

## Young Lady 891

Chapter 891: Man is dying, and his words are good?

"Do n't turn around, I 'm dizzy!" Aunt Dong reached out and touched her belly, frowning. "Rest assured, that cheap girl will come. If she doesn't come, she will have doubts all over her belly. I ca n't figure it out, how could I not come, not only would he come, but he would come before everyone! "

Auntie Dong opened her eyes only after speaking, and her somber eyes opened.

"Then when will she come!" Wei Yuejiao sat down in the chair beside her, said annoyingly, "Mother, you have said so long, and said she will come and come, but not yet ! "

"She shouldn't come to Huayang Houfu these days. As long as she comes to Huayang Houfu, she will definitely come!" Aunt Dong said calmly, "Jiaoer, after you leave this time, remember that you can't go out again Unexpectedly, the five princes are also at least the princes. Moreover, his biological mother is also the emperor's concubine. Everything is possible in the future! "

"What's possible is just a laid-back five prince, who hasn't waited to see me." Wei Yuejiao stomped her feet. Although her words were unwilling, her behavior was not fierce, and she obviously talked about it.

Life in Zhuangzi can make her a lady who stretches out her clothes and opens her mouth to eat.

Can it be worse than worse!

Wei Yuejiao did not dare to have any further thoughts, just to complain: "Mother, the five princes do not want to marry me?"

"Jiaoer, rest assured, there has been news in the mother's side that will let you enter the Five Princes' Palace!" Auntie Winter gritted her teeth, and she had some cards, but it was not the best time yet.

I thought it was just a game of gossip. Although I gave those things to Weiyuewu at that time, in fact, I just set up a game of gossip. I felt that it was not a matter of catching a \*\*\*\* my own. Changes have taken place, the little \*\*\*\* actually hurt himself to such an extent.

Nanxia Kingdom is the one that she arranged. Although Aunt Dong has been in Zhuangzi, she is still concerned about Nanxia Kingdom's actions, and she knows that Nanxia Kingdom's ambassador is about to enter Beijing.

"Mother, after I go out this time, I must obey my mother's words obediently. After marrying to the fifth prince's house, I will make a plan. When I hold the fifth prince in the future, I will never make that little \*\*\*\* better." Wei Yuejiao gritted her teeth. Road.

While talking, I looked up, and stood up awkwardly, saying excitedly: "Mother, little \*\*\*\* is coming!"

From the window, I saw the gate of Zhuang, Wei Yuewu helped Yahuan's men to get out of the carriage.

"Hurry up!" Aunt Dong pointed to a small inner chamber behind her.

Wei Yuejiao hurriedly turned around and went into the small inner room. This is a cubicle in the house. It is very small and usually put some sundries.

Aunt Dong closed her eyes again, as if asleep.

There weren't many doors, and the slightly co-authored door slowly opened, and Wei Yue Wu appeared with several people at the door.

As soon as the door opened, a strong smell of medicine mixed with it, as if it hadn't been opened for a long time. The smell in the room rushed out, and several people outside the rush could not help but avoid it.

Yuyan pushed open the door, then stood aside, waiting for the taste in the door to dissipate, but her brow wrinkled slightly, watching Weiyuewu opened her mouth, she seemed to want to speak, but was stopped by Weiyuewu's hand. Already.

The taste in the room was slightly distracted, and Weiyuewu took a few people into the room.

Jin Ling took a chair for her, carefully wiped the nappy, and asked Wei Yuewu to sit down. After sitting down, Wei Yuewu said to Yu Yan: "Please come and see!"

Yu Yan nodded and motioned to the doctor who followed them.

This is a middle-aged doctor who looks like a well-known doctor. He looked at Aunt Dong and frowned, but walked over and pulled a stool.

Yu Yan reached out and pulled Aunt Dong's hand out of the quilt. While she was holding the doctor's pillow for her doctor, her fingers quietly touched Aunt Dong's pulse.

She is a medical woman, but not many people know this identity.

Everyone thought she was just the new girl ring that Yan Wangfu assigned to Wei Yue Wu.

Even Auntie Dong who was put on the pulse door didn't notice it.

Aunt Dong's hand was placed on the medical pillow. The doctor reached out to pinch Aunt Dong's veins and treated her. Yu Yan stepped aside and shook her head silently about Wei Yue Wu, Wei Yue Wu nodded slightly.

With this movement, Aunt Winter lying on the bed remained motionless, as if dead.

"Auntie Dong, I know you are awake, talk about, what do you want to do?" Wei Yuewu leaned back and opened her mouth leisurely.

"I don't want to do anything, just wait for death!" Aunt Dong's eyes did not open, but she said so.

"Waiting for death, are you willing!" Wei Yuewu's eyes fell on Aunt Dong's face. She was very thin, and her appearance was not good, which fit her current situation.

"What about unwilling!" Aunt Dong slowly opened her eyes, looking at Weiyuewu with a cold look, looking at the stagnant water like two ponds, "Sir, if I die, please let me go Miss, isn't she, your closest relative? "

"My dearest flesh? Why don't I feel it!" Wei Yuewu smiled indifferently.

The so-called close flesh and blood, put forward by Auntie Dong after Wei Yuejiao hurt herself so many times, is really ridiculous.

"That's because Miss Three is not sensible, also because of me ... I'm thinking about it, but now I'm going to die, can't the county master still let us out!" Aunt Dong breathed lightly and stretched out her hand to cover He coughed a few times on his chest, and his face matched that cough, and it really didn't look good.

"She, Lord ... I'm afraid it's not good!" The doctor stood up and let go of Aunt Dong's hand.

"What do you mean?" Wei Yuewu raised her eyes and asked.

"It's her ... I'm afraid I can't protect the baby in the belly and herself!" The doctor shook his head, looking helpless, reaching out to open his own medical box, and taking a medicine out of it, "I have one here Although the medicine for strengthening heart can not cure the root cause, it can cure the symptoms. Please give it to her, at least let her say a few more words! "

The doctor said and shook his head again. There was nothing he could do about a fairy.

Wei Yue Wu motioned to Yu Yan to take over.

"How to take it?"

"Just soak in the water, let her take it!" The doctor sighed, helplessly.

"It will be used for a while!" Wei Yuewu nodded.

"This time ..." The doctor was embarrassed.

"Why not?" Wei Yuewu looked at him coldly and asked.

"It's best to take it first. If ... you can't breathe in one breath, you can just ..." The doctor frowned, saying very implicitly, but all the meaning in the presence was understood.

"The lord of the county, let's give Aunt Dong first, otherwise if Aunt Dong really does something for a while, it will be too late." Huayang Houfu's Yahuan also advised.

"Aunt Dong, wasn't it your mother who killed you in the first place?" Wei Yuewu looked cold, waved her hand to stop them, and looked at Aunt Dong in a cold voice.

Aunt Dong in the bed coughed twice, and smiled very lowly: "Shir, what happened then ... I was wrong. The queen asked you to take your mother's medicine. I gave you the queen's person." At the time, I just wanted to be Mrs. Huayang Hou, so I did this wrong thing! "

The expression on Aunt Dong's face seemed to be remorse, and there was no concealment about the problem of Weiyuewu.

"Doctor Ming finds it abnormal, that woman is yours at that time!" Wei Yuewu seemed to turn a blind eye to Aunt Dong's current situation, and still asked coldly.

"It's my person. Then I went to the border and never returned to the house. In fact, it was Li Yan. Even after entering the house, I didn't let her see Doctor Ming, so Doctor Ming never knew." Auntie Dong coughed again twice, her eyes closed weakly, and her face became paler and paler.

It even gives people the feeling of being like a gossamer.

It turned out that the doctor who threatened Ming was Li Yan. Wei Yuewu's face grew sharper. At that time, I felt weird. A woman who had been to the border for so many years had never returned to the government. With manpower, this Li Zhi should not return from the border.

"The lord, your mother's affairs ... did have something to do with me. When your mother gave birth to you, it was also proposed by the second wife. The two of us quarreled at the entrance of the delivery room ... I want to cause your mother to have a difficult labor. All right, I ended up helping Queen Tu to harm your mother, all this is my fault. "

Auntie Dong's present look is even more like the time of dying.

"But these have nothing to do with Miss Three. She was still small and didn't understand anything. Even the thing that pushed you into the water is my calculation. Now I will pay the price for what I do, but The lady is innocent! "Aunt Dong opened her eyes hard, and her speech continued.

There is no need for Weiyuewu to ask anything, and everything is captured on her body, and she looks like what she said.

It really feels like no idea.

"Country Master, Aunt Dong's condition is not very good. Would you like to use this medicine first!" The doctor hinted.

Originally, when Aunt Dong was talking, she was still breathing, which would make her breathless, and her speech was more neat. It was like the reflection of ordinary people.

It's not just the doctor who is anxious, but Yu Yan, who is next to Wei Yuewu, is also anxious: "Master, do you want to give her this medicine first? Otherwise, if you really do ... you won't be able to talk!"

"Master, let Aunt Dong take the medicine first!" Jin Ling also advised.

"Yu Yan, you go find water to soak pills!" Wei Yuewu said lightly.

"Yes, the slaves will soak right away!" Yu Yan went to the bowl in response. There happened to be an empty tea cup in the house. The doctor reached out and handed it over, and enthusiastically took a teapot on the table. I don't know if this tea has been brewed with traditional Chinese medicine before, but in such a place, even if you brew traditional Chinese medicine in a teapot, it is nothing.

Chapter 892: Accident, fake or real?

The medicine came over, but Aunt Dong didn't want to drink it. She tilted her head to the side, shook her head weakly, and begged: "Country master, don't have to work hard, just ask what you want to know, it's always I'm dying It 's a way to accumulate virtue for Jiaoer, Jiaoer ... always your sister ... blood is thicker than water, let her go! "

"Are you from Nanxia?" Wei Yuewu asked lightly.

"Nan ... Nanxia Kingdom ... I don't know ... I'm an orphan ..." Aunt Dong shook her head with a grin and smiled, "Guest, I really don't know ..."

"Where did the satin worn by the Nanxia Kingdom for the maiden come from?" Wei Yuewu asked without relaxation.

"This ..." Aunt Dong panted aloud, covered her chest with her hands, her eyes still turned straight up, and she knew that the situation was bad.

"Sister, you are going to give her medicine, you will be too late!" The doctor said anxiously.

Wei Yuewu nodded, Yu Yan stepped forward and held Aunt Dong's head, and gave her two sips, but most of them were spilled outside, not many of them were actually poured in.

"Let go of my mother!" A sharp cry came from the inner room, Wei Yuejiao rushed out of the house like a madness, and slammed at Aunt Dong in bed, crying loudly, "Wei Yue Wu , My mother is sick like this, you still refuse to let go of my mother, why is your heart so vicious? "

She rushed over while crying, and nearly knocked down the medicine bowl in Yu Yan's hands. Fortunately, Yu Yan responded quickly and stepped back to give the place to Wei Yuejiao.

Wei Yuejiao rushed over and knelt down in front of the bed, crying louder and louder: "Wei Yuewu, my mother and I have fallen to the point where you are now. You have not let go of us, and the child in the mother's belly That's the father's son, you ... why is your heart so poisonous, even though we are sorry for you, this child is always innocent! "

"Jiaoer ... you ... don't say anything ..." Aunt Dong began to sweat coldly on her forehead, holding Wei Yuejiao's hand with some cramps, "Doctor ... Doctor ..."

"Wei Yue Wu, you also called such a useless doctor. It wasn't Ming Ming. You asked him to dispense this poisonous medicine. You ... you will be thundered!" Wei Yuejiao Crying more and more loudly along the words of Aunt Dong.

"Open the door!" Wei Yuewu ignored Wei Yuejiao's cry and said lightly to Jin Ling beside her.

"Yes!" Jin Ling took the lead, walked to the door, opened the slightly closed door, and several peasant women on the outside of the door were looking into it with a probe, and was surprised when Jin Ling came to open the door. , Each stepped back, they came to hear Wei Yuejiao's cry.

