

Young Lady 821

Chapter 821: Who is the last move

Mrs. Tai's complex look made Wei Yuewu unable to understand.

It's not just Mrs. Tai, her father is also very weird. That look looks angry and sad.

In short, this is not the emotional expression that a normal mother and child should have. To the father, Mrs. Tai is indeed ashamed of the past. Even now the identity of Wei Ziyang Huayang Houfu Shizi will be determined soon.

Except for the title, what else makes Mrs. Tai so afraid of her father? What made Mrs. Tai so concerned about her father's attitude?

Wei Yan was pulled down after all, and Mrs. Tai said nothing after all.

"Luo Wen, after all, I misunderstood the dance girl. I thought I heard it really, but in fact ... Luo Wen is not my prejudice against the dance girl, or who I am defending, hey ... It's old! "Said the half-sniffed sigh, exhausted.

It can be seen that she is really tired, and the kind of tiredness that spreads out from the whole person makes her look a lot older, and even choked a little at the end.

Turning his eyes, he fell on Tu's body, his face slightly smiled, reached out and beckoned to Tu, Tu looked at Wei Luowen, and then stepped forward slowly.

Mrs. Tai grabbed Tu's hand and sighed, "Fortunately, these daughters-in-law are still good, and fortunate to have you! From now on, you have to worry about managing such a big family. , My mother wanted to take care of you for a few years, but now she looks really old and her ears have softened. "

"Mrs. Tai ..." Acer's sad face couldn't help but screamed, but she didn't know what to say for a while, and her eyes became red.

"You don't have to be too sad, it's always that I'm old, and for some housework, I can't handle it properly." Mrs. Tai smiled and turned to Acer.

Weiyuewu frowned secretly, Mrs. Tai expressed her blame, so she had to trust Tu's affairs.

If this is an ordinary family, even if Tu is a newly-married woman, this matter should be smoothed out, but the Huayang Houfu House is too complicated, the big house and the second house are fighting, and there is a feeling of equal rivalry. Tu Shi wants to manage such a family well, without Mrs. Tai's support, it can never be done.

Mrs. Tai, do you really want to let go, or do you want to sympathize with your father? The latter possibility seems to be even greater with Mrs. Ether's temperament.

But as a mother and child, do you really need this?

"Mother, this ... how can that be!" Tu was also taken aback by Mrs. Tai's sudden decentralization and hurriedly resigned.

"What's impossible, my mother is really old!" Mrs. Tai sighed again, and her eyes became red, but she was afraid that others would see it, she turned her head angrily, and smiled, "General I want to work hard, but there is always some deviation, because some of my prejudices make the child aggrieved. "

"Mother, don't do this, she doesn't understand yet, how can you not worry about things in this house!" Wei Luowen's face calmed down.

"Mother, I just entered the house and didn't understand anything. If the mother gave me everything, it would be a mess at that time, would the mother like to see this situation?" Tu said softly.

The two of them persuaded so that Zhang and Wei Luoli followed suit.

"Dancing girl, it's not good to be grandma. I didn't figure it out, but I was wronged by the dancing girl! Is it okay for the dancing girl to forgive grandma?" Ignoring their persuasion, Mrs. Tai's eyes fell on Weiyuewu, full of apologies. The smile of kindness seemed to be determined.

Mrs. Ether's temperament does not do that.

Sure enough, Wei Yuewu was sneering, but her face was indifferent, she smiled slightly, raised her eyes and said, "Why is grandmother so polite, even though Fang was just a little bit grandmother who wanted to make a decision on my own, it must not have happened." right!"

Her smile, accompanied by her words, was very soft, but it made Wei Luowen's original gentle face cold again.

If you don't see this scene today, isn't it that Wuer will only be forced to commit herself.

Thinking of this, only because of Mrs. Tai's contrivance, her softened heart immediately became cold.

"Mother, Wuer's identity is now the Princess of the King of the Kings, no matter what she does, she does not have to tell us anything." Wei Luowen could not help reminding Mrs. Tai.

He actually said so to himself! Mrs. Tai hated her teeth, but she couldn't show it on the surface, so she had to express her approval for Wei Luowen.

"What Luo Wen said is that the status of the dancing girl is not ordinary now, and I was just negligent!" Even with full of anger, Mrs. Tai had to bear it.

"It's good that my mother can remember this. As for the stewardship, I still ask my mother to take care." Wei Luowen respectfully gave a gift to Mrs. Tai before turning around and leaving.

Although the Tu family is also in charge of the affairs in the government, and there are a lot of them, the big idea has to be taken by Mrs. Tai. For a while, Tu family cannot fully control the backyard of Huayang Houfu. Everyone present at this point Understand!

Wei Luowen's appearance is to show that those unnecessary ostentations need not be performed more!

Wei Luoli took a look at Wei Luowen, and then looked at his mother who was pale, and for a moment did not know what it meant, but still did a good gift to Mrs. Tai, and then trot along the way, Run with Wei Luowen.

He worshipped his elder brother from an early age.

"Grandmother, let me go back first, then ... about this second lady ..." Wei Yuewu hesitated a moment, and didn't seem to know what to call Wei Yan next.

"Never mind her, since it was handed over to the government, let the government dispose of it. We in Huayang do not have such a vicious woman. She has nothing to do with Huayang Houfu, nor is she the aunt of Huayang Houfu!" Madam whispered.

Hearing Mrs. Tai's words without hesitation, Wei Yuewu understood that this meant that Mrs. Tai gave up Wei Yan completely.

Think about it, if you don't give up, what's more, Mrs. Tai always puts interests first.

Now Wei Yan is not only worthless to Huayang Houfu, but also may drag the entire Huayang Houfu, and Mrs. Tai will naturally abandon it.

Of course, this is not the end. Wei Yan's affairs have not yet ended ...

Mo Huating shouldn't want anyone to know that Wei Yan is his cell ...

"Then ... what about this girl ring?" Wei Yuewu's eyes fell on Dong Mei's body. Dong Mei's body would collapse to the ground, twitching from time to time, almost fainting.

At first she was in a bad state. When she saw Wei Yan was taken away, the whole person was there, and she didn't know what to do for a while.

A pair of eyes looked around suddenly, seeing Wei Yuewu's gaze shifted, and did not know where the strength came from. He knelt straightened, turned around, and raised his head heavily towards Wei Yuewu: "Shi Lord, it's really not a slave who wants to harm you. It's the second lady's order. The slave did n't dare to disobey the meaning of the second lady, so... that's why... what the second lady said. "

Dongmei this whole thing collapsed, almost no one asked, and then said it in fifteen to ten.

"Mrs. 2 left yesterday? You told her to say so!" Wei Yuewu said faintly. This was not a question, but a fact.

"Yes ... yes, it was the second lady who told the slave to say so. It was really the second lady. Yesterday the second lady followed the second lady cheerfully and said that the second lady would help the second lady get revenge!" Dongmei lost control Cried, "But the other slaves really didn't know anything." "That chain was also given to you yesterday?" Wei Yuewu continued indifferently.

"The chain was not directly given to the slaves. They told me that the chain was at the door, so that the slaves would just say what they ordered and point out the chains! When the slaves went out today, they saw the broken chain hanging on It looks like someone was smashed on the door! "

Dongmei, of course, there is something to say.

Mrs. Tai frowned, her eyes narrowed dangerously. From the perspective of Wei Yue Wu, she looked like an inverted triangle, showing a bit of viciousness.

"Is that when you said you were taken out of the door, the chain had been broken and hung on the door?" Wei Yuewu sorted it out and continued to ask.

"Yes, when the slaver saw the broken chain, she even told the second lady that the slaver didn't even know why this happened, why the second lady murdered the second lady, they ... she ... them
"Dong Mei stammered and didn't dare to say any more. The matter inside was not only related to Mrs. Er, but also to Mrs. Tai.

She dare not testify that the second lady is Wei Yan.

"Grandmother, Miss Er has already been taken away. Please lock up Dongmei first. When Miss 2 is brought up for trial, maybe she will also be a witness, but who put the chain down? I do n't know. Who else is the same as Miss Er, who assaults Mrs. Er and deceives Mrs. Er? "

Wei Yuewu turned her head and looked at Mrs. Tai calmly.

Mrs. Tai said something in her heart, and she could clearly hear only the words of Dongmei. It was clear that someone was helping Wei Yan secretly—mother and daughter. Thinking of him Ridongmei going to the lobby, she would confess it. Yanghoufu was also passive, and was furious for a while.

"Acer sent someone to check, I would like to see who is in Huayang Houfu, secretly stirred up the wind and the rain, and actually conspired with that vicious woman to plot my Huayang Houfu!" Madam Tai ordered angrily .

"Yes, the slaves will go at once!" Acer nodded, and responded.

"Thanks to my grandmother for a thorough investigation. In fact, this will not be checked. When Miss Er looks up, she will still find it!" Weiyue danced.

"Yes, you must check it out!" Mrs Tai said with a grimace.

Next, someone took Dongmei away, and Mrs. Tai was short of it. She brought Zhang's back to Jingxinxuan, and Weiyuewu followed Tu's back to Qingyuwan for a short break.

When he arrived in Qingyuwan, Tu's sat down and drank the tea sent by Yahuan. His face was still a bit unnatural, so he calmed down and looked at Wei Yuewu and said in a deep voice: "This is the government ... there are people who want to hurt you?"

Tu 's is not stupid. When Dong Mei said so and combined the causes and consequences, she immediately understood that Mrs. Er and Ms. Er had insufficient manpower, and someone in private must have snatched early before Dong Mei was brought out. Opened the courtyard door and hung a chain like it was broken.

And this person should have breathed with Miss Er beforehand, otherwise Mrs. Er and Miss 2 would not tell Dongmei to say so.

"Should someone!" Wei Yuewu smiled slightly, her eyes lightened.

"Who will be in the house?" Tu was startled, leaning over, hurriedly.

She had just seen Wei Luowen almost staring at Mrs. Tai in order to defend Yueyue Dance. If it wasn't for Mrs. Tai's subsequent submission, or she would have ignored it, we can see Wei Luowen's love for Weiyue Dance.

This will not be indifferent to Weiyuewu thing.

If anyone really wants to kill Wei Yuewu, she will naturally be more attentive here.

"It's not necessarily who is in the house, or maybe it's outside the house!" Wei Yuewu smiled deeply and put her head together. "I'm going to trouble my mother tonight!"

"Just tell the lord," Tu said, nodding.

Chapter 822: She wants to get rid of me! Think of this life

The second lady, who had always been too much favored by his wife, actually wanted to kill the Lord Jingde County, and even killed the second wife and marry the Lord Jingde County. This second lady was still conspiring with the second lady !! The second lady is also considered to be self-reliant, but it is still the second lady of unknown origin who murdered her.

A message passed quietly from Huayang Houfu, but it spread throughout the capital for a while.

This fact is too horrifying. A foreign woman even dared to murder the Lord of Jingde County with the second wife, and then the second wife died in her own plan.

The amount of news inside was so great that everyone knew the Huayang Houfu again.

The big house and second house of Huayang Houfu are really fine? There is really no gap between Wei Luowen and the Wei Luowu brothers. I have only seen Huayanghou take good care of the eldest son in the second room. He has been around since childhood. Now he still has to pass the title to the first son in the second room. Don't let the second room thank you?

Some people even thought deeply that the old Shang Shu, who always looks gloomy, had counted his elder brother before. The mortuary in the palace of Nan'an was still his illegitimate daughter, but this illegitimate daughter was It landed on Huayang Hou, and now the second wife secretly counts Huayang Hou's niece.

All sorts of signs show that the second room of Houfu House in Huayang is dissatisfied with the big room, and when the time comes, they will bite them hard.

This knife is more sinister than those brothers who have blushing necks and thick necks fighting over family property!

As for the second lady who didn't know where it came out, it was also confusing. I previously said which auntie in the house of Huayang Houfu, but now I discovered that it is not a person from Huayanghoufu at all, but since it is not Why do people in Huayang Houfu live so long in Huayang Houfu?

And her own husband's family didn't even bother to ask, is there anyone in this country who wants to calculate Huayang Houfu? Or Yan King Mansion?

For a while, the Yan Wang Mansion was on the cusp of the wind, and a little bit of wind was blowing, which made people doubt whether someone was planning something extraordinary in the secret. It must be a matter of nothing.

