

Young Lady 961

Chapter 961: So-called handle

"I don't have any handles on your hands!" Wei Yuewu raised her eyebrows slightly, and her smile was clear and relaxed, and Jing Wenyan didn't find any way to grasp the handle.

But this Weiyue dance is in line with Jing Wenyan's setting.

If Wei Yuewu immediately panicked, it would cause Jing Wenyan's suspicion.

"Yes, did the county master forget that when the assassin was killed that day, it was originally the county master who stood in front. It was the county master who was killed by a stab that day, but it was Miss Lin who died last. If this is to be known to Yan Shizi, I am afraid that the Lord of Jingde County is also extremely inappropriate! "

Jing Wenyan has a well-informed way, and she believes that the story of Weiyue Wu is just a matter of foreign power.

"How do you know?" Sure enough, Wei Yuewu asked, looking pale.

Seeing that Wei Yuewu's face also changed, Jing Wenyan became more and more proud, and she did not believe that Wei Yue Dance was not afraid.

The incident was a mess, but because many of the servants of the Yasukuni Government were at the side of the wall, some individuals could clearly see the scene at the time.

The Jingde County lord had stood in front of the Miss Lin before, but then was behind the Miss Lin. The Miss Lin was stabbed first, and then she was. A Jingde County master, then in all likelihood of death, this Jingde County master.

"Master of Jingde County, don't care how I know, you just need to know that what was seen was not just one person, and these people are now in my hands, I just need to take them to Yan Shizi, so Yan Shizi's affection for Miss Lin, the Lord of Jingde County, I am afraid that it is difficult to save her life. "

Jing Wenyan was very prepared this time, and Wei Yuewu had to enter her own circle this time.

The few times that he and Weiyuewu were confronted always fell into the wind because of various reasons. Jing Wenyan had always been very wronged. She wanted Weiyuewu to lose her reputation and wanted Weiyuewu to die, but now is not the time, she must also use Weiyuewu to overcome the current difficulties.

Wei Yue Wu is a smart person, I believe that she will know which method is better for her.

"What do you want me to do?" Wei Yuewu regained her calmness, and looked at Jing Wenyan faintly. In this way, Jing Wenyan's eyes showed the calmness that Wei Yuewu showed.

"As long as you carry it down!" Jing Wenyan said proudly.

"I can't afford it!" Wei Yuewu refused directly.

Resist the assassination completely. This time, no one can resist it. No matter who it is, the result of carrying it down is a dead letter.

Xianfei meant this, but Jing Wenyan also didn't expect it, it was really hard for them both, and a little taunt of iron flashed in her eyes.

One begged with family love, and the other with so-called "handles", but it took a lot of hard work!

"Actually, it doesn't make you resist." Jing Wenyan put her heart on his face, "You can pull the three princesses into the water, saying that they all mean the three princesses, and then you can get away from it. As for the death of Miss Lin, of course, I won't. Someone said, you are still the victim of Jingde County. "

Thinking that Weiyue Wu was in the suit, Jing Wenyan said proudly.

"So, let me talk to the queen mother-in-law?" Wei Yuewu raised her eyebrows in a nonchalant way.

"Yes, as long as you pull out the third princess, you will press everything on the third princess, and then you can get away from it. You must also be a victim of this incident. The queen queen mother and Yan Shizi must be there. It will be clear to check Qiu hao! "Jing Wenyan felt that his year was not excessive.

Letting others pull, may not be able to pull out the three princesses, either because they are not enough, or they are not present at the time.

But Wei Yue Wu is different. Not only is her identity enough, but she is also present.

As to whether Wei Yuewu can discern her innocence after the incident, it is not in Jing Wenyan's consideration. This matter, no matter who is involved in it, she will not be innocent. Although her words are good, in fact, they are not given to Wei. Moon Dance has a retreat.

"The princess really thinks I'm so easy to cheat?" Wei Yuewu's finger tapped gently on the table and asked leisurely.

"Do n't you? The county owner has other options?" Jing Wenyan smiled proudly, this time he finally took the real handle of Wei Yuewu.

"Let me push out the third princess, what about me? Am I stuck in the same way, and I have no way of living like that, why should I be so upset, or even if you hired Miss Lin's business as a hire, Shizi Nor does it necessarily blame me. In Shizi's mind, I may be more important than Miss Lin! "

Wei Yuewu smiled slightly.

"The county master does n't have to put gold on his face. People in the entire capital know that the most important thing for Shizi is this Miss Lin. For this Miss Lin, he can disregard his danger and not marry a princess. How can the county master feel for himself? Good enough to think that the real person in Shizi's heart is you! "

Jing Wenyan said dismissively.

"The lord of the county still recognizes the phenomenon clearly, and goes to the palace to show the queen mother-in-law that the matter is the ambassador of the three princesses. As for the others, I will help you at that time. Think of it yourself, and I'll help you again. It shouldn't be hard for you to get out!"

Jing Wenyan leaned back, with a bit of cozy, consciously holding Wei Yue Wu in her hands, she did not believe that this time Yue Yue Wu could escape her palm.

I didn't expect that this time I could take the opportunity to hold Wei Yue Wu in my hands, which was a pleasant surprise.

Originally, I only wanted to escape my life, and this would cause Wei Yue Wu to be pinched to death in my own hands. Jing Wenyan was really proud.

This time, it is also difficult for Wei Yuewu to die.

It's just the difference between early death and late death. In fact, it is a dead end for Wei Yuewu himself, and it is also a dead end. It just sounds alive.

The so-called help Yueyuewu is of course to cheat Weiyuewu into the game.

"The princess really deserves her, so go to Shizi and talk about it!" Wei Yuewu smiled at the unbelievable pride in Jing Wenyan's eyes.

This remark was beyond Jing Wenyan's surprise. She couldn't think of it anyway. The Weiyue dance party said so softly.

"What do you mean?"

"It's not interesting, but I don't think it's okay to pay attention to the princess. If the princess feels that I have mastered my handle, she will say it in front of her son." Wei Yuewu's eyes fell on Jing Wenyan with a smile. .

"Aren't you afraid that Yan Shizi killed you?" Jing Wenyan screamed sharply.

"Fear, but I don't want to die in the hands of the queen mother-in-law." Although Wei Yuewu said she was afraid, her expression on her face was not panic.

"You won't die in the hands of the queen mother, I will help you, Yan Shizi will help you too, you are also a wise man, as long as you pull out the third princess, all I have to deal with is the third princess. The princess avoided the evil and actually wanted me to pay the three princesses for my crime. I was not willing, how can I be willing. "

Thinking that Weiyue Wu just didn't want to pull out the three princesses in front of the queen mother-in-law, Jing Wenyan breathed a sigh of relief, made a look of graveness, and put her heart on Weiyuewu.

"The princess is really sorry, I really don't want to get in touch between you and the third princess. I won't help the third princess against you, nor will I help you deal with the third princess. As for the two of you who will come out to pay the guilt, but see The queen mother-in-law in the palace meant it, of course, it might also be the queen mother-in-law, but only two of them could be the master in this palace! "

Wei Yuewu held up the tea in her hand, drank it, and then lighted the bottom of the cup against Jing Wenyan.

This means giving off.

Then he didn't wait for Jing Wenyan to respond, stood up and walked behind the screen, so that Jing Wenyan was hung in the room like this.

No one has ever served Jing Wenyan so rudely. For a time, Jing Wenyan's face turned white, and he patted him on the table with his hands, staring at the back of Weiyuewu with hate.

How dare she dare to deal with herself like this? Her current status is not the young lady of the Yasukuni Palace, but the princess of the East Palace, the future hostess of the whole world.

Just rushing to this point, no one dared to say such a release to himself, but not only did Yueyue Yuewu do it, but he did it as a matter of course, so why didn't Jing Wenyan blow his lungs.

"Let's go!" Jing Wenyan hated, and turned and walked out. Of course, she wouldn't let Wei Yuewu live well.

However, even when she heard the anger, Jing Wenyan was not fainted. From the words of Weiyue Wu just now, she tasted something.

The third princess came to Weiyuewu to pull herself out, but Weiyuewu did not agree.

The third princess actually came earlier than herself? Thinking about this, Jing Wenyan could not help slowing down, what does it mean? The third princess actually came to Wei Yue Wu?

No, it seems that the third princess also got a letter. This is not her own resistance, so she was looking for someone early.

Then you have to be faster.

Fang Caiwei Yuewu said that the queen mother had no idea about the queen mother Jing Wenyan. The queen mother liked Mo Huating, and of course she would support Mo Huating. Although she secretly expressed her vassal to the queen mother, she must be a prince. Being able to step on yourself is only good for the Queen Mother.

