

Young Lady 841

Chapter 841: Death of Choryang-gun

"I want to go in and see!" Wei Yuewu reached out and pointed to the door over there.

"The lord ... you ... you still have to go in and see ..." The old man, who would be frightened by the stunnedness, said it for a while and said it was unsatisfactory.

"I want to go in and take a look!" Wei Yuewu gritted her teeth and pressed her heart to roll.

Before she came, she was mentally prepared. At this time, she could n't be dizzy. If she was dizzy, she would only have some scattered pictures. She would never find out what happened in that year.

"You want to go in ..." The old man's upper and lower gums also started to fight.

"Why didn't Niangniu save me at that time?" Wei Yuewu asked with a complex expression, but her hand still pointed in the direction of the door of the temple, and the feeling made the old man think that he really saw Qingyang County Lord that day.

Her eyes were not good, it would be scared and not too light, she had forgotten that the original Qingyang County lord was young and had not looked like the person in front of her.

"The slave didn't know, the slave didn't really know anything. The lord told the slave to go to the maid for help, and the slave went. Whatever the thought of the maid to send someone so late, the lord, it was really not the slave's fault. I told my mother earlier! "The old woman couldn't stand anymore, and" thumped "and knelt down.

It turned out that Qingyang had asked Xian Fei for help before she died, but Xian Fei didn't know if something was wrong, or because of other reasons, she came a little late, and then Qingyang vomited blood and died.

Such a line is slowly strung up.

In the past, the places that I always couldn't figure out and the condensate leaked slowly.

It turned out that Qingyang died this way, and was still missed by his own grandmother. The originally weak Qingyang could survive to that time, or because of herself.

The small hole on the palace wall is more like a place where the younger one would climb into, but why is there no other person beside him, and why does he happen to climb here?

"I'll go and see!" Wei Yuewu said coldly.

"Master, would you like to take a break?" Yu Yan now saw that the situation of Wei Yuewu was not good, and asked lowly.

"No!" Wei Yuewu shook her head and said firmly.

It is very inconvenient for her to enter the palace, and it is even more inconvenient to be able to walk here. The palace will be very quiet. Even if someone spies, it won't spy into it.

It's a great time to search.

With the improvement of your identity, it will be more difficult to make a silent visit in the future.

"You help me over." Wei Yuewu commanded.

"Yes!" Yu Yan reached out and helped Wei Yue Wu, and the other hand carefully put on the pulse of Wei Yue Wu, feeling Wei Yue Wu's heartbeat speed, Yu Yan frowned, but still supported Going to the gate of the palace with Wei Yuewu.

It just slowed down.

The result of tachycardia can cause dizziness, and the master is not very good at first, and it needs to be slightly slower.

Wei Yue Wu was immersed in that lost memory, but she didn't notice her footsteps slowing down. She felt as if the truth was in front of her, and she could find out the cause of the death of Qingyang County Lord .

The missing piece in the memory should be the one that the youngest self cared about the most, but it was too horrified to forget everything.

There are only a few stubborn words that remain stubborn in the depths of their own memories, and have not forgotten at all.

The gate was slowly opened by Yu Yan, and the heavy hall made a heavy opening sound. Looking at everything in the hall, Wei Yuewu's face showed disappointment.

It seems that it is not much different from the ordinary hall.

It still seems that some people are cleaning occasionally, and the dust is not thick, but the whole palace looks inexplicable.

With her eyes closed, Wei Yuewu calmed herself, then opened her eyes and walked slowly to the chair on one side.

That chair is also very common. It is an ordinary Nanmu chair, but Wei Yuewu is sensitive to the difference. She seems to feel that she has been here before, right on the second chair in the right row.

Sitting there, she stretched out her hands and pinched her wrists. The sharp stabbing pain could keep her a little clear, and then she closed her eyes heavily and exhaled.

"Miss, it's fun over there, should you go in and see?" Someone seemed to whisper in his ear.

"I won't go, it's not fun!" Childish distressing voice, needless to say the voice of a very cute child.

"Go, it looks good, and there are many beautiful rabbits in it!" Someone whispered in his ear, and heard that it was also a woman's voice.

"Is it pretty?" The child seemed to be interested.

"Yes, it's beautiful. Would you like to go in and have a look?" The adult was coaxing the child.

"Okay, I'm going, I'm going!" The child's voice leaped, "But ... the door is closed, how can I get in!"

"Little lady, rest assured, there is a small hole over there, and the little lady just crawled in!" A kid with a cunning voice was kidding a childish naive child.

Crawl in, small holes?

Wei Yuewu just felt that the whole human heart was shaking, and a scene appeared inexplicably in front of her.

The very small and cute girl was also gorgeously dressed and was hugging in the arms of a palace girl, and then the palace girl put her down and pointed to a small tunnel at the palace wall.

The **** hole ...

So the little, chubby child lay down with his hands and feet, and fell into the hole ...

"Dance sister, don't go in, don't go in ... don't go in!" There was a rushing voice in the little girl's ears, except that the beautiful rabbit full of thoughts at the time did not care about the call behind her. Climbed into it.

Climbed in from the entrance, then saw the palace in front, and then leaped forward, and giggled in his mouth, "Rabbit, beautiful rabbit!"

At the moment she rushed into the hall, she seemed to be turning back once again. There was a small hole and a person was climbing in. The thin, almost weak girl was only seven or eight years old. Young age.

She seemed to be more difficult to get up than the little girl in front, and there was a touch of red on the corners of her lips.

The little girl didn't understand what it was, and still happily entered the hall, but now the Weiyuewu understood it, and followed her to climb into the cave, Qingyang, at that time should have vomited blood.

It's just the younger self who doesn't understand.

The door of the hall opened ...

Wei Yuewu's hands covered her chest, only to feel that her chest was rolling for a while, and Venus was in chaos in front of her, so that for a while the entire person became conscious.

"Master, master, are you okay? What's wrong with you?" Shu Fei has been carefully watching the situation of Weiyue Wu, seeing the scene in front of her, immediately knowing that it is not good, the urgent voice with a little cry.

Yu Yan also responded quickly, reaching out to pull the gate of Weiyuewu, and pressed it down at a certain point.

The strong tingling sensation made Weiyuewu slowly restore the clarity, settled down, and pressed down the shudder in her heart. Weiyuewu leaned back, and the wide sleeves flung over her head, hiding the paleness. Frightened on his face, Shui eyes closed slowly.

Just at the moment, she thought she was going to faint again, and she was about to vomit blood and faint again!

Someone deceived himself here, but was found by the Qingyang County Lord.

The Qingyang County Master also wanted to prevent himself from entering, but the younger himself did not listen to the advice at all and climbed in. The Qingyang County Master was worried about himself, so he followed.

The hole was too small. I was young, but Qingyang was a little thinner, so I could squeeze in.

As for the other adults, they didn't come in again.

Afterwards, someone should go to Xian Fei for help, but Xian Fei came later, Qing Yang died of vomiting blood, and she died of vomiting blood for her own sake.

This recognition made Weiyuewu tremble all over.

Tears burst out unconsciously, and the wide sleeves covering the face were immediately wet with tears.

It's no wonder that when the three princes saw themselves, their expressions would be so complicated. The Lord of Jingyang knew or played well with himself because the three princes and their mothers voted for themselves, so the three princes also blamed themselves and felt that they had hurt His younger sister has an unclear and unclear attitude towards herself.

It turned out that he was the culprit that caused Qingyang to die.

If it were not for herself, Qingyang would not die.

"Master ... Master, are you okay?" Seeing Wei Yuewu not vomiting blood, Shu Fei was relieved, but she would see Wei Yue Wu unable to control and tremble and cry, and she was afraid again.

Wei Yue Wu shook her head, but remained silent.

The pain and guilt in my heart are like a boundless tide, and waves come up.

If it weren't for herself, Qingyang would definitely not be in trouble. She would still be alive and well. Although her health is not good, the doctors in the palace are so clever. How could she be helpless?

If not yourself, if not yourself ...

As soon as this idea came up, it would be difficult to peel off, so clearly reflected in Wei Yuewu's heart.

The younger sister in the memory, the missing memory was originally because of her heartache, sadness and fear.

"Master, what about the old lady? She's still kneeling outside the hall!" Yu Yan looked at Wei Yue Wu's situation badly, and started to talk openly.

She is a medical girl, knowing that Wei Yuewu is in a state of distress and anxiety. Thinking about it, it is easy to get into trouble. At this time, it is best to open the topic and let the master recover a little.

"Let her come in!" Wei Yuewu settled down, said slowly before half a ring.

Part of the missing memory seems to be really unrecoverable. Now she only knows the results, but some are unclear, so she has to let the old man doubt.

Put down the long sleeves covering the face, and gently wipe the corners of the eyes and tears on the face with a papa.

Even though his eyes were reddish, but his face became cold, no one would deal with a child for no reason. At that time, he was just a child, and no enemy would hate himself so, so it must be directed at his father or his mother.

Wei Yue Wu and this kind of intuition, this matter is more like his mother-in-law.

What has been sealed for so many years should be broken for myself ...

Chapter 842: Pretty rabbit? Skinned rabbit

"I want to see what was in the hall at that time!" There was a cold in the hall, and Wei Yue Wu, who was sitting in the first place, was even more gloomy, inexplicably making people feel a kind of ghostly feeling.

The doors and windows of the hall were tightly closed, with a smell of decay.

Although the sun is just right outside, I can't get here.

"Niangniang ... this ... this ... no more!" The old lady was so frightened that she was incoherent.

"This is our county master!" Shu Fei corrected again.

"Yes ... it's the lord, the rabbit isn't ... gone!" The old woman said anxiously, "the slave didn't know where the skinned rabbits came from, let alone why the lord was locked in Once inside the palace, the slaves ... the slaves got the letter at that time and went to report to the concubines. "

Pretty rabbit? Skinned rabbit?

So, at that time, the younger self should cry and startled, and Qingyang, who climbed in, came in here to appease himself.

Then the palace door was locked, and in front of them were **** rabbits. The two children's faces were scared and pale, and they almost trembled together.

"How many rabbits?" Wei Yuewu asked, looking at this huge palace.

"Xu ... many, but really, regardless of slavery, slavers don't know when there will be so many skinned rabbits here!"

The old woman shook her head vigorously, and said in fright.

Is it all here? Weiyue Mai stood up, covered her chest with her hands, couldn't sit still, and ran out, the whole palace seemed to give her a choking feeling.

This is the scene of my subconscious forgetting ...

What is missing is such a horrible paragraph, not only himself, but also Qingyang, who should be afraid too.

She seemed to see the two little girls hugging tightly together, shivering, or even went to pull the heavy door, but the door was locked, and the two weak children could n't do it at all. Pull away.

Frightened and scared, still at a loss, Qingyang was so frightened that she was afraid that she had started to vomit blood, but was still comforting her younger self.

This time will not be short, and when someone outside rushes in, unlocks the door, and rescues himself, Qingyang can't stand it ...

I do n't know when the three princes are standing outside the main hall.

He looked at Wei Yuewu with a gloomy look, but he didn't speak. He didn't know how long he had been here, and how long he had watched ...

Weiyuewu stood still, suppressing the nausea that appeared in her heart, trying to make herself look calm, but the calmness seemed too pale.

Her delicate little face was pale and without a trace of blood, anyone could see that she was strong.

There was a slight blood stain on the lip, and there was a bite wound.

"Interesting?" The third prince looked at Wei Yuewu slowly, and his face was also dignified and gloomy like never before.

Is this interesting? Wei Yuewu smiled sadly: "I find it very interesting, a missing memory, a buried past. Even if I was a child, I have the right to know the truth!"