At the entrance of Zhuangzi, Mrs. Tai's carriage has already arrived. This will get off in a hurry and hear Wei Yuejiao's sharp cry. The lady who is getting off the carriage softens her feet and almost falls off the carriage. Fortunately, Hong I reacted quickly and held her up. This would take care of everything else and hurried over.

"Master, Mrs. Tai is here!" Jin Ling turned back to Weiyuewu and reported in a low voice.

Wei Yuejiao, who was crying by the bed, heard that Mrs. Tai was here, and there was a flash of pride in her eyes, and she immediately amplified her voice: "Mother ... Mother, are you okay ... you must hold on to your father and When your grandmother comes, they will surely save you, and you will surely save your younger brother, mother, you hold on, you must hold on. "

Wei Yuejiao was crying in front of the bed, and her hand was holding Aunt Dong's hand tightly. Originally, Aunt Dong's hand was being raised. She pointed hard at the doctor who was standing on the side. The look on her face was panic, pain, fear ...

Helpless Wei Yuejiao would just cry intently, not even paying attention to this detail.

"What's going on?" The door was pushed open, and Mrs. Tai finally showed up with someone.

"Grandmother, grandmother, Liumei will kill the mother, and the younger brother in the belly of the mother, only to let the mother fill the pill, grandmother, you can save my mother!" Upon hearing Mrs. Tai's voice, Wei Yuejiao released winter The aunt's hand slammed in front of Mrs. Tai, pulling the hem of Mrs. Tai's dress, and cried.

Wei Yuejiao rushed out very suddenly, and Yu Yan could not respond at all. This would still allow Mu Yan to stand on the side and stare blankly at this sudden scene. Holding a bowl in his hand, the strong medicine smell It's scattered inside.

Everything seemed to prove that what Yue Yuejiao said was true.

"Dance girl, what do you want to do!" Mrs. Tai's angry face turned blue, angrily.

"Grandmother, I didn't do anything, I just wanted to give Aunt Dong some medicine and hang my spirit up!" Wei Yuewu said lightly, stood up, gave up the chair, and Acer supported Mrs. Tai on the chair. Sit down.

"Hanging my spirits, my mother has nothing serious, she just fell a little, and she wants to hang her spirits. It is clear that you want to kill my mother, and you do n't know what pills to come over, and you want to poison her. "Wei Yuejiao accused angrily," As soon as my mother heard you coming, I hurriedly hid, but I saw that you actually gave the mother medicine, you ... you are too vicious! "

"Pills, what kind of pills, where's the pills?" Mrs. Tai shouted sharply.

"It was the doctor who gave the pill after seeing it, and said that it could help Aunt Dong's spirits. I let Yu Yan soak up Aunt Dong and send it over." Wei Yuewu said without panic.

"I ..." The doctor whose name was mentioned by Wei Yuewu was bewildered, and then frowned, "Shir, I don't know what you said. Didn't you bring the pill yourself, I just said I just put a handle on your girl ring, passed the water on the table to your girl ring, and let her soak up the pill, so this pill became mine!"

"You nonsense, this pill is for you master, let us master to soak up and take it to Aunt Dong." Yu Yan was furious and rebuked.

"Is there such a thing? Impossible, I don't have any pills." The doctor was surprised, and stretched out his hand and opened the medicine box aside. "Mrs. Please open it, I have some medicine, powder, But no pills!"

The medicine box opened, a lot of things, but none of them were pills.

Aunt Dong in bed struggled in pain, sweating on her forehead, and no one saw that she was not very well.

"Go and see Aunt Winter first."

"Auntie Dong was fine before. She just fell off her leg and moved her baby's breath a little bit. Nourishment will be fine, but this will ... but I don't know, I'm afraid ..." The doctor shook his head and walked in the past, I put my hand on the door of Aunt Dong and said with emotion.

The hands just caught the door of Aunt Winter, who was just a doctor who sighed, her face changed greatly.

"What's wrong?" Mrs. Tai also felt the situation was bad, and asked anxiously.

"Wei Yue Wu Ren, I killed my mother and killed my younger brother, I want you to pay your life." Wei Yue Jiao, kneeling in front of Mrs. Tai, suddenly rushed up and slammed on Wei Yue Wu, Jin Ling She hurried forward and grabbed her, but she was still crying desperately there.

"This ... this ..." The doctor also saw sweat on his forehead.

"What the \*\*\*\* is going on?" Madame Tai screamed sharply.

"This ... the county owner really poisoned Aunt Dong, I'm afraid ... I'm afraid I can't keep it." The doctor Mu Yi turned to Wei Yue Wu, his face panic.

Aunt Dong in bed reached out and covered her belly, and struggled in pain.

"Blood, there's blood!" Ya Huan's eyes screamed in horror when she saw a trace of blood on her quilt.

"Hurry ... save her!" Mrs Tai couldn't care less about this, and stood up, anxious.

Even though she didn't wait to see the child and didn't want the child to be born, at this time she didn't dare to have a slight snub.

It was just that she came in haste, but she did not bring the doctor.

Therefore, this will have to use the doctor brought by Wei Yue Wu.

"Mrs. Mrs .... I ... I'm afraid that medicine is not okay ..." This doctor was only a little two or three prescriptions. He was not a famous doctor, so he was bought by Aunt Dong. This meeting will be genuine. Then, I panicked immediately, shaking my hands quickly.

This is really going to happen. The son-in-law of Hou Ye's family, if something happens, the doctor feels that he cannot afford this responsibility.

"What, no? No, what are you doing here, dancing girl, where is this doctor you found? It's still nothing!" Madam Tai exclaimed angrily.

"Grandmother, this is where the Yahuan in the house helped me find!" Wei Yuewu pointed at the Huahuan Houfu's Yahuan. The Yahuan was stunned, and then knelt in front of Wei Yuewu.

"Countess, slaves really don't know anything. This doctor is your fancy. How can you blame slaves for finding them? Where can slaves have so much power to choose doctors for you?"

In a word, it is Wei Yue's responsibility.

"You ..." Jin Lingqi's eyes widened when she saw this ring.

"I got the doctor. I was a doctor who didn't understand anything. I pour this pill for Aunt Dong, so it's my responsibility if something happens to Aunt Dong." Wei Yuewu suddenly smiled softly. Rise up, "Everything arises because of me, but also because of me, it is calculated early."

"Wei Yue Wu, what do you mean, you hurt my mother, you even said these rumors." She was stunned by Wei Yue Wu, but she responded quickly and screamed loudly.

"Wei Yuejiao, don't look at Aunt Dong, she's really in trouble!" Wei Yuewu looked at Wei Yuejiao with a red face and a thick neck.

"My mother is in trouble, and that is also you. You do n't want to shirk responsibility, grandmother, grandmother, you must punish Weiyuewu severely, and you must avenge my mother." Wei Yuejiao turned to Madame Tai sadly Crying.

Now even Mrs. Tai's face is not happy: "Jiao girl, look at your mother first, and say something when you have something."

"Go up and see again, is there any way to save Aunt Dong?" Madame Tai turned to the doctor and retorted sharply.

"I ... I really can't help it ..." The doctor shook his hands. He really didn't dare to start. The situation of Aunt Dong was getting worse and worse, and the bed was clearly stained with blood.

"What's the matter?" Wei Luowen's voice came from the door.

Chapter 893: Where did the medicine go

"Father, please take a look at the doctor too!" Wei Yuewu turned her head and looked at Wei Luowen behind her.

Wei Luowen nodded, and a great doctor following him came in.

Actually, there was a doctor, the original doctor hurried away, wiped a sweat on the side, and made a false testimony, but if he really saw someone dead, he couldn't afford it.

Seeing Wei Luowen's appearance, Mrs. Tai no longer stood up, only sitting on one side, her face was gloomy.

The doctor came forward and took the pulse for Aunt Dong.

"My doctor, was my mother poisoned? It was her, she did it. She wanted to harm my mother, and she gave me poison too!" Wei Yuejiao stood up from Mrs. Tai, and surrounded her in bed. Will reach for a finger to guard Yue Wu hate channel.

Wei Yuewu glanced at Wei Yuejiao and did not speak.

"Father, she really did it, not just me, but people outside the house also heard it." Wei Yuejiao pointed at Wei Yue Wudao with red eyes.

"The medicine for the mother-in-law was brought by Wei Yuewu himself, and it is said that this doctor gave it. Such a doctor who is not very useful, said that it was brought to the mother, and only everyone in this room It 's almost yours. Almost, almost, my father wo n't see Jiaoer and his mother! "

Wei Yuejiao picked up Pa Zi and angrily wiped her tears.

"Did I inject poison to Aunt Dong?" Wei Yuewu smiled at Wei Yuejiao, who looked pretentious.

"Yes, everyone saw it. Of course, almost all of you are in it. The peasant women outside are certainly not yours. They must have heard it. If the father doesn't believe it, you can ask someone!"

Wei Yuejiao said with integrity.

"Then how can I let Aunt Dong be hurt!" Wei Yuewu's eyes remained unchanged, he asked.

"You asked your girl to take a pill out, and you asked the doctor to bring the water on the table, soak the pill, and then give the mother a pill. I didn't think it was right. Then I rushed out and didn't let you give it. Mother, otherwise this mother would be afraid of losing her life!" Wei Yuejiao cried loudly again.

"Where's the water on this table?" Wei Yuewu's gaze turned to the tea.

"I drank it when I was so thirsty," Wei Yuejiao said.

"Why is it medicinal?" Wei Yuewu looked at her and asked slowly.

"My mother and I had a hard time here. When there was no bowl in the past, I took the teapot to fill the medicine, so there would be some taste of Chinese medicine. My mother's health was not good. Her ex-baby managed to get a good medicine. Soaked in water again! Mother said to save some drinks! "

Wei Yuejiao said sadly.

Is there any medicine in the tea on this table? Everyone was stunned, no wonder the medicine smell was strong in this room, originally thought it was the medicine smell in the bowl of medicine, but the medicine smell in the teapot.

"Master Hou, I'm afraid the child in this aunt's stomach can't keep it!" Taiyi opened his eyes and said to Wei Luowen.

Really can't hold it? Wei Yuejiao froze, which was different from their previous presets, but she immediately grasped one of the most important points, that is, the child could not keep it, and it would

inevitably fall on Wei Yuewu. Now Wei Yue The dance, however, couldn't be washed out by jumping into the Yellow River.

As for that little accident, it can be ignored.

"Father, this is because Wei Yuewu gave her mother the poison of her baby." Wei Yuejiao reached out and pointed at Yue Yue Wu, loudly.

"The third sister is so sure I am?" Wei Yuewu raised her eyes coldly. "It's not who else you are so vicious, Sister Six, I know you don't like Auntie Dong and me, but we have been killed by you so much now, wouldn't you let us go!" Wei Yuejiao cried like a teardrop, "It's not just us, but my brother in the aunt's belly, that's the only son of my father!"

"So, do you count this for me?" Wei Yuewu sneered.

"You ... you still say so ... you poison your mother and your brother, you must not die!" Wei Yuejiao insulted loudly.

"Taiyi, is Aunt Dong poisoned?" Madame Tai ignored them and turned to Taiyi.

"Poisoned?" Taiyi slowly put down Aunt Dong's hand, and frowned.

"Wai Yue Wu, listen, even the doctor said that my aunt was poisoned, you dare to say no!" Wei Yue was overjoyed, and stepped forward and pointed her finger at Wei Yue Wu's nose.

"What about the Taiyi?" Wei Luowen said coldly.

The Taiyi stood up and said respectfully to Wei Luowen: "Master Hou, the child in your aunt's belly is probably insecure, but it is not because of poisoning, but because of oversupply, and it is too much to repair. ... "Tai Yi said that he shook his head and sighed.