I'm afraid the queen mother will sacrifice herself this time.

Then you can only find the queen mentioned in Weiyue's dance. Jing Wenyan had never thought about queen Tu before, but now Queen queen looks lost, and even the affairs in the palace are also being handled by her. She is now There is no strength to follow the emperor.

However, Wei Yuewu reminded Jing Wenyan that even though Queen Tu was weak, she must still be the queen. In this palace for many years, there must have been a lot of manpower in Tu Palace. Besides,

Queen Tu also had Master Tu behind him, Jing Wenyan did not believe that this well-known teacher will not have any second hand.

The daughter of the Tu Family is famous in this world.

Yes, go to Queen Tu, and immediately go to Queen Tu, who is the prince's biological mother and tied to her own interests.

"Let's go to the palace immediately!" Looking back at the courtyard of Wei Yue, who was behind him, Jing Wenyan said coldly. Although he was not pleased by Wei Yue Wu, he woke himself up.

Wei Yue Wu, wait for her to free her hands before dealing with her ...

Chapter 962: Counterattack, evidence left by Tu Zhaoyi

The three princesses were actually behind the assassinations.

Part of her assassination was because she was jealous of Yan Huai's woman, and partly because of the five princes.

When the news broke out, almost everyone couldn't believe it.

But this was proved by several court maids and housekeepers in the Three Princesses Palace, and the physical evidence was also taken out, and the one who had taken the responsibility before was actually turned back, saying that the Third Princess asked her to lead the dancer to Yan Wangshizi went to rest.

As for the assassination of Miss Lin and Wei Yuewu, the reason is even better, naturally because of jealousy.

The three princesses realized that the matter of Yan Huaiyu was not a secret in Beijing. Previously, in order to be jealous of hermit and the four princesses, they had attacked Weiyuewu. Not long ago, she even made trouble in the palace to understand Tuyou and Tu Zhaoyi. The accidents and the various manifestations of these events indicate that the three princesses are likely to do such things.

The three princesses are now going to marry Lu Guogong's son Lu Xun, and because of love and hate, it is very easy to explain that the first assassination of Yan Huaiyu and then the assassination of Yan Huaiyu's woman.

If it was a time when the three princesses had a good reputation, many people may not believe it, but now that the three princesses are not as gentle and dignified as they appear, although many people do not believe it at first, in the end everyone still feels very comfortable. Believe it.

A heartbroken woman can really do everything.

The previous events in Huangzhuang have proven this.

After tearing off the hypocritical mask of the three princesses, it was her vicious and terrible truth.

As for the assassination of the three princes, of course, it was only to confuse the eyes of everyone, and some people said that the princess who saw the three princesses hid at the edge of the palace where the three princes rested.

The incident happened so suddenly that the three princesses couldn't cope with it, and the third princess was arrested directly. This kind of thing is not only a matter of the inner court of the harem, but also the emperor ordered to arrest it.

Yan Huaiyu went to see the house of the Yasukuni Shrine, although not many people knew it, but if you look it up carefully, you can find it, which means that the three princesses are absolutely capable of doing this.

This kind of thing happened, even the princess couldn't carry it. Miss Lin of Yandi was not only an ordinary family girl in Yandi, but also a woman whom Yan Huaiyu had admitted to marry. The queen's will, together with Yan Huaiyu's death, followed suit.

Everyone is not optimistic about the end of the three princesses. Even if it is a noble girl in the sky, if this happens, I have to give Yandi a confession, a confession that can make Yandi feel relieved, if not to calm the anger of Yan Huaiyu I am afraid that this world will be in chaos.

"Mother-in-law, what should I do now? My sister has been arrested, but the queen mother had clearly stated that Jing Wenyan was to be guilty." The five princes sweated eagerly and hurried to Tu Zhaoyi's Splendid Palace.

"This **** must be her again!" Tu Zhaoyi patted on the back of the chair with a loud hand.

"Mother-in-law, even if it was really done by the queen, what are we going to do now? Sister really can't live. If things are verified, the three sisters can only be given a death by a maid." Dao, in fact, not only for the three princesses, but also for himself.

If something happened to the three princesses this time, and it still happened, he would never be able to reach that throne again, and he would still be pushed out, which made him always feel that he was the righteous five princes to bear.

Unlike the four princes, he has always viewed this imperial power with a casual eye. He just seems to be indisputable on the surface, but has been fighting for it.

At that time, the father and the emperor were fancy about their own mother-in-law. If there is no queen painted, you can say that you are the sister-in-law and the only sister-in-law. This is the idea Tu Zhaoyi has instilled in him.

He is the future prince, and Wen Tianyao only came to the throne because of Queen Tu. The Queen himself had a bad name and a bad word. How could she give birth to a son so rightly on the throne?

The five princes are unwilling, so they have been acting in secret and feel that they have accumulated a lot of experience. If you give yourself some time, it may not be a success, but this time the three princesses have an accident, and the three princesses will inevitably bring you tired. How could the five princes not be in a hurry when thinking of these?

"It must be this slut, who snatched my back seat at the beginning, and now even pushes things to your sister to help Jing Wenyan acquit him." Tu Zhaoyi scolded his teeth.

"So ... want to ask for help from your grandfather?" The five princes anxiously.

"If the old thief really helped me, he wouldn't let his daughter ascend to the throne of the queen, saying that the Tu woman was treated equally, and that she was noble, and only his own daughter was the most honorable." Chant, turned and walked to the inner hall. She was preparing for the time when the queen Tu grabbed her throne.

Since they pushed her to this, of course, they would not be arrested ...

When he returned from the inner temple, he had a small parcel in his hand: "Yi'er, take this to the queen mother-in-law!"

This is the only queen mother-in-law who can decide for herself. Of course, this is not to say that the queen mother-in-law is kind, but because the interests are the same, because the queen mother wants to push Mo Huating to the top, so she must use Jing Wenyan to pull down Wen Tianyao's prince. Cries, and I need someone here to resist my daughter's sin.

"This ... for the queen mother?" The five princes took the small parcel and asked in their hearts, "What is this ...?"

"This is the evidence that Queen Tu took my Queen, and that Queen Tu harmed Mrs. Huayanghou." Tu Zhaoyi sneered. "I thought that **** had entered the palace and became the middle queen. But she would not refuse to rest. She would definitely start working with this Mrs. Huayang Hou, so she checked it in secret and left some evidence. Some of the people who prescribed her medicine at the time were also rescued. They are still in the palace. in."

Regarding the matter of Queen Tu and Madam Hua Yanghou, she kept secretly paying attention.

She knew that this might be an opportunity for her, because Queen Tu was the daughter of Master Tai, and she didn't take any notice of some of her sisters who were not daughters. Although the name of the daughter of Tu was well-known and honorable, But in fact, the Tu Queen is the most arrogant and the most treacherous.

How could a man like her be so robbed of a fancy man that she fancy herself?

So Tu Zhaoyi saw the newly arrived Miss Tu Er making good contact with Qin Xinrui, and also saw Qin Xinrui obeying this Miss Tu Er. The medicine Tu Zhaoyi also saw it, but of course she wouldn't tell the truth, just let people check it secretly, And after Qin Xinrui's accident, he rescued several internal servants who were destroyed.

As for Qin Xinrui, of course, she would not care about her life and death. She had originally dealt with the **** against Queen Tu.

Therefore, she watched Qin Xinrui taking medicine, watched Qin Xinrui's body getting weaker and weaker, and watched Qin Xinrui slowly die, while she was still a close friend of her girlfriend. What she wanted was to obtain evidence and wait for Tu in the future. The queen's fatal blow, Qin Xinrui's death, caused the established facts and was more beneficial to her.

"Yes, mother-in-law, I will immediately give it to the queen mother-in-law!" The five princes were overjoyed to hear that Tu Zhaoyi had retained such a hand.

"Come on." Tu Zhaoyi's face was a little smug, and it was not easy for Master Tai and Queen Tu to step on themselves. It was a layout of themselves more than a decade ago. If it was n't because the three princesses were really dangerous this time, At this time, he will not show evidence, but at the most critical time.

But this can't wait.

She believes that as soon as the queen mother sees these evidences, she will inevitably come out to publicize the world, the queen mother and the queen fight, she saw in the eyes early, and originally wanted to step in at the most appropriate time.

Don't get it yourself, don't even think about that bitch.

The five princes stayed in the queen's Jingchen Palace for a short time. After leaving things to the queen mother, they quit early.

