Chapter 941: Golden Seal of the Virgin of Nanxia

"Yun Xiu Niang, what is the maiden's golden seal?" Wei Yuewu asked, looking at Yun Xiu Ni in front of her.

"Golden seal of the maiden?" Yun Xiu Niang was startled, and the needle in her hand immediately pierced her fingertips, and blood spewed from her fingers instantly.

"Yunxiu Niang, I don't care what kind of secret you have hidden, or please tell me, what is the maiden's golden seal, and what is it, why is Nanxia country so eager to pursue the maiden's golden seal?" Wei Yue The dance eyes fell on Yun Xiu Niang's body, and her eyes asked coldly.

The second prince of Nanxia Kingdom said to her, "The Golden Seal of the Virgin!"

Wei Yue Wu hasn't even thought about it yet. What does this matter have to do with herself? Besides, when she asked Yun Xiu Niang before, she didn't talk about the maiden's golden seal.

But one thing is certain, the second prince of the Nanxia Kingdom should feel that the maiden's gold seal is in his hands.

"Master, this ... this ..." Yun Xiu Niang couldn't bear the blood in her hands, her eyes panicked.

"Yun Xiu Niang, now the second prince of the Nanxia Kingdom just identified this maiden's golden seal in the hands of our master, and asked Yun Xiu Niang to make it clear what this so-called maiden's golden seal is!"

The end of the painting was anxious.

"The second prince of the Nanxia Kingdom was staring at our master. When he went to Beijing incognito before, he already stared at our master. After that, he planned to send Chunmei into the house. Now he still intercepts the master. Carriage, if you don't say it again, what he will do next time! "

Jin Ling also said on the side.

Yun Xiu Niang's face was pale, her hands were a little trembling, she looked at a few anxious girls, looked at her Weiyue dance peacefully, and stomped her feet hard: "Hey, hey, this saint I told the master about the female gold seal. I thought they would not think of the master, and Chunmei didn't have time to spread the news. "

Although Qin Mei saw Yunxiu Niang, she also knew that Yunxiu Niang was in Yanwang Mansion, and she seemed to recognize her identity, but Chunmei had no chance to leave the house under the surveillance of Yan Wangfu's guards. Opportunity to leave the house, not even the opportunity to the door of the house, it is impossible to spread the story of Yun Xiu Niang's stay at Yan Wangfu.

Yun Xiu Niang didn't know why the second prince of the Nanxia Kingdom just recognized Wei Yue Wu.

After the fixation, Yun Xiu Niang gritted her teeth, and all the bones turned out: "The golden seal of the maiden is the certificate of the maiden. Without the golden seal of the maiden, it cannot be regarded as a true maiden, and every maiden marries After entering the palace, the maiden's golden seal will be given to the next maiden! "

If Yunxiu Niang came in accordance with Nanxia Yin's rules, she would naturally marry into the harem, and then hand over the maiden gold seal.

But now Yunxiu Niang escaped with her lover, and this maiden's golden seal naturally came out.

"So, the most important thing for Nanxia Kingdom is this golden seal of the maiden?" Wei Yuewu groaned and asked.

"A lady with a gold seal in her hand must be a lady, so she dare not give this gold seal to the master!" Yun Xiu Niang smiled bitterly. "Afraid of causing endless trouble to the master, the gold seal on the palm of the lady, It must be the maiden of the Nanxia Kingdom, and it is bound to marry the prince of the Nanxia Kingdom. "

"If this gold seal falls in my hands, then I must marry the prince of the Nanxia Kingdom, or the second prince!" Wei Yue Wu Liu Mei slightly frowned.

"That's what it means!" Yun Xiuxiang said helplessly, "However, I haven't disclosed anything about Yan Wangfu. Why did the second prince of Nanxia Kingdom keep an eye on the master?"

"Yes, slaves also feel strange. As soon as the second emperor of the Nanxia Kingdom entered Beijing, the goal was very clear, that is, the master. How could he be sure that the gold seal was in the master's hands?" Yun Xiuniang said, Jin Ling followed with surprise.

The enchanting second prince of the Nanxia Kingdom in red, when he entered Beijing at that time, even counting Wei Yue Wu, it was clear that the goal was very clear.

"It's Auntie Winter!" Wei Yuewu thought about the cause and effect, surely.

All the previous directions of Auntie Dong pointed to herself. The second prince of the Nanxia Kingdom thought, just such a thing, not everyone in the Nanxia Kingdom can know it!

Wei Yue Wu can basically guess that Aunt Dong is also a native of Nanxia, and it is also related to the maiden of Nanxia, otherwise it would not be possible to know so clearly.

"Mrs. Yun Xiu, does this golden seal have any effect on the imperial power?" Wei Yuewu thought about it, and always felt that it seemed to be more than just a golden seal.

"Yes, the maiden's golden seal is also regarded as a kind of imperial power. If the golden seal is lost, it is like the God no longer cares about Nanxia." Yun Xiu Niang hesitated, but still told the truth.

"What, so powerful, that means that Nanxia will have to find this golden seal when he died?" Exclaimed at the end of the painting.

Even if they are just a girl ring, and they know that it is related to the imperial power, they will definitely try their best to find this golden seal. The ordinary people most believe in this kind of God's choice. know.

Nanxia should pay more attention to this so-called choice of God.

"Isn't it just a gold seal?" Wei Yuewu's face condensed. She had long felt that the second prince of the Nanxia Kingdom had given up her favorite messenger team and went directly to the imperial city to find herself. It was strange. This strange, faintly made her think that this matter should not just be a matter of golden seal.

"Master, it's ... I'm the master, and this ... The gold seal should appear with the maiden." Yunxiu Niu rushed to her knees in front of Weiyuewu with a look of shame.

"What do you mean?" I didn't understand at the end of the picture and asked subconsciously.

Shu Fei and Jin Ling frowned tightly, even Yu Yan on one side felt a sudden jump in her heart, giving birth to a bad feeling.

"There has been no maiden in Nanxia for so many years. It is impossible for Emperor Nanxia to say that the maiden has disappeared to the people. It must be said that this time the maiden was not born in Nanxia, but will return in the future." Hesitated for a moment, but still said the truth.

"So, there should be a saint who appears with Jinyin this time, or the Nanxia royal family can't explain to their own people!" Wei Yuewu's eyes cooled down.

"Yes ... yes, this means" Yunxiu Niang bowed her head in shame.

"Then why didn't you say it earlier!" Wei Yuewu's beautiful eyes became cold.

"I ... I don't think they may find me, and it doesn't have much to do with the master. If they did find it, I would just run away!" Yunxiu's mother choked a bit, and smiled bitterly, "At that time I will never bother the master! "

"Are you still the maiden of Nanxia?" Wei Yuewu asked coldly.

"Not the day I left Nanxia!" Said Yun Xiuxiang helplessly. "Yunxiu, if you weren't, why didn't you throw that gold seal early!" She asked at the end of the picture, in her opinion, throwing the gold seal was a hundred things.

"I ... I didn't throw it!" Yunxiu Niang bowed her head weakly. "I ... I must also be a Nanxia nationality, and don't want to see the golden seal of my country's maiden lost in my hands!"

"So, take it with you all the time, wait for the people of Nanxia to find out, and then take me back by the way?" Wei Yuewu's voice was a little cold, which was a little different from her previous attitude towards Yun Xiu Niang, This makes Yunxiu Niang feel more ashamed, and understands how much trouble she has brought to Wei Yue Wu.

She also regretted it at this time. She knew that she had told Wei Yuewu about it earlier, or that there was a turning point for him, but this would make the second prince of Nan Xia Guo pay attention to Wei Yue Wu.

"I ... I didn't know what to do. I kept it with me, and I almost forgot it later. I thought that time had passed so long, or Nanxia Kingdom would give up looking for it!" Yunxiu Niang said Take out a small piece of parcel wrapped from your arms, and slowly untie it, and really see a small seal inside.

The gold seal is not large, only the size of a thumb, and there are exquisite carvings on the side. If you look closely, there are actually two phoenixes chanting each other. Among the two phoenixes, there is actually a statue of a woman, her head slightly smiling.

The so-called golden seal, in fact, is the upper part of gold, but the lower part is jade.

"Lord, look, this is the golden seal of the maiden of the Nanxia Kingdom!" Yunxiu Niang sighed and held it in her palm.

Wei Yuewu took it, looked at it, and frowned slightly, which seemed a bit difficult to handle! Auntie Dong had no plans for a long time and moved Nan Xia's eyes to herself. In Nan Xia's eyes, she must have got everything from the previous saint, and of course she was the saint of her generation.

And he also meets all the requirements to become a saint.

The main thing is that this maiden is not only an imperial power, but also a symbol of popular support.

The second prince of Nanxia Kingdom should have moved his heart and wanted to bring himself to Nanxia. The maiden and the golden seal were brought together. The reputation of this second prince of Nanxia Kingdom must have greatly increased. Maybe it will be directly prince.

The prince of the Nanxia Kingdom is not just one. I just heard that the second prince liked the best of the Emperor Nanxia, but even if it is like it, if there is no special means to want to stand out from the princes, it is not easy. thing.

Therefore, the maiden is not only an important means for the second prince to fight for the throne, it can even be used as a hole card. After thinking about this, Weiyuewu will know that this matter will never be so good. The battle for the throne has long been a one-room fight.

Although Aunt Dong was dead, the game she laid was really powerful. Wei Yue Wu even felt that even if Aunt Dong had already been by herself, it would not be easy to break the game.

The maiden's golden seal and maiden's meaning for the Nanxia Kingdom are too great. The important thing can make the Nanxia prince increase the bargaining chip and even throw out more important means. All these needles will be Match yourself.

This will never be good.

"Yunxiu Niang, give me this golden seal!" Wei Yuewu asked, looking back from the golden seal.

Chapter 942: Attack, Mrs. Tai's Little Buddha Hall

"Master, you can't ask for this thing, this thing is a disaster. If Nanxia's prince identified you, it's probably more troublesome!" Yun Xiu Niang was startled, thinking Wei Yue Wu didn't understand this thing The tricky part, hurriedly.

"Even if you don't give it to me now, this matter will fall on my head!" Wei Yuewu instructed the end of the car to lift Yun Xiu Niang up.

"Why?" Yun Xiu Niang knew that this time might have caused big troubles for Weiyue Wu, and hurriedly asked, "Isn't that guy named Chunmei yet to report my incident?"

"She didn't, but long before she came, the second prince of Nanxia Guo identified me!" Wei Yuewu lowered her head, and the falling eyes fell on the gold seal in her hand, her eyes slowly condensed, Because Aunt Dong's plan was earlier than Yun Xiu Niang.

"Then ... what to do?" Yun Xiu Niang was dumbfounded. Originally, she was covering her intentions that she didn't say, and it was also directed to Wei Yue Wu.

"Let me here first!" Weiyue danced.

"Master, how could I go to the prince of Nanxia Kingdom and tell him this gold seal is in my hand and let him take me back to Nanxia Kingdom!" Yun Xiu Niang bit her teeth and said that this was She can't push it all to the master.

"You're useless! It's such a good chance to win the prince. Do you think the second prince of the Nanxia Kingdom will give up!" Wei Yuewu shook her head.

If Aunt Dong's layout is so good, I'm afraid I won't set up such a dead end early!

Even if Aunt Winter is dead now, I'm afraid there is something to follow.

Until now, Yunxiu Niang had no choice but to agree to give the gold seal to Weiyuewu, but still repeatedly told Weiyuewu not to be seen by the second emperor of the Nanxia kingdom in front of others, otherwise The second prince might take the opportunity to have trouble.

At the time of the peace negotiation between Zhongxia and Zhongshan in Nanxia, a small event could cause a major event.

If Weiyuewu shows a gold seal in front of people, it is likely that it will be identified by the second prince as the sage of the Nanxia Kingdom. Even if Weiyuewu's current status is the concubine of the king of the king, maybe he will also be taken to Go to the country of Nanxia.

The relationship between the two countries was sometimes greater than everything else.

Yun Xiu Niang was taken at the end of the painting, but Wei Yuewu kept staring at the gold seal in front of her for a long time. Some things didn't seem to flash in her mind, but after flashing, she couldn't catch it for a while. What, it made her Liu Mei frown tightly, a pair of water eyes with a slight doubt, just landed on the gold seal.