In other words, even if it is a trivial matter, everyone will think of conspiracy theories!

All kinds of doubts, as the news spread, the whole capital immediately shook.

"What? Wei Yan was caught?"

This is an ordinary house, very ordinary, but also very clean. This is a remote corner of the palace. Mo Huating was locked here, but it can be seen that his condition is not bad, that is, at the door. A guard is guarding himself, and this guard is not here yet.

"Yes, Auntie Yan was arrested. She said that she and the second wife of Houfu County of Huayang murdered the Lord Jingde County and killed the second wife. This will already be imprisoned. Houye, what now Many people are asking which auntie Yan's house is, and why have they lived in Huayang Houfu before! "

A guard who was also standing in front of Mo Huating was reporting respectfully to him.

Mo Huating frowned tightly. After a few laps, he returned to the previous table resentfully, patted the table vigorously, and whispered, "This **** ..."

The guard lowered his head and was afraid to answer.

"It's raining all over the city now?" Quietly, Mo Huating's face was a bit rude, and he asked coldly.

He will also feel very upset at this moment. Things on his side have not yet been resolved, and Wei Yan is in trouble again. Originally Wei Yan was still playing a dark chess by himself. This will not only have no effect, but also It became clear that this really made him hate himself.

Obviously a good card, in Wei Yan's hands it was all bad, Wei Yan is really a fool.

Now, she still took the life of Mrs. Er, of course, the second lady died. For Mo Huating, she didn't care so much, but she took the life of Mrs. Er, and she could not even count the Weiyue dance. Don't call one place.

"Yes, now the whole Beijing people are rumored about this, this ... I heard it didn't take long!" The guard hesitated, wording.

In any case, Wei Yan is Houye's uncle's chamber, and the belly is still pregnant with Houye's flesh.

"Have a word, let her think for herself, otherwise no one can save her!" Mo Huating said coldly.

"This ... this ... Auntie Yan doesn't know what to do, and Miss Table doesn't know ..." The guard said implicitly Chen Nianshan.

Since Mo Huating was locked up, everything in the house was done by Chen Nianshan.

"Miss Table said that she went to the Lord Jingde County that day, but when the Lord Jingde County heard something about you, she not only said few good words, but also said bad words, saying ... The cause of the day is doomed to the fruit of today. She would like to see you like this now. It would be better if you kept it locked ... "

The guard said that he secretly took a look at his own grandfather's face. In fact, these words were passed on by Mrs. Table. Although this will be said, it will be said more and more lightly. In the end, he stopped directly. His face was really black, almost black, and the guard followed Mo Huating for a while, and he had never seen him so angry.

For a while, I didn't dare to say anything.

"She wants me to stay closed?" Mo Huating said coldly.

"This ... I heard that's what it said!" The guard didn't dare to say strong, and had to answer carefully.

"Hum, she wants to get rid of me! I don't think about it in this life!" This sentence was almost squeezed from the teeth, and said it word by word. After that, there was a sneer, and the beautiful face was dark and black. With a few minutes.

The guard knew this was not being said to him, and looked down at the toes respectfully, as if he hadn't heard it.

He didn't dare to say this, he had a kind of insight into his own Houye's heart, and he couldn't help but hesitated. This kind of thing, he really didn't want to know, who knows if one day Houye thinks he knows too much.

So this will be, when you do n't exist, when you do n't understand, or when you do n't hear.

After Mo Huating said this sentence, his face calmed down a bit, sat down, picked up the tea at hand, and sipped a bite: "Go back and tell Miss Watch so that she doesn't panic. I have nothing serious in the palace. This will also It's not easy to come out. Let her take care of everything in the house. Don't be fooled. Everything should be handled with care! "

"Where's Auntie Yan?" The main purpose of the guard entering the palace today to ask Mo Huating was this.

"Let her help herself!" Mo Huating said coldly.

"This ... how can this be saved by myself, have they been arrested?" The guard was a little dumbfounded, and he really didn't understand the words. Auntie Yan was just a weak woman, how to save herself, and this is not to save herself. Can help themselves, Auntie Yan can do nothing.

"Isn't there a child in her belly?" Mo Huating's voice was cold, but very low. The guard heard it clearly, followed by a shock in his face.

"Master Hou ... this ... this is to take advantage of this child ..." His voice also whispered.

"But see how she uses it. If she uses it well, nothing happens. If she doesn't use it well ..." Mo Huating smiled coldly, without a trace of temperature, "Let her take care of it! Follow the watch! The lady said that she had any requirements to satisfy her as much as possible, but to figure it out, she had to rely on herself! "

There is not much to say, but the meaning in this is enough to make the guard look up in surprise and stare at Mo Huating.

"Why? I don't understand!" Mo Huating said coldly.

"Yes, my subordinates understand!" The guard was surprised at his behavior, and hurriedly bowed his head.

"Go!" Mo Huating waved.

"Yes!" The guard saluted him respectfully and retreated.

The room was quiet for a while, and Mo Huating was sitting quietly with a ruthless expression on his face. What if Wei Yan was really useless?

A woman who has no value, he doesn't feel the need to stay!

Before that time, Wei Yan had the highest value, and at that time he also felt that Wei Yue Wu was not suitable to be his wife, so he chose Wei Yan, but after Wei Yue Wu entered Beijing, Wei Yan's value fell again and again. It is not the woman he wanted to marry.

What if such a stupid woman gave birth to a child?

Why is there no woman around him ...

A woman is nothing but a dispensation to him, except for that woman!

"What, Grandpa Hou asked me to save myself? Let me use the child in my belly, you nonsense, is it that Chen Nianshan's **** wants to harm me and deliberately set out such a thing? Let her report to Grandpa Hou and let her If you come to Hou Ye, she must be jealous of my child, so she would say such a thing! "

Wei Yan hugged her stomach and said fiercely.

She has not filed a trial yet, she is pregnant with her child, and the case of Huayang Houfu, no one despises her, even if she is in a jail, she is only locked in a room, and it is not cell.

"Auntie Yan, this is really what Houye ordered. My subordinates went into the palace before and met with Houye. After hearing about Auntie Yan, Houye became furious and let you think about it yourself, otherwise ..." said the guard. Paid here and looked at Wei Yan.

"What else?" Wei Yan screamed.

"Otherwise ... it's up to you to take care of it yourself. Ye Hou is now locked in the palace. She is still difficult to preserve. Miss Miss also went to the King's Palace to ask for the Lord of Jingde County, but she was kicked out, Said you and Hou Ye will not be missed! "The guard carefully passed Chen Nianshan's words to him.

"This bitch!" Wei Yan hated.

If Wei Yuewu is in front of her, she can't wait to pierce her face directly, she must make this **** look good, and never let this **** do what she wants.

"You ... bring me a message to my grandfather Li Ximafu!" Wei Yan hated. Of course she couldn't just die like that. She wanted to save herself. Not only did she have to save herself, but also let Yue Yue Dance that **** can't eat and walk away.

"At this time, there will be people at Lixima House?" The guard asked hesitantly.

"Let you preach the message, you just preach the message. It doesn't matter if you come or not!" Wei Yan stared at the guard timidly.

The guard hurriedly lowered his head; "Yes!"

Chapter 823: Hunting, ready to ride

"Dongmei fled?" Wei Yuewu leaned on her couch and asked lazily.

"Yes, I have run away!" Jin Ling reported with a smile, "Ms. Hou specially sent the news that your method is so good. As soon as the news of Dong Mei's escape came, someone was anxious to find She's up! "

"Is this the three-bedroom person?" Wei Yuewu asked, looking up slightly.

"It's a three-room person, but she's actually a person beside Mrs. Three. Madam doesn't think Mrs. Three is like that person!" Jin Ling still feels puzzled. The three-room Zhang's is the most useless person. Will get involved in this matter, she was quite at odds with Li's.

After the death of Wei Yuewu 's biological mother, the backyard of Huayang Houfu House is the world of Li 's. Zhang 's has always been more humiliated. How could he not plan with Li 's two? Looks weird. .

"It's not Zhang, but Zhang can't escape the relationship!" Wei Yuewu smiled slightly, a flash of condensation flashed in the water eyes, Wei Qiufu! Sure enough, Wei Qiufu started to work in the back. It seems that Wei Qiufu and the second prince are facing each other. Now they still have time and energy to conceal themselves.

"That's ..." Jin Ling thought for a while, and also thought of something, immediately eyes widened and surprised, "Is it Miss Four?"

"No, it should be the second concubine now!" Wei Yuewu said lightly.

The second prince does not have a concubine, so she is the only concubine in the inner court. By means of Wei Qiufu, she wants the second prince to like her a little, or is not too big. Difficult problem, even if two people had to get together before.

"What then?" Shu Fei understood, anxiously.

"No problem, it's just a concubine!" Wei Yuewu sneered, the second prince has never been valued, not to mention that she is only a second concubine of the second prince.

Moreover, even though she and the second prince were looking right, but wanting to be the second concubine's position, it is not the second prince who can figure it out, and how can the second prince be such a simple person.

But seeing the second prince is not only affiliated with the family outside the house, but also in the palace and the concubine.

Wei Qiufu wanted to hold the second prince completely in her hands, which was very difficult. She was in the second prince's palace under such a name.

Wearing a green hat for the prince, he had to be sent to the second prince's palace in order to hide his eyes.

If it is an ordinary woman, it would be afraid to face the world long ago, or to apologize for the death earlier, but this side concubine is not a cessation, and it seems that she can now toss again.

Wei Yuewu believes that Wei Qiufu can stand in the second prince's house so quickly. There should also be the credit of the queen. Of course, Wei Qiufu should work for the queen, but only after such a failure, such a change, Wei Qiufu said that if Queen Tu did not reach out and help her, she would certainly not hide it for Queen Tu. This is the person who suffers most.

It now looks like Tu Huang has shot it.

"Master, will Dongmei really escape to Lidi?" Jin Ling was worried about another issue. Dongmei's escape was originally designed by her own master, and she consciously helped her escape, and she ran away. The aspect also implies that Li's maiden house, Li Fushang.

But will Dongmei really escape to Li Fu?

Jinmei was really uneasy.

"Yes!" Wei Yuewu took the tea cup, blew it softly, took a sip, and said softly.

"Why?" All the girls looked at Wei Yuewu in surprise.

No matter how you look at Dongmei, it is possible to run away far away and ignore it.

"Dongmei has a mother, but was brought into Li's house before. This happened very early. When Li's returned to Li's house, Mrs. Hui would not plan to return to Li's house and simply took her several The next man also sent it to the past. At that time, one of Dongmei's mothers was also sent to Li Fu. "

Wei Yuewu's long eyelashes flickered and laughed.

As long as Li 's family had n't entered Huayang Houfu 's residence, Dongmei 's own mother was sent to Lifu. Mrs. Tai meant that, of course, Li 's should not come back. As for her, The family members of the faithful also sent them together, just because they were afraid that Li would spy on the affairs of Huayang Houfu and simply sent her away.

This matter is actually a trivial matter for Huayang Houfu.

Li's would be hurt. Huayang Houfu sent a few servants to serve in the past. It was normal, and no one would care about such a trivial matter.

But Wei Yuewu still noticed that Dong Mei was Li's confidant.

This time back to Houfu, Huayang, it can be said that Dongmei is Li's most confidant, so she checked Dongmei at once and found that Dongmei's only relative was also sent to Lifu.

This means that Dong Mei must obey Li's wholeheartedly and do things for him.

"Dongmei entered Li's house, will it be destroyed?" Compared to Jin Ling and Shu Fei, they are still worried that Dongmei has entered Li's house. At the end of the painting, they have more confidence in Weiyuewu, which will worry them. It is Dongmei's safety.

"Not for the time being, if she is smart enough!" Wei Yuewu said thoughtfully.

Dong Mei was an important witness in the Wei Yan incident. If she turned her confession, she would have a different statement, so she is very important.

Her testimony could even pull some people into the water.

Li's and Wei Yan's one after another, Li Fu's side will definitely think of saving Wei Yan.

The Li family is gone now. If Wei Yan is still in trouble, the relationship between Huayang Houfu and Lifu will inevitably be broken. The East Palace washes horses and Wei Yuewu has seen it. It seems nothing. Something wrong, but Wei Yuewu will not forget the incident when she and Wei Qiuju were in danger.

There is a problem in Li's backyard, which represents the problem of washing horses in the East Palace.