"What's the point? Can you awaken people who are no longer there, or make people more comfortable now?" The three princes stared at her unmoved, his face still gloomy.

"Even if the person is gone, shouldn't you avenge her!" That cold face, such weak features, but stubborn and amazing, did not cover up the thoughts in the heart, a pair of bright eyes like a spitfire, With unyieldingness and pride. Such Weiyue dance is strange.

The stranger almost made the three princes think that it was another person.

Always thought that in the hearts of the three princes, Weiyuewu was the shadow of Qingyang, which was also small and skinny, almost like the appearance of Qingyang when he grew up.

But Wei Yue Wu was the direct cause of Qing Yang's death.

This feeling is very complicated. I want to be close, but I do n't want to be close. The three princes have been struggling with Wei Yue Wu for a long time.

But no matter what, he deliberately took Weiyuewu as the master of Qingyang County.

Qingyang is weak, so Weiyuewu is also weak; Qingyang is the most obedient, so Weiyuewu is also the most obedient; Qingyang is well-behaved, so Weiyuewu is also well-behaved ...

But the moon dance in front of the head made the three princes sober consciousness for the first time, although it was also weak, and even at this time it seemed to fall almost at the touch, but the moon

dance was the moon dance, and it was by no means gentle and smooth. Qingyang, stubborn and proud in her bones, that Qingyang does not have.

So Qingyang didn't hate that person in the end.

And don't hate yourself, even if you can't do it, but whenever you think of Qingyang, you will always acquiesce everything, acquiesce everything, just do not want to participate in it, but it does not mean against it ...

But are you really right?

The third prince suddenly felt confused.

"You don't have to take revenge on her, she doesn't need it!" The expression on her face could not help calming down, Jun Mei frowned slightly, watching the Yueyewu half-sing, the three princes slowly said.

"Why doesn't she need it? She or kindness doesn't want others to be sad, but does she really need it? After all these years, she hasn't even had a title, so everything has been buried, but this is right Is she fair? "Wei Yuewu's eyes reddened.

For the younger sister in memory.

Only this younger sister really gave her tender sisterhood.

But she was so gentle and kind that she didn't leave any traces until she died. Everything about her seemed to be wiped out, a county master who was wiped out by everyone.

Even if she is not a princess, she is also the lord of the county, even if she is the daughter of King Bei'an, but since she was raised in the palace, it means that she has never been convicted. Since she was not convicted, why did she die? So obscure, like a reed in the grass, she is also a heavenly girl!

The three princes were silenced by questioning. At this moment, he even felt that he was weak, not even the weak girl in front of him.

It wasn't her who almost fell down but herself.

In terms of mind and judgment, she is even worse than a weak girl in the boudoir, Qingyang, did she really miss her!

"At that time, you were still young, and then you talked nonsense, and fell into a coma for two days. When you woke up, you remember nothing. When you were rescued from the closed palace door, Qingyang couldn't say anything. It's just a spit of blood. "

Thinking of the scene of the day, his heart hurt a lot. He arrived even later. When Qingyang was gone, he was so angry that he wanted to rush out to question the person, but Qingyang held it with his last strength. He closed his sleeve, shook his head, and then closed his eyes and died safely.

At that moment, his distress was incomparable. It was his sister, his only sister.

Since knowing that fact, he has been careful to protect his younger sister. Qingyang's health has always been bad. The doctors also said that she didn't know if she would survive, but no matter what, she had always lived happily before. , And has always survived.

He has always wanted to protect his sister, so that she can live longer and better.

But suddenly, she died, which made him not hurt and how angry.

And all of this can obviously not happen, but it is just because of mistakes, if not for those time, Qingyang will not die.

But she was missed!

The missing person was not someone else, but their own grandmother.

The three princes couldn't accept this fact, and then they rushed into the Yongchen Palace of Yin Fei angrily ...

"I was deceived into it. Someone led me into this palace." Wei Yuewu looked back, looking at the palace in front of her slowly.

Only the confused thoughts, this will slowly sort out.

"After seeing me, Sister Qingyang seemed to want to stop me from going in, but I was too small at that time to be sensible, and I had to climb in through the hole in the palace wall. Sister Qingyang was afraid that something would happen to me, and followed in. The place was very small. Only the two of us could climb into it. Sister Qingyang should have sent someone to rescue the soldiers, but I didn't know why the rescuers had been late, but the gate was locked! "

"Many skinned rabbits were hanging there bloody, and some had their heads broken. I was scared. Sister Qingyang was also scared. Later, Sister Qingyang vomited blood. I was more scared. I went to knock on the door. I went to the door and wanted someone to come and save us, but there has been no one. I waited for a long time, a long time, I thought that there would be no one for a long time! "

Wei Yue Wu's words sounded calm. Calmness is like telling the story of others, but this calmness makes the three princes helpless.

He can imagine how helpless and scared the two girls were at that time, and just wanted someone to save them.

But the person who should come to save them the most, but lost time for other reasons.

And this mistake is Qing Yang's life.

Since then, she no longer has a sister. There is no Qingyang in this world. No one in this palace knows that there is a corner in the palace. She has a county master named Qingyang, and she is not the daughter of the emperor.

She is the daughter of King Bei'an, the master of Qingyang County!

She was the granddaughter of the imperial concubine who once favored it, but the king of Bei'an rebelled and the imperial concubine was imprisoned early, but this does not mean that the concubine has no freedom of movement.

His grandmother has never been a person who confessed his fate. Not only was he not confessed, but a woman who had an early plan, but this woman killed her own sister.

Every time I think of this, the three princes feel sad.

He did n't even think about it, he did n't dare to think about it, he did n't want to think about it.

"Three princes, I don't care what you think, I want to know what happened in the first place, why didn't Xianfei come to rescue Sister Qingyang earlier? Sister Qingyang sent her an early letter. As for the others, I will Check, even if the three princes don't want to find out, I will also be fair to Sister Qingyang."
"

"In terms of character, Sister Qingyang is a well-deserved princess. As for the third and fourth princesses, do they deserve it! I will correct the name of Sister Qingyang!"

With hot words from the mouth of the weak girl, but the inexplicable three princes believed it!

Later, it turned out that the fragile young girl who stepped out of the deep boudoir deserved these few words and she did it ...

Chapter 843: Explain doubts

The three princes left alone.

In the face of this fragile girl, she almost left in frustration.

In the past, he always thought he was strong and knew many secrets. He felt that he could face many things calmly, but at this moment, he felt ashamed.

There is even a feeling that is not as good as a weak girl in a boudoir.

Are you really wrong?

Am I thinking wrong?

Qingyang died because of the mistaken time, and the missing person was his grandmother, which left him speechless, not to mention that when he arrived at Yongchen Palace, he saw that his grandmother's barnyard had left. .

The cause and effect were linked in this way, and although he still could not accept it, there was nothing he could do.

Royal power, is it really that important? It is important to ignore the lives of those close to him. He even feels disgusted with this imperial power. It is because of this imperial power that their family is torn apart. Everyone knows that he is the third prince of the royal family.

But he did not know that he was the son of King Beian, and that the only son of King Beian.

When he knew his own life, he was shocked. He always thought his father was the emperor, but his father was not the one in Yushufang, but the king of Bei'an.

And all this just stems from a suspicion, a suspicion that has not yet been verified.

But now it seems that this suspicion is not in himself, but in Qingyang, but Qingyang is so innocent that he was originally carrying a sick and weak body, and in the end became a weapon to use.

After death, it was even more unknown!

He is ashamed of his own sister and Qingyang, he is not even as good as Wei Yuewu among the deep girlfriends ...

Wei Yuewu stood still, watching the three princes turn around and strode away, her eyes would be very clear, and she saw the reddish eyes and red eyes of the three princes hurriedly turning around. stand up.

"Master, are you all right?" Shu Fei asked with concern.

"I'm okay!" Wei Yuewu shook her head, reached for a parchment and gently wiped it at the corner of her eyes, removing the tears that did not know when to hang.

"Bring the old lady over!" She said, rather tired.

"Master, would you like to take a break? Your body may not be able to stand it!" Yu Yan said hurriedly, and she had been paying attention to Wei Yuewu's expression, for fear that she might be a little wrong.

With just a few emotions, Wei Yue Wu really felt tired, very tired, and almost all tired.

The deep feeling of exhaustion was almost revealed from the bottom of my heart and spread to the whole body.

But she also knew that at this time, it was the best time. Old lady would take care of herself, and she might not have such an opportunity next time.

"No problem, bring it here!" Wei Yuewu shook her head.

"Master, then take a rest here." Seeing her insistence, Shu Fei looked around and pointed to a pavilion outside the hall.

"Okay!" Wei Yuewu nodded, she also knew that she was really tired and could restrain herself from passing out. It was the ultimate.

Originally asked in the hall, the effect would be better, but she knew that she couldn't resist. The hall had an influence on the old man, and it did not affect her. Some strange and disgusting pieces made her almost choking in it.

She knew it was the scariest feeling from the heart of the little Weiyuewu.

It was the memory she had lost most that scared her. That memory, she would rather no longer remember.

Imagine how vicious a person who could do such a thing to two young children. Not even two little children are spared.

Yu Yan helped Wei Yue Wu to sit at the pavilion against the fence, and Shu Fei went inside and brought the old man out.

Illuminated by the sun outside, the old man seemed to slow down. He narrowed his eyes and watched Weiyuewu secretly, his expression was very surprised.

"Say, what's going on with the Lord of Qingyang County?" Wei Yuewu lowered her head slightly, rubbing her eyebrows, and asked coldly.

"You ... you are not the county owner!" This was not a question, but affirmation.

The old lady came back to me, and found that the person in front of her was not the Qingyang County Lord who was mistakenly thought in her confusion, and not to mention that the Qingyang County Lord had died. Even if she was alive, it might not be the current one. .

"Our master is the master of Jingde County!" Shu Fei grunted.

"The Lord of Jingde County!" The old lady was a little dazed. She lived here every day, and she was very old, and she didn't see much of it.

"Do you still remember Miss Liu of Houyang Houfu? Miss Wei Liu who was locked in this hall with the master of Qingyang County at the beginning?" Wei Yuewu raised her head and looked at the old man coldly. Word of the word.

The old lady who said this was a moment, but as she became nervous, she suddenly remembered that she had met the young lady.

"I wasn't dead at the beginning, but Qingyang was dead. Do you really stay in this palace? Didn't you really find out who brought me here?" Wei Yuewu's eyes were a little suffocated. .

That kind of suffocation is almost impossible to appear in the eyes of the lady, but it will be clearly displayed in the eyes of Weiyue Wu, and the old lady only got a glance, and her heart became cold.

"Slave ... Slave didn't know, Slave didn't know anything!" Lao Lai lowered her head quickly, avoiding the pair of Weiyue dance as if piercing the water eyes in her heart, Nana said.

"Do you know nothing?" Wei Yuewu sneered coldly. "In such a big incident, the Qingyang County Master even died because of this, but you are all right. Are you sure you really don't know anything? ? "

This remark was almost direct in his heart. The old uncle rushed into his heart and hurriedly argued, "Slaves really don't know anything, just because they don't know anything, so no one punishes slaves, and no one thinks that slaves are wrong. The slaves had already hurriedly sought out the concubines. "

"Mrs. Xianfei could still move freely at that time?" Wei Yuewu asked with a flick of her finger on the table.

Since the outbreak of the Bei'an rebellion, Xian Fei has been locked up, and it has been for many years. It is said that the Xian Fei is still locked, but it is unknown where it is.

Even Yan Huaiying's men did not find out the truth of the facts.

Just say that this concubine may be alive.

"It was true that Niangniang couldn't move freely at the time, but she could go to the emperor and ask the emperor to send someone over to save the county lord." The old lady said.

