

The Yun Family's Ninth Child is an Imp! Chapter 1286

Yun Chujiu felt that she was simply too smart. This method was simply too awesome! With the continuous increase in controlling demonic beasts, not only would I be able to smoothly enter the eighth level, she would also have enough time to rest. It was really great. When Yun Chujiu thought of this, she saw that a black-horned bull was about to wake up. She immediately jumped over and took a thick stack of super grade explosive talismans and said to it, "Old Bull, I'll give you a choice, one to live and one to die. Which one do you choose?" The black-horned bull was so angry that it almost fainted. You call this a choice? Only a beast with a mental illness would choose to die rather than to live! "It seems that you've chosen to live. Then, immediately establish a spiritual connection with me and escort me to the entrance of the eighth level. I'll cancel the spiritual connection with you." Yun chujiu waved the talisman in her hand and continued, "Of course, you can also disagree. Then, I'll directly fry you into minced beef." The black-horned bull stared at her silently. Yun chujiu curled her lips and said, "You think this pile of talismans won't kill you? What about this sack?" Yun chujiu threw the sack of talismans on the ground. The black-horned bull was devastated. Oh God, where did this freak come from? ! How could there be so many talismans? Using a sack of talismans? Did it scare the bull to death? ! Although this little girl's spiritual power was not high, it was amazing to have these talismans. Although their skin was rough and their flesh was thick, they could not withstand such a perverted Talisman Attack! "If you let me control you, I won't use you for nothing. After the deed is done, I will reward you with a few super-useful hemostatic pills. How about it? Do you want to be fried into minced beef or cooperate with me?" Yun chujiu thought, if you use both soft and hard methods, I'm not afraid that you won't comply. Sure enough, the black-horned violent bull cowered. Although it was unwilling, it still established a spiritual sense connection with Yun chujiu. After establishing a spiritual sense connection, Yun Chujiu used the beast taming technique to establish a temporary contract with the black-horned violent bull. With the temporary contract, Yun Chujiu was not afraid of these deceived demon beasts turning against her. Therefore, yes, the beast taming technique was still useful. At this time, the other black-horned violent bull also woke up. It looked at its companion standing by the side like a bullied little wife with a dumbfounded face. It just stood there foolishly and actually did not attack the little girl, did it have mad cow disease? "Big Niu, Tell Niu er what I mean," Yun Chujiu said lightly. Big Niu, also known as the black-horned violent bull, simply wanted to die. What the hell was Big Niu and Niu Er? Such mighty and Majestic Demonic Beasts were called Big Niu and Niu Er? The three little black birds in the spirit beast bag looked at each other. Compared to Xiao Heiniao and Niu er, their names were not bad, at least a little more high-end than theirs. The black-horned violent bull lying on the ground was completely dumbfounded. What and what? Big Niu? Niu Er? Was she talking about them? Just when it was at a loss, it heard the black-horned bull say, "Brother, let me tell you, it's like this..." Niu Er was stunned after hearing it. Then, he looked at the thick stack of talismans in Yun Chujiu's hand and looked at the sack full of talismans on the ground. This useless fellow immediately agreed to establish a spiritual connection with Yun Chujiu. Yun Chujiu was dumbfounded. Where was her temper? She agreed so easily? It really made people feel no sense of accomplishment!