Are you from the government of Luguo?

The East Palace Washing Horse has long been loyal to the East Palace!

"Master, what shall we do now? As soon as Mrs. Hou discovers that Dongmei is gone, she comes to us and tells me that the whole Huayang Houfu is looking for Dongmei!" Jin Ling suddenly understood the meaning, but still Somewhat uneasy.

"Did Yanfeng come back?" Wei Yuewu was not in a hurry, and asked with a light smile.

"Not yet, this ... it should be that no one has been seen yet!" Jin Ling replied hesitantly, and Yan Feng and Yan Yang were sent out, and they would stay at the front and back doors of Li Fu.

"It can't be the front door." Wei Yuewu laughed at Jin Ling's concerns. At that time, she had only had to send one person to guard the back door, but Jin Ling was uneasy and sent the other out.

"This ... may not be the front door!" After understanding all the causes and consequences, Jin Ling also laughed and realized that she was worried before, and the master was already here without any bias.

"What's the front door, the back door!" Haha laughed at the door, and heard Yan Huai's voice.

Jin Ling stepped forward two steps and raised the bead curtain, but when Yan Huaiyu, a snow-white rider, walked in, all the girls hurry to salute.

"Are you going out?" Wei Yuewu looked at Yan Huai's clothes and asked in amazement.

Yan Huaiyi has always been dressed in a wide range of leisure styles, and is very ancient in the style of Yan Zhao. Besides, he has always been in a carriage, and he has never seen him wearing such a serious outfit. , Junmei's face with some Ling Ran, is really different from the past leisurely.

"I'm going out, come and see you first!" Yan Huaiyu sat down and played with a whip in his hand.

The whip is not big, but it is snow-colored, with gold threads on it. Looking at the top gems, Wei Yue dance is silent, isn't it a whip? As for making it so gorgeous!

"This ... the horse whip is a good match for your carriage!" Wei Yuewu said honestly.

"But Wuer feels a bit more gorgeous?" Yan Huaiyu raised his eyes and gave Wei Yue Wu a glance, which was quite a bit narrow.

"I don't think it's too gorgeous, but I think it's very special to you!" Wei Yuewu praised her lips, just the sharp smile on the corner of her lips, and she wasn't just praise.

Yan Huai smiled, stretched out her hand, and touched the hair of Wei Yue Wu without hesitation: "Will the dancers go hunting together?"

"This is going to hunt?" Wei Yuewu stared at Shui Lingling's eyes, puzzled, "Where do you go hunting at this time?"

"I heard that there is a royal courtyard not far from the city. You can hunt when it's okay. Would you like to go and watch it together? It's always bad for you if you're bored in the house all day!" Road.

"This ..." Wei Yuewu was a little emotional. Although she has always been quiet, it does not mean that she doesn't like this kind of fresh affairs. It is the first time she hasn't been hunting.

"Let's go together, I'll let people prepare riding gear for Wuer!" Yan Huaiyu saw Wei Yuewu's appearance, and knew that the little girl was moving, and she laughed now.

"But ... this will ..." Although I heard that riding gear, Yan Huaiyu prepared for himself early, but Wei Yue Wu hesitated.

Only the Huayang Houfu incident happened. Is it really good for you to play at this time?

"Do n't worry about it. Huayang Houfu always gives us an account of Yan Wangfu. This time Wuer was so distracted that he was so scared that he did n't even dare to return to his maiden house. Here, nothing is happening!" Yan Huai smiled pointedly.

Wei Yuewu was silent for a while.

Wei Yuewu is not surprised that Yan Huaiyu knows what happened in Houfu, Huayang. Yan Huaiyu has always been a superb person. Moreover, this matter is still alive and well. Anyone can inquire carefully. Everyone knows something, and it was for this reason that they propagated out at that time.

This is also good, because there are some things, because it is her own family matter, Wei Yuewu is consciously ashamed and does not want to take the initiative to mention it.

"But ..." But Wei Yuewu still hesitated, but this hesitation was fragile in front of Yan Huaiyu.

Yan Huaiyu stood up and walked to the door, and ignored the hesitation on Wei Yuewu's face, and let the housekeeper bring the riding gear in. The snow-colored riding gear was placed on the table in front of Wei Yuewu. Wei Yuewu immediately liked the suit that was obviously the same as Yan Huaiyu, but looked more beautiful.

Immediately nodded in agreement.

She changed clothes here, cleaned up, and went out with Yan Huaiyu.

Yan Huai's carriage was parked in front of the house.

"Wuer rides in the car first, and waits for the place to match you with the horse!" Yan Huaiyu hugged Weiyuewu half-supported and half-carried on the carriage, and whispered.

"I ... I can't ride a horse!" Wei Yuewu blushed and suddenly remembered that she hadn't told Yan Huaiyu that she had agreed only because she saw the beautiful riding outfit.

Seeing her slightly blushing face, Yan Huaiyu couldn't help laughing, and reached out and squeezed her nose gently: "Dance, don't worry, this horse riding is not everyone's understanding."

"Is there anyone who can't?" Wei Yuewu was really surprised, she pushed away Yan Huai's strange hand, and asked with big watery eyes.

"Yes, and quite a lot!" Yan Huaiyu laughed.

"Who else?" Wei Yuewu held his sleeves, half coquettishly, originally thought that there were not many people. Now it sounds like there should be many people, but I look forward to this hunt ...

Chapter 824: The slave thinks that it is ... the owner of Jingde County

"Prince, the three princes, and the people from Yan, Lu, Qi, and Chu, there are probably some female relatives!" Yan Huaiyu smiled slightly, and the appearance of the handsome and noble son made Wei Yuewu smile a little.

"It was the Prince who invited us to go!" Later, Yan Huaihan added such a sentence.

"You're hurting, the Prince still asked you to go?" Wei Yuewu heard some other meanings in it, her heart fluttered, the smile on her face receded, and she was right.

"Just go and see, hunt or something, but also participate if you want to participate, just find a name, go out and relax, and the dancers don't feel the recent situation is a bit nervous? Everyone feels the tension in their hearts." Yan Huai casually said .

So many things have happened recently.

"That's okay!" Seeing Yan Huai's **** look like bamboo, Wei Yuewu cherry blossom lips slightly, agreed with a smile.

Huangzhuang is actually some distance away from the capital. It is said that it is outside the city gate, but it is still far away. The carriage took an hour to reach the place.

All the way past, the scenery was pretty good. Wei Yue Wu sat under the screen and looked at the scenery along the way.

This time she brought Yu Yan and Shu Fei, a medical girl and a girl ring. With her current status, she can take it even if she enters the palace.

Following the Yueyue Dance for a while, Yuyan also had no initial restraint. Besides, some good news recently from Qi Guogong 's government made her serve the Yueyue Dance with all her might, and she did not dare to neglect.

"Master, it's here!" Seeing the carriage stopped, Yu Yan turned her head to the Yueyue dance path leaning against the other window when she saw the huge architectural archway in front of her.

Wei Yuewu owns a window. She and Shu Fei each occupy a window. They can follow Wei Yuewu. They also feel very novel. On the way, they have been pointing and muttering.

Wei Yuewu herself likes to be quiet here, enjoying the scenery quietly, watching the brilliance of the road quietly, and listening to the whisper of the two of them, she feels at ease.

But now, she frowned, and not far from her, a carriage was slowly moving in.

"Master, this is ... who's carriage?" Shu Fei also staggered, and the momentum of the carriage seemed quite impressive.

Wei Yue Wu had not spoken yet, the carriage in front stopped suddenly, a woman dressed as a palace maid suddenly came down from the front, and walked in front of Yan Huai's horse, respectfully saluting: "Yan Shizi! Our princess Ask you why you are not sitting in the car, your body is not good, always be careful, the so-called hunting is just a little fun! Always take your own body as the weight! "

"Thank you, princess!" Yan Huaiyu smiled slightly, showing a gentle voice with a magnetic voice.

The palace girl looked back at the carriage. Yan Huai's signature carriage was very large and spacious, but this man was riding a horse. It was really suspicious. She came to listen to the news. This will not be inquired. When he came out, his eyes rolled, and he smiled again, "Who did Seiko bring here? Our princess asked, would you like to be together?"

"No need, I have my own place to settle, so I won't bother the three princesses!" Yan Huaiwan said faintly.

"That ..." The palace maid still wanted to find something to listen to. Yan Huai looked at the front unhappily. Although there was a handsome smile on the corner of her lips, she only smiled a little coldly. , We can only stop at the door! "

From the archway, there is still a long way to go.

"Yes!" Seeing Yan Huaihan unhappy, the maid did not dare to ask more, and saluted Yan Huaihan again, and turned and ran to the carriage in front.

In the carriage in front, the three princesses were sitting inside, and when the palace girl came in, she asked coldly, "Who did he bring!"

The voice was fast and anxious, completely unlike the calmness she usually showed in front of people.

Between the eyes was clear jealousy.

As soon as he meets the family of the Emperor Yan Guo, the three princesses can hardly hide their jealousy.

"Slaves don't know ..." The maid stammered for a moment, and when she wanted to make it clear, she slapped her face with a slap.

"Even this little thing can't be done. What do you want? When you go back, go to the mother-in-law to blame it!"

"Princess, slaver ..." Upon hearing that she was going to convict Tu Shufei, the palace girl knelt down in the car in panic, and did not care about the blood on her lips being broken and hanging down. "The slaver thinks it is ... Jingde County the Lord!"

She didn't actually know who it was, but she knew clearly that if she didn't say who it was, the three princesses would never let go of her, and she would only think about guessing one blindly.

"Wei Yue Wu?" The three princesses gritted their teeth slowly.

"Should be the Lord of Jingde County!"

"Why not anyone else?" The three princesses cast their eyes out of the window. From this position, she actually couldn't see Weiyuewu in the carriage behind her, but she would set her eyes somewhere outside the window. The corners of his eyes were cold.

"Princess, the slave thinks it is the Lord of Jingde County. I heard that something happened in the main house of Jingde County. The prince of Yan Wang must want to know the origin of the matter, and it should be with the Lord of Jingde County to relax."

The palace girl said carefully, following the thoughts of the three princesses.

She is a personal palace girl of the third princess, and of course she knows what the third princess thinks, and the third princess does not hide her jealousy in front of them.

Repeatedly said that Yan Huaiyu married Weiyuewu for the purpose of Huayang Houfu.

Now I heard that such a big thing happened in Huayang Houfu, and it was also related to Weiyuewu. I heard that the Jingde County leader was almost killed by an aunt who didn't know the way. ,

This story is now spreading, and the three princesses also know it.

If I think about it this way, I also think that the maiden is right, the expression on her face is slightly relieved, and she pats her hand on the side of the case, sighing coldly, "Wei Yue Wu can be really big, so It's okay. "

Think about the possibility that Wei Yue Wu might have an accident. The three princesses thought that God was really blind, how could they let Wei Yue Wu escape?

In fact, she was not very clear about the cause of the incident. She only knew that a woman had attacked Wei Yue Wu, and she partnered with the second wife of Huayanghoufu, and even the last two ladies took their own lives. It is so useless.

The matter of Wei Yan has not been judged yet, and the three princesses know nothing more than hearsay.

As for this person, Wei Yan, she didn't even know it.

In Huayang Houfu, she knew that she was Wei Yan, so she was just a few wives. It would be even more difficult to say that she was Wei Yan. When such a thing happened, Mrs. Tai must be biting dead. This is only a way out Unknown woman.

As for what Wei Yan will end up with, it has nothing to do with Huayang Houfu!

After listening to the words of the three princesses, the maid did not dare to answer, and did not dare to move while kneeling in the car. At this time, the three princesses should be talking to themselves.

Sure enough, after the three princesses said this sentence, there was no sound for a while, and after a while, they whispered, "When will Wen Caiyu come?"

"Slaves don't know, but I heard from the four princesses that the fourth princess could not come today!"

Although she didn't know the schedule of the four princesses, she still inquired about this early, just because she was afraid that her princess would ask about it.

People in the palace now know that the third princess and the fourth princess are wrong. In order to please the third princess, it is necessary to adapt to spread some bad news about the fourth princess.

In the past, the three princesses were very disdainful of this approach, and would tell their people not to inquire about the four princesses at will, but now the three princesses not only stop, but also ask from time to time.

The people around her are also savvy and naturally know the meaning of the three princesses, so even if the three princesses didn't order them, they would go and inquire early.