"Can't make up for it?" Mrs. Tai was also here, and immediately understood the meaning in the words of Taiyi.

"Exactly!" Tai Yi nodded.

"Taiyi doctor, can you see if there is any difference between the water in this bowl and the water in this teapot?" Wei Yue danced and instructed Yu Yan to take the bowl in her hand.

The doctor nodded, took out a silver needle, tried it in the teapot, and then tried it in the bowl, and then extended his tongue, licked it, and tasted it.

The room was very quiet, even Wei Yuejiao, who was just crying, would be strangely quiet, except for the painful moaning of Aunt Dong in bed.

"The water in the teapot is the same as the water in the bowl." Taiyi slowly came to a conclusion.

"What, it's impossible, Wei Yuewu obviously asked Yahuan to put the medicine on it." Wei Yuejiao was frightened, how could the two waters be the same, and the well-prepared medicine was put in the bowl.

"Three sister, don't I give Aunt Dong the medicine, do you think it's strange?" Wei Yuewu said coldly.

Wei Yuejiao, who was saying this, was startled, and hurriedly explained, "I just saw the medicine you gave to my mother. Why is it gone?"

After saying this, she turned to Taiyi again. "Take a closer look, is it wrong?"

"If Miss Three doesn't believe me, you can ask Gaoming for another!" This is almost a question of the doctor's medical skills, and the doctor lowered the bowl in his hand, saying.

"Three sisters, the water is the same water. It was only when I saw Aunt Dong that I was thirsty that I let Yuyan feed the Aunt Dong in the past and take a sip, but you suddenly ran out and said that I want to harm Aunt Dong. Auntie, and what is the situation like Aunt Dong now? This is my intention. "

Wei Yuewu smiled coldly, and they could not even imagine that the pill did not drop water at all.

There was a problem with the pill, and I found it myself. Wouldn't Yu Yan, the medic girl, know that she had received Wei Yuewu's gesture, and she had already put away the pill.

In fact, this game is very simple. There is a smell in the water. It is indeed a tonic, and it is still a tonic. Aunt Dong is now living in this village. Although the food is not as good as before, the body is not as good as before, and she is still pregnant. At this time, children, it is best not to use the big tonic medicine, because the deficiency is not to be supplemented, and it will cause fetuses and adults to have maggots.

But Auntie Winter and Wei Yuejiao wanted to count themselves, so that the doctor gave himself a pill with the characteristics of the next child.

If this pill is taken, it may indeed cause an accident. Aunt Dong is also afraid of the accident, so she put more tonics in the water. The two drugs seem to conflict. If you use water and then use the pill, it may be a problem. It's not that big.

However, Aunt Dong still miscalculated her own body and the condition of her belly child. She wanted to use the child in her belly to calculate Weiyue Dance, but thought that her body could resist it.

And now the consequences of overwhelmingly outweighed.

To this day, almost nothing has come to light.

"Come, catch this person!" Wei Luowen murmured, and the two guards came and pulled the doctor out.

"Father ..." Wei Yuejiao realized it was bad, and screamed.

As soon as Mrs. Tai's eyes slanted, Acer took her out with two women and blocked her mouth.

"Medical doctor, is there any help?" Mrs. Tai asked Aunt Dong at the bed.

"I'm afraid ... I'll try it!" Tai Yi sighed, taking the pills, and ordered to find clean water to wash ...

"Dancing girl, go outside!" Wei Luowen instructed with a frown.

"Yes, father!" Wei Yuewu also knew that she was at this time. It was extremely inappropriate. She stood up and walked out. Under the corridor, Wei Yuejiao looked at Wei Yuewu with hate, and her teeth almost broke.

It didn't work, she couldn't pull Wei Yue Wu down, which made her not hate.

Wei Yue Wu was originally going outside the hospital, but after seeing Wei Yue Jiao's hateful eyes, she turned her skirt and turned around, and then stood in front of Wei Yue Jiao.

"Is it strange? Where did the pills you gave me go?" Wei Yuewu looked up and looked at Wei Yuejiao coldly.

Of course, Wei Yuejiao was still gagging at this time, and she didn't want to take out the pouch from her mouth.

"I didn't take that pill for Auntie Winter at all. Your calculations failed, not only failed. If something happened to Auntie, you also made it yourself." Wei Yuewu's eyes were cold, revealing a trace Bing Han, she couldn't think of Aunt Dong taking her medicine so much to hurt herself.

I brought two girls ring myself, and the doctor I invited and the ring girl of Huayang Houfu House said they were innocent, and even would prove that I really wanted to hurt Aunt Dong.

Coupled with Wei Yuejiao's cries, almost all the evidence shows his malicious intentions.

In this situation, I have almost no physiology anymore, even if I am the concubine of the King of Kings, this is a vicious thing that is against humanity.

Your final result must be death!

It's just that in the end, Aunt Winter is now taking her own life.

Fortunately, she specifically sought Tu's, let her find her father, and asked her father to bring the Taiyi to say that something may have happened to Aunt Dong, otherwise the Taiyi did not bring what she said, she also had no idea what to say, and she also expected it early. The sinister intentions of Aunt Dong and Wei Yuejiao ...

"You killed Aunt Winter, you killed Aunt Winter's belly. All of this should be calculated by Aunt Winter for you!" The cold voice didn't take a trace of temperature, so straight Falling in Wei Yuejiao's ears.

Even though she has been deceiving herself, Wei Yuejiao couldn't help getting cold, and her body softened ...

Chapter 894: Tu Zhaoyi's plan

In the end, Aunt Dong and the child in her stomach did not survive.

That night, Wei Yuewu was sent by Yan Huaiyu and picked up early.

No one seems to have thought that it has always been possible to become Mrs. Huayang Hou, and the auntie who lives by herself at the border will die so silently.

Compared to the storm caused by Li's, the storm of Aunt Dong was almost nothing, and because she died, everything was no longer mentioned. It did not seem necessary to talk about her previous calculations. .

Can only be said to be self-inflicted, and take care of themselves!

It was the news the next morning. The message was sent by Wei Luowen. Aunt Winter is now abandoned, and naturally she will not do anything. She was buried in Zhuangzi rashly. As for Wei Yuejiao, He was taken back to Beijing and back to Huayang Houfu.

For this decision by Wei Luowen, Wei Yue Wu is understandable.

Since Winter Auntie is gone, Wei Yuejiao seems to have only one way back. This is a good thing for Wei Yuejiao.

It was only at the cost of Aunt Winter's life.

Or originally Aunt Winter's calculations cost them both to return home.

Wei Yuewu doesn't feel a little bit pity for Aunt Dong's death, but she still has many unsolved things in her heart. She wanted to let Aunt Dong be relieved, but she didn't know anything about it.

However, Wei Yuewu believes that Wei Yuejiao, who had always lived with Aunt Dong before, must also know. Wei Yuejiao, who had only entered Beijing at the time, had worked with Aunt Dong to conceal herself.

The death of Auntie Winter did not stir up the slightest wave, and Wei Yuejiao's return was even more bland, except for the former fourth prince and now the fifth prince Wenyi.

The fifth prince, Wen Yi, has not only been unhappy lately, but has also been very busy.

First, his sister had an accident, and then her mother-in-law also had an accident. Now she is even hinted by the queen mother-in-law to let him marry Wei Yuejiao.

This made him angry.

Wei Yuejiao's woman had a bad influence on her since she first met, and then the two were forced to stay together. Fortunately, Wei Luowen was reasonable afterwards. Not only did he not ask him to

marry him. Yuejiao also said that even if she entered his house, she would only let her be in the backyard of the Buddhist temple, and she would never have a desire for a lifetime.

The five princes are still very satisfied with Wei Luowen's proposal, but what does this mean to the queen mother-in-law? What is meant by this is the original marriage contract, can not bear others' youth, the problem is that he does not want to marry at all.

He originally wanted to say that the three young ladies were not in the capital now. It was said that they were sent to Zhuangzi by Huayang Hou, but some people sent by the queen mother said that the three young ladies have now returned to Beijing and are waiting to be married in Huayang Hou's house. .

After finally sending people away, the five princes hurriedly entered the palace.

Tu Zhao was locked up and locked in his former Splendid Palace.

After a few words with the guards at the gate of the palace, the five princes were allowed to enter the palace to visit their mother-in-law, which was also the privilege he sought from the emperor.

In the Splendid Palace, when heard that the five princes came in, Tu Zhaoyi let people welcome him in.

After the mother and son sat down, the five princes directly opened the door and said, "Mother-in-law, the queen mother-in-law asked me to marry Wei Yuejiao."

"What does she want to do?" Tu Zhaoyi frowned, alerting.

"I don't know. Suddenly I got involved in my marriage, and I have never interfered in it since!" The five princes shook their heads.

"I've been in the harem for so many years, as if I don't care about anything. In the end, it was fake!" Tu Zhaoyi snorted coldly.

She has spent a lot of time in the palace, but for so many years, she has always felt that this mother-in-law is indifferent. Even if De Fei is her niece, the relationship between the three princes and her is more unusual and not too much. The partial Tante and the three princes made everyone in the palace feel that the queen mother-in-law was weaker than right.

But I didn't expect all of this to be disguised. When everything came to the fore, it was discovered that what I had previously thought was wrong.

The queen mother-in-law is not not passionate about rights, but rather passionate about rights, but everything is waiting.

Tu Zhaoyi felt that the reason why she had fallen to the present position was that she had miscalculated the queen mother-in-law and read the queen- mother-in-law.

"Mother-in-law, what shall I do!" The five princes said with annoyance.

"Marry, why not marry, but it's just one more person in your backyard, maybe this will be your great help in the future!" Tu Zhaoyi's eyes burst out twice, smiling slightly.

She also has new ideas, and naturally feels that Wei Yuejiao is still valuable.

"Mother-in-law, I don't want to marry that woman!" The five princes refused directly.

"You can't just marry one, you have one more room." Tu Zhaoyi said indifferently. "If you marry her, you may get the support of Huayang Houfu, which is always better than the current situation."

Compared to the Five Princes, Tu Zhaoyi considered more.

"But a woman like her is not only cheap, but also shameless." The five princes really felt that they couldn't cross their own hearts, and even felt that as soon as they heard the name, they felt sick.

"How about that? You can guarantee that what other women see are the same inside and out? Wei Yuejiao made you look so low, it's just that you saw her real side, but others!" Tu Zhaoyi With a disdainful smile, "Moreover, she is not your first wife. It doesn't matter if she likes it or not. Just marry and throw it in the backyard, but you can get the support of Huayang Hou."

The five princes who said this were silent for a while, remembering inexplicably the little girl who showed a bit of coldness in the beauty, and for a while did not know how to deal with it.

"You are a prince, and you are also a very likely prince. You have been thinking too much for a woman. It was originally a despondent act. Why should you stick to it? The mother-in-law told you that you should let this Wei Yuejiao first Come in, and then marry the Lord of Jianan County. Even if the Lord of Jianan County is a bully, at least he is better than Wei Yuejiao! "

In fact, Zhao Zhaoyi knew her son's heart, and persuaded softly.

Compared with Wei Yuejiao, the five princes also felt that the Jianan County Lord was much better, or that it was not so much. The Jianan County Lord had always been very good in his heart. He must have grown up together since childhood, and his friendship always had some.

However, the former Lord of Jianan County sabotaged Wei Yue Wu's game, which made the five princes very disgusted, and therefore the marriage of the two was stranded.

"Yi'er, you are a prince, and now you are a poor prince. The Mo Huating has been with you before, and can be regarded as loyal to you, but who knows, he is also a prince, and he is justified Grand Prince, what did he hide by your side before, have you ever thought about it? "

Seeing the fifth prince a little hesitant, Tu Zhaoyi sighed again and reminded him.

Mo Huating did go close to the five princes before, and he looked like only the five princes were obedient.

"He's a villain!" Thinking of these past, the five princes gritted their teeth. He really regarded Mo Huating as his confidant, but he thought he was a contender for his throne.