Wei Yue Wu's long eyelashes flickered twice, and there was a shock in her eyes, the emperor?

The emperor was the mother-in-law's biological son. Wang Bei'an almost snatched the position of the emperor. It was really an accident that the emperor could help the enemy's mother.

Speaking of the emperor, Wei Yue Wu really didn't understand.

He raised the son and daughter of his brother who wanted to take over his throne, and did not seem to ignore his mother-in-law, which really surprised Wei Yuewu.

"Then why did you lose time in the end?"

"The slave-in-law went to the lady-in-law, but the lady-in-law was sick and the chaos in the Yongchen Palace was chaotic. It took a long time for the slave-in-law to find a maiden who could go in and talk with the lady-in-law. I heard that the Empress Dowager sent someone to rebuke, and to confine Xianyin to another palace, saying that it was necessary to take the person directly, so that between three and two, until the final letter was passed to the emperor It's too late! "

Old Martyr.

"The queen mother rebuked Xian Fei at that time, and then she was brought to another palace to be locked up?" There seemed to be many things in it, but it was very chaotic. What to say, in this case, Wei Yuewu believes that she is telling the truth.

"Yes, so it's no wonder that this lady is a virtuous concubine. Madam, she can't help it!" The old sigh sighed.

Wei Yue Wu did not speak.

Is Xianxian now? Almost everyone in the palace does n't know. The reason is that the queen queen took people away?

But even if you take it away, you should n't know life or death!

"The emperor didn't decide to bring people back later?" Wei Yuewu always felt that some of them could not be explained.

"I don't know ... but ... but I heard ..." Old Hesitated.

"Say!" Wei Yuewu said calmly, and she was completely calm now.

"I heard that the emperor and the queen mother quarreled again because of the lord of Qingyang County. It is said that it seems that the queen mother did not let the emperor see the concubine, and said that the matter of the concubine is a matter of the harem. The news came from the Queen Mother's Jingchen Palace, and the slaves did not know whether or not they were allowed. After that ... slaves never heard of the concubine again! "

The old man still spoke out.

The Wei Yue dance that this said is getting more and more unexpected.

The emperor and the queen mother will quarrel over the matter of the concubine. Seeing the queen mother means that she does not want the emperor to interfere with the concubine, but why does the emperor interfere with the concubine?

It's just an ex-emperor's concubine, even if she's once again flattered!

How could it cause the emperor to quarrel with her queen mother.

But such things are secrets of the palace, and they are not known to anyone.

"The Lord of Qingyang County, why didn't you mourn it? You died like that? You don't even have a name?" Since the old lady couldn't know anything about this, Weiyue danced around and asked Qingyang County. Lord's business.

No matter how the Qingyang County Lord is also a County Lord, why he died silently.

"This ... this slave is just hearing ..." The old woman hesitated more and more. The Jingde County Lord's question in front of her seemed to be scattered, but each sentence had a different meaning. , More sophisticated and deeper than the average palace princess, such a woman, there is only one old wife, but unexpectedly this will actually see another.

And younger and weaker than the previous one ...

The old lady didn't know how to deal with it for a while. After thinking about it, he hesitated. There were rumors that she really didn't know if it was true.

But if you do n't say it, you 're afraid of Wei Yuewu 's suspicion. If the girl in front of you is the same as the girl at the beginning, she 's better to be honest.

"Say it!"

Wei Yue Wu said coldly.

Chapter 844: Hidden, Royal Tomb

"I heard that the death of Seungyang-gun is unknown, and the method of death is unknown, so it will be criticized, so ... so I will not be mourned, and buried!"

"Where is it buried?"

"There is a place in this palace where some royal people are buried." The old man bit his head arrogantly. "But the slaves only heard of such a place, but have never seen it."

These palace secrets have always been spread, but the old lady has never seen it.

Wei Yue Wu was shocked. Which of the royal people is not so honorable, why would he not be mourned? Listen to this meaning, and there is more than one. What kind of secrets does the royal family of Zhongshan have?

"A lot of this rumor?"

"It was ... when the slaves entered the palace, there were a lot of transmissions, but then they did n't pass on. Until now, basically no one talked about it, or the slaves were here alone, and no one came, so I didn't hear it. Old Lao smiled bitterly.

She has lived alone in this remote palace and a deserted palace for many years.

In fact, the location here is not too biased, but everyone seems to have forgotten this palace.

Someone used to come here from time to time, but since the incident that struck Qingyang County Master, it has almost disappeared.

"When was this rumor the most?" Wei Yuewu didn't care about Laoyu's self-deprecating self, and it wasn't that Laoyu lived far away, so no one had heard of it, but now there is no one in the palace This issue.

Wei Yuewu never knew this kind of appalling words.

That is, some people have suppressed the rumors. Since the old man heard it before, then there was a period in which relatively speaking was the most. When was that time?

"This ... this should be when the slave enters the palace!" The old lady thought for a while, not quite sure, the time passed so long that she couldn't remember it for a moment.

"When you entered the palace, it was about several decades, right?" Wei Yuewu looked up and down and asked the old lady.

"Yes, slaves have been in the palace for almost fifty years!" The old sister coughed lowly, exhaling a long breath, and said involuntarily, "In fact, slaves had waited for the concubines."

"Have you ever served Xianxian?" Wei Yuewu moved her heart.

"Yes, the slaver had served the concubine before. The concubine was the emperor's favorite concubine at that time, and she was very fond of it, but then the concubine was driven away by the concubine." The old lady lowered her head. .

"Xian Fei is ... what kind of person?" Wei Yuewu looked at the old lady unexpectedly and asked softly.

The world-famous, concubine who is famous all over the world is really curious about Wei Yue Wu. She will also remember the high-rise building that looked at fireworks in New Years and Thirties. But the building has not been completed in the end, she is almost sure now.

That was made by the Emperor Xianxian.

After the incident of King Bei'an, Xian Fei was detained along with it. At that time, it was said that there were several pet concubines detained, but I am afraid they are all cannon fodder.

The emperor was just trying to hide the position of Xianfei in her heart.

Of these, she has found out some clues from some spy reports that Yan Huaiyuan has shown to her. This will only confirm this point if she is old.

Xian Fei, who is it? You can let Xianhuang do this for her!

But at the same time, I felt sad for her. Even if this was the case, when the emperor died, she fell into the hands of the old rival Queen Mother Queen. Think about the concubine's son almost robbing the

Queen Mother Queen 's son. At this point, Wei Yuewu believes that the queen mother-in-law will never stay.

Women's jealousy can sometimes upend everything!

Survival, the winner is the winner!

Obviously, Xian Fei was just a pet for a while, and now she has come to an end without knowing her life. Even her only granddaughter died, she has dealt with it hastily.

"Niangniang is a clever person, a very clever person, a beautiful person, and the slave has hardly seen a woman so beautiful and so smart!" The old lady listened, thinking for a long time this time, But it is still summarized in a few words.

It was almost all praise.

Wei Yue Wu looked at the old admirer with a look of wonder, and could see the enthusiasm on her face.

Letting a subordinate be able to say such words after so long, this virtuous concubine is really not just beautiful.

"The most beautiful woman in this palace is the beauty!" Wei Yuewu's words faintly exit, with a slight contempt.

Regarding Wei Yuewu's contempt, the old woman's face flushed, and her voice was not consciously exaggerated: "How can the county master say such things? The most important thing in the palace is the beauty, but it can be like a maiden It 's still rare, and so is the so-called all over the country. Anyone who first sees his mother will be stunning, and she is so smart! "

"Mrs. Concubine is amazing?"

Wei Yue Wu raised her eyebrows.

"Yes, anyone who sees a maiden will be amazed. Even if there is no shortage of beauties in this palace, who is as beautiful as a maiden?" The old lady thought Wei Yue Wu did not believe it, and praised him. Two sentences.

Seeing that she was dissatisfied with Wei Yuewu's words.

Seeing the expression of Lao Yun, Wei Yue Wu laughed uncontrollably, and Xian Fei still had such a fanatical supporter, which was really an accident.

However, Xian Fei is a beautiful lady who should be true. Otherwise, it would not be possible for the emperor to be so favored, and after the incident of King Bei'an, she just locked her in her palace.

"When you entered the palace, it was just when the rumors were flourishing. Was there only such a few words?" Wei Yue danced and turned back.

"It is said that there are some royal children who will be buried in a certain place in the palace. These people are not buried, or because of this or that, the slaves just listen to people to pass on this. But where is this place, slaves do not Yes, the people who pass it don't know! "

Seeing Wei Yue Wu no longer despise Xian Fei, the old lady returned to her previous appearance, and was quite confused.

"When did the rumors start to fade?" The words were unclear, Wei Yuewu could hardly hear anything useful, and simply asked in a different direction.

"It should be ... it should be before and after the concubine gave birth to a child, the rumors are getting less and less! The slaves are still waiting for the maiden, and the rumors heard are still quite a lot, but then they are less, only for a long time Slaves didn't know whether the concubine was born before or after she gave birth. "The old lady thought a little longer this time, obviously she was not quite sure.

"When Xian Fei gave birth to King Bei'an?" Wei Yuewu stared at Lao's face and asked again.

"It should be this time, but in fact slaves really can't remember!" Laozhu rubbed her forehead.

"After that, the rumors slowly disappeared, and the statement about a royal cemetery in the palace disappeared?" Wei Yuewu confirmed again.

"Yes, it's almost gone after that!" The old lady nodded.

Wei Yuewu frowned slightly, feeling that there must be some secrets in it, but she herself would have received too little information, and she still had no rumors to know whether it was true or not, so she could n't really judge for a while.

"There are some stories from time to time, but in the end it's all gone!" The old lady said sincerely.

"Don't you hate Yinxian for driving you out of her palace?" After asking for a while, she couldn't ask any more. Wei Yuewu looked at the old lady a few times and asked again.

The question was very peaceful, almost as usual, and the old sister relaxed her face. After thinking about it, she smiled bitterly: "The slave didn't hate the mother-in-law. The mother-in-law was a good person. What the slave-women committed was almost a death sentence. However, the mother-in-law just drove me out of her palace, and repeatedly asked the emperor to leave my life, saying that she and I would be the masters and the servants. "

Therefore, even after being kicked out, the old lady still misses the concubine's friendship, and speaking of the concubine is an expression of enthusiasm.

Wei Yuewu had to sigh that this concubine is indeed a clever man like Lao Chen said, and it should be extremely clever. Even if she falls early, in the heart of ordinary palace people, she is still a Lord of worship.

All the way back to the Tai Hospital, Wei Yuewu did not speak, and did not meet a few palace people on the way.

The consequences of the incidents of the three princesses and the fourth princess are so serious that everyone in the palace is in danger and no one dares to arrogantly, especially the Jingde County Lord who is still at the center of the incident.

This man just woke up, the cause was still assassinated.

Although the assassin was not found, everyone faintly felt that the third princess was more likely.

But no matter what, the Jingde County master is now synonymous with difficulty, the main reason is that she is now the concubine of the King of the Swallow King.

Seeing the dominance of the palace maids and housekeepers, Weiyuewu knew what they were thinking.

However, she would be full of heart, and she had no intention to pay attention to them. Since they didn't take the initiative and saw themselves far away, she saved a lot of trouble.

She always wondered what kind of person Yin Xian was.

Although this person has nothing to do with her, no matter whether she is the third prince or the master of Qingyang County, she has a great connection with her. What kind of woman is she?

"Master, Miss Four!" Shu Fei suddenly reminded Rawei Yuewu's sleeve.

Weiyuewu stopped and looked at the gate.

At the gate of Taiji Hospital, Wei Qiufu stood there with a few girls.

