

Young Lady 951

Chapter 951: As if dancing girl who broke the road

"Three princess's post?" Wei Yuewu looked at the post in her hand, frowning her willow frown. Although the third princess said it was released, she heard that the queen queen was still very strict in her control, so why not let it go? What party does she have!

"Yes, three princess posts, but not many people invited, there are few, said that it is for everyone to officially meet the two princesses of the Nanxia Kingdom!" Shu Feidao.

"Who else was invited?" Wei Yuewu put down the post and asked calmly.

"It seems that I have also invited the Crown Prince, the Princess Three, and a few distinguished ladies." Shu Fei thought for a while, "It is a small party, and there are not many people invited, that is, everyone talks. , Chat, everyone is free, and also let the two princesses of Nanxia Kingdom not be too tight. "

"Then get ready, let's go!" Wei Yuewu nodded and looked at the sky outside. This will be just the middle of the day, and there will be a period of time before the dinner, but he can take a break.

The people at the banquet were really good. With three princesses and less than ten people, it was a very small banquet.

When Weiyuewu passed, most of them had already come. When they saw Weiyuewu coming in, the smile on the three princess's face became more gentle, stood up and greeted them.

"Jingde please!"

"Three princesses are polite!" Wei Yuewu smiled and gave generously, and the two then entered the garden of the banquet together.

The garden for the banquet was not placed in the palace of the Three Princesses. Instead, it was placed in another empty garden. You can see that the garden is large and beautiful. The place for the banquet is a pavilion.

The beautiful arrangement in the pavilion, the thin palace gauze bunched up, raised a beautiful arc in the wind.

The pavilion is surrounded by flowers and trees on three sides, and the trees are colorful, and the other side is against the river. This is the time when the breeze is light and warm, and it is very comfortable.

It's early in the morning, the sun has not set, the golden waves are jumping on the rippling lake, and the flowers and leaves on this side are beautiful and dreamlike.

This place, Wei Yue Wu is still here for the first time. At first glance, I like this scene. Compared with other places in the palace, it looks more beautiful and tender, and it also makes Wei Yue Wu miss Jiangnan. .

This kind of scenery seems to have the breath of Jiangnan, which is a little different from the solemn and noble feeling of the palace.

"I arranged a banquet here because I thought the atmosphere was good." The third princess almost saw someone coming, which would explain with a smile,

Wei Yue Wu looked around, and the first thing she saw was the princess Qingyue, and the one who looked gentler beside her should be another red moon princess.

Eyes turned, nodded with a very natural smile, and then looked away, but did not see Wei Qiufu mentioned by Shu Fei before.

This is strange. The three princesses invited guests. Some honorable ones were invited. How could Wei Qiufu's temper not come? Is something wrong?

"Jingde County Lord, what happened that day offended!" Princess Qingyue first stood up, said a deep gift to Wei Yue Wu, then said with a straight face, "Jiande County, rest assured, I have two things to do Brother talked about it, and he was investigating the matter there, and he would definitely explain it to the county master! "

Actually, it wasn't just Wei Yue Wu, the most important thing was that Wen Tianyao and Yan Huaihuan were both present at the time.

"Princess Qingyue is polite!" Wei Yuewu smiled slightly, and the generous one also stood up and saluted, no matter who Princess Qingyue married in the future, but at least she is now the princess of Nanxia.

"What happened on that day was really Qingyue's recklessness. She thought she was the county master, and I am here to accompany her to the county master!" The princess of Red Moon also followed, standing up to Weiyuewu Yingying This is also very polite.

"The two princesses are so polite!" Wei Yuewu also owed a gift to Princess Red Moon.

"Okay, things are over, you don't need to say these any more!" Jing Wenyan, the princess, stood up and made a good scene.

There will be a few more here. It looks like they are all together. The three princesses order to serve.

Because they have few people, they are all at the same table, and they seem lively.

"Jingde, I'm going to marry Ludi soon ... this past ... even if I was young and ignorant ... Yandi and Ludi will have a better relationship since then!" The three princesses picked up a glass of wine, Taking a deeper ritual at Wei Yue Wu, this sounded a bit bitter, but think of the friendship between the three princesses to Yan Huaiyu, it seems to be past again.

The three princesses said that she had broken all relations with Yan Huaiyu, and since then she has been Ludi's wife, and has nothing to do with Yan Huaiyu, the king of Yan.

Without Yan Huaiyu, naturally there are no other grudges between the three princesses and Weiyuewu.

Three princesses, this means to reconcile with Weiyuewu?

Wei Yue Wu stood up again and said politely, "Three princesses said yes!"

She doesn't change everything here. Of course, she doesn't believe the reaction of the third princess. If the third princess really has a clean idea with Yan Huaiyu, she won't find Yan Huaiyu deliberately. To help Yan Huaihuan's appearance, the so-called warning, in fact, has no effect at all, but she just expressed her affection.

It seems that today's banquet is also good without wine.

The sky was gradually getting darker, but the lights of the palace lanterns were on. This place, because it is all flower trees, the flowers and leaves that fall from time to time are more and more revealing a blurry beauty.

At this meeting, everyone also drank a little bit of fruit wine, and the princesses had nothing to show. The princess was smiling softly and generously by the side. Everyone slowly let go of their minds and became lively.

So there is more talk.

A group of dancers drifted into the scene, one by one holding the flower baskets, and started to pick flowers. From time to time, they reached out to pick up a real flower, and put it into the small flower basket.

There are some flowers in the flower basket originally. These small petals fall into them, and they appear more and more different in color and beauty. They are also beautiful and beautiful.

"Oh!" Wei Yuewu snorted softly and looked at one of the dancers.

A very beautiful dancer, I can see that it is more beautiful than the other dancers. The same flower basket in her hand, elegant and elegant, reveals a bit of leisurely beauty. At first glance, she is somewhat familiar, but not knowing where this familiarity came from, Liu Mei frowned slightly for a moment.

"Master, this ..." Jin Ling said in amazement aside.

"What's wrong?" Wei Yue Wu took the fan behind her lips and asked gently, Jin Ling rarely saw such a shock.

"Master, this woman looks a bit like you!" Jin Ling lowered her voice.

Wei Yuewu blinked, but she was a little bit strange, no wonder she felt familiar.

"What's wrong with the Lord of Jingde County?" Princess Qingyue smiled softly and asked softly. Many people would sit here casually. Many people didn't sit in front of the banquet, but instead sat at the fence of the pavilion. Will happen to be sitting next to Wei Yuewu. "This guy ... somewhat familiar!" Wei Yuewu smiled slightly, and didn't cover it, reached out and pointed.

"This ..." Princess Qingyue also turned to Wei Yuewu's fingers, and after looking at it, she turned to Wei Yue Wu in surprise, then hesitated, "Jingde County Lord ... this ... really It looks like you! "

"Like me? No wonder so familiar!" Wei Yuewu said with a smile.

"This ... why don't you let the three princesses change people?" Princess Qingyue said quite uncomfortably, under the identity of the dancing dancer, but also a bit like the guests who were sitting and watching, it was easy to provoke guests. Dislike.

"No problem, it's just a dance girl!" Wei Yuewu shook her head and said generously.

"This is not always okay!" Princess Qingyue looked like she was in front of Weiyue Dance. To the three princesses not far away, her voice rose a bit, "Three princesses!"

"What's the matter?" The third princess turned her head. She would sit at the fence casually, holding a glass of fruit wine in her hand. She could see that she was in a good mood, and her face was tender and watery.

"Three princesses, one of your dancing girls is quite wrong, look at it!" Princess Qingyue stretched out a finger and looked like the dancing girls of Weiyuewu.

Her voice rose a little higher now, and immediately attracted everyone's attention. After everyone looked at Wu Ji, she looked at it and immediately turned to Wei Yue Wu.

I didn't pay attention to it just now. With such a clear look, I immediately knew that the dancer's long elephant Weiyue dance had at least four or five points in the dimness under the palace lantern.

For a moment many young ladies couldn't help smiling, and it seemed that the Jingde County Lord was angry.

"It's mine, I didn't see it clearly, but I mixed such a dancing girl in here, come and take her down!" The third princess also found this error, and said sorry to Wei Yuewu, Then facing the palace humane.

Jing Wenyan glanced over, looked at Wei Yue Wu and looked at the dancing girl over there, her lips evoked a slight smile, and her face seemed to smile.

"Yes!" The palace girl went down and nodded her hand to the vigorous dancer who was dancing.

The dancing girl looked around and saw that the palace lady was calling her, and hurriedly retreated from the queue, came to the palace lady, and paid respectfully.

"You go down first!" Said the palace maid.

"Flop", Wu Ji knelt down in shock, her face panicked, and the whole person shivered. "But what happened to the slave, please tell your sister!"

"This ..." The palace maid hesitated, really couldn't say in front of so many people that she was driven because she was like the Lord of Jingde County, and the palace maid turned back to see the three princesses.

"So many things, just carry on!" The third princess said lightly. She is a princess of a country. Naturally, no explanation is needed for a little dancing girl.

It is also normal to say so. The palace girl nodded, reached out to pull the dancing girl kneeling on the ground, and persuaded, "It's not a big deal, there is a master who doesn't want to see your dance!"

"For ... why?" Wu Ji was trembling all over, with a pale face. If it wasn't for the maid of one side, she could hardly stand, and she was hit hard.

"Don't ask me, I'll go with you!" The palace sighed, holding the dancing girl who was hard to move, and walked to the side ...

Wei Yue Wu looked at the back of the dancer Ji, and there was a hint of doubt in Shuimu's eyes, but she just asked her to go down to herself. Why didn't she seem to have given her a way ...

Chapter 952: Reality is false, reality is false

"Sister, why? Sister, why?" Wu Ji was taken out crying, and after a few turns, the palace lady helped her sit down on the stone bench aside.

Seeing the palace girl turning and wanting to go, Wu Ji grabbed the palace girl's hand and begged with tears: "Can you let the slaves finish this song?"

"This ... Lord Jingde County sees you look like her ... Dislike!" The palace lady hesitated.

"So, the Lord of Jingde County didn't want to see the slaves, and he didn't want the slaves to finish the dance?" Wu Ji tremblingly pulled the maiden's sleeve, and she couldn't let go. "The slaves asked her, The slaver now begged her, only that the county owner could give the slaver a chance and give slavery a way of life. "

"I'm afraid that's not the case ... Jingde County has a distinguished identity as the princess of Yandi. Even with the third princess ... there is no other way!" The palace sighed helplessly.

"Why is this, why?" Wu Ji burst into tears and burst into tears. She really just wanted to finish the song.

To others, this song is just a song, but to her, it is about life.

In fact, she is not an ordinary maid, but a young lady with a small family. She originally lived a stable and wealthy life. Although not as honorable as the big family, she is also a parent in her small family. A daughter who loves her in her palm.

Unexpectedly, things happened unexpectedly at home, something suddenly happened at home, but he had no choice but to enter the palace as a dancer, becoming a dancer worse than the palace girl.

Wu Ji's status is low. If a noble person sees it, she can even pass the master's secrets in the palace and talk to the steward, and then report it to take him away.

Of course, the status of such a nobleman is also not ordinary, and often can be identified by the master of the palace.

Before that, she was told that Nan Ruohou had fancied her and wanted to bring her into Nan Ruohou's house. Nan Ruohou was the cousin of the queen queen mother, and she had a close relationship with the queen queen mother.

Such a person looks after an incompetent dance girl, and of course there will be no stewardship objection, but in fact, Nan Ruohou took a lot of dance girls from the palace, but never returned, it is said that the Nan Ruohou There were some psychological problems, and the dancer Ji who had entered his house was tortured to death.

Hearing the news, how willing this dance girl is.

It's just that she does n't want to, and who dares to refuse Nan Ruohou's words? This time is her only chance, and this is what the steward secretly told her.