The gold seal is actually nothing to look at.

"Master, don't look at it, there is nothing visible on the gold seal!" Jin Ling also saw Wei Yuewu for a long time, afraid that she was too laborious, and persuaded lowly.

"Master, please take a break first. This golden seal will not show you anything. Besides, as long as you don't show it in front of the people, the second prince of the Nanxia Kingdom can still point out that you are the maiden of their country. He said At this point, you have to look at Shizi. "Yu Yan also advised.

They were all afraid that Wei Yue Wu's body would not be good and would really hurt God.

"This matter is related to Aunt Dong ..." Wei Yuewu did not pay attention to what they said, but said to herself lowly.

"Aunt Dong has already died, Master!" Jin Ling reminded her.

"That's Wei Yuejiao!" Wei Yuewu changed her mind, and her heart moved inexplicably. Wei Yuejiao is now returning to Huayang Houfu, and she also worships Buddha with her wife, which seems very devout.

"When the master talked to Miss Four that day, the slave saw Miss Three overhearing over there!" Wei Yuewu mentioned Wei Yuejiao and Jin Ling said that she had already mentioned this with Wei Yuewu on her way back that day. Things, "would Miss Three come up with another demon son?"

Regarding Wei Yuejiao, let alone Wei Yuewu don't believe it, not even a few girls around her.

"Jin Ling, you are going to Huayang Houfu these few days." After a little thought, Wei Yuewu had made up her mind and recovered her eyes from the golden seal. Since this golden seal was caused by Aunt Dong, it was returned. In the past, although she was not here, wasn't Wei Yuejiao still there!

"Slave went to Huayang Houfu?" Jin Ling froze for a moment.

"Yes, just tell me to do a ritual for my mother. You go back to Huayang Houfu and prepare some necessary things for me. Please ask my mother to help prepare some necessary things like my mother's clothes."

Practical matters, especially some grand rituals, require a lot of things, and it is better to have some necessary clothing and the like.

Wei Yue Wu is not very convenient at Yan Wang Mansion. It is normal to send a girl to take care of it.

"A big deal? Will Mrs. Tai agree?" Jin Ling reminded Wei Yue Wudao, how does Mrs. Tai seem to like the way of giving birth to Wei Yue Wu's biological mother? I heard that Mrs. Tai's birth mother is I do n't like it, otherwise, when Wei Yuewu entered the house, she would n't see her mother 's courtyard ruined.

"Not a big deal, just a little filial piety. Of course, Mrs. Tai would be the best if she would let me do it in her temple!" There was a faint, light wave in the water eyes.

The nature of Mrs. Ether is very easy to propose.

"This ... Madam's Little Buddha Hall?" Jin Ling froze for a moment.

"Yes, Mrs. Tai's Little Buddha Hall." Wei Yue said with a hint.

"Okay, slaves understand!" Jin Ling had already expressed a little meaning at this time, and nodded at the moment.

"When you come to Houfu of Huayang, pay more attention to Wei Yuejiao." Wei Yuewu instructed softly again, always feeling that Aunt Winter and Wei Yuejiao wanted to come out at this time, which was extremely difficult.

Although Aunt Dong will die this time, Wei Yuejiao is still there.

Next, Wei Yuewu thought about it again, pointed out a key point, and let Jin Ling pay attention.

"Yes, slaves understand!" Jin Ling nodded, stepped back to prepare, and went to Huayang Houfu. He told one on the door that he heard Wei Yuewu instruct her to organize the things of the first lady. When the lady did a ritual, the people at the door dare to neglect, and hurriedly turned around to report to Tu.

Soon after, people around Tu's picked up Jin Ling.

Mrs. Tai's Jingxinxuan seems not to be meditation lately, she hears the sound of chanting from time to time, not only Mrs. Tai, but also the third Miss Wei Yuejiao who returns. It is said that due to the death of Aunt Dong Dong, The damage was so great that she would only want the green lantern and the ancient Buddha.

Early in the morning, she would greet Mrs. Tai, and then she would stay in Mrs. Tai's newly-built small Buddhist temple. She would not leave at night. It can be said that she spends almost one day in Mrs. Tai's yard. Rarely does it leave.

If Mrs. Tai comes over, she will accompany Mrs. Tai.

But Mrs. Tai didn't come much, she only came occasionally. Most of the time, only Wei Yuejiao was there. The chanting chanting from time to time in the small Buddha hall was quite satisfactory to Mrs. Tai.

Originally because of Aunt Dong's affairs, Mrs. Tai was quite displeased with Wei Yuejiao, but now it is because of Wei Yuejiao's behavior that she feels like her own heart, and she is not as cold-hearted as before.

Li Yan, who had followed Aunt Dong in the past, also followed Wei Yuejiao, and finally Mrs. Tai gave Wei Yuejiao the Xueyan beside her.

This Xueyan is just a low-grade girl ring on Mrs. Tai's side. The reason why it was given to Wei Yuejiao is that Mrs. Tai heard that this girl ring called Xueyan seems to like to serve the things in the Buddhist temple, always sneaking in. Worship, and also wiped the vessels in front of the Buddha very carefully, it seems that he is a believer in Buddhism, and Wei Yuejiao in front of this meeting has no one besides Li Yan.

Mrs. Tai gave this girl named Xueyan to Wei Yuejiao.

This pair of masters and servants were so devoted to the affairs of the small Buddha hall, but they were quite satisfied with Mrs. Tai.

After Jin Ling entered the house, Mrs. Tai came here first to report the meaning of Yuewu to Mrs. Tai, and Mrs. Tai's face sank.

"Since the dancing girl feels that she is going to do a ritual for her mother, do a ritual, but now the Huayang Houfu has a new wife, dancing girl, and doing so much fanfare, I'm afraid it's not good!" Mrs. Tai said something quite a bit of yin and yang.

"Mrs. Tai, our master said that she is not a big deal. She is not big enough, so there are few people, but she is thinking of Mrs. So, although the specifications are smaller, other matters need to be prepared. This is also regarded as Our filial piety! "Wei Yuewu had expected Madam Tai to dislike it.

This remark was also made early by Jin Ling's instructions.

"It doesn't matter if it's smaller, so why go out and do it in the house!" Mrs. Tai thought for a while, and said coldly, according to her mind, of course, it was not good, but Wei Yuewu proposed so. She was inconvenient to refuse, and the current Weiyue Wu is not the identity of Miss Liuyang Houfu.

"Do it in the house? This ... isn't there a Buddhist temple?" Jin Ling said embarrassedly at Mrs. Tai.

"Isn't there a small Buddhist temple here? Could it be that your masters don't look down on it!" Madame Tai's face sank and her voice was bad.

"Yes, the master will definitely like it!" You can see what Jin Ling said reluctantly, but Mrs. Tai made a speech, and she couldn't say that she didn't look down on Mrs. Tai's Buddhist temple.

"Go back and tell your master, if your master agrees, the little Buddha hall will borrow you recently. Any arrangement of love will do. It is always your filial piety. How can I not support my wife!" After that, the gloom of Fang Cai was swept away.

"Yes, the slaves will return to the house after a while and report to our master!" Jin Ling said helplessly.

Later, I went to see Tu and told Mrs. Tai again. There was nothing he could do, so people sent Jin Ling back, and then Jin Ling came back again and went to see Mrs. Tai and said Wei Yue Wu Thanks to Mrs. Tai, and she still lived in the yard before Wei Yuewu's marriage.

Then came to the Buddhist temple to set up.

Mrs. Tai was quite satisfied with Wei Yuewu's reaction to this, and she didn't embarrass Jin Ling afterwards, so she was missing something to find Acer herself!

"What? Wei Yuewu has to do things, and she still has to do it here, what does she mean?" Wei Yuejiao's face was a little pale under the lights, showing some weirdness ...

Chapter 943: Fragrant incense

Wei Yuejiao was a bit late when she got the news. She had already returned to her yard. She still lived in her own ceremonial yard, but there were fewer people waiting for it. Only a few were left in Liao Liao.

This was Tu's match for her these days. Before she was sent to Zhuangzi outside the city, it was deserted here.

All the people were dimmed, and there was only an old lady at the gate.

"Slave didn't know what she meant!" Li Min hesitated. With Aunt Dong's downfall, she also lost her temperament.

Although I returned to Huayang Houfu this time, Huayang Houfu was not the world of Li and Aunt Dong. The new Mrs. Huayang Hou is Tu and has nothing to do with Aunt Dong.

"Tell her mother something, what about my mother? My mother and her brother in the stomach died because of that bitch, and who gave them something to do!" Wei Yuejiao gritted her teeth, eyes resentful.

The death of Auntie Winter, she did not think that it was Auntie Winter who had eaten it, and pushed it to Weiyuewu. She felt that it was Weiyuewu who wanted to harm them, and that made Auntiedong die.

This account, she all pushed on Wei Yuewu's body.

I feel that I and Aunt Dong are extremely innocent.

What made Yue Yue Wu angry, too, Mrs. Tai also faintly said that Aunt Dong was taking care of herself, and she was not good at that time, and she went back to her house, and her father never saw her, if not She carefully pleased Mrs. Tai, I'm afraid it would go unnoticed.

And all this is caused by Wei Yue Wu, how can she let go of Wei Yue Wu.

"Li Yan, I want to make her mother's affair a joke!" Wei Yuejiao sneered.

"Miss, don't move lightly, you will move lightly, it's easy to do bad things. By then, you can really waste your aunt's thoughts!" Li Yan whispered.

"But I can't bear this tone!" Wei Yuejiao hated, her face sullen under the light.

"Until the end, Miss Three, you have to put up with this tone. Think about your auntie, think about the arrangement of your auntie. If it does, she may not end in the future!" Taking advantage of Aunt Dong's plan, Li Yan persuaded Wei Yuejiao.

"Okay, I endure!" Wei Yuejiao gritted her teeth and asked another thing. "The second prince of Nanxia Kingdom did not respond?"

She had previously secretly taken over from the second prince of the Nanxia Kingdom, as Aunt Dong said during her lifetime, but she said nothing there. She has been waiting for news recently.

"I don't know this slave, I can't see any reaction. The second prince seems to be in no hurry!" Li Min shook his head and bewildered. He is very willing to deal with Wei Yuewu, but this one seems to have no interest! "

They had contacted the second prince in private, but the second prince had been speechless.

"Otherwise, let the two princesses come to Beijing!" Wei Yuejiao didn't know how to deal with this matter, thought about it.

"Miss Three, slaves think it's better to wait, maybe the second prince is intentional." Li Wei advised Wei Yuejiao more patience.

"Okay, then you go out again tomorrow, and then ask Wei Yuewu to do something for her **** mother in the little Buddha hall, and also said that if he has an idea, let him do it faster, if it is true No, just turn the two princesses. I heard that the little princess has a brother, but not the prince right now! "

Wei Yuejiao bit her teeth, she really felt that she couldn't stand it for a moment. Whenever she saw Wei Yewu appearing in front of herself like the stars holding the moon, she could not wait to tear Wei Yewu.

She feels that Wei Yue Wu is now her own.

If Wei Yue Wu died on the way to Beijing, then these are his own.

"Tell this thing too?" The inexplicable Li Yan felt a bit inappropriate.

"Yes, let's say, we can't help it, maybe the second prince has a way, and we don't believe he really doesn't feel that maiden. The aunt said, if he takes the maiden back, he will let Everyone is convinced that this future Nanxia emperor's position is his, how can he not be impressed! "

"Yes, slaves will go out again tomorrow by looking for some good incense candles!" Listening to Wei Yuejiao's words, Li Ye also felt reasonable and nodded.

This was originally the responsibility of Aunt Dong, but now it falls on Wei Yuejiao. There are some things that Li Yan actually didn't know. At that time, Aunt Dong was sure that her calculations could be successful. You can also take this opportunity to return to Huayang Houfu.

I expected to count everything, and in the end I caught up with my own life. There were some things that I didn't make clear to Wei Yuejiao and Li Yan.