"Grandma, what is this?" Mo Huating turned from behind the screen. He had been discussing this unexpected incident with the queen queen. This incident was also an accident for the queen queen. The

original was Jing Wenyan. I haven't started here yet, but let others take the lead and push the three princesses out.

At this time, it was inconvenient to push Jing Wenyan again. When she was angry and Mo Huating was discussing to find out who was the main messenger of this matter, Tu Zhaoyi sent a package of evidence.

"Sure enough, this emperor is really wrong. The emperor may not know his queen. In fact, he had previously engaged to Huayang Hou, and was the next cousin who was retired by Huayang Hou. The daughter of Tang, after becoming a country, is a shame. "

The queen mother-in-law sneered and put down the evidence in her hands.

The emperor felt humiliated, and she felt humiliated. At that time, she had also checked the queen's affairs, but I didn't find anything, but I was surprised that the daughter of Tai Tai was not in the draft list before, why did she come in later? The draft, but Taishi Tu said at the time, even the emperor agreed, of course, the queen mother did not dare to say anything.

Now thinking about it, there are some cats, a daughter who can be a queen.

"Go, let's meet the emperor!" Said the queen mother-in-law.

"The queen's maiden was engaged to Huayang Hou before?" Mo Huating was also blinded. "Don't you say that Prince ... the Prince came from Huayang Hou?"

"It was indeed an engagement, and she still had her face in the middle palace. Master Tu really opened the eyes of the mourning family!" The queen mother-in-law sneered, her face was white, such a thing It is really appalling, something that has never happened before, how will the history books say about themselves.

The harem drafts are often hosted by the queen, and she is the queen of the time, but she did not find any of these problems. Is it a stupid thing to write down a note in history books?

"We do n't have any evidence about the prince, but some conjectures. Your mother-in-law said that she had given her medicine. She should not have been able to give birth to a prince so quickly. This cannot be said, otherwise your mother-in-law will not be good, but You can ask the emperor to check. At that time, it was said that Mrs. Huayang Hou was pregnant, but after that there was no child in Huayang Houfu. What about that child? It was just when the queen had a child! "

Chapter 963: The root of everything comes from unwillingness

"What, she had a marriage contract with Huayang Hou?" The emperor sat up from the bed with a pale face.

"Yes, the emperor, let's take a look. These are the evidence left by Tu Zhaoyi. No wonder the queen waits to see Mrs. Huayang Hou. There is another layer of reason for that." "The so-called mother of a country is actually a cousin who really loses our royal face. The emperor is still alive!"

"After the waste ..." The emperor covered her chest and coughed lowly, only feeling that there was a fishy smell on her chest, which forced her to suppress it.

Although his basic affairs are now handled by Wen Tianyao, he still appears in front of the people from time to time to let others see him intact, but in fact he knows clearly that he will not be able to last long.

But he didn't dare to talk to other people about this topic, only to Wen Tianyao, and locked up all his medical records.

Even if he was too far behind, he didn't mention ...

"Are you still reluctant to the emperor? If it wasn't for her, Zhaoyi was your queen. Regardless of status or status, and your favorite emperor at that time, Tu Zhaoyi could be competent." Later, the Empress Tu had feelings and was busy.

"Mother ..." The emperor felt that the blood pressure in her heart couldn't stop.

Although the queen's affair made him unacceptable, but now he cannot help but accept it. The visit of the Nanxia Kingdom, the strength of Yandi, and the situation in other vassal places have made him

unable to move the queen. Only then can the world be settled. If this harem is not settled, how can the world settle down.

Moreover, the prince he most admired was born of the queen. As soon as the queen's status changed, the prince's position became unstable. The prince was the country's root, and there was a fear of major changes.

Wen Tianyao is his most satisfied son and heir to the throne. The Emperor has no hesitation in this regard. For this son, he must bear this tone, recognize the queen, or wait for his death. After that, she can leave her widow and put Queen Tu under house arrest to prevent her from interfering in everything.

But this time is obviously not the best time. He has to let his son sit on the throne first, and then deal with other affairs. The matter of painting the queen is just a small thing. He can do something, but it is not suddenly abolished now. These words, he wanted to say to the queen mother.

It was just that the emperor's heart was upset and a little breathless, and her face was blue and white, but the queen mother-in-law was only concerned about the posthumous matters, but ignored the emperor's reaction, and continued to force her to ask: "Emperor, at this time Should we also take care of her face failure? How did Master Tai step down our royal face, or they have been laughing at the emperor for being a faint king! "

The words were a little big. The emperor's hand covered his mouth and sprayed blood on it. Fortunately, the blood was not vomited. For a while, it was covered. The emperor felt that only Venus was in front of his eyes and his throat. Sweet, trembling with uncontrollable hands.

"The emperor, even the prince may be the son of Huayang Hou. The queen could not have a child at that time. The prince was not born of the queen, but she snatched it from Mrs. Huayang Hou. At that time, Mrs. Huayang Hou She is pregnant ... "The empress did not say that the emperor thought it was not enough, and directly rumored that there was no evidence to increase her strength of speaking.

Prince, his favorite son, actually ... maybe not his own son?

The emperor's blood couldn't hold it anymore, and he squirted out, falling backwards.

"Emperor, emperor, emperor!" At the sight of the emperor, the queen mother also knew that something was bad. She screamed and shouted, "Medical doctor, too doctor."

Not only the waiting doctor, but even the queen Tu and the prince Wen Tianyao who ran out before hurried in.

After a busy meal, the emperor was lying on the bed in a breath, if there was not a slight undulation on his chest, looking at the pale complexion, he would have thought that he was a dead man ...

The hall quieted down, and the noise just now seemed to be an illusion.

Wen Tianyao sat quietly in front of the bed, guarding the emperor on the bed, his head bowed slightly, indicating that he was in a heavy mood, and the medical doctor had just said that the emperor might not be able to support it tonight.

The queen queen and queen who just quarreled had him kicked out, but he didn't want to do anything, he just wanted to spend a quiet time with his father.

Although the person in front of him is not his biological father, compared to Queen Tu, he is a true father to him. Even if he is not his biological father, he is no different from his biological father. Or in his heart, he is even better than Wei Luowen. More like his father.

After his own life, the four princes told him that he has always resisted, not only because this incident broke out, which would destroy the entire Huayang Hou government, but also because he was reluctant to be sick, and there was another copy of Wei Luo. Wen's hate.

Like Wei Yue Wu, he couldn't understand why Wei Luowen took him into the palace at that time.

He was obviously a son of Huayang Hou, but he went to the palace to become a prince. His father separated himself and his biological mother for the sake of prosperity and wealth, and he also caused the biological mother to be framed by the queen. In any case, he also I don't understand and don't want to recognize this father.

He could recognize Wei Yuewu's sister, but he didn't want to recognize Wei Luowen's father.

"Brother, how is the father emperor?" The four princes hurriedly opened the door of the temple. He was the only one who allowed Wen Tianyao to agree to come in.

"Father Emperor ... maybe not so good!" Wen Tianyao said lowly, his eyes fell on the emperor's pale face, and said bitterly, "The doctors said, Father Emperor can't endure tonight!"

"Then ... why is that elder brother still guarding here and be prepared for it!" The four princes heard, anxiously.

Both Mo Huating and the five princes are extremely ambitious. If something happens to their father tonight, they are likely to have an accident. At this time, Wen Tianyao is not going to stay here, but to be prepared outside.

"This throne ... isn't it mine?" Wen Tianyao smiled bitterly. "I'm Hua Yanghou's son. This throne came from a bad name."

He didn't want anything at all, and he didn't need anything. Since the throne was not his, he didn't think it mattered. For this throne, his mother died early, but he knew nothing about it. Whenever I think of it, there is a kind of Feeling painless.

The four princes grew up with Wen Tianyao. At a glance of his despair, he knew that he would not be stimulated at this time. I am afraid that he really could not afford to keep the throne.

This will also take no account of others, looking at Wen Tianyao with a straight face saying: "Brother, your throne is justified, you are indeed the son of Huayang Hou, but you are also the grandson of the first emperor. You are a concubine Mother-in-law's grandson, you, like me, are grandsons of the concubine! "

Even though he had been hiding it before, he would have to say it because Wen Tianyao had no fighting spirit at all.

The four princes actually know that he has always been an understanding person, but seeing all of this clearly makes him have no idea about the throne. He is the son of King Bei'an. He did not hide Wen Tianyao because of this. It was arranged by the emperor, and the emperor agreed.