"Let's go and take a look!" Wei Yuewu said faintly. Although Wei Qiufu appeared unexpectedly, Wei Yuewu was not too surprised to think about it.

Wei Qiufu was never stupid.

Or not only stupid, but also extremely clever. Is this the time to come because of that? Think about yourself and Wei Qiufu have been missing for a while, but look at Wei Qiufu, it looks good in the second prince's house.

Wei Yuewu walked up slowly, as if she hadn't seen Wei Qiufu, and she had to stand in front of Wei Qiufu, only to see that Wei Qiufu didn't speak.

Wei Qiufu gritted his teeth and saluted respectfully: "I've seen Princess Yanshi!"

"You don't need to be polite!" Wei Yuewu waved her hands, said calmly, "I don't know what can happen to me when she finds me?"

"There are ... something about the three princesses!" The status and status were so different that Wei Qiufu had to bow her head.

"The matter of the three princesses has nothing to do with me. If you have any grievances, you can tell your queen mother-in-law!" Wei Yuewu had a smile on her face, but the smile was very pale and almost invisible.

Wei Qiufu was really looking for someone, but she found her own head ...

Chapter 845: Prince does not let out of the palace

"But this matter is related to the concubine of the world!" Wei Qiufu said solemnly.

"It doesn't matter! As far as I am concerned about Yandi, Shizi will deal with it!" Wei Yuewu stared at Wei Qiufu's face with a touch of taunt.

Actually just walked inside like this.

Wei Qiufu was originally blocking her way, but she would have to make concessions. She watched Wei Yuewu take people, raised her yard upright, and then the yard doors closed, leaving her unrelenting. Outside the door.

Not far away, several maids passed by, and when they saw the scene in front of them, they were immediately surprised. Someone stood in the distance and gave pointers, while others made a low fringe.

All this made Wei Qiufu feel ashamed.

Gritting his teeth, he whispered to his girl ring: "Go!"

Then he turned away and raged away.

"Master, what does Miss Four want to do?" Shu Fei was strange for Wei Qiufu's inexplicable appearance here.

The four ladies desperately wanted to harm their own master and ended up in the second prince's house, and she was still a concubine, which must be dissatisfied.

The people in Houfu County of Huayang all know that Miss Four is thinking of the Crown Prince of the East Prince, and the second concubine's side concubine is too far away in status or power. satisfaction.

But this is also the result of the four ladies' self-reliance.

If it weren't for her repeated plotting of her own owner, how could she have reached where she is now.

"I found someone secretly counting her!" Wei Yuewu entered the room, smiled slightly, and sat down.

Shu Fei stepped forward and poured her a cup of tea.

Wei Yuewu took it, took a sip, and calmed down. She would still be full of virtuous concubines. She was not interested in the tricks played by the second prince.

The three princesses and Tu Zhaoyi seem to be in a situation of loss. It seems that anyone can step on it, but in fact, it is not true that anyone can step on it.

At this opportunity, Wei Qiufu planned to rise by the third princess, but she really didn't want her to rise here.

Although the third princess is not so good, but how is Wei Qiufu good.

Wei Qiufu wants to lend a hand, she also has to ask herself whether to agree to borrow.

"It was the matter of the three princesses before. Someone deliberately caused the two court ladies to push the matter onto the second concubine's side concubine. If the trouble comes out, this second concubine will not be able to eat it."

Yu Yan also figured out Wei Qiufu's identity at this meeting, and thought about Wei Yue's dance.

"Don't worry about her." Wei Yuewu smiled coldly before she came in directly, ignoring Wei Qiufu's attitude.

"Yes, master, when are we going back?" The two girls ring nodded, and Shu Fei asked again.

"Come out and let Shizi come to pick us up today!" Now that I have already checked the matter I want to check, I can't check it again, Wei Yuewu thinks it is better to go out.

In the palace, it will become more boring because of the three princesses and Tu Zhaoyi, and there is no benefit to staying here, simply return to the hospital to nourish.

"Yes, the slaves know!" The book uttered.

Wei Yue Wu is preparing to return to her home here, and Yan Huai Yan plans to do the same. Before Wei Yue Wu sends news, Yan Huai Yan enters the palace again.

He went to Prince Tian Wenwen.

There are no heads in the palace. Only the prince is a well-intentioned prison nation. Of course, he must be found.

Helpless, he didn't actually see the prince. The people in the East Palace said that the prince was busy going to the Royal Study Room to preside over the affairs, and he didn't have time to meet him.

Originally, this was a good thing. Regarding the harem and even the women in this world, the queen mother can manage it, but it happened today. The queen Tu was punished with the four princesses. This will still kneel on the queen mother In front of the palace door, this will let her how to govern.

Yan Huaiyan thought for a moment, and realized that this was Wen Tianyao's evasion. She simply didn't go to see Tu, and Shi Shiran went to Tai Tai Hospital.

Weiyuewu took a break this time. She was much better than before. She was tidying up her clothes. According to her calculations, if Yan Huaiyu came to pick her up, she would just be out of the house.

Seeing Yan Huaiyu coming, Wei Yue Wu couldn't wait to order Shu Fei and Yu Yan.

Yan Huaiyu smiled leisurely: "Wuer is going out of the house!"

"Staying in this palace ... but it's really surprising!" Wei Yuewu smiled delicately, she knew that Yan Huaiyu must have got news here.

The three princesses and Tu Zhaoyi's move was too big and the impact was really bad.

"Let's go!" Yan Huaiyu nodded, and didn't talk to Wei Yuewu about Wen Tianyao's intentional embarrassment on his part, and asked the housekeeper he brought to help the two girls.

Weiyuewu just came one day. In fact, there is nothing to do. The main thing is to talk to the doctor at Taiji Hospital.

The book that wanted to talk to the doctor right away came in bitterly.

"What's going on?" Wei Yuewu instinctively asked something, wondering.

Yan Huaihuan leaned against the chaise stick in front of the window, one page at a time turned over the book read before Wei Yue Wu, without even lifting his head.

"Master, the doctor is not here!" Shu Feidao said, and she ran away several places without finding the doctor.

"Where's the associate doctor?" Wei Yuewu asked for a moment, subconsciously.

"Not here!" Shu Feidao said.

"Is there any doctor who is in charge or on duty?" Wei Yuewu became more and more surprised.

"It doesn't seem to be," Shu Fei said quietly.

"How can it be? There is no such thing as a prince in this hospital!" Even Yuyan heard something wrong and said in a low voice.

"Also ... really not!" Shu Fei said dully.

"What have you all done?" Wei Yuewu Shui blinked, and looked at Yan Huaihuan who was calm as if nothing had anything to do with him, quite skeptical.

This one is too calm today!

"The injuries before the three princesses were very serious. Although the queen mother-in-law caused the third princess to be locked up, the injuries on her face could not be cured, so the entire Tai hospital hospital was on duty." Shu Fei also felt this. The reason is weird, but since Wei Yue Wu asked, this reason, which is not like a reason, had to come up with it.

Is this all right?

Wei Yue Wu has a feeling of anger and funny, and the reason for this is really rough.

No matter how you look at it, it feels fake.

But the reason for reading the book is not helpless, this reason is still true.

"Wuer, it seems that the prince has no intention of letting you go out of the house!" Yan Huaihuan listened to it, raising her beautiful eyes, watching Wei Yuewu smile with a smile.

"What did he leave me to do?" Wei Yuewu was startled.

"Naturally, it is because the matter of the third princess is not over. Wuer did not forget that the prince has always been different to the third princess. Even the fourth princess cannot share a little brother's love from the third princess."

Yan Huaiyu raised an eyebrow, put down the book in his hand, and said lazily.

Of course, there is another possibility. Yan Huaihuan didn't feel that he needed to tell Wuer that his little fox could take care of himself. The others were outsiders, or he was far away from his own little fox.

Even if the prince and Wuer have some blood relationship, but what?

Wuer's future life will be accompanied by herself, and she is her closest person.

The Prince's own internal affairs were not handled well, and how could he protect the dancers. Moreover, he was also not well-known and unspeakable.

Wei Yue Wu was silent, remembering that when he first met, Wen Tianyao defended the three princesses, and then became dark for a while, but then smiled bitterly, the third and fourth princesses must be his sisters.

In his mind, those two were his sisters, and after all, he was just a stranger.

Or it can be said to be a strange relative!

He is also excusable considering his own sister.

"I want to go back to my home!" A heartache, feeling more and more aggrieved, raised a pair of watery bright eyes, looked at Yan Huaiyu, bit his lip.

She doesn't want to think about this kind of thing, and she doesn't want to see this kind of thing. If she doesn't know, she doesn't care, but now she knows that she saw Wen Tianyao as someone else's sister, but she didn't care about her. The heart of love is still painful.

Although this kind of thing is not the fault of anyone, if you want to blame, it seems to blame your father.

But sometimes there are things that are not right or wrong. Wei Yuewu can understand emotionally, but the mood is really unacceptable.

"Wuer want to go back, then go!" Weihuai Wu looked at her with a grieving look on her face, Yan Huaihuan was still full of joy.

I feel that my position in Wuer's heart is not only a little bit or two higher than Wen Tianyao. Of course, after marrying a brother, of course, he cannot be higher than his husband-in-law.

Yan Huaiyu thinks so, and he is absolutely right.

"How can I go back without leaving without saying a word!" Wei Yuewu said pitifully.

Yan Huaiyuan stood up with a smile, walked to Wei Yuewu's body, and reached out and touched her hair: "Dance assured, everything is mine, you just pack things, and we'll go after we finish!"

"After we can go?" Wei Yuewu asked doubtfully.

"Of course I can go, isn't it OK for my dancers not to live in the palace?" Yan Huaiyu laughed in a good mood.

"Then we can go now!" Wei Yuewu stood up and made a look of leaving, while looking at Yan Huaiyu with her eyes.

"Let's go!" Yan Huaiyuan raised her eyebrows gracefully.

"I'm really gone!" Wei Yuewu took a few more steps and looked back at Yan Huai, saying that this evil will not come true!

This is the imperial palace. It is not a place where anyone can come.

"Let's go, Wuer, step by step, do you really want to live in this palace? Even if Wuer is willing, I am also unwilling to go away!"

Yan Huai laughed and laughed, strode forward, reached out and held Wei Yuewu's waistline, took her a few steps directly, this step was a little big, holding Wei Yuewu out of the house door.

The two girls looked at each other and kept up with saluting.

A group of people left the gate of Taiji Hospital and went directly to the gate of the palace without stopping.

Seeing this frame is really going out of the palace door.

Wen Tianyao heard the news and threw down the book in his hands severely, and led someone to come and stop at the gate of the palace ...

Chapter 846: Call from the Queen Mother

"Shizi, but want to leave the palace?" At the gate of the palace, Wen Tianyao stood there with a gloomy face.

"Exactly!" As if Yan Huaiyu didn't see the anger on Wen Tianyao's face, he did not hesitate to salute, and smiled gently.

Wei Yue danced well, stood aside, looked at Wen Tianyao and looked at Yan Huaiyu, Liu Mei could not help but wrinkled slightly, but did not speak, always felt that the gas field between the two of them was wrong.

There seemed to be an unfriendly atmosphere flowing between the two people. Wei Yuewu could not tell the reason for a moment, so wait and see them both.

"Shizi, if you return to your hometown, please do it yourself, but Jingde's affairs remain unidentified as long as you stay in the palace!" Wen Tianyao's eyes smoothed over Wei Yuewu's face, said.