Jin Ling was set up at Mrs. Tai's Buddhist hall early in the morning. She also specially asked Tu for a few people to come over, and the quiet little Buddhist hall suddenly became lively.

Wei Yuejiao was even squeezed into the corner of the Buddhist temple to slowly read the scriptures.

Xue Yuejiao is next to Wei Yuejiao. This is going to accompany Wei Yuejiao for morning classes. Both people seem to be familiar with each other. Wei Yuejiao's eyes only fall on the scriptures. Xueyan helps her. Knocking on a wooden fish, it really looks like a serious chanting.

But Jin Ling was keenly aware that Wei Yuejiao turned her eyes from time to time, and seemed to be spying on what she was doing. But every time her eyes moved, Wei Yuejiao's eyes quickly disappeared. .

If it wasn't for Jinling's quick response, I wouldn't really find it.

Sure enough, as the Lord said, Wei Yuejiao is not a person who can read the scriptures well!

The so-called ritual Buddha is just a means.

Wei Yuejiao's gaze was indeed looking at Jin Ling's arrangement, in an obscure way that she didn't think Jin Ling would notice ...

And Jin Ling was watching her in a more subtle way.

Jin Ling arranged here, Mrs. Tai didn't come, but sent Acer over. After Acer came and looked at it, correcting some arrangements of Jin Ling. On this point, of course, Acer has experience.

Because the arrangement is about the ritual of Weiyuewu's biological mother, of course, Tu also has to take a look at it.

Although Tu was not very old, her parents died when she was a child. She also knew a little about the arrangement of the ritual, so she helped Jin Ling adjust it a little, and even added some.

In short, even after the pass, even Jin Ling himself did not know which ones were arranged according to Wei Yue Wu's requirements.

After a rush, there were only two girls in the ring.

Jin Ling left this meeting too.

Wei Yuejiao seemed tired of this meeting, put down the scriptures in her hands, stood up and moved her legs, bent over again, and then walked forward casually to clear a column of incense.

Inside the side of the incense burner are a large number of incenses, which are sandalwood prepared by Mrs. Tai, but they will be put on two more incenses. The bottom is still very tight and only the top is exposed. It's a head, and it's not the same as Mrs. Tai prepared before. This should be put on by Jin Ling.

Wei Yuejiao's eyes fell on the incense, although it is very strict, but if you take away a few, it will not actually let the package loose.

The incense is very fine, it seems a little bit thinner than that prepared by Mrs. Tai, and it has a touch of sandalwood. It should also be a good fragrance. Wei Yue Wu is the first way for her biological mother. Of course, simple incense cannot be used.

The fragrant wrapping paper also reflects the suppliers.

After Wei Yuejiao glanced, she first looked at the two girl rings that were still being sorted out, and then quietly smoked two incense sticks, and then took a small shot, and then clicked the rest. , Inserted in the censer, respected and saluting, then retreated.

"Miss, would you like to take a break!" Xueyan asked in a low voice when she came over.

"Let's go!" Wei Yuejiao nodded, and her legs and numbness were indeed numb when she sat there, and she gave a gift to the statue in the middle. Wei Yuejiao slowly walked out with Xueyan's hand. Mrs. Tai walked in the small garden and took a rest.

Wei Yuejiao was actually very uncomfortable when she just sat like this.

But in order to get Mrs. Tai's favor, she had to do it again.

"Bring the incense to Li Yan for a while!" Wei Yuejiao passed the small piece of incense in the sleeve, Xueyan hurriedly took it, put it in the sleeve, and promised, "Yes, the slave will ! "

Although this Xueyan was in the wife's yard, Aunt Dong used to be kind to her, which is now Wei Yuejiao's confidant. This time, she can let Mrs. Tai call her in front of Wei Yuejiao, which is also Li Yigang's help. She figured it out.

"Miss, do you want to tell Li Yan?" Xueyan asked again.

"Just say this is the fragrance that Wei Yuewu's little **** prepared for her biological mother!" Wei Yuejiao resentfully said, "Maybe the second prince of Nanxia Kingdom would like to know such a thing!"

In fact, she didn't think about what to do with the incense, but only thought it might be useful, she deliberately choked.

"Yes, the slaves know!" Xueyan whispered, strolling for a while, Wei Yuejiao returned to the small Buddhist temple again, still carefully watching the scriptures, a very religious look.

Xueyan didn't follow immediately, first went to Li Yan, and then returned to the Little Buddha Hall. She was still with Wei Yuejiao, but no one noticed her.

After Li Yan went out of the back door, he told the back door to find some good incense for the little Buddha hall. The mother-in-law on the back door heard that it was Mrs. Tai's little hall. She dared to stop and let it go. .

After exiting the back door of Houfu House in Huayang, she did not rush to leave. She first stood by the door for a while, and then pretended that she seemed to have forgotten something. After entering the back door, she said something to her wife, and then looked No one left before leaving.

As soon as she left, Yan Yang, who was outside, followed...

Li went out all the way, first went to several incense candle shops and asked, then turned into a small alley, and then crossed the street, went to another small alley, looked at the left and right, knocked directly The door to the second yard ...

Chapter 944: Change a trading object

"His Royal Highness, don't you want to take the maiden back?" Li Yan asked carefully.

The second emperor of the Nanxia Kingdom, Hua You, wears a red brocade, leaning on the back of the chair with a bit of comfort, and gently hits the palm with a folding fan in his hand: "You three ladies, just want to get rid of the silence Lord of Texas? "

"It wasn't our three young ladies who wanted to get rid of her, it was Jingde County that was too vicious ... I ... our auntie and the little master in the stomach, both dead and dead ... now they are gone," said Li Yiyi. Here, the eyes were red. Although the words had tainted Weiyuewu, Aunt Dong was indeed a dead body. The half-true and half-false words of Li Zhi made herself sad.

"Are they all the main cause of Jingde County?" He asked, looking at the real sadness on Li Min's face.

"Yes, it 's all the Lord of Jingde County. Your second Highness, do n't look at the Lord of Jingde County. She looks gentle and gentle, but for Miss Three and Auntie, it 's always vicious to start, and Miss Three is now forced Helpless, can't help myself! "Li Yan told Wei Yuejiao the helplessness that she would start with Wei Yuewu.

"I helped you, do you have to pay something?" Said the second prince lightly.

"What?" Li Yan asked, staring at Huayou with his eyes wide open without understanding what he meant.

"I said, I have nothing to do with the three of you, so reaching out to help you, you always have to pay some price!" Huayou casually said.

"But ... but wouldn't it be of great benefit if His Royal Highness brought back the Holy ... Female?"

"How do you know?" Huayou's face suddenly cooled down. "Even if it is true, I don't have to bring back the Lord of Jingde County, how can her identity be easily taken away!"

"Slave ... Slave ..." Li Zhe couldn't answer for a moment, thinking that this kind of thing would be mutually beneficial. I never imagined that the second prince of the Nanxia Kingdom would suddenly turn his face, and also asked them how to know .

How dare Li Yan say this, Auntie Dong had repeatedly told him that she couldn't say it.

This bureau was indeed set up very early. Aunt Dong was given an occasional opportunity to get some clothing and embroidery from the previous saint of Nanxia, and then consciously collected these things.

Li Yan is the confidant of Winter Auntie, so she also knows that Winter Auntie is not from Zhongshan Kingdom, she is also from Nanxia Kingdom. It's not clear what Li Yun was, only that her parents Soon after arriving in Zhongshan, it seemed that he had died one after the other, leaving the young Aunt Winter, and then entered Huayang Houfu as a girl ring.

Before Weiyuewu entered Beijing, Auntie Dong set up a game on the border side, so that all the directions and evidence there point to Weiyuewu in Yanghoufu of Beijing, although Weiyuewu had not yet entered Beijing.

After Li Weiwu entered Beijing, Wei Yuejiao also entered Beijing not long after, and brought the sachet embroidered by the former maiden of Nanxia Kingdom to Wei Yuewu, and then Auntie Dong went to Beijing to send many materials. The root line is connected.

But these are not enough. Li Zhi knew that there was a person from the Nanxia Kingdom who seemed to be the uncle who was later contacted by the Aunt Dong. The second prince of the Nanxia Kingdom could find Wei Yue Wu so quickly. Needle lead inside.

And in the Nanxia ambassador, most of them are now guessing that the moon dance should be their maiden, so it is important to bring back the maiden.

And such an important matter, of course, fell on the second prince, Hua You, who brought the group to Beijing this time.

Everything is taken for granted. Li Ye does not understand why the second prince is different from what he thought.

Combining benefits is beneficial to everyone. Why does the second prince seem unwilling to cooperate with himself?

"Let's talk, who is helping you to speak, and who is in the mission, saying that the Lord of Jingde County is a saint?" Hua Youjun said coldly, harshly.

"Slave ... Slave don't know what you're talking about!" Li Zhi gritted her teeth, where she dared to reveal the slightest bit of news, she knew that such things would not be good in the hands of that master, Aunt Dong's. If it turns out, I'm afraid it will be over.

And they are not flattering.

"That's the case, then please come back!" Huayou stood up, turned around and walked in, but didn't mean to stop at all.

"Wait a moment, Your Highness ..." Li Ai was anxious, took the first two steps, but was blocked by a guard expressionlessly, and could only watch Huayou disappear in front of her eyes.

"You go back!" The guard looked at Li Yan coldly, and put his hand on the sword.

Li Yan's face was frightened, and he didn't dare to entangle anymore, so he had to walk outside the door. When he got the door, he sighed and stomped his feet. What can I do now? Miss Three is still waiting for herself Good news, but I haven't brought back any good news.

But what if you do n't go back, it looks like God is going to die.

This plan of Auntie Dong is not working anymore, Miss Three can only think differently. If she thinks about it clearly, Li Yan will not delay time anymore, she will recognize the way and go on the way before, this is the post in Beijing Hall, she is going through the backyard door.

"Well, this mother-in-law is very clever and see where it comes from?" The voice of a woman with a bit of coquettishness suddenly sounded in her ear.

Li Yanran looked up, seeing the stars staring at the moon, and wondered who it was.

"Bold, it's not good to see our Princess Qingyue!" A mother-in-law scolded.

"I've seen Princess Qingyue!" Li Yi first met, and then she was overjoyed. She hurried up the first two steps, saluting respectfully, and then said, "Princess Qingyue, the slave has an important thing to tell you, maybe It will be related to your status in Beijing, or to the elder brother of the princess! "

"With my brother?" Princess Qingyue froze.

"Yes, it's about the status of the princess's elder brother!" Li Yan said implicitly.

This said Princess Qingyue's face changed greatly, she looked around, but found no one else, she was relieved: "Come with me!"

After that, he turned and walked to a moon cave door.

Li Xi was overjoyed, and hurried to follow up. Miss San meant that if she could not deal with the prince of Nanxia Kingdom, she would talk to the princess of Nanxia Kingdom, especially this Princess Qingyue. Now the second prince who entered Beijing is very competitive ...

"How's it going?" Huayou still sat in the chair she sat in before, asking leisurely.

"His Royal Highness, follow me!" The guard reportedly respectfully.

"Sure enough, my sister Yuejiao is really a princess, in fact, she should be a prince!" Hua Youjun sighed with a smile on her face.

"His Royal Highness, if she is really asked to find the maiden first, maybe it will ... really endanger His Highness' status!" Said the guard worriedly.

"Virgin, who?" Huayou smiled slightly.

"The Lord of Jingde County, now the concubine of the King of the Swallow King, now everyone in the mission guessed that this maiden should be her, and all directions pointed at her."

The guard was a little anxious. His Highness was too wide-hearted. He left the Mission to Beijing hurriedly, not just for the maiden. Why is it almost time for the Highness?

Pushing a good girl to Princess Qingyue's side. If Princess Qingyue really took the lead, Her Highness's pulse would not be dominant.

"All the directions are pointing at her, but she hasn't actually found the maiden's thing on her, so she can't be regarded as a real maiden." Huayou said without panic, eyes flashed With a touch of contemplation, the young girl who had taken a breath of time, if he was really a saint, he would certainly be willing to bring it back to Nanxia.

Not only because of the maiden, but also the coldness and indifference in her beautiful eyes.

