

Young Lady 881

Chapter 881: Suddenly appeared women

Most of the construction of the plum blossoms are mainly courtyards, and there are no high-rise pavilions, but occasionally a second-floor temple was built. Jing Wenyan took two girls to stand on the second floor of the highest Buddhist temple. Layer above.

This is the center of the plum blossoms. You can see some from any direction.

This meeting also saw Wei Yuewu walking along the plum blossom path with a girl ring around her, jumping in the corner of her eyes, and asking, "Why is there no response!"

"Miss Jing, rest assured, our grandfather said, there will be a moment, the wine power is already large, plus ..." The answer was the girl ring that delivered the wine before, this will stand quietly behind Jing Wenyan, If she doesn't answer, she really won't find it.

"Willn't anyone find your master?" Jing Wenyan asked uneasily, not because he was concerned about Mo Huating, because he was afraid that it would drag himself on, and Wei Yue Wu was not so easy to deal with.

"The master said, it's okay!" Yahuan said with a hint.

On the path, Wei Yue Wu accompanied by Jin Ling seemed tired after taking a few steps. With a finger at the pavilion in front, Yu Yan was helping her to pass by.

Sitting at the fence in the pavilion, Jin Ling supported her face with her hands, leaning against the fence and seemed to be lethargic. With her appearance, Yu Yan quickly moved around in the same place.

After two laps, Yu Yan went to her and called the master several times, but this master seemed to be really drunk, but she had no sound at all.

"Master, master!" Yu Yan yelled again.

Seeing that she did not respond, looked helplessly, there would be no one on the path.

"Master, slaves go and pour a cup of tea, you take a break first!" Yu Yan had no choice but to hurriedly, frowned and looked around, still no one, had to leave in a hurry, it seems Pour water.

Jin Ling left alone, resting her head on her head, and half asleep at the fence.

Yuyan walked only on the side of the path. A sneaky woman suddenly appeared, but this woman was much stronger than a normal man.

After her face was raised slightly, Jing Wenyan laughed suddenly: "Men?"

"Yes, Grandpa has arranged a man! Even if someone finds it, it is the county owner who misbehave himself and secretly seduced himself in a private meeting in Plum Blossom, no wonder who!"

Girl ring laughed.

"Then I should meet the queen mother now!" Jing Wenyan smiled in a comfortable mood, before she was worried, but now she felt that the matter was steady, not to mention Wei Yue Wu would be drunk and emotional, even if Wei Yuewu is sober, fighting with a stout man is not a sure thing.

And her purpose is to let the queen mother disappear after seeing Yue Yue Wu and the man's tryst.

As for the others, it has nothing to do with her.

Of course, if Wei Yuewu doesn't get in the game, she won't help, so she is here to look at it, and she is completely relieved.

Since I have some signs for a while, who has noticed such a big thing, who will notice it!

Moreover, Wei Yue Wu will never be able to return after this. As long as she thinks about it, Jing Wenyan can hardly hide it. No matter how smart Wei Yue is, how beautiful she is. The first beauty in this world is always her own. .

As for Yan Huaiyu, of course, he is also his own.

"But also trouble Miss Jing." Yahuan said kindly. Of course, this look and expression is not ordinary Yahuan can be approved. "Your lady is all right!" Jing Wenyan took a few steps and asked seemingly casually.

"Miss Table ... is dying!" Yahuan said vaguely.

"Uncontrollable!" Jing Wenyan looked back at Wei Yuewu again, and a cold smile arose on the corner of her lips. I don't know if it was Wei Yuewu or Chen Nianshan.

She would rush to her mother-in-law with her girl ring.

At the footpath, Jin Ling seemed to be awake, looked up, and looked at the man dressed as a woman in a daze, asking, "Which house are you on?"

"Slave is the **** of Miss Jing Jing, and then came down from the mountain. May I ask this lady, can you see our lady?" The man leaned over to Jin Ling as he said.

"You stand still!" Jin Ling also seemed to check that something was wrong, forcing her to sit upright, shouting sharply.

"Yeah, shit, it's no use calling you again, Lord Jingde County. After that, you'll follow me and drink hot and spicy!" The man looked kinky-and rushed over with a smile.

Jin Ling's body stood up, turned around and hid, while hiding and running outside, the helpless man responded quickly, and blocked the entrance of the pavilion, and reached out to grab Jin Ling while laughing. : "Shir, you have made an appointment with me, how can you stop seeing me when you see me?"

"You ... who are you?" Jin Ling said in a trembling voice. Although her behavior seemed to be embarrassing, it was actually quite clever. Every time a man's hand tried to catch her waist, she was at risk. Dangerous avoidance, for a while the man could not take her.

"I ... isn't it your brother who loves you! The two of us have sent letters back and forth many times before, how did you forget that, I came here at your appointment today, and you won't see me as a white-faced person, and hate me. Come on!" The man laughed, reaching out and licking his tongue.

Reached to catch Jin Ling again.

He actually felt strange, not to say that the gentleman of Jingde County had already drunk the soft cotton. This would be the time when he could do whatever he wanted, how could he be so flexible that he couldn't even catch it several times.

"You bullshit, when will I meet you!" Jin Ling angered as she ran.

"Just a few days ago, you said you were going to accompany the nobleman to plum blossoms, let me come to the private party today, and also specifically let me in in the costume of the girl ring, this clothes are still in your Yan Wang Mansion, you are in Yan Wang Mansion, usually it's inconvenient to go out, and it's not easy to have such an opportunity.

Jin Ling wasn't tired of running, but the man was tired of running, this would breathlessly say.

"Your ... Yan Wangfu's clothes?" Seeing him stop, Jin Ling also stopped, looked up and down his clothes, it was really the costume of Yanhuan of Yan Wangfu, and his heart sank for a while. This matter is really as expected by the master. Although it happened suddenly, it was actually premeditated.

"Of course it's from the King's Palace, look at it, it's the same as the girl ring you just wore! Shire Lord, don't hide, I know you're playing with me, and you just passed the girl ring around you, I just want to have a good time with me. It's not too late. If the county master is more arrogant, it will be discovered in a while!"

The man took a few breaths and ran after Jin Ling, reaching out to grab Jin Ling's clothes.

Helpless Jin Ling is much more flexible than him, where will let him get his own clothing corner.

The wise and intelligent Jin Ling now heard footsteps, hurriedly came up the side path, and asked loudly now: "Say, who wants to harm me, how do I know I drank? Now I'm weak In addition to King Huai Jun, only Miss Jing Jing overheard it! "

Her voice was very loud. Among the rushing crowd, Jing Wenyan's face was stiff, and she looked subconsciously at the queen mother. She was looking at her with a pair of eyes looking at her deeply. She couldn't help but startled and looked down. , Forbearing the frantic heartbeat, pretending not to hear.

Isn't Wei Yue Wu half drunk and confused? How could there be such a clear thought, this should not be a man dressed as a woman holding a Yueyuewu while the Weiyuewu was reacting enthusiastically, and he and his queen mother appeared in the pavilion, and then the queen mother Niangniang scolded Wei Yue Wu.

Because the identity of Weiyuewu, the queen mother can not be self-explanatory, so she locked up Weiyuewu and sent someone down the mountain to inform Yan Huaiyu.

However, Wei Yanwu disappeared before Yan Huaihuan went up the mountain. It was said that she ran by herself, and no one knew where she was going.

Such a thing must have happened, Wei Yuewu faceless people, it is understandable to run away.

The whole thing has nothing to do with myself. I brought my queen queen, but I just said that my maiden ring saw a sneaky man in this area.

Later, Wei Yue Wu disappeared in front of her eyes.

In her capacity, even if she followed Mo Huating, Mo Huating didn't dare to publicize it. After that, she could only be a little-known prince, and she no longer had a relationship with her crown prince.

But what is the situation now, why such a strong man has not yet grasped Weiyuewu. Not only has he failed to grasp it, but also has Yueyuewu say such clear and organized words. The main thing is why he still knows he is I heard her talking to King Wye County.

Secretly, Jing Wenyan had an ominous hunch.

This will no longer dare to move forward.

"Beauty County Master, what are you talking about, I don't know any King of County Huai, Miss Jing, I only know you, come and come, don't bother playing with me, don't really shock people. The man grinned and rushed over to Jin Ling again.

All the people who the queen queen had taken appeared at the junction.

Seeing so many people, the man froze and stopped subconsciously.

"Mother-in-law, this man is a man dressed as a woman. Please ask the mother-in-law to catch this madman!" Jin Ling quickly reached out and pointed.

"Come here, catch him!" The queen mother-in-law waved her hands like a sinking face, and immediately passed the two rough-headed puppets. When she came over, she pressed the man down.

"Let go, you let go. I was called by the county master. I came to see the county master. You dare to treat me this way!" The man shouted loudly when he saw the situation was not right.

"You want to see me?" Jin Ling sneered.

Jing Wenyan raised her head and looked at Jin Ling suddenly, she heard that the person in front of her was not Weiyuewu, Weiyuewu was not so strong, usually speaking soft and weak, when can you say So energetic.

Pulled the sleeves of the girl ring next to her, and calmly pointed the direction of the yard where Weiyue lived. She followed the girl ring next to her, and when she stepped back, she stepped out of the crowd and watched. Seeing that no one noticed, he turned and hurried out.

She is going to report to Yahuan in Jingyuanhoufu. The Lord of Jingde County happens to be alone in the yard. This will be a good opportunity ...

Chapter 882: Jing Wenyan's sophistry

"I told you to come?" Jin Ling sneered and asked.

"Of course it was you. You asked me to come and see me, and said I wanted to see me, so I came in secretly, otherwise why would I be wearing the clothes of the Yanhuan Palace ring, and it happened to be when the county owner was alone. "Although the man knows not well, his mouth is still hard.

"Are you sure I am?" Jin Ling asked again.

"It's you, of course you!" The man gritted his teeth for sure. "The lord, you and I haven't seen each other before. Although I didn't dare when I was at the King's Palace, we can still meet when you return to your maiden house!" "

"Me?" Jin Ling slowly took off the cap from her head, and her smile grew colder.

"You ..." Jing Wenyan looked at Jin Ling when she was shocked and wanted to speak, but when she saw the queen mother's grim eyes glanced over, she looked down in fright, and dare not speak again.

She was really panicked, so she lost her calmness. This will grit her teeth hard. As long as Weiyue Wu is gone, saying everything is a girl ring, can she not say that she is a girl ring?

She waited for news of the accident over Wei Yuewu.

"Are you sure it's me?"

"It's you, the lord, this will be the queen mother-in-law, and you will ask again and again. Is it possible that I forgot who was close to me? Or the ward's guests were so many that the county The Lord himself can't remember that it was mine who made an appointment today!" Said the man fluently.

What this said is actually very tricky. If Wei Yue Wu is here, it is really unclear.

But now it is Jin Ling.