When it comes to the banquet of the three princesses, many distinguished ladies will be invited, even the princess. If everyone can be happy when the song is over, begging the third princess or the princess may refuse Nanruo. Hou, these identities are not ordinary people.

But for now, she couldn't even finish a dance, so how could she ask the three princesses and the princess for pride.

"It's ... there's no way ... always the meaning of the Lord of Jingde County, even if it is the third princess, it's not convenient to say more! But ... it's not totally helpless ..." The maid said in distress, looking at the dance Ji, a lingering expression.

"Sister, you say, no matter what you say, slaves will do it. This is the only chance for slaves!" Wu Ji cried pear blossoms with rain.

"This ... the Lord of Jingde County is the concubine of King Shiyan. I heard that the Lord of Jingde County liked the King of Shiyan very much, and I also listened to the words of King Yande. If you can get the approval of the King Yande, the Lord of Jingde County must be I won't make it with you!" Said the hesitant woman. "Then ... where is the King of King Yan?" Wu Ji fluttered down and knelt at the palace girl, holding her hand with tears.

Even if this is the sword, the mountain and the sea, she will also break through, it is much better than dying in the hands of Nan Ruohou.

At first she had a mind. If she couldn't get the help of the three princesses, she might as well quit herself. She shouldn't go to Nanruohou Mansion, and don't die tortured.

"Yi Wang Shizi is in the palace, but I want to let Yan Wang Shizi ... speak for you, I'm afraid it's difficult!" The palace girl became more and more embarrassed.

"Yi Wang Shizi is in the palace?" Wu Ji was overjoyed and wiped her tears with anxiety, "Where is the King Yan Shizi?"

"It's in the palace in front, but ... you past like this, you will certainly ignore you!" The palace girl reached out and pointed to the right front. There happened to be a palace over there, and it could be seen that it was an empty palace. "I'm afraid that even the King of King Yan Shizi will not be near!"

"So ... what to do?" Wu Ji was dumbfounded.

"You and the leader of Jingde County are a little bit like, if you dress up and add some shadows under the light, or there are about four or five minutes, if you pass in the shape of the Lord of Jingde County, People must be released! "

"I also asked my sister to help, save the slave's life!" Wu Ji was also a clever, and hurriedly gave two heads to the palace girl.

"This ... sees you so poor, okay! But you won't tell me out, right?" The palace lady looked a little hesitant.

"Sister rest assured, no matter if the slave-in-law is okay, she will never tell her sister. The sister was rescued by the slave-in-law. Even if the slave-in-law is broken, it is difficult to repay the sister's kindness!" Wu Ji looked at the palace girl with tears in gratitude.

"Okay, then I'll come with me. I'll change clothes for you. This makeup doesn't have to be changed. It will look a bit like Jingde County's master! In fact, if you can go to Yan Shizi and accept you, All these things are nothing! "

The palace girl looked up and down Wei Yue Wu with a smile.

"Thank you sister, thank you sister!" Wu Ji stunned, but then realized that she was overjoyed, and kept stroking the maiden's head, and the maiden held out her hand, and the two walked towards the more secluded path to the side.

After they passed by, Jin Ling came out from behind the flowers and trees on the side of the road, frowned, looked at them, and turned back.

She came out for the reason that Wei Yuewu was looking for a papa. This time she would go back and hold a piece of papa and hand it to Wei Yuewu. Wei Yue took it, wiped her hands, and stood up at will. Seems to appreciate the view of the lake by the pavilion.

With Jin Ling turned out of the pavilion, the evening breeze blew, the flowers burst into waves, and several other young ladies also stood in the pavilion and danced.

The music was elegant and dancing, but some other voices were suppressed.

Weiyuewu stood next to the pavilion near the water. It seemed that she was enjoying the waterscape, but she was talking to Jin Ling.

In the scene just before, Jin Ling picked up an important situation and simply reported to Wei Yuewu.

"Going to find a son?" Wei Yuewu's heart jumped abruptly, but her face was not obvious, and she still had a gentle smile, and she seemed to be immersed in the dance poses of the dancers.

Seeing Wei Yuewu walking outside the pavilion, Jing Wenyan thought about it and stood up and walked out, and seemed to want to lean over to Wei Yuewu, but in the sight of Wei Yuewu becoming lonely, Had to turn around.

There is a gap between Jing Wenyan and Wei Yuewu. Many people know it. If Jing Wenyan wants to show his affection to Wei Yue Wu in the past, it will only make people feel hypocritical. Moreover, Jing Wen Yan also cannot eat Wei Yue dance. Make her faceless.

As a result of the two previous fights, Wei Yue Wu did not give her a good look on several occasions.

Although she was not a princess before, she is now a distinguished princess, but with the event of her wedding day, Jing Wenyan really did not dare to mess with the moon dance.

Then she watched the show quietly ...

The corners of my lips are silently elated! You can make Weiyue Wu eat without spending half of your distraction, why not do it!

Anything that makes Weiyue Wu ugly, she would like to see it!

"Yes, that's what I said, and I asked her to dress up so that no one would recognize it, Master, what can I do? If you can't see it clearly, maybe you will really take that dance Ji is regarded as the master, so this is going to be bad for Shizi! "

Jin Ling anxiously thought that this dancing girl was going to find a son.

"So what should I do now?" Wei Yuewu smiled as usual.

"Of course the master will have to go to Shizi. Tell this to Shizi. If you see that dance girl, you can hit it directly. No matter what she does, this will be considered to be a scam to frame the master and Shizi. Here comes the incident. "This is the imperial palace. Jin Ling is really anxious. Even though his family son has eyes and hands, he can't guarantee that when he is related to the master, he can be very clear.

The main thing here is the Royal Palace.

"Then let's go to him now!" Wei Yuewu nodded, and brought Jin Ling to the three princesses, smiling slightly: "Three princesses, how about I want to walk around?"

She just walked around the pavilion. Naturally, she didn't need to say anything to the three princesses, but she would go further.

"This ... I'm afraid it's not good. There are other banquets in the palace today. I'm afraid it's not beautiful because someone ran into the county master!" The three princesses were a little embarrassed and looked away from the road.

"There are other banquets today?" Wei Yuewu raised an eyebrow.

"Yes, there is also a banquet for men. It will be too late. If the county master had more inconvenience in the past!" Said the three princesses.

Several other ladies also saw the direction that the three princesses pointed, and after exploring the probe, they did not dare have any interest.

"I'm not over there!" Wei Yuewu nodded with a smile.

"This ... I am afraid that the lord of the county does not know the way, and lost his way to the other side ... " Today the three princesses seemed rather uneasy and stopped again.

"It's okay, I'll just go in the other direction, will I go back on purpose?" Wei Yuewu laughed.

When she said this, the three princesses would naturally be inconvenient to stop it again. This would only allow them to go down and look at the direction in which they had stretched their fingers before telling Wei Yue once again: "Country master, there really can't be Going is the place for men's feasts. If anything happened in the past, I really can't afford this responsibility. "

"Thank you Three Princesses, I'll just walk a little over there!" Weiyue danced, pointing her finger in the opposite direction of the male banquet that the third princess had just pointed.

"Well, then the county master be careful!" The third princess reluctantly said.

"Okay!" Wei Yuewu's smile on the face grew more and more, and she turned to the three princesses, then took Jin Ling to the path.

Behind the gentleness of the three princesses behind them, a bit of pride was revealed ...

Chapter 953: Something went wrong, the third prince was assassinated

Small palaces are very quiet. Such palaces are often palaces without owners in the palace.

If a distinguished person is tired in the palace, he can be allowed to rest in such a palace without a government.

Yan Huaiyu happened to be in the palace, and after discussing something with the prince, he had lunch in the palace, and Wen Tianyao ordered people to take him to the palace to rest nearby.

Let him rest before going out of the house.

This can also be regarded as a kind of royal favor, and Yan Huaiyu naturally refused to refuse, and he would choose a rest at will.

In order not to prevent Yan Huaiyu from taking a rest, the guards retreated to the door and stood guard.

A woman Tingting appeared outside the gate of the palace, but the guard outside the palace wanted to reach out, but found that the woman in front of her was actually the concubine, and hurriedly bowed down to salute.

"Can Shizi be in it?" Wei Yuewu pointed her finger to the hall and asked softly.

"Yes, Shizi is inside!" The guard answered quickly.

"But okay?" Wei Yuewu asked again.

"This is going to rest!" The guard answered.

"I'll take a look!" Wei Yuewu walked in, and the guards thought for a while. After all, they didn't reach out. They were all Yan Huai's personal guards. Wei Yue Wu values.

The gates of the palace were repeated one after another, but because the visitors were Wei Yuewu, the guards bowed their heads one by one, respectfully allowing Wei Yuewu to enter slowly.

At the dormitory, Yan Huaiying was lying on the big bed, thinly covered on the chest and abdomen, eyes closed slightly, as if sleeping deep, long eyelashes, a pair of handsome eyes closed tightly, breathing was very stable, look It should be a good sleeper.

There are no other people in the hall. Although there are layers of guards outside, there are no other people inside. Seeing this scene, Wei Yue Dance is overjoyed.

The sister-in-law of the palace said, however, that if the Emperor Yan Wangshi could accept himself, his own affairs would be nothing at all.

Looking at Yan Huaihan on the bed with a bit of shame, they said that the King of the King Yanshi was beautiful and gentle, and if he could follow him, he could indeed solve his own plight, and he would be rich and rich from then on. Not only does Nan Ruohou dare not bully himself, even if others see him, he is polite.

In front of him, the king of the king of Yan is right in front of his eyes, within reach.

As for the nasty concubine who was just annoying, the sister of the palace also said that she was an unlovable one. If she was really favored, there would be a chance to deal with her slowly.

"Wei Yue Wu" stretched out her hand and wanted to touch Yan Huai Yan gently, but unexpectedly Yan Huai Yan's handsome eyes opened stunned, with her cold eyes falling on the dancer posing as Wei Yue Wu Body.

With such a powerful momentum, Wu Ji fluttered to her knees, and was about to cry to Yan Huaiyu, and suddenly she was stuffed with a cold object.

He lowered his head subconsciously, but saw a **** dagger in his hand.

A frightened "ah" screamed, but followed her with a scream: "There are assassins, there are assassins!"

Wei Yue Wu took Jin Ling away from the place where the three princesses had dinner.

"Master, will you go to that palace now?" Jin Ling took the road skillfully, and then pointed to a palace road in front of her. She saw that the palace lady had done this to Wu Ji.

"Don't go!" Wei Yuewu looked at the palace door and said.

"Why? If you don't go, the dancer will pass you by!" Jin Ling anxiously, she thought that the Yueyue Prom would go to Shizi and explain it to Shizi.

"It's not Shizi here!" Wei Yuewu took a closer look and said with certainty.

"This ... isn't Shizi in it?" Jin Ling was startled. "The slave only saw the palace girl pointing at Wu Ji so clearly."

She had good eyesight, so she could see clearly that the palace maid was referring to this palace.

"That was deliberately by the three princesses, knowing that I might have sent you out to look at it, that dance girl's look is really weird, if you look at it, it should be." Wei Yuewu's lips angled slightly.

The three princesses are indeed insidious. Not only is this a plan, but a plan is also set.

It looks like not only counting Yan Huaiyu, but also counting himself.

Wei Yue Wu has a strong self-confidence as to whether Yan Huai will win the move, and she is not worried. Besides, Yan Huai has also reminded herself before that there will be a dancer in this palace. Somewhat similar.

It now looks like this is what I saw.

Bring the dancing girl to Yan Huaiyu, and lead yourself to the palace in front of you, Wei Yue Wu may be sure that there must be a dead end in it waiting for him to fall.