For the cleverness of the palace maid, the three princesses are still satisfied: "It's pretty smart, then this time it's okay, pay attention next time, if ... you know the person from the mother-in-law, you're never welcome!"

"Yes ... Yes, slaves know!" Thinking of Tu Zhaoyi's methods, the palace lady shivered and nodded in a hurry.

Tu Zhaoyi's feeling has always been very generous and decent, and it is also very good for the palace people, but in fact it is extremely severe in private, especially a few big **** around her, torture people, it really makes life worse.

What's more terrible is that it can't be seen on the surface.

After the third princess's carriage got into the car, the princess had slowly moved in. Yan Huaiying rode in front of the horse, and the carriage of Weiyuewu went inward.

"Is this the third princess?" Shu Fei gently lowered the screen in her hand and lowered her voice. "Isn't it about His Royal Highness Prince and several sons? What is the third princess doing?"

When the third princess saw that she did not like her own master, Shu Fei felt it early, which would be a little worried.

"The three princesses are Her Royal Highness's sister. If she wants to come, Her Royal Highness will refuse!" Wei Yuewu lowered her head slightly, a bitterness flashed in the corners of her eyes.

Sister? I do n't know if the prince knows that he is his sister!

When I remembered the first time, Prince Wen Tianyao had helped the three princesses secretly calculate themselves, and wanted to make a song and praise for Yan Huai, and now I think about the bitterness.

Wei Yue Wu doesn't know how to do some things. It seems that the next thing is not that he can intervene too much.

"The third princess is here, isn't the fourth princess also coming?" Shu Fei thought of a more serious problem, and the look on his face became more and more startled.

The pretending to be a warm three princess alone can no longer deal with it alone. If there is another arrogant four princess, it is even more troublesome.

"Should come!" Slightly converging the waves in his heart, Weiyuewu took a deep breath, then looked at the window, flowers bloomed outside the window, and after entering the archway, it was actually a avenue full of flowers and trees.

The wind blows, flowers burst into the carriage, and there are more flowers and leaves falling, which makes people feel beautiful, but the heart of Weiyue Dance is a bit heavy, and the beauty in front of her is certainly pleasing, but she Will not be happy anyway.

"Then ... they ..." Yuyan hesitated and asked. Although she hadn't seen Wei Yuewu and the two princesses for a short time, she would have heard some flaws and looked carefully. A glance at Weiyue Dance Road.

"Watch the change first, and wait and see what Shizi says!" Wei Yuewu frowned, originally thinking that Yan Huaiyu was just a temporary intent, and he made riding outfits for himself and brought himself out. The black old fox is definitely not a temporary accident, it should have been calculated early ...

Chapter 825: I will send a letter to the Ministry of Justice

Flowers bloomed all the way, and finally stopped at the gate of a Zhuang Yuan. The three princesses in front of them got out of the carriage.

Cowardly came down from the carriage, stood behind the carriage, and watched Yan Huaihuan, who had stepped off the horse, came over, she was extremely elegant.

Even if it is not the beauty of the country, it also looks lovely under this flowering tree.

I wore snow-colored clothes, and the slim waist was picked up by a belt of the same color. The white palace dress flew, and the flower shape embroidered with glittering gold at the corners of the skirt was very beautiful. Uncommon, standing in the crowd, even as far away as you can see her at a glance.

Yan Huai's favorite thing is to wear such snow-colored clothes. When two people stood together, they immediately felt right, and the clothes were almost matched.

Although the colors and styles are different, this looks really true, and it feels inexplicably coordinated.

"How good is Shizi's body? I wanted to see Shizi for a long time, but ... I was afraid of some inconvenience." The three princesses looked at Yan Huai with a tender voice.

But even so, the smile on her face is very dignified and very good.

It's also decent and makes people feel good.

Yan Huaiyu jumped off the carriage, flicked her sleeves, and arched gently toward the third princess:
"Three princesses are welcome!"

"Shizi this horse, but came from Yandi?" The three princesses looked up at the steed that Yan Huaiyu rode along all the way, surprised.

This horse is also white, but it seems that the white horses pulled by the carts are more powerful. Needless to say, this must be a rare horse.

Although the three princesses did not know horses, they still welcomed Yan Huaiyu.

"It was indeed the Yan area, but I never had a chance to ride it, but I ignored it!" Sure enough, Yan Huaiyu looked good, reached out and touched the head of the mount next to him, and he could see that he particularly liked the horse.

"Shizi likes white horses?" The three princesses' eyes turned slightly, immediately thinking of a new topic, reaching for the white horses pulling the carriage and the white horse road next to Yan Huaiyu.

"Really like it!" Yan Huaiyu said implicitly.

"A new white horse was born beside his father's stable. It is said to be extraordinary. If the son is free someday, please help me to see if the horse is good or not? The father has promised me before, Let me pick a horse!" The three princesses smiled softly.

"A white horse with a **** is born? That's a look!" Yan Huaiyu seemed to be intrigued, and nodded.

"Then there is Lao Shizi. Whenever Shi Zi enters the palace, he will let me know when I have time in the palace." The three princesses said more earnestly.

The laughter in the corner of her eyes and the expression of her head bowed slightly make people feel that she and Yan Huaiyu are talking about intimate topics, but they have a low voice, and others cannot hear what they are saying. .

Another two carriages stopped, and the two people who got off the carriage were clearly Qi Yunhao and Chu Fangnan. The two looked at each other and came together, because the two were unable to hear three at all. What the princess and Yan Huaihuan were talking about.

But she could see the princess whispering shamefully.

"The three princesses aren't dead?" Qi Yunhao's face was a bit ugly, and his goal was also the dignified and decent three princesses. Compared to the four princesses, he felt that the three princesses would be more appropriate for the future master!

This will see the appearance of the three princesses and Yan Huaihuan, and I am very upset.

"The three princesses will not give up. Besides, the meaning in the previous palace should be to let her go to Ludi and marry Lu Yili!" Chu Fangnan had a lot of joy and wish, he thought about it. I felt that it was impossible for the three princesses and myself, so I long thought about it and turned to the four princesses.

Everyone feels that the four princesses have a bad temper, and it is not expected that they want to marry the four princesses, but the identity of the four princesses is placed there. As long as you marry her, the relationship with Beijing Central will be closer.

Although Chu Fangnan listened to Qi Yunhao, he also had his own thoughts in his heart.

If she can marry the four princesses, she may be apt to become the first of the four places because of her closer relationship with Beijing.

"Lu Yili doesn't seem to show his willingness to marry the three princesses!" Speaking of Lu Yili, Qi Yunhao's brow frowned. This Yan Huaiyu's most powerful opponent, except for the three princesses and the four at first Outside of being diligent, the princess is basically showing no signs of disappointment.

"He's trying to get away with it!" Chu Fangnan said indifferently.

Qi Yunhao was silent for a while, and Yan Huaiyu was unpredictable, and Lu Yili seemed to be different from ordinary people, but they did not know how to deal with them for a while.

"Let's go and see what the two of them are talking about!" Qi Yunhao took a jealous glance at Yan Huaiyu and the three princesses, stopped thinking about Lu Yili, and strode toward them.

These two people are laughing, they seem to be speculative, and increasingly make Qi Yunhao dissatisfied.

Yan Huaiyu had two in his own house, which would actually be confused with the third princess, which really made people angry.

But before they passed the carriage of Yan Guogong Mansion, they saw a girl ring jumped from the car, put a little boy under the carriage, and Wei Yue Wu got under the support of another girl ring. carriage.

Yan Huaiyu didn't come alone?

This caused the next two generations to take a moment to stop, involuntarily stopped and set their eyes on Wei Yuewu's delicate and delicate face. Xue Nen's small face was only the size of a slap, and the five senses cooperated together. It's beautiful, the black hair is pushed up, the long eyelashes flutter and raise the eyes, and the water eyes slightly wave ...

Even if the three princesses are well-dressed, the Jingde County lord is still much better.

The difference is just identity!

Both people thought that if Wei Yue Wu was the third princess, Yan Huaiyu would marry her without saying a word!

In terms of appearance, a beauty like the Lord of Jingde County is something you can't find. It can be regarded as an all over the country. Every time you see it, you are astonished. Yan Huaiyuan married her not only because of Hua Yanghou. Right!

Wei Yue danced off the carriage, stood and looked forward.

Not far away, Yan Huaiyu was joking with the three princesses. When she saw Weiyue dancing down, Yan Huaiyue left the three princesses and turned around and strode over to the Yueyue dance.

"Is there anything uncomfortable?" Yan Huaihua asked softly, looking up and down at Wei Yue Wu.

"I'm fine!" Wei Yuewu shook her head.

"Come on then!" Yan Huaiyu stretched out his hand holding Wei Yuewu and turned to walk towards the third princess.

"I ..." Wei Yuewu blushed slightly and struggled a little, but her hands were tightly held, but it was inconvenient, so she stopped struggling and walked with him to the three princesses.

"See the three princesses!" Weiyue danced, leaning sideways.

"The princess Shi is polite. I heard that the former princess was shocked. I don't know if she was scared!" The three princesses looked at Wei Yuewu with a smile, as if they did not notice the hands of the two people holding each other tightly.

Raising her head slightly, looking at Wei Yuewu's face, her look was natural.

However, this deliberate behavior has more and more demonstrated the care of the three princesses. Moreover, her expression at this moment is also a bit stiff.

"Thank you three princesses, but fortunately nothing is wrong!" Wei Yuewu smiled slightly, retracting the eyes that fell on the three princesses, and raised her eyebrows.

"Where did the woman come from? Why did you harm you? I have no complaints with you in the long run, and today I have no resentment, and I will do such a thing, it is really unbelievable!" Cover your mouth and laugh.

"This ... I don't know, I hope I can understand it during the public trial!" Wei Yuewu smiled bitterly.

"I won't even have a public trial, just die!" The three princesses teased casually.

Wei Yuewu moved her heart, but her face didn't show up, with a bright pair of water eyes: "No, she shouldn't be like this! But I heard she was out outside before I went to the medical museum. "

Of course, I went to the medical museum because the child in the stomach almost had a miscarriage, but Wei Yue Wu must be a young woman. In addition, there was a man beside him. Naturally, this cannot be said too much.

"If something happens to her ... something can't be explained!" The three princesses looked at Wei Yuewu with a smile, "the princess Shi shouldn't want her to happen!"

"Naturally don't want it!" Wei Yuewu smiled as if she didn't listen to the third princess.

"Gone!" Yan Huaijuan seemed to be a little impatient, urging gently.

"Go, let's go in together!" Qi Yunhao and Chu Fangnan also rushed over. Qi Yunhao also did not like the three princesses and Yan Huaiyu to explore more together.

There was a hint of discomfort in the eyes of the three princesses, but since everyone said that, she was not convenient to say anything, and she could only follow the crowd and walk inside.

Wei Yuewu's hand was pulled by Yan Huaiyu, but she was at the end.

Since Yan Huaiyu said she was not in a hurry, Wei Yuewu also slowed down, frowned and looked at the three princesses who were talking and laughing with the two people in front of Chu Fangnan. Will kill Wei Yan's life! "

"Yes!" Yan Huaiyu smiled, and a pair of handsome eyes narrowed slightly.

"What to do?" Wei Yuewu was a little dumbfounded. Even in the inner courtyard, she could handle it herself, but she really couldn't handle the affairs of the outer court government.

Besides, Wei Yan didn't do it herself, Wei Yuewu didn't want anyone to come over to disrupt the situation! It's better to let Wei Yan start it!

"No problem, I will send a letter to the Ministry of Criminal Affairs. I have to let them ensure the safety of this woman, otherwise the day will be gone without people, and what will they do to face this leisurely mouth!"

Yan Huaihuan casually said.

"Okay!" With the words of Yan Huaihuan, Wei Yuewu's heart relaxed and she made up her mind. What she wants to prevent now is to stretch out her hands in the palace. As for Wei Yan herself and Jingyuan Houfu, Wei Yue Wu doesn't want to be multi-tasking.

At that moment, the three princesses must have been thinking, and although she was alert here, but there was no one in her hand, it was also a difficult problem.

But now that Yan Huaiyun has shot, Wei Yan can live to the point where she can do her own evil, which should not be a problem.

A group of people entered the courtyard together, but found that the prince and the three princes had already come. They heard that they had entered the courtyard, and someone had come over to welcome them into the flower hall.