Yan Huai flung her sleeves lazily, the words were still gentle, but somehow gave a strange and publicity: "His Royal Highness, Wuer is a victim. It is scary to stay in the palace. If anyone Don't let go of her, and then fight her, I'm afraid that Wuer can't deal with it in the palace at all! "

"No!" Wen Tianyao shook his head and said solemnly, "Jingde's body has not been found out yet, and things have not been settled. It is more convenient to always stay in the palace!"

"Her Royal Highness, when I was outside the palace, I heard rumors that Wuer had malicious intentions and framed the three princesses. If I stay in the palace again, I am afraid that such rumors will be more, and Wuer also said, Someone had disturbed her early in the morning. Her body was mainly rested. This palace is really not quiet! "

Yan Huaiyong raised an eyebrow, said in a hurry.

Wen Tianyao certainly knew about the so-called early morning, and other things. When asked by Yan Huaiyu, his brows frowned. The matter of the three princesses and Tu Zhaoyi is now not only in the palace, but also I knew it outside the palace, and it was a real shame.

"His Royal Highness, Wuer's health is not good. Even the queen and maiden in the palace have been reprimanded. Wuer has a lot of inconvenience and may even be disturbed repeatedly. Therefore, it is better to return to her home for recuperation. You can send someone to the King's Palace, and I will cooperate fully with Wuer! "

Yan Huaiyuan said when Wen Tianyao stopped talking.

After listening to this, Wen Tianyao thought for a long time and sighed. He leaned to the side and waved his hand: "Shizi take Jingde back, but things are not over yet, I will send someone to ask! "

"But by His Royal Highness' order!" Yan Huai nodded, stretched out his hand and held Wei Yuewu's hand, and then walked away in Wen Tianyao's tightly frowning brow.

In this scene, Wei Yuewu really can't understand, but what's more, the enchanting world son seems to be in a very good mood today.

After getting on the carriage, she didn't mean to let go at all. She simply curled her slim waist and fell directly on the couch on one side, smiling.

"But what's the joy?" Wei Yuewu looked blank.

"Daughter is not happy about the three princesses and Tu Zhaoyi?" Of course, Yan Huaihuan couldn't let Wei Yuewu find out that he was only happy to win Wen Tianyao by one round. Wen Tianyao wanted to detain Wuer, Don't even think about it, Wuer is her own. Even her relatives have to give way.

He gave a low cough and broke the conversation.

"Of course I'm happy, but the three princesses and Tu Zhaoyi are not the kind of people who can easily admit defeat!" Wei Yuewu smiled slightly, and when she talked about it, she was really relieved.

Queen Tu's letter was of course sent by her.

Yan Huaiyu once told her that there were still people from Yandi in this palace.

When she learned that Tu Zhaoyi and the three princesses were acting, the purpose was to push the blame on the four princesses. Queen Tu refused to stop, but she was also confined, and she sent a message to the four princesses.

Compared to the four princesses who have always been lawless, it is not uncommon to run out of order occasionally.

So there was the scene where the four princesses found the third princess from Tu Zhaoyi's palace. Of course, all of this began with the first two princesses sent by the third princess and Tu Zhaoyi, and the two princesses who wanted to pull the moon dance.

With the three princesses' temperament, Wei Yuewu believes that she is definitely not the kind of person who will break herself.

"What if they don't admit defeat! The emperor is sick!" Yan Huaiyu reached out and touched the hair of Wei Yuewu, smiling with a pointed smile.

"The emperor's body is really weak, so they were vomiting blood when they were so angry!" Wei Yuewu leaned on Yan Huaiyu, with a little doubt, "It won't be fake!"

"It's true!" Yan Huaiyu nodded affirmatively, his eyes narrowed slightly where Wei Yuewu could not see.

The emperor is ill, and it seems that the illness is not serious. Regarding the emperor's medical case in the palace, his Tamron secret agent has never been found, but this shows that the emperor is indeed sick, and the disease cannot be explained to others.

If it's just a general illness, why not look at it!

The emperor has never been sick for so many years? Yan Huai sniffed at the news from Tenglong's secret agent, not to mention that the emperor he saw after he entered Beijing before, this look does not look like a healthy person, although people are middle-aged, But this is too old.

Does not look like a healthy middle-aged person at all.

And his case could not be found in the palace.

This shows that the emperor is hiding, concealing a fact that he was ill.

He was ill, and he was still very ill. This time, the quarrel between Tu Zhaoyi and Queen Tu was just an introduction.

But as soon as this primer came out, I immediately saw the difference.

It seems that Yandi is about to adapt, or that the situation in Zhongshan is about to change ...

Yan Huaihan's hand has a touch, without touching the hair of Weiyuewu, her eyes are dark and dim ...

At the gate of the palace, Wen Tianyao watched the departure of Yan Huaiyu and Wei Yuewu, his face was always somber, and when they disappeared at the gate of the palace, they still stood there stunned, and Junmei locked up fiercely. .

There is a bad thing in the harem. He is really helpless now. He wanted to keep Weiyuewu by his side, but now is not the best time. He can only watch Yan Huaiyu leave with Weiyuewu.

What happened yesterday made him feel more and more correct to take Wei Yue Wu away from Yan Huaiyu.

Whether it is the third princess or the fourth princess, the reason why they have to deal with Weiyuewu is Yan Fenghuai, the Phoenix man. If it was not him, how could Jingde encounter such a big crisis.

This also makes Wen Tianyao's Wei Yuewu unable to stay beside Yan Huaiyu.

"Master!" Chen Quan, a close personal waiter next to him, whispered to remind him that he was still in a daze.

Wen Tianyao nodded, flung his sleeves, and turned to his own palace. The father was ill. His copywriting was piled up, not only some files of his father, but also some files of his father's condition.

Looking at those files, Wen Tianyao suddenly felt annoyed.

Everything in the palace upset him inexplicably, not only the condition of the emperor, but also the empress Tu and the four princesses, as well as Tu Zhaoyi and the third princess. None of these were fuel-saving lamps.

Wen Tianyao even had a feeling of not knowing how to deal with the harem. He had a deep sense of weakness!

Although Zhao Zhaoyi and the three princesses were locked up, the queen and the four princesses are still kneeling. He also wanted to plead with the queen and the four princesses before. This must be his mother and sister.

But before he left, the queen came over there and told him to manage the former dynasty well. This harem did not require him to intervene too much.

This was originally very reasonable, but now the harem is also like a headless dragon.

Prince Tu has been punished kneeling in the queen's Jingchen Palace. After that, how can she order the third house and how to manage the harem? The queen mother-in-law will not give the empress Tu in any way.

"Hi lord, queen mother-in-law, please pass over!" Wen Tianyao turned to the East Palace upset, only a few steps, and saw a housekeeper running over with sweat, only to see him relieved, Hurry and respectfully stepped forward to salute, and then reported.

"Grandma is looking for me?" Wen Tianyao froze for a moment.

"Yes, the queen mother, please hurry up!" The housemaid wiped the sweat from her head and gasped for two breaths, "Please pass immediately!"

"Go!" Wen Tianyao looked at the appearance of the housekeeper, and Wen Tianyao knew that the matter was not small. He nodded, flung his sleeves, and turned to the queen's Jingchen Palace.

When arriving at Jingchen Palace, seeing Queen Tu and her four princesses kneeling under the high steps, Wen Tianyao sighed and walked slowly.

Kneeling until this time, both people have been kneeling to describe the withering and weakness.

Look at it like this and know that it won't be long.

"Mother!" Wen Tianyao came over and whispered, no matter how he painted the queen, he was always his adoptive mother and had a kindness for him.

Queen Tu raised her head a little muddy, and when she could clearly see that the man in front of it was Wen Tianyao, she sneered coldly: "Who is this? Isn't it His Royal Highness? His Royal Highness will still have time to come Look at us, it's really filial! "

"Brother, save me and my mother!" The four princesses also raised their heads, seeing Wen Tianyao happy.

"Mother, it's not that I don't want to plead, grandmother won't let me!" Wen Tianyao sighed and explained.

"If you don't let you come, you won't come. You are so obedient. You knew that I would have no one to support you." Queen Tu resentfully said, spitting all the anger into Wen Tianyao, "Keep a dog Know gratitude. "

"Brother, what did your grandmother say, why bother to listen, when the father is fine, who will listen to her! I wholeheartedly hurt the sick sister-in-law. I never thought that the sick sister-in-law could live for a few days. "The four princesses have a different attitude, staring resentfully at Jingchen Palace and swearing.

She was scolding the second prince, and before she saw the second prince passing by her side, she smiled proudly at herself.

After living for more than ten years, she hasn't suffered such grievances. This would have hated the queen mother long ago, and she felt that the queen mother's heart was too far-fetched.

Regarding the cursing of the four princesses and the meanness of Queen Tu, Wen Tianyao was speechless for a moment, then lowered her head to the Queen and said, "Mother, I'm going to ask my grandmother for pleading now!"

"That's not fast yet, wait here to watch the lively?" Queen Tu mocked.

Wen Tianyao couldn't answer these words, turned silently, and went to the central hall of Jingchen Palace ...

Chapter 847: Who is the lord of the harem?

The queen queen sat high up in the hall, and looked so sadly that Wen Tianyao came in.

The second prince and Wei Qiufu who had sat beside her hurriedly stood up.

After receiving Wen Tianyao's salute to the queen mother, the two also hurried and respectfully saluted Wen Tianyao, and then stood side by side in an orderly manner.

"Sit down!" The queen mother raised her eyelids and glanced at the humanity.

"Yes!" Wen Tianyao answered, and sat down on the chair on the left-hand side of the queen mother, then smiled and said to the second prince, "Second brother, please sit down!"

"Thank Brother Huang!" Said the second prince, and then sat down with Wei Qiufu.

"Prince, who is more suitable for the harem now?" The queen mother did not go around the corner with Wen Tianyao and said directly.

This is to take away the right and responsibility of queen Tu to manage the harem. This makes Wen Tianyao very difficult to answer. After a moment of groaning, he slowly said: "Even though the mother and mother are a little bit wicked, but the crime is not so much. Besides, the father and the emperor Now, there must be someone in this harem to manage it! "

"This harem is indeed managed by someone, but look at your mother-in-law, what have you done? Not only did she faint the emperor, but she also condoned the four princesses to this point." The queen queen patted the chair bar next to her, angrily .

"Grandma, this is also Tu Zhaoyi's fault!" Wen Tianyao wanted to justify the queen.

"Prince, I know that the queen is your biological mother. I'm afraid you can't accept it for a while, but Ai's family didn't say that she should be abolished, but just let her wake up and wake up. This harem is not necessarily her world. The four princesses do it. For a princess who is going to marry a palace, she should know the answer to the book. For the filial piety of the elders, be obedient and see what she did!
"

Said the queen queen.

So it's not just because the emperor and the four princesses do n't listen to the queen's footsteps. They ran to find the third princess. Although the third princess was finally found, the queen's mother felt dull and felt her prestige was challenged. That's why the queen and the four princesses kneel.

It was not for the framing of the fourth and third princesses yesterday.

Wen Tianyao felt speechless for a moment, and had a kind of other feelings. The focus of the matter was obviously not here, but he was dragged into it. Is this the wise queen who has been passed on in the palace?

Looking at the second emperor and Wei Qiufu on the side, the two people became more and more skeptical. The queen did not let herself come over. After talking to them, the queen made people call themselves. Such a problem is left to myself.

Neither of these is a fuel-efficient lamp.

"But who else can take control of the Sixth Palace now?" Wen Tianyao groaned, then raised his head and said, "If you ask your grandmother to take care of the Sixth Palace temporarily, you can only have Grandma."

This harem is not controlled by anyone who wants to take control. Wen Tianyao thinks about it and can only throw this problem to the queen mother. He doesn't know what the two queens on the side said to him. He can only deal with it carefully. .

