

Young Lady 861

Chapter 861: It's about the emperor's condition ...

"Brother, didn't you say that you wouldn't marry the prince in advance? Why did you suddenly get ahead of time?" The third prince asked with a doubt on his face, and he hurried over to hear the news.

"The meaning of Father Emperor, Father Emperor's body ... Actually, it is not good, it has not been good!" For the three princes, Wen Tianyao has always believed very much. This will not be concealed, and he sighed and looked sad. "The father's medical case has been hidden all the time, just to be afraid of being discovered. Actually ... it's not good!"

This said, Wen Tianyao's heart became heavier and he couldn't forget that his father put out a slightly trembling hand on the bed, and touched his head. The kindness at that moment made him almost cry.

Compared to Queen Tu, his father has always been very good to him. When he was young, he almost taught him by hand, which was more gentle than Queen Tu.

So even if he knew that the emperor was not his biological father, in Wen Tianyao's heart, he still regarded him as his real father.

"Is it really bad?" The three princes were shocked. Although he had such a conjecture, he did not see the medical case, but he only conjectured himself. Besides, the emperor had appeared before the people before, even occasionally. I went to the DPRK and saw it from afar. Although I was so weak, I couldn't talk about it.

So this will be shocked by Wen Tianyao's words.

"Yes!" Wen Tianyao nodded. "The queen mother went to tell her father to marry the prince in advance. She said it was because the queen was poor in managing the harem. Then she didn't know what to say, and the father agreed. Now, as the emperor agrees, let him do what the emperor means! "

Wen Tianyao sincerely agreed with the emperor, so the emperor always mentioned it to him, and after a little consideration, he agreed. Even in his heart, he was unwilling to marry Jing Wenyan at all, and he was unwilling to marry her in advance.

The so-called Destiny Phoenix Girl's speech, others do not know, how could he not know.

I did n't find the destiny Phoenix Girl at all, and Jing Wenyan 's destiny Phoenix Girl was exchanged for a military map of Yan Di, but I thought Yan Di knew nothing, but Yan Huai When Wen mentioned this, Wen Tianyao realized that Jing Wenyan's picture might not be accurate.

But whether it is true or not, Wen Tianyao really can't confirm it.

Yan Huaiyu's mind has never been easy to understand.

"But ... but Jing Wenyan ..." The three princes looked at Wen Tianyao's words and stopped talking, and it was difficult for him to say something as a brother, especially when he learned that Jing Wenyan was bound to marry into the East Palace.

Speaking these words will only make the older brother more embarrassed, but it will not have any substantial effect. The three princes mentioned later can't go on.

"I know, Jing Wenyan is not good, she is too ambitious, and even some secret forces of Jingdi are still in her hands, not in the hands of the Yasukuni Shoji!" Wen Tianyao frowned even more. Already.

"Brother, do you still marry her?" This was the first time the three princes knew about it, and their eyes widened in amazement.

An ambitious princess, or an ambitious queen, was sometimes a devastating disaster for the entire dynasty.

The heroine usurped the country, this kind of thing has not happened before.

The abolition of the emperor, the birth of his own young son, and the administration of the harem were many things, and he even directly called the emperor himself.

"She won't have a child!" Wen Tianyao chuckled coldly, a dark gleam flashing in his eyes.

"This ..." The third emperor's heart sank. Of course he knew what Wen Tianyao meant, but if there were no sister-in-law, there were hidden dangers, but at the moment he couldn't tell the way to persuade, and it seemed that this was the only way.

"Why does the queen mother do this?" No longer thinking about Jing Wenyan, Jing Wenyan married in the East Palace, it is the general trend, the three princes sighed in their hearts and changed the topic.

"She's seizing power, but she doesn't know what she's doing to seize it! For so many years, she has been in the harem for safety, and she really wants to push her second brother, but the second brother's body is not Fighting!" Wen Tianyao sneered.

"Brother, he is actually very strange. His body is really inadequate, and it seems that it is not only a birth defect, but also some signs of poisoning, and it is brought from the womb ... so there is no way to cure it. Keep it, maybe you can live a few more years, and the poison was not bad at the time! "

Although the medical records of the second prince are well hidden, the third prince has his own sources of channels. Although he is not very clear about the condition of the second prince, he can basically guess eight or ninety.

"De Fei was poisoned when he was pregnant with him?" Wen Tianyao heard this for the first time, his eyebrows frowned slightly and asked.

"Or it may not be poisonous, or it may be caused by premature birth. The fetus is very fragile when it is not born, and it may be incredible for him to suffer a little damage. Yes, it was said that it was inherently inadequate, "explained the three princes.

He is not interested in politics, but he is involved in other aspects, and he is very proficient in some aspects.

But now there is not much evidence, and he can only guess based on his feelings: "But no matter what, the second brother's body can never be the emperor. I think this second brother himself should also be

very clear, the queen mother is even more knowing this, so the queen mother-in-law has been very safe for so many years, but it looks like this now ... it feels strange! "

"I will let people check the second brother's affairs!" Wen Tianyao keenly felt that the second prince was the key, thinking about it.

"I think it's related to the second brother!" The third prince echoed.

"Second brother is also born congenital, still premature, and has been sick like this since then. I heard that Jingde was also born prematurely. Will Jingde faint a few times before, will it be similar to second brother?" .

The three princes were surprised a moment, and then they gave a "squeak" lightly, and they took a few steps uneasily. They hadn't connected the second prince and Jingde before, but they only made such a connection, but they felt that it makes sense, but the symptoms of the two people must be different. Wei Yue Wu is usually not as weak as the second prince at least, but it makes the third prince temporarily uncertain.

"This ... is also possible!"

He could only say so vaguely.

"If this is the case, wouldn't ... someone had given Mrs. Huayang Hou a medicine earlier? Before producing Jingde?" Wen Tianyao's face turned white.

Before, he also found out that Queen Tu was unclean in the matter of her own mother, so she had a horrible attack on Queen Tu, and did not care as much about the four princesses as before.

If the evidence is conclusive, he will definitely allow Queen Tu to repay the debt of the biological mother.

But there is no direct evidence that the matter of Wei Yue Wu is related to Queen Tu.

"It's possible!" The three princes couldn't say for a while, hesitated, hesitantly.

Weiyuewu's symptoms are really similar to those of the second prince.

"Is the couple of doctors treating the second prince the same as those of the queen mother?" Wen Tianyao asked slowly after turning a few steps.

The three princes also followed, "These are the few who basically do not belong to the Taiji Hospital! Although they were named in the Taiji Hospital, this time Jingde was sick. I heard that the Queen Mother had specially sent people to see him. ! "

"Did you say anything?"

"Nothing was said, it should be found out that Jingde's situation is really not good, otherwise the Queen Mother will not say anything at all!" Said the prince subconsciously.

This remark made Wen Tianyao's face more and more cold. The queen mother is a savvy person. Even if she doesn't care about the harem, Wen Tianyao and the three princes still know clearly that they can say nothing to the queen mother. This is bound to have a certain problem, but this problem is neither of them willing to see.

"Brother, I will try to inquire about some news from those great doctors. If others can't say anything, I should still be able to inquire about some!" The third prince whispered.

"OK!" Wen Tianyao nodded.

"Brother, then I'll go back first!" The three princes should have asked everything, and everything should be said, and they left.

"Okay, be careful!" Wen Tianyao said with concern.

"Brother rest assured, what can I do, I am just a lazy prince, I have neither real power nor petting, nor ambitious, who will take me seriously!" The three princes laughed, describing it In the meantime, there is no slight discomfort.

He has never thought about imperial power, or since he knew all the causes and consequences, he has broken the road to imperial power. He is not a tool in anyone's hands, and he does not want to live for the imperial power dream.

Such idle days are more suitable for his temper.

"Although this is said, Si Si ... you are always careful!" Wen Tianyao reminded implicitly.

"Brother, I understand!" The three princes nodded. Although Wen Tianyao didn't say the meaning of the words, he understood immediately. Of course, he nodded his face, and then hurriedly left Wen Tianyao and turned around. go away.

After leaving behind alone, Wen Tianyao's face frowned darkly, and before he made a decision, he whispered to the side servant, "The idea is to meet the Lord of Jingde County!"

"His Royal Highness ..." The **** stunned for a moment, but did not respond.

"Try to let Jingde come to see me, but I can't let her know who I am, just use the jewelry made by Jingde last time!" Wen Tianyao said this more clearly.

The housekeeper was stunned first, but immediately horrified and screamed: "His Royal Highness ... Your Highness, this ... this is ..."

"Hurry up and prepare!" Wen Tianyao turned and walked towards his main hall, the voice behind him was decisive and determined! Interrupted the words of the housekeeper directly!

"Yes!" The housekeeper didn't dare to say anything, but had to respectfully respond.

Chapter 862: Bookstore, girl ring with martial arts

"Jingde County Lord, our Lord wants to meet you!" A girl ring stopped in front of Weiyuewu.

Wei Yue Wu is in the attic of a painting and calligraphy shop.

This is a very good painting and calligraphy shop that Weiyuewu found. There are some rare books that Weiyuewu have heard before, but have never found. It is the one that is most in keeping with Weiyuewu. Feeling relieved, Yan Huaiyu told her in private that the shop was actually Yandi.

Let her rest assured to pick the favorite book in this bookstore!

Therefore, at this painting and calligraphy shop, Wei Yue Wu was very relaxed. When he entered the shop, he took off the curtain cap early, and then went to pick up a book in the attic.

I don't think time is passing fast.

She brought a girl ring, Jin Ling, and told Jin Ling to go through her favorite book, so she was the only one around her.

There weren't many people in the attic. There were a lot of bookshelves. There were few people seen between a bookshelf and a bookshelf. This girl ring didn't know where it was before, but suddenly it came out.

Looking around, Jin Ling was still two or three bookcases to his left, which would not see where it was.

"Who are you masters?" Wei Yuewu casually dropped the book in her hand and asked while looking at the books on the bookshelf.

Seemingly leisurely, only she knew that the whole person was nervous.

A girl ring that inexplicably stopped herself was not included in her calculations, let alone who this "master" is, Wei Yue Wu didn't really know.

The rest of the corner of the eye glanced at the distance between himself and Jin Ling. If this girl ring has skill, if you want Jin Ling to come over, it is still a little difficult to save yourself.

"The county master knew it in the past!" Yahuan stretched out her hand and stopped Weiyuewu strong.
"There is the Yahuan of the county master. I'm afraid she won't know what happened here yet, but Then she found out that slaves can also take you away! "

Wei Yue Wu's long eyelashes flickered, and there was a deep flash in her eyes. Needless to say, looking at the momentum of this girl ring, she knew that she must have skills, not an ordinary girl ring.

"You're taking me away?" Wei Yuewu only made her words sound more peaceful.

"Yes, but the slaves are not malicious. They just want to ask the county master to see our master. Our master wants to talk to the county master about cooperation!" Yahuan stopped Wei Yuewu's way, and the attitude in the words was kind.

"If I let you, why would you take me away?" Wei Yuewu smiled and raised her lips, without any confusion, as if she was full of heart here.

This gave Yahuan a bit of confusion, and she did not consciously look at the direction of Jin Ling. She had already seen where that Yahuan was before she could stop here to stop Wei Yue Wu.

The Jingde County master is just a helpless lady, even the frail and sick one. Yahuan doesn't feel that she can't deal with the Jingde County master by her own skill.

It was just that the Jingde County master was too calm, and she felt a little uncertain for a while.

But looking at the fragile girl in front of her, she immediately eliminated this idea, and it was impossible for the Jingde County Lord to escape from herself.

"Country master, slaver will stun you and help you down. Put your cap over there. Slave put on the cap for you and say you are unwell. You can just go downstairs and leave the shop. Outside. The carriage has

been prepared for a long time, and the slave will not give you the opportunity to make a sound to remind you of that girl ring! "

Yahuan said with a bit of pride.