The marriage between the third princess and Lu Yan has been settled. Now it is said that the last day is about to be set. The third princess is going to break the boat, and the last blow.

Although I don't know who is in the hall, it must be a trap set for myself.

"Go, let's go back!" Weiyue danced.

"Go back at this time?" Jin Ling said at this time, feeling worried.

"Yes, we are walking a little farther outside. The third princess cannot see us. We can see the third princess!" Wei Yuewu sneered.

The middle game of this game is to calculate yourself, no matter how you deal with it, you can't escape, then just stay on the side and see what medicine the three princess buys.

In a place like the imperial palace, Wei Yue Wu would not be arrogant, thinking that she could break all the scams, so don't ask for merit, but for nothing.

After waiting for it, think of other things.

And compared to Yan Huaijuan, it should be easier and more qualified to force than yourself ...

Wei Yue Wu took Jin Ling back, but did not go to the third princess, only standing far enough to see the third princess and several other ladies through the trees, admiring leisurely The sight in front of me.

She would like to see how the San Gong mainly set up this round.

Watching Wei Yuewu leave in a hurry, the three princesses could not help showing their pride, even though Wei Yuewu was cunning, this will inevitably hit her own tricks.

Take a dance girl similar to her to Yan Huaiyu.

Yan Huai's sleepy faintness will inevitably not be seen clearly. She asked the palace maid to break up the hair for the dancer and hang down for a couple of hours. Where dare to look at Wei Yuewu's face carefully, after I put it in, some things are not so clear.

As for Wei Yue Wu, of course she also prepared for her ...

It's not the others. It's the third prince who is sick. The third prince is ill and has taken medicine, and this medicine contains a little aphrodisiac medicine. The prince was weak and could not resist the medicine, and he would be looking for a maid.

Such things were trivial at first, and the three princes themselves would not care.

He used a lot of medicines, changing his medicine from time to time, sometimes with a small side effect, naturally he would not care about it. The maid in the palace took one, which is not a big deal.

No one in this house would care about such trivial matters.

Therefore, no one knows that the extra medicine was secretly added by the third princess.

Seeing Wei Yuewu hurried away, the three princesses were waiting for the news over there. She sent someone to stare at the palace where the third prince rested, and waited for Wei Yuewu to enter. She took Jing Wenyan and other family members. Okay to catch the scene.

Dare to grab a man from yourself, Wei Yue Wu must have such a broken reputation, and leave infamous preparations after death ...

I was expecting that I would n't wait for the right or right for the third princess, but she was anxious, and Wei Yuewu had been away for a while, but she did n't respond at all, did n't she walk into the palace? ?

No, she guessed that Wei Yuewu might send someone to listen. The girl ring named Jin Ling also overheard by looking for a papa. Wei Yue Wu knew that Yan Huaihuan was there, how could that be? Do n't check it in person.

"Go and see what's going on?" The three princesses winked at a close-knit maid next to her.

The personal maiden knew, and hurried out. She was going to find the maiden who had been outside the womb of the three emperors and asked what was going on.

It was only after turning the path that the palace lady felt a heavy blow on her head, her eyes were black, she passed out faintly, and she collapsed to the ground.

Jin Ling appeared behind her, dragging her to the side of the trail and throwing her off at will, and then rewinded back to Wei Yue Wu. From there, the actions of the three princesses can be clearly seen, but the three princesses do not. Will notice her side.

The third princess was very anxious, and she couldn't sit still. Although Yan Huaiyu didn't dare to send someone to stare, but thinking about that situation, or Wu Ji would be accepted by Yan Huaiyu, but Wei Yuewu Why is there no sound.

I was restless and looked at a few joking ladies who were still joking. The third princess bit her lip and retreated to the other side. She had to go and see for herself. She always felt that something was going to happen and she was really disturbed. very.

But before she went out, a maid hurried over, her face widened.

"What's the matter?" The three princesses sank, anxiously, this maid was the one she had sent to stare at the door of the three emperors' uterus.

"Slave ... Slave ... I saw someone entering the palace of the three princes." The court woman lowered her voice.

"Is it Yueyue Dance?" The third princess was excited.

"No ... no!" The palace lady shook her head nervously.

"Who is that?" The princess's heart fluttered suddenly, with a bad hunch. Of course, the guard at the door was deceived by her mind, so there should be no other people in the palace of the third prince.

"Yes ... an unknown maiden!" The maiden said nervously, she was secretly guarding at the gate of the palace, but she still did not see Weiyuewu come in, but she saw a maiden enter three Prince's palace.

It was just an ordinary maid, and she didn't care.

"Unknown palace girl! Then forget it!" The third princess's face sank, and it seemed that Weiyuewu was unsuccessful. Fortunately, even if she exposed that she had nothing to do with her, she let Weiyuewu escape. Already.

But it is also good to send a dancing girl to Yan Wang Mansion to fill up the Weiyue Dance.

"Three princesses, the three princes were assassinated!" The palace maid took a breath, and said in a panic, a word that scared the three princesses immediately ...

Chapter 954: Embarrassed, should I protect my sister

The three princes were assassinated, and the assassin was a strange maid.

Yan Huaiyu was also assassinated. The assassin is a dancer who looks like Wei Yuewu.

Two people were assassinated in the palace at the same time, but both were just injured.

Yan Huaiyu was because of vigilance, and the three princes were because of their fate. It is said that the guard happened to hear that the voice inside was wrong, and ran in to see the dagger falling from the palace's feet.

On the same day, and still in the heavily guarded palace, such a thing happened, Wen Tianyao immediately sent someone over to take the palace maid and Wu Ji together for inquiry, while sending a doctor to check the injuries of Yan Huaiyu and the three princes.

The injury was not too serious, but the influence inside was too great. Many connected people were brought to the interrogation. Everyone in the palace was in danger for a while, and even some concubines were secretly panic.

Actually, assassins entered the palace, and they also acted as palace maids and dancers. If they were mixed with the emperor, they might be assassinated.

The queen mother-in-law was also furious, and asked the prince to find out the mastermind behind him. Everyone knew that the mastermind behind him could not be just two ordinary court ladies and dancers, not to mention that the dancer was still a long-haired elephant guard and the moon dance was clearly plot A long time ago.

Wu Ji's incident was quickly investigated, and the cause was the three princesses.

This dancing girl was picked by the three princesses to dance at the banquet. It is said that it was because of the long elephant Weiyue dance that she was taken down. Afterwards, she did not know how to go to Yan Huaiyu's palace to perform assassinations.

The long elephant Weiyuewu was seen by many people at that time.

But the prince sent to ask the third princess that the third princess insisted that it had nothing to do with her. She also discovered it later, but when she went up, she said that the third princess had seen the dancer. And I've seen it in private.

After inquiring about Wu Ji, she didn't stab Yan Huaiyu, saying that she just wanted to see the King Yan Shizi by looking like the Lord of Jingde County, and wanted his help. Of course, this was also the maid of the three princesses. Wake up with her.

Everyone understands the meaning of this statement, just want to hook up with Yan Huaiyu.

But no matter what it means, it is not good intentions, and it involves Nan Ruohou, and even the face of the queen mother-in-law is beaten.

And it is reported that the incident of assassinating the second prince's court maid was also related to the third princess. At the same time, there were more and more negative rumors about the third princess ...

Prince's House

Although Wen Tianyao was sitting in the first place, he looked very respectfully.

Because Tai Tai was sitting next, not only his grandfather, but also high morality.

"His Royal Highness, the third princess and a woman in a deep palace, how can such a thing no longer be possible." Tu Taishi smiled.

"But ... now found out, they are all related to the three sisters. Even the palace girl was also with the three sisters before, but was kicked out after being beaten by the three sisters because of some small things." Wen Tianyao frowned. Wrinkled tightly, there was a feeling of weakness in my heart.

"I'm afraid that someone has framed the third princess! In fact, the Lord of Jingde County was also suspicious. When I saw Wu Ji, the Lord of Jingde County should be present!" Tai Tai said.

"She was there!" Wen Tianyao nodded.

"I heard that the Lord of Jingde County has always been terrible. Since he entered Beijing, he has strongly moved to Huayang Hou House. After that, he defeated Huayang Hou's aunt again. This time, she will not be related to her again, right?" Wen Tianyao said.

Wen Tianyao touched his hand and smiled bitterly: "Tai Master, at that time in the palace, even if Jingde's hands and eyes passed through the sky, it would not be possible to do this."

"What if Yan Huaiyu also stepped in?"

Wen Tianyao said this for a moment, looked up suddenly, and looked at Mr. Tu: "What does Mr. Tai mean?"

"Since this matter is related to the concubine of the king of the king, then from the emperor of the king of the emperor to the emperor of the king of the emperor." Although Master Tai was still smiling, her smile was a little cold.

Wen Tianyao's hand held the pen in his hand fiercely, and squeezed it tightly, and then slowly relaxed, looking like nothing happened; "Prince is trying to lead things to Yan Huaiyu?"

"His Royal Highness, those sons have been in Beijing for some time, and Yan Huaiyu is now married. At this time, if he stays with him to marry a princess, I'm afraid he can't keep it. If he proposes something Leaving Beijing, may I ask the Prince why he kept him?" Tai Tai asked, looking upright.

Wen Tianyao asked these words for a moment of silence, his frown frowned tightly.

Why keep him? No reason anymore! The so-called marrying relatives, Yan Huaiyuan has also been married, and still respect the queen's meaning, it can be said that there is no slight violation.

If Yandi finds a reason for Yan Huaiyu to return to Beijing at this time, there is really no reason to keep him here.

"Yandi's power is getting bigger and bigger. If Yan Huaiyu is to leave Beijing again this time, His Highness ... I am really not far from destroying the country!" Tu Taishi sighed.

"So you need to operate from ... Jingde?" Mu Tianyao, who asked Wen Tianyao's words, was a little bit arrogant.

"Where else?" Tu Taishi asked gently.

Starting from Weiyuewu's body, what this means is that Wen Tianyao is very clear, but that is his sister, his sister, how he succeeded.

After learning about his own life, he wanted to recognize the sister countless times, and wanted to hear Wei Yuewu call himself an elder brother, but he had no chance and no reason to make such a request.

The so-called Prince, he can not take it seriously, but if the events of that year are really announced, the entire Huayang Houfu will be destroyed, and the Nine will be a disaster.

He didn't know why Wei Luowen did such a thing at first, this kind of thing has been regarded as a major crime of rebellion. If it is set off, it will not be only his own thing.

What he can do now is to stand in front of him, settle down in the position of Prince, and then become the next emperor, so that he can keep Huayanghoufu and his relatives.

But now he actually said that he would take Wei Yue Wu, how can he bear it.

I knew that Yan Huaiyu was dangerous around him. He also wanted to take Wei Yuewu away, but his defeat was finally over.

"Tai Shi, how this matter was directed by the three sisters, how could it fall on Jing De?" After fixing his mind, Wen Tianyao raised his head and looked at Tai Tai.

"But no matter what, it definitely has something to do with her. It must be because she looks like her, that makes Wu Ji go down. As for Wu Ji's assassination, it can also be said that Yandi is one-sided, although it won't really fall. Sin to the King of King Yan, but he can be detained in Beijing, on the one hand, it can be said to protect him, on the other hand, it can be said that this matter has something to do with Yan Di! It is well-documented, and it can be attacked, retreated, and defended. It can be regarded as a good conspiracy. For the time being, Yan Huaihuan cannot really be in trouble, but it can be detained in Beijing.

Whenever you let people go, you have to see what Beijing means.

In other words, Yan Huaihuan became a hostage, not the free situation now.

"What about Jingde?" Wen Tianyao asked, gritting his teeth.

"His Royal Highness, the person who made the big thing is informal, but it's just a woman. It's nothing big." Master Tai smiled casually.