"He is a villain, but he knows how to be patient, even if the marriage is unsatisfactory, he never thought about divorce. The purpose was to be afraid of Wei Luowen's opinion. Although the incident was finally retired, it was also beyond. Everyone's unexpected, Yier, are you born prince, isn't he as forgiving as he is! "

Tu Zhaoyi said.

"Mother-in-law, son Chen understand, son Chen will be hired in Huayang Houfu tomorrow." The five princes gritted their teeth and said.

"It 's good for Yier to understand, but it's not too much publicity for this matter now, it must be that Miss Wei San's reputation is not good, and she heard that her aunt was dead, you have to wait half a month, or after the wedding of the prince This matter is mentioned again, of course, if you come over there to remind you, you can also use this matter to talk about, in private, you go to Nan'an Wangfu and Jianan County Lord to talk about something. "

Tu Zhaoyi has always been safe. After thinking about it, I feel that it is not the right time, so I need to slowly map it.

"Yes, mother-in-law!" The five princes always listened to Tu Zhaoyi's words and nodded at the moment.

"You will go to your third sister's palace again in a while. I will write a letter and take it with you." Seeing that his son's affairs were resolved, Tu Zhaoyi instructed the palace people to prepare pen and ink.

She and the three princesses were locked up separately, and since they were locked up, they have never met again.

"Mother-in-law, the younger sister's face is better, but it seems to have some hidden dangers!" The fifth prince hesitated, but still told the truth.

"What's the danger?" Tu Zhaoyi stopped and asked.

"It hurts! The third sister said that if it was rainy or something, her face would hurt, and sometimes it would be swollen. The doctor said that the toxin could not be exhausted, and she would always look like this." The five princes frowned.

External trauma is treatable, internal trauma is difficult to remove, and the injuries on the three princess's face can hardly be seen, but if the weather is not good, it will swell-pain but difficult to clear.

"It's all the good things of that little bitch. When the mother-in-law goes out later, she can't be spared. This will let the doctor first try her best!" Tu Zhaoyi gritted her teeth. These are all good things of the four princesses. Of course, she I won't let the four princesses go, but right now, she has more important things, and she won't be able to get out, and she can't take the four princesses.

"But the three sisters said it hurts!" Said the fifth prince.

"It hurts and I can't help it. I can only cook it first. I told you in a letter, and you will show it to your three sisters, and she will understand." Although she also distressed her daughter, Tu Zhaoyi said, a flash of viciousness flashed in her eyes. meaning.

Queen Tu and the four princesses will not let go of her, but the more important thing is the marriage of the third princess.

Even though the three princesses were locked up, the same was true for the fourth princess. Yan Huaiyuan seemed to have no other choice but to think of other methods. He must seize the opportunity before Queen Tu and the fourth princess could react.

Since Yandi doesn't work, then Ludi, compared to Yan Huaiyu, Luyili is actually a good match.

The three princesses were in love with Yan Huaihuan. Of course, Tu Zhaoyi knew, and there was still room for reconciliation for this matter, so that the three princesses would accept it.

The letter passed to the third princess through the five princes. After seeing the letter, the third princess cried a lot and smashed some porcelain in his palace, but finally compromised, and the five princes took one Letter to Lu Yili ...

Chapter 895: Robbed, who made the game

Lu Yanli asked the emperor to marry the three princesses.

Once this news came out, it immediately caused a noise. The reason is that the three princesses and the four princesses were so loud before that everyone in the field and the field knew that the third princess and the fourth princess were in love with the king of swallows. Shiko.

And it caused so much trouble for this, the emperor fell ill due to a side-by-side accident.

Today, Lu Yingli's proposal to marry him has led to this incident again. Many people find that Lu Yingli's behavior is ridiculous, knowing that the three princesses do not want to marry him, but they openly proposed marriage. This is not Are you looking for nothing?

After marrying, it was waiting. Everyone felt that they wanted to see Lu Jieli's jokes, especially Chu Fangnan and Qi Yunhao. They laughed at Lu Jieli together, but the son of Lu Gongshi seemed not to As if affected, there is still no need to wait for what to do.

But this matter has nothing to do with Wei Yue Wu. In the early morning, she took a few people in the carriage of Yan Wang Mansion and went out of the gate of Yan Guo Mansion.

The sister-in-law did extremely exquisite work, showing that the craftsmanship was extraordinary, and a simple sister-in-law could be made like this. Wei Yue Wu felt it necessary to meet the legendary master.

Making a set of jewellery is not only the craftsmanship of the master, but also his own ideas.

Everyone's idea is unique.

The carriage stopped in a simple yard, and Wei Yuewu let Jin Ling down and knock on the door. The door opened, and a middle-aged person stood at the door.

After Jin Ling stepped forward and asked for the letter, the middle-aged man nodded and let aside.

Wei Yue Wu helped Yu Yan's men to get out of the carriage and slowly walked into the yard. The courtyard was very ordinary, and there was even a simple green wall on the wall of the small courtyard. The frame was very simple, but Leisurely again.

It's rare to see such a leisurely courtyard in the capital. Wei Yuewu stopped and looked at the stone table and chair under the green Luo Luo stand, and then stepped into the room.

"Please wait for this lady, our son will be here soon!" Said the middle-aged family member respectfully.

Wei Yuewu nodded, settled on a chair on one side, and looked at this room, which was a hospitality room. It was also a very simple room. There were no special places, a few mahogany chairs, a few Zhang coffee table, wipe clean.

"Your son lives here?" Wei Yuewu's eyes fell on a stool, smiling slightly.

"Yes, our son is sitting here, but he likes to be clean, so he doesn't see many guests on weekdays." The middle-aged family laughed.

"Do you live here with your son and you?" Wei Yuewu raised her eyes and asked softly, believe that she was quite curious about this master.

"There is also an old man who is responsible for cleaning, and the others are few." The middle-aged family member said, "I just let the old man go to call our son, our son has always been loose, this will not get up yet!"

"..." So I said, this is the villain who urged his master. Wei Yue Wu was speechless for a while, and looked at the sky outside, the sun was shining, it would be near noon!

This master looks really broad-minded.

"Miss wait a minute, I'll urge our master again!" The middle-aged family also looked at the sky outside with the eyes of Wei Yue Wu, quite embarrassed.

Wei Yuewu nodded and motioned to him casually.

The middle-aged family hurriedly retreated and headed for the main house.

"Master, this master is really ... weird, when is this time, and she is still asleep!" Yu Yan couldn't help laughing.

"Jin Ling, can this coffee table be cleaned?" Wei Yuewu's smile slowly receded and asked Jin Ling on the side.

Jin Ling reached out and wiped the coffee table. Her fingers were very clean. She could see that she was very careful. Then she squatted down and wiped on the legs of the coffee table. She looked at the heavy dust on her fingers. Then, I went to check the chair, and then shook his head: "Master, this side is very clean, but not close to it."

"It wouldn't be that the old age didn't notice it!" Looking at the looks of both of them, Yu Yan's face became tense.

"No, I really just scratched the surface. As an old but experienced woman, how could I not notice it at all. Everywhere is accidental, everywhere is inevitable. Even though this room is not open to guests on weekdays, but How can this be the most important place for hospitality? "

Jin Ling shook her head for sure.

"Let's go!" Wei Yuewu stood up and said decisively.

At this moment, the door closed suddenly.

When Jin Ling's eyebrows were raised, she was going to operate against the closed door, but Wei Yue Wu gently shook her head to stop it. As an ordinary girl ring, it was impossible to have the door open.

"Ah, lord, the door is locked, what should I do?" Yu Yan came forward in panic and pushed the door, and found that the door couldn't be pushed even when it was pushed.

"Master, this ... why is the door locked!" Jin Ling gained Wei Yuewu's consciousness, and, like an ordinary girl ring, hurried forward while pushing the door.

"Push the door hard!" Wei Yuewu gritted her teeth and stepped forward to try the hand herself. The door was really tightly closed.

"Master, what should I do, what should I do?" Jin Ling anxiously said, looking like he had no master for a while.

"Is there any way to inform the coachman and let him come to our rescue!" Wei Yuewu said anxiously, she would be really anxious to hear the voice, think about it, even though she is clever, but she must be a lady, and she is still For girls who have not reached the level, who can keep calm in such a situation.

"Master, this ... there is no way, here is a little far from the door over there, Mo Ruyu howled and tried to see if anyone noticed here!"

Yu Yan said.

"No, you can't hear it again. You can't hear it outside the courtyard. We saw the carriage blocked the road, so we stopped to the side. We will be in the hall again, even if it's far away. It was a broken throat, and no one else could hear it! "Jin Ling directly rejected her proposal.

"That. What should we do!" Yu Yan knocked \*\*\*\* the door, and found that the door was really strong. With such a few knocks, it was impossible to spread it too far. The muffled voice was not far.

"Hello, is anyone, is anyone outside ..." Yu Yan's anxious voice cried.

"Anyone, is there anyone out there? Let us go out. Our master is the Princess of the King of Kings, who dares to lock her up and die!" Jin Ling shouted at the other state.

...

In the words of the two girls, in my words, Weiyue Wu picked up the skirt corner and walked to the window, and found that this window is actually different from ordinary windows, and the window tomb was actually crucified from the outside.

It seems that the carved window lingzi is very beautiful, and each one looks similar to the past, but reaches out and pushes, only to find that it can't move.

Sure enough, it was counted early.

Think about going to Xianzhuang the same day, ordering a piece of jewelry, saying that it was made by a master, and I have never met the master afterwards, but according to various signs, this Xianzhuang should be under his father's hands, but now let him She was puzzled.

Since you are a father, why is it against you!

Such an obvious calculation is actually caused by Xianzhuang. Who is the person who calculates himself?

Who is this master?

Is that the fat shopkeeper in Xianzhuang? If it weren't for him, then it might be the person behind him, but the person behind him is not the one he guessed, and since he has already seen it, why is he suddenly against him?

For a time, Wei Yuewu actually felt that her previous guess was wrong.

Liu Mei froze slightly, stood in front of the window, and quietly thought about what went wrong, otherwise this situation would not be possible.

Suddenly, I saw a bright color in the corner of my eye, and immediately enlarged my eyes, looking at the place where Luluo, because of the perspective, Luluo's place, she only saw a little bit, the bright color of

the clothes was that of the middle-aged family. I've only seen clothes before, so when I saw one, I immediately recognized it.

But he would be standing, happening to be in the direction of Weiyuewu.

Wei Yue Wu leaned back to the window again, so that she could see the scene under the green leaves more clearly.

But he only saw the back of the middle-aged family member. There was a person sitting plainly in front of him, but most of this person was blocked by the middle-aged family member.

They seemed to be talking, but the voice was quiet and a little further away, Wei Yue Wu could not hear clearly, and could only catch some simple notes.

The extremely simple notes were not even clear, but Wei Yuewu's eyes widened, and she looked at the invisible person, shaking her hands slightly by pressing the hand at the window.

She knows who this person is!

Although it was only a few simple notes, she immediately understood who this person was, and her face became pale for a while. Why was he? Why did this person appear here, and he had a relationship with Xianzhuang?

Or is he the true owner of Xianzhuang? It seems that in the past, it can be said that things in the father's side can be explained, but is it really him?

Depressing the shock, Wei Yuewu winked at the side of Jin Ling and Yu Yan, Yu Yan continued to knock on the door, Jin Ling walked lightly.

Wei Yue Wu whispered in her ear, Jin Ling nodded her head.

After Jin Ling understood, Wei Yuewu walked back to the hall, picked a chair with a deviated angle, and sat down, then leaned down and leaned on her hand.

After waiting for Weiyuewu to settle down, Jin Ling yelled: "Ah, that's bad, the master passed out!"

"What, the master is dizzy!" Yu Yan said loudly as she ran over and couldn't help but knock on the door again.

"Yes, come here and see what's going on with the master. Don't be the same as before." Jin Ling was crying.