This matter is very well arranged, and it is generally determined by the master. Only a few places have been trimmed. No matter from which aspect, the girl thinks the master is perfect.

The Lord of Jingde County in front of him was just a fragile girl.

"What if my girl ring is found?" Wei Yuewu blinked her eyes and smiled suddenly.

"It's impossible to find out!" Although Yahuan had some doubts as to why Wei Yuewu still laughed so peacefully, she answered with certainty.

"Aren't you afraid that your master will blame you at that time?" Wei Yuewu didn't seem to find the affirmation on her face, and continued to laugh. "He will not be able to protect himself, but he still has the mental calculation of others. ! "

"There is no problem in protecting our masters!" Listening to Wei Yuewu's words of contempt, Yahuan subconsciously replied.

"No problem?" Wei Yuewu raised her eyebrows with a smile. "If he really has no problems, he will talk to me about cooperation issues, and he can come out by himself, so why bother me such a useless person!"

"Our master has his own plan!" Seeing Wei Yue Wu didn't mean anything, and Ya Huan's heart settled down. She would be the best if she could take Wei Yue Wu away. The person was stunned and taken away, "The county master is assured, our master is not malicious, so we have to talk to the county master about cooperation."

"I have something to cooperate with! Your master is too self-righteous!" Wei Yuewu said carelessly, and her eyes wouldn't mess around!

This makes the girl ring more at ease.

"The lord, your situation, our lord knows all about you, knowing that you can't be the only one in Yan's Mansion, or even the meaning of being overwhelmed. If the lord can cooperate with our lord, our lord promises to let you in Yan. There is no opponent in the backyard of the palace! "

Yahuan advised.

This means that I really understand myself!

"What good way is your master?" Wei Yuewu's face was touched, and she put down the book in her hand and looked upright.

"The lord, you will know when you have seen our lord. Our lord has prepared several methods for you, and each of them will not involve the lord of the county. By then, the lord of the county will have the heart of the world, and also You can take charge of the inner court of the King's Palace alone, and no one can compete with the county master! "

Yahuan said in more detail this time, she saw that Wei Yuewu was a little moved, and naturally showed that she had everything in her hands, and Wei Yuewu, who wanted to lobby, was heart-warming.

"Your master still has this method?" Wei Yuewu asked in surprise.

"Our master has always done nothing. This kind of affairs in the inner court is a trivial matter. If the county master doesn't believe it, he can ask our master in person." The girl hugged her hands, quite proud.

"Aren't you trying to catch me, and want to kill Yan Shizi?" Wei Yuewu looked very moved, but still looked at Yahuan Road in peace.

"The county master rest assured that slaves and masters really won't treat you. If you think about it, if you want to deal with Yan Wang Shizi, you must also see if you have this weight in Yan Wang Shizi's

heart. The first one is not you, even if you have a little bit of the heart of the King of the King of Yan, you are far from the level of the King of the King of the King of Yan!

Yahuan explained.

"Okay, then go and see your master!" Wei Yuewu thought about it, and although she was a little bit embarrassed, she agreed.

"The lord of the county, let's go with the slaves!" Yahuan was overjoyed, and being able to take the Weiyue dance peacefully was of course the best policy.

At first I thought the Jingde County chief was afraid to speak, but he couldn't think of a few words, the county chief would be so easy to speak, his heart was loose, and his face was slowly showing a smile.

"Okay, just going down is easy to be found. It's better if you bring that cap and put it on, and go down together!" Wei Yuewu reached out and pointed at the cap behind the bookshelf.

"How about the county master and slave?" Yahuan looked suspiciously at Wei Yuewu's face, and then looked at the hanging hat at the corner of a bookshelf in front.

The valance is not far apart, but it is always a little unsafe to pass a bookshelf in this way.

"Good!" Wei Yuewu nodded without hesitation, without any hesitation, as if she really wanted to follow Yahuan to leave.

This made Yahuan's wariness a little less. Looking at the direction of Jin Ling, I found that the direction is actually not the same direction as the cap. If you go there, it is actually farther away from Jin Ling. Now he took Wei Yue Wu to the veil.

Weiyue Wuan walked quietly in front of him, as if there was no alertness, and at the corner, he didn't make a sound.

Not far from the corner is a small account desk, in which sits a young accountant, wearing a pair of gold-rimmed glasses on his face, looking over, and just happened to see Wei Yuewu and her behind her. Yahuan, she turned her attention away.

The account room upstairs is not actually paying the bill, but it can serve to observe the guests upstairs.

The books upstairs are all treasured ones. If they are accidentally lost or broken, they will be compensated.

"Can you let me talk to my girl ring, rest assured, I just said to leave." Wei Yuewu took the bonnet and did not wear it on her head, but faced the girl ring behind her softly. Laughed.

"Master, don't be embarrassed, this is really not possible!" Yahuan was standing in front of Weiyue Wu, expressing her dissatisfaction strongly. "The cooperation between you and our master is also counted as one. This is a two-pronged thing, you wouldn't want Yan Wang Shizi to know about it? Rest assured, after you leave, someone will inform your girl ring, and it won't make her fuss to attract others' attention! "

"This ... I'm afraid the girl is so embarrassed that she can't see me, so she screams in a hurry, which is not beautiful!" Wei Yuewu hesitated a moment, stomped her feet, and seemed to want to see the bookshelf behind. Jinling, helplessly, the bookshelves are here one after another. Where can she see people like this!

The face of the young tent changed, and he pressed his hands on the abacus in front of him. Although his eyes were still looking at other places, the corner of his eyes had locked Weiyuewu's side. He moved under his feet and turned out his account. station.

"Then ... okay!" Wei Yuewu reluctantly picked up the cap and put on her head.

Seeing Weiyuewu's submissive appearance, Yahuan's heart finally let go. She could hear footsteps in her ears, looked up, and was seeing the tents upstairs coming up, she seemed to perceive the sound here.

Looking at the abacus in his account room, Yahuan frowned calmly, and then consciously stood behind Weiyuewu, posing as Weiyuewu's Yayue.

Since Wei Yuewu wants to go out herself, she doesn't have to worry about it so much. After the accountant has left, she can leave, but her heart is raised unconsciously.

The young Mr. Tengfang smiled closer and closer ...

Chapter 863: Failed, actually failed again

"May I ask this lady, but want this book?" The accountant smiled and walked to Wei Yuewu, and saluted gently.

Yahuan's eyes fell down, and then she saw that Wei Yuewu still had a book in one hand, or the one she had just read, and she felt a fright in her heart.

"No more, thank you!" Wei Yuewu also seemed to find the books in her hand, smiling politely.

"Since the lady doesn't want to, can you return the book to the little one!" Said Mr. Tengfang politely.

"There is work!" Wei Yuewu took a step forward and passed the book. Yahuan only stared at the tent. She did not notice that the cap in Wei Yuewu's hands fell silently to the ground. At her feet.

Mr. Accountant reached out and seemed to be picking up the book. He looked at the scene in the scene without doubt.

But the next moment, the sudden change came out, and the abacus in Mr. Tsang's hand flashed a residual image, which actually flashed through his other hand, and appeared directly in front of Yahuan's face.

Yahuan was startled, but her response was fairly quick. She took a step back, her head was a little bit, and she happened to miss the abacus.

Mr. Accountant flashed Wei Yuewu, the abacus in his hand was not old, and he still smashed into the face of Yahuan.

However, the position of the girl ring is old. At first, she was in a sudden, and it was too late, but she stepped on the veil on the hood by accident, slipped under her foot, almost fell, and stretched her hand. Holding the bookshelf by the side to stabilize her figure, the iron abacus hit her face.

She only heard a "snap", and Yahuan just felt a violent face on her face, her eyes were black, her body was soft, and she was stunned.

This sound is actually not loud, but it still seems obtrusive upstairs. Jin Ling had already put down the book in her hand and appeared silently beside Weiyuewu. Seeing everything in front of her, she immediately understood the former Weiyuewu. In the situation, his complexion became pale, almost Wei Yue Wu was about to go wrong.

"I'm okay!" Wei Yuewu laughed, and then owed a fortune to the storeroom.

"Master is polite!" The tenthouse lowered his voice and waved his hands, and the two dumb men came out of the accountant standing before him, bleeding the beating nose and nose, and lifting the ring that passed out. Go on.

"Small retreat!" Whispered Chong Wei Yuewu.

Wei Yue Wu nodded with a smile, this is Yan Huai's site, of course, it is not easy for others to know.

The tent went back silently, and stood in its place again.

All this happened in a very short time, and only the sound of the abacus hitting the middle ring was louder, and the others were silent. Although there were still a few guests upstairs, no one noticed the change of the sound.

"Master, who is this one sent from!" Jin Linghou followed behind Weiyuewu in fear.

"Mo Hua Ting!" Wei Yuewu thought for a moment, and said with a firm voice that she had told her a lot of things in order to relieve her suspicion, and one of them meant to use her words.

"Why is he?" Jin Ling asked puzzledly. "Jingyuan Hou hasn't released it yet. He is still insecure. Why would he want to send someone to take you away?"

"I thought I could use it for me to suppress things first, and wait until the most suitable opportunity for him came out again. Unfortunately, Mo Huating was miscalculated again!" Wei Yuewu sneered.

Mo Huating is also considered to be exhaustive. He actually knew that he would come to this study from time to time, buy some books, or look for some rare books, but he would never know that this place was originally the place of Yan Huaiyu, so he would So rest assured.

The girl ring sent by Mo Huating should be a good girl ring, otherwise there would not be such a strong confidence, but it would have such a strong confidence, so let the accountant Mr. doubt.

She deliberately made a statement to talk to Jin Ling before leaving, and surely the girl ring was strongly blocked. Although she only used the word to stop, one body language was often accompanied by her own language.

At that moment, this girl ring was nothing like a girl ring, plus helplessness on her face.

That's why the young accountant is suspicious.

Although the people in this bookstore don't know Weiyuewu, Weiyuewu believes that the people of Yan Huaiyu should know themselves. Making such expressions on their own will inevitably attract the attention of the people in the store. Save yourself.

"Master, Jingyuan Hou wants to seize you and want to kill the world son?" Jin Ling was surprised and asked urgently.

"About the same!" Wei Yuewu sneered, and Mo Huating's thoughts were not difficult to guess. He was looking for his most favorable opportunity.

It is a pity that neither himself nor Yan Huaiyu gave him such a chance.

Wei Yan's troubles are flourishing. If he doesn't stand up to show anything, this matter will be detained to him. Even if his identity becomes known to the world in the future, this will also be a stain for life. Unclear.

How ambitious a person like him can let himself be stained like this!

However, now that he can't hold himself, then he comes up with only self-violence status, but at this time there is also a condition that is still in his favour, and the queen's defeat.

"Master, do you want to take a good look at this girl ring?" As for the scene of Jin Cai, Jin Ling still has a lingering fear. This will make me more and more afraid. If you are not in Shizi's shop, the master will really be in trouble. .

"This allows the son of the world to check, but a girl is her own, even though it is a dark guard, but should not know much!" Wei Yuewu shook her head with a smile.

The dark guard is not something that ordinary people can cultivate!

In particular, if this female dark guard is not cultivated for many years, how can it not be possible to bring out such a female dark guard. Mo Huating has already known how to cultivate his own forces from an early age, or someone has prepared for him early With this batch of force?

"Master, isn't that cheap Jingyuanhou?" Jin Ling said indignantly.

Is it cheap?

Wei Yuewu smiled a little, a faint smile appeared on the lips of the cherry blossoms, and there was not a cheap word, especially an ambitious person like Mo Huating.

Picking up a book, turning two pages, raising his eyes, and instructing Jin Ling: "Is the previous book I looked for wrapped?"

"The slaves have ordered them to wrap up, and this will be underneath!"

