Huaiyu opened his mouth with a lion.

"Why, Brother Qi is unwilling? Then I had to ask someone else to ask. I heard Brother Xi had a brother who was very generous and promised that if something happened to Brother Qi, these two cities would be trivial!"

Yan Huai's eyebrows were exquisite and exquisite, with a bloodthirsty chilling shiver, which made her smile from the bottom of her eyes to her heart.

It can be said that apart from Yan Di and Lu Di, the position of this son is very fierce. Qi Guogong owns his son. If something goes wrong, Qi Yunhao wants to succeed him as the future master of Qi Yun. Many brothers, Qi Yunhao is in Qi Guogong's heart, in fact, The portion is not that big.

The threat in this sentence had obvious meaning, but Qi Yunhao knew clearly that even if Yan Huaiyu did this, Qi Di and Yan Di would not be evil, and his father would only accompany two cities, and then sent a new one. When Shizi went to Beijing, his relationship with Yandi was still watching and helping.

The land of the four princes is dominated by Yan land.

If something happened to Yandi, this would be the next few of them, and no one can do it well. This is not only Qi Yunhao knows, but Lu Yili and Chu Fangnan also know this clearly.

"You ... you ..." Qi Yunhao almost vomited blood, but had to acknowledge, "Okay, two for two!"

"Thank you very much, Brother Qi. I want to thank Brother Qi on behalf of my two ladies here!" The cold bloodthirsty Yan Yanhuai's face poured like a tide, and Wen Yaru with a smile on her face again Jade, if you do n't see it with your own eyes, it 's really hard to believe that a person can have two completely different faces.

A handsome and beautiful boy.

A bloodthirsty chill, King Hellah!

However, in fact, these two are one. Lu Yanli looked at Yan Huaiyu with no fear, but did not speak.

Yan Huaiyu turned back again, holding Wei Yuewu's slim waist in her hand, and walked in front of her generously.

Sensing the strength of his waist, Wei Yuewu simply did not struggle, leaning on his arms and letting him half embrace him.

This will look sideways at his charming and charming eyes, and he can't help but secretly poke his lips. This really old black fox knows that it's not himself, but deliberately pretended not to see clearly, and gave Qi Yunhao a slap. , But touched Qi Yunhao directly without sound.

This should be one of the reasons why Qi Yunhao is now taking the city out to accompany him so easily!

But Qi Yunhao seems to be colluding with the three princesses!

Chapter 785: She's not dead, better than dead

There was a gleam of coldness in the charming eyes. The three princesses were really amazing. They could even hook up with Qi Yunhao. Is it possible that the representative can also collaborate with other people, just in front of her. One glance, but the man is ...

This person is Mo Huating, a person who seems to have nothing to do with this matter!

Mo Huating is very strange. Except that he went to Beijing and was robbed and pointed at him, he seemed to be there all the time, but it always seemed to be hidden.

Sakura's lips were slightly sloppy, always feeling that she had missed something important.

Before, Mo Huating was close to the fourth prince. It would be normal to get close to the third princess. Why does it feel like he has missed something, and it is still a very important thing!

Mo Huating seems to be everywhere, all the time!

What do the three princesses and Mo Huating imply under such circumstances today? What do they need to hint at ...

"What's wrong?" Yan Huaiyu's gentle voice came to her ears, and Wei Yüewu suddenly looked back, only to find that she had reached the carriage, and Yan Huaiyu reached out and hugged her.

Wei Yuewu's subconscious backhand hugged Yan Huaiyu's neck and allowed him to enter the carriage while holding himself.

The carriage moved slowly.

In the carriage, Yan Huaiyu reached out and took Weiyuewu in her arms, took off her veil, and looked at her look carefully, and found that her look was only a little confused, and there were no other abnormalities. Sigh of breath: "I wasn't scared just now 1"

"No, Wang Yachun said very clearly!" Wei Yuewu shook her head, and Xue Nen's small face showed a naughty smile. "She's a bad luck!"

"The two surnames are slaves, this end is inevitable!" Yan Huaihuan disdainfully said, "Why Wuer save her!"

The so-called two surnames naturally means that Wang Yachun has two masters, firstly next to the four princesses, and then colluding with the third princess while carrying the four princesses.

The final result of this is that no one trusts her and will not stretch out her hands to pull her. Since you can abandon your former master, of course, you can also abandon your current master.

As for Wei Yuewu's small movement, others haven't seen it, but Yan Huaihuan who has been watching her will never see it.

"She's not dead, it's better than dead!" Wei Yuewu smiled. She didn't want other people to legend that this incident was caused by Yan Huaiyu. Finally, she forced a family member to death. .

Moreover, with Wang Yachun's presence, even if some things can't be turned on the table, but the two princesses will not be so peaceful in private ...

"Follow the dance, but she's such a small figure who will never die, it won't help anything!" Yan Huaiyin understood the meaning of Weiyuewu with a slight groan, and reached out and touched Weiyuewu's head softly.

Although he didn't care about Wang Yachun's life and death, he felt that Wei Yuewu's maintenance of him was very satisfied, with a big smile on his face.

"Then don't die!" Wei Yuewu said stubbornly.

"Okay, all listen to the dancers!" Yan Huai's face was cozy, letting Wei Yuewu let her mean it freely, in his eyes, Wang Yachun was just a self-conscious.

Wei Yuewu turned her head and looked at his perfect jade-like face: "The three princesses seemed to wink at Mo Huating. Only Mo Huating was in Fengyi Palace!"

"Mo Huating can be regarded as one if he can do it in Fengyi Palace, but see if he is willing to go to risk for the third princess!" Yan Huaiyu heard Wei Yuewu's words, and turned to look at her, and finished speaking Raise one of her little hands, put it to her lips, and kiss her gently.

She didn't seem to know how to love her.

The extremely soft touch in her hand made Wei Yuewu's face flushed with redness. The soft feeling seemed to drive her throbbing, and only made her heart tremble with it for an instant.

An irresistible excitement and tenderness, the heartbeat speeding up unconsciously.

The kiss almost fell on her mind.

I wanted to pull my hand back, but Yan Huai's hand was clenched tightly, and she raised her head halfway, but she saw the flowery smile as she smiled: "Wuer also cares about me very much, doesn't he?"

This is not a question, but asking it at this time makes Wei Yuewu's face more and more red.

Wei Yuewu felt that her heart was almost about to come out of her mouth, with some panic, some joy, and some unexplained excitement. She opened a pair of water eyes blankly and looked at Yan Huaiyu, but she didn't know what to do. How to react.

The kind of cute, beastly, soft and cute look with a little cuteness made Yan Huaihan feel good, simply reaching out and holding Wei Yue Wu directly in his arms.

This time, I was used to the embrace of Yan Huaihan, and Wei Yuewu didn't resist. He simply laid his head in his arms to hide his red face.

Looking at the little girl with her head down in her arms, Yan Huai raised her mouth uncontrollably, her dancers became more and more accustomed to herself, which meant that she and her were getting closer. She Her heart also slowly began to accommodate herself. This little fox is her own. Of course, not only is she supervised on the surface, but her heart must be put into her.

The right-to-be-born child, the black brain, no longer counts against the battle for imperial power, but starts to calculate whether this is going to tease the sweet person in his arms or let her go.

But in the end, she felt that she should be let go, or that she was so angry that she would lose more than herself.

"Since Wuer wants the woman to survive, let's survive!" Yan Huaiyun said casually.

"That Mohuating ..." Wei Yuewu, who asked this, kept his head moving in his arms, quite anxious, the palace was not Yan Huai's territory.

"It's okay. Mo Huating has his own mind. He will never put himself in danger for the sake of others!" Yan Huai said lazily, reached out and touched the soft hair of Weiyuewu, and smiled slightly. Leaning back, he led Wei Yue Wu to the side of the couch.

"Mo Huating is strange ..." Wei Yuewu couldn't help it.