The two have actually fought each other. And it's clear that Huayou didn't get any good, because he was a little more vigilant while being curious about the Jingde County Lord.

If it really proves that Wei Yue Wu is the maiden of the Nanxia Kingdom, I'm afraid it's very difficult to handle, not only Wei Yue Wu itself is not easy to deal with, but also Yan Huaiyu.

He certainly remembers the scene when the King of Kings Yan hit himself strongly. The one who was holding up at the time seemed to help him check the injuries on his body, but in fact only he himself could clearly understand.

How embarrassed Yan Yanhuai's smiley voice was, bloodthirsty.

That was a warning to himself, so he didn't dare to move lightly. Since Hua Qingyue was willing to hit the front line, let her go, just find a flaw on the side.

Everyone in the world says that Yan Huaiyan is most concerned about Miss Lin, who is Yan Di. Although Hua You has not seen this Miss Lin, she is quite dismissive of such rumors.

He keenly felt that Yan Huai's maintenance of Weiyue Dance had reached a horrible level.

If this is not the most important thing, then what is the most important thing? In connection with the situation in Jingzhong, Huayou feels that she must not take it lightly now, but looking at Hua Qingyue herself, the position of the maiden should not fall on Weiyuewu, otherwise she would Behind is the Nanxia Kingdom, I'm afraid not.

"Be aware of Yuejiao's behavior, don't let her fight against the West and enter the East Palace, she will most likely come!" Huayou's mind has turned to another direction. Compared to Hua Qingyue, he is more willing to spend red moon. Marry into the East Palace.

Although Hua Hongyue was not his sister, at least Hua Hongyue didn't have a brother. He was always close to himself, and he was regarded as his own.

"Yes, my subordinates know!" The guard stepped back.

Soon, at the door of the backyard, Li Yan went out with a smile ...

"What, broke something?" When Wei Yuewu received the news from Houfu of Huayang, Shuimu blinked twice and asked.

"Yes, it is said that something is broken. Would you like to see it, master? This slave has seen it before, obviously it is good, why it suddenly broke!" The book was puzzled.

"Let 's go and take a look!" Wei Yuewu put down her pen and smiled slightly. Is this going to lead herself over? Coincidentally, I was looking for a reason ...

Chapter 945: Broken glass

Mrs. Tai's Rong Xin Ge is quite lively today.

When Wei Yuewu came over, not only saw Tu's presence, but also his father Wei Luowen, it was quite surprised.

After seeing the ceremony one by one, they settled in a chair on one side.

"Wuer, you have to give your mother something, why do you disturb your grandmother's quietness, why would you think of it here?" Wei Luowen watched Wei Yuewu whispered blamely.

"Luo Wen, I let the dancing girl do it here!" Mrs. Tai coughed and took the topic.

"Mother, it's really easy to do. I'm afraid it will make her mother noisy," Wei Luowen shook his head against.

"It's okay, it's always ... it's been so many years in the past, although I didn't get along with her at the beginning, now think about it ... I'll be in the soil, what else can't be thought of!" Mrs. Tai said here, it seemed emotional Get up and sigh, helplessly said.

Wei Luowen's eyes reddened: "Mother ..."

But only two words were called, but he couldn't speak for a while.

"It was also me at the time ... bad, if I wanted to be generous, don't put those things on her, or the two of us would be happier together, and when she was helpless ... I I don't know! "Mrs. Tai's eyes also turned red, it seemed that she really lamented Qin Xinrui's helpless days in Huayang Houfu.

Wei Luowen lowered his head and exhaled softly, only feeling dull.

The original thing had passed so long, but he had a knot in his heart and couldn't beat it.

If it wasn't for marrying Ruier herself, or if she wouldn't suffer so much, then helpless, and whenever he thought of it, he felt heartache and blame himself.

"Mother, it's all my fault!" Wei Luowen said sadly.

"What's wrong is right, the mother also has prejudice. If there was not so much prejudice, the dancing girl would not have suffered so much, but now it is fine, the dancing girl is also married and sensible. Knowing that she was going to do a ritual, I borrowed a venue here, so I won't feel upset, it's my intention!"

Mrs. Tai sighed.

"Yes, everything but the mother's orders!" Mrs. Tai said so, of course, Wei Luowen was inconvenienced to say anything.

Wei Yuewu sneered, Mrs. Tai really knew her father, and she was so obedient that she made her father obey her more and more.

"Grandmother, I just said that my mother's set of glass lamps broke one. Why is that?" Seeing them silent, Wei Yuewu asked slowly.

"This incident was an accident. Two little girl rings accidentally broke one while wiping. Jinling said that this was your mother's favorite set of glass lamps, so she sent someone to inform you!" Mrs. Tai explained.

"Glazed?" Wei Luowen asked with a frown, apparently he had just arrived, and didn't know what had happened.

"Yes, my mother's favorite set of glass candles was said to have been married from my grandparents' house. When I was cleaning the house for my mother, I found out from the innermost grid. I thought it was bad at the time. It's unexpected, it's complete." Wei Yuewu explained.

Wei Yuewu said so, Wei Luowen also remembered this set of glazed candles.

"How could it break?" He asked displeasedly.

Qin Xinrui's glass set is indeed her favorite. The reason why she likes it is because the shape is beautiful and different from the general shape, it looks more delicate. When Wei Yue Wu was in Jiangnan, she heard the grandmother talk about this glass. It seems that the incident was still the grandmother's dowry. Later, because of the love of his mother, he got married.

It's not how precious this set of glazed bees are, but because they like them, they look particularly good.

The reason why this set of glass can be preserved is because it was left unused in a dark grid under the bed at the time. It is estimated that no one found it, or that some of the people's hands and feet were not clean, but they did not dare to climb to the bed to get it. This set of glazed candles was completely preserved, and then was collected by Wei Yue Wu.

Because of the way, Wei Yue Wu asked Jin Ling to take out this set of glazed beakers.

"It's been a long time since I cleaned it. The two rings were cleaned too much. I slipped my hand and fell off!" Tu explained on the side.

"Grandmother, let me see!" Wei Yuewu stood up.

"Okay, you go and see for yourself!" Mrs. Tai nodded, knowing that she was particularly concerned about what Qin Xinrui left behind.

Wei Yue Wu came to the small Buddhist temple next to it. The small Buddhist temple was very quiet. Wei Yuejiao was still sitting in the corner with her eyes and nose, and her nose and mouth chanting there. Standing by her side, she saw Wei Yuewu come in and hurried to salute.

Along with the salute, there were two little girls shaking, these two little girls were just the girl ring that just dropped the glass.

"Tell me what's going on?" Wei Yuewu waved her hand, motioned them to get up, and then sat down in a chair and asked lightly.

Opposite diagonally, Wei Yuejiao's eyes did not open, it seemed that she was concentrating on the scriptures.

Only from her slightly raised eyelashes and a slightly intermittent voice, she realized that she was not paying attention to the conclusion of the scriptures.

Since entering Yueyuewu, Wei Yuejiao can't calm down to read the scriptures.

In other words, since she heard that Wei Yuewu is doing something here, she hasn't taken it easy, but she will certainly not let Wei Yuewu find out, so she is still reading the scriptures, but her attention turns to Wei Yuewu.

"Country master, two slaves are cleaning the set of glazed glasses. After washing one, just before taking it back, she slipped down and hit the slave. Then the glazed glass ... fell off!" Yahuan cried.

Two girl rings, one left and one right, speak the one on the left, and the left is near the door.

"Did you hit her?" Wei Yuewu looked up at the ring on the right.

"Yes ... it's a slave, slave didn't know how it slipped, and then it hit the opposite side." Near the door on the right, or near Wei Yuejiao.

"You two haven't been out since you came in today?" Wei Yuewu's eyes fell under their feet.

"I went to eat a little at noon, and then came back!" The two girls ring in unison.

"Are you sprinkled water at your feet?" Wei Yuewu asked.

"But ... it may have been spilled when it was just cleaned!" The two girls rings looked at the slightly wet piece under their feet, and said bitterly.

The ground under the feet is slightly wet, and water will spill out during cleaning, and nothing seems abnormal.

But at the foot of that girl ring on the right, there is a small piece of water, which is slightly different from the others. From the perspective of Weiyue Wu, it is a coincidence that I actually saw a little shine!

Whatever is cleaned today, no matter which one, there is only dust and no shine.

But there was a little shine on that side.

"Where did you eat your meal?" Wei Yuewu calmly looked back.

"The slaves all went to the kitchen to eat. The slaves were not the wife of the wife, and we didn't have our food here." The daughter hurriedly answered.

"Does anyone use lunch in this Buddhist temple?" Wei Yuewu sneered.

"Yes ... there are three misses!" The girls took a moment to think, and immediately thought of Wei Yuejiao, immediately said.

Wei Yuejiao has lunch herself, but now that she is basically here, this lunch is also mentioned here. Wei Yue Wu often simply uses some in the Buddhist temple. Know everything.

So this layer of oil is wiped by Wei Yuejiao!

Wei Yuewu sneered. Sure enough, Wei Yuejiao was doing this again. It looked like Wei Yuejiao could not bear it anymore, and her lips were silently evoking a bit of coldness. Bian got support, this is to deal with himself.

But the second prince of the Nanxia Kingdom made it so easy for Wei Yuejiao to succeed?

I've met and played with the second prince before. This one doesn't seem to be a simple figure, so Wei Yuejiao intervened in it?

Even though she now seems to be the maiden of the Nanxia Kingdom, but Yan Huaiyu is there, Wei Yue Wu doesn't believe that the second prince does not think about it, and just follows Wei Yue Jiao to do it herself?

But if it is not the second prince of Nanxia, who is it?

It seems that the ambassador's mission to Beijing this time is not an iron plate. If he takes advantage of the fishermen, he will also ...

"What does Sister Liu mean?" Hearing Wei Yuewu mentioning himself, Wei Yue Jiao couldn't continue dressing, opened his eyes, and looked at Wei Yue Mai Road coldly.

"It's not interesting, but I think there is an oil stain at the foot of her standing. This has nothing to do with the third sister?" Wei Yuewu politely reached out and pointed at the foot of the right ring.

"I've been here!" Wei Yuejiao jumped in her heart, but her reaction remained unchanged, and her face calmed.

It was originally thought that mixing in the accidentally spilled water traces would not make people discover that it was unexpected that this cheap girl was so national, and you could still see that little shine.

"The third sister is really devoted to the Buddha now!" Wei Yuewu's eyes fell on the incense burner in front of Wei Yuejiao.

"How else can you do this!" Wei Yuejiao sighed softly with an unspeakable sadness, and her face calmed down, "I always have to atone for some aunts!"

"The third sister also thinks her aunt is wrong?" Wei Yuewu raised an eyebrow.

"Yes, she was wrong. My aunt is thinking wrong after all!" Wei Yuejiao did not admit it this time, and she was very sad. "Aunt ... whatever you thought was wrong, it hurt you as well Little brother! "

Wei Yuejiao lowered her head after talking, her hands folded, her eyes opened, and she didn't want to say anything, but she seemed to think of something, and she opened her eyes. Use the glazed glass set, use mine! It's my atonement for my aunt! "

"Your glass?" Wei Yuewu froze for a moment, it seemed that Wei Yuejiao would take the initiative to show her goodwill.

"Yes, if you want to use it, if you don't want to ... just forget it!" Wei Yuejiao closed her eyes again, a look of despair, only her eyelids slightly lifted, knowing that she was by no means right now It's so peaceful.

It seems that this set of glass lamps is the key ...

Chapter 946: Invited guest

"If you believe it, use it. If you don't, don't use it!" Silent for a while, Wei Yuejiao did not hear the voice, Wei Yuejiao added such a sentence.

"Thank you three sisters!" Wei Yuewu nodded.

After listening to Weiyuewu, Weiyue Jiao was relieved, but tried hard to make a calm look, and instructed Xueyan on the side to bring the glass candle.

Xueyan went out for a while, and in a short time, she sent a set of glazed candles to Wei Yuewu.

It is also an extremely beautiful set, which looks very new and well-collected.

Compared to the set before Weiyue Dance, it can be said that it is better than the ground. Not only is the exquisite production, but it also makes people look bright at a glance. The visible texture is much better than the set before Weiyue Dance. .