In the corner of the flower hall, Prince Wen Tianyao and the three princes were playing chess.

Seeing everyone coming in, Wen Tianyao dropped the **** in his hand and stood up. The three princes and Lu Yeli also stood up together.

"Brother Huang, it turned out that you have been here long ago, and you haven't waited for Caidie. I'm here to hurry up or be one step late for Huang Brother!"

"I don't come here on weekdays. The third brother said that he would take a look first, and he would have come early!" Wen Tianyao explained with a smile, but his eyes fell on the Wei Yue Wu who was next to Yan Huaiyu. Body.

I haven't seen these days. Wei Yue Wu seems to have lost some weight. Yan Wangfu is definitely not good! I have to speed up my pace!

Seeing Wen Tianyao looking at herself, Wei Yuewu smiled a little, she does n't know if Wen Tianyao knows her own life, and this kind of thing is not something she can believe if she says it, so she only Can you wait ...

Everyone came together, and then led back by Wen Tianyao to sit down at the guest house.

As one of the only two women on the scene, Wei Yue Wu naturally sat on the side of the three princesses, but only sat down, but she suddenly saw that the three princesses and the three princes had changed positions ...

Chapter 826: Did the Lord of Sunyang County die for me?

Prince Wen Tianyao was originally the three princes on the left, and then Yan Huaihan, Lu Yili a few; the third princess on the right, and Wei Yue Wu next.

Wei Yue Wu suddenly saw the third princess gave her a cold look, then stood up and walked in front of the third princess, and said a few words to him, then the third princess stood up and gave the position

to the third princess. I walked to the top of Weiyuewu and sat down, then smiled sideways at Weiyuewu.

Wei Yuewu frowned secretly.

The practice of the three princesses is really obvious, it is really uncomfortable.

Fortunately, she saw Yan Huaiyan's eyes narrowed, and her lazy side leaned on the other side. It was also quite interesting for the three princesses to be ignorant, and she couldn't help feeling a burst of sweetness.

The third princess was really anxious, otherwise where would the princess's previous temperament be, how could she do such an obvious thing.

Is the third princess anxious? Think of it this way, my heart moved.

The long eyelashes flickered twice, the eyes were pale, the third princess came, and the fourth princess didn't come. It was a surprise, but now the third princess is so impatient, it seems that she has to be more careful!

After saying a few polite words, Wen Tianyao was called away by a hurrying housekeeper.

As soon as he left, the atmosphere in the flower hall was relaxed more and more. The three princesses first talked to Yan Huaiyan on one side, and those eyes with affection, from the perspective of Weiyue Dance, Qing Erchu.

Everyone can see the strong affection of the three princesses.

Wei Yue Wu Liu Mei froze slightly, how could today's three princesses behave so clearly?

"Don't you feel unhappy, Princess Shi?" A gentle voice came to her ears, and Wei Yuewu converged her thoughts and turned to the three princes on one side.

"Slightly!" Wei Yuewu said calmly. As the concubine of Yan Huaiyu, she should not be accustomed to another woman clinging to her husband.

"Is it just a little bit? I heard that there is a Miss Lin in Yanwang Mansion. If this Miss Lin really married Yan Shizi, would the county owner be more uncomfortable!"

The three princes smiled and said something.

"Or more!" Wei Yuewu hesitated, but still answered.

This remark did not conceal much dissatisfaction in her heart. The woman De Rong Yangong actually made the woman not jealous, but Wei Yuewu expressed her jealousy plainly.

This attitude, accompanied by her little childish face in Jiao Mei, is really distressing.

It's just a girl who hasn't grown up!

The three princes sighed in their hearts: "Sir concubine, can you walk with me, I have something to ask!"

"This time?" Wei Yuewu looked around, seeing that Huaihuan Yan and the third princess also stood up, looking like they were going out.

Although the three princesses' faces looked gentle and soft, when the Yueyuewu's eyes swept away, she proudly raised her neck.

"Yes, this time!" The three princes said with certainty.

"Okay!" Wei Yuewu only hesitated a little, then agreed, and stood up and went out.

Yan Huai, who was there, accompanied the three princesses to the entrance of the flower hall. The other people looked at Yan Huai and then looked at Wei Yue Wu, showing a meaningful expression.

Those two pairs went out, and everyone felt weird.

Outside the flower hall, Wei Yuewu took a trail that was different from Yan Huaiyu and walked slowly.

No matter what the third prince really wanted to say to herself, or to help the third princess, she was meaningless. What she wanted to ask now was another matter.

One thing that kept her awake.

The three princes were behind Weiyuewu at first, but after a few steps, they walked side by side with Weiyuewu, and Yuyan and Shufei followed closely behind Weiyuewu.

Along the way, the two did not communicate in the slightest, but they walked calmly, Wei Yue Wu was very calm and silent, pushing the scene away from the three princes.

For a long time, the three princes couldn't help but looked at Wei Yuewu with a slight smile, and said, "The Lord of Jingde County doesn't ask why?"

"If His Highness wants to say it, he will naturally say it!" Wei Yuewu said lightly.

"What if I am for the third princess?" The third prince raised an eyebrow.

"Then I have nothing to say!" Wei Yuewu said quietly, and Shuimu could not stand the slightest wave.

"What if I had persuaded Jingde to leave Yan Huaiyu for the three princesses?" The dark eyes of the three princes fell on Wei Yuewu and said slowly after half a ring.

Wei Yuewu's heart jumped suddenly, and she felt it was very difficult to answer, but then smiled:
"Where did the three princes say, Yan Shizi is my husband-in-law? The truth of husband-in-law, and I don't remember how this matter has anything to do with the three princes, you can ask me to leave the son! "

Her words were very peaceful, as if there was no half-light, but a gleam of coldness flashed from the corners of her eyes, and she could see that her heart must not be as calm as the expression on her face.

In fact, it's not just Wei Yue Wu. Anyone who encounters such a thing will not retreat, even if the other party is a princess.

And Wei Yuewu's identity is not low, of course, she will not give up.

"What if Shizi prefers the Three Princesses? Moreover, compared to Jingde, the Three Princesses are more suitable for Yan Huaiyu. A healthy wife of Shizi can give Yan Huaiyu the successor of Yandi future!"
The three princes smiled a little cold.

Wei Yuewu has to admire that the three princes are talking, and only a few words make people doubt. For people like Yan Huaiyu, the importance of this heritage is not comparable to that of ordinary families. How important is a healthy concubine.

As far as this health is concerned, not only Wei Yuewu, but also Miss Lin, who has been raised in the house, is also unqualified. Indeed, the three princesses seem to be more suitable than Wei Yuewu.

What's more, the three princesses still have respect for their status, and they can help Yan Huaiyu more. As her third princess, for Yandi, the trust of the imperial court is exchanged. It's just a matter of children.

"So the meaning of the three princes ..." Wei Yuewu seemed to not understand the words of the three princes, and asked with a smile.

"I mean, of course, it is good for Jingde to leave on his own initiative, otherwise Yan Huaiyu may not be willing to leave you there. If there is a scandal in the end, the Royal Family cannot afford such a thing!"
The three princes frowned slightly, a sincere look for Wei Yuewu.

"If I say no!" Wei Yuewu said coldly.

"That's the three princesses!" The three princes raised Yang Jun's eyebrows and warned with a smile, but the smile was a bit cold and a chill was impressed.

"What about the three princesses? Can you grab someone?" Wei Yuewu asked in a hurry.

The three princes who asked this question for a while were very difficult to answer, his face darkened, and even a bitter smile appeared, and his voice softened again, persuading: "Yan Huaiyu is extremely dangerous around him. Almost lost his life, Jingde really wants to live in this kind of unsafe day every day? "

"This is the situation, is there any safe place!" Wei Yuewu didn't know what the three princes wanted to say this time, and calmly answered.

Did the three princes care too much about themselves? Or ulterior motives?

"In fact, it is still a safe place!" The three princes slowly introduced.

"Where?" Wei Yuewu's eyes narrowed slightly, and a pair of water eyes seemed to be covered with a mist of mist, which became more and more beautiful.

"My brother!" The three princes took a long breath and stared at Wei Yue Wu.

"Prince's East Palace?" Wei Yuewu finished speaking in horror, then the smile on her face widened, as if she heard something funny.

"What's ridiculous about Jingde?" The three princes quietly watched Wei Yuewu laugh and then frowned and asked.

"Four Sisters had previously promised to be assigned to His Royal Highness, but now it is the second concubine's side concubine. This East Palace has always been the fourth sister's desire, but it is not what I want to go to.

After laughing, Wei Yuewu said with a full face.

No matter before or now, Wei Yue Wu has never thought of approaching Wen Tianyao. Although she now knows that Wen Tianyao is her brother, she still dare not get close to him.

A child who has been taken away from a child, even if he knows the truth, he does not necessarily recognize his biological father. If he is more paranoid, he may even hate his biological parents.

Of course, it is also possible to kill people for the sake of their wealth. In Wen Tianyao's current status, it seems that there is such a reason for doing so.

"Jingde, what I said is true!" The three princes looked at Wei Yuewu and whispered, "Being next to the prince will certainly not put you in danger!"

The three princes knew Wen Tianyao, and knew that Wen Tianyao really wanted to be good for Weiyue Wu, but this cannot be said directly, so this would only imply Weiyue Wudao.

"Three princes, what I said is true. No matter if you are here for the third princess or because of the prince, I thank you. I must be able to sense your goodwill, but this goodwill is because of the Lord of Qingyang County. ?"

Wei Yue Wu no longer walks around with the three princes on her own affairs, this is not the topic I want to discuss, so this will change the topic directly.

This is the most important reason for her to follow the three princes.

Qingyang County Lord, the young lady in that memory.

"Qingyang?" Wei Yuewu's topic jumped too much, and the three princes took a moment to react before they realized what they were looking for. "Jingde County Lord, although you are also a County Lord, but it does not mean that you have the right to investigate the matter. "

"I don't want to do anything, I just want to know where the young lady who treats me very well? Why is she so good? What happened to her ... what happened ..." Wei Yuewu even felt that her heart hurt, and she felt a dull pain.

"Is she ... alive now?" The words were almost trembling.

Wei Yuewu raised her eyes and looked at the face of the three princes expectantly, hoping to see a bit of hope from his face, and hoped that what she had guessed was wrong, but the next moment, she was only gloomy. Head off.

The three princes' faces were full of pain, struggling, sad and sad.

In fact, there is no need to say anything anymore, the expression of the three princes has explained everything, pulling his own hand, and the last sentence came out very quickly.

That sentence kept hanging in my heart, but I couldn't say anything.

Wei Yue Wu originally thought that she might not be able to say it, but she realized at the moment that it was not so difficult to say it.

"Did the Chingyang-gun Lord ... for me ... dead ..."

Chapter 827: Who is doing the drama, the messenger of the Nanxia Kingdom

These words rolled over and slipped in Wei Yuewu's heart countless times.

But every time she was rejected by herself.

But now she has to face her heart. Some things can't be deceived.

Even though she had a thousand or ten thousand hopes that the Qingyang County Lord was okay, there was always a voice telling her that the Qingyang County Lord had already happened, and the memory should be the scene before the death of the Qingyang County Lord.

But no one knew what happened at that time.

The three princes before him seemed to be the only ones who could confuse themselves.

After listening to Wei Yuewu's words, the three princes' expression turned pale immediately, and his lips were pursed. He seemed to want to say something, but did not send a word.

"The lord of Qingyang County is the daughter of King Bei'an, but with me ..." Wei Yuewu was almost a subconscious way, and Shui Yan raised her eyes and looked at the three princes who had changed color.

"Enough!" This time, waiting for Wei Yuewu to finish, the three princes whispered.

This was the first time he had scolded Weiyuewu so much, and he didn't watch Weiyuewu after finishing talking, almost leaving in a hurry along the side road.

The response of the three princes was so great that Weiyuewu's brows grew more and more frowning, looking at his back silently in a daze. Is the third prince really also the son of King Bei'an?

There are too many explanations in it ...

"Master, the three princes have gone!" Seeing Wei Yuewu standing alone for a long time, Shu Fei could not help reminding.

"Let's go!" Wei Yuewu nodded, slowly retracting her eyes, and continued to move forward with her head down.

It was only a few steps before they saw a maid in a hurry.