From the moment he entered Beijing, Mo Huating filled Weiyuewu with doubts. To be sure, this person is definitely not simple. He seems to be the fourth prince or a person of the Tu Zhaoyi school, but it does not seem to be all, There is a kind of unclear, feeling in the clouds and fog.

"Don't care about his affairs, Wuer should be concerned about my business!" The proud son was dissatisfied with Wei Yuewu's mention of Mo Huating, and gently fell on Bai Yue's forehead of Wei Yuewu. A kiss, a displeased way.

He didn't forget that Mo Huating and Wuer had a marriage contract. Whenever he thought of this, he felt that it should be very good. Fortunately, when he thought that his mother and Mrs. Huayanghou were not pregnant, they married with their belly. After that, Yan Huaihuan thought that in this way, he and Wuer were the most legitimate.

One of Mo Huating's later ones had just drilled his own vacancies, but fortunately the dance was his own.

What Mo Huating is, I dare to think about myself.

"Since Wuer wants the woman to survive, she will definitely survive this time!" Yan Huaiyu re-examined, "As for the other people, you don't need to care!"

Sensing the dissatisfaction in Yan Huaiyu's words, Wei Yuewu couldn't help but smiled lowly. I didn't expect Yan Huaiyu to be so childish.

The carriage of Yanguo Mansion slowly drove out of the door, and went all the way to Yanguo Mansion.

Above the gate of a palace, Prince Wen Tianyao stood on the attic, and his eyes happened to fall on the distant carriage: "Is that just the family daughter of Yandi?"

A little further apart, he only saw Yan Huaiyu lovingly pick up the woman, got into the carriage, and then the carriage slowly left.

"Yes, it should be!" The three princes stood tightly beside him, his gaze fell on the distant carriage, and there was a hint of discomfort in his eyebrows.

"What is Jingde doing to marry a person like this? He is clearly hypocritical to Jingde, and very precious to this family girl of Yandi." Wen Tianyao turned to the table in dissatisfaction and picked up a glass of wine on the table. He drank it all, then sat down heavily, playing with the cup in his hands annoyingly, and said, "You have to think of a way to let Jingde leave him!"

"Brother, I think Jingde likes Yan Huaiyu!" The three princes sat down opposite him, and said with a heavy face, "Last time I saw Jingde deliberately made ornaments for Yan Huaiyu."

"How could a woman as smart as Jingde be affected by Yan Huaiyuan," Wen Tianyao said dissatisfied.

"Brother, I think about Jingde, you still don't care about it, even if ... this kind of thing ..." The third prince couldn't say anything, so it frowned and didn't know how to word, "I see Yan Huaiyuan was not completely indifferent to Jingde, and you can see some of him at the time when he was willing to give Jingde a favor! "

"At that time, Jingde's situation was very bad, but even if Jingde really died in the Yan State Mansion, it would be a big deal for Yan Huaiyu. He should marry a princess or a princess, and they would not be tabooed! "Wen Tianyao said with a cold grunt.

Wen Tianyao knew the thoughts of the three princesses and the four princesses. If something happened to Weiyuewu, the two would still be vying to marry the state government.

"Brother, I think it's really anxious, let's take a closer look!" Although the three princes were not satisfied with Yan Huaiyu, the thoughts of He Wentianyao were somewhat inconsistent. .

"Three brother, don't advise me, I'm just such a younger sister. I can't watch her fall into the fire pit without saving her. Even though Yan Huaiyuan likes her, he still likes Yan Di Nu. At that time, when I went to Yandi, there was no reliable person around Jingde, but the Yandi girl had the support of Yandi's people. Really, Jingde would not be good. "

Wen Tianyao's stubborn way.

"Brother ..." The third prince wanted to say something, but was interrupted directly by Wen Tianyao.

"Third brother, check what happened today, what happened and how did they match this Yandi girl? But it didn't seem to be okay, they can really toss things up. There is no way how to account for the assassination of Yan Huaihuan. This will even frame the women in this backyard, and bring the colorful butterflies and colorful cymbals. Father Emperor wants to not explain it this time! "

It is difficult to deal with the four places together. In addition to today's affairs, Wen Tianyao can estimate that the father will inevitably be unable to sleep all night, and the officials in the Royal Study will have to discuss major events again!

Thinking of the anxiety of the father and emperor for a while, Wen Tianyao's face was gloomy. Yandi was bound to give an explanation. It should be in these days, so many things collided, and the four places worked together, no matter what. The court will also have an attitude.

"Okay, brother, I'll check it in a while!" The third prince nodded, stood up and wanted to leave, but was stopped by Wen Tianyao: "third brother, is Jingde's ornament you doing?"

He knew the abilities of his third brother.

"Yes, brother, you're almost done!" The three princes nodded.

"Bring me here after you finish, let me see!" Wen Tianyao said.

"Okay!" Although he didn't know what Wen Tianyao wanted to do, the three princes agreed.

Chapter 786: Witness, Wang Yachun is dying

The banquet of the Luguo Mansion ended up unhappy.

Something happened at the banquet, but it will not affect the whole banquet, but this incident is not small, it is related to Yan Di and the two princesses, even Qi Guogong Shizi involved.

After that, there were no people in the inner court. Those who stayed took a little meal, and everyone voluntarily resigned.

The guests in the outer courtyard have the same reason. How do you think this son of Lu Guogong is not very happy? Although sitting in the first place, his face is gloomy.

As the equivalent sons of his identity did not see, the prince and several princes originally said they were coming, but if this happened, who else would come here.

The news passed out silently. It seemed that the two princesses were jealous of the lady of Yandi's family. They deliberately set up a trap to harm her. It was expected that Miss Lin's life was large, but the other one was the other. Miss, and this lady also framed Miss Lin with the two princesses.

This is called harming others.

As for why the two princesses deal with Miss Lin together, everyone was unspoken. The three princesses and the four princesses showed their affection for the son of the State of Yan Guo, almost everyone in Beijing knew.

However, now the son of the State of Yan Guogong has married his wife, still married the Lord of Jingde County. It seems that it has nothing to do with the third princess and the fourth princess, but I do n't know what the two princesses mean. Ms. Lin, who officially married into the State Mansion, started.

I used to think that the third princess had a good character and was gentle and dignified. As for the fourth princess, she always feels arrogant and rude. Few people like this puppet princess, but she dare not offend the fourth princess.

It now seems that both princesses have bad conduct.

Not only are there husbands and wives in their homes, but they are also secretly killing others.

For a while, there were many discussions in Beijing about this incident. In addition to the incident of the assassination of the Emperor Yan Guo Gong, the incident of the second prince going to the Yan Guo Gong Mansion, all kinds of ...

The third princess and the fourth princess talked a lot outside the palace, and there was no peace inside the palace. Although it was evening, the lights were still bright in Fengyi Palace.

The emperor is sitting first.

Gao sat in the middle of the emperor, his face was a little pale under the light, his expression was weak, his whole body seemed to have no spirit, his lips were tightly clasped, and he looked a bit sharp.

He sat with Queen Tu on one side and Tu Zhaoyi on the other, with the two princesses standing behind them.

Jing Wenyan didn't leave, and she would be standing beside the four princesses carefully. Since she was designated as the princess, even if she was a queen-painted person, she would naturally consider what happened to her. The reason why she stayed today is mainly because she is now considered to be a half royal.

Moreover, she was the future princess and one of the parties present at the time. The queen Tu felt that there was something the four princesses could not say clearly, and Jing Wenyan should be able to help make it clear.

Below kneeling Wang Yachun.

Wang Yachun, who would have cleaned up a little, didn't look so embarrassed, but when she looked closely, she could see that she had no eyes and a deep scratch on her neck. Asked by the queen, she answered, almost subconsciously Answer.

Tu Zhaoyi's face was gloomy, and the three princesses wanted to talk, but she was held by her.

"The emperor, this is how things happened. There was an outsider before, and I didn't want to make things big, but now it seems that the third princess is really dignified, and even her sister can't tolerate it. Read, designing the four princesses. The four princesses are a bit arrogant because they are puppet princesses, but this cannot be the reason for the three princesses. "

After Queen Tu asked, he turned to the emperor.