"Huayang Hou won't agree!" Wen Tianyao held his hand tightly under his sleeve, but even if he did so, he felt a deep sense of weakness.

Even though he became a prince, could he not protect his own sister?

Then what use is this Prince!

"Huayang Hou does not agree that it has no effect. It must be too much involved." Tu Taishi shook his head.

"but....."

"His Royal Highness no longer has to hesitate, everything is always the most important thing. If Your Highness is kind again, then the whole world will not be Yandi at that time. When the emperor lived, he felt the potential of Yandi. I'm afraid that one day Yandi will destroy the entire capital. Your Highness think about it! "

Master Tai stood up and said, "The old minister retreated to His Royal Highness, and hopes His Highness will take the overall situation as the most important thing!"

"Master, please help yourself!" Wen Tianyao stood up and sent Master Tai to the door of the study. Then he frowned and turned back to the study. He sat behind the desk froze.

Guided by Weiyue Dance? So regardless of the outcome, Wei Yue Wu will basically not end well.

How can he bear it!

That was his sister, the only woman he wanted to protect, but now he wanted to let himself guard Yueyue, but he also knew clearly that Master Tai was right.

Yan Huaihuan has almost no flaws. After entering the capital, Yan Huaihuan has done everything in any way, even if he wants to catch his mistakes, he can't.

And this remark was made by Master Tai. Master Tai has been hiding behind the scenes for so many years. Basically, regardless of the court affairs, even the last time Queen Tu and the four princesses had an accident, he did not reach out.

Wen Tianyao respects him very much. If there is anything particularly difficult in the past, he will go to Taishi Mansion to find Taishi Tu, and Taishi Tu always answers them one by one. This shows his support for Wen Tianyao.

In the last incident of Jing Wenyan, in order to obtain the military map of Yandi, Tai Tu agreed to give up the crown prince Tu Shushui. It was almost a whole-hearted plan for Wen Tianyao, which made Wen Tianyao to Tai Tu from his heart. Respect, but this will make Mr. Tu's proposal hesitant.

"Come, go and invite the four princes!" Wen Tianyao ordered, as he settled down.

"Yes!" The inner servant stepped down, and hurried to find the four princes, and soon they came to Wen Tianyao's study.

Wen Tianyao waved his hand to let everyone back down, and then told the four princes what he had just painted, and then he sighed heavily and rubbed his forehead: "Four Brother, what do you think I should do? "

"Brother, haven't you all decided?" The four princes remained silent for a long time, then slowly raised his head, his eyes were reddish, his face seemed to be smiling, but the smile was a little sad.

Chapter 955: Ready to return

"I? I didn't, so I invited the fourth brother ..." Wen Tianyao hesitated. He had never seen the fourth prince like this. The fourth prince looked sad and indignant.

"No? Since the elder brother asked me to come, he actually let me take the idea, but why didn't the elder brother take the idea himself? I am afraid that someone will write a paragraph in the historical

facts. In order to ascend the throne, you will take the first one. Is it my sister's surgery? "The four princes were very angry.

"You ..." Wen Tianyao could not think of the four princes who had always respected themselves and said such things to themselves, and for a while they didn't know how to respond.

"Brother, am I right? You already wanted to sacrifice Jingde, so you made me decide on it deliberately. What can I do? I'm just a prince who is idle and has no power. What I can do is No, you should tell your elder brother that it's just a woman. It's nothing, and the elder brother can settle this matter on Jingde with peace of mind. "

The four princes just felt an anger rushing up to their heads, and their fingers pressed on the table with a slight trembling, their hearts were sad and angry.

"Four brother, what's the matter with you?" Wen Tianyao frowned even more. "If you are not comfortable, go back to rest!"

"Why is it like this and why is it always like this, in our veins, can't we talk about family relationships, the righteousness of the home country, the so-called righteousness of the home country, can we watch our own sister die in front of ourselves? It's Qingyang, now it's Jingde's turn, and the girls who really were born in our veins have not ended well! "

The four princes didn't seem to hear Wen Tianyao's words, and his face was pale, but a tear fell in the corner of his eyes.

The man never cried with tears, but the four princes couldn't bear it anymore.

"Four brothers, what are you talking about!" Wen Tianyao sank.

"Brother, did I talk nonsense? Brother clearly understands that he has always been the most respected person of Brother Big. He always said that one is one and that two is two. Brother never violated Master Tu. Meaning, now that he has said so, does the elder brother have the intention to sacrifice Jingde in his own heart? Elder brother, is this high princely position really important? It is important that everyone can ignore their affection ! "

The four princes were excited and reached out and pointed out: "For this throne, take the child out of the palace, and then bring the child back to the palace. How many people were implicated, and some people ruined the name, there are I lost my life, and someone was unknown or dead. Is it all because of this throne? "

"Four younger brothers, shut up!" Wen Tianyao shouted sharply when the four princes were out of control.

"Big brother, I don't want to be involved anymore. I can do whatever you want! Jingde is my brother's sister, and my sister is already dead!" The four princes calmed down a little, with a look between them slightly slumped, turned around and left.

But met Jing Wenyan outside the courtyard of the study.

Jing Wenyan turned sideways as a ritual and paid a tribute to the four princes, but saw that the four princes who had always been polite only slightly arched and left.

"Sir concubine, this ..." The maid of the court standing beside Jing Wenyan.

"Go, go and see His Royal Highness!" Jing Wenyan smiled slightly, as if she had not seen the fourth prince's rudeness.

"Yes!" The maid did not dare to say more.

The atmosphere in the study was very dull. Wen Tianyao looked at Jing Wenyan coldly, his eyes were stubborn, only Jing Wenyan could not help but feel a little nervous, rushed forward to salute, and said softly, "I'm afraid your highness will be hungry. , Made a few pastries intentionally. "" No! "Wen Tianyao said coldly, waving his hand," You go down! "

He wouldn't have any thoughts about eating snacks, but he just felt upset.

"His Royal Highness, let's use some first. I still have something to sue His Royal Highness!" Jing Wenyan said as if she did not see Wen Tianyao's cold eyes.

While reaching out to let the palace lady take out the pastry from the food basket she was carrying, she continued to laugh: "His Royal Highness, half of the mansion in my house, my father said that he had sold it, and he still got the emperor's Meaning. "

"Sell it, sell it!" Wen Tianyao said annoyingly, although he did want the half-mansion to be the dowry of Jing Wenyan because of the four princes before, but how could he care about it? This one.

"It was sold to Yan Wangshizi!" Jing Wenyan continued.

"Yan Huaihuan?" Wen Tianyao asked for a moment.

"Yes, it is said that the King's Palace is a bit small. It is not convenient for Jingde and Miss Lin to live together, so I want to set up another house and want to house Miss Lin." Jing Wenyan replied.

Is Yanwang Mansion small? Of course not small!

But now the situation of Wei Yue Wu and Miss Lin seems to be a little unsuitable. Looking at Yan Huaiyu's appearance, it seems to be good for both of them. Is this going to be settled separately so that they can settle for each of them?

But there is another meaning in this remark. Is Yan Huaiyuan planning to live in Beijing?

"When is it?" Wen Tianyao asked in a deep voice.

"It was the next day after I got married. I was still thinking about letting my father leave the half of the mansion to me. I gave my father some subsidies. I do n't know if the hands of King Shiyan are so fast, I actually ordered the yard directly. Get off! "Jing Wenyan replied softly, explaining why the Jingguo Government did not treat the half yard as a dowry.

"Well, I know, let's go!" Wen Tianyao waved.

"His Royal Highness hasn't used pastry yet, Your Highness ..."

"Well, give me a go!" Wen Tianyao shouted sharply, directly interrupting Jing Wenyan's words, Jing Wenyan was surprised, but in exchange for Wen Tianyao's scolding, she was red for a moment.

"Yes, Your Highness!" Jing Wenyan's eyes were red, and she gave a grieving grievance, and then she softly took the maid next to her and went out.

When he was able to walk to the door, he looked back at Wen Tianyao with a somber look and tears, and then left sadly.

When I got outside the courtyard, I wiped the tears on the corners of my eyes and bit my teeth. She is a divine princess, but she does n't have much power in the East Palace. She has more power than she does. How willing she is.

Becoming this prince is far less powerful than she imagined. Not only is Wen Tianyao not beloved here, but the queen mother-in-law often calls her out from time to time to inquire about every move of Wen Tianyao. .

All this was done by Weiyue ...

"Prince and concubine, queen mother-in-law, please!" A maid came hurriedly and whispered to Jing Wenyan's ear.

"Now?" Jing Wenyan sank her face. She really didn't want to go to the Queen Mother's palace, but had to go again. She is now controlled by the Queen Mother.

"Yes, now!" The palace lady nodded.

"Go, go back and change your clothes." Jing Wenyan gritted her teeth. An old beggar who could die a long time ago still held the power in her hand, and repeatedly suppressed herself, even controlling herself with poison. One day, she is going to kill the old beggar. Is she Jing Wenyan a person who is controlled by others at will?

"The queen mother-in-law said that you should hurry up!" The palace girl hesitated.

"I just made the pastry for His Royal Highness, and the clothes are stained with pastry, and this will change over!" Jing Wenyan said unhappily.

"Yes!" The maid did not dare to say more, and bowed her head aside, Jing Wenyan hurried to her palace. She must change her clothes ...

"What? I was also stabbed?" Wei Yuewu opened her beautiful eyes and looked at Yan Huaiyu in puzzlement.

"Yes, you are also stabbed!" Yan Huaiyu looked at Wei Yue Wudao gently.

"But ... why should I be stabbed?" Wei Yuewu was quite a bit ignorant. She would be in the Yasukuni Palace, or not the Yasukuni Palace, but the one that was sold to Yan Huaiyu in the Yasukuni Palace. Half a mansion.

Now it has been regarded as the Yan King Mansion. Yan Huaiyu is taking Wei Yue Wu to visit the half of the Jingguo Mansion.

"It is estimated that they will push the things in the palace to you!" Yan Huaiyu reached out and held Wei Yuewu's hand, while walking slowly forward, he said gracefully.

Wei Yue Wu was silent for a while, then hesitantly asked, "Queen or Queen, or Princess?"

"Or not just these, but also the court." Yan Huaiyu smiled implicitly, and his long fingers hooked Wei Yuewu's thin fingers. "Will the dance follow me to Yandi?"

Would you like to follow me to Yandi? This question was very gentle, almost not like Yan Huaiyun's style.

Wei Yuewu knows clearly that the so-called puppet son like jade is actually an illusion. Yan Huai is a very overbearing person in his bones. He had already arranged for himself the way to Yandi. At that time, he even returned to him with him. not related.

But this meeting still asks this question solemnly.

"I do!" Wei Yuewu said softly, and slender fingers boldly gripped Yan Huai's hand.

The corner of Yan Huaiyu's eyes bent unconsciously, his eyes narrowed, all the appearances melted down, and only fiery tenderness remained in the end.

"Well, it's time to go!" Wei Yuewu blushed and pulled his hand.

"Wuer say go!" Yan Huaiyu laughed and pulled Wei Yuewu back again. "Now Wuer prepares a return date for me!"

"I just got hurt?" Wei Yuewu said quite puzzled, this is not easy, especially if someone used this to lead to himself.

Wei Yuewu knows clearly that it is very difficult for others to plot Yan Huaiyu, but if you want to plot yourself, it is relatively simpler. This is only a matter of the inner court, which cannot be related to yourself, but if it is the court This is not an ordinary thing, and Yan Huaiyu may be dragged by himself.

"Wu'er rest assured, I have my own way!" Yan Huai said with a brave mind, a smile on Junmei's face, and she was in a good mood.

"What can I do? How can I stand by you alone?" Wei Yuewu was still a little uneasy. Yan Huai's weight was too heavy. Even if he was stabbed, he might not be able to draw others' eyes away from Yan Wangfu.