The reason why Jin Ling left Weiyuewu was because Weiyuewu instructed her to pack the picked books, but one of the books had some corners broken, and the shopkeeper below told her the same book upstairs, and Okay, so she came up and picked again.

Rather, the people sent by Jingyuanhou got a hole and almost caused a disaster.

"Come on!" Wei Yuewu nodded, looked out the window, and felt that it was too early, so she put down her book and went down with Jin Ling.

Everything downstairs was in order, as if nothing had happened, and the Weiyue dance was also unpretentious, without any knowledge or overly compliment.

The book was almost packed, Jin Ling paid for it, picked up the book, followed Wei Yuewu and got into the carriage at the door.

But when she left the store, Weiyuewu put on her cap again.

The carriage stopped not far from the door of the bookstore. Jin Ling helped Wei Yuewu to get on the carriage, and the carriage turned in a direction and walked away.

In the carriage, Wei Yuewu took off the curtain cap, Jin Ling took it, set it aside, raised his eyes and opened it out of the window: "Master, Jing Yuanhou must be sent outside to guard, but not Know where to guard! "

As a dark guard, Jin Ling is still very clear about this.

"It's always just the opposite!" Wei Yuewu blinked in black and white, and suddenly laughed. The longer the suspicious time, the shorter the time left for Mo Huating ...

A tea customer in the tea house opposite looked at the scene in front of him, and frowned.

I'm not sure if the person leaving below is Weiyuewu, and the costume is the one before Weiyuewu, but there is no sound from the people in the house?

It stands to reason that even if it is unsuccessful, there will be some noise, and he has been sitting there, watching the bookstore opposite, including the upstairs.

The windows upstairs are not large and can't be seen clearly. In particular, there are books one by one, which almost cut off the sight.

And it seemed very quiet upstairs, without any abnormalities. This person had seen his family flash at the window before, but he never saw it again, and then saw Wei Yuewu with Ya Huan Shi Shi Ran away.

The problem is, he can't be sure whether the one who left just now is the Lord of Jingde County!

If so, where is the manpower sent by his family? But if not, it is exactly the same as the Lord of Jingde County who just entered!

With such doubts, the man stayed in the tea house for a long time, and waited for another hour, and found that everything was still normal on the opposite side, as if nothing had changed, the talent was shocked and consciously realized what, Standing up quickly, took the tea money and put it on the table, and hurried away.

And shortly afterwards, Mo Huating also received news that the plan to seize the Lord of Jingde County failed!

Failed, actually failed again!

Mo Huating resentfully placed the cup in his hands on the table, and his handsome face was a bit dark, and this little woman seemed to be in awe of himself.

"Master, what do you do now?" The guard who entered the Baobao asked respectfully.

"Give it away!" Mo Huating gritted his teeth, his face changed a few times, after all.

"Master, this time ... isn't it time yet?" The guard asked hesitantly.

"It is indeed not the best time, but the defeat of Queen Tu is also a favorable condition. Pass these words and things into the palace together and say something about the house, especially if Wei Yan is dead. When it came to the Houfu of Jingyuan. "Mo Huating's face sank like water.

"Yes!" The guard responded one by one. When Mo Huating stopped, he asked again, "What about Aunty Yan?"

"I will talk about this after I go out!" Mo Huating slowly said, "Let Miss Piao find someone as I said, and then locate it in our house after finding someone! Then tell them as I said."

"Yes!"

Chapter 864: Another big event shaking the field

During this time, one thing after another!

First, the death of Mrs. Huayang Houfu, and then the murderer who did not know where she came from died, and this seems to have happened with Huayang Houfu, Jingguo Mansion, and Jingyuan Houfu. relationship!

Then there was the Huangzhuang incident caused by the three princesses and the four princesses, who actually stunned the emperor, and the queen Tu and Tu Zhaoyi were reprimanded together.

The next thing is the Prince's wedding in advance!

Each of these things is not a trivial matter, but they have collided together, making many people feel uneasy.

And now another big thing happened.

Wang Meiren, who was confined in the cold palace, is of course said to have given birth to a child during the claustrophobic period, but because she was afraid that she was in a bad situation and gave birth to a child, she entrusted her son to his good sister, Mrs. Jing Yuanhou, for adoption. This child is now Mo Huating of Hou of Jingyuan.

As soon as the news came out, there was another shock at once.

Mo Huating is also a prince!

And according to the age of Mo Huating, he is older than the prince Wen Tianyao, so is it that Mo Huating is a well-deserved prince?

The name of this so-called grandson is no longer the Prince Wen Tianyao?

The Prince is both stingy and long. He has been seated in the East Palace for so many years. He has never had any doubts, but it will be secretly discussed. Some people even pull out the historical facts, saying that the Prince does not necessarily have to stand. There are also many of them!

Some people also say that the Prince must have a virtue!

For a while, there were many opinions, and each said something. Many people faintly felt that the Prince's position was far less stable than before.

Because the reprimand of Queen Tu was not over yet, the Wang Meiren in the cold palace provided her queen with things like the puppet at the time of Mo Huating's birth, and some necessary physical evidence and witnesses.

The facts are all there, and the queen mother-in-law has made people recognize it, and she also recognizes this fact!

Mo Huating was indeed born of the emperor, and was also the eldest son of the emperor, so the ranking numbers of the emperors were changed again.

Mo Huating is the great prince, and Wen Tianyao is the prince, but he is the second prince. The two princes who were originally weak and sick became the third prince. The three princes who had been idle before became the fourth prince, and the four princes born by Tu Zhaoyi became the fifth prince.

The royal family renumbered.

Since Mo Huating is the emperor's son, the previous events were not a big deal. Moreover, the second prince had no direct evidence to prove that Mo Huating was the murderer, and Yan Huaihuan did not say anything strange, so this matter is even Nothing left.

Mo Huating then regained his freedom!

There are not many emperors' sons and daughters, and now there is one more prince, which can be regarded as a happy event, so the queen mother released Wang Meiren from the cold palace and re-granted a palace. As for Mo Huating, he still lives in Jingyuanhoufu temporarily. Although he bears the name of the great prince, it still bears the title of Jingyuan Marquis.

The queen mother meant that when the emperor's health was better, she gave Mo Huating a new reward for her new house. As for the title, all other princes had no title, and he would temporarily bear the title of the prince of Jingyuan. Wang, his title can be mentioned again.

However, Mo Huating expressed his unwillingness to give up the title, saying that he was grateful for the kindness of his adoptive father and mother.

In fact, this situation is not difficult to solve. If two sons are born in the future, the eldest son will inherit the throne that he will receive in the future, and the second son will inherit the title of Jingyuan Marquis.

But at the moment the emperor has not meant to confess his son, then he is only Jingyuan Hou, but this Jingyuan Hou has long been not the original Jingyuan Hou, but the emperor's great prince.

This is a happy event for Mo Huating.

As soon as his prince's identity was revealed, his status immediately increased, even faintly threatening the association to Prince Wen Tianyao.

Wen Tianyao now only occupies one character, and Mo Huating occupies one long character!

However, Wei Yan's incident broke out suddenly. Wei Yan was a gangster of Mo Huating. Now it has been confirmed by the girl ring around her, and several subordinates on Mo Huating also said This aunty is Mo Huating's aunt.

At the same time, because the incident was too big, the punishment department had to say that it would try the matter publicly.

This matter is related to Huayang Houfu and Jingguo Mansion. Jingyuan Houfu, which was originally considered to be the weakest, will not be weak. Such a case cannot be blocked by the Ministry of Criminal Affairs, and it has to be tried in public. Justness and fairness are obvious to all.

Weiyuewu is also one of the people concerned, so I also received the notice early, and early in the morning, I took the person ready to go to the palace.

However, she is also the princess of the King of the Swallows, with a distinguished status, and Jing Wenyan, who is also a princely concubine, is also extremely distinguished. This time, she was the representative of the Yasukuni government. Both of them were inconvenient to show up.

I don't know if it is the adult in the Ministry of Criminal Affairs who came up with a method for the trial.

The inner court was placed in the palace, and the queen mother-in-law was the chief judge.

Today is the day when Weiyuewu enters the palace.

When walking out of the hanging flower gate, Wei Yuewu was surprised to see Yan Huaiyu actually standing under a willow tree not far from the hanging flower gate.

Yangliu Yiyi fell, and the handsome and unparalleled man smiled eagerly, watching the Yueyue Dance outside the Chuihua Gate.

Even if he didn't say anything, the gentle and elegant feeling instantly brought the whole environment to life. A flurry of white clothes made him stand taller and brighter.

Wei Yuewu stepped forward with a smile, "Don't you say there's something else? Why are you here?"

In the morning, Yan Huaiyu also told her something was wrong, and then left in a hurry. I didn't expect this would come back.

"There is something, but if you deal with it, it will be okay. Go and go to the palace together!" Yan Huaiyu's face looked beautiful and unusual in the breeze of Willow, but also gentle and abnormal.

It turned out that he had something to say, but he wanted to get rid of it and accompany him into the palace. Wei Yue Wu felt a warm current in his heart. The whole heart felt soaked in warm sugar water, warm and sweet.

Although she basically understood her thoughts about how to enter the palace, if Yan Huaiyu was beside her, she would feel inexplicably more confident.

At this moment, there is even a kind of quarrel among children, with the meaning of parental protection ...

Although it is ridiculous, I just feel inexplicably happy.

"What are you thinking, so happy." Yan Huaiyu in her ear, with a soft magnetic voice, Wei Yuewu subconsciously looked up, only to find that she had actually reached the carriage.

And the carriage is the big and conspicuous carriage of Yan Huaiyu.

"Let's go up!" Yan Huaiyu supported Weiyuewu to the little boy next to him, Weiyuewu stepped on his feet, and then Yan Huaiyu followed the carriage, and the carriage slowly moved towards the palace. .

Sitting on the carriage, Wei Yuewu converged on her tenderness, and slowly thought about the next thing. The queen mother-in-law in the palace did not know much about her, and did not know what kind of character she was.

But I'm afraid it's not easy to deal with. For this, Wei Yuewu still has some self-knowledge.

The place is the palace, hosted by the queen mother-in-law, Mo Huating is her grandson, Jing Wenyan is granddaughter, it seems that she has nothing to do with her, not only, but also the wife of Yandi, and the relationship between Beijing and Yandi. It's a bit mysterious.

Compared to this, in the queen mother's heart, it seems that the best one can only do it herself.

"Wuer, but worried about the queen mother?" Yan Huai's lazy voice was relaxing and gentle.

Hearing his voice, Wei Yuewu's inexplicable heart was slightly fixed, and he nodded subconsciously, raised a pair of watery eyes, looked at Yan Huaiying, and bluntly said: "I am not very familiar with the queen mother-in-law, I don't know if it will protect Mo Huating! "

"Yes!" Yan Huai's handsome lips slightly raised, reaching for Wei Yue Wu to pour a cup of tea, pushed to Wei Yue Wu, leisurely said.

"She ... wouldn't it be so obvious?" Wei Yuewu took the tea and asked herself.

"No! She is the queen of a country. This dynasty belongs to her son. Of course, she is unwilling to cause turmoil in the dynasty because of such a thing!" Yan Huai said with a hint.

Wei Yuewu was meditating for a while, picked up the tea, and took a sip, and Liu Mei frowned even more.

She understood what Yan Huaihuan said, but she was worried about another meaning in this sentence: "Will the queen mother touch my father?"

Although Huayang Houfu is a senior minister, if the queen queen wants to move, he can still move.

If the forces in all aspects are not weak, then there is only the weakest link. This link is either himself or his father. Wei Yuewu is inexplicably worried.

"Dancers don't have to worry about it, your father is not so easy to deal with!" Yan Huaiyu said with a smile.

"But it should be the mother who enters the palace this time. She will only become Mrs. Huayang Hou, and she will always be unable to catch up with the Queen Mother!"