"Look at me ... Look at ..." Although Yu Yan was talking to see me, her voice shivered unconsciously, came over, half-hugged Weiyuewu, anxiously.

"The master will not be in trouble again!" Jin Ling said with a cry.

The closed door, opened sternly, the two girls turned back subconsciously, but before they could see clearly, they were hit hard in the back of their heads, and their eyes were black, and they could not help softening ...

Chapter 896: She must be 15 years old

"What's going on?" Wei Yuewu felt that someone was half-embracing herself, and hurriedly asked the others.

My heart was beating madly, and it was the four princes I guessed. It was actually the four princes who had never been too much involved in Yun Danfengqing. He actually kidnapped himself because of Yan Huaiyu!

The four princes have always shown goodwill to themselves, Wei Yuewu did not expect it to be him.

But this will not allow her to think too much. She settled down hard, took a deep breath, and then calmed down. At this time, she couldn't let them find that she was dizzy. Fortunately, the number of times she was dizzy. Quite a few are considered proficient.

Coupled with her original constitution, even the queen mother's old doctors who looked very experienced have concealed it.

Someone came to diagnose the pulse for themselves. The induction method is very sophisticated and should not be a novice, that is to say, they are prepared early. The four princes know their condition. Since it is natural for them to prepare for themselves, they have to prepare a doctor.

"How is it, is it all right?" The prince's voice sounded very quick.

"His Majesty, the Lord's body has always been bad, and it is always a little bit weaker than the general human body. This ... is also normal!" The voice is very old and sounds familiar, but Weiyuewu couldn't remember it for a while. Which is too doctor.

The doctor in the palace had treated her a lot and she couldn't remember.

But there is only one thing that she knows very well, this is a Taiyi, and also a Taiyi who has diagnosed the pulse for herself, otherwise she would not have such a sense of familiarity.

"Is there something wrong?" Wei Yuewu felt that the four princes were very anxious, and her hands were shaking slightly. Why was she in such an anxiety that she felt inexplicable, she just fainted herself, and she had fainted before and was very good every time Woke up.

Although there were some surprises, I was fainted and couldn't wake up, but in fact, it was only once.

"This ... it's hard to say!" Tai Yi's voice was hesitant.

"It's hard to say what's wrong, if there's nothing, it's just a matter of words." The four princes were quite irritable, so he seemed to have never been so irritable.

"At that time, the master of Qingyang County ..." Tai Yi said lowly.

The words were not high, but Weiyuewu really listened. Immediately, she extended her ears and tried to listen to what Taiyi said. It was all about Qingyang. The four princes never mentioned it, even if they knew he was Qingqing. Yang Jun's brother, he did not reveal anything in front of himself.

"Qingyang is Qingyang, Jingde is Jingde. The two of them are different. Qingyang has been in bad health since she was a child. She got sick early ... Not good, but Jingde is different. She is just born with deficiency. How could it be the same as Qingyang! "The violent voice of the four princes was a little painful.

"But didn't the Qingyang County Lord say that it was congenital!" Taiyi said.

The four princes were silent for a while, and Weiyuewu also felt an inexplicable pressure. They couldn't help calming down. Everything about Qingyang, the four princes were unwilling to mention themselves, but this was mentioned from time to time. Qingyang, is there any other connection between myself and Qingyang that I don't know?

"It's ... really bad, if ... you want to see when you're fifteen ..." The Tai Yi stuttered, and it was obvious that he couldn't take it.

"After fifteen years old again!" The four princes became silent, and said for a long time, "Always a little different, Qingyang had already looked weak at that time, and Jingde was not much different when he was young. Even if I have been to Jiangnan, it is said that it has always been peaceful, but after I returned to Beijing, I was worried too much! "

This may sound like asking a doctor, but more people feel that he is just an idea, a kind of expectation.

"His Highness ... This is really hard to say. Some people show it early, and some show it late. It's always a little different. The main body of Qingyang County is weaker, so it was shown so early, but Jingde County The Lord is really hard to say, she must be under 15 years old. "After being asked by the four princes in the doctor, some did not know how to answer.

"If you let Jingde feel at ease and live a peaceful life, will you be able to live without worry forever, just like when she was in Jiangnan, she didn't worry about anything, didn't worry about anything, just a simple boudoir The weak and the weak women are all right, will it be all right? "

The four princes asked again.

He felt a little hastily asked.

"This ... or ... may be better!" Taiyi's various uncertain answers, in short, Taiyi couldn't confirm this phenomenon.

"Then take her away, it can't always be the same as it is now!" The four princes gritted their teeth, picked up Weiyuewu, turned and walked out the door, this time went directly to the backyard door, the backyard door A carriage had been parked long ago, a carriage that looked extremely ordinary.

Followed by a smaller carriage.

The four princes held Weiyuewu and got on the carriage. The middle-aged family had a girl ring in one hand and carried them all to the carriage on the back.

The two carriages drove out of the ordinary yard one after the other. The Taiyi also followed the carriage with the four princes, but then went off the road halfway.

The carriage was still moving, and Wei Yuewu was lying quietly. She was placed in a soft place, like a couch, which would be turned upside down by the carriage. .

The carriage was very quiet. I didn't know what the four princes were doing. Only the light breathing sound on the side indicated that he was beside him.

Opening his eyes slowly, he looked out secretly, seeing the face of the four princes frowning tightly.

He was sitting on the right side of the carriage, Jun frowned, his eyes dull, and he could see that he was not looking at anything at all, only sinking into his thoughts.

After a while, he sighed softly and took something out of his arms.

It was a pill bottle, Wei Yuewu was surprised to find that the pill bottle was similar to the pill bottle given to him by the four princes, but it was much older and smoother. .

The fourth prince shook the medicine bottle and saw that there was still a medicine in it. He turned around twice and fell to the other side.

The four princes then shook again, and the medicine turned again.

The four princes seemed to be upset, as soon as the pills stopped, they kept turning the pills, but looking from the side of Wei Yuewu, all they saw was the frowns of the four princes.

He is actually not happy!

As a prince, he has no intention of being in power, which may be related to his life experience.

He is the son of King Bei'an. If King Bei'an can reach that throne, he will be the real Prince, but now he is just an ordinary son.

Wei Yue Wu does not know why he was raised in front of the emperor, and it seems that his biological mother was forged. How could the emperor know such a big leak?

But if the emperor knows, why should he recognize the son of King Bei'an under his own lap, and he is not without a son himself, not to mention that he and the King of Bei'an are regarded as enemies, and the enemy's son is raised in front of himself, he There is no fear that one day the four princes will have a different heart and regain control.

However, it is strange that the emperor never mentioned it, so no one knows the life of the four princes.

He was just raised as the four princes, and the Qingyang County owner who was also the daughter of King Bei'an, but he was only the owner of Qingyang County. He grew up in front of King Bei'an from an early age, and then was imprisoned by King Bei'an. She only lived in the palace temporarily, and she was still the principal of Qingyang County.

All of this seems to be explaining something.

One is a son and the other is a daughter. It doesn't seem to be different, but it seems to be different. Wei Yuewu can't catch anything at all for a while. I just feel like there is an important string in it, but she can't do it every time. Grab this line in series.

An invisible line between her and the lord of Qingyang County, not just a simple connection between two people.

"Or it is most appropriate to send you away!" The prince's voice sounded lightly, Wei Yue Wu closed her eyes in a hurry, and never dared to move.

"You stay in the capital, it is always a hidden danger. No one knows what the situation will be like, my brother doesn't know!" The low voice said that the words of the four princes are now just talking to themselves. Of course, the big brother in his mouth is Wen Tianyao.

This matter was actually related to Wen Tianyao. Wei Yuewu became more and more curious, and her heart moved slightly. Maybe Wen Tianyao also knew his own life.

Now she wanted to find out what it meant.

Did Prince Wen Tianyao let the four princes take themselves away? Is it because of Yan Huaiyu?

"Big brother and I don't want you to repeat Qingyang's mistakes. It is dangerous for you to follow Yan Huai's side. In the end or even Big Brother and I can't save you, it is better to leave him early and Yan Huai It was extremely dangerous and not really sincere to you. The woman in Yandi was not a good mess. You might as well lead a normal woman's life. I have an elder brother and I am hiding my name and find a good husband. Alas, not a problem! "

The four princes sighed and couldn't help but sighed. They only felt heavy. The so-called finding a good husband, of course, had to wait, at least until Wei Yuewu was fifteen years old, and she said, but Do you really wait to get fifteen?

It was a curse, a curse about the family, not just this generation, but also generations, and no one expected it to be so.

If it weren't for this, his biological father wouldn't have such a reputation. In the end, he would even bear this unfounded crime, or Qingyang would not fall to that point, and even everything would change. , Wrong, wrong when wrong!

Everything was wrong that night more than forty years ago.

But who blame it!

No one seems to be blamed!

For the next period of time, the four princes did not speak again, but sighed from time to time, showing that his heart was not calm.

Wei Yuewu also felt that the so-called abduction did no harm to herself this time, but she lay down happily, paying attention to the expressions of the four princes from time to time.

However, half a month, Wei Yuewu also felt the caution of the four princes. Every half an hour, the carriage stopped, and then the carriage was changed.

Along the way, the carriage changed several times, and finally stopped ...

Chapter 897: Are you back in town?

Wei Yue Wu was carried by the four princes into a carriage, and then entered a large yard, and the two girls' rings behind were also lifted.

After being settled, Wei Yuewu felt that someone was coming into the house. After finishing her pulse, she said to the four princes: "She 's pulse is quite peaceful. There should be no major incidents, or the body of the county itself is not. Great, it's easy to faint if you are scared, just like the Qingyang county owner ... "

Having said that, I stopped here and listened to the accent, but he was still the doctor.

Wei Yue Wu's head flashed for a moment, and suddenly she remembered who this super doctor was. After she fainted in Huangzhuang, she was sent to the palace and Shu Fei said the words. The one who seemed the oldest doctor, and then left in a hurry.

This super doctor is actually the four princes, it is really unexpected.

No, it should be said that Jane is really surprising. This old lady doctor also looks like a person who has gone through many things, and the most important point is that he is not like a queen mother-in-law, otherwise she would be the same as the emperor doctors who followed the queen mother.

"Jingde isn't Qingyang!" The four princes said this with certainty, and they breathed heavily after speaking.

"Yes, the master of Jingde County is much better than the master of Qingyang County, although it was also born prematurely!" Said the old lady doctor with certainty.

However, this remark caused an inexplicable irritability for the four princes. After taking a few steps in situ, he said: "Qingyang is Qingyang, Jingde is Jingde, these are two completely different people."

"Your Highness, it's you!" The old lady doctor couldn't help reminding him when he saw his discomfort.

The four princes stood still, reached out and touched their heads, with a bit of grin on their faces: "Yes, it was me!"

"His Royal Highness, what are you going to do next?" The old lady doctor opened the topic and asked.

"Brother will make arrangements there!" This distraction distracted the four princes and looked at Wei Yue Wu, who was lying on the bed with unknown personnel, and his eyebrows were difficult to show.

"But where is the emperor Yan Guogong ... I'm afraid it's not easy to explain!" The old lady doctor reminded him.

His Royal Highness Prince's hands and eyes are clear, but the King of the Kings of Yan knows that it is not easy to see. If he takes the King of Kings of the King of Yan, he does not know what kind of trouble it will cause. Although the old lady doctor is not official People, but also know that this is no trivial matter.

It must never be idle.

"There is no evidence that we took Jingde away. He couldn't find us!" The four princes thought that this was not a problem. There were so many people in the conflict between Beijing and Central China, who knew who it was.

It is possible for the queen queen and the queen. Of course, the sons of those places are also possible. Even Jing Wenyan is possible. With so many possibilities, Yan Huaihuan is not only powerful but cannot be checked immediately.