"Jingde County Lord!" After seeing Weiyue Wu, a bit of joy appeared on the palace girl's face, and approached Weiyue Wu with a respectful respect, and said.

"What's the matter?" Wei Yuewu asked indifferently, looking at the maid who was blocking her way.

"Our princess, please come over!" The palace maid smiled.

"Your princess ... this time?" Wei Yuewu's eyes narrowed slowly before she saw Yan Huaiyu leaving with the three princesses, but looking at the situation of the three princesses at the time, it did not seem to be willing to see Look like myself.

"Yes, at this time, county master, please come with the slave!" The palace girl laughed.

"Okay!" Wei Yuewu nodded.

Seeing Wei Yue Wu agree, the palace lady was overjoyed, and she reached out a finger and slanted the road to the left, "Country master, please come with the slave!"

Wei Yue Wu's eyes fell on that path. The path twists and turns, but it leads to the other direction, and before she deliberately took the same path with Yan Huaiyu.

"Wait a minute!" Wei Yuewu said suddenly.

"Is there something wrong with the lord of the county?" The palace girl said suddenly.

"The three princes just asked me to wait here. It wouldn't be good for me to go away!" Wei Yue Wu said slightly, and she was quite at a loss.

"This ... Slave wait here, explain to the three princes for the lord of the county!"

"The time for the three princes to go is not short. They should pass immediately. The master Mo Ru will wait for the three princes to come, or else they will be unhappy when the three princes return!" Shu Fei said.

Wei Yue Wu is smiling without saying a word.

"No, the three princes have always been generous!" The palace girl laughed.

"No matter how generous, our county lord does not wait for the third prince, and the third prince will not be happy, and our county lord can't fathom!" Shu Fei said unhappily.

"The three princes won't be angry with the Lord of Jingde County because of this kind of thing." Seeing Wei Yue Wu's persistence, the palace lady was a little anxious. "If the three princes are really angry with the Lord of Jingde County, our princess will definitely help the Lord of Jingde County and feel that the Lord of Jingde County will not be wronged!"

"This ... is always bad! The third prince is still the elder brother of the third princess!" Wei Yue Wu did not speak, but Shu Fei had already hinted about Wei Yue Wu long ago, hesitating.

"Can the brother be angry with the sister!" The maid was really anxious, didn't the three princes leave? Not really come at this time!

After thinking about it, I felt more and more that we had to take Wei Yue Wu away. If the three princes came back, they wouldn't be able to leave.

"Three princesses are waiting for me?" Wei Yue Wu smiled anxiously looking at the anxiety of the palace girl, and asked leisurely.

"Yes, our princess is waiting for the lord of the county. I just want to ask the lord of the county about a little thing, and it will be fine after that."

"Then, let's go!" Wei Yue Wu nodded.

In this way, no more embarrassment to the maid, took Yuyan and Shufei to follow the maid to the path.

After a few corners of the path, we saw a pavilion, and when we saw the people in the pavilion, Wei Yuewu stopped slowly and his face sank.

In the small pavilion, Yan Huaiyu and the three princesses sat there.

Looking at this from the perspective of Weiyue Wu, we can see that although the two are standing, they are very close to each other, almost standing close to each other. Just looked up at Yan Huaihuan with affection, the blazing heat in his eyes.

The two were almost together.

"Let me see this?" Wei Yuewu said coldly.

The leading maid of this question was extremely uncomfortable, but explained: "The three princesses really have something to see the county master, who knows Yan Shizi ..."

These words did not speak, but left endless meaning, meaning that Yan Huaiyu was going to kiss me and the three princesses, but it was only when Weiyuewu didn't come at that time that he would hit such a scene.

Wei Yuewu's eyes fell on the silhouette of Yan Huaihuan, and the two of them stood side by side relative to themselves.

However, Yan Huai's side was bigger. Looking at it, he saw only a small side, and the three princesses opposite him fell into his eyes.

Wei Yuewu even saw the three princesses lift their eyes and froze on their own side, with a sense of provocation.

The three princesses can't wait!

On the other side of the path, a few people suddenly came over, and one of the housekeepers came over with a few people. He also saw the scene in the pavilion clearly, and a few people stopped far away. Don't walk over.

Several people gently pointed at the people in the pavilion, and they seemed to ask the housekeeper a few words. The housekeeper who led the way shook his head, as if denying something, and then the group turned in the direction. It happened that this direction was Wei. Moon Dance's direction.

The housekeeper took so many people and ran straight into Weiyuewu.

Wei Yue Wu is standing at the corner, half of her figure is hidden at the corner. In fact, it should not be discovered by the pavilion, but a few people who turned around in this way saw it clearly.

Since there is no way out, there seems to be only such a female family member as Wei Yue Wu.

Wei Yuewu's standing position is more like peeping. If you say anything about peeping, naturally you are peeping at Yan Huaiyu and the three princesses standing in the pavilion.

The group hesitated again, standing at the intersection, neither entering nor retreating. It was not only them, but the housekeeper who led them over was also awkward.

Wei Yuewu's eyes glanced at those few men, all of whom were men, and her eyes narrowed slightly.

These people's clothing and Weiyuewu saw a little different in the past ...

The movement on their side, this will finally shock Yan Huaiyu and the three princesses in the pavilion. Yan Huaiyu first looked back, and her handsome eyes fell on Wei Yuewu's face, with a gentle smile on her face, this smile In fact, it is actually towards the third princess.

Wei Yuewu felt a little bit sour. She moved her eyes a little hard, and the water eyes slightly lifted a layer of fog.

She was extremely beautiful at first, her clear eyes looked a bit cold, but it would be misty, with a faint loss and sadness, which made people feel distressed.

Turning his head sadly, he turned and left.

Shu Fei and Yu Yan looked at each other, looked at Yan Huaihuan who was calm in the pavilion, and looked at the three princesses who were tender and affectionate. She stomped her feet resentfully and had to chase them down.

"Shizi, why don't you chase the Lord of Jingde County, she seems to have misunderstood something!" The three princesses saw Weiyue dance run away, and said softly to Yan Huai, anxiously looking for Weiyue dance.

"What's wrong? What a misunderstanding! Wuer should know me ..." Yan Huaihuan walked down the steps of the pavilion with his back on his back, but he couldn't stand the slightest wave of calmness, but he said half of it. Down, handsome eyes fell on the men diagonally opposite.

The corners of the lips curl up silently.

"I've seen Yan Wangshizi!" Seeing Yan Huaihuan has found himself, the people over there can only come to see Li. Several of them have asked the maids Yan Huaihuan and the three princesses, as well as the identity of Weiyue Wu.

The three princesses also came slowly.

"I've seen the third princess!" Several people saluted the third princess again.

"An envoy of the Nanxia Kingdom?" Yan Huaiyu shook his hand, signaled that he didn't need to be polite, his eyes fell on them, and he asked with a little curiosity.

"Yes, we are the messengers of the Nanxia Kingdom, but in fact the large troops have not yet entered Beijing. The purpose of our advanced Beijing is to find our prince!" A messenger of the Nanxia Kingdom smiled awkwardly.

The main prince in the messenger group was gone, which made them feel lost, so they had to send a few people from the mission first, and the others went to Beijing slowly according to the procedure.

Nanxia's entry into Beijing represents diplomatic relations between the two countries, and naturally it is not a trivial matter.

The middle school is upset because of the four places, and Nanxia said he was subservient, and of course he was glad that he was all the way out. The purpose was to let everyone feel the power of the country. Of course, it was also shown to the four places. meaning.

"Have you found your prince?" Yan Huaiyu laughed.

"Not yet!" The envoy of Nanxia Kingdom shook his head.

"Then look more carefully." Yan Huai said lazily, and seemed to have no interest in the prince of Nanxia Kingdom, and turned to the three princesses on the side gently: "Let's go over there Let's go! "

The direction in which he stretched his fingers was not the same direction as Wei Yuewu was walking before.

"The Lord of Jingde County ..." The three princesses still hesitated, and looked at the direction in which Yue Yue Wu disappeared.

"Let's go with her, it's good to be angry for a while!" Yan Huai said lazily and indifferently. Although the expression on his face was gentle, I can see that this gentleness is definitely not because of the former Jingde County Lord , Or his beautiful concubine.

The Nanxia messenger carefully looked at Yan Huaiyu and the three princesses, and shut his mouth smartly!

The Yan Wang Shizi really didn't care about his royal concubine. It seemed to be fierce with the three princesses. Before, I heard people say that the Yan Wang Shizi was unwilling to marry the third princess. Now it seems that there is no secret

Some things still need to be discussed in the long run ...

Chapter 828: I can use Jingde with a carriage

Wei Yue Wu turned around the road and picked a path at will, and walked down. She was quiet and didn't look angry or annoyed. Instead, the two princes and monks behind her were confused.

After the two looked at each other, or Shu Fei stepped forward a few steps: "Master, Shizi must have another secret, don't you get angry?"

"Do you think there is something else?" Wei Yuewu glanced at Shu Fei and smiled slightly.

"There must be another secret. If Shizi wants to marry the three princesses early, why not ..." Shu Fei didn't finish the words, but the meaning of the words came.

At that time, the three princesses were going to marry Yan Huaiyu wholeheartedly, but Yan Huaiyu stepped up Wei Yue Wu to the position of the county master step by step here.

Although the position of a county lord who is not royal is lower than him, in that case, he uses the situation step by step, and it is actually difficult to achieve this step.

In the end, it came from God, which directly made others mistakenly believe that he was interested in Huayang Houfu House, and even willing to give Wei Yue Wu a joy, which made people think that this relationship can only be a relationship of interests.

It is impossible for a man to do so for a woman she does not like.

It can be said that Wei Yuewu and Yan Huaiyu came along in this direction, and Yan Huaiyu was leading in the general direction, so that the two of them could come together.

The difficulties involved are simply beyond the imagination of others!

Thinking of the palace girl's eagerness to take herself over, and the proudness of the third princess's face, Wei Yuewu's face could not help showing a smile.

The three princesses thought that they could count it, so that they could see the picture of Yan Huaiyu and her intimacy, but who counted who was not necessarily!

Is that old black-bellied fox casually able to make calculations?

A light smile on the pale cherry lips: "I'm not angry."

"The master is not angry!" Shu Fei was still thinking about how to persuade Yuewu, and when he heard Wei Yuewu say that, he narrowed his eyes for a while.

Looking at the book so surprised but cute, Wei Yuewu couldn't help but laugh out loud: "I'm not angry!"

"The master ... how does it look unhappy?" Yu Yan couldn't help answering from the side, she and Shu Fei just saw the anger of her master and didn't want to say it.

"I'm thinking ... who are those people?" Wei Yuewu shook her head, and looked at the two girls with a smile on her eyes. Only then did she really think that there really was a relationship between Yan Huaiyu and the three princesses. what.

The princess was indeed sent by the third princess, and her behavior at that time also proved the urgency of the third princess. The reason why she was so anxious was that she did not see the scene.

The more the three princesses did this, the more they felt that Weiyuewu would not be able to do anything. Besides, there were a few people who were led by the housekeepers. These people were a little strange!

A heart trembled involuntarily and said to himself: "These people will not be people of the Nanxia Kingdom!"

"Nanxia Kingdom?" Shu Fei was also startled. "No, doesn't Shizi say that his Royal Highness is a few?"

"Unexpected, or accidental ..." Wei Yuewu smiled with a hint, looked at the direction, and re-stepped, this will be a lot of time, it should be almost time to go out hunting.

Sure enough, before walking a few steps, I met an **** who hurried over. It was the Prince's side and said that everyone else was back. Only when the Yue Yue Wu hadn't arrived yet, His Royal Highness was anxious, so he sent someone to look for it.

Wei Yuewu specifically asked: "Are the Kings of the King Yan come back?"

"I've already gone back, and I'm talking to the third princess now, maybe Shizi hasn't found that the Lord of Jingde County is gone!" The inner servant replied implicitly, which means that Yan Huaiyu didn't send someone to find Weiyuewu.

Everyone else found that he was not there, but his husband-in-law didn't find it. This was really a humiliation. The housekeeper was so sensitive that although the Jingde County Lord who had been smiling always saw nothing, his smile was stiff. stand up.

When I returned to the flower hall, I saw that Wen Tianyao had already returned. This would be talking lowly to the three princes on the side.