In the back-court, it is unlikely that the father will come, just to prove it, Wei Yue Wu thinks it is more likely to be Tu.

"The dancers don't even have to worry about it. The daughter of Tu is not so bullying. First, Queen Tu, and then Zhao Zhaoyi. If something happens to Tu, there is no way for the queen mother to confess to Master Tu!"

Yan Huaihuan said this very profoundly. Wei Yuewu did n't understand it first, but after a closer look, her eyebrows were slightly opened: "Tai Tu hasn't shot yet?"

"No, but the daughter of the Tu family has been deceived repeatedly, and the meaning of the queen mother is so obvious. This is because she wants to hold her pulse higher. The queen mother is stepping forward carefully and stepping on. Where is the bottom line of the daughter of Tu, but if the queen mother is smart, of course, she also knows that it should not be punished too much at this time! "

Yan Huaiyu laughed.

There was so much meaning in this remark, Wei Yuewu felt it for a while, but she didn't understand it too much. She looked up at Yan Huaiyu's handsome and unusual face, with a gentle smile on that face. It looks easy-going and leisurely, but there is nothing to worry about.

Inexplicably, my heart was loose, and it seemed that Fang was not so nervous!

The imperial palace is in front of you, but it seems that entering the palace this time is different. Regarding Wei Yan, is it necessary to settle the matter about Mo Huating ...

Chapter 865: But it was a runaway!

The queen mother-in-law's Jingchen Palace is as majestic as ever.

Not only the majesty, but also the vaguely disturbing atmosphere, the palace people in Jingchen Palace bowed their heads one by one, for fear that one would accidentally provoke the anger of the masters.

Although the queen mother-in-law doesn't care about things, in the past, there will still be some little masters come over to ask Ann to chat. Every time the queen mother-in-law is very happy, but since she got up today, there is no smile on the queen mother-in-law's face.

All the people in the palace are full of talents. Of course, all of them will be very cautious.

When Weiyuewu came in, there were already several soft bridges at the door, and they should have arrived early.

The palace girl at the gate saw Yan Huaiyu and Weiyue dance coming over, and hurried forward to salute respectfully: "Sir son, concubine, queen mother-in-law, please!"

Yan Huaiyu nodded, and smiled sideways at Weiyuewu. A pair of handsome eyes squinted at the light, and the palace man on the side who was watching was almost there. The Jingde County master Yue Yue became more and more beautiful. Compared to that quasi-prince, she also seems to be better.

"Let's go!" Yan Huai shouted.

Wei Yuewu nodded, and walked along with him, waiting for them to take a few steps, the palace girl guarding the door was awake, her face flushed, and she hurried up a few steps to catch up and lead the way.

Above the main hall, the queen mother-in-law sat there with a faint face, which was the same as Wei Yuewu imagined, but what surprised Wei Yuewu was that Mo Huating, who was sitting next to her, was considered real. Mo Huating, who "recognized his ancestors and returned to the ancestors," would actually appear in the empress's palace at this time.

But on reflection, it was not too surprising.

Shui Yan swept at him slightly, and then fell on Jing Wenyan on the other side of the queen mother-in-law. Jing Wenyan looked quite bitter, holding her hand in her hands, her eyes reddish, as if she had cried before. Appears grievance and pitiful.

Long eyelashes flickered twice, Wei Yuewu sneered, Jing Wenyan really never missed acting at any time.

Sitting next to Jing Wenyan was Tu Yuzhen of Tu Shi, needless to say that she represented Huayang Houfu, or Wei Luowen asked her to testify for Wei Yue Wu.

It must be the inner palace here, the emperor is sick now, and Wei Luowen is not in and out.

Seeing Yan Huaiyu actually accompanied Wei Yuewu to enter, the queen mother-in-law was slightly hesitated, but with a slight smile on her face, it was a face for Yan Huaiyu.

Yan Huaiyu and Wei Yuewu stepped forward to salute the queen queen, and the queen queen smiled as they each took their seats.

Yan Huaiyu sat at the bottom of Mo Huating, and Wei Yue Wu sat beside him very naturally.

Mo Huating looked up at Weiyue Wu, and seemed to have opened a little longer. He felt more beautiful and moving, and those two eyes seemed to sweep himself slightly, but he felt inexplicably pure and beautiful. No matter how many beautiful women I have met, no one is better than Wei Yue Wu.

Even the poorest man in the world, on the edge.

It seems that every time I see Wei Yue Wu, I feel amazing.

The inexplicable eyes became deeper and deeper, looking at Yan Huaiyu on one side, and a hint of jealousy flashed in his heart. If he did not remarry at first, the marriage would not be Yan Huaiyu anyway.

With such a calculation, the look towards Yan Huaiyu became even colder.

Yan Huaiyu seemed as if he hadn't noticed the strangeness of Mo Huating, and his lips were slightly tickled, and he looked back with a smile. Mo Huating turned his head uncomfortably, avoiding Yan Huaiyu's gaze, and converged the taste in his heart. Yan Huaiyu's pair of seemingly mild eyes had the sharp chill that Mo Huating could sense.

"How did Shizi enter the palace together today?" The queen mother-in-law smiled slightly and asked politely.

"It just happened that nothing happened. When I heard that Wuer's family had happened like this, I came here to accompany me to the palace, but I disturbed the queen mother!" Yan Huai's handsome face was gracious and kind.

"Shizi is polite, and Ai's family is also a routine question. Now the empress can't care about the harem at all, but the Ai's family has questioned it!" The queen mother smiled.

Queen Tu doesn't matter, there is a reason!

"The queen mother-in-law is on her own, I'm here to see it!" Yan Huaiyu said with a smile that she didn't step in, but just came to the scene. This attitude is quite satisfactory.

She coughed and turned to Weiyuewu, because Weiyuewu came late, and she had already asked about the previous ones, and now she is waiting for Weiyuewu.

"Jingde, tell me what happened that day in Houfu, Huayang? Why did you suddenly quarrel with Li? After that, did Li really want to pollute you?" Because Yan Huaiyu was there, The queen queen was inconvenienced too much about Weiyue Wu. Although she would lose her smile, her tone would be kind.

"That day, Miss Erhua led Jingde past, but after that, she found another reason and said that she went to Miss Er to take care of herself and left. After that, Li didn't know where to hold her. Jumped out and pushed me into the water. Fortunately, Yahuan Jinling came out in time and pulled me to save me, but Li himself fell into the river! "

Wei Yue Wu had been prepared for a long time, and the eyes of the water were light, and he was not in a hurry.

Regarding this matter, I believe that the queen mother-in-law had asked Tu's already. My father had watched the audience at that time and he must have told him about the matter. Of course, the queen-mother-in-law knew that. But it's just to see if the confession can match up. These things are too obvious, and definitely will not be the focus of the Queen Mother.

"I heard that after Li's fallen into the water, your girl ring hit her with a bamboo pole. She is no longer a bad wife, but a little slave who can be humiliated!"

The queen mother's face sank slightly.

"The queen mother-in-law, Rong Hong, was in a mess at the time, and the girl ring was also eager to protect her. Then I expected that someone would put a bamboo pole here early and wait for her to hook."

"I prepared this bamboo pole early?" The queen mother had never heard of it.

"Everyone in Huayang Houfu knows this. If the queen mother-in-law does not believe it, she can go directly to investigate." Wei Yuewu said without panic.

"Do you know why the second lady wanted to harm you?" The queen mother looked at Wei Yuewu and frowned, changing the subject and asking.

"This ... I don't know. I heard that the second lady is still from Jingyuan Houfu." Wei Yuewu implicitly directed the topic to Mo Huating.

"This matter has nothing to do with me! It's just a runaway!" Mo Huating said firmly and decided Wei Yan's position.

Fleeing, since it was fleeing, of course, everything that was done had nothing to do with Mo Huating. Mo Huating said that, in fact, it was expected.

Wei Yuewu sneered, I'm afraid Wei Yan didn't really understand who she died in.

"Even if it was an escape, why did you harm me? Jingyuan Hou didn't intend to give me a statement?" Wei Yuewu said coldly, a gleam of light flashed through her eyes, even though Mo Huating was now the great prince, she still use this title.

"A fugitive, who thinks she is a bit like Miss Wei Er, so she followed Huayang Houfu, or she was not friendly to her before, so there was something!" Mo Huating said lightly.

What this said is extremely different. Wei Yan was jealous of Wei Yuewu, so she only started with Wei Yue Wu. Now when the second lady dies in prison, it may be Wei Yue Wu's retribution. Yue Wu's current identity, if resorted to Yan Huaiyu's means, to kill a weak woman, it is still very simple.

Even with so many doubts at the scene, there may be a backhand under the cloth of the dark guard of Yan Wangfu.

Sure enough, Mo Huating had already prepared everything and waited for himself to enter the game.

Wei Yuewu raised her smart water eyes, a faint smile on her lips, glanced over Mo Huating, but did not stop too much, and then slowly fell on Jing Wenyan's face to defend herself After entering, the princess-prince has been sitting quietly.

Only this time, only a little bit, Qiao quietly hit Wei Yuewu's eyes.

But then she looked away, but Wei Yuewu could see clearly, only Jing Wenyan was watching Mo Huating, and there was a strange atmosphere flowing between the two.

"Since it is a fugitive, Jingyuan Hou should not be able to tolerate her. Besides, there is also the Jingguo Mansion involved here. Jingyuan Hou does not intend to explain exactly where the fugitive came from? What was the original identity? , Why didn't you live well in Jingyuanhoufu but escaped to Huayanghoufu? "

Weiyue dance coldly.

In her mind, Mo Huating is the person she hates most.

"She's just an ordinary woman." Mo Huating coughed lowly.

Wei Yue Wu narrowed her eyes, "Since it is a woman of ordinary people, there is always a context to it!"

The source of Wei Yan's net worth is the breakthrough.

"Yes, she brought her family to solve the doubts before!" Mo Huating continued, waved his hands without hesitation, and the maid of the side knew, and after a while, he led an old couple Come in.

Although the clothes were fairly clean, there were a few patches on the cuffs, and they were clearly in the eyes of everyone.

Seeing the crowd on the temple, the two of them trembled before they walked in front of the queen mother-in-law, and then they knelt down and said, "The grassroots see the queen mother-in-law!"

The queen queen waved and leaned back on the back of the chair, leaving Mo Huating as the master.

"The chamber in my house is your daughter?" Mo Huating asked in a deep voice.

"Yes! Caomin Han Zhuang, this is Caomin's wife Wang, Yaner is our two only daughters." Han Zhuang opened his mouth timidly, looking honest.

"I heard that Jingyuanhou's auntie was born with a good background. How could such a couple suddenly pop up?" Wei Yuewu's eyes asked lightly.

"I was deceived too. I checked it now and I knew it was not. I happened to meet her on the road. She said that she had a good life. Later, I felt that someone had to check it. Then I found out that her life was not right. The daughter of the family. "Mo Huating frowned.

"Probably because she thought I checked her, she ran away secretly!"

Chapter 866: Thousands of Swords of Yandi

This is what explains the so-called escape.

Wei Yan escaped because Mo Huating checked and lied!

"You are her biological parents? What is the proof?" Wei Yuewu asked calmly.

"Isn't it that you deliberately lied to it!" Jing Wenyan said rather skeptically. Although the voice was not high, it happened to be heard by everyone present.

"How could it be a confession? Would her daughter still admit it? And Yaner had sent a letter before, saying that it had been discovered by Jing Yuanhou and sent us a sum of money to let us Hiding, saying that if she became the second lady of Huayang Houfu, she could become the official wife of Jingyuanhou. Let's wait for her good news, but ... but the last thing to come is her death. "

When Han Zhuang heard Jing Wenyan's words, he suddenly became excited, "Country owner, you return my daughter, she is still pregnant with the child, even if she can't live with you, the child is innocent!"