"Fortunately, I sent someone over early, otherwise this time there will be no more people, and it will be considered dead!"

Before the Queen Tu sent someone to close Wang Yachun, but after thinking about it later, she asked a personal puppet to lift the person up and put it near her. When she wanted to go, she saw a guard. Wang Yachun was strangled, and when he saw the two puppets, he hurried away.

"Sister, is this the hands of the three princesses?" Tu Zhaoyi did not wait for the emperor to speak, and took the conversation directly.

"Zhaoyi, I'm talking to the emperor, you still have to intervene!" Said Queen Tu sharply.

What Zhao Zhaoyi said was speechless. Regardless of the direction, Queen Tu has the right to care for her, but this will be in front of so many people, and Tu Zhaoyi hates gritting teeth. This will be the position of the queen, which will allow her to pretend in front of herself.

"The emperor ..." But she was not so easy to admit defeat. She turned to look at the emperor with tears in her eyes, Jiao Didi screamed, and then looked at the queen timidly, there seemed to be something to say, but dare not say.

Seeing her pet concubine showing such an expression, the emperor glanced at the empress Tu: "Here are all his family, not so particular about it, since Zhao Yi has something to say, let her say it!"

The queen bowed her head, but her eyes flashed with coldness and hatred.

Everyone thought that the sisters of the Tu family entered the palace together, and they must be in harmony with each other. A high weight and a favored harem, each of them can be regarded as the best of the females of the Tu family, but in fact the two were secretly in the palace. Fighting all the time, and the Queen of Tu is just a predominance in fame.

Whenever two people confront each other, the emperor will stand by his pet concubine.

Regardless of the man in front of her, the queen Tu still gritted her teeth. She was the queen of the royal family, and she always ate food in front of a Zhaoyi. No one felt that she could bear the tone.

What's more, the four princesses they gave birth are obviously not as good as the three princesses born by Tu Zhaoyi. The two are about the same age. Almost everyone compares the third princess and the fourth princess. The comparison results are that the four princesses were painted by the queen Racial arrogance, I do not know how polite.

The emperor also rebuked the queen for several times for this, and each time took the third princess as a matter.

Whenever she thinks about it, Queen Tu gritted her teeth secretly.

"Sister, why did you say that the three princesses asked Wang Yachun to kill the woman in Yandi?" After listening to the emperor maintaining Tu Zhaoyi, the queen turned to Tu Zhaoyi and said sharply, "Everyone is Knowing that Wang Yachun was Cai Yan's companion, she will marry with Cai Yan in the future. Now that she has such a thing, how does this make people look at the four princesses? "

Only after asking and answering after the emperor Tu had asked Wang Yachun to tell the truth.

The cause of the incident was naturally the three princesses. It was the three princesses who asked Wang Yachun to secretly damage the female surname Lin of Yan Di. Who would have thought that things had actually changed. The accident happened to be Wang Yachun herself, but the female surname Lin was nothing.

"Mother, I ... I just had a fate with Miss Wang, and I didn't like this woman from Yandi, so I said casually, I didn't expect that she actually framed Miss Lin." The third princess raised her head pitifully and explained. Road.

There were two tears on her tender face, and she wiped her tears with a papa while crying. She felt aggrieved and weak, like Tu Zhaoyi.

This means that the matter was entirely caused by Wang Yachun herself, and that's how she said it herself.

Wang Yachun knelt down and raised her head, Mumu glanced at the three princesses, and smiled bitterly at the corners of her lips, then slowly closed her eyes, and two tears fell down. Now the incident broke out, but the three princesses would not admit it Yes, I was really stupid at the time, thinking that the third princess would be more responsible than the fourth princess, and better than the fourth princess.

In fact, the three princesses are the most insidious one, and she is her chess piece. Of course, it is the best to succeed, and it will not be able to get involved in her failure.

He actually believed that the three princesses were dignified and magnanimous, and he was a responsible master.

"The three princesses meant that all this was Wang Yachun's own thoughts. As for everything in the Lu Guo's Mansion, it was also a small companion of Wang Yachun who could be moved. As long as someone wanted to kill someone, Wang Yachun herself wanted to die and asked the outside guards to come in and strangle her! "

The queen is not so foolish, it will be cold.

"Three princesses, really look like Zhao Yi!"

In a word, pulled Zhao Zhaoyi in!

The emperor frowned and looked at Tu Zhaoyi, her face also sinking. If the Queen said, then the three princesses and Tu Zhaoyi would not be so simple. The guards in this palace can't be adjusted by anyone who wants to move it. moveable.

He can pet Tu Zhaoyi, but he must not let Tu Zhaoyi threaten his power.

"Sister Queen, how do you say that, what kind of temperament have the three princesses always had? You didn't know, this time because you saw the son of the State of Yan Guo, so you would be so disoriented, and said a few angry words in front of Miss Wang, However, the matter of the Emperor Yan Guo Gong is not the case of the three princesses alone. How good is the marriage of the Emperor Yan Guo Gong with the royal family! "

Tu Zhaoyi also responded quickly, explaining in the words of the three princesses: "It is not uncomfortable for the third princess to see that the princess of the kingdom of the kingdom of Yan adored the third princess, but what happened later has really nothing to do with the third princess. Someone in the palace assassinated Wang Yachun, and the third princess knew nothing about it. The third princess was crying in my palace. "

As Zhao Zhaoyi said, she also sobbed and wiped her tears with a papa: "Sister, I know that the four princesses will be talked about because of Wang Yachun's affairs, but ... but this matter is really not that big as the third princess The relationship was that the three princesses made a few complaints. "

The bitterness she said here, the three princess' eyes were red, followed by tears.

Both mother and daughter are equally weak and wronged.

"Father Emperor, I really don't know what will happen like this. As for someone to kill Miss Wang later, I don't know if someone did it on purpose. The purpose is to make Father Emperor doubt me, but I have been in the deep palace for a long time. Where can there be a guard to move! "

The three princesses said and explained as she said more and more grievances, tears falling down one after another, and the emperor could not help feeling a distress.

With a sigh, I rubbed my forehead helplessly: "Okay, okay, don't cry anymore. This is all it takes, just send her to the State Mansion of Qi State and wipe it out."

The emperor would only think of peace of mind.

The four princesses on the side were angry and exploded, and they wanted to watch the third princess ugly. I couldn't think of the third princess crying a few times. The father emperor actually picked it up high and lowered it. Where would this be? I couldn't bear it, and rushed over: "Wencai butterfly, you vicious slut, you think you can sympathize with your father and grandfather by pretending to be poor, see me and grab your fox face."

After that, according to the pitiful face of the three princesses, it was a severe slap ...

Chapter 787: The two princesses are arguing, the emperor is stunned

No one expected that the four princesses would twitch their hands in front of the emperor. Even if the third princess was responding as fast as possible, this would not escape, but only felt a painful subconscious covering her face, but the next moment, she screamed Get up: "Blood, blood!"

There was a clear blood stain on the face covering the face, and the horrified three princesses stood up immediately and screamed in panic.

Tu Zhaoyi hurriedly pulled down the hands of the three princesses and immediately saw a trace of fingertips on the face of Shui Baiyunen, although not particularly deep, but also saw blood.

"Four princesses, you ... you actually scratched the third princess!" Tu Zhaoyi was furious and stood up, scolding the four princesses first, then kneeling down at the emperor "plop", "the emperor, you still take our mother and son, Mother and daughter are all dealt with, lest my sister and the four princesses keep watching our discomfort, this will actually break the third princess's face, this ... This also makes her see people! "

After speaking, Tu Zhaoyi had been crying but could not hear her voice, but a pair of beautiful eyes that were slightly lower flashed dark.

"Father Emperor, I ... I'm not alive, how can you let me live?" Seeing Tu Zhaoyi's behavior, the three princesses reacted quickly, and while hiding their faces crying, they slammed into the side pillars.

As soon as the maids and concubines looked down, they went immediately to pull.