So after he was born, he became the emperor's son. As for who gave birth to him, it was a messy account. With the emperor in it, naturally, no one would look it out without eye-opening.

"I'm the grandson of Xian Fei? Is it also the blood of the royal family?" Wen Tianyao froze for a moment, his eyes recovered a little, and he looked at the four princes in a stunned way.

"Xian Fei gave birth to a pair of twins. One was my father, King Bei An, and the other was your father, Hua Yanghou. The emperor once agreed to let Xian Fei's son be a prince, even before giving birth. At that time, he had already obtained a will, so only one son could stay. The concubine sent the weaker Huayang Hou out of the palace and into the hands of the loyal old Huayang Hou. Huayang Hou's son even scratched his face to separate from my father. "

The four princes smiled bitterly, this is Wen Tianyao's tragedy, but also his own tragedy.

It can be said that all the tragedies are because of the will of the emperor. Without the will of the emperor, his father and Hua Yanghou are just a pair of ordinary princes, because they are twins, so they are not likely to. If there is any important affair, his father will not leave a bad name for rebellion.

And my sister may not die so early.

"But Xian Fei was wrong. She looked weak but she was in good health, but she looked healthy was in bad health. As he got older, his father's health became worse and worse. Her body cannot survive the throne, or even if she inherits the throne, she will not be reconciled. "

The four princes said a low voice, and his voice seemed a bit dull and painful in the empty hall.

"Looking that my father's health is getting worse and worse, the emperor wanted to return to that will, but the concubine refused, so the emperor locked up my father with conspiracy and tried to force my father to surrender the will, but My father was very ill, and he wouldn't be able to lock it in ... "The four princes' eyes were red, and his voice was choked.

The hall was quiet, and neither of them spoke, and Wen Tianyao's eyes slowly turned red, and it took a long time to suppress the sadness in his heart.

"So Xian Fei is unwilling, after Queen Tu said she lacked her son, let my father send me into the palace, ready to grab the throne again!" Wen Tianyao said slowly, a flash of light flashed in his eyes Sadness, unwillingness, everything came from unwillingness, this throne, he felt that the father emperor did a good job.

Ke Xianfei was unwilling, so she had to take back the throne, so she had to be sent to the palace, or even the death of her mother, was also planned, and the hand on the bed was shaking slightly ...

Chapter 964: The twins that finally came in handy

"The emperor is in trouble, lord, shizi let you go quickly!" Jin Ling hurriedly walked to the back room, yelling Wei Yue Wu from the bed, and whispered.

"Is something wrong? So fast?" Wei Yuewu froze for a moment, but immediately thought that the three princesses had been behind the scenes, and immediately became aware of it. I am afraid that it is Tu Zhaoyi and the third princess who finally shot. It was angry with the emperor, I'm afraid it was the story of the queen's painting.

I knew that Zhaoyi's mother was not simple. She could be favored in the palace for so many years, which originally explained her power. Although she had no relationship with the mother at first, although there was nothing malicious before, I'm afraid there will be no good intentions.

She must be watching her mother being killed. Will this be evidence? So even the emperor got angry?

"I'm gone, will others find out?" Wei Yuewu said as she stood up, worried.

"No problem, the sons have arranged, and the twins will come. The two of them have always been jealous of the master. Hearing that the master is now plum blossoms, and there are not many people around, they think that they will hurt the master. This should be sent. People are here. "Jin Ling said lowly, holding up Wei Yue Wu while standing.

"The twins are queens?" Wei Yuewu sat down in front of the dressing table, brushed her hair at the end of the painting, and whispered, they would not even turn on the lights, just a little moonlight outside the window.

"Yes, so the person they are using now is also the queen queen's mother." Jin Ling replied, "After the son settled them down, he could let the master escape safely when he was in danger, and he could push the matter On them, and behind them are queens and queens. "

Regarding the twins, Wei Yuewu did not ask Yan Huaihuan in detail. She was very relieved about Yan Huaihuan's arrangement, but she felt warm when she heard the arrangement.

Yan Huaizhen really thought about everything for himself, even if he planned to leave.

In order to hurry up, after a brief grooming, Wei Yuewu took away a few rings, leaving the scene in a mess, leaving the design of the house as if it was robbed. Everyone followed Wei Yuewu and quietly left Houshan.

At the back of the mountain is the previous Meilin, but because it is not the time when the plum blossoms are in full bloom, it seems very cold, especially at night, the moon dance is almost deep, and the shallow foot down the mountain, only to reach the foot of the mountain, just watch When the carriage was parked by the side of the road, Yan Feng was sitting in the position of the coachman, only to breathe a sigh of relief.

Along the way, Wei Yue Wu was actually very nervous.

There were two carriages without any sign. Wei Yuewu stepped onto the carriage in front and waited to see the people inside when he opened the curtain. He couldn't help but whispered a surprise. At this time, how could Yan Huaiyu There is still time to come.

Yan Huaiyu stretched his hand over Wei Yue Wu and pulled her in. The carriage was not big, but the two were not crowded.

"Why are you here?" Wei Yuewu was pulled by him to sit next to Yan Huaiyu, and said lowly, feeling that the carriage slowly moved.

"I came to see you, and I may not see you for a while!" Yan Huaihuan said, gently ringing Wei Yue Wu's waist.

"Aren't you going with me?" Wei Yuewu was startled, raised her eyes and looked at Yan Huaiyu, it was extremely dangerous to stay in Beijing at this time.

"I can't go at this time, stay first to see the situation." Yan Huaiyu laughed.

"You are very dangerous to stay at this time. It will be afraid that the whole dynasty will be turbulent." Wei Yuewu said anxiously, holding Yan Huaiying's chest with her hands, and her bright eyes looked at Yan Huaiying nervously.

Even though she is only in the boudoir, she also knows that the situation is not very good. Even if the prince occupied the time, location, and peace, both Mo Huating and the Five Princes have ambitions, especially Mo Huating has people around him. Should be waiting for the opportunity, and behind him is the queen mother-in-law.

This is basically a sharp blade stuck behind the Prince.

And no matter which side, it is estimated that Yan Huaiyu will have an idea. If he controls Yandi's son, it will have a negligible impact on the entire situation.

"No problem, you just have to take a step first. The route has already been arranged. You only need to follow Yanfeng and Yanyang to Yandi. I will stay for a few more days and wait until the situation becomes clearer." Yan Huai Ling gently touched her head, and kissed her face gently with a little affection.

"Be careful yourself on the way. You still have to remember to take the medicine I sent you. Your body is mainly nursed back. I sent someone to ask your grandmother before. She also gave me some prescriptions that were conditioned at the time. "Yan Huai's handsome face had a clean and elegant smile, but she was a bit spoiled.

Such a spoiled look didn't really match his cold look, but he looked so real that it really made Wei Yuewu's eyes inexplicably red.

He even sent someone to ask his grandmother. The grandmother also gave him his prescription. Although the twists and turns of Yan Huaiyu didn't mention it, Wei Yue Wu also knew that it was not easy. The grandmother's person is not easy to believe in people. Yan Huaihuan has made great efforts to make his grandmother believe and agree.

The situation in Beijing was so turbulent, and he also spared his heart to ask for a prescription for himself, how could Wei Yuewu not be touched.

Some words, she could not say anyway, so the fairy-like figure, in order to fall into the earth, bit his lip, fell on his chest, listening to his heart beating vigorously, and half-sounded: "Be careful. ! "

"Rest assured that I will not directly conflict with Wen Tianyao. If I can, I will help him. He is fine, and your father will be fine!"

The gentle voice was not in the ear, the taste of Qingya was just like him, but the corner of Weiyuewu's eyes fell unconsciously into tears.

Leaning on Yan Huai's chest, he buried a small face into his clothes, his nose was sour and astringent, a feeling of wanting to laugh and cry.

If there is anyone else in the world who understands himself, then only Yan Huaihuan would like to say something inconvenient. He also knows that if there is anyone else in the world who can care about himself repeatedly, only this person seems to be gentle. , The actual ruthless Yan Wang Shizi.

But he was ruthless towards everyone else, except that he was always protected by his palms.

In the past, of course, it was his own plan, but it was not because of him, because he, the son of the king of swallows, could walk so stably.

He has been planning for himself, for his own body, for his future, and even for himself to the status of Yandi.

Tears slipped unconsciously, dripping on his placket.

"How did you cry? I thought I wanted to cry?" Induced by the petite person in her arms, she burst into tears, Yan Huaiyi sighed helplessly and laughed softly.

"Yes, I will miss you!" Wei Yuewu whispered while crying.