"Country Lord, why did you send someone to kill Yaner? She is eager to become richer, but ... but the crime is not fatal, one dead body, so miserable!" Wang also followed the practice of hissing heartbreak.

In these words, the intentions of the two people were clearly revealed, and what they said to recognize Wei Yan was clearly to prove themselves.

Wei Yuewu sneered, but her face was not obvious, and the topic still turned back: "You say it is the daughter of Aunt Jingyuan Houfu, what is the proof?"

"Yes, yes, Yaner has a birthmark on her body, dark red, on her left shoulder!" Wang cried.

"She does have such a birthmark!" Mo Huating nodded.

There is no birthmark on Wei Yan's shoulders, Wei Yue Wu is not clear, but Mo Huating, who is Wei Yan's husband, is of course clear, and this so-called couple was of course also found by Mo Huating. It looks like Wei Yan The eighth and ninth things that have been right for me have stayed close to ten, and it is very easy to find out from this.

"It's impossible for anyone to know such a birthmark. Shire, can't this prove that we are Yan'er's biological parents! If the Shire also needs evidence, I also have a letter from Yaner who was secretly passed on before." Wang cried, taking out a crumpled letter from her arms.

"Come up!" The queen mother ordered coldly.

A housekeeper came over, took the envelope from Wang's hands, and passed it to the queen respectfully.

The queen queen took it, picked it up and looked at the envelope. From this angle of Weiyuewu, it happened that I could see a few words on it, and my parents started.

The queen mother looked at the cover a little, and then pulled out a piece of stationery from the envelope.

The stationery is also crumpled and looks like it has been rubbed.

The queen had watched, her face sinking like water, raised her eyes and looked at Wei Yuewu and actually handed the stationery in her hand to Wei Yuewu: "Jingde also check it out!"

A palace girl took the stationery from the queen mother and handed it to Wei Yue Wu, who took a look at it.

In the first half of the letter, what was said by the talented Han Zhuang and Wang's family, but the latter part was about the grievances with Weiyue Wu, and said the second wife Li's, the reason why the second master did not take Han Yan for justice The girl was because of the obstruction of Weiyuewu, and later Mrs. Er suggested that she set up such a trap to illuminate Weiyuewu.

The last life and death of Mrs. Er was not expected by Han Yan herself. I am afraid that Mrs. Er didn't think she was alive now, so she set up a trap and said that Mrs. Status is also due to Weiyuewu, so the second lady hates Weiyuewu so much that she would rather die than miss Weiyuewu.

What happened between the second lady and Weiyuewu, Han Yan said she was not clear, but the second lady also secretly told Hanyan that Weiyuewu was cruel and wary, so she was careful, so after going to prison, Han Yan thought more The more afraid I was, I was afraid of being retaliated by Wei Yue Wu, so I wrote a letter to my biological parents who secretly.

It is to let them find a place to avenge her when she encounters unexpected events.

A letter, every word of blood and tears, seems to be Wei Yan 's perfect skill. Of course, at this time Wei Yan is the Han Yan in the eyes of everyone.

After watching Yueyuewu in one eye and ten lines, the look on his face was still light and elegant, and he looked up and smiled at the husband and wife without hesitation: "Because of this letter, you think I killed this auntie!"

"Except for the county owner, our family Yaner has never offended anyone!" Wang cried loudly.

"Yan from your family? I'm afraid not!" Wei Yuewu smiled.

The words were abrupt, and the husband and wife were surprised for a moment.

"I remember that there was a birthmark on the second lady, but you didn't say it. This shows that this second lady has nothing to do with you. This so-called letter is also pretending to stain me!" Wei Yue Wu's deep water eyes fell coldly on the couple.

"Do you know what crime it is to slander the lord?"

Staring at the beauty of Weiyue Wu, the couple immediately felt that there was a faint sweat stain on the vest.

At a glance, Mo Huating was about to speak, but when he saw Yan Huaihuan turned to the side and looked at him with a gentle smile, he asked, "Wu Er is not only the county owner, but also my concubine of Yandi. I do n't know what this Yandi is. The concubine is stigmatized by others, is it necessary to destroy the nine people! The kind of penalties still exist in Yandi! "

His words were very gentle, and his handsome and uncast face even had a lazy smile, but this slight smile made Mo Huating's words linger for a while.

Yan Huaiyu's voice was not high or low, all the people present could hear, the faces of the couple became pale immediately, not to mention that the killing of the nine people was too mysterious, but it was not the utterly punishing capital punishment. Most people can listen to the cold.

The words seemed gentle, but the hidden **** taste surprised everyone.

Yan Huaihuan is openly standing by Weiyuewu and supporting Weiyuewu? A trace of indignant flashed across Jing Wenyan's face.

"Yun ... Yuner, Yaner is our daughter. We don't know the birthmark on her, but the biggest one is her birthmark. The rest, because the child is old, we didn't pay much attention!" Forbearing the fear in my heart, the words stunned.

It means that the girls have grown up, and even their own mothers are also inconvenient to see.

"The child is old, sometimes the parents are not so clear!" Han Zhuang also hurriedly explained.

"Auntie Keyan still has a bigger track on her body. How could you, the parents, not know!" Wei Yuewu's eyes turned around the couple's faces, and she smiled slightly.

The two people who said these words were stunned. Wei Yan still had bigger tire marks on her body. The two of them really didn't know. The lady in Jingyuan Houfu said nothing!

Thinking about it this way, the two men almost looked at Mo Huating subconsciously.

Mo Huating was previously stunned by Yan Huaihuan and had no time to speak. This would make him want to speak again, but there was a kind of desire to cover up. Seeing the couple still turned their eyes to him, they lowered their heads for a while.

I simply didn't see it.

"Come here, call the uncle Yan who injured her, and let him say that there is a bigger birthmark on this pretty aunt who became a fugitive from Jingyuan!" Wei Yuewu froze. Loudly.

"Yes, slaves go now!" Jin Ling responded, and then stepped back.

"Wait!"

Yan Huaiyong raised his eyebrows and shouted at Jin Ling who was about to go out. "In addition, go to Yan Wang Mansion to find the last guard. His ancestor's craftsmanship is a thousand swords, which can

make people cry for three days and nights. Immortal, I stabbed more than a thousand knives on my body, and my concubine of Yandi will never allow anyone to scorn. "

His voice was as clear as ever, and the bloodthirsty breath in his words almost made the people in the room can't help but beating.

Yan Huaiyu is going to go online and connect everything with Yandi.

If this is really the case, even the queen mother is also inconvenient to intervene, it will be a matter of Yandi, of course, it is really a major event outside the harem, the stone monument of the harem can not be used to administer the main road in the harem.

The family law established by the ancestors cannot be violated by anyone.

"Yes, slaves invite people over here!" Jin Ling nodded respectfully, turning around in a hurry.

After hearing what Wei Yuewu and Yan Huaiyu said, I saw two faces that looked pale and unhurried, but the queen mother looked stiff. The couple were just ordinary people in the country. Can afford such a scene, and then slumped to the ground, Wang cried out in shock.

"The lord of the county, it's not the grassroots who are coming to pollute the lord of the county, but the lady of Jingyuan Houfu asked us to recognize our relatives!"

Yan Huaiyu's words suddenly made Mo Huating feel bad. This would also avoid suspicion. She was trying to tell the couple that Wei Yan didn't have other big tire tracks on her body. Then she only looked up and saw Yan Huai^张 Zhang Junmei's extreme face, looking at him with a fierce smile.

The scalp became cold for a while, and then he paused for a moment.

And with such a pause, Wang's words came out of nowhere.

As soon as Wang's words came out, the whole hall was dead.

"Ms. Jingyuanhoufu's cousin? Is it Jingyuanhou's cousin who has always lived in the house? I heard that Jingyuanhou's cousin had originally been staying in Jingyuanhou's house, The backyard, accompanied by Jing Yuanhou, was a piece of childhood love, and she was also the niece of the former Mrs. Jing Yuanhou. "

Yan Huai smiled lazily, and her mood broke the dead silence.

"My cousin and my cousin only have ordinary brother-sister friendship, and where is the sweetheart!" Mo Huating hurriedly denied.

He is the grand prince who has established his footing. At this time, there must be no loss of reputation. He cares for feathers for so many years, and the house is clean. It is the day when one day he will appear in front of everyone innocently. .

Chen Nianshan had an engaged fiancée.

"No matter what kind of friendship between Jing Yuanhou and this table lady, it is always a fact that she defiles the dancer now! Jing Yuanhou must give Yandi a confession!" Yan Huai said with a stern face, sternly .

"Tell me how the lady Miss ordered you, and why did she harm me? Does Jing Yuanhou have anything to do with you?" Wei Yuewu sneered, and followed the path.

"This matter has nothing to do with me, but I didn't know it!" Mo Huating said categorically.

Chapter 867: Abandoned, Chen Nianshan's end

Wei Yuewu was naturally aware of Mo Huating's response.

Mo Huating seems to be affectionate and righteous, and what he cares most about is himself. When he is aware of his danger, he will inevitably abandon others.

It was Wei Yan before, now it is Chen Nianshan!

Wei Yuewu's lips slightly twitched, and a sneer appeared silently.

"Mrs. Queen Mother, this was done by the lady on the house of Jingyuan Hou. I am afraid that the death of Aunt Yan is also related to her! It must be that the aunt is still pregnant with a child in her belly, and this lady is in For so many years in Jingyuan Houfu, I am afraid that it will not be what Jingyuanhou said, but the friendship when I was a kid! "

Wei Yuewu's eyes turned sharply to the queen mother.

This is not a joke, so his eyes are trembling.

"The lord, this may actually be countless, but it's just two people from the countryside. I heard that Miss Chen is a virtuous person. In the past, I also did this chore for Jing Yuanhou. It should not be possible to do such a thing. Right?" Jing Wenyan laughed softly.

"Miss Jing knows the housework of Jingyuan Houfu very well?" Wei Yuewu asked with a smile, but her smile was a little cold.

Jing Wenyan's face became ugly, and Tu's looked at Jing Wenyan and Wei Yue Wu, and finally fell on Jing Wenyan's body.

She can also be seen at this meeting. The prospective princess is clearly not attentive to Weiyue dance. When you think about the former Weiyue dance, the prospective princess sips a Jingde County lord. It sounds like Intimacy, but inexplicable things always feel wrong.

This will come out. In those intimate words, each sentence is full of mystery. On the surface, it looks like a praise for Weiyuewu, but in fact, I'm afraid that there is no good intention!

Hou Ye made himself come to help Wei Yue Wu. Although this didn't help anything, he had to say something to Hou Ye after returning, and let him be careful about Jinguo.

The quasi-princely concubine is the daughter of Yasukuni.

"How can I know the family affairs of the Houyuan of Jingyuan, just to listen to rumors!" Although Jing Wenyan's face was a little ugly, she smiled softly, as if she didn't care about Wei Yuewu's words.

"Listening to rumors, I believe that I don't believe the facts that I said! Miss Jing is too biased in seeing people!" Wei Yuewu said ironically.

Her smile was cold, and she did not care about Jing Wenyan's identity as a princely concubine. The cold feeling made people feel like the flowers of Bing Lingzi, showing the beauty of crystals, but also the piercing cold.

"I ... Actually, I'm just talking about it. Does the Lord of Jingde County have any opinions about me? So so aggressive?" Jing Wenyan's face slowly cooled down, unhappy.

"I don't have any opinion on Miss Jing, but I feel that today's situation is too partial to Jing Yuanhou. Miss Jing also knows that there was a marriage contract between me and Jing Yuanhou. I later retired. Marriage, the cause and effect in it, is also related to many people, I will not tell them one by one here, but I do not want to be involved with Jingyuanhou again, and I do not want people from Jingyuanhou to do it again and again Trouble! "

Wei Yuewu said mercilessly.