The queen mother said that she was satisfied. The expression on her face eased a little, but she shook her head: "I am old and I have no energy to manage the harem for your father."

"What does that grandmother mean?" Wen Tianyao said following the queen mother.

"Make your marriage with Miss Jingdi ahead of time!" The queen mother-in-law chanted.

The words Wen Tianyao froze, and for a while didn't know what to do.

"You and Jing Wenyan's affairs were set up early. Jing Wenyan's entry into the East Palace has already gone through the process. It would have taken a while, but now the palace is in a mess, and no powerful person can control the harem. "The queen mother's expression of graveness and gratitude toward Wen Tianyao.

"But ... yes ..." Wen Tianyao really felt speechless.

There has never been such a thing. In order to enter the harem, the marriage of the prince in his country was so hastily. Moreover, this harem is not without a queen. The father and the emperor just fainted, and now they have awakened. Here, it 's just that your health is bad and you need to take care of it. It does n't really happen.

The queen queen meant, but requested that the harem be put under her wings first.

Outsiders looked as if they wanted to seize power, not only the power of their father and emperor, but also the power of the harem, which made Wen Tianyao accept it.

Besides, he didn't have any feelings about Jing Wenyan, and he could take it later to take over the East Palace later.

"Grandmother, this is not feasible. Outsiders will think that I robbed my mother's power, which will make people scolded!" After thinking about it, Wen Tianyao still refused.

"Big filial piety, she's filial piety herself, and she scolds others! Don't be afraid of the prince, grandma will take care of it for you. Whoever says you, if you ask him to come to grief, that's all grief The meaning of home has nothing to do with the prince! "

But can such a thing be done by the Queen Mother?

Others only look at the results of this incident. On the surface, it seems that the ultimate winner is themselves. The insults of people in this world have made it impossible for them to take it away.

With a "thump", Wen Tianyao knelt down and bowed his head, "Please grandmother take back life!"

When he knelt like this, the second prince and Wei Qiufu couldn't sit still, and they also "fluttered", "Flutter" knelt behind him silently, and bowed his head without saying a word.

These two seem to be particularly conscious and obedient, as if the two of them are just two wood men.

Wen Tianyao sneered, the two really were a pair. The method of dealing with it was one on the surface and one on the back. It was really natural, as if the queen mother forced herself to have nothing to do with it.

"The prince did not agree with the idea of Ai Family!" The queen mother's face became cold, and she said coldly.

"Tianyao didn't dare! It's just such a thing, Tianyao really didn't dare to do it, and asked his grandmother to take it back!" Wen Tianyao slammed two heads at the queen before she said.

"If so, do I have to do this?" Seeing Wen Tianyao disobedient, the Empress Dowager shivered.

"Please grandma get back to life!" Wen Tianyao still had two heads, then lowered his head and insisted.

His handsome face was cold, showing that his determination remained unchanged.

"You ... you ... I'm so angry!" The queen pointed out Wen Tianyao, angry.

"Brother Huang, look at your grandmother's anger ... you still ..." The second prince kneeling on the side of his mouth opened his mouth.

"The second brother meant that I would immediately marry Jing Wenyan, and then let Jing Wenyan take the responsibility of the mother-in-law. I want to ask the second brother, where are you going to blame the emperor and the queen? It was just sick, and nothing happened. This harem is still the father's harem. Why should I reach out and be qualified to say something to the father's harem? "

Wen Tianyao turned his head, staring at the second prince tightly, sneer and scolded.

"Second brother's health is not good, I'm afraid I haven't read a few books of sage etiquette!"

Wen Tianyao can be sure that more than 80% of this incident is related to the second prince who seems to be sick and can't get out of bed. It is not polite to speak.

"Brother ... I ... I just ..." Being reprimanded by Wen Tianyao, the second prince was panicked and seemed to want to explain something, but because of the confusion for a while, he didn't know what to say.

"The prince is here to put the majesty of the East Palace in front of me!" The queen mother looked down, coldly.

"Grandmother, Tianyao didn't dare. Tianyao was just stating a fact. If grandma really thinks it is feasible, you can ask the Emperor Father. All father-only fathers' orders are obeyed!" Yao brought the topic to the emperor.

Father Emperor was only ill, and did not really happen.

In this remark, the queen mother's face was hard to look at, but looking at Wen Tianyao's appearance, she also knew that he would never agree now, and was angry and annoyed for a while.

Queen Tu did not grow up herself, and the children she gave birth to were not satisfactory.

"Go back!" Since it didn't make sense, the queen mother leaned back, and I looked tired, and you could leave.

"Grandmother, after your mother-in-law is in the first house, now she has been fined. She also asked her to spare her mother-in-law." Now that he is here, of course Wen Tianyao will plead for the queen Tu.

"Let her go back!" The queen queen waved, but this time there was no embarrassment.

"The four sisters ..."

"Take it away, too, lest you look upset and say it's a princess. Where is the princess's decent delicacy, isn't it just a son of the king of swallows? It hasn't even been leveled up for so long, it's really useless!" The queen mother hummed, dissatisfied Road.

The cause of the matter is Yan Huaihuan, everyone knows.

Wen Tianyao couldn't answer this, so he bowed his head and replied, "Yes!"

"Go back, go back, now my wife is old, and no one is listening!" Said the queen mother indignantly.

"grandmother....."

"Let 's go, let's go!"

Wen Tianyao said nothing and could only stand up and give a gift to the queen mother, and then retreated.

In the hall, the queen mother stared at Wen Tianyao's back in disgust, with extreme dissatisfaction.

"Grandma ..." the second prince raised his head, reminding the queen mother that they were still kneeling there.

"Get up, what are you kneeling on, not to say you!" The queen mother's eyes moved to the second prince, dissatisfied.

"But the emperor is a prince ..." said the second emperor as he got up.

"He's a prince, that's also because he was born by the queen. If your mother-in-law was more upset then you would be a fair-hearted prince!" The sigh sighed, the second prince's biological mother was from her family, and the second prince also Filial piety is more in line with her mind than several other princes.

Whenever I think of some past events, the queen mother has a feeling of hating iron and steel. She feels that De Fei is really stupid at home. She taught her at that time. Not only did she mess things up, she almost didn't protect her child.

"Mrs. Queen Mother, then ... what about Her Royal Highness's wedding?" Wei Qiufu saw that both of them were digressing, and woke up carefully.

"Your mother-in-law's body really can't work now?" The queen mother snorted coldly.

"Yes, my mother-in-law's body is not as good as mine." The second prince smiled bitterly. "When my mother-in-law said that when I was born ... I was assassinated ..."

The second prince's words are vague, but the queen mother obviously understands. She patted the chair bar beside her with hate. "I'll take care of your father for the past few days. The prince's marriage, I have to discuss with your father. It always depends on what your father and emperor mean. The queen loses his morality, and how can he manage the harem! "

"I'll go to your father in a minute and talk about it!"

"Yes, grandma!"

Chapter 848: Fragrant fragrance, elaborate stationery

Wen Tianyao arrived at the gate of the palace, and asked the queen Tu and the four princesses to lift up, and called out to bring them back to their respective palaces to rest.

Then he went back to the East Palace dully and dealt with a business.

Feeling that the queen mother-in-law will never stop doing good things, Wen Tianyao feels very depressed.

On the one hand, because outsiders would feel that he was trying to seize power while his father was ill, on the other hand, because of Jing Wenyan, he was not a good companion.

But this is not a good companion.

At that time, Jing Wenyan took a military map of Di Yandi and replaced her as the princess, which was agreed by the father and the emperor.

Father Huang also said that if she had one copy, she would have two copies, which is very good for the court.

But for Jing Wenyan, Wen Tianyao really didn't like it.

At first, I also felt that Jing Wenyan was beautiful and dignified, and she had a lot of demeanor. The position of Princess Donggong was indeed suitable for her, but now more and more I feel that Jing Wenyan and the third princess are actually all the way, or have more means than the third princess Will hide himself.

But such people, he really hates it.

Even though Jing Wenyan was so beautiful, Wen Tianyao was full of disgust whenever she thought of what she did.

Annoyingly put down the dossier in his hands and stood up and turned around twice, but the annoyance did not fade away at all. The queen mother's idea was not easy to fade away, but he was really not ready to marry Jing Wenyan.

Not to mention that Wen Tianyao was upset because of the Queen Mother's proposal.

Wei Yuewu had a good rest these days, and the entire Yanwang Mansion was quiet, and no one who was not eye-catching appeared in front of her.

Including the two eye-catching girls and the twins.

The twins disappeared at the Yan Wang Mansion after being punished by Wei Yue Wu that day. It is said that Yan Huai Yan sent someone to take them away. As for what they took away, Wei Yue Wu said that he did not want to know.

Yan Huaiyu has his own affairs to be busy, and it is impossible to report everything to himself. His identity is doomed to let some people know it inconveniently.

And Wei Yue Wu didn't want to ask!

Everyone has space, just like she is more willing to do things on her own.

The news from the palace seems to be very peaceful recently. The emperor suddenly vomited blood in the Imperial Study Room and fainted everyone, but not long after that, the emperor showed his face in front of people. It's not bad. The DPRK stabilized again.

But it was Prince Wen Tianyao who dealt with things. It was said that the emperor's body would take a little rest for a while.

Queen Tu was given the right to manage the harem for this matter. Now the harem is under the control of the queen mother-in-law. As soon as Tu Zhaoyi was demoted, she became Tu Shuyi.

The three princesses and the four princesses knelt together at the Buddha Hall, and it is said that both kneeling fainted.

Then he was sent back to the palace and could not stop his footing. This time the footholding not only allowed them to close the palace door, but also the guards guarded the palace door over there, not only them, but also the palace people around them. In and out.

What happened to the three princesses in Huangzhuang was finally confirmed to be a palace girl next to the third princess. She had done a wrong thing and was rebuked by the third princess. However, she was resentful and thought of it. As for Ma Huohua, of course, she was not the two maids who followed the third princess at the time.

As for the assassination of Weiyue Wu, it was a confusing way, like Yan Huai's assassination, and no one could be found for a while.

However, the princess's arrow did lose a part in the past, and this part is also recorded. Moreover, although the two princesses were only next to each other at the time of the incident, the princess also gave evidence of where she was resting at the time. There is no distance from the carriage of Weiyuewu, but it is not facing the door.

In this way, the four princesses are also innocent.

But what's the inside story of this matter, everyone doesn't really believe this so-called official speech.

Many things can be faked, and this also concerns the two princesses.

Some things are just a matter of embarrassment. Everyone knows that the third princess and the fourth princess are not easy to associate with each other. Seeing this situation is intolerable. If anyone marries them, this backyard will not be the only ones who will die are themselves!

Think about it this way, let alone Yandi. Even Lu Yeli didn't even go to the palace again. The princess likes you to marry or not, no more the original enthusiasm.

"Master, Miss Two came out of the jail and wanted to tell you a secret in exchange for your forgiveness!" That morning, after Wei Yuewu got up and ate breakfast, she hurried away at the end of the painting. Come in with a letter in your hand.

"Where did it come from?" Wei Yuewu raised her eyebrows.

Wei Yan can't wait.

"I was sent by the door. The doorkeeper did not dare to pick it up, and he called the slave in the past. The sender said something to the slave, and gave the letter to the slave, saying that he was a guard in prison. Because she was entrusted by the second master, she took care of the second lady. This time it was the second lady who asked him for the door and came over with a letter and a message. "

One hundred and fifty words at the end of the picture.

"The second master is really good to her, and the second lady died in her hands!" Jin Ling snorted coldly. "It is indeed a biological one!"

After Jin Ling said it, he took the letter for Wei Yuewu, carefully examined it, and then passed it to Yu Yan.