"Mother Empress Dowager, please execute this person directly and return our master a fair." Jin Ling knelt down with a "thump", and said to the Queen Mother.

"But ... it's you ... you're not the county master ..." The man would react again, staring at Jin Ling's sweaty head.

"I'm not!" Jin Ling turned back with a sneer.

"But ... but you ... did you pretend to be the county master and me trying to meet you? Yes, it must be you!" The man responded quickly, his eyes turned, and he continued to bite Jin Lingdao.

"I've had a secret encounter with you?" Jin Ling turned back, angrily.

"Yes, not only once, but several times, but every time you say that you are the county master, so I will recognize the wrong person!" The man also really worked hard, biting Jin Ling.

"When do you say?" Jin Ling gritted his teeth and asked with a grudge.

"I ..." The man couldn't answer for a while. The big ring like Jin Ling, the whereabouts are still very easy to check, and no one wanted to say where she appeared whenever she appeared.

Moreover, he hadn't noticed this girl ring before, and the man really couldn't answer for a while.

"Mrs. queen mother, please give us a fair justice for the county master, and also for us Yandi!" Jin Ling stopped paying attention to the man and nodded his head again to the queen mother, and said the matter calmly.

In this way, the queen mother had to intervene

At this point, I have basically seen clearly that this man did come to pollute Weiyuewu. This will find that the person in front of him is not Weiyuewu but the girl ring around Weiyuewu, and immediately dirty Water splashed on her.

"Come here, kill someone half-dead and send it to Yan Wang Mansion, and let Yan Wang Shizi handle it for himself!" The queen mother said coldly.

Without saying anything, the two uncles dragged people down, and when they heard that they were going to die for a while, they were sent to the Yan King Mansion. The man struggled violently and begged loudly: "The queen mother-in-law, the little injustice, the little is I saw a letter in front of the hall, and then came in secretly in an impostor. In fact, this matter really has nothing to do with the young. "

"Isn't it yours?" The queen mother said coldly, and the palace man helped her to sit in the pavilion.

The man was pulled back again.

"It 's not small. The young man did n't know the Lord of Jingde County, and did n't know the girl ring around the Lord of Jingde County. I only saw such a letter and thought it was cheaper to buy, so I came in secretly. It has nothing to do with the younger, the younger is just a little greedy! "

The man was crying, and reached out to take out a letter from his arms, a crumpled letter.

The maid took it from him and handed it to the queen mother.

The queen mother looked down at a glance and ten lines. This letter was really an invitation letter, but it did n't have an opening and no payment, but when it came in, what clothes did you wear when you came in, it was very clear, but it was somewhat similar to the man 's words. meets the.

The queen mother looked up and looked up at Jin Ling and said, "Where is your master?"

"Our master should be in the yard!" Jin Ling answered respectfully.

"Why do you wear your master's clothes?" The queen mother nodded, turned around and called a palace maid, asked her to invite Weiyue to come, and then her eyes fell on Jin Ling's body. The clothes on Jin Ling's body were obviously not hers.

"The queen mother-in-law reported that our master felt weird, so she let the slave wear her clothes and go out twice." Jin Ling truthfully reported.

"What's weird about that?" The queen mother asked.

"Our master met the King of Huaijun when he was in the Taohua Forest. The King of Huaijun said that the eldest son Wei had brewed some peach blossoms, and asked our master if they wanted it. Since it was made by our master and eldest brother, our master naturally wanted it. Later, King Huaijun sent two wines, one was Yahuan, and the other was Xiaohuan. Later, our master asked about it. When Wanghuai went up the mountain, he brought only one Xiaohuan. There was no Yahuan at all, but that suddenly The girl ring that appeared appeared to be the person who was the king of Huaijun. He first delivered wine to our master, and then came to see if our master drank wine! "

"This situation is really weird!"

"So your master asked you to come out in her clothes?" The queen mother asked again.

"Yes, except the master of Huai Jun, only Miss Jing was present at the time. Although Miss Jing did not turn out from behind the peach tree at the time, both our master and slaves saw it!" Jin Ling said politely Pointed his finger at Jing Wenyan.

"I ... I don't know!" Jing Wenyan looked up blankly. "At that time, when I saw the county master and the king of Huai County talking, I didn't come to bother you, but I couldn't hear you. To what they say! "

It turned out that Wei Yue Wu had seen herself early, but she hadn't found it yet.

Jing Wenyan felt that she was out of hand. Fortunately, this meeting is not a total failure. As long as Wei Yue Wu is gone, some things are not what the girl said.

"Miss Jing is behind two peach trees. How could she not have heard such a close distance!" Jin Ling looked surprised, and deliberately pointed out the distance.

"I don't feel well at that time, I just want to find a place to rest. I really didn't hear anything!" Jing Wenyan gritted her teeth and said, she didn't believe her identity and said that she could only go there.

She is waiting for news of Wei Yuewu's disappearance to come.

As soon as Wei Yuewu disappeared, this girl ring was the main suspicion. What she said would not count, and it would even make people think that she was the main criminal who disappeared.

The queen mother's eyes fell on Jing Wenyan's face, with a little doubt and scrutiny in her eyes.

"Mother-in-law, I was really uncomfortable at that time, didn't I ask you leave later, did you come back to rest first?" Jing Wenyan looked at the mother-in-law with a grudge.

"Do you really know nothing?" The queen mother asked.

"Mrs. Queen Mother, Wen Yan really doesn't know anything. If you don't believe it, you can ask King Huai Jun and see if he saw me?" Jing Wenyan's eyes became red, and she covered her eyes with a papa, " Queen Mother, you can send someone to ask King Wye County! "

Wei Yue Wu saw her, although she was unexpected, but King Huai Jun must not have seen herself, Jing Wenyan felt that she had this certainty.

Originally, this incident was an accident. In fact, she was there to enjoy the peach blossoms before Weiyuewu and King Huaijun. Later, the two of them came over, and it happened that she was not far away, but she really heard her. Really, this is a coincidence.

Jing Wenyan didn't know if Wei Yuewu really saw her, or whether her subordinate Huanhuan said so intentionally, but King Huai Jun had a lot of gentlemen, and he would never say that he would not see him.

This is why Jing Wenyan reassured the queen mother to invite King Huaijun.

"Go and invite King Huaijun!" The queen mother thought about telling a housekeeper behind her, and the housekeeper hurried away.

"Please ask the queen mother-in-law to check this wine." Yu Yan didn't know when she appeared beside the crowd, holding a wine jar in her hand, and reached out to the queen-girl mother with both hands.

The queen mother-in-law asked someone to take it, and sent it to the accompanying doctor for inspection.

After a while, the news came over. There was a problem with this wine. Not only was the wine too strong, but it was also mixed with a drug that seduced the woman. Although the medicine was not strong, it was extremely powerful in conjunction with the wine, which made it easy for women to get lost Yourself.

Up to now, everyone can basically see that Wei Yuewu was framed, and she also faintly expressed that this matter was related to Miss Jing Da, and it was Jing Jingyan who ran to the queen mother-in-law and said that her girl ring seemed I saw a weird man entering the plum blossoms, and this weird man was still wearing the clothes of the Yanhuan Palace ring, and the direction of walking seemed to be the direction of the courtyard of Weiyuewu ...

All these signs indicate that the person looking for is Weiyuewu.

But now it has been discovered that Wei Yue Wu was framed ...

"Come, put this man in jail!" The queen mother ordered coldly.

Two rough-headed puppets pulled the man down again

Jing Wenyan's hand clenched tightly, gritted her teeth secretly, she was waiting, waiting for the Queen Mother to send someone to the news of Weiyuewu, then it was time for her to fight back.

Outside the corner of the road, the maiden mother sent by the queen mother ran over panting, sweating heavily, and people had not reached the queen mother, and the voice of panic came over: "Mother queen mother, it's bad, it's not good, The Lord of Jingde County is gone! "

"What?" The queen queen stood up, loudly, and Wei Yuewu's identity was special. If something really happened, the queen queen would not be able to clean it up.

"The Lord of Jingde County is gone, not in her yard!" The pale-faced aunt in the palace reported.

"The queen mother-in-law must be the two evil slaves. Please ask the queen mother-in-law to arrest the two evil slaves and serve them with a torture." Jing Wenyan saw the timing was right, and stepped forward with a vicious suggestion.

Chapter 883: Empress Dowager's sudden enthusiasm

"Miss Jing ..." Jin Ling and Yu Yan stared at Jing Wenyan for a moment.

"These two evil slaves are nonsense, saying that there is medicine in the wine, that many people deliver the wine, and that they specifically dragged things to me, just to cover up the two of them and the outsider secretly killing the quiet Lord of Texas, the queen mother-in-law must avenge the Lord of Jingde County! "

Such a good opportunity Jing Wenyan will let go there, which will be loudly accused.

"Mother Empress Dowager, no slaves, did Miss Jing talk about slaves deliberately because she mentioned that she was listening?" Jin Ling argued angrily.

"What you two evil slaves just said was mainly pushing me on Jingde. I have been unwell before. This will be a little better, so I will accompany the queen mother-in-law to come out for a walk. Yours I do n't know anything about it, but you have said time and again that it has something to do with me. This is not what a guilty conscience is! "

Jing Wenyan sneered.

"No slaves ..." Jin Ling and Yu Yan called out injustice.

"The queen mother-in-law, such an evil slave, must be severely punished." Jing Wenyan interrupted them directly, a flash of pride flashed in her eyes, and a large stone in her heart fell down.

As long as Wei Yue Wu really has something to do, this is not up to him.

"Come here, lock up these two evil slaves!" The queen mother first looked at Jing Wenyan, and then thoughtfully looked at the two girl-rings kneeling on the ground, and said coldly.

"Mrs. Queen Mother, how did my two girls ring become evil slaves?" A soft voice suddenly came from outside the crowd.

When the two girls heard it, they screamed in a hurry: "The master saves the life, the master saves the life, and Miss Jing Jing wronged the slaves and killed the master."

The sound of Weiyuewu? Jing Wenyan stepped under his feet and almost didn't stand still. He reached out to support the post on one side before he stabilized his figure.

Why is Wei Yue Wu here? Didn't you say it wasn't in the yard?

I have let people secretly spread the letter, and there is a Weiyue dance over there, a girl with a skill can't hold it, can't she take her?

Mo Huating's people are so useless!

Jing Wen Yanqi gritted his teeth.

But this is not a time to think about this, she will be really flustered, just to prove the two girls ring, pushed things to the two girls ring, she did not speak a little, this is actually with her weekdays The style is slightly different, I don't know if the queen mother-in-law has found it.

The crowd spread to both sides, Weiyuewu smiled and stood with the master of plum blossoms, walked over slowly.

The Queen Mother's eyes were gloomy when she saw Weiyuewu actually staying with the master of plum blossoms.