Moreover, if Yan Huaiyuan really revealed the news of Wei Yuewu's absence, even if Wei Yuewu was found again, she would not be able to stay in the seat of the concubine safely and securely. Robbing is a violation of the festival. If you go for a few days, it will make people feel that the festival is a loss.

Of course, that would only make him and Wen Tianyao more and more sure that their actions were right.

They also suspected that Yan Huaiyu didn't care about Weiyue Dance at first, especially the situation in front of her. The Empress Dowager obviously stood on the side of Weiyue Dance, to make her a unique concubine. For the forest of Yandi Miss, just a lady.

Anyone who wants to get this Miss Lin will never rest.

The original good room sat up flat, and suddenly said that he could only be a small one, and no one would be reconciled, but it was clear that Yan Huaiyu was still partial to the Miss Lin.

So suppressing the Yueyue Dance is inevitable.

If Wei Yuewu is gone, this is actually a good thing for Yan Huaiyuan. At least he doesn't have to face the pressure from the Queen Mother and Huayang Houfu, and can easily resolve his inner court affairs.

Therefore, even if Yan Huaiyuan is looking for someone, he just looks for it randomly, and he won't get much heart, and then he will announce the world, saying that the former concubine Jingde County Lord is gone, and then he can marry his sweetheart Yandi. That family girl will never change in the future.

Speaking of which, this meeting is just above the threshold. Lu Yeli asked to marry the third princess, and the four princesses were barred. If Wei Yuewu disappears suddenly, plus the previous intention of Queen Tu, Yan Huaiyu will marry the forest. Even if the lady is justified, she is still logical.

The only stumbling stone Wei Yuewu is gone, which is only good for Yan Huaiyu.

Whether it is Wen Tianyao or the four princes, or people all over the world think that Yan Huaiyu married Wei Yuewu because of Wei Luowen, and the situation of Wei Yuewu was not good at that time, no matter how you look, you won't wake up. , Who knows that Wei Yue Wu has nothing after all, but it is unexpected to all people.

Of course, this is also the Yan Wang Shizi who had to accept the Weiyue dance.

Few people think that Yan Huaiyu really likes Weiyuewu before marrying Weiyuewu. After that, all the things in the lives of the two people make people think that this reasoning is the most correct, but it only takes a couple to go to Yandi Family girl, Wei Yue Wu had to take the initiative to give in to know.

"That's good, but ... I don't think it will be that simple!" The old lady doctor is also a very knowledgeable person. He has also seen the King Yanshi in the palace. Although he looks handsome A gentle smile, but in fact it has always been invisible, is everything he shows true?

So this will inevitably lead me to heart.

"It's okay. The yard was originally an ordinary yard, and there was no owner. Even if you think about it, you can't find anything!" The four princes smiled slightly.

The used yard did not have an owner, or it did not have an owner, that is, he temporarily belonged to an air-conditioned yard. It was originally used by an official to support his love. However, the official was later charged with a crime. Fully confiscated, all properties are confiscated, of course, this yard is also included.

Now that this yard has not been bought out, naturally there is no master.

Even if Yan Huaiyu wanted to check, there was nothing that could be found. If someone wanted to open the yard, it was actually very simple. Just find someone with a good skill to jump into the wall and open it from the inside. It is even harder to keep the iron lock with a martial arts guard, who can't find who used this yard before.

"You will prescribe a prescription for Jingde for a while, and let her take medicine, and then let her recover here. If something happens, you also remember to inform me that you can't let Jingde have any problems, or during this time, Jing The German Church is very unhappy, but after a period of time, it will always be okay. Yan Huaiyu is wholeheartedly protecting the woman with the surname Lin. Jingde must be displeased! "

The four princes commanded.

"Yes, Your Highness!" Said the old lady.

"As for the errands in the palace, you will fall ill for the time being!"

"I know that people as old as me often get sick!" The old lady nodded, he has always been idle, and now he is old. Of course, it is impossible to go to the palace to work on an official basis, so he will get sick from time to time. Moreover, the masters in the palace also think that his medical skills are not good, so let's sue the sick. Anyway, there is no shortage of doctors in the palace.

Therefore, the old lady doctor fell ill for seven or eight days in ten days. The doctor in Taiji Hospital did not have his qualifications, and naturally he would not say anything.

"If Jingde wakes up, let her rest more and tell her that this is what the prince and I mean, so that she doesn't need to be nervous. The prince and I will not harm her. Everything is for her!" I took a few steps outwards, but I didn't feel relieved and told me.

"His Highness rest assured that when the county master wakes up, she must persuade her well, not to make her panic." The old doctor narrowed her eyes and nodded.

The Jingde County Lord's body can really not withstand so many changes in mind, everything must be based on Anyang.

After being told by the four princes, after all, Wei Yuewu continued to lie on the bed and be dizzy. After a while, they heard Jin Ling and Yu Yan's voice.

"Master, master, you can wake up, this will be no one!" Yu Yan's voice was very light, and she felt her blunt head while feeling wronged, she was really stunned, this will also Don't know where you are.

"Master, it's okay, the four princes sent us to take us away!" Unlike her, Jin Ling was not stunned, and the scene of getting up and down on the carriage was clearly seen, which would also lower the voice. .

There were only a few of them in the room. Although some people were watching outside, at least there were outbuildings. The voice of the few of them was low and no one would hear them.

"No one?" Wei Yuewu's long eyelashes flickered twice, finally opening her eyes and lowering her voice with a low smile.

"Nothing, it's all outside!" Jin Ling helped Wei Yuewu get up.

Moving his bones, Wei Yuewu really felt that lying all over was painful, and lying down straight was actually quite guilty, especially when he forced himself not to move.

Standing up, fiddled with her arms and legs, Wei Yue danced: "You two are fine!"

"What can slaves do!" Jin Ling replied.

"The dizziness of the slave was beaten!" Yu Yan said wronged, seeing her look wronged, Wei Yue Wu and Jin Ling laughed uncontrollably.

"Master, what are you laughing about? I don't know where it is yet." Yu Yan said wrongly to Barbara. She was the most inexplicable place among the three. A stone was dropped. In any case, the four princes looked good. They should have nothing to do with the master.

"Jin Ling can see clearly, what is this place?" Wei Yuewu shook her hand again and asked.

"Master, we're back in town!" Jin Ling affirmed.

"Back to the city? Back to the capital?" Wei Yuewu stopped her hand and looked at Jin Ling for a moment, "We have made a circle and returned to the capital?"

"Yes, lord, the four princes took us around the circle, and the slaves secretly saw the gates of the city before entering. Although I don't know which part of the capital, but one thing is certain, we are back in the capital. . "

Jin Ling has been awake before. Even though the middle-aged family member is good, Jin Ling still found some clues carefully, so he reached such a positive conclusion.

Chapter 898: Where can I go to find Miss Lin

After turning in such a large circle, and going so many times, I changed so many carriages, and finally returned to Beijing.

Wei Yue Wu Yan could not help but Yanran, the most dangerous place, but also the safest place.

Wen Tianyao and the four princes seem to think so. Moreover, the two of them have been growing up in the capital. They are not comparable to the people in the capital.

Even though Yan Huaihuan was strong, he didn't let it be their place, so he returned to Beijing.

Yandi's manpower in Beijing is certainly not as high as the Prince and the Four Princes, and some things in Yemen, Yan Huai, who is the son of Yandi, are also inconvenient to reach out. The relationship between Yandi and Beijing Central must be complicated. !!

It's just that Yan Huaiyuan really does n't know ...

The King's Palace of Beijing has always been peaceful, even though many people are guessing that Yan Huai's backyard has always been uneven. The so-called peace is, on the one hand, the efficacy and means of Yan Huai'an, and the other is the reason for deliberately whitewashing.

In fact, of course, it is unstable, because there are too many reasons for insecurity, not to mention that the queen mother-in-law has also mixed in a foot and burned a fire, faintly supporting Weiyuewu to become a unique concubine, and the Yandi Family daughter can only be an ordinary lady.

The order of entering the house is confused, and the primary and secondary are reversed. Moreover, Yan Huaihuan's own partiality, it can be said that the disputes in the inner court of Yan Wangfu will inevitably arise.

The waiter is nothing but time.

It's just that it's been a long time, and Lu Xun left to marry the three princesses. Everyone's attention will be gradually moved to the government of Lu Kingdom. They are all guessing whether the three princesses agree or disagree. !!

Lu Yili was ventilated with the three princesses in advance, or his own idea. If it was ventilated, it is likely to agree. If it is only a person's own idea, then it is rejected. It's normal. For a while, there were divergent opinions, but they all paid attention to the Lu government.

But not at this time, something happened at Yan Wangfu. It is said that the family girl Miss Lin who came from Yandi quarreled with the house of Yuewei, the main guard of Jingde County, and left Yanwangfu with anger and then It is unknown.

Yan Huaihuan was not in the house at that time. After learning about this, he hurried back from the palace, but it was already a person who went to the building. He was in a hurry and informed the Yamen of Beijing Central to find the missing person. Miss Lin, on the other hand, also sent someone to check.

However, the result of the investigation said that Miss Lin changed the carriage after going out at that time, and then changed the carriage several times later. It did not seem to be a temporary intention, but was robbed by a scheme.

Actually, such a thing happened, Yan Huaihuan was furious, and used all the hands of Yan Wangfu to visit everywhere.

Of course, this is a major event, and it was Miss Lin, who was displeased by everyone in Beijing. At this time, everyone helped to find someone vigorously, for fear of an accident, it would fall on themselves.

For Miss Lin, it is very difficult to have a good opinion of this lady, from the queen to the queen to the people. They all feel that it is not good for Beijing to marry Yan Huaiyu by Miss Lin. Compared with the Lord of Jingde County, everyone wants Jingde County The Lord is the Princess of the Royal Family, and the relationship with Yandi will be closely linked.

But everyone did not dare to let this matter fall to their own heads, and the king of the king Wang Yan knew it was not easy to mess with.

So the promise of the three princesses had not come down yet, and everyone's heart hung up again. In Jingyuan's Houfu House, Mo Huating was also guessing who had taken Miss Lin away. He had conspired with Jing Wenyan to hijack Wei Yuewu without success. Who would this be, actually under Yan Huaiyu's eyes? Take people away.

"His Royal Highness, the King of Kings, please see me." A little cricket hurriedly entered the newspaper.

"Yan Huaihuan?" Mo Huating said for a moment, and he could not help secretly screaming. At this time, Yan Huaihuan was absolutely fine, but he didn't know what he was looking for.

"It is the King of the King Yan." Xiao Yan said sweaty.

"Just say I'm not here!" This was almost a subconscious statement, and Mo Huating could feel that there was absolutely nothing good about Yan Huaiyu.

"Aren't you? Your Highness is guilty!" The cold voice appeared at the door with a breath of bloodthirsty.

Mo Huating looked up suddenly and was looking at the face that was beautiful to the extreme, but also to the extreme coldness. Everyone could see that Yan Huaihan was really angry, and the old smiley face with gentle and elegant jade would be It was ruthless, revealing a strange strange enchantment and evil abuse, and the obliquely long phoenix eyes were deep and cold.

"Yi Wang Shizi, this is my mansion. Even if you are the King Wang Yanzi, you can't break into other people's house at will!" Mo Huating was furious. He is now the Grand Prince, and he is different. The former Jingyuan Hou.

"I didn't break into your house at will because someone saw you brought a woman into your house." There was a smile on Yan Huaihan's face. This smile was beautiful, but the evil spirit of beauty, Inexplicably cold.

"When did it happen?" Mo Huating was startled, how secretly he did it, how could Yan Huaihan know.

Yan Huaiyu went into the study and sat down in a chair on the side.

Mo Huating was helpless to send tea.

Yan Huaihan took the tea at hand and took a sip. She looked at Mo Huating with a pair of beautiful eyes: "The great prince hasn't handed over the person yet."