However, Tu Zhaoyi hadn't pulled it well, and after neatly struck the emperor for three heads, she hit the post on the side without a word, and then she desperately dragged it.

Fortunately, the palace people on both sides reacted quickly and did not make a big mistake, but the three princesses and Tu Zhaoyi all cried in a while.

"Cai Yun, haven't pleaded guilty to Zhaoyi and your third sister!" The queen Tu also reacted. Looking at the situation, she didn't know well, and hurriedly scolded the four princesses.

Seeing the finger marks on the princess's face, the fourth princess felt very deflated. When meeting the empress Tu, she hinted that she could not be stronger at this time, so she reluctantly came over and arched her hand towards Tu Zhaoyi: "Zhaoyi Madam, I'm wrong about this, but who made the third sister count me so badly that I would lose all my fame, and she would be worthy of it! "

This is an apology rather than a mockery.

"Enough!" The emperor was furious, and patted his hands heavily on the table, yelling loudly.

"Father Emperor, it's the third sister who framed me in the past. Why can the third sister always frame me like this? It used to be this way. Every time something happened, it was my fault. But you guys don't believe me. Father and emperor, you are partial. You have been frank with Zhao Zhaoyi and the third sister. The mother is the queen of your family, not Tu Zhaoyi. "

Now the four princesses were unwilling, their eyes were red, and they cried as they cried.

The emperor of her words shivered and reached out to the four princesses, her face turned blue, but she could not say a word.

With a hand on the table, it seemed to want to stand up, but he shook helplessly and fell to the side.

"The emperor!" The queen was surprised, and reached out to support the emperor, but when he saw his eyes closed, there was a slight froth at the corners, and he was busy exclaiming: "Hurry up, please go to the doctor, and then please bring the Prince! "

Some of the Emperor's affairs were always handled by Wen Tianyao. In the past, he was not close to Queen Tu. Queen Tu was also the first time to see the emperor actually become like this. This made her panic.

"Emperor, emperor, how are you, will you be okay? If you have something, how can our orphans and widows survive?" Tu Zhaoyi cried loudly.

There was something wrong with the emperor, and she could never get better here.

The four princes will have unstable foundations, and they won't be able to do it immediately if they want to steal the position of the prince. If the emperor really does happen, Tu Zhaoyi will surely queen the queen will never let her go. Where can I take care of the trouble.

The three princesses also know that the machine is no longer noisy. They followed Tu Zhaoyi while crying, and covered her face with a papa.

In fact, the injury on her face was not serious. She was scratched a little by the fingers of the four princesses, leaving a small scratch on her face. She bled a little blood before, but it would disappear after she covered it.

The doctor came quickly, and soon ran away. After that, Wen Tianyao also arrived and carried the emperor into the inner room. Wen Tianyao let the queens Tu, Zhao Zhaoyi, and the third and fourth princesses stay outside, and followed them. The doctor entered the back room.

Tu Zhaoyi still wanted to follow in, but was stopped by the guards. After that, she could only sit outside and pull a papa to wait for the news.

The palace door in the inner room was closed tightly. I don't know what's going on inside. Tu Zhaoyi was so anxious that the knuckles in her hands were crumpled into a ball and then unrolled. She was more reluctant to the emperor than Queen Tu.

But the emperor's guard did not let her in.

The emperor is ill. As a pet concubine, Tu Zhaoyi has been faintly guessing, but has not specifically seen the emperor's disease. Compared with queen tu, the emperor is still more affectionate to her, and sometimes she feels a little guilty I was afraid that I could not take good care of their mother-in-law and told her that if she was in trouble, the prince was a loyal person and could be trusted.

As for the painted queen, the emperor did not mention it.

Every time the emperor mentioned this, Tu Zhaoyi always smiled and interrupted. This throne, she just wanted to **** it to her son. As for the prince, that was the son of the queen, and had nothing to do with herself.

At first Tu Zhaoyi thought that the emperor would not be a serious illness even if he was sick, but he would see the emperor's appearance, and he was surprised that what the emperor had told her before was actually true.

An unknown premonition sprang up.

The emperor was ill, and he was not ill. He was not even allowed to visit him. This shows that the emperor does not want others to know his condition. Is the guard around him holding out his hand to stop himself? This should be the emperor What I mean.

Tu Zhaoyi recognized clearly, and it wasn't Wen Tianyao's man who stopped himself!

It seems that some of my steps are faster, otherwise, if the emperor does something wrong, the empress Tu will certainly not let go of herself.

The waiting time was a little long, but it was very quiet outside. This would make the four princesses dare not talk anymore, holding the Queen Tu's hand tightly, her hands and feet becoming cold.

However, Queen Tu looked very calm, sitting in a chair and staring at the ground without moving.

The door of the inner room finally opened, and Queen Tu first stood up and welcomed him.

Wen Tianyao appeared seriously at the door.

"Prince, how about the emperor?" Queen Tu asked urgently, and Tu Zhaoyi and the three princesses hurriedly stood up and came over.

Wen Tianyao's gaze shifted from the face of Queen Tu to the face of Tu Zhaoyi. What happened in Fengyi Palace was reported to him by someone before, so I also knew what happened between the third and fourth princesses. Looking at them, he said quietly: "The father is not ill, but he is angry and attacked at once. He is angry."

"Brother, this has nothing to do with me. It's all three sisters. She framed me wholeheartedly, and then she quibbled. This only made the father emperor angry. If she didn't deliberately make such a big move, how could the father emperor be a bit? The son was fainted. "The four princesses reacted extremely quickly, reaching for the three princesses and pushing things directly to the three princesses.

In the past, the three princesses were indeed the most able to calculate, and they were very poor in front of people. Therefore, they also won Wen Tianyao's likes, but it would be furious. She just lost, as long as she thought of being arrested on her face. When it broke, she felt a wicked fire go up in her heart.

At this moment, when the four princesses actually had a face to push things to themselves, they were immediately annoyed, one covered her face and said to Wen Tianyao: "Brother, all four sisters caused the problem, this will But she pushed on me and scratched my face. The father and the emperor were too arrogant, so they could not breathe for a while. If something happened to the father and the emperor, the four sisters, you will be hard to be safe today. "

"You bullshit!" The four princesses exclaimed.

"Is it nonsense, many people here have seen that I believe that the mother will also have a clear-cut, even if you are the mother's biological daughter, but to faint the father and the emperor, it can be called a treason. If you tell the world, The position of your princess is not stable. "The third princess chuckled coldly.

If something happens to the emperor, the four princesses will indeed be able to escape their duties.

Not just the princess, but even imprisoned.

The four princesses turned pale, and really panicked, but immediately whispered, "Three sister, if you didn't frame me, I would be angry with you? It is also because you are too vicious. Only then will she kill the woman with the surname Lin, and she wants to push the matter on me. All the affairs of the father and the emperor are yours. "

The fourth princess also became fierce, pushing everything directly to the third princess.

"You ... you are too much!" Three Princesses trembled with anger, "You ... you think of Yan Shizi yourself, but you say I think so, you ... you ..."

"You are shameless and shameless, Yan Shizi married his wife, you dare to think of him, and even think of the women in his house. Don't think he thinks of you. Just like you, there is nothing dignified and generous. What is the most decent princess in the palace? You look like this now, and it's not much better than the ring of the Yan State Mansion! "

The emperor was absent. The four princesses dared to say anything now, and looked at the third princess with scorn, with a mockery in her face.

"You ..." Compared with the four princesses, it was clear that the third princess was not hot enough, and her face was white and her hands and feet were cold.

"Well, what a joke, this is an imperial palace, not a market." Wen Tianyao looked cold and shouted harshly. The two princesses said so vulgarly in front of so many people, Wen Tian Yao felt no light on his face.

"Brother, she really polluted me first." The four princesses still wanted to explain, but were interrupted sharply by Wen Tianyao. "Four sisters, Father Huang asked you to ban your feet in your palace, not to copy it a hundred times. Women are not allowed out of the palace. "

"What?" The four princesses screamed, making her copy the female ring the most disgusting thing, and she never liked to do such copying and writing.