Wei Yuewu came over, first respectfully saluting the queen mother-in-law, then looked at the two maiden rings kneeling on the ground, and asked in amazement: "Mrs. queen mother-in-law, what happened to my two maids?"

"Your ring says you're in the yard, why not?" The queen mother looked at her and asked instead.

"Jingde sat alone in the courtyard and was bored, so he went to see the host too much. This will hear what happened, and then hurried over."

Weiyuewu smiled.

"Did you know that she wore your clothes?" The queen mother nodded, and asked Jin Ling's clothes.

"Jingde knows that there are many weird things happening today. The two girls were afraid of Jingde's accident, so they proposed to pretend to be Jingde. If someone wanted to harm Jingde, they would jump out. At that time, two A girl ring can also catch people." Wei Yuewu explained with a smile.

This is exactly the same as what Jin Ling had said before.

"It was a place where I picked up the letter, and I just took it to the jail!" The queen mother-in-law supported her head and said with a little sleepiness, "Since you're okay, it's best, everyone rests. Well, it's all sleepy! "

After listening to the queen mother-in-law saying this, Jing Wenyan's falling hands relaxed, fortunately, fortunately, the queen mother-in-law did not find her abnormality and did not intend to investigate.

"Letter, what letter? Who wrote it?" Wei Yuewu didn't plan to let her through the door.

"Master, the man said that he had picked up a letter, saying that the master had asked someone to come over, and even when and where they said it was about the same." Jin Ling said aggrieved, "the slave is dealing with the man, trying to deceive the man When telling the truth, Miss Jing brought her queen mother-in-law and later said that the slaves were evil slaves and evil slaves who had harmed the master! "

Jin Ling would be sued to Weiyue Wu, but Jing Wenyan did say so, for a while, people could not tell what was wrong.

"Miss Jing should have heard what King Huaijun and I said before!" Wei Yuewu didn't seem to understand the meaning of Jin Ling's words, and after turning around for a moment, she turned to Jing Wenyan, "Since Miss Jing has listened When we talked, why did we hide? It seemed a little sneaky! "

"I ... I didn't hear that." Jing Wenyan's words almost came out of her teeth.

"How could that be so close? I thought Miss Jing had hid deliberately and joking with us!" Wei Yuewu picked the slender Liu Mei and was quite surprised.

"I really didn't hear anything!" Jing Wenyan had to reiterate.

"King Huaijun and I both saw you, and you wouldn't say you didn't hear it!" Wei Yuewu frowned, dissatisfied.

"You can ask King Huaijun to come and ask." Jing Wenyan Tong blushed.

"Are you talking about me?" Han Ming's voice sounded in time.

"King County, did you see me?"

"King Huaijun, did you see Miss Jingda when you were talking to me?" The two men spoke almost indiscriminately.

After Han Ming stunned for a moment, he laughed bitterly. Although the words of the two people have the same meaning, they are really not easy to connect. , Give Wei Yuewu a set of things.

He did not see Jing Wenyan at the time, but he would know that he had been used, and the people who were with her at the time, besides herself and Wei Yue Wu, were the only Miss Jing Jing.

Speaking of which, Miss Jing is indeed suspicious.

"Miss Jing, I was also at the time!" Han Minghan smiled, saying neither yes nor no.

"It's far away from you!" Jing Wenyan has been asked again and again before. She herself admitted that she was there, but she was far away, so she had to admit it again.

Jing Wenyan is really there? Han Ming sighed. The master was right. Jing Wenyan not only had ambitions, but also had too much ambition. I'm afraid it is not a good sign.

"Miss Jing wants to listen, why don't you stand up?" Since Jing Wenyan had set out that she had no good intentions and used herself, Han Ming asked back politely.

He is a gentleman, but he is not a fool. After thinking about it that way, he understood it, and his face sank.

"I ... I didn't really hear anything, and even if I heard it, I went back to rest afterwards, and got up. Where did I know that these many things had happened?" Jing Wenyan explained flushed. She couldn't think of Han Ming, who has always been known for her good people, but she also accused her.

"Well, that's all for now. The prison must let people ask for more training. Someone dare to harm Jingde under the eyes of Ai's family, and the Ai's family will surely follow up." Road.

"Linzhu, how many pilgrims come to the mountain today?" Wei Yuewu smiled and turned to the host of plum blossoms.

"Not much. I heard that the queen mother-in-law came up the mountain. Many of the original pilgrims didn't come. After some unknowingly crashed in, I heard that there was a queen mother, and I didn't dare to walk around. I went back early!" Laughed.

"Can you help find a girl ring?" Wei Yuewu reached out and took a piece of paper from her arms, handed it over, "This is a portrait of the suspicious girl ring, please ask the master to help pay attention."

"Okay!" The master of plum blossoms reached out to take a look, but listened to the queen queen, "What kind of person, let Ai's family see."

"Yes, queen queen mother!" The master of plum blossoms took two steps forward and handed the portrait in her hand.

The queen queen took a look. The picture above simply depicts the appearance of a woman. She is wearing a girl's ring clothes. Although there are only a few strokes, Wei Yuewu's painting is still more vivid.

Upon seeing the appearance of this girl ring, the queen mother's face changed slightly.

"Let the grief's family check it out. The owner of Plum Blossom is a foreigner. It's not always good to disturb your own pilgrims!" The queen mother-in-law's impassive hands gathered the images in her hands and put them in her sleeves casually. In the faint way.

"Then the queen mother-in-law is troubled, originally thinking that if the master is not convenient, let the ring go to the world to ask a few people to check!" Wei Yuewu laughed softly.

"Since this incident was discovered under the eyes of Ai's family, the Ai's family will always investigate it. As for the follow-up to this event, it is always a less glorious thing. Among the deepest boudoirs, the matter is not to be publicized. OK, Jingde is aggrieved this time. "The queen mother-in-law looked at Weiyue Wudao gently.

"Come here!"

"Yes!" A maiden came out.

"Jingde was rewarded with the string of Dongzhu that came forward, and she was shocked!" The queen mother ordered.

"Yes, get the slaves right away!" The palace girl retreated.

The queen queen mother suddenly gave a reward, Wei Yuewu was busy saluting her gratitude, but she was helpless by the queen queen.

"Jingde was really aggrieved this time, and the family knew it all!" The queen mother reiterated, and turned to Jing Wenyan, "You tell me what is going on, and you just happened to hear King Hejing of Huaijun. German speaking, why not go out. "

"I ... I wasn't comfortable at the time and didn't want to talk ..." Jing Wenyan couldn't think of the queen mother and couldn't help it, so she stammered and explained.

"Why don't you want to talk, is it because of me?" Wei Yuewu raised her eyes, her eyes looked at Jing Wenyan coldly.

The reason seems to be the only one. Jing Wenyan did n't even want to answer, but after weighing the two phases, he had to bite his teeth. "Yes, I have a little misunderstanding with the Lord of Jingde County, so I do n't want to see her speak, see She avoided it when she was here. "

In a word, I immediately realized that I was there, and it was meaningful to look at Jing Wenyan ...

Chapter 884: A special scented Dongzhu

The situation of Jing Wenyan and Wei Yuewu has long been in the eyes of everyone, but Jing Wenyan seems to be trying hard to show friendship, and Wei Yuewu has just reacted indifferently.

Looks like Wei Yuewu is really rude.

However, everyone suddenly felt that it was not the rudeness of the Lord of Jingde County. There was indeed a problem between the two people. It was the young lady Jing Jing's belly that was too deep, so she didn't show it, and she deliberately said two things in front of everyone. Individuals have no mustard.

Being able to be indifferent to emotions and being so natural in front of people, this lady Jing Jing really is not as pure as she is on the surface.

Or it can be said that what Jing Dajing is showing now is what she is willing to show to others. The true thoughts in her heart are really invisible.

The queen mother's gaze fell on Jing Wenyan, and it became cold.

Seeing the queen mother's cold eyes, Jing Wenyan awakened, her face became pale immediately, and she opened her mouth, but she could not say a word.

The queen mother's eyes fell on Jing Wenyan for a while, and then she gently retracted her eyes: "The family of Ai doesn't know what the two of you have, but no matter how expensive the family is, you can't open your heart and listen to the family of Ai. Even if anything happens, let it be revealed! "

The queen mother's words sounded like persuasion, but the look on her face didn't smile too much, she only raised her eyelids.

"Yes!" Jing Wenyan nodded swiftly and softly, which was similar to what she usually did. It seemed to listen to the queen mother-in-law, but because everyone just had a prejudice against her, they felt that what she would say and what she thought was not necessarily the same one.

Even the queen mother-in-law gave her a deep look, but stopped talking to her, instead turning to Weiyue Wudao: "Jingde, what do you think? You are still a dignified county master, you will never be so stingy!"

"Mother Empress Dowager, I ..." Wei Yuewu lowered her head and saw that it was very difficult and reluctant.

"Can it be done, you want her to apologize for a small mustard?" The queen mother-in-law pointed at Jing Wenyan and her face sank.

"Jingde doesn't dare!" Wei Yuewu raised her head, saying a bit wronged.

What is Jing Wenyan's identity? Immediately she will be the future princess. How can she force her to apologize to Wei Yuewu?

"That's good, I'll expose it here. There are always some mustards in the boudoir. It's not a big deal. Although the two of you are also the daughters of the boudoir, the sad family always feels different than others. This is naturally not ordinary. Women can compare! "The queen mother-in-law's face showed a slight smile.

"Yes!" It was Jing Wenyan who replied first, which was also her habit.

In front of people, she always maintains her dignified, generous, decent, gentle reputation!

But after finishing talking, and seeing the queen mother-in-law's profound gaze again, Jing Wenyan's face became paler.

"Yes!" Wei Yuewu's response should be a few beats slower than she wanted to come, but it was also a lot reluctant, and she could even see a trace of indignation on her face. Seeing she was extremely reluctant to make peace with Jing Wenyan.

"Mother Empress Dowager, that matter ..." Although Wei Yuewu agreed, she still dragged the matter to the original topic, and apparently was unwilling to expose it.

"Jingde rest assured that the family will investigate this matter, and will also let the master of plum blossoms help to recognize people. Since some people dare to plot against you, the family will never appraise." The queen mother nodded and assured Wei Yuewu again. Road.

It seems that the Yueyuewu has nothing to say. At this time, the palace girl brought a string of Dongzhu, a beautiful string of beads, each of which is the same. Although not very large, the shape and color are all The best, among Yingying, is extremely beautiful.

It's a string of bracelets.

The queen mother picked it up in person, asked her to let Wei Yuewu pass, and then she put it on Wei Yuewu's hand, took Wei Yuewu's slim hand to look around, and smiled: "Jingde's hands are really thin, but this The beads that are also reflected are getting more and more beautiful. This string of beads appreciated the family when the emperor was there. "

The queen mother-in-law said with a hint of memory on her face: "It was just that the hand of the mourning family was much larger than Jingde, and it was not as good as it was when put on."