The three princes' faces looked a little pale, and the whole person was not so spirited. He held his head in one hand and whispered a few words to Wen Tianyao from time to time. In addition, there was nothing wrong with it.

Feeling that Wei Yue Wu appeared at the doorway, Wen Tianyao raised his head casually, and glanced at Wei Yue Wu casually, his eyes were slightly deep, but then his attention was again focused on the three princes, and the two of them whispered.

On the other side of Wen Tianyao, the three princesses were peeling an apple, and they were very careful and careful. The peel was not scattered, and it was only when Wei Yuewu came in.

Ask the palace lady to put the peel in the basin on the side, and she carefully cut the apple into slices in a fruit basin, and then pushed the fruit basin in front of Yan Huaiyu, softly said, "Shizi, look at this Is n't it much easier to use? "

Although her voice is soft, it is not low enough to make the Yue Yue Wu who is walking in hear clearly.

Wei Yue Wu, who was walking by, stopped, and seemed to want to say something, but he slowly moved forward, returned to his place, and sat down.

Then bowed his head silently.

"Thanks to the three princesses!" Yan Huaihuan did not pick up the apple that the third princess handed over, and gently and gently refused.

He has always been elegant and jade, both refusing and looking at ease.

"Shizi, what I told you before, I think about it again. I don't know when Shizi is free. There are some things, I want to ask Shizi specifically!" The three princesses are in a good mood today, and they will laugh more and more Be gentle, but the words are getting more and more people feel that there really is something like that between her and Yan Huaiyu.

Prince Wen Tianyao's eyes narrowed too, looking at this pair of seemingly good-looking dudes, with a deepness in his eyes that others could not explore.

"This matter ... let's talk about it later!" Yan Huaiyu coughed lowly, finally turning her eyes to Weiyue Wu, and said gently, "Is it tired to walk?"

"Slightly!" Wei Yuewu raised her eyes when she heard Yan Huaiyu asked, and smiled slightly.

"Sit in the carriage for a while, you are not in good health, and you are always rest-oriented!" Yan Huaiyu smiled.

"Okay!" Wei Yuewu agreed meekly.

"Shizi's carriage is going to pass? I'm afraid not!" Three princesses frowned, looking worried for Wei Yuewu. "Shizi's carriage is too big. We will have to go a small road in a while, I am afraid Shizi Some carriages don't fit! "

"Then ... I'll ride with you!" Wei Yuewu said rather helplessly.

"Your body can't do anything!" Yan Huai shouted.

"It's better to ride in my carriage. My carriage is much smaller than Shizi's carriage. It just so happened that I was not feeling well for a while, so I just took the carriage with Jingde!"

The three princesses suggested.

The third princess wants to ride a carriage with herself? Wei Yuewu frowned. Speaking, she really didn't want to take a carriage with the three princesses. This one knew that she had no intention at first glance, and she didn't want to be with her here.

"His Royal Highness, can there be a small carriage in Zhuangzi?" She hadn't thought of what to say here, and Yan Huai said lightly to Wen Tianyao.

"There is a carriage, it's really not big. It was originally placed here for women with bad health." Wen Tianyao nodded, "I'll let two people come over for a while."

Wen Tianyao said to the three princesses on the side and said, "Caidie, your carriage is also bigger, and some are not convenient. Let's get on the dedicated carriage in this village!"

"Thank you Brother Huang, but I don't have to worry about it so much. I can use a carriage with Jingde!"
The three princesses smiled.

This was decided to make a carriage with herself, Wei Yuewu sneered, no matter what idea the third princess thought, she would not sit with her.

With her head down, the beautiful Liu Mei twisted silently, indicating her dissatisfaction.

Seeing her expression, Yan Huaiyue almost wanted to laugh. This girl was unwilling, but because she was not convenient to say, she just bitter her face. This is a hint to everyone!

"Three princesses, Wuer's health is not good, and the doctor girl and girl ring who can't be accompanied by her all the better, it is better to let her be a car by herself, so that she will not only be crowded but also smoke the three princesses!" Huai Ling took the tea cup on the table, took a sip elegantly, and refused.

This was what Yan Huaiyue said. Although the three princesses were not satisfied, they could not say anything.

Today, Yan Huaiyu is very good at speaking. Almost everything she says will respond. Unlike in the past, sometimes a few words won't replace him. It is even impossible for him to help him to insert Jin Yi for himself. Agree.

This kind of Yan Huaiyu made the three princesses full of joy. Of course, she would not dare to disobey him. Although she really wanted to sit with Wei Yuewu and then humiliate Wei Yuewu, but in front of Yan Huaiyu Of course, she is of course the generous and decent three princesses, the dignified and virtuous three princesses who can preside over Yan Huaiyu.

Besides, she also prepared Wei Yuewu to refuse here ...

This time when she left the four princesses and came to Yan Huaiyu alone, the third princess felt that she was still very rewarding.

At least this time, Yan Huaiyu seemed to have a lot of interest in himself, and even the departure before Wei Yuewu did not explain it. Although this shows the relationship to Wei Yuewu, it should be superficial. .

It's not really taking her seriously.

Yan Huaiyu must have found that he was more suitable for him than Weiyue Wu. This would be a regret!

Think about it too. What does Yue Yue Wu compare with herself? The three princesses are very confident about this. The Yue Yue Dance can give Yan Huai Yan the benefits, and she can give it herself. I can give the benefits myself.

No matter in which way, he is the most suitable for Yan Huaiyu.

Of course, since this matter has some eyebrows, the three princesses feel that it is more necessary to be quick. The sudden arrival of the messenger of Nanxia Kingdom has made her a little more irritable.

She must make a quick move, and she must allow Yan Huaiyu to marry herself quickly. As for the blocking stones like Weiyuewu, to deal with them directly is to dare to block the way of her three princesses. ready.....

Since Yan Huaiyu said so, and the three princesses did not object, Wen Tianyao prepared two carriages and was about to leave. An inner servant hurried in.

"His Royal Highness, the Four Princesses are here!"

Chapter 829: Bright palace flowers on the carriage roof

What's wrong with Wen Caiye?

The three princesses frowned, and she had set up a bureau, which could at least drag Wen Caiyu for a day, and she and her brother Yan Huaiyu had an eyebrow, and Wen Caiyi was useless again.

But I didn't expect Wen Caiyu to come so fast.

What's more, she hasn't set up here yet ... but since Wen Caiyi is here, she can also adapt to her situation, but she knows that the nature of the four princesses is never possible in a carriage, and Jingde is so immortal. Looks like a carriage.

In fact, it is not just Jingde, but also the Miss Lin at the Yan King's Mansion. This is also the case. People like them are naturally riding carriages.

Anyone who can faint in nothing will not succeed in hunting with everyone!

His gaze hinted that the maiden in the back was the last, the maiden nodded, and retreated quietly ...

"She's late, let her in!" Wen Tianyao said lightly.

"Yes!" The housekeeper retreated respectfully. After a while, the four princesses hurried in. She was well-dressed. She wore a pink dress with a long skirt and was very eye-catching.

"Brother Huang!" She walked in first and gave a gift to Wen Tianyao.

"Exempt! Let's go together. A small carriage is prepared for you outside." The housekeeper beside Wen Tianyao had already ordered another carriage to come over.

"No need, I still like to shoot with the emperor!" Said the four princesses, and then slanted the third princess said, "I'm not the kind of delicate and fragile. It's just a little bit wrong. It blows down like a blow! "

This is not just the three princesses, but also stepped on with Wei Yue Wu.

There was a smile in Wei Yuewu's eyes. The four princesses were not good, but it was just right. There were four princesses. The third princess didn't dare to put too much attention on her body.

"Sister Sister is the Lord of Jingde County?" The third princess didn't know that the fourth princess was talking about her. She looked at the fourth princess with a smile and retorted softly. Know how her body can compare to you. "

She sounded reprimanded, but with a gentle explanation, it was not offensive.

Although the four princesses did not like her, it was not convenient for them to say that she was in front of everyone. This would only be a snorting cry, and then turned her head and ignored her.

The pedestrian then went outside, got on the horse, got on the car.

Wei Yue Wu has the slowest footsteps. When she gets on the bus, the horse in front has rushed out, and even the carriage of the three princesses has slowly started, and she falls on the last one.

The book ordered the carriage to go.

Although the carriage is used in Zhuangzi, the driver is still Yan Feng, which makes Wei Yue Wu feel a little more certain.

I always feel weird today.

The third princess was very surprised to see the fourth princess coming, but then her performance made Wei Yuewu vigilant and she winked at a palace girl behind her.

The maid then retreated quietly.

It can be seen that the maid of the palace left because of the sudden arrival of the fourth princess, and San Gong mainly dealt with the fourth princess.

The four princesses are the parents and daughters of Queen Tu, and they are also the "pro-sisters" of the prince.

But if the calculation is secret, it must not be a trivial matter. Wei Yuewu knows her own family affairs. Compared to these two princesses, she is a cannon fodder.

For a cannon fodder, it is not without danger, but away from danger, and must not become the knife in the hands of the three princesses.

Before, the three princesses cleverly misunderstood the words of the four princesses, saying that they were themselves, and brought the topic to themselves, seemingly casual, it seems that they just transferred the gunpowder smell of the four princesses.

Some understand that even the three princesses are smart.

But in fact, in cooperation with the quietly leaving palace girl, Wei Yuewu does not feel that this is an inadvertent word of the three princesses. The three princesses' heart is not a person who speaks with confidence.

"Master, the carriage of the three princesses stopped!" Shu Fei looked at the carriage in front of the curtain, said.

"Yan Feng, also stopped the carriage!" Wei Yuewu nodded, the person in front had already left, and there was only such a carriage behind her. It seemed that the three princesses were waiting for herself.

"Yes, master!" Yan Feng nodded, slowly passed the carriage, and stopped beside the carriage of the third princess.

The carriage curtains of the three princesses were raised high.

The two court ladies they took got out of the carriage and stood by the carriage.

Yu Yan also raised the curtain for Wei Yue Wu.

Wei Yue Wu sat side by side in the carriage and blessed the three princesses, but it was not her arrogance. Her current status as a gift to the three princesses was enough.

"Jingde, my carriage is slower. Can we change it? I will chase the Emperor to see the Emperor hunting for a while!" The smile looks extremely kind.

"It's all a carriage in Zhuangzi, is there a difference?" Wei Yuewu's face was a little surprised and asked, puzzled.

"It looks like Jingde's carriage should be faster. I just wanted to change it, but it would be troublesome to go back and change it, and it might be said by the emperor!" The three princesses laughed.

"But ... but the carriage of the three princesses looks better!" Wei Yuewu's eyes fell on the roof of the carriage. I don't know when the palace roof was bound with a palace flower. It was extremely beautiful. It is also very conspicuous.

Such a bright palace flower, and such a large flower, even if it is further away, it should be clearly visible!

"It doesn't matter, I still have one here, and I'll tie one to your carriage again and again!" The three princesses also saw Wei Yuewu's eyes moving upward, took a paper to cover her lips, and laughed.

This means that you have to change your carriage anyway!

Wei Yuewu sneered. Although the three princesses were friendly, they were actually very strong. With the scene where she and Yan Huaiyu were just before, she really regarded herself as an abandoned woman.

"This ... let's take this flower off and return it to the three princesses!" Wei Yuewu said hesitantly.

"You're welcome. I'll give this flower to Jingde. If Jingde likes it, I will give you a few more when I enter the palace. Now it's very popular in the palace. This kind of travel can be tied outside. The palace flower, this palace flower is made by people in my palace, and it is a little different from other places! "

The three princesses stood up while talking, then helped the maid to jump off the carriage.

She had already got a carriage here, and Wei Yue Wu was naturally inconvenienced to say anything. She could only help Shu Fei's shoulder to get out of the carriage.

A carriage was changed two times, and the three princesses got on the carriage before Weiyuewu, and then led her away.

She left Weiyuewu standing beside the carriage she left, and narrowed her eyes slightly.

"Master, do the three princesses want to calculate?" Looking at the palace flower on the carriage roof, Shu Fei asked nervously.

It doesn't look like the three princesses really just need to change cars!

"Master, slave-in-law went to take down the palace flower." Yu Yan looked at the palace flower above and felt something wrong.

Wei Yuewu looked up and looked at the palace flower on the roof: "Yan Feng, go up and see if this palace flower can be removed."