It should be regarded as an exquisite piece of glass.

Wei Yuejiao can take out such a good set of glazed candles for Wei Yuewu's use, which shows that she sincerely wants to make peace with Wei Yuewu.

Or in her own words, she wanted to make atonement for Aunt Dong.

"This is my aunt's collection. It was originally meant to be a dowry for me, but ... I'm afraid I won't need it. If the six sisters like it, take it!" Wei Yuejiao's eyes fell on the set of glazed candles. Slowly said.

"The third sister's dowry, where can I dare, I will give it back to the third sister!" Wei Yuewu shook her hand.

"It's up to you!" Wei Yuejiao didn't seem to want to talk about his wedding again. Now he closed his eyes again, picked up a wooden fish at his hand, and tapped it gently. After a few clicks, he opened it again. He closed his eyes, begging with a little, "On the day my mother did things, I will also read the scriptures, shall I?"

With the grievances of Aunt Dong and Wei Yue Wu, Wei Yue Wu has enough reasons not to let Wei Yue Jiao appear in this little Buddhist hall that day.

However, with the fact that Liu Lijia was just in front of him, it seemed that it would be unfeeling to refuse Wei Yuejiao again. Moreover, Wei Yuejiao also showed a face that wanted to do something, atonement for Aunt Dong.

"Then there are three sisters Lao!" Wei Yuewu smiled, logically.

Next, Wei Yuejiao continued to read the scriptures, and Wei Yuewu continued to let the girls ring organize things, because of the previous events, the girls ring were cleaned up very carefully this time, for fear of such things happening again, Wei Yuewu checked before and after Once again, I was extremely satisfied with the layout.

Because of the first affair related to his own mother, Wei Yuewu investigated it very carefully.

Even the incense candle placed on the incense case was checked.

After that, the girls were wiped off the dust from the corners.

In terms of layout, some places also arranged it personally, and after almost finishing the layout, they left the Buddhist temple with the girl ring.

In the main room of Mrs. Tai, this will be quiet. Wei Luowen left, and only Tu Shi accompanied Mrs. Tai in a low voice to speak. Mrs. Tai's face was smiling, and she was particularly happy. Tu's face was reddish, a little shy.

Seeing Wei Yuewu coming in, Mrs. Tai reached out and waved: "Dance girl, are you all done? How to deal with Liu Lizhan?"

"Grandma, it's almost done. The third sister said that she had a set of glazed beacons in her hand, let me use them first." Wei Yuewu smiled over and sat down on the other side of Mrs. Tai.

"That's all right, all right!" Mrs. Tai laughed and saw that she was in a good mood. "Jiao girl has learned a lesson now, and she is very obedient now. Aunt Dong herself harms others, and Jiao girl is the same. Victim, who knew that her biological mother would be such an immature temperament, I had known that I would raise her here with me. "

"Grandma said!" Said Wei Yuewu's eyes lightly.

"When?" Mrs. Tai said slowly.

"It's the day after tomorrow! Tomorrow, the day after tomorrow there will be some things to sort out, I'm afraid to move some things from Yan Wang Mansion, and then I'll invite some priests and monks to come over." Wei Yuewu thought about it.

"It's really urgent. Think about what's missing and don't mess up at that time." Mrs Tai nodded.

"Grandmother, would you like to invite someone else?" Wei Yue Wu Liu Mei frowned slightly. "I really don't understand this. I also ask Grandma to make it clear!"

Would you like to invite others? According to Mrs. Zhao Tai, of course, it is not good to ask a person alone. Even monk Taoist priests can be eliminated. People who have died so long Qin Xinrui also pull out what dojo, knowing that she was at odds with Qin Xinrui. Not disgusting what she is doing!

Of course, she could n't say it to Wei Yuewu. She would frown when she heard it. After thinking about it, she simply pushed the matter to Tu: "Dancing girl, discuss this with your mother." Let's do it. My grandmother is too old to care about this kind of thing! "

The implication is that she is too old to try not to be upset without being upset!

Seeing Mrs. Tai pushing things away from others, Wei Yuewu sneered heartily. She didn't want to make the law affairs of her mother-in-law bigger, making people feel that she was weak, and she didn't want to care about the affairs of her mother-in-law. Get cheap and sell well, but fortunately she was well prepared.

Knowing that Mrs. Tai deliberately took over the job this time, it was not because she wanted to do a ritual for her mother-in-law.

However, since Mrs. Tai took the initiative to let her mother-in-law do a ritual in her small Buddhist temple, she was not polite to her. At that time, her mother-in-law did not suffer too much from Mrs. Tai, and she heard that her mother-in-law was often suffocated. Mrs. Tai kicked her knees. She used to be in Jingxinxuan and was looked down on by Jingxinxuan's servants.

This time, she will see who else dares to underestimate her mother!

"Dancing girl, your father's meaning should not be too noisy or too wifey. This time the ritual will be smaller. As for whether you want to invite some guests ..." She was okay to say something about Luo Wen, but in terms of guests, Wei Luowen did not say a word, so she would not be able to do this.

"Then please invite a few!" Wei Yuewu said with a smile.

"Well, all that means being a county master!" Tu nodded, and Wei Yuewu was very polite, but he invited a few, and he wouldn't be too noisy to the peace of Mrs. Tai.

Mrs. Tai is also quite satisfied with the word "slightly". The reason why she let Wei Yuewu do something in her little buddha is because she didn't let Wei Yuewu grow big.

The next two days, Wei Yue Wu was really busy. She also moved some things from Yan Wang Mansion. It must be that she is now the concubine of Yan King. Although Wei Luowen means an applicator, all of them are from Huayang Houfu. However, Wei Yuewu still picked up some things from Yan Wangfu by herself.

There should be a lot of excitement over the Little Buddha Hall, and even Wei Yuejiao rarely comes here. Come over to read a sutra in the morning and come over to read it once in the evening. When you say something to Mrs. Tai the rest of the time, you will return to your own academy. It is considered to be free for Wei Yue Wu.

Mrs. Tai is still satisfied with her eyesight.

I specifically told her a few words before letting her go back.

The matter of Taoist priests and monks was handled by Yan Huaihuan. He asked people to invite Wei Yue Wu, and after Wei Yue Wu had watched, he settled.

As for the guests, Wei Yuewu also had a fixed number in her heart, and naturally she also posted a post, because this time she was undertaking the ritual for Qin Xinrui, but she borrowed the place of Huayang Houfu, so please post it. It's up to you alone.

On the day of the ritual, the monks and priests entered the gate of the Houfu House of Huayang early and entered the small Buddhist temple. The three monks and the three priests were considered small in scale.

But I do n't know how, the sound is even louder than a dozen people. If it was n't for Acer who had seen it in person, there were indeed only three monks and three priests, and Mrs. Tai thought that the previous wife was not clear. .

With such a loud voice, Jingxinxuan became lively for a while, and Mrs. Tai was awakened in the morning, where she woke up early.

Just got up.

Wei Yue Wu came over after eating breakfast, kneeling on the futon, looking at the tablet in front of her mother, only felt the nose astringent.

Reached out to receive the three fragrances sent by Jin Ling, worshiped at the tablet, and then inserted the incense into the incense burner.

Wei Yuejiao was also reading the scriptures on the side, and her voice was incomparable with those monks and priests.

The monks and priests all had loud voices, and they were all three miles away.

In comparison, Wei Yuejiao's voice is almost negligible.

It is true that there are not many guests. There are only a few of them. The first is Princess Nan'an, the second is Wei Qiufu, the third is Mrs. Tu's wife, and the fourth is Jing Wenyan.

Although the number is not large, all of them are related to the royal family, and they are still extraordinary. Besides, there are new princes.

In fact, it was not Jing Wenyan who was invited by Wei Yuewu before. Jing Wenyan is now considered to be a distinguished person, and it is still during her wedding. On the surface, it seems that this matter has little to do with her. Ask her for the main room where he posted.

Wei Yuewu is naturally clear about Wen Tianyao's thoughts. Some things, she even has a faint conjecture. It is assumed that Wen Tianyao knows her own life. If so, he should come.

In other words, my mother would like to see him come.

As for posting two posts to Jing Wenyan, of course, it was also for the convenience of his appearance in Houfu, Huayang, so Wei Yuewu passed the post to Jing Wenyan.

The princess also got the meaning of Wen Tianyao, so she didn't quit, and thanked Wei Yue Wu.

Today, Wen Tianyao is accompanied by Jing Wenyan. Wen Tianyao, who wears a white brocade, looks very thin. The clothes, only wearing a pale green dress, are very suitable for this kind of place.

Yan Huaiyu came along with Wei Yuewu, and happened to help Wei Yuewu receive Wen Tianyao, and accompanied Wen Tianyao to the meditation room of Mrs. Tai.

I heard that the prince also came to worship, Mrs. Tai greeted the door, and then respectfully accepted Wen Tianyao, and everyone came over to see the ceremony.

Lian Wei Yuejiao was also called out to meet Wen Tianyao.

Just when everyone was meeting, Hongye hurried to Mrs. Tai, whispered to Mrs. Tai, and turned to Wei Yuewu ...

Chapter 947: Looking for Princess Qingyue

"Dance girl, do you know Princess Qingyue of Nanxia Kingdom?" Mrs. Tai asked.

"Wuer doesn't know Princess Qingyue of Nanxia Kingdom!" Wei Yuewu shook her head.

"Why ... I came to you, and said that there was a princess Qingyue from the Nanxia Kingdom outside the house to come to you." Madame Tai was surprised.

"Then ... ask her to come in!" Wei Yuewu said softly.

"But this time ... you can't walk away!" Mrs. Tai looked at the battle in front of her, and the scene had been set aside, as the biological daughter, or the only daughter's Weiyue dance, at this time if you went outside would Passengers are indeed inconvenient.

"Grandma, borrow from your small living room, and see this Princess Qingyue here!" Wei Yuewu looked at the situation in front of her, said.

"Okay!" Said Mrs. Tai, and there was only such a way.

Mrs. Tai sent someone to invite Princess Qingyue to come in. After Wei Yuewu had sorted it out a little, she went to the small living room in Mrs. Tai's yard and waited. After a while, Yahuan led several people in. The first one was very delicate. Pretty and also revealing a little bit of cuteness.

Entered into the room, and saw Wei Yuewu's froze for a moment, and blinked two eyes before saying: "You are the Lord of Jingde County?"

"Princess Qingyue, we're meeting again!" Wei Yuewu's delicate little face smiled brightly.

"You are actually the Lord of Jingde County, the princess of the King of Yan?" Princess Qingyue was too shocked and couldn't help but nag to herself for a moment.

No matter how she couldn't think of it, she thought that the family she met was not that ordinary at that time. Although she thought that she was not ordinary at that time, how could she never think that she was so ordinary. She would be the famous Jingde County owner in Beijing. It is the concubine of King Yan.

As soon as she entered Beijing, Princess Qingyue inquired about the resentment and resentment of Yan Wang's Mansion, because it was not only related to Yan Di, but also the two princesses in the capital, and even the relationship between Yan Di and Jing Cheng This is essential news for Nanxia.

The amount of information in it was so large that Princess Qingyue was still a little confused, but this did not prevent her from knowing clearly that the princess of the king of the king in front of her was definitely not a messy character.

If it wasn't for the interest of this maiden, she would never come to touch the concubine of the king of swallows.

Wei Yue Wu signaled the girl to have tea, then sat down leisurely until Princess Qingyue looked up and down.

"Are you really the Lord of Jingde County?" Princess Qingyue asked again.

"I am indeed." Wei Yuewu blinked her eyes, affirming again.

"Since you are the Lord of Jingde County, and you still know the Lord of Jingde County, I will tell you some things!" Princess Qingyue also returned to God this time, took a breath and made a relaxed look.

"Princess Qingyue has something to do?" Wei Yuewu said generously.

"It's one thing ... I want to ask the Lord of Jingde County to do me a favor!" The smile on Princess Qingyue's face slowly receded, showing a bit of sorrow. "I ordered a group of incense candles before, I was thinking of ordering them. It is more sincere to make a batch of incense candles and go up to the mountain to worship. This time when I came to Zhongshan, I wanted to pray for my mother-in-law! "

Parents are here. They used to travel far away, but the situation is different now. But as a princess of the royal family, she has her own mission and has to leave her hometown.