"If you don't have one, you should have two. This is also the time when it should be useful!" Yan Huaiyu pulled Weiyuewu to stand in front of an unfinished wall.

That's the wall that the Yasukuni Government divided into two halves. This will not be fully repaired yet. Some people in the Yasukuni Government are busy ...

Chapter 956: Emergency response

"What, Miss Lin of the King's Palace was assassinated with Wei Yuewu?" The cup in the emperor's hand fell to the ground, making a crisp and broken sound.

"Yes, it's the news from outside the palace just now, this will ... say this meeting, Miss Lin has been seriously ill and will not die!" Said the housekeeper stuttered.

"Dead?" The emperor nearly fell when he pressed his hand on the table.

The housekeeper around him reached out and helped.

Wen Tianyao also hesitated for a moment, and asked urgently, "Where was the assassination encountered, isn't Yan Wang Mansion very strict? How could the master of his own house be assassinated!"

"It was just ... when I heard it was going to see the house, when the prince Yan Yan took Ms. Lin and Jingde County lord to see the newly bought mansion, the assassination was met together!" Baba's way.

"Who's house?" Wen Tianyao had a bad hunch, and asked with certainty.

"Say ... said to be the house of the Crown Prince's house!" The housekeeper glanced at Wen Tianyao and replied uneasily.

"Check ... check immediately, let them find out ... who wants to kill Yan Shishi, assassinate King Shishi and the family daughter of Yandi!" The emperor said in a difficult way, and his face was very different. Well, the whole person wobbled and could hardly sit still.

"Come here, please be a doctor!" At the sight of the emperor, Wen Tianyao knew that it was not good, and stretched out his hand to help the emperor.

The housekeeper hurried out.

After a while, he came with the doctor, and after a lot of confusion, the emperor lay on the dragon couch behind the Imperial Study Room to rest.

After the emperor fell asleep in it, Wen Tianyao came out of it, and frowned, "How was Jingde County's main injury?"

"I heard that the main injury of Jingde County was not serious, that is, I was frightened, and passed out for a while. I haven't woke up yet. The Yanwang Mansion will be in a mess. Outside ... are rumors ..."

The housekeeper said that he looked at Wen Tianyao secretly and was afraid to go on.

"What is it, say?"

"It is rumored outside that ... it is related to the princess, otherwise who would assassinate the two women in the boudoir, but some people say that it is the emperor who is going to deal with Yandi!" Things were said out in 151.

"How many people say they are dealing with Yandi?" Wen Tianyao's face sank, his heart startled.

"Not much, most of them are related to the princess ... the princess was originally supposed to marry the king of the king of the king ... some slaves didn't dare to pass it on, it wasn't very nice!" Said the servant.

When Jing Wenyan arrived in Beijing, her reputation was very good, but now more and more people think that this concubine is actually very bad. If she said that when she arrived in Beijing, there was such a rumor, naturally not How many people believe it, but now, the more you say it, the more you feel it.

There are also rumors that there are noses and eyes, saying that the second son and second lady of the Jingguo Government were also poisoned by Jing Wenyan on the way to Beijing. Those aunts who didn't even flee returned to Beijing. It's all because of Jing Wenyan's dark hands.

Of course, some people think that this kind of thing cannot be done by a woman, it will be too much involved. Although there are not many people brought to the palace to see the mansion, it is not that anyone can assassinate casually.

"Where is the Assassin?" Wen Tianyao said as he walked.

"Assassin is dead!" The housekeeper hurriedly chased after him.

"All dead, isn't there a living?" Wen Tianyao frowned. "At that time, the situation was rushed, saying that the guards of the King's Palace only wanted to save their own master. It was unexpected that the assassin was actually a dead man. As soon as he caught it, he broke the poison in his teeth and died."

"Are there any clues?" Wen Tianyao stopped and asked Shen Shen.

"No!" The housekeeper hesitated.

"Go and invite His Royal Highness to my study." Wen Tianyao commanded that he believed the four Princes most, even though the Princes had quarreled with him before.

"Yes, Your Highness, the slave immediately went to invite the four princes!" The waiter rushed out and ordered.

Wen Tianyao hurried to his study, and heard that something had happened to Yan Wangfu, and the four princes hurried over, even if he had said something angry before, but he would not really care about the prince.

"Brother, how could this happen? It really has nothing to do with the Crown Prince?" This was the first sentence the four princes saw when they saw Wen Tianyao.

"Should ... it wouldn't be her!" Wen Tianyao shook her head. "She won't be so stupid!"

"But it's all said outside. Isn't it possible that the father is going to deal with Yandi?" The four princes picked up the tea on the table and drank a few sips, anxiously.

"No, Father Emperor has no such meaning, for the time being we do not have this strength to destroy Yandi!" Wen Tianyao shook his head and bluntly told the four princes.

"Neither left nor right, what's going on? The lady Lin is dead, but if we don't give Yandi a story, it will really be a big deal!"

The four princes anxiously said that once Miss Lin died, this matter could not be regarded as a simple matter.

Everyone knows that this Miss Lin is the sweetheart of Yan Huaihuan, and she went to Beijing thousands of miles away. For her status, Yan Huaihuan even resisted the words of the Queen Mother.

Now that this Miss Lin has actually disappeared, how can Yan Huaiyun be willing to give up.

"Check out the assassin ..." Wen Tianyao frowned.

"Brother, where to check the assassin at this time, if you can check Yan Huaiyu already, you will have to get an idea. What on earth do you want to do with Yandi? If you really tear your face now, can the court block Yandi? Bing Ma, you can tell the truth!" The four princes anxiously.

Wen Tianyao, who was asking this, was silent for a while, and then said, "Han Ting can't stop Yandi now, or it seems to be quite equal, but if the other places followed, I'm afraid ..."

With that said, Wen Tianyao was silent. The situation in the middle school was clear to Wen Tianyao. The reason why Yan Tian was tolerating step by step was because Yandi's strength was almost equal to that of Beijing.

"That's why I can't tear my face now!" The four princes groaned. "Then I must give Yan Huaiyu a good statement, otherwise Yan Huaiyu could not get through there, and Yandi, I heard Basically, Yan Huaihuan is in charge. If the elder brother can't think of a good reason, just hold down Yan Huaihuan! At least you can let Yandi have some scruples! "

"Shoot Yan Huaihuan, what about those? How about it?" Wen Tianyao said annoyingly.

The incident happened too suddenly. I was still thinking about Yan Huaiyu's assassination. I was thinking whether to start from Weiyuewu. It is best to start from Weiyuewu, but this time Weiyuewu also After being injured, this will still be unconscious, and it is time to make people ask for training.

"If they are deducted together, I am afraid that these places will not care much about the sons in this capital!" The four princes also knew the power of other sons on their ground and shook their heads.

The other places are not bad for his son. "If you don't hold them down, they will definitely run, and they will run all together, and then maybe they will reverse together!" Wen Tianyao bit his teeth.

The four princes were silent for a while, and there was nothing they could do for a while.

"What's the father emperor say?" After a while, the four princes said.

"Father Emperor is sick again!" Wen Tianyao reached out and pressed his head, sighing.

The emperor was ill, so the burden fell on Wen Tianyao again. Wen Tianyao felt tired for a while. Yes, he was very tired.

Except for the four princes in this palace, he actually has no one to discuss.

The people around him were like the queen of queen and the queen mother-in-law, but no one really considered it for him, and there was a smirk on his lips. His crown prince was really a bad name, and he didn't speak well.

There was a silence in the room for a while, and a housekeeper suddenly reported outside the door: "His Royal Highness, Master Tu, please!"

"Please!" Wen Tianyao settled down, said.

"Brother, first meet with the teacher and ask what the teacher should do. I'll ask about it and think about it!" The four princes stood up and said.

"Okay, be careful!" Wen Tianyao said uneasily.

"Big brother, rest assured, I will!" The four princes nodded, then met Mr. Tu, who hurried in, and walked out respectfully.

When he got outside the door, he stood under the porch, looked up, and looked at the sunshine in the sky, exhaling a long breath.

To the point that the matter is up to this point, the four princes also don't know what to do. This will be the most dangerous time. It looks like they can't find their grandmother!

With a sigh of relief, he turned and strode out of the palace.

Even though I don't really want to see his grandmother, but at this time, for the elder brother, he must also see him ...

In the study, Tai Shi and Wen Tianyao sat down after seeing the ceremony, and they didn't look nervous.

"Tai Shi came only after hearing about the assassination of Yan Wangfu?" Wen Tianyao looked at Tu Tai.

"Weichen came here after hearing something. I don't know what His Royal Highness is going to do?" Tai Tai said respectfully.

"What else can we do to make Yan Huaiyu satisfied as much as possible!" Wen Tianyao smiled bitterly, his expression darkened. Since Beijing Central has no strength against Yandi, it doesn't matter to tear his face.

This prince ... is really boring.

"What should the Prince do to make Yan Huaiyu satisfied, and the prince might give a living woman to Yan Huaiyu?" Tai Tu asked gently.

"How can a man be resurrected when dead?" Wen Tianyao shook his head.

"Since he can't resurrect Yan Huai's sweetheart, the prince will help him find the murderer!" Master Tai also knew that this was impossible, so he changed his direction and prompted.

"Looking for the murderer? Aren't all dead after the murder?" Wen Tianyao said helplessly.

"So you can't even find the killer?" Tu Taishi asked again.

Wen Tianyao nodded.

"If there is no murderer, then it can only be said that the court intended to harm the Yan Wangfu, or that the target was not the two female protagonists who stabbed the Yan Wangfu, but the Wang Yanshizi, who must have been at the time. .

At this meeting, he still maintains a panic mentality.

Wen Tianyao took a sigh of relief, stood up awkwardly, turned out of his seat, and snorted at Tai Shi to the end: "Please teach me too!"

Chapter 957: Two injuries are the best

"His Royal Highness, there are two kinds of things now, one is directed to Yan Di, and the other is directed to Yan Huai's two women. Which one does Your Highness think is more beneficial to the court?" Master Tai looked at Wen Tian. Glory.

When Wen Tianyao's face changed, he raised his eyes and looked at Tai Shi suddenly: "Tai Shi means ..."

"An assassin incident happened before, and Yan Huai was very hurt. This time there was another assassination in the palace, and the incident in the palace was also related to the Lord of Jingde County. Later, Jingde and the family daughter of Yandi If they were assassinated together, if His Royal Highness did not give Yandi an explanation, it would not be justified! "

Master Tai reiterated his meaning.

Yan Huaiyu's assassinations have been related again and again, and they are also related to the palace. Previously, when the third prince was assassinated, the third prince was injured. This time in the palace, he was injured almost at the same time as the third prince. After returning home, His sweetheart died again and again and again and again. If Yandi used this as an excuse to make a living, the court would have nothing to say.

The first time can be said to be occasional, and the second time can be said to be careless. What about the third time?

Using the same excuses is no longer feasible.

Therefore, this time the court must give Yandi an explanation anyway, but give Yandi an explanation, but not ordinary people can afford.

In other words, we must find a reasonable and reasonable reason, and then bear it alone.

"Well ... Taishi means ... who?" Wen Tianyao was extremely helpless and heartbroken. He felt too embarrassed as the Prince of a country.

"There are two candidates now, one is the princess, and the other is the third princess. The matter of the boudoir must be handled better than the matter in the court, depending on His Royal Highness!" Tu Taishi slowly said, "If Taking the story of the Boudoir as a theory, I think it is reasonable to use Yan Huai's richness. "

"What's the reason?" Wen Tianyao answered this for a long time.

"The reason is naturally because of love and hate. This is the dance in the palace. This is also the reason for the assassination outside the palace." Master Tai frowned and frowned. This was indeed difficult to do, and it was more like an early deployment. Game, otherwise how can so many things be strung together.