As the prince of Jing Wenyan, she should keep a distance from all men except Wen Tianyao. The so-called partiality really makes people feel a little bit of taste.

And Jing Wenyan's identity is not tolerated.

"Jingde County Lord, what does that mean?" Mo Huating's face turned black.

"Jingyuan Hou, I do n't care if this is arranged by your cousin or you, but it 's just to keep you away from me in the future. I 'm not just the Lord of Jingde County, but also the concubine of the King of Kings.

There is nothing to worry about. If Jingyuan Hou does not believe it, we can say it again in front of the emperor and let all the courtiers be notarized. "

Wei Yuewu sneered.

Jing Wenyan thought that by helping Mo Huating, she could protect this Chen Nianshan, but Wei Yuewu would never let her go.

"Jingde County Lord, this is just a dispute between women in the inner court, why bother going to the court." Jing Wenyan couldn't help but said again.

"This was originally only a matter of the backyard, but if Jingyuan Houfu repeatedly plots against me, I even think that this is plotting Yandi. This is a dissatisfaction with the king of Yandi. This king was ordered by the emperor. If there is any dissatisfaction, of course, the emperor will say it before him!" Wei Yuewu raised her long butterfly-wing-like eyelashes and looked at Jing Wenyan coldly.

In a word, this is not just a matter of the harem, the backyard!

Jing Wenyan opened her mouth, but didn't know how she would continue.

Mo Huating suddenly felt regretful. He had known that Weiyue Dance was difficult to deal with, and he had played against Weiyue Dance several times, but each time it fell into the wind. Why would he think that this time, he could push things forward? Onto her.

"Jingde County Lord, I don't mean it! This thing really has nothing to do with me!" Mo Huating had to grit his teeth and push the matter onto Chen Nianshan.

Unlike Wei Yan, Chen Nianshan must have grown up with him, and his friendship with him is different. He knew that Chen Nianshan would never be better, but when he thought of himself, he didn't hesitate.

"Since this matter has nothing to do with Jing Yuanhou, then how does Jing Yuanhou handle this matter?" Wei Yuewu did not let Mo Huating relax.

"Naturally ... drive out of the house!" Mo Huating gritted his teeth.

"Get out of the house? If you think of this couple as the biological parents of the aunty in your house, then they will prove that I killed Aunty, and in the end I will be ruined, but it will be me, or I will return. Will be scolded by the Qianfu, the position of the concubine in this world will certainly not be able to sit still, otherwise it will inevitably affect the son! "

Wei Yue Wu held Mo Huating, with an indifferent ice on her face.

"In this way, did you just get kicked out of Jingyuan Houfu in return? Jingyuanhou was indeed a great prince, and just after confessing his ancestors to the ancestors, he had already done everything with his eyes. Such a big thing is just like this It's over. Where is this King Yan's Mansion and where is the Emperor's calling? "

Mo Huating was speechless in a sentence.

"Rehit the woman to forty boards and throw it out of the house! As for life and death, it depends on her own good fortune!" The queen mother whispered a low voice, and then took the conversation.

Hitting the forty boards again, weak girls like Chen Nianshan can hardly survive, and even throw them out of the house directly, which is considered to be Chen Nianshan's life.

"Thank your queen mother-in-law!" Wei Yuewu said a sideways gift, thanked her queen mother-in-law, and then said, "Jing Yuanhou won't have any opinion!"

"No!" Mo Huating gritted his teeth, and his eyes fell on Wei Yuewu's body.

Such a fragile woman, but the Lord has repeatedly asked him to eat, and now even follow him since childhood, the loyal cousin has been eliminated by her, how not to be angry, but this anger has no place to vent.

But he was a confession.

He didn't believe it, he couldn't deal with such a weak girl.

"What does Miss Jing mean?" Wei Yuewu's gaze swept across his face without stopping for a moment, then fell on Jing Wenyan.

"Where did the Lord of Jingde County say anything? It didn't matter much to me. I just said a word at random!" Jing Wenyan's face was not very good-looking, and she consciously was being watched by Wei Yuewu as the queen mother-in-law and Yan Huai Ling swept his face,

"Thank you, Miss Jing, for the sake of justice!" Wei Yuewu smiled indifferently.

Jing Wenyan's face flushed, and she wasn't fighting for the Yueyue Dance just now. This would be thanked by her, and she immediately felt a strong sense of sarcasm.

Eyes glanced at the people in the queen's palace, but saw the two palace ladies secretly pouting and laughing, for a moment both shy and annoyed.

But she also knew that at this time, she must not get angry; "I was mistaken only after listening to rumors and misunderstanding the Lord of Jingde County!"

In this case, she had to say that the Princess of the East Palace would come to ask the mother to dominate the world. If there is no right or wrong, how can she be ranked in the middle palace, where the queen mother is still watching!

"Miss Jing is polite, and it's all of us who have been blamed together." Wei Yuewu said generously that this was no wonder Jing Wenyan, but everyone still felt the coldness on her.

It seems that the princess of the king of the king and the princess princess are very different!

Although this will not tear the face, but the titanic meaning is obvious.

Doesn't it concern the King of Kings? I heard that the princely princess and Yan Wangshizi were almost engaged before, but now Jing Wenyan is standing on the side of Jingyuanhou with great fanfare.

Looking at this world king and son again, this will be drinking tea quietly, as if facing the strong smell of gunpowder between the two women, it seems inaudible, it looks like a pair of indifferent things. When accusing Wei Yue Wu, it was a little disregard.

What does this ... mean?

When everyone is guessing here, the queen mother has caused the two husbands and wives to pull down. The truth of the matter is clear. Of course, this couple who is greedy for money has nothing good to eat.

As for Chen Nianshan's affairs, the queen mother also did it herself, and she sent the housekeeper in the palace to execute it. Mo Huating would stay in the palace to avoid suspicion.

After all this was done, the queen mother-in-law's face showed a smile: "Jingde, this family knows that it has nothing to do with you, but it's wronged you!"

"Thank you Queen Mother for taking charge of Jingde!" Wei Yuewu lowered her head slightly and looked moved.

"What was said to be for you was that you were wronged. Li died dead, but there is nothing to say when people die like a lamp. As for the fugitive, it is estimated that it was also the woman in Jingyuan Houfu's house. You can only do such a thing when you are provoked. Later, you are afraid that people will discover it. This will kill people and kill your mouth. It's the blood of the royal family that pitifully flees the belly. "

The queen mother-in-law sighed, her face full of regret.

Wei Yuewu couldn't answer these words, she simply stopped talking.

"One thing, Ai's family had to let Jingde do me a favor!" The queen mother suddenly turned, and smiled kindly.

"The queen mother-in-law is too polite, do not know what it is?" Wei Yuewu choked a moment and asked.

"Ai's family is going to go to Meihua to burn incense in a few days. How about Jingde to accompany Ai's family?" Laughed the queen mother.

"Yes!" Wei Yuewu replied softly, but there was a faint flash of light in her eyes. It was strange that the queen queen was at this time.

"You will come together when the time comes." The queen mother turned to Jing Wenyan on the side.

Jing Wenyan nodded softly.

Wei Yuewu's eyes blinked, and her lips silently evoked a smile, plum blossoms, it is not surprising that the queen mother went into the fragrance, but why she brought herself, she didn't think she was so taken seriously by the queen mother.

And it seems that all people or things are related to plum blossoms ...

It seems that this plum blossom is really the key of the key ...

Chapter 868: Jewelry from Xianzhuang

Yan Huaiyu left the Empress Dowager's Jingchen Palace with Shi Yueran and Wei Yuewu.

All the way along the flowering trees, the beautiful teenagers and young girls, even if they just passed by, made people feel enchanting and beautiful.

Those beautiful flowers are just embellished at this time.

Even if I had a beautiful flower again, I couldn't compare it with a pair of jade people walking by ...

Mo Huating was standing behind a flowering tree, and the flowering tree was in full bloom, which happened to cover his face, but not his eyes. His eyes were a little hot and deep, and he looked at Weiyue intricately. Back view of Wu and Yan Huaihuan!

"Why, is the great prince still nostalgic for the Lord of Jingde County?" A gentle voice came from behind him, with a sense of enchantment.

Mo Huating looked back and saw Jing Wenyan next to himself: "Miss Jing is not the same!"

He was talking about Jing Wenyan and Yan Huaihuan.

"Of course I am not the same. I will be the future princess. Naturally, I will not be the same as the great prince. If I had known the present, why would I have heard that the great prince would have died of Jingde County." A bunch of palace fans, shaking gently, laughed more and more pleasant.

She had a beautiful face, and when she smiled, all the flowers lost her color.

Jing Wenyan was very confident about her own appearance, so when she saw the stunning look in Mo Huating's eyes, she smiled with a smug contentment.

"It was the beginning, now it is now!" Mo Huating did not deny Jing Wenyan in front of Jing Wenyan about his assassination of Wei Yuewu. Jing Wenyan's eyes slowly receded. Even though Jing Wenyan was beautiful in his eyes, But it can't excite too many waves.

A woman so ambitious would never take her lightly.

Even with so many colorful colors, Mo Huating felt that he didn't feel much about Jing Wenyan.

Others or people do n't know the true face of this woman and are confused by her looks, but they do n't know it.

"Did Miss Jing also regret it?" Mo Huating did not intend to conceal the fact that she regretted it.

"I don't regret it. I'm about to become the Princess of the East Palace. What's next to regret? The status of the Princess of the King of the King is lower." Jing Wenyan raised her eyebrow slightly, her jaw slightly raised, With a bit of pride.

"Prince of the East Palace, in the future, you may not be able to get the position below that one person and above 10,000 people. I feel that Your Royal Highness does not seem to take you too seriously. This time, the wedding was advanced, and the Prince was still trying to oppose it. And there are a lot of young ladies entering the palace this time, and Miss Jing Jing promises her pampering alone? "

Mo Huating smiled, and hinted a little bit.

"The great prince thinks that it is difficult for me to get the likes of His Royal Highness?" Jing Wenyan was stunned in her heart, but she still had a little proud self-belief on her face.

"Ms. Jing is the first beauty in the world. This appearance is naturally alluring, but people like the Prince must have seen a lot of beauty. It may be difficult to confuse the Prince." Mo Huating's merciless blow Jing Wenyan said.

"The prince has always been good to the Lord of Jingde County. Compared to that, the Prince should prefer the Lord of Jingde County. If the Lord of Jingde County enters the palace, Miss Jing asks herself how many advantages she can see in appearance and other aspects. ! "

"What, Weiyuewu wants to enter the East Palace?" Jing Wenyan's face was so difficult to maintain, asked in surprise.

If there is a lady in this family who still can be called her opponent, it is Weiyuewu.

"Listening to the legend of the people in Prince's Mansion, the Prince has always been very concerned about the Lord of Jingde County. If he is not the Prince, then I am afraid that His Royal Highness was helping the Lord of Jingde County. His Highness Prince, Miss Jing, do you think Will Prince Edward still like you? He already has someone in his heart! "

Mo Huating smiled as though he did not see the shock on Jing Wenyan's face.

"You ... nonsense!" Jing Wenyan was a little breathless.

"Is it nonsense, Miss Jing Jing herself knew that at first, Miss Jing Jing wanted to marry Yandi with all her heart, but the goddess had no intention but Xiang Wang had no intention. In the end, Miss Jing Jing had to go to Beijing, and Yan Yanhuai was the woman she liked She is actually the Lord of Jingde County. Now Miss Jing Jing is going to marry a prince, but the Prince has already had the Lord of Jingde County. Miss Jing is the first beauty in the world.

Mo Huating laughed suddenly, then looked up and down Jing Wenyan a few times, as if he saw Jing Wenyan for the first time.

"Miss Jing, isn't it because of the character of Jingde County?"

After shaking, he shook his head and turned to leave.