Yu Yan took a look and took a look, but found nothing, and handed it to Wei Yue Wu respectfully.

Wei Yuewu took it up, took out a stationery from the mouth, and looked at the stationery, her willow frowning slightly.

A nice stationery is also very fancy, like the one made by the girl in the boudoir.

No matter in Jiangnan or in Beijing, the ladies of the family always like to do such things. It's nothing to do in their spare time and do some delicate things in the backyard.

This kind of paper too!

But the approach is slightly different everywhere!

When Wei Yuewu was in Jiangnan, the cousins made a kind of light white base paper. On the top, they painted some flowers and other things according to their preferences, and then set them in every corner. The fragrance powder is very elegant and leisurely. If you use it to write poems, it will be more pleasing to the eye.

After arriving in the capital, the other members of the family in the capital are similar to those in the Jiangnan area, but they like a pattern around the paper, which looks more fancy.

But whether it's from Jiangnan or Beijing, this kind of ingenious paper is actually extremely difficult to make.

It's good to have so many in each lady's hand!

Each one is a treasure, but it can't be easily obtained.

When Wei Yan was caught that day, she would not have prepared this paper earlier. Moreover, the situation at the time, even if Wei Yan had such a marriage in her hands, she would wrinkle after struggling, but now this The sheets of paper were neatly folded without any trace of errors.

A very nice piece of paper with a faint aroma, very elegant.

And this aroma, Wei Yue Wu actually smelled it, but it made her lip sneer sneer, Jingdi's jade flower scent, although it is very light, but because of the same taste in soap corner before, Wei Yue Wu is not unfamiliar.

The pattern is a style in Beijing, and the embroidery pattern is just a red plum. There is nothing unusual. Only this faint fragrance indicates that the paper is related to Jing Wenyan.

"Master, is there anything wrong?"

Seeing Wei Yuewu dazed at the folded stationery, Shu Fei asked worriedly.

"It's all right!" Wei Yuewu shook her head, opened the stationery in her hand, and looked at it line by line.

The letter was written by Wei Yan. It was about what happened before. It was about her and Li. She said that she never thought that Li would really lose her life. She knew that Li would know how to lose water. It's drowning, it's quick to save, plus she'll be able to get water and nothing will happen, but I think something really happened.

She was panicked and afraid before pushing everything to Weiyuewu, only to find the peace of her body and conscience.

Recently in prison, she thought more and more that she felt wrong and felt that she had harmed Li's, so she felt desperate and didn't want to live any longer.

When she was about to open the church, she made everything clear, including the fact that she was the second lady of Huayang Hou Fu Wei Yan, and also talked about her entanglement with Mo Huating. In short, she wanted to feel at ease Leave this world.

Then she said that among all these people, except the dead Li, let Wei Yuewu make him the most guilty.

So, I want to make up for Wei Yue Wu, and I want to tell Wei Yue Wu an important thing, a secret about Huayang Houfu, a secret about Huayang Houfu's tallest building, Feiyun Tower.

In Wei Yan's words, she expressed her sincerity. What she said was also very frank, as if she was really dying and her words were kind. For a time, it made people think that what she said was true.

Especially in the section of Feiyun Tower, Wei Yuewu had been suspicious of Feiyun Tower before she arrived in the capital. So she became suspicious of Feiyun Tower, not to mention Wei Yan, who has been living in Houfu, Huayang. Because of her nature, others will not let her in. It is quite possible that she sneaked in.

Wei Yue Wu will not forget the scene where Wei Luowu was looking for something.

"Is that person still alive?" Half a moment, Wei Yuewu looked up.

"Still outside, slaves let him wait for letters outside." Nodded at the end.

"Go and tell him, let him give Miss Er a message, and say I'll go see her, I hope all she said is true!" Wei Yewu gently folded the letter in her hand and said slowly .

"Master, don't go anymore, slaves think that Miss Er may be thinking about harming you again!" Jin Lingsheng was afraid that Wei Yue Wu would be in danger and hurriedly stopped.

"No problem! Someone will always go!" Wei Yewu shook her head, a look of coldness on her face, and stood up.

"The master is going now?" Shu Fei was also anxious.

"Now go to Houfu, Huayang!" Wei Yewu slowly folded the envelope into the cuff, shook her sleeve slightly, and smiled slightly at the corners of her lips.

Since Wei Yan insists on asking, there must be someone in the prison ...

Some people set the game, some people break it, but this time how Wei Yan got along ...

Chapter 849: Found by Mrs. Tai ...

Wei Yue Wu arrived at Houfu, Huayang, and the carriage stopped. He saw a man coming from the side and saluting Wei Yue Wu in the carriage respectfully: "Is the owner of Jingde County in the carriage?"

"It's our lord, what's the matter?" Jin Ling raised the curtain and jumped off the carriage, asking the man who looked up and down.

"I was asked to bring a letter and a message to the county owner," the man whispered.

"Say!" Jin Ling looked cold.

The man nodded, whispered two words, then took a letter from his arms and handed it to Jin Ling, and then left in a hurry.

Wei Yue Wu got off the carriage, took the letter and put it in her cuff. After listening to a few words from Jin Ling, she stepped on the doorstep of Huayang Hou House.

The gatekeeper saw the carriage of Weiyuewu. As soon as he saw the mark of Yanwang Mansion, he knew that the carriage was Weiyuewu. He greeted it early and saw the man handing a letter to Jinling. , And the letter finally fell into Wei Yuewu's sleeve.

But Wei Yuewu didn't have time to watch this meeting, the letter was so casually hung in his sleeves.

One of the guards blinked in his eyes, and retreated silently, then turned around and reported in a smoky way where Wei Yuewu could not see.

However, Acer ordered it, and when the Lord of Jingde County came to the house, he immediately reported it. Of course, he had to make clear everything he saw and report it so that he could get a reward.

The reporter Xiaomin was clever and felt that there was absolutely something wrong with this scene. He had to report to Mrs. Tai before those people hadn't responded, so that she could only get Mrs. Tai's heavy reward ...

Of course, the first thing that Wei Yuewu entered the Huayang Houfu was to meet Mrs. Tai.

Acer led Weiyuewu into the room: "Shir, you are sick, too, Madam too."

"Grandma is sick, when will it happen?" Wei Yuewu asked.

"Before, what happened to you and Miss Er ... Mrs. Tai was anxious and annoyed for a while, and then vomited with Hou Ye. After that, the old man sent someone to Yan Wang Mansion to find you in private. Did not let anyone in, and said that the lord's body is now too bad! "

Acer could not sue plainly, but felt extremely helpless.

It is needless to say that the person who sent himself to see the Lord of Jingde County must be the one who did it. Since it was the one who did it, the county owner is actually the same here.

Wei Yue Wu knew of course that Yan Huaiyu stopped it for herself, and a smile flashed in her eyes.

I always feel that this dark-skinned boy is quite childish when he confronts his own affairs. Sometimes he really doesn't feel the need, but he feels that he must fight for this tone.

The inner room was very quiet. There was only a little girl ring waiting by the side. When she saw Acer came in with Weiyue Dance, she hurriedly avoided her.

Mrs. Tai was lying quietly on the bed. The whole person did look different from the past, her cheeks were sunk, her eyes were recessed, as if she hadn't seen them for a few days, Mrs. Tai had lost a lot of weight.

"Why is my grandmother so thin?" Wei Yuewu said in surprise.

"Mrs. Tai thinks of you ... everytime I feel sad, Mrs. 2 and Miss 2, Mrs. Tai are so good to them, but the two of them actually fooled Mrs. Tai with me, this ... this is really ... too Madam always treats others well, so she will recognize the second lady of this long elephant like Wei Wei, but she expected her to be revenge. "

Acer lowered his voice and replied, taking out a piece of parchment and wiping his eyes: "Slave really felt wronged for Mrs. Tai!"

"Ms. Er, did she accidentally hit the second uncle's car?" Wei Yuewu asked, lowering her voice.

"Of course this is the case, because it is because she looks like our second lady, so she recognizes her. The county owner also knows that although our second lady is not of good character, she must have been raised by his wife People's hearts are long, and they are still talented people like Mrs. Tai. When you see the second lady, you have an idea in your heart, but you are even more vicious! "

Acer sighed, and calmly pushed everything that day to Wei Yan.

It is said that Mrs. Tai is extremely innocent. She was so convinced that she was so innocent because of her misconduct, and stood on the side of Miss Er.

"Strange, she said she had something to say before!" Wei Yuewu frowned, her face blanked.

Not only did Acer's heart jump, but even Mrs. Tai, who was sleeping in bed, jumped.

And all this happened to Wei Yuewu's eyes. She sneered at the bottom of her heart. Mrs. Tai was pretending to sleep, for fear she didn't want to see herself and say something to herself, so she came up with it.

It's needless to say that Wei Yan's affairs blame her head again.

Compared with Wei Yan, who died herself, her reputation would not be destroyed, Mrs. Tai really wouldn't care about the slightest.

At the beginning, I could see myself living on my own, which would of course have no affection for myself.

In fact, Wei Yue Wu also felt weird. Even though she was too young to love his wife and grew up in her grandparents' home, this blood relationship cannot be changed. Why is Mrs. Tai so indifferent to herself.

In a completely different way, her own life and death have nothing to do with her, but for her father, she is extremely accommodating.

"Miss Er will tell you something to say?" Acer's voice amplified a little consciously, but even if she amplified her voice, the lady in bed still slept very hard and didn't move.

"I sent a message like this and sent a letter, but I haven't seen it yet, just when someone just entered the house, someone sent it."

This remark coincided with the incident reported by Xiaocai Xiaofang, but Acer secretly cried out.

What did Miss Er want to say, did she want to prove her identity? Thinking about it that way, the lady on the bed also felt unable to lie down, reached out and pressed her forehead, and moaned lowly.

As soon as he heard the sound on the bed, Acer couldn't care less about Weiyue Wu, and hurried forward two steps, and asked softly, "Mrs. Tai, but you're awake? Did the county visit you?"

"Is it a dancing girl?" The lady in bed silent for a moment before she said slowly.

"Grandma, are you okay?" Wei Yuewu took the first two steps and asked softly, looking at the lady on the bed.

"I'm ... not so good, people are old, worry about a lot of things, and worry about it wrong, the dance girl won't blame grandma!" Mrs. Tai helped Acer to sit up with a look of remorse, " I knew that it was the woman who threatened the dancing girl. How could I not let her go into the house? Fortunately, the last thing happened was Li's, otherwise the grandmother would not see you even if she died. "

"Grandma, you don't mean it!" Wei Yuewu smiled and appeased.

"Such a woman is so vicious at a young age, and is full of panic. Grandma has lived for so many years and has never encountered it, but she really looks away and dances. Such a woman, you will be far away in the future. Far away, they didn't have as many sharing bowels as they did yesterday, so maybe they will be cheated! "

Mrs. Tai sighed.

"Yes, grandmother, I will be far away from her. She just let people take a message to Wuer, saying that there is something to say. What kind of secret does grandma think she will tell?"

Wei Yuewu looks respectful and obedient.

Wei Yan actually dared to say such things to Wei Yuewu. Mrs. Tai secretly gritted her teeth, but she didn't dare to show her face. She only said lowly: "Grandma doesn't know what that woman would say, she never said that she was Yan Yan? This is too whimsical, what is her identity, and what is Yan Yan's identity, even if Yan Yan is gone, she won't be able to replace her! "

Madam too disdainful.

"Grandma said it!" Wei Yuewu nodded in a taught manner.

"Dance girl sit down and talk with grandma. Grandma's heart is distressed and afraid of your father's misunderstanding." Mrs. Tai sighed, the topic turned, and she stretched out the pull sleeves of Lawei Yuewu. .