Master Tai himself thinks that he has always been able to use various scenes for his own work. However, if Yan Huaiyu's affairs are thought deeply, he feels that the court wants to destroy Yandi, the world's son. The court couldn't bear the son of the king of Yan. If you think about the king's affair again, you will feel that it is a moving hand of the court.

But Master Tai was very clear that the emperor did not order to take action against Yan Huaiyu.

But in the current situation, everything points to the imperial court and everything points to the emperor. If this situation is not broken, not only Yandi, but also other places will have their own thoughts. Everywhere will think, does this mean that the court will have to operate on all princes? , And Yandi is the first knife.

For a time everyone is in danger and can even cause war.

Although Mr. Tu said something simple, but what it means, he believes that Wen Tianyao can think through it. Originally, he also wanted to use Weiyuewu as a bait to lure Yan Huaiyu, but he could n't think of the Prince yet. Quiet, Wei Yuewu was assassinated, and she was unconscious.

If someone else is unconscious, it will still make people doubt, but this Jingde County Lord, this coma's problem is not a day or two, but also almost woke up several times, no one suspected that she was pretending to be sick.

Because of the assassination of Wei Yuewu and the Miss Lin, Tai's previous plan was defeated, so she had to bring things back.

"Wu Ji was assassinating Yan Huaiyu at the time, how could this be resolved?" Wen Tianyao asked with his teeth clenched.

"The assassination of Wu Ji is just acting, of course, to attract Kai Yanhuai's attention, but the actual assassination is the two to be assassinated later, so Miss Lin is dead!" Refers to the Road.

"What about the three younger brothers?" Wen Tianyao said.

"It's fog, but it's not really starting." Tu Taishi said decisively.

Wen Tianyao's handsome eyebrows were wrinkled tightly, and a heart could not fall down. He raised his hand and slowly supported his head, his head was heavy.

"His Royal Highness, the reason can be used for this, but the death of the Yan Lin's Miss Lin is true. If Her Highness does not respond quickly, or this matter will be entangled again." Tai Tai reminded.

"I want to ... how to do it?" Wen Tianyao asked dully.

"His Royal Highness, it's just a matter of boudoir, and then you can generously let Yan Huai to investigate, even if it is the third princess or the princess, if anyone really does it in secret, it will never be light!" Taishi said harshly.

"Who ...?" Wen Tianyao's fist clenched, but he slowly let go.

He knew the meaning of Master Tai was that the three princesses and Jing Wenyan could only keep one, and one must be pushed out to blame.

Although he does n't like these two now, but Jing Wenyan is always his wife, and he still has the daughter of the destiny, who can be dealt with casually. If he really does, his prince The position will be questioned, but what if it is the third princess?

Although he did not like the three princesses more and more, he must also be a brother and sister for many years. He really let the third princess go out to blame, and he was a bit unbearable.

"His Royal Highness, I think the three princesses are more suitable!" Master Tai looked at Wen Tianyao, knew that he had chosen to embarrass him, and calmly analyzed it for him.

"Three princesses! Taishi, that's Tu Zhaoyi's daughter." Wen Tianyao raised his eyes and looked at Taishi Tu, the daughter of Tu Zhaoyi, the granddaughter of Tu Taishi.

In contrast, Wen Tianyao still had some feelings for his sister. Of course, he did not expect that the cause of this incident was the third princess, which was the reason that San Gong was mainly responsible for defending Yuewu.

In Wen Tianyao's heart, she thought that the three princesses were going to marry Lu Yanli. This was also her own promise. Of course, she would no longer have any entanglement with Yan Huaiyu and would no longer harm Weiyuewu. She is extremely innocent.

She even wanted to make a good Weiyue dance, and specially invited Weiyuewu to enter the palace for a banquet. These are all good performances of the three princesses.

It was just unexpected that so many things happened later. In Wen Tianyao's feelings, this time the three princesses were innocent.

"But this is good for Your Highness. The Crown Prince's status cannot be moved yet, otherwise her Royal Highness' status will be shaken. If His Highness can find another destiny daughter, she will say two!" Said Tai Tai.

Although Zhao Zhaoyi is also a daughter, her daughter is still different from her daughter. Queen Tu is the biological daughter of Mrs. Tu. Of course, Mrs. Tu's heart is different.

Moreover, Tu Zhaoyi had an upset with Queen Tu before, because although Master Tai had not thought of having to deal with him, but now that this happened, it could make Zhao Zhaoyi weaker, and Master Tai felt indifferent.

"Teacher, I know, let me think about it!" Wen Tianyao said slowly, his eyes closed weakly, and his mind was confused.

"His Royal Highness, think about it, old minister retired!" Tai Tai stood up and said.

"Teacher please, please!" Wen Tianyao said weakly, he would feel confused, he didn't know which direction to go for a while, now he just wanted to be quiet ...

In this case, the three princesses were innocent, but she had to push her out, thinking of the childhood situation, her eyes could not help slightly red.

It does n't matter who it is pushed on, it is a big event, even if it comes to life!

Even though the three princesses are getting worse and worse, they must have been brothers and sisters for so many years. It is not because they want to push her ruthlessly.

He must think about it, what exactly is going on!

This prince ... was really aggrieved ...

Yan Wang Fu

Wei Yue Wu sat up a little, looked at the post in her hand, a very simple post, but it was written with plum blossoms.

Posts given by Plum Blossom.

How did plum blossoms post? It's not a family banquet. It's strange that this post was actually delivered by the plum girl's concubine, saying that the plum girl's master asked Wei Yuewu to go.

And said that he would see some coma, and said that he could not be optimistic about Wei Yuewu's disease.

Will Plum Blossom Master see a doctor? Wei Yue Wu does not know, but she knows that this is not the Plum Blossom Master, but that the concubine hiding behind the Plum Blossom Master wants to see herself.

The identity of the concubine is, in fact, ready to come out.

I just don't want to think about it!

But since she was so anxious to see herself, she seemed to see her too.

"Prepare a carriage!" Holding the papa in his hand, Wei Yue Wu slowly instructed.

"Master, you are still faint, how can you go out!" Jin Ling stepped forward and stopped, everyone looked at Yan Wangfu, even if they wanted to go out quietly.

"Just say I'm awake, but I'm too weak, so I went to plum blossoms to recuperate and asked the plum blossoms to help." Wei Yuewu thought softly.

"But Plum Blossom is not safe. What if the master encounters danger there?" Jin Ling said uneasily.

"A few of you will go together, and besides, we will go with such great fanfare that nothing will happen, and Mei Huayu will not dare to do anything to us!" Weiyue danced.

"Let's go with great fanfare?" Shu Fei froze.

"Yes, prepare for the car with great fanfare." Wei Yuewu nodded.

"But Shizi ..." Jin Ling said uneasily.

"Shizi will agree!" Wei Yuewu sat up from the bed, "Shizi is still on business?"

"Yes, Shizi should be very busy!" Jin Ling hesitated.

"Please come over once!" Wei Yuewu thought for a while, and she had to go to plum blossoms once, but of course she would have asked Yan Huaiyi what she meant. If it is not a good opportunity now, she will also wait .

I heard something happened to Weiyuewu. Yan Huai came very quickly. After listening to Weiyuewu, she groaned for a while and said, "Dancers must be careful, plum blossoms are not as they appear on the surface. Actually, they are on guard. It's severe. "

"You can rest assured, I know, you will bring some more people over this time, and you will also give me Jinyu!" Wei Yue danced, a bit of bitterness appeared on the corners of her lips, "This matter must be resolved ... I can go with you Ground! "

She believed that Yan Huaiyan knew that the reason why the two did not talk about it was because she did not take the initiative to raise it, but she still has a knot in it, and she just wants to solve it by herself. The burden will definitely be told to Yan Huaiyu.

"Okay, then you are careful. If anything happens, send it to me quickly!" Yan Huai said gently, and reached out and touched her hair.

"I know!" Wei Yuewu's head leaned forward, and she took the initiative to lean into Yan Huaiyu's arms, her long eyelashes flickered twice, and she slowly covered her eyes.

It's time to stop ...

Chapter 958: Take care of this

After being injured and unconscious, the concubine of the King of the Kings Palace finally woke up and went to Meihuayu to raise her.

It is said that the master of the plum blossoms also knows how to keep up.

However, this Jingde County's main injury was not once or twice, there is no root cause, I am afraid it will be difficult.

Yan Huaihan will not lose two women this time, right? If this is the case, I am afraid that Yan Huaihan will really be furious. I am afraid no one can afford the consequences of the furious anger of the first son, who is elegant and elegant.

Therefore, the body of the present Lord of Jingde County is very important.

Some people who had inquired at Yanwang Mansion went to the plum blossoms. However, the plum blossoms were actually very decisive, and they closed their doors directly. They said that the main wound of Jingde County was unwilling to be disturbed, or someone disturbed the quiet The Lord of Texas, if something really happens, he will bear the responsibility.

In order to inquire something, put yourself into this mixed water, who dare!

The door of the plum blossoms was quiet.

Wei Yue Wu met the former concubine in this quiet atmosphere.

"Jingde, take care of it!" Only the first sentence of Xianfei made Wei Yuewu sneer.

"Why?" Wei Yuewu's eyes fell on Xianfei's face, her lips slightly twitched, a smile of indifference, revealing the cold chill.

Sure enough, in order to conquer that high position, everything can be discarded, including blood relationship. If so, why should she talk about it again, my mother has already become the stepping stone of this high position. Is it her turn now?

"You should know now, Prince, is your brother, right?" Looking at the aggressive look of Wei Yue Wu, Xian Fei felt too stressed, sighed, stood up and walked slowly under a flower tree. Road.

"Isn't that what you meant? Qiang took the elder brother away from my mother's own hands, but now he came to tell me something about his elder brother." Wei Yuewu sneered.

"That is also no way ... If you can use this method to regain the throne, it is better than really rebellious." Xianfei said.

"This is really nice, like a savior, but I've never been a savior, and I don't like to be a stepping stone!" Wei Yuewu said coldly.

Sacrifice my mother, do you plan to sacrifice yourself again this time!

"Your mother is too narrow-minded. The prince is held in the palace to raise her. If she becomes emperor in the future, it will definitely be good for her. Even if you cannot recognize this mother in front of everyone, it will certainly be rich and glorious. For a lifetime, but she couldn't help but still make trouble with your father. This trouble and even her own life is gone! "

Yin Fei said softly.

"My mother is too narrow-minded?" Wei Yuewu's eyes reddened, and she held her hands firmly to cover the sourness between her noses. "The so-called glory and wealth, my mother and I never thought about it, my mother I just want a happy life for my family. My mother never thought about that high position, but you sent Fa to send your eldest brother into the palace, but you devoted yourself to that high position. "

Wei Yuewu said in sorrow and indignation that she thought of the glorious era of her mother when she entered Beijing, but in the end she was caught in one after another plot. In the end, in order to protect

herself, she was afraid that she would be stolen again, even without regard His own body forcibly gave birth to himself.

The picture is about wanting to be with your child.

This is the simplest requirement of a mother, but with her mother, she has to kill her life.

"Your mother's final end was also caused by herself!" Xian Fei said lightly.

This faint tone angered Yueyuewu, and she stood up stupidly, looking at Xian Fei coldly: "So, you secretly support Auntie Winter, so you want to make Fazi support Auntie Winter to the position of the main room, Just because Aunt Dong is obedient, my mother and I are not obedient! "

"Your mother ... what if you want to drive some!" Xian Fei was so forced by Wei Yue Wu, although it was difficult to speak, she insisted.

"Want to open some? Not only can't you live with your children, but you can also lose your life at any time. The Queen Tu is taboo about her mother, not to mention that she still robs her mother's son, the imperial concubine, do n't you Wouldn't it be clear what Queen Tu's temperament was like? When the elder brother was sent to the palace, his mother was destined to lose her life. "

Seeing Xian Fei actually so whitewashed the peace, Weiyuewu was furious.