Actually given by the emperor yesterday, Wei Yuewu hurriedly resigned: "The queen mother-in-law, such a valuable Dongzhu, Jingde dare not want it!"

It was said that Dongzhu was going to be stabbed, but was stopped by the queen mother-in-law.

"It's not a big deal. At first, the emperor gave a lot to the mourning family. You have to reward some of these little ones. Not only did you get the reward, other people also got it." , With a smile.

Now that this is said, Wei Yuewu is inconvenienced to say anything, so thank you again respectfully before retreating.

The water glanced away, but found that Jing Wenyan's eyes had been falling on the beads in her hands, her brows were slightly wrinkled, and she seemed to be thinking something, and her lips evoked a smile.

"Miss Jing likes it?" She raised an eyebrow, looked at Jing Wenyan and asked, her hands stretched out.

"I ... No! I just think the beads are beautiful!" Jing Wenyan couldn't think of Wei Yuewu at this time, she would notice herself, and she was busy converging her surprise, and replied.

"I thought Miss Jing liked it!" Wei Yuewu smiled, but she could see that she was just Hu Yan Jing Wenyan, and then she ignored Jing Wenyan.

The queen mother-in-law looked at Jing Wenyan more for this.

Wei Yuewu resigned afterwards.

It's over here, naturally Han Ming wouldn't keep it anymore, and went out with it.

The master of plum blossoms left because there were still some things in the temple that were not dealt with.

After a while, only the Queen Mother and Jing Wenyan were left at the scene.

The people around the queen mother dispersed in an orderly manner, and they each kept outside the pavilion, with their backs facing the pavilion, and then looked at the nose and nose.

Leaving the two most confidant behind her mother-in-law.

"Kneel down!" Seeing everyone leaving, the queen mother-in-law's face sank, and she yelled sharply.

Jing Wenyan knelt down with a thump, and mourned in tears: "Mother Queen Mother!"

She was very beautiful in the first place, and her eyes were reddish, and it became more and more pitiful. The helpless queen mother has been in the palace for so many years. What kind of beauty has never been seen, and there is really no sympathy for Jing Wenyan's performance. meaning.

"Say, why are you harming Jingde?" The queen mother-in-law asked unmoved.

"Mother-in-law, Wen Yan didn't! ..." Jing Wenyan argued aggrieved, but was interrupted sharply by the queen mother-in-law. "Don't you pretend in front of Ai's house. It's really difficult for Ai's house in this palace for so many years It was deceived, but now you are deceived, it's really a sad home! "

"Mother Empress Dowager, Wen Yan did not!" Jing Wenyan shouted injustice.

Only when she said that Wei Yue Wu had a small misunderstanding, she knew the bad things, but when things got there, she had to say it again.

"Don't you? You can't see it. At such a young age, it is no wonder that His Royal Highness is not happy and unwilling to get married early!" The queen mother-in-law sneered, and this was even more ruthless, which was equivalent to hitting directly face.

Jing Wenyan's face was white, red again, and then blue again. "Mother Empress Dowager, Wen Yan really did nothing. Wen Yan only wanted to follow the Empress Dowager mother and give good care to the Empress Dowager mother. Dissent, Wen Yan is willing to abandon the position of princely concubine, and in the future the ancient Buddha in the lantern will pray for the queen mother-in-law forever! "

Jing Wenyan talked and lowered her head, and hurled a few heads at the queen mother-in-law.

"You are willing to give up your concubine?" The queen mother leaned back and asked with a sneer.

She did think that Jing Wenyan was in control before, but she would have a bad smell because of her talent.

"For the queen mother-in-law, Wen Yan is willing to do anything. Wen Yan's everything was originally given by the queen mother-in-law. The queen mother-in-law can determine everything, even Wen Yan's life and death!" Jing Wen-yan had to show loyalty to the queen- mother-in-law.

Queen Tu lost her power. She took the opportunity to vote for the queen mother-in-law, and now the queen mother-in-law is her backer. Of course, she dare not have the slightest disobedience, which will even lower her to the ground.

She knew very well that if she lost the backing of the queen mother-in-law, then even if she married Wen Tianyao, she would have no way to go.

The hand that fell on one side held it fiercely, but then slowly let it go, and there was a hate in my heart. Of course, all this was caused by Weiyuewu ...

"Since you have done everything you intended, the mourning family will reward you with one thing." The queen mother-in-law said coldly.

"Yes!" Jing Wenyan shuddered, but had to respond, from the words of the queen mother-in-law, she felt a little disturbed, but had to respond.

Even if the queen mother-in-law wants her life, she will have to agree to it. Of course, she also believes that the queen- mother-in-law will not use such an extreme way, but she is going to enter the palace immediately.

And it's the kind that made the world known.

"Brought the most beautiful Dongzhu from Ai's family?" The queen mother-in-law asked coldly.

"The slave has taken it over!" The echo happened to be the palace person who took Dongzhu before. At this moment, she had a shiny bead in her palm, which seemed to be the same as the bead in the string before Weiyuewu. Generally nothing.

Even faintly feel more beautiful, a faint scent floated out of this East Pearl, extremely comfortable.

Jing Wenyan's complexion changed a lot, and her body fluttered involuntarily. Before that, she had been wondering. Looking at the beads in Weiyuewu's hands, she thought of the news she got here, but it would be Wei Yuewu, so she just paid attention and didn't care.

But now, the queen mother-in-law wants to give her a bead and a scented bead alone. This should be the bead!

Jing Wenyan shivered in fear.

"Looks, do you know?" Seeing Jing Wenyan's appearance, the queen mother-in-law snorted. "A daughter of the princes of Jingdi, she actually knows so many palace secrets. I don't know if your father found them, What you found, sure enough, you are still different from the ordinary deep girl and weak girl, but in this way, the Ai family prefers! "

Chapter 885: This scene is in the eyes of everyone

"Mother Empress Dowager ..." Jing Wenyan lamented.

"How to use this Dongzhu, don't tell me how to do it!" The queen mother interrupted Jing Wenyan in a cold voice.

"Mother Empress Dowager ..." Jing Wenyan looked pale as snow, looked at the queen with a sorrow, her body wobbled, and she could hardly stand.

"You'll take it back later, and Ai's family is also tired!" The queen mother-in-law waved her hand, looking like she didn't want to say anything.

"Yes!" Jing Wenyan had to answer, and respectfully gave the queen mother-in-law a deep salute, then stood up staggeringly.

The palace girl over there handed Dong Zhu to Jing Wenyan's girl ring. The girl looked at Jing Wenyan's face and was afraid to answer.

"Mrs. Xie rewarded her mother!" Jing Wenyan's face was pale, but her expression slowly became quiet. She walked in front of the palace girl, took Dongzhu herself, looked at it a little, and smiled sadly: "The mother must think that Wen Yan knows this. It's a strange thing, in fact, it's not strange at all. When I heard that Dongzhu was admiring her queen mother, her father once talked to the queen mother!"

"What's the matter?" This matter was related to the original secret, the queen mother's eyes opened a gap slightly, and asked coldly.

"At that time, my father once urged the emperor to want the emperor to give the East Pearl to the concubine, but the emperor finally gave the empress to the queen mother." Jing Wenyan smiled sadly, "Just Unexpectedly now, the queen mother-in-law gave this thing to Wen Yan. "

"You don't want to?" The queen mother raised her eyebrows.

"Wen Yan didn't dare. Since it meant the queen mother-in-law, Wen Yan had obeyed. After returning, she soaked Dongzhu in white wine, soaked for 749 days, and then drank the wine!" Jing Wenyan smiled miserably. However, the expression still respected, "Everything is given by the queen queen mother, since the queen queen mother means that Wen Yan dare not disobey!"

She was kind of submissive in her bluntness, but she calmed down the expression of the queen mother-in-law, opened her eyes, and looked at Jing Wenyan's gentle way: "The poison of Dongzhu is actually not unsolvable. Yes, I have an antidote here. At first the emperor gave this Dongzhu, but later the emperor also gave me an understanding of the medicine. If you have no heart, I will give the antidote! "

"Yes, Wen Yan understands!" Jing Wenyan smiled abruptly.

"Then you go back first!" The queen mother-in-law waved her hand, Jing Wenyan saluted another respectfully and slowly retreated.

No one saw her turning her face, showing a bit of vicious cricket. The old beggar, the queen mother, thought that by giving her poison, she could control her. How could she control it so well.

She knows Du Dongzhu early, so when she sees the beads of Weiyuewu, she can't help but look a few more times.

At that time, I thought that the poisonous Dongzhu was in the string of Weiyuewu, but I finally gave it to myself alone.

The news that Jing Wenyan got was that the queen mother-in-law and the concubine contended for favor. It seemed that the empress queen had murdered the concubine's life, and the emperor was furious before giving the poisonous east pearl. In the harem, Jing Wenyan sometimes thought it was just fake news.

Now it looks real, but this poisonous pearl is now in his own hands.

Antidote? Since the queen mother has an antidote, you can find someone here to try to solve it, but now she must drink the poisoned wine in order to gain the trust of the queen mother.

This is also to make the queen mother feel that she has everything in her hands.

The princess and the queen, so that the future queen mother, and even the mother-in-law world, the harem will be in power. This is what Jing Wenyan needs. The present forbearance is for the future, and she can bear it!

Of course, she wouldn't spare her for the creator of all these figures, Wei Yue Wu. Without the cause and effect of Wei Yue Wu, the queen mother would not appreciate the poison. One day, she would step on Wei Yue Wu's head. Let her sink into the mud forever ...

All this made Jing Wenyan hate Wei Yue Wu to the extreme.

As soon as Jing Wenyan walked by, the queen mother-in-law also took her own person back to her yard, but a puppet beside her left in a hurry, not following the same path as her.

In the far hall of the Great Hall, Wei Yue Wu reclined against the fence, her eyes fell on the back of the queen mother who was slowly leaving, and Liu Mei frowned slightly.

"Master, what the queen mother-in-law gave Miss Jing Jing, she seems to be quite hit!" Jin Ling looked a little further away, Jing Wenyan still a little shaky figure, asked in amazement.

Wei Yue Wu came here after leaving the queen mother-in-law, but far from here, she could only watch some scenes from a distance, but could not hear what they said, nor did she see what Jing Gongyan handed to the palace maid.

"Dongzhu!" Wei Yuewu retracted her gaze, stretched out her slender hand, and looked at Dongzhu on her wrist. It was a beautiful, beautiful string. It was even rarer to be so big and round, and sheen was so good.

"The queen mother-in-law also appreciates Miss Jingdong Dongzhu? Why? How does this matter have to do with Ms. Jing, the queen mother-in-law doesn't rebuke, but she also rewards her!" Jin Ling said dissatisfied.