In this straightforward way, she would never say anything before, but at this moment she felt that even if she said that, she couldn't express her heart, raised a small face with tears, and looked at the one in front of the eyes with tears. Junmei's extreme face made a move she could not imagine. Gently opened Sakura's lips, put a kiss on the corner of his lips, and looked at him with a firm breath while choking, "I will miss you, you come back soon."

Yan Huaiyu could not think that his own little fox would be so proactive, and for a while he stunned for a while, but after that he was overjoyed. The calm eyes of the past exudes a burst of excitement, holding the Weiyue dance back firmly, the corners of his lips are difficult to restrain. Smile: "Don't worry, I'll be back, and I'll give you a justified wedding."

In the wedding in Beijing, at that time, I just wanted to include Weiyuewu in my arms. In a hurry, I did n't do anything. Yan Huaiyu always felt guilty about Weiyuewu, and I thought about it early and went back. After that, a wedding was held again, and the Lin family in Yandi also undertook this event early.

Just waiting for Wei Yuewu and Yan Huaiyu to return to Yandi together, they will get married.

At that time, he can also announce the world that Wei Yue Wu is the woman he really cares about, and the only thing he loves in his life. He won't let the only woman in his heart be aggrieved.

"Well, I'm waiting for your big wedding!" Wei Yuewu cried, and Yan Huaiyu in front of her became blurred with tears, but her heart became inexplicably clearer.

The carriage didn't last long, and Yan Huaiyu jumped off the carriage and returned to Beijing by another carriage on the side of the road.

Jin Ling and Yu Yan came up from the back of the carriage and followed Wei Yue Wu on the front carriage. This way, the two of them were in the carriage in front of Wei Yue Wu, and the other girls after Jin Yu were behind. Carriage.

Jin Yu, who also has martial arts, is in the carriage behind, also to cover up in secret.

Wei Yue Wu sat in her carriage, the carriage curtain was slightly raised, watching Yan Huaiyu get on his carriage, which was also an ordinary carriage, and then watching his carriage disappear in the darkness, how could tears also Can't stop, the capital is too messy and too insecure, she is really worried.

"Master, please rest assured that Shizi will be fine. Shizi has arranged everything, no matter what happened in Beijing, he has a way to deal with it!" Jin Ling whispered to Weiyue dance.

But the always strong Weiyue Dance was particularly weak today, and the tears were falling down, and they couldn't stop.

"Master, you need to take the medicine first. Shizi said that this medicine is not easy to get, master must take it to be okay." Yu Yan saw the persuasion, quickly opened the topic, took out a bottle of medicine from her arms.

This is the medicine that Wei Yuewu has taken in the past few days. Looking at this bottle of medicine, Wei Yue Wu bites her lips, and her tears are streaming down. For her own body, Yan Huaiyuan really worked hard and even killed the four princes. I got the medical case of Princess Qingyang at the time, the royal blood, there are some congenital illnesses, and they haven't lived for a long time, what a secret!

The king of Beian, the master of Qingyang County, and some princes and princesses who had not yet grown up, just disappeared into the sight of everyone!

Picking up the papa, reaching out and wiping away tears, but unexpectedly remembered something, saying succinctly: "Jinling, you let Yanfeng stop the car, there is something to tell Shizi."

The carriage slowly left the capital.

At the same time, a small carriage came out of the Three Princes' House. There was a man and a woman in the carriage, and their faces were panic ...

Chapter 965: The Three Kingdoms Rebellion

The emperor crashed, and the whole Zhongshan kingdom was chaotic overnight.

The death of the three princes will not even stir the slightest wave.

And the fact that the princess of the king of the king was taken away by the two chambers of Yan Huaiyu in Meihuayuan became a trivial matter. Only the place where Meiyuewu lived in Meihuayuan was messed up. Yan Huaiyu 兪 The two guards who sent Weiyuewu at that time captured only a few black men who were robbers.

Therefore, the confession of the twin twins was confessed, and the queen was dragged out.

But these things are trivial to the situation in central Beijing. Compared with the emperor's collapse, the disappearance of Weiyuewu is only a consequence of the jealousy of the women in Yan Wangfu. Although there is a queen in it, the queen is now facing For a bigger matter, the queen mother-in-law gave evidence to prove that the queen was not appropriate.

The reason why she did it later was because she concealed the facts.

Because she was a woman who had been remarried by Hou Wei Luowen of Huayang.

What kind of face does such a woman have become the first person in the harem, even if she enters the palace, she is wronged by the emperor.

The queen queen granted the queen's improper position and wanted to abolish it. Tu Zhaoyi also said that she was the queen's queen's queen, and she was the real queen. As for the two similar houses that the queen used to calculate her, they still remained. With.

Since she is the real queen queen, of course, the five princes she gave birth to should be princes. For so many years, Zhao Zhaoyi has been secretly dispatching. The five princes naturally also have a group of people around, and immediately noisily said that the position of the prince was wrong. The five princes are the future masters.

However, the queen mother-in-law also supported the great prince Mo Huating, saying that Mo Huating was the eldest son of the emperor. Mo Huating's business for so many years was for this dynasty, and there were many people who supported him in the back. , Even more than support the five princes.

Moreover, no matter whether it is Mo Huating or the Five Princes, when the emperor died, only the prince was by his side. Even if the emperor had any death, he was changed by the prince. Moreover, he did not pass on edicts, so Wen Tianyao could not succeed.

The five princes said that the emperor had promised him to make him a prince.

Mo Huating said that since he returned to the palace to admit his ancestors, the emperor has said that he will gradually abolish the prince and make him a prince.

Jing Wenyan also jumped out at this time, and said that the prince was the crown prince of the East Palace and the true future founder of the emperor, and everyone else wanted to rebel.

For a while, the whole city was chaotic, and Nanxia was also followed. The princess of the Red Moon in Nanxia actually stood by Mo Huating, and the princess Qingyue lived with the five princes and lived in the five princes' palace. Only the second prince Huayue was still sitting in the post, but he couldn't see who he preferred.

Not just the entire palace, the entire capital, but even the whole world ...

"Brother, why are you still drinking here?" The four princes hurriedly walked into the depths of the palace, deep in the main hall, and Wen Tianyao sat down under the tent with his hair scattered, and he

threw a few jugs on the ground, and he He also had a hip flask in his hand, and the whole man was very decadent.

"Father Emperor is gone. Don't drink here, where else to drink?" Wen Tianyao glanced at the four princes, his smile shattered, and his eyes looked out of focus.

"Brother, it's all up, you ... can't you show up for the host yet?" The four princes plopped on knees in front of Wen Tianyao and said loudly.

"So what! This world is not mine!" Wen Tianyao said slowly.

"This world is yours. Only you are justified. Father Emperor also thought last night that only you can inherit his throne. No one else can do it, even if those people are his biological sons." With tears in his eyes, he wanted to awaken Wen Tianyao.

Last night, it was actually not just Wen Tianyao who was here. He was also there. He told all the secrets. He thought the emperor would be in a coma and could not hear it. Tian Yao said that he should pass the throne to him, even if he is not his biological son, but he is the blood of the royal family and the only son he loves and recognizes.

After saying this, the emperor died.

"The father and the emperor are all dead, and my only loved one is dead." Wen Tianyao murmured lowly, tears falling unconsciously in the corner of his eyes.

"Brother, you still have me, sister, and father! Even Xianxian ..." The last name, the fourth prince, was very difficult. He always knew that Xianxian was his grandmother, but from a psychological perspective He was unwilling to accept such a grandma.

"Oh, are they!" Wen Tianyao grinned, his faces were dull.

"Yes, they are, brother. Even if you do n't want them, you have to think about Jingde. She has suffered so much like you. If you fall down, what will she do? She is still being robbed. Gone, now I don't know if I'm going to die. "The four princes anxiously.

He also really cared about Wei Yue Wu, always treating Wei Yue Wu as his younger sister, and heard that Wei Yue Wu was actually robbed by Yan Huai's two chambers, anxious.

"Jingde has been robbed?" Wen Tianyao's eyes narrowed slowly.

"Yes, it was a pair of twins beside Yan Huaiyu who was said to be sent by Queen Tu. Brother, if you don't stand up, not only will the whole dynasty fall apart, but Jingde's end will be extremely sad. Yes, Jingde was not guarded. How can a weak woman like her survive the war? You are the victim, but Jingde is also the most innocent! "

The four princes said while pulling Wen Tianyao.

Wen Tianyao slowly stood up, his eyes turned cold: "It's the queen again!"