The two princesses sent by Nanxia Kingdom this time are bound to stay in Zhongshan Kingdom.

Seems to have thought of this too, Princess Qingyue's eyes slightly red: "But the shop I customized at the time seemed to have mistaken the scented candle and sent me to the hands of the owner of Jingde County, hoping that Jingde County The Lord can exchange the scented candles. This is my aspiration to my mother-in-law, and I hope the County Lord will be complete! "

Wei Yuejiao's incense head was delivered to her, which made her know exactly which scented candle was used by Wei Yuewu, and also found a reason for her recklessness ...

Princess Qingyue lowered her head and bit her lip, looking sad.

"Sent me the specially made incense candle of Princess Qingyue?" Wei Yuewu frowned, and asked with long eyelashes.

"Yes, I found it when I went to get it early this morning! I heard that the Lord of Jingde County returned to Huayang Houfu, so I went to Huayang Houfu to find the county master." Princess Qingyue stood up and rushed Wei Yuewu is deeply gifted.

"Come, come to the small Buddhist temple to get the incense candle!" Wei Yuewu instructed a little girl ring on the side.

Xiao Yahuan went on demand, and after a few packs of scented candles were taken, one pack was opened, and several packs had not been used before.

"Princess Qingyue, but that's all?" Wei Yuewu asked softly.

Princess Qingyue stepped in, took a scent from it and sniffed a little, and immediately nodded, "Yes, that's all, I made them taste this way before, this is my mother's favorite taste."

"That's it, Princess Qingyue takes it!" Said Wei Yue Wu gently.

"Thank you Lord Jingde County. I heard today's Jingde County Lord's practice meeting for my biological mother. I do n't know if I can also go to my wife and put on an incense!" He changed his candle and laughed.

The visitors were all visitors. Since Princess Qingyue had such an expression, Wei Yuewu was naturally inconvenient to refuse.

After finishing the scent of candles, she took Princess Qingyue to the Little Buddha Hall.

Princess Qingyue couldn't think of it anyway. She would see Prince Tiangong Wen Tianyao here. Is it true that Weiyuewu's birth mother has nothing to do with Prince Donggong?

Thinking of this, Princess Qingyue felt that she could not move now.

In front of Qin Xinrui's spirit card, Princess Qingyue saluted the spirit card respectfully, and then inserted incense into the incense burner in front of her.

Then he retreated.

Wei Yuewu also came up, and offered three fragrances, and then she accompanied Princess Qing Yue.

"How does His Royal Highness come also?" Princess Qingyue asked, her voice flushed slightly.

"His Royal Highness is here with the Princess, and she will leave soon!" Wei Yuewu said ambiguously, Wen Tianyao really couldn't stay longer. When he came in, Yan Huaiyi told her, Wen Tian Yao should be leaving soon.

"The princess has such a good relationship with the Lord of Jingde County?" Princess Qingyue said suddenly, she heard that the princess seemed to have a bad relationship with the Jingde County Lord in front of her. The owner of Jingde County, who had assaulted him, did not expect that the relationship between the two would be so good.

Such a very private matter, basically, are all related, or the relationship is particularly good.

"It's okay!" Wei Yuewu smiled slightly, stretched out her hand to lead the conversation, and started talking about the topic. "Thank you Princess Qingyue on behalf of my mother."

"The Lord of Jingde County is polite!" Although Princess Qingyue did not understand the relationship between Jing Wenyan and Weiyuewu, at least one thing, she felt very clear that His Royal Highness was not too big with the Lord of Jingde County in front of her. relationship.

I couldn't help relieved.

In this case, of course, we still acted according to the original plan. This is a pleasant surprise, or with His Royal Highness, my plan can be improved.

It seemed that Wu Yuejiao glanced across Wei Yuejiao, and it happened that Wei Yuejiao's eyes also moved over. The two looked at each other silently, and then moved away casually.

"Lord of Jingde County, can you show me the glazed light?" Princess Qingyue seemed to be leaving, but suddenly turned back, looking at the glazed light enshrined a little with a trembling voice.

"These?" Liu Yuemei's Liu Mei frowned slightly.

"Yes, that's all!" Princess Qingyue said with a little excitement, "Master Jingde County, can you show me?"

This statement is actually very abrupt, and it is still very unreasonable. How can other people worship what can be seen casually, but she looks excited but the whole person is trembling with excitement. At first glance, I know those Liu Lizhan has a great relationship.

But no matter how big the relationship was, Wen Tianyao didn't think it was necessary to take things down to show the princess Qingyue at this time, and there was a hint of coldness in the corner of his eyes.

There is nothing to say about this Princess Qingyue.

Wei Yue Wu can do things for the biological mother, but he can't, but can only come to see in the name of Jing Wenyan. The last column of incense had already embarrassed Wen Tianyao. This will see this

Qingyue The princess actually had to move the utensils in front of her biological mother, which would be happy.

His face suddenly became gloomy. He had no idea about marrying a princess of the Nanxia Kingdom.

Jing Wenyan's eyes also fell on the princess of Nanxia Guoqingyue, and she felt a little similar to her from her face. Her lips were slightly tickled, and she looked like a troublesome person to find Weiyue dance. !!

In fact, her recent days have not been easy, because when she had a big wedding, she was somewhat vulnerable to anything in the Upper East Palace, and then the Tu Shuiyu she entered was much stronger, and she even felt over her head for a while. .

This also made her hate Wei Yue dance more and more.

Wei Yuejiao's head was slightly lowered, and she seemed to be paying attention to the scriptures in her hands, showing a touch of pride in her eyes. The princess Qingyue was more reliable than that of the second prince. This cheap girl pushed the position of the maiden of Nanxia Kingdom.

After she became the maiden of the Nanxia Kingdom, she didn't want to leave the capital.

"Qingyue Gong mainly looks at the glazed candle enshrined in front of my mother-in-law?" Wei Yuwu frowned, not looking very happy.

"Yes, I also ask the Lord of Jingde County to complete, this is the most important thing for our entire Nanxia Kingdom, so I was a little excited, and I hope the Lord of Jingde County forgive me!"

Princess Qingyue said with a grim expression.

"What the **** is it? There is such a big relationship?" Wei Yuwu said, her eyes fell involuntarily on the previous glass.

Wei Yuewu, of course, remembers that this set of glazed candles was given to them by Wei Yuejiao.

Sure enough, things happened from this set of glazed candles, and what Wei Yuejiao sent her, would she be careless, and she only touched them intentionally ...

Chapter 948: I am a pilgrim, God bless me

"The lord, this cup belongs to my pilgrim, is it the lord or my maid?" Princess Qingyue said.

"Sister of Nanxia?" Wen Tianyao sank, frowning.

"Yes, Your Highness, it is our maiden of the Nanxia Kingdom. Our maiden of the Nanxia Kingdom has been missing for many years. I never expected to see it here. It is a godsend to me Nanxia!" Princess Qingyue was so excited. Road.

"How is that possible?" Mrs Tai muttered to herself.

"This is true. If your Highness does not believe it, you can ask my second brother and elder sister, and they will certainly say the same when they meet." Princess Qingyue said with a straight face.

The Virgin of the Nanxia Kingdom?

At the crucial time of the peace talks between the two countries, if it is really the maiden of Nanxia, it is necessary to explain to Nanxia.

Wen Tianyao's brow frowned.

Yan Huaiyun's gaze turned around with a smile, glanced at the princess Qingyue, the corner of her lips ticked, and there was a bit of chill in Jun Jun's eyes.

Is this the King of Yan?

Princess Qingyue froze inexplicably.

"Princess Qingyue, it is impossible to say something indiscriminately." Wei Yuewu said coldly, and her eyes fell on the glass, "If this set of glass is found beside Princess Qingyue, is it right? Explain that Princess Qingyue is the maiden of Nanxia? "

"I ..." Princess Qingyue couldn't think of the soft-looking Weiyue Dance, and she said such words politely for a moment.

"This glass is not mine!" Wei Yuewu didn't wait for her to answer, she blinked and said.

"This ... is not the county owner, who is it?" Princess Qingyue was a little uneasy. Unlike the conjecture, the Jingde County master did not seem to be a good-tempered master.

"This ... this is left to me by my aunt." Wei Yuejiao answered timidly aside.

"This is it?" Princess Qingyue's eyes fell on Wei Yuejiao's face, apparently not knowing who was in front of her.

"This is our third lady." Acer introduced one step forward.

"Miss Wei San?" Princess Qingyue's eyes fell on Wei Yuejiao's face. "Where is your auntie?"

"My aunt ... has gone!" Wei Yuejiao lowered her head and said with a sad look.

"This set of glasses was left to you by your auntie, but where did your auntie come from?" Princess Qingyue looked like she broke the casserole.

"This ..." Wei Yuejiao was clearly unclear, and she turned to look at Li Ye, "Lee Ye, where did my auntie's glazed lamps come from?"

Aunt Dong's matter of asking Li Yan was indeed appropriate.

"The auntie's set of glazed lamps was brought from the storeroom of the first lady ..." Li Xie looked at Wei Yue Wu timidly when she said this.

"So, this glass is still mine?" Wei Yuewu said with a smile.

"This ... slaves dare not!" Li Yan hurriedly bowed his head.

"The lord of the county ..." Princess Qingyue's eyes fell on Weiyuewu, "Our maiden of the Nanxia Kingdom is of great importance. If the lord of the country really is ..."

"What is it really?" Came from one side with a bit of handsome voice.

When Princess Qingyue looked, it was actually Yan Huaihuan. Although she was a little flustered, she still gritted her teeth. According to the previous plan, "If it is really our maiden of the Nanxia Kingdom, please ask the county master to return to South Xia Guo, after the South Xia Kingdom re-elected the maiden in another day, send the county back! "

Of course, this does not mean to force Wei Yue Wu to be their maiden of the South Xia Kingdom, but just to ask Wei Yue Wu to go over and pass the pair of women back to their Nan Xia. This is very polite.

The reason seems to be justified.

The two countries are in diplomatic relations. In fact, this statement is very reasonable, but the son on the side does not intend to be so reasonable.

Junmu's eyes were slightly sloppy, and his smile was elegant and elegant, but what he said had nothing to do with elegance: "My concubine of Yandi, it is not for anyone who wants to ask.

"But this happened to me Nanxia ..." Princess Qingyue froze. Although she knew that Yan Huaiyu was not easy to mess with, she did not expect Yan Huaiyu to say so, and her face became red for a while.

"Do you Nanxia have anything to do with our Yandi!" Yan Huaihua said lightly.

The words were extremely rude, but even Wen Tianyao couldn't help but feel that the words were very defensive and domineering. In fact, he wanted to say them too, but because he was too worried, he couldn't say such words.

His dignified prince, in fact, was indeed very aggrieved. Even his own sister and sister couldn't protect him, and his heart was inexplicably sullen.

"Shizi, I just asked the lord of the county to go to the Nanxia Kingdom once, and did not leave the lord of the county!" Princess Qingyue said wronged, a pair of beautiful eyes looked at Yan Huaiyu, very pathetic.

"My sister-in-law of Yandi has something wrong, and you Nanxia can't afford this responsibility!" Yan Huaiyu seemed to have not seen Princess Qingyue's weak eyes, and looked lazy.

"I ..." Princess Qingyue's face was blue and white for a while.

Although Nanxia is a weak country, this time when he came to Beijing, the people in Beijing were very respectful to the ambassadors. This also made Princess Qingyue a little bit conceited. Even Prince Wen Tianyao was very polite to them. Not to mention others.

Unexpectedly, this prince of the king of the king, did not give her any face, she was ashamed and annoyed for a while.

Doesn't it mean that the King of King Yan is most concerned about the Jingde County Lord in front of him? Why does each sentence carry the maintenance of the Lord of Jingde County, and it is still a very strong maintenance!

Could it be that your news is wrong?

"Princess Qingyue, based on a set of glazed lamps, I was identified as the sacred girl of the Nanxia Kingdom. Isn't it too abrupt?" Wei Yuewu smiled and took the topic. .