"I ..." Mo Huating looked nervously at Yan Huaiyu, but then gritted his teeth. "The woman is really not Miss Lin. I didn't have any contact with Miss Lin at your government."

Actually, it wasn't just Mo Huating. At the beginning, there were many people who wanted to make this idea for Miss Lin, but everyone didn't even see Miss Lin's face, let alone to make her idea.

"Then please the great prince to let that woman come out!" Yan Huaihuan said coldly.

"I ..." Mo Huating held up the table with his hands and stood up. "That's just my personal business. I can swear to heaven, it's really not Miss Lin in your house!"

"Yes or not, you can tell at a glance that the eldest prince will not find a woman at will to count up! The woman who can make the eldest prince so affectionate and sent to the house secretly in the dark should not be an ordinary woman Come on! "Yan Huai's dark eyes stared at Mo Huating.

Let him have a feeling of nothingness.

"Shizi, this is just my personal matter. I don't need to tell Yan Shizi everything," Mo Huating said angrily.

"If the prince is unwilling to let me see, then I'll go into the palace now and let the queen queen send someone over!" Yan Huaiyu also stood up, sneering at the corners of his lips.

"I....."

"Big prince, leave!" Yan Huaiyu turned and walked out.

"Wait a minute!" Mo Huating anxiously.

"Will the prince be willing to let me have a look?" Yan Huaiyu didn't turn his head, just stopped and chuckled coldly.

"It really isn't Miss Lin from your house, I didn't ..." Mo Huating also wanted to explain. Helplessly, this explanation had to grit his teeth and compromise when he saw Yan Huaiyu lift his feet and go out, "Okay, okay OK, I will let her come out and show you, but I hope Shizi must not say it at will. "

"Okay!" Yan Huaiyu replied easily, returned to sit back in front of the chair.

Mo Huating reluctantly called his sister-in-law and asked him to bring him to the inner courtyard. After a while, a woman quietly appeared in the study.

It was extremely simple to wear, with a turban around his head, and his head kept his head down.

After entering the door, he didn't talk much, just bowed his head and said nothing.

"It's her, Shizi, wouldn't you say she's your Miss Lin!" Said Mo Huating.

"Wang Meiren actually went out of the palace, big prince, your courage is really big!" Yan Huaiyu smiled suddenly, "I heard that the big prince took a woman to the house secretly, and then guessed that it might be Wang Meiren. It is said that Wang Mei, who has been waiting in front of the emperor's bed, actually went out of the palace. If the queen mother knows this, she doesn't know what to do! "

"Yan Huaiyu, you ..." Mo Huating was so angry that Yan Huaiyu knew that it was not Miss Lin who was brought into the house, but his biological mother, but he went to his own house to make trouble, but he absolutely did it is also inconceivable, especially the queen Tu cannot be known.

"Yan Shizi, what do you want?" Wang Meiren looked up, and then Yan Yanhuan sideways for a ceremony, and then signaled Mo Huating not to be angry.

"I heard that there are a lot of people in the Crown Prince. Find me Miss Lin for me." Yan Huai took it for granted.

"Where can I go to find Miss Lin for you!" Mo Huating said indignantly, only feeling depressed and unable to hold it down. He is now the great prince, and may even reach that high position, but in Yan In Huaiyu's eyes, it seems to be a tool that has come and gone.

"The great prince has a lot of staff and is familiar with the capital. Naturally, he used the power of the great prince to find Miss Lin. Miss Lin finally appeared in that yard. I heard that it was still a vacant yard collected by the yamen, but even if it was vacant The yard is also available for inspection. At least you can ask who has asked this yard! "

Yan Huaihuan said slowly.

"If the prince is unwilling, I think His Royal Highness would prefer to know about Wang Meiren secretly out of the palace!" Yan Huaiwan played with the tea cup in his hand, anxiously.

Mo Huating's face was blue and red, and he almost slapped the table in anger. Yan Huaihuan was so mean, he took this for granted, but he was speechless.

So reduced to the knife in the hands of Yan Huaiyu, he was not reconciled.

"Shizi likes that Miss Lin? So, does n't Shizi feel unfair to the Lord of Jingde County? If Shizi really does n't like the Lord of Jingde County ..." Because of the anger, Mo Huating's words almost rushed out of his mouth. Out.

"Shut up!" Wang Meiren shouted sharply.

Mo Huating's anger drove Mo Wuting's mind to wake up immediately, but he looked up subconsciously, but to the last pair of gloomy and handsome eyes, the kind of bloodthirsty chill made Mo Huating, who had always been cruel, couldn't help but start, at that moment, he felt To Yan Huaiyu's eyes, the murderous intention.

"Okay, we agree to help Shizi find Miss Lin! Let's check the matter over the door!"

Chapter 899: Are you Wang Anzi

The family daughter Miss Lin of Yan Wangfu disappeared, everyone was shocked to watch carefully.

Many people think that even though Yan Huaihuan has a lot of eyes and hands, it is extremely difficult to do this. It must be Beijing, not Yandi, and Beijing and Yandi have always had a knot.

Some things are inconvenient for Yan Huaiyu.

It wasn't just some idle people who had this idea. The prince Wen Tianyao and the four princes also thought so, so they took Wei Yuewu back for granted.

In the end, Wei Yue Wu will leave Yan Huaiyu, go high and fly away, and leave the right and wrong place of Beijing, but by no means now.

At this time, on the one hand, although Wen Tianyao did not dare to free up his staff to be afraid of Yan Huaiyu's investigation, on the other hand, it was not the right time. When the time was ripe, it would be better to let Wei Yuewu leave.

This was originally considered by Wen Tianyao. Based on other ideas, Wen Tianyao did not want to appear in front of Weiyuewu, so he entrusted the matter of Weiyuewu to the four princes.

That garden is also the fourth prince in a separate courtyard.

The four princes have always been leisurely and do not love the affairs of the court, but the emperor did not treat him as a leisurely and wild crane-like son. There are many other courts in the capital. If you look closely, you will find that he is the most in the city. A prince.

Wei Yue Wu currently lives in one of his other hospitals, and he has always liked to live in each other for a while. This is where he recently stayed.

There are four princes, and the prince feels very relieved.

The other courtyard is also divided into the inner courtyard and the outer courtyard. Wei Yuewu lives in the inner courtyard and the four princes live in the outer courtyard. Although the place where Wei Yuewu's practice is not only her courtyard, it can only be connected to this courtyard Strolling in the garden.

The four princes sent guards to follow Weiyuewu, but he was not afraid that Weiyuewu would run wild. As soon as he heard that Weiyuewu was all right, he went to see his medical books in his study.

The study room was very quiet, only the sound of his flipping the book, but his brow frowned tightly. He looked through many medical books, it seemed that they could not be found, there was no explanation.

"Your Highness, it's not good, the Lord of Jingde County fell into a dizzy state!" A little sister hurried in.

"What!" The four princes froze, and when he stood up, he went out.

Xiao Yan hurried to follow up. "The slave didn't know what was going on. I heard that the county chief went up to the rockery in front. I didn't know how to get tripped, and then fell faint."

"Are you falling hard?" The four princes hurriedly asked as they walked inside.

"The minions weren't clear. They only said that the step was a bit high. The county owner tripped over the stone on the side, then stepped on the air, hit the stone, and fainted!"

Xiaoyi wiped a sweat, he didn't actually see it, just guarding the Yueyuewu to let him report.

Upon hearing Wei Yue Wu's faint, the four princes hurriedly rushed in while he was instructed to ask the old lady for a doctor.

In the pavilion near the rockery, Wei Yue Wu was leaned against the side of the fence, and her long eyelashes covered her eyes. I couldn't see how she would fall.

His face was always slightly pale, and the two girls were at a loss as to what to do.

"Your master is all right?" The four princes stepped in.

"His Royal Highness!" Jin Ling and Yu Yan said in shock.

"You step back first, and let the doctor see the injury of your master!" The four princes did not mind explaining to the two girls, and waved.

At this time, the old lady doctor hurried over, and was about to reach out to give Wei Yue Wu a pulse, but Wei Yue Wu slowly stroked his head with one hand and opened his eyes slowly.

She would wake up too quickly, so that everyone couldn't respond, the eyes of the four princes suddenly met the beautiful eyes of Weiyue Dance.

The old lady's hand was still stretched out, but now only the puppet's puppet was there.

"His Royal Highness?" Wei Yuewu's long eyelashes flickered twice, and she looked at the four princes with a smile, "but I don't know what Her Royal Highness took me from?"

Now that Wei Yue Wu has seen himself, the four princes thought about it, waved their hands slightly, and Taiyi and the others retreated.

Jin Ling and Yu Yan did not leave, but stared at the four princes alertly.

The four princes smiled slightly and sat down at the fence opposite Weiyuewu. Then he also knew that Weiyuewu must have led him out intentionally.

However, he didn't find anything bad.

He robs her and always wants to see her, but this will be seen early.

"Jingde, what do you think is wrong?" The four princes asked with a smile.

"His Royal Highness, why are you robbing me?" Wei Yuewu's smart water eyes fell on the faces of the four princes. "I don't think there is a danger to your highness!"

"I'm doing it for you. You're beside Yan Huaiyu. It's dangerous." The four princes looked at Weiyue Wudao, and he had prepared some words early.

"You are the favorite person before Qingyang. Even you and Qingyang are a bit like you. Seeing you as if you saw Qingyang, I don't want to see Qingyang's desperate person rescued, and then fall into danger!"

"So, Your Highness took me away?" Wei Yuewu asked again.

"This is also for your good. The backyard of Yanwang Mansion is not peaceful. If Miss Lin from Yandi starts to deal with you, Yan Huaihuan will not protect you. He would also marry your father. You, then, might as well leave early, lest you be sad! "

The four princes did not answer directly, but only said shallowly.

"So, Your Royal Highness took me away?" Wei Yuewu, however, seemed to have to know the answer, and asked again.

The fourth prince groaned and nodded slightly: "I treat you as Qingyang ..."

Having said this, I paused for a moment. The four princes couldn't say anything anymore, and frowned, for a while I didn't know where to start.

The scene suddenly became dull.

"So, you are Sister Qingyang's brother! That is the son of King Bei'an?" After half a ring, Wei Yuewu bit her lip and asked.

"This matter has nothing to do with this!" The four princes were unwilling to talk about it. Don't overdo it, looking out of the pavilion, the voice was a little cold.

"It doesn't matter how it is. If it weren't for Sister Qingyang, Her Royal Highness would not say that it took me for Sister Qingyang's sake, and it's still for me." Wei Yue stubbornly said.

"Does it have anything to do with the result?" The four princes became agitated.

"It doesn't matter how it is. If it really happened from Sister Qingyang's side, I naturally believe that His Royal Highness is kind, but if it isn't, I really doubt His Highness's intentions. I and my Royal Highness are not relatives. Why is Your Highness independent? Concerned about me? There must be a reason for it! "

Weiyue danced tightly.

"You are a woman, a ladylike woman, you only need to care about things like flowers and plants, so why don't you care too much!" The four princes' eyes turned back and fell deeply on Wei Yuewu's face.

"Girl lady, you just need to do the flower and grass care, and you don't need to care about the others, then I don't know how I will die." Wei Yuewu smiled slightly without giving in the slightest.

"So Yan Huaiyu 's side is too dangerous. If it 's just an ordinary family lady who 's married to an ordinary family member, there wo n't be so many conflicts and you wo n't encounter any danger and leave Yan Huaiyu. After the matter is over, I will send you to your ancestor's house in Jiangnan, and then I will be bland and live happily for some time that Miss Bougainville deserves. "

The four princes looked at Wei Yuewu with a straight face.

"But now, I have married Yan Huaiyu!" Wei Yuewu shook her head.

"So what? He didn't marry you because of you at first, do you think he was because of you! Besides, what he cares most about is Miss Lin, who heard that Miss Lin also disappeared after you disappeared. Now, he's looking for that Miss Lin on the street, but you don't mention it! "

Seeing Wei Yuewu's obsessed look, the four princes were a little irritated.