"It's the queen. I don't know why she can't see Jingde so much. She hurt Mrs. Huayang Hou at the beginning, and now even Jingde refuses to let it go." The four princes nodded.

"What's the situation in Beijing now?" Wen Tianyao reached out and shook his messy hair back, throwing the jug in his hands, his eyes became clear.

"Mo Huating and the five princes hold their own words. Most of the people in the court are theirs. Our people are estimated to be at most one third. There is a queen mother behind Mo huating, and behind the five princes are Tu Zhaoyi and Tai Shi. Naturally, we are on our side, but now the prince is in charge. She and Master Tu are at odds with each other. "

The fourth prince said anxiously: "And she didn't care about Jingde's affairs at all. I asked her to check Jingde's affairs. She also directly told me that Jingde was dead. If it was not because she was robbed, she would This may lead her to be sent to take Jingde and go directly to the jail. She said that Jingde is the master of all these incidents. "

The four princes said indignantly, thinking of Jing Wenyan's attitude at that time, he felt an anger. He was treated as Jingde by his own sister. In Jing Wenyan's hands, he was a bitch, a **** who broke her affairs. This makes the four princes not angry.

There was nothing but renewed energy. He was originally a prince who didn't care about anything, and there were no people around him. There were some people in the East Palace, but now the prince is irrelevant. Jing Wenyan is in charge, and some people in Prince's House are also held by her. Obey her words, and don't care about the words of the four princes.

"Go, let me see!" Wen Tianyao chuckled coldly. Although the four princes did not say what Jing Wenyan said at the time, understanding the four princes Wen Tianyao knew that Jing Wenyan's words must be extremely vicious.

He has never been fond of Jing Wenyan. This woman is not only vicious but ambitious. Now she dares to pick a banner in her own name when she has no fighting spirit. Where can she get her finger in this world? Stroke.

"Brother, how about those sons?" Seeing Wen Tianyao regained his former glory, the four princes were relieved and asked as they followed.

"Look at their behavior first, and then make a decision. At this time, you can see who they support." Wen Tianyao groaned a bit. He is a prince and a prince who has been cultivated for so many years. Of course, I know that at this time What are you doing?

The attitudes of these four places are absolutely important, especially the attitude of Yan Huaihuan. It can be said that it is related to the future of the dynasty. At this time, he must not be chaotic. If he is chaotic, it will only give people a chance to take advantage of it. After the sudden death of the emperor, it was chaotic. This is an indisputable fact.

"Then ... would you like someone to contact Yan Huaiyu?" The fourth prince asked hesitantly.

"No, Yan Huaihuan is not just a matter of contact." Wen Tianyao shook his head and said decisively, Yan Huaihuan was extremely dangerous. Wen Tianyao felt that what he had never seen is Yan Huaihuan. Jing has been so long, even married Jingde, but he still can't see through.

"Then let them go ..." The four princes were bewildered, this kind of national affairs, he is still a bit too immature compared to Wen Tianyao.

"Just leave them, don't care about them, I believe that each of them has a decision. As for self-protection, if they really die in this mess, they can only blame themselves!" Wen Tianyao said coldly. .

No one can guarantee the safety of others when the chaos is up. If the world's sons in the four places really do happen in this chaos, then no one else can be surprised.

Chaos, chaos in the palace, chaos in the capital, and chaos in the world.

Divided into three factions, one faction supports Wen Tianyao, one faction is Mo Huating, and one faction is the five princes.

The three factions seemed to be evenly matched. The most surprising thing was Mo Huating. He was not the prince, but there were many people around him, even Wei Luowu publicly expressed his support, and the harem was supported by the queen mother.

The struggle between the three factions has long been more than a simple theoretical argument.

The Prince, with the support of Master Tai, took the lead in Lingtang, after which Mo Huating and the Five Princes returned from the capital.

Surprisingly, Qi Yunhao and Chu Fangnan also left Beijing with the five princes. They indicated that they were on the side of the five princes, but the second prince of the Nanxia Kingdom followed the Red Moon Princess along with Mo Huating. Nanxia The country should be standing next to Mo Huating, the princess of Red Moon became the great queen in one fell swoop.

After the two returned from the imperial city, they proclaimed themselves to be the right way, occupying the city while in chaos, and each ascended the throne as emperors. At that time, the emperor suddenly became ill. Although he had been said to be in Prince Edward during his lifetime, no widow was left. The two got out of the way, each led a team, occupying a part of the place, preparing to win the throne with Wen Tianyao.

The whole world was in chaos immediately, and the post-historical books were called the Three Kingdoms.

At this moment, Wen Tianyao, who hastily became the next emperor, received a letter ...

Chapter 966: A will that was lost

The courtyard is very elegant, even with a bit of peace, which is very different from the nervous and troubled environment outside.

The people in the courtyard were also very quiet, showing no sign of surprise.

Sitting in the pavilion, Yan Huaihuan, wearing a snow-colored Chinese suit, exquisite embroidered edges increasingly reflected his handsome and unparalleled, with a pair of eyes looking forward to radiance, looking at Wen Tianyao on the opposite side, with a slight lip angle Hooked, a smile was very gentle.

He is still a jade-like boy, as if the outside chaos could not affect him at all.

"Will the emperor punish the queen mother?" Yan Huaiyu smiled casually and reached out to pour a glass of wine for Wen Tianyao. Of course, the so-called queen mother was the queen who rose after Wen Tianyao became the emperor.

"Yes!" Wen Tianyao said with certainty.

For this woman who killed her mother-in-law, he and Wei Yuewu have the same idea, and will never spare this vicious woman.

"I believe in the emperor." Yan Huai's handsome lips ticked off, took something from her arms, and placed it in front of Wen Tianyao. "I believe that with this, the two will soon be unjust and uncomfortable. Defeated. "

"What is this?" Looking at the paper-like things on the table, Wen Tianyao drew a corner of his eye, and it was yellow, like a paper intended for purpose.

"You've seen it before!" Yan Huaiyu smiled slightly, leaning back, "But after this, we will also be separated from Yandi, no longer a land of princes."

"What?" Wen Tianyao's eyes narrowed.

"That is to say, Yandi will also be the emperor, but I promise you, as long as you are still there, there will be no disputes with Zhongshan. I can also help you calm down, but the land after it is leveled is naturally Yandi, Of course, Ludi hit Ludi too. "Yan Huaiyu smiled mildly, and he had a faint breeze between his words.

It seems that it is not a matter of family affairs, but just some trivial matters.

Wen Tianyao didn't immediately answer this time. He reached out and picked up the things Yan Huaiyu had placed on the table, opened his eyes, and immediately changed his face.

It is the will, indeed the will, the will of the throne.

And it is still a blank will. Only the name on which it is passed is blank, and the rest are all true. Such a will is the most orthodox lineage no matter who it belongs to.

"This ... is my father's ..." Even if Wen Tianyao didn't consciously tremble, such a purpose would fall into the hands of Mo Huating or the five princes Wen Yi. May become a usurper.

"It's not the emperor, it's the emperor." Yan Huaiyu said quietly, "This should have been the will to pass to your father, or to the king of Bei'an."

This was found by Wei Yue Wu.

No one can imagine that there is such a legendary will. Many people are looking for it, but even if they are looking for it, everyone is not very convinced that it exists. What's more, this purpose is actually in the hands of Wei Yue Dance. The pair fell into Yuzhi Town in Wei Yuewu's hand.

The jade paper town with the paper hanging on that tiger's paw broke unexpectedly ...

"This ... this is the will?" Wen Tianyao mumbled involuntarily. He learned from the concubine that there was such a will, but the intention was lost.

Originally this intention was in the hands of King Bei'an, but then something happened to King Bei'an, and together with his illness, he didn't have time to pack this thing and disappeared. Taking into account the body of King Bei'an, so no one knows where this will fall.

Now actually got it from Yan Huaihuan, and Yan Huaihuan took it out actively, how could this not let Wen Tianyao be shocked.

If this intention was given to the other two by Yan Huaiyu, the whole structure would be changed immediately. As a former prince, he might not even have a way of life.

Because this will is blank, this will represent the grace of the imperial concubine. This grace is not only to her alone, but also to the children she gave birth to.

And all this includes the fear of Xian Fei.

Among the children of the royal family, there will always be some people who are weak, with congenital diseases, and will not live long.

This is a secret, a secret of the royal family. Most of the people who know this secret have been killed. Even the princesses and princes who are secretly buried in the palace, and then slowly submerged.

Xianfei knew the news before giving birth. After giving birth to the twins, she carefully looked at them and left the king of Beian, because at that time the king of Bei'an looked flexible and healthy, and Wei Luowen looked thin. Many were born without even opening their eyes.