"I heard that the Emperor once gave the Queen Mother a string of Dongzhu." Wei Yuewu looked at the beads in her hands and said slowly, "But one of them was poisonous, because the Empress Dowager almost harmed Xianfei at the time. Life. "

The reason why she knew so clearly was that Yan Huaiyu sent someone a copy of the information, which was written about Dongzhu. This is also the string of Dongzhu that Yan Huaiyu was afraid she would get in the palace. , Specially reminded her.

"This ... this is poisonous!" Jin Ling was frightened, reaching out and holding Wei Yuewu's hand, which would take no account of others, and took Dong Zhu down for Wei Yuewu.

"No problem, it's not this one!" Wei Yuewu smiled and shook her head, but Ren Jinling politely took down Dongzhu in her hand. "That one is to be drunk with wine."

"Is this the one that the queen mother-in-law gave to Miss Jing Jing?" Jin Ling held Dongzhuchuan in her hand, her eyes widened.

"Nature is the one. The queen mother wants Jing Wenyan to lead the Sixth Palace. But today, the queen mother feels that Jing Wenyan seems to have a deep belly and can't control her, so she used poison control!" Wei Yue Wu Mu The faint path, then took the string of beads from Jin Ling, and shone in the sun.

"But this string of beads may have been kept together with the ground beads. I am afraid that some powdered medicines have been stained on this. If I wear them all the time, I am afraid that the powdered medicines may be stained in my mouth. "

Wear the beads on your hands, and your fingers will come into contact from time to time. If you accidentally get into your mouth, you may also bring poison pills into your mouth.

Although it is not as direct as drinking and drinking, but over time, there is no guarantee that it will not be poisoned.

Queen Mother This is a double-edged bird.

"Master, the queen mother-in-law is too vicious!" Jin Ling took a moment to understand, and immediately understood.

"The queen queen wants to control Jing Wenyan, and whether Jing Wenyan is willing to be controlled. It happens that both people want to seize power." Wei Yuewu sneered. "Put the beads away and pull them straight after returning to the house."

The reward can be worn or offered, and in order to show respect to the queen mother, she offered Dong Zhu up. Even if the queen found it, she could not say anything.

"Yes, the slaves pack it up immediately!" Jin Ling took it carefully, put it in a parcel, and wrapped it.

"Let's go!" Wei Yuewu looked at the back view of the queen going away, and looked at the direction of the queen sent by the queen, and stood up.

"Master, who is the queen mother-in-law still looking for?" Jin Ling also saw the puppet and asked, puzzled.

"Mo Huating!" Wei Yuewu turned down the stairs.

"Jing Yuanhou is here?" Jin Ling was startled, and hurriedly followed Wei Yue Wu downstairs.

"It should be here. This girl is from Mo Huating. Jing Wenyan and Mo Huating are not ambitious, so they are together to conceive me."

Wei Yuewu sneered.

A portrait of a girl ring, a portrait that the queen mother-in-law looked at and wanted to bury immediately, of course, because the queen mother-in-law saw this girl ring, not only had she seen it, but she knew exactly who the girl ring was, so The queen mother will come forward to calm down the matter.

If only Jing Wenyan, the queen mother-in-law would not intervene immediately, but Mo Huating is different.

Mo Huating has been hiding in Jingyuan Houfu House for so many years and has not been discovered by Tu, or has not been discovered by Master Tai. The meaning in this is by no means as simple as it seems.

Wang Meiren is just a woman who is lingering in the cold palace. Even though she has been favored by the emperor, she must have been once. She cannot reach out to take care of Jingyuanhoufu, and it is impossible to have it under the eyes of the queen. Too much action.

It must be that someone has taken care of Jingyuan Houfu secretly, which has never been known to me. Those who have such great ability can obstruct the queen's sight. It seems that there is really no one other than the queen mother-in-law.

A line slowly became clear in Wei Yuewu's heart.

The original second prince and the queen mother-in-law had a closer blood relationship, and Wang Meiren and the concubine were also cousins before. This represents that there is also a blood relationship between the queen beauty and the queen mother-in-law. The relationship with the queen mother-in-law is closer than that of the prince.

"Master, would you like to notify Shizi?" Upon hearing Mo Huating's arrival, Jin Ling's face became heavy, watching Wei Yuewu propose.

"No need, Mo Huating will not do anything for the time being!" Wei Yuewu shook her head, her eyes lightened.

"This ... always he shot, and he failed. There are only two servants around you. Will there be an accident?" Jin Ling was still uneasy, and she felt that the responsibility became more and more important.

"No problem, let's go, or Mo Huating will come here once in a while," Wei Yuewu sneered. Wei Jingwu didn't want to see this Jingyuan Hou in fact, but this one is a ghost. Seems to be around me all the time.

However, in this case, she waited for him to appear ...

Further afield, Xian Fei is slowly retracting her gaze, and the only scene that fell into her eyes ...

Chapter 886: Who does Mo Huating want to marry?

"What the **** is going on? This is just a dispute between women in the backyard. What did you do to get in, because of Jing Wenyan or because of Weiyue Dance?" The queen mother patted the table vigorously, screaming loudly, "Do you know what you want!"

Mo Huating knelt on the ground in front of her, looking respectful.

"Grandma, Grandson knows, Grandson wants a throne!" Mo Huating said quietly.

"Since you know what you want in the end, why bother with these two women, no matter who they are, they don't deserve you!" After listening to Mo Huating's words, the queen mother-in-law's face eased a little, "You You know that no matter who you have entangled with them, it is not good for you! "

"Suner understands, but Suner wants them to fight internally." Mo Huating raised his eyes and watched the queen mother report.

"Inner fight?" The queen mother frowned, not understanding for a moment.

"Grandmother, Jingde County Lord and Jing Wenyan are not simple, and one of them is Yan Huaihuan and the other is to be married to a prince. If the two of them fight, Yan Huaihua and the prince will be involved. For the grandson, the benefits are too much, and Yan Huaihuan is not so provocative. If the prince really provokes him, he will certainly not be able to retreat, and there is a lot of manpower on the prince's side! "

Mo Huating implicitly said.

"So, do you want them to fight in the backyard and get to the front court?" The queen mother asked doubtfully.

"Suner thought so, so he helped Miss Jing secretly." Mo Huating said positively.

"Do you really have no other thoughts about Jing Wenyan?" The queen mother asked in disbelief.

"Grandmother, grandchildren can swear, I have no thoughts about Jing Wenyan, even if she is the first beauty, in the minds of grandchildren, it's just a pink skull. There are many beautiful people in the world. Yan lost this great country and lived up to her grandmother's tolerance and heart for so many years! "

Mo Huating said unhurriedly.

What he said was very natural. For Jing Wenyan, he really had no idea. What he had in mind was Wei Yue Wu, and the queen mother-in-law misunderstood here that he was interested in Jing Wenyan.

"This is the best. There are many beauties in this world, and what about the first beauties. If you search the world, maybe there are more beautiful women than Jing Wenyan, but if you look at Jingde, you know. Although she is young, but It will definitely be more beautiful in the future than Jing Wenyan. "

The queen mother-in-law will say these things, of course, she only told Mo Huating that the first beauty is not the most beautiful. As long as she has the right, she can search all over the world for what kind of beauty she wants.

"Grandma said it!" Mo Huating said obediently.

Seeing his obedience so much, the queen mother's face also calmed down and sighed: "Get up and sit down!"

"Yes!" Mo Huating got up and sat down on the right hand of the queen mother-in-law.

"It's not that the grief family wants to say you. Although your ideas are good, there are always some discrepancies. Jing Wenyan was not easy to control and the belly was deep. If you intervene, it is easy to cause trouble to her, and she will immediately To become a princess, you use her in this way, maybe you will bite you back! "

"Grandmother rest assured, I will do this for myself once more. Besides, she took the initiative to come to the door. If there is a handle to be beaten, it is the grandson who can beat her here!" Mo Huating laughed.

Of course, he didn't completely tell the truth. He didn't completely trust the queen mother, but he concealed it.

Even if the queen mother-in-law said that he wanted to help him to become superior, and to make him the next emperor.

"That's good, but you still have to be careful about Jing Wenyan. This woman's ambition is not small, but now the family has given her poisonous Dongzhu, and she wants to come and settle down, otherwise she really won't know when she will be together Prince, deal with us together! "The queen mother's face sank again.

"Grandmother's method is very good! With this method, Jing Wenyan has to take her life into consideration even if she has an idea!" Mo Huating laughed.

"Well, please be careful yourself, don't go too close to Jing Wenyan, she must be a princess. If you are too close to other men, it will attract the attention of courtiers. It won't do anything to your reputation, yes Now that you are the boss, you can marry an official, and you have to take care of your house in Jingyuan. "

The queen mother-in-law suddenly changed the subject.

"Grandma, I'm in no hurry for this relationship!" Mo Huating shook his head.

"What is not anxious, if you give birth to a sister-in-law earlier than the prince, it will be of great benefit to you. Although your current status still bears the name of Jingyuanhoufu, everyone knows that you are a great prince. Prince, give birth to your son-in-law early, the emperor will surely give you a higher look! "

The queen mother's eyes stared, displeasingly.

"But ... there is no suitable ..." Mo Huating frowned.

"What about the Lord of Jianan County?" The queen mother-in-law suggested.

"Isn't the Lord of Jianan County about to have a marriage contract with the Five Princes?" Mo Huating asked, puzzled.

"The prince of Jianan County and the niece of Princess Nan'an have different identities. If you marry her, you can get the support of the Nan'an Palace and the support of the family of the mother of Nan'an. As for the five princes, you can completely ignore it now. It's hard to protect itself, so how can you help the five princes to raise their relatives? "

The queen mother-in-law took a sip of tea, and a smile appeared on her face: "The mourning family looked at the noble daughter of the Manchu dynasty. Only the master of Jianan County was the most suitable."

"This ... is always the one that the five princes fancy first. I'm not that good, isn't it!" Mo Huating said in distress.

"Never married is the life of your parents. The words of coal burning, the so-called fancy and fancy, as long as it has not been officially announced, it is nothing!" The queen mother-in-law said lightly, "This marriage is good for you , Think about it and decide as soon as possible. If you still have any fancy woman, hide it first. In the future, you will be on Dabao, and you will be whoever you want to be, and your grandmother will not stop you! "

The queen mother could see that Mo Huating was not willing to marry the Lord of Jianan County.

"Yes, Grandma!" Mo Huating lowered his head.

"Do you really have anybody in your heart?" The queen mother looked at Mo Huating suspiciously and asked.

"No grandson, grandson just thinks about the cause, he doesn't have time to take care of his children's private affairs! Everything is ordered by the queen mother-in-law!" Mo Huating raised her head and smiled.