"Come, take the four princesses down!" Wen Tianyao waved his hand, and two guards came over and said to the four princesses: "Four princesses please!"

"Brother Huang, it was me that was hurt by Wen Caidie. She harmed me, and I had to copy the female ring, why!" The four princesses shouted, dissatisfied.

"Sanmei, go and copy!" Wen Tianyao turned to the third princess, his eyes were cold, and he used to think that he was good, but now he only knows that it is a disguise. Already.

"Yes, brother!" The three princesses looked very convincing, and looked at Wen Tianyao with tears, without even a word of excuse.

If it was before, Wen Tianyao would sympathize with the three princesses and feel that the third princess was implicated and bullied by the four princesses, but now there is a hint of disappointment in the bottom of her eyes.

Wencai really does pretend ...

"Cai Yun, go down and copy well. This time, even if your father and the emperor did not punish you, I will punish you, go on!" Seeing the fourth princess still wanted to make trouble, the queen Tu did not stand on the side of the fourth princess this time, She said coldly, and of course she stood winking.

Chapter 788: Shocked, the King of the Kingdom of Yan

Of course, the meaning of the queen is to let the four princesses recognize it first. As for the health of the emperor, these things are not a matter. do.

But now it is not appropriate to top the prince, and the three princesses were punished with it.

Seeing Queen Tu implying this, the four princesses did not dare to say anything wronged, and the third princess also resigned.

"Mother, the father and the emperor are going to rest in the royal study in front!" Wen Tianyao turned to Tu Queen Road.

"Can't rest here?" Queen Tu's face sank.

"Father Emperor said that there is still something to do. The matter about the son of the State of Yan Guo had already caused shock. This will be because of Miss Lin. I am afraid that Father Emperor will have to discuss with the courtiers." Replied.

This statement is extremely reasonable, and Queen Tu could never stop it.

After that, the emperor was carried to the Imperial Palace, and went to the Imperial Study Room.

That night the Royal Study and the night lights, a major resolution related to the political situation had to be produced ...

The purpose of the palace was to go down to the Yan State Mansion early the next morning, and at the same time, he sent a quick ride to the Yan land to announce a similar decree.

The purpose probably has only one meaning, the Gong of the State of Yan was named King of the Yan.

But these short words immediately caused the shock of the entire court, and almost everyone was shocked.

What does it mean that Yan Diji is strong?

Is it really necessary to divide out of the country and create its own country?

How about Yandi? What about other places? Does it mean that the king is about to be closed?

There were many secret discussions outside, but the main government house of Yan Guoguo was very calm. Wei Yue Wu rummaged in the Qingheyuan casually and looked at the clothes that were sent in. This was what Yan Huaiyuan asked her to do before. It is just used.

Sure enough, as Yan Huaiyuan said, it was more gorgeous than her previous clothes, but it was very suitable for her current identity.

Yan Wang Shizi concubine!

Not Mrs. Yan Guogong Shizi!

As far as quality is concerned, it is already superior. Although in the past it also has this strength, it must be only Mrs. Shizi. On formal occasions, it should not be too pretentious.

As soon as the curtain was lifted, Jin Ling came in: "Master, Shizi said it was as you ordered."

"That's all right." Wei Yuewu nodded, lowered her clothes, and her eyes narrowed, "Tell someone in the government to wait, don't be too loud, the things in the government are the same as in the past, but In the next three months, I will send double money, and the people in the government will behave and behave in the same way as in the past. If I find that someone deliberately uses this to show off, I will be punished severely. "

Now the entire capital city is shocked by the will of the emperor. At this time, you have to be more careful.

Although Wei Yuewu has not experienced such a thing, she also knows the situation of Yan Huaiyu in Beijing. This matter should not be publicized and should be dealt with in a low-key manner, so as not to be caught by anyone.

Yandi is king, but Yan Huaiyu is still in Beijing, and the marriage of the princess is undecided, and he cannot return to Yandi for a while.

Since Yan Huaihuan is more intelligent than a demon, he has calculated everything, but Wei Yuewu still does his best to manage his backyard, so that he can better handle political affairs.

"Yes, the slaves will tell me!" Jin Ling nodded, and then stepped down, but was stopped by Wei Yue Wu, "Go and instruct Jin Yu, let her stare at Fenger and the one named Chunmei more."

Jin Yuming's face served Miss Lin, and from time to time she was also dressed as Miss Lin, but secretly she was Wei Yuewu.

In the courtyard, Yan Feng and Yan Yang were a little inconvenient.

So Jin Ling is in the Ming and Jin Yu is in the dark, which is more convenient for Wei Yuewu to govern the Yan State Mansion.

For the matter of the inner court, Wei Yuewu is more willing to clean it up by herself rather than trouble Yan Huaiyu.

Now that he decides to be with him, he should also take part of the responsibilities, instead of relying on Yan Huaiyu for everything. There is always a time when he can't take care of himself in the outer courtyard.

The inner court has its own set of solutions.

"Yes, the slaves know!" Jin Ling stepped back.

"At the end of the painting, this hem is not very good!" Shu Fei picked up the clothes that Wei Yuewu had just seen, and said to the side of the painting.

I took a look at the end of the painting and frowned. "It's not good. It looks like elephants, but it's a little frizzy, and it doesn't look refined enough, but it has a similar but different look."

"Whoever embroidered this clothes, this hem is not good!" Said the painting carefully at the end and said with certainty.

Before Jin Ling came in, Wei Yue Wu was talking about these clothes with two girls.

There are a lot of clothes in this batch, and Yan Huaihuan will urge her if that's all right. She was afraid that the house would be too late. After the clothes were done, a few pieces were sent outside to lock the sides and embroidered patterns.

And the two girls' rings should be locked outside. Although the needle room in Yan Guo Gong Mansion also has a stewardess, it is basically managed at the end of the painting. It can be seen that it is not a lock in the house.

"The lock's edge is like the one taught by Yunxiu Niang?" Wei Yuewu walked over again, picked up her clothes and looked.

Yun Xiu Niang was the embroidery girl who had mended clothes for Wei Yue Wu before. The embroidery screen was embroidered in Houfu of Huayang. When Wei Yue Wu married the Yan Guo Gong Mansion, Yun Xiu Niang followed Yan. The government office came to make up.

She still came here in the morning and went to work in the embroidery room in the afternoon. Wei Yuewu felt sorry for her diligence and sent her a note in the house, which was to make up for her loss in the embroidery room.

It must be that the embroidery room is calculated based on embroidery pieces. Yun embroidery mother will come to her side in the morning, and will certainly be responsible for her own affairs.

In this regard, Yunxiu Niang was very grateful, so it was unhurried. It has never been interrupted.

The screen broken by Wei Yuejiao is basically repaired now, but it is just some small details and the corner processing has not been completed.

Yun Xiu Niang and Hua Mo are also very close to each other, and taught her acupuncture techniques, which can be regarded as half of the master of the painting.

"I'll show it to Yunxiu Niang, I always find it strange!" I looked at the end of the painting again, and folded it gently at the center of her eyebrows. Although she also knows this kind of embroidery, she also knows what's in front of her. This is not very similar, but there is no reason why.

"Go and ask!" Wei Yuewu nodded, put down her clothes, and there was a faint coldness in the water eyes.

When these sets of clothes were taken out, she had instructed them, just pick some simple and delicate patterns and embroidered them.

Although the current pattern can be regarded as simple and delicate, it gives her a sense of familiarity, but it is a little different. At the earliest, it was on the sachet sent by Wei Yuejiao, and then it was Yunxiu Niang.

But now this embroidery seems to be a little different from these two, the main thing is the difference in color.

For a time, Wei Yue Wu couldn't judge whether this was really another flower or the same ...

The sachet sent by Wei Yuejiao at that time must not be just a small sachet. The following coincidences made Wei Yuewu never underestimate the matter.

Even though Yunxiu Niang seems to be fine, it doesn't mean that Wei Yuejiao is fine.

Moreover, Wei Yue Wu knows that Yun Xiu Niang is a secret person, but because she wanted to keep this secret, she was taken by herself ...