Jing Wenyan's face turned black, and she bit her lower lip hard, and said, "Wait a minute!"

"Anything else?" Mo Huating stood still and asked casually.

"Prince really likes Wei Yue Wu?" Jing Wenyan chuckled coldly, the smile on her face was long gone.

"Isn't it? It's not me. I just remind Miss Jing Jing that the princess of the East Palace is the dream of the future queen. In fact, she can also wake up!" Mo Huating smiled casually, his eyes full. Contempt.

This kind of look made Jing Wenyan full of humiliation. She has always been the most proud of herself. She has never been looked down upon so much, but because this person is Weiyuewu again.

"Big prince, do you want to keep the Lord of Jingde County with you?" Jing Wenyan's face was cold and rude.

"What do you mean?" Mo Huating looked at her playfully.

"Just ask the prince if you have any thoughts? If you have no thoughts, I will ask other people. There are really many people who must like the Lord of Jingde County!" Jing Wenyan also turned away from the atmosphere created by Mo Huating. The smile reappeared on the face.

"What can I do?" Mo Huating did not cover his mind, and bluntly smiled.

"In fact, there is no other way, just because the prince feels wronged by the beauty, or because the king of the king is afraid to do it!" Jing Wenyan's smile grew wider.

"What to do?" Mo Huating asked with a smile.

"Directly hijack!" Jing Wenyan said.

"This is the capital, and there are many people in Yan Huaihua!" Mo Huating hesitated.

"Don't tell me, there is no one under you. If there is really no one, there is no difference between you and your improper prince!" Jing Wenyan pointedly said.

"Even though there are a few people, Yan Huaiyu's side must be staring at me, and my people dare not move." Mo Huating looked a little bit moved, but thought helplessly.

"I can help you!" Jing Wenyan smiled.

"How to help?" Mo Huating raised an eyebrow.

"Help you draw the eyes of Yan Huaihuan! Even though Jingde is flattering, but the most flattering is that Miss Lin. Compared to others, Weiyuewu has the most advantages, but compared to that Miss Lin, Weiyue There isn't even a slight advantage in dancing here! "Jing Wenyan sneered," Wei Yue Wu just looks beautiful in front of everyone, and returns to Yan's Mansion, what status is there! "

"She's so bad in Yan's Mansion?" Mo Huating said doubtfully.

"Not bad, you will know if you try. If you do, remember to notify me first, I have a way to draw the attention of Yan Huaiyu! Of course, there are special opportunities, I will also send someone to inform you, your quick response is, For example, plum blossoms ... In fact, you can come to look for opportunities. "Jing Wenyan said with a good idea.

I don't know why, compared to the mysterious Miss Lin, Jing Wenyan felt that she hated Wei Yue Wu more.

It is best to be able to remove Wei Yue Wu from his own eyes. Even if a seized concubine is found, the festival has been ruined.

This is not only alive but also alive ...

Wei Yue Wu did not know that there were so many people trying to rob her for their own purposes.

She and Yan Huaihuan returned to the Yan Palace. The queen mother-in-law's affairs in the royal palace were considered assured. Even though the queen mother-in-law looked deep in the city, but Yan Huaihuan was there, she did not say What an overstatement.

Back in the house, Yan Huaiyu went directly to the front yard to handle affairs, and Wei Yuewu took her to the Qinghe Academy.

There was a group of Anhe in the Qinghe Courtyard, and several of the subordinates were doing things in peace. When they saw Wei Yuewu returning, all of them put down their buddies, and respectfully

respected Wei Yuewu for a ceremony and waited for Wei Yue Wu took people to pass by before working again.

Among them, Fenger and Chunmei, the two were still similar buddies. After looking at each other, each bowed their heads down, each doing their own.

The two have been together for some time. Of course, they both feel suspicious, but they are not clean, and no one dares to say who they are.

In the main room, Wei Yuewu looked at a piece of jewelry in front of her for a moment, silent for a while.

The jewelry of Xianzhuang was custom-made before, but this is the one that will be sent here, and the difference is too big.

"What did the person deliver?" Picked up the mule, looked at it, Wei Yue Wu also had to admire, this custom-made mule is extremely good, even the small details, but also unique, small pieces Gem, glittering beauty.

"It's a detailed question that I already have. I want to ask the master. Since it is customized, it should naturally be more dedicated and unique. Only then can this set of jewelry become more popular." The end of the painting reported that the sister-in-law is Wei When Yue Wu entered the palace, someone sent Xiao Xiao to bring it over.

"Is it Xianzhuang person?" Wei Yuewu looked at the sister-in-law in her hand and asked playfully. She moved her feet and walked slowly to the window, looking carefully at the window.

The more you look, the better it feels. Anyone who sees it feels that this is a hand made by everyone. Otherwise, it is impossible to be so vulgar. Fine stones are arranged in a flower shape and dangle from the rafters. A hint of elegance and beauty.

"It is not Xianzhuang, but it is related to Xianzhuang. It is said that the custom master, because the master did not see the master, so I especially want to see the master and see how the temperament of

the master is. It is more suitable to customize the master. Of course, the master can also make a request. It is always necessary to make the jewelry of the master more perfect! "

At the end of the painting, she thought about it. She got a letter at that time, and hurried to the door, deliberately questioned the young man who sent the jewelry.

Chapter 869: Tip of the iceberg, mysterious host

"Is anyone still here?" Wei Yuewu's long eyelashes flickered twice, and asked.

"Leave, saying there is an urgent matter, but leave an address for the slave, let the master pass if it is empty, or it must be done as soon as possible, otherwise this set of jewelry will be complete!" Replied at the end of the painting, and handed it over again On a note.

Wei Yuewu nodded, took the note, and looked at the address above, her eyes slightly raised.

A very common address seems to be just the most ordinary people, only the address in that alley is mentioned, and there is no way to see a master living there.

Is Da Yin hiding in the city?

"Master, do you really want to go? This ... or be careful!" Yu Yan persuaded uneasily.

"No problem, just go and see!" Wei Yuewu shook her head and said arbitrarily, but her eyes were prudent and different from her words.

For the time being she did not want to go. She had more important things, which were related to plum blossoms.

Since the queen mother invited her to go with her, she naturally also needs to prepare something early, but this will have little effort to pay attention to these jewelry things.

Plum blossoms, this time, she must explore the bottom of plum blossoms ...

The day when the queen queen traveled was not too grand, because the queen queen said that she did not want to disturb the people, so the carriage used was only a little more gorgeous.

Wei Yuewu got up early and waited for the carriage at the gate of the palace. He stopped at the gate of the palace and heard a voice asking, "But the carriage of the Lord of Jingde County?"

"Exactly!" Jin Ling got the signal of Weiyuewu, raised the curtain while answering, but saw a girl ring standing outside the door.

"Our lady has been here already. This is going to rest over there. Jingde County shouldn't come here?" The girl first gave a respectful dance to Weiyue Wu, and then said with a smile.

"Thank you, Miss!" Wei Yuewu answered very politely, but showed a coldness.

"My lady is still preparing tea in the car. The queen mother-in-law does not know when it will come. If the county owner has any flaws, let's talk over the conversation together!" Yahuan of the State Government advised.

"It's early, I'm a little sleepy!" Wei Yuewu smiled very lightly.

"Yes!" Seeing Wei Yuewu's unwilling rejection, Yahuan couldn't say much, but had to retreat and turn to the carriage of the Yasukuni Palace.

Jing Wenyan came earlier than Weiyue Wu, and the carriage of the Yasukuni Palace stopped early at the gate of the palace, waiting for the queen mother-in-law to travel.

She was also asked by the queen mother-in-law to accompany her.

The Empress Dowager is light this time, and only the famous names are accompanied by Wei Yue Wu and Jing Wen Yan.

"She won't come?" Jing Wenyan sat modestly in the carriage and saw Yahuan coming alone, and asked coldly, with a pot of tea and two cups on the table.

"Yes, the Lord of Jingde County said she was sleepy!" Ya Huan replied timidly, seeing Jing Wenyan's face was not good, her voice became lower.

"Sleepy? Why didn't she fall asleep at home and come here early in the morning to do something!" Jing Wenyan's face was a little dark, her hand was tightly holding one corner of the table, each fiber finger was very tight, visible It took a lot of effort to keep the moment calm.

"Slave ... Slave didn't know ..." Yahuan was so frightened that she didn't dare to look at it any more.

"It's just a small place to settle down. I really thought I could step on my head!" Jing Wenyan gritted her teeth. Although her voice was not high, the hatred and poison inside were obvious.

The two girls that she carried with her did not dare to speak, hurriedly lowered her head, did not dare to have the slightest movement, and looked at the appearance of the young lady, but could not control it. If she really annoyed the young lady, it would be better to die. The end.

If the young lady's hand is not just a delicate hand, the two tight-fitting girls clearly know that there is a lot of blood in her hand.

"How is the connection between the wind and the master?" It took a long time for Jing Wenyan to control his emotions, his hands relaxed, and said coldly.

"Fenghe master is also in the plum blossoms, but Fenghe master said ..." When she talked about this girl ring, she was afraid, and from time to time she looked at Jing Wenyan, for she was afraid that Jing Wenyan was angry.

"Say!" Jing Wenyan snapped.

"Say, I've said it once. If you re-examine it, it's not good for the lady, so don't say it again!"

The girl ring had to obstruct the scalp.

"Say it again!" Jing Wenyan snorted coldly. "How can it make people clear that I am the daughter of destiny, I am the phoenix girl, the future queen, how can I let the prince understand that if I don't marry me "If you don't send me to the queen's position, you will violate God's will!"

Jing Wenyan sneered, and said lowly, I knew that this monk was also unreliable. A monk was so loyal to the prince. He had told such a lie for himself for the prince, but now he wants to withdraw. .

How could a monk be so contaminated?

"Did you say that I wanted to meet him when I arrived at Plum Blossom?"

"Slave did as you said, but the master said ... he finally focused on studying the Dharma, and he saw no one!" Yahuan whispered.

"You can't see it! He can't do this!" Jing Wenyan grinned sneer.

This destiny daughter was completely exchanged by herself and the prince. As for this contact person, the wind and master, now the old monk actually wants to ignore it, and the prince never talked about the destiny phoenix again. If you want to go alone, don't even think about it.

Since Wen Tianyao agreed at the beginning, and there is a word from the wind and the master, no one should try to pull her off from the Heavenly Phoenix Girl.

No matter what the process is, now the world knows that she is the Phoenix girl of fate.

Jing Wenyan also feels that she is, even though she has taken a disgraceful approach before, but the matter of the Destiny Phoenix Girl is true, otherwise such rumors would not be lost early.

But now that the rumor finally falls on himself, he is the destiny Phoenix girl, but the process is slightly different.

Who can say that the queens and queens who have the last palm power are all smooth sailing!

The destiny Phoenix Girl just said that she would eventually become the most honorable woman and the object of envy of the women all over the world. As for the means by which she obtained it, it had nothing to do with it!

So, no matter what, she also wants to see Fenghe Master. Since she is the destiny Phoenix Girl, she has the protection of Heaven, and it is not that Fenghe Master can't see you ...

The queen mother also got up very early, but this still allowed Wei Yue Wu and Jing Wenyan to wait at the gate of the palace. Fortunately, these two were also quiet, so they were quietly waiting in their carriages.

The queen queen's carriage slowly exited the palace gate. When she saw two quietly parked carriages outside the palace gate, she nodded secretly, and instructed the housekeeper to let the two carriages follow her carriage and walk towards the plum blossom together go with.

The girls in the plum blossoms had already heard the news.

I was led by the host at the door early. When I saw the queen queen came, the host respectfully stepped forward and folded her hands, saluting her.

The queen queen held the carriage of the maid, and her face was very kind. When she saw the host, she let go of the maid and walked slowly, her eyes fell on the host's face.