"Looking for Miss Lin?" Wei Yuewu's water eyes flashed agilely.

"Yes, he is looking for Miss Lin, only Miss Lin." The four princes affirmed.

Wei Yuewu smiled slightly, with a slight smile on her lips: "So even if someone finds that the hostess of Yan Wangfu lost her hostess, she will only think that it was Miss Lin who lost it. ? "

I knew that Yan Huaiyu would be calm and strained. I would listen to the four princes saying that the smile on Wei Yuewu's face could hardly be suppressed. The sly fox did so impassionedly. I believe it won't be long before Find your own.

She wouldn't be in a hurry this time. On the contrary, she also hoped that Yan Huaiyu would find herself later. She was full of doubts about the birth of the four princes and the words of the old lady doctor that day.

It is just that the four princes have always evaded this question and asked her to ask no questions. This will be a rare opportunity.

That being the case, she certainly has to seize this opportunity.

"He won't think about you that way. When Miss Lin finds it, you just need to report an accident and your position as the concubine will be gone!" Although the four princes also felt that the so-called Miss Lin was gone, it was actually Yan The smoke released by Huai Yan, but this will be weak in front of Weiyuewu, and coldly smiled and poured cold water on Weiyuewu.

"His Royal Highness, I do n't need to worry about how I think about it, but I really wonder if Your Highness is the elder brother of Sister Qingyang. If so, why did you become the four princes at the time? Wei Yuewu smiled slightly and brought the topic over again, bluntly.

"This matter has nothing to do with you!" The four princes said coldly.

"Then my affairs does not seem to have anything to do with the Four Princes!" Wei Yuewu refused to let it go, then stood up. "Please, Your Highness Four, send me back to the Yan King's Palace. As for how I am in the Yan King's Palace, my Four Highness It doesn't matter at all, I am the Lord of Jingde County, a County Lord of a different name, and it has nothing to do with the royal family! "

"You ..." The four princes were upset.

"Four princes, please!" Wei Yuewu continued.

"That's how you want to know about the Bei'an Palace!" The four princes were furious and hated.

"I don't want to know about Bei'an Wangfu. I want to know more about Sister Qingyang. She died for me." Wei Yuewu bit her lip. Raised his fist.

"Why, oh, oh, since you want to know about Qingyang so much, I'll tell you!" The anger on the faces of the four princes slowly receded, and she resigned halfway.

Chapter 900: Whatever you like and what you don't like

The birth of the Qingyang County Lord is a great event for the entire Bei'an King's Palace. The Bei'an King's Palace, which has not had a child for many years, actually gave birth to the Qingyang County Lord. This was originally a great thing. For this reason, the Bei'an King's Palace was placed for three days The three-night running water seat, the emperor directly ordered to be the master of Qingyang County.

It is not absent from the county to be the Lord of the County, but few.

For a moment everyone rejoiced at the birth of the county man.

But the county owner was frail and sick. When he was born, he gave birth prematurely, and his health was even worse. Then he was born. It was a medicine jar. He had been taking medicine, and because of his weakness, he hardly appeared in the world. before.

It can be said that when it was born, it was very popular, but slowly many people forgot the county official. Afterwards, the king of Bei'an had an accident. Everyone only thought that the county official was locked up together. If she did n't use her body, Good medicine hangs, I'm afraid it will be gone soon.

King Bei'an was imprisoned for the crime of rebellion, and the death of Qingyang County's lord did not cause any waves.

But few people know that the owner of Qingyang County was not locked up, but was kept in a remote corner of the palace ...

"His Royal Highness is really the son of King Bei'an?" Wei Yuewu asked again after the four princes had finished speaking.

"Is it right? Is there a difference now?" The four princes shook their heads, reached out and held their heads, bitterly, "the so-called King of Bei'an does not exist at all!"

"How could it not exist? Since His Royal Highness is the only son of King Beian, and he is the only son, since he recognizes the Lord of Qingyang County as his younger sister, why don't he recognize King Beian?" Wei Yuewu was puzzled. Road.

From the words of the four princes, she heard that the four princes were very fond of the Qingyang County Lord, and they were completely like a good brother. This can be seen in all the tangles when he first saw himself.

"The King of Bei'an has rebelled!" The four princes exhaled, slowly.

"But His Royal Highness was taken away as soon as he was born. Isn't that His Royal Highness? It wasn't strange to him. Why was His Royal Highness taken away when King Bei'an was in the feast? His Royal Highness's birth should not be a great event. Is it a good thing for King An? "

Wei Yue Wu really did not understand what Wang An'an thought at the time.

Wouldn't it be more effective to have children fight for the throne? Sometimes the test of the throne is not only the son's generation, but also the grandson's generation.

Why did King An'an give up his odds and gave his son to the emperor who is still just a prince? Moreover, it seems that the emperor still knows this, how can he raise his own enemy's son!

Even if it is a brother, the royal family has always been indifferent.

"This thing ... I don't know too well!" The four princes shook their heads directly, refused to answer, looked up and looked at Wei Yuewu with a straight face, "Jingde, let's talk about yours, you follow Yan

Huaiyu's side is definitely not suitable. His side is too dangerous. After a while, I sent you to Jiangnan, which is a kind of Qingyang's intention. She always hopes that you will be happy and safe. of."

"I don't think it's safe to go to Jiangnan." Wei Yuewu shook her head. "I don't want to leave the capital, nor do I want to leave Yan Wangfu!"

"Why?" The four princes couldn't think of the Weiyue ball answering in any way, wondering.

"His Royal Highness, just as it is inconvenient for you to say something to me, I am also inconvenient to say something to you. Even if I thank you for your kindness, I still will not obey your arrangement." Wei Yuewu said firmly. .

The fourth prince was unwilling to say why he was being adopted, and Wei Yuewu was not reluctant, because she herself had a reason not to leave, but for this reason, she was inconvenient to tell the fourth prince.

"Do you like Yan Huaihuan?" The four princes' faces were gloomy.

"Whatever you like, how about if you don't like it?" Wei Yuewu looked at the four princes unmoved.

"Yan Huaihuan really does not lack a favorite woman, whether it is the third princess or the fourth princess, even Jing Wenyan and that Miss Lin, which one is not a moth to catch fire, you really think you can win His like? Jingde, you should wake up, he won't like you, he likes your father's power! "

Seeing Wei Yuewu so obsessed with it, the four princes said angrily.

"My father has now given all the power to his elder brother. He doesn't have much power now!" Wei Yuewu thought about it.

"How do you not listen? Even though your father has now given all your military power to your elder brother, but the hundred-footed snake is dead and not stiff, does your father really have nothing!" The four princes hate iron and steel. Glared at Weiyue Wu angrily.

"Father still has power?" Wei Yuewu raised an eyebrow.

The four princes who asked these words were stunned, and for a moment did not know how to answer well, but had to vaguely say: "Jingde, if you still want to live a peaceful life, leave Yan Huaiyu, this is what your father meant ! "

"My father?" Wei Yuewu actually stumbled this time. She knew her father didn't like Yan Huaiyu, but she didn't expect her father to like this.

"Do you really think that this is just my own thought? Of course, there is also the meaning of Huayang Hou. Huayang Hou also thinks that you still return to Jiangnan. For so many years, you have lived well in Jiangnan and your grandmother I take care of you very well, calm and happy, and when Yan Huaiyuan returns to Yandi, Huayang Hou Zi will find another good one for you. "

The four princes were slightly moved when they saw Wei Yuewu, they were overjoyed, and hurriedly advised.

Although he and Wen Tianyao did this, he also sent someone to Wei Luowen secretly afterwards that Wei Yuewu was in her hands, and the reason for taking her away was to let her leave Yan Huaiyu.

It was Wei Luowen's idea to return Wei Yue Wu to Jiangnan again, and thank the four princes for taking Wei Yue Wu away.

Of course, this time he had no reason to come, because he was afraid of being caught by Yan Huaiyu.

"Father wants me to leave Yan Huaiyu?" Wei Yuewu didn't expect Wei Luowen to participate in the incident, and her face sank for a while.

"Yes, if you don't believe me, I can ask Huayang Hou to come over!" The four princes thought that Wei Yue Wu didn't believe it, and said specifically.

"No need!" Wei Yuewu shook her head. At this time, she still feels that Wei Luowen is not good. Yan Huaiyu should be coming soon. If he is allowed to see his father here, it will be beautiful.

How stingy this man is, others do n't know, and Wei Yue Wu will not know, for fear that his father will meet him in a while. The black-bellied fox has never been a master willing to suffer.

"Do you believe it?" The four princes nodded.

"I believe in my father and my Highness, but I still don't want to leave!" Wei Yuewu nodded first, then shook her head. "I am the concubine of Yan Wangfu. Since I have been married to Yan Wangfu, I cannot leave at will. . "

"Your son-in-law did not get the approval of Yan Huaiyu at all. He only recognized that Miss Lin, how did you not understand it?" The four princes still couldn't understand Wei Yue Wu, and his heart was irritated. .

"I don't believe it!" Wei Yuewu shook her head.

"How do you believe?" The four princes calmed down suddenly.

"I want to hear rumors from the outside!" Wei Yuewu said to the four princes.

"Do you want to hear rumors from outside? What do you mean?" The four princes were surprised, wondering what the meaning of Weiyuewu was, but what they thought.

"His Highness, rest assured, I will never let His Royal Highness be embarrassed, I just listen to how the legend is told outside, if it is really what His Highness said ... I will be cold, and I will leave with His Highness and my father's will Wei Yuewu sighed and leaned back, her eyes faintly looking out of the round pavilion.

"If it's true as I said, would you leave for Jiangnan?" The four princes stared at Weiyue Dance Road.

"Yes, I will leave, I will listen to you!" Wei Yuewu nodded.

"Okay, I'll take you out to listen, but you have to promise not to tell anyone, you are the Lord of Jingde County." The four princes gritted their teeth and nodded.

"His Highness rest assured, I will never take the initiative to tell others that I am the Lord of Jingde County!" Wei Yuewu nodded and promised.

Of course she would not take the initiative to tell others, but if someone finds out she is the Lord of Jingde County, it is not her business!

Since the four princes agreed to Wei Yuewu, they moved immediately, prepared a cap for Wei Yuewu, and took Wei Yuewu to an ordinary carriage at the door.

Although the carriage is ordinary, it is relatively large and the inside is very comfortable. After Wei Yue Wu and the four princes got on the carriage, they hurried to the main street in Beijing.

No one noticed, at the corner of the other courtyard, a young man with a bit of suffocation was watching the departure of the carriage with a smile, and said to himself: "Sure enough, let Shizi guess, can you still It's harder to guess, but the four princes have been with him for so long, but Shizi will taste it. Let 's go, or report it earlier, otherwise I 'll miss Chiyu soon! "

Then he turned to a horse parked in a corner rather leisurely, and the horseman jumped into the horse, and the carriage went away ...

The four princes' carriages reached the main road in the city, and then stopped at an extremely busy tea house.

The girl hugged Wei Yuewu's men and got out of the carriage.

This girl ring is also the girl ring in the fourth prince's courtyard. As for the two girl rings in Wei Yuewu itself, naturally they stay in the other courtyard. Regarding this, the fourth prince will not let it go, otherwise it will not Wei Yue danced out.

In the end Wei Yuewu had to compromise.

When they arrived at the tea house, they did not go to the private room on the second floor, they just found a seat on the ground floor near the window.

The cap on Weiyuewu's head has not been removed.

"I heard that there wasn't. The Miss Lin at the King's Palace was gone. It was said that she was robbed?"

"True? Didn't that say it was the love of Yan Wang Shizi?"

"No, this is the time when King Shiyan is anxious to turn over the entire capital."

"so smart....."

"No, but that is the love of Yan Wang Shizi. Shizi also issued a notification. If there is a source, he will be rewarded again ..."