At the end of the painting, he took the two pieces of clothes and walked back to the box room. An embroidery room was set up there.

She has always been quiet and hasn't talked much. Even though a little girl ring is arranged around her, she has always been embroidered there.

The others in the Houyan State Mansion didn't say much, but when the painting came over, the two could still say a few words.

"Yunxiu, look, isn't the hem of this dress similar to yours, and is it the same kind of flower?" He asked, holding the clothes in his hand as soon as he entered the door at the end of the painting.

Very similar? The needle in Yunxiu Niang's hand leaked, almost reached her hand, and looked up at the clothes at the end of the painting.

When she saw the embroidery on the top, her face changed suddenly, and the clothes in her hands fell off immediately. She murmured in his mouth: "He ... they found it ...

"Yun Xiu Niang, what's wrong with you? What made them come, who are they?" At the end of the painting, she also saw that Yun Xiu Niang's look was not right, and asked in amazement.

"Are they here, are they ... are you taking me away?" Suddenly, the embroidered mother of cloud, suddenly excited, took a hand at the end of the painting, and became more and more frightened.

At the end of the painting, it will really be seen that the problem is coming. Busily holding Yun Xiu Niang's hand, soothing, "Nobody came, and no one asked you, you can rest assured, here is the Duke of Yan Guo The government can't be entered by anyone who wants to enter, and now it is still the King's Palace, no matter who comes, you can't do whatever you want. "

"Yan Wangfu?" The words at the end of the painting played a role in appeasing Yun Xiu Niang. Yun Xiu Niang's frightened eyes returned to normal slightly, looked at the surrounding environment, smiled bitterly, and then put down her hand at the end of the painting: "Yes Yes, this is Yan Wang Mansion, not anyone who wants to enter can enter. "

"Yun Xiu Niang, is this embroidered hemming the kind of hemming you have?" The end of the painting clutched Yun Xiu Niang tightly and asked.

"No!" Yun Xiu Niang sat down at the window. In order to see more clearly, she placed the screen in the window. "That's not my embroidery method, it's another."

"But I look really like it, but it's a little different. It seems to have been intentionally imitated, but it's not quite like the imitation." At the end of the painting, Yun Xiu Niang asked.

The appearance of Yunxiu Niang is obviously something, but another expression that stopped and talked, it made the end of the painting more and more confused.

"This ... where did these clothes come from?" Yun Xiu Niang asked instead of answering the end of the painting.

"This is the new clothes made by the master. Because of the urgency of the work, Shizi urged him, so I asked people outside to help him lock the side and embroider some flowers. What kind of embroidery would happen?" At the end of the painting, he looked at Yun The look of Xiu Niang, while saying truthfully, was only hinted by Wei Yuewu.

"Someone outside would embroider such a flower?" Yunxiu Niang's hand froze, and the needle tip stuck directly to her finger, and a blood drop came out of her finger immediately.

Yun Xiu Niang called with a low pain. She was busy picking up the embroidery tape on one side to cover the wound. If the blood had penetrated to the embroidery, it would be difficult to wash.

"Yun Xiu Niang, you are still my master now. If you have anything to say, I know you have no other close people in Beijing. If something really happens, nobody will take care of it." "If you think I can't help you, there is not a master. The master can certainly help you. You and the master have been together for so long. You know what kind of person the master is."

Yun Xiu Niang lowered her head and pressed her hand. After listening to the words at the end of the painting, she uttered a few words without speaking.

She didn't know if she wanted to say that it used to seem to be related to herself, but now it seems to have something to do with the Yan State Mansion, and it's still because of her own reasons.

"I do n't know what you are worried about, but if you are worried, if others want to find you, you wo n't find you because of this. If you do n't want to deal with it, what will happen next is unpredictable!

At the end of the painting, Yun Xiu Niang said he was still hesitant.

After saying this, Yunxiu Niang still didn't speak, and a bit of disappointment flashed in the eyes at the end of the painting, sighing and turning to leave.

"Well, please report to the master, I ... I have something to say!" Yunxiu's mother stood up.

Chapter 789: Secret of Yun Xiu Niang

"Are you from the Nanxia Kingdom?" Wei Yuewu stared at Yun Xiu Niang in front of her, her eyes watering slightly.

"Yes, master, I am from the Nanxia Kingdom." Yun Xiu Niang followed Wei Yue Wu into the Yan Guo Gong Mansion, so like a few girls, Wei Yue Wu is the master.

"My husband and I are both from the Xia Dynasty. I'm not actually Yun. Yun is my husband's last name, but my original name is Liu Yushu!" Yunxiu's head was lowered, and a trace of eye marks appeared in the corner of her eyes. She remembered the past and hurt her .

This was the deepest secret in her heart. She had thought that she would never tell anyone in her life. She was just an ordinary embroidery girl, and she could eat a meal in another place in this place by her own skills.

Nothing else is needed.

"What about your husband?" Wei Yuewu asked softly.

"He's gone, and it didn't take long for him to pass here!" Yun Xiu Niang couldn't help but tears fell down. "We escaped, and it was luck to escape to Beijing. He was It was for the injury that I suffered, but when I arrived in Beijing, the injury broke out, and we had little money, and then we lost some time later. "

"Nanxia Kingdom chasing you down?" Wei Yuewu watered her eyes and asked suddenly, while motioning at the end of the painting to help her head to sit down.

"Yes, they chase us, they must chase us back." Yunxiu Niang raised a face full of tears, showing deep hatred, "Master, I don't know if you have heard of Nanxia Said the Virgin of the kingdom. "

"I don't know!" Wei Yuewu shook her head. She really knew nothing about Nanxia Kingdom.

I have only heard of a name, Nanxia is really far away from her.

"In addition to the king in Nanxia, there will be a maiden, and the maiden will often marry the king or the queen most likely to become the king, and I am the previous maiden, but I fell in love with an ordinary family member, They did not like the Nanxia king at the time, as they suggested. "Yun Xiu Niang lowered her head, tears dropped to the ground, and tears appeared on the ground.

"So, you run away, and then Nan Xia will chase you all the way." Wei Yuewu asked softly, his eyes flashing with a flash of color.

At the end of the painting, he passed the parchment.

"Yes, we originally wanted to run away. When we get here, Nanxia Kingdom must be beyond our reach, but ... I didn't expect that he still didn't survive, and I lived a dead body without hope!" Yun Xiu Niang took the pouch, Wiping away tears, trying not to remember the past.

"Nanxia 's state-owned sacred flower Su Rui represents the saint, and only the sacred lady can use things that represent the identity of Su Ruihua, and since the sage of Nan Xia Kingdom was chosen as the saint, I will embroider the succulents on my own supplies. When I arrived in Beijing, I threw away almost all the succulents. "

"But after arriving in the capital, I couldn't help embroidering one more, and that one was also careful to let the master see it." Yun Xiu Niang said as she cried, the past was a scar deep in the memory, and it always hurts when it turned up Can't make up for himself. If he didn't escape at that time, does it mean that he still has a chance to escape.

He left himself with hope, but in the end he gave it to himself.

"This embroidery method of Yunxiu Niang is not what others can do, or is it not so delicate?" Wei Yuewu has expressed a bit of meaning from Yunxiu Niang's words, and a little chill flashed in the corners of her eyes. , Said calmly, "Shu Fei, go and bring the packed sachet."

She was referring to the sachet that Wei Yuejiao had given to her when she first arrived in Beijing, and she has been properly kept by Wei Yuewu.

Some things were slowly strung up because of Yun Xiu Niang's words, including the one that Jing Wenyan once gave her, but at that time there was only one scrap.

But even after seeing the complete book in the hands of Jing Wenyan, Wei Yuewu didn't understand the meaning for a while, only vaguely confirmed that Wei Yuejiao had no good intentions, so this sachet matter, I keep remembering in my heart.

Shu Fei understood the meaning of Weiyuewu, walked to the inside, took out the sachet from the drawer at the bottom of the dresser, turned back to the outside, and handed it to Weiyuewu, who handed it to Yunxiu Niang.

