

ZONGWU: SIGN IN AN ARMY OF 100,000 AT THE BEGINNING

Chapter 11

Mrs. Wang did not expect that the weak scholar turned out to be Duan Zhengchun's son, and now her daughter and Duan Zhengchun's son left.

Mrs. Wang was afraid of what would happen to them, and now Mrs. Wang didn't know what to do.

Mrs. Wang was now helpless, so she grabbed Su Chen and begged, "Su Chen, help Aunt Li and find your sister Wang Yuyan as soon as possible. She can't be with that Duan Yu."

Su Chen looked at Mrs. Wang and couldn't bear to refuse.

"Oh, okay, I will order the army to search around Gusu City now. Aunt Li, do you have a portrait of Yu Yan?"

Su Chen doesn't want to get involved in these things, but Mrs. Wang cares about him very much after all, and he can't refuse Mrs. Wang.

This time he should regard it as repaying Mrs. Wang's kindness. If Mrs. Wang is still obsessed with Duan Zhengchun got involved, and Su Chen didn't want to interfere with their affairs.

Mrs. Wang immediately took out Wang Yuyan's portrait and gave it to Su Chen, "Yes, I brought the portrait over."

Su Chen handed Wang Yuyan's portrait to Wang Hu without even looking at it and said,

"Wang Hu, take the portrait to Li Hai and ask the Netherworld Cavalry to immediately go outside Gusu City to find the woman in the portrait. She is my Aunt Li's daughter. Ask Li Hai to bring her back immediately after finding her. In addition, notify Wang Meng to let him The Xuanwu Legion is also looking for it in Gusu City."

"It's your Majesty"

"Thank you, Su Chen."

Mrs. Wang was a little happy to see that Su Chen sent troops to find her daughter. She felt that Su Chen still cared about her very much. Although Su Chen had lost his memory, Su Chen would definitely think of her past feelings for him in the future. Okay.

Su Chen looked at the excited Mrs. Wang and said comfortingly,

"Aunt Li, please stay in my house first. As long as Yuyan is still around Gusu City, my army will definitely find her. Mrs.

Wang thought about it and decided to stay,"Okay then, I'll stay with you first.""

She also wanted to talk to Su Chen more, and wanted Su Chen to restore his memory, so that Su Chen would also remember her in the future. After all, she liked the little boy back then, even though Su Chen has grown up now. However, she still liked to talk with Su Chen.

Su Chen said to a beautiful maid next to her,"Zi Yun, ask the maids to clean up a quiet courtyard. My Aunt Li will live here for a while."

"Yes, Your Majesty."

Mrs. Wang looked at Su Chen and asked with concern,"Su Chen, you still can't practice? Has your meridian blockage problem been resolved?"

Mrs. Wang found that Su Chen still had no inner strength and knew that his meridians blockage problem might not be solved yet. Mrs. Wang also wanted

her mother to help, but she had always had a bad relationship with her mother, and she did not ask her mother for help. She had said this before.

But now she saw Su Chen and wanted to help Su Chen. This time she was going to contact her mother and ask her to come over to Su Chen to see if she could solve the problem of his meridians being blocked.

Su Chen smiled and He said to Mrs. Wang, "Yes, Aunt Li, don't worry, maybe I will have a solution in the future."

Su Chen is not worried about the problem of blocked meridians. He has a gift bag system, and maybe he will be able to prescribe a magic medicine to solve the problem of blocked meridians in the future.

Mrs. Wang looked at Su Chen and sighed and said,

"You are still so indifferent. You must know that this is a period of chaos, whether it is between countries or the martial arts world, it is very chaotic. If you do not have the strength in the future, I am afraid you will be assassinated by those martial arts masters.

Su Chen asked curiously, "Isn't Aunt Li a martial arts master?" Aunt Li, what level of cultivation are you at?"

Mrs. Wang looked at Su Chen and smiled and said,

"I'm not a martial artist, I'm an innate eighth-level person, but I have a lot of martial arts secrets. If you can practice, you don't have to look for martial arts secrets everywhere."

Su Chen didn't expect that Mrs. Wang was actually at the eighth level of innate cultivation, "We'll talk about this later, but I didn't expect that Aunt Li was not only so beautiful, but also a great master."

Mrs. Wang heard Su Chen say she was beautiful and said happily, "Why should I be beautiful? I am already an old woman."

Mrs. Wang now blushed when she thought about how Su Chen said she wanted to marry her when she was a child. Now Su Chen said she was beautiful, which made Mrs. Wang afraid to look at Su Chen.

Su Chen didn't expect that he was just praising Mrs. Wang for her beauty. She blushed, which made Su Chen a little strange. Isn't it Mrs. Wang that no one has ever praised her?

"No, now that we are together, other people will definitely think that you are my sister."

"Okay, you bad boy, stop making fun of Aunt Li."

While Su Chen was talking to Mrs. Wang, Su Yan also learned that the assassination had nothing to do with A'Zhu and A Bi. After interrogating the assassins, the guards also told Su Yan the confessions of the assassins.

The only reason those assassins were able to find Su Chen was because they found the housekeeper who used to be in the city lord's mansion. They got the layout of the city lord's mansion from that housekeeper, which led to today's assassination scene.

Su Yan was relieved when he heard that this matter had nothing to do with A'Zhu and the others,"Come here, let A'Zhu and A Bi go and ask them to come over quickly."

"Yes, Princess."

Su Yan looked at Jing Salamander, rolled his eyes and said with a smile,

"Mom, I will go out to play in a while. You can tell your father what the guard just reported."

Jing Salamander looked at the shrewd Su Yan and warned her,

"Okay, but you can't leave the city, otherwise your father won't forgive you. Su Yan clenched his fist and said with a smile, "Okay, I won't leave the city. I'm not afraid of my father.""

Jing Salamander looked at Su Yan and shook his head. Now Su Yan is getting more and more naughty, but Jing Salamander is very happy to see Su Yan's carefree look now.

Su Yan is not as depressed as before when he was running away. Su Yan looked very lively and cute now.

Jing Salad thought that Su Chen often wandered around outside his room some time ago and knew what he was thinking.

But what Jing Salad didn't expect was that Su Chen didn't directly Enter her room, she just walked around and left.

This made Jing Salad find it very funny. She knew that Su Chen was afraid that she would kick him out directly. Jing Salad did not expect that Su Chen also had such a ridiculous side.

Gu Su City, in Songhe Tower.

The Songhe Tower is very lively at the moment. Since all the exorbitant taxes and miscellaneous taxes in Gusu City were abolished, more and more people come to Gusu City.

And recently, the Northern Beggar Clan has also They are preparing to hold a Beggar Clan meeting outside Gusu City. Recently, many martial arts people have come to Gusu City.

"Miss Wang, just sit here. I'll give you something to eat."

"Mr. Duan, now that we have arrived in Gusu City, there is no need to trouble Mr. Duan in the future. One of my brothers is in Gusu City, and I will join him soon."