Such a smile seemed embarrassing, and the queen mother nodded her head with satisfaction: "In that case, the Ai family went to try to communicate with Jia Nan's parents. As long as they agreed, there was nothing wrong with Jia Nan. Jia Nan's legs have been getting better recently, but he can be called out to accompany the mourning family. You can check it out when that happens. "

"Let the grandmother decide, the grandmother thinks it is appropriate, it must be appropriate!" Mo Hua's answer became more obedient, which made the smile on the face of the queen mother-in-law.

The two talked again, and the queen mother-in-law was lacking, so Mo Huating retreated.

Standing at the gate of the queen mother-in-law, Mo Huating stood still and looked at the queen of the queen mother behind her. She was speechless for a moment, of course, the master of Jianan County, and of course he knew that, and she had seen the clunky county owner more than once. He was next to the five princes, thinking that he was about to marry such a county lord, and he even felt like he was wearing a green hat.

Everyone can see the friendship of the Lord of the Jianan County to the five princes.

Moreover, he didn't like the Jianan County Lord at all.

"His Royal Highness ..." A housekeeper around him watched him stand longer, reminding him.

"Go and see Miss Jing!" Mo Huating said and turned to the yard next to him, which was Jing Wenyan's yard.

The housekeeper hurried forward and knocked on the door. At the opening of the door, a girl ring next to Jing Wenyan stood there and saw Mo Huating, hurriedly saluting: "See Her Royal Highness!"

"Is your lady there?" Mo Huating asked with his hands on his back.

"Miss our lady is drinking tea, Your Highness please!" Ya Huan let aside, Mo Huating walked in.

In the main room, Jing Wenyan was indeed drinking tea, but the tea was placed on the table and did not move much. She frowned slightly, a pair of affectionate beautiful eyes with a bit of grievance. When Mo Huating came in, her eyes were red. Anyone who sees it feels pity.

Such a beauty, in this situation, really makes people feel distressed.

"His Royal Highness!" Jing Wenyan stood up softly, saluting to Mo Huating, and Mo Huating waved his hand, then settled in a chair on one side, his eyes fell on the glass in front of Jing Wenyan, a faint scent of wine, not tea.

There was a bead in the wine.

"His Highness, the queen mother-in-law appreciated my East Pearl and let ... let me drink ..." Jing Wenyan's face could not help but slip a tear, and looked very pathetic.

"Mrs. Empress Dowager?" Mo Huating's gaze fell on the Dongzhu.

"Yes, because the queen mother made the queen mother unhappy, and the queen mother thought I had arranged a girl ring, which harmed Jingde!" Jing Wenyan wiped her tears with a papa, and then walked to Mo Huating's side, aggrieved. "In fact, this matter has nothing to do with me. I just mentioned it to His Royal Highness, and I will also cooperate with His Highness!"

This means that it was Mo Huating's case, but in the end she resisted.

"I have a job for you!" Mo Huating sighed, stretched out his hand to hold Jing Wenyan's slim waist, and with his hand, Jing Wenyan followed his gesture and sat in his arms.

The accompanying girl ring and housekeeper retreated quietly.

"You don't have to be afraid, this bead is not a big deal, I will get you an antidote from my grandmother later, but for the time being you drink it first." Mo Huating appeased Jing Wenyan.

"But ... but if this thing spreads ..." Jing Wenyan looked weaker and weaker, and his whole body shoved into Mo Huating's arms, shaking tremblingly.

A small face was raised, followed by a bit of fragility and paleness. Such a woman is actually the most pitiful man, and Mo Huating is a normal man. He was so dependent on Jing Wenyan that he couldn't help it. My heart swayed, and the big hand placed on the waist of Jing Wenyan could not help moving slowly ...

"It will not be passed out. If I have the world, I will share it with you" ...

Chapter 887: Two princesses from Nanxia Kingdom

"Is there something wrong in Hou Jingyuan?" Wei Yuewu swept Mo Huating lightly, and there was a coldness in her eyes, and she could not see any emotional fluctuations on her face.

Although it is an extremely delicate little face, and even a little childish, it has a disregard for thousands of miles away.

Yes, it is indifference, a kind of indifference that seems to be a stranger completely, the water eye does not fluctuate. This is the feeling that Mo Huating came from Jing Wenyan and saw Wei Yue Wu at first glance.

How could two people who were once unmarried couples be strangers.

For no apparent reason, Mo Huating's anger grew, and the anger grew more and more fierce, as if to burst out of his mind.

Mo Huating calmed down again, with a faint smile on his face: "Come to see if there is something wrong with the county master, I have only seen Miss Jing Jing before, and listened to my grandmother saying that the county master and Jing Da There seemed to be a break between the ladies. "

"Is this related to Jing Yuanhou?" Wei Yuewu smiled slightly, but her eyes were cold.

"This ... is what my grandmother ordered me to come and see you." Mo Huating paused and continued to laugh.

"If there is nothing wrong with Jingyuan Hou, please go back. I still have some things to deal with!" Wei Yuewu took the tea at hand, took a sip, then picked up the pout, pouted, and hurriedly hurriedly.

"Shi Jun, I'm just kind!" The smile on Mo Huating's face couldn't stop.

"Thank you Jingyuan Hou for your kindness, please help Jingyuan Hou!" Wei Yuewu raised her eyes and gave him a cold look.

"You ..." Mo Huating frowned, angrily.

"Why did Jingyuan Hou behave this way, just like you and Wei Yan at the time, some things are not clear to others, do we not know?" Wei Yuewu snorted, stood up, left such a sentence, and went to the back room. Turning around, a few Yahuan also walked in together, leaving Mo Huating alone in the outhouse.

Looking at the empty house, Mo Huating turned blue for a while, patted the table resentfully, and turned away angrily.

"Master, what did Jingyuan Hou come to do?" Yu Yan stood behind Wei Yuewu, watching Mo Huating leave angrily outside the window, and asked quite strangely. The Jingyuan Hou came inexplicably, and they were a few. All of them guessed that the prince of Jingyuan and the murderer had set up a plot with her.

This will actually appear Shi Shiran in front of the master, it really makes people feel speechless.

"Come to play!" Wei Yuewu's eyes flashed sharply. Mo Huating wanted to play, and someone had to cooperate, but he didn't cooperate with him here.

He abruptly appeared in Meihuayuan, which was an accident. Later, he went to see the queen queen, came out from the queen queen, went to Jing Wenyan again, and then saw himself.

It went down in this order only to explain his sudden appearance on the mountain, as if his sudden appearance was also reasonable.

"Master, slaver thinks the prince seems to want to say something to you!" Jin Ling said hesitantly.

"I have nothing to say to him!" Wei Yuewu turned around and sat down on the chair in front of the window. The handkerchief was gently torn, and there was a hint of thought in the corners of her eyes.

Mo Huating and Jing Wenyan, the two have different positions, but now it is strange that she feels a strange atmosphere floating between the two.

As usual, there is no common interest between Jing Wenyan who wants to be the crown prince and the queen, and Mo Huating who wants to win the throne. There is nothing to say between the two, but it is partial to the moon. The dance is a bit different.

Before Mo Huating entered Jing Wenyan's yard, the time was not short ...

The next few days seemed very peaceful. The queen mother still liked to talk to the master of the plum blossoms, talk to each other, and she was not restricted to Jing Wenyan and Wei Yuewu, and they were allowed to play in the plum blossoms at will.

Because of what happened before, everyone knows that Jing Wenyan and Wei Yuewu are at odds with each other, and Jing Wenyan no longer leaned forward actively. Even if they saw it on the road, they were just a faint gift. Even if Jing Wenyan wanted to Talk to Wei Yue Wu, Wei Yue Wu just said a few words to talk, and then left.

After that, Wei Yue Wu seemed to be more and more absent from plum blossoms due to physical reasons. Instead, Jing Wenyan was still interested in plum blossoms, and she still strolled around every time, even visiting the plum blossoms from time to time. It was just that the master of plum blossoms had to accompany the queen mother-in-law.

So Jing Wenyan often went to meet the wind and master who lived in plum blossoms.

It was so peaceful for a few days, and suddenly the news came down from the mountain, saying that the messenger group of the Nanxia Kingdom had entered Beijing, and it broke the peaceful time on the mountain.

Early in the morning, the queen mother-in-law did not call on the plum blossom master, but it was people who called Jing Wenyan and Wei Yuewu over.

Wei Yuewu came a little later. When she came in, she saw Jing Wenyan had come. After Shui Yan gave her a glance, she stepped forward to salute the queen mother.

"Jingde also sit down!" The queen mother-in-law's face was a little heavy.

Wei Yue Wu sat down, and the maid gave tea.

"Fang Cai'ai's family was telling Wen Yan that it was time to prepare to go down the mountain, and the messenger group of Nanxia Kingdom was about to enter Beijing. This time, not only the prince of Nanxia Kingdom but also the two princesses of Nanxia Kingdom, The two princesses wanted the prince to pick one for inclusion in the East Palace. "

"Prince wants to accept the princess of Nanxia Kingdom?" Wei Yuewu heard this for the first time, his eyes surprised.

"There is such a talk, but the specifics are not sure yet. Nanxia Guo sent two princesses in order to give the prince a choice. As for the remaining one, it is best to stay here." Road.

In other words, the two princesses will enter the East Palace, and the other will have to marry to Zhongshan.

"The reason why the Ai family called you over is to ask you what you mean!" The queen mother looked at Jing Wenyan and Wei Yuewu with a burning look. If you can decide, you can help the Prince to pick a princess. As for Jingde ... "

The empress queen's eyes fell on Wei Yuewu's body, and a smile appeared on the corner of her lips. "The backyard of Shizi can also be considered empty.

Sure enough, the idea was hit at the King's Mansion, Wei Yuewu's heart jumped fiercely, but her face was inconspicuous, and Shui Yan blinked rather hesitantly, and said softly: "Mother Queen Mother, this thing is quiet Virtue cannot come to the Lord, you have to ask the son what it means! "

"You are Mrs. Shizi, shouldn't it be you who decides all this backyard thing!" Said the queen mother-in-law unhappy.

Wei Yuewu lowered her head, and whispered a bit grievously: "After the backyard of Yan Wangfu, Jingde can't be the master!"

"It's still Miss Lin's business?" The queen mother frowned again.

"This ... she and Shizi always precede Jingde!" Wei Yuewu said hesitantly.

"I'm not right, I can't make it!" The queen mother's face fell cold. "Isn't Ai's family supporting your waist before? It also means that you are the true concubine. Maybe you haven't been in the backyard of Yanwang Mansion." Get the absolute advantage? "

"This ... Miss Lin is not in good health!" Wei Yuewu explained hesitantly.

"She's ill, you're okay? If she's sick all day long, don't you!" The queen mother reproaches rather reproachfully, "I don't think you're a stupid weekday." Yes, when I encountered the case of King Shiyan, there was no such idea. "

"Shizi ... Shizi saved my life!" Ai Ai explained during the Weiyue dance period.