In response, Yan Feng jumped onto the carriage, stood upright, reached out to take out the palace flower above, but found that the palace flower had actually been stuck on the carriage roof.

It's not just **** outside, but directly inserted into the roof of the car, and then tied up.

There are a lot of holes in the roof. If you remove it, the whole carriage looks like a broken carriage.

"Master, the car is full of holes. If you take it, it will be indecent!" Yan Feng observed it carefully and jumped off the carriage again to report.

Therefore, this big palace flower cannot be taken down at all.

Wei Yuewu smiled coldly. The three princesses did not want to let themselves take off this big palace flower.

"Come on, let's go!" Wei Yuewu turned lightly.

"Master, let's get on this carriage!" Shu Fei saw Wei Yue Wu really got on the carriage, anxiously.

"Up, why not? Since this is the carriage that the third princess exchanged for us, always go up and sit, otherwise how can the third princess be assured!"

Wei Yuewu's gaze looked at the back of the carriage that had been invisible. She walked fast before, but it seems that she has been so far away since then. It seems that the three princesses are not at ease.

"Let's go!" Wei Yuewu stepped on the carriage first, stepping on the young couple on one side.

Seeing Weiyuewu getting on the carriage, the two girls rings couldn't say anything. They could only follow Weiyuewu to get on the carriage. After they were all settled in the carriage, Yanfeng took the little ones and then turned to Ahead, hopping on the stables, the whip fluttered, and the carriage passed slowly.

In the distance, the carriage of the three princesses also moved forward slowly.

The hunting place is in a forest in front of me. When I got close, I saw Wu Yue Wu's admiration when he saw such a large forest.

When she was in Jiangnan, she rarely saw such a forest.

There were several housekeepers and court ladies beside Lin Zi, the others were gone, and even the carriage of the third princess could not be seen early.

A housekeeper came over and asked clearly, this is the carriage of Weiyuewu, and then let go.

The carriage slowly entered the hunting ground.

It's not blindly trees, forests, and some small sloping grasslands. This will be quite quiet, but if you listen to it, you can still hear the sound of horseshoes and the sound of everyone yelling and drinking. It was just a short distance away, but it was just a moment when I saw the trees blocking my eyes.

"Master, let's not go in!" Yan Feng held the horse and turned to report to Wei Yue Wu Yan in the carriage. He also felt a little uneasy. It seemed that they were in a carriage now.

No more people can be seen around.

Wei Yue Wu raised the curtain and looked outside. There was no one around him, and their carriage seemed extremely small here.

It's really quiet here, but it's also not safe.

"Yan Feng, let's go over there!" Looking at the terrain, Wei Yue Wu pointed to a mound on one side and ordered Yan Feng Road.

"Yes, Master!" Yan Feng looked at the place, nodded secretly, and now respectfully answered.

I didn't expect that although the master was a young lady who couldn't get out of the door and was not in the second place, he had such a vision, which made him admire it.

But the carriage turned around, and Yan Feng shouted sharply, "Who, come out!"

The whip in his hand points directly behind the big tree ...

People in a car are nervous!

Chapter 830: A place with a wide perspective

"Yan Feng, you are so vigilant!" Hehe laughed from behind the tree, a young man with a slightly inclined shirt came out from behind the tree, and leaned on the tree on the side .

Seeing this person, Yan Feng reluctantly lowered his whip in his hand, jumped off the carriage, and directed his respectful hand: "Lin Gongzi!"

Yan Huaiyu's guard Chang Linfang.

Looking at the guard who is the least like a guard, Wei Yuewu is helpless, but a smile on his face can not help but Lin Fang came over, which means that Yan Huaiyu also found anomalies.

"No!" Lin Fang waved his hand, then stood straight forward, and bowed his hands in front of Weiyue Dance: "Shi Zifei, Shi Zi thinks it's not safe here, let you go there to rest!"

Wei Yuewu looked up at the place where he reached out, and smiled more and more.

He actually chose the same place as himself and nodded.

Now that Lin Chiang was there, Wei Yue Wu felt a little relaxed, and after that, the carriage followed the instructions of Lin Fang and slowly went to the hillside over there. At the foot of the hill, Lin Fang stopped. carriage.

"Concubine Shi, the weather is so good. Just go down and let the horse carriage take Yanfeng a few steps!"

What he said was extremely interesting. Not only did the two girls laughed, Wei Yuewu also made a loud noise, helped Shu Fei's shoulder to get out of the carriage, and slowly walked up the small earth slope.

The small soil **** is not too high, and it is quite convenient to walk. There are some sparse trees on the side, blocking most of the sun. It is an excellent place to relax.

Arriving at the top of Xiaotupo, Weiyuewu suddenly found that there was actually a table with two chairs on the side, neither of which was very large, but very delicate.

A large tree opened its canopy, placed the table and chairs under the shade of the tree, and a wind blew across it, making it all the way up. The slightly weary Weiyuewu immediately became much cooler.

"Shi Zifei rests here first, I go down and tell Yan Feng a few words, and then go back to Baozi Shizi!" Lin Fang saw the ground, looked around, and found no abnormalities, and then danced to Weiyue.

"Lin Gongzi, please!" Wei Yuewu smiled slightly, then settled in a chair on one side.

After sitting still, I found that not only it can block the shade, but also an excellent open eye. You can see the scene under the small soil **** among the sparse trees, and you can also see it not far away. Yan Huai's dazzling clothes followed the four princesses next to him.

Even if it was only a distant glance, I could see that the four princesses should always hover in front of Yan Huai's horse.

Turning around and looking down the dirt slope, Lin Fang was walking down the mountain, and the carriage he was riding was stopped at the bottom of the mountain. Yanfeng was sitting on the cart, and the red palace flowers were bright on the top of the carriage. No matter how far apart, some people will see that the color is originally to recruit people ...

"Master, the third princess' flower is very strange! "Yu Yan's eyes also fell on that flower, and she just checked it. There was nothing abnormal, but it would be stranger to see it. It's too dazzling.

But what was wrong was wrong. She couldn't tell another time, she could only remind Wei Yuewu.

"The flower is weird, but you can see it so far away." Wei Yuewu smiled coldly, and her eyes fell on the bright palace flower, her lips slightly hooked.

The third princess used her own carriage, but she did not see her pinning the palace flower.

Needless to say, this meeting is gone!

So this carriage is the only carriage with such a bright signboard!

But why is it so colorful? What do the three princesses want to do ...

Here she is watching the mourning of Gonghua under the mountain, but the four princesses and Yan Huaihan have changed things. Shu Fei was the first to discover that there was something wrong. After watching for a while, she said busily: "Master, look Is something wrong with the four princesses? "

It's not clear what the book actually read.

"What's wrong?" Wei Yuewu moved her eyes back to the position of Yan Huaiyu before, but saw several people getting out of the carriage and surrounding them.

"Slave ... seems to have seen the four princesses fall off the horse!" Shu Fei hesitated. She just didn't have the attention, so she just looked at it, but in fact it wasn't clear whether she had read it wrong.

Of course, the princess' fall can't be talked about.

"Fell?" Wei Yuewu frowned, and something happened to the fourth princess so quickly, which was a little different from her own budget.

"It seems to have fallen, but it seems to be ... not so serious!" Shu Fei saw the crowd spread out, the four princesses stood up with the help of a palace girl, and the horse on the side was still standing aside. As if nothing happened, wipe your head away and go to the grass.

"It's not serious!" Wei Yuewu took a closer look, also said.

However, although it is not serious, it is obviously impossible to hunt with most of them. Wei Yuewu saw the four princesses staying alone, and Wen Tianyao and Yan Huaiyu each went on horses and took the followers to the jungle. Go on.

The four princesses left alone and stood with the two maids.

Like the three princesses, she had brought a lot of court ladies and housekeepers, but when she really came here, she only brought two people.

She seemed to be resting on the side.

Wei Yuewu's eyes turned back to Lin Fang. Lin Fang had already come down the slope, and after a few words with Yanfeng by the carriage, he turned and followed Yan Huaiyu's direction. .

Yan Feng then drove up and down the hillside slowly in a carriage, the curtain fell, and the curtain was slightly raised. Everything was just like when Wei Yuewu left.

"What is Yanfeng doing? Really slipping our carriage!" Seeing the scene down the mountain, Shu Fei laughed with a chuckle. Yanfeng now looks like a master in a carriage, far away. Looking at him, he was driving very steadily, as if the Weiyue dancer who was afraid of reaching the scenic spot of the car, was almost the same as he was driving in the past.

"Yan Feng is ... deliberately!" Yu Yan had a little knowledge of Shu Bifei, looked at the carriage under the mountain, hesitated.

Wei Yue Wu was in a hurry, leaning back on the side of the chair, watching the wind of Yan Feng slowly in the carriage.

Not only did I drive, but I occasionally stopped for a while, and then slowly walked past, this road is getting closer and closer to the four princesses, but the speed is very slow, and I will go back from time to time, every time I go back At the time, Yan Feng would also make a listening ear.

Seems to follow Wei Yuewu's orders in the car.

The four princesses sat under a tree to rest. She did fall before, but the fall was not heavy and did not hurt the bones and bones, but she made a serious look.

This will see everyone leaving, and then coldly asked the maid of the house, "Where did Wen Caidie go?"

I originally decided to come to Zhuangzi for hunting. I had already prepared it there. Where did I think that Wen Caidie was overcast? I did n't know what she had done. She said that she moved the queen mother-in-law and let the queen mother Niangniang kept helping herself to copy Buddhist scriptures and almost made herself unable to get through.

Where is the strength of copying Buddhist scriptures, especially thinking that Wen Caidie may be collaborating with Yan Huaihuan, the four princesses can't calm down, just throw a pen after writing a few words, and then they are sent by the queen mother. Seeing that, the queen mother severely rebuked her for a meal and asked her to punish.

Just when she thought that she wouldn't be able to come by anyway today, things were suddenly different. Someone in the queen queen seemed to come, but the queen queen did not want her to see her, so she sent her back to her house to copy Already.

The four princesses didn't care who the queen queen met. I heard that the queen queen let her go to the palace to copy the Buddhist scriptures, and she was overjoyed.

He kept urging the queen to copy it, and then returned to the palace.

After returning to the palace, changing the clothes prepared early, I sneaked out of the palace. When I saw the third princess, the fourth princess was actually holding back without attacking, otherwise she would be unable to help her towards Wencai. Butterflies caught on that pretentious face.

The queen mother never finds out what Buddhist scriptures she copied. Why do you let yourself copy? Needless to say, it must be the **** of Wen Caidie.

This bitch, like her **** mother, is accustomed to doing some tricks.

Thinking of the ruthlessness, the four princesses hate their itch.

"There are two carriages, one coming from the left, and one coming from the right. The slave thinks that the one on the right is the three princesses." The court lady in charge of Wangfeng reported.

From left to right, the carriages on both sides are driving leisurely, but when the maiden followed the four princesses before, she looked back and saw that the maiden next to the third princess was tying the palace flowers on the roof of the car. The flower should be the carriage of the three princesses.

"Don't you say that the two carriages are the same? Why do you think the one on the right is the slut!" The four princesses were rare and thoughtful and thought about it.

"When the slave walked with the princess before, the people who saw the third princess put a palace flower on the roof, which is the kind that is now prevailing in the palace. It is very big and colorful ..." The palace lady hesitated a little here, slightly awkward.

In fact, when it comes to the origin of this palace flower, there is still an allusion, and this allusion has to do with the emperor in the palace ...

It is said that one day the emperor was tired at the office of Yushufang, so he casually took people out for a walk.

I limped to one place but stopped, because there are large tracts of palace flowers over there, like blooming flowers, which are extremely beautiful. It is exactly when the winter is in depression. .

That night the emperor rested at the concubine of that palace.

Therefore, overnight, this large and bright palace flower was popular in the entire palace.

"On the carriage on the right is Gonghua?" The four princesses groaned.

"Yes!"

"Where is the left?" The four princesses asked again.

"Nothing!" The palace lady shook her head, this is an ordinary carriage, like what she saw before, "It should be the carriage of the emperor of the kingdom of the kingdom!"

Is the carriage of Weiyuewu?

The four princesses suddenly laughed, and there was a hint of viciousness in her eyes. What she was tangling here, whether it was Wen Caidie or Wei Yue Wu, were all the objects she wanted to remove, so why bother who the carriage was.

Anyone can ...

Anyone can do it ...