"This ... this is mine, it's mine before me." Yun Xiu Niang took it and was startled.

"Let's also take those pieces of material together!" Wei Yuewu reached out and knocked on the table, and then commanded that the so-called materials were of course the materials that Aunt Dong took the trouble to find for her, which was not visible in Beijing Such materials, but in Bianguan, Wei Yuewu sent two big shopkeepers, also said that such materials can not be seen.

I don't know where Aunt Dong found it.

But a little Weiyue dance can be sure. This material should also be related to Nanxia. The best flowers on it are the sacred flowers of Nanxia.

That being the case, Yunxiu Niang should also recognize it.

Before, Yunxiu Niang hadn't let up, but now that she has said it, she must intend to let go.

The material was taken over, and a cloth was placed in front of Yunxiu Niang. The gorgeous and excellent materials and colors were not inferior to the new clothes made only by Wei Yue Wu.

Yun Xiu Niang stood up, came over with difficulty, her face was pale, her fingers brushed slightly over the pieces of material, her expression on her face seemed to smile, her lips slightly whispered to herself, but she said very lightly, and it seemed to be another It 's a language that no one can understand.

Yun Xiu Niang looked very excited. She slid her hand over the piece of material before finally falling on the last piece of material, and then she said nothing for a long time.

The room was quiet and terrible. At the end of the painting, he opened his mouth and wanted to talk, but was stopped by Wei Yuewu.

Right now is the time when Yun Xiu Niang's heart is fighting hard, she waits for Yun Xiu Niang to tell everything ...

This should be a secret, a secret related to the Nanxia Kingdom. That flower and eagle symbolize the imperial power of the world, and it should come from the royal family of the Nanxia Kingdom, but now there is a maiden.

The division of imperial power will inevitably be required for the combination of imperial powers, so this is why the maiden is going to marry the emperor who is most likely to become the next emperor, or the emperor of the time!

There aren't many records in the book, and Wei Yue Wu didn't know that there was something wrong with Nanxia at that time, even when she first saw it, she thought it was a strange story ...

"Master, these pieces of material are mine!" After a while, Yun Xiu Niang looked up. "When I fled, I didn't dare to move some gold jewelry, so I took a few pieces of material, such materials. It is made by every maiden, and every maiden specializes in embroidery. "

"So, this is owned by the maiden of the Nanxia Kingdom!" Wei Yuewu's eyes also fell on those pieces of material, showing a little deepness.

"Yes, and the clothes made of this material can only be worn by virgins." Yunxiu nodded, and reaffirmed, "I sold some things while running, changed some money, and then continued Run away, all the sachets and clothing were sold at that time, and some were lost. "

At that time, Yun Xiu Niang couldn't think of it. She and her husband-in-law did not know how many times they had encountered danger, but finally fled to Kyoto in Zhongshan Country, but still did not let their husband-in-law escape. Click, Yunxiu Niang is anxious.

Wei Yuewu's long eyelashes fluttered two, and there was a hint of quietness in the corner of her eyes. Yun Xiu Niang lost these things on the way to Beijing.

Wei Yuejiao sent herself a sachet, and Aunt Dong sent herself food. Both men hoped to take them out. From various indications, the two of them should know something about the Nanxia Kingdom and dig a pit early to wait for themselves.

As early as when Wei Yuejiao returned to Beijing, this matter should have been settled, right, or when she was not in Beijing, and when she received the batch of materials and sachets in the hands of Aunt Dong, this plot It is already in operation.

"The material that only the maiden can wear, the sachet that only the maiden can wear, such an excellent material and sachet, if you really wear it, it will inevitably cause imitation of others, and you can't hide it when you want to hide it "Wei Yuewu slightly twitched his lips, said coldly.

"Then what if other people wore such materials, what about wearing such materials?" Liu Mei frowned, and Wei Yue Wu said he hardly hesitated. "Did you wear them? If you wear them, this woman is the next one. Maiden? "

The things recorded in the book are very weird. It is said that a tribe has such a custom. The method produced by their saints is not chosen by the public, but is based on God's will, and asks the former saint to make a piece of clothes. The things used on weekdays were placed in a random valley, and the girl who was accidentally smashed into it was the next maiden.

This method is used when every saint stepped down.

Because everything looks at God's will, there are girls who dare not see such gorgeous clothes, and although they can be worn, they are not suitable to wear. There is also an important condition that girls can't reach the age of 15. In order to become the new saint.

There are flowers and eagles in the book, and there are so few words that are unknown.

But no matter what, these words made Wei Yuewu's heart shocked at the time, doubting Wei Yuejiao's sachet, and therefore he was skeptical about the material sent by Aunt Dong.

This mother-daughter has never been a fuel-efficient lamp.

Moreover, Wei Yuejiao has always been overbearing. If there is something really good, wouldn't she stay? Even if Aunt Winter is so old, she can be delivered to her with the heart of Aunt Winter and Wei Yuejiao. Something must be problematic.

"Yes, if you wear it and use it, these are the next saints." Although Yunxiu Niang expressed strangeness to Wei Yue Wu's knowledge of this remote custom, she nodded and answered.

"It also requires that you are under fifteen years old, which is what Beijing says is under-reach."

Yunxiu Niang said, looking at Weiyue Wu. In her perception, the newly-conceived princess of the king of the king, although she had already been married, was still less than fifteen, and she was a real little girl.

"Does that mean that the Nanxia state may think that the master is the master?" She exclaimed at the end of the painting, and she would understand.

Jin Ling and Shu Fei on both sides frowned.

"If it is the maiden of the Nanxia Kingdom, will you be asked to marry this or the next emperor?" Wei Yuewu's eyes fell on those pieces of material, her eyes grew deeper and deeper, and Aunt Dong was so early It's such a round.

It was such a dead end ...

Chapter 790: Indiscriminate, a hidden seal

In this matter, Wei Yuewu believes that since Aunt Dong's layout was early, when the border was closed, there should be a lot of clues, leading people step by step into the capital, and even leading people to themselves step by step. Come around.

And Nanxia Kingdom is now sending messengers to Beijing.

The man in red, and the girl ring named Chunmei who now lives in the house, seem to have come for himself.

"Master, is that Chunmei the one from Nanxia?" Jin Lingyi's also realized this and was busy.

"It should be!" Wei Yuewu raised her eyes and looked out the window, said lightly.

"Yunxiu Niang, you have come and gone several times with us. Chunmei should have seen you before, would you recognize you?" She reached out her hand and covered her mouth, almost screaming.

After hearing what she said, everyone's eyes looked at Yunxiu Niang together.

"If it really came for me, I should have my portrait back then. I have portraits of the maiden of every circle, but after so many years, my face and temperament have changed a lot ... or ... and she may not be able to find me by her portrait. "

Yun Xiu Niang thought for a while and smiled bitterly.

Although a person's physical appearance is fixed, after so many years, the changes have been quite understandable.

Moreover, Yun Xiu Niang looks like a woman in Beijing from the outside, but she doesn't see any foreign appearance.

However, Wei Yuewu felt that there should be no fluke: "Xun Xiu Niang came to the house almost every day. Although it was only half a day, basically everyone in the yard had seen it. Even if it was unrecognizable for a while, if you asked If you know your news, you must know it. "

"So ... how is that good?" As soon as that said, Yunxiu Niang immediately panicked. The experience of that year was so terrible that she felt panicked when she remembered it.

"Yun Xiu Niang has always been early. In the past few days, you came late and walked a little bit late. The girl ring called Chunmei, I will show you at the end of the picture, and pay more attention to yourself. Just a moment, if she comes near you, or something, you tell me right away. "

Wei Yue Wu took the tea on the table, took a sip, and the clear water eyes flickered, said.

"Then ... will she be taken away by Yunxiu Niang?" Jin Ling thought more thoughtfully and looked at Yunxiu Niang.

The man named Chunmei was not a simple person. After some time of observation, Jin Ling felt that this girl ring should have some skills. Although it was not very powerful, it was enough to deal with a woman in the inner court.