"Saved your life? That's also because of your father. If other people are sick and want to die, will the King of the King Wang Yan give people joy!" Said the Queen Mother indignantly.

"Even if you thank him, you can't just let that Miss Lin, it's not just your business, think about your future children. If you can't get the status of this main room, your future son will It cannot be the son of the world, or your children and grandchildren in the future. You can only be born out. You are willing to be crushed by your own bloodline forever, and you will not even survive in the end! "

The Queen Mother's words were extremely meaningful. For a while, she stopped Wei Yue Wu. She lifted up her pale face and showed a daze: "Mrs. Queen Mother, then ... what is Jingde going to do!"

No one wants their children and grandchildren to fall to that point because of themselves.

"After returning, let the king Wang Shizi and the Miss Lin handle the marriage!" The queen mother saw Wei Yuewu's heart beating, his face calmed down and said slowly.

"Why ...?" Wei Yuewu asked in surprise.

"You took care of the marriage for them, and there was a mourning family to support you. At that time, the mourning family asked Emperor Tu to make her a wife, and your position was naturally higher than her. The original order was that she would be Madam, it's not a royal distrust to her!" The queen mother leaned back and explained leisurely.

At that time, Yan Huaihan was only the son of the Emperor Yan Guo. His main room was, of course, only the wife of the Emperor Yan Guo, not the concubine of the current Emperor Yan Wang. .

"Is this ... really okay?" Wei Yuewu was extremely helpless.

"Of course you can, if there is something to do with your family, you will not be a family girl in Yandi, but you can really climb up on the noble county head of our capital, not to mention the man is the most fresh, if this Lin The lady is in trouble, for fear that Yan Shizi will also be upset. At this time, she will send a princess of Nanxia Kingdom, and Yan Shizi's heart will naturally turn away from this Miss Lin. "

Said the queen mother slowly.

Wei Yuewu's long eyelashes flickered twice, covering up the coldness of her eyes. The queen mother-in-law was indeed better than Queen Tu, and she was still playing her name. If she did, she would be afraid of the entire Yanwang Mansion. It's going to be messy.

Fortunately, Yan Huaiying had calculated everything early, and the queen mother never thought that this Miss Lin was herself. The so-called battle was only for outsiders, but since the queen mother wants to see the backyard of Yan Wangfu mess up, Then settle her heart and mess up ...

Chapter 889: Doubt, who looks like Xianfei

The carriage slowly came down the mountain, and Wei Yue Wu sat in the carriage with her eyes closed and silent.

Since hitting the carriage, she has always been like this, which is quite disturbing for Jin Ling and Yu Yan.

Jin Ling made a silent gesture to Xiang Yuyan twice, and asked Wei Yuewu's body.

Yu Yan shook her head, indicating that Wei Yuewu's body was okay.

Since it's okay, why don't you say a word, his face is as if he has been hit hard. Jin Ling looked at Wei Yuewu and became more suspicious. Thinking about the state of her own master, she seemed to be coming back from Xianfei After that.

But Xian Fei didn't say anything extraordinary!

When I think about it, I just let the owner spread the word, but there is actually no big problem in this statement.

"Don't you think Xian Fei looks like a person?" Didn't feel the silent confusion of the two girls ring, Wei Yue Wu finally opened her mouth, but her eyes still didn't open.

She was frightened by the thought she had just had.

This conjecture is really appalling, even surpassing the fact that his own elder brother is His Royal Highness.

"Slaves don't think so." Jin Ling shook her head.

"Slave also didn't see it!" Yu Yan and Wei Yue Wu spent less time, and naturally couldn't see it anymore.

"Why does Yin Fei think I would help her with a message?" Wei Yuewu decided to explain the problem from another aspect.

"This ... I think the master has found her identity, and Miss Jing Jing has not found her identity. Moreover, Miss Jing Jing has selfishness, and there seems to be a relationship between the great prince." Jin Ling is indeed the dark guard. Origin, only a few words to highlight the point.

"Why does she think I won't hurt the prince?" Wei Yuewu whispered again.

"Because she knows that the master will not harm the prince!" This was really difficult to answer, and Jin Ling replied hesitantly.

"So, she knows!" Wei Yuewu opened her eyes and her eyes were deep, she knew that she knew that the concubine who was hiding in the plum blossoms seemed to know everything, and even knew the palace secrets.

Wei Yue Wu is almost certain now, Xian Fei knows that Wen Tianyao is her brother's business.

How did she know? Is that conjecture true? For a while, Wei Yuewu only felt that her heart was chaotic. This fact made her feel incredible, but it seemed to be true.

There are signs that this may be ... true!

"Have you found a portrait of King Bei'an?"

"No, it seems that King Bei'an has no portrait!" Jin Ling shook his head, puzzled, "Slaves felt strange, why did King Bei'an have no portrait, even though King Bei'an really rebelled at that time, For so long, this portrait remains unharmed, but everything seems to be locked up by King Bei'an! "

It is not surprising that the prince wanted to conquer the throne in the royal heritage.

In the past, there was also a prince's rebellion, and he was still in the top two points, but even so, he did not say that he would be prohibited from speaking about the prince.

Since people are no longer there, it doesn't matter how much they say.

However, it seems that the king of Bei'an was sealed up by people, and this dusty person is the emperor, and no one is allowed to talk about the matter of King Bei'an.

"Is King Bei'an rebelled?" Wei Yuewu suddenly asked, and she asked whether King Bei'an had actually rebelled.

"It doesn't seem to be ... it seems to mean that he was planning to rebel, was discovered by the emperor, and then locked up." Jin Ling shook his head.

He was arrested before treason, and it is said that the king of Bei'an was really a tragedy, but the action of the emperor was strange, and he locked everything in the king of Bei'an.

It seems to obliterate the existence of this King of Peking.

Obliterate? Wei Yue danced for a moment, and couldn't help but sit up straight: "The carriage turned, and we went to Houfu, Huayang."

"This time?" Jin Ling asked in surprise.

"Yes, at this time!" Wei Yuewu nodded, she had to prove her conjecture, and this conjecture had to find her second uncle Wei Luowu.

He may have a portrait of King Bei An in the box.

He has been collecting everything from King Bei'an secretly. Originally, the moon guard was only seen as a secret, but now he feels that this matter is also closely related to himself.

Even if this is not likely, Wei Yuewu also feels that she needs to take a look. It is always true that if this matter is true, some of her previous questions can even answer a large part of it.

When the family at the entrance of Houfu Palace in Huayang saw the carriage of Yan Wangfu, they hurriedly opened the door and let the carriage enter.

After the carriage drove straight in, it stopped in the parking lot inside.

Wei Yuewu got off the carriage and took two girls to walk inside. She first met Mrs. Tai, and saw that Yue Yuewu came over at this time, and knew that she still came down from the mountain. Mrs. Tai was slightly surprised, But after just a few questions, she was asked to find Tu.

Out of Mrs. Tai's Jingxinxuan, Weiyuewu went to Xinghuamen, and did not look for Tu, and hurriedly went to Wei Luowen.

Only in speech, she had already inquired from Mrs. Tai's words that her father Wei Luowen and second uncle Wei Luowu were not there. Nanxia's messenger came to Beijing. Both of them would be busy. Yes, it is normal.

He took two girls to Wei Luowen's study, and the little sister at the door also said Wei Luowen was not there. Wei Yuewu said he wanted to go in for a rest. Xiaoyue didn't dare to break, so she led her into the study to rest. Sent to the kitchen for snacks.

Yuyan was left in the study, and Wei Yuewu took Jin Ling quietly to Wei Luowu's study.

Wei Luowu's study door, there are no babies, it is really strange.

But there will be no time for this, Wei Yuewu took Jin Ling into the room, Jin Ling was still guarding the door, Wei Yue Wu went to open the box containing Bei An Wang's information.

With the previous two experiences, Wei Yuewu found the box as soon as she found it. Looking through the materials, it seemed that there was not much more than before, and there was no portrait from beginning to end.

Frowning Liu Mei looking at the box in front of her, Wei Yuewu's heart seemed dull and breathless.

The more she couldn't find it, the more she doubted her.

But I can't stay here any more. After putting the box back, I took Jin Ling back from the original road. When I got the door of my father's study, I heard someone talking to my father's sister-in-law. Stopped behind the tree.

"I'll be fine." Xiaoyi held a plate with snacks in her hand and whispered to a little girl.

"Hou Ye is not in the house, what's the matter with you!" Yahuan said unhappily.

"The lord of the county is here, and I have to wait by the side. Look, this is still the main dim sum of the shire." Xiaoxi said helplessly.

"The lord of the county is here? What is going on with her?" Yahuan didn't sound much respectful.

"I don't know, but when the county master comes, he will have to wait for it." Xiaoxi replied.

"Isn't Hou Ye out of the house? What is she doing in the study?" Yahuan asked in amazement.

Xiaoxi spread his hand for a moment, saying he didn't know it, and then hurriedly urged: "Your lady, there will be no rush. You have to wait until Hou Ye returns to the house. You should go first. If this is found by the county owner, it will be troublesome! "

"I can't wait for this. You should go to Hou Ye first. If it's late, something big will happen!" Yahuan will stop paying attention to Wei Yue Wu at this meeting and lowered her voice to urge Said, "If something really happens, we can't bother eating."

"But ... but here is the county master ..." Xiao Yan was scared and looked at the snack in his hand hesitantly.

"I'll take it for you. You should go to Hou Ye, if you are late, people will be gone!" Yahuan urged again.

"Okay, then you send the dim sum to the county master, and say I'm going to find Hou Ye!" Xiao Yan put the plate in his hand into Yahuan's hand, anxiously.

"Hurry up, rest assured, I'll send it over and explain why you're not here." Ya Huan took the dessert bowl with a smile.

Xiaoyu left quickly, Yahuan looked at the left and right people, her face could not help showing a little bit of color, reached out and squeezed a piece of silver on her cuff. Now this silver is my own, of course, this is only one of them portion.

Wei Yuewu transferred from the back door to the study courtyard, and then entered the study room from the back door. Then she sat down in the study room and saw the girl ring in.

"Slave has seen the county master." She approached salutingly, her manners were completely different from the manner in which she had brought some frivolity.

"Where did you come from?" Wei Yuewu looked up and down at the ring, and asked, "Why did you bring me a snack, Xiaoyu?"

"Yun Baojun, the slave is the girl ring in the kitchen. The little sister in Houye's study said that there is an urgent need to find him, and Thou Nuzhen brought this dessert." Yahuan raised the heart of the dessert, Jin Bell reached over and placed it on the book case.

"Urgent, what's the emergency?" Wei Yuewu said lightly.

"This ... I don't know!" Huanhuan couldn't think of the details of Weiyue Prom, but she stunned, and then answered carefully.

"You used to ... was the girl ring in Aunt Winter's house?" Wei Yuewu Zhiguang looked sharply at the girl ring below.