The Wei Yue dance that was said was inconvenient to go. She simply sat down with her hand to ease her liver and comforted her, "Grandma, everything is over, my father should understand you."

"Yes, Hou really doesn't say anything anymore, but Mrs. Tai feels misunderstood you, and she feels sorry for it. The lord, Mrs. Tai, has been stuck in my heart. You see, this stalk is sick." Acer ordered Yahuan gave tea and explained to Yue Yue Wu.

But looking at Mrs. Tai's appearance, she really looked worried.

However, this so-called worry is not too heavy, of course, not because of apology to oneself, Wei Yue Wu is still very clear.

Yahuan will send the water over here. Hongye took it in person and passed Weiyue Wu, but unexpectedly the water fell too full. Hongye shook his hand and some shook Weiyuewu's body.

Wei Yue Wu hurriedly stood up, but it was too late.

"The lord, you sit down, you sit down, you are all old slaves, not old people." Aunt busy handed the tea in her hand to the little girl ring, holding a rag to Weiyuewu's cloak. Fortunately, there were not a lot of wet spots on the skirts and the corners of the dresses, but they were messy for a while.

Jin Ling, who was behind Weiyue Wu, wanted to step in, but helplessly Aunt stood in front of her, but she could only retreat back and forth, giving up the position for them to clean up.

"The dancing girl should change clothes in Qingheyuan. You should go back and change it first. Wearing such wet clothes is easy to hurt your body." After being busy, Mrs. Tai said with concern.

Wei Yuewu took a look at her clothes. Although it was not too wet, it was always not good to see it. She nodded at the moment: "Grandma, I will go back to Qingheyuan first, and then I will check again later. Father and mother. "

"Come on, there was something wrong with your ex, grandma was worried here, and your father was in a desperate situation, so that someone would come to your door. I heard that the son ordered not to disturb your rest!"

Mrs. Tai smiled kindly.

That's why I felt very peaceful this time. It turned out that Yan Huaiyu had driven people away! Up

It was really difficult for him, and the dignified king Wang Shizi turned into a steward.

"Yes, grandmother!" Wei Yuewu nodded softly, and then pulled back, with the sleeves flung slightly, much lighter, needless to say that the letter now fell into Mrs. Tai's hands!

And she came to the house today to send this letter ...

Chapter 850: Heartbreaking

"Mrs. Tai, what is this ...?" Acer asked carefully, seeing Mrs. Tai's cold face immediately.

"Yan girl can't stay!" Mrs. Tai was sitting on the bed, half-dropped under the veil, her face was a bit rude.

This remark scared Acer into a daze, a little dare to answer.

"Go, call your second child!" Madam Tai leaned back and instructed.

"Yes, the slaves will go immediately!" Acer said in a hurry, and then hurriedly left Jingxinxuan to go to Wei Luowu.

Mrs. Tai stared at the air indefinitely. Her eyes were cold and cold, and the little ring on the side narrowed in a corner, scared to move.

Acer went fast and came back quickly, and brought the second old man Wei Luowu.

Xiao Yahuan was rushed out of the door. When she saw the sun outside, Xiao Yahuan breathed a sigh of relief, and she was just in the air. She had a feeling of suffocation. Fortunately, Madam let her out.

Only the words Mrs. Tai said before made her shudder.

Such a thing, she knows too much about a little girl ring, but she will lose her life! She is still very clear on this point, so this will be kicked out not only without grievance, but also with the feeling of remaining after the disaster.

Xiao Yahuan is called Su Xin. She is actually a niece of Acer's own family. She followed Acer into the office and was on a business trip. It was Acer's own little girl ring, but Mrs. Tai liked to use people around Acer. , So this little girl ring called Su Xin became the little girl ring around Mrs. Tai.

With the relationship of Acer, Mrs. Tai and Acer did not hide something from her.

In front of Mrs. Tai's face, Aunt won't say anything, but she still repeatedly warns her in private, stay away from Mrs. Tai, there are some things that she does n't need to know too much, otherwise she may suffer Unexpected.

Acer spoke to her more than once, and Su Xin naturally remembered it in her heart.

So this will have a feeling for the rest of the life after robbing, closing the door for them, and sighing heavily, I seem to be fine here, but Acer.

When talking, Acer always asks her to take good care of herself in the future, saying that if she dies, she will leave everything to Su Xin. The unease in the words makes Su Xin very scared. Acer Is it suggesting something?

But she doesn't understand!

Is Acer in danger now, or can something happen too close to Mrs. Tai? Mrs. Tai just said Miss 2? Isn't Miss Er the granddaughter of Mrs. Tai? Did Mrs. Tai demand the death of her own granddaughter?

Thinking down this way, Su Xin will be afraid, and she can't help moving out, for fear that the people inside may think she might hear it.

She couldn't hear, and didn't want to hear, she really didn't know anything.

But even if I moved a few steps out, I could still hear some voices. It was the second master. The second master's voice sounded a little excited, so it was a bit louder.

The lower few sentences could not be heard by Su Xin, but the higher ones were directly drilled into Su Xin's ears. Even the faint sentences made Su Xin's face change.

Lowering his head, he was busy standing still, he didn't dare to move, but his face was pale as snow.

Did she really hear a big deal?

Inside the room, Mrs. Tai looked at Wei Luowu who came in, motioned him to sit down, handed him the letter in his hand, and said, "What about Yan girl?"

Wei Luowu took the letter and looked at it in three eyes. After looking at it, his face immediately became ugly. He looked up at Mrs. Tai: "Mother ... Is this ... Yaner's character?"

"This is written by Yan Yan, others do n't know Yan Yan 's handwriting. I do n't know yet? I just ask you, what can I do about this, Yan Yan, if you say something about her death, now you are trying to put When she brings it back to the government, what other face do you have to stand on the court? At that time, I am afraid that you will not need Doctor Yushi to join you, and your position in Shangshu will not be maintained! "

Mrs. Tai said coldly.

"I'm afraid this is also an expedient for Yan girl ..." Wei Luowu hesitated a bit, and how to say Wei Yan was also his own daughter.

Since the youngest son wasn't around, Wei Fengyao seemed to be a peace of mind again. Only with such a small child, he used to be coquettish on weekdays. She was sent out of the house, and later she wanted to correct her name so that she could take the place of Mrs. Jing Yuanhou.

Although he also has his own calculations in it, Wei Yan is the only one who is closer to himself.

"What more hesitation do you have, Li died in Yan 's hands. I ca n't think Yan is so cruel. Even though Li 's behavior is wrong, there is nothing wrong with Yan. Or her mother-in-law, even her own mother-in-law, can be better than your own father than Li? "

"Mother, Li himself ... is not a decent ..." Wei Luowu justified Wei Yan.

"No longer decent, she is also a mother. How could she have her own daughter and kill her own mother for her own sake!" The lady could not help raising her voice and patted the edge of the bed, "Like this This kind of ruthlessness, you think she will miss you as her biological father, and hide the truth for you! "

"But she's in jail right now, not so easy to do!" Wei Luowu's hesitation was only a moment. After hearing Mrs. Tai's words, she bit her bite. "I sent someone to ask Yaner, but I can't get near Her body. "

In other words, Wei Luowu's only hesitation and so-called family relationship are actually just a little bit, the so-called want to be close to Wei Yan's body, the meaning in this, I am afraid it is not just the literal meaning.

"You send someone else!" Mrs. Tai's voice showed a chill, and Acer flinched aside, looking down at the ground without moving.

"Where Mo Huating ... would you like to be notified!" Wei Luowu asked in a complex mood.

"I have something to ask, Yan girl is much better to him than to your biological father. He won't necessarily pull him out at that time, but it is sure to pull you out. If you think this has nothing to do with your future, It 's up to you. "Mrs. Tai's appearance of letting go, but immediately stabilized Wei Luowu's original somewhat shaking mind.

"Okay, mother, I will send someone to do it as soon as possible. Since this letter was written to Jingde, it will make people pretend to be Jingde, and even if something happens, we won't find us!" Wei Luowu hated.

"It's up to you, as long as you do it!" Mrs. Tai said casually, "It should be sooner rather than later, but don't give birth to any branches at that time, always do it quickly, Yan Yan can't stay, This is also the retribution of her mother-in-law. "

"Yes, my son understands!" Wei Luowu nodded and hurried away.

Mrs. Tai closed her eyes and leaned against the bedside, her face somber and closed her eyes.

The room was quiet, and the quiet was inexplicably frightening. Acer stood motionless at that time, eyes and nose, nose and mouth, Mrs. Tai did not speak, and she did not speak.

This is also the way she has spent so many years with Mrs. Tai, she always knows when to say what, and when you don't need to say anything.

And this time, obviously Mrs. Tai did not want to speak.

Sure enough, after a long time, I heard Mrs. Tai said, "Did the girl really don't know or didn't know this?"

Acer was a bit uncomfortable with this remark. After thinking about it, she said, "The slave is also not sure if the Lord of Jingde County knows or does not know, but she only arrived at Houfu and received the letter. It should be something I haven't read . "

She knew Mrs. Tai was suspicious of the Lord of Jingde County, but she really didn't dare to kiss such a thing, so she could only be ambiguous.

After this period of time, Acer can be considered clearly. The Jingde County Lord is not a mess. As for knowing that she really is not sure, but this can only be said to be obtained. The news must have come from the door.

As for other things, the final idea is still Mrs. Tai, she only provides some facts and evidence.

For many years, it is not without reason that Acer has been a wife of Mrs. Tai!

"Bring the letter to me and look at it again!" Mrs. Tai seemed to think of something, and sat up awkwardly.

"Yes!" Acer stepped forward and took the stationery that Wei Luowu had placed on the table. Mrs. Tai took it. She took a closer look at the pattern on her face and her face changed.

"Yan girl suddenly happened that day. She couldn't possibly know that she would be taken away. Where did this paper come from?"

After hearing Mrs. Tai's words, Acer was also shocked. She looked at the paper in Mrs. Tai's hands and took a closer look. It was really the kind of paper that ladies made in private, but one thing is certain, this is not Wei Yan of.

"Mrs. Tai, this paper is not for Miss Er. Miss 2 will also make some paper, but she does not make the same paper as others. There is something missing on the painted surface. Madam, do you remember making fun of Miss Er then? ? "

"Remember, so this paper is not Yanyan, but the words are written by her, but will this paper be a dance girl?" Mrs. Tai still doubts Weiyuewu.

"Not like it!" Acer looked carefully and shook his head. "After the lord of the county came to the house, the slave saw only once that she had done it, but she likes to make it without lace, which is slightly different from that in Beijing, and I made a few of them, but later I heard that because of her poor health, Hou Ye was not allowed to do such a worrying thing, and then she never saw the county master drying the paper! "

"Will she do it at Yan Wangfu?"

"The lord of the county was even more uncomfortable in Yan's Mansion. Besides, the body passed out from time to time, and the slave felt that it was not." Acer shook her head and suddenly smelled a faint scent between the nose and the nose. "Where did this smell of slavery ever smell!"

Mrs. Too is too old and doesn't like incense. The room is light and light. There is no meaning of young girls like fragrance.

Jingxinxuan really didn't smell anything scented.

So Acer still has a good memory of scented things.

After hearing Acer say so, Mrs. Tai frowned, and frowned, "I also think it seems to have been smelled, but where ..."

"Is there anything scented in this room?"

"Nothing in Mrs. Tai's room has this faint, elegant fragrance!" Acer shook her head.

"Did anyone else send it in?" Mrs. Tai asked again.

Only then did he ask, Acer and Mrs. Tai thought about it together, and Acer whispered, "Jiaojiao!"