So King Bei'an stayed in the palace, and Wei Luowen sent it out.

Afterwards, the concubine was still afraid and asked for a will and a blank will from the emperor, because she was afraid that if the king of Bei'an would not work in the future, she could have another son.

At first King Bei'an had been growing up healthy, and Xian Fei looked okay. The intention was on the side of King Bei An, but when King Bei An was fifteen years old, her health began to weaken, and Xian Fei felt bad. Later, after the son of King Bei'an was born, Xian Fei also asked the emperor to foster him in the name of the queen's maiden's son, in order to prevent accidents.

Xianfei was afraid that her son would bring a hidden disease, and such a person could not inherit the throne at all.

But whatever she was afraid of, she came here. The body of King Bei'an was getting worse and worse. Even the Qingyang County Lord who was born was not good. Although the emperor loved the concubine, she knew that she could not pass the throne to this. Son, so let Xianfei take out the will.

What kind of concubine wanted the concubine to refuse, the emperor was angry, and arrested the king of Bei'an for the crime of rebellion, only to scare their mother and son, and let them hand over the intention.

It would have been unexpected that King Bei'an's body was inferior, but he couldn't hold it for a while and died!

And this purpose does not know where it went. These past events were still told by the concubine to Wen Tianyao through the four princes, but Wen Tianyao still did not want to see the concubine.

Like Wei Yue Wu, he didn't like the story! Even now, Xian Fei is still staying in Meihuayuan. He hasn't visited it once. I heard that Master Tu had gone several times.

"Why ... give me!" It was quite difficult to say that, holding back the excitement of his heart, Wen Tianyao looked at Yan Huai and said.

"Because you are the elder brother of Wuer!" Yan Huaihua's smile grew milder, and the wind blew his broad clothes, his face was like a jade, and he looked like a fairy.

"Don't you have Miss Lin?" Wen Tianyao asked in a dumb voice. He didn't believe Yan Huai's words. Yan Huai's sweetheart was only the Lin who came from Yan Di.

"Without Miss Lin, there is always only Wuer!" Yan Huaiyu said slowly and lowly. The person in his heart has always been Weiyuewu. It used to be, is now, and will be!

He will make the world clear, let everyone know that the only person in his heart, and this person is Weiyuewu.

"No Miss Lin?" Wen Tianyao was startled and looked at Yan Huaiyu in surprise.

"Yes, there is no Miss Lin, that is just another identity of Wuer. There has always been only Wuer. The so-called Miss Lin is just blocking some dark arrows for Wuer." Yan Huai's eyes were clear and elegant.

"The stabbed Miss Lin?" Wen Tianyao asked urgently.

"It's just a maid!" Yan Huaiyu replied indifferently. "Since you are the brother of Wuer, I will naturally be partial to you. Of course, I don't want you to have an accident. If you have an accident, Hua Yanghou will also have an accident. , Wuer will not be happy. "

"Then ... why don't you give it to me earlier?" Wen Tianyao flashed a flash of lightning in his mind, and then smiled bitterly. He wanted to protect the fragile sister wholeheartedly, but in the end, the fragile sister protected himself.

"At that time ... you don't need my help!" Yan Huai said intently.

Wen Tianyao understood the meaning of this sentence, and for a while he fell silent.

"Emperor, I'm leaving soon. After that, the dance is the princess of Yandi. I hope our two countries can be good for Qin and Jin." Yan Huaiyu stood up and patted his long and elegant white sleeve, road.

At this time, Wen Tianyao understood his thoughts and nodded: "Shizi takes care all the way!"

In fact, he always knew that there was no way for Beijing to take Yandi. Although Yan Huaiyu was still in Beijing at this time, there must be many backhands, which he could not control. The country had three points. What he had to do was to Those three-point nations come together, and they need strong allies.

Compared to others, Yandi is definitely a powerful ally. In addition to this will in his own hands, in fact, it can be regarded as the general situation.

"Jingde is weak, pay more attention!" This is difficult to say, but after speaking, he feels a headache. His only sister who wants to take good care of himself does not need himself.

"She doesn't have any problems. She doesn't have the kind of illness of your royal family. She is really a little innate. At that time, Mrs. Huayang Hou poured a bowl of birth medicine by herself. Besides, in Yandi, she had nothing to do. Annoying, do n't bother." Yan Huaihua said gently,

This remark made Wen Tianyao's heart a faint ripple. He knew that these things of the royal family could not be hidden from Yan Huaihua.

"Even if you spoil her again, the three thousand harems will make her work hard." Wen Tianyao sighed helplessly, even for the body of Weiyuewu, he had hoped that she would only marry a simple one People are just fine, and Yan Huaiyu in front of him is destined to not be a simple person.

"There are no three harems!" Yan Huaihua affirmed.

"There are no three harems?" Wen Tianyao widened his eyes and looked at Yan Huaiyu in disbelief.

"There is no 3,000 harems, nor will there be 3,000 harems. My harem is for Wuer alone." Yan Huaiyu raised his eyes, his eyes couldn't stand the slightest waves, his voice was not high, but The meaning in the discourse made Wen Tianyao feel ashamed. Jingde's choice was right.

Yan Huaiyu left the same day, but also Lu Luli from Ludi. The two left almost one after the other, and then disappeared into the sight of the people in Beijing. These two powerful sons are like the same It suddenly disappeared after leaving Beijing.

Many people are following them, but no one can find them.

As a result, more people are disturbed. Will Yandi and Ludi also participate in the war ...

Many of the things that happened in Beijing were caused by the assassination of the family daughter of Yan Huaiyu and Yandi. Yandi definitely has a reason to go to war, and Yandi's iron rider was approaching the first day after Yan Huaiyu disappeared in Beijing. Bianguan rushed over, and Wei Ziyang, who was facing Yan Di, was called back to Beijing urgently by a letter.

Everyone withdrew, leaving only an empty city to Yandi.

Then the person facing Yandi became Mo Huating ...

Chapter 967: Dynasty replacement, Yan Wang Ligu

The kingdom of Zhongshan is divided into three. Originally, everyone did not like Prince Wen Tianyao. Although Wen Tianyao was an emperor before the emperor's spirit, it was also true that the emperor died beside him.

Without intention, it is a big loophole, even if the emperor first identified it as Wen Tianyao.

Moreover, when Mo Huating and the Five Princes rebelled, only Jing Wenyan appeared in the uterus, and a woman could stand up to it. Many people were not optimistic about Wen Tianyao.

Of course, there is also the Nanxia Kingdom, which directly fled to Mo Huating, except for the Princess Qingyue who was not very close to the Nanxia Prince.

Qi Chu supported the five princes, and Qi Di and Chu Di's soldiers and horses also stood by the five princes. The power of the five princes was not small.

It looks like Wen Tianyao is the most vulnerable.

But at this time, Wen Tianyao took out the emperor's widow, and announced that the emperor in the world clearly determined that he would inherit the throne.

Even if Mo Huating and the five princes are strong again, they can only become rebellious now, not considered orthodox, and many former subjects who had been erratic also stood by Wen Tianyao immediately.

With this imperial edict, Wen Tianyao's throne is justified.

After that, Yandi's iron rider and Mo Huating, who was the first to face, directly faced. After a round of battle, Mo Huating was defeated, and on the other side, Lu Di faced the residence of the five princes. There was support from Qi and Chu, but because it was not in place for a while, Lu Di had seized the opportunity and lost a game.

Wen Tianyao in Beijing also took the opportunity to pinch ...

For a while, the whole world was really chaotic ...

"Master, let's go back. His Royal Highness should still be at the border." Jin Ling advised.

This is a pavilion on a small hill outside the Yandi Jingcheng, but it is in the official way. Because of the war, there are many cars and horses, but it is still very peaceful.

The power of Yandi was directly against the Zhongshan Kingdom, and it even faintly suppressed the Zhongshan Kingdom. Now that the Zhongshan Kingdom has three points, the power of Yandi is even greater. For Yandi, this is not a victory or defeat. War, this is just a battle for more and less contention. It is not a big deal.

The people of Yandi didn't panic.

The war did not take place locally, and their lives were not too much of a hindrance.

"Isn't it that you have already won? Are you coming back?" Wei Yuewu frowned, looking at the far side of the road, the official road leading to the border, where Yan Huaiying fought.

The battle began suddenly and ended very quickly, because Yandi and Ludi joined strongly, and they also faintly combined with Wen Tianyao in Beijing. They could not stop Mo Huating or the five princes. Everyone is no longer optimistic about Mo Huating and the Five Princes.