"The lord, not only this, but this sachet!" Princess Qingyue smiled bitterly and pointed at the thing next to the incense case, "I only saw this too."

Princess Qingyue refers to the case on the edge of the glass, holding a set of clothes that Qin Xinrui has used before. The clothes are equipped with accessories such as ball fans, parcels and sachets.

There is also a set of jewelry.

I first saw Ming Yan's shiny glazed lights, then I saw the clothes, and then I saw the sachet. It can be said that everything is logical, and it has nothing to do with Wei Yuejiao.

She had previously acknowledged that Liu Lizhan had brought it out, but in the end, Aunt Dong found it from Qin Xinrui, which was not what she expected.

"Which?" Wei Yuewu's gaze swept across the suit calmly.

The clothes were the same ones that Wei Yuewu put them by herself. Of course I remember such a set of clothes, but the sachet above was not the one that Jin Ling originally put on.

It has been changed for a long time, but it has not been changed more than once ...

And when Wei Yuejiao entered Beijing, the sachet sent to her was almost exactly the same, that is to say in the mouth of Yunxiu Niang, her sachet, or the scent of the maiden of Nanxia bag.

The lips are slightly raised.

Princess Qingyue now took a step forward, picked up the sachet placed on the top, pointed to a word on it, and asked, "Sir, is this your sachet?"

There is a word on the sachet, a very clear "Dance" embroidered.

The confession was in front of Qin Xinrui, and there was another word for "dance". There was no other person except Weiyuewu.

"The lord, our maiden of Nanxia Kingdom is different from other maidens. If the former maiden left it unintentionally by a girl under fifteen years old, she can become our maiden , And the county owner also left his name on it, which represents the county owner, which is our Nanxia country ... maiden! "

Because of Yan Huai's previous words, Princess Qingyue hesitated a bit when she said this, and looked at Yan Huai'an quite uneasily.

"The name on it is the maiden of Nanxia Kingdom?" Wei Yuewu's dark beautiful eyes looked at Princess Qingyue with a smile.

"This should ... that's it!" Seeing Wei Yuewu's unhurried look, Princess Qingyue felt a little uneasy in her heart, which seemed different from what was imagined.

"This sachet is really the thing of the former maiden?" Wei Yuewu smiled and confirmed again.

"This is something of the former maiden of the Nanxia Kingdom. This kind of embroidery can not be embroidered by anyone who wants to embroider! If there is no special embroidery method, it will not be possible to embroider it." Princess Qingyue was very sure. The other purpose of their entry into Beijing this time was to look for the maiden.

Regarding the embroidery of the maiden, although Princess Qingyue did not learn it, she argued clearly.

"Let me see!" Wei Yuewu reached out.

Princess Qingyue handed the sachet in her hand, Weiyue Wu took it, put it in her hand, looked carefully, and suddenly looked up at Princess Qingyue and smiled: "The princess sure that the word left on it must be Nan Xia Guo's Virgin? "

"Our maidens of the Nanxia Kingdom are automatically made. If you leave your own name on it, you will naturally be the maidens of the Nanxia Kingdom. The lord of the county is assured. After you arrive in the Nanxia Kingdom, you only need to put these former maidens. Take your clothes to a valley. If a young girl passes by, she will immediately become the maiden of the Nanxia Kingdom. After that, it has nothing to do with the county master! "

The words of Princess Qingyue are very nice. If you really bring the maiden of Weiyuewu to the country of Nanxia in the name of her own brother, the reputation of your own brother will inevitably go to a higher level. Establishing his own elder brother as a prince, as for Weiyue Wu, when Nanxia was dismissed as a maiden, he followed the principle of entering the palace.

Yandi is so powerful, how can it be so far away!

When it comes to the Nanxia Kingdom, it is not time for Weiyuewu to do what she wants.

"Princess Qingyue, who is this purse, who is considered to be the maiden?" Wei Yuewu ignored the words of Princess Qingyue and asked again with a smile.

Wei Yuejiao, who was on the side of this question, was worried. She and Wei Yuewu played several times. Of course, Wei Yuewu was not the kind of person who would ask nonsense for no reason.

My heart was a little panicked, and my eyes also fell on the sachet in Weiyuewu's hands. I wanted to reconfirm the sachet in Weiyuewu's hands, but I could see clearly, my face became pale, and I reached for the sachet I couldn't even say a word of surprise, the whole person was shaking ...

Chapter 949: Who is the Virgin of Nanxia

"Of course it is." Princess Qingyue was proud, but a sincere smile appeared on her face. "The county master is assured, it is just a maiden in transition!"

Eyes glanced over and fell on Wei Yuejiao's face, not understanding why Wei Yuejiao looked like a ghost.

Although she hadn't seen Wei Yuejiao, she had already talked with Li Xun, and they conspired together, naturally for Wei Yuewu.

It can be regarded as each one's own gains. This will happen soon, but I don't understand what happened to this lady Wei San! This one is too much!

"Please see Princess Qingyue!" Wei Yuewu reached out and passed the sachet in her hand, "I don't think this word is my dance character."

"Not a dance?" Princess Qingyue froze, and hurried to take over.

His face changed when he could clearly see the words above.

When she watched it before, the word on the sachet was a word for "Dance", a very clear word for "Dance". She glanced at it and handed it to Wei Yue Wu, but she found the word "Dance" Although the characters are embroidered, if you look closely, the embroidery is extremely rough, and a thread is still pulled on it.

Wei Yue Wu will gently pull the upper thread, and the rough part of the thread will loosen, exposing the delicate "Jiao" character embroidered inside.

When Weiyue Dance was handed over, in fact, there was still a part of this line left. Princess Qingyue's face changed, and she drew along her face, the word "Jiao" became more and more obvious.

"Jiao?" Princess Qingyue froze for a moment, but for a moment did not remember who this person was, and she looked up at Wei Yue Wu.

Wei Yuejiao on the edge shook into a ball. She didn't know why the sachet had her own name, and she embroidered a "dance" character on it.

While the small Buddha Hall was busy, she replaced the sachet sacrificed to Qin Xinrui before Wei Yue Wu with that sachet.

The role of Liu Lizhan is not directly pointing to Weiyue Wu, it just makes people notice the sachet on the clothes.

The sachet is too small to make people see it, but the glaze is different, so the glorious glaze is very easy to attract people's attention, and then the eyes are directed to clothes, then the sachet.

There are actually a pair of sachets. At that time, one gave Wei Yuewu, and the other Aunt Winter let Wei Yuejiao stay, in case of future needs, maybe when it is needed.

This will count Weiyuewu together with Princess Qingyue. This sachet is a vital key. Before that, Weiyue Jiao was very proud to watch Weiyuewu fall into her trap, but now I find that it actually fell into it. It's me, how not to panic.

"Jiao girl?" Mrs. Tai stunned for a moment and asked, but she was relieved.

Compared to Wei Yue Wu, Wei Yue Jiao seems less important.

"Mrs. Tai, who is this?" Princess Qingyue also knew that something had happened and asked Wei Yue Jiao anxiously.

"There is a Jiao word in the name of our three young ladies!" Said Jin Ling, with a pale face, pointing to Wei Yuejiao.

"It's not me, it's not me!" Wei Yuejiao's expression changed sharply, and he stood up stupidly to try to distinguish, but unexpectedly stood up, not knowing where to hang, stepped on his feet, almost fell, and there was another one that fell out something else.

Jin Ling's eyes rushed over quickly, picked it up, and looked at the stamp-like things in her hands, Nana said: "What is this?"

"Golden seal of the maiden!" Princess Qingyue's face was very ugly, but she did not want to calculate, but she did not want to calculate, but she sat down with her reputation, which made Princess Qingyue panic for a while.

The appearance of the Golden Seal of the Virgin has replaced all other claims. See the Golden Seal if you see the Virgin.

"Miss Wei San ..." Princess Qingyue couldn't help taking a sip of air, looked at Wei Yue Wu, and looked at Wei Yue Jiao, who was unable to stand still, and was slumped, and knew for a while Broken, things are completely different from what I thought.

"Princess Qingyue, what should you do, or after you go back to discuss with your messenger of the Nanxia Kingdom!" Wei Yuewu's look remained the same, her smile faint.

"I ..." Princess Qingyue didn't know what to say at this time. The previous words had already been filled up. If she didn't continue, she would be deliberate.

Although the smiling elegant king of the king Wang Yan, this will also turn his eyes, but this elegant and inexplicable with a bit of bloodthirsty breath, let Princess Qingyue's smile stiffen on her face.

"Yes ... it's Miss Wei San, I ... I'll go back and talk to my second brother and older sister!" Princess Qingyue said dryly.

"Well, please ask Princess Qingyue to bring as much information as possible!" Wei Yuewu smiled.

"Yes, I will be fast, I will try my best!" Princess Qingyue felt that her face was stiff, and this matter is not something she can handle now. The so-called maiden is not Wei Yuewu, but she has become somehow Yuejiao.

Before that, she and Wei Yuejiao secretly calculated Wei Yue Wu.

How did this look and how to make people feel cold, Princess Qingyue still dared to stay at this time, hurriedly left to Wei Yuewu and turned and left slumped.

In Nanxia's mission, everyone thought that the maiden was Wei Yuewu, but now it fell on Wei Yuejiao. Princess Qingyue would also regret it, knowing that she would not be with Miss Weisan. I conspired,

now that this matter has become like this, not only did not give my brothers and credits any credit, but also made myself a joke.

And this matter is so difficult to deal with, Huayou and Hongyue must be proud of their jokes.

"What the **** is going on?" Princess Qingyue was gone, but there was a big uproar on the side of Huayang Houfu House. Wei Luowen hurried to Mrs. Tai's yard after hearing the news. Wei Yue Wu, Wei Yue Jiao invited in the past, as for the others, they kindly let them wait in the Buddhist temple.

Regardless, Wei Yuejiao is also Wei Luowen's daughter, and of course he does not want his daughter to go to Nanxia.

"Father, this matter has nothing to do with me. It's six sisters, six sisters hurt me!" The moment she saw Wei Luowen, Wei Yuejiao fell to her knees with tears, and then turned to Wei Yuewu, "Sister Six, You really hate me so much, your aunt has gone, even if there is something wrong with your aunt before, but she will be gone, and even the little brother in the stomach will be gone. Are you deflated! "

Wei Yuejiao said more and more sad, crying and silent.

Not only pushed things all over Wei Yuewu, but once again mentioned Aunt Dong and the child in her stomach, alluding to Wei Yuewu's viciousness, and then poured another basin of sewage on Wei Yuewu.

Mrs. Tai looked at Wei Yuejiao, and then looked at the free-looking Wei Yuewu. Although her face was somber, she did not speak.

In front of Wei Luowen, Mrs. Tai always does not reveal who she prefers. Although the matter of being just is full of doubts, this will not be the time for Mrs. Tai to speak.

"Sister Three, what does this mean? Why is this matter related to me again?" Wei Yuewu asked in a hurry.

"You put this sachet, but now you are pointing directly at me, not to whom you are related!" Wei Yuejiao would be really anxious, crying as she cried.

"The sachet I put, will use this kind of material, such an embroiderer? Third sister, I remember when you only returned to the house before, you gave me such a sachet, and when Aunt Dong came back, They sent me some special materials. Could these be related to the maiden of Nanxia? "

Wei Yuewu asked invariably.

About those materials, Wei Luowen also knew that his eyes fell on Wei Yuejiao's face in suspicion.

"Sister Sister, how could I take the sachet now and show it to my father and grandmother!" Waiting for Wei Yuejiao to justify, Wei Yuewu had turned to the side of Jin Lingdao, "Go and bring Miss San into Beijing at the time Bring me the most chic sachet, yes, the princess also saw the sachet, and once told me not to take it casually. "

Not only was there evidence left at the beginning, but also Jing Wenyan, a powerful witness, at the time Jing Wenyan had a good heart for Wei Yue Wu. He did say such a word, and now he is pulled out by Wei Yue Wu.

At a glance, Wei Yuewu really wanted Jin Ling to pick it up, and also mentioned Jing Wenyan, Wei Yuejiao despairing and sitting on the ground, shuddering.