There was a chill in the waist of Yahuan's vest, and she didn't dare to conceal it: "Slave was a messenger in the yard of Aunt Winter, but she went to the kitchen later!"

"Aunt Winter is something wrong?" Wei Yuewu asked.

"This ..." The words jumped so fast that Yahuan didn't know how to respond for a while.

"The master will not naturally ask Hou Ye about Xiaoxiong's affairs. If you find that you are not speaking truthfully, the consequences ..." Jin Ling sneered, sternly.

"Slave ... Slave is not clear." Yahuan's face paled and stuttered. Hou Ye's affection for the county master was seen in Huayang Houfu's eyes.

"Let's go!" There is thick frost on the bottom of Weiyuewu's eyes, and the eyes fall on the heavy cuffs of Yahuan. "I'm afraid this silver is not something you can get for a little Yahuan for a month!"

Binghan's eyes, and the tone of understanding, Yahuan's scared "thump" knelt down. Money is important, but of course her life is more important.

"Shit ... Shit, something is wrong with Aunt Winter!"

Chapter 890: Coincidentally, Doctor Ming also fell

"What's wrong with Aunt Dong?" Wei Yuewu's eyes flashed a deep shadow, and she asked gently, what did Aunt Dong come up with again.

"Miss Three wants to go back to the house. Aunt Dong pulls her away, but Ms. Three doesn't listen. She climbs the wall and Aunt Dong also pulls on the wall to pull her. Then she accidentally falls ... I can't keep it, it will faint, I don't know if I will die. Ask the county lord to rescue Aunt Winter!"

Yahuan burst into tears.

Auntie Dong fell off the wall, so I'm afraid I could lose my life?

The two girls hug each other face to face, and the inexplicable ones feel a little weird. This is a coincidence!

"Let me help?" Wei Yuewu asked without hesitation.

"The lord, the slave is afraid that it is too late to be late. The late Lord Hou has come back late, and even if he goes to look for it, he may not be able to find it, and it's not just Winter Auntie and the child in Winter Auntie's belly. No guarantee!" Ya Huan cried louder and louder.

"If I don't come today, what should I do?" Wei Yuewu's eyes swept across the ring, and she asked suddenly.

The meaning of this sentence was very absurd. The girl hovered for a moment, didn't understand, and had to blink and watch Wei Yuewu puzzled.

Wei Yuewu smiled: "Okay, I'll go and see Aunt Dong in a moment. It's always my father's cell, my father is not there, and there is no one in the big room who can take charge. If I am, I should go and see."

Moreover, I still have a lot of questions about Aunt Winter, and Nanxia Guo seems to have an inexplicable connection with Aunt Winter. Even if my father is on the border, but the door is not out, why is Aunt Winter in the second door not moving? You know how to put those things about the maiden into your hands!

Even if you want to frame yourself, you must first understand the situation.

Not everyone knows the situation in Nanxia.

It seems that Auntie Dong should be related to the Nanxia Kingdom. It is just a little girl ring in Huayang Houfu House. I heard that she is still an orphan girl. Why is it related to Nanxia Kingdom!

"Please go to Doctor Ming, and when Doctor Lin comes, let's go and see Aunt Dong as soon as possible!" Wei Yuewu's beautiful eyes flickered, and a faint smile came to her lips.

"Yes, the slaves will go immediately!" Yahuan took the lead, and hurried back with tears.

"Master, isn't it a coincidence? As soon as you came to Huayang Houfu, you encountered such a thing?" As soon as the Huan Houfu's Yahuan left, Yuyan thoughtfully, she was only in the courtyard, but also faintly heard the words of Xiaoyi and Yahuan, so it was regarded as eight or nine.

Although Xiaohuan and Yahuan spoke a little bit, they must be right next to the courtyard of the study. Even the people in the courtyard could hear it.

"Master, hasn't Aunt Dong come up with some demon son again? Miss San climbed the wall, and she climbed the wall herself. The slave thinks this is really ..." Jin Ling also said in a reminder that she was earlier than Yu Yan, Naturally, Wei Yuejiao is also familiar with it, and she feels more and more incredible about it.

Why did Wei Yuejiao climb up the wall? This is not the time when she was locked in. Things have passed for so long. Wei Yuejiao still refuses to give up her life. Do you want to toss anything out?

"Do you think something is happening?" Wei Yuewu's smile grew deeper.

"Yes, slavery feels so coincident!"

"Slavery thinks something is wrong." The two girls ring nodded together.

"Wait a minute!" Wei Yuewu's eyes fell out of the window, and the sun was just right outside the window. In fact, it would be too early. The queen mother-in-law hurried down the mountain. After a while, and then came down the mountain, if Aunt Dong was going to send someone over, it must be early.

But did this girl get the news? Although this girl ring looks very anxious, in fact, when I was talking to Xiaoyu outside, I didn't seem too anxious.

But the evidence is not conclusive yet, she is waiting for the next doctor's reaction.

Wei Yuewu waited for a while, and after a while Xiao Yahuan hurriedly came to see her sweaty face, and she knew that there was a problem: "The lord, the slave went to Doctor Ming, but the people in the clinic It means that the doctor fell down when he went out. He fell so badly that he couldn't get up! "

"When's the matter?" Wei Yuewu was already prepared, said quietly.

"It's just a matter of fact. When the slave went there, there was a mess there, and people were bringing the doctor back!" Yahuan wiped another sweat.

So the doctor could n't go, and he could n't save Aunt Dong.

Most of the masters and children of Huayang Houfu were ill doctors. The injuries that Lian Wei Luowen himself suffered were also shown to the doctors. It can be seen that he had great trust in the doctors, but he would also After that, if you want to treat Aunt Winter, you have to find another doctor or Wei Yue Wu to bring the doctor of Yan Wangfu.

But no matter what, what Doctor Ming said in Huayang Houfu was not powerful.

So, no matter who you bring, something can't prove for yourself! Recently, the ambassador of the Nanxia Kingdom came. It seems to have inextricable relations with Aunt Dong. I really want to see Aunt Dong in private here.

And this time, there is a reason to see Aunt Dong in private, but see if you want to go!

Sure enough, Wei Yuewu sneered, but her face was not obvious: "Doctor Ming, I'm afraid I can't save Aunt Dong!"

"So ... what to do! Will it be late, will Aunt Dong be dead and dead! Then ... that's Houye's son-in-law ..." Yahuan said timidly and looked at Wei Yue Wu, dare not Further down, but the meaning has been made clear.

Winter Auntie doesn't matter, but Winter Auntie's belly does.

Even though Wei Luowen didn't say anything herself, other people couldn't ignore it like he said. If people knew Wei Yuewu would die, her reputation would be gone.

"Then please invite another doctor, Yan Wang's Mansion is too far away." Liu Mei of Weiyuewu frowned slightly, with a look of embarrassment.

"The county master, when the slave came back, he met a doctor. The slave was afraid that the county master could not find a good doctor, so he brought him over, and the county master brought the doctor over." Yahuan suggested. .

It turned out that the doctor had found it for himself!

"Then, let's go!" Wei Yuewu nodded and instructed the Yahuan Road, "you go to the house and call a small carriage, and you go with the doctor."

"Yes, the slaves will go at once!" Ya Huan ran out in response and saw that she was really anxious.

But life is off, of course, anxious.

"Jin Ling, go to Mrs. Bao, and just say that Aunt Dong has just sent someone to tell you that something is wrong. You have to find your father, but the father is not there. Doctor Ming is hurt again. Wei Yuewu calmly instructed, and did not say how Aunt Dong fell, she just said no. "Yes, the slaves will go immediately!" Jin Ling retreated.

"Yu Yan, you are a medical woman, do you know acupuncture?" Wei Yuewu thought about turning to Yu Yan and asked. After Yu Yan got to her side, she never saw her move.

"Master, slaves can, simple acupuncture slaves are fine!" Yu Yan nodded.

"Can you make someone look more spiritual?" Wei Yuewu didn't know much about Acupuncture, so she asked a little more.

"Yes, as long as the two needles are properly inserted, it can look more spiritual. Master, do you mean that you want to have two needles for that winter auntie?" Yu Yan asked with the meaning of Wei Yue Wu. I don't know Auntie Winter, but in the occasional chats of a few girls, I know that this auntie is the room of Weiyuewu's biological father and a vicious woman.

"Yes, if it's a little bit wrong, you need to take two shots to rejuvenate her!" Wei Yuewu laughed. If the situation isn't right, and Mrs. Tai hasn't arrived yet, Yu Yan can give first aid.

The so-called two lives, Wei Yuewu does not believe that that belly is the hope of Auntie Dong, even if Wei Yuejiao is in trouble, Auntie Dong will not let her belly go wrong, and everything is too coincidental, but According to normal circumstances, Aunt Dong is afraid to talk to the child in her belly.

However, a little Weiyuewu was also taken into account. I heard that Aunt Dong's stomach was not very stable. Since I arrived in Zhuangzi, I often lie in bed to rest, for fear of being careless, I didn't save it.

Although she was sent out from afar, Doctor Ming still passed on to her for a pulse diagnosis from time to time, and she must still have Wei Luowen's son in her stomach. This point, even Mrs. Tai, has never been ignored.

But the condition of the child in her stomach was very bad. Wei Yuewu would have a conjecture that this child would not really be in trouble!

She did have something to ask Aunt Winter, so she went to see Aunt Winter first, but Mrs. Tai got the news from her, and it should have been in a hurry. There was not much time difference, even if Aunt Winter wanted to count herself with the child in her belly With Yuyan here, it will still be possible at this time.

Besides, I still have a second hand here ...

Yu Yan then went to Tu's office again.

When Jin Ling and Yu Yan came back from Mrs. Tai, Wei Yuewu took her own man to the carriage of Yan Wang Mansion. Behind the carriage, the carriage of Huayang Houfu followed. There was a doctor and a Huayang Houfu. There is also a family member who leads the way. Aunt Dong is now being sent to Zhuangzi, and no one knows it.

On the other side, Mrs. Tai got the news, and immediately went to call a famous doctor in Beijing, but didn't call for a while, but it took some time.

Tu's side also got news. Tu sent his own henchmen, and hurried to find Wei Luowen. Xiaoxiong didn't know where Wei Luowen was, which did not mean that he didn't know.

The carriage went out of town and turned to Zhuangzi, where Aunt Dong was.

In Zhuangzi, Aunt Dong was lying on the bed, her face was pale, and she was covered with an old quilt. The whole person not only looked bad, but she was also thin. This would close her eyes.

Wei Yuejiao, who was standing on the bed, was wearing ordinary clothes, not the gorgeous clothes of the past, which made Wei Yuejiao look a lot of people, not the Huayang Houfu who was the pet Miss Three, she is sitting in a restless shift from west to west. After watching Aunt Dong for a long time without talking, she stomped and asked, "Mother, do you think that little **** will go on the hook?"
