

The Yun Family's Ninth Child is an Imp! Chapter 480

With Little Black as a helper, Yun Chujiu was like a tiger with wings. She let Little Black be in charge of attacking the demonic beasts. She found the array core and dug out the spiritual stones, and the demonic beasts naturally disappeared.

After repeating this, she charged all the way to the sixth floor!

At the moment, Yun Chujiu's points were already -2,900 points!

More than half of the disciples had already been ejected from the Wuwei Tower. Other than Su Yanran who had already charged to the seventh floor, there was also Yun Chujiu who had received a negative point.

At that moment, Su Yanran's score had already reached more than 6,000 points, 3,000 points more than the person in second place!

The smile on Du Guyi's face could no longer be concealed. No one had been able to enter the seventh level for thousands of years. Su Yanran really brought him honor!

"Haha! Haha! Master Xuanyuan, the wheel of fortune has really turned. Back then, in Spirit Radiance Sect, Yun Chujiu defeated Su Yanran. Who would've thought that now, Su Yanran would obtain more than six thousand points, while Yun Chujiu actually got negative two thousand and nine hundred points. That's a difference of nine thousand points. I really sympathize with you! She has brought such a big disaster!" Du Guyi felt that victory was within his grasp. This was arrogance.

"Su Yanran was able to enter the seventh level, so her aptitude is indeed not bad. However, the trial hasn't ended yet, so it's best not to draw a conclusion on Yun Chujiu too early." Even though Master Xuanyuan's heart was in a knot, they had not lost the battle yet, so his expression was still calm.

“Haha! That’s right! We can’t draw a conclusion now, and there might be even more negative points later! Fortunately, there are many people here, or else your Spirit Radiance Sect’s points wouldn’t have enough points for her to deduct!” Du Guyi felt that it was really too satisfying! That smelly girl still had delusions of passing the ninth level, dream on!

Disciples were constantly being ejected from the Wuwei Tower, and after a few hours, Su Yanran was also ejected after failing the seventh level. Everyone else had already been ejected from the Wuwei Tower except for Yun Chujiu.

At the same time, Yun Chujiu’s points had become -6,100 points.

Du Guyi immediately arranged for people to start counting the points of each sect. The results were 100,300 points for the Heavenly Gates Sect, 98,000 points for the Immortal Sword Sect, 92,000 points for the Bixiao Palace, and 86,000 points for the Spirit Radiance Sect.

When the disciples of the Spirit Radiance Sect counted the points, they hated Yun Chujiu to death. If they had not deducted Yun Chujiu’s 6,100 points, they would have been able to surpass the Bixiao Palace and obtain third place. It was all because of this troublemaker, Yun Chujiu!

Zhuo Piaoyu obtained 1,500 points, which was considered to be above average, so she was very proud in her heart. ‘Yun Chujiu, I’ll let you show off! You’re going to lose this bet for sure! Once you lose your identity as a successor disciple, would Senior Brother Feng Ming still take a look at you? HMPH! When that time comes, the people you’ve offended will start to take revenge on you. Just you wait! You’re simply courting death for looking for a fight with me!’

Su Yanran was now a popular person. From Du Guyi to the inner disciples, all of them were full of praise for her. All kinds of praises were constantly heard! Even if she did not pass the seventh level, no one had entered the seventh level of the Wuwei Tower for thousands of years. Su Yanran could definitely be considered a genius!

Su Yanran was very proud in her heart. ‘I’ve finally washed away the shame that Yun Chujiu has brought to me! Yun Chujiu, I didn’t expect that not only can’t you compare to me, but you’ve also gotten a negative score. The heavens are really fair. You have finally received your retribution!’

Yun Chujiu, who was inside the Wuwei Tower, sneezed a few times in succession. "Damn it! They must be scolding me outside! Speaking of which, this seventh level is probably very difficult. I don't know what will appear!"