The two of them were just dying.

Then things changed again. First, the emperor of the South Xia Kingdom, Hua You cut off Mo Huating's head, and please descend. Qi Di and Chu Di captured the five princes alive.

Due to the loss of the leader, the two camps were scattered like birds and birds, and the three armies were in a state of destruction, taking back the two occupied places.

The King of the Kings claimed the emperor, and Lu Di expressed his willingness to lie on Yandi, and Wen Tianyao also agreed with this.

Yan Di established the country, everything is logical.

In terms of national strength, King Yan is a well-deserved strong country, originally rich in national strength. In this battle, many places were seized and the national strength was immediately strengthened.

Although Wen Tianyao's Zhongshan Kingdom is faint and has many territories, it has a lot of background. Moreover, Yan Huaihuan also has the meaning of his alliance.

As for Lu Di's response, nobody had thought of it. He was willing to subdue the Emperor Yan, but he was not the former Zhongshan country. However, Lu Di, the winner this time, actually gained a lot, and some even said that Lu Di in fact, it can also be called emperor, but in the end, it still surrendered to Yan Di, which surprised many people. However, some people do n't think it's a surprise. Lu Di will not have enough information. If he wants to be the emperor, Yan Di and Zhongshan will be caught offensively, and he will not be able to keep it.

Qi Di extinct, Chu Di extinct, directly merged into the Yan Kingdom.

Now that the war is over, Yan Huaihan will naturally return to Beijing. Yanhuai is preparing for a big wedding, but when Yan Huaihan returns to Beijing, this is a big wedding that Yan Huaihan promised to guard the Yue Yue and prepare for her again.

The espionage documents sent from the border to Yanjing caught Yan Huaiyu's private letter to Weiyuewu, which also made people in Yanguo give their princess a high look. People in Yandi now know that their own prince The person in his heart is the Lord of Jingde County, and his former concubine.

In this world, there are actually women who can make her Royal Highness like the imperial prince so loved. The whole Yan Kingdom is excited. Does it mean that Yan Kingdom needs an heir? At first they all thought that there was no one worthy of His Royal Highness in this world, and the heirs who wanted the Yan Kingdom did not know the year of the monkey.

Of course, along with the scenery is the Lin family. Some people have secretly rumored that the Jingde County owner is actually the niece of the Lin family, so for the Jingde County owner from Zhongshan, the family of Yandi Without any exclusivity, she accepted the princess directly.

And since I knew that Yan Huaiyu was going to return, Wei Yue Wu was guarding on the hillside next to the official road outside the city every morning. From the morning, she waited until the sun went down before returning reluctantly.

Today, I brought Jin Ling and Yu Yan together early.

"Master, even if you want to come back, so many soldiers and horses, you can't come back if you want to come back. Didn't Shiji write a letter asking the master to worry, he will return to Beijing soon." Jin Ling comforted Weiyuewu Road.

Wei Yue Wu actually knew that she was anxious, but it was difficult to suppress the excitement in her heart, so she just wanted to see Yan Huaiyu early, so she stayed by the official road every day, just want to see Yan Huaiyu for the first time .

I also thought that I was anxious and funny, and I was still quite anxious in my weekdays. I was so surprised that I could hear the news that Yan Huaiying was coming back.

"Master, Yan Yang sent a message before, saying that it was the princess ... it's not the Queen's accident now!" Jin Ling said in order to distract Wei Yue Wu's attention.

"Jing Wenyan has an accident?" Wei Yue Wu had never heard of it, so he asked in amazement.

"Not only the queen, but also the queen queen and the queen queen." Jin Ling said.

"So many people have an accident?" Wei Yuewu stunned. This was a big event. The hostess at the top of the harem actually had an accident. It was really strange.

"Yes, it is said that this queen wanted to take the position of the highest woman in the harem. She actually poisoned the queen queen and the queen queen, and put it on the clothes she was wearing. The clothes were smelled of perfume. What, but if you add another medicine to drink, it can become slow-sex-poison-medicine. "Jin Ling said all the news from Yan Yang.

This is indeed the way Jing Wenyan harms people.

"Everything happened to the queen queen and queen queen queens?" Wei Yuewu's lips evoked a slight smile, softly.

"Everything happened, and after a check, it was actually the queen who did it, so the queen was arrested and should be abolished soon," Jin Lingyi reported.

This kind of thing is not a trivial matter, and it will inevitably announce the world. The Wei Yue Wu is not yet known, it should be after it has not been officially abolished.

"Yan Yang also knows this kind of thing, but it is really amazing!" Wei Yuewu laughed.

"Actually, Yan Yang knew ... It was still said by the prince." Jin Ling hesitated for a moment, and then smiled frankly. "Yan Yang said, it should be that the prince wanted the master to know, so he said it earlier. The Prince knew that Yan Yang would send messages to the master from time to time. "

Yan Yang and Yan Feng have been named Wei Yue Wu since they gave it to Wei Yue Wu.

Wei Yuewu said with a smile.

"Master, isn't there ... His Royal Highness?" Yu Yan hesitated on the side.

Wei Yuewu stood up stunned, turned back and looked down the slope. A group of knights wearing armors rolled over the mountain like a wind. The first person, a white horse and a white robe, and the snow-colored big cormorant behind them rolled in the wind. Quite, even if he could not see his face clearly, Wei Yuewu's excited eyes were red.

Isn't that figure Yan Huaihan!

"It's a prince, it's really His Royal Highness!" Jin Ling's eyesight was very good, and she immediately cried out in surprise.

It seemed to be grateful to the excited look on the hillside. Yan Huai lifted his head and saw Wei Yue Wu on the hillside, and said a few words to Lin Fang behind him. Lin Fang also looked up and looked up the slope, and then far away. Yuan smiled and arched his hand at Wei Yue Wu, and then waved to stop the horse team behind.

Yan Huaiyu jumped off the war horse, threw the stable in his hand to the guard on one side, and strode up the slope.

Wei Yuewu was greeted with excitement, but stood a few steps away from him. A pair of waves of water eyes looked at Yan Huaiying, and her lips moved slightly, but she could not say a word.

The big cricket and hard armor that rolled with the wind behind him added a bloodthirsty hardness to his handsome face, the spotless elegance of the past, and it became more cold with the blood, but even so, Wei Yue Wu still saw familiar pampering from his eyes, and also had an unbelievable excitement.

People like him have such exciting times!

Yan Huaiyu didn't stop. She reached forward and hugged Weiyuewu, and said softly, "Dance, I'm back!"

Biting her lip, Wei Yuewu tried hard to hold back the tears, but found that she couldn't help it, she just buried her head in his arms, and hugged his back with his hands. The words she prepared were a word. Unable to speak.

It was only a half-sounding, "Why don't you come back with the army!"

"The troops walked a bit slowly, so I came back first." Yan Huai said lazily, watching Wei Yuewu's expression of attachment, but the smile at the corner of his mouth couldn't be hidden, allowing Wei Yue, who had been restrained, Wu said in this way that he was in a good mood, and the tiring fatigue of the road was immediately dissipated.

"You ... this is not good!" Although Wei Yuewu's heart was sweet, she still couldn't help shouting.

"What's wrong, I want to see what's wrong with my princess! After that, the affairs in the palace will be troublesome for the dancers." Yan Huaiyu smiled, lowered her head on the hair of Weiyuewu. Gently fell a loving kiss.

"Isn't there anything else in the palace?" Wei Yuewu gave him a charming look.

"The emperor and the empress don't really care about this matter, but now they just pave the way for us. When I return to Beijing, I will be in charge with you." Yan Huaiyu was very charming with the Weiyue dance. , Junmou froze more and more.

In fact, Yan Huai was the master of the matter early. After Wei Yue Wu came to Yan Di, he already knew that the king of Yan would become the emperor only for the transition. At the border, slowly all power was transferred to Yan Huaiyu.

I just can't think of Yan Huaiyu's mother unwilling to manage affairs.

"Let's go, let's go!" Yan Huaiyu laughed, stretched out his hand and picked up Wei Yue Wu and strode down the mountain.

Actually holding herself in front of so many people, Wei Yuewu shyly hid her face in his arms, but it was difficult to conceal the smile under her eyes, her lips slightly raised, and her heart fell again.

It's good to have him with him after this!

A team of uniform cavalry rushed to the capital. One of them, Wen Yazhong showed the extreme beauty, the woman holding in her arms had the beauty of the city, the two looked at each other and smiled, everything was in the air ...

(Finish)