"Wei Yuejiao, what's going on?" Looking at this situation, there is no need to look at any evidence, Wei Luowen's hand slammed the table fiercely and yelled.

"I ..." Wei Yuejiao couldn't say a word.

"Father, this should have been ordered by Aunt Dong in the first place. Li Ye and her three sisters are just accomplices!" Wei Yuewu glanced at Wei Yuejiao.

Li Yan is indeed the accomplice of Dong Auntie. The death of her maiden was also closely related to this accomplice. There was a hint of coldness in the watery eyes, and she certainly would not let go of these people.

"Come here, tie this evil slave!" Wei Luowen's forehead bounced with blue tendons and yelled sharply.

At this point, Li Ye knew that the big event had gone. There would be nothing to struggle with. He sighed and was taken away.

"Father, save Jiaoer, save me, I do n't want to be a maiden in Nanxia, I do n't want to be that maiden, I don't die in the palace of Nanxia!" Wei Yuejiao was almost out of control. Crying.

Almost none of Nanxia's maiden had a good end. Why not go, even if she married the five princes, and has been left out in the cold, better than going to Nanxia.

"How do you know about Nanxia Kingdom?" Wei Yuewu looked up and asked with a little curiosity.

"Of course I know ... My aunt's mother escaped from Nanxia, and she is also the maiden of Nanxia ..."
Wei Yuejiao burst into tears, took a few steps on her knees, and hugged Wei Luowen's legs: "Father, I do n't want to be a maiden in Nanxia. If I do n't, I wo n't even die! I want to go to the Palace of the Five Princes now. Father, I will listen to you in the future, as long as you do n't let me go to Nan Xia Guo! "

Seeing Wei Yuejiao cry like this and mess up like this, even though Wei Luowen was anxious to kill her with a slap, it would be kind of pity that she would be her daughter.

"Sister Three, don't want to do anything to others, you don't want to go, so you just want to let me go!"
Wei Yuewu looked at Wei Yuejiao indifferently, then stood up, facing Wei Lowen said: "Father, I'll go to worship my mother first. This is my first time doing something for my mother, and it's almost the last time!"

After speaking, he did not wait for Wei Luowen to respond and turned to leave.

Wei Yuejiao herself did not want to go to the Nanxia country, but pushed Wei Yuewu into the flames, and when she was doing something for Qin Xinrui, thinking of this, Wei Luowen felt that even after going to the underground, she did not see Qin Xinrui. Time no longer had the slightest sympathy for Wei Yuejiao, and he followed suit.

"You handle the trouble yourself, it's up to Nanxia!"

Chapter 950: Arguing, women in the palace

"Qingyue, do you know what you're doing?" Hua You slaps the table hard, yells loudly.

In the living room, besides Huayou, there is Princess Qingyue and another red-moon princess who looks gentle.

Princess Qingyue and Princess Hongyue are the two princesses sent by Nanxia this time. They are both beautiful. They are comparable in appearance, but their styles are slightly different. Qingyue The princess looked a little more naive and coquettish, while the princess of the red moon looked much more tender.

Of course, this is just performance.

Just like the second prince Huayou, it looks like a **** with no learning skills, but it is not simple in fact, otherwise it would not have failed to pick up Wei Yuejiao, a hot potato, and pushed the matter When it comes to Princess Qingyue, something will happen, and of course Princess Qingyue will bear it.

"I ... how do I know that there will be such a big change, but second brother, maybe the maiden of Nanxia Kingdom is really this Miss Wei San." Qing Yue was quite dissatisfied, but also knew that this time she did Is in trouble.

"Before we came, we all recognized that the six lady of Huayanghou was the maiden of the Nanxia Kingdom, and also expressed that she would definitely take this lady Weili back, but now you look, not only It didn't fall on the Jingde County master, and it made her doubt! "

Huayou angered, and all of a sudden fire was sent towards Qingyue.

"Second sister, you are too reckless. It caused the Jingde County lord not to count, but also the king of the king of swallows. This is troublesome. Listening to the meaning over there is an idea to make one of us Married to the Palace of King Yan. "Princess Hongyue said with a worried expression, she seemed to be concerned about Princess Qingyue, but she had already blossomed in her heart.

One is to enter the East Palace, accompanied by Prince Wen Tianyao, and the other is to marry Yan Huaiyu in the Palace of Yan Wang.

This originally meant that the two princesses were sent by Nanxia Kingdom.

The prince and the son of Yandi are equally powerful and valuable in the heart of Nanxia Kingdom. Marrying their two princesses to such two people is of great benefit compared to Nanxia Kingdom.

But it seems that Princess Qingyue offended Yan Huaiyu, and the situation of the prince did not seem to like it, thinking that in the past, Princess Qingyue looked like a naive and charming girl in the imperial palace of the Nanxia Kingdom. After more than once secretly attacking herself, Princess Red Moon felt very deflated.

"You ... it's still falling down!" Princess Qingyue was implied in Princess Hongyue's words, her face was white.

"How could I have fallen into trouble? I just thought my sister was too unwise. That Wei Yuejiao had already been defeated like this, but you still went with her to fight this Jingde County Lord, and you really thought you were now It was already the princely concubine! "Hongyue stabbed her again.

There is someone from the East Palace Princess, since Qingyue really entered the East Palace, it is not possible to be a princess, Hong Yue is laughing at Princess Qingyue.

"Red Moon, what do you mean?" Being ridiculed by Princess Red Moon again and again, Princess Qingyue couldn't help it, reached out and patted the table, yelling at Princess Red Moon.

"Okay, okay, the two of you are annoyed. The family of Zhongshan Kingdom most likes dignified and decent women. Look at you like this. If you let them see it, I guess no one will marry!" You waved a headache.

"Second Brother, what should we do now?" Huayou still has absolute right to speak among the three. Princess Qingyue and Princess Hongyue stared at each other, and Princess Qingyue asked helplessly. "No way!" Huayou looked cold, and Junmei's face was a little cold.

He always gives people the feeling of a flower prodigal son, but with such a cold face, it makes people feel a little chill. This is the true appearance of the second prince. The so-called peach blossom enchanting is just a foreign minister.

"No way, but ... but I want to come back to discuss it!" Princess Qingyue anxiously, not only the people of Huayang Houfu, but also His Royal Highness Prince and King Shiyan.

You have to explain what you are doing here.

The flower you said was silent for a while, and he couldn't think that things would change so much. Originally, I felt that Wei Yue Wu was not so simple. He sent someone to inquire about Wei Yue Jiao and Wei Yue Wu's grudges, which also related to it. The winter aunt who almost approached Mrs. Huayanghou infinitely.

When Wei Yuewu first entered Beijing, she was absolutely in a disadvantaged position. Not to mention her marriage, she almost lost her life, but in the end, she not only retired from the marriage, but also entered the gate of Huayang Houfu House. It seems that everything in between is surprising.

But Huayou didn't believe so many accidents!

That only shows that the Lord of Jingde County is not simple, not to mention that he and Weiyuewu have already played against each other, and even "carried" with Yan Huai's carriage.

People in Beijing say that Yan Huaiyu has another sweetheart, but Huayou thinks that Jingde is Yan Huaiyu's sweetheart. Although Yan Huaiyu's people make people see no emotion, but with some intuition That's what he thinks.

He even thought that the so-called Miss Lin, or just to confuse others.

However, these are just some of his conjectures, which is not true, but at one point he can be sure that Wei Yue Wu is definitely not easy to mess with.

To this day, it is not a matter of Hua Qingyue alone.

"Second Brother, how to deal with this disaster?" Seeing Huayou silent, Hua Hongyue was anxious.

"Let Wei Yuejiao be a maiden!" Huayou gritted her teeth and said it halfway.

"No!"

"How can this be!" Princess Qingyue and Princess Hongyue almost startled together.

"Second Brother, this is not okay. We in Nanxia have identified the sixth daughter of Huayang Houfu as the maiden of our country."

"Second Brother, no one will admit it!" Princess Qingyue and Princess Hongyue said almost simultaneously.

"What else can I do now? Not only has the Lord of Jingde County been alarmed, but I am afraid that the King of the King Shi Yan has also alarmed. Do you think we can take away his brother-in-law under the eyes of the King Yan Shizi?" Huayou spread his hands.

The power of Yandi is not only felt by the Zhongshan Kingdom, but the power of Yandi is also felt by the Nanxia Kingdom.

"It's just a married wife of the past concubine." Princess Qingyue said disdainfully. As soon as they arrived in the capital, they began to collect news about Weiyuewu, and of course they knew Weiyuewu and Yan Huaiyu. Bizarre wedding.

Like everyone else's analysis, Princess Qingyue didn't need to pay too much attention to the Weiyue dance marrying into the palace of Yan Wang in this way. Besides, everyone knew that Yan Huaiyu had another beautiful girl in her heart, and she is still raised in Yan Wang's Mansion is not visible at all on weekdays, showing the heart of maintenance.

"If you think so, I'm afraid you won't know how to die at that time!" Huayou said coldly. "You still think about this thing you caused, what to do next? Say Weiyue Dance is our Nanxia country. Virgin? By what? What is the evidence? Without evidence, who will take care of you, the most important point of Wei Yue Wu's identity is the concubine of King Yan! "

If there is evidence, it can also be based on the friendly alliance between the two countries, and then gently ask Wei Yuewu to go to Nanxia and enter Nanxia. Of course, Wei Yuewu can't decide.

But this premise is to have evidence, and now the evidence points to Wei Yuejiao, and Princess Qingyue also expressed an confession to Huayang Houfu under panic before.

"Second Brother, the messenger of the advanced Beijing was not to say that the King Yan Shizi treated his concubine, but he was very cold, even if it was not the mysterious Yandi family daughter, and the three princesses in the palace. The relationship between Wang Shizi and the three princesses is also very close, even closer than the relationship with this princess, as if we start from the third princess! "

Princess Red Moon thought about it and proposed.

Only three of them have entered Zhongshan. They also know that in this case, it is not just Hua Qingyue's business, so they also help ideas.

What she said was a scene seen by the envoys of the Nanxia Kingdom before, saying that the King Shiyan and the three princesses were having affection on one side, and the Shizi could only watch the sadness secretly on the side.

"Looking for the third princess?" Huayou frowned. "The third princess is marrying the son of Lu Guogong, and has nothing to do with the king of the king!"

"Although there is no relationship at all, it was said that the three grandfathers were mainly married to the King of King Yan, but now they have to marry the son of Lu Guogong, either inside or related to the Jingde County Lord, seeing his husband I was intimate with other women, but I drank myself aside, and no one was very worried! "

Princess Qingyue thought for a while, and rarely agreed with Princess Red Moon's opinion: "Second Brother, how can I find this third princess and think about ideas? I think she will hate this Jingde County Lord, I heard that the third princess and the fourth princess were all in love with the King Shi Yanzi, but in the end, she let the position of Shi Zifei fall on the Jingde County master. If it were me, I really can't bear this tone! "

Comparing your heart to your heart, when you fight with others for your life, it makes the fisherman profit.

Princess Qingyue felt that if she herself would never spare that person.

The red moon princess nodded again and again, she felt the same way.

"You all think that the relationship between the three princesses and Yan Huaiyu is very good?" Huayou was somewhat skeptical and had an intuition. He just thought that Yan Huaiyu only cared about the Jingde County Lord, but others The evidence also seems convincing.

Moreover, the matter of this maiden seems to be difficult to handle now. If he took it upon himself, it would be his own responsibility. Since Princess Qingyue and Princess Hongyue both felt that the three princesses were useful, then he agreed with them.

Even if there is something wrong, all three will bear it together.

"Since both of you think so, then you want to meet the three princesses and explore the tone. As for this announcement, we can delay a little time!"

Hua You hit the hammer with a hammer!

"Check, who is this?" Yan Huaiyu stopped and looked at a woman on the path in front of her, her beautiful lips slightly raised, her eyes were shivering.

It's a coincidence that it looks a bit like Wuer!

But he never believed in coincidence ...

Besides, this woman still met in the palace ...

"Yes, the subordinates will check it immediately!" The guard nodded and looked at the woman on the trail, silently backed down!