"So my mother is destined to be a victim, and so am I. A child who lost her mother may not even survive, or even if she survives, if you know the mother, you will not be close to you. It may even be hostile to you, so you just ignore everything about me. Even if I die, you won't care, but Wei Yuejiao made you very interested, and specially sent the words of sisters and peace. "

All things strung together.

After entering Beijing, the mysterious note and the mysterious board finger all represent Xian Fei's early intervention.

But after they entered Beijing, before they entered Beijing, they did not care about their own self-destruction. In the heart of this concubine, they did not have any status of their own. I am afraid that after entering Beijing, if they did not perform well, Still can't get into the eyes of the concubine.

Xianfei looks after Aunt Dong and Wei Yuejiao, but she and her mother are their victims.

Wei Yuewu can see very clearly that if her elder brother is taken into the palace, his mother will inevitably die. If he doesn't die, his elder brother will kiss his mother if he knows the real situation, which makes how Queen Tu can endure.

Therefore, the mother-in-law must die. Although the mother-in-law's death was the hands of Queen Tu and Aunt Dong, this meant that Wei Yuewu was distressed.

Yin Fei and Mrs. Tai are indifferent to the death of their mother-in-law, or they are all for their own selfishness, hoping that their mother-in-law died.

Mother is dead!

The hands were Queen Tu, Aunt Dong and Li, but in fact, it was only them who were secretly pushing.

"Presumptuous, how dare you say such a thing!" Yin Fei was furious and turned around and shouted loudly, her status has always been distinguished, even if she lost power later, and was never said so in person, besides Wei Yue Wu This remark was still straight to her heart, which made her face manageable.

"Excessive? Hehehe!" Wei Yuewu sneered, Shuimu chilling and cold, "what do you want to say? Do you want to say that you are my own grandmother? Or, but this blood relationship has not been broken long ago. ? After you slowly pushed my mother to death, this so-called blood relationship is actually really ridiculous, and I am now only the concubine of the King of Kings! "

Wei Yuewu said very slowly, but it was particularly powerful between words. Although the beautiful eyes were still slightly red, the sharpness actually had a bit of bloodthirsty hate.

Xian Fei froze and couldn't believe looking at Wei Yue Wu. She had never seen a woman in the middle of a girl who would be so bloodthirsty and chilling, which had already surpassed any conjecture in her heart. She knew that Weiyue Dance was smart, but never thought that Weiyue Dance would be so embarrassing that she would n't even give her a little face. She was so decisive that when she watched Weiyue Dance for a while, she could n't even say a word .

"I am only the concubine of the King of Kings, and you ... are no longer the former concubines!" Wei Yuewu whispered again, and walked out loud after speaking, Jin Ling Jin Yu followed on both sides, followed closely Leave together.

Behind her, the imperial concubine trembled, and reached out to hold the peach tree around her to stabilize her body.

"Master, are you okay?" Master Mei Huaxi came from one side and reached out to help her.

"I didn't expect ... I didn't expect ... the child I least liked, but ... the most powerful, unfortunately ... it's a girl!" Xian Fei held the plum blossom master's hand in a difficult step and walked to the side of the stone. Sitting at the table, his face was exhausted.

"Maybe it's not too close to the master!" Master Mei Huaxi advised, "She will know in the future that the master is not completely unfeeling, maybe the county master doesn't know yet ..."

Xian Fei shook her head. "She knows, she knows everything ... is a clever child ... Qin Xinrui has no skill at all, but gave birth to a good pair of children ... even a sick girl is so good!"

"She knows that the master and son are her grandmother, and so is it ..." Mei Huazhu said angrily, "How can she do this, the master and son are her own grandmother!"

"I ... was it wrong at the time? The twins held one outside the palace. Was it wrong?" Xian Fei had a blank expression on her face, and her smile on the corner of her lips was extremely bitter. ?"

The twins of the royal family, especially if one of them is to become the future Chu monarch, cannot be twins, otherwise they can only be a pair of ordinary princes, which made the splendid concubines at the time able to bear it.

She has a son and a pair of sons, and the emperor promised her future emperor to be her son, but she gave birth to twins.

For the son and for herself, I can only stay.

So she begged the emperor and sent one of her sons out of the palace to Huayang Houfu. Because it was the order of the emperor, the faithful old Huayanghou made the child a son.

Two children, of course, the weak one.

The one who stayed was the one that looked healthier. In order to be afraid that the two children were too elephantine, the concubine asked the old Hua Yanghou to bring the child to the border, and found a reason to draw on his face. Scar to make it easier to distinguish from another son.

And this child sent out is now Huayang Hou Wei Luowen.

It's just that things are unpredictable, but the child who was healthy is unhealthy, but the child who is not healthy is healthy. It is just how easy the reversal of this status is, so this series of accidents happened.

"The master was also in order to save the lives of the two little masters!" Master Mei Huaxi advised that she had a fondness for the emperor, and always obeyed the emperor. Even if the emperor let her leave the palace after his death, protect him. With the concubine, I also answered orders one by one, but this will be confused.

If everything is wrong for Xianfei, what about herself? What is your own everything!

"Let the four princes come over!" Yin Fei said exhausted. Since this was not possible, she could only plan next. She had sacrificed too much for that high position and waited too long ...

Chapter 959: How long can the emperor survive the storm?

The death of the mysterious Miss Lin on the Yan Mansion made the hearts of the entire capital hung up for a while.

Everyone knows that there must be an argument anyway.

The Beijing performance was calm, but in fact they were all self-dangerous. They were afraid that they would be involved if they were not careful. The vortex of this matter was so large that no one knew how to follow up.

The most dangerous of them are the three princesses and Jing Wenyan.

One is because she really hurt Wei Yue Wu at the beginning, because she wanted to hurt Wei Yue Wu, and she wanted to cheat Wei Yue Wu to the three princes.

Jing Wenyan was assassinated because it happened to be the Yasukuni Shrine. Although that half was sold to Yan Huaiyu, the people on Yan Huaiyu's side have not lived in yet. Yan Huaiyu brought people to see See, this kind of thing happened, the Yasukuni Shrine is hard to blame.

Someone has been vaguely saying that it is a trap set by the Yasukuni public, otherwise such a thing would not happen.

Yan Huaiyu went to the Jingguo Mansion to see the house, which is not something ordinary people can know, but there is a certain Jingguo who knows it, and then think of the former Jingguo once captured by Yandi, this is a bit mysterious. .

"Brother, you want to save me, I really didn't do it!" The third princess was kneeling in Wen Tianyao's study, crying with tears.

She had talked with Tu Zhaoyi and the five princes, and knew that only Prince Wen Tianyao could save her at this time.

"Brother, I just wanted to be the master of Jingde County. You know that I used to conceive her with my four sisters for the sake of the King of the Swallow King, but now I'm going to marry Lu Guofu

immediately, I will marry soon Lu Guogong's son, it is impossible to have anything to do with Yan Wangshizi. At this time, I just want to make friends with the Lord of Jingde County, how can I conceive her again! "

The third princess cried Pear with rain, walked a few steps on her knees, came over and pulled Wen Tianyao's robe, "Brother, I don't have any thoughts about the King of the King Yan, I've already lost my heart!"

"Don't you really count on Jingde?" Wen Tianyao asked, looking down at the three princesses.

"I really don't! If you don't believe me, you can check it. The dance girl is also made by the maid of my side. The maid is now in the hands of my elder brother. Can the elder brother ask me what I ordered!" While crying, he secretly checked Wen Tianyao's face.

For the maid, she was pretty sure she didn't dare tell the truth, because her parents and relatives were still in her own hands.

If she dared to tell herself, the lives of her father's loved ones would be gone!

"Go back, I'll check again!" Wen Tianyao sighed.

"Brother, brother, you must save me. If you can't even save me, who can save me?" The third princess was in a hurry, crying more and more, "brother, if you don't read other things, just read it In our brotherhood and sisterhood for so many years, before the King Shi Yanzi did not go to Beijing, I was that kind of person? Now I am dead to the King Shi Yanzi, how would it be like before. "

The third princess cried and almost fell to the ground.

Looking at the three princesses crying so sad, Wen Tianyao was also sad.

Thinking about the third princess becoming more and more vicious, it seems that it is indeed because of Yan Huaiyu. After Yan Huaiyu entered Beijing, the third princess became different from the original, no longer gentle and dignified, and even became vicious.

But if all of this is really because of Yan Huaihuan, now the three princesses have no idea about Yan Huaihuan, and it seems that there is no need to harm Yan Huaihuan's woman anymore. "You get up first!" Wen Tianyao sighed and reached out to help the three princesses. However, his brother-sister friendship with the third princess for so many years is indeed unchanged.

Think of the three princesses who have been very clever and sensible since childhood. They are so much better than the four princesses. Therefore, they also like the three princesses together. Instead, they do not like the "pro" sisters who are proud of them.

Whenever I go out, I also love to bring this gentle third sister, but the situation is not transferred by feelings. Even though he also feels that the three princesses are innocent, there is nothing they can do.

"Brother, brother, save me, save me." The third princess cried while holding Wen Tianyao's hand.

"You get up before you talk!" Wen Tianyao said.

"Brother ... Brother, can't you save me? Do you have to push me out?" Wen Tianyao still looked so watery at first sight, and the three princesses screamed in panic.

She is the third princess. She is the third princess who stands high. She was born to step on others' heads, so she should not be pushed out as a scapegoat for others.

But it was a little cheap girl who counted herself, did she really want her to resist.

"Three sisters, this matter has yet to be found out!" For the blunt words of the three princesses, Wen Tianyao was inconvenient to say anything, and could only say implicitly.

The three princesses shoved away Wen Tianyao's hand to pull her up, stood up and took the next two steps, "Brother, I don't want to resist, that's not my job, I don't want to resist!"

After speaking sharply, she turned around and ran out. She was going to find Zhaoyi's mother. Zhaoyi's mother would definitely try to save her again, and it would be fine.

Wei Yue Wu is just a mean girl, who is farther than herself, even if she killed her? Besides, she has not killed her.

There must be some way, there must be some way, she will never catch it ...

Assassination, all parties move, can it be just Wen Tianyao's side.

"This seems to make the three princesses guilty!" The queen mother looked at the teacup in her hand and said slowly.

"Yes, grandma!" Mo Huating stood aside respectfully.

"Do you think it is better for the three princesses to plead guilty or to Jing Wenyan?" The queen mother raised her head slowly and looked at her grandson.

Compared to several other grandsons, she is more willing to push this grandson to the throne, and his bloodline will be closer to himself.

"Grandma, I think Jing Wenyan is better!" Mo Huating thought about it.

"Why? Talk about it!" Said the Queen Mother leisurely, but there was not much relationship with her, but Mo Huating was not there at the time, and the three princes who were involved in the incident were killed.

"Jing Wenyan is a destiny prince. If something happens, she is not a destiny prince. Since she is not, then the prince ..." Mo Huating said.

I didn't finish this, but of course the queen mother-in-law understood it and nodded in satisfaction.

"If Jing Wenyan's guilt is indeed better for us, it can endanger the position of Prince Edward, and even talk to your father, and add to his reputation, this is an excellent opportunity!"

This grandson was more and more satisfied with her. At first, she had to hide Mo Huating's identity. It seemed right. At that time, Master Tai was more powerful. Queen Tu was the main room. If you want to treat the child in Wang Meiren's belly, Lost it, it's actually very simple. In order to protect the child, the queen mother-in-law asked Mrs. Jing Yuanhou to take the child away and lied that she was a child born by herself, so the child grew up in Jingyuanhou.

If you are born in the palace, even if you are lucky, you may be a third prince!