"See the queen mother-in-law!" The host bowed his head respectfully.

"You're welcome! Are you ... okay here?" The queen mother-in-law sighed, her voice mild.

"Thank you Queen Mother, everything is fine!" Said the host without looking up.

"All right?" There were some mulberries in her queen's eyes. "All are old!"

Even if she had no hair, the host still could not see that she was young. Wei Yuewu held Yu Yan's hand down, and consciously did not step forward to disturb the queen mother-in-law and the host.

It was just that she seemed to lower her eyebrows and raise her head, but she was not at all calm in her heart. She never thought that the innocent looking plum blossom master knew the queen mother-in-law.

After the queen mother-in-law has been in the palace for so many years, if someone still knows it and is still very familiar, that person must also be from the palace.

The host of the plum blossoms was too released from the palace!

What was her previous identity? Is it the concubine? It doesn't look too much.

If it is the princess who is competing with the queen, it is unlikely that the two will meet so calmly when they meet, and it can be seen that the queen mother has no hatred for the host.

However, if it is the emperor's concubine, it seems that it is unreasonable. There are many royal families who have come to the plum blossoms. Both the third and fourth princesses have seen the host, but the two are not different. People.

Then, who is she ...

Jing Wenyan's eyes also fell on the host of this plum blossom owl, she did not expect that the origin of this plum blossom owl host was so simple, it is difficult to hide the surprise in her eyes.

She surveyed many people, but she did not think that the owner of the plum blossoms was not an ordinary person.

She looked at the plum blossom master carefully, but suddenly met the queen mother-in-law's dissatisfied eyes, immediately woke up, looked at Wei Yue Wu, who lowered her eyebrows and raised her head, and hurriedly lowered her head, pinching the papa. Sweating palms slightly.

It was because of her negligence. If the queen mother-in-law inspected her and spied on her, she would definitely hate herself. She could not think of her momentary negligence, but she let Weiyuewu take advantage.

"It used to be Yunyan long ago. Now the poor man is just a monk!" The host smiled slightly, leaning to the side, "The queen mother please come with the poor man, and she has arranged the lower courtyard for the mother, but she does not know this time How long will you live? "

"Look at it," said the queen mother-in-law with a smile, then walked inward, leading the way by the side.

A large group of women behind them did not keep up.

Wei Yuewu looked up at the queen in front of her, her eyes darkened slightly, but then her face calmed down, she slightly raised her skirt corner and crossed the door of the hall, and led in with two girls.

Behind him, Jing Wenyan also looked up and looked at the queen mother thoughtfully, and slowly followed up ...

Chapter 870: The emperor's will

The courtyard set by the queen is naturally the best one in the whole plum blossoms. Wei Yuewu remembers that the former third princess was the same yard. She and Jing Wenyan were right next to the queen prince.

The queen mother called the host of Mei Huayu to talk about Dharma, and Wei Yuewu returned to the yard to rest.

Jing Wenyan looked at her, thinking of coming forward, but when she saw Wei Yuewu's indifference and a vigilance outside, she was inconvenient to step forward and watched Wei Yuewu enter her garden.

Then he frowned back to his yard.

Wei Yue Wu seems to be getting more and more born with her, and this kind of birth is also very obvious. Not only does she always look away thousands of miles away when she wants to get closer, but she also seems to have several times Conflict with her.

But in fact, his original intention was not the same, but often he felt that he and Weiyuewu were not getting along well.

This situation is not what Jing Wenyan wants to see.

After she arrived in Beijing, she always seemed to be good to others. Whoever said that she came by herself said that she was very good. She was a dignified and virtuous woman, and was a model of the harem.

Only when dealing with this Lord of Jingde County, it seemed to be elbowed everywhere.

Jing Wenyan believes that even if she is malicious with Wei Yue Wu, Wei Yue Wu will not feel it, but she does not know why, and she seems to be passive in her interaction with the Jingde County Lord. .

Up to now, almost everyone feels that there is something wrong with Weiyuewu, and this one is still faint because of Yan Huaihuan.

Such rumors are actually bad for Jing Wenyan.

Jing Wenyan is most good at pretending to be kind and then start when others don't pay attention, so even if something goes wrong, others will not guess her.

Just like the second lady and second son who disappeared from the Yasukuni Shrine, and Yasukuni's fair-hearted aunt, no one would think that this matter was related to Jing Wenyan. Jing Wenyan and the sister would be as good as one person at the time. Anything good will leave her a copy, and sometimes she would rather not do it herself, but also give this sister.

But in fact, it was Jing Wenyan's hands. Those missing people have long disappeared permanently.

When they died, they didn't understand it. It was not the court people who dealt with them, but Jing Wenyan.

She now wants to help Mo Huating to calculate Wei Yue Wu, so she must have a better relationship with Wei Yue Wu, even making people feel that two people are sisters.

This way you can stay out of the scene after Wei Yuewu's accident.

"Give us some of the fruit we brought to the Lord of Jingde County! By the way, look at what she is doing!" Sitting in her courtyard, Jing Wenyan thought for a moment, and said to the **** the side.

Even if Weiyuewu was wary of herself, she had to treat her as always, so that others felt Weiyuewu was too small.

"Yes!" Yahuan took the lead and took a pot of fruit brought from the house to Weiyuewu.

Wei Yue Wu was also resting in the garden. When heard that Jing Wenyan's person came over, he gently instructed: "Thank Miss Jing for me, just accept it!"

"Yes, the slaves will go immediately!" Yu Yan led to the door hurriedly, took the fruit pot from Yahuan of the Jingguo Government, and laughed: "Our master said thank you Miss Jing!"

The words were very polite, but he was blocking the door, and he didn't plan to let the Yasukuni Palace ring into the door. Yahuan opened her face and saw nothing. I saw the door of the main entrance slightly open: "You're welcome. Our novel says that the county master is weak. We need to use more fruits and the like. I don't know what the county master still needs. What? Our lady brought a lot of things this time. "

Yahuan smiled politely as she tipped her toes into the room.

"Thank you Miss, our master doesn't need anything now, just want to rest quietly for a while." Yu Yan's height is relatively high, and she will stand there, her body shaking slightly, she happened to be blocking the Yagong Palace. The eyes of his eyes were filled with anger.

Then, in the gaze of Yahuan of Yasukuni Shrine, he reached out with a "bang" and closed the door.

The Yahuan at the Jingguo government stood at the door blankly, and for a while he couldn't react, and it seemed that he hadn't done anything. Why did he make this Yahuan so unpleasant?

This door did not let in. How could I probe the news inside, I had no choice but to return to Jing Wenyan.

At lunchtime, the queen mother sent a puppet to let Wei Yuewu pass by and dine at the queen mother.

Wei Yue Wu cleaned up, and then brought two girls to the Queen Mother's yard.

The presiding officer of Mei Huaxi was long gone, but Jing Wenyan had already arrived.

The queen mother-in-law leaned on a couch and didn't talk to Jing Wenyan. The whole person looked a little dull.

Although Jing Wenyan arrived early, it would be sitting carefully.

Seeing Wei Yuewu coming in, she looked up at her with a kind smile on her face. She made up her mind, no matter how Wei Yue Wu treats her, she must not be irritated with Wei Yue Wu.

Wei Yuewu's eyes brushed coldly across her face, and then stepped forward to salute the queen mother respectfully.

The Queen Mother narrowed her eyes and nodded, but did not speak.

While waiting, the court lady understood her meaning, and went outside to have her morning meal.

There are not many lunches, and they are very light. Looking at the color and fragrance, it is difficult to make people believe that they are all vegetarian.

After the lunch was all up, the queen mother sat up straight and used it a little. Wei Yue Wu and Jing Wen Yan also accompanied her.

The queen queen did not eat much. She took a few sips but stopped. Wei Yue Wu also ate little on weekdays. When she met the queen queen, she stopped with Jing Wenyan.

"You can use some more. The old family is sad, and you can't eat more!" The sorrow sighed, took the towel sent by the maid, wiped her mouth, and smiled kindly.

"What is your mother-in-law, who sees the queen mother-in-law does not think that the mother-in-law looks no different from us!" Jing Wenyan laughed.

The queen mother who said this suddenly laughed and said, "Ai's family is so old, and it's about the same age as your little girl with flowers, and everyone will be my old goblin!"

"How could the queen mother-in-law be an old fairy, the queen mother-in-law is so kind and the person is so good, I am afraid it is the fairy in the sky!" Jing Wenyan looked at the queen's face, smiled, and then turned to look at Weiyue Wu. "Does the Lord of Jingde County feel the same way!"

"The queen mother-in-law is compassionate and kind, and where can she be judged by her age!" Wei Yuewu ignored Jing Wenyan's words, only watching the queen mother-in-law smiling slightly, softly.

"Is compassion and kindness!" The smile on the queen mother's face faded a little, and she sighed slightly, leaning back, indicating that she had run out.

Wei Yuewu and Jing Wenyan each said they would no longer use it.

The court ladies and housemaids packed the lunch on the table lightly.

"Do you know who the host of Mei Huayi is? Is it strange that Ai's family knows her? Ai's family rarely goes out of the house!"

"That host is the man in the palace ..." Jing Wenyan speculated cautiously.

"Yes ... it's a person in the palace!" The queen mother-in-law's eyes fell on the void, her eyes filled with memories, "She used to be the one around the Emperor."

"Princess Gong?" Jing Wenyan froze, and she had guessed the identity of the host hundreds of times before, and thought the identity of Gong Fei was extremely out of date.

Weiyue Wushui's eyes narrowed slightly, without raising his head, just quietly listening to them talking.

With the fluttering long eyelashes, she hides the horror in her eyes. She is actually shocked, but the next moment, her look became clear.

"It's not the princess, it's the big palace girl waiting for the emperor's handwriting." The queen mother shook her head. "Once, she was the most favored big palace girl near the emperor. Even if the palace princess saw her, she had to be careful Compared to Princess Gong, her status is only high or low. "

The big palace girl near the emperor is equivalent to the housekeeper of the palace around the emperor now. Now the housekeeper of the palace beside the emperor, let alone the ordinary palace princess, even if the queen Tu sees him, it must be respectful. Not dare to have the slightest neglect, and even politely called a father-in-law.

Unexpectedly, the identity of the host of the plum blossoms is so unusual.

Not only was Wei Yuewu's heart stunned, Jing Wenyan opened her mouth for a while, and couldn't answer it anymore. Fortunately, the queen mother-in-law would fall into contemplation, but she ignored them, but she seemed to be slowly talking to herself. Said the words: "She used to be very beautiful, but after the emperor's death, she decided to become a monk, and everyone couldn't figure it out!"

"Then ... why are you still out of home?" Wei Yuewu raised her eyes and asked with a deep moan.

When the emperor died, the queen queen was the master of the palace.

"The emperor left her whereabouts to Ai's family, telling her where she wanted to be, and she should be a monk! Originally, Ai's family wanted to keep her in the palace as a companion!" The queen mother shook her head, frowning slightly, "But no one forced her to become a monk at the time, but she just went out of the house."

The Queen Mother's words were not finished, but Jing Wenyan and Wei Yuewu understood them.

The queen mother-in-law is skeptical of the plum blossom master!

Based on the prestige of the plum blossom master, let's look at how the queen and the queen mother got along very well at the gate of the palace. Whatever it looks like, they will have a good life in the palace, but they do n't stay in the palace. A hostess is really suspicious.

But Wei Yue Wu is more concerned about the will of the emperor!

A big palace girl, even if it is more important, is just a big palace girl. The emperor actually intentionally gave such a connotation to be a queen's queen in fashion. The meaning is really strange.

No wonder the queen mother-in-law is suspicious ...

"The queen mother-in-law may be the lord's loyalty to the emperor. As soon as the emperor goes, the lord will voluntarily become a monk!"

"What does Jingde think?" The queen mother turned her eyes to Weiyue Wu.