"She didn't have a chance!" Wei Yuewu shook her head. "Jin Ling, you will send Yunxiu Niang out of the house."

In this way, it was possible for Chunmei to secretly deal with Yunxiu Niang, and Chunmei herself could not enter or leave the house at will.

"That ... Will the man in the red dress do something to Yun Xiu Niang?" At the end of the painting, the relationship with Yun Xiu Niang is also a teacher and friend. This will hear that Yun Xiu Niang is in danger and asks uneasily.

"He should be waiting for Chunmei's news. When he does not get Chunmei's news, he should not find Yunxiu Niang. He is from the Nanxia Kingdom and should also be a character in this mission. It's not in line with the rules. It's impossible to bring more people. The situation in central Beijing is complicated. He does n't have that many people staring at the State Government. "

Wei Yuewu shook her head for sure, analyzing carefully.

The man in red was from the Nanxia Kingdom. He should be following the clues left by Aunt Winter at the beginning and found it in the capital. It looks like herself. Aunt Winter does not know the existence of Yunxiu Niang.

In the past in Houfu, Huayang, Auntie Dong also encountered Yunxiu Niang, but there was nothing different, and she could not understand Yunxiu Niang.

"Yes, slaves know!" Jin Ling nodded.

"Thank you, master!" Yunxiu said thankfully and bowed her head, "I am the master!"

"I don't have much relationship with you!" Wei Yuewu shook her head, and Aunt Dong calculated her own affairs. It really has nothing to do with Yun Xiu Niang. Without Yun Xiu Niang, people in Nanxia Kingdom will find themselves. Although I don't know how much evidence Aunt Dong will leave straight at herself.

But it must not be less, otherwise how can you find yourself as soon as you enter Beijing with clear goals.

The existence of Yunxiu Niang just makes them believe that this is a fact.

It's a coincidence that she's underaged ...

Winter Auntie doesn't look as simple as she thinks. Even if her father's border is close to Nanxia, you can clearly understand the process of the maiden of Nanxia. It is really not something that ordinary people can ask about. The two big shopkeepers sent by her are also considered People in the business field, but no news in this regard has been passed.

Aunt Dong, a housewife, how could she know so clearly?

What Wei Yuewu can do now is to lock up the news. Even if Chunmei knows the identity of Yunxiu Mother, Wei Yuewu won't let Chunmei pass any news, but who is more sullen ...

You have to let them mess up before they have a chance!

Yun Xiu Niang was taken home at the end of the painting, but today she can't really embroider much. From time to time, she looks out of the window. In the past, she was all devoted and thoughtless.

Looking at it three times and two times, she really saw that there was a girl ring outside the window. From time to time, she secretly looked into her window, and it seemed very curious.

She didn't know much about the girl ring of Yan Wangfu, only a few around Wei Yue Wu, so she never noticed in the past. If someone greeted her and called her a cloud embroidered mother, she nodded with a smile.

But because he came and went in a hurry, he usually darned in this room after he came in, and there were many servants in Weiyuewu's yard, so he didn't quite understand the girl ring here.

"This ... who is this? It's so thin?" Yunxiu Niang put down the needle and thread in her hand, rubbed her neck, and looped around to the little girl who was waiting for the needle and thread.

A window of doffing dangled from the window on her side, which was transparent and windproof.

The outside is still very clear from the inside.

Xiao Yahuan came to the window and looked at her with a smile: "This is Sister Chunmei's newcomer. I don't know what happened to her. She doesn't eat less than slaves, but she is not fat. The sisters in the yard are all fat. Envy is dead! "

"She's really skinny!" Yunxiu nodded and joked. "I've never seen such a thin girl. People who don't know thought she didn't give her food!"

This little girl ring has been waiting for her since she entered the palace of Yan Wang. Although Yun Xiu Niang doesn't speak very much, the two people are always together, and occasionally they will laugh and laugh, which is not so strange.

"Sister Chunmei is really skinny, and the slaver doesn't know how she grows. She asked the slaver before Yunxiu Niang!" Xiao Yahuan smiled indifferently.

Yunxiu Niang's heart was suddenly two, suddenly lowered her hands, picked up the needle thread, the needle did not drop, the words have already said: "Why is she curious about me?"

"I don't know, she also said that you look like an aunt in her hometown, but after so many years, I don't know if you, Yunxiu Niang, slaves heard that you also went to Beijing alone, no Will it really be your niece? She also came to Beijing in search of Beijing, but met her master. "

Xiao Yahuan laughed.

"Say I'm like her aunt!" The needle stopped on the cymbal, still not falling.

"Yes, I said that you look like her aunt, and told her that she must talk to you if she has a chance, and ask if you are her aunt." Xiao Yahuan did not see Yun Xiu's anomaly, and still smiled. .

It turned out that the person named Chunmei had been asking herself, and Yun Xiu Niang's heart sank even more. He still thought that people in Nanxia Kingdom didn't find himself. Now he thinks that he

really thinks too naively. Some of them are naive. Advanced Beijing, the goal should be himself, how can he not recognize his portrait.

After so many years, I thought that the past is gone, and no one will think of myself anymore, and I can live my life indifferently.

Even though Nanxia is very helpful, it must be too far from Nanxia.

But I didn't expect that after many years, I would still come after him, and he felt his arms subconsciously. Is there a small seal there? Is it because of this?

Is it to give the seal to the master? But if it is handed over to the master, is it more true that the master is a new generation of maiden.

No, this seal cannot be given to the master!

This morning, Yunxiu Niang has been in a state of restlessness. At lunchtime, when she runs out early, Yunxiu Niang gets up to pack and leave. At this time in the past, she would also take a walk outside and digestion. Before leaving.

But today, she left in a hurry.

Chunmei under the gallery saw her come out, and originally wanted to come over by reason, but when she saw Jin Ling standing next to Yunxiu Niang, she was about to send her out of the house, but she didn't dare to get too close.

In the next few days, Chunmei also couldn't find a chance to get close to Yunxiu Niang.

Yunxiu Niang has always been very early when she arrived at Yan's Mansion, and this time is her busiest time. Basically, it is impossible to have a chance to get close to Yunxiu Niang. As for Yunxiu Niang's room, Weiyuewu also expressly prohibits her Anyone went to disturb Yun Xiu Niang. After lunch, Jin Ling sent Yun Xiu Niang to leave.

Chunmei didn't even want to stop Yunxiu Niang. On several occasions, she left the yard for a reason and followed them far away, but when she came to the door of the house, she didn't have the opportunity to speak privately with Yunxiu Niang.

And she now has no chance to go to the street.

Several times she found a reason for an excuse, but before she finished talking, she was already sent off by several big girls. She said that there should be a lot of business in the government. If there is anything going out, it is best to let the outside hospital do it. The girls in the inner courtyard and the mother-in-law still manage the inner courtyard well.

It seemed that she was completely locked up and isolated from the outside, and Chunmei's reaction became more and more anxious. In any case, she would have to meet her owner and wait so long, there would never be a result.

But the problem is that she can't get out now. Yan Wang Mansion has not only the internal and external courts, but also the dark guard. It is impossible to sneak out secretly.

The next few days were still calm. Although it was a happy event that Yan Guogong was named the king of Yan, because the parties had no meaning to hold a banquet, everything was dealt with in a low-key manner, and the family in Beijing just gave it away. Congratulations came, but no one came directly.

The affair of being subdued into a king has melted so silently, as if it were really an inconspicuous little thing.

But in fact, the follow-up here is not just these, all storms are brewing ...

The most important thing is the inner court of Yanwang Mansion.

"Master, it's bad, something went wrong over the kitchen!" The afternoon sun was shining, Wei Yuewu lazily leaned on the chaise couch reading by the window, but rushed in nervously at the end of the painting, hands He also held a half-ring shaped jade and a broken jade ring.

At first glance at this jade ring, Wei Yuewu didn't see what it was, but under the detailed product, she felt wrong, and slowly sat up on the couch ...