"Then I think let Jing Wenyan plead guilty! Didn't she take a poison!" The queen mother thinks it is not a big deal for Jing Wenyan to plead guilty. With that poison, does Jing Wenyan dare to go against her own meaning!

"Grandmother, Jing Wenyan may not plead guilty!" Mo Huating shook his head. He and the queen mother-in-law had different ideas. The relationship between him and Jing Wenyan was also very good, but since what happened when the prince was married, Mo Huating always felt that Jing Wenyan was different to himself.

Seems extremely alert to himself.

Those who sent themselves wanted to inquire about the news of the East Palace. They were pushed away by Jing Wenyan four or two times. This was the case once, and the second time was the same. Mo Huating did not think that Jing Wenyan had the same mind.

"Don't plead guilty. She dared not listen to what Ai's family said!" The queen mother patted the table with a heavy hand, screaming loudly.

"Yes, grandmother!" Mo Huating did not dare to say anything anymore. He now leaned on the queen mother-in-law, and of course she did not dare to reverse the meaning of the queen- mother-in-law.

"I'll call Jing Wenyan over here, things should be done sooner rather than later!" The queen mother-in-law whispered coldly. The sooner the better, the queen mother-in-law knows that there is a prince-tuyer over there. Intervening, I'm afraid things will be difficult.

So let Jing Wenyan stand up and admit it as soon as possible, and then no one said anything.

On the one hand, she gave Yan Huaiyu an explanation, and on the other hand, she was tired of the prince Wen Tianyao. The queen mother felt that it was not too late at this time.

"You go back to the palace first, and the mourner will call Jing Wenyan for a while!" The queen mother ordered.

"Yes, that grandson is out of the house now!" Mo Huating nodded, respectfully.

"Don't go out of the palace first. You go and see your father-in-law. It is said that your father-in-law is sick again. I am afraid that his body ... will not last long. If you have his favor, you will be deprived of the prince to make you a prince. The best! "The queen mother-in-law said, although she knew that the possibility was very small, but it must have existed, and the queen mother couldn't give up a little hope.

The current situation is extremely unfavorable to Mo Huating. If the emperor can support it for a few more years, he will say more good things to the emperor, and then push some wrong things to the prince. Maybe the emperor will abandon the prince Wen Tianyao. Huating is the prince.

However, the time is too tight now. Before he told the emperor more about the benefits of Mo Huating, the emperor could not hold on.

"Grandmother, the queen queen will not let me in!" Mo Huating smiled helplessly, not that he didn't want to go to see the emperor, it was the queen who was so strong that he stayed at the gate of the emperor's palace, and he didn't let people in.

"She dared to do this." The queen mother-in-law was furious and ordered, "Come!"

The housekeeper had heard the voice and came over to salute respectfully: "Madam!"

"Bring the eldest prince to the emperor's palace, if the queen Tu stops it, say that I said, and let the eldest prince help the sick!" The queen mother-in-law said coldly, she would care most not about the

sick and dying son, but on the This grandson was sent to his son, so that he could get the son's appreciation and become the next Chujun.

The storm is coming, depending on how long the emperor can persist ...

Chapter 960: The crime of treason is actually false

The storm was swaying outside, and the plum blossoms were also not calm. The four princes asked to see Wei Yue Wu.

Hearing that the fourth prince came over, Wei Yuewu only groaned a little, and then the people invited the fourth prince in.

After the two had saluted, they sat down at the stone table under the tree.

The wind blows, and if the peach blossoms are snowy, they are more and more beautiful as far away as pink fans.

"Since I know that I am the son of King Bei'an, I have always wanted to be able to return to the palace of Bei'an, to recognize my biological parents, and my own sister." The four princes looked up and looked at the peach blossom in front of them. There was a bit of bitterness on the handsome face.

Wei Yuewu looked at him quietly and did not speak. At this time, the four princes should need a listener.

"But in the end, my father was announced for the crime of treason, and he died so unclearly!" The four princes continued, though with a smile on their faces, they were bitter.

"Everyone thought that his father wanted to rebel against the throne, but he was arrested before he could do anything, and then he was imprisoned for a long time. Because he was not allowed to mention his affairs, he slowly drowned in the eyes of everyone, even No one knows when he died! "

"King An'an is dead?" Wei Yuewu's heart moved, and she couldn't help asking, but the former ring of the Qingyang County Lord said that it seemed that Wang An had been seriously ill at the time.

"Yes, it's gone early, it won't be long after being imprisoned! Everyone says that King Bei'an is rebellious, but in fact, if he is not sick, this throne is his, and where does it come from? Say treason! "The eyes of the four princes became red, and their voices became deeper and lower.

King Bei'an actually died early, but King Bei'an's so-called crime of treason was actually false.

"How does His Highness affirm that this throne is King Bei'an?" After a moment of silence, Wei Yuewu asked, what happened to King Bei'an after she entered Beijing, or in the note left by her mother-in-law. The news was revealed, so she was concerned about the disappeared King of Peking.

But now it is clear that the king of Beian is not related to his mother, but to his father. At that time, the mother of mother was already doubting his father's life, so the note of King Beian was left.

"This was originally given by the emperor to my father, and also to the concubine." The four princes smiled sadly, and looked bitter, "Under the favor, the son of the concubine was promised to be a prince, but only then Xian Fei gave birth to two sons, twins. "

If there is only one, there will be no problem, just make this one a prince, but if there are two, it may not be a blessing for the royal family, unless both of these princes have given up competing for the next position of the crown prince. However, the concubine who had already been absolutely secure would agree.

As a result, a weak child was sent out of the palace.

"My father went out of the palace and became Huayang Hou!" Wei Yuewu's sentence was not a question, but she told the four princes that she knew it.

She was calm when she said this, and there was almost no wave of calm.

The water eyes are clear but cold.

"Since I have sent my father out of the palace, there is no need to pull in my father again, and then my elder brother. The matter of my mother-in-law must be related to this matter. When our family should have been sent out of the palace, Broke with the royal, didn't you? "

This is very straightforward, making the four princes difficult to answer.

It took a long time to sigh: "It was like this!"

"Since this was originally the case, why did you pull my father into the game again, and even took our family to ruin? It is even more like this now. Isn't this kind of concubine lady enough?" Wei Yuewu said coldly. "If the four princes were visiting lobbyists for the concubines, then they would be spared."

"She must also be for the throne of the eldest brother." Wei Yue said more and more directly, so that the fourth prince could not answer for a while, and he sighed.

"Should the throne belong to His Royal Highness. Since the original election of King Bei'an was left, his father was sent out of the palace, and his father was even disfigured, lest anyone think that his father is like King Bei'an. Isn't that enough?" Wei Yuewu stood up froze, her face cold, her voice trembling a little.

Basically everything she knew now.

The deep scar on his father's face was drawn only to distinguish him from King Bei'an. Needless to say, this must also be the idea of Xian Fei.

"But my father was ill." The four princes said, "He is actually unhealthy and unhealthy since childhood, but your father has sent him out of the house!"

"So Yin Fei regretted it, thinking that the throne in hand was gone, so she came up with other ways, or wanted to encourage my father to rebellion. Later, he even asked my father to send my elder brother into the palace. I want to get it easily. That throne?" Wei Yuewu said angrily.

Everything can be said to be due to the supreme throne.

The mother was so innocent, she was so inexplicably dragged in, and ended in a desperate fate.

"Four Highness, if you are a lobbyist for the concubine today, then I'm really sorry, I don't want to hear about her, everything about her has nothing to do with me." Wei Yuewu's hand squeezed tightly. The flames of rage in her heart raged in her heart. As long as she thought of her mother-in-law and the imperial concubine was pushing her, she became angry.

"I ... actually didn't come for her as a lobbyist!" Said the fourth prince, her voice seemed a bit cold, "my sister is also because of her death, so I am not enthusiastic about the throne, Bei Everything in King An's house was to cover up the fact that my father was ill. In the end, I was left alone. "

"I'm here today, I just want to tell you one thing, be careful Tu Taishi!"

"Master Tai?" Wei Yuewu froze for a moment, hopping in her heart. This was a name that she ignored, and to her, this name didn't seem to have anything to do with her at all.

"Yes!" The four princes stood up, their eyes slowly sharpened, "The relationship between Xianfei and Tu Taishi seems to be good! Be careful."

"They ..." Wei Yuewu looked up.

"Be careful with yourself, I don't know the specifics, it is related to some of their past events." The four princes hesitated before they said.

"I see! Thank you, Your Highness Four!" Wei Yuewu nodded, slightly blessed, Liu Mei frowned slightly, and sent the four princes away, she has been thinking about this problem.

Master Tai and Xian Fei, Xian Fei and Master Tai? This was something she had never thought of before.

"Master, let's go back home, it's not safe here!" Jin Ling said uneasily.

"Master, let's go home!" Jin Yu also felt uneasy.

The two girls originally thought that there were two of them, and Weiyuewu would be fine, but now they feel that things may exceed their imagination. For a while, they felt that their hearts were under great pressure. .

"Live here first! Shizi is busy because of Miss Lin's business!" Wei Yuewu shook her head and groaned.

Yan Huaiyu's situation at this time is probably not very good. At the center of the storm, he will fall into the eyes of others. Everyone seems to be thinner in this plum blossom, but in fact it is convenient to move. A lot, if there is anything, it can actually echo Yan Huaiyu.

"Then we live here, no one will think of the master!" Shu Fei also worried.

Wei Yuewu's trip this time brought out all her own rings.

"Even if there is, at least not yet!" Wei Yue danced, a faint flash of light flashed from the water's eyes, but it wasn't until the time when Tu Qiong appeared, but he couldn't say for sure.

"If there is a princess or three princesses, please bring them directly!"

"The two of them?" Jin Ling froze for a moment. Neither of them seemed to appear on the mountain, but they would appear in the palace. How could the master mention them at this time?

"Yes, just the two of them. If one of them comes over, they will bring it directly!" Wei Yuewu nodded, narrowed her eyes, and looked up at the scorching peach blossom on the tree. The peach blossoms of the tree have actually started to fade slowly, but when the petals fall, they are more and more beautiful.

Because she and Ms. Lin were assassinated in the Palace of Yasukuni, and the previous matter was related to the three princesses. If the court did not want to directly tear her face with Yandi, it is inevitable to launch one.

I don't know who launched the crime, but no matter who it is, Wei Yue Wu believes that he will not be arrested.

"Will they bring someone to harm the master?" Hearing that the two might be coming, Jin Ling said uneasily, no matter whether it was the third princess or Jing Wenyan, they were very vicious.

"Not for the time being, I'll wait until I meet later!" Wei Yuewu shook her head with a brave chest, a thoughtful sneer on her lip corners, but for the time being she did not, but it was hard to say after meeting.

Jing Wenyan brought two court ladies in the afternoon of the same day and secretly came to see Wei Yue Wu.

After seeing the ceremony, the two sat down inside the house. Wei Yuewu took a sip of the tea at hand, raised her eyes, looked at Jing Wenyan with a smile, but did not speak.

She was waiting until Jing Wenyan said that she could afford it, but Jing Wenyan couldn't afford it.

"The Lord of Jingde County, all my previous thoughts, but now the Lord of Jingde County is also experiencing difficulties. If we cooperate once, it will be good for both of us!" Jing Wenyan said this, She is well-informed, and she feels that she sees it better.

Moreover, she later asked the people of the Yasukuni Government when the assassination occurred, not far from the wall being built.

She asked very clearly what happened, and she felt that with this, she should be able to make a deal with Weiyue Wu, and she was not helpless in the palace. For the queen mother-in-law, she wanted to push her to blame. It's also known that if the toxins in her body have not been completely eliminated, she would not be polite to the old beggar.

She is not worried about Shangwei Yuewu, she has the handle of Wei Yuewu ...
